

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

VOLUME XXXVI NO. 17

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, OCTOBER 21, 1927

10 PAGES \$2.00 A YEAR.

## Boswell Boosts Foard County at State Fair

Mack Boswell is down at Dallas looking after Foard County's exhibit and he uses every opportunity to boost this county and he is doing the job up very nicely. Tuesday's Dallas News carried an article in which luster is shed on the Panhandle country and Mack contributed his part. The News has the following to say:

### Boasts of Record Yields

Foard County, south of Hardeman, with Crowell as the county seat, is represented by Mack Boswell, secretary of the Crowell Chamber of Commerce.

Foard County boasts of a record yield and supports its claims on the United States census of agriculture for 1920 and 1925. It claims the heaviest yield per acre in Texas for cotton and wheat, its two principal crops. Following is the statement taken from the records of the census:

Yield Per Acre			
COTTON			
Year	Bales	Acreage	yield
1919	9,143	17,038	.53
1924	15,406	39,315	.39

WHEAT			
Year	Bushels	Acreage	yield
1919	941,670	47,699	19.74
1924	834,001	33,434	24.94

Foard County has but about half the land of the average Texas county. Two-thirds of its land is tillable and only about 65 per cent of this tillable land is under cultivation, the untillable land being used to good advantage in cattle raising.

Yet the value of Foard County products for an average year, based on official statistics and conservative estimates of cattlemen and horse breeders, shows about the same as the average large county as follows:

Agricultural crops	\$2,952,616
Cattle shipments	1,150,000
Horse shipments	75,000
Live stock products	235,000
<b>Total</b>	<b>\$4,412,616</b>

Foard County, covered by hard-surfaced roads, has a variety of soils, two of which are a chocolate loam and sandy. East of Crowell there is considerable tillable land, west not so much. Raw land sells from \$15 to \$40 an acre and cultivated from \$50 to \$100.

There is a section of 5,000 acres near the pease river in the northeast corner that is subirrigated, with water from five to fifteen feet below the surface. This land, which grows wonderful crops of alfalfa and sweet clover, sells for from \$150 to \$200 an acre.

About one-third of the land is used profitably for ranching. The county is well known throughout the United States for its polo ponies, ponies going to all parts of the country and Mexico.

Dairy development is progressing. There are cream stations in the county, but as yet no creamery, this being one of the needs of the county, according to Mr. Boswell.

The Pease River improvement project is due in the near future. This idea will dam the river to a height of 112 feet, eight miles northwest of Crowell, impounding 300,000 acre-feet of water, which will be used to irrigate a district from Foard County to as far as Burk Burnett.

Mr. Boswell says the State Fair exhibits are a great aid to the farmers in the county. It shows them the possibilities of diversification, gives them better methods of farming and helps them in the selection of better seed.

## Crowell Girl Weds Dorchester Teacher

The wedding of Mr. Leonard Clements to Miss Addie Smith took place at the courthouse Wednesday last week, Judge J. E. Atcheson, performing the ceremony.

Mr. Clements holds the principalship in the public schools of Dorchester, Crayson County. The bride is a daughter of Mr. and Mrs. E. J. Smith of Crowell and is a graduate of the Crowell high school of the class of 1926. She attended Gunter College last year.

The young couple visited at Dodsonville after their wedding, returning to Crowell Friday and leaving for Dorchester Saturday, where they will make their home.

## Wants More People to Go to The Short Course Next Summer

It is several months before the next short course at the A. & M. College. It will be some time next summer. But it is not too early to commence getting ready, according to our county agent.

In talking with him about Foard County's exhibit Monday we asked him if he thought it would be worth while for Foard County to try to win first place at the State Fair, and he replied that he thought it would be worth while. Not for any prize that might be won, but for the advertising value there would be in getting first place.

In this connection Mr. Rennels said that he would like to see each community in the county get behind its boys and girls clubs and help put them over in a grand way. He suggested that each community propose to pay the expenses of one member of its club to the short course, the manner of selection to be determined later. In this way there could be something like fifteen club members to take the course. Then some woman interested in canning might be selected also from each community, which would bring the number up to 30. He thought it would be well also for the Chamber of Commerce to offer a prize to the club member making the best record, which would stimulate a spirit of rivalry and bring out the very best possible in club work.

The idea is, as we understand it, to lay the foundation for club work among the boys and girls that will really produce visible results, and these will not only be worth an inestimable amount to the club members, but will contribute largely to Foard County's high scoring at our State Fairs.

Mr. Rennels is not alone in the belief that it would pay us to go after the big prizes and the highest honor at our State Fairs, not for their value alone, but for the reason that it would tell to the world more about Foard County than can be told in any other manner. So long as we think other counties are going to surpass us, that long will they do it. When we really get it into our minds that the biggest and the best belongs to us and if we will go after it, the thing will be done. The impossible will be accomplished.

Now is a good time to start.

## Survey of Town Is Being Made By Gas Company

Robertson Bros. of Panhandle have been here for the last several days making a survey of Crowell with the view of starting the work of putting in gas here.

It is understood that they have ordered their material and will be ready to start actual construction of the line as soon as it arrives.

Although these men have 90 days from Sept. 20, in which to commence work, it is not improbable that they will be here with the gas within the 90 days or soon afterwards. They will come from the Thalia well, which is said to have a capacity of at least ten million cubic feet.

## Blue Gin Burned Wednesday Afternoon

The Blue Gin, owned by the West Texas Gin Co., was destroyed by fire here Wednesday afternoon about 4 o'clock. The gin was running at the time of the fire and the blaze was first discovered in the cleaner. It was thought at first that the fire could be handled by those working in the gin but when they seemed to have about had it under control it broke out anew and within a moment the entire building was in flames. The fire department could do nothing only fight the fire away from the seed house, which was saved.

## Big Cattle Shipment Made Here Wed.

One of the biggest single shipments of cattle made here in many a day was that which went out Wednesday by Baxter Johnson. It consisted of 47 cars. Eleven cars went to the John M. Shelton estate, Murdo, Texas, seven cars to Oklahoma City market, and twenty-nine cars to Casparius Bros., Okla. Okla.

The shipment represented a cash value of about \$70,000.

## Foard County Wins 25th Place at State Fair

Foard County did not get to the top in winnings at the State Fair, nor did it get to the bottom, but it won a fairly respectable position, that of 25th place out of 38 counties making exhibits at the fair.

County Agent Fred Rennels, who was with our exhibit a portion of the time at the fair but who left Mack Boswell with it later, thinks Foard County might have gotten a higher place had it not been for the fact that one of our chief products, maize, had been ruined by the rats before leaving home. He says we had for exhibit some of the finest maize he ever saw, but since the rats ruined that we had to show other grains not so popular as feed. That cut us down. This was a very unfortunate thing and in all probability cost us a higher place. But all things considered, the exhibit was a splendid one and attracted the attention of thousands of people as they passed by Foard County's booth.

On arrangements Foard County made 96 per cent, which was well up towards the top.

First place was won by Harrison County in the extreme Eastern portion of the State. Garza came second on the list. This is the first time in some years, it seems, that East Texas has made such showing at the fair and if it continues its strides it will be a strong competitor for West Texas, which for some time has been winning high places.

## 7434 Bales Ginned in County Wednesday

A visit to each of the seven gins in the county Wednesday morning revealed the fact that at that time there had been ginned in the county this season 7434 bales.

In our last week's report we did not have Rayland's ginnings and estimated it a little too high. There were about 5,000 bales up to Wednesday of last week, which means that within the last week there have been about 2400 bales ginned.

The exact number of bales ginned as we visited the gins Wednesday were as follows:

Thalia Vernon Gin	592
Thalia Farmers Gin	1492
Rayland Gin	1585
Margaret Gin	997
Crowell Farmers Gin	1822
Crowell Blue Gin	231
Crowell Gin	805
<b>Total</b>	<b>7434</b>

Estimates at each of the gins as to the present of the crop now out were that about 50 per cent, possibly not quite so much, had been gathered. Some of the gins are running day and night to keep up. At several of the gins over the county there were dozens of loads of cotton waiting to be ginned.

From these reports it would seem that we may count on something like a 15,000-bale crop this year.

## Wichita Falls Shriners to Be Here Sunday Noon

About 150 members of the Maskat Temple, A. A. O. N. M. S., including the patrol, band and chapters, will be here Sunday at noon for a short visit with the Crowell Shriners. Arrangements are being made to serve a luncheon in the show rooms of Self Motor Co. for the visiting Nobles, together with local Shriners. All local Shriners are urged to be present and wear fez. The fez will be a pass to the luncheon.

