## Sister of Crowell Man Succumbs in Hinds Community

Mrs. G. E. Graf, 56, sister of August Rummel of Riverside, died in her home in the Hinds community in Wilbarger County at 5:15 Thursday morning following a prolonged illness.

Funeral services were conducted Saturday morning at 10 o'clock in St. Paul Lutheran Church in Vernon by the pastor, Dr. J. A. Barnbaum, and interment was in East View Memorial Park there. Surviving are her husband; two sisters, Mrs. Adolph Bodling of Dumas and Mrs. George Strand of Chicago, Ill.; and seven brothers, Gilroy Rummel of Wellington, Robert Rummel of Lockett, August Rummel of Crowell, Bill Rummel of Vernon, Hugo Rummel of the Hinds community, Luther Rummel of Dumas and Aubrey Rummel of Lubbock.

Mrs. Graf was born to Mr. and Mrs. William Rummel Sept. 18, 1901, in Taylor, Texas. She moved to Wilbarger County with her parents in 1913 and married Mr. Graf in Vernon in January 1919. She was a member of St. Paul Lutheran Church and of the Women's Missionary League of that church.

## School Tax Roll Complete; Taxes Can Now Be Paid

According to L. A. Andrews, assessor-collector for the Crowell Consolidated Independent School District, the 1958 tax roll has been completed and payments are now being accepted.

The total valuation for 1958 is \$6,584,320, whereas it was \$5,920,710 for the year 1957. This shows a gain of \$663,610 and is due primarily to increased oil development in Foard County.

C. P. Sandifer was again the first taxpayer of the district to pay his current taxes; he having paid them on July 30 and received the first official tax receipt for the year 1958.

## Final Rites Held Sunday Afternoon for Blanche Hays

Native of Crowell Passed Away Sept. 6 After Long Illness

Final rites for Miss Blanche Hays were held in the Crowell Methodist Church Sunday afternoon, Sept. 7, at 3:30 o'clock conducted by the pastor, Rev. Carl Hudson, assisted by Rev. Horace Brooks of Quannah and Rev. C. T. Aly, pastor of the First Baptist Church of Crowell.

Special musical numbers for the services were solos rendered by Mrs. Carl Hudson and Mrs. Howard Ferguson with Mrs. Paul Shirley as organ accompanist. Mrs. Hudson sang "O Love That Will Not Let Me Go," and Mrs. Ferguson sang "Some Day He'll Make It Plain."

Miss Hays, native of Crowell, passed away in the Foard County Hospital Saturday, Sept. 6, following a lingering illness.

Interment was in Crowell Cemetery under the direction of Womack Funeral Home.

Pall bearers were Marvin Wells, Kenneth Francis, Walter Scott Jr., C. V. Barker, Henry Black, Doris Gentry, Grady Graves and Charlie Huskey.

Blanche Lenore Hays was born in Crowell on July 12, 1912. She attended school here and graduated from Crowell High School. She began her business career in the Foard County tax assessor's office and was later employed in the furniture department of M. S. Henry & Co., and the furniture store owned and operated by the late A. Y. Beverly. She went from Crowell to Houston as an employee of the Gulf Oil Corp., later returning to Quannah where she worked for the Quannah Acme & Pacific Railroad. Her last position in Quannah was with the Mid-Tex Supply Co. She became seriously ill in January and for the past seven months she was confined to her bed in the Foard County Hospital most of the time.

Miss Hays was a member of and an active worker in the Methodist Church from her early childhood. She was an active leader in the Business & Professional Women's Clubs, both in Crowell and Quannah. She traveled in Canada, Cuba and Old Mexico and in many areas of the United States with her close friend, Mrs. Winnifred Morgan of Quannah. Her vibrant spirit and her devoted friendship were treasured and cherished by many people in this area.

Survivors include her mother, Mrs. H. E. Hays of Crowell; five sisters, Mrs. Bryant Johnson of Anton, Mrs. Grady McLain, Sybil, Marian and Marilyn Hays of Crowell; four brothers, Jim of Lawton, Okla., Glendon of Fort Smith, Ark., Weldon and Gerald of Wichita Falls; a number of nieces and nephews and a host of other relatives.

## First Win over Panthers in 3 Years

## Crowell Wildcats Win Season Opener over Seymour Panthers 20 to 18

The Crowell High School football team eked out a 20 to 18 victory over the Seymour Panthers at Seymour last Friday night. This is the Wildcats' first victory over this team in three years. The two elevens played on about even terms most of the way with Crowell outplaying the Panthers by a better margin in the first half than the Seymour boys were able to do in the last half.

Crowell scored in the first quarter after a sustained drive that netted four first downs and placed the ball down on Seymour's six yard line. Bobby Barker and Gerald Bradford picked up several yard gains. Fullback Jim Henry followed some good line blocking to carry over. Crowell's extra point try was missed. The Wildcats scored again in the second quarter after quarterback Ivan Cates had made a beautiful 50-yard run to get down into scoring territory. Gerald Bradford made the final six yards to make the score 12 to 0.

The Panthers were not to be denied, however, in this half. They obtained possession of the ball on Crowell's 42-yard line by virtue of a Crowell fumble. Billy Carlock, freshman halfback, made the final yard for the score after the Wildcats had drawn a five-yard off-side penalty. The halftime score was 12-6.

Crowell's final touchdown was set up by a recovered fumble on Seymour's 34-yard line. Henry followed some excellent blocking on the part of David Carpenter and other Crowell linemen, to scamper 20 yards and a TD. Bradford plunged three yards for the extra two points that spelled the difference in the contest. The Panthers scored again in the third quarter when fullback Joe Chandler plunged the final two yards after the Wildcats had been penalized five. Their final score came on a well-executed pass play that netted 67 yards. Quarterback Eldon Welch threw a 35-yard pass to fleet Travis Clark, halfback, and he in turn, scampered the other 32 yards to pay dirt. Crowell's line held on the attempted run play for the extra points to leave the final count 20 to 18. The Wildcats controlled the ball most of the last six minutes to keep their lead and a victory for the opening game of the season.

It would be hard to name outstanding players for the Wildcats in blocking and tackling as most of them came through in an excellent manner. Coaches of both squads could tell you of lots of mistakes that the contest was over. They should profit by these and be more nearly ready when conference play opens in October.

## Raspberry Well Flows 119.70 Barrels in 10-Hour Test

The Texas Company has completed No. 9 Maude E. Raspberry in the Raspberry (6100 Caddo) Field of Foard County.

Business Re-Opens

On Sept. 1, a business establishment was re-opened on the corner of East Logan and North 3rd. Even though it had previously been in operation, it had been closed since the last of May during which time many repairs and improvements had been made in order that it might better accommodate those whom it serves.

