Work Program Planned for Pease River Soil District

Work program for 1957 was planned at a Dealer-District meeting of the Lower Pease River Soil Conservation District held in Quanah last week.

Highlights of the program will include soil conservation demonstration and a stubble mulch day to be held in June.

The planting demonstration, which the date will be set by farmers will be shown how to plant the grass with any type of soil conservation district.

Other discussions included grass conservation, soil conservation week, 26-June 2, and the Retail Equipment Dealers Awards through soil conservation.

C. Howard of Quanah, president of the State Association of Soil Conservation Districts, gave a report on the progress of the Great Plains Soil Conservation Program that will start on July 1 in ten states.

Those attending the meeting were: Doyce Clayton, Clinton Meador, Roy Barker of Crowell; Stevens, Jack Meharg and Ford Comstock of Chillicothe; U. H. Joiner, Walker Todd, C. Howard, Leonard Turner, C. Gregory, Wintford Thorne, B. L. Hickey and John Thorne of Quanah.

ASSIGNMENT

Specialist Third Class Joy Hall has been assigned to Antiaircraft Artillery Battalion in Norfolk, Va.

Glidewell, son of Mr. Russell B. Glidewell of a fire direction control in the battalion's Battery Army since 1940, he assigned to the 750th Artillery Battalion in Germany.

Mrs. D. L. Reavis Died Saturday Morning, March 16

Funeral for Pioneer Resident Conducted Sunday Afternoon

Funeral services for Mrs. D. L. Reavis, 83, were held at the First Baptist Church Sunday afternoon at 2:30 o'clock conducted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, who was assisted by Rev. C. T. Aly, pastor of the church.

A special musical number, a solo sung by Mrs. W. B. Fitzgerald, was "I Won't Have to Cross Jordan Alone," with Mrs. Aly as piano accompanist.

Burial was in the Crowell Cemetery beside the grave of her husband who passed away in September, 1924. Womack Funeral Home was in charge of arrangements.

Pall bearers were nephews of Mrs. Reavis: Mabry Kinsey of Fort Worth, Charles McKown of Dumas, Dr. Stanley Womack of Denison, James McKown of Borger, Edwin Greening of Abernathy, and Raymond Hallmark of Electra.

Named to assist with the flowers were Misses Lottie Russell, Maymie Lee Collins, Johnnie Fay Easley and Lennis Woods, and Mrs. Leon Solomon, Mrs. L. A. Andrews and Mrs. Viola Biggers.

Born Ida Womack Jan. 12, 1874, in Concordia Parish, La., she was the daughter of the late Mr. and Mrs. R. P. Womack, pioneer residents of West Texas. They moved to Dallas County, Texas, when she was five years old, later moving to Seymour in Baylor County.

In 1886 the Womack family moved to what is now Foard County and settled on land south of Crowell before the town and county were organized.

The marriage of Miss Ida Womack to D. L. (Dave) Reavis took place in 1893 and they moved to Enterprise, Ore., where they made their home for eight years and where their only daughter, Mrs. Alva Spencer, was born. They returned to Crowell in 1915.

Mrs. Reavis was converted at an early age at a revival meeting held at the old Sandrock School House south of Crowell and joined the Baptist Church. She lived a consistent Christian life and was a faithful member of the church as long as her health permitted. She served for many years as a teacher of the Dorcas Class of the First Baptist Church of Crowell.

Survivors include one daughter, Mrs. Alva Spencer of Crowell; one grandson, Joe Reavis Spencer; three great grandchildren; four sisters, Mrs. J. R. Hutchison of San Dimas, Calif., Mrs. H. L. Kinsey of Fort Worth, Mrs. Ben Greening and Mrs. C. C. Ribble, both of Crowell.

Out-of-town relatives and friends here to attend the services were C. M. McKown and Mr. and Mrs. Charles McKown and Rochelle, of Dumas; Mrs. Edgar Womack of Carrollton, Dr. and Mrs. Stanley Womack of Denison, Mrs. H. L. Kinsey, Mr. and Mrs. Mabry Kinsey and Mr. and Mrs. W. D. Nelson, all of Fort Worth; Mr. and Mrs. James McKown, Judy and Jimmy, of Borger; Howell Hallmark of Midland, Edwin Greening of Abernathy, Mr. and Mrs. Hugh Norman and children of Hereford, Fred Kinsey of Richardson, James H. Kinsey of Weatherford, Mr. and Mrs. Raymond Hallmark of Electra, Miss Alma Walker of Wichita Falls, Miss Mollye Walker, Mr. and Mrs. P. L. Ribble and Mrs. Jack Lyons, all of Vernon.

Highway Patrolmen Contact 1,457 Traffic Law Violators in Feb.

Patrolmen of the Wichita Falls District of the Texas Highway Patrol contacted a total of 1,457 traffic law violators during the month of February. Captain K. B. Hallmark Jr., commanding officer, reported that 396 of these were arrested while 1,061 were warned for violation of the state traffic laws.

Speeding was the leading cause of arrest, with following to close second and yielding right of way ranking third.

Foard County is one of 12 counties in the Wichita Falls district.

ELECTED TO OFFICE

The Texas Tech chapter of Kappa Kappa Psi at Lubbock, national honorary band fraternity, has elected seven officers for the 1957-58 school year. Among those elected were sergeant at arms and alumni chairman, David Jackson, sophomore finance major from the Thalia community. He is the son of Mr. and Mrs. J. M. Jackson.

Large Crowd at Football Banquet Last Friday Night

The fifth annual football banquet sponsored and promoted by the Crowell Booster Club under the direction of Irving Fisch, president, was held in the school cafeteria last Friday night, March 15, beginning at 7:30 o'clock. The occasion was to honor Crowell High School's 1956 football team and their friends and to crown the football queen, Miss Roxiann Adkins.

The cafeteria was decorated with the school colors, black and gold, which were represented by golden flowers entwined around black poles and sprouting from old football shoes and helmets.

The dining room was filled to capacity. The duties of master of ceremonies were capably performed by George D. Self, and the invocation was given by Supt. Grady Graves.

The first number on the program was the crowning of the 1956 football queen, Miss Roxiann Adkins, by Ray Thomson, who presented her with a beautiful bouquet of red roses.

Glen Taylor, assistant coach, introduced the football players in the absence of Head Coach Thayne Amonett, who was ill.

Principal address for the evening was made by Norman Hamilton, All-American tackle from T. C. U. He was introduced by Gordon Erwin, assistant coach.

Mr. Hamilton made an interesting talk and gave the football boys some excellent advice in reaching higher goals in life. Following his talk, a film of the TCU-Syracuse Cotton Bowl football game was shown.

The delicious menu of barbecued beef, potato salad, beans, pickles, onions, bread and ice cream was served by Underwood's Catering Service of Wichita Falls.

Irving Fisch presented the coaches with U. S. Savings Bonds and the benediction was given by Clark Hitt, grade school principal.

Coaches for the Crowell High School football team this season were Thayne Amonett, head coach; Gordon Erwin and Glen Taylor. Managers were Grady McDaniel, Joe Wheeler and Larry Fergeson.

Players on the 1956 team were Joe Calvin, Edward Howard, seniors; Princess Gidney, Roy Don Payne, Harvey Smith, Jerry Pittillo, Louis Rettig, Ray Thomson, Billy Everson, Dale Rettig, Gordon Cates, Larry Sledge, juniors; Gerald Bradford, David Carpenter, R. H. McCoy, sophomores; Tom Crowell, Duane Nichols, Ivan Cates, Bill Graves, Jim Henry, Bobby Powers, Fredrick Youree, freshmen.

