\$2.00 A YEAR

OVER 14,000 BALES COTTON GINNED IN THE COUNTY

Vernon-Crowell C of C Banquet Attended by 253

Two hundred and fifty three persons attended one of the most unique and interesting banquets ever held in Crowell last Thursday night when about one hundred Vernon citizens met with Crowell citizens in the basement of the Baptist church. The meeting was mainly an entertaining affair with Crowell furnishing half the program and Vernon the other half.

The invocation was given by Rev. L. Guy Ament, pastor of the Christian church. T. N. Bell welcomed the visitors on behalf of the local Chamber of Commerce and Leon Brown of Vernon responded. Both mentioned the common interests of the two sections and the accomplishments that would result through co-operation of the two cities. Enthusiasm was expressed over the concrete road that will soon link Crowell and Vernon on the Lee Highway and also the Ardmore, Vernon and Lubbock Railroad.

Miss Mildred Nicholson read a very appropriate poem, written by a Crowell citizen for the occasion. This number drew a very hearty applause. A quartette composed of Duke Wallace, T. T. Golithly, E. A. Dunagan, and Rob Cooper followed with two numbers and made a great hit with the crowd. Rev. W. J. Mayhew followed the spirit of the evening with a humorous address and went the rounds of the Crowell professional and business firms with amusing jokes.

Miss Madeline Mercer of Vernon drew stirring applause with two readings. The Vernon band furnished numbers at various times during the banquet that were greatly enjoyed. Mrs. I. T. Graves of Crowell drew a storm of applause on the two readings that she gave. E. K. Jones of Vernon rendered a most enjoyable vocal solo and responded to an encore. Grady Halbert, Foard City's wonder orator, delivered his oration "My Home Town" which he gave at the West Texas Chamber of Commerce Convention and received hearty applause.

Grady Shipp, secretary of the Vernon Chamber of Commerce, the final speaker of the evening, continued with the spirit of the program, with a variety of jokes, but became serious long enough to remind the Crowell people that the visit was a goodwill affair and not a trade trip and thanked the Crowell people for their splendid turn-out and stated that Vernon was anxious to become better acquainted with its neighbors and expressed the friendship of that city for Crowell. He ended his talk by thanking the Baptist ladies for the splendid manner in which the banquet was served and asked the crowd to join with him in cheering them.

Geo. D. Self presided at the meeting most admirably and kept the meeting running in a smooth and enjoyable manner at all times. George, with his typical wise-cracks, had those present in an uproar of laughter at many times. In order to become better acquainted with those present, George had each person to stand and introduce the person to his or her right and so on until everybody's name had been given.

An issue of the Foard County News was given each visitor which contained special articles welcoming them to Crowell and expressing the friendship of this city for Vernon.

The Baptist ladies will long be remembered by the wonderful banquet they served. There was more than enough food for everybody and it was served in a most orderly manner.

One feature, probably unknown to those present, but one that should be highly appreciated, was that of police protection in watching over the large number of cars parked outside. Due to the fact that every city officer is needed especially during this season of the year to watch over the business section, L. D. Campbell, sheriff, offered his assistance and personally patrolled the section around the Baptist church for several hours and no loss prevented considerable loss that might have been suffered by our visitors and local people.

Vernon Appreciates Crowell Entertainment

In a letter to Mack Boswell, secretary of the Chamber of Commerce here, Grady Shipp, secretary of the Vernon Chamber of Commerce, expresses the thanks of the Vernon folks for the entertainment given here last Thursday night. Following is what he says:

"In behalf of our citizenship we desire to express our sincere thanks to your organization and entire citizenship for the very fine meeting held with you last night. We hear it on every hand this morning that it was the best meeting we have had at any place. The fine spirit of co-operation was an inspiration to our people because they could readily see that with such co-operation and good feeling nothing is impossible along the line of accomplishing greater things for the community.

"Please extend our hearty thanks to your directors, your merchants, and your entire citizenship, and particularly to the Baptist ladies, who served that wonderful meal.

"Trusting that we shall have the pleasure of seeing your people again on similar occasions, we are,

"Very truly yours,

"GRADY SHIPP."

Makes More Than a Bale to Acre

W. A. Karcher, who lives in Wilbarger County, was a visitor in Crowell last Friday. Mr. Karcher owns 160 acres of land in Foard County, which was formerly a portion of the Parrish farm. He stated that there are 128 acres in cotton on his farm in Foard County and that his tenant has already gathered 130 bales from it, and he is not through picking yet.

Men From Foard County Attended Highway Meeting

Judge J. E. Acheson and two of his commissioners, E. V. Halbert of Foard City and W. B. Wisdom of Thalia, and Mack Boswell, secretary of the Foard County Chamber of Commerce, attended the highway meeting at Floydada Tuesday. Representatives from all nine counties through which the Lee Highway passes were in attendance and the meeting was a very fine one and considerable enthusiasm was manifested over the matter of completing Lee Highway across the State.

Five of the nine counties, Wilbarger, Foard, Cottle, Motley and Hale, have voted bonds for the building of the road and an effort is being made to get the other four counties in line. It is said an election will be ordered in Floyd County soon and it is believed that bonds will carry at the next election. The election was defeated by a very small vote at two former elections.

Car Demolished at Wichita Falls

Dee Roberts had the misfortune of getting his new Chevrolet coach demolished Thursday afternoon of last week when it was run into by another car.

Frank Moore was with Dee at the time and they were driving west facing the sun, and they thought they were driving on the green light. The car that ran into them was coming square across the street in front of them and the driver thought he had the green light. Somebody was mistaken and consequently the accident happened. Dee's car was struck in the middle by the full force of the other car and the entire body was ruined, but the car did not turn over, but skidded on the pavement. In all probability it was that fact that saved both Roberts and Moore from sustaining very serious injuries. Mr. Roberts did not receive a scratch, but Moore was bruised slightly and jolted up a little.

P. T. A. To Have Program at Margaret

The Parent-Teachers Association will have a program at the school house at Margaret, following the Armistice program Friday. A short program will be given also.

NOTICE

This morning at exactly 11 o'clock the siren will ring at the City Hall.

At that moment it will be a fitting tribute of respect to the dead soldiers whose lives were sacrificed in the World War, as well as to the living, who were fortunate enough to return home, for every one in Crowell to cease all activities for a moment, recalling that at that moment on Nov. 11, 1918, the roar of the cannon ceased and peace had come to a world torn and bleeding from four years of the most ruinous war of all time.

Every one is asked to remember what the sounding of the siren will mean and to lend his co-operation at this time.

C. T. SCHLAGAL, Mayor.

Two Persons Are Hurt When Cars Collide Saturday

Douglas Woods was seriously injured and Dick Ballard was severely cut on his right arm when the car in which they were riding collided with another car on the hill south of Wichita bridge Saturday afternoon.

The story as told by Ballard is that he and Douglas Woods and Clayton Gee were in Ballard's car driving over to Truscott. They had just been passed by a stage and the dust caused by the stage is said to have obscured the vision of the approaching car coming north, which had gotten on the right hand side of the road, having been forced by the stage to take that side, according to the stranger's story, and when Ballard saw that he was about to be hit by the approaching car he thought it best to take the left side of the road, as there was a deep ditch on his side, into which he would likely plunge with possible fatal results. The driver of the approaching car at the same time made an effort to get back on his side of the road, but it was too late to avoid the collision.

Douglas Woods was thrown from the car and sustained a fractured skull. Ballard's right arm received several ugly gashes. No one else was injured. Woods was sent on to Truscott in a car that soon came by where he received first aid for his wounds, and was then brought back to the sanitarium at Crowell where an operation was performed.

It is too early to predict the outcome. However, it is said that if complications do not set up, Woods will recover.

The cars colliding were badly damaged. Ballard managed to drive his car to Truscott, about six miles distant, where his wounds were dressed by Dr. Stover. He returned to Crowell where he received further treatment after having lost a large quantity of blood from the wound.

Several parties were in the other car but were all transients. Ballard accepted their apology and the explanation that they had been forced on the wrong side of the road, which Ballard says looks plausible.

Store Robbed at Margaret Thursday Night

Thieves entered the store of Boman & Company at Margaret Thursday night of last week and took from the safe something like \$1900 worth of checks and eight or ten dollars in small change.

Entrance into the building was gained through a window to the office. No trace of the guilty parties has been found.

Says Cow Gives Milk By Bushel

Ordinarily one who runs a dairy or has a producing cow speaks of production in terms of gallons, but there is an exception to the rule in the case of Joe Drabek, a farmer residing one and a half miles north-west of Crowell. He measures the milk one of his cows gives by the bushel. He has several good cows, but one in particular, from which he milks a half bushel full at night and then again in the morning, making a bushel a day.

Crowell Man Sells Jersey Cow for \$200

A few days ago N. J. Roberts of Crowell sold to C. B. Graham of Margaret a three-year-old Jersey heifer for \$200.

That may seem like a lot of money, and as a matter of fact it is, but she was purchased on the assumption that one good cow is worth several poor ones. This cow is now producing four gallons of milk a day, which is an exceptionally fine record for a heifer. At the present time she is worth almost as much as two one hundred dollar cows and has not fully come to herself yet.

If there were more such cows you would not hear the complaint that cream and milk are slow money. This cow is a registered Jersey, coming from good producers, and in addition to the milk she produces, she will be a valuable asset for foundation stock.

Interest is increasing in the dairy line and more people are wanting good cows. It costs as much to feed a poor producer as it does a good producer and takes almost as much time to care for the poor one.

The Kraft Cheese Company is erecting a plant at Wichita Falls that has a capacity of 50,000 pounds of milk per day. That is the initial capacity, and of course, it will be expanded as conditions permit. Foard County will have a hard surfaced road some of these days connecting it directly with Wichita Falls and the larger cities of the State, which will open up to us good markets for milk products, and in all probability trucks will be sent out from these cities to collect milk and cream to be delivered at a central point.

Foard County is producing more cream, milk and butter than ever before, but they need to be increased until they are placed among the leading crops of the country.

Rayland Produces Over 17000 Bushels of Sweet Potatoes

Some eight or ten farmers in the Rayland community have produced more than 17,000 bushels of sweet potatoes this season. A large portion of these have been grown on the W. A. Walker farm, on which is a kiln where the potatoes are cured for the market. There are now something like 17,000 bushels being cured and these are not all that have been grown in that community.

The largest potato growers are J. F. Belew, M. L. Cribbs, E. M. Key, R. B. Prescott, J. E. Young, Ralph Gregg, S. W. McLarty, Glover Whitten and F. L. Farrar. Mr. Young is said to have something like 5,000 bushels.

Potatoes have been grown in the Rayland community for the last five or six years by a number of farmers and they are regarded as a profitable crop. About 200 bushels to the acre is the yield under normal conditions.

P. T. A. ENTERTAINMENT

The membership contest campaign put on by the reds and blues of the Parent-Teachers Association resulted in the blues' winning, and the culmination of the contest was an entertainment given the winning side by the losers at the school auditorium Monday evening. A play was put on, which was followed by the serving of cream and cake to a goodly number. The occasion was an enjoyable one.

Farmers Gins in the County are Success

Nothing seems to have been proven a more certain success than has the venture to establish farmers' co-operative gins in the county. Every one of the three farmers' gins in Foard County has taken its place as a permanent fixture, provided the co-operation of the farmers is continued, as in the past.

The Farmers' Gin at Crowell paid out last year and declared dividends of \$26,000. The Thalia Farmers' Gin, it is understood, has paid out, and every indication is that the Rayland gin will pay out, possibly this year.

The fact that they have all been a success is only an evidence that co-operation is a good thing among the farmers, especially in the support of an enterprise, such as a gin.

Plans are being considered by the farmers here for the building of a second gin at Crowell, a duplicate of the one they now own. Nothing definite has been done, but there is strong probability that a second one will be constructed. If it is built, it will likely be a duplicate of the old one in practically every particular and will be located as nearly as possible to the old one. The need of another one has been seen very distinctly this season, when many times loads of cotton have been forced to wait for many hours before they could be reached, and it is with the view of taking care of that situation that plans are being considered for another plant.

If it is built, we are told that the stock holders in the old gin will finance the building of the plant but will throw it open for any farmers to come in who may wish to do so.

Over 14000 Bales Have Been Ginned in County to Date

Since the News' last report a week ago there have been ginned in the county 1870 bales. Week before last the gins in the county turned out about 2500 bales, so there is a considerable falling off during the last week. Only a few of the gins have been running at night. The decrease this week has been about 25 per cent. Estimating a 30 per cent decrease next week, we should have about 1300 bales, and then a 50 per cent decline the next week would give us about 600 bales. This followed by a cleanup of 200 or 300 bales during the last week of November would give us an added 2,000 bales to the present number and would place the crop at less than 16,500.

Following is the report of the gins for the last week:

Rayland	3081
Farmers Gin Crowell	3375
Crowell Gin	1489
Margaret	1860
Thalia Farmers	2864
Thalia Vernon	1476
Total	14325

Car Shipment of Turkeys This Week

Several hands have been busy this week and for a few days last week picking turkeys at the plant of the Johnson Produce Company getting ready for a car shipment of dressed turkeys this week. Plans have been made to ship a full car some time this week.

A car consists of 20,000 pounds of dressed meat. The birds bring 27 cents a pound on foot and the wastage is about 5 per cent. That means that the 20,000 pounds of dressed turkeys represent 21,000 pounds of undressed birds at 27 cents, or a value to the farmers of \$5,670.

