prove to yourself that you get EXTRA **VALUES** at Stores which give

Surveys by the nation's foremost

economists have proved beyond a doubt that most housewives buy where they get best values.

Check it yourself! Compare values at stores and service stations which give S & H Green Stamps with those at non-stamp stores. You'll find that S & H stamp stores offer you:

- · Competitive prices
 - · Sound values in merchandise

· Courteous, attentive service

... plus S & H Green Stamps which you can redeem for more than 1,500 items of distinguished Merchandise available at S & H Green Stamp redemption centers or by mail.

Your HUMBLE Dealer now represents America's Leading Energy Company

To serve you nationwide-five leading regional oil companies have joined hands in a new company. United, they form the new HUMBLE OIL & REFINING COMPANY... the largest domestic oil company in the U.S.!

This new move creates America's Leading Energy Company. This is of great importance to you-in several ways:

With the nation's leading oil research laboratories, Humble will bring you many new and exciting products first. Products like the famous highenergy Humble gasolines, the remarkable new Uniflo Motor Oil and the revolutionary "No Squeal" Atlas Bucron Tire.

With the nation's largest oil reserves, unsurpassed refinery and transport facilities, Humble can bring you new and better values through greater operating efficiencies.

Now with a network of more than 30,000 service stations—Humble can offer you all its high quality products coast-to-coast.

Phone with the built-in switchboard

Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard. Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines - talk on one while holding calls on others - "buzz" your secretary - or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valvable instrument of communications for everyone. Call or visit our Business Office and learn how little it costs to have the "switchboard" service

of a push-button phone.

Central HEATING and COOLING

HERE! THE GREATEST SHOW ON WORTH!

MOST USEABLE, LIVEABLE, LIKEABLE CAR EVER BUILT! SIXTY-ONEDERFUL CHEVY

Chevrolet has fewer inches on the outside this year. (Which you'll appreciate every time you park!) But a whole new measure of inside comfort and convenience from bigger door openings (up to 6 inches wider) to more foot room in the rear (where the floor hump's been slenderized). Seats are as much as 14% higher to give you greater comfort and a good command of the road. While out back, that low-loading luggage compartment is a regular storeroom on wheels. This is one '61 that's worth a long, long look. It's the kind of car that's so liveable, so downright sensible, you just can't help but like it.

See the new Chevrolet cars, Chevy Corvairs, and the new Corvette at your local authorized Chevrolet dealer's

to a new way of living-electrically

MEDALLION HOME

The door to a Medallion home opens to model living convenience at its best. Any home, anywher can be a Medallion Home, regardless of styling, six or price. It is what's inside the Medallion Home the makes the difference.

Open the door to a Medallion Home and see for yourself. Note the number of work-saving election appliances...the service entrance, circuits and out-lets that mean REDDY WIRED...the handy light switches and decorative lighting fixtures, each with a definite purpose and each in the exact location to furnish plenty of "light for living."

All these conveniences are required in a Bronze or Gold Medallion Home. And, in the Gold Medallion Home, there are more...including clean, comfortable electric heat. Before you buy, build or modernize, get the facts about Medallion living from your Building Contractor or WTU.

... all these features in a Medallion Home

This is the kind of light that beautified your home and provides glareless light to protect the precious eyesight of your loved ones.

Every Medallion Home has

West lexas Utilities (Ompany) an investor

ELECTRIC SERVANTS of fameless electric range plus at least 3 other major electric appliances. This as-sures you of the basic elec-tric servants the day you move into your Madellimove into your Medal!

\$400 Million in Taxes

Class I railroads pay about \$400 million a year in taxes to state and local governments, according to the Association of American Railroads. This total is 27 times the amount of such taxes paid by Class I intercity truckers, 63 times that paid by intercity buses, 80 times that paid by domestic air lines, 400 times that paid by regulated water carriers.
