One Person Is Injured in Car Accident Sat.

Mrs. Ed Higgs was seriously, though not fatally, injured in a car accident Saturday night when the car in which she was riding collided with another car near the Todd farm three miles east of town. Mr. Higgs and his entire family and J. R. Ford, father of Mrs. Higgs, were all in the car but no one else but Mrs. Higgs was injured. The other car was being driven by a Mr. Cullum, who resides on the Brian place east of town. He was uninjured. The cars were both practically demolished.

Margaret Baptists Plan to Build Brick Structure

If present plans mature, the Margaret Baptists are to have a new brick structure as a place of worship at the near future.

Already finances are being pledged so that end and a campaign is to be put on soon for the raising of more funds with which to finance the reposition.

As yet no plans have been decided upon, but those people have in mind the construction of a brick building consisting of enough rooms to take care of their Sunday school and to give ample auditorium capacity for some years to come. They expect to spend something like \$14,000 for the new building.

League Rally Was Well Attended Sun.

The District Epworth League rally was well attended by members of the league here Sunday, and a fair attendance was given by the people outside the League.

There were 105 leaguers here from the various chapters, representing 1 out of 13 active chapters in the district. The program consumed most of the afternoon and lunch was served at the noon hour.

In addition to the leaguers and besides Rev. W. J. Mayhew, pastor of the Methodist church here, there were pastors from four other churches, Rev. T. M. Johnston, Margaret, Rev. Bickley, Vernon; Rev. Huckleberry, Paducah; Rev. Matthews of Muscotah; and Presiding Elder O. P. Clark of Vernon.

Heretofore the meetings of the league have been quarterly, but heretofore they will meet every two months and the next one will be at Paducah on January 15, 1928.

At the rally Sunday four young people signified their desire to go to foreign fields to do missionary work. These were Cecil Matthews of Truscott, D. R. Davidson, Chillicothe, Miss Margaret Taylor, Margaret, Ozona, and a girl from Vernon whose name we failed to get.

Who Can Beat This Splendid Record?

There may be some farmer in Foard County who can go a little better than the record which John S. Ray has made. If so let him announce it.

Up to October 23, Mr. Ray had gathered and ginned 106 bales of cotton. He does not recall a time when he has had so much cotton out of this time of the year and he wonders if there is another farmer in the county with an ordinary acreage that has done so well.

Incidentally he told us that this year he had gathered off 114 bales and that he would get 20 bales more, which would make an average of more than a bale to the acre on the 114 acres. But this last item was not giving as an item worth mentioning. But we want to differ with him, for it must certainly be a thing that a hundred acres in a county produces more than a bale to the acre.

West Texas Company Building Telephone Line to Quanah

Stakes have been set and the poles are here for the new telephone line to be built by the West Texas Utilities Company from Truscott to Quanah. The contract has been let to the L. E. Meyers Construction Company of Abilene.

The West Texas Utilities Company has also leased from the Gulf Pipe Line Company the portion of their Amarillo-to-Dallas line from Truscott to Munday.

Will Get More Than a Bale to The Acre

When it comes to raising farm products, especially cotton, there is some land in the Rayland community that has most of the countries beat. There is not any better land in Texas. This is borne out by the crops produced one year with another. An instance of a cotton yield that is above the ordinary is that of a 30-acre tract owned by A. H. Martin, about a mile west of Rayland, on which has been grown what Mr. Martin estimates as a 35 bale crop. He has already picked 28 bales and thinks he is sure of enough more to make the 35 bales.

War Relic to Be Placed on The Court Yard

Through the efforts of Captain Que R. Miller and Col. Claude Adams, the American Legion Post at this place has secured a 77 M. M. German canon which will be placed on the lawn of the court house yard on 11th of November, Armistice Day.

The Legion received a personal letter from Governor Moody Wednesday, announcing this as a gift to the Legion here, and Clint White and Capt. Miller left Wednesday afternoon for Austin with a truck to bring the relic to Crowell. It will have a permanent position on the lawn.

It is fortunate for the Legion that they have been able to secure one of these relics, as there are not many of them to be distributed.

Aged Negro Buried Here Last Saturday

An unknown negro died at Rayland last Friday night on his way with a truck load of negroes to paducah by truck cotton.

W. H. Morris of Paducah had been to Fort Worth after a load of negroes and was returning with them when the negro died. Mr. Morris did not want to bring this particular one because he thought he was too old to pick cotton, but the negro insisted on coming, saying that all his family had been swept away in the Mississippi flood and he said that he could pick from 150 to 200 pounds of cotton a day. Mr. Morris, feeling a sympathy for the negro, permitted him to come, and when they reached Vernon the negro complained that his stomach was hurting him, but little was thought of it until they reached Rayland where the negro suddenly died.

No one in the company had ever learned the negro's name and an inquest was held at Rayland but nothing was found on his body at the time by which he could be identified. His body was brought to Crowell where W. R. Womack, undertaker, prepared it for burial. On his body he found a slip of paper bearing the name of Leonard Spriggs and what is supposed to be a postoffice, Red Gum, Ga. Also there was the advice that in case of accident notice should be given to Afeilus Gargen, Jinks, Ga. The dead man also had suspended from his neck a metal tag bearing the letters C. L. & T. Co., No. 221.

Mr. Womack has written to the postmaster of one of the above mentioned places for possible information as to the identity of the dead man. He was about 75 years of age.

CATTLE SHIPMENTS

J. W. Bell and Sam Russell shipped a carload of cattle and hogs Wednesday to the Fort Worth markets. Furd Halsell also shipped three cars of cattle from his ranch in this county to Clay County for grazing. Mr. Halsell finds it necessary to do this on account of the fact that grass is a little short in his pasture, caused by the grasshoppers.

Program Now Completed for Armistice Day

On November 11, the Gordon J. Ford Post, American Legion, will stage the most elaborate celebration ever attempted in Foard County, and they are calling upon the people of Foard County and vicinity to help in this great program by attending it and enjoying the splendid program of good music, splendid singing, eloquent speeches and a marvelous display of fireworks, such as was never seen in Crowell before. The business men of Crowell and our mayor have given their co-operation, so that it will be put on without cost to our people. The American Legion insists on your attending this event that it may be the success hoped for it.

The speaker of the evening will be the Rev. George Green, chaplain of the 142nd Infantry, Captain U. S. A. Rev. Green has held every rank in the army from private to captain. He is a veteran of both the Spanish-American War and the World War. He has been the pastor to two of our last three Governors and is at present pastor of the First Baptist church at Austin, Texas. He is a minister of the Gospel, a soldier, a citizen and a lover of his country. Hear him.

Included among the speakers of the evening will be men who represent the thinning ranks of the soldiers of the Civil War, our comrades in arms, the members of the G. A. R., defenders of the Republic, and the heroic soldiers who fought for the lost cause, the Southern soldier, also a speaker for the Spanish-American veterans. In order to prevent the program from being too lengthy these speeches by home men will be limited to only a few minutes.

A football game has been planned for the afternoon but definite announcement will be made later.

The program, which is to start at 5 p. m., has been outlined as follows: A smoke screen will be laid down over the city of Crowell and it will be an opportunity for the people to see how a real war time smoke screen looks. This will be put on by Company "I", 142nd Inf., Texas National Guard. It will last about 15 minutes. The main event will start at 6:30 at the Crowell ball park.

Invocation—Rev. L. Guy Ament. War Time Music—Crowell Band. Songs by Crowell Choral Club. Song, "America"—By everybody. Welcome address—Mayor C. T. Schlager. Speech—Dr. R. L. Kincaid. Speech—J. W. Beverly. "Yankee Doodle"—By Band. Speech—John W. Wesley. "Dixie"—By Band. Speech—R. P. Womack. "Hot Time Tonight"—By Band. Speech—W. A. Cogdell. "Over There"—By Band. Speech of introduction—Que R. Miller.

Speech of the evening—Captain George Green. Fireworks display, everybody to remain in his place. Final American Flag, music by band, "Star Spangled Banner" (everybody standing).

