## Favorable Report Is Given of Trip Over Lee Highway

"The average of Lee Highway from the Zero Milestone in Washington, D. C., to the Pacific Milestone in San Diego, California, is higher for safety, comfort and economical operation of motor-vehicles than is the average of the streets of Washington" was the statement of Dr. S. M. Johnson who returned from San Diego by train arriving in Washington yesterday. Dr. Johnson, accompanied by Jas. A. Whitcomb, a capitalist of New York and Major I. C. Barber, U. S. A. of Washington, left Washington April 9 and motored across the continent, holding meetings in the interest of the Association in 33 towns and spending two days at the sixth annual convention of Lee Highway Association at Frederick, Oklahoma, April 20-22 and arriving at San Diego April 29. The actual running time for the cross-continent trip was seven days.

With the exception of a comparatively short stretch of primitive wagon-trail in western Arkansas, Lee Highway is a well graded and drained road throughout. In response to Dr. Johnson's call to the local chambers of commerce a bridge that was lacking was built within a week of the call and citizens of the region between Hot Springs and Dierks, Arkansas, are now organizing in answer to his call to "build a road in a day," so that soon the only section of Lee Highway left unimproved will be put in condition.

"We found only 14 miles of rough road between Washington and Hot Springs, Arkansas, said Dr. Johnson and that was southwest of Roanoke, Va., on a new grade where a \$35,000 a mile road is under construction. From Hot Springs to San Diego we found only eight miles of slow going, on a plank road across the sand-dunes in California just west of Yuma, Arizona, where the State is now building an 18-foot concrete road.

In southwest Oklahoma, however, we were fortunate enough to encounter the heaviest rain in 30 years. We were going over a splendid class A grade, smooth as concrete, but while the rain did not make heavy going and we did not put on chains, our car did the Charleston on the slippery surface. There was no danger as the grade was wide, but we slowed down to five miles an hour. We used this as the basis of our appeal to Oklahoma to hard-surface this section, with a probably favorable result."

Our convention was most successful, the auditorium seating 1200 not being able to accommodate the delegates. We dedicated a new bridge across Red River connecting Oklahoma and Texas, the bridge a mile in length, built for Lee Highway and the only free from toll bridge in all the 1400 mile length of Red River. Every community from Washington to San Diego is strong for Lee Highway Association and believes that Lee Highway is destined to be the most traveled road in the country.

## GETS ANKLE DISLOCATED

An accident, very unusual in its nature, happened to P. D. Moseley Monday in which Mr. Moseley sustained a dislocated ankle. Mr. Moseley operates the grader on the highways and he had stopped the machine on the Lee Highway near Thalia and had crawled under it to make some adjustments of the machinery. As he was backing out from under it a car came along at a rapid rate and would have struck Moseley squarely had he not dodged. The car ran over his foot. The man stopped his car and asked if Moseley was hurt and Moseley replied that he was not and the man went on, but Moseley got his number as he left.

At first Moseley did not think he was hurt but upon making an X-Ray picture of the injured member the doctor found that the ankle was dislocated but no bones were shown to have been broken. The injury is one that will disable Moseley for at least 60 days, so the doctor says.

## THALIA BAND CONCERT AND CANDIDATE SPEAKING

On May 27th, Thursday evening at 7 p. m., the Thalia band will give a concert in the auditorium of Thalia school house. After the concert all candidates are invited to speak.

## Boys Hold Their Own with Girls in School This Year

For many years it has been noticed that the girls in the Crowell high school have always been ahead of the boys in numbers. Often they were in the majority in the senior class and greatly in the majority in the number of graduates. It happened one time and possibly oftener that there was only one boy in the graduating class. He was bound to have felt himself a little lonesome among so many girls.

But this year a different story can be told. And we are very glad indeed that the boys are to be well represented in the graduating class. There are some odd things about the class of 1926, as stated by Superintendent Underwood some weeks ago, things that he had never known before. Here they are: The high school of 1925-26 has 182 pupils, 91 of these are girls and 91 are boys. The senior class has 14 boys and 14 girls. It is understood that about an equal number of each will receive diplomas.

We are glad that the girls are making good progress but we feel more like giving a yell for the boys this year because they are bringing up their ranks as they are.

## GRIBBLE-CHEEK

A beautiful wedding service was solemnized on Tuesday evening at 8 o'clock in the Methodist church when Miss Maryon Yvonne Cheek was given in marriage to Mr. Robert Gordon Gribble.

The beautiful ring service was said by the Rev. W. J. Mayhew, pastor of the Methodist church. Preceding the ceremony Mrs. J. H. Cope of Ft. Worth, sister of the bride, sang "At Dawning," accompanied by Mrs. R. C. Willingham of Quanah, who also furnished the wedding music, playing Lohengrin's Bridal Chorus as processional and Mendelssohn's Wedding March as recessional. During the service she played softly "I Love You Truly."

The church was artistically decorated in ferns and cut flowers. The railing was set with baskets and crystal vases of spring flowers. Before the altar was a beautiful trellis over which was twined vines and trailing ferns.

With the first notes of the wedding music the bridal party entered and filed down the north aisle of the church led by the ushers, T. S. Haney and Alton Nicholson. The matron of honor, Mrs. T. S. Haney, sister of the bride, came next. She wore a gown of orchid georgette trimmed in silver, with orchid slippers and carried an arm bouquet of pink gladioli. Miss Geneva Wishon in a bouffant frock of yellow georgette and lace with silver slippers was maid of honor. Her flowers were pink and white gladioli.

Master Jim Hill Erwin, son of Mr. and Mrs. Will Erwin, and nephew of the groom, dressed all in white carried the ring in the heart of a lily. Little Miss Marjoria Anne Cope, niece of the bride, clad in a dainty frock of white georgette over flesh satin, with a head dress of rhinestones and white slippers scattered rose petals in the path of the bride, who entered on the arm of her brother, J. H. Cope, of Ft. Worth, who gave her in marriage. The groom and his best man, Otis Nicholson, entered from the vestry and awaited the bride at the altar.