Practically four cars were shipped from Crowell last season, which meant approximately \$20,000 to the farmers. Mr. Johnson thinks the turkey crop is not quite up to normal in the county, that there are not so many birds and they do not seem to have matured so well as last year. Anyway, it should not be far from correct to estimate the crop this year at something like \$18,000.

Masons Will Meet at 1 O'clock Today

The News has been asked to say that members of the Masonic fraternity will meet at the hall at 1 o'clock this afternoon for the purpose of arranging for the laying of the corner stone at the new school building.

Survey Work Is Started on Lee Highway

The fact that survey work has started on Lee Highway in this county does not mean that actual construction work is to start within a few days. It means that the beginning of what may prove to be a long drawn out task has just begun. Doing the field work is a small part of it. There is much office work to do and that will require time.

Byron Reese, the engineer employed by Foard County, is now on the job making preliminary surveys. He has with him two men and they are working between Crowell and Thalia. Possibly in a few weeks the preliminary survey will be finished and the results submitted to the State Highway Department for its approval. It may not be approved forthwith. It is understood that the department has seen fit not to approve the preliminary work in Wilbarger County, and it might do the same thing in Foard County. But be that as it may, the survey will be made and the State Highway Department will have the next move. It is a certainty that the two counties will have to work somewhat in co-operation in the matter, otherwise an inter-county road could hardly be constructed.

It is expected that all interests will combine to select a route that will be best and most serviceable to the most people. That done, nobody can afford to kick.

Lee Highway Head Here Last Sunday

Dr. S. M. Johnson and his son were in Crowell last Sunday for a few hours on their way from Frederick, Okla., where they had attended an important road meeting, to Floydada where a meeting of the county judges and commissioners was held Tuesday. Mr. Johnson and his son hoped that a number of citizens along the Lee Highway in Texas might attend the Floydada meeting and that the efforts of those interested might be strengthened in completing the route across the Panhandle by having attended this meeting.

Mr. Johnson met with about a dozen of the Crowell citizens and spoke to them about Lee Highway and what is being done to complete the road across the continent. He said that thus far we had received practically no benefits from the tourist traffic over Lee Highway because the road is not completed, and that we need not expect anything from it until the road is finished. Because of the fact that three counties on the west have not yet voted bonds for the highway leaves a stretch of road with no definite promise of its being finished, and consequently this constitutes a gap, which, in wet weather, will continue to be avoided by the tourist traffic. It is to the interest of the people here to encourage the movement to finish the road at the earliest date possible.

Mr. Johnson, while his whole heart is set on completing the Lee Highway, has in mind a bigger project, and that is to pave the United States, that is to help set in motion plans for the paving of all important county roads in every county in the United States. He believes if the people could come to realize what it would mean to the 20,000,000 automobile owners in the United States in the saving of time, the saving of wear on machinery and the speeding up of commercial activities in many ways, they would see that to pave all the important roads would be a good business proposition.

Back to Lee Highway, Mr. Johnson stated that progress is being made along the line, and that the gaps are gradually being closed up from Washington to San Diego. The big stretch to be closed is the 270 miles across Texas. When this is built and when Oklahoma finishes its building program, very little will remain to be built. Then the road will be advertised to the public as a 365-days open road across the continent.

BABY DIED SATURDAY

Bertie Joe, 2-months old baby of Mr. and Mrs. Bert Hanks died last Saturday afternoon from an attack of pneumonia. Burial was made in the Crowell cemetery Sunday afternoon.

Premium Quality at
Regular Price

No advance in price has been made on new Pennant Gasoline, although the performance it delivers would justify a premium price. There is not only better performance to be had from new Pennant Gasoline but real mileage economy.

The same is true of Pennant Motor Oil. It too, is "balanced". It flows readily at starting temperatures, yet resists thinning by the intense heat of the motor when operating at high speed.

Watch for the green Pennant sign, drive in today, and try out both the "balanced" Pennant Gasoline and the "balanced" Pennant Motor Oil—premium quality at regular price.

THALIA

(By Special Correspondent)

Elder Kemp of Quannah preached at the Church of Christ here Sunday and Sunday night. He was accompanied by his wife and son.

Mrs. A. W. Reid has been visiting her daughter, Mrs. Lee Ryan, near Talmadge since Sunday.

Those visiting in the J. G. Thompson home Sunday were R. G. Nichols and family of Black, and H. W. Banister and family, Mr. and Mrs. Luke Johnson, and John Thompson and family of this place.

Ira Temple of Honey Grove visited his daughter, Mrs. Mack Edens, here Saturday night and Sunday. He was accompanied by his two children, Delmer and Miss Ruby Temple.

Mr. and Mrs. W. C. Golden and family of Foard City visited their children, Mr. and Mrs. Fred Johnson, here Sunday.

J. G. Thompson and son, John, left Tuesday morning for a visit with H. N. Thompson and family of Level-land.

Rev. Reed preached at the Baptist church here Sunday morning and at night. A large crowd attended each service.

Mrs. Bell Thompson and little daughter, Laura Nell, visited her parents, Mr. and Mrs. J. A. Abston, here a few days this week.

Several from here attended a box supper at West Rayland Friday night.

J. J. Willingham of Savoy, Texas, returned to his home last week after ten days visit with his daughter, Mrs. Edna Johnson, of this place.

Mrs. Ted Solomon and children of Crowell visited her parents, Mr. and Mrs. George Doty, here one day last week.

W. F. Wood and family attended the funeral services of his little two months old niece, Bertie Joe Hanks, at the Crowell cemetery Sunday afternoon.

Mrs. Wesley Foster visited Saturday night and Sunday with her sister, Mrs. Fred Johnson, here.

Ladies of the Idle Hour Club met with Mrs. T. M. Johnson of Margaret Thursday afternoon of last week.

Those who attended from here were Mesdames C. B. and J. R. Morris, C. H. Wood, H. W. Gray, G. T. Neill, C. W. Roberts, W. J. Long, F. A. Brown, T. M. Haney, C. C. Lindsay, K. G. Vines, A. C. Stalcup and T. R. Matthews. All report a very pleasant afternoon.

Mr. and Mrs. Hays Abston and baby of Rayland are visiting Mrs. Abston's parents, Mr. and Mrs. J. G. Thompson, here this week.

M. C. Adkins and family, Mr. and Mrs. Willie Johnson and Miss Lillian Reid were shopping in Vernon Saturday.

The boys and girls basket ball teams went to Vernon Friday afternoon and played two games with the teams there. Our teams were victorious in both games. A large crowd from here attended the games.

Mr. and Mrs. Bert Hanks and two little daughters of Crowell visited in the W. F. Wood home here Sunday night and Monday.

Mrs. Truett Neill and Mrs. Mack Edens visited Jim Denson and family near Fargo Sunday afternoon.

Mr. and Mrs. Leotis Roberts of Vernon visited relatives here last week end.

Mr. and Mrs. Hugh Jones of Fargo visited relatives here Sunday.

Bill Hammonds purchased a new Chrysler coupe one day this week.

M. L. Self and wife, Mrs. Garland Thompson and children, Mrs. Harley Capps and son, Dwain, Mrs. Ed Self and Mrs. Clyde Self and children were shopping in Vernon Monday.

Mrs. Bessie Laubenthal purchased a new Chevrolet sedan one day last week.

Mr. and Mrs. Zerrell Mason were Crowell visitors Tuesday.

Miss Veda Oliver of Wichita Falls visited her parents, Mr. and Mrs. A. Oliver, here Saturday night and Sunday.

Mr. and Mrs. E. G. Grimsley, Mr. and Mrs. E. J. McKinley and Mrs. M. C. Adkins were Vernon visitors Wednesday.

Roy French and Frank McKinley were visitors in Lorenza Saturday and Sunday.

H. W. Gary and family, Ben Stokes and family, and Mr. and Mrs. Leo Hlavaty attended church services at Margaret Sunday night.

Paul Wallace and wife of Crowell visited the latter's parents, Mr. and Mrs. J. Freudiger, here Sunday.

M. C. Adkins and wife visited friends near Lockett Sunday afternoon.

JAMESON

(By Special Correspondent)

The fine weather has given the farmers a chance to catch up with their cotton picking and they are now waiting for frost to finish.

The latest attraction in these parts is the sorghum mill operated by Mr. Jinks.

Mrs. Chas. Hunter and daughters spent Monday afternoon with Mrs. W. P. Hunter.

The Ferguson family from Medicine Mound were Sunday guests in the Gafford home.

J. W. Gibson spent Saturday night with friends at Vivian.

W. L. Jinks of Burkburnett and sister, Mrs. Kays of Wichita Falls came in Thursday for a visit with their parents here. W. L. left Sunday accompanied by H. L. Jinks, Jr., who will be employed by Austin Bros. Bridge Co. on their bridge near Borger.

Mrs. Tuttle of Crowell visited her daughters in this community Wednesday and Thursday.

Clint Simmons and family spent Sunday with Hardeman County relatives.

WEST RAYLAND
 (By Special Correspondent)

Mr. and Mrs. Tandy Belew of Lockett and Mr. and Mrs. Clyde Bray of Vernon visited Ralph Gregg and family Sunday afternoon.

Mr. and Mrs. Arnold Young returned home from Fort Worth Saturday where she had been for medical treatment.

The box supper Friday night at West Rayland was well attended. The proceeds amounted to one hundred and twelve dollars and two cents which will be used for the benefit of the school. Miss Ruth Freudiger won the box of chocolates as the prettiest girl and Joe Huntley won the prize as the ugliest man.

Mr. and Mrs. Cap Adkins went to Wichita Falls Sunday to meet Mrs. Adkins' mother, Mrs. Huntley, who has been visiting Mrs. Eugene Spears at Olney for several weeks.

Mrs. Ida Daber left Sunday for her home at Waxahachie after a two weeks visit with her sister, Mrs. Buck Clark. She was accompanied home by her niece, Miss Marie Clark, who will stay for a two weeks visit.

Fred Kennels and wife of Crowell spent Sunday with his parents, J. L. Kennels, and wife.

Lee Justin of Midland is visiting in the Judge McClanahan home.

Mrs. Velma Belew of Lockett and Mrs. Lon Mann of Vernon visited Fred Belew and family Monday.

Misses Axie, Fid and Georgia Doty, Billy Banister, Alex Neill, Willie Johnson and wife, Ben Stokes and wife and Glen Gamble of Thalia attended the box supper at West Rayland Friday night.

Mr. and Mrs. Fred Belew and Henry Meadows made a business trip to the Plains Thursday and returned Monday night.

Miss Bertha Dunson and Miss Mattie Howell attended Sunday School at Rayland Sunday.

Luther Belew and wife and Mrs. Henry Dawson of Decatur spent Monday and Tuesday with Fred Belew and family.

Jim Jordan and family of San Marcus spent Sunday with E. V. Courtney and family.

Mr. and Mrs. Owen McLarty visited George Moore and family of Thalia Sunday afternoon.

Mrs. Bill Barrett spent the week end with Gordon Davis and family of Thalia.

Luther Gossett of Port Arthur is visiting Buck Clark and family.

Miss Zelma Russell and Mr. and Mrs. Louis Selvidge attended church at Thalia Sunday night.

Mrs. Notie French and children spent Sunday with her parents, A. W. Crisp, and wife.

Fred Belew, Ralph Gregg and J. E. Young purchased Atwater Kent radios last week.

Robert Gossett of South America visited Buck Clark and family Saturday enroute to Post to visit his cousin, Mrs. Nels Crisp.

Miss Leta Bowers visited George Moore and family of Thalia Sunday afternoon.

Mr. and Mrs. R. B. Prescott and children spent Saturday night and Sunday with her mother, Mrs. Rose Brown, of Harrold.

Mr. and Mrs. Art Greenhouse entertained the young folks with a party Saturday night. Those present were Misses Edith Kate and Christine Prescott, Myrta Flynn, Grace and Bonnie Crisp, Eula Mae Gregg, Ova Lee Greenway, Bernice Bagley of Plainview, Bill and Kale Jobe, Homer Martin, Otto Meadows, Cecil Patterson, Horace and Jerry Young, Buster Crisp, Pete and Jesse Gregg, Marshmallows, cake and hot chocolate were served as refreshments.

Mr. and Mrs. Emmett Powell of Kinchloe visited J. L. Rennels and wife Sunday.

Horace and Jerry Young made a business trip to Vernon Saturday.

Rev. E. W. Loyd of Rayland visited Mrs. Dora Gregg and Mrs. Arnold Young Sunday afternoon.

KANTLEEK Hot Water Bottles

In the course of our many years of selling Drug Store merchandise, we have never sold a more satisfactory Hot Water Bottle than Kantleek.

It is made entirely in one piece—that's why it can't leak.

It has no patches, splices, seams or binding, and the stopple socket is molded right into the rubber.

Although it's guaranteed for two years, it costs only \$2.50.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter

Crowell, Texas, November 11, 1927

The News' attention has been called to the fact that a few days ago a truck load of hogs were brought from Henderson County to Foard County and offered for sale without having been vaccinated for cholera before leaving Henderson County. The party who brought the hogs did not know that the law is very strict in this matter, but that did not lessen the danger of getting the disease among hogs here in case sales were made. This is merely aimed to call attention to the fact that should any one buy hogs that have not been vaccinated he will be taking chances of getting cholera among his herd. Although it is a violation of the law to bring such stock into this country, it is possible for it to be done without the violator being prosecuted. Buyers will play safe if they will buy hogs that have been shipped in only when they are accompanied with a certificate from an authorized veterinarian stating that they have been vaccinated.

