

THE FOARD COUNTY NEWS

AND CROWELL INDEX

VOLUME XXXV NO. 8

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, AUGUST 20, 1925

8 PAGES

\$2.00 A YEAR

FINE RAIN SUNDAY BOON TO ALL CROPS

The fine rain Sunday afternoon and night will prove a wonderful boon to all crops here. The rain set in about 6 o'clock and continued for the most part throughout the night, and Monday morning the gauge at the First State Bank showed a precipitation of 2.30 inches. In some portions of the county a much heavier rain was reported, some measuring as high as 5 inches. Likely that is a little too much but in all probability it was much heavier east of Crowell than it was here.

It will be great for the cotton. Some of the farmers had expressed a little anxiety about the cotton and were wishing it might rain. However, cotton had suffered very little, and if the hurtful boll worms or the caterpillars do not appear there is almost certain to be a record crop made.

Such as a bale to the acre has been estimated by optimistic farmers, should the necessary rains come in time. Feed is already made. The wheat land, thousands of acres of which have already been made ready for the rains, are now soaked and in fine shape for the fall sowing. And what makes this look so good is the fact that the rain seems to have been general.

WENT TO PEN

It was a volunteer act on the part of S. E. Scales and his wife when they went to the pen last Sunday as a week ago while they were at Alister, Okla. There were about 2000 people who went to hear the prison band put on a concert. Mr. and Mrs. Scales were visiting the family of their daughter, Mrs. Irving Hague.

Mr. Scales reports very fine crops in that section of the country.

Quanah Boy Shot In "Holdup" With "Unloaded" Rifle

Quanah, Texas, Aug. 14.—Children playing with an "unloaded" gun was the cause of Hubert Edmonds, nine years old, being brought to the Quanah sanitarium yesterday suffering from a flesh wound in his hand. A bunch of children had been playing with a target rifle, supposed to be unloaded, and a playmate staged a "holdup," in which little Hubert didn't "stick 'em up" quick enough to suit him. Doctors do not expect any serious results. The Edmonds live at Agatite Milltown, four miles west of Quanah.

A NUT

The above was the caption of an item in the Quanah Tribune-Chief of last Friday, and the contents of the paragraph under the caption related to what the Childress Index had said relative to a great gas well which the Navarro people had brought in 35 miles southwest of Childress on the Frank Easley place. The Childress brother was talking about what a wonderful well this was and what it would mean for Childress. The well was evidently the one being drilled by the Navarro people on the McAdams ranch just west of Crowell about 15 miles. The Tribune-Chief very mildly corrected the false impression intended to be created by the said nut and it is hoped that hereafter facts will be given.

If there had been a gas well brought in on the McAdams place by the Navarro Company the News would have heralded the news abroad, but it will not do it until that well is brought in. When you see it in this paper it will be about as nearly that way as the facts will warrant.

No damage will result from the explosion of little bags of wind, a fact of which the general public is pretty well aware.

Not more than 5 million feet of gas was ever reported by the well and the people of Foard County are not going to get excited over that. The Childress editor gets a thrill out of it, why, he is entitled to it. He is looking for bigger things. And even if the well had shown one hundred million feet of gas, Childress is so far removed from the well he would never know the difference.

Keeps Record on White Leghorns

A record kept by S. E. Tate on 35 White Leghorns on just ordinary feed, during the months of March, April, May, June and July, shows a production of 2718 eggs, or an average of 77.65 eggs per hen during the five months.

The lowest day's production from the 35 birds was 6. This was on the 13th and 15th of March. The highest day's production was 30 eggs. This was on the 22nd of July. During the month of March they produced 453 eggs, April 575, May 540, June 549, July 692.

Mr. Tate has been practicing culling for some time. At present he has about 1200 chickens and intends keeping 300 laying hens. He has the White Leghorns and the Rhode Island Reds. They will be kept in separate pens during the breeding season.

Mr. Tate's White Leghorns have made an excellent record considering the treatment they have received. He is planning on enlarging his poultry business.

MARRIAGE LICENSE ISSUED

Richard J. Cheatham of Vernon and Miss Elenor Myers of Denton.

Roy Fox and Miss Maggie Patton.

H. M. Tucker and Miss Ruby Lee Athey.

James J. McAdams and Miss Gertrude Frances Willis.

School Per Capita Is Fixed at \$11.50 Lowest Since 1919

The dailies carried a news dispatch from Austin Monday to the effect that the per capita scholastic apportionment for the year 1926-27 had been fixed at \$11.50 by the state board of education. This is the lowest apportionment since 1919-20, when it was \$8.50.

State School Superintendent Marrs is quoted as having said the legislature would be asked to make a supplemental apportionment of more than \$1,000,000 in order to raise the apportionment up to \$15.00. The apportionment last year was \$14.00. This, according to Marrs, was made possible on account of a large balance from the preceding session and also from savings that had been effected in book purchasing.

That relief will be given is almost certain. Mr. Moody, who will be elected Governor, favors a \$15.00 apportionment and no doubt a way will be found to supplement the \$11.50. It is said that at least \$3,500,000 will be needed to bring the apportionment up to what it was last year and that \$5,000,000 is the amount really needed to meet requirements.

In all probability the Legislature will pass a gasoline tax and out of that supplement the school fund. Whether that can be put into operation in time to be of benefit to the public schools for the next school term is doubtful, but it will mean relief ultimately and some way can be found to meet the approaching emergency.

Mrs. S. A. Taylor Receives Message of Brother's Death

A message came from Birmingham, Ala., Monday stating that W. C. McCullough, 38 years of age, the oldest brother of Mrs. S. A. Taylor, had been accidentally killed Monday morning by a switch engine. Mr. McCullough was working for the Birmingham Rail & Locomotive Company at the time of his death.

Mrs. Taylor has made plans to leave today for Birmingham.

READ THE ADS

Possibly it is not necessary to insist on our readers reading the ads, for advertising has come to be looked on as a class of news, and yet there may be those who might overlook some of them. We ask that you get the habit of reading the ads each week. They contain a message for you. They are intended to be read just as other matter and if you fail to read them you may be the loser.

We especially call attention to the church advertisement now being run by the churches. And when you have read it you will see that it contains a message from your church to you. If you have a church, if you have not one, then it is a message from all of them to you.

OUR QUOTA FOR NEW RAIL ROAD RAISED

Foard County's quota of \$1,000, the amount assessed against us as our part of the expense of obtaining a charter and printing the bonds, etc., for the new proposed railroad from Ringling, Okla., west by Vernon, Crowell and through the Panhandle country, has all been practically raised and the money put into the bank. Only a small portion is yet to be reported.

The matter met with enthusiasm on the part of the business men here and they subscribed generously to the fund asked for. Of course the entire proposition is just being started, so to speak, but the beginning has been well made, and should all the towns on the proposed line show the same interest Crowell and other points east of us have shown, it will begin to look pretty good.

Parties at Vernon interested in the line have already made a tour through the Panhandle and have taken the matter up with the towns in that part of the state but nothing has as yet been given out as to their success.

Very little publicity is being given the proposition, nothing comparatively except what appears in the local papers, and likely little will be said about it until it reaches a more advanced stage.