Parent-Teacher Assn. Organized at Margaret

A Parent-Teacher Association was organized at Margaret last Friday night following a program given in the school auditorium by the people of that community. Officers for the association were elected as follows: Mrs. J. E. Smith, president; Mrs. Henry Ayers, vice president; Mrs. M. W. McConnell, secretary-treasurer. It was voted to join the County Federation of Clubs.

VISIT IN OKLAHOMA

O. J. Allen and family and his mother, all of Brazos, Texas, came up last Wednesday and visited in the home of the brother and son, C. V. Allen, Thursday and then they all went to Ada, Oklahoma, where the mother has a sister and visited there until Sunday when they returned home. C. V. and his brother, O. J., went to Shawnee on business while they were in Oklahoma.

Speaking of the crops in that country, Mr. Allen says the cotton was very badly damaged by the boll worms in that country and it was estimated that Pontotoc County would not make over 5,000 bales.

Tax Rolls Show Increase Over Those Last Year

The tax rolls were completed by Tax Assessor Claude Callaway last week and turned over to the tax collector for collection.

The rolls show an increase of taxable values over those of last year of \$113,066. The total valuations for 1926 were \$5,012,104; this year's valuations are \$5,125,170.

The following comparisons of the various items for 1926 and 1927 may be interesting to the reader:

State tax, including polls, last year was \$35,339.61; this year it is \$37,330.71.

County tax last year, including polls, was \$42,557.34; this year it is \$77,376.63. The rate last year was 84 cents; this year it is \$1.50.

Special road tax last year was \$7,521.23; this year it is \$7,692.69.

District school tax last year was \$29,543.02; this year it is \$22,704.18. This difference is caused by reason of the fact that Thalia was included in the county last year. The above figures do not include independent districts.

Land values last year were \$3,421,940; this year they are \$3,429,310.

Crowell City property last year was \$621,630; this year it is \$659,210.

Personal property last year was \$881,120; this year it is \$922,700.

Railroad track last year was \$54,400; this year it is \$65,280. Rolling stock was \$1674, this year it is \$1500.

Telephone and telegraph property was \$11,840 last year and is the same this year.

There was no pipeline property last year, this year it amounts to \$21,830.

Banks belonging to those that are incorporated institutions are but one in number, and the valuation was last year and is this year \$19,500.

The number of polls assessed this year are 1998.

Planning to Build Several Blocks Sidewalk West

According to information given the News, the property holders on the south side of California Street are planning to build a stretch of sidewalk reaching from the business section of town to the street that connects with the F F Highway on the west. This will run to the limit of the residence section of the city on the west and will serve practically all of the western portion of Crowell. It will be of inestimable value to a large number of school children in muddy weather, who have heretofore had to wade the mud for several blocks before reaching the business section of town.

Not all the property owners have agreed to the proposition but the larger portion have agreed and are ready to start it any time.

Thieves Steal Cotton From Loaded Wagons

Sometime during Monday night a thief or thieves drove into the field of Thurman Duncan, who cultivates the farm of Guy Crews one mile west of Thalia, and transferred from a wagon 1450 pounds of cotton to a truck and then carried in sacks about 200 pounds from another wagon some distance away and finished out a load that would make a bale.

This is reported to have been the last bale Duncan expected to get from the crop and was the only one from which he hoped to realize any clear profit, as all the remaining bales had gone to meet obligations.

FIGHT FILMS LEGAL

New York, Oct. 20.—Fight films can be exhibited legally in New York or any other states, according to a decision today by United States District Court Judge Henry W. Goddard. Judge Goddard also ruled that exhibitors receiving fight films from persons other than common carriers or through the mails may display them without becoming accessories to an offense against the interstate transportation law.

Judge Goddard's ruling was made in answer to questions put to him by the federal grand jury investigating moving pictures of the Tunney-Dempsey championship bout at Chicago.

Man Falls From Scaffold at New School Building

Dick Ballard happened to the accident last Thursday of falling from the first story of the new building and injuring his head. The fall was caused by the breaking of a plank on which he was standing, allowing him to fall to the basement. His head struck one of the heavy pieces of basement timber and rendered him half unconscious. He was at himself enough to get into his car and come to town but ran into another car after arriving in the business section of town because he was unable to steer the machine.

He was carried into a doctor's office and treated. No bones were broken and while the accident was painful, it is not serious.

Foard's Good Record at the Big State Fair

The State Fair of Texas set a new record this year for attendance with one million and twenty-eight thousand and paid admissions during the sixteen days that it lasted. Just how many of this number saw the Foard County booth cannot be known but it is safe to presume that well over two-thirds of this number passed through the Agricultural Building which is the first building on the grounds and is right next to the entrance gate. Foard County was given an excellent space for its booth and was the first county on the aisle to the left of the entrance to the building.

Foard County was among the six highest scoring counties on decorative and attractiveness and that is really what the great majority of those in attendance judge and remember an exhibit by. Foard scored 96.35 points out of a possible 100. The Foard County background was featured by an attractive display about four or five feet on which wheat was glued and with a border of cotton. Two small bundles of wheat and a bale of cotton made from seeds of the right color and actual cotton, representing the principal crops of the county were placed on this background of wheat with the lettering made of black seed carrying the following message to thousands of people, "Heaviest Yield per Acre in Texas," and to substantiate this broad claim—(U. S. Census 1920-25)—was also made in small letters from black seed. The background caused much comment and resulted in much publicity and interested hundreds in making further inquiries about this section. A picture of the exhibit is on display at the two drug stores and in the C. of C. office at the court house.

Foard County scored the following points on the different classes required on the score card: (The score is given first, followed by possible points). Corn and grain sorghums, 172—200; wheat, 187—200; oats, 62—75; alfalfa and sweet clover, 71—75; peanuts and cowpeas, 42—50; annual forage crops, 41—50; fruits, 64—75; vegetables, 66—75; other crops, 84.88—100; attractiveness and neatness, 96.35—100; the total number of points was 890.27 out of a possible 1,000. The score would have been considerably higher had it not been for damage by mice to small grains that were thought to have been in a mouse-proof rack that was used for curing the products. There were only a few points difference in Foard County's standing and a number of counties that won higher places. The counties in the order of their places are: Harrison, Garza, Hemphill, Lamar, Hardeman, Deaf Smith, Cass, Hale, Henderson, Smith, Collin, Wood, Marion, Floyd, Hunt, Ellis, Dallam, Lubbock, Rusk, Brown, Can Zandt, Eastland, Anderson, Wheeler, Polk, Foard, Childress, Angelina, Grayson, Gregg, Panola, Kaufman, Houston, Gockley. Officials of the fair stated that the exhibits this year were better than ever before and that the competition was keener than ever in the history of the fair in the county exhibits class. It is very probable that premiums for county exhibits will be increased considerably next year, according to fair officials.

Fred Rennels and Mack Boswell are already looking forward to gathering another exhibit and the experience they gained this year will aid them greatly in giving other counties of the state a close race next year. It will be necessary to give more time to that work than was given this year if this county expects to secure a high score. Mr. Rennels is already arranging for pedigree seed for various classes of products to be shown next year.

Results secured from the exhibit this year are very satisfactory and much advertising and publicity were secured from it.

Corner Stone to Be Laid Nov. 11

Plans are being made for the Masonic Lodge at this place to lay the corner stone for the new school building on November 11th. More notice will be given later.

School Building Will Be Ready for Use Dec. 15

Mr. Kugler, contractor of the new school building, stated Friday that plans were made to have the building completed and ready for occupancy by Dec. 15. And he sees nothing in the way to prevent reaching that aim.

Within one more week from this date it is expected that the building will be ready for roof, and when the building has reached that stage of its construction, the only thing that usually hinders construction, bad weather, will be headed off. It will all be inside work when the walls are finished and the roof is on.

The weather has been most favorable, which fact has contributed to rapid construction. And now it seems altogether reasonable that nothing can come that will impede progress. It is going to be a building of which all Crowell and the community around will be proud.

