AND CROWELL INDEX

VOLUME XXXVIII NO. 44

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, APRIL 25, 1930

10 PAGES \$2.00 A YEAR

## CO-OPERATIVE BOYS PROGRAM SUNDAY NIGHT

**BOYS OF CROWELL JOIN CO-OPERATIVE SERVICES AT BAPTIST CHURCH; EVERYONE IS URGED TO COME AND BRING A BOY**

Co-operative services of all the churches of Crowell will be held Sunday night at the Baptist church in commemoration of Boys' Week. The service will be held in towns throughout the nation from April 27th to the 30th.

Every man in Foard County is urged to come to this service and bring at least one boy if it is not possible to bring more. Boys will be a major part on the program at this time and every part of the program will not only be of special interest to boys but to all others as well.

The musical organization, which has rendered the Easter Cantata at the Methodist Church Sunday night, will be present to give musical entertainment at this program.

The boys taking part in the program are: Jeff Bell, Bill Middleton, Bert Oswald, and Fred Allen Beverly. "What Should be a Father's Duty and Relationship to His Child" will be the subject discussed by Rev. B. J. Osborn, Rev. John G. Smith will talk on the attitude of the father toward his father, and Rev. W. M. Smith will discuss the opportunity America offers the boy. Rev. J. Bryant will read the scripture. All the pastors will talk for only a few minutes.

Reading and talks will be given by the boys on the program. Other features for the meeting are planned. Plans for boys' week will be announced at the services Sunday night.

Everyone is urged to come to this service.

**Gain of 119 Made in Scholastic Census For Rural Schools**

A gain of 119 scholastics in the rural schools of Foard County is shown in the rural school census for the year that has been completed. There are a total of 1,176 children of scholastic age in the rural districts this year compared with 1,057 for last year.

The principal part of the gain resulted from the fact that children six years of age were counted for the first time and there were over 100 of that age.

The scholastics in the Foard County districts follow: Four Corners, 19; Thalia, 284; Gambleville, 13; Fish, 28; Margaret, 166; Black, 13; Vivian, 96; Aversville, 78; Westland, 131; Foard City, 148; Clayville, 28; Beaver, 30; and Good Creek, 49.

**House of David Ball Team Plays Crowell Tuesday**

One of the most interesting baseball games of the season will be played here Tuesday, April 29th, when the Crowell team meets the House of David Ball Club of Benton Harsham, Mich., at 3:30 p. m.

The visiting club is a very unique organization. All of its players have long hair and most of the players are long whiskers. Excellent ball players make up the club and the team claims a world's record for a city traveling baseball organization.

Each year it plays many teams, ranging from the major league clubs, to major cities, to the minor league clubs, such as Fort Worth, Boston and others. For many years long haired boys have won a majority of their games.

The probable line-up and batting order for Crowell, according to O. Hollingsworth, manager, will be: second base; Lewis Sloan or Jack Peters, short; Jimmy LaRue, right field; Charlie Ashford, center field; Bill Bell, left field; Grady Graves, catcher; Glen Jones or Skeet Berry, pitcher, and Jack Roberts, and Ray Knowlton, utility.

The batting order for the House of David club follows: Atherton, 2nd; P. C. Pederson, rf.; Tucker, 1st; King, ss.; Tally, lf.; McCafferty, c.; Pitches, Heckman, Bass, My, Neve and Tolles; Anderson, p. The team will come here in sixteen passenger bus.

**ay It With Songs' Will Feature Al Jolson in Benefit Show April 28-9**

## Program Completed for All Day Meet of Women's Clubs

An all-day meeting of the County Federation of Women's Clubs will be held Saturday, April 26th, at the Methodist Church. There will be a luncheon at the noon hour and every Foard County woman is urged to come and bring one or more covered dishes as guests are expected from federations of adjoining counties.

The following program will be given: Song by congregation, led by Mrs. Adolphus Wright. Invocation—Mrs. Woodie W. Smith. Transaction of business. Report of District Federation at Pampa by Mrs. M. S. Henry, delegate.

Song—Mrs. Adolphus Wright. Talk—"What the County Federation Means to Us," Miss Robbie Castleberry of U.S. Talk—"Cottle County Federation," Mrs. M. R. Blake of Paducah. Noon. Song—Congregation. Reading—Mrs. J. H. Lanier, Jr. Address—Mrs. R. F. Lindsay of Mt. Pleasant, state president of the Federation of Women's Clubs.

Mrs. Lindsay will be the guest of honor for the day and it is hoped that a good crowd will be present to hear her address. She has an excellent reputation as a speaker.

## Thalia Club Boys Visit Ricks Dairy

The 4-H Club boys of the Thalia community met at the W. L. Ricks dairy farm, 3 miles east of Crowell, Monday. The 43 boys in the party were accompanied by C. B. Morris, their club leader, and also by T. M. Haney, C. J. Fox, W. M. Morris and A. J. Jackson. Fred Rannels, county agent, met the boys at the farm and gave them instruction in judging and selection of dairy cattle.

Mr. and Mrs. Ricks explained the many problems of the dairyman to the boys and gave them a history of the experiences they had encountered during the past six years in building up a dairy herd from three cows to as high as 50 cows. Mr. Ricks stated that when he first started the dairy business that he thought a "cow was a cow" and he soon learned that it was true, but that every cow is not a profitable animal for the dairyman. Mr. Ricks believes that a good bull is the best investment that a dairy farmer can make.

At noon the party was surprised with a delightful lunch of sandwiches, cakes, milk, whipped cream, etc.

In the afternoon Raymond Phillips, club president, and Charlie Wisdom, secretary, made talks giving their experiences as club members. C. B. Morris also made the group a talk along the line of educational work.

## FRANK MEASON'S NIECE KILLED

Mrs. Glen Hightower, 22, of Farwell, Texas, who was recently killed when she was hit by an automobile in Mineola this week is a niece of Frank Meason of this city. She was buried in Big Sandy.

She is survived by her husband, who is well known in Crowell, and two children.

## Retail Hardware Men of District 14 Have Annual Meeting Here

The annual meeting of the Retail Hardware and Implement Dealers Association of District 14 of Texas, will meet in Crowell Thursday night, April 24th. M. S. Henry of this city, who is chairman of this district, will have charge of the meeting.

A banquet will be held at the Griffith Hotel in which about 35 or 40 visiting hardware men are expected to attend. Besides a general discussion that will take place at this banquet, a motion picture will also be shown.

R. E. Penick of Stamford is one of the principal speakers for the occasion. Last year the meeting was held at Electra. District 14 extends from Wichita Falls to Memphis and from the Oklahoma line south as far as Stamford.

**HOSPITAL NOTES**

Tonsil operations were performed on the following Thursday afternoon: Mrs. R. K. Magee, Mrs. Joe B. Tinsley; Lorain Goodman, Margaret; Val Gene Hord, Foard City; Wilma Fay Corroll, Gambleville; and Mrs. Grady Weathers, Margaret.

C. C. Wisdom of Thalia was operated on for appendicitis last Friday.

Mrs. Grover Cole was removed from the hospital Wednesday following an appendicitis operation last week.

Mrs. A. D. Hord of Foard City is improving.

Eli Smith, John Rasor and J. R. Beverly are representing the Crowell Rotary Club at the annual conference of the 41st District Conference of Rotary International that is being held in Temple this week.

## LEE HIGHWAY COMPLETED INTO CROWELL SATURDAY AFTERNOON; WILL OPEN TO TRAFFIC SOON

**Crowell Now Has Hard Surfaced Road to Fort Worth, Texarkana and Various Other Cities; Much Road Work in Other Counties on Lee Highway**

Several hundred people were present on the northeast corner of the square Saturday afternoon, at about three o'clock, when the last concrete was poured on the Foard County paving program between Crowell and the Wilbarger line. The event was greeted with a loud blast of the local fire siren.

The last dirt from the pavement will be removed within about fifteen days time and the highway will be officially opened before May 15th. It will then be possible to go to such cities as Fort Worth, Dallas, Texarkana and practically the entire route to Atlanta, Georgia, and Kansas City on hard surfaced roads.

The dirt has been removed from the strip of pavement through Thalia and the pavement from Crowell to a distance of about three miles east is all that is not open to traffic now.

Other Counties With the completion of the paving work in the other counties on the Lee Highway in Texas, or State Highway No. 28, there is no doubt but what this highway will be one of the most heavily traveled in the state. It always has been an important unit in the state highway system but the travel from the central part of the state to the Plains has found equally good roads to the south.

With the completion of the pavement in the counties that have already voted bonds on Highway 28, a great amount of this traffic will come over this route. The entire grade has been completed from Crowell to Paducah and from Paducah to the Motley County line, the pavement is already open to traffic. It is felt that contracts for paving between Crowell and Paducah will be let soon.

In Motley County the grading and drainage work from the Cottle line to Matador is being completed. From Matador to the Floyd County line the grade has been completed. Floyd County is the only gap in this major program, however, that county insists that it is not going to be left in the cold on road matters.

