## Senior Costumes Worn at Barbecue Tuesday Evening

Senior and western costumes were worn at the barbecue at the Club Hut at the home of Mrs. C. P. Sandifer Tuesday evening and created an interest among those in attendance at the 50th Anniversary of the F. F. A. and 4-H Club project show to be held in Crowell on Tuesday of next week.

The barbecue was served to 200 ladies and the line to receive the food was formed at 7:30. The young ladies were Miss Edwards, Mrs. Leon Speer, Mrs. Gafford, Mrs. Ray Shirley, Mrs. James Weiss, Mrs. Mike Ecker, Mrs. Ike Wilson and Mrs. Bert Ecker. Ice cream was served by Billy Roy Cooper.

Mr. Sandifer gave an interesting account of the early days in Crowell when she was a young girl. He told many interesting stories.

## L. B. Taylor Speaks on Church Attendance Month

L. B. Taylor, pastor of the Methodist Church of Margaret and Abilene, states in connection with church attendance efforts being made through the month of April, "Some one said that the church would bring people back to Sunday School but I have failed to see it that way. Here are some figures to help you think about it: Out of 100,000,000 people in the United States, 100,000,000 are not in Sunday School and only 17 are in Sunday School and out of five adults there is one in Sunday School. Here are some more figures: 100,000,000 were spent on automobiles last year—wonderful for a Christian nation, ironic-speaking. Some parents do almost anything to get their children into Sunday School. They go themselves. Parents send their children to Sunday School and stay home themselves. We seem to play at religion. It's like a coat, we put it on when we want to, but we have failed to make our religion real and very few people have ever been converted by the religion. To believe in God is a great deal more than to believe that God exists. We need to get down on our knees and pray that God will have mercy on us. When more money is spent on alcohol, the dance and amusements than on trying to convert people to Christ, we are praying, without ceasing."

## Crowell Colorful Jubilee with Flowers and Bunting

The committee on decorations for the Jubilee has been officiating this week to the extent that Crowell is decorated and is donning attractive decorations fitting the occasion. A large part of the decorating has already been done and the remainder will be done rapidly. The gala dress is an air of a holiday spirit and the town and indicates that everyone is about in readiness for fulfillment of the occasion. Ray Shirley is chairman of the decorations committee.

## F. F. A. and 4-H Club Project Show Held in Crowell Saturday Pronounced One of Most Successful Ever Held

The FFA and 4-H Club project show that was held at Self Motor Co. here last Saturday was pronounced to be one of the most successful shows that has ever been held in Crowell by the officials in charge.

The seventeen calves sold for an average of \$30.60 per hundred-weight which is by far the highest price ever received by the Crowell club boys for their calves. Two calves brought \$40.00 per hundred-weight each and the lowest calf sold, brought several dollars above market price. Charley Davis, representing Burleson Packing Co. of Wichita Falls, Texas, did the auctioning for the boys on these calves. His company also placed the floor bid of 23c per pound on the entire group of calves.

The Crowell Rotary Club sponsored this project show and the ranchers and business men of the section provided over \$400.00 for prizes and expenses of the show. The buyers of this section were very liberal in their bidding on the boys' club calves. Marvin Myers, FFA sponsor, and Joe Burkett, county agricultural agent, were in charge of the show. J. A. Schofield, district agricultural agent, did the judging of the livestock. Mr. Schofield made an excellent talk to the boys in regard to their participation in this kind of work.

Some of the hogs were sold at auction following the calf sale. The following men bid the animals above the floor price which was set by the Burleson Packing Company, and then sold most of the animals back to the company at a personal loss, in order to help the boys out on their exhibits: John Cogdell, Otis Gafford, J. |                                       |      |
|---------------------------------------|------|
| Mrs. May Klepper Darby, Lodi, Calif., | 5.00 |
| Mrs. Ray Hysinger,                    | 5.00 |
| Lee Whitman,                          | 5.00 |

Mrs. Roberts makes the following statement in regard to the cemetery upkeep: "This week we will initiate a new power lawn mower, which has been badly needed. The cemetery has long since become too big to be kept with the ordinary type of lawn mower. Earl Eubanks, the sexton, is doing his best to keep the grounds presentable. It takes work and money to half-way keep a cemetery as large as ours. "When paying homage to the pioneers, remember that many of them are sleeping in our cemetery."