The manager and assistant manager state that they are well pleased with the large number that attended the opening day. These

men, both having had wide experience in this field of work, wish to accommodate the public in every way possible. They announce that the doors will be open from 8:30 a. m. until 3:30 p. m. from Monday through Friday of each week. Furthermore, should someone need assistance after closing time, he should feel free to contact them or any of their numerous assistants employed for the sole purpose of being of help to those who seek their aid.

This business is modern in every respect. A special feature is a "help-ur-self" service on the second floor. It is free for use by those who prefer to make their own selection of materials.

From time to time, there will be special attractions on week nights and occasionally on Saturdays. Watch your paper for further announcements.

Yes — you've guessed it! This business now re-opened is none other than "Dear Ole CHS." Truly, it is a big business. Can you name any other in our town that accommodates some two hundred people each day. Would you not think that our superintendent and principal with a crew of some ten teachers in high school are capable of directing "big business." Really that "help-ur-self" service is our well equipped library in which you are free to search for your own materials. So—Crowell High School is really a big business. Let it serve you!

In Sympathy

The student body and faculty wish to extend sympathy to Misses Marian and Marilyn Hayes in the recent loss of their sister, Miss Blanche Hays. May God's richest blessings be with you and your family at this time.

Mission "Well Done"

"Well done" is a term often used to describe the way one wishes to have his meat served—but most often it is used to describe the fulfillment of some undertaking in a satisfactory method. It is a latter meaning that I chose for

this article. It was one hot afternoon in August that I moped into the living room, slung down my tennis racket, and slumped onto the divan. I picked up the daily news, and then I caught a glimpse of something unfamiliar. It was a book—a white book—lying on the table. I got a better look and discovered the words, "The Round-up," printed across its cover.

Forgetting I was tired, I grabbed it and settled down to thumb through the pages of the 1958 yearbook. I was impressed by the beautiful colored picture of the high school building nestled against the soft greenery. Then I made another discovery — those never-tiring staff members had succeeded in keeping all the window shades down long enough to get a snap. Congratulations!

As I turned the pages, I found that great pains had been taken to present the outstanding events of the year in a real "album of pictures." There were the people who work on the campus, the school board, the faculty, class members, favorites, honor students, organizations, sports events, snapshots, etc. As I glanced over each page, I found the words, "well done," "well done," "well done" ringing through my head.

Then I read each advertisement; I realized that the business men had had a big share in making the yearbook a success. Last, I read the autograph pages. A slight smile came to my face — as I read, gradually I broke into a hearty laugh; my friends had done such a good job of praising me that I turned to see if I might have received the wrong page. So—let me take this opportunity to express the student body's appreciation to Charlie Bell, editor; Mrs. Kenner, sponsor; and to all the staff members for presenting us with a yearbook that was truly "well done."

Classes Organize

The various classes met Thursday, Sept. 4, to elect their class officers, sponsors, and class room mothers for this year. The results are as follow:

Senior: president, Kirk Walters, vice president, Bettie Knox; secretary, Roxiann Adkins; sponsors, Henry Black and James Welch; room mothers, Mrs. Houston Adkins, Mrs. Percy Taylor, Mrs. Gerald Knox and Mrs. Virgil Johnson. Junior: president, Tom Crowell; vice president, Ivan Cates; secretary, Bill Graves; treasurer, Jo Frances Long; sponsor, Mrs. Kenneth Halbert; room mothers, Mrs. Lottie Painter, Mrs. Henry Borchart, Mrs. Marvin Myers, Mrs. Juanita Gafford, Mrs. Bill Sledge, Mrs. James Bowers, Mrs. Marion Crowell, Mrs. Fred Youree, Mrs. Grover Moore and Mrs. Richard

Johnsen. Sophomore: president, Jerry Eubanks; vice president, Margaret Faske; secretary and treasurer, Guy Todd; sponsor, Earl Hesse; room mothers, Mrs. Cecil Carpen, Mrs. Henry Johnson, Mrs. Ramon Rasberry and Mrs. A. J. Morris. Freshmen: president, Wendell Callaway; vice president, Edward Kajs; secretary, Alta Nell Bartley; treasurer, Donnie Beesinger; sponsor, Marvin Myers; room mothers, Mrs. William Bradford, Mrs. Otis Gafford, Mrs. H. B. Sanders, Mrs. Cecil Driver and Mrs. Charlie Bartley.

F. H. A. Holds First Meeting

The FHA members met for their first meeting Sept. 4 in the Home-making Cottage with their sponsor, Mrs. Doyle Kenner. Gayle Taylor, president, called the meeting to order.

During the meeting, Peggy Cates was elected as finance chairman, four boys were nominated for FHA King, and mother sponsors were elected for the year. F. H. A. members were: Ronald Yearbrough, senior; Slim Nichols, junior; Wesley Cummings, sophomore; Gerald Howard, freshman. The mothers elected were Mrs. Houston Adkins, Mrs. William Sledge, Mrs. Darwin Bell and Mrs. C. S. Bartley.

During the next two weeks solicitors will be seeing you to cast your votes for one of the above king candidates. One penny earns a vote.

There Are "Comers and Goers"

Once again the ordeal of school days has begun. Among the old familiar faces, there seem to be some strange ones. Most of these, of course, are the frightened freshmen. Almost everyone knows the "Fish" from Crowell; we would like to say "Hi" to them. A special "Hi" goes to the Thalia "Fish" who are Vickie Farrar, Early Hammonds, Mary McCurley, Gay Ramsey, Kay Ann Taylor, Edward Kajs, Jerome Matus, Dannie McRae and Jerry Tole.

Amarillo and Hamlin each lost a member who now roams the halls of CHS; namely, Edward Page and Wesley Cummings. Welcome!

We cannot see how Uncle Sam will get along without Jerry Clifton, but he is surely a good sight to see around Crowell.

More familiar faces, but new to their jobs, are Mrs. Kenneth Halbert, Mrs. Dick Todd and Thelma Henry. It surely is nice to have them around, isn't it? And, by the way, it is good to have Mr. Welch back to teach science.

Even though we are glad to see all of the new faces, our halls seem rather odd without the faces of our own Mrs. Lena Davis, Mrs. Moody Bursey, Mrs. Ferguson, Sue Bursey, and Ben and Larry Ferguson. We wish you happiness, wherever you are.

All in all, we sincerely do want to welcome all of the newcomers, with the hopes that they will receive us as friends as we shall them.