Curio Booth to Be Feature of Fair

The management of the Foard County Fair has announced that one of its added attractions this year will be a curio booth under the supervision of Skeet Hart. The booth will consist of an exhibit of a number of old and curious articles with both a sentimental and historical value. Among other articles to be exhibited will be an old English lease written on original sheep skin made during the reign of Queen Ann of England, and dated March 4, 1712. There will also be shown a number of war relics of various ages and histories, as well as some interesting pioneer furniture, etc. Other articles of interest to be exhibited include a large selection of old and curious coins and paper currency; a large collection of stamps and a number of interesting foreign articles.

Anyone who has any article of age or interest that is unusual are requested to kindly call the same to the attention of the director of this booth. Every precaution will be taken to protect the articles from damage by handling and from theft and the owners may be assured that their property will be returned to them in the same condition it was received at the booth.

Wichita Falls Man Was Here Wednesday

J. Malcolm Harrison, special representative of the Chamber of Commerce of Wichita Falls, also advance agent for the Texas-Oklahoma Fair, was in Crowell Wednesday on two missions. He was calling on all the business men of the city in every line through the kindness of H. E. Ferguson, J. H. Lanier, County Agent Fred Rennels and Mayor Geo. Self. Mr. Harrison is receiving information, all of which is very essential in making out his industrial survey of this city and county. Mr. Harrison is also calling on the business men relative to trading with the wholesale houses in their line out of Wichita Falls. He says he is receiving wonderful co-operation indeed from the business men of Crowell. He voices the sentiments of his organization, the Chamber of Commerce of Wichita Falls, with many thanks.

Mr. Harrison is also here in behalf of the Texas-Oklahoma Fair, date of which is October 2-7. He states the same this year will be much larger than ever before, as many special attractions have been added, one of which he wishes to call special attention to, the gorgeous pageant showing this western country from its earliest date down to the present time. Characters representing these noted folks of long ago will be in costume both suited for time and date. All and all a wonderful entertainment.

Program of this great event will be run from time to time in the columns of this paper.

Mr. Harrison is displaying in bright colors his beautiful window cards and booster banners for automobiles. As this part of our country is always in hearty co-operation with Wichita Falls, we wish this great event success.

Crowell Couple Married Last Sunday Morning

Mr. Curtis C. Ribble and Miss Lela Womack were married at the home of the bride's parents, Mr. and Mrs. R. P. Womack, in this city last Sunday morning at 9 o'clock, Rev. W. J. Mayhew, pastor of the Methodist church, performing the beautiful ceremony that pronounced the couple husband and wife.

Only members of the families of the two young people were present to witness the event and after the ceremony they left for Clovis and Las Vegas, N. M., where they will remain for a few days, after which they will return to Crowell. They expect to return again to New Mexico in the near future where Mr. Ribble will be employed in road construction work.

The groom is the oldest son of Mr. and Mrs. E. L. Ribble and the bride is the youngest daughter of Mr. and Mrs. R. P. Womack, both families having been residents of Crowell for many years.

The two young people are well known and much loved and respected by all who know them here, and they have the hearty good wishes of every one in their new life venture.

For some years Mr. Ribble has been in the employ of the county in road work and has also been engaged in farming, while for the last eight years the bride has been in the employ of Swaim's Garage as book-keeper.

Out-of-town guests were Eugene Womack, brother of the bride, and his wife and her mother, Mrs. Katherine Winder, all of near Dallas, who arrived Saturday afternoon, returning Monday, and Mrs. C. M. McKown, sister of the bride, and two children, of Vernon.

BEEKEEPING PROFITABLE IN HARDEMAN COUNTY

Quanah, Aug. 14.—Taking over 150 pounds of fine comb honey from the top tier of supers in 30 stands of bees in the past two weeks, and selling this honey readily in Quanah for \$40, N. C. Dill is demonstrating that bee keeping is a profitable side line for any farmers in Hardeman County.

Dill came here from Durant, Okla., last Fall, bringing 20 hives of bees through on a truck. These bees have increased until he now has 30 hives. They have already filled their Winter storage room full of honey, and he says he will be able to take off at least 75 pounds each week from now on. Dill is the only commercial bee keeper in Hardeman County, and his farm is visited by many who have never seen an apiary.

SCHOOL NEWS

A few words about the beginning of school, institute, etc. Many have been asking about the opening of school and in behalf of those interested, I shall make a few statements about it. Foard County teachers and all Crowell teachers as well will be expected to attend institute at Vernon, Texas, this year September 6-10. The programs will be out soon. School will then actually begin Sept. 13. We hope there will be a full attendance from the opening day, especially in the primary department and more especially the beginners. In fact, if you have a child six years old whom you expect to send to school this year, please start him the very first day, then there will be little doubt about his going, but if you wait until the second or third week to start him you may not be able to get him in at all.

Registration days for the high school pupils will be Sept. 2 and 3. Watch next week's issue of the News for further announcement concerning it.

In as much as we have quite a few out of town teachers this year, I assure you that it will be considered a great favor and will be very much appreciated if those interested in keeping a teacher, either to room or to board, will let me know their wishes. It is my desire to locate each teacher in as suitable home as can be found and at a price as reasonable as possible. I have already had inquiries about places to stay. I assure you that your cooperation in this matter will be greatly appreciated.

R. B. UNDERWOOD, Supt.

Prisoners Break Jail Saturday Night

Last Saturday night about ten o'clock two prisoners in the county jail made their escape by making a hole through the east wall of the building.

A prisoner in an adjoining room, it seems, had suspicioned the escape of the two and called the jailor's attention to it and when he went to see about his prisoners they were gone and a large opening in the wall told of their escape.

The two prisoners were Luther Gribble and H. B. Downing, who were serving jail sentences. A search was made for them and Gribble was not located. Chowning was found at his home at Thalia and returned with officers Sunday morning to serve the remainder of his time. He said he intended to return of his own accord. Chowning, when asked if he assisted in making the hole in the wall, replied that he helped a little, but that Gribble did most of the work. Chowning is reported to have said that he did not intend to escape but when he saw the possibility of getting out it looked so inviting that he could not resist the temptation to gain his freedom.

A window bar, a part of an old stove and a steel wire were the instruments with which the wall was punched out, and a blanket was tied to the large rock freed from its position in the wall, which furnished the means for descending to the ground.

Gets First on Goats at Show at Del Rio, Texas

A few weeks ago I. C. Hampton was here from Rock Springs, Texas, where he is engaged in the goat business. He says little about his goat ranch unless he is drawn out by questions, but he has always expressed himself as being well pleased with his business and with the country. It is rather accidental that we have come into possession of the news of his recent winning at the fair at Del Rio. In all probability he would not give the News the item, but his daughter, Mrs. W. C. Thompson, takes pride in heralding the news, so she wrote a letter to J. C. Thompson here and he gave the News the item that Hampton had won first prize at the Del Rio fair and at Camp Wood sold for the top price.

Hampton is making good in the goat business and his many friends in Foard County are pleased to know that he is.

PEASE RIVER BRIDGE WILL SOON BE FREE

Just when Pease River bridge will be opened to the public free has not yet been determined, but it will likely be within a short time.

The purchase of the bridge by Hardeman County and Foard County and the State Highway Commission has been approved by the Commission and as soon as the money from the State is in hand it will then be ready to turn over to Austin Bros., when the bridge becomes the property of the two counties.