Everything was made ready last week for connecting the heating system up with the old building, so that in case of a cool snap now, steam can be put through the radiators and the building made comfortable.

2445 Bales Ginned Within Last Week

On Wednesday morning of last week all the gins in the county had ginned 7434 bales. Wednesday of this week the gins were all visited and the report up to that time showed that there had been 9879 bales ginned for the season, or 2445 for the week. At the same rate for another week we shall have ginned more than 12,000 bales in the county. And then add another week of favorable weather conditions, and we shall be getting well nigh done, if the estimate of 15,000 is anywhere correct. Should the weather remain favorable for three more weeks the season will be practically over.

The report from each gin in the county up to Wednesday about noon was as follows:

Thalia Vernon	843
Thalia Farmers	1900
Rayland Gin	2159
Margaret	1344
Crowell Farmers Gin	2453
Crowell Gin	1180
Total	9879

Shriners Program Here Sunday Was Enjoyed

According to announcement last week the Shriners from Maskat Temple of Wichita Falls arrived here on schedule time and an excellent lunch was ready to be served which was prepared and served by local Shriners in the show room of Self Motor Co. Among those most active in the preparation and serving of the lunch were H. K. Edwards, Que R. Miller, Judge John Myers, George Self, L. A. Andrews, T. P. Reeder, M. N. Kenner, L. A. Beverly and Grady Magree. Lunch was served to about 125 visiting Shriners besides a large number of local Shriners.

Following the luncheon the crowd gathered on the court house lawn where they enjoyed music furnished by Maskat band of thirty-four pieces. Also a number of enjoyable readings and short talks were given. Maskat patrol also gave a drill on Main street which was greatly enjoyed. The day was a very pleasant one to all concerned.

TURKEY SEASON ON

With the intention of getting ready for the turkey season, A. L. Johnson started early in the year to erect a brick building to enable him to handle turkeys this fall, and this building was completed some time ago. But only recently has Mr. Johnson added large coops to the inside of the building. With this arrangement he is able to take care of as many as a thousand head of turkeys. He has already commenced to dress turkeys for the season's shipments to Eastern markets.

Last year was the first offering the opportunity to the farmers of getting as good prices for their turkeys at home as they could get anywhere. This year Mr. Johnson will offer the market prices, as he did last year, and will dress and ship in car lots.

An establishment of this kind is worth much to those who have turkeys for sale, for it means better prices to them than have been possible to get in the years past.

The very essence of a man's character is shown by a man, when he is being tied that dishonesty is shrewdness, he is up, doesn't realize that in reality he is being tied down.

RAYLAND
(By Special Correspondent)

N. M. Pilkington, 81, died at the home of his daughter, Mrs. A. W. Crisp, Tuesday afternoon at 12:30 o'clock, following an illness of several months. He was converted and joined the Missionary Baptist church in 1880 and has lived a consistent and faithful Christian since that time, serving as deacon for 30 years. He is survived by four children, Mrs. A. W. Crisp with whom he had been making his home; the other three, Mrs. Cordelia Bradshaw of Tennessee, Jim and Rev. Jack Pilkington of North Carolina who were unable to attend the funeral. His wife died June 2, 1920. Funeral services were conducted Wednesday morning by Rev. E. W. Loyd after which the remains were laid to rest in the Thalia cemetery.

Travis White was operated on at Vernon for removal of tonsils and adenoids Tuesday.

R. A. Rutledge has installed a meat market in his grocery store.

The quarterly conference will be held at the Rayland Methodist church Sunday, October 30th. Everyone is invited to attend.

Rev. E. W. Loyd filled his regular appointment at the Baptist church Sunday.

Little Minnie Mae Conrod is ill with scarlet fever.

Paul Shultz and wife of Kinchloe visited Mr. Shultz's brother, G. Shultz, and family Sunday.

Edna Green spent Saturday night in the Jim Nix home of Kinchloe.

Mrs. G. Shultz and children attended church at Lockett Lutheran church Sunday.

Luther Jordan, who has been visiting friends and relatives here for several weeks, left Saturday for his home at San Marcos.

Mrs. Martha Price and daughter, Laura Nell, and Mrs. Arnold of Vernon visited Mr. and Mrs. G. T. German Sunday.

Floyd Pitcox of Thalia visited Claud Pipkins Sunday.

John Dearberry and family of Vernon visited friends here Sunday.

Mr. and Mrs. Buster Kinchloe of Kinchloe visited Mrs. Kinchloe's grandparents, Dr. and Mrs. E. D. German Sunday.

Mrs. Betty Raines, Clarence Raines and wife of Parsley Hill visited Rev. E. W. Loyd and family Sunday.

Mr. and Mrs. Albert Schoppa and Ernest Timont of Kinchloe visited Mr. and Mrs. G. Shultz Sunday.

Born to Mr. and Mrs. C. H. Bowman of Vernon Oct. 18, a son, Bobby Carroll. Mrs. Bowman was formerly Miss Marie Gunn of this community.

Mrs. Buck Clark is visiting her daughter, Mrs. Luther Ward, of Thalia.

Mrs. L. W. Greenway visited little Stella Mae Nix, who is critically ill at Moore Bros. Hospital, Sunday.

Mr. and Mrs. Ercell W. Brooks of Vernon attended the expression recital at the Antelope school house Friday night.

R. A. Rutledge made a business trip to Dallas Friday.

Little Stella Mae Nix is critically ill with typhoid fever. She was taken to Moore Bros. Hospital Wednesday.

Miss Susie Bell Tye of Crowell spent the week with her cousin, Miss Ova Lee Greenway.

Jim Gear and son, Jimmie, and Mr. and Mrs. Elkin Trice visited Mrs. Elnorah Wilkerson of Chillicothe Sunday.

Mr. and Mrs. W. J. Ayers spent Sunday and Monday with their daughter, Mrs. R. O. Ross, of Flomot.

Mr. and Mrs. L. V. Robertson of Crowell visited relatives here, Sunday.

Bloodine Schoppa of Kinchloe is spending the week with Mr. and Mrs. Louis Schoppa.

Mr. and Mrs. Charlie Gregg of Post spent Wednesday night and Thursday with his son, Ralph Gregg, and family. They returned home Friday.

Mr. and Mrs. Herbert Church and children spent Sunday night with Rev. E. W. Loyd and family enroute to Slaton where they will make their home.

Miss Dora Nix, who has been working for Mrs. W. J. Ayers, went home Wednesday to be at the bedside of her little sister, who is very ill.

Miss Adele Shultz visited Olivia and Leda Kitcher of Kinchloe Sunday afternoon.

Rev. J. A. Gibson took his daughter, Miss Thelma, to Vernon Friday to have a bone fello on her thumb lanced.

Born to Mr. and Mrs. Hayes Abston Oct. 18 a boy.

C. B. Gregg and wife and Bill Crisp attended the funeral of N. M. Pilkington Wednesday. They returned to their home at Post, Friday.

Mrs. J. G. Thompson of Thalia spent Tuesday and Wednesday visiting her daughter, Mrs. Hays Abston.

R. A. Rutledge went to Dallas Sunday to visit his wife, who is in a sanitarium here.

Mrs. Naoma Nichols of the Black community visited Mr. and Mrs. Hays Abston Tuesday.

Mrs. Maggie French and daughter, Miss Gladys, and Mrs. A. C. Phillips of Thalia visited in the E. W. Crisp home Tuesday afternoon.

Mrs. R. A. Rutledge and Mrs. W. W. Wood left Wednesday night for Dallas where they will undergo an operation for removal of tonsils.

Mr. and Mrs. A. C. Crisp made a business trip to Crowell Thursday.

The number of bales ginned at the Rayland gin up until Tuesday morning were 2030.

Every week has too many nights to stay up late on all of them.

FEED, SEED and COAL

We want a part of your business in our line. We will handle a full line of feed, seed and coal and will sell you at right prices at all times. Give us your order.

