ON THE FARM

By the County Agent

POULTRY. The hatching season will soon be over and with the coming of hot weather it will be necessary to "Swat the Rooster" if the best quality of eggs are produced. Infertile eggs are better and should bring a premium. A few rules put into operation in the care of eggs during the warm months will greatly increase the quality: (1) Get rid of the rooster. (2) Gather eggs twice each day. (3) Store in cool place. (4) Market twice each week. (5) Sell eggs that are uniform in size. (6) Eggs are more attractive if all in the same basket or crate are the same color. (7) A stamp with the owners name on it placed on the egg would let the consumer know that the egg is guaranteed to be fresh and infertile.

Some who are in touch with the poultry situation are of the opinion that poultry and eggs will be a better price soon. If this should happen a nice flock of good laying pullets will be worth while this fall.

Due to the many calls that are coming to the office requesting a formula for mixing laying mash, you will find listed below one that has given good satisfaction, and one that is perhaps as economical as most any efficient feed: 100 pounds of wheat bran, 100 pounds of shorts, 100 pounds of ground corn or maize, 100 pounds of ground oats and 100 pounds of cotton seed meal. This should be mixed very thoroughly and kept before the flock at all times. A scratch feed of grain should be fed at evening before the birds go to roost. Cotton seed meal is recommended only during the spring and summer months. Meat meal should be substituted during the winter months.

IN THE CREAM CAN. A recent check-up of the cream business showed that during the second week of May there was approximately \$500 worth of cream alone sold and shipped from Crowell. Individual checks ran from 50c to \$12.50, the average individual weekly check amounts to about \$7.50. This does not seem very large but figure this for 52 weeks and makes a nice little amount. The calves and skim milk fed to the chickens and pigs help to offset the feed costs. It takes a good cow to make a profit on feed. About the only way to test out the best cows is to weigh the milk and feed for each cow separately. Arrangements will be made soon to do some milk testing in order to find out the percent of butter fat in the milk. The cow that gives the most milk is not always the cow that pays the best at the cream can.

CLUB NEWS. Practically all of the club boys and girls who bought registered Jersey heifers last spring are doing well with the project. There are some 15 or 18 of the heifers that have calved to date and are showing up to be good producers. Some of these club members will have some extra good bull calves to sell. They are all well bred.

GRAIN SORGHUMS. There has been 600 pounds of kaffir, milo and hegar seed distributed to the club members throughout the county. These seeds were secured from the Lubbock and Chillicothe Experiment Stations.

CAPONIZING. A number of club members have entered the Capon Club. Each poultry club member will be requested to caponize at least six or nine cockerels, three of which will be shown at the club boys annual show which will be held in Dallas in October. Prizes of from \$20 down to \$2, have been offered to the club boy showing the three winning capons. Caponizing will be started on June 1st. Cockerels weighing from 10 to 12 lbs. are best suited to caponizing. Those wanting to caponize some young cockerels should get in touch with the county agent as soon as possible.

SHORT COURSE. The short course will be held at A. & M. College the first week in August. The railroads have reduced the rates so the round trip may be made at a small cost.

Miss Mamie Ruth Harris of Orange is a guest of Miss Lozelle Kincaid, returning home with her from Denton Tuesday.

Mrs. May Lanier of Taylor was the first of the week visiting the family of J. H. Lanier. She went here to Knox City to visit relatives.

Crowell Next Meeting Place of Valley Ass'n.

Crowell was selected as the next meeting place of the Upper Red-Bease River Valley Association at a meeting of that body in Wellington last week. Arrangements were completed at that meeting for the three special trains that will run from this district to the West Texas Chamber of Commerce Convention at Fort Worth on June 19th.

D. E. Nelson, traveling passenger agent of the Denver, was present and discussed plans for the special trains that will start from Childress, Quanah and Vernon with other towns of the district joining the trains at the most central points. Representatives were present from the following towns: Vernon, Crowell, Quanah, Paducah, Childress, Clarendon, Matador, Memphis and Wellington. Mack Boswell, president of the association, represented Crowell at the meeting.

Plans for handling the delegations on the three trains were the main topics of discussion at the meeting. It is planned to have all towns in this section join together as a unit delegation when the trains arrive at Fort Worth Tuesday morning of the 19th. The three trains will arrive in Fort Worth at about the same time, around 8:30 a. m. and no passenger will leave the first train arriving until the three trains have reached Fort Worth. Six bands from this district will then join the delegates for a march to the business section with each town displaying banners showing their delegations. Six larger banners with "Upper Red-Bease River Valley" are also being prepared for this purpose. A number of novel features in connection with this parade are being worked out in all parts of the district. Jerry W. Debenport, secretary of the Childress C. of C., is chairman of the committee for working out details in connection with the special trains.

