What Is Your Stand on Cheating?

To cheat or not to cheat is no longer the question. The question that arises today is: Would you cheat if you knew you wouldn't get caught? Many of you will laugh when you read this because you will think, "Sure, I'd cheat! Who wouldn't?" Who wouldn't? Well, there are many who wouldn't. Let's forget those, though, and consider the ones who not only would but do cheat.

Yes, we have all cheated at one time or another, in some way or other. It can be done in any work which we choose. Why do we cheat in school? This is our present problem. The answer is—to pass. Is this the real reason for cheating, though? Maybe we are just too lazy—no, not too dumb—but too lazy to do anything else! It's much simpler to look over a

neighbor's shoulder on exam day than to spend some time in learning the material. What are we gaining by cheating?

Well, we may merit a passing grade, but this so called "common custom" of cheating may begin to be our master. It may dominate us and carry over into our future lives. It's rather like a disease—either we're cured of it, or it continues to eat away. Many will say, "It's too late for me to stop cheating." No, it isn't. It's never too late. Have a little confidence and try the rough road of learning alone. Make your stand on cheating before it makes its mark on you!

Band Wins Sweepstakes Trophy

Has anyone wondered why all of the band members are so happy? I imagine most everyone knows, by now, that the Wildcat Band brought home the Sweepstakes trophy from the T&O Fair last week. In the three possible divisions, the Wildcat band placed first in marching, third in concert, and Fauncine Fairchild placed first in twirling. Sue Sanders was rated the second place twirler, but since only one twirler from each band may place, she was given a special award. Everyone is very thrilled over the results, and we only hope to do that well in the next contest that we enter.

The Wildcat marching band marched on the field at Archer City Friday night and formed a huge car. From that position they portrayed, in song, the dangers

of a speeding car. Although the show was put on as a satire, it should teach everyone a lesson.

Crowell 30	Iowa Park 14
Crowell 28	Rotan 0
Crowell 14	Quannah 7
Crowell 57	Knox City 0
Crowell 55	Archer City 0
Total 184	21

Does this say anything to you? Well, it should show you what a good job our players are doing along with the coaches and managers. We are "rompin'" and "stompin'" over every team in our district.

Next game will be tomorrow night in the Wildcat Bowl, here in Crowell when we play Holliday. Be sure to be there to cheer our team on to another victory in their march to district championship.

Travelogue Given by Miss Whitby

England, Holland, France, Germany and Italy sound exciting to most of us. We may dream of traveling to far away places, but often, dreaming is all we'll accomplish. Miss Jean Whitby, however, turned her dreams into reality. This summer, Miss Whitby traveled with a tour group throughout Europe, spending six weeks abroad. During this time, she made some very interesting slides of points of interest from London to Rome to Paris. On Tuesday, Sept. 26, the entire student body was invited to view the pictures and to hear Miss Whitby's commentary and "wise cracks" about them. I know that I'm speaking for everyone when I say, "Thank you,

Miss Whitby, for a very wonderful program."

What Librarian?

The one with reddish blonde hair. You know, the one with hazel eyes and about 5' 1". Her parents are Jake and Estelle, and she has four sisters and two brothers.

Where was she born? Right here in Crowell, and she lives out on West Commerce.

You mean Wilma Denton? She is in the library the last period on Monday, Tuesday and Friday.

Hi, Eskimoes!

It's nice to hear from our ex-students. A letter this week from Gerald Bradford states that he and Ronald Yarborough are stationed in Alaska for 18 months. They are military police and have their police dogs that they trained in Texas.

Maybe we'd better send them some "long handles" for they expect the temperature to be 60 degrees below zero this winter.

We are sure they would welcome a letter from any of you. Gerald's address is: Pvt. Wm. G. Bradford, RA18572270, Hq. Btry., 4th Msl. Br. 43rd Arty., APO 949, Seattle, Wash.