The grade from the Floyd County line to Plainview in Hale County has been completed and also from Plainview, west to the Lamb County line, although no contracts for paving have been let yet.

Lamb, Bailey and Parmer are the only counties left west of Hale County to the New Mexico line where paving starts in near Clovis. The highway runs the entire distance through Lamb County but cuts off only small corners of Bailey and Parmer. It is understood the Lamb County district, around Olton, through which the highway passes, is awaiting the pavement from Plainview to their line before making an effort to secure paved roads as lack of rail facilities will make it necessary to haul material a great distance and a paved highway is needed for this purpose.

Little trouble should be encountered in securing pavement through Bailey as the highway passes through the northeast part of this county. Muleshoe is the town that it passes through in this county. Just a small part of the southwest corner of Parmer County is then left before the New Mexico line is reached at Farwell.

## McClung Moves

The McClung Construction Company is now moving its equipment to Throckmorton County where it has a contract for new highway work there.

This company started paving work in Foard County during the early part of last October.

## Crowell Senior Class to Present Annual Play Saturday Night

The Senior Class of Crowell High School will present its annual play at the auditorium Saturday night, April 26th.

The play, "Stop Thief," is a series of rapidly moving events in which Cluney, the bridegroom, is implicated in the disappearance of a diamond bracelet, pearls, an ear trumpet and wedding gifts. The bride's father is associated with the stealing of a search warrant; and the doctor, a friend of the Carr family is caught at their safe. Two clever crooks furnish further complications for the plot. The cast is as follows: Joan Carr, Leoma Knox; Mrs. Carr, Elsie Fay Roark; Caroline Carr, Evelyn Owens; Madge Carr, Harriett Evelyn Swain; Nell, Ludell Green; William Carr, Robert Oswald; James Cluney, Ragsdale Lanier; Mr. Jamison, Joe Ben Roberts; Dr. Willoughby, Arthur Bell; Rev. Mr. Spelman, Ernest Patton; Jack Doogan, Chas. Ashford; Joe Thompson, Chas. Ray Smith; Sergeant of Police, Leo Horn; Police Officer O'Malley, Guy Todd; Police Officer Clancy, Ernest Speddy; Police Officer O'Bryan, Ralph Cogdell; and the chauffeur, Richard Ferguson.

**Thalia Seniors to Give Class Play Tues, Night**

The seniors of Thalia High School will present their class play, "And Mary Did," at the school auditorium next Tuesday. The cast consists of Lorene Shultz, Vera Cates, Norman Grav, Damon Phillips, Katherine Wheeler, Frankie Haney, Thelma Barrett, Harison Whately, Merle Banister, Pauline Grimsley and Raymond Phillips.

A few students besides seniors are in the play.

**Capacity at Crowell Laundry is Increased**

Due to its growing business the Crowell Steam Laundry has increased both its soft water and washing capacity this week. Changes have been made to increase the washing capacity about one-third over what it formerly was, according to H. Bryan Ray, owner of the laundry.

A twenty-six hundred gallon tank has been erected behind the laundry and a special soft water machine will be kept busy every minute, both day and night, in building up a reserve soft water supply in this tank.

Mr. Ray stated that he was also contemplating other improvements and additions to the laundry force as fast as increased business demanded such steps.

**JIM POLK HURT**

Jim Polk was in the local hospital part of Saturday and Sunday as the result of loss of blood when an artery in his hand was cut when a mule kicked a knife he was holding into the artery.

## Crowell Wins 3rd Place in Regional Play Tournament

Crowell High School made an excellent showing at Abilene Friday and Saturday to win third place in the regional one-act play tournament. Abilene won first place and Pampa won second. Ragsdale Lanier, Crowell player, had the honor of being chosen as the outstanding individual actor of the tournament.

The judge of the plays in the final contest stated that Crowell presented its play perfectly, but that the author of the play, "Two Crooks and a Lady," brought the climax on too suddenly and counted off enough points in this respect to keep Crowell from winning.

Abilene presented "The High Heart," and scored 97 points. Pampa scored 92 points with "The Vaillant," and Crowell scored 90 points. Highly favorable criticism of the finalist was given by Mrs. Bernice Vandersall, who judged the finals.

Crowell, Abilene and Pampa advanced to the finals over seven other casts. All of the plays were given Friday before three judges: Miss Mary Hale of the speech department of Abilene Christian College; Mrs. O. H. Harwell, director of the Abilene Little Theatre; and E. G. Batters, president of the Little Theatre.

Other competing schools were Comanche, Strawn, Lubbock, Tulia, Byers, San Angelo and Toyah. Miss Maxie Barrett of Strawn was chosen as the best actress of the tournament. Mrs. I. T. Graves, director, and Henry Black accompanied the Crowell cast to the tournament.

## Special Anniversary Program for I. O. O. F.

A special program will be given Monday night at the Odd Fellow hall, celebrating the 111th anniversary of the I. O. O. F. lodge. All Odd Fellows and their families and Rebekahs are urged to attend the meeting.

The following program will be given at the time: Opening Ode—Odd Fellows. Invocation—W. W. Griffith. Music—Orchestra. One-act Play—Crowell High School Players. Address—Ray Rector of Stamford, Grand Master. Male Quartet—E. W. Burrow, Sam Mills, Eli Smith and Grady Walker. Address—R. D. Oswald. Music—Orchestra. Refreshments.

## Revival of Two Weeks Ends at M. E. Church

The Methodist revival, which has been running for the past two weeks, came to a successful close at the services Sunday morning. During the meeting there were five conversions and each joined the church by Baptism.

The attendance was fairly good throughout and the results of the meeting were pleasing. At the final services M. S. Henry took charge for a short time in raising funds for Rev. B. J. Osborn, who has conducted the meeting. Mr. Henry explained that Rev. Osborn did not know that such action was to be taken. A nice amount was raised.

## Haney Nominated for Director at Seymour Farm Bureau Meeting

H. E. Davis, Crowell; R. E. Sparks, Foard City; C. E. Morris, S. M. Tole and Luther Ward, Thalia, attended the district meeting of the Texas Farm Bureau Cotton Association at Seymour Saturday. This district consists of Hardeman, Foard, Wilbarger, Baylor, Knox, Haskell and Wichita counties.

T. M. Haney of Thalia and C. W. Love of Seymour were nominated to make the race for the director of this district in the state association. Mr. Love is the present director and Mr. Haney served in this capacity from 1921 to 1925.

## Father of A. W. Barker Died at Lone Oak, Ark.

A. W. Barker of Foard City returned home Sunday night from Loan Oak, Arkansas, where he attended the funeral of his father, N. B. Barker, who died last Monday. He was a former resident of Foard County, living with his son at Foard City in 1926 and 1927.

Mr. Barker was born in Tennessee January 1, 1857. He spent most of his life in the state where he was born. He is survived by four sons.

## NOTED POULTRY EXPERT SPOKE HERE THURSDAY

**GOOD CROWD OF LOCAL POULTRYMEN PRESENT TO HEAR DR. HOLMNGREEN OF A. & M. SPEAK AT COUNTY AGENT'S OFFICE**

E. N. Holmngreen, poultry specialist of the Extension Service of Texas A. and M. College, addressed a large crowd of poultrymen in the county agent's office last Thursday night.

Mr. Holmngreen spoke on the subject of general poultry management, which included housing, feeding, diseases, parasites and marketing. Good housing was especially stressed. It was pointed out in the talk that it was impossible to properly care for a flock of hens unless they are properly housed. A poultry house does not necessarily need to be expensive, according to Mr. Holmngreen, to be a good one but it must have five points if it is to give good results. A house should be large enough and should have 2 1/2 to 3 square feet of floor space per hen. It should be properly ventilated. It must be dry, should have plenty of light and conveniently arranged.

The speaker urged those who were building or remodeling their houses to not make them narrow. A deep house gives the best results, he stated. A house should never be less than 16 feet deep and 20 feet is better. Sheet iron is not good material to build a house with, according to Mr. Holmngreen. It is colder in the winter and hotter in the summer and a house with such material is damp and difficult to ventilate.

## Small Things Count

Mr. Holmngreen stated the small things in the poultry business had largely to do with success or failure. He urged plenty of good clean drinking water; plenty of mash; hopper space and keeping the birds free from lice, blue bugs and other parasites. About one foot of mash and hopper space to ten hens is required, he said.

Many times egg production can be increased from 20 to 50 per cent by having enough hopper space and plenty of good drinking water where the birds can have access to it. Shade for the flocks is also necessary during the hot summer months and if there are no trees a shade can be provided by making an arbor and covering it with brush, the speaker pointed out.

Co-operative egg marketing was briefly discussed. It was stated by Mr. Holmngreen that the success of a marketing association depended largely upon the individual members.

At the close of the meeting O. D. Beauchamp was elected president and S. E. Tate, secretary, of a local poultry association which will meet once each month for the purpose of discussing poultry problems.