One Accident in Foard County Reported by Highway Patrol

Captain K. B. Hallmark Jr., commanding officer of the Wichita Falls District of the Texas Highway Patrol, has released Foard County's Rural Traffic Accident Summary for February, 1957.

The Highway Patrol investigated only one accident, with property damage estimated at \$1,950.00 and one person injured. This is the same number of accidents as reported for the same period in 1956.

Light Infestation of Grasshoppers Forecast for Foard County

Grasshopper infestations will be light in Foard County this year, according to a prediction made after a survey by the Plant Pest Control Branch of the Department of Agriculture.

Congressman Frank Ikard released the report of the survey Monday and from the report, several of the counties in the 13th Congressional District are expected to have a severe infestation of grasshoppers this year.

Wool, Lambs Marketed This Month Eligible for 1956 Program Payments

Wool and unshorn lambs marketed not later than March 31 will be eligible for payments to be made this summer under the 1956 wool incentive program, Foard County Agricultural Stabilization and Conservation Committee, states. Marketings after March will be eligible for the 1957 wool program, which runs through March, 1958.

Applications for payment under the 1956 program must be filed not later than April 30th at Foard County's ASC office. Payment rates for the 1956 program will be announced this summer when the average price received for shorn wool during the 1956 marketing year is known. Payments to producers will follow the determination of payment rates.

Ray A. Hysinger, chairman, advised producers to be sure that the sales documents they receive when selling wool provide all the information required under the wool program. He specifically warned that the sales document should show the true net sales proceeds including deductions made for freight and other marketing charges. In other words, any marketing charges must be deducted before determining the net sales proceeds for wool for figuring the payment. ASC offices have the authority to adjust the sales proceeds where charges are not shown. Further, both the producer and the wool buyer are subject to severe penalties if false information is filed.

Payments are made under the National Wool Act of 1954 to stimulate wool production toward a 300-million-pound goal.

Payments on unshorn lambs at a rate based on the shorn wool payment are made to encourage the normal marketing of lambs with the wool on and avoid unusual shearing to get the shorn wool incentive payments. Payments to producers under the first year's operation for the 1955 clip amounted to \$57 million, including shorn wool and lamb payments.

Over 50 C. H. S. Students Trying Out for Various Interscholastic Activities

Crowell High School has over fifty students trying out for the various events for the Interscholastic League Spring Meet. The one-act play meet will be held at Paducah tomorrow (Friday), with Mrs. Roy Jones as director. The tennis (western half) will be played here at Crowell on Tuesday, March 26, with Clark Hitt as director. The literary events will be held in Iowa Park on Friday, April 5, with Supt. Keith Swim as director. He will be assisted by Henry Black and Mrs. Moody Bursey of Crowell. The track and field events will be held in Chillicothe on Saturday, April 6, with Coach Curtis Hines as director. The volley ball will be held in Archer City on Tuesday, April 9, with Mrs. Joe Flanagan of Iowa Park in charge.

Crowell's one-act play cast, under the direction of Mrs. Moody Bursey, are: Marilyn Stone, De Anna Ferguson, Lowell Page and Ray Thomson. Roma Jan Spikes, George Morgan, Judy Borchardt and Sue Bursey are acting as student managers. The name of Crowell's try this year is "Steps from Beyond." The six district plays will be presented in the following order on Friday: 2 p. m., Archer City will present "The Storm"; 3 p. m., "The Doctor Decides"; by Chillicothe; 4 p. m. Paducah's

"Just Neighborly," 7 p. m., "The Tangled Web" by Iowa Park; 8 p. m., Holliday's "Goodbye to the Clown;" and 9 p. m., "Steps from Beyond" by Crowell.

The regional meet for both literary and athletic events will be held at Denton this year on Friday and Saturday, April 12 and 13.

Crowell Takes Second Place in Tournament

Crowell Colored basketball team reached the finals in the annual Vernon Invitational Basketball tournament Saturday, March 16. Crowell was defeated by Vernon 73-45. Crowell enjoyed a 19-12 lead at the end of the first quarter, but in the middle of the second quarter, it was obvious that the law of average was not to be beaten and from there, Vernon was in command. Vernon, their district champion, and just back from the state meet, proved to be too much of a match for Crowell.

To reach the finals, Crowell defeated Hollis, Okla., and Munday. Crowell was sparked by Charlie Lee Anderson, who was high point man for the three games. Other players that gave a good account of themselves were as follows: Capt. R. B. Johnson, second in points and did some unusually good ball handling; Melvin Chappell, third ranking in high points; W. C. Johnson, who played a good all-around game and played especially well on defense; and Benjamin (B. B.) Byrd, who passed extremely well and had a hand in nearly all the scores that Crowell made. Other players to see service were John (Man) Harper, Herbert (Round Man) Lane, Claude Chappell and Thomas Byrd. Floyd Moore Jr. was the other squadman.

Three of the Crowell players played their last games for Crowell Saturday as they will graduate in May. They are W. C. Johnson, Benjamin Byrd and Melvin Chappell.

Crowell Colored School has had basketball for four years and has won four trophies. Last year they placed second in the Anson invitational tournament. This year they placed third at Anson, third at Quanah, second Saturday in the Vernon tourney.

THALIA REVIVAL CONTINUES

The revival meeting being held at the Thalia Methodist Church is continuing with much interest being manifested. Rev. C. C. Lamb, pastor, has announced.

The evangelist is Rev. Bruce Parks of Vernon and he is bringing worthwhile messages each service. Rev. Lamb stated. Special musical numbers are planned for each service.

Bro. Lamb extends a cordial invitation to all to attend the remaining services. The revival will end next Sunday, March 24.

Red Cross Drive Up to \$1,082.50; Over \$500.00 More Needed to Meet Quota

Unless \$500.00 more can be raised in the current Red Cross campaign for funds in Foard County, the drive will fail to meet the quota for the first time since the tornado struck Crowell fifteen years ago next month. At that time, the Red Cross came to the aid of Crowell residents and poured over \$50,000.00 into relief and rehabilitation work here.

In making the appeal for additional funds, local Red Cross leaders stated that the quota for the county was raised this year, due to the increased financial burden caused last year by numerous floods and the Hungarian relief program.

Glen Goodwin, fund drive chairman, also added, that contrary to popular belief, over 50 per cent of the money raised in the drive will remain here, to be spent as local conditions require.

Foard County's quota this year is \$1,587.00, of which \$1,082.50 has been raised. Anyone who has not been invited to contribute or who would like to contribute more is asked to contact either Mr. Goodwin, drive chairman; Clinton McLain, county chairman; or Miss Lennis Woods, treasurer.

Telephone Rates Will Be Raised

As a result of the recent poll taken of Crowell telephone subscribers by the General Telephone Co., the City Council at a meeting Tuesday night approved a raise in monthly telephone rates to offset the cost of extended area service to the Thalia and Foard City exchanges of the Santa Rosa Telephone Co-Operative, it was announced Wednesday morning from the General office in Seymour.

The raise in rates for Crowell telephone subscribers will be \$1.00 per month for business telephones and 20c per month for residence telephones.

The new rates will become effective April 16, 1957.

C. W. Carroll Honored on 75th Birthday March 11

C. W. Carroll, pioneer Foard County resident, was honored with a birthday dinner-party at the Crowell community house on March 11. Mr. Carroll was seventy-five years old March 12. He and his family came to the county in 1916.

After the dinner, moving pictures of previous family gatherings were shown. All present participated in group games.

Those honoring Mr. Carroll were Mr. and Mrs. C. M. Carroll and sons, Mr. and Mrs. J. A. Marr, Mr. and Mrs. Elton Carroll and sons, Mr. and Mrs. Cecil Carroll and daughter, Mr. and Mrs. Marion Chowning Jr. and family, Mrs. Warren Haynie, Miss Peggy Wesley and Mr. and Mrs. Donald Wesley.