Crowell is to join the Vernon delegation on the train that will leave there about 3 or 4 a. m. Vernon is making arrangements to provide storage for the automobiles that Crowell people will use in going to Vernon. Preparations for the agricultural exhibits of the nine counties in this district at the Dallas Fair this year were also discussed. Every county in this district will exhibit at the Dallas Fair in the choice space in the Agricultural Building that was secured by the Upper Red-Bease River Valley Association for that purpose. Carl Guin of Quanah is in charge of the agricultural program.

The date of the meeting in Crowell will be announced later, however, it will likely be in the early part of July.

NEW SERVICE STATION

J. N. Johnson has just completed his service station at the turn of the highway south of town on the Benjamin road, one of the completest little stations in Crowell. The building is of brick and has a concrete entrance from the south and west. The building of this station makes quite a change in the appearance of things at that point and looks like the Crowell is really spreading out. The important thing is that this is a substantial and neat building and the service it will render will be no small thing for many automobile drivers.

Mr. Johnson is doing the right thing by having an ad placed in the News this week. Too often one establishing a business or buying one thinks little of the advertising feature of his business. That is one of the most essential things. To be sure people may know you, but they also know the other fellow, and it is the business man who extends the courtesy of an invitation to the public to visit his place of business who gets it.

Mr. Johnson has a nifty ad in this issue.

MARRIED

At the Methodist parsonage, May 26th, Mr. Charlie D. Foster and Miss Jewel Hendrick were united in marriage. W. R. McCarter, pastor of the Methodist church, officiating.

It was a mistake that the News made last week in stating that Lloyd Matthews was operated on by Dr. Hanna of Quanah. The operation was performed by Dr. Clark and the boy was dismissed this week and has gone home.

Owsley Flays His Opponents Here Saturday

Col. Alvin Owsley stated in his speech here Saturday morning that he understood there was one woman running for the United States Senate, but he declared that he was not running against her, but with her. He is running against those men that are in the race, three of whom he declared had been in the legislative halls of the nation for 12 long years and had done nothing in the matter of constructive legislation. He pointed out that it had cost the tax payers of the country \$68,000 to seat Mayfield.

The speaker devoted a large portion of his time to measures he proposed to advocate if he were elected, and the paramount one is a measure that would aid agriculture. He thinks the Federal Reserve Bank is not serving the farmers as it should do and he wants to make it an institution that would render aid more generally to the farmers than heretofore. He sees no good reason why the gamblers should be favored with loans from this bank with which to manipulate the markets and the farmers are helpless to hold their cotton off the market and are forced to take whatever price is offered them. He thinks the benefits of the bank should be extended the cotton farmer to help him market his crop.

Mr. Owsley spoke also of a tariff for the producer. He thinks if a tariff is to be had for the protection of the manufacturing interests the same policy ought to be applied to the producer, especially since the United States is preeminently a producing country.

Mr. Owsley would have the government cotton reports discontinued on mere estimates made in Washington, for he says these have caused the loss of millions of dollars to the farmers of the South.

He would also have those countries in Europe which borrowed money from Uncle Sam with which to fight the World War pay the debt they owe this country with every cent of interest. He sees no good reason why they should not pay it, since it is a debt and the money lent came out of the pockets of the people of this country. He said some of those countries are now spending as much money in preparing for war as would be required to meet the payments of this debt.

Takes Insurance Agency at Crowell

W. D. Coufal has taken the local agency for the Great National Life Insurance Company of Dallas and is placing an ad with the News this week.

Mr. Coufal is an industrious and energetic young man and is connecting with one of the leading insurance companies of the country. It is a fine combination and we predict for Mr. Coufal a good business in his line.

He plans to have a spicy ad for the readers of the News each week, following the announcement on page two of this issue.

AT HOME ON VACATION

Those pupils from Crowell attending school in the various institutions over the State who have been reported to have come home for the summer are:

Misses Thelma Ferguson, Inez Ivie and Edith Graham, Northwest Texas State Teachers College, Canyon.

Granyille Lanier, Jesse Brown, Miss Katherine Clark, State University, Austin.

Marion Crowell, Joe Roberts, Wayne Diggs, John Tarlton, Stephenville.

William Bell, McMurray, Abilene. Miss Florence Griffith, Simmons University, Abilene.

Merle Kincaid, University of New York. Merle returned by boat to New Orleans, arriving at home Tuesday.