## Baptist Revival Will Start Here Sunday Morning

The Baptist church will start a two-weeks' revival Sunday at the morning services. Practically all of the churches in the city will cooperate in Boys' Week services at the church Sunday night.

Local talent will be used entirely during the meeting. Rev. Woodie W. Smith, local Baptist pastor, will do the preaching and E. B. McBurnett will act as choir leader at the evening services.

Mrs. Adolphus Wright will have charge of the special music and will lead the choir in the morning services. A number of musical features are planned for the meeting. Evening services will begin at 8 o'clock and the morning services at 10 o'clock. Morning services will be held each day except Saturday. Cottage prayer meetings will be held over the town also with several circles assembling in four or five homes over the town at three o'clock on each day except Saturday. Evening prayer services will be held at 7:30 p. m. at the church just preceding the evening sermon.

## Permit Granted for Construction of New Rail Lines Near Here

New railroad construction, a part of which will touch Foard County, will take place within a short time as a result of the Interstate Commerce Commission granting permission to the Rock Island and Frisco systems for new construction.

Permission was granted Monday to build 108 miles of new road from Shamrock through Quanah to a connection with the proposed Frisco line from Vernon to Seymour at Beaver Creek in Wilbarger County. It was also authorized and granted the Frisco permission to acquire control of the Gulf, Texas and Western by purchase of capital stock. The road will cross the northeast part of Foard County.

## LAST CHANCE!

The names of all persons who have not been enumerated in the 1930 census for Crowell and Foard County should be turned into the Foard County News immediately if they are to be counted in the local population.

The Crowell census has already been completed by Mrs. Pearl Carter. She has left census blanks with the Mr. Love to fill out that have been missed. Any future enumerations will be mailed to the district supervisor, Owen M. Unger, at Plainview.

J. C. Jordin arrested in Chicago for intoxication, had in his pockets two herrings, two camphor balls, a brush and comb, six hairpins and two bars of soap.

### WHY EVERY FARM IN FOARD COUNTY SHOULD HAVE 300 LAYING HENS

By Vinson Hall

A farmer should have three hundred laying hens for several reasons. First, they will protect his bank account. Second, if every farmer had three hundred laying hens the farmers could co-operate and sell their eggs at a better price. Third, it would be a money making job tending to three hundred hens. Fourth, it would help every farmer by cutting down the acreage of cotton by planting feed to feed the chickens.

It would help his bank account because, when a farmer goes to town and takes a few dozen eggs he can buy his groceries with them and he won't have to check out what little cotton money he has made.

If every farmer had three hundred laying hens they could co-operate and ship their eggs and get a better price, and they could improve their

### flocks of chickens by co-operating.

If every farmer had three hundred laying hens they would pick up all the grain around the barn that the horses waste. It would not take but about three hundred dollars to feed your hens, mash, maize and what they pick up around the barn. Three hundred chickens would lay a thousand dollars worth of eggs a year and I believe it would be worth your time to tend to 300 hens for seven hundred dollars a year instead of trying to raise so much cotton that you don't get anything for.

If you plant feed for your chickens you will lessen the acreage of cotton and if every farmer cut down the acreage of cotton he would get a better price for what he did raise, because demand is what makes the price and there is already too much cotton on hand.

A farmer that has three hundred laying hens would not have to buy eggs to eat and to cook with. He would also raise enough chickens to have plenty of fried roosters that is well worth your time to eat.

### TEXON TALES

Some one or other has said, "He who serves the public is a slave," or something. He may have run an oil town post office that made him think that. Anyhow he had to wait on people and had a good chance to see that if you are doing any kind of service for folks they will go to a lot of trouble to see how much trouble they can be to you. Some folks are plain dumb while others are worse but now and then you find one who seems to know the way to get what you want is to know "how" to go about it. We are all slaves. Slaves, mostly to ourselves. For instance there is the boy who rose up from between the cotton rows and became a base ball player. He played before the best people. The rich and influential. They called him by his first name and his professional nickname. He married a "sassy" girl. They put on a big front and mingled with the high-powered folks. Of course it took all t hey made and they were always in debt. Now on the other hand there was the boy who was

perfectly willing to be a "pore" boy simply because he was not content to be just a poor sap. He learned to work and work good and save. He married just a good old hard working girl. They didn't try to mingle with the rich as one of them but the rich and influential folks soon recognized their real qualities. Well, the high powered rich folks just took them in, that's all, they always will take to one of their kind. Now when financial reverses and trouble came which one of these boys do you suppose the moneyed guys stood by? Give you two guesses and let you guess the same both times. Well, it just goes to show you can put on a good front and fool yourself but if you want a front that will stand up with everybody else you gotta have some backing to it. Society folks are alright if they are alright. So is everybody else. If you aim to shoot square with other folks you gotta shoot square first with yourself. Everybody is just a slave to himself.