Of the flowers of Hawaii, the hibiscus, showy and spectacular, grows in profusion and ranges from white to deep burnt orange. She also mentioned the flowering trees, large trees forty feet tall, especially the yellow shower, golden shower, and rainbow shower.

Of the exotic flowers the orchids and birds of paradise are outstanding. On special days the school children wear leis. This makes the occasion very colorful.

And Jesus said unto him, Receive thy sight: thy faith hath saved thee.—Luke 18:42.

In our opinion General MacArthur is a trifle optimistic in thinking that the Japs are anywhere near ready for self rule.

There is a growing sentiment against secrecy in welfare payments. The secrecy is resented by taxpayers who believe they have a right to know where and how the money taken from them in taxes is spent.

An old Chinese proverb: If there is righteousness in the heart, there will be beauty in the character.

What We Think (By Frank Dixon)

It seems to me that in view of the danger of Communism in this country and the sudden interest being taken to remove those with government that some program of Communist inclinations from our education should be set up to the end that the people of this country might know what Communism is and what it proposes to do, and how it proposes to do it.

I have read widely of all sorts of publications including newspapers, magazines and the comments of columnists. In addition I have listened to hours of broadcasts over the radio, and while I have heard a lot about the danger and the undesirability of Communism I have never read or heard a line about what it is, what it proposes to do, and how it proposes to do it.

I believe that the campaign against Communism in this country would make more progress if people were informed as to what it is. I do not believe that a presentation of the facts is going to serve to increase the interest in or the membership of the Communist party.

I think that that is always the danger when it comes to these false doctrines of government. The promoters of them are going to trim their sails to the occasion, the time, and the place and the person.

It is reported that there are at the present time 74,000 Communists in this country. Not a great number, but it should be remembered that most of these are trained key workers and are worth a thousand rank and file members when it comes to securing acceptance and support of the party.

Because of the fact that not many know the tenets of the Communist party few people realize their presence. There are perhaps many people working side by side with dangerous Communists who are not aware of their neighbor's allegiance to the Communist party.

It is fortunate for this country that at the present moment employment is at the peak and wages are at high levels. This condition tends to remove much of the lure that a new form of government might hold if there was considerable unemployment and unrest.

If a period of hard times should come along these 74,000 Communists would agree to trade jobs with the dissatisfied of the people. I feel there is a greater danger when people are unemployed than there is when times are normal, employment is good and dissatisfied persons are not seeking a change.

Let the people know what real Communism is and they will be competent judges on matters of democracy and any force that seeks to undermine and destroy it.

Chillicothe Garden Club Sponsors Iris Show May 4

Members have planted more than a hundred new and fine varieties of Iris and the exhibition of these for the first time has increased interest in the forthcoming show to an exceedingly high degree.

The Chillicothe Club has become famed over the entire state for its high quality of specimens, artistic ability of its members and originality in staging.

The 1947 show will be preceded by the annual Iris Pilgrimage under the direction of Mrs. Kirby Williams, pilgrimage chairman. The show will be held at the Methodist Church in Chillicothe, in Wesley Hall.

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of the Foard County News of April 27, 1917:

A cat is mothering a young wolf at the home of W. H. Dunagan. Mr. Dunagan thinks the cat will raise the foreigner but it remains to be seen whether or not she will make a cat out of it.

For the first time in several years, the Foard County wheat crop appears at this stage to be almost, if not entirely, a failure.

Storing Food—Millers say the demand for flour is greater than they can fill, and no wonder! There are scores of families right in this town, who, anticipating higher prices, have laid in a supply of flour to last them for months. The same thing has been done with canned groceries.

Mrs. Paul Shirley returned Tuesday afternoon from a visit with Miss Beulah Bond at Sinton, and other friends in East Texas.

Washington News

By Congressman Ed Gossett, 13 District of Texas.

Washington, D. C., April 19.—On Thursday of this week the House passed H. R. 3020—the so-called Labor Bill—by a vote of 308 to 107. This bill is 68 pages long and is the most important piece of legislation yet to be passed by the House or Senate during this session of Congress.

No human agency could write a perfect bill. In fact, no one person would agree to all provisions of this bill, nor would all persons agree to any one provision of the bill.

Only five Texans voted against the bill: Rayburn of Bonham, Pickett of Palestine, Combs of Beaumont, Thomas of Houston, and Thomason of El Paso. Ninety-three Democrats voted for the bill while 84 Democrats voted against the bill.

In brief the bill provides: 1. Prohibits the closed shop, but permits a union shop. 2. Prohibits industry-wide bargaining.