County Redesignated Under Emergency Feed Program

Walter T. McKay, state director, Farmers Home Administration, this week advised Glenn E. Womack, county supervisor, of the redesignation of Foard, Hardeman and Wilbarger Counties for assistance under both the Emergency Feed Grain and Roughage programs. Under this designation, farmers and ranchers may now file applications through April 1, 1957, to provide feed grain and roughage for basic livestock herds through April 15, 1957.

Good Rain Falls Over County Tuesday Night

The rain which fell over Foard County Tuesday night and Wednesday morning measured .85 inch by the government gauge at 1:30 Wednesday afternoon.

The moisture, ranging from heavy showers to a light drizzle, continued to fall throughout the afternoon.

Tennessee Sets Casing on Carroll Bros. No. 4

Casing was set Tuesday on Tennessee Gas Transmission Co. Carroll Bros. No. 4 in the Rasberry Field 12 miles northwest of Crowell, and swabbing was to begin as soon as weather conditions would permit.

ROTARY CLUB

The program for the Rotary Club of Crowell Wednesday at noon was in charge of Clinton McLain and W. C. Howard of Quanah made an interesting talk on soil conservation and the importance of this movement in Texas and all over the nation.

Visitors at the meeting were Rotarian Vance Favor of Quanah, John Thornberry of Quanah and Stanley Adcock.

TEEN TORIAL

ONE BIG EXPERIMENT

The body is a combination of chemical compounds which react differently under different circumstances to make sick or healthy people.

The mind, too, reacts; everyone experiments with the minds of others, slowly gaining confidence and ability to achieve the perfection of a pre-planned experiment.

Life is an experiment, and daily contacts are our guinea pigs. We run into a measles germ, and if our body has the necessary means of reacting with it, we catch measles.

One meets a friend (or enemy)

who says an unkind word, and if he doesn't watch his emotional acid, there is a verbal explosion before he knows it.

If we have so much time to do a thing we need to do, but instead, we do something we want to do, our time disintegrates, leaving us to wonder why science is so cruel to ignorant experimenters like us.

We prove someone's old theory every day: "Experience is the best teacher."

AS SEEN FROM THE SIDELINES

(Inter-Class Ball Games)

I returned down to the gym at 8:32 a. m. last Wednesday week, just in time to see the beginning of the first of the inter-class ball games. Besides watching the game—between the freshman and sophomores—which ended in a score of 45-33 in favor of the freshmen—and the one between the juniors and seniors—ending in a 40-35 victory for the juniors, I made a few other observations from the sidelines. Among them are the following:

1. One girl reading her favorite novel—Roberta Hough.
2. One stranger behind big colored glasses. Identity—J. C. McCoy.
3. One missing stripe on Carpenter's shorts—guess he ran out of paint.
4. One boy, namely Ray Thomson, sitting very composedly by the side of—guess who?—you're wrong—it was Roy Don Payne.
5. One girl—Jana Black—watching the jr.-sr. game, but during the fresh-soph. game—watching too, watching intently—sophomore every movement—yes, watching her escort, Larry Sledge.
6. One girl, Jo Frances, slightly

lifting the center lashes on her left eye lid—you guessed it—Youree made a basket.

7. One girl—wearing a bright red blouse—sitting on the end of row 3—sophomore section—playing every play of every game. Name: Virginia Williamson.

8. One spectator sitting on the rail, scratching his chin, dressed in a pink plaid shirt, blue levis, yellow moccasins and matching socks, with black "wiggles" up the side, and having one tack in the northeast corner of his shoe.—Bubba Monkres.

9. Two distinguished looking gentlemen dressed in hat and sun glasses. By name, Thomson and Payne, serving as floor sweepers.

10. One girl, wearing a dress, Mary Ann Myers.

11. Freshmen-senior yelling "combo" versus sophomore—junior.

12. One referee—dressed in tennis shoes, brown trousers, blue plaid shirt, with one whistle in mouth, and yes, twelve—no 13 hairs on the foremost part of his head. Guess who?

13. One faculty member taking reducing exercises. How do I know? He kept going up and down. Name: Mr. Erwin, changing scores.

14. Two boys who forgot their skirts—Billy Short and Jimmy Williamson.

15. Two charming yell leaders dressed in grey and blue: namely, Roma Jan Spikes and Johnny Wehba.

16. Quote, "The rootin' section is noisier here than in the hall," Mrs. Davis.

17. Aerobic genius—three flips and a backward roll.—Edward Howard.

18. A student body with excitement. Why can't it be this way

"SIDEWINDER"—Capt. F. L. Ashworth, commander of the U. S. Naval Ordnance Test Station at China Lake, Calif., surveys the serenely white, but lethal "Sidewinder," the first operational air-to-air guided missile. A public demonstration was recently held before 200 newsmen and TV cameramen. The missile is a marvel of simplicity, having only two dozen moving parts and a small electronic components similar to a portable radio.

at all our games!

19. A freshman out of pocket—all on account of a boy—Charlotte Sledge sitting in sophomore rooting section—with a junior.

20. A couple of dads interested enough to come to see their boys play—Marion Crowell and William Bradford.

21. One boy (when the score was 38-39) quietly approaching Mrs. Bursley with the question, "Could I say my memory work now?"—Bobby Henry.

Well, it was a wonderful experience—for all—and the \$51.75 gate fee to be used in sending the student council officers to Galveston was wonderfully appreciated too.

CHS-ITES ON T. V.

If you were tuned in on Channel 3 last Tuesday at 12:15 p. m., you may have been surprised to see three Crowell boys, Larry Ford, Edward Howard and R. H. McCoy.

These boys, accompanied by Marvin Myers, gave a demonstration on the grading of eggs on the Warren Silver show, RFD.

CHS is proud of its TV "stars."

CALVIN CANTERS INTO SENIOR SPOTLIGHT

If you meet a 5' 7 1/2", blue-eyed senior boy who has dark brown hair, weighs 145 pounds, and is eating shrimp or chicken chow mein while he listens to "Party Doll" sung by Buddy Knox, chances are this boy is Albert Burleson Calvin III, better known as Joe.

Joe is noted around CHS for his pretty shirts, "crazy" hats, nice personality, and his ability to make friends.

There's no guessing about Joe's favorite sport. He's a letterman on the Wildcat football team on which he has played for four years. Jayne Mansfield and Rock Hudson are tops among movie stars according to Joe, and red, black and white are his favorite colors. Joe's idea of an ideal girl is a "real build" about 5' 2" or 5' 3".

Our senior of the week has been FFA reporter, vice president of his class during his sophomore year, and sports editor on the Roundup staff this year.

At the present, Joe's favorite subject is P. E., but I've an idea that he will have to change his preference if he carries out his plans of studying to become an automotive engineer first at North Texas State College and then at A&M or Texas Tech.

CHS wishes you "lots of luck," Joe.

STUDENTS ATTEND BOOK REVIEW

On Tuesday morning an enthusiastic group of junior and senior students journeyed to the Memorial auditorium in Vernon to hear Mrs. Herbert Emery, a talented book reviewer of Dallas, give her interpretation of "A Thing of Beauty" by H. A. Cronin.

Each year the Delta Kappa Gamma of Vernon sponsors Mrs. Emery, and the upper classmen of all schools in this area are invited to attend.

All students enjoyed the book—and to tell the truth—they also enjoyed getting out of classes for half a day!

FOOTBALL BANQUET

Our Wildcat football players' annual banquet was held last Friday at 7:30 p. m. The boys, their pretty dates, and other guests were welcomed to the school cafeteria which truly looked like "Football Heaven." The school colors, gold and black, were carried out by golden flowers that sprouted from black poles and sprouted from football shoes and helmets. A delicious meal was served by Underwoods' catering service of Wichita Falls.