Hits and Misses

Hi-dee! Seems things were moving slower this week — mostly misses and no hits!

Happy couples walking off the field Friday night were Carria-Ronnie, Lynda - Bob, Gaye - Jim Mack, Ely-Guy Jr., Sue - Wes, Linda - Joe, Mary Ann - Jon Lee, Alta - Danny, Fauncine - John, Gerald - Gena, Carol - Don, and Barbara-Dale.

Judy Traweck was seen with Charles Carroll Wednesday. This looks interesting!

Wesley got an interesting note Saturday night. The scandal wonders what the outcome was.

Couples seen Saturday night at the Plaza were Sue - Jackie, Dorothy - J. W., Sharon - Billy Doyle, Shultz, Lynda - Bob, Barbara - Dale, Gena - Gerald, Linda - Joe and Carolyn - Taylor (Ta-Ta).

Riding around Sunday afternoon were Alta-Danny, Jo Carol-Miles, Bob-Lynda and Carria-Ronnie.

Barbara G. is walking on air. She got a darling engagement ring over the week end. This is a winner!!!

Together Sunday night were Duane-Margie and Jo Carol-Miles at United Youth.

Special message to Carol Bell, leave two 20c vanilla Cokes at the Dairy Bar Thursday night at 7:45 and your wish will be granted.

Kay and Jerry G. were together Sunday night. Could the flame be burning again?

Seen in Quannah over the week end were Dale D. and Jerry L. Have fun, boys??

In singing off, the scandal wants to say, "Play it cool and bring the groove!!"

P. S. We hear that Kay is having trouble with the Vernon girls!

Menu

Monday: light rolls and butter, steak, gravy, whole green beans, celery, lettuce and tomato salad, apricot cobbler.

Tuesday: corn meal muffins, pin-to beans with bacon, kraut and weiners, creamed potatoes, celery sticks, cheese slices, cookies.

Wednesday: light rolls, ham, potatoes whole with butter, English pea salad, lettuce leaf, fresh

fruit slices.

Thursday: hot dogs, potato chips, peanut butter and crackers, banana pudding.

Friday: light bread, salmon loaf, creamed peas, potato salad, fresh cucumber slices, orange cake.

Brownie Troop I

At the regular meeting of the second grade Brownie troop, all ten members answered roll call by telling how they helped with a household chore during the past week.

The Brownie story was read to the troop by the leader, and each girl discovered that Brownies are little helpers. Each girl promised to do something in the house before next meeting that she was not asked to do, so that she, too, can rightfully be called a Brownie.

During the craft period, corn stalks were made from rolled newspapers. A singing game was learned. For the closing ceremony, the troop saluted the flag and repeated the Brownie promise. Refreshments were served by Mrs. Rita Coffey and her mother, Mrs. Delton Coffey.

Troop members are Rita Coffey, Sara Bell, Shane Garrett, Kristi McLain, Diane Myers, Mieke Owens, Peggy Rasberry, Kay Shirley, Sheri Speer and Charlotte Walker. The leaders are Mrs. Ray Shirley and Mrs. R. J. Owens.

Troop 1 Girl Scouts

Troop 1 of the Crowell Girl Scouts met at the Girl Scout home Friday, Sept. 30. The vice president, Linda Whitley, presided.

The girls voted to sell Christmas items in order to get their subscriptions to the American Girl magazine. This is an individual girl's project, and any profit on her uniform. Ten items will be sold if the girl is to receive as a gift a year's subscription to the American Girl magazine.

Plans were discussed to go on a service badge for the troop. The troop already serves as sitters for the PTA meetings. Tentative plans are to help with way with the election, Christmas seals, Easter seals, and other vice projects. The girls will be responsible for refreshments at the October PTA meeting, and be in charge of the older children's program.

Gayle Russell and Linda Whitley taught the troop singing game which is a part of the folk dancing badge they are all working at meetings.