### A COUNTING ROOSTER

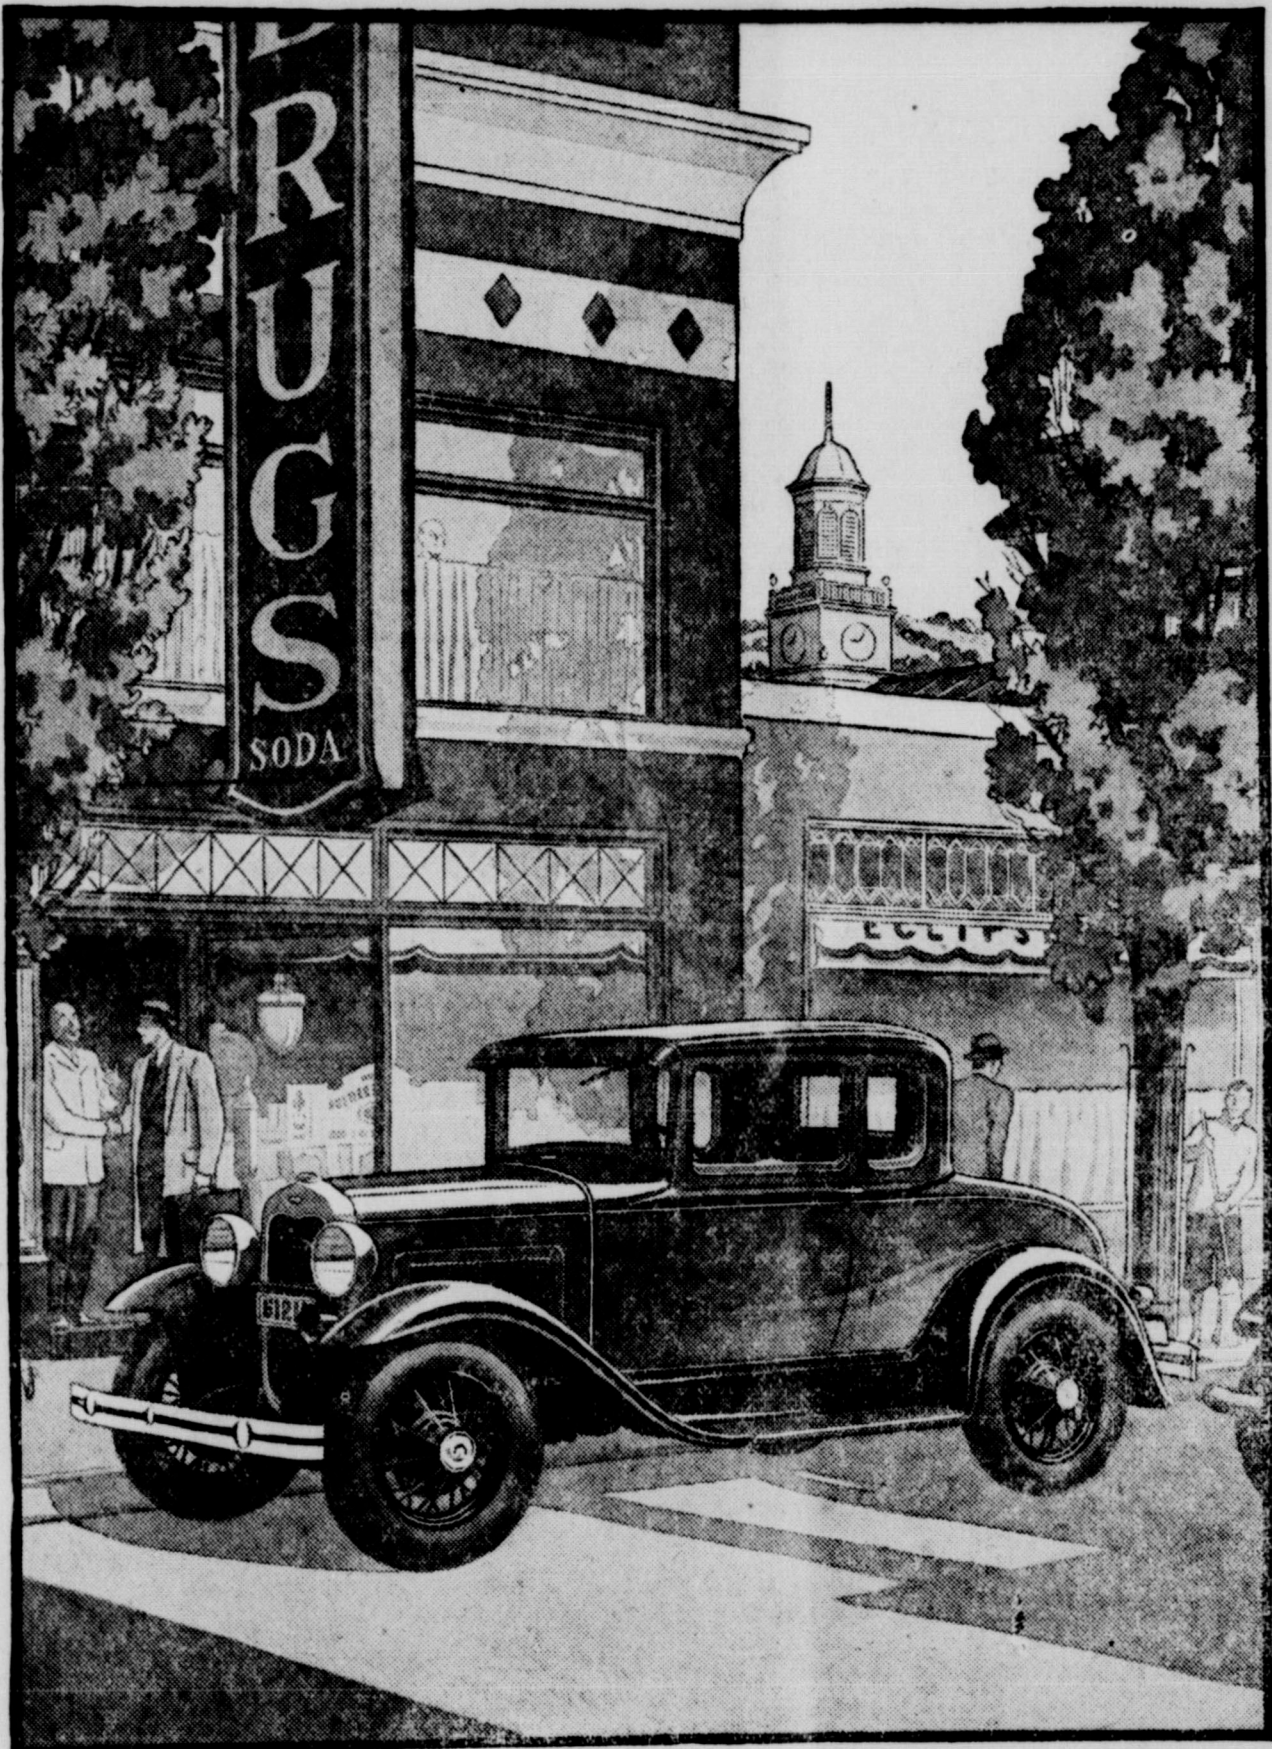

Experiments in psychology are being carried on enthusiastically with many kinds of animal life as subjects. A recent test reported from the University of Chicago is quite interesting.

Kernels of corn were placed in a row on the floor, with every third kernel tacked down, and a rooster was permitted to help himself. Failing to lift a fastened kernel, he would pass on and eat the next. The missing kernels were replaced and next time he made no attempt to devour the stationary kernels. Then the third kernels were loosened but he still passed them by until his foot struck one and moved it; then he went back and ate them all.

Some who witnessed the experiment believe that it proved the rooster's ability to count; others were skeptical. Possibly he was an unusual bird, or had been influenced by his university environment.

We don't vouch for the truth of the story, but if you doubt it try the experiment on your own rooster.

TEXON TATTLER.

### THE NEW FORD COUPE

A beautiful closed car, distinguished by its substantial grace of line and contour. A particularly good car for physicians, business executives and salesmen because of its comfort and reliability. The Triplex shatter-proof glass windshield and the fully enclosed four-wheel brakes contribute to the unusual safety of the new Ford.

### OUTSTANDING FEATURES OF THE NEW FORD

- New streamline bodies • Choice of colors • Rustless Steel • Triplex shatter-proof glass windshield • Four Houdaille double-acting hydraulic shock absorbers • Fully enclosed, silent four-wheel brakes • Extensive use of fine steel forgings • Aluminum pistons • Chrome-silicon alloy valves • Three-quarter floating rear axle • Torque-tube drive • More than twenty ball and roller bearings • Sturdy steel-spoke wheels • 35 to 65 miles an hour • Quick acceleration • Ease of control • Reliability • Economy • Long life.

### NOTE THESE LOW PRICES

|                           |       |

| Phaeton . . . . .         | \$440 |
| Coupe . . . . .           | \$500 |
| Tudor Sedan . . . . .     | \$500 |
| Sport Coupe . . . . .     | \$530 |
| De Luxe Coupe . . . . .   | \$550 |
| Three-window Fordor Sedan | \$625 |
| Cabriolet . . . . .       | \$645 |
| De Luxe Sedan . . . . .   | \$650 |
| Town Sedan . . . . .      | \$670 |

(f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra, at low cost.) Universal Credit Company plan of time payments offers another Ford economy.

## Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance. " " " "

As days go by you will find that it becomes more and more your favorite car to drive—so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller—the farmer—the industrial worker—the owner of the spacious two-car garage in the suburbs—to all of these it brings a new measure of reliable, economical service.

Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price."

## FORD MOTOR COMPANY

### Twenty-Five Years Ago in The News

APRIL 14TH, 1905

#### Big Honor Roll

The following students on the honor roll from examination held last week at the high school:

Miss Allison's room: Alton Andrews, Leta Burk, Jewel Hagler, Annie Hudlow, Lois Halsell, Ora Bell, Jennie Ricks, Marvin Moore, Leonard Stanford, Bertha Johnson, Elmer Garlinghouse, Lora Thacker, Myrtle Campsey, Frank Moore, Luther Gribble.

Miss Allee's room: Una Self, Earlie Norwood, De Norwood, Paul Logan, Earl Logan, Frank Kirkman, Owen McLarty, Homer Hagler, Mabel Roberts, Herbert Edwards, Essie Ricks, Reger Adams, Arthur Ullom, Ora Howell, Mattie Ziebig, and Archie Williams.

Prof. Thompson's room: Minnie Ringold, Cecil Raney, Mary Logan, Mabel Crowell, Mattie Klepper, Ruby Andrews, Bennie Wright, Lorena Andrews, May Klepper.

Prof. Blankenship's room: Tully Klepper, Beaty Andrews, Fite Crowell, Archie Campbell, Birdie Thacker, Chas. Andrews, Cliff Crowell, Essie Thacker, Lourana Cope, Lena Kirkman and Linnie Magee.

#### Thalia Items

Hiram Gray has been absent from school several days on account of sickness.

Frank Long went to Vernon Wednesday. He said that he could not possibly stay until Saturday to see President Roosevelt, but invited him to come out to Thalia, and we have all been looking for him, but he has not arrived yet.

C. W. Beidleman has been quite sick the past week.

#### Ashford-Rector

Mr. James Ashford and Mrs. E. L. Rector were married at the Commercial Hotel on April 12 by the editor of the News, J. C. Roberts. The hotel was crowded to its standing capacity to witness the ceremony.

B. J. Smith, the lawyer, farmer, and stockman of Cottonwood, passed through Crowell Tuesday with two fine white-faced yearling bulls, which he had purchased from E. J. Wall of Quanah.

If you want a 25 pound box of good prunes for \$1 call on Hays and Barks.

Joe W. Beverly threshed his millet last Friday. Other parties brought in sorghum, etc., in their wagons and had threshing done at the same time.

R. B. Edwards of the firm of Edwards, Self and Co., who has been trying the realities of city life for the past few months, decided that he loved country life better and on last Saturday moved his family back to his farm 1 mile north of town.

#### Newlyweds Serenaded

On last Wednesday evening after the newly married couple, Mr. and Mrs. Jas. Ashford, had repaired to their residence, in the stillness of the night when music has its greatest power to charm, the Crowell string band gathered around that quiet home and broke the stillness of the night with the most enchanting music that ever saluted the ears of that happy pair. The serenaders conducted themselves in an orderly, well behaved manner and the entertainment was greatly enjoyed by Mr. and Mrs. Ashford, who send their thanks through the News.

#### Honor Roll at Black

The students of the Black school placed on the honor roll for the month of March are: Viola McKown, Kate Bulkeley, Joe Shirley, Willie McKown, Addie Coffman, Willie Bulkeley, Paul Clifford, Jane Bulkeley, Muriel Nichols, Eula Clifford, Allie Tuttle, Jim Clifford and John Shirley.

John Cope's old yellow horse ran away with a buggy in town yesterday, but did not do any damage. A cow hide blew up against his heels and he came alive at once.