Then came the highlight of the evening! Miss Roxiann Adkins, football queen for 1956-57, was officially crowned by Ray Thom-

son who presented her with a beautiful bouquet of red roses. George Self, master of ceremonies, introduced assistant coach, Glen Taylor, who, in the absence of head coach Thayne Amonett, introduced the players. Gordon Erwin, also assistant coach, then introduced the speaker for the evening, Norman Hamilton from TCU. This All American football player made a wonderful talk, admonishing the boys to strive for a goal and having reached it, to strive for a higher one. Following this, a film of the TCU-Syracuse game was shown.

Many, many thanks go to the Booster Club and to all the people who helped to make this event such a success!

DRAMATICS CLUB ENJOYS PLAY AT WICHITA FALLS

Wednesday evening, March 13, about 20 Dramatics Club members accompanied by Mrs. Moody Bursley, Mrs. Eddie Rickard and Mr. and Mrs. Gordon Erwin, journeyed to Wichita Falls to see Midwestern University's production of Arthur Miller's modern tragedy, "Death of a Salesman," under the direction of V. A. Smith.

The fine cast, headed by Loren Orr, gave an excellent performance which was enhanced by an unusual set and beautiful lighting. All who attended agreed that it was an entertaining and rewarding trip.

ANNUAL ANTICS

Last Wednesday, March 14, Mrs. Norma Byars of Vernon was here to work with annual staff members to take pictures of several student organizations for the 1957 Roundup. The students cooperated to make the picture-taking as time consuming as possible (It's more fun when you can get out of class for a long time) and lucky annual staff members got off for whole periods to direct the photographing.

The staff wishes to thank Mrs. Byars for coming last Wednesday. Through her advice, aid, and cooperation, the annual is shaping up nicely.

We may even get it to you by September.

"STEPS FROM BEYOND" SCORES IN QUANAH

Last Friday, March 15, at 12:30 p. m., the one-act play cast presented "Steps from Beyond" by Jay Reed Gould to the students and faculty of Quanah High School. The audience showed its appreciation of Mrs. Moody Bursley's direction and DeAnna Ferguson's, Marilyn Stone's, Ray Thomson's and Lowell Page's performances by giving them a curtain call.

The stage manager, George Morgan, the properties managers, Judy Borchardt and Sue Bursley, and the make-up director, Roma Jan Spikes, also made the trip.

STUDY PAYS, STUDENTS!

Mr. Welch has been notified that he is offered an appointment to the Academic-Year Institute sponsored by the National Science Foundation at the University of Texas, beginning in September, 1957.

This offer is part of the continuing program of the Foundation to help in improving instruction in science and mathematics in the secondary schools and colleges of America.

Congratulations, Mr. Welch!

M. U. REPRESENTATIVE MEETS WITH SENIORS

Dr. Fred Tewell, Dean of Men at Midwestern University, visited CHS Monday, March 18, and talked with the seniors about college life and the advantages of Midwestern.

The seniors profited by the talks and wish to thank Dr. Tewell for coming.

HOMEMAKING II NEWS

The Homemaking II girls have been studying about the automatic washing machines. The cost, time, economy, and convenience of an automatic washer have been discussed. Since Peggy Cates was the only one in class who owned an automatic washer, she asked the class to come to her house for a demonstration of her washer. Peggy did a very nice job of demonstrating. She gave all the important details of the washer. The girls all enjoyed it.

ESSE'S MESSES

Now is the time for all good men to come to the aid of—typing students who haven't been minding their P's and Q's—typing enough a;slkdjfh, in other words.

Oop shoop! Beg your pardon, but a blossom fell and knocked out this dish of sweet sixteen (hot diggity!) with the lovely hula hands getting set to play that tune (phonograph) known as "Sticky Boom." By mistake she put on "Unchained Melody," and it knocked some kid cold. When he came to, he had a teen-age crush on this real gone party doll.

"Don't be cruel!" he cried in anguish. "Don't forbid me," his words dangled as his voice dropped.

"Cut the capers, clown dog," was her reply. "It's time to look homeward, angel."

"Then homeward I must go," he replied in parting. "So long, it's been good to know you."

(Anyone care to count the number of song titles in this "what-ever-is-it?")

I wonder if the seniors beat the sophomores. (Man, I'm way behind time, having written this so far ahead of reading day.)

Austin, Texas — Some observers now predict that legislative investigations of insurance companies will continue beyond the session's end.

insurance companies. ing into circumstances leading to the bankruptcy of the ICT Insurance Co. of Dallas. The more they investigate the more widespread and complicated the involvements.

Recent disclosures from testimony: Former Insurance Commission Chairman Garland Smith was on several occasions the guest of Ben Jack Cage, onetime ICT head, on pleasure trips. Smith's son-in-law, Max Wayne Ryehlik, received \$8,400 in salary from Cage, for a job with no duties. ICT lost \$2,000,000 in a series of stock transactions with Pierce Brooks, head of National Bankers Life Insurance Co. of Dallas.

A Senate committeeman said that an independent investigator had been hired to look into the affairs of at least five other in-

Meanwhile, the Senate passed a bill by Sen. William S. Fly of Victoria to reorganize the Insurance Commission. It abolishes the present board and substitutes an executive director and a part-time, three-man policy board.

An amendment by Sen. Frank Owen of El Paso would require the Insurance Commission to move out of its headquarters. It occupies some eight floors of the International Life Insurance Co. building in Austin.

Owen contended that the state should not be paying rent to an insurance company over which it exercises control. Opponents counter that insurance companies of Texas pay the rent and the money does not come out of the state's general revenue fund.

They say further that if the

commission returned to the old Land Office building, now inadequate for the enlarged commission, the state would be providing free space and forcing other departments to move—and pay rent. They also point out that there is no other building in Austin large enough to house the Insurance Commission.

Gov. Price Daniel is supporting a bill in the House, by Rep. Marshall O. Bell of San Antonio, which would provide a full-time insurance board. The Senate version is not the Governor's bill.

NEW COMMISSION PUSHED—Governor Daniel has put the "emergency" label on his request for a State Law Enforcement Commission.

Rep. R. H. Cory of Victoria submitted the Governor's proposal in a bill co-signed by 102 House

members.

Commission's duty would be to "put the spotlight of truth" on charges of official misconduct.

Twelve members would include a chairman appointed by the Chief Justice of the Supreme Court, plus 11 other members named by grand jury foremen in the state's judicial districts.

DANIEL BACKS TPA BILLS—Simultaneously with his announcement of a Crime Commission Bill, Governor Daniel gave unqualified endorsement of 15 "Better Government" legislative measures recommended by the Texas Press Association.

Daniel extended his personal compliments to TPA and the press of Texas for "unselfish effort in the fight to bring better government to the State and its citizens."

In his endorsement the Governor said "the 15 bills sponsored by the press of Texas would supply some badly needed laws, and strengthen several existing laws. They have my unqualified endorsement."

NEW WATER BOARD—Another phase of the water conservation program has reached conference committee stage. Bills to create the Texas Water Development Board passed both houses.

Senate version calls for a five-member board; House, three members. Board's responsibility would be to administer the proposed \$200,000,000 bond issue. Money is to be loaned to local districts for conservation projects.

TRUCKERS SEEK INCREASE—A bill to increase truck-load limits has stirred the perennial controversy between the motor freight and railroad industries.

Truckers are pushing a bill to increase the limit, now 58,420, to 72,000 pounds. Backers contend that putting the increased weight on an extra axle would mean no more wear and tear on roads than present loads. Truckers, they add, paid \$97,000,000 or 41 per cent of state highway use taxes in 1956.