J. H. OLDS Phone 152

Premium Quality at Regular Price

No advance in price has been made on new Pennant Gasoline, although the performance it delivers would justify a premium price. There is not only better performance to be had from new Pennant Gasoline but real mileage economy.

The same is true of Pennant Motor Oil. It too, is "balanced". It flows readily at starting temperatures, yet resists thinning by the intense heat of the motor when operating at high speed.

Watch for the green Pennant sign, drive in today, and try out both the "balanced" Pennant Gasoline and the "balanced" Pennant Motor Oil—premium quality at regular price.

Facts One Should Know About Radio

FACT NO. 1. The Radio Corporation of America makers of all kinds of Electrical Appliances, such as radio sets, and their accessories, fine broadcasting paraphernalia, used on both land and sea, in sending radiograms and life saving service on ocean-going ships. Their Radio sets are of every type known today. They originated the famous Super Hetrodyn Circuit, which is the most perfect Radio principle discovered. This they positively will not allow anyone to make for resale.

FACT NO. 2. The Radio Corporation of America is composed of the Westinghouse Electric Company, the General Electric Co., the American Telegraph and Telephone Company, and has affiliated or associated with them the Victor Talking Machine Company and the Brunswick Balke, Collender Company, using nothing but Superhetrodyn Radiolas, (all dry battery) operated in their output in combination phonographs and radiolas.

FACT NO. 3. The Radio Corporation of America owns outright or controls by patent practically every radio circuit that is worth anything. Some of the most popular are the "Hazeltine Neutrodyne" Principal and the Armstrong Regeneration, and the Radio Frequency Principles. Practically every well known radio manufacturer of popular makes of radio sets in America are now paying or under contract to pay royalties to the Radio Corporation of America. In other words, the said companies either have to pay royalties to exist or quit business. Some twenty odd of the "biggest" radio set builders in America are now paying royalties. Yet the Radio Corporation of America has not, and say they will not, license any other company to build their Pet Super Hetrodyne. But only the Radio Frequency Circuits.

FACT NO. 4. The Radio Corporation of America brand all their products "RCA" and their radio receivers are sold under their trade mark, "Radiola" which are so popular that practically every person on seeing any kind of a radio set speaks of them as a "Radiola" instead of just using the term, Radio.

FACT NO. 5. Radio Corporation of America makes the finest tubes and the Cunningham tube is their product with "C" on them.

We are Radio Corporation's authorized dealers.

"Yes, Willard Mack is right, Luckies
are best," says Paul Berlenbach

Popular pugilist tells
his manager, Benedict
Sterns, that Lucky
Strikes are the finest
cigarettes.

Willard Mack,
Noted Author, Producer
and Actor,
writes:

"We people of the theatre are, as
a rule, extremists. This is the
reflex action from overwrought
nerves. When a man smokes forty
cigarettes a day, as I do, he must
be sure of his brand. I smoke
Lucky Strikes because I have
found they are soothing to the
nerves and at the same time they
cause no throat irritation. My
voice is always in perfect condi-
tion and I am never troubled by
any coughing which might be
annoying to me in my work as
an actor."

You, too, will find that
LUCKY STRIKES
give the greatest
pleasure—Mild and
Mellow, the finest
cigarettes you ever
smoked. Made of the
choicest tobaccos,
properly aged and
blended with great
skill, and there is an
extra process—"IT'S
TOASTED"—no
harshness, not a bit
of bite.

"It's toasted"
No Throat Irritation—No Cough.

gists League are authorized to use this Emblem.

Animals of South America

By Earnest Long
One of the animals South America
is the condor. The condor is the
largest of birds. It lives in the
high Andes. Their wings spread
from nine to ten feet from tip to tip.
It is a native of South America. It
can kill sheep, goats, deer or dogs.
The young are two years old before
they can fly.
The llama is another animal of
South America. It looks like the
camel. It has a head like a camel,
but feet like deer and body like
sheep. The Indians of South Ameri-
ca used it to ride. Now they get
flesh, wool and milk from it and it
takes place of the cow and sheep. It
lives in the Andes, too.
The tapir is another animal of
South America resembling the rho-
noceros. It is smaller than the rho-
noceros. It does not have a horn on
its nose. It makes them shy to look
at. The prow at night and eat
plants and roots. They bathe in
small streams.
Eight naturalists in New Jersey
went out into the wilds the other day
and bagged twenty-four poisonous
snakes after three hours search. We
know a fellow who took two drinks
of synthetic booze and caught more
reptiles than that without leaving his
hotel room.
Perhaps the stingiest man known
is the one who refuses to look
through his windows because he is
afraid he will wear them out.
Rising Young Man: Somebody who
assembles a four-year loaf in college,
two months in Europe and 361 prej-
udices and refers to it as background.

Senator Wagner of New York ex-
pects to travel to Washington each
week by air during the sessions of
Congress this winter. At that he is
not the first statesman to get to the
Senate by the air route.

COLUMBIAN CLUB

The "spend the day picnic," an
event in the Columbian calendar
which is always looked forward to
with much pleasure, proved to be a
splendid success when Mrs. Glynn
Shults was hostess on Wednesday,
October 19.
The hours were happily whiled
away chatting over a bit of embroi-
dery or needlework, and in the after-
noon the hostess employed a very
clever contest as a means of enter-
tainment.
At the noon hour when the dining
room was thrown open the guests
found a table laden with delicious
food which was served in cafeteria
style.
Those other than the club members
who enjoyed this delightful party
were Mmes. Harwell, Womack, Shults
and Leonard; and Mmes. Gordon
Bell and Milburn Hart were wel-
comed as new Columbians.

THE ADELPHIAN CLUB

The Adelpian Club met at the
home of Mrs. Howard Bursey with
Mrs. F. L. Rennels as hostess on
Wednesday, October 19.
Mrs. Esca Brown conducted the
lesson which was a study of "The
Cathedral," by Hugh Walpole, a pres-
ent day English novelist. Mrs. Law-
rence Kinsey gave a character sketch
of Roder, one of the chief charac-
ters in the book. Mrs. Jimmie Doolen
gave a review and criticisms of
"Harmer John," by Walpole and Miss
Lottie Woods gave comments on
Anthony Trollope as a novelist and
a comparison of his "Barchester
Towers" with "The Cathedral."
At the close of the lesson an ice
course was served by the hostess.
The next meeting will be on Novem-
ber 2nd at the home of Mrs. Arthur
McMillan.
Roger Babson predicts that the next
President of the United States will
have a lot of troubles. Still there
are plenty of ambitious candidates
who are willing to take a chance.

RAYLAND

(By Special Correspondent)

N. M. Pilkington, 81, died at the home of his daughter, Mrs. A. W. Crisp, Tuesday afternoon at 12:30 o'clock, following an illness of several months. He was converted and joined the Missionary Baptist church in 1880 and has lived a consistent and faithful Christian since that time, serving as deacon for 30 years. He is survived by four children, Mrs. A. W. Crisp with whom he had been making his home; the other three, Mrs. Cordelia Bradshaw of Tennessee, Jim and Rev. Jack Pilkington of North Carolina who were unable to attend the funeral. His wife died June 2, 1920. Funeral services were conducted Wednesday morning by Rev. E. W. Loyd after which the remains were laid to rest in the Thalia cemetery.

Travis White was operated on at Vernon for removal of tonsils and adenoids Tuesday.

R. A. Rutledge has installed a meat market in his grocery store.

The quarterly conference will be held at the Rayland Methodist church Sunday, October 30th. Everyone is invited to attend.

Rev. E. W. Loyd filled his regular appointment at the Baptist church Sunday.

Little Minnie Mae Coonrod is ill with scarlet fever.

Paul Shulz and wife of Kinchloe visited Mr. Shulz's brother, G. Shulz, and family Sunday.

Edna Green spent Saturday night in the Jim Nix home of Kinchloe.

Mrs. G. Shulz and children attended church at Lockett Lutheran church Sunday.

Luther Jordan, who has been visiting friends and relatives here for several weeks, left Saturday for his home at San Marcos.