### Increased Federal Aid Boon to Texas Says Gov. Moody

Austin, Texas, April 24, (UP).—Translated from figures into roads, the recent increase of \$3,000,000 a year in federal road aid to Texas means a highway across the state in any direction during the three-year period for which the appropriations are made.

Governor Dan Moody figured it out with a ruler and map. With the \$3,000,000 increase for this year alone, he figured, it will be possible to build a road that would extend by airline from Dallas to the University oil fields or from Dallas to Plainview. It would be equivalent to an airline concrete road from Ft. Worth to Amarillo, Ft. Worth to Odessa, Ft. Worth through Texarkana into Arkansas, or Ft. Worth to Corpus Christi. Figured from San Antonio the increased fund would build an airline concrete road from the Alamo to Pecos, Lubbock, Wichita Falls, Paris or Marshall. If Houston is taken as the central point, the new fund would provide a road through Laredo or into Mexico; a road to San Angelo or Wichita Falls.

The total \$22,000,000 of federal road aid will be enough for 800 miles of concrete road, the Governor estimates. In practice the federal funds are supplemented by similar funds raised by the State and similar funds raised by counties or road districts. Trebled this way, 2,400 miles of road building is in sight for the

three years—the greatest program ever attempted by any State.

The increased road appropriation for Texas, Governor Moody said, he believed is due to the representations made to President Hoover by himself and the Texas State Highway Commissioners when the President called on states to give an estimate of what public work could be undertaken to stabilize business. Governor Moody and the commissioners then suggested that if the federal government would increase its road aid apportionments the states would match the funds and institute large programs.

The fund now apportioned to Texas is greater than that given to any other state. It can be used only on federal designated highways. Of these there are 11,694 miles in the state.

### Many Ailments Yield Quickly To New Konjola

Manager of East Side Stone Yard Eagerly Praises Merits of New Medicine

"Stomach trouble, disordered kidneys and constipation over a period of six months, had placed me in a badly run-down condition," said Mr. James A. Cox, 639 Mathewson street, Wichita. "Gas and bloating followed even the simplest meals. Kidney weakness gave me frightful back pains and I was subject to frequent bladder actions. I was restless and found it difficult to sleep for

MR. JAMES A. COX

any length of time. I had no appetite and was weak and listless. For two weeks I was utterly unable to work and it was during this time that Konjola was recommended to me by my friends.

"My appetite increased from the very day I began taking Konjola. My stomach gradually began to function as it should and the back pains left me. Today I eat heartily without any discomfort whatever and am free from bloating. My kidneys are in excellent condition and I am entirely free from constipation. My general health is better than it has been in a long time. I owe all this to Konjola."

It is logical to believe that what Konjola has done for others, it will do for you—for everyone. This is especially true if Konjola is given a fair trial. Six to eight weeks are recommended as a fair trial in stubborn cases.

Konjola is sold in Crowell at Ferguson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section. (Adv.)

**ADVERTS**  
by Charles S. Moore

OUR HAUGHTY FRIEND IS DUE FOR THE SHOCK OF HIS LIFE—HE DOES NOT BELIEVE IN ADVERTISING, BUT HIS COMPETITOR DOES AND IS ABOUT TO TURN LOOSE A SHARPY CAMPAIGN. IT WON'T BE LONG NOW UNTIL OUR BOLD FRIEND WILL HAVE TO BELIEVE IN IT!

### King Lists Points In Next Campaign

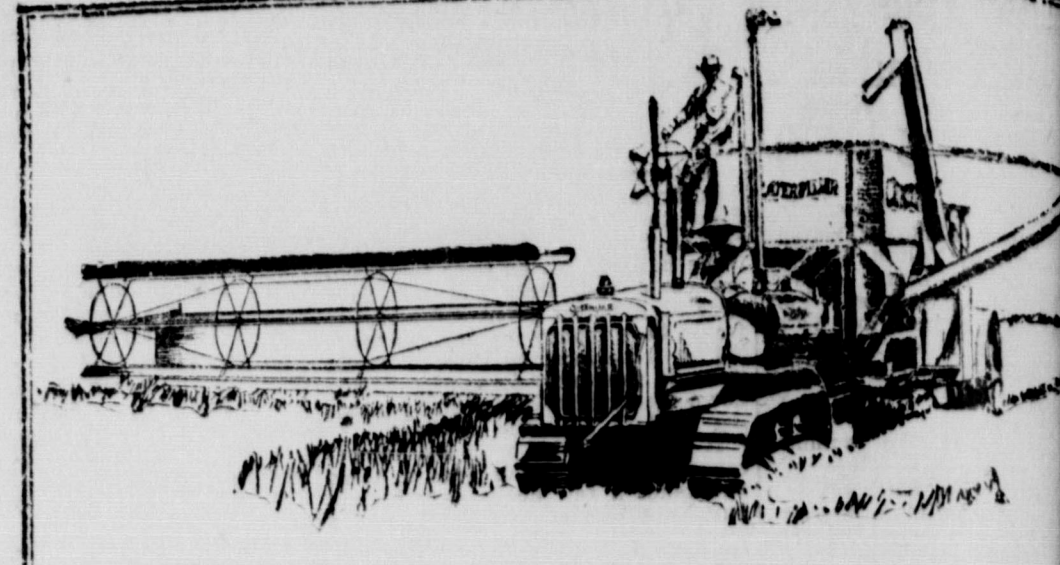

Austin, Texas, April 25. (UP).—A. H. King of Throckmorton is out with a "fourteen points" campaign for election as state commissioner of agriculture.

The points are:

1. To make the farm pay you a fair return for your labor.
2. To take from farm life the dull, drab drudgery that makes your children hate the thought of spending their lives on a farm.
3. To regulate production by education so that no farm commodity will bring starvation prices.
4. To broaden and stabilize markets and do away with the "dump system."
5. To help you fight interest, insects and inadequate prices.
6. To help dignify the business of farming and place you in a more important position as a citizen.
7. To do all possible to bring about a restoration of faith in the farm.
8. To help protect the farm from soil loss and deterioration.
9. To work together in order that we may not starve separately.
10. To relieve the farm from the state ad valorem tax.
11. To find the cause and cure for root rot in cotton.
12. To protect you from speculative hijackers.
13. To give you accurate information as to acreage and condition.
14. To keep the office of commissioner of agriculture elective.

### Easy! Quick! Glycerin Mix for Constipation

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! Ferguson Bros., Druggists.

## "I Made the Harvest With 50c Repair Bill"

... says Thomas Bloxom of Lockney, Texas, relating his last year's experience with "Caterpillar" (Holt) Combine. He harvested 525 acres and says, "I can get to cutting right now, but am going over my machine and probably put \$2.00 to \$3.00 repairs on it." "Caterpillar" Combines and "Caterpillar" Tractors hold the records for clean threshing, long life, low cost of upkeep, dependable service and for threshing more bushels in fewer hours.

It's time now to begin thinking about your harvesting equipment ... see our representative, let him show you the new "Caterpillar" Combine and "Caterpillar" Tractors.

| THREE "CATERPILLAR" COMBINE MODELS | FIVE "CATERPILLAR" TRACTOR MODELS |
|------------------------------------|-----------------------------------|
| Thirty Eight—10 or 12-ft. header   | "Caterpillar" Ten - 10 14         |
| Thirty Four—12 or 15-ft. header    | "Caterpillar" Fifteen - 15 20     |
| Thirty Six—16 1/2 or 20-ft. header | "Caterpillar" Twenty - 20 25      |

DALLAS

J. W. SMITH, Local Representative  
1819 Nabors St. Tel. 776W VERNON, TEXAS

Moving large trees was once thought close to impossible, but now large trees are successfully transported by aid of derricks, trucks and proper technique. It is reported that 10,000 German colonists, representing a stock that has lived in Russia 200 years, are now seeking new homes in Canada and Europe. Margaret Twombly, a student at the University of Wisconsin, died April 14 after graduation at four years ahead of her class.

# TRIPLE TESTED

CONOCO Gasoline is actually tested dozens of times in the process of being refined, but it is called Triple Tested Gasoline because of all of these tests which are run into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—when they buy gasoline they use. A gasoline may be ever so powerful—but if it is not powerful enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

**Crowell Wins Over Medicine Mound and Loses to Quanah**

Crowell won over Medicine Mound here Saturday by the score of 19 to 2 and then lost to Quanah Sunday in a good game at the local park by the score of 4 to 3. Crowell got off to a good start in the Medicine Mound game when Tom Beverly, first up for Crowell, swatted the ball over the right field fence for a home run.

Good baseball featured the Quanah game here Sunday, double plays, excellent fielding and pitching and most everything that goes to make up a good baseball game was to be found in this contest. A home run by Williamson, the Quanah pitcher, in the 7th inning with one on base tied the score and Quanah made the winning run in the same inning.

Crowell plays Paducah at the local park Sunday.

The box score for the two games follow:

CROWELL MEMBER OF M. M. M. MARGARET

The Foard County News

T. B. KLEPPER, Editor and Owner  
MACK BOSWELL, Asst. Editor

Entered at the Post Office at  
Crowell, Texas, as second class mat-  
ter.