The bride was lovely in a girlish wedding gown of white crepe georgette and lace over white satin. The bodice was made tight with bouffant skirt over which were scattered tiny rosebuds. The bridal veil hung from a beautiful head dress of real lace held in place with a coronet of orange blossoms and lilies of the valley. She wore white satin slippers and carried a shower bouquet of lilies of the valley, bride's roses and fern tied with bridal lace. Her only jewels were a string of pearls.

Mrs. Cope wore coral satin trimmed in rhinestones and pearls with gold slippers. Mrs. Willingham wore green georgette trimmed in silver, with silver slippers. The bride's going away gown was midnight taffeta trimmed with touches of coral, hat and accessories to match.

After a short wedding trip to Ft. Worth and Dallas they will be at home to their friends in Crowell. Mrs. Gribble is the youngest daughter of Mrs. Ida Cheek and Mr. Gribble is the son of Mr. and Mrs. J. T. Gribble. Both were born and reared in Crowell and the many beautiful and useful gifts speak of their popularity and the hearty good wishes of their many friends.

Out-of-town guest list included: Mrs. J. C. Cheek of Dallas, aunt of the bride; Mrs. J. W. Cope, Seymour; Mr. Eudell Legge, Quanah; Messrs. Olan Prigley and Morris Christian, Paducah; Mr. and Mrs. R. C. Willingham, Quanah; Mrs. W. F. George and Miss Mary Louise Witherspoon and Mr. and Mrs. J. H. Cope and children of Ft. Worth.

## PLANS MATURING FOR NEW SCHOOL BUILDING HERE

Just now the school board of the Crowell Independent school district is waiting for sufficient time to pass after having effected a consolidation to order an election for bonds for the building of a new school house costing something like \$50,000. It is also planned to put the old building under good repair and provide a modern steam heating system for both buildings. This will provide ample facilities for the present and for some years to come.

The consolidation of Lone Star and Jameson with Crowell will give about \$2,000,000 valuations for the district. That is an increase of approximately \$300,000 over the valuations before consolidation and it will make it possible to take care of outstanding bonds against the district and vote sufficient bonds to erect the building and make the repairs now being considered and which are indispensable to the interests of the school.

The people of the district will find it necessary to exercise a little patience in the meantime. All this takes time and if any one expects that a new school building will be ready for occupancy by the time the next term of school opens he will be disappointed. It would be impossible to get it by that time. It could hardly be expected that a new building would be ready until in the early part of the year 1927 at best, but if plans mature that hope will be a reality in the future not very far distant.

Of course it depends on whether bonds are voted or not, but since the districts have been consolidated with that thought in mind, it is hardly probable that a successful bond election can not be confidently expected. The consolidation is an expression of the wishes of the patrons of all the districts in that direction.

Let us hope that one of the big school problems has been partially solved. We believe it has and that the future will soon find us with one of the best equipped schools in this part of the State.

## HERE IN INTEREST OF GREGORY ORPHANS HOME

Rev. L. C. Allen, the field secretary for the Gregory Orphans Home located at Abilene, was in our city Monday. Rev. Allen is making a canvass of all West Texas counties in the interest of the orphan and needy children. He requests the cooperation of all county officials, chambers of commerce and united charities in this work. One feature of the home that differs from other orphan institutions, is they will take children under fifteen years of age who are subjects for the reformatory. Their aim is to build character instead of wrecking lives. Rev. Allen requests every one to notify him at Abilene if they know of any orphan or needy children in this county. And if you wish to help in this work for God and suffering humanity send your donations direct to the home or Rev. L. C. Allen, Box 1251, Abilene, Texas.

## CELEBRATES BIRTHDAY

A surprise birthday dinner was given at the home of Mr. and Mrs. J. J. Brown Sunday in celebration of Mr. Brown's 66th anniversary.

It had been understood by other members of the family and near relatives that this was to be the program but Mr. Brown had never suspected anything of the kind, and about 10 o'clock Sunday morning the married children and their families and other relatives and friends began to arrive with baskets filled with good things to eat. Then it was that the truth was unfolded to Mr. Brown.

Those attending were Mr. and Mrs. Thorne Cates and six children, Joe Brown and wife, Rue Brown, wife and two children, Hubert Brown, wife and three children, Mr. and Mrs. W. W. Kimsey and little granddaughter, Bettie Shaw, Elmer Lawson and sister, Miss Thelma, and also a smaller sister and brother of theirs. Incidentally it might be said that this was also the 20th anniversary of Elmer and Miss Thelma, twins. All the children of Mr. and Mrs. Brown were present except Mr. and Mrs. Travis Brown of Davis, Oklahoma.

## BACCALAUREATE SERVICE TO BE HELD SUNDAY

As has already been announced, the baccalaureate services will be held at the Methodist church next Sunday morning at 11 o'clock.

Dr. E. L. Moore, pastor of the Presbyterian church of Vernon, will preach the baccalaureate sermon at the eleven o'clock hour. Dr. Moore is one of the strong characters of this country and is a good speaker. His message will be one worth while to hear.

Monday evening, May 24th, will be held the graduating exercises for the senior class. This will be at the Methodist church. Dr. Hill, president of the Northwest State Teachers College at Canyon, will also deliver an address at that time. Dr. Hill is well known as one of the leading educators of the country and his address will be interesting and helpful.

## Senior Play Friday Evening a Good One

The senior class had a full house Friday evening to enjoy the splendid play they had prepared under the efficient direction of Prof. Crouch.

There was no disappointment to the audience in their anticipation of an interesting play. It was a well selected one and it was evident that care had been taken in the selection of the characters and then it was well played.

The people of Crowell are coming to appreciate more and more such plays put on by home talent.