A Darkroom Is Established

If you happened to be around the school house last summer and saw Kirk Walters, Don Taylor, Margie Rasberry and Don Welch going into the building, you saw four industrious members of the '59 Roundup staff going to work. In their spare time, they cleaned, painted, and equipped a darkroom in part of the old homesteading department. This addition will enable the staff photographers, Don Welch

and Margie Rasberry, to photograph, develop, and print many of the pictures for the yearbook. The equipment includes a Graflex camera, developing tank, enlarger, and numerous accessories. We hope the darkroom will be an asset both to the annual staff and to the school, as well as an interesting and informative experience for the individuals connected with it.

Believe it or not—things do really seem queer with the absence of CHS's newest group of alumni, better known as last year's seniors. May you think of us as you go along new paths.

Sports Spurts

We beat Seymour. Hurray! We are off to a good start for a successful ball season!

Why do I say so? Well—we had an enthusiastic pep rally Friday afternoon — even the boys yelled!

We had the full cooperation of our town fans at the game last Friday night. It surely looked good to see so many out to support our team.

The student body had a fair representation at the game, too, but it should have been better. So, let's really turn out big for the Chillicothe game and really show our boys that we are backing them on to victory.

The cheer leaders — Roxie Adkins, Judy Vaughn, Jo Frances Long, D'Lois Shultz, Kay Johnson, and Alta Nell Bartley — look swell in their new uniforms. (The white sweater, worn with a white skirt, is centered with the big black W and bears the name of the girls. The girls each have big black pom-poms with white streamers—all very effective.)

The band sounded fine and looked good! Drum major Bettie Linda Knox, and majorettes, Jerry and Faunice Fairchild, Jeanie Johnson, and Sue Sanders led the group in an excellent half-time performance.

Well, all this, topped with excellent playing from the members of the ball club, is responsible for that final score, 20-18!

Let's keep our record clean! Let's beat Chillicothe tomorrow night at our Wildcat stadium. All the student body and the town fans will be expected to really back the "best" team in the district!

'59 Annual Staff Now at Work

The 1959 annual staff met Tuesday to organize. Officers for this year are Kirk Walters, editor-in-chief; Don Welch, assistant editor; Eldon Whitman, business manager; Joyce Howard, assistant business manager; Peggy Cates, secretary; Judy Hollenbaugh, reporter; Margie Rasberry and Don Welch, photographers; and Dale Johnson, artist. Other members of the staff are Don Taylor, Bettie Linda Knox, Jerry Fairchild, Lillie Polk, Dianne Sledge, Jo Frances Long and Cecelia Drabek.

Everyone on the staff has been busy selling ads. Kirk Walters, Eldon Whitman and Don Taylor covered Vernon and Thalia; Judy Hollenbaugh, Quannah; and all staff members, Crowell.

Should we have overlooked anyone interested in buying an ad, please contact some member of the staff.

Near Fatalities

Accidents: Gary Griffith, broken arm; Dale Henry, broken arm. Hay fever sneezes—Mr. Myers. Drowning victim: Mrs. Hesse, (rescued, of course). Heart breaks: all names withheld.

Disappointments: summer just didn't seem long enough for anyone.

Lonely hearts: Judy Vaughn, Patsy McRae and Janie Wright (seems that Thalia is full of lonely ones).

Over work: Gerald Bradford studying on the front steps at 8:20 a. m. (What is this world coming to?)

Loss of memory: everyone at future test time.

Dear Kids, Ex-Kids, Mamas, Dads, and Grandmas, Well, three months have gone by since you have been brought up to date about the goings-on of this younger generation. I'll bet Grandma is just dying to know the latest flame of her fond grandson—perhaps Mama and Dad are a little behind on the new developments concerning their own teenager. Too—maybe you ex-students are a bit interested in seeing how we'll fill up this column without having you to "tell off" on; so here goes—the latest CHS gossip!

Summer seems to have made the "heart grow fonder" in some cases, for we have some familiar couples still going steady. Among these are Bobby and Ginger, Mary Ann and Albert, Henry and Joyce, Janie and her Montana friend, Barbara and Joe, Carol and Dale; of course, in this list are Judy and Harvey and Patsy and Louis. We're not so sure about David and Dee — rumors say "maybe they're on the rocks."

You can't tell so much about some others. For instance, Roxie, one time she's with Ray, the next time it's Jimmy. Too—there's that Gayle. Maybe you'll see her with Terry—maybe with Fredrick. The boys really got a break this week end for Jimmy Rader had

Last Saturday night there was a dance, sponsored by the Athletic Club girls. What peevish is that the kids are always in because there is nothing to do. May I ask, how many of you attended the dance? I'll answer, not many. So— you want entertainment, then—turn out where is provided. Incidentally, after dance, Don Tole and Kay, Margie and Duane, Janice and George Morgan, Don Hunter and Steve Wharton were making the spot.

We're so glad to report something new—Ivan Cates and Lottie Sledge, Jimmy Mack and Gaye add to this column by having

Humble Company Begins 25th Year Football Broadcast

This year Humble Oil & Refining Co. will celebrate its 25th year as a sponsor of football broadcasts featuring teams of the Southwest Conference. And to celebrate this Silver Anniversary, Humble will bring football fans one of the most comprehensive schedules of radio and television coverage.

Some 70 games will be broadcast over 130 Texas and New Mexico radio stations. Four Southwest Conference contests will be broadcast, and viewers will also be able to see a 45-minute videotape version of the week's top game each Sunday afternoon on the "Game of the Week" TV program.

That schedule contrasts sharply with the program in 1934—three Rice Institute games broadcast as a public service.

It began this way. Rice had a good football team that year. The old Rice Stadium, however, was high and the limited seating were soon sold out, so broadcast rights were granted in order more people might follow game.

This first broadcast proved successful that a second one promptly planned. Humble's crew to Fayetteville this time broadcast the Rice-Arkansas game. Everything ran smoothly until kick-off. Then the telegraphers the press box began to send game reports to newspapers, clutter of telegraph keys and clatter of telegraph instruments set up a blinding noise on the broadcast.

Complaints flooded the Humble switchboards. Quickly a phone informed the broadcast crew the trouble. The broadcast crew the air for 15 minutes of the crew picked up all the equipment and moved across the where the broadcast center from seats in the stand.

It was in 1935 that the Southwest Conference adopted a form broadcasting policy. Conference was unusually successful that year and both SMU and Rice were undefeated until they went to the Rose Bowl, the Southwest Conference team to appear there.

It was also in 1935 that Tips joined Humble's annual staff. Tips' first game was Rice-St. Mary's game and his cress was instantaneous.

By 1938 standards, the first broadcasts were somewhat primitive. A good many early games were broadcast from the press proper (engineers had learned to suppress the disturbance of telegraphic instruments), booths best, offered few conveniences no modern luxuries such as conditioning and sound proofing.

