WELL WILDCATS AND GRAPEVINE MUSTANGS TO MEET IN WICHITA

CLAS TONIGHT IN BI-DISTRICT GAME

Crowell High School football team will play the Grapevine Mustangs at Wichita Falls Thursday night, Nov. 27, at 7:30 o'clock for bi-district honors.

The game will be for children and \$1.00 for adults. The school officials from these two schools met at Henrietta last Saturday morning to determine the site and date of the game. Superintendent Grady Graves and Coach Thayne Ammonett represented Crowell and Superintendent W. F. Cannon and Coach A. V. Collins were the Grapevine representatives at the meeting.

These two teams, Crowell Wildcats and Grapevine Mustangs, won their respective district crowns, 1A-9 and 1A-10, with perfect records in conference play. Each team has lost one non-conference game by six points. Crowell has scored 338 points this season to its opponent's 52. Grapevine has scored 282 points to its opponent's 58. The Grapevine team boasts an outstanding back in fullback Leonard Gifford, who weighs 180 pounds. He has scored 114 points for his team this season. Both teams have exceptionally versatile attacks with Crowell's passing chores going to Quarterback Don Gobin and Grapevine's to Quarterback Herbie Hodges. Hal Nelson, 180-pound end for the Mustangs, is an outstanding college prospect. J. Bass, 190-pound tackle for Grapevine, stands out on defense. Grapevine won its District championship last year to be beaten out by the great Newcastle team in bi-district play. The Mustangs have eight of those starters back this season. They have victories over two AA teams, Carrollton and White Settlement, this year. This is Crowell's first bi-district championship since 1945. However, due to the Wild-

cats' good showing against the strong AA teams of Quanah and Seymour, the contest should be a toss-up in picking a winner.

Wildcats Win Last Conference Game Over Henrietta 38-0

The Crowell High School football team, coached by Thayne Ammonett and Gordon Erwin, rolled to its sixth and final 1A-9 conference win last Friday night at Henrietta to the tune of 38 to 0. Four of the touchdowns were made in the first quarter and two more added before halftime at which point the reserves were sent in to represent the 1A-9 champions for the remainder of the contest. This score gave the Wildcats 211 points to their opponents' 13 in district play for the season.

Touchdowns were registered by Ginger Johnson on a 70-yard punt return; Jim Paul Norman on a 12-yard pass play thrown by Don Gobin; and four by the little package of dynamite, Raymond Halenack. Raymond's scores were on runs from scrimmage of 2 yards, 18 yards and 50 yards, and a punt return of 70 yards that was just as brilliant as the one run by Johnson. However, neither of these boys looked any better than their two associates, Don Gobin and James Denton. Gobin's handling of the ball at the pivot position and Denton's blocking and linebacking were very impressive.

Crowell's line, as usual, was head and shoulders above that of the opposition on both blocking and defense. There is probably not a better defensive lineman in the State than Buddy Caddell, for his size. DuWayne Elliott were recovered by Gordon Graves and Buddy Caddell early in the game that set touchdowns up.

The reserves, led by Gerry Knox and Gordon Graves, marched down to Henrietta's four-yard line as the game ended.

Wayne Walker, Allan Graves, and Fred Obermer stood out for the Bearcats.

The Wildcats play the Grapevine Mustangs at Coyote Stadium in Wichita Falls this Thursday night at 7:30 for bi-district honors.

Home-Coming to Be Held at Baptist Church Next Sun.

Members, former members and friends of the First Baptist Church, Crowell, will gather at the church Sunday for an all-day meeting, with preaching, singing, testimony and good fellowship. Rev. Bernard Franklin, pastor, has announced.

The morning sermon is to be brought by former pastor W. B. Fitzgerald, now pastor at Thalia. Former pastor Otis Strickland has notified the church that he will be unable to attend.

An old-fashioned basket dinner will be spread at the noon hour. In the afternoon, I. T. Graves of Floydada and others will bring special messages and words of greeting. Everyone is invited.

Benjamin Christian Church to Be Host to 5th Sunday Rally

The First Christian Church of Benjamin will be host to the Fifth Sunday Rally on November 30 at 7:30 p. m. John Barry, minister of the First Christian Church of Haskell, will be the guest speaker. Bro. Bedford Smith, Crowell pastor, will have charge of the devotionals. Ministers from Rule, Knox City and Benjamin will have parts on the program. Special music will be furnished from each of the churches attending.

There will be a covered dish dinner served at 6 o'clock in the club room. Everyone is invited to attend the rally, Bro. Smith stated.