## APPRECIATES ISSUE WITH PICTURE OF OLD TIMERS

The following letter was received by T. S. Patton from W. B. Vaughn of Wynnewood, Okla., after he had sent him a copy of the News containing the picture of the men who voted in the election that created Foard County. Mr. Vaughn runs a cash mercantile store at Wynnewood. The letter follows:

Wynnewood, Okla., May 11, 1926. Mr. T. S. Patton, Crowell, Texas. My Dear Friend:

We are just in receipt of the Foard County News sent to my father, and I just wanted to thank you kindly for same. With keen interest we read the names under the picture and with wistful eyes we surveyed the picture. We are indeed glad to know that so many of the old timers are living. A great bunch of men, and great men they all are. I read with much interest every word in the paper, even to the ads, and I can see prosperity in your country.

My father and mother are 73 years old and are above the average for activity. The children are all living and are getting along very well. I mean to drive out to your town some of these days pretty soon and I want to bring Pa along with me. I want you to give old Jim Self and boys, Jim Bell, Bill Raser and all the rest of those old time fellows our very best wishes.

My daddy is quite active in politics. He is as straight as a soldier and can out walk any boy he has. He is comfortably fixed financially. Just he and Ma live alone.

Thanking you kindly for the paper and with best wishes to you and yours, I am,

Yours truly, W. B. VAUGHN.

## CEMETERY ASSOCIATION APPRECIATES CO-OPERATION

The ladies of the cemetery association who bear the brunt of the burden of caring for the cemetery are very appreciative of the hearty cooperation extended them in putting on the banquet on May 11th. Without the aid of the public they could not have made a success. Realizing this, they are grateful for everything that was done to help put the big banquet over.

Something like \$240 has been cleared, it is thought when all expenses have been paid. This will help them take care of the wages they are paying a man to care for the cemetery.

It is a worthy cause and everybody in the county, especially those who bury their dead at Crowell, should feel an interest in the work.

W. R. Womack left Sunday night for Dallas to attend the Embalmers Association which convened in that city on Tuesday. The meeting included Tuesday, Wednesday and Thursday.

## Next Few Days Will Tell Story of Wheat Crop

According to experienced wheat growers in this county, the next week or two will tell the story of the present wheat crop.

While every one is confident the crop will be one of the best in our history, it is still uncertain as to how it will compare with that of 1924, which was possibly the best in point of yield we have ever made. At the present time there is quite a lot of rust, the effect of which can not be foretold. Should the weather remain damp it may cut the crop short. If it should be dry and sunny there is hope that the rust will not be so damaging as has been feared.

Oats are very fine, possibly as good or better than at any former time, and a big yield is practically certain.

## Prohibition Speaker Has Large Crowds

H. T. Laughbaum of Oklahoma City filled his appointment at both the Baptist and the Methodist churches here Sunday in the interest of the Anti-Saloon League, urging law enforcement. He spoke at the Baptist church at the morning hour and at the Methodist church at the evening service.

The speaker appealed to the people to stand firm for the law as it now is and see that men are elected to Congress who are for prohibition and law enforcement. He thinks there is no danger of prohibition suffering if the good citizens will do their duty.

The speaker regards the clamor for whiskey as simply an influence set in motion by the breweries and liquor lovers and compared them to the weeds that grow in the cotton patch. War must be made on them just as one would make war on the weeds that his crops may grow.

His speeches were good and should have the effect to awaken the citizens who are for prohibition and law to a keener sense of their responsibility.

## APPRECIATES COPY OF PAPER

McKinney, Texas, May 18, 1926. Editor Foard County News, Crowell, Texas.

Dear Sirs:

By the kindness of your townsman, Joe W. Beverly, I received a copy of your paper containing the picture of citizens who voted in Foard County's organization. Sorry I was absent for I was one of the founders of that great county, and one of the locaters of the City of Crowell. Those fellows whose pictures are in the paper failed to state whether or not they were for Crowell or Foard City which were in the race for the county seat. I guess all the bitterness, if any ever existed, has long since vanished. It was a pleasure to look again at those sturdy, honest, courageous faces—such men as John Wesley, Billy Dunn, Joe W. Beverly, John W. Klepper, G. A. Mitchell, J. A. Wright, J. G. Thompson, R. P. Womack, Bill Raser, J. H. Ayers, John S. Ray, Jim Ashford, T. J. and S. J. Ferguson, Orville Grimm, Steve Roberts, Dave Shultz, John Gamble, Jim Self, Charley Sandifer and others. I want to say right here and now better men never hauled zip-water on a slide than those men—and their wives. God bless them all—could make the best plum cobbler out of the plums from the banks of Pease River that I ever ate in my life—not them only, but the wives of men men whose pictures are absent from the paper, but fresh and beautiful in my mind today as when a great big water-jointed boy came into your midst. Thacker, Crowell, Wells, Ayers, Smith, Logan, Colthorp, Rambo, Collins, Harrell, Grimm, Dooley, Donohoo, Cope, Bell, Rainey, Hartman, MaGe, Witherspoon, Carter, Moore, Adams, well I can't call all of them, but you know who they are. If not, get those whose pictures you have to tell you.

I quit—I'm full—not of plum cobbler, wish I were. Why don't some one send me some. I wonder—plums? I'll get the cobbler made at home by the prettiest woman and best cook in Collin County, my wife.

Yours truly, GEORGE P. BROWN.

## W. D. McFarlane Will Speak Here Sat. 2:30

W. D. McFarlane of Graham, candidate for State Senate, 23rd district, will speak here Saturday afternoon at 2:30 in the interest of his candidacy for that office. The speaking will be at the court house and a large crowd should be present to hear him.