The meeting closed with a pledge of allegiance to the flag and the Scout promise. Seven girls and their leaders, Mrs. Ray Shirley and Mrs. Mike Rasberry, attended.

FRIDAY! THE GREATEST

SIXTY-ONE DERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher neateness—more front seat leg room.

NEW '61 CHEVY CORVAIR

More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars. To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—With all the hoopla over the national elections, many Texans may get to the polls Nov. 8 before they realize they have other important decisions to make that day.

Four proposed amendments to the Texas Constitution will be voted at the general election. Voting to approve or reject alterations in the state's basic law is one of the most important responsibilities a voter has. It is the average citizen's one and only opportunity to participate directly in the lawmaking process.

Here, in brief, are the proposed amendments (in the order they will appear on the ballot) and what they would do:

AMENDMENT ONE: Would authorize creation of special hospital districts in Lamar County, Hidalgo County and Commissioners Precinct No. 4 of Comanche County.

Approval of this amendment would not actually create these hospital districts, but would give local voters authority to do so in a local election.

Amendments such as this one, which apply only to the areas specifically mentioned, usually are passed on the grounds that they give local voters authority to take care of local affairs. Since it is permissive rather than mandatory, local voters can decide for themselves whether they want to carry it through.

Some argue against such amendments on the grounds that such details as this should not be added to an already overly-long Constitution.

AMENDMENT TWO: Would permit a rate of interest not to exceed 3½ per cent on bonds issued hereafter for the benefit of the Veterans Land Fund. Present constitutional ceiling is 3 per cent.

Veterans Land Board is authorized by law to sell bonds and use the money from these sales to

buy land which is re-sold to qualified Texan veterans. Law provided for the sale of \$200,000,000 in bonds, but the Board has not been able to sell the last \$62,500,000 of these bonds because, in today's market, 3 per cent interest does not make them an attractive investment.

Financial experts think that raising the permitted interest rate to 3½ per cent should be sufficient to make the bonds salable again.

AMENDMENT THREE: Would change the pay scale of members of the Legislature to give them annual salaries of \$4,800 plus \$12 a day for each day in session. It would limit regular sessions to 140 days (present limit is 120 days.) Lawmakers would receive \$12 a day for each day of a 140-day regular session plus \$12 a day for each day of a 30-day special session.

At present, legislators receive no annual salary. They get \$25 a day for each day, up to 120 days, of the regular session plus \$25 a day for each day of a 30-day called session. They receive no pay in years the Legislature does not convene (such as 1960). Under this proposal, they would receive \$4,800 a year base pay whether they spent any time in session or not.

Present provisions for travel expenses would not be changed. These provide for the lawmaker to receive \$2.50 for each 25 miles of the round trip between his home and Austin once each session.

This amendment is essentially a compromise between the present arrangement and the constitutional change proposed in 1958. Last time the proposal was for annual salaries of \$7,500 and no per diem. It also provided for annual sessions which, many think, contributed to its defeat.

Proponents of the current plan say that it will make it possible for better qualified people to serve in the Legislature without having to make so much of a personal financial sacrifice to do so.

Opponents argue that it will create "professional legislators." They contend that it is better for the lawmaker to have another job in private life to keep him closer to the problems of the people.

If the amendment is passed, a Texas legislator would receive for his two-year term of office minimum pay of \$9,600. In other states, the pay for a two-year term ranges from \$200 in New Hampshire to \$15,000 in New

York. Average is about \$3,600.

AMENDMENT FOUR: Would give the Legislature authority to classify loans and lenders, to license and regulate lenders, to define what part of the charge made on loans should be considered interest and to fix the maximum rate of interest which should be charged.

This is generally known as the "anti-loan shark" amendment and is being supported by a blue ribbon committee of citizens from over the state.

At present the Constitution provides that the maximum rate of interest shall be 10 per cent. This is widely, almost universally, violated by the small loan industry, usually through additional charges besides the interest—"handling charges, service charges," etc.