Mrs. Martha Price and daughter, Laura Nell, and Mrs. Arnold of Vernon visited Mr. and Mrs. G. T. German Sunday.

Floyd Pitcox of Thalia visited Claud Pipkins Sunday.

John Dearberry and family of Vernon visited friends here Sunday.

Mr. and Mrs. Buster Kinchloe of Kinchloe visited Mrs. Kinchloe's grandparents, Dr. and Mrs. R. D. German Sunday.

Mrs. Betty Raines, Clarence Raines and wife of Parsley Hill visited Rev. E. W. Loyd and family Sunday.

Mr. and Mrs. Albert Schoppa and Ernest Tinent of Kinchloe visited Mr. and Mrs. G. Shulz Sunday.

Born to Mr. and Mrs. C. H. Bowman of Vernon Oct. 18, a son, Bobby Carrol. Mrs. Bowman was formerly Miss Marie Gunn of this community.

Mrs. Buck Clark is visiting her daughter, Mrs. Luther Ward, of Thalia.

Mrs. L. W. Greenway visited little Stella Mae Nix, who is critically ill at Moore Bros. Hospital, Sunday.

Mr. and Mrs. Erzell W. Brooks of Vernon attended the expression recital at the Antelope school house Friday night.

R. A. Rutledge made a business trip to Dallas Friday.

Little Stella Mae Nix is critically ill with typhoid fever. She was taken to Moore Bros. Hospital Wednesday.

Miss Susie Bell Tye of Crowell spent the week with her cousin, Miss Ova Lee Greenway.

Jim Gear and son, Jimmie, and Mr. and Mrs. Elkin Trice visited Mrs. Elnorah Wilkerson of Chillicothe Sunday.

Mr. and Mrs. W. J. Ayers spent Sunday and Monday with their daughter, Mrs. R. O. Ross, of Flomot.

Mr. and Mrs. L. V. Robertson of Crowell visited relatives here Sunday.

Blondine Schoppa of Kinchloe is spending the week with Mr. and Mrs. Louis Schoppa.

Mr. and Mrs. Charlie Gregg of Post spent Wednesday night and Thursday with his son, Ralph Gregg, and family. They returned home Friday.

Mr. and Mrs. Herbert Church and children spent Sunday night with Rev. E. W. Loyd and family enroute to Slaton where they will make their home.

Miss Dora Nix, who has been working for Mrs. W. J. Ayers, went home Wednesday to be at the bedside of her little sister, who is very ill.

Miss Adele Shulz visited Olivia and Leda Kitcher of Kinchloe Sunday afternoon.

Rev. J. A. Gibson took his daughter, Miss Thelma, to Vernon Friday to have a bone felon on her thumb lanced.

Born to Mr. and Mrs. Hayes Abston Oct. 18 a boy.

C. B. Gregg and wife and Bill Crisp attended the funeral of N. M. Pilkington Wednesday. They returned to their home at Post, Friday.

Mrs. J. G. Thompson of Thalia spent Tuesday and Wednesday visiting her daughter, Mrs. Hays Abston.

R. A. Rutledge went to Dallas Sunday to visit his wife, who is in a sanitarium there.

Mrs. Naoma Nichols of the Black community visited Mr. and Mrs. Hays Abston Tuesday.

Mrs. Maggie French and daughter, Miss Gladys, and Mrs. A. C. Phillips of Thalia visited in the E. W. Crisp home Tuesday afternoon.

Mrs. R. A. Rutledge and Mrs. W. W. Wood left Wednesday night for Dallas where they will undergo an operation for removal of tonsils.

Mr. and Mrs. A. C. Crisp made a business trip to Crowell Thursday.

The number of bales ginned at the Rayland gin up until Tuesday morning were 2030.

Every week has too many nights to stay up late on all of them.

Premium Quality at Regular Price

No advance in price has been made on new Pennant Gasoline, although the performance it delivers would justify a premium price. There is not only better performance to be had from new Pennant Gasoline but real mileage economy.

The same is true of Pennant Motor Oil. It too, is "balanced". It flows readily at starting temperatures, yet resists thinning by the intense heat of the motor when operating at high speed.

Watch for the green Pennant sign, drive in today, and try out both the "balanced" Pennant Gasoline and the "balanced" Pennant Motor Oil—premium quality at regular price.

Facts One Should Know About Radio

FACT NO. 1. The Radio Corporation of America makers of all kinds of Electrical Appliances, such as radio sets, and their accessories, fine broadcasting paraphernalia, used on both land and sea, in sending radiograms and life saving service on ocean-going ships. Their Radio sets are of every type known today. They originated the famous Super Hetrodyn Circuit, which is the most perfect Radio principle discovered. This they positively will not allow anyone to make for resale.

FACT NO. 2. The Radio Corporation of America is composed of the Westinghouse Electric Company, the General Electric Co., the American Telegraph and Telephone Company, and has affiliated or associated with them the Victor Talking Machine Company and the Brunswick Balke, Collender Company, using nothing but Superhetrodyn Radiolas, (all dry battery) operated in their output in combination phonographs and radiolas.

FACT NO. 3. The Radio Corporation of America owns outright or controls by patent practically every radio circuit that is worth anything. Some of the most popular are the "Hazeltine Neurodyn" Principal and the Armstrong Regeneration, and the Radio Frequency Principles. Practically every well known radio manufacturer of popular makes of radio sets in America are now paying or under contract to pay royalties to the Radio Corporation of America. In other words, the said companies either have to pay royalties to exist or quit business. Some twenty odd of the "biggest" radio set builders in America are now paying royalties. Yet the Radio Corporation of America has not, and say they will not, license any other company to build their Pet Super Hetrodyne. But only the Radio Frequency Circuits.

FACT NO. 4. The Radio Corporation of America brand all their products "RCA" and their radio receivers are sold under their trade mark, "Radiola" which are so popular that practically every person on seeing any kind of a radio set speaks of them as a "Radiola" instead of just using the term, Radio.

FACT NO. 5. Radio Corporation of America makes the finest tubes and the Cunningham tube is their product with "C" on them.

We are Radio Corporation's authorized dealers.

Just drop a teaspoonful of Rexall Health Salt in half a glass of water be-
fore breakfast. Then drink it. That's
all. This pleasant little eye-opener
helps to drive away that heavy, loggy
feeling, those nasty bilious headaches.

Rexall Health Salt is a pure,
harmless, effervescent laxative. So
refreshing and tastefully flavored that
you'll really like to drink it. And
you'll be feeling so chipper and fit,
you will thank us for this health hint.

Ask us for Rexall Health Salt to-
day and keep your system internally
clean—gently.

gists League are authorized to use this Emblem.

"Yes, Willard Mack is right, Luckies are best," says Paul Berlenbach

Popular pugilist tells
his manager, Benedict
Sterns, that Lucky
Strikes are the finest
cigarettes.

Willard Mack,
Noted Author, Producer
and Actor,
writes:

"We people of the theatre are, as
a rule, extremists. This is the
reflex action from overworked
nerves. When a man smokes forty
cigarettes a day, as I do, he must
be sure of his brand. I smoke
Lucky Strikes because I have
found they are soothing to the
nerves and at the same time they
cause no throat irritation. My
voice is always in perfect condi-
tion and I am never troubled by
any coughing which might be
annoying to me in my work as
an actor."

You, too, will find that
LUCKY STRIKES
give the greatest
pleasure—Mild and
Mellow, the finest
cigarettes you ever
smoked. Made of the
choicest tobaccos,
properly aged and
blended with great
skill, and there is an
extra process—"IT'S
TOASTED"—no
harshness, not a bit
of bite.

"It's toasted"

No Throat Irritation—No Cough.

for several days.
Mr. and Mrs. Mack Edens were
shopping in Vernon Monday.

Mrs. G. C. Phillips, C. B. Mor-
ris, J. A. Stovall, F. A. Brown and
Miss Odessa Moore went to Mineral
Wells Monday to attend the Grand
Chapter, Order of Eastern Star.