A State Highway Department bridge designer said that a 72,000-pound load would shorten the lives of Texas bridges. A railroad spokesman warned that truckers "can't pay enough for the damage done to Texas highways."

LOAN LAW URGED—Measures to regulate small loan businesses are being studied in the House. At committee hearings, Former Sec'y of State Tom Reavley, the Texas Junior Bar, and a military official made strong appeals for loan regulation. They cited cases of interest and charges allegedly running to nearly 300 per cent.

A bill by Rep. Tony Koriath of Sherman would license persons making loans up to \$500, allow 10 per cent interest and other charges up to 3 per cent a month on unpaid balance of less than \$100.

MENTAL HEALTH DEPARTMENT—Session's trend toward reorganizing state agencies has extended to mental hospitals.

A last-minute Senate bill incorporates the recommendations of a national authority who surveyed the Texas hospital system. Dr. Francis J. Gerty of Chicago proposed "disentangling" mental hospitals from "unrelated services" (tuberculosis hospitals and special schools). He also suggested a model demonstration program at a new 500-bed hospital in the Houston-Galveston area.

New bill would create a Department of Mental Health under the present State Board for Hospitals and Special Schools. Texas Medical Association has endorsed the plan.

SHORT SNORTS—More guards are needed for the Texas Prison System, says O. B. Ellis of Huntsville, general manager of the Texas Prison System. . . . Farmers could use their pickup trucks with half-price license tags for routine household errands as well as farm work under a bill passed by the House. Rep. A. J. Bishop Jr. of Winters is author. . . . Governor Daniel has set April 20 as the date of a special election to choose a successor to Rep. James E. Cox of Conroe. . . . A bill to prevent unauthorized use of a political party's name has been introduced by Rep. Moyné Kelly of Afton. It is aimed at "Democrats of Texas"—a group frowned on by the State Democratic Executive Committee. . . . Governor Daniel has signed into law a bill providing prison sentences for persons selling liquor or narcotics to prison inmates. He also signed a bill designed to prevent adulteration or mis-labeling of commercial feeds. . . . Senate confirmation of 53 recess appointments of Former Gov. Allan Shivers took care of all the Shivers slate except three. These are R. M. Dison, Water Board chairman; R. F. Newman, Employment Commission; J. M. Patterson, chairman of the Board of Control.

THIEF SURPRISED—Hollywood, Calif.—R. P. Cowan and George Pederson, sheriff's deputies, sat smoking in their car across from a service station. Watching a man in the service station, they suddenly realized that the man was holding up the attendant. When the holdup man looked up while trussing the attendant with wire, he gazed right into the muzzle of Cowan's riot gun. The man, Lester W. Yoder, 25, of Marietta, Calif., was booked on suspicion of armed robbery.

21 COMMANDERS—General Randolph McCall Pate is the 21st officer to head the U. S. Marine Corps.

POST-OLYMPIC ROMANCE—The mother of Olympic champ Harold Connolly (l.) says she received word from her son that he was asking permission

of the Czech government to marry Czech discus thrower Olga Fikotova. The two met in Melbourne during the 1956 Olympics.

News from the Congress

by Congressman Frank Ikard

It is a difficult thing to predict what Congress will do; however, it now seems almost a certainty, judging from the present temper of the House, that really substantial cuts will be made in the President's budget. Last week the House adopted a resolution by an overwhelming vote, the effect of which was to state that it was in the public interest to make substantial reductions in the budget and called on the President and all others in the government to point out the instances where economies could be worked. This is the crucial year to turn the tide against our ever increasing federal expenditures. Many programs that a great many people feel are worthwhile will probably have to be postponed until some later date, and a good many projects all over the country such as public buildings, dams, etc., will have to be rescheduled. As painful as this is, it is in some areas, it is worthwhile and very necessary if we are to maintain our economic stability. We often talk of the necessity of providing adequate defenses against our enemies in the world and many times forget, it seems, that the most important defense that we can have is our internal strength and the soundness of our economy. This basic strength can only be preserved by substantially reducing the expenditures of the federal government.

All of us are familiar with the destruction that the lowly grasshopper can work when he moves into an area in great numbers. Recently, the Plant Pest Control Branch of the Department of Agriculture released a survey as to what the grasshopper infestation would be for 1957. In our district, Throckmorton, Hardeman, Foard, Baylor, Young and the southwestern part of Wilbarger counties are in the area where the infestation will be light, and only slight damage to both planted and range crops is expected. Denton, Cooke, Montague, Wise, Jack, Archer and the northeastern part of Wilbarger counties are said to be in an area in which it is most threatening and early spring damage is expected to both planted and range crops, and with dry weather considerable damage may be done. Clay, Wichita and Knox Counties are expected to have a severe infestation of grasshoppers, and it is predicted that there may be heavy damage to planted and range crops throughout the grasshopper season.

"CURSED" SHIP

Wilmington, N. C. — After a series of mishaps, which started when the Isthmian Line freighter Steel Surveyor took on a white python in the Far East, the crew breathed a sigh of relief when the snake was unloaded here. The "bad luck" consisted of riots in Singapore, floods in India, the loss of a tiger, which jumped overboard into the Red Sea. The ship was chased into a strike-bound port by a hurricane and, as the animals aboard the ship were being unloaded here, a cargo boom gave way and plunged toward a crowd of onlookers.

Library Receives Complete Set of Sears Catalogs

The University of Texas library has received a complete set of Sears, Roebuck and Company catalogs on microfilm for use by researchers in various fields of Americana.

The catalogs span the years, 1892-1956. Also included is a special watch catalog published in 1888, one of the first catalogs ever published by Sears.

To keep the 64-year set up-to-date, Sears will microfilm each new "Wishbook" as it is published and furnish a copy to the University library. In addition to recording the American merchandising scene over the years, the catalogs represent the work and efforts of thousands of Americans. Sears officials point out, Edgar Rice Burroughs, author of the famed "Tarzan" series, was once a copywriter for Sears catalogs. Among models in past years were Norman Shearer, Jean Arthur, Gloria Swanson, Frederic March, Joan Caulfield, Susan Hayward, Anita Colby and Lauren Bacall.

The old catalogs frequently are used by producers of Broadway shows and Hollywood movies, since the books reflect accurately the styles and furnishings of by-gone years. Walt Disney owns the most-complete set of old catalogs on the west Coast and consults them regularly for styles and ideas.

Each catalog lists thousands of items touching all phases of American living and ranging in cost from a roller skate key for five cents to the current biggest item—a 22-foot cabin cruiser at \$2250.

For the North Central zone, only 2,06 young per adult were determined on the basis of 1,205 wings counted from that area.

The assistant director said Texas' thousands of quail hunters apparently will be able to look forward to a more nearly normal quail population next fall, on the basis of optimistic habitat reports arising from recent rains.

"The other main factor in that long-delayed bobwhite comeback," he said, "is the sportsman himself. We seem to have the weather back on our side. If the hunters, through their clubs or as individuals, will work with the landowners to provide housekeeping quarters for Mr. and Mrs. Bobwhite, we are bound to have a happy ending to this prolonged crisis. Because the seed quail exist in most areas and everybody knows that quail with a very little encouragement reproduce in amazing numbers."

Delaware has only three counties.

A BLOSSOM FOR CYNTHIA

—All dressed up to celebrate March 20, the first day of spring, are these two happy-to-be-outdoors youngsters who live at Methodist Home in Waco. Like all the rest of the 400 children at the Home, Bobby and Cynthia are busy participating in the many springtime activities

on the campus. And they are already anticipating their active summer vacation which will include all the fun from picnics to just plain romping in the sunshine. But, regardless of picnics or plans, it seems that this young gentleman's springtime fancy, for the moment at least, has turned to thoughts of pretty little Cynthia.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

Various education guesses as to the number of "undiscovered" diabetics in the United States place the figure somewhere between one and two million. Undoubtedly a fair proportion of them are Texans.