What one might think about the cotton crop, whether it will prove to be greater than former estimates, will have nothing to do with the actual facts, but if conditions in West Texas are at all similar to those in other portions of the South, there is reason to believe that the crop will not reach the first estimates given out. This has been an extremely favorable season for gathering the crop, and naturally the inclination would be to overestimate it in view of the fact that gins have been running day and night. Nearly ten millions of bales have been ginned and it will take lots of picking over fields already picked twice or more to get two millions more.

That judge who affirms that marriage should be made more difficult so that the divorce evil might be reduced, has little sympathy for the old bachelor and old maid who have made vain efforts for these forty years to get married.

If nature had put the "permanent wave" there, wonder if they'd want some artist to come and take it out? Maybe it's all right to want things like they ain't and not to want them like they are.

Two Wichita Falls men had a fight over an old debt. Perhaps it was because of the accumulated interest, but not the kind that has pecuniary value.

Chairman Christmas Seal Sale Appointed

Mrs. H. Schindler of Crowell has been appointed by the Texas Public Health Association as chairman of the 1927 Tuberculosis Christmas Seal Sale for Foard County, according to George H. Craze, field representative of the State Association, who was in Crowell on Friday making arrangements for the coming seal sale in this county.

In this work Mrs. Schindler will have the co-operation of the P. T. A. and other civic organizations, the county superintendent, Judge J. E. Atcheson, and the local superintendent, Mr. I. T. Graves. Of particular interest to the schools this year is a useful and attractive "First Aid" cabinet which will be given to every school selling 1000 or \$10.00 worth of the seals, which are more beautiful than ever this year. Few people perhaps realize that about \$5,000,000 worth of familiar little stickers with the double-barred cross were sold in the United States last year.

The wide and varied health program of the Texas Public Health Association, which is affiliated with the National Tuberculosis Association, is supported entirely by the sale of Christmas seals. Much of this work is in connection with the schools, last year some 60,000 children in Texas being taught health habits through the well known method of the Modern Health Crusade. Over 8,200 school children in this state were given a thorough physical examination. Other work of the Association included tuberculosis surveys, tuberculosis clinics, work among Negroes and Mexicans, and the endowment of a course in "Child Health, Care and Training" at the University of Texas.

Last Fall, one of the Association's public health nurses spent some time in Crowell examining the school children of Foard County.

Ships Cattle from South Texas Ranch

J. W. Bell returned the last of the week from his ranch near Valentine, Texas, where he had gone to make a shipment of cattle to his pastures in Foard County. Mr. Bell had three cars shipped, mostly calves.

He says the grass is not so good in South Texas as it has been and that lots of the ranchmen are inclined to sell off their stock, even cows. He thinks they are afraid of conditions that might follow continued dry weather and grass shortage.

THE TYSON-MARTIN PLACE

Mr. and Mrs. S. D. Martin's new modern hotel, to be known as the Tyson-Martin Place, five blocks east of Crowell, on the Crowell-Vernon road, has been practically finished.

The house is one of the very best built frame houses in Crowell and has all the modern conveniences, such as hot and cold water, bath, electric lights, telephone booth, in fact, everything for the comfort of the guests.

Mrs. Martin will give the entire house her personal attention to see that everything is always in order. This will be operated as a hotel in connection with their tourist park and will be for the benefit of the traveling public.

Mr. and Mrs. Martin invite the public to visit this new establishment that they may appreciate what it means as an asset to Crowell.

The building of this splendid house was made possible through the generous gift of Dr. L. C. Tyson of Wichita Falls, father of Mrs. Martin, and in honor of him she names it Tyson-Martin Place.

CHILD SERIOUSLY BURNED

The little 4-year old girl of Mr. and Mrs. M. A. Huckabee was dangerously burned Wednesday while playing with matches.

She and her little brother had procured some matches and had lighted some trash in an old furnace when the child's clothes caught on fire. She was badly burned before her mother could reach her and strip her burning clothes from her body.

Dr. Hill was called and attended to the child's burns. He stated yesterday that while the child is badly burned and was having high fever, and at one time had gone into a convulsion, he thought it was doing very well and that it would recover.

HAS WHIPPET AGENCY

W. W. Griffith has the agency for the Whippet car, one of the snappy small cars of the day, and one that has won considerable popularity of late. Mr. Griffith has an ad in this issue that tells a lot more than we can tell about this splendid machine.

FLORENCE OIL COOK STOVES AND HEATERS

Let Us Hand You This Bag of Money
—It Represents the Big Saving in Fuel You Can Make With Cole's Hot Blast in Your Home

OUR GUARANTEE

1. We guarantee a saving of one third in fuel over any lower draft stove of the same size, with 8000 lbs. of coal.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same size fire pot.
3. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
5. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely air-tight as long as used.
7. We guarantee the feed door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.

"With Eddie Cantor I say Luckies never irritate the throat"

Said Andrew Tombes to Claire Luce and Frances Upton during a rehearsal of The Ziegfeld Follies.

MADE OF THE CREAM OF THE TOBACCO CROP

Eddie Cantor,
Famous Comedian,
writes:

"My voice must be in condition 365 nights a year and when I smoke, I insist upon Lucky Strikes because I found from experience that they don't irritate my throat."

Eddie Cantor

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

"It's toasted"

No Throat Irritation—No Cough.

BERTIE JOE HANKS

The infant daughter of Mr. and Mrs. Bert Hanks died Nov. 5th, 1927, at the tender age of only two months. She had whooping cough, and pneumonia set up, causing her death almost without warning. We laid the little body to rest in the Crowell cemetery Sunday evening, Nov. 6th. A large crowd was present at the funeral service to show their sympathy for the bereaved ones and especially for the mother and father and the two little sisters that are left behind. May we all live to be

in that happy reunion in that world better than this is our prayers.
E. J. SMITH, Minister.

RHEUMATISM

While in France with the American Army I obtained a noted French prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today. Paul Case, Dept. 824, Brockton, Mass.

Mr. and Mrs. G. D. Self returned Tuesday from Dallas where they had been on account of Mrs. Self's mother undergoing a serious operation. She is reported to be improving.

Furs—The fur season opens Nov. 15th. I will buy furs at Shelton's store Saturday, the 19th, and Tuesday, the 22th, and from then on on those two days throughout the season.—J. K. McBeath. tf

Dock Wright, formerly one of the owners of the City Tailors establishment of this city, has accepted a position with a dry goods firm of Anson and he and his family are now making Anson their home.

J. M. Rutherford, industrial agent for the Orient, was in the city Wednesday from Chillicothe. Mr. Rutherford stated that the pipe to be used in Crowell for natural gas had been shipped and should be here in a short time.

Mr. and Mrs. Guy Housouer were called to Annona, Red River County, last week to attend the funeral of Harris Sanders, cousin of Mrs. Housouer, who was killed in a saw mill at that place and was buried Sunday, October 30th.

M. S. Henry & Co., by receiving goods daily, are keeping one of the most complete stocks of furniture to be found in this city, and are offering some real money saving values. People in this trade territory will do well to see them for their furniture and hardware needs. advt.

If you are thinking of buying a new sewing machine, why not let us bring you a new Singer and let you try it out? It will not cost you anything to try it. We have the 99K Electric machine, the latest thing out. Will be glad to let you try it. Will cost only about 8 cents a day to operate.—Singer Sewing Machine Co., Crowell. 20

Mrs. J. C. Thompson and Miss Helen Banister spent last Friday night with Mrs. Thompson's daughter, Mrs. Raymond Bell, in Floydada. Mrs. Bell accompanied them home Saturday for a visit.

Rev. W. J. Mayhew and Rev. T. M. Johnson are at Big Springs attending the annual conference. Rev. Cooper, who is here visiting his son, R. H., will occupy the pulpit Sunday in the absence of Bro. Mayhew.

Mr. and Mrs. J. W. McCaskill returned from a trip to Midland and other towns in that section of the state in search of a place that would be beneficial to the health of their son, Spear, who accompanied them. Spear is suffering with asthma and it was thought the higher altitude would help him and his parents left him at Midland. They also visited at Eastland while gone. Mr. McCaskill reports cotton sorry everywhere and about all out.

Jno. P. Walling was in town from the Vivian community Saturday and in talking to a News representative he stated that he had leased the McAdams ranch for another term of five years. He has bought all the cattle on the ranch and has planted the farm in wheat. He says his wheat is needing rain badly and even if a rain should come now he would not get a wheat pasture. Another thing that has damaged his wheat is the grub worm. Out of the 400 acres he has planted the grub worm has ruined 100 acres according to his estimate.

Christian Science Services Sunday, 11 A. M. Subject for Sunday, November 13, 1927, "Mortals and Immortals." Sunday School 9:30. Wednesday evening service 8:00. The public is cordially invited.

SEE ME For some wonderful bargains in ranches, improved and raw land in Crosby County.—P. L. Payne, Ralls, Texas. 20p

The First State Bank

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter

Crowell, Texas, November 11, 1927

The News' attention has been called to the fact that a few days ago a truck load of hogs were brought from Henderson County to Foard County and offered for sale without having been vaccinated for cholera before leaving Henderson County. The party who brought the hogs did not know that the law is very strict in this matter, but that did not lessen the danger of getting the disease among hogs here in case sales were made. This is merely aimed to call attention to the fact that should any one buy hogs that have not been vaccinated he will be taking chances of getting cholera among his herd. Although it is a violation of the law to bring such stock into this country, it is possible for it to be done without the violator being prosecuted. Buyers will play safe if they will buy hogs that have been shipped in only when they are accompanied with a certificate from an authorized veterinarian stating that they have been vaccinated.

What one might think about the cotton crop, whether it will prove to be greater than former estimates, will have nothing to do with the actual facts, but if conditions in West Texas are at all similar to those in other portions of the South, there is reason to believe that the crop will not reach the first estimates given out. This has been an extremely favorable season for gathering the crop, and naturally the inclination would be to overestimate it in view of the fact that gins have been running day and night. Nearly ten millions of bales have been ginned and it will take lots of picking over fields already picked twice or more to get two millions more.

That judge who affirms that marriage should be made more difficult so that the divorce evil might be reduced, has little sympathy for the old bachelor and old maid who have made vain efforts for these forty years to get married.

If nature had put the "permanent wave" there, wonder if they'd want some artist to come and take it out? Maybe it's all right to want things like they ain't and not to want them like they are.

Two Wichita Falls men had a fight over an old debt. Perhaps it was because of the accumulated interest, but not the kind that has pecuniary value.

Chairman Christmas Seal Sale Appointed

Mrs. H. Schindler of Crowell has been appointed by the Texas Public Health Association as chairman of the 1927 Tuberculosis Christmas Seal Sale for Foard County, according to George H. Craze, field representative of the State Association, who was in Crowell on Friday making arrangements for the coming seal sale in this county.

In this work Mrs. Schindler will have the co-operation of the P. T. A. and other civic organizations, the county superintendent, Judge J. E. Atcheson, and the local superintendent, Mr. I. T. Graves. Of particular interest to the schools this year is a useful and attractive "First Aid" cabinet which will be given to every school selling 1000 or \$10.00 worth of the seals, which are more beautiful than ever this year. Few people perhaps realize that about \$5,000,000 worth of familiar little stickers with the double-barred cross were sold in the United States last year.

The wide and varied health program of the Texas Public Health Association, which is affiliated with the National Tuberculosis Association, is supported entirely by the sale of Christmas seals.

Much of this work is in connection with the schools, last year some 60,000 children in Texas being taught health habits through the well known method of the Modern Health Crusade. Over 8,200 school children in this state were given a thorough physical examination. Other work of the Association included tuberculosis surveys, tuberculosis clinics, work among Negroes and Mexicans, and the endowment of a course in "Child Health, Care and Training" at the University of Texas.

Last Fall, one of the Association's public health nurses spent some time in Crowell examining the school children of Foard County.

Ships Cattle from South Texas Ranch

J. W. Bell returned the last of the week from his ranch near Valentine, Texas, where he had gone to make a shipment of cattle to his pastures in Foard County. Mr. Bell had three cars shipped, mostly calves.

He says the grass is not so good in South Texas as it has been and that lots of the ranchmen are inclined to sell off their stock, even cows. He thinks they are afraid of conditions that might follow continued dry weather and grass shortage.

THE TYSON-MARTIN PLACE

Mr. and Mrs. S. D. Martin's new modern hotel, to be known as the Tyson-Martin Place, five blocks east of Crowell, on the Crowell-Vernon road, has been practically finished.

The house is one of the very best built frame houses in Crowell and has all the modern conveniences, such as hot and cold water, bath, electric lights, telephone booth, in fact, everything for the comfort of the guests.

Mrs. Martin will give the entire house her personal attention to see that everything is always in order. This will be operated as a hotel in connection with their tourist park and will be for the benefit of the traveling public.

Mr. and Mrs. Martin invite the public to visit this new establishment that they may appreciate what it means as an asset to Crowell.

The building of this splendid house was made possible through the generous gift of Dr. L. C. Tyson of Wichita Falls, father of Mrs. Martin, and in honor of him she names it Tyson-Martin Place.

CHILD SERIOUSLY BURNED

The little 4-year old girl of Mr. and Mrs. M. A. Huckabee was dangerously burned Wednesday while playing with matches.

She and her little brother had procured some matches and had lighted some trash in an old furnace when the child's clothes caught on fire. She was badly burned before her mother could reach her and strip her burning clothes from her body.

Dr. Hill was called and attended to the child's burns. He stated yesterday that while the child is badly burned and was having high fever, and at one time had gone into a convulsion, he thought it was doing very well and that it would recover.

