NOTICE TO THE PUBLIC—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publishers.

With The News Paraphraser

One of our exchanges persists on spelling it "hikkup," and every time we see it spelled that way it makes us kof.

And Mr. Roosevelt named his newly-discovered river the River of Doubt, and that seems to be the popular opinion.

"Arkanstraw" berries are on the Crowell market, but they all look alike this season—the bottom of the boxes are right square in the center.

An exchange remarks that if there is not a hell there ought to be for the fellow who maliciously robs birds' nests. And he might have added, and for the fellow who introduced the English sparrow in America.

It cost the United States \$12,000 to print Senator La Follette's speech as a part of the Congressional Record, and the blank paper would have served the country papers of the United States just as well for single wrappers.

A magazine whose purpose is to encourage better ways of living has been established in New York. Such a thing can never be done until some fellow figures out a way by which a poor devil can remove the inconvenience of being poor.

A man claiming to have been able to read Horace Greeley's writing died last week at San Antonio at the age of 95 years. But think how long he might have lived had he not worked himself to death trying to learn the meaning of Greeley's hieroglyphics.

It certainly does pay to read newspapers. The Fort Worth Star-Telegram says: "Motoring expense is fast coming down." The News man would not have known that had he not read it in the Star-Telegram, for we had not noticed the reduction in our monthly bills.

The best known batters in the world says that the pitcher that ever faced a pitcher can't tell just where a ball is. Indeed you can't, neither can you tell what will happen when the ball will throw it, if said "ball" should be running governor of Texas.

The San Angelo Standard declares that there will be a big sham battle pulled off in that city during the fair. San Angelo is not far from the Border, and there being a number of refugees in the city to give instructions, the sham battle ought to be a pronounced success.

Whoop! here may be a chance for Crowell to get her streets grubbed. A German manufacturing concern has written to the Chamber of Commerce at San Antonio to know all about the value of mesquite wood for commercial purposes, the Germans believing that this particular timber is of great value.

A New York man dropped dead at the sight of a revolver that was thrown into his face. If it were the looks of the revolver that caused the man's death, such a weapon ought to be popular among Dallas women. Their husbands won't die at the sight of a gun; they have to go to the trouble of pulling the trigger, and pumping them full of lead.

A magazine writer claims that the reason aeroplanes are not yet popular, is, they are too high. You bet they are. If the fool things would flop along on the ground, instead of wanting to go up a mile in the sky to explode and burn up, the thought of them wouldn't remind a fellow of a graveyard, to say the least.

Astronomers have discovered a tailless comet, and that puts The News man to thinking again. We wonder if that is a kind of star trying to become a comet by growing a tail, or whether it is an old comet that has shedded its tail and trying to pass itself off for a star. Twinkle, twinkle, little star. I still wonder what you are.

Hon. "Jeems" Ferguson, the Temple banker who wants to be governor, has slipped a plank into his platform that looks to a Texas Democrat like a Socialist board with a college education. Hon. "Jeems" says that to take half is too much rent, unless the landowner will furnish the tools. If some fellow will come to our premises The News man will furnish the land, the scythe and lawnmowers and give the tenant the whole crop of hay.

NIX

I'll eat sand-spinach and the stone-mixed beans,
I'll eat the worn out patches on my jeans,
But I refuse those dandelion greens.
---Galva (Ill.) News.

I'll eat cold gravy and chaw steak that's tough,
I'll eat a collar or a hard-boiled cuff,
But never for mine that Fruit Salad stuff.
---Peoria Journal.

I'll eat okra, slimy though it be,
I'll eat green fruit of the persimmon tree;
But grapefruit shall not mingle—not with me!
---Houston Post.

If it's just garden sass, with me you may share it,
Or if a potato, you need not pare it,
But I'll be darned if I'll eat a carrot.

A GOOD REASON
Said the little red rooster,
To the little red hen,
"You haven't laid an egg,
Since I don't know when."
---Chillicothe News.

Said the little red rooster,
To the hen, with a sigh,
"You won't lay your eggs
While eggs are up high."
Said the little red hen,
As she spoke with a frown,
"I can't lay an egg,
Till the egg comes down."

REAL LOVE

I'm very, very glad indeed,
I did not wed a centipede;
When winter came with snow and sleet
I'd hate to warm that many feet.
---Houston Post.

If I had a thousand lives to live,
I'd live them all for you;
If I had a thousand hearts to give,
You'd get the thousand, Sue.
On the other hand, in the winter's storm,
When you're so cold you're blue,
If you had a hundred feet to warm,
I'd warm them all for you!
---C. L. Edson, in New York Mail.