He Will Visit Crowell Monday at 6 p. m. to Officially Open Christmas Shopping Season

The city of Crowell will throw out the welcome mat next Monday, Dec. 1, at 6 p. m. when Santa Claus will arrive to officially open the Christmas shopping season. Santa is traveling by plane this year and will be flown in to Crowell by a local pilot, Clinton McLain. He is due to land at the airport at 5 p. m. where he will be met by a committee from the

Crowell Booster Club and will be driven to town in a convertible, so all children may see him.

Band to Play
 At 5:45 the Crowell High School Band will play several numbers on the court house square. At 6 p. m. the Christmas lights will be turned on and the Crowell merchants will unveil their show windows, which have been artistically decorated.

Santa Claus and his helpers will distribute 1500 bags of candy, nuts and fruit to all the children from stands erected near the flag pole. A large Christmas tree will be erected and lighted at this location. Lumber for the stands will be furnished by Cicero Smith Lumber Co.

Added Attraction
 At 7 p. m., there will be an added attraction. Ten live turkeys will be thrown from the court house roof by John Raso and Marion Crowell who are in charge of the entertainment committee of the Crowell Booster Club.

Show Window Judging
 At 8 p. m., a committee will judge the most beautiful show window display and on Dec. 18, a committee will judge the most beautiful home decorations. Prizes for this event are furnished by the West Texas Utilities Co.

Tom McCandless and J. H. Lanier Jr. are in charge of the Christmas Opening this year and state that no expense has been spared by the Crowell Booster Club, which consists of all merchants in this city, to make this the greatest opening of all. Men, women and children of Foard, Knox, Cottle, Hardeman and Wilbarger Counties are cordially invited and urged to be present when Santa arrives at 6 p. m. Monday, Dec. 1.

Stores to Remain Open
 Stores in Crowell will remain open until 8 p. m. Monday night for the convenience of the large crowds expected to attend Old Santa's visit here.

"Dollar Days" to Be Held Here Next Week End

Another in a series of week end "Dollar Day Sales" will be held on Friday and Saturday, December 5 and 6, according to a spokesman from the Crowell Booster Club, sponsors of the monthly event. This will be the third in a series of money saving sales staged since the organization of the club early in September. According to local merchants who participate in the "Dollar Days" event, the sales have been very successful and are definitely here to stay.

Merchants wishing to have advertisements in the paper are reminded to turn them in to the News office this week end if possible, with Tuesday morning being the final deadline for all ads.

"In the treatment of cancer, time is the most important factor," Dr. Cox said. "To produce satisfactory results, treatment must begin early in the course of the disease while the cancer is still confined to a small area. Persons suspecting cancer should consult their physician as soon as they notice an unexplained lump, unusual discharge, a persistent sore on any part of the body, or any change in the appearance of a mole or wart. It is often disastrous to wait for pain since this is a late symptom that usually doesn't occur until the malignant growth has made considerable advance."

The value of early diagnosis cannot be stressed too strongly according to Dr. Cox and that is

DUCK A BABY SITTER

Lincoln, Nebr. — "Deacon," the pet duck of Mrs. H. R. Pierce, has taken on the duty of baby sitting for Mr. and Mrs. Don Dimairo, who live in an apartment at the Pierce home. The duck has set an imaginary boundary in the front yard in which it keeps the one-year-old Dimairo baby confined. If Frankie attempts to wander beyond the boundary, the duck jumps in front of him and quacks until the child turns the other way.

Home Demonstration Notes MARY DEEB BROWN

You are all to be congratulated on the Achievement Day and Food Sale. They were both well-planned and well attended. I hope you enjoyed them as much as I did.

Concerning the food sale, I understand we made \$103.10. Isn't that wonderful? I have the lists of each club member who contributed ready to bring to you at the January meeting.

Our new yearbooks are ready so you will all have one filled out ready for you at the first club meeting of the new year.

After Council met Saturday, Mrs. Verda Bell, county THDA chairman, called a THDA meeting to elect a new THDA chairman. Mrs. Tom Callaway of the Foard City Club was elected. I'm sure she will be able to carry on the good which Mrs. Bell has been doing.