## BOARD ELECTS TEACHERS FOR ANOTHER YEAR

At a meeting of the school board of the Crowell Independent district a large portion of the teachers were elected for the next term. These are: Prof. R. A. Palm was re-elected as principal of the high school; Prof. W. J. Morris, high school athletic director; Jesse Daftis, high school; Miss Jettie Arrington, high school; Mrs. Lena Davis, high school mathematics; Miss Mary Roberts, intermediate; Miss Winnie Self, intermediate; Miss Lottie Woods, primary; Mrs. J. R. Self, primary; Miss Velma Owens, primary; Miss Bernice Long, primary for Jameson. Although the Jameson district has been consolidated with Crowell, a primary department will be maintained at Jameson.

These are not all the teachers for the school. Others will be elected as early as possible.

Two of these teachers, it is to be noted, are new ones, Miss Mary Roberts and Jesse Davis. They are both very highly recommended and have had experience. Miss Roberts comes from Roysse City and Davis from Weimert where they have been employed as teachers.

A change in the official operation of the Crowell school will be that which takes place in the board. The districts coming in with Crowell will be represented on the board and in compliance with that understanding, H. E. Ferguson has resigned and T. W. Bursley has been elected to represent the Jameson district on the board. Another one of the old members of the board will resign as soon as a man can be decided upon by the Lone Star district which also consolidated with Crowell. This will give the two districts added a voice in the operation of the school here just as if it were in their own community. That is as it should be. The Crowell school will not be simply the school of the town but for all who have a right to send here and share its benefits.

## MARGARET SCHOOL CLOSES

This week has been one of the biggest weeks in the history of Margaret. On Monday evening Mr. and Mrs. H. B. Maddox and pupils of Thalia and Margaret gave a musical program in the auditorium of the new school building which was filled almost to its seating capacity. This program was one of the best the writer has had the pleasure of attending for some time and perhaps the best that he ever attended. These two communities are to be complimented on having two of the best young bands to be found in this part of the country. This goes to show community spirit. Rev. Johnston made an excellent talk on community spirit, in which he referred to the good representation of Margaret at the West Texas Chamber of Commerce meeting at Crowell as being the best advertising that Margaret could have. I too, think that Margaret has been well advertised because other communities have taken notice to the good work that is going on in this community and I think that the future will be greatly benefited by the interest that Margaret has taken in community building. Mr. McConnell also made an interesting talk concerning the school work of Margaret.

On Tuesday the school held a May Festival which was a great success. Most every patron of the school visited the school house some time during the day. The commencement exercises were not held on Tuesday evening as planned due to the stormy weather, but were held Wednesday evening.

Margaret has just closed one of the most successful terms of school in its history and the people of that community are to be congratulated on having such splendid teachers, who rendered such valuable service in training the young minds of the community.—By a Visitor.

## JIM COOK HERE FROM NEW MEXICO

Mr. and Mrs. Jim Cook are here from their home at Levy, N. M., having arrived Saturday. They came from Levy to Clarendon, nearly 400 miles in one day. They are here on a visit and also to consult the doctors relative to Mrs. Cook's health which has been poor for a year. Jim at one time was in very poor health and is not yet thoroughly over his troubles but is much improved.

They expect to spend about two weeks before returning.

If you think the world is all wrong, try filling out a questionnaire on your own conduct. All that any of us need now is a little oil in the lawn mower and some elbow grease.

# Greater Values Follow Greater Production

| YEAR | DODGE BROTHERS TOTAL PRODUCTION | PRICE OF DODGE BROTHERS SEDAN |
|------|---------------------------------|-------------------------------|
| 1921 | 92,476                          | \$2150                        |
| 1922 | 164,037                         | 1440                          |
| 1923 | 179,505                         | 1385                          |
| 1924 | 225,641                         | 1245                          |
| 1925 | 259,967                         | 1195                          |
| 1926 | (greater still)                 | *1075—**895                   |

The middle column explains why Dodge Brothers have been able, year after year, to IMPROVE their product and REDUCE PRICES at one and the same time.

Greater and greater production automatically produces greater and greater values.

Your dollar today buys more—

Comfort  
Beauty and  
Dependability

than ever before in Dodge Brothers history.

### HOW ABOUT A PIECE OF MEAT?

To roast, to broil, to stew, to boil, to fry

The highest degree of satisfaction accompanies any choice of serving when meat from our shop is used.

It makes no difference what your tastes may be, we are here to serve you and we go to any length to do it.

The established quality of our meat is maintained by our constant effort to excel.

Sanitary Market Que R. Miller, Prop.

### VIVIAN

(By Special Correspondent)

Miss Effie McLaren returned to her home Thursday of last week after spending a few days with Miss Lorea Morris of Guthrie.

Mrs. W. H. Adams of Crowell is spending a few days with her daughter, Mrs. W. O. Fish.

There were several from this community who attended the senior play at Crowell Thursday night of last week.

Mr. and Mrs. H. Y. Downing and small son of Vernon spent from Wednesday until Sunday visiting her parents, Mr. and Mrs. J. W. Carroll, of this community. They were accompanied home by Miss Nellie Carroll who will visit them for several days.

Mr. and Mrs. W. O. Fish and children and Bernita Fish spent Sunday in the home of Mrs. Fish's mother, Mrs. W. H. Adams, of Crowell.

Mr. and Mrs. C. A. Bowley and children of Crowell spent Saturday night and Sunday with Mrs. Bowley's brother, Plato Carroll.

Mr. and Mrs. R. L. Davidson and family of Vernon spent Wednesday night and Thursday with Mrs. Davidson's parents, Mr. and Mrs. R. N. Beatty.

Our community was made sad Friday morning when we heard of the death of Mrs. A. C. Taylor, mother of Mrs. T. W. Cooper. She was laid to rest in the Crowell cemetery Saturday afternoon.

Bobbed hair may turn gray quicker, as claimed by one doctor, but there isn't so much of it.

### FLOOR Surfacing Machine

I now have an electric floor surfacing machine and will appreciate any work in this line. See me for prices.