Immediately after the luncheon the visiting Shriners will give an open air program on the court house lawn and the public in general is cordially invited to attend this program. It will consist of a drill by the patrol and musical numbers by the band and chapters. This program, which will commence about 1:30 will be a treat to the entire community and every one should avail themselves of the opportunity of hearing it.

Maskat Shriners are making this tour for the purpose of stimulating interest in the Fall ceremonial which will be held some time in November.

## FIRE AT COTTON YARD

Three bales of cotton burned at the cotton yard about 5 o'clock Tuesday injured. The fire department was called when the fire was discovered and it was soon extinguished.

B. J. Smith of Colorado Springs was here a few days this week. He left yesterday for Corsicana to meet his wife who had been to Gainesville, Ga., with his daughter, Miss Bennie Vieve, who entered Brenau College at that place.

## Extension Work Started on Chevy Building Monday

The 28-foot extension on the rear of the Allen Chevrolet building is the latest improvement now in progress among business houses.

The excavation work was started Monday for the foundation. This will be a one-story brick addition and when it is completed will give the Allen Chevrolet Company an addition of floor space amounting to 1550 square feet. It will occupy the full length of the two 25-foot lots to the alley providing floor space equal to that of the Self Motor Building.

The Chevrolet people have been very badly crowded in their present quarters and they hope that the addition will relieve them of that condition. If it does not furnish all the room needed it will help wonderfully.

The Belsher boys have the contract to do the concrete and brick work for the building.

## West Texas Utilities Formation Announced

Chicago, Oct. 17.—Formation of the West Texas Utilities Company to include all the properties controlled by the American Public Service Company in Central West Texas was announced here today.

The announcement was in connection with the sale of Halsey, Stuart and Company, and others of an issue of \$12,500,000 first mortgage five per cent bonds of the West Texas Company. As now constituted, the West Texas Utilities Company serves a total of 97 communities.

## Home Canning Is Certain to Become General in Future

That the canning of fruits and vegetables at the homes of farmers is to become general in the near future seems almost certain. This is the impression one gets when he visits a home where these have been canned and sees the practicability of the proposition.

In company with our county agent, a News representative, visited the home of Mr. and Mrs. C. L. Adkins, near Thalia Wednesday and were shown the large amount of fruits and vegetables which Mrs. Adkins had canned with her home canning outfit this last summer. One who has little idea of these and what they are worth to a family, is surprised at the large amounts and the many varieties of fruits and vegetables put up for future use. In the brick-walled cellar at this home are stored away on shelves 23 different articles and varieties of eatables, such as turnip greens, black berries, cucumbers, tame plums, peaches preserved, pickled, plain and baked, okra, wild grapes, chow chow, pear preserves, grapes canned, green beans canned, sweet potatoes, black-eyed peas, corn, apples, etc. In fact anything that grows out of the ground or on trees, vines or bushes, that is in the class of eatables, can be canned and put away for the future, as well as the present.

Neighbors of the Adkins who have also canned a lot of goods of these kinds are, Owen McLarty, Tom Ward, Elmer Key, Mr. Rennels, Buck Clark, G. W. Seales, and possibly others whose names were not recalled at the time the information was given the News.

Mr. and Mrs. Adkins have in their cellar 250 cans and jars of these different varieties of fruits and vegetables, enough to supply their table for a year, and it is all good. The process of canning is such that the products are well preserved with little or no loss.

This is something new in Foard County and up to the present time there have been very few of the canning outfits placed in the county, but it is certain that many more will be placed before another year has passed. They are cheap to buy and inexpensive to operate. They save what otherwise goes to waste and eliminates the necessity of buying. Nothing has ever been introduced that is more practicable to the average farmer than these canning outfits.

## Former Resident Here from Tulia

J. N. Ricks and his son-in-law, Mr. Northcutt, were here from Tulia Sunday and Monday on a business proposition. Mr. Ricks is a brother to W. L. Ricks of this place and was a resident of Foard County 35 years ago. Arthur Ricks, a nephew, of Knox City, came up Sunday to see his uncle whom he had not seen for several years.

## Parent-Teacher Association Makes Drive

The Parent-Teacher Association put on a campaign last week for membership and the results were very gratifying to the association. It was reported that 156 paid memberships were added to the list, which was very fine, indeed.

The work of this association is very essential to the best interests of the pupils because it is the means by which school work is made a co-operative matter with parent and teacher. The very best results of school work can not be had without that co-operation. The education of the youth is not for the teacher alone. Her troubles will be great if she does not have the full co-operation of the father and mother, especially in conduct requirements. The association brings parent and teacher together in a work in which both are vitally interested. Their problems are discussed together and they come to an understanding of each other.

The association is worthy of the support and encouragement of every one who is interested in the education of the boys and girls of the community.

## Pioneer of This County Passes Away

P. H. Nelson, a resident of Foard County since 1907, passed away last Sunday, after an illness of many months.

Mr. Nelson was born in Denmark August 14, 1849, and came to America in the year 1868.

He was married to Miss Tina Love at Cleburne, Texas, October 25, 1878, to which union were born ten children, nine of whom are still living. He is survived also by his wife, who with four sons, was present at the time of his death. Others of the family residing at a distance came after his death and were present at the funeral services.

Mr. Nelson came to Foard County in the year 1907. For a number of years his friends honored him with the office of county commissioner. He was a man of honesty and integrity but did not become a Christian until late in life, August 1926.

Funeral services were held at the Methodist Church Tuesday, October 18, where many of his friends and relatives assembled as a token of love and respect for this good man and worthy citizen. E. J. Smith, pastor of the Church of Christ, conducted the services, after which the body was laid to rest in the Crowell cemetery.

## Thinks School Building Ready by Christmas

Dr. J. M. Hill, president of Crowell school board, is much pleased over the progress that is being made in the erection of the new school building. The brick work on the walls is being completed this week and with the fine weather we are having he thinks the work will continue with gratifying rapidity.

The heating system is to be made ready this week for the extension of steam heat to the old building and by the time the cool weather comes when the rooms must be warmed it will all be ready.

Conditions have been most favorable this fall so far and every one is pleased to know that our new building promises to be ready before the coldest months of the winter have come.

## Elected Secretary Exhibitors' Ass'n.

Mack Boswell, secretary of the Foard County Chamber of Commerce, was elected as secretary of the Exhibitors' Association last Thursday at a meeting of the association in Dallas. This is an honor well deserved by Mr. Boswell, one of the capable young men of the county, and one who is very enthusiastic in his efforts to further the development of this county. It also brings honor to Foard County and we are all pleased over the fact.

E. Gentry of Smith County was elected as president of the association and Maury Hopkins of Plainview as vice-president.

## The Preliminary Work on Highway Will Start Soon

The State Highway Department finally approved the action of the commissioners court in employing Byron Reese as engineer for work on the Lee Highway through Foard County and Mr. Reese will come to Crowell and reside here while doing that work.

Judge Atcheson stated Monday that he thought everything would be ready to start the preliminary survey by the first of November. The work will start at Crowell and go east towards the Wilbarger County line. Judge Atcheson thinks the old road bed from here to Thalia will be used, and if it is, quick work may be expected in getting the finished road from here to Thalia. That is because little work comparatively will have to be done on the road bed, or at least little time will be necessary for it to settle, as it is already packed. Where a new road bed is constructed it is said about twelve months time is required for settling of the bed before concrete is poured.

In case the old bed is used as far as Thalia it is hoped that by the middle of next summer the road can be finished between Crowell and that town.

Of course, there will be many details to work out, but there should be nothing to seriously hinder the progress of construction on this particular stretch. It will have very little drainage construction, really but one bridge of any consequence, and that is the one east of J. G. Coffey's place east of Crowell. And practically all the way from here to Vernon, if the survey made in Wilbarger county is approved, the road will run on high ground, free from culverts.

## Rayland Land Yields 3 Bales Cotton to Acre

It is no guess that M. L. Cribbs, a farmer near Rayland, has land that is yielding three bales of cotton to the acre this year. Already they have gathered two bales to the acre off a little more than 14 acres and conservatively estimate that one more bale to the acre will be gathered. It is said that it is more likely to go beyond three bales than to drop under that amount.

This is sub-irrigated land and produced at one time before this a yield of cotton about like the present crop. If the facts were known, in all probability this yield is a record for the State.

## Legion Completes Its Big Program

The Local American Legion Post has completed its program for November 11, according to information furnished the News, and it will be published in next week's issue of the paper. They have bought their fireworks and made all necessary arrangements for the big celebration, which will be the biggest event Crowell ever had.