Diabetes is a general systemic disease in which the body loses its ability to burn and store sugar normally. All starches in foods are converted in the stomach and intestines into sugar. As sugar they are absorbed into the blood and pass through the liver and into general circulation to all parts of the body.

Normally the gland called the pancreas produces a secretion called insulin which is also poured into the blood. In the presence of insulin, the sugar of the blood is burned, especially by muscular activity. Any excess of sugar in the presence of a normal amount of insulin is temporarily stored, mostly in the liver, and released as needed into the blood.

This is the normal pattern. But in a person suffering with diabetes the pancreas fails to produce sufficient insulin. And when starches are eaten and absorbed as sugar, the body is unable to control the sugar normally by storing it in the liver or to burn it efficiently in muscle exercise. Result: the sugar content of the blood increases to abnormal levels.

Because the diabetic is unable to burn the sugar efficiently for energy, he becomes weak and tired. His body needs nourishment and he therefore develops great hunger. But because he cannot utilize the starches, he uses up his own tissues and continues to lose weight.

When the blood sugar gets too high, the kidneys, in an effort to lower it, remove some of the sugar by excreting it in urine. This, in turn, makes the body dry

and creates a thirst. Proof of the hereditary nature of diabetes is the fact that surveys of diabetic children show that 80 per cent of families in which there is or has been diabetes.

Overeating and lack of muscular exercise are conditions which tend to promote obesity which in turn creates a tendency toward diabetes. It has been shown that 20 fat persons develop the disease for every thin one who does. The obvious moral is do not overeat, do not remain overweight, and get plenty of muscular exercise.

You can judge your own tendency toward diabetes in the light of what has been said: Are you overweight? Do you over-eat? Is there diabetes in your family? Also, do you have any of the symptoms: great hunger, loss of strength, loss of weight, persistent thirst, or excessive urination? If so, you're a likely candidate for a urinalysis or blood sugar test by your family physician.

ALLURING ARMOMA LANDS POOR FISH

The efficient hiss of the aerosol can with its petroleum-based propellant is heard through the land, as it delivers everything from cream to shoe polish. Now, fishermen can get a push-button spray lure in five different aromas — to attract trout, salt water fish, carp, bass and catfish. The lure can be sprayed on live or artificial bait, and will last through three or four hours of casting, or one to two hours of trolling.

BECK TO APPEAR BEFORE COMMITTEE — President of the Teamsters Union, Dave Beck, has returned to the United States and will probably be questioned by the Senate investigators. Among the reasons for his delayed appearance before the committee was his intention to attend the international labor conference in Hamburg, Germany, later this month. Sec. of Labor James Mitchell made it easier for the committee by refusing to appoint Beck as the American delegate.

'Defensive Driving' Urged for Texans

How good are you in a highway emergency? Would you know what to do if a car you were trying to pass suddenly speeded up, leaving you too little room ahead to pass safely?

Knowing the answer to questions such as this and reacting correctly and quickly when confronted by such a situation could save your life.

E. C. McFadden of Dallas, president of the Texas Safety Association, reminded motorists of this fact this week as he urged them to drive defensively. McFadden spoke in behalf of the defensive driving program which the Texas Safety Association is conducting this month in cooperation with the National Safety Council. This is part of the nationwide Back the Attack on Traffic Accidents campaign aimed at cutting the scandalous traffic toll. The spring phase of this campaign stresses the moral responsibility of drivers for their own and others' safety.

McFadden explained that the defensive driver is one who drives in such a manner as to avoid accidents by anticipating and allowing for hazards created by the unsafe acts of others and adverse traffic and weather conditions.

"If a defensive driver suddenly found he did not have enough time to pass safely, he would not step heavily on the gas and take a chance on making it," McFadden said. "He would slam on his brakes, let the car he was trying to pass move ahead, then drop back behind it."

The defensive driver realizes that in addition to turning in a top-notch driving job himself, he also has a responsibility to make up for the shortcomings of others. McFadden said. He pointed out that such an attitude comes naturally to persons accustomed to accepting their moral responsibilities in other departments of daily living.

"Unsafe actions of other drivers and pedestrians are not the only hazards that may confront the motorist," the TSA president warned. "He must also be alert to the dangers presented by adverse traffic and weather conditions." McFadden said drivers should be aware of the emergency situations that can arise when they're behind the wheel and should know how to cope with them. It is equally important to be constantly alert to anticipate danger and act quickly to remedy it, he said.

Sewing with Elastic Thread . . .

Elastic thread has been on the market for some time. It is handy to use wherever shirring is needed in your dressmaking or home furnishing.

Mrs. Mary D. Brown, County Home Demonstration Agent, says elastic thread is very sturdy and especially suitable for use on children's clothing and lingerie. It also works well on such articles as shirred dressing table skirts, basinet and bedspread. It can be put to practical use in your home knitting and used for waist and wrist bands or tops of socks.

When sewing with elastic thread on your sewing machine, use it on the bobbin. Mrs. Brown advises hand winding it on the bobbin to prevent stretching. Adjust tension on the bobbin case so that the elastic thread pulls out easily with just a little stretching.

Use regular sewing thread on the top of the machine and the same machine needle. Set the stitch regulator for a long stitch, about seven stitches to the inch. Test on a small sample of fabric first. If top thread loops, the top tension needs to be loosened. After testing, start to stitch on the right side of garment. The machine will shir the material as it stitches. The ends of thread together at the completion of row.

When beginning second and subsequent rows, hold the first row of stitching stretched out as you work in order to keep all rows of shirring even. It takes from four to six rows of elastic shirring for the gathering to take effect. Be certain to tie all threads together at the completion of each row. Steam press the shirred section after completion to give a neat, tight look.

FOARD CITY W. S. C. S.

Mrs. Jack Welch opened the March 18 meeting of the Foard City WSCS with prayer. The business session was under the direction of Mrs. Virgil Johnson.

Mental health was the topic for the afternoon's lesson and Mrs. Blake McDaniel's introduction to the problems of mental health was most revealing. She stressed the importance of religious experiences and Christian fellowship can play in rehabilitating those who have suffered mental illnesses. She listed twelve facts pertinent to the subject saying that one out of every twelve children today will one day be a patient in a mental institution. There is a fantastic shortage of adequately trained personnel, psychiatrists and doctors in every hospital for mental disorders, 4,300 psychiatrists, 25,000 nurses, 31,000 attendants and 7,000 social workers are needed for mental hospitals only. Many factors, such as inadequate facilities and poor pay, discourage highly trained personnel entering this field.

It must become common knowledge that the mentally ill are those who have lost their capacity to cope with their problems, who are unable to make the necessary adjustments and compromises with life, who can no longer get along with people. Since there isn't a person living who has not had moments when he has experienced these things, it should make it easier to understand the problems of the mentally ill. It must be the people's responsibility to cooperate in the rehabilitation of patients dismissed from hospitals specializing in treatment of mental illness. The day of superstition has long since passed, and we as Christians, living up to the tenets of the Golden Rule, must remind ourselves that "there—but for the Grace of God—go I."

ROTARY CLUB

Four Crowell Rotarians had birthdays last week and were recognized at the Wednesday noon meeting of the club. They were Merl Kincaid, Grady Graves, Marvin Myers and Tully Klepper. Birthdays of the first two came on Friday, March 15, and the latter two on Saturday, March 16.

The program consisted of reports from Rotarians who attended the 186th District Conference in Abilene Sunday and Monday of last week which was in charge of Herbert Edwards. Talks were made by Joe Burkett, incoming president, Fred Youree, Grady Graves, Grady Halbert, and the president, Ray Brown.