I do not care how cold her feet,
If cold as a winter storm,
Just so her lips and words are sweet,
And her heart and hands are warm.

Mrs. Williams who lives south of town, called at the News office Monday and paid for three copies of the News as follows: A copy to her brother, J. P. Robinson, at Cunningham, Tex., a copy to her son, C. L. Williams, at Tahoka, Texas and a copy to her daughter, Mrs. O. M. Grimm at Guyman, Okla. Besides these three copies, Mrs. Williams wouldn't be without a copy of the News every week in her own home. Just such friends of the Foard County News are they who help make it the paper that folks say it is. If it is a good

paper, give the credit to our good subscribers and the merchants who advertise. It costs \$300.00 every month to issue the Foard County News, saying nothing about the vast amount of work and worry.

H. M. Ferrin of the Ayersville locality was in town Wednesday. Mr. Ferrin says that an awful heavy rain fell in his neighborhood Tuesday. Mr. Ferrin, among other things, was talking about the big Farmers' Congress that will convene at College Station in July. He has not missed a meeting for three years and is going again this year and says he expects to take the News man along with him.

Messrs. Alf and Valmer Bond placed their order this week for a threshing outfit. This will make about twenty threshing rigs for Foard county, but if the wheat comes up to its present promises, and the farmers can save all of it, there will be enough to run all the crews until late in the summer or early fall.

J. G. Coffey was so pleased with the wheat report in last week's News, he called and had the paper sent to his father at Brasstown, North Carolina. If nothing happens Foard county will have something to boost this year, and the Foard County News will try to do its part of the boosting.

J. P. Thomas was here from the Good Creek country Saturday. Mr. Thomas says that everything looks pretty good. He has invited the News man to come out and go fishing with him, but our going depends on whether Andrews, Crowell and Schlagal have been out there. It is no use to follow them, even if Boss Roark can catch a six-pound bass where the noted fishermen can't get a bite.

R. C. Telford and family, who left here last fall for Lake Creek, Delta county unloaded their car of household effects yesterday, and say that they have returned to Crowell to stay. Mr. Telford says that Lake Creek became a creek all right, and that he had come back to Foard county to hunt for land, most of the land where he has been, being covered with water. He says that Foard county farmers had more feed in their barns and cribs when he left here than he found when he arrived in Delta county, and that he found more here when he came back than the Delta county farmers had at any time while he was there. Moral: Fasten yourself firmly in Foard county. Baled threshed millet hay \$10 a ton.—F. H. Crews.

Uncle Joe made his trip to Crowell Monday.

Everybody is busy, everything is growing, even to the weeds.

Mr. and Mrs. Hunt spent the day with Mr. and Mrs. D. J. Wilhelm Sunday.

Mr. Wesley is expecting his wife home this week after an absence of several weeks.

"Uncle Jake" Middlebrook has been very ill with heart trouble but is better at this writing.

Dr. and Mrs. Cheery are expecting their daughter, Mrs. Sparks of Waco, here on a visit this week.

Preaching at the Baptist church Sunday and at night was well attended. Rev. Rister preached two good sermons.

John Powell and Miss Agnes Lynn made a march on their friends Sunday, boarded the North bound train and were married up the road. We wish them every happiness.

More rain, who says it isn't wet out here? But gardens are fine, wheat is lovely, everything is flourishing and frogs are happy. Chickens will soon be big enough to pull, plums will soon be ripe, sunflowers and cocklebur are running riot. The morning glory twines around the door, the young man's fancy turns to love, while the small boy digs worms for bait and hies himself to the creek to see if he can't get a few bites. All is lovely, Ah, beautiful spring!

Leslie Ivester went to Crowell Monday.

Miss Ura Traweek came over and stayed until Sunday afternoon with her grandmother.

Paul Bruce is back in our community again chopping cotton for Uncle John Robertson. He must be a good cotton chopper for the first day he chopped he walked to a dance that night at Mr. Hollaways.

The farmers all went into their fields Monday morning with a smile on their faces. I don't think the rain damaged any of our wheat out here but if it had continued much longer it would have. The cotton and feed are doing all right but the weeds and grass are growing about as fast as the crops.

We have been having a glorious time since the rainy weather. Last Saturday afternoon we had two ball games, and Saturday night we had a fruit supper at the home of Mr. Holbert. I am sorry to say that we lost the first game we played but I am not discouraged in the least for we sure made the boys play ball. The score stood eight to three. After the first game was over Foard City and Good Creek's first team played. The score stood 16 to 3 in Good Creek's favor. There was quite a crowd attended the games, Baker Flat, Foard City, Cottonwood and Good Creek were well represented. Each of the places just mentioned were also represented.