The program will consist of music by the Crowell band, songs, several speeches by local people, and the speaker of the evening will be Chaplain George Green, pastor of the First Baptist church, Austin, Texas. There will be on the platform veterans of the Civil War, Spanish-American War and of the World War. Speeches will be given by veterans of every war represented.

Tell your friends about this program, as it will be something that you will remember for time to come. It is all free.

## LEAGUE RALLY SUNDAY

It will be a big day Sunday at the Methodist church when Epworth League representatives from nearly a score of towns meet at the Crowell Methodist church for an all-day program.

At the meeting a year ago there were 139 present and it is expected that at least 150 will be here Sunday. They will have a program that will be interesting to all and they want everybody to go and enjoy it.

## New Jeweler at the Reeder Drug Co.

Joe H. Earls, jeweler and watch repairer of Grand Prairie, has located in Crowell and has space in the Reeder Drug Company's store. Mr. Earls comes to Crowell highly recommended as a good workman. He was accompanied to Crowell by his wife and three children and they expect to make Crowell their home.

The Russian Devils have kicked out Trotsky again. But perhaps that's just some more red propaganda.

Time may be money, but that is all the women folks spend when they go window shopping.

# SPECIALS

FOR SATURDAY, OCTOBER 22ND

With purchase of \$5 or more of groceries we will sell 10 lbs sugar for **49c**

## FEED, SEED and COAL

We want a part of your business in our line. We will handle a full line of feed, seed and coal and will sell you at right prices at all times. Give us your order.

**J. H. OLDS** Phone 152

Premium Quality at Regular Price

No advance in price has been made on new Pennant Gasoline, although the performance it delivers would justify a premium price. There is not only better performance to be had from new Pennant Gasoline but real mileage economy.

The same is true of Pennant Motor Oil. It too, is "balanced". It flows readily at starting temperatures, yet resists thinning by the intense heat of the motor when operating at high speed.

Watch for the green Pennant sign, drive in today, and try out both the "balanced" Pennant Gasoline and the "balanced" Pennant Motor Oil—premium quality at regular price.

**PIERCE PETROLEUM CORP.**

## RAYLAND

(By Special Correspondent)

There will be a box supper and Hallowe'en party at the Antelope school house Saturday night, Oct. 29, for the purpose of athletic equipment, library books and for general benefits of the school. As many as will, come masqued.

The Workers Conference of the Willinger-Foard Baptist Association will meet with the Rayland church Oct. 24 and 25. Among the speakers are J. R. Balch of Seymour, E. L. Mayfield and possibly a returned missionary from foreign fields.

Every one is invited to the expression recital at the Antelope school house Friday night, Oct. 21.

W. L. Parr and Rev. E. W. Loyd made a business trip to Chillicothe Friday.

Rev. W. V. O'Kelly filled his regular appointment Sunday at the M. E. church. Sunday night was his last sermon of Conference year.

Rev. E. W. Loyd attended the Conquest Campaign Rally at Vernon Friday.

A. W. and E. W. Crisp made a business trip to Vernon Monday.

John Tye of Crowell spent Sunday night with L. W. Greenway and family.

Maek Davis of Iowa Park came Friday for an extended visit with his sister, Mrs. Dewitt Edwards, and family.

Miss Verlena Stringer of Vernon spent the week end visiting her cousin, Miss Hazel Rutledge.

Rev. J. A. Gibson and family of Nealey, Texas, arrived Monday for an extended visit with their daughter, Mrs. E. W. Loyd and husband. They were accompanied by Mrs. Fannie McDonnell.

George Miller of Oklaunion visited W. B. Funk and family Sunday.

Dr. Hines Clark of Crowell was called Monday to see N. M. Pilkington, who is critically ill.

Little J. Q. Russell was very ill Monday with a serious attack of heart trouble.

Mr. and Mrs. Jake Roberts spent Saturday night with Mrs. Roberts' mother, Mrs. Dora Keel, of Vernon.

Little Earline Edwards is ill.

R. L. Lambert of Brawley, Cal., arrived Sunday for an extended visit with his brother, T. F. Lambert, and family.

Mrs. J. A. Abston, Mrs. A. C. Phillips and Mrs. Maggie French and daughter, Miss Gladys, of Thalia, visited N. M. Pilkington Wednesday.

Mr. and Mrs. Arnold Bennett of Amarillo are visiting Mr. Bennett's sister, Mrs. Hubert Church, and family.

Mrs. R. A. Rutledge visited her sister, Mrs. Luther Streit, of Vernon Tuesday.

Mr. and Mrs. Walter Lawson of Vernon spent Monday night with Mr. Lawson's parents, H. D. Lawson, and family.

Gene Staley of Vernon is spending the week with Jake Roberts and family.

Mr. and Mrs. Arnold Bennett of Amarillo and Mr. and Mrs. Hubert Church visited Rev. and Mrs. E. W. Loyd Tuesday.

W. W. Wood made a business trip to Vernon Monday.

Mr. and Mrs. A. A. Russell of Farwell moved Monday in the house with Mr. and Mrs. Raymond Baily.

Mrs. Laura Cribbs spent Thursday with Mrs. T. F. Mears, who is ill.

Bill Terry of Paris, Texas, spent the week visiting Mr. and Mrs. S. H. Allen.

Little Tony Bell Allen, who has been ill with scarletina, is able to be up again.

Mr. and Mrs. Cotton Cribbs of Chillicothe are visiting Mr. Cribbs' brother, George Cribbs, and family.

Dr. and Mrs. R. D. German were called to Childress Thursday on account of the death of Mrs. German's sister, Mrs. Merriet. They were accompanied by Mrs. Eva Beazley and Mrs. Susie Dean.

Mr. and Mrs. Joe Kesse of Thalia visited friends here Thursday.

The box supper that was to have been Friday night was postponed until a later date on account of serious illness in the community.

Mrs. J. F. Duke and son, Walter, made a business trip to Sparks, Okla., Thursday. They returned Sunday.

Mr. and Mrs. G. T. German visited relatives in Childress Thursday and Friday, and also attended the funeral of Mr. German's aunt, Mrs. Merriet. They were accompanied by Joe Price.

Mrs. Maggie French and daughter, Miss Gladys, and Mrs. A. C. Phillips of Thalia visited T. A. and Bryan French and families Thursday afternoon.

Mr. and Mrs. Joe Kesse of Thalia visited N. M. Pilkington, who is very ill, Thursday night.

Blondine Schoppa of Kinchloe spent the week with Mrs. Minnie Schoppa.

Charlie Pennington and family moved to Thalia Monday.

Shorty Ayers left Thursday night for San Marcos after several weeks visit with his parents, Mr. and Mrs. J. W. Ayers.

Louie Schoppa made a business trip to Marlin Friday.

Mr. and Mrs. T. M. Boland of Lawton, Okla., spent the week end with Dr. and Mrs. R. D. German.

Miss Ova Lee Greenway is visiting relatives in Paducah this week. She was accompanied by Miss Susie Tye of Crowell.

Mrs. Irene Green returned to her home at Houston Friday after several weeks visit with relatives here.

Misses Opal and Maple Eden and Tommie French of Thalia visited in the E. W. Crisp home Saturday.

Travis White is very ill with tonsillitis.

Mr. and Mrs. J. L. Rennels and

# We Invite EVERYONE

Especially every Home Lover who likes pretty things to visit our wonderful display of china ware

The above picture represents one of our 4 EXCELLENT PATTERNS and is decorated with the State flower, the Famous Texas Blue Bonnet. Our FLORENCE, is an English pattern in the latest ivory, beautifully decorated. Our SHIRLEY pattern is German china, very fine quality, beautifully decorated. Our RADDISON is a white, undecorated. All first quality. No seconds, guaranteed 2 for 1.

## Womack Brothers

daughter, Ruby, of Quitaque came Friday to visit Mrs. Rennels' parents, Mr. and Mrs. Irvin Edwards.

Harold and Buster Crisp and Miss Grace and Bonnie Crisp arrived Friday from Bay City for an extended visit with relatives here.

### RAYLAND MAN DIES

The death of N. M. Pilkington of the Rayland community occurred Tuesday at the home of his daughter, Mrs. A. W. Crisp, with whom he had been living. He was upwards of 80 years of age.

The body was buried in the Thalia cemetery Wednesday morning.

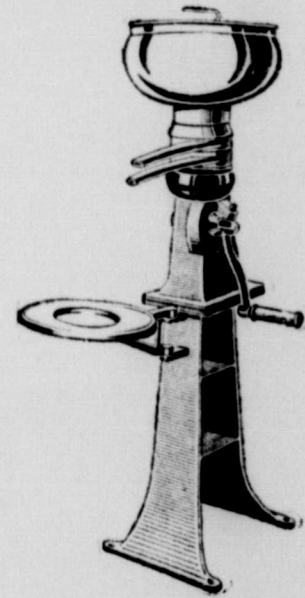

When a man has to wait a few minutes for a drink, it is generally so hard that the bootlegger can let the stuff age.