Matters of this kind usually drag and while the bridge may be free to the public by September 1st, it is hardly expected that it will be, but to say the least of it, that is a reasonable certainty within a short time.

Had Fine Trip to Coast Country

Charley Gafford and family returned Friday from a ten-days trip over East, North and South Texas. The trip included Sulphur Springs, the home of Mr. and Mrs. T. M. Gafford, Charley's parents, and all the small cities and towns of that section, Houston, Bay City, Austin, Brownwood, and other points. They also visited Mrs. Gafford's sister, Mrs. Allie Lawrence, at Pledger, and found their relatives getting along well.

Speaking of the cotton prospects, Charley says the farmers have none, as a rule. In all the black land belts in North and South Texas the cotton stalk is rank but it has no fruit on it and the promise of a crop is very poor indeed. Corn, however, is good. In the cross-timber country the cotton is better than in the black land. The boll worm and the flea have eaten the squares off the cotton stalk as fast as they have started.

NEW CONCRETE BUILDING TO BE ERECTED

T. M. Parker and J. W. Shelton have perfected arrangements for the erection of a new building on the ground now occupied by the cafe which Mr. Parker runs west of the Ringgold building.

The building will be a concrete structure 50x30 feet, extending the veneer front. At the rear of this 61 foot building will be built a frame structure 50x30 feet, extending the full width of the cafe and Shelton's Grocery, and that portion at the rear of the cafe will be used as a kitchen and a place for the negroes to eat, while the rear of Shelton's Grocery will be used for storage room for the grocery store.

The floor of the new building will be of concrete and the walls will be of rockboard. The material is now being placed on the ground and the work is soon to commence.

When the building is completed Mr. Parker will install new furniture and fixtures amounting to something like \$2,000 and he plans to make the establishment one that is modern in every particular. The cost of the building will be in the neighborhood of \$3,500.

Parker and Shelton, while each runs a separate business, Shelton a grocery store and Parker a cafe, will be equal owners of the two buildings, and the wall of the grocery store adjoining the cafe will serve as the middle wall for the two buildings.

This is another item in Crowell building program that indicates prosperity and permanency.

CROPS POOR IN OHIO SAYS C. D. STEPHENSON

Mr. and Mrs. C. D. Stephenson returned Wednesday of last week from Ohio where they were called some months ago on account of the accidental death of the wife of Mr. Stephenson's brother.

In speaking of crop conditions in Ohio Mr. Stephenson says the corn has been badly damaged by the cut worms and that the crop is very sorry. Wheat he said was good, but in that country ten acres is a pretty good sized crop for one farmer.

The hot weather he says was very oppressive and as a result many were stricken, some even died from heat. The absence of the breeze, such as we have all the time in Texas, is very noticeable and consequently the heat at 90 is worse than at 100 or more in this country.

Couple Married Sunday and Left on Trip to West

Mr. Roy Fox and Miss Maggie Patton were married at the Methodist parsonage last Sunday afternoon at 5 o'clock and left soon afterwards for Colorado Springs, Colo., where they will be for some days before returning to Crowell.

Mr. Fox is the son of L. D. Fox of near town and has been for several years engaged in the grocery business at this place, being now a member of Fox & Thompson Grocery Company and also a member of the firm of Fox & Stovall Grocery Company of Thalia.

The bride is the oldest daughter of Mr. and Mrs. W. A. Patton, who reside near town.

The entire community join in congratulations and best wishes.

EXPLAINS PETRIFIED EGG

Lee Allen Beverly offers a very simple explanation to the "petrified" egg found on W. F. Thomson's place, an item with reference to which we published last week.

He said when he read the item in the News he knew at once what the eggs are. J. W. Beverly and his family resided on this place for several years and Lee Allen says they had a number of stone nest eggs and these became scattered all around the place and were left there when the family moved to town.

In all probability he is right and this furnishes an explanation that might have remained a mystery to many. Some of us never saw a stone nest egg and had this writer come across one he might have boiled it for his dinner.

GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL? For you to neglect the church when you would not live in a community without the church? If the church is the backbone of any community; the center of all our best life, thought and development; the greatest builder of peace and public conscience; the soul's school for a character that will live through adversity and the giver through its membership of more than 90 per cent. of all charities—is it a square deal for you to let others do all this for you—and carry your dead weight beside?

THE QUESTION IS NOT WHETHER YOU NEED THE CHURCH; BUT DOES THE CHURCH NEED YOU?

You can not get away from the fact that Crowell would be a pretty sorry little city in which to live if it had no Churches.

Neither have you any right to hedge and say "I am only ONE person—it makes no difference whether I go or not"—

You who are spending your Sunday morning automobiling; or propped up in your easy chair, reading the Sunday morning papers or magazines, have little grounds for criticising.

The preacher around the corner, who, no matter what faults you may think he has, is, nevertheless, doing his part to keep intact an organization that has two thousand years of civilizing work behind it, and big work ahead.

GET THESE FACTS STRAIGHT: Christianity was intended not only to bring people in closer touch with their Creator, but to also help in the uplift of the human race.

HUMAN SERVICE IS THE UNDERLYING PRINCIPLE OF THE CHURCH.

No matter whether you are rich or a wage-earner, no matter in what section of the community you live, no matter what your denomination, go to Church next Sunday.

(This advertisement is prepared and paid for by the Publicity committee of the various Churches of Crowell.)

There Is Only One Way

To clean clothes correctly and that is by dry cleaning. It doesn't detract from the appearance and wearing qualities—it adds to them to such a degree that you'll be surprised at the results.

It will remove the most unsightly spot and return the lustre of newness to materials of the highest grade. We take particular pains to see that your clothes are made fit for further wear.

That suit shouldn't be discarded—just dry cleaned.

AYERSVILLE

Mack Gamble has purchased a new Dodge sedan.

This community was blessed with a good rain Sunday night.

Bud Stewart and three other men from East Texas spent Monday night with the former's brother, E. C. Stewart. They were going on west.

Mr. and Mrs. M. J. Phillips and two daughters, Velma and Della, of Olton, Texas, spent Tuesday night with their son, Marvin Phillips, and family. They were on their way to Tennessee.

Lona Free spent last week with Ester Stewart in Chillicothe and the latter returned home with her.

Mrs. Audry Gamble of Hico, Texas, is spending the week with Mrs. Free.

Mr. and Mrs. D. M. Shultz spent from Monday to Tuesday noon with relatives in Vernon. Their granddaughter, Eula Shultz, is spending the week with them.

Ray Pyle and family attended church at Thalia Sunday and took dinner with R. C. Johnson and family of Talmadge.

Kate Simmons of Amherst is visiting the F. J. Jonas family this week.

C. E. Stewart and family visited in the Jefferson home near Foard City Thursday afternoon.

F. J. Jonas and family spent Sunday afternoon with C. D. Hall and family in the Black community. They had to spend the night there on account of the heavy rain.

G. A. Shultz and family, Mrs. C. C. Lindsey of Thalia and Mrs. C. D. Haney and family of Talmadge visited in the D. M. Shultz home Tuesday afternoon.

D. W. Pyle is very ill at this writing. He is at Vernon with his son, Leonard. We are hoping he will be back again soon among his friends of this community.