Attorney General's department investigations have turned up cases of flagrant abuses by loan companies, making charges that totaled altogether as much as 300 per cent of the amount loaned. On the other hand, the investigators themselves admit that a loan company making short-term, high-risk personal loans cannot stay in the black on 10 per cent.

If this amendment is passed, it will be up to the Legislature to decide what is a fair charge. Even those legislators who voted for this proposal admit they dread the prospect of having to decide what rates are fair.

HIGHWAY SLOWDOWN DUE—Public highway work in Texas will be cut back about one-half for the months of November and December, the State Highway Department announces.

This is a seasonal drop, according to State Highway Engineer DeWitt C. Greer. Spring and summer are the "rush season" for highway work because the weather is good. They are also the months when revenue from gasoline taxes runs high.

Sale of license plates next spring will bring the annual bounce-back in money to the Highway Department, and a rise in highway contract lettings is expected about the same time.

Total construction contracts for September and October are expected to hit about \$21,000,000 each month, but will probably drop to half of that for November and December.

SHORT SNORTS—Kenneth I. Kimbro has been named chief clerk under Comptroller Robert S. Calvert. He succeeds the late Gus Farrar. . . A. T. (Moon) Mullins, chief clerk of the General Land Office, has resigned to enter private law practice in Austin. Mullins has been with the Land Office since 1948. . . U. S. Dept. of Agriculture has predicted this year's Texas cotton crop at 4,425,000 bales, an increase over earlier predictions. Other crop forecasts: sorghum, 276,432,000 bushels, just short of last year's record crop, peanuts, a record yield of 313,125,000 pounds; carterots, up 6 per cent; and pinto beans, 30 per cent increase.

Texans Urged to Vote in November General Election

Texas voters should look to the month of November 1960 as another time of decision, for it is in this month which a general election will be held.

At this time a new president will be elected. His running mate, the vice president, on the Democratic ticket will be a Texan. All other elective offices, both national and state, will likewise be voted

upon. There will be much pre-election campaigning and ballyhoo by both Democratic and Republican candidates. And, because of the publicity in the newspapers, and on radio and TV, interested voters will be afforded ample opportunity to study the various candidates and their respective platforms.

At the same time Texans will again be called upon to amend their Constitution, but the four propositions which will be submitted for approval or rejection are not likely to attract as much attention as the candidates.

Nevertheless, these amendments should be carefully studied by every voter, because each involves matters of finance even though the specific subject matter of the

amendments is unrelated. The amendments will be headed as follows:

Proposed Constitutional Amendment to be voted on at an election to be held on November 8, 1960.

Amendment No. 1 would authorize the Legislature to create a Hospital District including Lamar and Hidalgo Counties, and County Commissioners' Precinct No. 4 of Comanche County.

Amendment No. 2 would increase to three and one-half per cent (3½%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board.

Amendment No. 3 would allow an annual salary for Members

of the Legislature of not to exceed \$4800 per year, and a diem allowance of not more than \$12.00 per day for the first 30 days of each regular session of the Legislature, regular session would be limited to 140 days.

Amendment No. 4 would give the Legislature authority to regulate lenders, license regulate lenders, define interest and fix maximum rates of interest.

Voters should study these amendments carefully, and their newspapers for further discussions of these amendments. Above all, plan now to vote!

Who owns the electric company?

INVESTORS own the electric companies. Investors are people who have saved some money and want to invest in some private business. They believe in a free-enterprise type of economy. We are owned by these INVESTORS. That makes us an independent business—not owned by any city, county or state government, nor by a co-op or any Federal Government agency. We work at being an INVESTOR OWNED independent business. We hope you understand our position.

Here's a real bargain in electricity!
The average family, served by WTU, can cook a complete meal the flameless electric way for less than 3¢ a meal—and enjoy all the cool, clean, automatic features of an electric range.