Hardest thing in the world must be working in a bank and counting so much money and getting so little of it.

THINGS WORTH KNOWING

A wireless invention has been perfected enabling messages to be received and transmitted simultaneously on the same aerial.

The chimney sweep, a common character of the nineteenth century, was marked for the discard one hundred years ago when John Bentley, a London man, invented a machine which cleaned out flues.

After being affected by sunstroke, last year, a hen owned by a Lincolnshire, England, poultryman, has been laying two eggs at a time four times a week, and some weeks has laid as high as twelve eggs in seven days.

Japan has become the greatest nation of fish eaters in the world, it is said, and simultaneously the birth rate has increased. The larger ration of children per family has been attributed to the Japanese taste for fish.

James Oliver Curwood, noted author of wild life stories, who died recently at his home in Michigan, devoted the later years of his life to a campaign for the protection of wild game because a Rocky Mountain bear once spared his life.

A new record for the number of tourists visiting the Coolidge home at Plymouth, Vt., has been established this season, the visitors representing every state in the Union except Oregon. The automobiles have averaged from 1200 to 1400 per week.

Millions of tons of sawdust are being burned annually in the United States, some wasted and some for

fuel, while the nation is importing sawdust products from Europe. Dozens of uses for sawdust have been found, including manufacture of dynamite, dolls, oatmeal paper, artificial wool and plaster board, and for insulation, meat packing, tanning and smoking meat.

WHAT'S DOING IN WEST TEXAS

(By West Texas Ch. of Commerce)

Haskell—Marked improvement in quantity and quality of agricultural exhibits all over West Texas was noted by Exhibit Manager B. M. Whiteker in his visits to fairs and regional expositions of the section this fall. Many displays in community and sectional fairs compared favorably with the State expositions, he said.

Fort Worth—A comprehensive handbook of West Texas, presenting West Texas resources and development, present and prospective, has been prepared by Roscoe Ady, for many years industrial commissioner of the Fort Worth Chamber of Commerce, and an authority on West Texas development. A sizeable order for the handbook has been placed by the West Texas Chamber of Commerce, and that organization will keep a ready supply for distribution to West Texas chamber of commerce executives in its member towns.

Coleman—Coleman is at work

raising finances for a five-story office building, decision for erection of which was reached in less than 45 minutes by a local committee. A man is on the ground also who in all probability will build a creamery.

Dallas—West Texas exhibitors dined with East Texans at the Adolphus Hotel the evening of October 14 when the East and West Texas Chambers of Commerce held jointly an annual exhibitors banquet for State Fair visitors. Manager Homer D. Wade, Exhibit Manager B. M. Whiteker, President R. W. Haynie, all of the West Texas chamber represented that organization. Officials of A. & M. College and East Texas Chamber heads were also prominently identified with the success of the affair.

Spearman—The second annual district convention of the new Trans-Canadian District of the West Texas Chamber of Commerce will meet here in 1928. Dalhart withdrew its application for the meet October 10 at the Perryton first convention, in favor of Spearman. An unbounded enthusiasm characterized the delegates which came from the north panhandle and three outside states. Much constructive activity is expected from that quarter with organization into a definite district.

Canadian—Publicity Manager E. H. Whitehead of the West Texas Chamber of Commerce was here last week on the last lap of a ten-days tour

through the Trans-Canadian District of the organization, the purpose of which was to collect publicity data. Material obtained by Whitehead will be prepared by the publicity department of the West Texas Chamber for use in the official magazine and for release to leading papers of the State.

Presidio—Presidio is one of the eight towns which have come into the West Texas Chamber of Commerce membership since the last bi-monthly report. These towns include: Juarez, Mexico; Tornillo and Fabens; Hot Springs and Las Cruces, New Mexico; Eola, Concho County; and Lakeview, Hall County.

Brady—Governor and Mrs. Dan Moody have been asked to attend Brady's annual Turkey Trot to be held here November 11. West Texas Chamber of Commerce officials have also been invited to participate in the event, which will be climaxed with an elaborate banquet in the evening.

Doctor Dresses Own Injuries, Saves Baby
New York.—Diphtheria of the larynx threatened to choke the life out of Jane, the baby daughter of Policeman Hugo G. Geissele, Maplewood, N. J. An immediate operation, known as "intubation," was all that could save her; Dr. D. J. Pola, ten miles away, started to Jane's bedside in an ambulance, with Miss Marion Raitzel, a nurse, and Gustave Schmidt, driver. Another vehicle cut across Schmidt's course. The ambulance swerved and crashed into a steel trolley pole, a complete wreck. Its occupants were severely cut and battered. The young physician, nevertheless, applied emergency dressing to his companions' injuries and his own, then commandeered an automobile, which pushed him and the nurse to the Geissele home. He and Doctor Demarest successfully operated on the baby.

INVENTS DEVICE TO LAND PLANES ON SKYSCRAPERS

Greater Safety in Flying Is Expected as the Result of Jenkins' Invention.

Washington.—A propeller-reversing device which, it is announced, will permit an airplane to be brought to a stop within twice its own length after it touches the ground, has been evolved by C. Francis Jenkins of Washington.

Announcing his new invention, for which a patent has been issued, Mr. Jenkins said that it would now be possible to establish air fields directly in cities and on the roofs of large buildings and eliminate the "slow and costly hauling of mail, express, and passengers from suburban fields to their real destination." "The reversing lever is so geared," he explained, "that it cannot be moved while the plane is in the air, thereby eliminating the danger that the pilot might accidentally pull the lever. When the airplane strikes the ground, a spring automatically releases the safety guard on the reversing control and the aviator is free to bring his plane to rest on ground, deck, or sea, almost as instantaneously as a bird ceases flight."

Other benefits of the new device were outlined thus: "The general use of airplanes for suburb to city passenger service is brought nearer. "It is now possible to bring a seaplane to rest in the lee of a battleship, saving both plane and pilot under storm conditions. "Planes can approach landing fields at a greater rate of speed than before has been possible. "Tragedies like the wrecking of the giant Sikorsky plane, which failed to rise in its attempted flight to Paris, will be safeguarded against. With the new device, the aviator, when he realizes that his take-off is a failure, can stop the plane."

Path of Disaster Left by Runaway Glacier

Bellingham, Wash.—A grinding ice-berg, 300 feet wide and 2,000 feet long, ended a seven-mile trip in which it destroyed everything in its path, when it was broken up in the Nooksack river, 35 miles from here.

The great mass of ice was broken from Denning glacier on Mount Baker a few days ago.

Trees, railroads and bridges were either swept aside or ground to bits. The ground over which the glacier passed is bare of even remnants of anything which stood there before, according to A. S. Athern, state forest ranger.

The beds of Glacier creek and the middle fork of Nooksack river were torn wide for a depth of more than 30 feet and a width of 100 feet.

Damage to tracks and bridges of the Tacoma and St. Paul Logging company was estimated at \$50,000.

Pieces of the great ice-berg as large as houses still were melting along the pathway where they were broken off.

"How best can I trade in my present car for a new car?"

WHEN you are ready to trade in your present car for a new car, you naturally want full value for your present car. But most of all you want full new car value.

It will therefore pay you to consider varying trade-in allowance offers in the light of these basic facts:

- 1 Your present car has only one fundamental basis of value: i.e., what the dealer who accepts it in trade can get for it in the used car market.
2 Your present car has seemingly different values because competitive dealers are bidding to sell you a new car.
3 The largest allowance offered is not necessarily the best deal for you. Sometimes it is; sometimes it is not.
4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
5 First judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your present car.
6 Remember that you are making a purchase—not a sale. You are buying a new car and simply using your present car as a credit against the new car's purchase price.

WE publish this message, believing that the public is entitled to have all the facts. And we invite you to send for the facts about General Motors products by using the coupon below.

BARGAIN DAYS Are Here

Newspaper Bargain Days have arrived a little earlier this fall than usual, but they are here nevertheless and they offer the public the opportunity to save some real money on subscriptions.

Next year is going to be election campaign year, national, State and county, and of course you will want to keep posted. We are offering you combination rates on papers that will give you this news, daily and weekly.