A man usually excuses himself with the thought that "it was just a bad investment," but thinks his wife's loss is due to "a woman's poor judgment."

**Renew Your Health by Purification**

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 85¢. At any drug store. (Adv.)

**APPRECIATION:**

We wish to express our appreciation of the splendid patronage the public gave us while we were operating Mack's Filling Station. Your patronage contributed very materially to our success and we appreciate it more than we can express by means of words.—Jones & Ely.

**THALIA**

(By Special Correspondent)

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 21, 1926

**PROBABILITIES OF POTASH**

If there is anything to statements made by men who should know what they are talking about, the deposits of potash in West Texas will be a source of great wealth some day. One expert says it will overshadow the oil industry. The Fort Worth Star Telegram reports statements made by M. T. I. Page of London, who visited Fort Worth Tuesday, as expressing surprise that the Government has waited so long to make appropriations for an exhaustive survey.

"Page has traveled all over the world for English, Dutch and American interests," says the Telegram. "Most of his activities in recent years have been confined to Texas, Mexico and South America. He said that some time ago he had inspected areas in West Texas that caused him to believe large deposits will be found in this section."

The average person knows nothing about our potash deposits, and even experts are only theorizing, but it seems that they have strong support for the belief that we have rich deposits and some of these days we are going to know about it.

There is one thing we do know about West Texas, and that is that it is developing rapidly along many lines. That development has been steady and we believe it has only commenced."

**MRS. A. C. TAYLOR DIES**

Mrs. A. C. Taylor died at the home of her daughter, Mrs. T. W. Cooper, in the Vivian community last Friday after a long illness. For 56 days she was confined to her bed and she endured her suffering without a murmur.

She was born in Kentucky in 1847, came to Texas three and one-half years ago to live with her daughter. She leaves seven sons and three daughters to mourn her loss. They are: W. B. Taylor, Antioch, Tenn.; L. H. A. U. and P. L. Taylor of Loomis, Cal.; H. B. Taylor, Acampo, Cal.; and C. S. Taylor and E. G. Taylor, Yuba City, Cal.; Mrs. Emma Whitney, New Castle, Cal.; Mrs. Verah Stephens, Loomis, Cal.; Mrs. T. W. Cooper, Crowell, Texas, and two grandchildren here, Mrs. Will Russell, Mrs. Carl Wishon.

Mrs. Taylor was a faithful member of the Baptist church for 62 years. Funeral services held at the home by Bro. Hedges after which the interment was made in the Crowell cemetery.

**Card of Thanks**

We wish to thank each and every one for the kindness shown us during the sickness and death of our dear mother, Mrs. T. A. Johnson, and for the floral offerings. May God's richest blessings rest on each and everyone of you.

Mrs. E. H. Roberts and Family,  
Will Johnson and Family,  
Mrs. J. L. Shultz and Family,  
Mrs. G. B. Neill and Family.

**Christian Science Services**

**"PLEASE FURNISH REFERENCES"**

When you apply for a position of any consequence, that is the first thing you are asked to do, isn't it?

"Please furnish reference," says the prospective employer, "a banker preferred."

We are not attempting to paint a banker, personally, as such a remarkable man, but would simply call attention to the fact that he is in position to know the financial ability and integrity of a large number of people in the town.

It may ofte be a big help to you to have done business with a good bank, and to be well known by a leading banker. Start saving today and establish connections with a strong bank.

**Doings in West Texas**  
(By West Texas C. of C.)

San Antonio—U. S. Pawket, Chairman of the Traffic Bureau, and R. Q. Lee, President of the West Texas Chamber of Commerce will represent that organization at the cotton compress hearings to be held in Dallas on June 4th. Chairman Pawket has already represented the organization at past hearings at Houston and New Orleans.

Stamford—The Brief of the West Texas Chamber of Commerce supporting the application of the Southern Pacific Lines to build a new line of railway from San Antonio (Falfurrias) to the Rio Grande Valley has been prepared and filed with the Interstate Commerce Commission at Washington to argue the case both on behalf of the San Antonio and West Texas Chambers of Commerce.

Alpine—The application of the Davis Mountain region for the location of the University of Texas Astronomical Observatory was stressed at a special luncheon meeting of the Alpine Chamber of Commerce held here Monday. Among those to speak on the subject was Porter A. Whaley, manager of the West Texas Chamber of Commerce, who advocates that all the towns in the Davis Mountain location, letting the Selecting Board pick the particular mountain or peak best suitable for the location.

Lubbock—The Texas Technological College announces the staging of a stupendous West Texas pageant at the close of the present college year.

This pageant will deal with some of the big accomplishments of West Texas during the past ten years, including the securing of the Texas Technological College itself.

Abilene—The Abilene Chamber of Commerce announced today that Abilene would take two hundred and fifty memberships in her eighth annual renewal campaign for memberships in the West Texas Chamber of Commerce.

Haskell—The first Air Mail letter received in Haskell over the Fort Worth-Chicago service, was received here today by B. M. Whiteker, exhibit manager of the West Texas Chamber of Commerce.

Wichita Falls—J. W. Chatham, traffic manager of the Wichita Falls Chamber of Commerce, has returned from Austin where he attended the hearing before the State Railroad Commission regarding regulations governing the operations of motor trucks in Texas. Two committees were appointed as a result of the program of discussion at Austin and a later meeting is to be held at Dallas when rules and regulations will be drawn up. Traffic Manager Chatham will attend this Dallas meeting, as will F. A. Leffingwell, traffic manager of the West Texas Chamber of Commerce.

Chillicothe—The United States Agricultural Experiment Station, located here, and the first place in the United States where the sorghum grains were grown, immediately following the importation of the seed from South Africa, announces

that special work in propagation of kafir and feterrita seed will be undertaken as a part of the advanced program for 1926-27.