Many of us will have left-over turkey after Thanksgiving, so here is a recipe you might try. Turkey pie with cornbread topping. 3 tablespoons butter or margarine, 4 tablespoons flour, 1 1/2 cups turkey broth, 1/2 cup top milk or cream, 1/2 teaspoon salt, 1/4 teaspoon paprika, 1/4 teaspoon onion salt or 1 teaspoon finely grated onion, one-eighth teaspoon pepper, 2 cups sliced or diced cooked turkey, 1 cup cooked vegetables (carrots, peas, onions, potatoes, celery, green beans or a

combination of these). Melt the fat, add flour and stir over low heat until blended. Add the cold broth, top milk and seasonings all at once. Cook, stirring constantly, until uniformly thickened. Stir in turkey and vegetables, then pour into baking dish.

Cornbread Top. 1/2 cup sifted all-purpose flour, 1/2 teaspoon salt, 1 1/2 teaspoons baking powder, 2 teaspoons sugar, 1/2 cup cornmeal, 1 well-beaten egg, 1/2 cup milk, 2 tablespoons shortening.

Heat pie filling in a 2-quart casserole in a hot oven (425 F.) until bubbly, about 10 minutes. Meanwhile sift flour, salt, baking powder and sugar. Mix with the cornmeal. Cut in shortening until mixture resembles texture of coarse cornmeal. Combine eggs and milk and add to dry ingredients; stir until just moistened. Pour cornbread batter over top of filling spreading evenly. Continue baking until topping is browned, 20 to 25 minutes. Serves six.

Now Is Time to Get Shrub Beds Ready

January and February are good shrub planting months for most of Texas, but now is the time to get ready for them. You will get best results with new shrubs or those transplanted from other areas if you plan for the location, spacing, treatment of the soil with fertilizer, and the cultivation.

Mrs. Mary D. Brown, Acting County Home Demonstration Agent, says working six to eight weeks ahead will enable you to have shrub beds that give more satisfaction in your landscape plan. Mrs. Brown offers three suggestions for the preparation of the planting area.

First, check the soil for drainage. You may need to terrace, contour or level the soil around the house to conserve the rain or to prevent washing.

Then, the agent suggests, locate each plant you hope to include with a peg giving it ample distance from the foundation of the house, walks, drive and other plants. Most shrubs need to be from four to six feet from the house and large shrubs need to be even farther away from walls or walks. Careful spacing also eliminates unnecessary pruning.

The third suggestion in shrub preparation is spading and fertilizing the soil. Spade the soil eight or ten inches deep in beds about six or eight feet wide. Work in 5-10-5 or 4-12-4 fertilizer for sandy soils, or 16-20-0 for blackland and soils of West Texas. Leaf mold and barnyard fertilizer will also aid in building up the soil. Remember, the agent says, shrub beds should be prepared at least six weeks prior to planting the shrubs.

PICKLE PILFERER IN PICKLE

Chicago. — Pickle-loving George Terik, 63, was in a pickle for picking a pickle out of a pickle barrel, at Carson A. Gallagher's delicatessen—and not paying for it. Terik, a transient, admitted taking the pickle—valued at 25 cents. The judge charged Terik with disorderly conduct and fined him \$107—to be worked out at the county jail at the rate of \$2.50 a day. Sympathetic police, however, presented Terik with a gift—one dozen dill pickles.

Between 50 and 40,000 legal deer normally are harvested in Texas yearly. They furnish lots of good meat provided proper attention is given to saving it. This care starts with the kill and is not completed until the meat is used, either fresh or preserved for later use.

A Long-Needed Crackdown

The General Accounting Office, which has the all-important duty of supervising the spending of government departments and bureaus and seeing that the wishes of Congress are carried out in this regard, recently inaugurated a long-needed reform. Comptroller General Warren has cracked down on government agencies which commit more money for projects than Congress appropriated and then come back and demand more money to pay the bills. These overcommitments, it has been ruled, are illegal, and Mr. Warren has taken the position that his office will henceforth refuse to approve payments on contracts in excess of approved authorizations. One result of this policy is that the Interior Department has been forced to cancel plans for going ahead with a hydroelectric project in Alaska, having already over-committed the funds voted by Congress.

Judged by its effect on the taxpayers, and by the still more important yardstick of responsible, Constitutional government, this is about as beneficial a step as could

be imagined. It has long been a practice of bureaus to submit low estimates to Congress, to get the requested appropriations, and then to go ahead and authorize the spending of additional millions and tens of millions in the knowledge that Congress would have little choice but to make up the deficit. What this meant, of course, was that purely administrative agencies, consisting entirely of political appointees, were taking over the duties and responsibilities of the legislative branch of the government.