If you are already a subscriber to the News we want you to renew. If you are not a subscriber we want your subscription. It costs but little to have the home paper come to you for a full year. In it you will get all the important happenings over the county. We call your attention to the fact that we have a company of community correspondents in various portions of the county and your community is represented each week in the news columns. In the home paper you will get the local news of the county. How interesting this is to readers is shown by the fact that the News is always the first paper read when it is received with any number of others. You want it to continue to come to your home.

We offer you four of the leading dailies of Texas in combination with the News at money saving rates. In these you get the State and world news and for a few dollars you can have the local paper and one leading daily come to your address for a year.

It is not necessary for you to come to the News office to subscribe. You may send check and the matter will be attended to. Be sure to give your name and address plainly written with remittance and we will attend to it.

### IS CIVILIZATION DECLINING?

People who feel that civilization is on the decline and that decay has set in, should be reminded that the deeds of the few which are reprehensible do not represent the lives of the vast majority of people. Most of us are apt to reach hasty conclusions based on insufficient evidence, in any discussions on the trend of the times.

One grievous error commonly made is to forget that New York City is not the entire United States, neither is Chicago, Los Angeles, San Francisco or any other large center of population in the country. Folks who live in urban environment are apt to make the mistake of concluding that the large cities are representative of the whole land, and their views influence to some extent those living in rural districts.

If there is any sign of decay in our cities, as many believe, it should not be taken too seriously, for it is not general decline so much as prominent vice spots. Too often people are under nourished by the poor feeding of the writers and the artists, and today perhaps we are suffering from malpractice in literature and art. The moving picture has given opportunity for such malpractice, but that is no argument for abandonment or curtailing of literature, art or the moving picture.

When men of the present generation were boys, the dime novel was blamed for the ruination of the young, but judging from the achievements of the last quarter of a century, some of them came through in very good shape.

The crime wave or the manifestations of immorality are not nearly so serious as the lack of interest shown in the affairs of government. There seems to be a most decided de-

termination on the part of the voters not to cast their votes for one of the elite, if he is not what is generally known as a good mixer.

When the competency of a man to fill office is made secondary to his good fellowship, we are treading on dangerous ground; when the best vote getter is the best fellow and an habitual jocular, we need not expect more than we have been receiving in the matter of responsibility to the people in public office holders.

This looks like the democratic spirit carried to the extreme and it means that we are in for many more political blunders if the voters do not awaken to their responsibilities and come to a realization that honesty, integrity and ability should be the yardstick by which to measure a candidate for public office.

It's better as a rule to have a man's last love than his first because so many successful men put off the first for a later model.

When a fast automobile driver gets through life without an accident it's just an accident.

The chief interest in life with some people is just the interest they get on their money.

We never thought we could be enthusiastic over a derby hat until we saw one mauling a saxophone.

What has become of the old-fashioned woman who used to converse with her next-door neighbor while sweeping the sidewalk in the morning?

The thing that concerns most of us right now is how to keep the house warm so that it won't be too cool and cool so that it won't be too warm.

## Only Buick has an engine Vibrationless beyond belief

BUICK'S remarkable freedom from vibration is due primarily to three vitally important factors. First—the inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second—rubber engine mountings, front and rear. And third—the scientific and almost perfect balance of the entire Buick crankshaft assembly.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds—the longer life and greater serviceability of an engine vibrationless beyond belief.

## The Sandman Story by Martha Martin

EUGENE was very polite. He really did have such good manners. They were not the manners of some one who is being polite because he has been told he should be polite, but they were the manners of some one who enjoyed being polite.

He Eugene was used to write an essay on good manners and he always knew which means being polite and nice.

And this is what Eugene wrote: To be polite is the opposite to being impolite. Most of us have seen to do. We were told that kind of things days there in the kindergarten, the playground, the gymnasium, and things were along in a few years.

He Eugene was polite because he was friendly and pleasant, and these were the best manners to have because they were the kind which wouldn't wear out.

They were the kind that really stuck—in bad weather and in good, at all times.

And Eugene was made the captain of the ball team in school, when just goes to show you that really good manners won't hurt anyone.

But they must be real! Not just "put on" and not just "for show."

They must be the real kind that every one likes—not just grown-ups, but every one of every age.

For the good manners that come from a friendly nature are the very best manners to be had!

Copyrights

Eugene Tried to Explain in His Essay...

...that there is such fun in being courteous.

...If you will only think of the fun there is in being polite you will get into that habit.

# Cut 10 minutes

from breakfast cooking

Quick to light! Quick to cook!

See the latest Perfections

You can sleep a little longer in the morning when you use one of the latest Perfection Oil Stoves! It cooks any of your breakfast favorites quickly—light muffins, crisp bacon, fragrant coffee.

When the cooking is done, no sooty kettles to scour. For every drop of oil is completely burned in the long chimneys before the heat reaches the cooking. No smoke, and no odor.

Touch a match to the wick. At once full-fledged heat is driven up the long chimneys, straight to your cooking. The newest Perfections hurry meals.

Quick to light! Quick to cook! Perfections can be depended upon for any cooking task. Ask your dealer to demonstrate the newest models.

Ready for instant use, no coal or wood to haul, no fire to coax into action. Use only kerosene, the safe fuel.

Miss Hall Says— "The Perfection is easily lighted, and intense heat is quickly produced." MISS MARGARET ALLEN HALL Nutrition Expert, Battle Creek College of Home Economics.

PERFECTION STOVE COMPANY, Dallas Branch—825 Trunk Ave.

# PERFECTION

## Oil Stoves & Ovens

WARNING: Use only genuine Perfection Wicks on Perfection Stoves. They are stamped with red triangles. Others will cause trouble.

No smoke, soot or odor with Perfection long chimney burners.

## QUALITY WITHOUT EXTRAVAGANCE

When you wish eatables of the right quality with the right service and at the right price, the place to come is Fox-Thompson's. Our groceries are fresh and clean and are sold to satisfied customers with the high price mark off—it was never on.

Remember that good eating makes happy faces and that discreet buying makes the dollars last longer. To follow this formula in your grocery buying, trade here—and make it a habit.

Crowell, Texas, October 21, 1927

**A SPLENDID SHOW**

One of the best tent shows that has been here in a long time was that of Brunk Players, here all last week. The shows were entertaining throughout with splendid numbers well rendered by the players. Our estimate of the vaudeville, however, is that it was about as usual, much of it objectionable, and added nothing to the shows. The fact is the best number rendered was that of The Cat and The Canary, where there was no vaudeville.

**GAMBLEVILLE**

(By Special Correspondent)

The good weather for the past two weeks has prevented people to gather a good part of their crops.

Ralph Burrow, who is attending school in Crowell, spent the week end with homefolks.

Mrs. Mollie Free and children spent Sunday with Ed Free and family of Chillicothe.

Mr. and Mrs. F. J. Jonas spent Sunday with Mr. and Mrs. J. M. Jonas of Crowell.

Mr. and Mrs. Dave Shultz spent Sunday with the latter's parents of Thalia.

A thief was seen at the T. D. Edwards place Monday night about 1 o'clock. He was at the garage and seemed to be trying to enter and then disappeared, dropping a hack saw as he went over the fence. He had secured the saw from another car on the Edwards place and was trying to saw the chain from the garage door.

Ray Pyle and family and Mrs. D. M. Shultz were shopping in Crowell Tuesday morning.

A. L. Connors and family and Mrs. Belle McMillan spent Sunday with the Taylor family south of Thalia.

Mr. and Mrs. Chandler of Vernon and Mrs. D. W. Pyle of Crowell took dinner Sunday with E. W. Burrow and family. Mrs. Pyle accompanied Mr. and Mrs. Chandler to Vernon in the afternoon to spend a week.

J. Clark of Wise County spent Sunday night with F. J. Jonas and family.

Those in Crowell Saturday afternoon were, Mack Gamble and family, Mrs. Huskey and daughter, Vernon Pyle and family, Mrs. Free and children, Dave Shultz and wife, Mr. Connors and son, Mack.

Mr. and Mrs. D. M. Shultz were Vernon visitors Friday of last week.

**Orient Brakeman Killed Tuesday**

Knox City, Oct. 18.—W. J. Weldon, brakeman for the Kansas City, Mexico and Orient railroad, was fatally injured here at 3 p. m. Tuesday afternoon when thrown from a box car while making a flying switch in the Orient freight yards here.

Weldon was immediately carried to the Knox County hospital at Knox City where he died 45 minutes after the accident while surgeons were attending his case. A basal skull fracture was the cause of his death.

Weldon's home was at Altus, Okla., to which place the body was shipped for burial. He is survived by his wife and several children.

Witnesses to the accident here stated that Weldon was thrown from the box car on which he was riding when it bumped into another car on a siding to which he was switching his car on the fly.