Miss Lozelle Kincaid, C. I. A., Denton. Miss Lozelle graduated from C. I. A., receiving her B. S. degree Monday evening among a class of 209 graduates.

Markham Spencer, Austin. Miss Frances Hill, State University, Norman, Okla.

Joseph Hunter, A. & M. College, Bryan, Texas.

Revival to Be Held at Baptist Church in July

The Baptists of this city have decided to hold a revival at their church here in July, commencing on the first Sunday in the month and continuing over the 15th of the month.

The preaching will be done by Rev. John W. Newsom of Abilene. Rev. Newsom was here last Sunday and preached at the church in the morning and intended to preach at the evening service had the rain not interfered. He stated Monday morning that he believed conditions were ripe for a great sweeping revival, and while this is to be under the auspices of the Baptist church Rev. Newsom said it would be for the entire town and that all religious denominations would be given a cordial welcome to attend and co-operate in the meeting.

Rev. Newsom is giving his entire time to evangelistic work and is having great success wherever he conducts a meeting. He expects to have a singer with him but wants all the singers of Crowell to make up the choir.

The News will have more to say about this coming revival from time to time.

AWARD KEMPER ORIENT STOCK

Kansas City, Mo., June 2 (AP)—Word was received here Saturday that the United States Circuit Court of Appeals in St. Paul has handed down a decision in connection with the reorganization of the Kansas City, Mexico & Orient Railroad, allowing W. T. Kemper, president and former receiver, and Clifford Histed, general counsel, \$800,000 for the ten-year period the road was in receivership and the period of reorganization.

The court virtually sustained Judge John C. Pollock of the Kansas District Federal Court on all points relating to the reorganization of the road. Judge Pollock granted Mr. Kemper and Mr. Histed \$1,068,750 as fees for their services.

The appellate court's decisions allowed Mr. Kemper \$40,000 a year for the period and Mr. Histed \$35,000 a year, and interest.

Mr. Histed said the compensation was merely a matter of "bookkeeping." The compensation for himself and Mr. Kemper, he said, would be taken in Orient stock, as approved by the District Court and the Circuit Court of Appeals.

The action by the court, Mr. Histed said, gives a freedom of action to the Orient which had been pending litigation and appeals taken from Judge Pollock's original findings by Frank M. Smacker, attorney for English note-holders.

Although he would not comment in detail on the decision in the absence of a formal copy of the opinion, Mr. Histed indicated the Orient now could proceed with construction and physical operation of the road.

It was learned the Circuit Court of Appeals had disapproved of criticisms of the receiver and the general counsel which had been made by English note-holders, and disposed of all objections made by these note-holders to the reorganization plan of handling the property.

Under the reorganization plans, a Kansas City group, headed by Mr. Kemper, will own a majority of the stock and control the road.

Wins Change Purse in Nation-Wide Contest

If you see M. A. Spence studiously taking out his change purse every few minutes it's not because he thinks he has lost some money but because he wants you to see that new purse he's got, for he has just won it in the nation-wide Vanilla Sales Contest being conducted by the J. R. Watkins Company among its dealers. The change purse has lettered on it the words "prize winner."

John Morris was at home with his parents near Thalia Sunday, having returned from near Walters where he had been teaching for the past six months. He left Monday for Canyon where he will attend the Northwest State Teachers College this summer and will teach in junior high school at Memphis next term.

6 Towns to Be Here for First Rotary Banquet

Word reached Crowell this week that the Rotary Club formed here by the Vernon Rotary Club, had been elected to membership in Rotary International and that the charter for the new organization would be delivered Monday night, June 11th, by Ellis Boyd of Fort Worth, governor of the 41st district of Rotary.

Arrangements have been made with the Baptist ladies to serve a banquet Monday night for the initial meeting of the new club which will be a ladies' night. Rotarians with their wives will be here for the banquet from Vernon, Quanah, Childress, Burkburnett, Electra and Wichita Falls.

The Rotary Club of Vernon was responsible for the organization of a club here and some time back representatives from their club solicited members for the Crowell organization and assisted in the application for a charter which had to receive approval of every officer and director of the International organization before it could be granted. Rotary International is now in more than forty different countries with a membership of over 2,700 clubs in all parts of the world.

Membership in Rotary includes one member from separate classifications. Crowell members are: John Myers, attorney-at-law; Herbert K. Edwards, dry goods retailing; Byron Reese, civil engineering; Bert W. Self, grain wholesaling; Tom N. Bell, bank; Mack Boswell, chamber of commerce; Mark S. Henry, hardware retailing; Que R. Miller, meat retailing; H. E. Ferguson, druggist; J. Russell Beverly, abstracting; Will R. Womack, furniture retailing; Clarence Self, automobile retailing; John Rasor, groceries retailing; O. O. Hollingsworth, plumbing; R. H. Cooper, poultry raising; H. Schindler, dentistry; John S. Ray, farming; T. P. Reeder, pharmacist; N. J. Roberts, farm loans and real estate; Leo Spencer, fire insurance; T. B. Klepper, newspaper publishing.