THALIA

(By Special Correspondent)

J. N. Keesee and sons, Bennie, Joseph, Otto and Theo, and daughter, Mrs. Dick Pharr, and children left Wednesday for a visit with relatives in Callahan County.

Tom Adkins who has been visiting his father at this place and Mr. Teel who has been visiting in the G. W. Scales home here returned to their home in Clarendon Thursday.

Mr. and Mrs. W. F. Wood and son, Frank, and M. A. Oliver and Jack Wood were Vernon visitors Wednesday.

C. B. Morris and family left Saturday for a visit with relatives in Clarendon.

J. G. Thompson and family returned Friday from a visit with relatives in Collin and Denton counties. They were accompanied home by Mrs. Thompson's niece of Denton.

Mr. and Mrs. Willie Johnson and son, Billie Glen, and Miss Annie Wood left Thursday for a visit with relatives in Wichita Falls, Denton, Lake Dallas and other points.

Dr. Clark of Crowell was called to see Miss Eldra Oliver Wednesday who was very ill. We are glad to report her to be improving at this writing.

Mr. and Mrs. Tom Wayland, Mrs. W. T. Johnson and Ben Hogan left Wednesday for points in East Texas.

The Methodist meeting will begin Sunday morning at the union tabernacle with Rev. C. A. Bieley, Vernon pastor, doing the preaching. Every one invited to attend.

Other Childs and family of Elgin, Texas, and Joe Spivey and family of Lampasas visited Mrs. Childs' and Mrs. Spivey's parents, Mr. and Mrs. M. A. Oliver, here last week.

W. F. Wood and wife and T. J. Wood and wife left Saturday for a visit in Denton, Gainesville and other points.

E. G. Gramsley and family and A. C. Stallcup and family left Thursday for a visit with relatives in Gainesville.

Lee Keese of Guyer visited his sister, Mrs. W. C. Gardner, here last week end.

Mr. and Mrs. E. S. Mangum of Denton visited in the W. F. Wood home here a few days this week.

Miss Veda Oliver of Wichita Falls visited her parents, Mr. and Mrs. M. A. Oliver, here last week end.

Miss Ruby French is visiting in Clarendon this week.

S. E. Scales and wife and Elbert Scales and family of Crowell visited in the M. A. Oliver home here Sunday.

Our New Find In Oil Stoves

The Quick Meal with Lorain Burners

A QUICK MEAL 4 BURNER Complete Stove—Oven Cabinet Only \$45.00

A QUICK MEAL 5 BURNER Built-in Oven Complete Only \$77.00

The Quick Meal Oil Stove was one of the very first oil stoves on the market, but the burners proved defective. Now for the past four years the Quick Meal Oil Stove makers are using a patented oil burner—the Lorain—that is guaranteed not to warp or burn out for 10 years. We are informed out of over 400,000 sold not one Lorain burner has gone wrong. We think that a wonderful record. We sell them.

Womack Brothers

19 YEARS HONEST VALUES AND SERVICE

Bob Price, of Vernon this week.

Mr. and Mrs. W. L. McLaren and children of Plains, Texas, are here visiting Mr. McLaren's parents, Mr. and Mrs. W. L. McLaren.

Mrs. Egbert Fish and daughter, Bernita, have returned to their home after several days visit with their daughter and sister, Mrs. J. M. Sosebee, of Anson, Texas.

Mr. and Mrs. J. S. Dishman of Crowell spent from Wednesday until Friday with Mrs. Dishman's parents, Mr. and Mrs. W. L. McLaren. They were accompanied home by Mrs. J. A. McLaren and children of Fort Worth who will visit them for a few days.

Mrs. A. P. Tucker left Thursday of last week for Ardmore, Okla., to visit her mother who is seriously ill. Miss Rosalie Fish is visiting her sister, Mrs. J. M. Sosebee, of Anson, Texas, this week.

Effie and Joe McLaren attended the picnic at Guthrie Saturday.

Mr. and Mrs. J. F. Torres are the proud parents of twin girls born Thursday, August 12th.

RAYLAND

(By Special Correspondent)

This community was visited by a heavy rain Sunday night which was of great benefit to the crops.

Because of the rain Sunday the Crowell league could not be with us but if nothing prevents they will be with us Sunday. All members be present at 7 o'clock.

J. R. Coffman and family have returned from the Rio Grande Valley. H. D. Lawson and W. A. Rutherford were Vernon visitors Monday.

Mr. and Mrs. J. W. Croger have returned from a visit in East Texas. Dr. Maine of Thalia was called to see Mr. Walter Rector Monday who is very sick.

Bill Coffman and wife returned to their home at Tonkawa, Okla., Monday.

Mr. and Mrs. T. F. Lambert and children left Wednesday for a visit with Mrs. Lambert's parents in Grayson County.

Mr. and Mrs. Joe Coffman of Breckenridge spent the week end with Mr. Coffman's parents, Mr. and Mrs. J. R. Coffman.

Mr. and Mrs. T. E. Lawson spent Sunday with Mr. and Mrs. L. G. Lawhorn of the Antelope community.

Mrs. Elmer Key's sister and niece of Lubbock are here visiting Mrs. Key.

Ramson Prescott and daughters, Edith Kate and Cristine, have returned from a visit at Abilene.

Mr. and Mrs. Cap Adkins and children have returned from a visit to the Rio Grande Valley and at Dallas.

Mrs. Oliver Simmons of Seagrville and Mrs. Cates and son and wife of Blair, Okla., accompanied them home. They are here to visit

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by For Sale by Ferguson Bros.

There's one thing a man who knows all doesn't know. He never knows how many people could find pleasure in shooting him.

The corn belt farmers who think they have been hit below the belt are taking up another notch and going to work in earnest.

1924

Said Jim to Ma, I've thought of late How very grand we'd feel, Driving the wagon that belongs to the state— With Jim at the steering wheel.

I thought of a plan the other day, Now do not think me rash, 'Tis vindication we want, we'll say We'll look out for the cash.

We'll throw your hat into the ring, We'll pound the K. K. Klan, We'll rave and snort at everything, And fight it on this plan.

They won the race, we know too well, And started down the road, Which way the next turn, none could tell,

While gathering up their load.

1926

Said Jim to Ma, the other day, I know we're beaten quite a bit, But listen Ma to what I say, Hold on to the public tit.

That little fool they all call Dan, Of him they'll take no note, And Lynch you know is a wealthy man, For him they'll never vote.

Take courage Ma, let's try once more, Let's get in this campaign, We'll whoop and yell as we did before And perhaps we'll win again.

Ma ventured in, the fight was on, The farmer took Ma's place, You bet your boots, they poured it on Throughout the entire race.

Said Jim to Ma, we've lost the race Because I know full well, 'Tis the work of the Baptist with the monkey face,

And the lies that Dan did tell.

You know dear Ma, at Sulphur Springs, We thought we'd make a hit, The bluff we tried to run still rings, They say you'll have to quit.

Later, the farmer said to Ma, I see no second place, That blooming Dan's so far ahead You'll have to quit the race.