**BLACK**

(By Special Correspondent)

Mr. and Mrs. C. O. Nichols and children spent Sunday with Mrs. Nichols' brother, Sid Boman, and family, of Margaret.

Mrs. J. A. Smith and daughter, Thelma, spent Saturday night and Sunday with their daughter and sister, Mrs. Joe Benniefield, of Chillicothe.

Mr. and Mrs. Hayden Ford and family spent Sunday with Mrs. Ford's sister, Mrs. Davis, of Ogden.

Mr. and Mrs. W. W. Nichols spent Sunday with Mr. Nichols' brother, Grover Nichols, and family of the Jameson community.

Mr. and Mrs. Leonard Boren spent Sunday with Mr. Boren's mother of the Vivian community.

C. O. Nichols and daughter, Irene, were in Quanah last Saturday.

Mrs. John Myers of Crowell spent last Friday afternoon with Mrs. J. A. White.

Grandma Chapman is spending this week with her daughter, Mrs. Davis, of Ogden.

Rabbi Wise, returning from abroad says that Europe is facing a crisis and wants America to help. Which is only another way of saying that conditions are normal across the Atlantic.

**WANT TO SEE?**  
Ghosts walk and witches fly! Then the Hallowe'en pie supper at Ayersville school house on Saturday night, October 29, is the place for you. Ladies bring the pies and the gents will come ready to do their justice. Something new is in store for you, so don't be late and remember the place and date.

**NATURAL PRODUCTS OF BRAZIL**

By Peggy Thompson, 6th grade

Brazil has many Ilex trees which are very valuable for the people of Paraguay, because they make tea out of the leaves which is called mate or Paraguay tea. It is prepared just like ordinary tea is prepared but tastes like a weak solution of turpentine. The mate leaves are exported to Argentina, Chile and Peru.

Rubber is also very important in Brazil. When the discoverers of South America first came over they found some Indians playing with rubber balls, and they had shoes also made of rubber. Some of the things that rubber is used for are pencil erasers, foot wear, hose and many other things.

Cocoa trees are exported from Brazil in large quantities to the United States, Great Britain and other countries. Many of the Cocoa trees grow in the Amazon valley and along the coast. In this production Brazil outranks all other countries except the Gold Coast of Africa.

**Thalia High School Cleanings**

The Thalia basket ball boys went to Harrold Friday night of last week and played their first game of the season. It proved to be a very interesting game. It resulted in a tie, and six minutes were required to play off the tie, which resulted in Harrold's team throwing the winning goal. Score 15 to 17 in favor of Harrold.

Miss French has organized a "Pep" squad with the following leaders, Catherine Wheeler and Lucile Taylor. The squad went to Harrold with the boys, and did their best towards winning the game.

The ninth grade organized their class and elected their officers—Lucile Shultz, president; Vera Cates, secretary, and Catherine Wheeler, Oscar Mints and Raymond Phillips, social committee.

The term tests are being given this week. By next week we shall probably be able to give the names of those on the honor roll.

Mr. Thomas will have charge of chapel program Wednesday morning of this week.

The following program will be rendered by the pupils of Miss French Wednesday morning, October 26: Reading, Bonnie Ruth Tarver; song by the room; song with ukulele accompaniment, by Beulah Laubenthal; reading by Anna Lelah Oliver; song by four girls.

The following program will be rendered by the second year Spanish class in Spanish at an early date: One act comedy, "Al Mercado." The cast of characters, La Senora Valera, Opal Randolph; Maria, her daughter, Catherine Wheeler; Juana, her servant, Lorene Shultz; Un Dependiente, a clerk, Ramond Phillips. Date will be announced later.

The play by the faculty will be given at the auditorium Thursday night, October 20, cast was given last week.

The P. T. A. met last Tuesday night and perfected the plans for installing a hot lunch counter which we hope to soon have in operation.—Reporter.

**Foard City Community Club**

The Foard City Community Club met in regular session Friday, Oct. 14. The following officers were elected for the ensuing year: Mrs. J. P. Lilly, president; Mrs. M. L. Gover, first vice president; Mrs. A. D. Hord, second vice president; Mrs. Frank Welch, third vice president; Mr. J. H. Jackson, secretary-treasurer; Mrs. R. E. Sparks, corresponding secretary and publicity chairman.

There was a large attendance and much interest was manifested. All interested in community work and especially the school are cordially invited to be present at the next meeting Friday, 3:30 p. m., October 28.—Reporter.

Science has not reached its limitations yet. For example, there's a device to disconnect the telephone and doorbell when one, alone in the house, gets into the bathtub, that should be very popular.

**Keep Kidneys Active!**

You Can't Feel Well When Kidneys Act Sluggishly.

TO feel always tired, lame and achy is too often a sign of improper kidney action. When the kidneys act sluggishly, waste poisons remain in the blood, and are apt to make one languid, stiff and achy, with dull headaches, dizziness and often nagging backache. A common warning that the kidneys are not acting right is scanty or burning secretions. Assist the kidneys with Doan's Pills. Doan's, a stimulant diuretic, increase kidney activity. Are endorsed from coast to coast. Ask your neighbor!

**WEST TEXAS UTILITIES CO.**

**AN EVEN HUNDRED NOW!**

Seven years ago the electric lines of the West Texas Utilities Company served seven West Texas towns and cities. Today they serve a hundred.

Seven years ago this company maintained and operated eighty-three miles of transmission lines. Today it has in operation fifteen hundred miles.

Seven years ago this company had five thousand electric customers. Today it has forty-five thousand.

Seven years ago the total capital invested in properties of this company was less than three million dollars. Today invested capital totals nearly thirty millions.

Where, except in that magic land of opportunity, WEST TEXAS, could such a record of progress have been written.

### Local and Personal

Edison lite bulbs.—M. S. Henry & Co.

32-volt light bulbs.—Crews-Long Hdw. Co., Thalia.

H. E. Ferguson went to Summit Monday on business.

Keystone farm trucks.—Crews-Long Hdw. Co., Crowell and Thalia.

Roland Moseley returned last week from a trip to South Texas and Oklahoma.

It's as good as they say it is—Skidoo, the creamy cleanser.—Ferguson Bros.

For Rent—A four room house with cistern and screened in porch.—Grover Cole.

Earl Swim, a former resident of Crowell but now Vernon, was here Tuesday on business.

S. J. Burtis of Petrolia came in Monday to take a position with Jeff Bruce in his barber shop.

Guy Wells of Quanah is filling the place made vacant by Tom Beverly at Ferguson Bros. fountain, Tom being in Fort Worth attending a pharmacy school.

Caryola portables, \$25.00.—M. S. Henry & Co.

City loans on residence property. See Spencer & Roberts.

For Sale—Registered Airdale pups.—C. W. Ross, Margaret, Texas. 18p

Marcelling at my home. Call 237 for appointment.—Mrs. L. A. Beverly.

Bed, mattress, springs, complete bed outfit, \$16.25.—M. S. Henry & Co.

Mr. and Mrs. N. J. Roberts and son, Tom Ray, are in Dallas attending the fair.

For Rent—3-room apartment furnished. Modern conveniences.—Mrs. J. W. McCaskill.

Columbia Viva-Tonal portables and cabinet machines—like life itself.—M. S. Henry & Co.

R. W. Simpson of Paducah, one of the owners of the Rialto Theatre, was here yesterday on business.

Joe H. Earls, expert watch and clock repairing. All work guaranteed. At Reeder Drug Store.

L. O. Sikes of Rochester has accepted a position at the fountain of Reeder Drug Co., taking the place of Sidney Collins who is attending a pharmacy school in Fort Worth.

Give us your blow-out troubles. We fix them.—Ivie's Station.

Winchester Speed Load shot gun shells.—M. S. Henry & Co.

Mother Crowell visited her daughter, Mrs. Garland Burns, at Munday Monday.

It's as good as they say it is—Skidoo, the creamy cleanser.—Ferguson Bros.

We have just returned from market with beds that we can sell at \$1.00 and up.—Ketchersid Bros.

Mr. and Mrs. Furd Halsell came up last week from Fort Worth and will spend a few days at the ranch.

Cotton pickers' special bed springs \$1.00 and up while they last.—Ketchersid Bros., new and used furniture.

No trespassing—Positively no fishing, hunting or trespassing of any kind will be allowed on the Halsell ranch.—Furd Halsell and Son.

For Sale! For Sale! My market and restaurant fully equipped with Frigidaire at a real bargain. See or write owner, C. S. Powell, Rule, Texas.

R. F. Vann and sister, Miss Emma, are here from Mineral Wells visiting the family of C. T. Wisdom of Foard City, and the Hanna families of Quanah.