The Greatest of All Stars

We can now offer you the greatest of all Star Windmills—the Model 12 Star. This windmill has created a sensation in the windmill market. Never before has a windmill been offered you that had as many new and superior features as this one has. You should make it a point to see and examine

The Model 12 Star Windmill

2 Pitmans 2 Gears 2

because it will open your eyes to the great progress that has been made in improving windmill construction.

This windmill has two pitmans, two gears, two pinions, two wrist pins—practically two windmills built into one. This double mechanism insures direct center lift, perfect equalization of load and permanently maintains the alignment of the Model 12 Star.

Furthermore, the Model 12 Star cannot be blown out of gear by strong winds. It has an automatic frictionless governor that perfectly regulates its speed and keeps it working steadily even in a gale.

Other features of this windmill we want to show you, are the galvanized-armor-completion main wheel; the massive one-piece main frame; the extra long ball-batted bearings; the extra long polished steel drive shaft; the shock absorber; the compression steel governor spring, and the big oil wells.

Call the first opportunity you get and let us prove to you that the Model 12 Star has more new, exclusive features of efficiency than any other windmill made.

USE OF CALOMEL IS RAPIDLY FALLING OFF

Fewer People Riking Drug—Thousands Taking Dodson's Liver Tone Instead

The use of calomel, which is a poison and a form of mercury, seems to be decidedly diminishing nowadays. Dodson's Liver Tone takes its place so reliably in cases of constipation and liver trouble that its popularity is spreading more widely all the time.

Dodson's Liver Tone is a harmless vegetable-liquid. What calomel does unpleasantly—often with danger—for constipation and sluggish liver, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no grippe. It does not interfere in any way with your regular business, habits or diet.

So successful, so reliable and so popular a remedy has its imitators, naturally. But beware of them. You can easily detect the difference.

Dodson never makes extravagant statements. His Liver Tone has been made from the first to take the place of calomel. He says that it "lives the liver," overcomes constipation agreeably and makes you feel good. If you are not satisfied completely with Dodson's Liver Tone, Ferguson Bros. will hand back the purchase price (50c) to you cheerfully, instantly and without question. Hence you run no risks to health or pocketbook in giving it a trial.

The appointed officers were: Ada, Mrs. Mamie Bomar; Ruth, Mrs. Maggie Burk; Esther, Mrs. Gussie Adams; Martha, Miss Saphronia Staton; Electa, Mrs. Cora Sandifer; Warder, Jack Roberts; Sentinel, Mrs. Lucy Harris; Chaplain, Mrs. Ellen Roberts; Marshall, Mrs. Mary McReynolds; Organist, Mrs. Minco Leeper.

These officers will be installed Friday night June 5, at the Masonic Hall.

Banta A Jupiter Pluvius

A great many of our readers are not acquainted with W. P. Banta, who lives over in Wilbarger county. We are personally acquainted with him. He is the rain prophet for a large territory in West Texas, comprising Wilbarger, Hardeman, Foard and Knox. Through his generosity he very often covers a wider territory, taking in several of the adjoining countries.

As we said, we are personally acquainted with Mr. Banta and know that when he talks rain, you'd as well get in your dry kindling and house the young chickens. He is very hard to persuade sometimes to predict a spell of sunshine, as is doubtless the case now. And when a long drought is on he is just as slow to announce the coming of thirst-quenching moisture.

We have never appealed to Mr. Banta for a prophecy of dry weather, but if it keeps this up it looks like we shall be compelled to do so. The ground is full and running over, and the weeds are growing to beat the band. If our crops are destroyed by the worms and the rust we are just going to charge it up to W. P. Banta. — Knox City Journal.

The fine three-thousand acre tract of land lying just northwest of Knox City will soon be divided into small tracts for farming purposes and placed on the market.

Dick Moore, a lineman well known in Paducah, Matador and other places in Cottle and Motley counties, was killed last Monday by falling from a telephone pole while at work at Iowa Park.

The Benjamin schools closed last week. There were five graduates this year, as follows: Misses Flossie Blakely, Ada Craig and Gladys Propps; Messrs Tommie Glover and H. A. Simpson.

The "wets" of Jones county have called for an election to see if they can get saloons. Jones county has always been "dry," and has never had a saloon during its twenty-five years existence as a county.

Prof. Murray, one of the most prominent educators of this part of the state, refused the superintendency of the Rule schools for the coming term. It is rumored that Prof. Murray will enter the newspaper business.