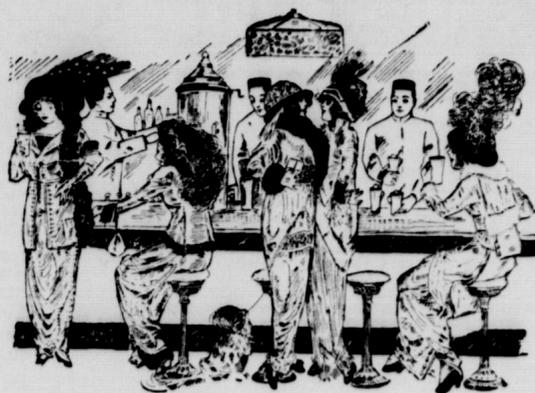

Then through the press, Ma said to all,

The lead's too great I find, A special session I will call, At its close I will resign.

A little later, Jimmie said, You know I've just found out, A miscount in the vote was made Which turns things all about.

I know that Dan is far ahead, But you've won the second place, In spite of all that we have said, We'll give him another chase.

—S. P. McLaughlin.

Baby Dies Following Illness of Two Weeks

Following an illness of more than two weeks, Moriece Rye, 7½ months old daughter of Mr. and Mrs. Will Rye, died Sunday night at the Cottage Hotel where the family has made its home since coming here from Shreveport, La., two months ago. Funeral services were held at the Methodist church Monday afternoon conducted by Rev. W. J. Mayhew after which interment was made in the Crowell cemetery.

CARD OF THANKS

To our friends and the good people of Crowell: We wish to thank you for your many acts of kindness through the sickness and death of our dear baby.

May God bless each of you in our sincere wish and prayer to God. Sp WILL RYE AND FAMILY.

A HOUSE ON WHEELS

M. M. Hinton and son, Monroe, of Dallas were here last week in Mr. Hinton's modern automobile house.

It is built on a Reo speed wagon, the dimensions of the house being 6 feet wide, 6 feet high and 14 feet long.

It is equipped with ice box, radio, electric lights, lavatory with running water, bed for five people, stove, etc. The fact is it is just a home on wheels and is the completest thing we have ever seen of its kind.

Mr. Hinton is advertising Hed Lite medicines and goes all over the United States. He has been in Crowell before but it was several years ago, and he notes the wonderful improvements made since that time.

Women will not be men's equal until you can slap one on the back and borrow a match.

Men are known by the company they keep; women by the clothes they keep on wearing.

Work and the world works with you; loaf and you will also have plenty of company.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

Standard Corn Harvester --McCormick and Deering Corn Binders

Corn is a money crop largely because of the efficiency of these binders. Five to seven acres a day with a one-man outfit, and the one man easily does the work of a half dozen men with corn knives. McCormick and Deering Corn Binders are light, strong, substantial, and of roller-bearing light craft. Ample adjustments for tall and short stand; cleanest work; pick up down and leaning stalks; make neat, easy-handled bundles.

You Have the Corn--We Have the Machines to Harvest It. Let's Get Together Ahead of Harvest Time

The Wonderful efficiency of McCORMICK-DEERING Corn Machines has a great deal to do with making corn the money crop it is. Save time, hard toil, costly labor charges, and corn, by using this modern equipment.

Our Reputation and Our Service Stand Back of Every Machine You Buy from Us.

Party in Honor of Guest
On last Wednesday evening Miss Marion Cooper entertained a number of young people at her home in honor of her guest, Miss Fern Briscoe, of Wichita Falls. The home was beautifully decorated with sunflowers. The color scheme of gold and white was carried out. Music was enjoyed until all the guests had arrived then "progressive hearts" were played through the remainder of the evening. At the close of the game Clyde Hollingsworth was found to have won over the boys and he received a large stick of striped candy and Ila Lovelady, the winner of the girls received a dainty linen handkerchief, which she in turn presented to the guest of honor. At a late hour, in keeping with the color scheme, delicious refreshments consisting of orange ice, gold cake and angel food cake were served to the following: Misses Fern Briscoe, Irene and Ella Patton, Mildred Cogdell, Winnie Thomson, Addie Smith, Ila Lovelady and the hostess; Messrs. Clyde Hollingsworth, Charlie Ashford, Edward Huffman, Harry Moore, Spear McCaskill, Lee Black, Price Lovelady and Weldon Cogdell.—A Guest.

A fine rain visited our community Sunday and Monday night.
Mrs. W. D. Stubblefield is on the sick list this week.
Rev. Nue of Gilliland is assisting Rev. Clarence Baldwin in the revival at this place.

NOTICE TO AUTOMOBILE OWNERS AND DRIVERS

Important! We have called your attention several times that it is against the law to double park your cars, either by leaving or remaining in them, and it does not seem to remedy the matter any. The fact that we are now having reported to us an average of a wreck a day, something must be done. Also the Foard County News has commented on the situation and likewise with no effect. The streets in the business section must be kept clear. This means the entire business section, as defined in the ordinance.
We further wish to say that cutting across the streets between turn posts is prohibited. So please regard all turn posts as they are in the street intersections.
All cars that are double parked in the future will be tagged and the driver or owner will be summoned before the corporation court. Below is the ordinance governing the parking:
"Article 198, section 4: Any persons desiring to park their motor vehicles on any street in the business section of the City of Crowell, shall park the same on the side of the street with the right front wheel not more than six inches from the curb with the body of said vehicle not less than 45 per cent angle. No vehicle shall be parked closer than fourteen feet from any fire plug, in said business district.
"Section 10. Any person violating any provision of this ordinance shall be punished by a fine not to exceed two hundred dollars (\$200.00.)"
G. D. SELF,
Mayor City of Crowell.

Picnic Supper at Covina City Park for Mr. and Mrs. Allison

The following account of a picnic given at Covina, Cal., by Texas people in honor of Mr. and Mrs. J. W. Allison of this city, was given to us through the kindness of C. E. Hutchison of Covina:
On last Thursday evening a crowd of Texas people and friends met at the Covina City Park for a picnic supper in honor of Mr. and Mrs. J. W. Allison of Crowell, Texas, who are visiting their son, Herman Allison, and family.
There were fifty-four present, several of whom had not met before for many years. They brought well filled baskets and it was a veritable feast and good time. Thirty-seven out of the fifty-four present had at one time lived in Crowell, Texas.
Those present were:
Mr. and Mrs. J. W. Allison, Mrs. Fannie Thacker, Raymond Bell and Thos. Bursley of Crowell, Texas; Misses Essie McLarty and Alice Gibson of Vernon, Texas; Miss Alice McLarty of Dallas, Texas; Miss Christine Ackers of Abilene, Texas; Mrs. Eunice Alexander, Mr. and Mrs. Wallace Alexander of Long Beach, Cal.; Mr. and Mrs. J. L. Kiepper of Los Angeles, Mrs. W. B. McCormick and Mrs. Geo. W. Parks of Culver City, Cal.; Mr. and Mrs. C. E. Thacker of Sawtelle, Cal.; Mr. and Mrs. C. R. Crowell of Hollywood, Cal.; Mrs. Sallie Bost of Los Angeles, Mr. and Mrs. Gleaves Quinn of Pasadena, Cal.; Riley Self of Balboa, Cal.; Mr. and Mrs. Timmons of Glendora, Cal.; Mr. and Mrs. J. R. Hutchison of San Dimas, Cal.; Miss Eleanor Olson of Ontario, Cal.; Mrs. J. S. Woods, Seth Woods, Don Woods, Mr. and Mrs. Ed Woods, Miss Susie Woods, Mr. Leonard Metier, Mrs. Leonard Metier, nee Mary Woods; Mr. Ernest Duvall, Mrs. Ernest Duvall, nee Alice Woods; Mrs. Etta Finn, Miss Lorena Mae Finn, and Mrs. J. M. McCain of Pomona, Cal.; Mr. and Mrs. J. W. Whitlock, Mr. and Mrs. G. A. Burks and daughter, Doris, Mr. and Mrs. Edwin Sanders and son, Jack; Miss Augusta Sanders, Mr. and Mrs. Herman Allison and daughter, Marjorie, Mr. and Mrs. C. E. Hutchison and daughter, Reid, of Covina.