Crowell, Texas, April 25, 1930

The following editorial in the  
Floyd County Hesperian, published  
at Floydada, is encouraging, especial-  
ly to the other counties on the Lee  
Highway who are anxious to see  
Floyd County fill up the only gap in  
the paving program on the Lee High-  
way in Texas:

"The Hesperian refuses to get  
'heated up' over the possibility that  
Floyd County people are going to  
sleep on their rights long enough  
that the county will be left entirely  
in the cold forever and a day in road  
construction matters. Those who  
foresee—and doubtless they are  
right,—the day when road construc-  
tion on major roads will be done  
along lines and in a manner set out  
by some state-wide or nation-wide  
authority, with local people having  
no part of the money to spend and  
no voice in the selection of when or  
where the roadways shall be built, al-  
so foresee that counties such as Floyd  
will be left entirely out of considera-  
tion because its people have repeat-  
edly refused to spend their money  
for good roads. It is on one of the  
possibilities that a comprehensive  
enough program has not been laid  
out for their consideration. Whatever  
the answer, we believe that the peo-  
ple of Floyd County are not going to  
be lethargic on road matters until it  
is entirely too late."

While at the high school the other  
day I. T. Graves, superintendent,  
had the writer to read over a theme  
that he considered to be a mighty  
good one. Mr. Graves was certainly  
right and the theme is one of un-  
usual excellence for a high school  
student and helps show that the  
young people of this day take life  
more seriously than often imagined.  
The title of the theme is "Track"  
and is written by Arthur Bell, who  
writes from actual experience on his  
subject. Arthur recently broke the  
district record for the mile run as a  
result of his diligent training and  
we believe that he hits the nail on  
the head in his comparisons of track  
with life. His story follows:

"Track is a thing that just a few  
boys take an interest in because it  
takes time, preparation, determina-  
tion, energy and stickability. It is  
not like most of the other athletic  
events for it has nothing about it to  
make a boy interested except  
the joy of winning.

"The copper-ore content of the only  
Finnish copper mine now under ex-  
ploitation, Outokumpo, amounts,  
according to recent estimates, to ap-  
proximately 8,000,000 tons, the av-  
erage copper-content being 4.5 per cent.

Egypt, today among the world's  
most prosperous nations, derives her  
wealth mainly from the soil through  
irrigation and drainage work.

College and university summer  
schools enrolled 412,824 students in  
1929. This is the largest summer  
term attendance on record.

"Football has something about it  
that all boys like and they get much  
enjoyment out of it, not only in  
playing but also in practice.

"Basketball is a game of skill and  
requires much team work. In track  
it is training and all depends upon  
the individual.

"Track in my estimation can be  
compared in many ways to life. A  
fellow can train and be in perfect  
condition and with the association  
of some boys he will be a success and  
with the association of others, he  
will be a complete failure.

"There are many people who know  
nothing about anything but always  
seem to know something about ev-  
erything. They will criticize, ridicule  
and run down anyone who tries to  
do something. This is very discourag-  
ing to a track man. After a boy has  
trained for track and found this  
true, you never hear of his trying to  
discourage another person doing  
something worth while.

"A person must first make sure  
he is spending a sufficient amount  
of time on his school studies and  
then he can feel at ease and also do  
better on his track work.

"Track has taught many a boy a  
lesson he would never have learned  
himself. One lesson that I learned  
was that if you don't put all you  
have into a thing, your reward will  
come in proportion to your efforts.

"A person that just half way  
trains and goes into a race thinking  
maybe the breaks will not be against  
him; that he has a gambler's chance,  
is like some of the people on this  
earth today. They go on doing just  
the opposite to what the Lord wants  
them to do, and then in the end they  
think they will have as good a chance  
as those who have been doing right.

"There are too many of us that ex-  
pect a whole lot for just a small  
amount of effort. This is one thing  
track proves. If you don't train you  
don't win. If you train a little you  
just win a small place.

"Some people think, 'Well some one  
is going to lose and I have not a  
chance,' and they go ahead and lose,  
but some think just the opposite and  
think some one has to win. If one  
tries to win and does his best and  
then loses, he is to be praised.

"A man usually gets what he wants  
if he has the desire to get it."

Political Announcements

The following announcements for  
the offices named are subject to the  
action of the Democratic Primary to  
be held in July of 1930:

For County Judge:  
M. M. HART, JR.  
CLAUDE CALLAWAY.  
J. E. ATCHESON (Re-election)

For County Treasurer:  
MARGARET CURTIS (Re-elec-  
tion)

For County and District Clerk:  
GRADY MAGEE.

For Tax Assessor:  
VERNON PYLE.  
MRS. ELLA RUCKER.  
PETE BELL.

For Public Weigher, Precinct 1:  
A. T. SCHOOLEY (Re-election)

For Justice of the Peace, Precinct 1:  
E. F. (Button) HENRY.  
J. W. KLEPPER

For Sheriff and Tax Collector:  
QUE R. MILLER (Re-election)

For Commissioner, Precinct No. 1:  
A. B. WISDOM (Re-election)  
ROY C. TODD.

For Commissioner, Precinct No. 2:  
J. C. HYSINGER (Re-election)

For Commissioner, Precinct No. 3:  
E. V. HALBERT (Re-election)  
A. B. SPEARS.

For Commissioner, Precinct No. 4:  
W. F. THOMSON (Re-election)  
T. S. PATTON.  
TOM J. CATES.

For District Attorney:  
JESSE OWENS  
JOHN MYERS, Vernon.

For Constable, Precinct 1:  
J. H. EASLEY

For District Judge:  
W. N. STOKES, Vernon.

For Representative, 114th District:  
GEORGE MOFFETT, Chilli-  
cothe.  
O. D. BEAUCHAMP.

For State Senate, 23rd District:  
RUBEN LOFTIN, Henrietta.  
BEN G. ONEAL, Wichita Falls

Dr. Morrow Speaker  
at Methodist Church  
Tues. on Prohibition

Dr. George W. Morrow of Detroit,  
Michigan, national lecturer for the  
Anti-Saloon League, spoke here un-  
der the auspices of the Anti-Saloon  
League of Texas, at the Methodist  
Church, at 8 p. m., Tuesday, April  
22nd.

He said in part: "The 18th Amend-  
ment is the greatest human welfare  
movement of the century. Looked at  
from every angle this cannot be gain-  
said. Lloyd George, the great war  
premier of Great Britain, after visit-  
ing America, went back home and  
told the people that 75 per cent of  
the great industrial heads of this  
country are in favor of prohibition,  
and his people must realize that a  
drunken England cannot compete  
with a sober America.

"The claim of the enemies of pro-  
hibition that it has caused disrespect  
for law is as absurd as to claim that  
the Ten Commandments have caused  
disrespect for religion.

"The 'wets' are complaining that  
the law is not being enforced. One  
may well ask 'did this class of vi-  
olators ever obey any law?'"

"In 1929 the Federal courts con-  
victed 50,000 bootleggers and other  
prohibition violators, and that was  
75 per cent of the cases brought be-  
fore them. In 80 of your smaller  
counties of Texas last year, the  
county officers brought into court  
1595 prohibition violators and the  
courts convicted 1188 of them; which  
was a pretty good showing for those  
Texas counties. Of 10,000 prisoners  
in the Federal prisons of the coun-  
try, there are 2700 there for violat-  
ing the narcotic laws, but only 1800  
for violating the prohibitory laws.

"There are 1300 there for violating  
the Interstate Automobile Theft Law,  
but no one is arguing for the repeal  
of the narcotic law, nor the inter-  
state automobile laws.

"We have had only ten years of  
prohibition. The liquor traffic had  
its day of 100 years. Our appeal to  
America is to give prohibition its  
chance."

RAYLAND  
(By Special Correspondent)

The Easter egg hunt at George  
Key's was well attended by both Sun-  
day School children.

Mr. and Mrs. Ereell Brooks of Ver-  
non visited her sister, Mrs. Ira  
Younger and family, Sunday.

Clyde Norman spent the past week-  
end visiting his sister at Floydada.

Quincey Lee Rutledge, who is at-  
tending school at Austin visited his  
parents here the past week-end.

"Mr. and Mrs. Jesse Moore and  
Herman Schultz went to Snyder,  
Texas, Friday.

Rev. Lair will fill his regular ap-  
pointment at the Baptist Church Sun-  
day.

The Five-In-One School pupils  
presented "Our Neighbors" at the  
Antelope school house Thursday  
night. A large crowd attended.

The Five-In-One girls were present-  
ed the loving cup Thursday night  
that they won in basket ball this  
year.