By the end of 1935 technical fever heat, and surveys showed that the broadcasts were the popular radio programs on Texas air.

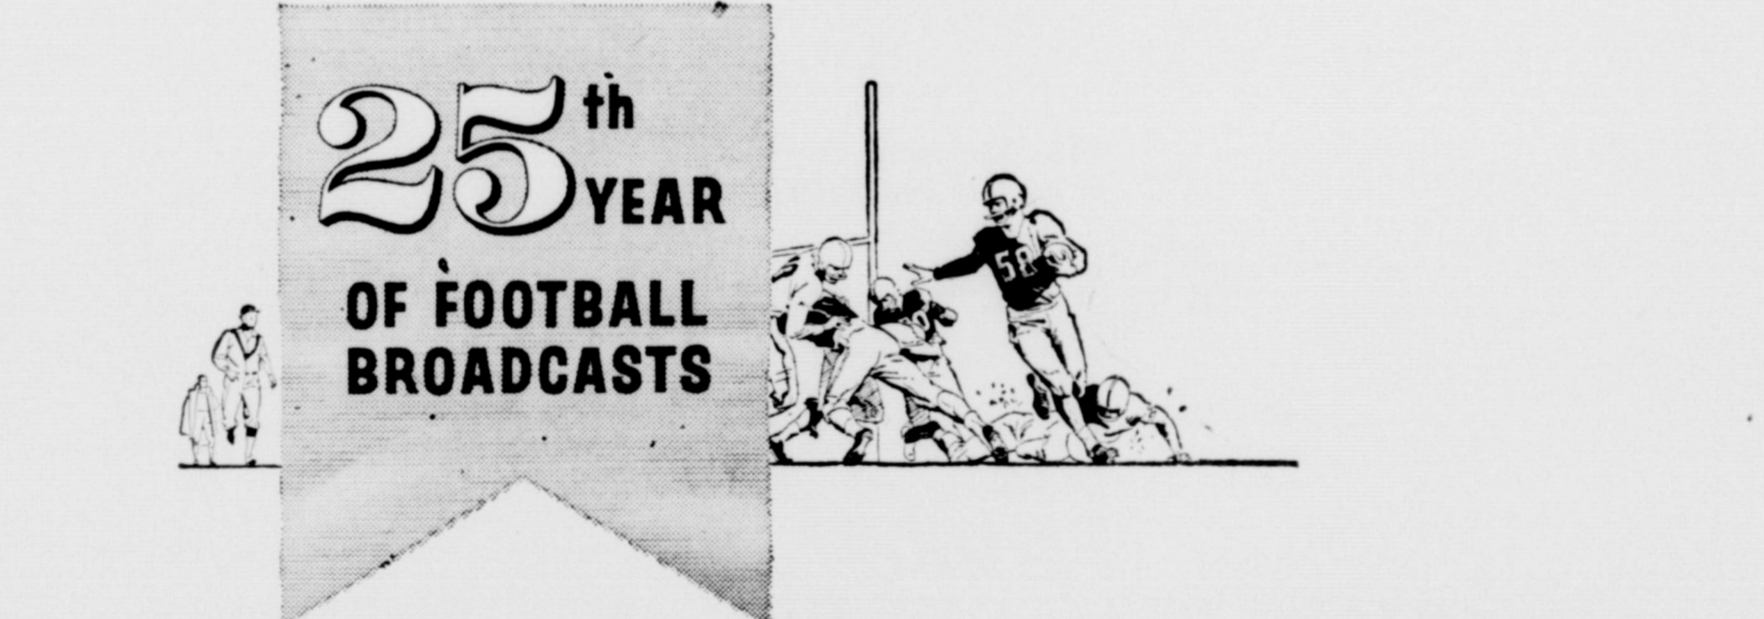

Coverage gradually increased and broadcast crews started following Southwest Conference teams to both coasts, to the Midwest, to the deep South, to wherever a Conference team traveled.

When the Humble sign moved into the South Plains and the handle of Texas, permission secured to broadcast the game of Texas Technological College Lubbock and when Humble moved El Paso and New Mexico, arrangements were made to sponsor broadcasts of games played Texas Western University and University of New Mexico.

Television moved into Texas 1948 and that fall Humble sponsored the first live telecast of football game in the state, TCU-Texas game over WBAP in Fort Worth. The following year, Humble sponsored what believed to have been the very first network telecast of a football game, the SMU-Notre Dame game. The network consisted of two stations.

Then came the NCAA program regulating football telecasts. Humble was out of the field in 1954. That year Humble sponsored telecasts on a regional basis and has continued to sponsor telecasts since that time.

Do people enjoy these broadcasts and telecasts? One year Humble asked listeners for an opinion. Cards and letters poured in by the thousands to give the program a resounding endorsement. Audience cards have shown that on a busy ball week end, well over 1.5 million people tune into Humble football coverage.

GO TO THE GAMES WITH HUMBLE! Football Broadcasts and Telecasts

Again this year, the Humble dealer in your neighborhood will be your host at a comprehensive series of football broadcasts and telecasts.

On Radio: Broadcasts of all games played by Southwest Conference teams and Texas Western University.

Live TV: Four games under the NCAA program: Baylor vs. Texas Tech; Rice vs. Army; SMU vs. Georgia Tech; Texas vs. TCU. Plus sell-out games as available.

TV every Sunday afternoon: The Southwest Conference "Game of the Week" on videotape, next best to a "live" telecast. Kern Tips will do the commentary; football personalities will be his guests. Watch sports and TV pages for times and stations.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—How best to educate Texas children—and how to pay for it—will be a key issue in the upcoming legislative session.

Problems were spotlighted when the Hale-Aikin Committee made its first report. Included were 12 recommendations for improvement or expansion of public education.

Several proposals reflect the concerns of the times. In an age of mounting traffic death tolls and almost universal availability of high-speed cars to teen-agers, state supported driver education was urged in the face of widespread educational systems in other countries, the committee recommended state aid for classes for the "academically gifted." It also proposed increasing the school year from a minimum 175 days to 180 days plus five days for teacher training.

Other proposals were to provide state support for (1) more principals, (2) assistant superintendents in large districts, (3) pre-school teaching of children unable to speak English, (4) larger allowances for maintenance, (5) replacing school buses and paying drivers, (6) buses for city children living more than two miles from school, and (7) state and local guidance services.

It also suggested basing teacher-pupil ratios on current attendance rather than figures for the year before and urged the setting aside of TV channels for future educational use.

Final decision on other recommendations was postponed until Sept. 15. These include raising the minimum pay for teachers \$595 a year (from \$3205 to \$3800) and releasing state property taxes to allow for more local district collections.