Joe Johnson purchased a new
Chevrolet coupe one day last week.

Mrs. C. C. Lindsey visited her
mother, Mrs. Gamble, who is seri-
ously ill in Crowell Sunday and Mon-
day.

W. C. Gardener and family and
J. N. Johnson visited relatives in
Chillicothe Sunday.

W. T. and Ed Dunn, Mr. and Mrs.
Ray Hysinger, Prof. McConnell and
wife, Will Blevins, John L. Hunter
and family and Mr. and Mrs. Ab-
dunn of Margaret attended church
services at the Methodist church here
Sunday night.

Gas Neill purchased a new Chev-
rolet coach Thursday of last week.

COLUMBIAN CLUB

The "spend the day picnic," an
event in the Columbian calendar
which is always looked forward to
with much pleasure, proved to be a
splendid success when Mrs. Glynn
Shults was hostess on Wednesday,
October 19.

The hours were happily whiled
away chatting over a bit of embroi-
dery or needlework, and in the after-
noon the hostess employed a very
clever contest as a means of enter-
tainment.

At the noon hour when the dining
room was thrown open the guests
found a table laden with delicious
food which was served in cafeteria
style.

Those other than the club members
who enjoyed this delightful party
were Meses. Harwell, Womack, Shults
and Leonard; and Meses. Gordon
Bell and Milburn Hart were wel-
comed as new Columbians.

THE ADELPHIAN CLUB

The Adelpian Club met at the
home of Mrs. Howard Bursley with
Mrs. F. L. Rennels as hostess on
Wednesday, October 19.

Mrs. Esca Brown conducted the
lesson which was a study of "The
Cathedral," by Hugh Walpole, a pre-
sent day English novelist. Mrs. Law-
rence Kimsey gave a character sketch
of Roder, one of the chief charac-
ters in the book. Mrs. Jimmie Doolen
gave a review and criticisms of
"Harmer John," by Walpole and Miss
Lottie Woods gave comments on
Anthony Trollope as a novelist and
a comparison of his "Barchester
Towers" with "The Cathedral."

At the close of the lesson an ice
course was served by the hostess.
The next meeting will be on Novem-
ber 2nd at the home of Mrs. Arthur
McMillan.

Roger Babson predicts that the next
President of the United States will
have a lot of troubles. Still there
are plenty of ambitious candidates
who are willing to take a chance.

Animals of South America

By Earnest Long

One of the animals South America
is the condor. The condor is the
largest of birds. It lives in the
high Andes. Their wings spread
from nine to ten feet from tip to tip.

It is a native of South America. It
can kill sheep, goats, deer or dogs.
The young are two years old before
they can fly.

The llama is another animal of
South America. It looks like the
camel. It has a head like a camel,
but feet like deer and body like
sheep. The Indians of South Ameri-
ca used it to ride. Now they get
flesh, wool and milk from it and it
takes place of the cow and sheep. It
lives in the Andes, too.

The tapir is another animal of
South America resembling the rhi-
noceros. It is smaller than the rhi-
noceros. It does not have a horn on
its nose. It makes them shy to look
alike. The prow at night and eat
plants and roots. They bathe in
small streams.

Eight naturalists in New Jersey
went out into the wilds the other day
and bagged twenty-four poisonous
snakes after three hours search. We
know a fellow who took two drinks
of synthetic booze and caught more
reptiles than that without leaving his
hotel room.

Perhaps the stingiest man known
is the one who refuses to look
through his windows because he is
afraid he will wear them out.

Rising Young Man: Somebody who
assembles a four-year loaf in college,
two months in Europe and 361 prej-
udices and refers to it as background.

It's bad enough to drive an auto-
mobile at night without lights, but
not near so bad as when the driver
is all lit up.

When a man has no answer to the
other fellow's argument, he is apt to
call it propaganda.

sand Texas farmers in 8 years.
Let me tell you about it.

J. C. THOMPSON, Sec.-Treas.
Crowell, Texas

Territory—Foard, Knox, King
and Wilbarger Counties.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter

Crowell, Texas, October 28, 1927

Crowell is growing steadily and rapidly, and we are glad that it is so. Our homes are being improved, new ones are being built, and there is evidence of growth and development on every hand. But we wonder if Methodists have thought of installing sewerage in our church building. Did the presence of last Sunday's visitors for the day suggest the need of such a thing for our church building?

That big-mouthed rooster that crows until everybody gets up but he has his counterpart in some men who are always making a before he hops off the roost is a slacker, as well as a nuisance, big noise about what ought to be done but are conspicuously absent when the doing commences.

Another matter that will help the financial situation is the fact that thousands of dollars will be spent here for the next few years in the building of roads, which will give employment to lots of people and put into circulation a large amount of money.

The greatest failure in the world is he who puts all his trust in money and makes it and keeps it. He is a very foolish fellow, too, because he acts under the delusion that he is a success. Success or failure is not measured by dollars, but by character.

Our boys find an ideal in the person of either Dempsey or Tunney, but it looks like the girls must suffer disappointment by reason of the fact that Ruth Elder wears long hair.

Information, please. Does the fact that lots of the female tribe of today are well-read mean that they are unusually intelligent?

If Prince Albert never did anything more than to discover tobacco it was enough to immortalize his name with millions of pipe puffers.

There are many cowards in the world, but about the biggest one is the person who permits financial reverses to drive him to suicide.

When one comes to think about it, he discovers that the watch maker has more time than anybody.

One thought beforehand is worth a dozen afterwards.

It's cowardly to talk about a person to his back, but it's safer.

Watkins Well is Reported to Be 3,000 Feet Down

Little information has been given out about the well on the Watkins farm six miles south of town, but it has been reported recently that drilling has reached a depth of little more than 3,000 feet and little or no construction favorable has been encountered. It is also said that the company contemplating going to a depth of 4,000 feet if oil is not found at a more shallow depth.

This well is being drilled by the Texas Company.

Casing Stolen From Station Monday Night

A casing was stolen from the J. E. Whately station Monday night. The fact was reported to Sheriff Campbell and he got on tract of the man upon whom suspicion rested and brought him to Crowell Tuesday. His name is Stewart and he is a transient cotton picker. He was found in possession of the missing casing.

AT PRESBYTERIAN CHURCH

Fifth Sunday services will be held at the Presbyterian church October 30th. The regular Sunday School beginning promptly at 10 a. m., followed by the morning worship hour, beginning promptly at 11 o'clock. The pastor will bring a message at the morning service on "My Church" which will consist of a study of the reasons that God and man must of necessity be co-workers in building His church and that one and both are mutually dependent upon the other for its growth. The evening service will begin at 7:15. The subject for the evening sermon will be "The Ebb-Tide of Life." Let us remember that our evening song services are for the purpose of singing the hymns that you love to sing. Come and worship with us. You have the most cordial welcome. L. H. SMITH, Pastor.

"El Sombrero" Program

Roll call, respond with a flower or plant in Spanish: Reading—Leoma Knox. Piano solo—Dorothy Hinds. Spanish story—Ila M. Thompson. Jokes—Harriet Evelyn Swain. Solo "La Paloma"—Maurice Allee. No Money Received from Hubby, Wife Makes an Inquiry

The following item was taken from the Sheriff's, Police and Peace Officers' Review, and is one of the many humorous letters received at Washington during the late war. It follows:

"Mr. Headquarters, "U. S. Armory,

"Dear Mr. Headquarters: My husband was induced into the surface long months ago and I ain't received no pay from him since he was gone. Please send me my elopement as I have a four months old baby and he is my only support and I kneed it every day to buy food and keep us enclosed. I am a poor woman and all that I have is at the front. Both sides of my parents are very old and I can't suspect anything from them as my mother has been in bed thirteen years with one doctor and she won't take another. My husband is in charge of a spittoon. Do I get any more than I am going to get? Please send me a letter and tell me if my husband made application for a wife and child and please send me a wife form to fill out. I have already written to Mr. Wilson and get no answer and if I don't hear from you I will write Uncle Sam about you and him.