If the other thirty-eight former Crowellites who live in the Los Angeles area and their families could have been present, there would have been just sixty-five more people at the picnic.

DR. HILL SICK AT RATON

Dr. J. M. Hill, who left here Monday of last week with his family for an auto trip into New Mexico and Colorado, has been very sick at Raton for several days. Reports from there Wednesday stated that he was somewhat improved.

Exide BATTERIES

What's the use of experimenting with batteries when an Exide costs no more? Its first cost is low, while its last cost is lowest of all.

New Smoothness—New Features—New Colors....

Chevrolet again electrifies the world by increasing Chevrolet Values!

Now in the greatest year in Chevrolet history—building cars in tremendous volume to meet an ever-increasing worldwide demand—Chevrolet continues its successful policy of increasing Chevrolet values!

Now Chevrolet adds to the performance, beauty and completeness of equipment that have been winning the world to Chevrolet—

—by developing the smoothest Chevrolet in Chevrolet history, by enhancing its smart appearance and by adding features which increase the economy and satisfaction of Chevrolet purchase and ownership!

A triumph of engineering science, today's Chevrolet is the only low-priced car ever to offer every quality of smooth car performance.

Forty to fifty miles an hour as long as you like without the slightest sense of forcing or fatigue! Remarkable smoothness at every speed!

Acceleration that is a delight in traffic! Power that conquers hills—

—such are the almost revolutionary qualities attained by a superior method of mounting the motor on the chassis and by a new camshaft with scientifically determined quieting curves.

Come in! Arrange for a demonstration! Admire the brilliant beauty of the new and striking Duco colors on every model! Mark the greater convenience of the centralized throttle and spark control! Note that all enclosed models with their bodies by Fisher now carry an approved stop light as standard equipment and have a front door pocket.

Then take the wheel—and you will quickly learn that today's Chevrolet with its new smoothness, new features and new colors, is a car that only Chevrolet could build—a value that only Chevrolet could offer.

- at these Low Prices!
- Touring or Roadster \$ 510
- Coach or Coupe \$ 645
- Four Door Sedan \$ 735
- Landau \$ 765
- 1/2-Ton Truck Chassis Only \$375
- 1-Ton Truck Chassis Only \$495
- All prices f. o. b. Flint, Mich.

Somehow we lose confidence in a fellow's veracity just as soon as he begins to tell about the fish he caught on his vacation.

Banks have the largest resources on record inspite of the inroads by the bandits.

It's impossible for a person to be very angry and grammatical at the same time.

Women are said to be more beautiful than they ever were. It's because we get a better look at them.

Many people are willing to support church services to the extent of listening to them over the radio.

"I'm through with men," says Peggy Joyce, after trying half a dozen. When you want advice, girls, consult successful wives, not failures.

It is said that the greatest need now is economy, but the only kind of brakes most people know how to use are automobile brakes.

The Charleston is another new movement that seems doomed to fill a grave in its youth.

Sometimes the neighbors' grass is greener, as everybody believes, because he waters it more.

THE STATE OF TEXAS
In the name of the State of Texas and County of Foard.

To the Sheriff or any Constable of Foard County, Greeting:
You are commanded to make publication of this citation and notice, by publishing the same in some newspaper published in said county one time a week for four consecutive weeks previous to the third Monday in September, 1926, the same being the 20th day of September, 1926, the return day hereof; but if there is no newspaper published in said county, then you are commanded to publish the same in a newspaper published in an adjoining county one time a week for four consecutive weeks previous to the 3rd Monday in September, 1926, the same being the 20th day of September, 1926, the return day hereof, to-wit:

In the name of the State of Texas and County of Foard.
To all persons owning or having or claiming any interest in the following described land, delinquent to the State of Texas and County of Foard for taxes, to-wit:

Lot number 16, in Block Number 34, in the original town of Crowell, Foard County, Texas, which land is delinquent for taxes for the following amounts: \$2.05 for State taxes for the year 1913, 1914, 1916, 1918, 1919, 1920 and 1922, and \$2.87 for county taxes for said years, and school taxes for said years, \$2.29

And you, J. R. Truelove, your heirs and legal representatives being alleged by the affidavit of the attorney for the State of Texas to be a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or unknown owners of the foregoing described lands (the attorney for the State of Texas having made affidavit that the owner or owners of said land are unknown to him and after inquiry can not be ascertained), are hereby notified that suit has been brought by the State of Texas for the collection of said taxes in the District Court of Foard County, Texas, the petition being filed in said court on the 17th day of August, 1926, in the cause styled The State of Texas vs. J. R. Beverly, J. R. Truelove, his heirs and legal representatives and the unknown owner or unknown owners, defendants, and being numbered on the Civil Docket of said court as number 1280.

Now, therefore, you, J. R. Truelove, your heirs and legal representatives being a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or owners of the above described land, are commanded to appear and defend such suit at the September term of the District Court of Foard County, in the State of Texas, to be begun and holden at the court house thereof in the city of Crowell, Texas, on the 20th day of September, 1926, and show why judgment shall not be rendered condemning said lands (or lots), and ordering the sale and foreclosure thereof for taxes and cost of suit.

The following is a statement of

Plaintiff's cause of action, viz:

Suit by the State of Texas against J. R. Beverly, J. R. Truelove, his heirs and legal representatives, a non-resident (or non-residents) of the State of Texas, and the Unknown Owner or Unknown Owners of the land or lot herein above described, Defendant (or Defendants), for taxes delinquent and unpaid to the State of Texas and County of Foard, for the years 1913, 1914, 1916, 1918, 1919, 1920, 1922, \$2.05, county taxes amounting to \$2.87, fees allowed by law amounting to \$19.46, including a penalty amounting to ten per cent of said taxes for the said year for which the said taxes are delinquent, together with six per cent interest on said taxes from the first day of January next succeeding the year 1926 for which any taxes are delinquent; and that the said amount of said taxes, penalty, interest, fees and all Court costs are delinquent, unpaid and due to the Plaintiff, and that the amount thereof is a charge against and a lien on the said land (or lot) in Foard County, Texas, described herein above. Plaintiff prays judgment for the amount of said taxes, penalty, interest, fees and all court costs, and for a foreclosure of the said tax lien against all of said defendants on said land (or lot), to satisfy the amount of said taxes, penalty, interest, fees and all court costs, and for all other general, legal, and equitable relief.

Herein fail not, and have you before said court, on the 20th day of September, 1926, the same being the first day of the next term thereof, this writ and notice, with you return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said court, this 17th day of August, 1926.

(Seal) GRACE NORRIS, Clerk.