Hale-Aikin Committee is a 24-member study group of lawmakers and private citizens set up by the last legislature to study public schools and make recommendations to the 1959 session. Grass-roots discussion has been going on for nearly a year in cities and counties over the state. Proposals being made now result from sifting and weighing of hundreds of ideas urged by educators and interested citizens.

Committee members are not blind to the likelihood of stiff legislative resistance to the additional money-spending called for by most of the proposals. Cost of the state minimum foundation program for the present school year is estimated at \$349,416,000. H-A committee's "enrichment" suggestions could add from \$50,000,000 to \$150,000,000 to that figure.

Most lawmakers already are feeling financially gloomy because of a predicted \$140,000,000 gap between state revenue and cost of present programs—without any kind of improvement anywhere.

One committee member suggested that, while all the proposals might not be put into effect right away, they could serve as "a pattern for years to come."

**WHAT, NOT HOW**—Greater emphasis on what to teach, rather than how to teach will be reflected by this year's college graduates majoring in education.

A law passed in 1955 requires future teachers, beginning with the 1959 grads, to have 40 per cent of their credits in subjects they will teach, 40 per cent in "cultural subjects," 20 per cent in education courses.

State Board of Education called attention to this change at its September meeting.

Board also hit a lick in its unrelenting battle against all plans to dip into principal of the permanent school fund for current expenses. Its resolution warned of possible "tragic consequences."

Education Commissioner J. W. Edgar was authorized to prepare recommendations for Texas participation in the newly passed federal aid to education program. Texas would be eligible for some \$9,000,000 to bolster the training of teachers, scientists, mathematicians and other kindred purposes.

**PHOTO FINISH**—Race for speaker of the House seems stalemated with the likelihood that the winner will not be known until all 150 members convene and vote in an all-exits-barred showdown.

Both Rep. Joe Burkett of Kerrville and incumbent Speaker Waggoner Carr of Lubbock claim a majority. But each says he does not have permission from the signers to show all his pledge cards.

There are rumors that several House members, wanting to be agreeable, pledged support to both candidates, never dreaming that the contest would be so close as to bring a "judgment day."

If and when the two candidates sit down together and compare notes there may be a number of representatives with red faces. Some speaker candidates have done just that, in the past. Then they jointly telephoned the representatives whose pledges were "in question" . . . to settle the matter then and there.

**FATTER WELFARE CHECKS**—An across-the-board increase of \$5 per person in checks to the aged, needy blind and disabled begins Oct. 1.

Gov. Price Daniel said the in-

crease was made possible by liberalization of the Social Security Act during the last session of Congress.

Under the new formula, maximum monthly checks to the aged will be \$65, for the disabled, \$63.

**WATER WELLS IN REVERSE**—State Highway Department will try out a plan of digging wells to put water into the ground, rather than take it out.

Purpose is to drain the "wet weather lakes" which sometimes block highways for days or weeks at a time. Such lakes are not uncommon in the Plains area after a rainy spell has filled low places.

A side benefit of the plan, noted Highway Commission Chairman Marshall Formby, would be the re-charging of underground reservoirs.

**LABOR LAW ARENA**—Another legislative slugfest, for which ammunition is already being stacked, is foreseen in the area of labor union regulation.

Sen. George Parkhouse of Dallas, longtime champion of restrictive labor laws, has announced he has some more in mind. He said his proposals were prompted by abuses reported to him by union members. Parkhouse said he would sponsor bills to (1) provide state regulation of union pension funds, (2) prohibit union assessments for political campaigns, (3) require public disclosure of union spending and (4) correct practices whereby, according to the senator, union leaders prevent some members from getting work.

Jerry Holleman, State AFL-CIO president, stated that organized labor would welcome state regulation of pension funds. The other proposals, Holleman said, are taken care of under existing law.

Mrs. Mollie Woodruff, Mr. and Mrs. Clyde Brewer of Oklahoma City spent several days last week visiting relatives here.

Mr. and Mrs. Farris Caddell were in Hamlin Monday to attend the funeral of his relative, John Green.

Guynn Hickman of Paris is ill in the Crowell hospital. His wife is visiting her daughters, Mrs. N. L. Looney and Mrs. W. C. Taylor Jr., and families.

George Solomon has recently undergone surgery in the Quanah hospital. His daughter, Mrs. Zella Abbott of San Angelo, has been at his bedside.

Mrs. C. A. McNeese has returned home from Phoenix, Ariz. Her son, George, of Phoenix returned home with her.

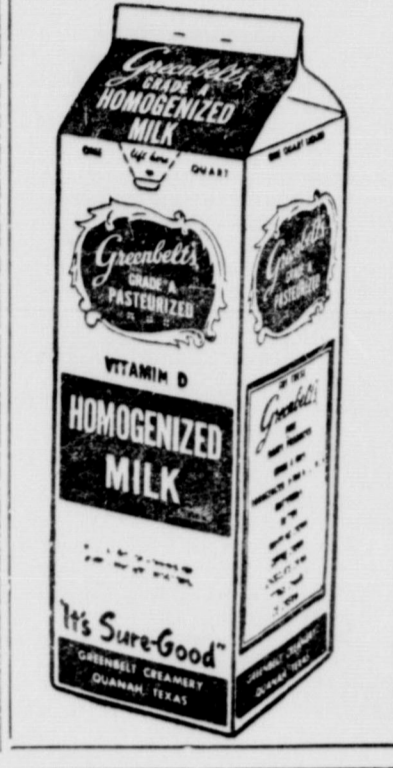

Mr. and Mrs. Walter Chowning and sons, Floyd Irvin and Lyndal, have returned to their home in El Paso after a week's visit in the home of his parents, Mr. and Mrs. M. V. Chowning, and Mary K. and her mother, Mrs. Wid Myers, and son in Bowie.

Mr. and Mrs. Virgil Craig of Lubbock visited recently with Mr. and Mrs. H. A. Smith.

**RECORD FOR WILDLIFE REFUGE**

A new record for public use of the national wildlife refuge was set in 1957, when more than 8,500,000 people visited them for recreational purposes, the Wildlife Management Institute reports. Sports fishing attracted almost one-third of the visitors.

Early Greek and Roman boxers bound their hands with strips of rawhide loaded with pieces of iron and lead.

IT WON'T BE LONG before Southwest Conference football broadcasts will fill the air in Texas for the 25th year. Here two of Humble's top announcers, Kern Tipton (left), and Alec Chesler, are being brought up-to-date on formations and plays by The University of Texas' Head Coach, Darrell Royal.