IRELAND'S VALERA BACK AGAIN — Ireland's 1.7 million voters choose between the aging statesman Eamon de Valera and Premier John A. Costello in the Irish general elections. The main issue of the election was the nation's economic troubles. De Valera, the favorite (above) defeated Costello and returned to power after three years.

AUXILIARY MEETING

Ladies of the Auxiliary of the Free Will Baptist Church held their meeting at the church Wednesday, March 13. Mrs. Fred Ford, president, was in charge.

Scripture for the devotional was the 5th chapter of Romans read by Rosie Dockins. Plans were made for the Easter program, and ways and means to raise money for the vacation Bible school were discussed. The church has several new benches and the president wishes to thank those who donated money and their time for this cause.

Next meeting will be held in the home of the pastor, Bro. H. H. Haston, at Paducah.

CARD OF THANKS

We wish to express our sincere thanks to everyone who helped us during the illness and death of our mother and sister, Mrs. Ida Reavis. Also to those who sent cards, flowers and food, and those who visited her.

Mr. and Mrs. Alva Spencer, and Other Relatives. pd.

COATED CARS CONTAIN CONTENTED COWS

The contented cow will be catered to right through the last trip to market when a new railroad cattle car replaces present wooden-sided types. The new stock car will be of steel bars with a quarter-inch-thick coating of oil-based rubberized insulation material. This will eliminate cattle injuries and expensive cattle car repair jobs stemming from broken wooden slats. Producer, shipper, and consumer alike benefit from oil's contributions to commerce.

cast won the State championship with "The Severed Cord." The cast was composed of Jim Lois Gafford (Mrs. Bursley), Crockett Fox and Mitchell Allee.

Mrs. Bursley was also on district championship casts in 1931 and 1932. The 1931 winner was "On Vengeance Heights," and the 1932 winner was "The High Heart." Mrs. Bursley is a graduate of W. T. S. C. in Canyon with a major in speech. She was a director of our district championship play in 1941 and her 1942 cast won second place in the district. Her entry from Quannah was a representative at the 2A area meet last year and won second at the district meet.

SCHOOL GIVEN TREES

Joe Coufal Sr., father of Joe Coufal, donated some Chinese elm trees to the schools last week from his farm north of Thalia.

The school wishes to express its appreciation to Mr. Coufal and to the boys.

KEYHOLE KAPERS

Well, the glorious week of the football banquet is over! Is everyone torn up? We bet they are! We bet they are!

People who attended this glorious event were Roxie - Ray, Judy, Harvey, Gayle - Billy Everson, Larry - Jana, Jerry - Printess, Betty Linda - Carpenter, Bill Graves - Jo Frances, Grady McDaniel - Charlotte Sledge, Joe - Jeanie, Speedy - Judy, Sonny - Elizabeth, Lewis - Patsy, Edward Howard and his girl from Q-town, Bradford - Peggy, Aldon - Judy, Lowell - Janis and many others. If we left you out, tell us, and we'll put you in next week.

Oh, by the way, boys, have you ever driven 30 miles for a girl and then get stood up? We know a boy who did Friday night. We won't tell his name because he just gave me a cold case of—oops, soda pop!

Couples at the show in Vernon were Judy - Aldon, Bettye - McKown - Jackie Walker, Bill - Roma Jan, Pat - Jimmy Dean, and a bunch of stags.

Monkey and Wanda James are going steady now! Welcome to the throngs, people!

Wonder what's the matter with Tom Crowell, Fredrick Youree, Ivan Cates, Slim Nichols and all those other crazy boys in that crazy freshman class.

Everybody, including the keyhole, thinks that Roxie made a very beautiful queen last Friday night!

Larry was in a bad mood over the week end. Reason—Jana was in Lubbock!

We bet the play cast had a great time over at Quannah last week. But, hark, their biggest day is yet to come! They journey to Paducah tomorrow! For what-for contest!

Seen at Crowell Saturday night were Lewis and Patsy!

Seen at the drive-in at Vernon Saturday night were Peggy and Glenn.

Louis and Patsy, Peggy and Glenn had a nice picnic supper at the park Sunday afternoon.

Some of the couples that look forward to being together are Beverly and Johnny, Louis and Patsy, Peggy and Glenn, Judy and Harvey, Jana and Larry, Peggy and Gerald, Judy and Speedy, Carolyn and R. H.

Well, boys, let's don't have any dog fights. Make it der fraulien and live it up! See ya next week!

GEORGE'S GAGS

A football game is the only place where it pays to kick when times of oppression cried out, "Give us Bibles!"

"Give us Bibles!" Within a week some 70,000 copies of the Holy Scriptures in the Hungarian language were distributed by the American Bible Society in Austrian Freedom Camps and in Hungary itself. Another 200,000 were printed at once to help supply the demand.

"Give us Bibles!" The unfortunate Hungarians were not indifferent to the values of warm bodies or full stomachs. They had learned what we in America have seemingly forgotten—that there is something more important than food and clothing.

Only the Word of God has power to save from sin and make us believers in Christ. "I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth" (Romans 1:16).

The Bible cleanses us from sin. Jesus said, "Now ye are clean through the word which I have spoken unto you" (John 15:3).

The Scriptures set us apart for the Lord. "Sanctify them through thy truth: thy word is truth," was the prayer of Christ (John 17:17).

The Bible is food to the new life we receive by believing on Christ as Saviour. "As newborn babes, desire the sincere milk of the word, that ye may grow thereby" (I Peter 2:2).

God's Word is a light to the Christian life. "The entrance of thy words giveth light" (Psalm 119:130).

We have food, clothing, medicine. But of infinitely greater value, the Bible is ours, too.

things aren't going well.

A determined salesman approached a little farm house and knocked loudly. As soon as the door opened, he pushed his way in and emptied a bag of dirt on the rug. "Madam," he said grandly, "I'll eat every bit of that dirt this electric sweeper fails to pick up!" "I'll get you a spoon," the lady said grimly, "We don't have electricity."

Noel: What fruit is shown on a nickel?

ANNUAL MEMBERSHIP MEETING

The annual membership meeting of the Farmers Co-Operative Gin will be held in the District Court Room in Crowell, Saturday, March 30, 1957, at 1:00 p. m. The purpose of this meeting is to receive the annual reports and the election of four directors, and any other business that may come before the meeting. We urge you to attend this meeting.

FARMERS CO-OPERATIVE GIN,
I. J. Jackson, President.

day meeting on March 29 soon after lunch, as I will have to be in Vernon until about noon.

Let's all plan now to attend this all-day meeting. It will start at 10 a. m. at the Margaret community house. You will need to bring a covered dish, your plate, cup and silver, and an old rag or two if you plan to paint a picture.

The pecans will be delivered on that day too, so if you are not able to be there, please send your money on by someone else and ask them to pick your pecans up. They will be 80c a pound.

The District THDA meeting will be in Vernon April 5 at the Memorial auditorium. The program will begin at 10 a. m. Each club president is to notify Mrs. Clarence Garrett, THDA chairman, by noon, April 1st, about how many from her club want lunch-club reservations.