Roswell, N. M.—A special train shall be operated over the Pecos Valley Lines of the Santa Fe Railway to the Amarillo convention of the West Texas Chamber of Commerce, according to announcement made by the Roswell Chamber of Commerce.

Abilene—Building operations have passed the \$1,500,000 mark for the first four months of 1926, a record for a Central West Texas city. San Angelo permits are also in the neighborhood of a million and a half dollars for the same period.

**B. Y. P. U. Program**  
Introduction—Hallie Mae Johnson.

Creator Greater than the creature—Florence Griffith.

Isaiah foretells Israel's future—Inez Ivie.

God's greatness argues his knowledge—Mrs. E. C. King.

Isaiah answers two great questions—Lee Black.

God's greatness not beyond faith—Earl Smith.

Blessed results to us—Mattie Posey.

Every one invited to be present at 7 o'clock.

**Notice**

Those who owe accounts to Mack's Filling Station are asked to settle at once. The books will be open for settlement at Quick Service Station. Please look after this matter at once.—Jones & Ely.

**FOR WORKING PEOPLE**

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

With Better Values Than Ever Before

**OUR SPECIAL TRADE-IN SALE**  
is your best time to trade  
your tires for General

**6-Ply Balloons**

Owners of the heavier cars now realize the tremendous advantages of the 6-ply balloon—hundreds are changing to this improved balloon tire.

To run on General 6-ply balloons is to know real tire comfort and satisfaction—more mileage—no more punctures than regular size tires—the greatest riding comfort you ever experienced.

Now is the time to make this change—for our Trade-in Sale gives you an advantage over today's tire prices. In this sale we offset the cost by making special allowances on your present tires. No matter how much or how little your tires have been used, it will pay you to come in.

The right thickness to stand up under the heavier cars.

We are going to take into consideration the fact that when the high cost of rubber caused tire prices to rise, it also increased the value of the tires already on your car. So your present tires will never be worth more to you than now.

**Crowell Service Station**

The **GENERAL TIRE**

Every type and size of General Tire, large and small, low-pressure Cords as well as Balloons, are included in this event.

Pay roll bands generally get to work for the state without pay.

**Bad Color**  
(liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Theodor's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."

Although it is bigger and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate. This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor. Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Get a demonstration and let us show you why this is true.

(By Special Correspondent)

Mrs. V. A. McGinnis spent Monday in Crowell with her daughter, Mrs. Ernest Flowers, and family. Mr. and Mrs. Jesse Crank and baby of Rayland spent Saturday night and Sunday with C. E. Stewart and family. Also Mr. and Mrs. Watson spent Sunday with them. Vernon Pyle and family spent Sunday with Homer Zeibig and wife of Crowell.

Mr. and Mrs. Dave Solis visited Homer Zeibig and wife Sunday afternoon near Crowell.

Miss Zola Watson who has been working in Vernon is visiting her parents this week.

R. R. Pyle and wife received a box of fresh vegetables last week from the former's father and brother who live near Bay City. The vegetables consisted of fresh potatoes, beans, beets, onions and cabbage, one head weighing 3-4 lbs. They were all very fine.

Mr. and Mrs. Dave Shultz spent Saturday night in Vernon with Mr. and Mrs. Claude Roberts.

Mr. and Mrs. S. I. Shultz and son, Milton, and daughters, Robbie and Irene, of Vernon spent Sunday with Mr. and Mrs. D. M. Shultz.

Mr. and Mrs. Marvin Phillips and baby visited with Yancey Lindsey and family of Thalia Sunday.

W. L. Smith of Margaret visited Sunday afternoon in the J. R. R. Fox home.

Mrs. Easter Butler and Mr. and Mrs. John Gamble of Crowell spent Monday with their daughter, Mrs. Mollie Free. The Gamble brothers planted Mrs. Free's cotton for her Monday.

D. M. Shultz and wife, Ray Pyle and family spent Sunday afternoon with J. L. Shultz and family of Thalia.

Mr. and Mrs. Frank Martin of Grapevine visited with Mr. and Mrs. D. M. Shultz from Wednesday to Friday night of last week.

Mr. and Mrs. George Fox and baby of Thalia took supper Sunday night in the J. L. Short home.

Mrs. Dave Shultz and Mrs. R. R. Pyle were in Crowell Monday.

Mr. and Mrs. V. A. McGinnis, Mrs. Dock McGinnis and Mrs. Marvin Phillips spent Saturday in Vernon.

Mr. and Mrs. Ed Peacock spent Sunday with Mrs. Peacock's father and mother, Mr. and Mrs. Blakemore, of Foard City.

Paul Bishon and wife and Mr. Greenhouse visited in this community Sunday.

It's against the law for a widow to remarry in India, which explains the low mortality rate among husbands.

**Notice of Hearing to Approropriate Public Waters of the State of Texas, No. 1035.**

Notice is hereby given, to whom concerned, that City of Crowell, the postoffice address of which is Crowell, Texas, did on the 26th day of April, A. D. 1926, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from Raggedy Creek, a tributary of the Pease River, in Foard County, Texas, distant in a N. W. direction from Crowell, Texas, 2 1/2 miles. You are hereby further notified that the said City of Crowell, Texas, proposes to construct a dam, to be of natural red clay, having a height from one to 29 feet, length of dam 660 feet, having a top width of 15 feet, and a bottom width of from 15 to 100 feet, thus creating a reservoir having an average width of 300 feet, length of impounded water 5400 feet, an average depth of stored water 8 feet, and having a storage capacity of 304 acre-feet and to impound therein and divert therefrom not to exceed 250 acre-feet of water per annum for the purpose herein stated.

A hearing on the application of the said City of Crowell will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Tuesday, June 1st, A. D. 1926, beginning at ten o'clock, A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, at Austin, Texas, this 27th day of April, A. D. 1926.

JNO. A. NORRIS,  
C. S. CLARK,  
A. H. DUNLAP,  
(Seal) Board of Water Engineers.  
Attest:  
A. W. McDONALD, Sec.