### In the News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Sept. 7, 1928:

Location for an oil test on the Les K. Johnson ranch has been made by Humble Oil & Refining Co. and Navarro Oil Company.

The Empire Oil & Fuel Co. made a location for drilling Hall-sell Well No. 1 on the Halsell Ranch last Friday.

A water well is being dug on the Matthews property north of Thalia for drilling purposes by the Fain McGaha Oil Corp. and the Roxana Petroleum Corp.

The Margaret public school will open Monday, Sept. 10.

The season's first bale of cotton was raised by Ernest Kalvas on the Bill Parrish farm, 15 miles northeast of Crowell. It was brought to Crowell and ginned by The Farmers Co-Op. Gin and weighed 460 pounds. It was bought by T. N. Bell at 17.45 cents per pound.

The safe of the Fox-Thompson Grocery was robbed Monday night of about \$90.00 in cash.

The old hotel back of Ringgold's building, one of the old landmarks of Crowell, has been torn down and preparations are being made for the erection of a new and modern hotel to be of stucco. The property belongs to A. J. Dockins and the hotel will be operated by the Dockins family.

Leader for the B. Y. P. U. program will be Martha Schlagal. Others on the program will be E. B. McBurnett, Winnie Seif, Ed McDaniel, Mack Boswell, Weldon Cogdell, and Fern Nicholson.

Misses Elizabeth O'Connell and Elsie Schindler left Sunday for Wichita Falls where they are attending school.

W. R. Womack and son, Recie, left Saturday on a business trip to Cincinnati, Ohio.

Mrs. A. S. Hart and son, Jim Allee, are here from Rockwood visiting her mother, Mrs. J. M. Allee, and other relatives.

Dempsey Wright and family of Oklahoma City were here the latter part of last week visiting his mother, Mrs. G. W. Harrell.

Mrs. John Long went to Henrietta Monday to visit her parents, Mr. and Mrs. E. P. Bomar. She will be accompanied home by her two children, Margaret and John Clark, who had been visiting their grandparents.

### Senator Moffett Reports on Affairs in State Legislature

Senator George Moffett recently returned from Austin where he attended a lengthy session of the Texas Legislative Council, of which he is a member. The council is composed of fifteen experienced members of the Legislature. Its duty is to study various subjects that may need attention at the next session of the legislature, collect data from other states about them, and prepare bills for introduction.

Senator Moffett stated that among the subjects now under study by the council are: revision of the automobile insurance laws, tightening of the laws concerning the sale of narcotics; and revision of the small loan laws.

Senator Moffett called attention to the \$5.00 monthly raise in all old age assistance payments which will start with the October checks. However, he states that the increase comes entirely from Federal funds, pursuant to a recently enacted Federal law.

"The Federal government," said Senator Moffett, "provides more than two-thirds of the money for

old age assistance payments also makes certain definite requirements as to how the money is to be distributed. Among is the requirement that each be investigated once each year by a trained field investigator of the Texas Legislative Council, of this requirement, or lose the money sent to Texas by the Federal government."

### Our Weekly Sermon

#### Case of Desertion

The past caught up with a World War II U. S. army private in Verdun, France. An army court martial has sentenced Wayne Powers, a former Missouri farmer, to ten years at hard labor for deserting his outfit just before the Battle of the Bulge in 1944.

The 37-year-old GI had lived in secret for fourteen years with a French girl who bore him five children.

Despite the term handed down (and Power could have been put to death) the wayward soldier is expected to be released in a few months.

This story is not unique. Many deserters have been apprehended in the past. Others will be caught in the years ahead. Yet some who walked out on their wartime responsibilities will never be arrested.

Why? Because human justice is imperfect. People are sometimes successful in covering up their past whether it be desertion, infidelity, embezzlement, lying or even murder.

This fact tends to lull us into believing that we can escape the judgment of God. But the Bible declares that "we must all appear before the judgment seat of Christ; that every one may receive the things done in his body, according to that he hath done, whether it be good or bad" (II Corinthians 5:10). "It is appointed unto men once to die, but after this the judgment" (Hebrews 9:27).

There is but one way to escape divine judgment. We must confess our sins and commit ourselves to Christ. "If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved" (Romans 10:9). "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16).

No matter what your sins may be, God can and will blot them out if you receive His Son.

### Kenny Foundation Sponsoring Probe of Neuromuscular Ills

Minneapolis, Minn.—Medical research into the cause and possible cure of a number of neuromuscular diseases and disorders, including polio, continues as one of the prime objectives of the Sister Elizabeth Kenny foundation, according to Marvin L. Kline, national executive director.

Now in its 15th year, the Sister Kenny foundation recently set up an auxiliary organization, the American Rehabilitation foundation, headed by Dr. Frank H. Krusen, of the Mayo clinic, Rochester, Minn.

Among the efforts of the American Rehabilitation foundation is a project to develop educational seminars for physicians and other health workers that offer training for such persons so that they may provide better care for the handicapped.

The committee also plans to publish and distribute widely a series of abstracts of important papers on the rehabilitation of chronically-ill and disabled persons, according to Kline.

Dr. Paul M. Ellwood, Jr., national assistant medical director of the Kenny foundation, is serving as executive secretary of the new ARF.

Advising on activities of the ARF is a committee of medical experts in the rehabilitation of the disabled from leading medical centers across the nation.

The Kenny foundation has made grants for medical research to universities and individual doctors throughout the country. Such grants, Kline pointed out, are made possible by public support of the annual Kenny fund appeal, such as the one now under way.

The projects include a study of employable convulsive persons, cleft palate rehabilitation, medical problems of the chronically crippled and basic studies of muscle function in health and disease.

Among the nationwide Kenny-sponsored projects are: physical therapy, University of Pennsylvania hospital, Philadelphia, Pa.; rehabilitation of children with congenital heart disease, Children's hospital, Oakland, Calif.; study of virus in sewage, University of California, Los Angeles, Calif.; study of brain reaction in epilepsies, Montreal Neurological institute, Montreal, Canada; child rehabilitation, University of Colorado, Denver, Colo.; central nervous system disturbances, Johns Hopkins hospital, Baltimore, Md.; muscle testing techniques in neurological diseases, Biophysics laboratory, Bethesda, Md.; micro-chemical techniques, Washington University school of medicine, St. Louis, Mo.; surgery for Parkinson's disease, Bellevue Medical center, New York, N. Y.; rehabilitation techniques, University of Washington, Seattle, Wash.; brain function investigation, University of Wisconsin, Madison, Wis., and the study of cerebral sclerosis, University of Oregon, Portland, Ore.