HAS WHIPPET AGENCY

W. W. Griffith has the agency for the Whippet car, one of the snappy small cars of the day, and one that has won considerable popularity of late. Mr. Griffith has an ad in this issue that tells a lot more than we can tell about this splendid machine.

FLORENCE OIL COOK STOVES AND HEATERS

Let Us Hand You This Bag of Money
—It Represents the Big Saving in Fuel You Can Make With Cole's Hot Blast in Your Home

OUR GUARANTEE

1. We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with a tight light or stack.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same size fire pot.
3. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
5. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely airtight as long as used.
7. We guarantee the feed door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.

"With Eddie Cantor I say
Luckies never irritate the throat"

Said Andrew Tombes to
Claire Luce and Frances
Upton during a rehearsal
of The Ziegfeld Follies.

MADE OF
THE CREAM OF
THE TOBACCO CROP

Eddie Cantor,
Famous Comedian,
writes:

"My voice must be in
condition 365 nights a
year and when I smoke,
I insist upon Lucky
Strikes because I found
from experience that
they don't irritate my
throat."

Eddie Cantor

You, too, will find that
LUCKY STRIKES give the
greatest pleasure—Mild and
Mellow, the finest cigarettes
you ever smoked. Made of
the choicest tobaccos, properly
aged and blended with
great skill, and there is an extra
process—"IT'S TOASTED"
—no harshness, not a
bit of bite.

"It's toasted"

No Throat Irritation—No Cough.

BERTIE JOE HANKS

The infant daughter of Mr. and Mrs. Bert Hanks died Nov. 5th, 1927, at the tender age of only two months. She had whooping cough, and pneumonia set up, causing her death almost without warning. We laid the little body to rest in the Crowell cemetery Sunday evening, Nov. 6th. A large crowd was present at the funeral service to show their sympathy for the bereaved ones and especially for the mother and father and the two little sisters that are left behind. May we all live to be

in that happy reunion in that world better than this is our prayers.
E. J. SMITH, Minister.

Crowell Wins Over Truscott

The Crowell junior basket ball boys played Truscott on the former's court for a score of 12 to 5 in Crowfall. However, both teams, vbgkqcm ell's favor. It was the second victory of the season. The line-up for Crowell included Grady Halbert, J. M. Crowell, forwards; Ralph Burrows, center; J. D. Todd, Bill Middleton, guards; Harold Hines, Gerald Knox, Leslie Thomas, substitutes.

RHEUMATISM

While in France with the American Army I obtained a noted French prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today. Paul Case, Dept. S240, Brockton, Mass.

Visit our store. You will find good buys in all departments. Remember we give trading stamps.

SELF DRY GOODS COMPANY

ONE PRICE CASH ONLY

W. W. Clark, merchant of Truscott, was in town yesterday and left an order for printing with the News.
Mrs. Lawrence Kimsey left last Friday for a visit with her mother, Mrs. F. W. Huffman, in Fort Worth.
Mrs. Murray Martin and Mrs. Wilford of Paducah were in Crowell Tuesday visiting friends and relatives.
Try Rogers Brushing Lacquer. It is easy to apply and dries quickly.—Crews-Long Hardware Co., Crowell and Thalia.
A bakery sale will be held at the postoffice Saturday, Nov. 12, the proceeds to be applied on new school curtains.—Adelphian Club.
Mrs. J. C. Thompson and Miss Helen Banister spent last Friday night with Mrs. Thompson's daughter, Mrs. Raymond Bell, in Floydada. Mrs. Bell accompanied them home Saturday for a visit.
Rev. W. J. Mayhew and Rev. T. M. Johnson are at Big Springs attending the annual conference. Rev. Cooper, who is here visiting his son, R. H., will occupy the pulpit Sunday in the absence of Bro. Mayhew.
Mr. and Mrs. J. W. McCaskill returned from a trip to Midland and other towns in that section of the state in search of a place that would be beneficial to the health of their son, Spear, who accompanied them. Spear is suffering with asthma and it was thought the higher altitude would help him and his parents left him at Midland. They also visited at Eastland while gone. Mr. McCaskill reports cotton sorry everywhere and about all out.

Jno. P. Walling was in town from the Vivian community Saturday and in talking to a News representative he stated that he had leased the McAdams ranch for another term of five years. He has bought all the cattle on the ranch and has planted the farm in wheat. He says his wheat is needing rain badly and even if a rain should come now he would not get a wheat pasture. Another thing that has damaged his wheat is the grub worm. Out of the 400 acres he has planted the grub worm has ruined 100 acres according to his estimate.

Christian Science Services
Sunday, 11 A. M. Subject for Sunday, November 13, 1927, "Mortals and Immortals."
Sunday School 9:30. Wednesday evening service 8:00.
The public is cordially invited.
SEE ME
For some wonderful bargains in ranches, improved and raw land in Crosby County.—P. L. Payne, Ralls, Texas.

For sale—New 5-room house, cash or terms.—Spencer & Roberts.
For Rent—3 rooms furnished for light house keeping.—O. D. Beuchamp.
We have lots of second hand stoves, all kinds, all prices.—Ketchersid Bros., furniture and stoves.
Before buying a cream separator, let us show you the Baltic.—Crews-Long Hdw. Co., Crowell and Thalia.
Misses Winnie Self and Lottie Woods spent last week end in Wichita Falls visiting friends and relatives.
Jim Minnick was here this week from Norman, Oklahoma, looking after his ranching interests in this county.
Mrs. G. W. Anderson and daughter, Miss Esther, and son, Dewey, of Vernon visited S. E. Tate and family Sunday.
A bakery sale will be held at the postoffice Saturday, Nov. 12, the proceeds to be applied on new school curtains.—Adelphian Club.

T. L. Hughston made a business trip to Dallas the first of the week.
Mrs. S. S. Bell has been visiting relatives in Dallas this week, going down last Friday.
We will take anything from six-shooters to tub handles as trade on mattress work.—Ketchersid Bros.
Miss Lizzie Sloan left Wednesday for an indefinite stay in Mineral Wells where she has employment.
W. H. Dodson of Mangum was here for a short time Sunday afternoon visiting his daughter, Mrs. J. E. Doolen.
Mrs. M. S. Henry left Sunday night for El Paso to attend the annual meeting of the Texas Federation of Women's Clubs.
Rufus Gamble and family were down from Plaska last week visiting Mrs. Gamble's parents, Mr. and Mrs. Hollis, and Mr. Gamble's parents, Mr. and Mrs. J. R. Gamble, and other relatives. Mrs. Gamble ordered the paper sent to them for a year.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The sure and dependable remedy for all disorders in the liver, stomach and bowels is Herbage. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 50c. Sold by Ferguson Bros. and Reeder Drug Co.

TEXON TALES

When I wound up in the hospital the doctor said I was all run down. We've got the low down on golf. Painted some balls with luminous paint and got some floaters so we are able to play all week, day and night, rain or shine.
We used to go to the movies but it was advertised 2:35 p. m., so as we are the postmaster we didn't think we should pay two dollars and forty-five cents when others still get in for thirty-five cents each.
A farmer will work hard for a long time to be able to retire and get a little store for himself and take it easy. A merchant will labor for years to save enough to retire to the farm in his old age. But what ever

comes of old worn out postmasters? We think there ought to be provided a home for old useless horses and decrepit postmasters.
If a burglar entered the basement would the coal chute? The kindling wood.
As ever,
The Texon Tattler.

MARGARET P. T. A. PROGRAM

The following is the program that is to be given in connection with the P. T. A. Friday night at Margaret. Song—The Star Spangled Banner. Invocation. In Flanders Field. Armistice Day Proclamation. Song—Forgotten. Keep The Home Fires Burning. Drill.

WHAT'S DOING IN WEST TEXAS

(By West Texas Ch. of Commerce)

Stinnett—A big free barbecue which will be attended by United States Senator Earl B. Mayfield and other men of prominence will celebrate the arrival of the Rock Island Railroad into Stinnett here November 15. This road is now being built from Amarillo to Liberal, Kansas; rails reached city limits of Stinnett October 23. All towns and communities of the North Panhandle will send large delegations. Excursions are already being arranged by Amarillo and Liberal, Kansas.

Burkburnett—Formal opening of the new Inter-State Free bridge across Red River, between Texas and Oklahoma, was celebrated here November 5. Officials of the West Texas Chamber of Commerce participated in the affair. The bridge was erected at a cost of \$380,000.

Thalia—This Foard County town has joined the ranks of affiliated West Texas Chamber of Commerce towns. Substantial memberships were subscribed on a recent visit of the regional organization's field man, who was accompanied by Mack Boswell of the Crowell Chamber of Commerce.

Shallowater—This farming community of some 250 people claims the ginning record for the plains country this season. One thousand four hundred bales have been ginned here, more than any other town on the plains. Affiliation was made recently with the West Texas Chamber of Commerce.

Pampa—Work on the proposed railway from Pampa to Cheyenne, Oklahoma, is expected to start early in 1928. The line was offered through a proposal made by Frank Kell, Wichita Falls capitalist and president of the Clinton and Oklahoma Western railroad.

Memphis—Business interests of Memphis, Childress, Quanah, and Chillicothe have employed an expert to conduct rural organization work in Hall, Hardeman and Childress counties, with especial stress on dairying.

Hamlin—Hamlin now has four mail routes which cover an area of 228.59 miles.

Weatherford—The local food manufacturing mill here is having a record business. Demand for corn has been so great that carloads have been ordered from northeast Texas. The mill grinds corn and grains into feed for cattle feeders, dairymen, and poultry raisers of the section.

Ovalo—A harmonica band has been organized here and will feature community entertainment programs.

Bradshaw—Farmers of this territory, including those from Lawn, Ovalo, Oak Lawn, Guion, Shop, Moro, Cedar Gap, Cedar Creek, Iboris, and other communities south of Abilene, were given opportunity to attend a terracing school at Tuscalo the first week of November. The school was conducted by J. R. Masterson, Taylor County Agent. A similar meeting was held in Merkel at an earlier date.

Quanah—Quanah was the scene of one of the most unique celebrations ever held in this section November 4 and 5 when a tribe of Comanche Indians came from their Oklahoma reservation to rebelless Quanah, which was named in honor of their chief's father, Quanah Parker. President R. W. Haynie of the West Texas Chamber of Commerce was initiated into the tribe and made a white chief. Manager Homer D. Wade and Publicity Manager E. H. Whitehead were also in attendance at the Harvest Moon Fete.

Natural Products of Brazil

By Louise Nicholson

We have all studied the continent of South America, and we now know one of these countries have a great deal of wood. The country that has the most wood is Brazil. The forest along the Amazon River produces the largest amount of wood. Rio de Janeiro and Para export large quantities of wood to the United States and Great Britain.

Another product of Brazil is Cocoa. From the cocoa berry we make chocolate, and from the chocolate we make different things. The cocoa trees requires good shade and much warmth and moisture.

In southern Brazil and in Paraguay the Ilex trees are raised. From the Ilex leaves we make mate or Paraguay tea. The tea is prepared to drink just like ordinary tea, but it taste like a weak solution of turpentine. Mate leaves are exported to Argentina, Chile and Peru.

SENIOR PARTY

On Saturday evening at eight o'clock Carrie Maurice Allee was hostess to a number of young people honoring Truett Roberts with a farewell party. Truett returned to his home in the Rio Grande Valley after spending several months here. Those present were Autie Anthony, Dorothy Hinds, Annie Rettig, Ila Mae Thompson, Vera Middleton, Martha Schlagal, Truett Roberts, Roe Bird, Edwin Greening, Harold Walling, J. T. Carter, and Raymond Burrow.

HUGHSTON GROCERY COMPANY

Features That Make the Whippet America's Finest Light Car

Proved in the Acid Test of Millions of Miles of Driving

Today's trend in light car design reveals the tremendous influence of the Whippet. Buyers in this price field are no longer satisfied with the standards of performance, comfort and safety obtained before the introduction of this fine, modern car.

The Whippet has revolutionized all ideas about fuel economy. For it delivers mileage from gasoline, oil and tires far in excess of anything you have ever experienced before.

It has brought such "big car" features as 4-wheel brakes, increased roominess, low center of gravity, full-vision bodies, higher speed and faster acceleration.

And the Whippet has proved that these advantages may be offered at extremely moderate cost!

The Whippet is an amazingly easy car for anyone to handle. It turns in a 17-foot curb space. It accelerates from 5 to 30 miles per hour in 13 seconds and is capable of doing 55 miles or more an hour without strain.

Among the numerous other features that make the Whippet so satisfying a car to own are a force-feed lubricating system, silent timing chain, adjustable steering wheel, over-size balloon tires and snubbers on the front springs.

The Whippet is available in six distinctive body types

These cars are on display at Ivie's Station

Building Quality into Used Cars

Unusual facilities for reconditioning automobiles make possible the high value found in our dependable used cars.

In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechan-

ics are thoroughly competent — and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes. As a result, our reconditioned cars simply cannot be matched for value.

Allen Chevrolet Co.