"Very truly," "Mrs. Paul Quinn."

For sale—My place, 91 1/2 acres, 80 acres in cultivation, well improved, plenty of water, 2 miles east and one mile south of Crowell.—Tom Vecera. 19p

Avoid Excess Uric Acid!

To Be Well There Must Be Proper Kidney Action.

A STIFF, achy feeling is a common sign of sluggish kidneys and excess uric acid. One is apt to be tired and languid; nervous and depressed; suffer nagging backache, headaches and dizziness. A common warning of sluggish kidney action is scanty or burning secretions. Doan's Pills, by stimulating the activity of the kidneys, assist them to eliminate excess uric acid. If your kidneys are acting sluggishly, use Doan's. They have been recommended since 1885. Are endorsed the country over. Ask your neighbor!

Graybar Electric Sewing Machine

Vibrator and Rotary Types

This type-head has an Electric Sewing Lamp attached to the front. A direct ray of light falls on the work--no glare--no shadows.

To make your own and the children's garments is an economy, and when it can be done without fatigue—the electrical way—it's double saving as well as a pleasure.

Graybar Electric Sewing Machines are simple and efficient. A dependable motor that can be attached to any electric outlet furnishes the power. A slight pressure on the control starts the machine. It responds instantly and is always under full control.

For those who like the portable types that can be moved from place to place and tucked away out of sight, there are five models to choose from. Four have genuine walnut veneer cabinets with covers (illustrated above) that lock securely; one a metal base with rubberized cover. These have the foot control.

If there's a place for an attractive table—the console cabinet type fit in harmoniously with the furnishings of any room. These models are equipped with a knee control.

A full set of attachments comes with each machine.

TRANSIENT WOMAN DIES AT HOSPITAL

Mrs. Charles H. Crawford, aged 51, died at the sanitarium here yesterday morning at 11 o'clock.

Mr. and Mrs. Crawford had come in only a few days ago and were enroute to Arizona, where they hoped that Mrs. Crawford's health would be improved. They had been traveling for some time and had been as far east as Kentucky. Their home was in Denver. The woman became too ill for further travel and was taken to the hospital.

The body was taken to the undertaking parlors where it was embalmed for shipment to Muskogee, Okla., tomorrow, the former home of the deceased.

Mr. Crawford wishes the News to express his appreciation for the kindness and helpfulness extended by members of the Eastern Star here, a member of which order was his wife.

NEW SUBSCRIBERS

The News' Fall subscription campaign has started out very satisfactorily. The following are new subscribers added to our list since last issue with the exception of one which was a renewal:

Joe H. Earls, city; G. F. Pierce, Vivian; Alton Higginbotham, city; E. E. Broadus, Margaret; Miss Frances Hill, Norman, Okla.; W. M. Cox, Foard City; Mrs. C. E. Dunn, Foard City; J. M. Welch, route 2; Mrs. Harley Capps, Thalia; Earl Teel, Fort Worth; Mrs. E. C. McDonald, Yeakum; E. O. Patton, Dallas.

You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vigor and buoyancy to every fibre. Sold by Ferguson Bros. and Reeder Drug Co.

THANKS

In saying to the public that I have sold my interest in the City Tailors to F. C. Brooks, I wish to express my hearty appreciation for the business accorded the firm while I was a member. It has been a real pleasure to me to help render an honest service, appreciation of which is evidenced by an increasing volume of business.

Again I wish to thank you.
A. F. WRIGHT.

Sometimes a fortune proves to be a misfortune.

M. E. Missionary Society

The Missionary Society of the M. E. church met Oct. 7th at the church for a missionary lesson, "Bringing the Cross to the New World," being the subject for the lesson. Mrs. Arnold Bunte very ably gave the political background in the Old World and its influence on religion both in the Old World and America.

Mrs. Gerge Self, as leader, gave the religious progress in America and of the missionaries sent back to the Old World.

The society adjourned with the repeating of the Lord's Prayer. The society will meet October 31 to finish the last two chapters in the study book.

The society met again October 24 in a social and Missionary Voice lesson at the home of Mrs. Ringgold with Mesdames Ringgold and Allen joint hostesses. Mrs. J. W. Bruce, as leader, had as her subject "Building Friendships." Mrs. Hughston gave an interesting number on "How may we help build a New America through friendly contacts," followed by a general round-table discussion. Mrs. A. Y. Beverly gave the Missionary Current events of the month. Lovely refreshments were served eleven members and Mrs. Fannie Thacker as guest.—Reporter.

MARGARET SENIOR CLASS

The senior class of Margaret High held its third meeting Monday, October 10th.

At 3 o'clock on that date the president, Emma Bradford, called the class to order and the minutes of the previous meeting were read by the secretary, Emma Kempf, and were accepted by the class.

The social committee, Raymond Sikes, Opal Jones and Emma Kempf, decided to have a social gathering of some kind. This was put before the class and was agreed that they have a picnic the following Friday night, October 14th, inviting the faculty of the school and the school board, also the ninth grade and the tenth grade. The class then adjourned.—Reporter.

DIRECTORS MEETING

There will be a meeting of the directors of the Inter-scholastic League in the district court room at 2:30 p. m. Saturday, October 29.

It is indicative that you are aware, since there is to come before this body some very important business.

Since our slogan for enrollment in this county is one hundred per cent why not make our attendance upon these meetings one hundred per cent.

M. W. McCONNELL,
Director General.

The fact that snuff consumption is increasing in this country may be taken as a sign that all is not progress.

WOMEN IN BUSINESS

A recent survey by a manufacturing concern showing 261,719 women farmers in the country, which represents an increase of 300 per cent in the last twenty-five years, brings to attention that women are becoming more active in all lines of business.

The number of women actually engaged in farming does not take into account the farmers' wives who are powerful factors in the success of many farming ventures. Neither does it seem large, compared with the total number of farmers in the United States, but the gain is impressive.

Figures are not available for other lines of business, but it is probable that the increase in the number of women venturing into the avenues of commerce is equally as large, if not larger, in other commercial fields.

With the granting of equal suffrage and the demands made upon women during the world war, the business world became more receptive to the pleas of women for a place in business, and they have succeeded notably well.

Not every woman can succeed in business, any more than every man, is successful, but a comparison, if such a thing were possible, would not be unfavorable to women.

Women should be better salesmen than men. They have demonstrated time without number that they excel in the gentle art of using words. Ever since Eve talked Adam into sampling some of the forbidden fruit, the so-called gentler sex has been master where words were used.

Talent for salesmanship is present to a marked degree among women. Many have it without knowing it, and never realize their inherent ability until forced to seek employment.

It is the common view that women have to resort to tears to win their point, but this is rare for words never seem to fail their sex. From the dawn of history men have been keeping the family larder stocked by using clubs and stone weapons while their wives have been winning the struggle for life with pretty phrases.

The present civilization has taught that woman's place is in the home, but if she is compelled to go into the market place and win a place for herself in the field of commerce, she is not apt to fail because she is naturally endowed for such an enterprise.

The line of least resistance is a poor line on which to hook your bait.

WHAT'S DOING IN WEST TEXAS

(By West Texas Ch. of Commerce)

Presidio—Rapid progress is being made on the Orient Railway and the lines will soon be to this city from the Old Mexico terminus.

Tulia—Considerable improvements are underway at Hotel Tulia. Gas stoves have been installed, and concrete walks are being laid about the building.

Canadian—The Hemphill County Agricultural Exhibit was shown at three fairs this year, the Tri-State Fair at Amarillo, the Texas-Oklahoma Fair at Wichita Falls, and the State Fair at Dallas. This exhibit took third place at Amarillo, fourth at Wichita Falls, and third at Dallas, beating every county that scored above it at the other two fairs at the Dallas showing, except Garza County.

Abilene—President R. W. Haynie of this city, and Manager Homer D. Wade of the West Texas Chamber of Commerce will motor to Brady on November 10 to attend the annual Turkey Trot held in that place November 11.