11 District Court, Foard Co., Texas.

COMMUNITY BOOSTING

Manifestly co-operation is impossible unless two or more people join together in any enterprise. One man can't co-operate. He must have one or more who think as he does and who are willing to act along lines on which they can agree.

One cylinder of a motor hitting will not get an automobile very far. All have to be working in regular order. They have to be timed to do their particular job at given intervals. One horse in a team standing still and the other pulling will not budge the load.

These things are all so well known that it seems wasted effort to mention them, but the lesson of co-operation is so essential to the welfare of any community that we refer to these examples even at the risk of being boring.

When half of the people of the community pull backward or refuse to do anything towards community betterment, while the other half are using a part of their time and talents for the common good, an object lesson is not amiss.

No community will go very far if the majority of its citizens think that they have no civic responsibility or obligations. Then there are those who believe that making their money here and saying or thinking a kind word about the home town now and then is enough. But it is not enough.

Everyone must boost for Crowell materially and actively—a few can't do it even with the moral support of the remainder of the community. Co-operation must be something more tangible and less theal than just thinking good thoughts and saying kind words, as helpful as they may be.

Community boosting means sacrifices—sacrifice of time and money and pleasure—not by a few but by all in whatever measure is necessary to bring about the desired end. It will not get the real results until action is united and complete co-operation prevails.

San Angelo—Five days of horse racing for prizes aggregating \$4,500 are being offered this year as one of the chief attractions of the 1926 All West Texas Exposition to be held in San Angelo the last week in September. The program scheduled will be one of the largest racing cards ever held in Texas, and turf entries are already being made.

We doubt if the men who write glowing accounts of how to eradicate weeds ever cut down a weed.

A corset formed a clew in the McPherson kidnaping case, but the strings the police pulled didn't hold.

Bee Brand protects the baby!

These are filthy things. They carry germs and disease. They are a menace. Keep them out. You can if you use Bee Brand Insect Powder. It will kill every fly if you close doors and windows and blow it about the room. It's quite harmless to human beings. It can't explode. It can't burn. It also kills Mosquitoes, Roaches, Bed Bugs, Ants, Flies, Water Bugs, Nymphs, Lice on Eggs, and many other house and garden insects. Get Bee Brand in red printing top cans at your grocers or druggists. Household size, 10c and 25c. Other sizes, 5c and \$1.00.

WHAT'S DOING IN WEST TEXAS

Crosbyton—Crosbyton has started as extensive building campaign. Work on a two-story brick building was begun recently and several other buildings for the square of the city are being contemplated. Building material is continually being shipped into the residence districts.

Artesia, N. M.—Work has been done on three new gins which will serve the Artesian section this year, when the cotton crop is brought in by the farmers. The Alfalfa Association gin is practically complete and buildings have been completed and await the arrival of the gin machinery, which will be installed soon.

Fredericksburg—This city is to have a new \$125,000 hotel, with work to begin on the structure in less than sixty days. The new building will have every possible feature of the historic Nimitz Hotel, which can be retained. It will contain a large banquet hall, a spacious lobby, and forty-two guest rooms, all steam-heated and provided with hot and cold water.

Vernon—An issue of \$80,000 municipal improvement bonds were recently sold by this city, the proceeds of which will go to the paving of streets and to the extension of water and sewer connections.

Brownfield—One of the most unusual parades ever staged in any town was held here recently when 150 workers with hoes on their shoulders, headed by the Chamber of Commerce band, marched through the main streets of the city. These were the persons who came to the rescue of one of their neighbors' crops when the family was ill and two members died. The ladies of the community prepared meals for the workmen.

Merkel—The Merkel Community Fair will have a new feature added to its various old ones this year. Superintendent I. L. Jackson of the city schools is preparing an "educational feature" for the fair program and officials are confident that it will add attraction to the Community Fair.

Stamford—The August issue of the official organ of the West Texas Chamber of Commerce, West Texas Today, will be of much aid to the high school graduate who has not yet decided on the college or university he will attend. The magazine will carry advertisements and sketches of all West Texas institutions and of many eastern schools.

Plainview—B. F. Bennett, assistant manager of the West Texas Chamber of Commerce, has solicited more than 100 new memberships for that organization in this city. Nearly nine-eighths per cent of last year's members have renewed membership for this year.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting: You are hereby commanded to summon J. H. McDermott, his heirs and legal representatives, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the Court House thereof, in Crowell, on the 3rd Monday in September, A. D. 1926, the same being the 20th day of September A. D. 1926, then and there to answer a petition filed in said court on the 16th day of August, A. D. 1926, in a suit, numbered on the docket of said court No. 1279, wherein J. W. Klepper is plaintiff, and J. H. McDermott, his heirs and legal representatives, defendants, and a brief statement of plaintiff's cause of action, being as follows:

That on or about the 1st day of August, A. D. 1926, he was lawfully seized and possessed of the following described land and premises, situated in the City of Crowell, Foard County, Texas, holding and claiming the same in fee simple, to-wit: All of lots numbers thirteen (13), fourteen (14), fifteen (15), sixteen (16), seventeen (17), and eighteen (18), in block number one hundred four (104), situated in the original town of Crowell.

Plaintiff further alleges that he and those under whom he claims title has had and held peaceable, continuous and adverse possession under title from the State of Texas, of the lands and tenements above described, for more than three years after defendants' cause of action accrued, and before the filing of this suit, and this he is ready to verify.

Plaintiff further alleges that he and those whom he claims title to the lands and tenement above described has held said lands and tenements by deed duly registered, has had peaceable, continuous and adverse possession of said lands and tenements, using and enjoying the same, and paying all taxes due thereon for a period of more than five years, after defendants' cause of action accrued, and before the commencement of this suit, and this plaintiff is ready to verify.

Plaintiff further represents to the court that he and those whose estate he has claiming the same under deeds, duly registered has had peaceable, continuous and adverse possession of the lands and tenements described herein, using and enjoying the same, and paying all taxes due thereon, for a period of more than ten years after defendants' cause of action accrued and before the commencement of this suit; that the lands sued for herein is less than 160 acres.

That on or about the 1st day of August, A. D. 1926, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of one thousand dollars.

Wherefore plaintiff prays judgment of the court that the defendants be cited by publication to appear and answer in this behalf, and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, for costs of suit, and for such other and further relief, special and general in law and in equity, that he may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this 17th day of August, A. D. 1926. (Seal) GRACE NORRIS, Clerk, 11 Dist. Court, Foard Co., Texas.

A PARTY

Saturday night was indeed a gala occasion for a few of Miss Jewel Brown's friends. The doors of her beautiful home were thrown open to the young people and "fun and good times reigned supreme." We were entertained throughout the evening with clever contests and Misses Brown, Kimsey, Rachel Stewart and Everel Saunders furnished beautiful music for the evening. The call of the night lured us to the lawn where games were played and every one had a good time. The young people were both surprised and delighted to have with us Miss Althea Saunders who has been visiting with her sister in Fort Worth all summer. A delightful ice course was served to the following: Misses Lottie Russell, Lucile Kimsey, Hazel Dykes, Rachel and Frances Stewart, Althea and Everel Saunders, and Messrs. Robert Long, Clyde King, Spear McCaskill and Earl Smith. The lateness of the hour sent us home to dream of our good times.—A Guest.

FLYING THINGS

We have a habit of saying that time flies. Literally it does not. But man has come to be quite a flier. There are people who believe that airplanes will some day be as thick as automobiles. Stranger things have happened.