Crowell, Texas

QUALITY AT LOW COST

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Geo. P. Warner; Clara N. Warner; Abraham Lincoln; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson, if living, and if deceased, his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, a corporation, Trustee, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, Texas, on the second Monday in February, A. D. 1928, the same being the 13th day of February, A. D. 1928, then and there to answer a petition filed in said court on the 3rd day of September, A. D. 1927, in a suit, numbered on the docket of said court No. 1324, wherein T. S. Patton and G. H. Patton are plaintiffs, and Geo. P. Warner; Clara N. Warner; Abraham Lincoln; James B. Watson; Wm. J. Frees; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson and his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

On the 1st day of Sept., 1927, plaintiffs were, and are now at the time of filing this suit, lawfully seized and possessed of those certain tracts or parcels of land hereinafter described, holding the same in fee simple. That on the 1st day of September, A. D. 1927, defendants, and each of them, unlawfully encroached upon and dispossessed plaintiffs of said premises and are withholding from plaintiffs, possession thereof. That the premises so encroached upon and unlawfully withheld by said defendants are described as follows:

Survey No. 95, Block A, Certificate No. 30-417, issued to the T. & O. Ry. Co., by B. H. Epperson, patentee, situated in Foard County, Texas.

That plaintiffs received title to said property by deed from M. M. Hankins on the 16th day of November, 1901, which deed is of record in Vol. 10, page 7, deed records of Foard County, Texas. That plaintiffs and defendants each claiming title under a common source to-wit: Hascal A. Hogel and Henry B. Mahn;

That on the 20th day of October, A. D. 1901, Hascal A. Hogel and Henry B. Mahn, by their attorney-in-fact, Geo. P. Warner, made, executed and delivered their warranty deed to M. M. Hankins, conveying the said above described lands, which deed is recorded in Vol. 10, page 4, deed records of Foard County, Texas, in which deed there was a reservation clause written therein as follows:

"Save and except that we do not hereby in anywise transfer or convey but do hereby expressly reserve and except to our own use and benefit and that of our heirs forever, all the mines, minerals and mineral rights, whatsoever that may be upon, within or under the said tract of land or any part thereof, as well as the right to work any mine, or mines upon said land therefor, together with the full right of free ingress and egress upon and from said land for the purpose of mining for such minerals, working such mines and carrying the products thereof, it being also expressly hereby understood that we are to have the use of such part of the surface of said land as may be or become necessary for such mining operations not to exceed (50) acres in surface area of said tract but in the event such mining operations shall cause encroachment upon more than fifty (50) acres the purchaser or his heirs or assigns shall be paid therefor two thousand (\$2,000.00) dollars par value of the capital stock of the company which shall be organized for the purpose of extracting said minerals. Said stock to be paid up and non-assessable."

That at the time of the execution of said deed by the said Hascal A. Hogel and Henry B. Mahn, to the said M. M. Hankins, the existence either actual or probable of petroleum, oil or natural gas in that portion of the state in which said lands are located, was wholly unknown and unthought of; that at said time there had been little, if any, oil or gas produced in this state; that at said time the grantors, Hascal A. Hogel and Henry B. Mahn, were interested in the mining of copper and metallic ores in the vicinity in which said land is located, and it was not contemplated by any of the parties to said original deed that the terms of said deed included any particular petroleum, oil or natural gas, but it was the understanding, intention and agreement of all the parties thereto that said deed should reserve to the grantors or their assigns, metals, metallic ores such as copper and other minerals known as "hard minerals," and it was not intended to reserve to the grantors, minerals in the broad technical definition of the term and to include petroleum or gas.

It is alleged that, although they were in actual possession of the premises, that the defendants, Geo. P. Warner, and his grantee, Clara N. Warner, have asserted and claimed said reservation hereinbefore retained and reserved all the gas mining rights on said lands said grantors, Hascal A. Hogel and Henry B. Mahn, and their records in truth and in fact Geo. P. Warner and his grantee, Clara N. Warner, well knew that said reservation was never so intended

and such claim constitutes a cloud on the title of plaintiffs lands. Plaintiffs allege that the said defendants claim or appear to claim some right, title or interest in and to said lands above described, and the oil and gas mining rights thereunder, adverse to these plaintiffs; plaintiffs allege that said defendants have no right, title or interest in said premises, but if any they have the same is junior and inferior to the rights of plaintiffs.

Wherefore plaintiffs pray that defendants be cited to appear and answer this petition, that they have judgment against the defendants and each of them quieting their title in and to said section No. 95, Block A, certificate No. 30-417, T. & N. O. Ry. Co., B. H. Epperson patentee; also quieting their title in and to the petroleum, oil and natural gas rights, and oil and natural gas in, on or under said lands, and if the court finds that under the terms of said conveyance, plaintiff's title to the oil and gas rights does not appear to be clearly set forth then plaintiffs pray that the deed above mentioned be reformed to vest title in plaintiffs as the grantee of the original M. M. Hankins in and to said lands together with all oil and gas in, on and under the said above described lands, with the right to prospect therefor and the defendants and each of them be forever enjoined from claiming or asserting any right, in the premises and for costs of suit and for such other and further relief, general and special in law and in equity that they may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this, the 10th day of October, A. D. 1927.

IDA REAVIS, Clerk. District Court, Foard Co., Texas. By A. G. MAGEE, Deputy.

SAWS By Viola Brothers Shore

FOR THE GOOSE—

LOOKIN' for your mother-in-law to side with you against your hie land, is walkin' in back of a hen ex-peckin' to pick up ostrich plumes.

If a proposal is nothin' else it's a tonic for your self esteem.

The saddest thing in the world ain't the woman that no man desires, but the one that knows it.

FOR THE GANDER—

It's never too late to kiss.

And a kiss in time saves nine situations out of ten.

If a woman says she don't want to be kissed there's always the chance she meant it.

The reason most women refuse to kiss a guy is because they don't happen to be attracted by the idea. And that's the one reason no man can believe.

(Copyright.)

"You may smile and be a villain," says our stenographer, "but you can't growl and growl and be a saint."

A recent report says over eighty percent of federal prisoners are educated, but doesn't specify how.

Emancipation is what a mistreated wife asks for when she really means alimony.

Bread and butter always comes before ethics, because self preservation is the first instinct of mankind.

The earth's crust is sixty miles thick, we read, so it is a hard old world after all.

Remember the old days when the silk stocking vote could only be found in the aristocratic wards?

When the Mexican revolution subsides, we can always depend on China to stave off ennui.

A good roads movement has been started in Russia. That's fine to have something good.

NOTORIOUS WOLF IS KILLED IN OREGON

Destroyed Horses and Cattle for 12 Years.

Portland, Ore.—The great white wolf of Sycan marsh in southern Oregon has been killed and stockmen are breathing easier.

This animal has been feared and hated for 12 years and none was able to trap or shoot it until Elmer Williams, biological survey hunter and trapper, went out after it. Stockmen estimate that the creature took toll of their cattle, horses and sheep to the extent of \$15,000, and about it has grown a collection of stories almost as "tall" as those about Paul Bunyan, the great western logger.

Williams' message to his Portland chief, Stanley Jewett, head of the predatory animal work of the biological survey in Oregon, was brief and to the point. It said: "Sycan wolf killed today. White male."

White Wolf Was Notorious.

Those few words were sufficient because the white wolf of Sycan marsh was the most notorious animal Oregon has ever known. Its great prowess as a stock killer and the fact that it was white in color, made it known all over the Northwest.

Williams included the word "white" in his message because he had had many arguments with Jewett over the color. Jewett had always scouted the idea that it was white. He declared that it was probably light in color and the residents had embellished their stories by calling it white.

Only three times have white wolves been known in the West. One was killed in Arizona a number of years ago by a forest ranger. Another was found over in Wyoming. The Sycan wolf is the third.

This animal was larger than the ordinary timber wolf. His tracks were about the same size as those of a big cougar. During his whole career he hunted alone except for the coyotes that skulked in his rear to feast upon his kill.

He ranged over a territory extending 30 miles in every direction from the Sycan marsh, his home. One night he would kill a horse, steer or sheep in one place and his baying, like that of a homed, would be heard 30 miles away the next night.

The animal scoured baited and scented traps of all kinds. And to deadfall or pit could get him null. Williams got on the trail. Williams went to work first in 1925. He spent a number of periods of several weeks each trying to trap the animal.

Bobcats Beat Wolf to Trap.

The wolf used to cross a footlog over the Sycan river every day or so in his rounds and Williams tried many times to trap him there. But each time the bobcats beat the wolf to the trap. Then a trapper carried the log away and that chance was gone.

The biological survey stood a lot of joshing over its failure to catch the wolf. Jewett said it was the only animal his hunters had been unable to get rid of in a "reasonable length of time."

Now that the white wolf is gone, the natives of southern Oregon are almost sorry. He was a proof that the old West was not quite gone, and he stirred their romantic fancy. However, their stories about him will be told over and over and will grow "taller" with the retelling.

King Tut's Language Brought Up to Date

Berlin.—The language of Tutankhamen and Rameses is now available in terms of modern speech, as a result of co-operation between American and German brains and capital. The publication of the first volume of a great Egyptian dictionary has just been announced here. The work is edited by Prof. Adolph Erman and Prof. Hermann Grapow and represents the fruit of 28 years of research on over a million and a half texts and inscriptions. In acknowledging the assistance received from sources all over the world, the editors make special mention of the co-operation of Prof. J. H. Breasted of the University of Chicago, noted Egyptologist, and of the financial support of the enterprise by John D. Rockefeller, Jr.

Teach Laughter

London.—At a conference of local education authorities a resolution to teach the pupils to laugh was introduced and referred to a committee of teachers for action. The authorities say the schools are too sober and sedate.

Eggs Hatch All Right, But They're Alligators

Billesdon, England.—Poultry farming in England has its disadvantages.

Among them is the uncertainty whether eggs placed in incubators will produce chickens, ducklings or alligators.

B. Mellor, a Billesdon farmer bought a dozen eggs in the local market and put them in an incubator.

Three weeks later he opened the drawer to see if the expected chicks had made an appearance. He shut it hurriedly. Twelve baby alligators were the sole occupants.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbin. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by Fergeson Bros. and Reeder Drug Co.

TEXON TALES

When I wound up in the hospital the doctor said I was all run down. We've got the low down on goluf. Painted some balls with luminous paint and got some floaters so we are able to play all week, day and night, rain or shine.
We used to go to the movies but it was advertised 2:45 p. m., so as we are the postmaster we didn't think we should pay two dollars and forty-five cents when others still get in for thirty-five cents each.
A farmer will work hard for a long time to be able to retire and get a little store for himself and take it easy. A merchant will labor for years to save enough to retire to the farm in his old age. But what ever

becomes of old worn out postmasters? We think there ought to be provided a home for old useless horses and decrepit postmasters.
If a burglar entered the basement would the coal chute? The kindling wood.
As ever,
The Texon Tattler.

WHAT'S DOING IN WEST TEXAS

(By West Texas Ch. of Commerce)

Stinnett—A big free barbecue which will be attended by United States Senator Earl B. Mayfield and other men of prominence will celebrate the arrival of the Rock Island Railroad into Stinnett here November 15. This road is now being built from Amarillo to Liberal, Kansas; rails reached city limits of Stinnett October 23. All towns and communities of the North Panhandle will send large delegations. Excursions are already being arranged by Amarillo and Liberal, Kansas.

Burkburnett—Formal opening of the new Inter-State Free bridge across Red River, between Texas and Oklahoma, was celebrated here November 5. Officials of the West Texas Chamber of Commerce participated in the affair. The bridge was erected at a cost of \$380,000.

Thalia—This Foard County town has joined the ranks of affiliated West Texas Chamber of Commerce towns. Substantial memberships were subscribed on a recent visit of the regional organization's field man, who was accompanied by Mack Boswell of the Crowell Chamber of Commerce.

Shallowater—This farming community of some 250 people claims the ginning record for the plains country this season. One thousand four hundred bales have been ginned here, more than any other town on the plains. Affiliation was made recently with the West Texas Chamber of Commerce.

Pampa—Work on the proposed railway from Pampa to Chynne, Oklahoma, is expected to start early in 1928. The line was offered through a proposal made by Frank Kell, Wichita Falls capitalist and president of the Clinton and Oklahoma Western railroad.

Memphis—Business interests of Memphis, Childress, Quanah, and Chillicothe have employed an expert to conduct rural organization work in Hall, Hardeman and Childress counties, with especial stress on dairying.

Hamlin—Hamlin now has four mail routes which cover an area of 228.59 miles.

Weatherford—The local food manufacturing mill here is having a record business. Demand for corn has been so great that carloads have been ordered from northeast Texas. The mill grinds corn and grains into feed for cattle feeders, dairymen, and poultry raisers of the section.

Ovalo—A harmonica band has been organized here and will feature community entertainment programs.

Bradshaw—Farmers of this territory, including those from Lawn, Ovalo, Oak Lawn, Guion, Shop, Moro, Cedar Gap, Cedar Creek, Iboris, and other communities south of Abilene, were given opportunity to attend a terracing school at Tuscalo the first week of November. The school was conducted by J. R. Masterson, Taylor County Agent. A similar meeting was held in Merkel at an earlier date.

Quanah—Quanah was the scene of one of the most unique celebrations ever held in this section November 4 and 5 when a tribe of Comanche Indians came from their Oklahoma reservation to rebelss Quanah, which was named in honor of their chief's father, Quanah Parker. President R. W. Haynie of the West Texas Chamber of Commerce was initiated into the tribe and made a white chief. Manager Homer D. Wade and Publicity Manager E. H. Whitehead were also in attendance at the Harvest Moon Fete.

Natural Products of Brazil
By Louise Nicholson

We have all studied the continent of South America, and we now know one of these countries have a great deal of wood. The country that has the most wood is Brazil. The forest along the Amazon River produces the largest amount of wood. Rio de Janeiro and Para export large quantities of wood to the United States and Great Britain.