**Contract Work**  
See me individually for your contract work. I shall be glad to make estimates on any kind of carpenter work you want done.  
H. D. POLAND

**ABNORMAL FEAR OF TUBERCULOSIS**

On account of there being so much abnormal fear of T. B. it has prompted me to choose this method of correcting some of it among my friends if possible.

People at large are afraid of those they know have T. B. That is wrong. They should be afraid of those who have T. B. and do not know it. They have no thought of protecting those as one does who knows he or she has it.

Many times I have heard some one say "I believe she or he has T. B. because they cough." I can truly say we will hear more coughing on the streets than we will in the largest sanitariums. In fact, in any town of ten thousand or more inhabitants there is always as many as five hundred tuberculars. Some know they have it, but a large percent have been told by some doctor they have bronchitis or some other trouble. I am going to say here Foard County doesn't have those kind of doctors and it is a God's blessing to it.

Many T. B. specialists say 98 per cent of the people have the germ in their system. Then we can readily see that we who have been fortunate enough not to break down have the germ waiting to find our system in condition so it can take us from our worldly cares from twelve months to five years under careful treatment.

**Examination of Patients**  
We are taught by T. B. specialists that doctors who claim to examine and diagnose any chronic case in less than an hour are taking our money without giving value received. This does not mean to say a doctor can not find T. B. in less than an hour, but he must know if there are other complications.

First, we should have a record of a patient's temperature and pulse for ten days, together with an examination of the ears, nose, throat, sputum and urine. Then the patient should be stripped to the waist, then the surface of the body, particularly the abdomen and chest, searched for evidence of the disease. Then comes the routine examination of the chest in this connection. While the patient's mind should not be cluttered too much with details we cannot refrain from emphasizing the most neglected feature of a lung examination as commonly made. This is described as "cough after expiration." In other words, while the examiner listens through his stethoscope the patient empties most of the air from his lungs and coughs. We are taught that whoever has had an examination of the lungs without this method has not been properly examined. Neglect of this one thing has reduced thousands to hopeless invalids or worse when its use might easily have led to an early diagnosis and cure.

**Treatment**  
While scientists the world over have searched for some remedy during the last fifty years which would effect a radical cure in tuberculosis, we are practically dependent on hygienic measures to combat the disease. Never a year passes but some misguided enthusiast or unprincipled quack proclaims some discovery of long sought serum remedy. The result of trial has been uniform failure. So far as drugs we are no closer to a solution of the problem than we were one hundred years ago, except for the fact we use fewer drugs. It has been well said the one remedy which has stood the test of time is rest. Today for the average, uncomplicated case of pulmonary T. B. treatment stands on the well known tripod, "Rest, fresh air, good food."

Many people have never seen the rules given to all patients when entering a sanitarium to co-operate with. Before giving these rules I am going to say every one that has T. B. should stay in a sanitarium at least long enough to know how to take care of themselves and understand what treatments are best to get a cure.

The following list may be incomplete for I aim this to be a practical, rather than a scientific treatise on T. B. It will, I believe, cover the most important details:

Rest as much as sixteen hours in bed until there is no active trouble, high pulse or temperature. Fresh air and sunlight, good food. Advice from a competent doctor together with honesty of purpose on the part of the patient. Cleanliness, common sense, Bull dog tenacity. Time, money.

Many have in mind now "how long will it take this treatment to effect a cure?" With the patient giving himself or herself entirely to these rules, if their case is not far advanced, it is possible to affect a temporary cure in two years. A very small percent ever have a permanent cure, which cannot be had under five years.

To those who are afflicted, make peace with your disease, and then learn the true meaning of these words, "Rest, caution, sacrifice."  
Yours respectfully,  
LEE BRADFORD.

**5 1/2 Per Cent FARM & RANCH LOANS** by the Federal Land Bank of Houston. Easy terms—5 to 35 years. Dependable service. This bank has loaned \$120,000,000 to forty thousand Texas farmers in 8 years.

### DEATH OF LITTLE GIRL

Last Monday night, about nine o'clock, little Kate Elizabeth, daughter of Mr. and Mrs. H. H. Fish of this city, was called by the Death Angel to her home in Heaven, where disease is unknown, and where eternal happiness reigns supreme.

This little flower, so carefully nurtured in a home of love and tender affection, had lived to be five years, five months and thirteen days of age, scattering sunshine throughout the home by her merry laughter and childish glee. Mother's and father's hearts are almost breaking, and brother's lives are made sad by the sudden snatching away of this pure, precious life, but they have the consolation of knowing that they may meet her in the Home not made with hands, a place where parting is unknown.

Kate Elizabeth had been feeling ill for a few days, but seemingly there was nothing serious the matter. Suddenly she developed meningitis, and the end soon came.

Funeral services were held in the First Methodist church last Tuesday afternoon, at 3:30 o'clock, after which interment was had in the city cemetery.

The Post extends deepest sympathy to the bereaved parents and other relatives in this hour of gloom.—Paducah Post.

### Columbian Club

On May 1st the Columbians enjoyed a delightful meeting at the home of Mrs. McLaughlin with Madams Jimmie Self, Glynn Shults and T. R. Magee as hostesses. This was Federation Day and Mrs. Percy Ferguson gave an interesting report from the District Club meeting in Childress.

On May 12th Mrs. Q. R. Miller was hostess for our Book Day program. Madams Roberts, Edwards, T. L. Hughston and Kincaid gave criticisms of the following recent books: "He Was a Man," by Rose Wilder Lane; "The Little French," by Sedgwick; "A Passage to India," by Foster, and "The Life of Christ" by Papini.

This closed the regular work for the year. On Tuesday evening, May 25th, the members and their families will attend a picnic on the lawn at the L. S. Spencer home.

We have enjoyed a very interesting and profitable year in club work and after a summer of recreation we hope to enter again upon our study in September.—Reporter.