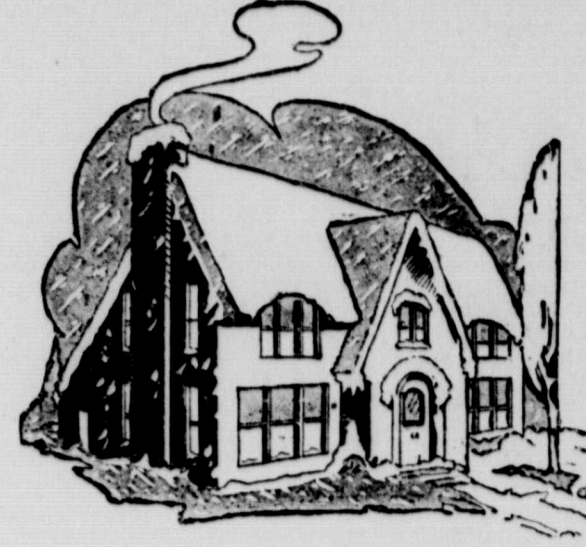

Mr. and Mrs. Maurice Fite of Okla-  
homa visited her parents, Mr. and  
Mrs. A. H. Martin, last week-end.

Miss Lorain Attaway of Vernon  
spent Sunday with Hazel Rutledge.  
Mrs. R. A. Rutledge accompanied  
her son, Quincey Lee, as far as  
Wichita Falls Monday.

Herschel Butler spent last week  
with relatives at Amherst.

Lee Jordan and family, Joe Jor-  
don and family, Mr. and Mrs. Fred  
Duffey of Vernon, Mr. and Mrs. Ed  
Armstrong of Deans, Mrs. M. T.  
Mears, and Neal Slappy and family  
had an egg hunt and a picnic on  
Pease River Sunday.

Willie Butler and son of Amherst

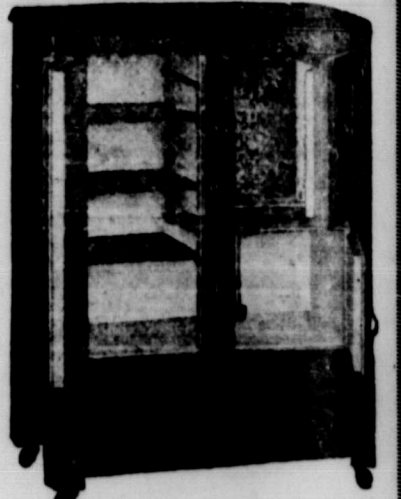

FREEZING NOW

inside the General Electric All  
Steel Refrigerator. No more worry  
about preserving food and milk.  
Just place it inside a General Elec-  
tric and you are assured it is out of  
danger. So dependable, so quite,  
so sure, so trouble free, so clean,  
that of the 400,000 users not one  
has spent a cent for repairs.

THE NORTHLAND

Is the ideal ice refrigerator. A patented  
insulation and fresh air circulation makes it  
without a peer in preserving foods at a low  
consumption of ice. A refrigerator that  
operates efficiently, economically, and will  
last for years.

M. S. Henry & Company  
EVERYTHING FOR THE FARM AND HOME  
Hardware, Furniture, Implements  
Plumbing and Sheet Metal

spent the past week-end with his  
brother, Frank Butler and family.

Metz claims the oldest unmarried  
woman inhabitant, Mlle. Gertrude  
Gorious, who recently celebrated her  
102d birthday.

About 36,000 Americans are in  
France continually on an average.

OIL BRINGS SHERIFF

Christoval, Texas, April 24. (UP).  
—Boom oil play such as accompanied  
the opening of many West Texas  
counties, is responsible for Christo-  
val's getting a new deputy sheriff.

A. J. Drago, former leader of the  
gang of Texas Rangers that cleaned  
up the country "west of the Pecos"

when it was altogether in the hands  
of cattle rustlers and "brand bur-  
ners" back in 1899, has been given a  
commission as deputy by Sheriff Ben  
Hewitt.

Anticipating an increasing rate of  
lawlessness, a committee of Christo-  
valans, who are to pay the deputy's  
salary petitioned the commissioner  
court to order an officer appointed

West Texas Utilities Add 20,000 H. P. With Concho Station

Whirling an additional 20,000 horsepower into the great network of transmission lines which covers virtually all of West Texas, the new steam turbine at the Concho Generating Station was completed and put into full operation on April 15th by the West Texas Utilities Company.

The enlargement which has more than doubled the output capacity of the station bringing the total generating power to 35,000 h. p., entailed the enlargement of the building and adjacent substation. The boiler room which has been added to the north wing of the plant was extended 25 feet by 115 and the switch room, added to the south wing, was extended 40 by 50 feet. With the addition of the 20,000 h. p. turbine unit and condenser, raw water softeners, evaporating units and two boilers of 1,000 h. p. each, were also added. The 66 Kv substation which was built is approximate twice the size of the one which has been relegated and the mammoth spray pond completed enables the station to cool more than double the amount of water used before.

The generating unit weighs in all 86 tons, 31 tons of which were whirling at tremendous speed when the generator began to revolve. The unit was completed and thoroughly tested last week and its additional 20,000 h. p. shot into the hundreds of miles of transmission lines on April 15th.

In April 1926 construction began on the first unit of the Concho Generating Station, a 5,000 Kw turbine. In July of the following year the plant was put into operation. Approximately 400 men being used in its construction. Hardly had this unit been completed when it was realized that its capacity would not be adequate to the rapidly growing section encompassing San Angelo so in December of 1927, work began on the installation of the second unit, another 5,000 Kw turbine. During May of 1928, the second unit was completed and put into operation. But with the completion of this second unit and the demand for electricity mounting daily, it was found necessary to make another enlargement. The third unit, the 20,000 h. p. addition just completed brings the total output capacity of the Concho Generating Station to 35,000 h. p., enough electricity and power to serve a city of 100,000 persons.

The Concho Generating Station is one of the three major generating stations of the West Texas Utilities Company, one being located at Abilene and a third at Lake Pauline, near Quanah, Texas. With the new unit completed at the Concho Station, the total peak capacity of the company will be brought to approximately 100,000 horsepower. The company also has 18 auxiliary stand-by stations in various parts of the properties. Electrical energy is sent to 113 cities, towns and communities in West Texas over more than 2,200 miles of transmission lines.

In the great days of the Roman empire, Rome was linked with other cities by a system of twenty-nine roads.

The United States buys from foreign countries 3,500 tons of licorice every year, and most of it is gathered from wild plants.

Buck Brand Overalls

Every Buck Overall is a good one.

If you are not perfectly satisfied with a Buck just pitch them in at the door and we will pitch you another pair or your money back and not ask you why.

Let your next overall be a Buck.

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday, April 27, "Probation After Death." Sunday School at 9:30, Wednesday evening service at 8:00.

At the Methodist Church

I want to express my deep appreciation to all the people who cooperated with us in anyway in our revival meeting which has just closed.

We trust we will have the cooperation of every member of the church. We solicit the co-operation of all Christians regardless of denomination to come and worship with us and help win the lost to Christ.

The music will be under the direction of our local forces, Bro. E. B. McBurnett, Mrs. Adolphus Wright and Mrs. Ella Rucker.

Sunday School 9:45; preaching at 11 a. m. Subject "Boys of the Bible." B. Y. P. U. at 6:45 p. m. If you like a Gospel message come.

WOODIE W. SMITH.

Presbyterian Church

Church services will be held at the morning hour at the Presbyterian Church Sunday. Sunday School will start at 10 a. m.

Foard City League Program

Subject—The Christian Message Judged by its Adaption to all races and conditions of men.

Leader—Victoria McDaniel. Scripture reading—John 4:19-26; Romans 1:15-17; John 3:14-17.

Christian Endeavor

Our Radio Program Sunday evening at 6:30 will be a whiz. If you don't know what we are doing on Sunday evening at that time come and see.

Senior League

Subject—Deborah. Leader—Edward Huffman. Scripture—Judges.

The Christian Church

Sunday was a long to be remembered day by the members of the Christian Church. We had a splendid group of folks present, and a very fitting climax to our evangelistic efforts, there being five additions to the church.

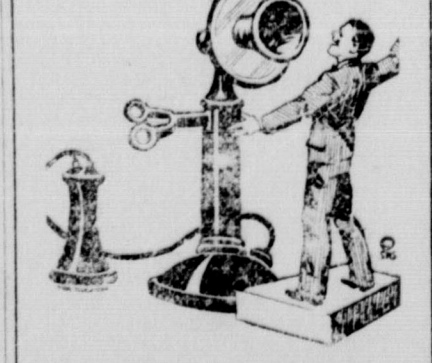

Next Sunday we want every one of you to come back again, and to bring at least fifteen more with you.

FRIDAY AND SATURDAY

On Friday and Saturday only we will clean and press SUITS AND PLAIN DRESSES For Only \$1

CALL '292' Crowell Laundry and Dry Cleaners

League Benediction.

THALIA W. M. S.

The Thalia Woman's Missionary Society met in the home of Mrs. C. W. Roberts Monday afternoon and the program given was taken from "The Voice," with Mrs. M. C. Adkins as leader.

The different schools established by the Woman's Board of Home Missions in sections where there are no other educational advantages are the following: Holding Institute, Laredo, Texas; Vashti Industrial school, Thomasville, Ga.; MacDonell French Mission School, Houma, La.; Valley Institute, Pharr, Texas; Bennett school, London, Ky.