Officers of the Crowell Rotary Club are: M. S. Henry, president; T. N. Bell, vice president; Mack Boswell, secretary-treasurer; Clarence Self, sergeant-at-arms; John Rasor, John Ray, Que Miller, H. Schindler and John Myers, directors. Wednesday is to be the regular luncheon day of the Crowell club.

New members will be allowed to be taken in at the rate of ten per cent of the membership per month.

SMALL FIRE AT MRS. WOODS

Quick action upon the part of the fire department late Thursday afternoon of last week stopped what might have been a serious fire at the home of Mrs. S. O. Woods. The fire originated from an oil stove in the kitchenette and fortunately was confined to that room until it was extinguished with the damage being comparatively small.

Dr. Clark received a message the first of the week that Dr. C. E. Wilson was violently ill in Chicago. It seems that he had ptomaine poisoning. The outcome was said to have been uncertain. He had been in the University of Philadelphia going to school. Dr. Wilson is remembered by the people here as a young practitioner for a few months prior to his going away to school for further study.

Robert Hudson of Benjamin underwent an operation Monday at the sanitarium here for appendicitis. Dr. Edwards of Knox City performed the operation and the patient is reported to be getting along all right.

Mrs. Joe Johnson and Mrs. Baxter Johnson and small daughter, Frances Henry, have returned home from San Antonio, the former having spent several weeks there visiting relatives and the latter being a delegate to the General Federation of Women's Clubs.

J. W. Rowland and Miss Willie Belle White of Waco were week-end guests of Mr. and Mrs. Alton Bell, remaining over for several days of this week. Miss White is a sister of Mrs. Bell.

Dr. and Mrs. R. L. Kincaid and daughter, Elizabeth, and son, Merle, attended the graduating exercises of C. I. A. at Denton Monday evening, at which time their daughter, Miss Lozelle, received her B. S. degree from that institution.

Sunday Storm Is Accompanied By Heavy Rain

All day Sunday the wind continued to pile up clouds in the west, but it was not until after six o'clock that the clouds had assumed rain promising proportions. When the storm broke it did it in such manner and with such fierceness as to indicate that all that work in the west had not been in vain.

While the register showed only 1.20 inches, it is thought in most places over the county it was much heavier. It might be, too, that a rain, such as this one with much wind, could not be accurately measured. So, many of the farmers think they had at least two inches of rain. It was a tank filler. Practically every farmer reports that he got a good supply of water and many of the tanks ran over. The city lake was filled again, which promises a plentiful supply of water for another year for Crowell. There has been a shortage, but the low water mark reached before the big rain did not make one comfortable.

Some damage was done by the wind. A number of farmers south of town in the Russell and Stephenson communities report very hard winds and several granaries blown over and some badly damaged. So far as has been learned, no serious damage was caused to any residence. The farmers report many fields of cotton so badly damaged that they will have to be replanted, so there has been quite a demand for seed.

From reports there are no communities in the county that did not get a heavy rain, and those who had got the lightest of the rains just before this one Sunday, report that they seem to have been favored with a more liberal portion than Crowell and possibly some other sections. But it was general and was such as to benefit a large percentage of the farmers all over the county.

A good indication, according to some of the farmers, is that the big rains have filled all the tanks over West Texas, so that we have a limitless number of reservoirs scattered for hundreds of miles in all directions as a reasonable guarantee against rainless atmospheric conditions for the next few months.

Conditions look pretty good just now. Crops will be rather late, possibly, but if things are favorable from now on, there is time for cotton and feed in abundance. And we are anticipating and confidently expecting good row crops in the county.

VERY COOL FOR JUNE

Not often do we experience temperature in the month of June as cool as it was Monday and Tuesday. The thermometer registered 52 Monday night and it was standing at that point when the sun rose Tuesday morning. That was just about 52 degrees lower than it was a week ago.

The cool wave followed a big rain and storm that swept this portion of the state.

Crowell Girl Weds Quanah Ranchman

At the home of Mr. and Mrs. J. W. Shelton in the southwest portion of this city, was solemnized the marriage of Mr. A. J. Norton, Jr., to Miss Ruth Sparks last Sunday afternoon at 3:30. Rev. W. R. McCarter, pastor of the Methodist church, officiating. Only a few of the bride's intimate friends were present besides the family to witness the ceremony.