3. Prohibits sympathy strikes. 4. Prohibits illegal boycotts. 5. Prohibits jurisdictional strikes.

6. Prohibits the check-off of union dues each month by the employer to be turned over to the union unless permitted in writing by the worker.

7. Prohibits mass picketing and violence. Protects a non-striker in the right to go to and from his place of work.

8. Requires a clear majority secret vote by those in a bargaining unit before there can be a strike.

9. Prohibits a union from being recognized which has an officer who is a communist.

10. Makes labor unions responsible under the Sherman and Clayton anti-trust laws.

11. Makes labor unions liable for violating contracts.

12. Requires unions to make annual financial reports.

13. Prohibits unions from making political contributions.

14. Prohibits strikes based upon demands for welfare funds.

G. I. Annual Leave Payments Held Up by Address Changes

Recent information received by the U. S. Army Recruiting Sub Station in Childress shows that the failure of Vets to notify the Finance Office of any change of address has resulted in terminal leave pay being held up.

According to Colonel J. R. Vance, Commanding Officer of the U. S. Army Finance Office at Fort Sam Houston, 550,000 claims had been received from Texas veterans, as of 15, March and that a special clerical section has been especially trained to handle these claims.

Eligible veterans may obtain claim forms at any post office.

The chief obstacle to handling of the claims," he said, "was failure of veterans to sign their claims, have them notarized, or send in their discharge papers, as required by the Armed Forces Leave Act."

He also stated that approximately five per cent of claimants change mailing addresses after sending in claims and fail to notify the Finance Office of such changes.

Volunteers from the Auxiliary and young women's groups of the city will distribute the flowers on the streets throughout the day.

Mrs. Clyde Cobb, Poppy chairman of the Auxiliary, will be in general charge. Plans are being made to cover the city completely so that everyone will have an opportunity to honor the war dead and aid the living victims of the two conflicts.

The average individual share of the national debt is \$1,851. In Great Britain the average is \$2,101 with this difference; in the United States the average individual share of the national income is \$1,178 while in England it is but \$716.

The House Committee on Un-American Activities this week filed a comprehensive report conclusively showing that the organization calling itself, "American Youth For Democracy," known as the AYD, which has organizations in the leading colleges of 14 states, is controlled and dominated by Communists.

This is another example of wolves in sheep's clothing—of a pious name covering up vicious objectives. The Committee report clearly shows that the leaders of this organization, with headquarters in New York, are members of the Communist Party.

Most of its leaders have long known communist records. This organization seeks to poison the minds of American youth, to develop in them a contempt for democratic institutions. These Trojan Horses should be exposed and, where possible, destroyed.

Let's Face the Facts! We've heard a lot about "enormous dammed up purchasing power." There is no such thing. Actually, the honeymoon is over. We must now meet the issue squarely. A great many authorities on economics concur with President Truman's recent statement that "prices have gone out of sight, and must come down." We agree thoroughly. The prices of marble and granite memorials are too high. Wholesalers and quarriers are predicting even higher prices this spring. Be that as it may. We contend that prices of all commodities are out of line, and as a pioneer in our field of business we are taking the attitude that someone must take the initiative regarding sensible prices. Why shouldn't we set the pattern? Therefore, henceforth, that is our policy. We have an exceptionally large stock of finished memorials in attractive designs and of finest grades marble and granite. We have more bought and in transit. All of our prices are taking a drastic cut. This is not a sale. It is just good business. We are now enjoying our forty-sixth year of this community's good will and liberal patronage. We appreciate it. We believe that a smaller margin of profit on a larger turnover is to our mutual advantage. Don't you? MEMORIAL DAY IS MAY 30th We invite you to call soon at our display located two miles east of Vernon on the Wichita Falls Highway. We suggest that you make your selection early before the choice designs are gone. Remember, the prices are greatly reduced. VERNON MARBLE & GRANITE WORKS G. W. Most commercial airline pilots have a record of 7,000 hours in the air, 2,500 hours being the lowest rating on which they are allowed even an "apprentice" copilot post on most L. S. airplanes. Last year 146 persons lost their lives in the crashes of American scheduled air lines. But during the year 14 million persons had flown 7 billion miles on American air lines. It was the safest year in U. S. Airline history—no other public carrier was responsible for so few deaths, not even street cars.

