FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS

GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting -"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the folddown seat doubles as a built-in baby sitter.

FOR ECONOMICAL TRANSPORTATION

If you haven't driven it yet, you don't know what a delight driving can be. Its steering, response, traction and roadability are unique because it's a unique car -the only U.S. car with an air-cooled airplane-type rear engine, transaxle and independent suspension at all four wheels. Be in on the know. Find out what delightful differences

this advanced design makes.