Mrs. J. E. Harwell returned Wednesday of last week from Dallas where she and Mr. Harwell had gone to attend the fair and buy goods. Mr. Harwell returned Wednesday.

Mrs. J. H. Self and her son, J. C., and her daughter, Mrs. C. C. McLaughlin, returned from Dallas Friday. Mrs. J. C. Self, who went with them to Dallas, is remaining for a few days in the city.

Mrs. O. O. Hollingsworth, worthy matron of Crowell Chapter, O. E. S., will leave Sunday morning for Mineral Wells to attend the Grand Chapter which convenes in that city next week, as a delegate from Crowell Chapter.

Miss Ila Martin, daughter of Mr. and Mrs. J. L. Martin of Snyder, Texas, stopped over in Crowell for a few minutes Wednesday as she was passing through and called at the News office and also visited Mother Crowell. A lady was with her from Snyder but we failed to get her name, as there was no reporter in the office at the time. They were returning from a visit to some place east of here. The Martin family is well known in Crowell and they have a host of friends here. Mr. Martin was once owner and publisher of the Foard County News but for the last few years has been owner and publisher of the Snyder Signal.

### FOR SALE! FOR SALE!

My market and restaurant fully equipped with Frigidaire at a real bargain. See or write owner, C. S. Howell, Rule, Texas.

### HAVE YOU LOOKED IT OVER?

Good sandy Plains land that you can pay for with the crop payment plan. You can't afford to rent. See or write, P. L. Payne, Ralls, Tex. 20p

There is one class of thinking which believes in keeping politics out of religion and another that wants to keep religion out of politics. Still others favor keeping politics out of business, but what the most of us would like to see is keeping politics out of politics.

It is reported that the ex-Kaiser is getting ready to go back to Germany but there is no evidence that they are getting the fatted calf ready for his reception.

A philosophy teacher in a New York college was arrested for fighting. Evidently philosophy is another of those things which aren't what they used to be.

The public is cordially invited.

# Bradley

KNIT WEAR

Autumn time is sweater time. And sweater is BRADLEY time. The new BRADLEY styles for fall are here—everything that red blooded men, boys and girls wear. All the newest colors, all the newest patterns, all sizes. Come in and let us show you the BRADLEY multi-features—that give BRADLEYS their long wear and their fine reputation.

Every member of the All-American football team wears a BRADLEY. And if these boys don't know good sweaters when they see them, nobody does! But you don't have to be a football star to wear a BRADLEY. We have all manner of smart BRADLEY knitted outerwear for men, women and children.

SELF DRY GOODS COMPANY  
ONE PRICE CASH ONLY

Rooms for rent.—J. D. Johnson. tf  
Adding machine paper at the News office.

National Mazda light bulbs.—Crews-Long Hdw. Co., Crowell.

We have lots of second hand stoves, all kinds, all prices.—Ketchersid Bros., furniture and stoves.

For sale—My place, 91 1/2 acres, 80 acres in cultivation, well improved, plenty of water, 2 miles east and one mile south of Crowell.—Tom Vecera.

Dewey Mayhew, athletic coach for Abilene high school, and wife, and Moody Mayhew of the Brownwood News, spent the week-end in Crowell visiting their parents, Rev. and Mrs. W. J. Mayhew.

Oscar Boman has sold his home in the east part of town to Roy Todd and expects to have a five-room house with bath erected on the lot north of Mr. and Mrs. T. V. Rascoe's house on north Main, which he recently purchased from them.

### SEE ME

For some wonderful bargains in ranches, improved and raw land in Crosby County.—P. L. Payne, Ralls, Texas.

### "THE MOON OF ISRAEL"

At the Rialto on December 12th and 13th will appear the "Moon of Israel," one of the best pictures, according to our information, that has ever been put on the screen here.

Mr. Richmond is trying to give Crowell good clean shows and we believe this one especially is well worth seeing. Besides its entertaining feature it will be a show of information about times and conditions in the days of Moses.

### The Junior Party

Tuesday evening, October 11th, the junior class was entertained with a party given by Grace and Annie Russell.

The first part of the evening was spent in playing bunco. The remaining was occupied with games and contests. The rock contest was very interesting and the prize was awarded to Haskell Norman. The prize was a rock from the back yard. Refreshments were served to 21 juniors and our sponsor and his wife, Mr. and Mrs. Grady Graves.

A good time was enjoyed by all and we hope to have many more.—Reporter.

A Chicago chef says that Americans eat the most but subsist on coarse and vulgar food like ham, eggs, beefsteak, and French fried potatoes. It is our guess, however, that there are certain sections of Europe where this diet would be cordially received in spite of its "vulgarity."

The thoughtful young sprout, if any, has decided to postpone any future falling in love until after Christmas.

Sam Rosenthal made a trip to Dallas this week, returning yesterday.

Yale flash lights and batteries.—Crews-Long Hdw. Co., Crowell and Thalia.

Carl Zeig and his family visited in Dallas and attended the fair last week.

Bill Baily of Amarillo, a former resident of this city, is here this week on a visit.

McCormick-Deering cut under farm trucks.—Crews-Long Hdw. Co., Crowell and Thalia.

Trespass Notice—No trespassing of any kind allowed on the Teague estate.—Mrs. Pearl Kamstra.

A complete line of New Perfection stoves, wicks, ovens.—Crews-Long Hdw. Co., Crowell and Thalia.

Judge Jesse Owens went to Austin last week on business, returning by way of Dallas where he attended the Fair.

National Mazda light bulbs.—Crews-Long Hdw. Co., Crowell.

New Perfection and Florence oil stoves and accessories.—M. S. Henry & Co.

J. B. Harrison and family were here Wednesday afternoon from Paducah visiting relatives.

Bachelor stoves and drums for cotton picking season.—Crews-Long Hdw. Co., Crowell and Thalia.

Jim Cook finished two 4-room houses in the north part of town this week and started the work on another.

Mr. and Mrs. W. R. Womack went to Dallas last week to attend the fair. Dudley U. Baker made a business trip to Truscott Monday.

Mr. and Mrs. Cap Morris and children and Miss Marguerite Morris of Thalia passed through Crowell Wednesday enroute to Clarendon for a few days visit with relatives and friends.

## TAKE CARE OF THE FUTURE

The days and months that are yet to come never take care of themselves. Only by wise planning can anyone make sure, in any degree, of what the future holds in store.

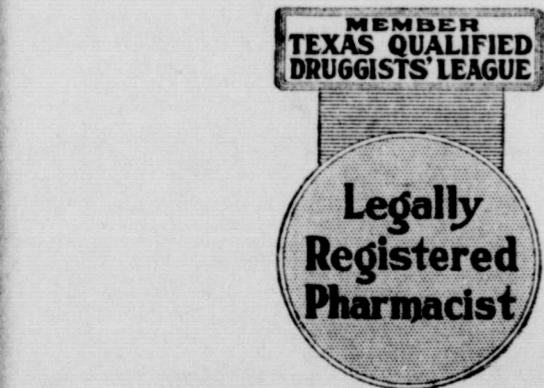

An unusual business opportunity often comes without any advance notice.

Sickness and misfortune never wait until you have the money to meet the expenses.

Are You Prepared for All Emergencies?

An account with this strong and friendly bank will give you the protection that you need.

# Now Read What 11,105\* Doctors say About Lucky Strike Cigarettes Because "It's toasted"

Paul Whiteman,  
Noted  
Orchestra Leader,  
writes:

WHAT is the quality that Giacomo Kimini, Margaret Alvarez, Cesare Formichi, Armand Tokatyan, Emma Trentini, William Fawersham, Florence Reed, Paul Whiteman, and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

"It was but recently, when I started to act as master of ceremonies with my hand at the Paramount Theatre, that I realized how vital perfect voice condition was to a performer. I have always been a consistent smoker and, fortunately, Lucky Strikes were my favorite brand. Like these toasted flavoured, best of all, I can smoke as often as I like without fear of irritating my voice, which is becoming a great asset in my work."

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105\* doctors answered this question "YES."

These figures represent the opinion and experience of doctors, whose whose business it is to know.

"It's toasted"  
No Throat Irritation - No Cough.

\* We herewith certify that we have examined 11,105 signed cards containing the above statement.

Accountants and Auditors  
New York, July 22, 1927.

## ART NOTES

The following is a suggested list of pictures to be studied during the Art contest. If too many of these have already been studied take ten for primary, fifteen for intermediate, and fifteen for high school. Substitutes may be used. All pictures listed may be ordered from The Perry Pictures Company, Malden, Mass., for ten cents each. These prints are in gray only.