GENIUS and GENIE Thomas Alva Edison YEARS AGO, before Thomas Edison invented a successful light bulb, our grandparents burned kerosene and candles that were expensive, troublesome, and gave very poor light.—but— EDISON GAVE YOU SOMETHING NEW AND BETTER This genius, laboring over thousands of experiments, led the way to better light for better sight.—as well as to a better way of living, with electricity. TODAY you have bright, cheerful and well lighted homes, stores and offices. There is no reason for them to be otherwise! Because you have LIGHT BY WIRE. A much better lamp bulb than Edison's first incandescent light can be bought for a thin dime. 1 Reddy Kilowatt, will light that bulb for hundreds of hours for a coolie's wages, and give you more and better light. Edison's successful light bulb was really the start of the electric industry. Today we work and live electrically; we have more comforts and conveniences than any other country in the world,—all because one man had an idea and developed it. **MEMORY SELECTION**—Trust in the  
 Lord with all thine heart; and lean not  
 unto thine own understanding.—**Proverbs**  
**3:8.**

Success or failure in life is de-  
 termined by the measure of a  
 man's devotion to God and obedi-  
 ence to the will of God. We speak  
 now of real success, not according

to the ideas of the world. We are  
 concerned with what a man is and  
 what he does for God, not with  
 what he may happen to possess.

The life of Solomon falls into  
 three divisions, corresponding to  
 his early manhood, middle life  
 and old age. It moves from glory  
 and blessing to tragedy and judg-  
 ment.

**Wise Youth (3:5-9).**  
 We use the word youth to cov-  
 er the early years of Solomon's  
 reign. He was now a young man,  
 but the godly background of his  
 rearing and his faith in God show-  
 ed in his choice of wisdom as  
 God's greatest gift.

Sometimes we wish God would  
 give us such an opportunity.  
 "That is just what he has done,  
 he has appeared to you, not in  
 dreams, but in broad daylight,  
 and by his Son Jesus Christ has  
 said as plainly as he could, "Ask  
 and it shall be given you." He  
 has repeated it three times, say-  
 ing, "Ask, seek, find." And then  
 he has returned to say, "Every-  
 one that asketh receiveth, and he  
 that seeketh findeth, and to him  
 that knocketh it shall be opened."  
 We have no right "to say that  
 Solomon was more favored than  
 we. We are more favored than  
 he. If we are not, it is because we  
 ask not. If we lose peace and joy,  
 happiness and heaven, it is all for  
 want of asking" (Joseph Ham-  
 mond).

The noble and intelligent choice  
 of Solomon has been much ad-  
 mired, and rightly so, for he chose  
 the greatest gift that could come  
 to any man, "an understanding  
 heart." He might have asked for  
 money or power, but with the lack  
 of wisdom to use them properly  
 they would have been a curse to  
 him and to others. Long life is but  
 a continued blight to a foolish  
 man, for it only extends the time  
 of his folly.

**II. Strong Manhood (5:13-16).**  
 The temple of God which David  
 had wanted to build was, by God's  
 own decree, built by Solomon.  
 Such a tremendous undertaking  
 called for much in the way of men  
 and materials, and Solomon dem-  
 onstrated his great capacity as a  
 builder in bringing the project to  
 a glorious conclusion.

He also built great cities (1  
 Kings 9:17-19), and organized his  
 government (4:1-28) together  
 with powerful, armed forces (10:  
 26). All this required much mon-  
 ey and manpower, which the king  
 took by levy from his people. As  
 long as he walked in the way of  
 the Lord he prospered, and his  
 country grew in standing and in  
 riches.

God is interested in the men of  
 this world who are gifted with  
 ability for mighty projects and ex-  
 tensive organization. The Lord is  
 ready to bless such men in our  
 day, and use their gifts and their  
 money for his glory (see the  
 life story of Henry P. Crowell—  
 Breakfast Table Autocrat, pub-  
 lished by Moody Press).

The sad thing is that such pow-  
 er is often too much for the spir-  
 it of mortal man, and he becomes  
 proud, arrogant and self-willed—  
 and then God has to turn away  
 from him.

Solomon's choice of wisdom  
 had "pleased the Lord" (1 Kings  
 3:10) and God has blessed him.  
 But note the qualifying word "if"  
 in verse 14. Solomon failed God  
 in his later years as king. The  
 tragic results are written for all  
 to read. That way none of us  
 should ever go. The lesson is  
 plain—faith takes blessing from  
 God; unbelief brings failure and  
 sorrow. Let everyone that think-  
 eth take heed lest he fail.