As an evidence that the dairy and creamery spirit runs high at Childress, a bank of that city has agreed to furnish every farmer living within the confines of the Childress trade territory a fine Jersey cow at actual cost in herd lots, and to take the pay for the cow or cows in installments from the sale of butter and milk. The plan appears to be taking well.

Mrs. C. W. Whitehead gave a 6 o'clock dinner Friday in honor of Miss Blakemore who taught in the Chillicothe schools the last term, and Miss Mable Crowell of Crowell, who was the guest of Miss Bessie Vernon and other friends in the city. Miss Blakemore left Saturday for her home at Denton—Chillicothe News.

T. M. Ferguson, druggist of Vernon, was here Tuesday en route home from Crowell. He has 500 acres of wheat in Foard county that he says will make enough biscuits to feed the whole of the Mexican Army—Chillicothe News.

Mr. and Mrs. Joe Johnson of Crowell, visited Don Drury and wife at Willowvale over Sunday. Don and Joe were in the city Saturday. Joe Johnson is one of the oldest cattlemen in the West. He was foreman of the R2 ranch near Chillicothe many years, then went into business for himself. We had not seen him for ten years.—Altus News.

J. M. Cassle of Thalia, Foard county, was down last week for a short visit to relatives and to see his many old friends in Baylor county. He enjoys very much keeping up with his former home through the Banner. West is fine out there and should make easily 25 bushels to the acre—Seymour Banner.

J. A. Wilson left Wednesday for Crowell, it is said, on a fishing trip. Wilson may not have known it when he left, but he does by this time, that to be a successful fisherman in Foard county one has to catch crawfish or dry-land suckers—Knox City Journal.

Hold on, you fellows. Both main guy ropes of the Journal are former residents of Crowell, and also know that Foard county has one of the best fishing resorts in West Texas. Look out, boys!

Misses Corine and Edie Small of Crowell are visiting relatives and friends in this city—Knox City Journal.

Misses Bess Hays and Pauline Smith are here from Crowell for a few days' visit—Knox City Journal.

Miss Lena Razor came in from the Canyon normal Saturday—Quannah Tribune Chief.

They Helped The Band Boys

Last week the Foard County News made mention of the fact that J. H. Olds had circulated a paper for the purpose of raising money with which to buy uniforms for the Crowell band boys. The money, all but a very little, has been raised. Following is the list of those who contributed:

A Musical Treat

Those who availed themselves of the opportunity of attending the recital given at the Auditorium by Miss Essie Thacker and her pupils last Friday evening enjoyed an excellent musical treat by local talent. The program had been carefully arranged and selections happily chosen, and each pupil not only showed both taste and talent in the masterly execution, but also conclusive evidence of thorough training by a master of the most pleasing of all arts.

Despite the bad weather and muddy streets, a large crowd was present, and for almost two hours were held rapture-bound at the rendering of the most exquisite productions. The people of Crowell and community are fortunate in having in their midst one so well versed in music, and with so happy a faculty of imparting it to others as Miss Thacker. Following is the program as rendered:

Daisy Waltz.....	Caroline Shwver	Madison
Spinnig Song.....	Clairene Power	Ellmenrich
Dancing Stars.....	Clairene Power and Frances Clark	Ducelle
The Musical Clock.....	Frances Clark	Heinz
Morning March.....	Marion Brindley and May Church	Shultz

Road Notice to Land Owners
To Matthew Muldoon, and the Unknown Owner, or Unknown Owners of Sub-Surveys Numbers 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, of the Abb Luce Sr. Survey in Foard County, Texas:

You are hereby notified that the undersigned Jury of Free holders, acting under and by virtue of an order of the Commissioner's Court of Foard County, will, on the 27th day of June, A. D. 1914, proceed to lay out and survey a road commencing at a point in the Crowell and Gribble School House public road, at the S. E. corner of Sub-survey No. 72, and the N. E. corner of Sub-survey No. 64, of the Abb Luce Sr. survey, and thence in a Westerly direction across said surveys and terminating in the public road, in said County, and which may run through certain lands owned by you, and will at the same time, assess the damages incidental to the opening of said road, when you may present to us a statement in writing of the damages, if any, claimed by you.

Witness our hands, this 23 day of May, A. D. 1914,

W. W. FOX,
A. T. MILLER,
C. D. STEPHENSON,
J. T. GRIBBLE,
D. R. W. ERWIN.

There is some rust in the wheat at this time, and it is the belief of some that some of the late wheat may be slightly damaged by it. Rust is caused by long spells of wet weather, and usually appears in wheat in places where water is permitted to stand, for instance, low places without proper outlets. Wheat in Foard county is too far along to be damaged much by the rust, except some of the latest crops, which may be caused to straw fall making it difficult to harvest.