Another product of Brazil is Cocoa. From the cocoa berry we make chocolate, and from the chocolate we make different things. The cocoa trees requires good shade and much warmth and moisture.

In southern Brazil and in Paraguay the Ilex trees are raised. From the Ilex leaves we make mate or Paraguay tea. The tea is prepared to drink just like ordinary tea, but it taste like a weak solution of turpentine. Mate leaves are exported to Argentina, Chile and Peru.

SENIOR PARTY

On Saturday evening at eight o'clock Carrie Maurice Allee was hostess to a number of young people honoring Truett Roberts with a farewell party. Truett returned to his home in the Rio Grande Valley after

spending several months here. Those present were Autie Anthony, Dorothy Hinds, Annie Rettig, Ila Mae Thompson, Vera Middleton, Martha Schlagal, Truett Roberts, Roe Bird, Edwin Greening, Harold Walling, J. T. Carter, and Raymond Burrow.

HUGHSTON GROCERY COMPANY

Features That Make the Whippet America's Finest Light Car

Proved in the Acid Test of Millions
of Miles of Driving

Today's trend in light car design reveals the tremendous influence of the Whippet. Buyers in this price field are no longer satisfied with the standards of performance, comfort and safety obtained before the introduction of this fine, modern car.

The Whippet has revolutionized all ideas about fuel economy. For it delivers mileage from gasoline, oil and tires far in excess of anything you have ever experienced before.

It has brought such "big car" features as 4-wheel brakes, increased roominess, low center of gravity, full-vision bodies, higher speed and faster acceleration.

And the Whippet has proved that these advantages may be offered at extremely moderate cost!

The Whippet is an amazingly easy car for anyone to handle. It turns in a 17-foot radius and parks in 14 feet of curb space. It accelerates from 5 to 30 miles per hour in 13 seconds and is capable of doing 55 miles or more an hour without strain.

Among the numerous other features that make the Whippet so satisfying a car to own are a force-feed lubricating system, silent timing chain, adjustable steering wheel, over-size balloon tires and snubbers on the front springs.

The Whippet is available in six distinctive body types

These cars are on display at Ivie's Station

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Geo. P. Warner; Clara N. Warner; Abraham Lincoln; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson, if living, and if deceased, his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, a corporation, Trustee, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the court house thereof, in Crowell, Texas, on the second Monday in February, A. D. 1928, the same being the 13th day of February, A. D. 1928, then and there to answer a petition filed in said court on the 23rd day of September, A. D. 1927, in a suit, numbered on the docket of said court No. 1324, wherein T. S. Patton and G. H. Patton are plaintiffs, and Geo. P. Warner; Clara N. Warner; Abraham Lincoln; James B. Watson; Wm. J. Frees; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson and his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

On the 1st day of Sept., 1927, plaintiffs were, and are now at the time of filing this suit, lawfully seized and possessed of those certain tracts or parcels of land hereinafter described, holding the same in fee simple. That on the 1st day of September, A. D. 1927, defendants, and each of them, unlawfully entered upon and dispossessed plaintiffs of said premises and are withholding from plaintiffs, possession thereof. That the premises so entered upon and unlawfully withheld by said defendants are described as follows:

Survey No. 95, Block A, Certificate No. 30-417, issued to the T. & M. O. Ry. Co., by B. H. Epperson, trustee, situated in Foard County, Texas.

That plaintiffs received title to said property by deed from M. M. Hankins on the 16th day of November, 1901, which deed is of record in Vol. 10, page 7, deed records of Foard County, Texas. That plaintiffs and defendants each claiming title under a common source to-wit: Hascal A. Hogel and Henry B. Mahn; That on the 20th day of October, A. D. 1901, Hascal A. Hogel and Henry B. Mahn, by their attorney-in-fact, Geo. P. Warner, made, executed and delivered their warranty deed to M. M. Hankins, conveying the said above-described lands, which deed is recorded in Vol. 10, page 4, deed records of Foard County, Texas, in which deed there was a reservation clause written therein as follows:

"Save and except that we do not hereby in anywise transfer or convey but do hereby expressly reserve and except to our own use and benefit and that of our heirs forever, all the mines, minerals and mineral rights, whatsoever that may be upon, within or under the said tract of land or any part thereof, as well as the right to work any mine, or mines upon said land, therefor, together with the full right of free ingress and egress upon and from said land for the purpose of mining for such minerals, working such mines and carrying the products thereof, it being also expressly hereby understood that we are to have the use of such part of the surface of said land as may be or become necessary for such mining operations not to exceed (50) acres in surface area of said tract but in the event such mining operation shall cause encroachment upon more than fifty (50) acres the purchaser or his heirs or assigns shall be paid therefor two thousand (\$2,000.00) dollars par value of the capital stock of the company which shall be organized for the purpose of extracting said minerals. Said stock to be paid up and non-assessable."

That at the time of the execution of said deed by the said Hascal A. Hogel and Henry B. Mahn, to the said M. M. Hankins, the existence either actual or probable of petroleum, oil or natural gas in that portion of the state in which said lands are located, was wholly unknown and unthought of; that at said time there had been little, if any, oil or gas produced in this state; that at said time the grantors, Hascal A. Hogel and Henry B. Mahn, were interested in the mining of copper and metallic ores in the vicinity in which said land is located, and it was not contemplated by any of the parties to said original deed that the terms of said deed included any particular petroleum, oil or natural gas, but it was the understanding, intention and agreement of all the parties thereto that said deed should reserve to the grantors or their assigns, metals, metallic ores such as copper and other minerals known as "hard minerals," and it was not intended to reserve and retain to the grantors, minerals of the broad technical definition of the term and to include petroleum or natural gas.

That plaintiffs allege, that although they have been in actual possession of the lands, that the defendants, Geo. P. Warner, and his grantee, Clara N. Warner, have asserted and claimed said reservation hereinbefore retained and reserved all the gas mining rights on said lands said grantors, Hascal A. Hogel and Henry B. Mahn, and their heirs, in truth and in fact Geo. P. Warner and his grantee, Clara N. Warner, well knew that said reservation was never so intended

and such claim constitutes a cloud on the title of plaintiffs lands. Plaintiffs allege that the said defendants claim or appear to claim some right, title or interest in and to said lands above described, and the oil and gas mining rights thereunder, adverse to these plaintiffs; plaintiffs allege that said defendants have no right, title or interest in said premises, but if any they have the same is junior and inferior to the rights of plaintiffs.

Wherefore plaintiffs pray that defendants be cited to appear and answer this petition, that they have judgement against the defendants and each of them quieting their title in and to said section No. 95, Block A, certificate No. 30-417, T. & N. O. Ry. Co., B. H. Epperson patentee; also quieting their title in and to the petroleum, oil and natural gas rights, and oil and natural gas in, on or under said lands, and if the court finds that under the terms of said conveyance, plaintiff's title to the oil and gas rights does not appear to be clearly set forth then plaintiffs pray that the deed above mentioned be reformed to vest title in plaintiffs as the grantee of the original M. M. Hankins in and to said lands together with all oil and gas in, on and under the said above described lands, with the right to prospect therefor and the defendants and each of them be forever enjoined from claiming or asserting any right, in the premises and for costs of suit and for such other and further relief, general and special in law and in equity that they may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this, the 10th day of October, A. D. 1927.

NOTORIOUS WOLF IS KILLED IN OREGON

Destroyed Horses and Cattle for 12 Years.

Portland, Ore.—The great white wolf of Sycan marsh in southern Oregon has been killed and stockmen are breathing easier. This animal has been feared and hated for 12 years and none was able to trap or shoot it until Elmer Williams, biological survey hunter and trapper, went out after it. Stockmen estimate that the creature took toll of their cattle, horses and sheep to the extent of \$15,000, and about it has grown a collection of stories almost as "tall" as those about Paul Bunyan, the great western logger.

Williams' message to his Portland chief, Stanley Jewett, head of the predatory animal work of the biological survey in Oregon, was brief and to the point. It said: "Sycan wolf killed today. White male."

White Wolf Was Notorious. Those few words were sufficient because the white wolf of Sycan marsh was the most notorious animal Oregon has ever known. Its great prowess as a stock killer and the fact that it was white in color, made it known all over the Northwest.

Williams included the word "white" in his message because he had had many arguments with Jewett over the color. Jewett had always scouted the idea that it was white. He declared that it was probably light in color and the residents had embellished their stories by calling it white.

Only three times have white wolves been known in the West. One was killed in Arizona a number of years ago by a forest ranger. Another was found over in Wyoming. The Sycan wolf is the third.

This animal was larger than the ordinary timber wolf. His tracks were about the same size as those of a big cougar. During his whole career he hunted alone except for the coyotes that stalked in his rear to feast upon his kill.

He ranged over a territory extending 30 miles in every direction from the Sycan marsh, his home. One night he would kill a horse, steer or sheep in one place and his baying, like that of a hound, would be heard 30 miles away the next night.

The animal scorned baited and scented traps of all kinds. And no deadfall or pit could get him until Williams got on the trail. Williams went to work first in 1925. He spent a number of periods of several weeks each trying to trap the animal.

Bobcats Beat Wolf to Trap. The wolf used to cross a footlog over the Sycan river every day or so in his rounds and Williams tried many times to trap him there. But each time the bobcats beat the wolf to the trap. Then a trapper carried the log away and that chance was gone.

The biological survey stood a lot of joshing over its failure to catch the wolf. Jewett said it was the only animal his hunters had been unable to get rid of in a "reasonable length of time."

Now that the white wolf is gone, the natives of southern Oregon are almost sorry. He was a proof that the old West was not quite gone, and he stirred their romantic fancy. However, their stories about him will be told over and over and will grow "taller" with the retelling.

King Tut's Language Brought Up to Date

Berlin.—The language of Tutankhamen and Rameses is now available in terms of modern speech, as a result of co-operation between American and German brains and capital. The publication of the first volume of a great Egyptian dictionary has just been announced here. The work is edited by Prof. Adolph Erman and Prof. Hermann Grapow and represents the fruit of 28 years of research on over a million and a half texts and inscriptions. In acknowledging the assistance received from sources all over the world, the editors make special mention of the co-operation of Prof. J. H. Breasted of the University of Chicago, noted Egyptologist, and of the financial support of the enterprise by John D. Rockefeller, Jr.

Teach Laughter

London.—At a conference of local education authorities a resolution to teach the pupils to laugh was introduced and referred to a committee of teachers for action. The authorities say the schools are too sober and sedate.

Eggs Hatch All Right, But They're Alligators

Billesdon, England.—Poultry farming in England has its disadvantages.

Among them is the uncertainty whether eggs placed in incubators will produce chickens, ducklings or alligators.

B. Mellor, a Billesdon farmer, bought a dozen eggs in the local market and put them in an incubator.

Three weeks later he opened the drawer to see if the expected chicks had made an appearance. He shut it hurriedly. Twelve baby alligators were the sole occupants.

"10 O'CLOCK LINE" FOUND IN INDIANA

Indians Insisted on Survey From Shadow of Sun.

Indianapolis.—When tourists roaming through southwestern Indiana see signs bearing the words, "Ten O'clock Line," it does not signify that the curfew zone of Toomerville has been pushed out into the countryside. It means simply that 110 years ago the Indians were sure the sun would not fool them whereas the white man might.

When pioneer surveyors staked out the territory acquired through the Harrison purchase, the Indians insisted that the boundary lines be placed by projecting the shadow of the sun and a staff at ten o'clock in the morning. The white man might manipulate a rod and compass, but never the sun. The land acquired was bounded by lines drawn from what now are Brownstown to Orleans, to Metron, to Haccoon creek in Park county.

Boundary Retains Name.

As a consequence of the aborigines' suspicion, the boundary of this colonial acquisition of what now is coal land and fertile river bottom corn fields came to be known as the "Ten O'clock Line."

Into the chronicles of contemporary events are crowded many picturesque occurrences and historical conclusions, such as are found in anonymous documents pertaining to early Hoosier surveys.

"It is but a flight of the imagination," says one of these pamphlets belonging to Col. Richard Lieber of the state department of conservation, "to conclude that the 'Ten O'clock Line' made William Henry Harrison President of the United States."

Tecumseh Opposed Cession.

This reasoning was derived from knowledge of Tecumseh's methods with his Indian warriors. The chief insisted that land was held in common by all Indians and that no individual tribe nor small confederation had the power to cede tracts of any size to the colonists without the consent of neighboring tribes.

Acquisition of the Harrison purchase, 2,500,000 acres, obtained through a treaty reached at Fort Wayne, December 30, 1809, was the last straw to this sturdy defender of Indian rights. After continual bickering, of which the "Ten O'clock Line" episode was a memorable incident, Tecumseh incited the Indians to resist the pioneering Virginians, and the result was the Battle of Tippecanoe. From this came the successful political battle cry of "Tippecanoe and Tyler, too."

Aristocratic Belfast Families Leave Homes

Belfast—How the old aristocratic families are being driven from their historic ancestral holdings in Ulster under the pressure of economic circumstances was illustrated in the sale of the furnishings and buildings of Northland house, Dungannon, County Tyrone, the seat of the earl of Ranfurly, and Mulroy house, Milford county Donegal, the seat of the earl of Leitrim.

The earl of Ranfurly is a direct descendant of William Penn, the Quaker founder of Pennsylvania. Another celebrated kinsman was John Knox, the Scottish reformer. The earl's name is John Mark Knox.

The earl of Leitrim's grandfather was murdered 50 years ago in the dark days of the Land League.