**III. Sinful Old Age (11:4-9).**  
 It would seem that a man who  
 knows the Lord should grow in  
 grace and become even more in-  
 timate with God as he grows old.  
 One might expect that the passing  
 of years should mellow and sweet-  
 en life. But sad to say, it is often  
 not the case.

When Solomon was old, he went  
 after false gods. How tragic! Lit-  
 tle wonder that one of the saintli-  
 est men this writer ever knew  
 prayed constantly as he went on  
 into his eighties, "Lord, keep me  
 from ever becoming a wicked old  
 man." Other old men and women  
 (yes, and all of us) could well  
 pray the same prayer.

So it became necessary for God  
 to wrest the kingdom out of the  
 hands of the great Solomon, and  
 Israel goes on to its history of a  
 people divided, of disobedience to  
 God, and of ultimate judgment.  
 Of that we shall see more in the  
 weeks just ahead.

ers carried their children on their  
 backs or an older sister carried  
 them until they were four, five  
 or six years old in order that the  
 mothers might work in the fields.  
 This caused the bow legs.

The islands have compulsory  
 education from six to sixteen  
 years; this gives the children two  
 years of high school. Most par-  
 ents are very ambitious for their  
 children. The course of study is  
 based on that of the U. S. schools.  
 Sports are the same—baseball,  
 football, and volley ball—with  
 the exception that all children  
 learn to swim. Pools are every-  
 where. The people are fond of  
 concerts and music. It is seldom  
 colder than sixty degrees in win-  
 ter. School begins at 8:30 a. m.  
 and closes at 2:00 p. m.

For the last twenty years the  
 Hawaiian Islands have been work-  
 ing to become a state. One big  
 advantage of this would be that  
 they could sell an unlimited  
 amount of sugar to the U. S.,  
 whereas they now can sell only  
 a certain per cent. If the U. S.  
 should make the islands the for-  
 ty-ninth state, Alaska would im-  
 mediately want to become a state.

When asked, Mrs. Boyum said  
 that the Japanese act the same as  
 before the war. The Japanese  
 children were ridiculed during the  
 war. Several mothers told Mrs.  
 Boyum how their children despised  
 the fact that they were Jap-  
 anese, and some grew disrespect-  
 ful to their parents. One mother  
 said that she sent her small son  
 to call his father to supper. He  
 said, "Come in, you damned Jap;  
 your supper's ready." Small chil-  
 dren did not think of themselves  
 as Japanese until the war. "Fifty-  
 two spies who came into the is-  
 lands during the war were captur-  
 ed on our island alone," said Mrs.  
 Boyum. Five Japanese boys  
 whose fathers were held in con-  
 centration camps gave their lives  
 during the war. The children are  
 much like ours—alive, intelligent,  
 and friendly. Mrs. Boyum be-  
 lieves that practically all the peo-  
 ple of the islands are loyal Amer-  
 ican citizens.

**BANQUET DRESSES**  
 The girls were glamorous in  
 their bouffant evening dresses.  
 The predominating style was  
 basque waist with full skirts.  
 Sharon Haney wore a plaid ta-  
 feta evening gown with a bustle  
 and corsage of gardenias.  
 Virginia Bell, white jersey with  
 a corsage of red rosebuds.  
 La Juan Denton, white ninon

## Good-Luck Motif Used in Junior-Senior Banquet, Outstanding Social Event of School Year Held In Baptist Church

The banquet hall of the First Baptist Church was the scene of the outstanding social event of the High School year, the annual Junior-Senior banquet, on Thursday evening, April 17.

The color scheme of the clever mystic or good-luck banquet was kelly green and bright yellow. Tables extending the full length of the hall were covered with white linens with streamers of four-leaf clover cut-outs, down the center. Yellow candles in white holders were placed at intervals on the table and these were alternated with tulips, pansies and irises in attractive arrangements. Window boxes of green with yellow tulips adorned the windows and the four-leaf clover design made a charming frieze around the windows. Horse shoes were used in the decorative scheme, adding to the good luck idea.

The entrance hall was decorated with baskets of lilacs. At one end of the banquet hall there was a pretty simulated out-door woods scene with a vine-covered trellis and a wishing well. As the guests entered, a group of Freshmen girls, dressed as Gypsies, sang melodies, old and new. These girls later assisted in serving the dinner.