TWO LITTLE PATIENTS who received Kenny treatment and rehabilitation for neuromuscular disabilities at a Kenny facility look on as Al Capp, one of the nation's most widely-read cartoonists, draws a sketch of "Lil' Abner," his well-known comic strip character. Capp is serving for the second consecutive year as national volunteer campaign chairman for the annual fund appeal of the Sister Elizabeth Kenny foundation.

### Winter Legume Program Will Save, Improve Soil

by Ray Duckworth

For every dollar spent on soil improving crops, farmers will get \$2 in cash returns. Summer and winter legumes will give a fourth to a third increase in yields of the following crop. If you haven't tried soil improving crops, why not do so? These crops may prove profitable to you. In being a good wheat or cotton farmer, you can be even better if you are a soil improver.

A good use of legumes has been noted in Foard County this year. The Foard County Agricultural Stabilization office reports that summer legumes were grown on approximately 4,000 acres this year. Approximately 100 farmers planted summer legumes. There are approximately 134,700 acres of cropland in Foard County, of which about one-fourth of the land needs a soil improving crop on it each year to offset the effect of soil depleting crops such as cotton, small grain, and grain sorghums. In other words, this land needs a soil improving crop one year in four to maintain the fertility level of the soil.

Winter legumes produce organic matter which most of our soils need. Organic matter helps reduce wind and water erosion, and land high in organic matter requires about three inches less of water for a given unit of crop production.

A fertile soil is composed of about 50 per cent solids, 25 per cent air, and 25 per cent water. As organic matter is burned out, the soil particles fit closer together and the solids increase to 65 to 70 per cent. As the soil particles come closer together the water intake ability of the soil is lowered. This results not only in less water stored in the soil, but also creates erosion from the movement of water after heavy rains.

Legumes also have the ability to fix nitrogen in the soil, which will be available for future cash crops. Planting legume seed should be mixed with a bacterial inoculant which aids the legume in nitrogen fixation. One can of inoculant, which costs about 50 cents, is the best money a farmer can spend on these legumes. Without it, the legumes may lose a portion of their soil building ability.

Plan now to use more of your layout land in a soil improving crop such as winter peas and vetch. These crops will save more moisture, prevent less erosion, and increase your yields.

For any assistance in selecting or sowing your legumes, contact your local Soil Conservation Service office. Federal cost sharing assistance is available for seeding winter legumes and applying fertilizer. Check with your local Agriculture Stabilization Conservation office for information on seeding winter legumes.

### THIS WEEK -In Washington

With Clinton Davidson

Farm program administrators in Washington this week are trying to solve the farm law puzzle which the 85th Congress tossed into their lap just before leaving town.

The new law calls for changes in programs affecting corn, cotton, rice, oats, barley, rye and grain sorghums. It sets up a whole new set of rules and regulations for growers of those commodities. Agriculture Department officials have not, so far, been able to make an estimate of how much the new program will cost, or how much it may add to already large surpluses. It may be weeks before an official interpretation of the law is available.

It is, at best, a make-shift program involving many compromises. Congressmen have talked with do not agree on just what the program is intended to do. They voted for it because they felt it was the best that was proposed.

Corn Allotments Down

The new program abandons efforts, after many years, to control the acreage planted in corn. There will be no corn allotments, starting in 1959. The support rate, to be set by the Secretary of Agriculture, will apply to all corn grown.

The law says, however, that no supports shall be less than 65 per cent of parity. That will be somewhere near \$1.15 per bushel in 1959. It provides that other feed grains—oats, barley, rye and grain sorghums—shall be supported at prices "fair in relation to the feed value of corn."

Congress left it up to the Secretary to make the decision as to the support rate that would be "fair." Support officials estimate that will be "about" 88c a bu. for oats, \$1.25 a bu. for barley, \$1.70

a bu. for rye and \$2.50 a cwt. for grain sorghums.

Two Cotton Programs

The law calls for a 16-million acre cotton allotment, starting in 1959. That's about 10 per cent under this year. Growers will choose between two very different programs in 1959 and 1960.

Program "A" says that if they plant within their allotment the government will buy their cotton at 80 per cent of parity, a national average of about 36 cents a pound.

Program "B" permits them to over-plant their allotment by up to 40 per cent and get price supports at 65 per cent of parity, about 31c a pound, in 1959 and 1960 only. After 1960 all growers would have to plant within their allotments to get supports at 70 per cent of parity in 1961 and 65 per cent thereafter.

The rice program continues the national allotment at 1.6 million acres and permits the Secretary to set supports anywhere between 75 per cent and 90 per cent of parity in 1959 and 1960, then drops supports to 70 per cent of parity in 1961 and to 65 per cent of parity in 1962 and thereafter.

Large "Brokerage Fee" Under Any Federal Aid Program

It is a recognized fact that taxpayers of this state are subjected to a substantial "brokerage fee" under any federal aid program. The Citizen's Public Expenditure Survey estimated that the \$1.5 billion school aid program, defeated in the House last year, would have cost taxpayers of this state \$2.25 in federal taxes for each dollar returned as "aid."

THE WILDCAT

(Continued from page 2) been seen together! Say, Wesley, why don't you give the girls a chance? (Pd. adv. by senior girls). We always want to sympathize with the lonely, poor Gerald. What will he do since Jana has gone to college? Jerry Ann was all excited over the week end, but I've only been able to guess the reason. Perhaps it has something to do with that boy from Seymour, known by his friends as Billy. I missed out on a conversation I nearly heard. All I got was— Bubba and R. H. Friday night— oh well, maybe it's best I didn't get the rest of it. Another thing: what's this about George and Carla? Wish people wouldn't be so secretive—they got my curiosity up. Now it's up to you people to put all the "news" of the week in locker number 59. After all, we can't keep up with all of you by ourselves. Yours, The Spying Wildcats. P. S. Better keep away from the North Pocket Park, kids — The monster is out again!

Menu—September 15-19

Monday: light rolls, butter, chicken fried chopped pork, creamed sweet potatoes with marshmallows, whole green beans, macaroni salad, butter cake. Tuesday: corn meal muffins, Spanish beans with bacon, spinach, deviled eggs, fresh tomato slices, watermelon slices, fresh grapes. Wednesday: white bread, chicken, gravy, English peas, lettuce and tomato salad, cream potatoes, peach halves. Thursday: hot biscuits, butter, roast and gravy, creamed peas, candied sweet potatoes, buttered beets, graham crackers with peanut butter and honey. Friday: white muffins, salmon croquettes, macaroni and cheese, lima beans, cabbage, apple and raisin salad, banana pudding.