Telephones Are Banned By English Landlord

London.—Has a landlord the right to prevent his tenants from having telephones? This unexpected question has been brought to a showdown here as a result of a challenge flung down by Mrs. Catherine Kent, a Kensington property owner, who has ordered the telephones disconnected in the block of apartments where she is landlord.

The instructions have been acted on by the telephone authorities, who point out that their agreement provides that permission by the owner must be obtained for provision of maintenance of the circuit. The tenants who claim the telephone is essential to their business are taking legal advice with a view to a restoration of facilities.

Take Seal Census in Pacific Waters

San Francisco.—Fate of the hair seal and sea lion along the California coast depends on a census now being taken.

If, as the fishermen contend, the animals are increasing rapidly, the state fish and game commission may permit them to be slain in such numbers as will hold their population stationary. Many fishermen regard these sea animals as rivals.

Deputy Paul Bonnot is supervising the investigation, which will take two years. At the outset he has reported finding several toolboxes not previously recorded. His observations will cover coastal waters from Mexico to Oregon, the latter state already having declared the seal lion a menace to fishing and employed a hunter to exterminate the animal.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Geo. P. Warner, Clara N. Warner; Abraham Lincoln; Nan B. Smith; Howard Prowse; Jeanette Brown; H. C. Lundberg; O. L. Lundberg; Newell Smith; Mrs. M. W. Standly, and her husband, if living, whose name is unknown; and the heirs, trustees, devisees and assigns, immediate and remote of Hascal A. Hogel, deceased; E. S. Epperson, his heirs, trustees, devisees and assigns, immediate and remote; Alice Kemble; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager; Ruth S. Mott and the Boston Safe Deposit and Trust Company, a corporation, trustee, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, Texas, on the second Monday, in February, A. D. 1928, the same being the 13th day of February, A. D. 1928, then and there to answer a petition filed in said court on the 23rd day of September, A. D. 1927, in a suit, numbered on the docket of said court No. 1323, wherein J. B. Easley is plaintiff, and Geo. P. Warner, Clara N. Warner, Abraham Lincoln, Nan B. Smith, Howard Prowse, Jeanette Brown, H. C. Lundberg, O. L. Lundberg, Newell Smith, Mrs. M. W. Standly and her husband whose name is unknown, Wm. J. Frees, James B. Watson and the unknown heirs, trustees, devisees and assigns, immediate and remote, of Hascal A. Hogel, deceased; E. S. Epperson, if living, and if deceased, his unknown heirs, trustees, devisees and assigns, immediate and remote; Alice Kemble; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager; Ruth S. Mott and the Boston Safe Deposit and Trust Company, Trustee, a corporation, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

That on or about the 1st day of Sept., A. D. 1927, plaintiff was, and now is, at the time of the filing of this suit, lawfully seized and possessed of those certain tracts or parcels of land hereinafter described, holding the same in fee simple, that on the said 1st day of Sept., A. D. 1927, said defendants, and each of them, unlawfully entered upon and dispossessed plaintiff of said premises, and are withholding from plaintiff the possession thereof. That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows, to-wit:

Survey No. 21, Block A, containing 640 acres of land, located by virtue of certificate No. 30-438, T. & N. O. Ry. Co., B. H. Epperson, Patentee, and Survey No. 23, Block A, containing 640 acres of land, located by virtue of Certificate No. 30-420, issued to T. & N. O. Ry. Co., B. H. Epperson, patentee, and Survey No. 27, Block A, issued by virtue of Certificate No. 30-593, Texas & New Orleans Railway Company, B. H. Epperson, patentee, all situated in Foard County, Texas. That plaintiff purchased of and from Hascal A. Hogel and Henry B. Mahn, by warranty deed, Survey 23, Block A, Certificate 30-420, issued to T. & N. O. Ry. Company, patented to B. H. Epperson, assignee of said company by Pat. No. 74, Vol. 24, deed recorded in Vol. 9, page 291, deed records of Foard County, Texas; said deed being executed by Hascal A. Hogel and Henry B. Mahn by their attorney-in-fact, Geo. P. Warner; That plaintiff, on May 29, 1901, purchased of and from said parties by warranty deed, Survey No. 21, Block A, Certificate No. 30-438, issued to T. & N. O. Ry. Co., patented to B. H. Epperson, assignee of said company by Patent No. 87, Vol. 24, which deed is recorded in Vol. 9, page 376, deed records of Foard County, Texas; that on the 28 day of November, 1924, plaintiff purchased Survey No. 27, Block A, Certificate No. 30-593, T. & N. O. Ry. Co., patentee, B. H. Epperson, situated in Foard County, Texas, from F. D. Hendrix, holding and claiming said Survey No. 27, under a recorded title from Hascal A. Hogel and Henry B. Mahn and their assigns. That the said Hascal A. Hogel and Henry B. Mahn are the common source of title from which plaintiff and each of the defendants claim title, except B. H. Epperson and his heirs.

Plaintiff alleges that in each of said deeds this clause was written therein:

"To have and to hold, all and singular the said tract of land, together with all and singular the rights, tenements, hereditaments and appurtenances to the same belonging or in anywise incident or appertaining unto the said J. B. Easley and his heirs and assigns forever, save and except that we do not hereby in anywise transfer or convey but do hereby expressly reserve and accept to our own use and benefit and that of our heirs and assigns forever all the mines, minerals and mineral rights whatsoever that may be upon, within or under the said tract of land, or any part thereof as well as the right to work any mine or mines upon said land, together with the full right for free ingress and egress upon and from said land for the purpose of mining for such minerals, working such mines and carrying the products thereof, it being also expressly hereby understood that we are to have the use of such part of the surface of said land as may be or become necessary for such mining operations, not to exceed fifty (50) acres in surface area of said tract but that in the event such mining operation shall cause an encroachment upon more than fifty (50) acres the purchaser or his heirs or assigns

shall be paid therefor two thousand (\$2000.00) dollars par value of the capital stock of a company which shall be organized for the purpose of extracting such minerals, said stock to be paid up and non-assessable."

Plaintiff alleges that at the execution of said deed as aforesaid, by said Hascal A. Hogel and Henry B. Mahn to plaintiff, containing said reservations, the existence, either actual or probable of petroleum, oil and natural gas, in that portion of the state in which said land is located, was wholly unknown and unthought of.

Plaintiff alleges that at the time of the execution and delivery of said deeds as aforesaid, the original grantors were officers and directors and managing agents in a mining corporation, "The Texas Copper Company," which was engaged in mining copper and other metals and metallic ores, and it was not contemplated by any of the parties that the terms of said deeds included in any particular oil or natural gas; that at the time of delivery of said deeds containing said reservation it was not the understanding, intent nor agreement of either of said parties to said deeds that said instruments should reserve to the grantors or their assigns in any manner the petroleum, oil or natural gas, or the right to operate, drill for and produce the same, but it was the understanding between said parties, as shown by said reservation, that the grantor intended only to reserve metals and metallic ores and minerals produced in the ordinary methods of mining ore, all of which was and is well known to the defendant, Geo. P. Warner and his grantees.

Plaintiff alleges that under the terms of said deeds said intention, understanding and agreement was clearly set out and shown, but it appears recently although plaintiff has been in actual possession and occupancy of said premises, that defendants Geo. P. Warner and his grantees, Clara N. Warner, have executed numerous, subtle and divers conveyances and leases upon plaintiff's lands for oil and gas purposes which is clouding the title of this plaintiff. That if said deeds above mentioned on their faces do not clearly set forth the understanding and agreement of said parties; that the oil and gas rights were not to be reserved to the parties grantor, but in case to the parties mentioned, then said deeds are ambiguous and uncertain and do not truly and correctly set forth the true understanding, contract and agreement of said parties at the time of execution of same. That plaintiff is entitled to have said original deeds reformed to express the true understanding and agreement between the parties thereto.

Plaintiff alleges that said defendants, all and each of them, claim of the same right, title or interest in and to said lands and the oil and gas mining rights thereunder, adverse to the right, title and interest of plaintiff. That if any right they have in and to said premises, the same is junior and inferior to the rights of plaintiff in and to the fee simple estate in said lands, and the oil and gas mining rights thereon.

Wherefore plaintiff prays (1) that defendants be cited to answer this petition, that plaintiff have judgment for the title and restitution of the above described premises, and (2) that he have judgment against said defendants, and each of them, quieting title in and to said lands above mentioned, also quieting his title in and to the petroleum, oil and natural gas in and under said tracts of land, together with the right to prospect therefor and the said plaintiff be decreed to be the owner of said lands, and if the court finds that under the terms of said conveyances this plaintiff's title to the oil and gas rights does not appear to be clearly set forth plaintiff prays that the deeds above mentioned be reformed to vest title in this plaintiff, to the oil and gas in and under the said above mentioned lands, and that defendants, and each of them be forever barred and enjoined from claiming any right, title or interest in and to the premises above set forth, and to the oil and gas upon, in or under the said land or any part thereof, and for costs of suit and for such other and further relief, special and general, in law and in equity that he may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this 10th day of October, A. D. 1927.

(Seal) IDA REAVIS, Clerk.
District Court, Foard Co., Texas.
By A. G. Magee, Deputy. 23

About the time man becomes fit for self government, he longs to govern the other fellow.

Not only does every question have two sides, but some politicians manage to get on both of them.

Some males develop after reaching the age of seventeen and others keep right on being hard-boiled.

You can gauge a woman's age pretty accurately by the contents of her dressing table, and a man's by the stories he tells.

Applause and Applause look a great deal alike in print and not infrequently the similarity goes beyond that.

THINGS WORTH KNOWING

Scotland Yard has taken more than 250,000 finger print impressions since 1911 without a single error of identification.

Mrs. Kate Perugini of London, only surviving daughter of Charles Dickens, recently celebrated her 89th birthday. She lives a quiet life not far from the home of her only surviving brother, Sir Henry Dickens.

The raven is a very crafty bird. People residing in British Columbia and parts of Alaska, where the raven is common, have learned that a little tangled string on a roof will keep the nuisances away, for the ravens are canny and suspect a trap.

A device known as the "Timbination" has been invented to frustrate bank robberies by delaying bandits until police arrive. With the new principle of lock operation, vault doors cannot open until a predetermined time after the combination has been released.

A new radio aerial designed to overcome most of the defects of the horizontal and ball types has been perfected by a University of Kansas astronomy professor. The new aerial hangs vertically and consists of an ordinary ground wire sheathed in a long copper tube. It is said to eliminate static.

Queen Marie of Roumania, whose power waned at the death of King Ferdinand, is said to look with favor upon a suit of an English or American millionaire. That she is contemplating marriage has more than once been hinted. Queen Marie is 52 years old. She is said to be considering another visit to the United States.

E. P. Lindgren of Fergus Falls, has had 98 accidents in his 45 years on earth, but is still able to hold a responsible position though he has no use of his one leg, the other having been lost in one of the accidents. He is paralyzed from his hips down due to rupture of a joint in his spinal column from falling over a porter's stool. Lindgren drives his own car and can operate a typewriter at a speed of 60 words a minute.

WHERE FIRES START

It may astonish the housekeepers of this country to learn that most fires start in kitchens. The loss and damage to homes in insured city dwellings amount to about \$65,000,000 a year, a very large percentage being preventable. About 15,000 persons are burned to death each year in the United States, a majority of the victims being women and children.

An educational leaflet issued by the National Board of Fire Underwriters observes that the numerous fatalities due to carelessness in handling of matches, gas, kerosene, gasoline, electrical attachments and numerous other articles, make it astonishing that any sensible woman would use kerosene or gasoline to accelerate a sluggish fire.

BE CAREFUL

With accidents increasing by the thousands every year, the subject of their prevention is engaging the earnest attention of individuals, employers, corporations, the press, motor clubs, educational associations, city, state and national organizations.

Falls cause more deaths than any other form of accident, according to the National Safety Council, which is a clearing house of information relating to prevention of accidents with headquarters in Chicago.

Automobile fatalities in the United States approximate 25,000 annually, it being estimated that almost 7,000 children alone were killed by automobiles last year in this country.

In their own homes, thousands of people also lose their lives each year through accidents. Last year the number of such deaths reached 18,000, with falls leading.

A majority of all accidents of every description would be prevented if people would exercise proper care and caution.

A Berlin man says he has invented a talking machine with the volume of a regimental band. Doubtless they will be very popular with neighbors when played early on Sunday mornings.

The worst thing about the demolition of Rear Admiral Magruder is that there are rumors of a congressional investigation.

The fellow who refuses to take no for an answer may be greatly admired, but he is a terrible pest to have around.

The ideal way of getting along will never be realized by the idler. No woman is an old maid until she admits it or looks it.

The prevalence of movements against this and that suggests that the world is approaching an anticlimax.

Many persons do not seem to be ashamed to advertise the fact that they have made a failure of marriage.

It is easy for a man's neighbors to find out a great deal more about him than he cares to have them know.

Try Ferguson's P.H.s for liver ills.

The middle-aged man is one who, forced to choose between a bridge game and boredom, goes to bed.

The question now arises—will we all love the weather man as much a month hence as we do now?

If the people of Indianapolis don't like one mayor, they always have a supply in reserve.

The worm in the chestnut will turn, too.

There will always be movie fans who like best the actor who gets himself killed in the last reel.

ALL IN 48 YEARS

Recently radio broadcasting stations throughout the world carried feature "Electric Night" programs in observance of the forty-eighth anniversary of the invention of the incandescent lamp by Thomas A. Edison. It was a tribute to Edison, well deserved, but more intriguing in the romance of the electric industry, which had its beginning in the small lamp, now a very minor link in the chain.