Place cards also followed the color motif of green and yellow, being in the form of a booklet, tied with green cord on which dangled the plate favors, old-fashioned pinch penny bottles, containing a good luck penny. The booklet contained the program, class rosters and a sing-song sheet.

Amid this setting of good luck and mysticism, the program was presented under the direction of Bob Edwards, Junior class president. The invocation was given by Rev. N. B. Moon, pastor of the First Baptist Church. After a toast to the Senior class by the entire Junior class, Betty Williams gave the high and mighty honor guests a hearty welcome. Sharon Haney graciously gave the response for the Seniors. The toastmaster then presented four four-leaf clovers in the persons of Betty Williams, J. C. Autry, Mary Payne and Carol Cato, who sang, "I'm Looking for a Four-leaf Clover." They were accompanied by Mrs. N. B. Moon, Madam Zombie was next on the program with her crystal ball. Madam Zombie, better known as Edna Lee Dunn, prophesied the fate of each senior in later years, be it good or bad. Lora Abston played "Stardust" as a piano solo, captivating all who heard her. During the meal, Patsy Fox played incidental piano music.

Dr. E. S. James, pastor of the First Baptist Church of Vernon, chosen speaker for the affair, gave a timely talk to the class members, both Juniors and Seniors. Among the many thoughts he left was "What I am to be depends upon what I am, what I do and what God will allow and let me do." He said, "Sit and think a matter through, kneel and pray it through, stand and fight it through and then go out and work it out." As a final thought, he said that our fortune depends upon human action and divine reaction.

Larry Wood presented, in a humorous way, the last will and testament of the Seniors. All the treasured "white elephants" of the Seniors were happily willed to the eager Juniors. As a climax to the lovely good luck banquet, a sing-song was led by Betty Williams and Mary Payne.

Sponsors and class mothers of the Junior class who helped to make possible the outstanding banquet were Mrs. Doyle Kenner, sponsor of the Junior class, and Mesdames Howard Williams, Herbert Edwards, Roy Ayers, J. E. Broek and Howard Dunn, class mothers. The guest list included the Senior class mothers, their husbands, the Senior sponsor and several other guests in addition to the members of both classes.

## TRUSCOTT H. D. CLUB

Two recent meetings of the Truscott Home Demonstration Club follow: On March 27, the club met in the home of Mrs. J. W. Chowning. Roll call was answered with the names of books recently read from the Truscott Library. Mrs. Buford Brown reviewed "Out on a Limb," by Louise Baker.

Mrs. S. O. Turner and Mrs. Bill Owens as co-hostesses entertained the club on Thursday, April 10. A demonstration was made brook was leader of the program. Mrs. Turner gave the recipe for ham biscuits and Mrs. Owens, for yeast doughnuts, and these were served with other refreshments.

The Rural Electrification Agency which was set up twelve years ago has to date granted over a million dollars to farmers for electrification and modernization purposes.

## M. Y. F. Meeting Held in Crowell

The Crowell Methodist Youth Fellowship program held Sunday, April 20, at the Methodist Church was opened by Virginia McKowen, who announced that the theme for the afternoon was to be "Loyalty." Mary Ermine Cooper gave the call to worship. Mary Norman then read Matthews 11:2-19.

Peggy Weaver told about a baseball player, who was honest and called himself "out." This lost the game for his team, but he was loyal to himself. She also told of a missionary who wanted to go to Africa but would have to leave his family behind. In the discussion it was decided that he might have found a place he could fit better here in the United States.

Joyzelle Thomson told of a Christian who did not want to kill during war. He could have been of service in the war without firing a gun. She told of two college girls. One cheated and the question was, "Should she turn her friend in?" She said, "Yes," because it would help her friend overcome that weakness.

Jane Bruce told of a doctor who had to decide if he would save a Jew's life with American blood or not. We said it would be the Christian thing to do. Jim, a high school student, wanted to help his class with a banquet. His mother and father did not want him to be out at night. It was decided he could have gotten his lessons in the afternoon and explained to his parents. The District Meeting to be held in Childress was discussed and the group will leave Crowell Sunday at one o'clock. Miss Mattie Sue Howell, the Conference director, will be at the Sub-District meeting at Thalia May 1.

Using a projector and slides, Miss Frankie Kirkpatrick showed a large collection of flowers and flowering trees in their natural colors.

After adjournment, the group was invited into the dining room. The lace-draped table displayed a beautiful arrangement of Texas bluebonnets encircled by tapering white candles. A similar arrangement made the buffet attractive.