Interior has long been the worst offender. Its offenses have been largely committed on projects—such as government hydroelectric developments and multi-purpose dams—whose primary purpose, despite all the camouflage, has been to advance the cause of state socialism, to create a Federal electric-power monopoly, and to undermine state and local rights to the point where they'd exist in name only. Interior's estimates, in case after case, have been so far below actual costs as to be absolutely ridiculous. And that has also been true of the estimates of the Corps of Engineers.

The Comptroller General and the General Accounting Office have performed a great service to the nation. May they make it stick!

Grass Roots Opinion

Red Springs, N. C., Citizen: "Today the value of the dollar bill is one-half of what it was in 1932—52 cents compared with \$1.03 in 1932 and \$1.00 in 1940. While the dollar shrunk by one-half in 20 years, the Federal tax burden on the average family increased by 25 times. In 1932, the average share of the two billion dollars collected in total Federal taxes was \$64. During this fiscal year, 1953, a family's Federal taxes, income plus hidden taxes, will average \$1,700."

Beef cattle on brush cleared pastures at the Spur Experiment Station this year produced 53 per cent greater gains than did those on brushy pastures.

U. S. SUES DU PONT EMPIRE—In Chicago court, U. S. opens billion-dollar legal battle to break up alleged vast E. I. du Pont de Nemours & Co. monopoly, charging 117 in family control stock of General Motors Corp. and U. S. Rubber Co. Du Pont tycoons and attorneys are, from left: seated, Pierre, Henry and Pierre du Pont III and Henry du Pont Copeland; standing, Angus Echols, Hugh R. Sharp Jr., J. Bruce Bredlin, Walter J. Beadle, Walter S. Carpenter Jr. and Irene du Pont.

Phony Cure

It is now evident that price control is on its way out, though the framework of a control system will be kept on the books for some time to come. More and more commodities are being completely decontrolled. The rules and regulations affecting manufacturers and merchants are being relaxed and modified. The whole OPS organization is drawing in its horns, and its staff has been much reduced in size.

A number of reasons are responsible for this. For one thing, many commodity prices are below ceiling now, which makes controls meaningless. For another, the sentiment in Congress is obviously one of distaste for the whole control idea. For still another, even some of the bureaucrats are beginning to understand that you can't get maximum production and efficiency out of enterprise by throttling it with red tape and ever-changing orders and amendments to orders. Finally, and most important, public thinking on the whole control idea has obviously undergone some important changes. More and more people have become convinced that free, competitive business, as contrasted with politically-dominated business is what this country needs.

And more and more people have also learned that controls deal not with the disease we call inflation but only with some of its symptoms. The farmer, the manufacturer and the retailer do not create inflation, and most of them have suffered rather than benefited from it. They, like the consumer, have been among its victims. The primary stimulant to inflation has been the insane, drunken-sailor fiscal policy of our government. The controls were a phony cure, and the sooner all of them are allowed to die the better off we will be.

HOW FIRE INSURANCE GIVES THEM

a better chance to live

For years insurance engineers have been working to reduce fire and accident hazards in the nation's hospitals. In the last three years, they have surveyed over 7,000 hospitals and recommended essential safety measures. As a result of this public service, hundreds of people are living today because of fire tragedies that did not happen.

This is only one of the public services performed by capital stock fire insurance—a private enterprise—of which the insurance agent is an important part. His professional advice is yours for the asking. Phone me about your insurance—for, in these high-cost days, too little insurance protection for your home and belongings can be costly.

HEALTH LETTER

From Texas State Dept. of Health

A primary reason for the institution of Thanksgiving Day was health. The Pilgrims, the few of them left after that terrible first year of death and disease, wanted to publicly thank God for all his mercies. And so was born the tradition of Thanksgiving.

We have come a long way since that time in the matter of health, said Dr. Geo. W. Cox, State Health Officer. Today few people think of Thanksgiving in connection with the health they enjoy. We are so accustomed to good health that we hardly give it a thought—until illness strikes.

The Texas State Department of Health, city and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. Their thanks are to medical science for the strides it has made in preventive medicine, enabling thousands of lives to be saved annually.

Since that first Thanksgiving, the mode of transmission of many diseases has been discovered and the known preventives of diseases have become common knowledge. Yellow fever, plague, and cholera have almost ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person takes advantage of immunization. Malaria and other diseases can be controlled if

DAY OF THANKS

Vigorous competition which results from our extra-curricular activities too often interferes with the true observance of Thanksgiving, the only day of the year expressly designated as the day of thanks.

With such prospects for a highly successful gridiron campaign combined with the million dollar rains received this week and the innumerable incidental blessings we have received give us all excellent motives to pause in humbleness and reverence to render thanks to God. We should also be prayerful for divine guidance in the future in an effort to project peace to the people of all the world.