In these days when one can buy an automobile for eight cents a day and get a liberal education by reading fifteen minutes a day, it is difficult to see what anyone has to complain about.

### Notice of Application for Letters—Guardianship

THE STATE OF TEXAS.  
To the Sheriff or Any Constable of Foard County—Greeting:

You are hereby commanded to cause to be published, once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS  
To all persons interested in the welfare of Charley Lyles and Claud Lyles, minors:

You are hereby notified that J. M. Clayton has filed in the County Court of Foard County, an application for Letters of Guardianship of the persons and estates of said minors, Charley Lyles and Claud Lyles, which will be heard at the next term of said court, commencing the first Monday in June, A. D. 1926, the same being the 7th day of June, at the court house thereof, in the town of Crowell, at which time all such minors, may appear and compare persons interested in the welfare of test such application should they desire to do so.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed,

showing how you have executed the same.

Given under my hand and seal of said court, May 17th, A. D. 1926.

GRACE NORRIS, Clerk.

I hereby certify that the above and foregoing is a true and correct copy of the original citation now in my hand.

L. D. CAMPBELL, Sheriff.

### CHRISTIAN CHURCH NOTES

There will be preaching services by the pastor, A. R. Caudle, at the 1st Christian Church in Crowell next Sunday, May 23rd, at 11 a. m. and 8 p. m. We hope for a full attendance of the membership, and all other visiting friends and the general public are made most welcome. Come and worship with us.  
A. R. CAUDLE, Pastor.

The energy men waste pulling up their trousers, when they wear a belt, is another latent power that ought to be harnessed and put to some use.

You can always get a few more miles out of last spring's clothes.

**Card of Thanks**  
We wish to thank our friends and neighbors for their kindnesses to us in the sickness and death of our dear mother and grandmother. We do so much appreciate the beautiful flowers. Eternity alone can tell the gratitude of our hearts.  
MR. AND MRS. T. W. COOPER,  
MR. AND MRS. WILL RUSSELL,  
MR. AND MRS. CARL WISHON.

**NOTHING LIKE IT ON EARTH**  
The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (Bottle) 50c, 60c and \$1.20. Powder 30c and 60c. Sold by  
For Sale by Ferguson Bros.

**NOTICE BY PUBLICATION**  
THE STATE OF TEXAS,  
County of Foard, in County Court.  
THE STATE OF TEXAS  
To the Sheriff or Any Constable of Foard County—Greeting:  
You are hereby commanded to cause to be published in the Foard County News, a newspaper of general circulation in said county, at least one a week for ten consecutive days before the return day hereof, the following notice:  
THE STATE OF TEXAS.  
To all persons interested in the estate of Lizzie Hammonds, deceased, Jim Hammonds has filed in the county court of Foard County, Texas, an application for the probate of the last will and testament of said Lizzie Hammonds, deceased, filed with said application and for letters testamentary of the estate of Lizzie Hammonds, deceased, which said proceeding will be heard by said court on the 7th day of June,

1926, at the court house of said county, in Crowell, Texas, at which time all persons interested in said estate are required to appear and answer said proceeding, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness my hand and official seal, at Crowell, Texas, this 19th day of May, 1926.

GRACE NORRIS, Clerk,  
County Court, Foard Co., Texas,  
By ITHAMA H KIMSEY, Deputy 48

### GUARDIANSHIP NOTICE

In re guardianship of the estate of Joe W. B. Johnson, a minor, No. 187, in the county court of Foard County, Texas:

Notice is hereby given that I, Mrs. S. E. Johnson, guardian of the estate of Joe W. B. Johnson, a minor, have this day filed my application in the above titled and numbered cause for an order of the County Judge of Foard County, Texas, authorizing me as the guardian of the estate of said ward to make a mineral lease upon such terms as the court may direct, of the following described real estate belonging to the estate of said ward, to-wit:

The west 45.75 acres of the east 93.5 acres of the south 182.75 acres of the north one-half of section No. 277, block A, H. & T. C. Ry. Co., and being the same land partitioned to said Joe W. B. Johnson by decree of the district court of Foard County, Texas, as shown by certified copy of said decree of record in Vol. 43, page 498, of the deed records of said Foard County, Texas.

Said application will be heard by the county judge at the court house in the City of Crowell, Texas, on the 7th day of June, A. D. 1926.

MRS. S. E. JOHNSON,  
Guardian of the Estate of Joe W. B. Johnson, a Minor.

### BARN BURNED

The barn on the Davis farm on Pease River burned Wednesday night. M. B. Olden who is renting the place lost a new wagon, \$200 worth of alfalfa hay, 2 big bins of maize, 10 sets of harness and many other things. The total loss is estimated about \$2200 without any insurance.

The only difference between the fisherman liar and the golf liar is that in the first case it's a problem in addition and in the other, one of subtraction.

### INSURANCE

Fire, Tornado, Hall, Life, Health, Accident, Plate Glass, Cotton.

LEO SPENCER

## TEXHOMA PRODUCTS

All your oil and gas needs, as well as your wants, are abundantly supplied by the Texhoma products. They are as high in quality as the best, a fact conclusively proven by the constantly increasing demand for them.

# An Unusual Opportunity

## Compare the Prices Asked for These Buckeye Tires

made and guaranteed by the Kelly-Spring Tire Co. and branded with the Kelly name—with the prices asked elsewhere for cheap tires of inferior quality.

These well-known tires are made by a firm that has built millions of tires and that in over thirty years has never knowingly put its name on anything but tires of the finest quality. Buckeye are full size, well built and very sturdily constructed throughout. The four-inch size are all full six-ply.

Compare the prices below with those asked by the mail order houses and remember that Buckeyes are not "Mail Order" tires, but merchandise of Kelly-Springfield quality, branded with the Kelly name and covered by the regular Manufacturers' Standard Warranty.