HOW MANY HORSES IN YOUR HOME? ... in terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses. Hard to believe? Stop for a minute and think of all the ways you put electricity to work—and how often. Cooling, heating, cooking, cleaning, lighting, even entertaining. Yet how little all this electricity costs! ## Columbian Club

Mrs. R. J. Thomas and Mrs. W. R. Womack were joint hostesses to members of the Columbian Club at their initial meeting which was in the form of a breakfast given in the home of Mrs. Thomas on Wednesday morning, Sept. 3.

Tables were attractively decorated with fall flowers and a breakfast of fruit juices, Brookfield sausage, scrambled eggs, strawberry preserves, hot biscuits and butter was served.

Mrs. Marion Chowning led a devotional. Mrs. N. J. Roberts explained the new year books and roll call was answered to with "Summer Echoes."

In a short business session, Mrs. Grady Halbert was elected president and Mrs. Gerald Knox vice president.

## Riverside H. D. Club

"The purpose of property insurance is to provide protection against the risk of loss which would lead to a major financial set back," was an opening statement given by Mrs. Mary D. Brown, CHDA, when the Riverside Home Demonstration Club met in the home of Mrs. Dave Shultz Tuesday, Sept. 2, at 2:30 p. m.

"There are many kinds of insurance to cover most anything you wish. And everything you want to be insured needs to be specifically mentioned in your policies to be sure of coverage. Be sure you are dealing with a reliable licensed company before buying insurance," warned Mrs. Brown as she gave the program on "Property Insurance."

The business session was conducted by Mrs. S. C. Kuehn, president. The club collect and courtesy reminder were repeated in unison. The roll call was answered by "foods I have preserved, canned and frozen this year." Minutes were read by Mrs. C. L. Adkins, secretary. A 4-H report was given by Mrs. James Bowers and Mrs. Brown. Business was discussed. The next meeting will be Tuesday, Sept. 16, at 2:30 with Mrs. S. C. Kuehn. The program will be on cake icings and decorations.

Refreshments were served to 1 visitor, Mrs. Brown, and to members: Mesdames Roy Ayers, C. L. Adkins, Monroe Karcher, John S. Ray, W. A. Mussetter, S. G. Kuehn, Grover Moore, James Bowers and Dave Shultz.

## Pink and Blue Shower Honors Mrs. Hofmann

Mrs. Newell Hofmann was honored Saturday evening, Sept. 6, with a lovely pink and blue shower at the home of Mrs. Ray Hysinger. The hostesses were Mesdames W. A. Dunn, W. F. Bradford, J. S. Owens, Tommie Beck and Hysinger.

Honorary guests were Mrs. Minnie Hlavaty and daughter, Miss Dorothy, of 2300 Nabors, Vernon, mother and sister of Mrs. Hofmann.

Guests were served fruit punch and cookies with candy mints from a table covered with a pink damask cloth, centered with a large stork, and an off-set of six blue decorated candles in crystal candleholders.

Mrs. Tommie Beck secured names in a pretty baby book.

## Thalia H. D. Club

The Thalia Home Demonstration Club met at the school cafeteria Thursday, Sept. 4, for the first fall meeting. Mrs. Ed Huskey, president, was in charge and she opened the meeting by reading the "Collect for Club Women."

Roll call was answered to with "what I canned or froze this year" by 11 members. All of the members had canned or frozen a large amount of food, including apples, pineapples, tomatoes, peas, beans, grapes, chickens and jam and jelly.

Minutes of the previous meeting were read and approved. A motion carried to meet Sept. 19 at the usual time and place instead of Sept. 18 as planned, due to a bridal shower on that date.

Mrs. Mary Brown, county agent, gave an interesting and informative program on "property insurance." She talked on kinds of insurance and pointers on buying insurance and advised the members to examine their policies.

Mrs. Betty Jean Moore drew the hostess gift and Mrs. Hester Hammonds, hostess, served refreshments to the 11 members and Mrs. Brown.

Club will meet again Sept. 19 with Mrs. Robert Hammonds as hostess, and Mrs. Betty Jean Moore will give the program on cake icings and decorations.

## West Side H. D. Club

There are many kinds of insurance, stated Mrs. Mary Brown to the West Side Home Demonstration Club when they met Tuesday, Sept. 9, in the home of Mrs. G. H. Kincheloe.

Property insurance was the main topic of discussion. Fire insurance is one of the most essential kinds. Some others are robbery, theft, burglary and crop. A few pointers in buying insurance are (1) read your policy, (2) make an inventory of all goods to be insured, (3) buy from a reliable company. One can usually save money by buying for more than one year at a time. In the event of a loss, one should call his agent at once and file a statement.

Refreshments were served to 10 members and 5 visitors. The club adjourned to meet on Sept. 23 with Mrs. E. A. Dunagan.

## Down Town Bible Class

Members of the Down Town Bible Class were favored with a saxophone solo by Earl Hesse in the opening exercises Sunday morning. He was accompanied by Noel Wilkins. This was Noel's last Sunday to serve as pianist for the class as he is going away to college for the winter.

There were thirty-two present with Recie Womack, regular teacher, delivering the morning lesson. Dick Todd, president, was in charge of the meeting.

On its radio and TV coverage of this fall's football games, The Humble Company will use 130 radio stations and 28 TV stations covering urban and rural areas in the vicinity of 57 cities and towns in Texas and New Mexico.

## What's "Normal" Growth for Children

Worried because one child in your neighborhood has grown faster than your son or daughter? Then take heed of what the editors of Changing Times, the Kiplinger Magazine, say in their September issue about the normal pattern for growing.

Birth to 1 year—A period of rapid growth in length and weight. Birth weight trebles by the first birthday.

1 to 3—Physical growth slows down some, and appetites tend to

lag. Boys attain half their mature height at 2.2 years; girls at 1.7 years.

3 to 5 or 6—Growth becomes slower than at any time between infancy and puberty. Appetites are dull.

5 or 6 to 10 or 11—A period of slow, steady physical gains with a tendency toward underweight. Girls' rate of growth may pick up at 9; boys' at 11. Boys reach 75 per cent of mature height at 8.9 years; girls at 7.2 years.

10 or 11 to 16—A time of very rapid growth. Appetites may be voracious or picky. Boys' rate of growth in height reaches a peak at 14 or 15; girls' at 12 or 13.

Peaks in weight gains come six months later. Boys have 90 per cent of their height at 13.7 years, girls at 11.4 years.

16 to early 20's—Growth in height ends between 16 and 20 or 21. Growth in weight should end in early twenties.

## KEEL LAID FOR NUCLEAR-POWERED SHIP

The keel for the world's first nuclear-powered passenger-cargo ship, the NS Savannah, was laid on May 22. She is so named in honor of the SS Savannah, the first ship to cross the Atlantic under steam, in a voyage that started May 22, 1819.