The Kind We Like to Get
The News man is always glad to hear from his appreciative readers, but the following from one of our good friends is a sample of the kind that makes an editor smile.

Vivian, Texas, May 26, 1914.
Editor Foard County News,
Crowell, Texas.

Dear Sir—Enclosed find check for two dollars for which please send the Foard County News to my sister, Mrs. Julia Proctor, Wilde, Ky., and to my nephew, A. H. Hiatt, Broadhead, Ky.

Respt.,
J. E. Fish.

All right, Mr. Fish, here they go, and with my thanks to you, and we are sure with appreciation from those to whom the papers are sent.

Notice

Owing to continued rains last week we were forced to discontinue our meeting for the present.

Bro. Black will be with us on the third Sunday in August for a ten days meeting.

BEN HENDERSON.

You have waited too long to buy your Dreamland mattress. They have advanced now \$1.50 each to me, and consequently I have to sell them at \$19.50 instead of \$14.00. Neve-mind, they are worth \$25.00.—W. R. Womack.

I have had a number of calls for good porch swings. I have been unable to get one that I thought filled the bill, until recently. They are automatic. One really can swing without effort. Come and try the one on exhibition. If you do not like this one you do not want what you thought you did. It is true to its name, a swing. Only \$6.50.—W. R. Womack.

Thresher man and harvest hands! I have the Folding Army cot. The kind one can carry in their hand. Regular price \$3.00 each. If bought June 1st for cash 30 cents off or \$2.70 each. Any other time \$2.90 each. One less two or more are bought, then, \$2.75 for cash only. Don't let the damp ground keep you from a good sleep, buy a Folding cot.—W. R. Womack.

Meet me at Ferguson Bros,

Egbert Fish and M. H. Bishop were here from Vivian yesterday. They say that everything looks promising up that way, but that they have had even more rain than Crowell has had, and that the farmers are getting behind with their work.

Have you seen the new style Davenport? If not, you have missed something. The Duo-Fold is very little larger than a regular settee when closed. Open, it makes a full sized bed. Prices from \$29. to \$75.00. Only the cheaper ones carried in stock.—W. R. Womack.

W. A. Klepper is here from Denton, visiting his brother, J. W. Klepper and family. Mr. Klepper says that everything looks pretty good about Denton. He says that the State Normal issued six hundred permanent teachers' certificates out of one thousand graduates this year.

C. H. Golleher has returned from Waxahachie where he has been for several months. Hanson says that everything is pretty well drowned out down in Ellis county this year; that wheat has black rust, and that what cotton that is up is not doing well on account of the cold wet weather.

G. W. Reece handed us a dollar this week to pay for his Foard County News for another year. Mr. Reece intimated that the News is a little like whiskey getting better with age. Just such support is what makes it better, Mr. Reece.

L. D. Fox called the News man to his wagon as he was leaving town for his home Wednesday, and flipped us a dollar, saying: "I have never taken the Foard County News, but I have a dollar that I am going to put into it." One by one they come, and we appreciate every one. Wish we had three thousand, for readers of the Foard County News are no scrubs, but are among the best people in the world.

A wreck on the Orient near Benjamin delayed trains several hours Thursday. Roadbeds all over the state and even in other states are in a terrible condition on account of the continued rains. Just be patient, the Orient suffers from such conditions more than you do even if

your mother-in-law is delayed a day in getting to your home to spend the summer.

J. D. Johnson says that we made a mistake of 100 acres in his wheat report last week, and wants us to correct the report else find for him the extra hundred acres. The News man gave him 365 acres when he only has 265 acres. "J. D." says another reason why he wants the correction made is, some folks will be wanting him to pay his whole account because they think he had a big wheat crop. Well a hundred acres of wheat is a small matter in Foard county this year, but since the great moral weekly is noted for its accuracy, and for Mr. Johnson's benefit, we gladly make the correction.

W. R. McCormick, who by the way, besides being a mighty fine fellow, saying nothing about being the most accommodating telephone man in the world, has placed his order with the News prinary for a directory. Mr. McCormick, instead of figuring with half a dozen out-of-town printing concerns to see how cheap he could get the work done, did not so much as how as ask the price, knowing that we do printing as cheaply as good printing can be done to stay in business and help keep up the town. Look out for neat telephone directory in a few days.

Had you observed the wonderful growth that trees have made this season? The black locusts in the court house yard and in the private yards of Crowell have already put on a greater growth this season than they did during the whole of last year and the year before put together. On some of the trees there are twigs as long as a man's arm, and all grown this season. It appears that this was the proper year to set out trees.