Fluvana—Oil and mineral tests are being made in this section, but the Fluvana section is not depending upon such development for prosperity. Agriculture is the main stay of this region. The Fluvana Community exhibit won first place at the 1927 Scurry County Fair, Snyder, and it displayed many excellent home-grown agricultural products.

Lorraine—New four inch water mains are being laid into the Templeton addition in the eastern part of town, and will be completed for service at an early date.

Sweetwater—Date for the West Central District Convention of the West Texas Chamber of Commerce has been reset for November 28. The previous date scheduled was November 14.

Stinnet—Work of laying concrete on the highway has been started at the south line of the county and is well under way.

Mason—Native stone is being quarried and hauled on the grounds for construction of a second story to a local building. The addition will house the leading law firm of the city.

Eastland—Plans are now being made for construction of eight or ten new business houses to be occupied by new firms.

Lubbock—The last mile of grading on the Estelline-Lockney-Lubbock line of the Fort Worth and Denver South Plains Railway above the caprock is under way. Trains are expected to be in operation over the entire line by May or June first, 1928.

Dumas—Six new residences are under construction here. Gas and light conveniences are now available, systems having been completed just recently. Oil in Moore County has helped the town and promoted record activity here and throughout the section.

Midland—Opening of the new Mayo Hotel has given approximately 250 hotel rooms to the city. This number will be augmented to 400 when the new Scharbauer Hotel opens the first of January.

Artesia, N. M.—Twenty-five cars of apples have been shipped from here to date. Production is heavier than first anticipated.

The constant battle for public officials who are responsible to the people is not gaining much headway in view of the activities of the organized minorities which make it difficult to determine just what the wishes of the people are.

Fanny Brice asked a divorce from her husband, Nicky Arnstein, because he did not like her remodeled nose. Maybe what he didn't like was the beauty specialist's bill which accompanied it.

An old Dutch door was sold in New Jersey as an antique the other day for \$1,200. It must have been the door to the cellar.

SICKLY, PEEVISH CHILDREN
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by Ferguson Bros. and Reeder Drug Co.

TEXON TALES

A news item relates how a rattlesnake bit a California man and the snake was the one that died. The time may come when we will be biting the snakes and they will be afraid of us.

Another news item says a device has been perfected that will prevent a flying machine from going into a tail-spin and makes flying lots safer. If some sap would invent a device to prevent Fords from going on the wrong side of the road the whole world would be lots safer.

If Jack's fans would have Tunney's pictures put on postage stamps Jack could lick him any old time.

San Angelo is complaining that oil getting into the sewer system is giving them lots of trouble. Now there is a slick job for some one.

Some guys think just because you are sociable and chat with them you would be glad to loan them a ten spot.

As ever,
THE TEXON TATTLER.

A London dock laborer ate twenty hotel dinners at a sitting. But we have seen some hotel dinners which weren't so much.

SHEET-ROCK FIRE

Because Sheetrock is gypsum rock it cannot burn. Insulation—and Strength and Ease of Handling—and Smoothness for any decoration. Sheetrock gives you all these, at no added cost. May we show you how it is different and why it is better?

MISTAKE

The attention of the News is called to the fact that in mentioning the improvements at the Chevrolet building last week it was stated that the building would be the size of the Self Motor building. This was a mistake. The Self Motor has a 75-foot front, while the Chevrolet has only a 50-foot front.

BLACK

(By Special Correspondent)

Mr. and Mrs. W. W. Nichols and Mr. and Mrs. Sherman Nichols visited relatives in Oklahoma Saturday and Sunday.

Mr. and Mrs. J. A. Smith attended church at Margaret Sunday.

Mr. and Mrs. C. O. Nichols visited Mr. Nichols' brother, Grover, and family of Jameson Sunday afternoon.

Mr. and Mrs. Hayden Ford spent Sunday with Mr. and Mrs. Jesse Chapman of Crowell.

Dr. Clark was called Sunday to see Mrs. H. K. Mitchell who was very ill.

Mr. and Mrs. Homer White of Margaret and Mr. and Mrs. Clint White of Crowell spent Sunday with their parents, Mr. and Mrs. J. A. White.

Dr. Kincaid of Crowell was called Tuesday to see the little baby of Mr. and Mrs. Hayden Ford who is very sick.

Those from this community who were shopping in Crowell Saturday afternoon were Mr. and Mrs. Luther Free and daughter, Mr. and Mrs. J. F. Free, Mr. and Mrs. O. M. Gentry, Mrs. W. J. Sparks, Orabelle McFarland, Mr. and Mrs. Leonard Boren, Mr. and Mrs. Ed Andress and C. O. Nichols.

JAMESON

(By Special Correspondent)

J. W. Thompson had the misfortune to lose his car by fire Monday afternoon.

Mrs. Chas. Hunter and daughters spent Monday with their sister and aunt, Mrs. Gentry, of the Black community.

Clint Simmons and family spent Sunday in the home of Virgil Jackson of Medicine Mounds.

R. G. Nichols and family visited relatives at Thalia Sunday.

Mr. and Mrs. Duffy spent Sunday with their sons near Vernon.

Mrs. Bradshaw and Mrs. Gibson and daughters spent Sunday afternoon with Mrs. Gafford.

Thalia Womens Missionary Society

The Methodist Woman's Missionary Society meet in regular session at the church Monday afternoon.

A very interesting lesson was rendered from the Missionary Voice, Mrs. Stalcup, as leader.

Next Saturday the ladies will serve a chicken dinner in the concrete building next door to barber shop.—Reporter.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary Liniment's mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 20c and 60c. Sold by Fergeson Bros. and Reader Drug Co.

NOTICE

To the Parents or Guardians of the Crowell School:

To secure the best progress of the pupil, the school and home must work together. On Wednesday, October 26, each child is given a report. We shall send you a similar one every six weeks. Please examine this card each time carefully, sign it and send it back promptly. If the report is not clear to you or if, for any reason, you wish to talk with the superintendent or a teacher about your child's work, please do not hesitate to come to see us. You will be welcome.

If the parents can cooperate by not letting their children arrive at school before eight thirty o'clock of mornings and not later than nine o'clock, it will be appreciated.

Please note that absence from school must be explained by the parent or guardian on the first return of the pupil. Special attention is called to serious consequences of irregular attendance. Going to school is a business that demands regularity and promptness; will you help us to teach your boy or girl that fact?

Only through cooperation can the best results be obtained.

Yours truly
I. T. GRAVES, Supt.

RIALTO THEATRE

Always a Good Show

Rialto Theatre presents the following program:

Friday Afternoon and Night—

Buck Jones in

"GOOD AS GOLD"

"YOUNG PERIL"

with Bessie Love.

"ROUGH AND READY"

Jack Hoxie.

A different program every night except Monday and Tuesday. Sometimes we will show the better pictures two days.

FIGHT FILMS LEGAL

New York, Oct. 26.—Fight films can be exhibited legally in New York or any other states, according to a decision today by United States District Court Judge Henry W. Goddard.

Judge Goddard also ruled that exhibitors receiving fight films from persons other than common carriers or through the mails may display them without becoming accessories to an offense against the interstate transportation law.

Judge Goddard's ruling was made in answer to questions put to him by the federal grand jury investigating moving pictures of the Tunney-Dempsey championship bout at Chicago.

HERE TO SERVE YOU

Had you ever just stopped to figure up the cost of your groceries for a year?

If you have not, it might be well to do so, and then, when you have done that select the trading place that gives you the best values for your money and in the end you will be enabled to see that you have effected a nice saving in the year's time.

The price and quality of goods enter into the proposition. It is not the cheapest groceries that go farthest every time and they are never as satisfying. So be careful about the very low priced groceries, they are likely to be of low quality.

Make this store your trading place and you are sure to get good substantial groceries at moderate prices, in fact as cheap as they can be sold.

Some onion land in New York State sold the other day for \$1,700 an acre. Raising onions seems to be the only game that pays.
Idleness wears out many men and much machinery, and also has a sad tendency to age a last winter's felt hat.