JUST 'EDITIN'

Need I remind you of something besides The Foard County News with the Wildcat to be passed around this morning—ah yes, report cards. And there's four more of these little cards to be passed out before June. Whether you wear a grin or a scowl when receiving your card, depends entirely on your interest or lack of interest in your courses.

"He who has capability and uses it not, falls by the wayside." Why not resolve to study more intently and earnestly next six weeks? It will work wonders for ya.

Old faces: CHS is having a hard time getting rid of its students these days. Could it be CHS spirit or a certain freshman girl, Coy?

The Wildcat staff has been receiving an excellent paper "Ram-page" from San Angelo Junior College. We wonder if Jeanette Johnson could be responsible for this?

HOMEMAKERS SERVE THANKSGIVING DINNER

Preparing a complete "company dinner" was included in this week's schedule of Homemaking II's departmental activities.

As a part of the "Feeding the Family" unit for second year food classes, twelve girls planned and cooked the delicious meal with the aid of Mrs. Ruth Kenner, home-making teacher. Betty Bartley, June Carroll, Nancy Hallmark, Mary Hudson, Nan Shultz, Katie Polk, Ann Riethmayer, Bea James, Loretta Matus and Clara Faske are members of the class. Nita June Carroll acted as hostess and each girl ate with her guest. The dinner was served by Gail Knox and Barbara Fairchild who did an excellent job.

The table centerpiece consisted of a basket arrangement of fruit, nuts and autumn leaves. Baked chicken, dressing, gravy, mashed potatoes and green beans composed the delicious menu topped with a devil's food cake and was served to the following: Doris Cates, Francysne Coffey, Arleta Teague, Patsy Mechell, Barbara Campbell, Myrna Loy Riley, Joan Fox, Joyce Naron, Ann Wishon and Betty Jane Ingie.

FHA NEWS

The following letter was received by the Crowell FHA Chapter last week:

Dear Crowell chapter and sponsor: I want to thank you for your wonderful part on the program at Abilene. I heard so many nice compliments on it. I hope you all enjoyed the program as much as I did. Sincerely yours, Carol Ann Lindsey, president of district and

MISS WORLD, PRETTIEST ON EARTH—In London beauty competition, Sweden's May Louise Flodin (center) wins "Miss World" title. Switzerland's Sylvia Muller (left) was second and Germany's Vera Marks third.

Seymour student. The group who represented the Crowell FHA must really have done a good job.

Holiday wrote to ask for the woman driver skit which was done by Sue Meason and Frances Kincaid, and Seymour is using the mock jazz band that was done by Ann Wishon, Nita June Carroll, Nancy Hallmark, Nan Shultz and Kay Raspberry.

SENIOR NORMA JONES IS RODEO ENTHUSIAST

Quiet, unaffected, and bubbling with Wildcat spirit, senior Norma Jones is personality of the week.

During her high school career, Norma has been extremely active in home economics, being FHA president this year. Besides all that, when you see Norma coming with some little white papers in her hand, you know that she's checking up on your skipping study hall because the papers are absentee slips.

Who would ever guess that the blonde, attractive senior is an avid rodeo enthusiast, having ridden in the sponsor contests in several rodeos at Crowell, Quanah, Paducah and Dumas. Perhaps the basis of this fact is that Norma

was reared on a ranch near Truscott. Norma says that if she couldn't ride horses, swimming would top her list of favorites.

Although Norma insists that she has no favorite subject, she seems to shine in bookkeeping.

Known by her classmates for her kindness as outstanding senior, Norma makes this old world a much more pleasant place in which to live.

SMITH AND DANE'S VARIETIES OFFER SPARKLING ENTERTAINMENT

In another of a series of Southern School Assemblies, Jack Smith and Ann Dane presented a program of sparkling entertainment with superb showmanship Thursday, Nov. 20.

Their show, "Smith and Dane's Varieties," consisted of five parts, novelty musical, mental telepathy, spectacular electrical wonders, ventriloquism and canine capers.

Miss Dane, a talented and finished musician, opened the program with brilliant solos on the saxophone, glass clarinet, a tiny four hole harmonica and a tonette. The glass clarinet is said to be one of the only two of its kind in the world. Her selections

ranged from modern classics to symphony and American folk tunes to the latest in modern jazz.

To make possible the presentation of a number such as an excerpt from the "William Tell Overture" on a tiny plastic bugle, many fingerings are employed by Miss Dane which are not published for public use. Many have deemed this impossible and claimed she uses accompaniment, but to avoid these accusations, accompaniment is not used.