In 1882, three years after perfecting the electric lamp, Edison put into operation the first central power station on Pearl Street, New York City. Not only were the electric light, the improved dynamo and the entire conception of electric distribution his, but also the actual work out of myriad details. He did not stop with the vision alone, but went ahead with the designs of every part of the equipment of dynamos, meters, switches, conductors, and even light sockets and fixtures, until he had established a whole new industry.

The few thousand dollars investment which a group of long-visioned men put to Edison's disposal in 1880 today is represented by a sum of \$8,500,000,000 invested in electric utilities throughout the country. Edison's original Pearl street station was designed to serve a single square mile of downtown New York, while today every state and nearly every county, city and township in the United States is provided with transmission and distribution circuits. Farms, factories, stores and residences with 68,000,000 of the country's population are now served with electric light and power.

From the small isolated electric light systems which sprang up here and there following Edison's first success have come the far-reaching networks over which power travels thousands of miles, a new form of exchange with which to equalize the surplus and deficit of work which exist in different parts of the land. The power companies are steadily grouping into larger and larger economic units, because in this way lower costs can be combined with higher engineering and managerial skill to the direct benefit of the consumers.

Chorus Notes—Department of Chorus

In the primary and intermediate departments of each school in the county there may be three choruses organized. These choruses can enter the county contest next spring. In the primary department there will be a chorus from the first and second grades, and from the third and fourth grades. The minimum number of each chorus will be twelve. Songs for the first and second grade choruses are found in the following list:

Dandelion, Slumber Boat, The Rosebush, Rock-a-bye-Baby, Father We Thank Thee, Five Flies, Whip-poorwill, Lady Bug, Gypsy Peddler, Bylo Baby Bunting, A Surprise. All of these songs except Slumber Boat, Rock-a-bye-Baby and The Rosebush are found in the Progressive Music Series No. 1, Silver Burdett and Co.

The list for chorus in grades 3 and 4 includes the following:

Gingerbread Boy, The Clock, Strange Lands, The Lonely Wind, The Caterpillar and The Bee, Our Friends the Shadows, The Pussy Willows, Baby Land, The Elves and the Shoemakers. These songs are found in Progressive Music Series, book 1, Silver Burdett and Co.

The intermediate chorus will use a song from the following list, which is taken from "Twice 55 Community Songs:"

Anvil Chorus, Massa's in the Cold, Cold Ground, Old Black Joe, All Through the Night, Sweet and Low, Flow Gently Sweet Afton, Love's Old Sweet Song, Juanita, Drink to Me only with Thine Eyes, Massa Dear, Santa Lucia, A Merry Life.

If the primary song be a short one, there may be two songs. The chorus will be judged on the following points, tone, quality, that is lightness of voice, time, and arrangement of group. There will be only one school to enter the contest. Elimination of either first and second grade chorus, or third and fourth grade chorus will be made in the school and the winning chorus will enter the contest.

This chorus work is a new work, this year being our first year. Let us all try to make this work a success, for children love to sing, and older people enjoy hearing them. Let's have each school represented in the contest with both a primary and intermediate chorus.

I shall be glad to give information

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c. Sold by Ferguson Bros. and Reeder Drug Co.

to any of the teachers who are interested in chorus work.

INEZ SLOAN, Director of Chorus.

NOTICE TO CONTRACTORS

Sealed proposals addressed to H. K. Edwards, secretary of Spring Lake Country Club, for the construction of an earthen dam with appurtenances will be received at the office of the secretary until 7:00 p. m., November 21st, 1927, and then publicly opened and read.

Description of Work to be Done

The work consists of the construction of an earthen fill dam with spillway, etc.; the approximate quantities are as follows:

Earth excavation, 4340.0 Cu. Yds.; Plain Rip Rap, 616.0 Sq. Yds.; Concrete (1:2 1/2 :5) 32.0 Cu. Yds.

Plans and specifications may be seen for examination and informa-

tion at the office of the club secretary.

A certified or cashier's check addressed to H. K. Edwards for 5 per cent of the amount bid must accompany each proposal as a guarantee that the bidder, if successful will enter into contract and make bond in accordance with the terms of the specifications.

The club reserves the right to reject any and all bids and to waive all technicalities.

BOARD OF DIRECTORS, Spring Lake Country Club, 21

Story Telling Notes

The following is a list of stories to be used in the story telling contest:

The Tar Wolf, The Christmas Bells, The Monkey and the Crocodile, The

Wee, Wee Woman, The Gingerbread Boy, Boots and His Brothers, The Wonderful Pot, The Travels of the Fox, The Hillman and the Housewife, The Story of the Three Pigs.

This contest is open to children of the first, second and third grades only. The winner in each school is determined by a local contest in that school. The winner in the local contest is then sent to the county contest. At the final contest a prize will be awarded both to the boy and the girl who tell their story best. The final contest will probably be held sometime next spring.

WHAT WILL WE HAVE TODAY?

This is the big question that confronts the average housewife every morning—how to serve a different menu and still have good, tasty meat as the backbone of the mid-day meal.

Those who have become our regular customers know that the answer to this daily problem is right here.

If you can't come down, call us on the phone and we can offer suggestions from the large variety of cuts always on our blocks.

We have "MY BREAD" the best.

Sanitary Market Que R. Miller, Prop. Leaders in Our Line

THERE'S no overtaking the battery when the tank contains Winter Conoco Ethyl Gasoline. This special fuel fires quickly—then keeps you going with smooth, sustained power. No knocking to wear down your engine. On the contrary, carbon deposits which cause knocks when ordinary gasoline is used are turned into a source of power when you use Conoco Ethyl. This miracle fuel gives you all the benefits of high compression with your present motor—and all for a few cents per week.

Look for the Conoco Ethyl Sign.

THE ADELPHIAN CLUB

The Adelpian Club met Wednesday afternoon, November 2, at the home of Mrs. Arthur McMillan.

The club voted to have a bakery sale Saturday, November 12, the proceeds of which are to be given as a donation toward the fund being raised by the P. T. A. for the curtain in the new high school auditorium.

Saturday, December 10, was announced as the day set for the annual Christmas bazar which will be held in the Post Office building.

Mrs. Jno. Myers led the lesson on "Tono Bungay," a novel by H. G. Wells, who is probably the most widely-read contemporary English man of letters.

A refreshment plate was served by the hostess.

Mesdames W. J. Mayhew and Guy Ament were club guests for the afternoon.—Reporter.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor

Next Sunday services will be as follows: Sunday school meets at 10 a. m. and you are welcome to the classes. Every disciple ought to be in a class studying God's word. Sermon at 11 a. m. and communion service. Evening services will be at 7 o'clock. You are cordially invited to all of these services. You will be welcome. The ladies of the church are to send a box to the Orphan and Aged People's Homes at Dallas. The call is made for any discarded garments that would be of service and will be gathered up and sent. They want to send a box by Nov. 21. Canned fruit or canned goods will be received and sent. If you have an offering of this nature just leave it at the pastors' home. Let each one have a part in this gracious work. The Bible class meets at the church Monday at 3 p. m. Mrs. Ament will teach this class each Monday.

The MacDowell Music Club

The MacDowell Music Club met in the home of Miss Lella Ben Allee Saturday, Nov. 5. The club was called to order by our president, Miss Frances Allison. At this meeting we decided that each member, who wished to have a copy of the Junior Club Bulletin should pay ten cents the copy. Anyone wishing to subscribe for it for one year must bring one dollar. This bulletin is very interesting because we can learn what other clubs are doing and also get the ideas of some women who are interested in music. The program was then turned over to Miss Evelyn Sloan and was an interesting one throughout. After the program was rendered interesting contests were played, then dainty refreshments were served. Mrs. Allee was a delightful guest. We were delighted to have two new members, Misses Lila Mae Thompson and Carrie Maurice Allee.

The next meeting will be at the home of Miss Dessa Housouer.—Reporter.

Junior Hallowe'en Party

On Hallowe'en night the Junior Class enjoyed a delightful party at the beautiful home of Dr. and Mrs. R. L. Kincaid. Mary Nell Merriman, Annie and Gracie Russell and Elizabeth Kincaid were the hostess committee, and every junior declares they are royal entertainers. The home was artistically decorated in gold and black and the usual spooky animals and birds and ghosts that cast a weird spell over the Hallowe'en season. Two real Jack-o lanterns lighted the front entrance.

Jolly games filled every minute of the time. Among the best were "A trip through Spook Hollow," "The Treasure Hunt," fortunes from a unique witch's pot boiling in the fire-place, a clever contest and "a story of a dead cat."

At the close of the games delicious refreshments consisting of sandwiches, cakes and hot chocolate were served.

Twenty-eight Juniors and their sponsor, Mr. Grady Graves, were present.—Reporter.

Dudley U. Baker Goes to Quanah

Dudley U. Baker, for two years manager of the West Texas Utilities Company at this place, goes to Quanah this week to take the management of the company's business at that place. The move means promotion for Mr. Baker, as he goes to a larger field.

Mr. Baker has become so completely one of the business assets to our town that we feel we can hardly give him up. He is progressive and business-like in all his dealings and is well liked by all the people here. His leaving is a matter of regret both to him and to the people. He says Crowell is one of the best towns he has ever lived in.

A. L. Brady, who has been with the West Texas Utilities Company at Stamford, takes Mr. Baker's place here. He has a family and will move here to become one of our citizens.

Senior B. Y. P. U. Program

Subject—What Place Has the Bible in My Plans?
Miss Hawkins—Leader.
Miss Annie Mae Ellis—Pure English but Poor Printing.

Mrs. E. C. King—A Treasure House of Truth.
Weldon Cogdell—The Bible in Daily Life.
Leta Loyd—Give the Bible First Place.

Come and be with us at 6:30.—Reporter.

A man after celebrating with bootleg liquor is frequently unable to look forward to anything.

ONLY HIGH GRADE MEATS

Those who wish to patronize an up-to-date Meat Market will find the one of their choice at Bert Bain's—one that at all times handles the best meats the market affords.

This is the place for the most discriminating buyers. Here you'll find all choice, first class meats, both smoked and fresh.

And with first class meat goes the same kind of service.

BERT BAIN

At Haney-Rasor Grocery

Parent-Teachers Association

The Crowell P. T. A. is doing the most active work in its history. At a recent meeting \$50 were allowed for needed playground equipment, and a contest for new members resulted in many new names being added to the association. Plans are being formulated whereby a beautiful new curtain may be bought for the stage in the new building. This curtain will add to the beauty of the auditorium and help so much in the many activities of school work. This will be a considerable undertaking for the association but if we could only get every father and mother who are interested in the school to attend some of our meetings and share some of the enthusiasm and realize the needs of the school the task would be easy.

Forty-nine members were present

on Tuesday of this week and good reports were made by the various chairmen. Pupils from the fourth grade entertained with an interesting program and Mrs. Oswalt led an instructive study of books and good reading matter for the home. Miss Patterson and Mrs. Chas. Thompson gave splendid articles on the subject. The next meeting will be Nov. 22, and every mother is urged to be present.—Reporter.

Foard City P. T. A.

Foard City P. T. A. will meet in regular session Friday, November 5, 8:30 p. m.

A splendid program is being prepared by the expression class. All are cordially invited.—Reporter.

Vodvil Matinee and Night

Night Vaudeville Different From the Afternoon Show

Vodvil Matinee and Night

Afternoon Vaudeville Different From the Night Show

We have been running a show in the afternoon for the town folks, but as it does not pay as yet, we will have to quit running an afternoon show unless we get a few ladies and gents to see our afternoon programs.

We will continue to run our matinees daily all next week, and at the end of that week we will announce if our show will continue to run in the day time. Will your town support a good show? In the afternoon?—Reporter.

Next week's pictures are—
November 14-15, Monte Blue in "The Brute."
November 16, Lewis Stone and Billy Dove in "An Affair of the Follies."

November 17 only, Norma Shearer in "Demi-Brade."
November 18, Vera Reynolds in "Risky Business."
November 19, "Loco Luck," Saturday night only; "Risky Business" will show Saturday afternoon.

Don't forget the Armistice Day celebration Friday all day.

Rialto Theatre

CHRISTIAN CHURCH NOTES

The usual services, morning and evening were well attended Sunday and a nice increase in the Sunday School attendance was encouraging. It is the hope of the superintendent that every member of the church and their families may be enrolled in the Sunday School.

We need some class rooms in order to do more efficient work, and Sunday afternoon a meeting of the official board with all members present but two, decided to do some remodelling. The plan is to make two Sunday School rooms and a concrete baptistry in the rear of the pulpit. A committee was appointed to solicit funds and we hope to start the work at an early date. Co-operation will be necessary for the success of the undertaking, but the board feels sure the entire brotherhood realize the need of better accommodations and will help to furnish them.—Reporter.

Mrs. Belle Bulkeley is at Silvertown visiting her daughter.

W. R. Womack has been confined to his bed for a week with an attack of flu.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 59c, 60c and \$1.20. Powder 50c and 60c. Sold by:

Ferguson Bros. and Reeder Drug Co.

HERE TO SERVE YOU

Had you ever just stopped to figure up the cost of your groceries for a year?

If you have not, it might be well to do so, and then, when you have done that select the trading place that gives you the best values for your money and in the end you will be enabled to see that you have effected a nice saving in the year's time.

The price and quality of goods enter into the proposition. It is not the cheapest groceries that go farthest every time and they are never as satisfying. So be careful about the very low priced groceries, they are likely to be of low quality.

Make this store your trading place and you are sure to get good substantial groceries at moderate prices, in fact as cheap as they can be sold.