The church will dismiss the evening services to co-operate with the Boys' Week program at the Baptist Church.

Employee of Continental Oil Gives Out Facts

"I Really Enjoy Living Now Since Taking Argotane, and I Suffered for 10 Years," Says Wichita Man

"It has been a mighty long time since I felt as well as I do since I have been taking Argotane," said Marvin Cummings, of 1205 N. Seventh St., Wichita Falls, Texas.

Mr. Cummings is a refinery operator for the Continental Oil Company, and is well known here in this vicinity and has many friends.

"I had been suffering with my stomach and indigestion for about the past ten years," continued Mr. Cummings, "but it has been in a worse shape lately than ever before and guess I suffered with every kind of a pain and misery that a disordered stomach could cause. My food soured and I had to be very careful what I ate. Gas formed on my stomach, and the suffering it caused me

was terrible. My back and side ached all the time and I had sharp shooting pains. I had frequent headaches and was just tired and worn out all the time, and just dragged around, until I had just about reached the point where I wanted to give up my work. I was very nervous and restless and didn't get but a few hours' sleep at night.

"My sisters had tried Argotane and were greatly benefited and finally persuaded me to give it a trial. I really enjoy living now, since taking Argotane and I have more vim and energy and feel simply fine. I eat anything I want, without the slightest hesitation, or having indigestion. The severe pains have disappeared from my back and side, and my kidneys are back to normal. The gas doesn't form on my stomach, and I can work all day without feeling at all tired. When I get to bed at night I do not have to get up, and sleep all night long and get up in the morning feeling refreshed and ready for my day's work. I know from my own experience what Argotane will do. I hope others will benefit from my experience."

Genuine Argotane may be bought in Crowell at the Reeder Drug Store. (Adv.)

DR. HILL BRINGS WILD DUCK AND GOOSE EGGS TO LOCAL HATCHERY

The local hatchery has received all types of chicken and turkey eggs but Dr. J. M. Hill is the first person to bring wild duck and goose eggs to be hatched, according to D. Moore, manager.

Dr. Hill has a domesticated goose and gander on his farm, nine miles south of Crowell. He also has a wild goose and two wild green head ducks on this farm. He has saved three eggs this year for hatching purposes.

Ten years ago about 2,000 uses for wood could be listed; now there are 4,500.

MARGARET (By Special Correspondent)

Mr. and Mrs. C. R. Roden entertained the graduating class of the high school last Tuesday night immediately after the commencement exercises. Mrs. Roden, assisted by Misses Mattie Russell, Alta B. Tammelin, Ella Mae Blevins, Juanita Hunter and Lillie Belle Stephens, served strawberry ice cream, white cake with pink and green icing and green punch to a large number of guests. Rev. E. James, returned Missionary from Columbia, South America, lectured at the Baptist Church last Wednesday night to a large crowd. Mrs. Frank Gamble and daughters, Wanda and Wanda V., of Gambleville attended church here last Wednesday night. The Baptist ladies W. M. U. sponsored the play, "The Old Fashioned Mother," that was presented at the auditorium Thursday night. A large crowd was present and the proceeds will go to help build a new Baptist church. Charles, Ed and Dennis Huskey and Jody Tole, all of Thalia were visitors here Tuesday night. Mrs. W. Ingle has been very ill. Several from Crowell attended the play here Thursday night. Work has been completed on the new home of Mr. and Mrs. Jim Owens about one-half mile northeast of town. Mr. and Mrs. Ab Dunn of Crowell attended the commencement exercises here Tuesday night. The Thalia baseball team won over Margaret in a game played here Friday. The score was 11 to 9. Mrs. Bill Bond and son, Wilson V., spent last week in the home of Mrs. Fannie Bond in Vernon. Miss Lenora Bradford is visiting in the home of Mr. and Mrs. Clint Arnwine in Electra.

Luther and R. L. Long of Pampa spent the week-end here visiting relatives and friends. Clara Belle Blevins spent Saturday night with Evelyn Sollis at Gambleville. Luther and W. H. Tamplin were business visitors in Vernon Saturday. Miss Jewel Broadus is visiting relatives and friends in Chillicothe. Lawrence McCrory of Crowell spent Sunday visiting his aunt, Mrs. J. L. Short. Miss Ethel Hance who is attending Simmons University at Abilene spent the week-end in the home of Mr. and Mrs. J. S. Smith. Mrs. Hardin Russell and little daughter, Clonita, of Foard City spent Saturday night and Sunday visiting relatives here. Mr. and Mrs. Luther Tamplin and children spent Sunday visiting Mr. and Mrs. Claude Estes of Chillicothe. Mrs. V. A. McGinnis and Mrs. Marvin Phillips were Vernon visitors Friday. R. E. Davis and daughter, Inis Fay, visited Mr. and Mrs. C. A. Langston at Foard City Saturday. Mr. and Mrs. J. L. Short and family, G. L. Owens, and M. Owens were Vernon visitors Saturday. Ira Tole of Cordell, Oklahoma, visited friends here Saturday night. Mr. and Mrs. T. J. Priest and children of Vernon visited relatives here Sunday. Mrs. Roy Ayers and little daughter, Frances Ann, have returned from a visit of several weeks at Dallas and Houston. Mr. and Mrs. Dave Sollis of Gambleville spent Sunday in the home of Mr. and Mrs. Henry Blevins. Mrs. W. T. Blevins, Mrs. Arthur Bell and Miss Alta B. Tamplin entertained their Sunday School classes with an Easter egg hunt Sunday afternoon. Mr. and Mrs. C. A. Langston and children of Foard City spent Saturday night and Sunday in the home of Mr. and Mrs. R. E. Davis. Mr. and Mrs. Brown Franklin and little son of Crowell spent the week-end with Mr. and Mrs. S. J. Boman. Mrs. O. E. Haseloff and Mrs. Leo Owens left Monday afternoon to visit their sister, Mrs. Florence Van, who is very ill in a hospital at Hollis, Oklahoma. John Herman Taylor and Billy Jake Middlebrook spent the week-end with Raiburn Taylor at Chillicothe. Mr. and Mrs. Crawford spent the Easter holidays with the latter's parents at Seymour. The Margaret baseball team lost another game to Truscott Monday afternoon. The score was 15 to 7. Ward Emerson left Monday morning for Tulsa where he will work. Work on the new home of Mr. and Mrs. C. F. Bradford will soon be completed. Their former home was destroyed by fire. Cletus Mayo, who has been very ill, is reported to be improving. Mr. and Mrs. I. L. Denton and daughter, Doris Evelyn, of Crowell visited Mrs. Denton's mother, Mrs. W. Ingle, who is ill, Sunday after-

noon. Mr. and Mrs. Dennis Hairston and Mr. and Mrs. T. D. Boyd were Vernon visitors Sunday afternoon. Gilbert Choate made a business trip to Elmer, Oklahoma, last week. Bud Dunn made a business trip to Medicine Mounds, Monday morning. S. B. Middlebrook accompanied his mother, Mrs. Jake Middlebrook, to Quannah Monday to see Dr. George. About 25 ladies gathered at the old Woodman hall Monday and quilted quilts for Mrs. C. F. Bradford. They quilted seven. Mr. and Mrs. Ab Dunn of Crowell attended the ball game here Monday afternoon. Rev. Foster Russell of Antelope Flat was a visitor here Tuesday

night. He gave the address at the Senior commencement exercises. Mrs. C. L. Cavin and Mrs. G. L. Owens entertained their Sunday School classes with an Easter egg hunt Sunday afternoon. Misses Ruth Malone and Lillie Belle Stephens, were Foard City visitors Sunday morning. John Carter of Crowell was a business visitor here Monday afternoon. Several young people from this community attended singing at Gambleville Sunday night. Worth Hunter, who is working at Chillicothe, spent the week-end with homefolks. Foster Russell, who has been teaching at Antelope Flat, has returned home.

It gives your car a new and smarter look.

It's bigger, handsomer, more massive. The All-Weather Tread is extra thick. It has a 6-ply body of stout SUPER-TWIST CORD, Goodyear patented and obtainable ONLY in Goodyear Tires.

Come in and see it!

Only the Price is Ordinary!

Get our Special Offer on a Pair or a Complete Set

Crowell Service Station GUARANTEED TIRE REPAIRING WILLARD STORAGE BATTERIES

Goodyear can give you greater values because Goodyear builds over 1/4 of all the tires sold in America—MILLIONS MORE than any other company.

A Common Power Supply

When a group of towns draw on a combined power supply they do more than improve their own power resources. The transmission network constructed to serve them provides a base from which to extend service to the surrounding farm territory.

Thus the trade territory of the towns is enabled to share in the same ample supply of power—and the advantages for the farm are turned into advantages for the towns which serve the farms.

This is one of the important consequences of the replacement of isolated plants by widespread transmission systems such as this Company maintains to serve a broad area.