The electrical wonders were of stunning bewilderment. With the assistance of Jimmy Everson and James Denton who were selected from the audience by Mr. Smith, light was produced from the body of Miss Dane. Miss Dane stood upon a box of high electrical voltage and upon touching colored neon lights held by her two high school assistants produced light from them.

The mental telepathy section proved to be highly entertaining. Mr. Smith passed through the audience selecting different individuals to tell him their birthday or draw a card on which was written a song. Miss Dane was able to reveal each birthday and to play the name of the song selected on her saxophone with surprising accuracy. As was later announced by Mr. Smith, this mental telepathy was possible only by a developed memory for clues acquired over a period of three years.

Mr. Smith, who has been a successful entertainer for more than twenty years, presented a fascinating program of ventriloquism, introducing "Elmer," with a line of patter rarely offered by the average ventriloquist.

Canine Capers introduced Tiny Tinker and Bashful Buddy, Tiny's pal, who performed many cute and difficult tricks.

By combining these novelties,

Smith and Dane created a unique, diversified and highly entertaining program.

AMONETT-ERWIN CHARGES THROTTLE BEARCATS

The Crowell Wildcats were victorious again last Friday night by the score of 38-0. They downed the Henrietta Bears and easily for their sixth and last conference game. In their last six games the Wildcats have chalked up 211 points to 13 for the opposition.

The game last week featured fine blocking by the entire forward wall and hard running by Johnson and Halenack.

The first touchdown was set up when the Bearcats fumbled on their own 11-yard line and Crowell recovered. From here QB Dan Gobin passed to end Jim Norman in the end zone.

A short time later, halfback Ginger Johnson gathered in a pass on his own 40-yard line, and behind good blocking, returned for Crowell's second TD. Line Raymond Halenack, Crowell's 135 pounds of dynamite, duplicated.

(Continued on Page 7)

HAIL DEAR OLD CROWELL HIGH

The students, faculty, many ex-students and citizens will live that phrase Thursday night by attending, in one body, the Crowell-Grapevine tilt at Wichita Falls.

The colors that the pack will be fighting for have been belonging to this school since the Dark Ages, as Mr. Black would say.

Old friends will be back to see the game this Thursday, some from many years ago and some from a short time ago.

They'll all be at Coyote Stadium to show their appreciation for our VICTORIOUS WILDCATS of the school and the alumni of the school.

GOBBLERS, GOODIES ON HOLIDAY MENU

The cafeteria served the traditional turkey and fixin's at the noonday meal on Wednesday.

Highlighting the menu was the old gobbler himself dressed up with a tempting dressing and giblet gravy. Side dishes included mashed potatoes with peas and the delicious condiment with turkey, cranberry sauce.

An overflow crowd typical of the usual festive holiday meal served at the cafeteria jammed the building.

After everyone had been served and finished eating, many contented students stated that Thanksgiving dinner had been truly "fit for a king."

this feat and took the pigskin for a 70-yard side to paydirt.

Buddy Caddell, hard charging guard, hit quarterback Walker so hard and fast that he jarred the ball loose and another Crowell lineman pounced on it. Denton carried over from the 15 in two plays.

The first string boys were allowed to collect three more touchdowns before they were taken out of the game to allow Crowell reserves to finish the contest. Many of the reserves were very happy about this because it helped them to gain the few extra quarters that they needed to letter.

CHS should be very proud of their team this year. Crowell hasn't won a district title since 1945. To show their appreciation to the team, everyone should follow them to Wichita Falls Thanksgiving day where they will challenge Grapevine for bi-district honors. The game is scheduled to start at 7:30 p. m. Thanksgiving day in Coyote Stadium. Help to beat Grapevine by backing the Wildcats.

Plans for the Thanksgiving holidays were revealed as a result of a school poll taken this week. It seems that various trips and activities have been planned, but the Crowell - Grapevine football game and turkey dinner at Grandmother's seem to be a part of everyone's plans.

Charlene Borchardt - Go to the football game and duck hunting.

L. C. Gordon - Go to the ball game Thursday night and work to get out of work the rest of the time.

Raymond Halenack - Play football, go hunting and go with Babs.

John Wright Jr. - Hunt ducks, no geese.

Chun Gafford - Go to Wichita to the bi-district football game and watch it rain.

Glyndon Johnson - Work, sleep and eat.

Genevieve McDaniel - Stuff myself with turkey and go root for the Wildcats.

Ginger Johnson - Play football at Wichita Falls, sleep, loaf and admire the women.