Fifty-seven years ago, Heart and Home, a magazine, said, in the course of comment about balloons being shown on a New York stage: "There may be children now living who may yet see balloons up for freights and passage, moved by cords precisely as they were on the occasion referred to. Even at this moment an impression exists that regular trips will pretty soon be made in balloons from Dover to Calais across the British Channel. If it can be accomplished there, a trip can be made just as easily from New York to San Francisco. All that seems wanting now is the discovery of a method of steering them."

Henry Ford displayed on July 30, his sixty-third birthday, to newspapermen for the first time an experimental fabric monoplane of 20-foot wing spread which he indicated might be the forerunner of the long-awaited "flivver" of the air.

The diminutive one-seated plane has already attained the speed of one hundred miles an hour in practice flights. It is propelled by a three cylinder engine of between 25 and 30 horsepower.

Twenty-three years ago an automobile was a luxury. Only a few had a vision of the future as this

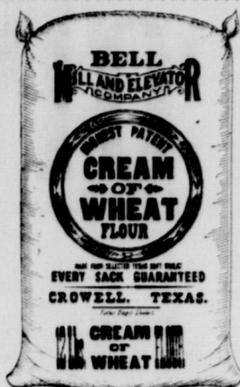

automobile genius. No one dares predict what the next quarter of a century has in store for mankind in the realm of flying.

DODGE BROTHERS DE LUXE SEDAN

People select motor cars by different standards.

Some desire luxury and ostentation. Others, utility and economy alone.

Dodge Brothers De Luxe Sedan strikes a fine and distinguished balance—both in appearance and price—between these two extremes.

It provides unusual comfort and roominess; a refinement of line and design in which the owner takes deep pride; and everywhere in the world the name it bears is associated with the highest standards of integrity and workmanship.

With reasonable care, the De Luxe Sedan serves its owners for years, frequently delivers mileage running well into six figures, and on the resale market brings prices that strikingly reflect the solid value Dodge Brothers have built into it.

Dollar for dollar's worth of genuine automobile!

SWAIM'S GARAGE

Personal Service in the Telephone Job

The idea of the Public Utility Services, as it has become recognized both by users and organizations supplying service, is that the service must be adequate and that all desiring service must be served under practices that do not discriminate.

In the case of the Telephone the results desired from the service require the cooperation of three parties because the the service is a distinctly personal one. These three parties are the Telephone Company, The Party Calling, and The Called Party.

When the housewife lifts the receiver from the hook, after having signaled central, she must call for the desired number, the company must set up a clear voice track all the way from her telephone to the other and the party called must answer the telephone before conversation can take place.

Should any one of the three fail the call can not be completed. If the number is correctly given, or if the connection is not properly made, or if the party called does not answer, the object of the call is not attained. Only the second of these operations can be performed by the Telephone Company; the other two must be done by the users of the telephone.

Therein lies the personal character of telephone service. Satisfactory results can be attained where there is complete cooperation between the users at both ends of the lines and the Telephone Company which furnishes the connection between them.

THE LEAF WORM

It appears that there will have to be a fight made on the leaf worm. It is altogether likely that these pests have commenced their work since the rains over a wider territory than one would like to think. Certainly they have commenced in some places. T. L. Ward, one of the farmers in the Thalia community brought a can of cotton leaves covered with leaf worms to the News office yesterday and showed them to us and stated that something said in the paper might be of benefit to the farmers.

Mr. Ward said he had more of these pests last year than he ever had before and it looks like he is certain to have to wage a hard fight against them this year. He says they first eat the leaves off the cotton and then attack the boll and then the cotton is done. They are especially harmful to young cotton. When the cotton is far advanced they do little or no harm.

In all probability there are leaf worms in many fields but possibly have not been discovered yet. Still, they have only commenced, and Mr. Ward thinks it is well to start a fight against them early.

Any man could be as wise as Solomon if he had as many wives to drive from the back seat.

Nervous hot flashes

"SOME time ago when in a very nervous, run-down condition," says Mrs. Martha F. Marlow, of Broken Bow, Okla., "I tried numerous remedies to try at least to keep going, but I could not. I was weak and tired—just no good at all. My back ached and I had hot flashes until I was so very nervous I smothered."

"I couldn't sleep and I was never hungry, and I kept getting weaker. I couldn't stand on my feet. This was an unusual condition for me as I had been pretty strong all along. I knew that I would have to do something, and that pretty soon."

"Some friend suggested that I take Cardui, and it certainly was a good suggestion, for after taking one bottle I could tell I was stronger and better. I didn't quit. I kept it up all through the change and did fine. I felt like a different person after I began taking Cardui."

Cardui has helped thousands of suffering women.

C. T. SCHLAGAL, Prop.

In the name of the State of Texas and County of Foard.

"To all persons owning or having or claiming any interest in the following described land, delinquent to the State of Texas and County of Foard for taxes, to-wit:

Lots numbers one, two, three and four in block number forty-six, situated in the town of Crowell, Foard County, Texas, which land is delinquent for taxes for the following amounts, as shown by schedule marked Exhibit "A" of plaintiff's original petition which is made a part hereof, and for the years therein stated.

"And you, N. D. Ricks, M. C. Ricks, your heirs and legal representatives being alleged by the affidavit of the attorney for the State of Texas to be a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or unknown owners of the foregoing described lands (the attorney for the State of Texas having affidavit that the owner or owners of said land are unknown to him and after inquiry can not be ascertained), are hereby notified that suit has been brought by the State of Texas for the collection of said taxes in the district court of Foard County, Texas, the petition being filed in said court on the 18th day of August, 1926, in the cause styled The State of Texas vs. N. J. Roberts, J. R. Beverly, N. D. Ricks, M. C. Ricks, and the heirs and legal representatives of the said N. D. Ricks and M. C. Ricks and the unknown owner or unknown owners, defendants, and being numbered on the civil docket of said court as number 1281.

"Now, therefore, you, N. D. Ricks, M. C. Ricks, your heirs and legal representatives being a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or owners of the above described land, are commanded to appear and defend such suit at the September term of the district court of Foard County, in the State of Texas, to be begun and holden at the court house thereof in the City of Crowell, Texas, on the 20th day of September, 1926, and show cause why judgment shall not be rendered condemning said lands (or lots), and ordering the sale and foreclosure thereof for taxes and costs of suit."

The following is a statement of plaintiff's cause of action, viz:

Suit by the State of Texas against N. J. Roberts, J. R. Beverly, N. D. Ricks, M. C. Ricks, and the heirs and legal representatives of the N. D. Ricks, and M. C. Ricks, a non-resident (or non-residents) of the State of Texas, and the unknown owner or unknown owners of the land or lot herein described, defendant (or defendants), for taxes delinquent and unpaid to the State of Texas and county of Foard, shown by schedule of plaintiff's petition, taxes and costs amounting to \$119.66, fees allowed by law amounting to \$38.00, including a penalty amounting to ten per cent of said taxes for the said year for which the said taxes are delinquent, together with six per cent interest on said taxes from the first day of January next succeeding the year 1926 for which any taxes are delinquent; and that the said amount of said taxes, penalty, interest, fees and all court costs are delinquent, unpaid and due to the plaintiff, and