Following is the list with number, name, author and nationality:  
No. 560, Deer in Forest, Bonheur, French;  
No. 484, Spring, Corot, French;  
No. 496 B, Road Through the Woods, Corot, French;  
No. 752, Avenue of Trees, Habema, Dutch;  
No. 1064, Kiss Me, Holmes, English;  
No. 896, Dignity and Impudence, Landseer, English;  
No. 1045, Spirit of '76, Willard, American;  
No. 1023, Charity, Thayer, American;

No. 540, Ploughing, Bonheur, French;  
No. 587, The Haymaker, Adan, French;  
No. 674, The Holy Family, Murillo, Spanish;  
No. 801, The Christ, Hofmann, German;  
No. 510, The Sower, Millet, French;  
No. 662, Prince Balthazar, Velasquez, Spanish;  
No. 575, Song of The Lark, Breton, French;  
No. 636, Descent From the Cross, Rubens, Flemish;  
No. 888, The Aurora, Guido Reni, Italian;  
No. 756, Sheep, Autumn, Mauve, Dutch;  
No. 513, The Man With the Hoe, Millet, French;  
No. 493, The Lake, Corot, French;  
No. 571 B, Adoration of the Shepherds, Bougereau, French;  
No. 572, End of Labor, Breton, French;  
No. 887, Village Blacksmith, Herring, British;  
No. 3248, The Soul's Awakening, Sant, British;  
No. 477, Mother and Daughter, Le Brun, French.

Children of the first and second grades give orally the name of the picture and the painter; children of third and fourth grades give name, painter and nationality of painter; children in all other grades write the name of the picture, the painter, and the painter's nationality, and are responsible for spelling.

This contest is not one of county competition. Each department of each school making an average of 95 receives a prize from the county. The prize for the winning room from each department can be taken care of by that school.

The County Federated Club has invited Mrs. Douglas, State Chairman of Art, to come to Foard County and make any school paying a fee of two dollars and fifty cents a lecture on art. The club does not yet have Mrs. Douglas' reply.

Will the directors of art of the different schools kindly let me know soon if you want Mrs. Douglas to lecture?

One of the chief objectives in education is to increase the child's capacity for fuller enjoyment of life. Appreciation of the best in art must be of great importance. Any school can provide this study because there is little expense and information on any of the pictures can be obtained easily. Experience in teaching art appreciation is not necessary. Every school in the county can do this work with little effort. Let's make art appreciation in Foard County a hobby.

BARBARA CRYER  
Director of Art.

The automobile is credited with producing a smarter race of chickens. Perhaps that's the reason the question, "Why does a chicken cross the road?" is no longer apropos.

Telephone communications between Mexico City and Washington have been opened. Fortunately the diplomats can't make faces at each other over the phone.

Not so many years ago a crime wave was solved by finding out which of the depot loafers was away from his post when the robbery occurred, and locking him up.

### LUNCHEON IN HONOR OF MRS. GORDON BELL

Mrs. Lawrence Kimsey entertained Thursday of last week at the home of Mrs. B. W. Self with a luncheon honoring Mrs. Gordon Bell, a recent bride.

The tables were very pretty with their coverings of pastel shades, centered with harmonizing flowers. Tiny bouquets of flowers were given to the guests as favors and a rose telephone screen was given to the honoree.

The program consisted of beautiful selections on the Victrola. Between courses Mrs. Doolen sang very sweetly, "Because," and Mrs. Baxter Johnson gave an amusing monologue, "A Lady in a Shoe Store."

Four delicious courses were served to the following guests: Mes. Mattie Gordon, R. B. Edwards, John Allison, Sam Crews, J. R. Beverly, B. W. Self, John Davis of Paducah, M. L. Hughston, T. P. Reeder, H. K. Edwards, Sam Bell, T. S. Haney, T. B. Richmond, Esca Brown, J. T. Hughston, Joe Brown, G. D. Self, D. R. Magee, John T. Rasor, Baxter Johnson, J. F. Doolen, Misses Frances Clark, Mary Sam Crews and the honoree, Mrs. Gordon Bell—A Guest.

**SICKLY, PEEVISH CHILDREN**  
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c., Sold by Fergeon Bros. and Reeder-Drug Co.

# Why Chevrolet Performance is Thrilling Millions

Never before was a low-priced car so delightful to drive as today's Chevrolet!

Fast get-away... easy, smooth operation... high speed roadability... unfailing power... and flashy acceleration—

—exactly the type of performance that everyone wants in an automobile today!

In addition, there is all the finger-tip steering, all the positive braking and effortless gear shifting that have made Chevrolet so decidedly popular for congested traffic.

And never before was a low-priced car so comfortable— for Chevrolet springs are 88% as long as the wheelbase... and built of chrome vanadium steel!

Come in! Learn what a feeling of confidence it gives you to drive a car that is powered for the exceptional need... that is smooth and quiet at every speed... that responds to the slightest pressure on the steering wheel.

Then you'll know why millions have acclaimed today's Chevrolet as the finest performer in the low-price field!

QUALITY AT LOW COST

# Hercules Sweaters

When you buy Links Links coats, you buy RIGHT, for you are absolutely sure of receiving certain fundamental QUALITIES.

First—The yarn in these garments is of the very highest quality of pure worsted that can be purchased for this purpose, and it insures a beautiful luster, warmth without bulk, and strength. Pure worsted garments if correctly handled, will not stretch out of shape.

Second—The COLORS we offer, are well chosen and the combinations harmonious.

Third—HERCULES Links Links articles have looped seams. Much of the wearing quality and beauty Links Links coats depend upon this process, for looped seams are elastic, flat and neat. Looped seams can be greatly stretched without tearing.

Fourth—The button holes in all of these coats are corded and double sewed.

Come in and try one of these Links Links Coats—they fit better.

Bridge Club Entertained

Mrs. O. R. Boman was hostess to the Swastika Bridge Club Thursday afternoon, Sept. 29th. Mrs. H. Schindler won high score while consolation went to Mrs. Lawrence Kinsey. Refreshments were served to the club members and Mrs. D. R. Magee and Mrs. Glynn Shults as guests.

Again on October 13th, the club was entertained by Mrs. Jack Brian. Mrs. M. N. Kenner won high score while Mrs. M. M. Hart was consoled

for low. Refreshments were served to the club members and following guests: Mrs. Bryan O'Connell, Mrs. Earl Norman, Mrs. Dow Miller and Miss Esther McCoy. The next meeting of the club will be with Mrs. M. M. Hart.—Reporter.

TO THE TAXPAYERS OF THE CROWELL IND. SCHOOL DIST.

Through the kindness of the county tax assessor and courtesy of the commissioners court, I have been permitted to occupy the office of Mr. Claude Callaway for the purpose of assessing and collecting of taxes for the Crowell Independent School District.

When you come to pay your county tax, please do not forget the school. You will find me in room below.

G. A. MITCHELL,

A Brilliant New Line of Cars

America discovered the value of this brilliant new car with a swiftness only rivaled by the car itself. Everything about it appeals to the mood of the hour.

Its amazing pick-up—from 0 to 25 miles thru gears in less than 7 seconds! Its effortless mastery of distance at a mile a minute! Its trim, streamline beauty—finished in the smartest colors.

The way it grips the road at sharp turns—cushions passengers over rough roads—travels in "high" up steep grades!

Its economy at the curb—17½ feet of parking space suffice! Its economy on the road—25 miles per gallon at 25 miles per hour!

Never have Dodge Brothers sold a sedan so low in price—so high in value—so thoroughly in tune with the taste and spirit of the time.

4-DOOR SEDAN

**PREVENTS INFECTION**  
The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary treatments mend quickly under the powerful influence of Borozone. Powder 20c and 50c, Salve 10c.

Ferguson Bros. and Reeder Drug Co.

## HERE TO SERVE YOU

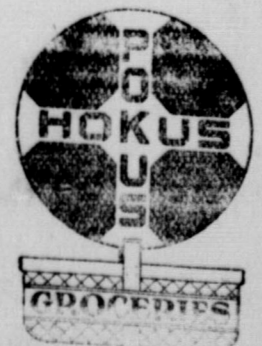

Had you ever just stopped to figure up the cost of your groceries for a year?

If you have not, it might be well to do so, and then, when you have done that select the trading place that gives you the best values for your money and in the end you will be enabled to see that you have effected a nice saving in the year's time.

The price and quality of goods enter into the proposition. It is not the cheapest groceries that go farthest every time and they are never as satisfying. So be careful about the very low priced groceries, they are likely to be of low quality.

Make this store your trading place and you are sure to get good substantial groceries at moderate prices, in fact as cheap as they can be sold.