Robert Graves - Hunt quacks (ducks).

Buddy Kelly - Nothing.

Ann Wishon - Go to the ball game, dancing and chase around.

"Smiling Ed" - I plan to eat, sleep and loaf during my four free days.

Oleta Lankford - I am going to the ball game Thursday and then sit home and enjoy no school.

Frances Kincaid - Go to Lubbock Wednesday and pep rally that night, to the game at Wichita Thursday, hunting Friday and sleep Saturday.

V. A. Smith Jr. - Hunt, I don't know what. Sleep late and hope it freezes colder than the dickens.

CloVonne McKown - Eat, sleep and go to the football game.

Zonell and Barbara - Go to the football game at Lubbock Wednesday night and to the game at Wichita Falls Thursday night.

Jackie Walker - Going duck hunting.

Rudolph Richter - Go geese hunting.

Billy John Rader - I will go to the football game Thursday night and hunt the rest of the time.

THE WILDCAT'S OWL

Well, it sure is nice to see many clean faces this week. I guess the rain brought about this change. Norman Shultz was seen Sunday night with Carolyn Bursey. (Good work, kids.)

David Jackson and Jonny Dee were seen together over the week end. This is becoming the two-some of school.

Jimmy Harper, what is this we hear about Joan being mad at you? Why don't you make up and forgive and forget.

Jimmy Thaxton was disturbed Friday night; could it be that someone kept turning on the dome light? Ask Nelda Brooks.

Seems that A. L. didn't enjoy the ride from the ball game Friday night; could it have been because of Betty Sue?

Peggy Long and Lavert Robertson have been seen making the rounds in Crowell.

Wonder why Don Brown spends so much time in Crowell lately? It couldn't be because of the women, could it?

Don Gobin has finally broken down and asked a girl for a date. (Why don't you take him up on

Ginger, were you and Billy late for MYF Sunday?

Seen Sunday night were Jean Whitby and Robert Houk, CloVonne and LaVonne Adams. (What's happened to that Strader boy, Jean?)

The question of the week is: Zonell, what did you do Friday night after the ball game? Reply: You don't know, do you?

Couple of the week: Joe Don and Francayne.

Maxine and Dale Keith enjoyed the ball game Friday night. What is this, Dale?

SOCIAL GATHERINGS HONOR VISITOR

A number of social gatherings, prompted by a pioneer visitor, Mrs. Bessie Rexrode of Lockney, were enjoyed last week. They were in the nature of old acquaintance parties.

Mrs. T. N. Bell honored Mrs. Rexrode with a dinner on the evening of Tuesday, Nov. 18. Mrs. B. W. Self was hostess for a tea on Thursday afternoon for a group of Mrs. Rexrode's friends. Mrs. Rexrode also visited in the N. J. Roberts home.

VIVIAN H. D. CLUB

"If your family is fond of home-made bread, here is a recipe that makes two loaves in as little time as it takes to make rolls," said Mrs. Mary D. Brown to the Vivian Home Demonstration Club which met in an all-day meeting with Mrs. Darwin Bell on Nov. 13. Mrs. Brown served the bread

made by the recipes which were handed out, and the score cards were discussed so that baking errors could be corrected.

A rising vote of thanks was given Mrs. Tom Callaway who volunteered to be candidate for county THDA chairman.

A motion was made to take orders for fruit cakes, and anyone desiring to buy cakes or for information contact any club member.

Names were drawn for the Christmas party.

The next meeting will be on Friday, Dec. 5, with Mrs. Arthur Sandlin.

Those present were the visitors, Mrs. Tom Callaway of Foard City, Miss Amelia Frazier of Abilene, Mrs. B. W. Mathews, Mrs. Fred Borhardt, Mrs. J. M. Marr, Mrs. Will Jones and Mrs. Mary Brown of Crowell, and the members, Mesdames J. W. Carroll, J. B. Rasberry, Johnny Marr, Allen Fish, Arthur Sandlin, W. O. Fish, Dee

Gilbert, I. D. Gilbert Jr., Clyde Bowley, T. W. Cooper and Misses Myrtle and Neoma Fish and the hostess.

RIVERSIDE H. D. CLUB

Do you need an extra gift, why not make some hot mats? They are easily made, explained Mrs. Monroe Karcher at the meeting of the Riverside Home Demonstration Club in the home of Mrs. Walter Johnson Tuesday, Nov. 18.

These hot mats are made of rug yarn and woven on a hand-made loom, which the ladies also made. After the yarn has been woven on the loom it is then tied accurately so the mats will hold their shape.