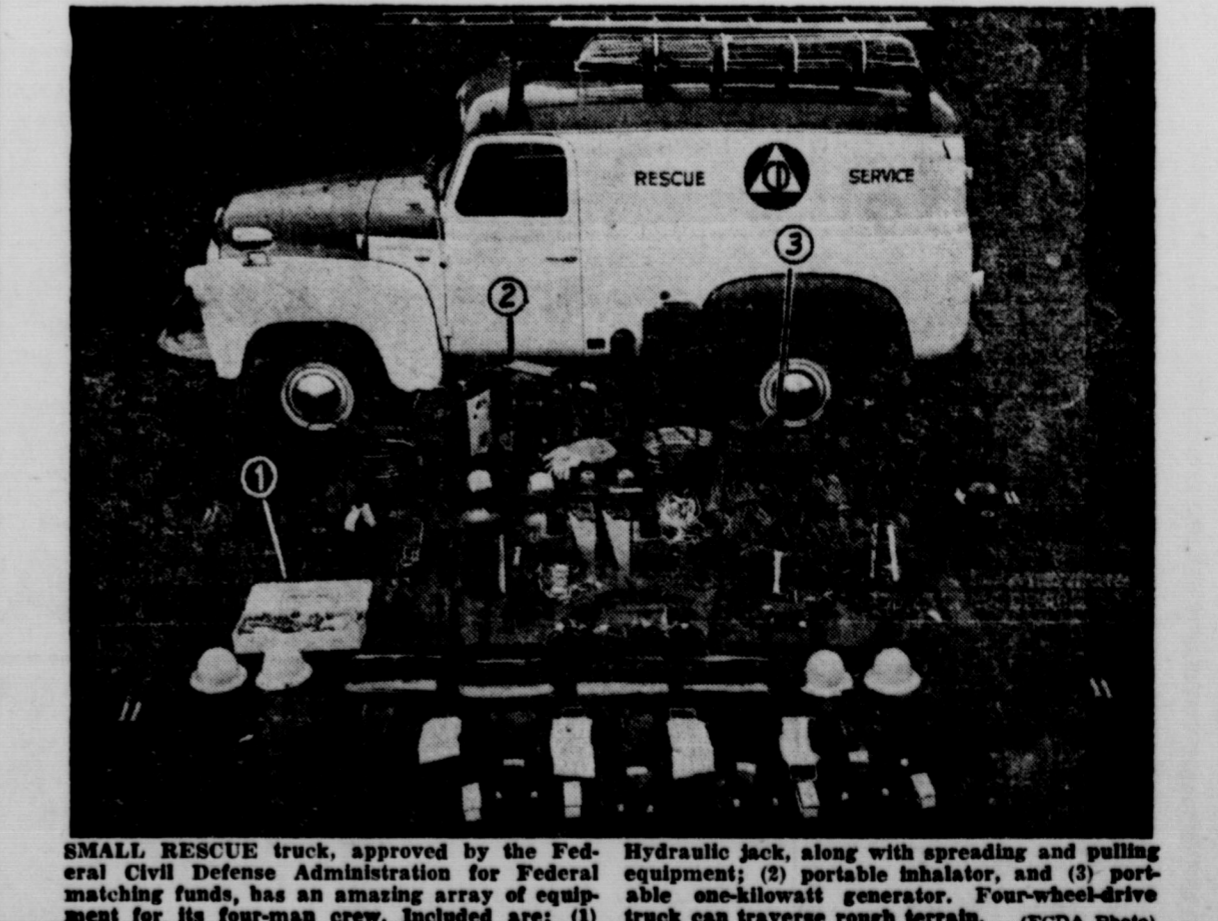

Our recipe this week is:
Tuna Jambalaya
2 cans (6 or 7 oz. each) tuna, 1/2 cup chopped onion, 1 cup chopped celery, 1/2 cup chopped green pepper, 2 cloves garlic, chopped, 1/4 cup butter or other fat, melted, 3/4 cup uncooked rice, 1/4 teaspoon salt, 1 whole bay-leaf, 1/2 teaspoon crushed whole thyme, dash cayenne pepper, 2 chicken bullion cubes, 1 and 1/2 cups boiling water, 1 can (1 lb., 4 oz.) tomatoes, 1/4 cup chopped parsley.

Drain tuna. Flake. Cook onion, celery, green pepper, and garlic in butter until tender. Add rice, seasonings, bullion cubes, boiling water, and tomatoes. Simmer for 25 to 30 minutes, or until rice is tender, stirring occasionally. Add parsley and tuna; heat. Serves 6.

48,000 NURSES

In America there are over 48,000 nurses enrolled in the Red Cross. Of these, an average of 6,100 served each month last year. Six of every seven nurses volunteered their services in Red Cross chapters.

Mrs. Bud Myers, hostess, served refreshments to the following: Mesdames W. C. Corder, J. R. Brown, W. R. Owens, Bob Ely, J. G. Adcock, Jack Hickman, Lottie Whitaker and Marion Chowning Sr.

Mrs. W. R. Owens will be hostess for the next meeting of the club on March 28 when the program will be "Introduction of Living Room" given by the agent.

ADELPHIAN CLUB

On Wednesday afternoon, March 13, the Adelpian Club used as its theme, "Abundant Living Through Conserving."

Mrs. L. E. Archer, president, presided over the business meeting.

Mrs. C. V. Barker, program chairman for the afternoon, introduced Mrs. Abb Dunn who spoke on the Soil Conservation program. She reminded the club members that natural resources should be conserved and used to the best advantage.

Soil conservation should be practiced in the community and soil erosion should be avoided. The Divine Plan should be carried out by conserving the basic resources of land and water. We should consider the future.

Mrs. Loraine Carter spoke about "Forests." She gave a thorough explanation of logging and lumber production. She explained how the Soil Bank program aids the farmer. "Water" was Mrs. Bill McClain's subject. She stressed the importance of irrigation. The expansion of the irrigation program in recent years was reviewed. She explained why terracing is essential in various locations.

Little Miss Jon Ann Carter gave a reading entitled, "The Bird's Nest."

Mrs. Frank Flesher was hostess for the afternoon meeting.

WEST SIDE H. D. CLUB

A very interesting demonstration on how to plant shrubs was given by the agent, Mrs. Mary Brown, when the West Side Home Demonstration Club met in the home of Mrs. Daylor Weathered March 12.

Grandma's Day, read by Mrs. S. E. Tate, opened the meeting. Roll call was answered with "What I would like to accomplish in my yard this year." Business was discussed with the THDA district meeting to be held April 5 at Vernon.

The club will meet with Mrs. Walter Thomson on March 26 at 2 p. m. All visitors will be welcome. Refreshments were served to ten members and Mrs. Brown. Members present were Mesdames S. E. Tate, S. H. Ross, E. A. Dunagan, Oscar Gentry, Bert Mathews, Donald Norris, E. Norris, Walter Thomson, L. G. Simmons and J. B. Weathered.

VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met with Miss Myrtle Fish on Thursday, March 14, at 2:30 o'clock. There were 12 members and five visitors present. Visitors were Mrs. A. L. Walling and Mrs. Raymond Lawhon of Wichita Falls, Mrs. Dolly Sivels of Ogden and Mrs. John Fish and Mrs. R. L. Walling of this community.

The club voted to clean the Vivian cemetery and put markers on all graves unmarked on Thursday, March 21, at 9 o'clock with a basket lunch served at noon.

Mrs. Mary Brown gave a demonstration on choosing plants for foundation shrubs, after which she set out an abelia at the Fish home.

Refreshments were served by the hostess. The club will meet with Mrs. J. B. Rasberry Sr. in Crowell on March 28.

GAMBLEVILLE H. D. CLUB

Mrs. Mary Brown gave "Choosing, Planning and Planting a Shrub" as her demonstration when the Gambleville Home Demonstration Club met in the home of Mrs. Rusty Russell on March 15 at 2:30 o'clock.

There were eight members and two visitors present. Mrs. C. S. Bartley won the hostess gift.

The Club voted to buy things for a little girl for Easter. Orders for pecans were turned in. Pictures were chosen for the all-day meeting March 29 at Margaret.

Names were taken for reservations for lunch at the district meeting in Vernon April 5.

Club will meet again April 17 in the home of Mrs. Clarence Garrett.