Mrs. Sam Kuehn showed the ladies who were interested in pruning shrubs how it was done.

Those present for the occasion were Mesdames Roy Ayers, John S. Ray, W. A. Mussetter, Sam Kuehn, Monroe Karcher, Ewald Schroeder, R. G. Whitten, Louis Kieschnick and Linda Sue, Frank Ward, Ben Hopkins, James Bowers and the hostess, Mrs. Johnson.

The next meeting will be in the home of Mrs. R. G. Whitten Tuesday, Dec. 2, at 2 p. m. for the Christmas party. At this time plans will be made to entertain the families during the holidays.

West Texas Utilities Co. Wins First Prize in Safety Contest

The West Texas Utilities Company, according to an announcement by the National Safety Council in Chicago, has been named as first place winner in the Public Utilities Division of the council's 1951-52 National Fleet Safety Contest.

In acknowledgement of its national standing in the Driving Safety Contest, the utility company was presented with a bronze plaque, mounted on walnut, and bearing the inscription, "Winner, Public Utilities Division, National Safety Council's 1951-52 Fleet Safety Contest."

From July 1, 1951 to June 30, 1952, West Texas Utilities employees drove company vehicles a total distance of 3,399,000 miles and achieved the excellent accident rate of .09 accidents per 100,000 miles. This rate was far below that of the nearest competitor. Under the contest the slightest fender dent is considered a reportable accident. Before winners are declared in the contest the accident record of the companies are carefully audited by a representative of the National Safety Council.

"The West Texas Utilities Company," said Price Campbell, president, "is striving in every way to be a good citizen in the com-

munity it serves. Certainly safe driving is a vital part of good citizenship."

The company which maintains a continuing safety program for all departments and all drivers has established a national reputation for traffic safety. In 1951 the company was the second place winner in this same contest. A first place winner in the 1946 Bureau of Safety Contest, the company is this year a contender for the 1952 first place title which will be announced shortly after January 1st, 1953.

Sharks Extort \$15,000,000 in One Texas City

A conservative estimate of the usurious interest that small borrowers in Houston are paying to loan sharks is \$15,000,000 a year, declares Fisher G. Dorsey, Houston Better Business Bureau president.

With such a toll in a single city, the total extorted in the entire State probably would not miss \$100,000,000 very far. If this vast amount were spent for food, clothing, automobiles, travel, the movies and for personal services (including medical and dental care), there would be corresponding benefit to the health and happiness of the thousands of families involved. Spent in this way, the great amount would mean increased business in all lines and, indirectly, would benefit farmers, livestock raisers, workers and the public in general.

Recognizing the seriousness of the situation, the State Bar of Texas is on record as favoring legislation to regulate the small loan business and set charges at a reasonable figure. A special small loan law committee of the State Bar has drafted a bill embodying these principles and the Junior Bar Association has endorsed the bill.

LOW SPARKING

Due to the possibility of accidental explosions, sparking dangers must be cut to a minimum when military aircraft are being fueled. One manufacturer is now making nozzles for gasoline hoses out of Monel, an alloy of nickel and copper, because of this material's low sparking characteristics.

"DRUNK" GETS RICH QUICK

Glen Burnie, Md. — Customers and employes of a department store noticed a sandy-haired man of about 27 stagger through the store, but paid little heed. Suddenly, the man staggered to a cash register, scooped up \$207 in cash and \$40 in money orders and dashed out of the store—apparently completely sober.

"HONEST THIEF"

New York — In July, when Negro man held up a candy store and took \$30 from a saleslady, he jotted down her name and address and promised to return the money. Sure enough, the other day, Mrs. Bertha Romano received a note and the \$30. The note was signed, "Your Friend"

The Battle of the Bird

Time was when preparing Thanksgiving dinner was a real struggle. And preparing it was nothing compared to the clean-up job that came after!

But today grandmother, or mother, can actually take time to enjoy herself—because so much of the work (including the after-dinner work) will be done for her by electrical kitchen appliances and by her wonderful electric servant, Reddy Kilowatt. He works for mere chicken feed, too!

He will refrigerate the turkey a whole day — for about 2¢.

He'll roast the turkey — for less than 10¢.

He'll run the dishwasher for a full load of dishes — for less than 1¢.

And he will wash and iron the tablecloth and napkins — for about 2¢.

Wonderful, isn't it? As a matter of fact, electric appliances will win the "cooking battle" every time... and remember your electric service is still the biggest bargain in your budget today!