The groom is a son of E. F. Norton of Quanah and has been and will continue to be engaged in the stock raising business. The bride is a niece of Mr. and Mrs. J. W. Shelton, with whom she has been making her home for some years. She is a graduate of the Crowell high school, having just received her diploma Friday night before the wedding on Sunday. After the ceremony the young couple left for their ranch near Shamrock, Texas, where they will make their home.

Dr. and Mrs. H. Schindler and daughter, Miss Elsie, and Mrs. Schindler's sister, Mrs. Elsie Goodwin, clerk in the Bank of Crowell, left Sunday on their vacation trip, first stop to be at El Paso and Juarez. From there they will go to San Antonio and other points of interest in South Texas.

Rialto Theatre

VIVIAN

(By Special Correspondent)

Mrs. J. M. Sosbee of Anson spent from Wednesday until Friday of last week with her parents, Mr. and Mrs. Egbert Fish.

Mr. and Mrs. Wayne Dishman are the proud parents of a fine baby boy, born last Thursday morning.

Lloyd Matthews, son of Mr. and Mrs. Bert Matthews, who was kicked in the head by a mule last Tuesday morning was able to return to his home Monday afternoon.

Mr. and Mrs. Leonard Boren and small daughter of the Black community spent Sunday visiting his mother, Mrs. M. E. Boren.

Misses Russie Dee Raspberry, Doris and Irene Lewis and Rosalie Fish spent Tuesday night and Wednesday visiting in Crowell.

Mrs. J. E. Fish happened to the misfortune of getting her arm broken just above the wrist last Wednesday afternoon.

Born to Mr. and Mrs. R. L. Branson, a fine baby girl, last Wednesday.

Mr. and Mrs. Frank Kilman of the Ogdin community visited in the home of Mr. and Mrs. E. L. Redwine and attended church services Sunday.

Miss Bessie Fish left Tuesday morning for Canyon where she will

attend the West Texas State Teachers College.

Mrs. A. L. Walling and daughter, Bernice, Mrs. George Benham and children and Mrs. Jesse Walling and small daughter of Vernon spent Friday afternoon visiting relatives here.

Mr. and Mrs. Ed Adams and children of Crowell spent Tuesday of last week visiting Mr. Adams' sister, Mrs. W. O. Fish.

Mrs. R. N. Buckley and daughter, Pearl, of the Ogdin community, attended church services here Sunday.

Mr. and Mrs. J. J. Nixon and children spent the week end visiting relatives in Vernon. They were accompanied home by their daughter, who has been visiting here.

E. L. Redwine, Bro. Ramage, Egbert Fish and Allen Fish and son, John Allen, spent Friday night and Saturday fishing at Lake Pauline.

AYERSVILLE

(By Special Correspondent)

Another big rain fell here Sunday evening which will cause lots of cotton to be planted over as most of it was just coming up.

Mrs. E. T. Kirkman of Margaret is visiting for a few days with Grandma Fox.

Mrs. Lena Hukill of Crowell was a dinner guest of Mrs. Luther Tamplin Sunday.

Mr. and Mrs. A. L. McGinnis and daughter, Mildred, were Crowell visitors Sunday afternoon.

Miss Alta B. Tamplin left Sunday for Canyon where she will enter school.

Grandpa Hunt is on the sick list this week.

Rev. J. E. Smith and family of Rev. J. E. Smith and family of Margaret, also Rev. Petroff and singer, Mr. Elsey, were dinner guests of Mr. and Mrs. John Short last Monday.

Crowell visitors Saturday were: Mr. and Mrs. G. L. Owens and children, Mr. and Mrs. A. L. McGinnis and daughter, Mildred, Mr. and Mrs. C. L. Cayin and children and Mr. and Mrs. Marvin Phillips and son, H. A.

Mr. and Mrs. Henry Blevins and daughters, Geneva and Clara Belle, also Miss Mildred Sallis of Gambelville, visited in the Will Tamplin home Sunday.

Mr. and Mrs. Broadus attended church at Margaret Sunday.

Grover Tamplin of West Rayland spent Sunday with his brother, Will Tamplin.

Jack McGinnis took Bro. Petroff and Bro. Elsey to Vernon Sunday night after the rain to catch a train for Oklahoma City. Jack reports the roads were almost impassable and we believe they were for it took him 2 1/2 hours to drive it from Margaret.

Mr. and Mrs. J. H. Ayers were called to Fr. Worth Monday to the bedside of their daughter, Mrs. J. B. Withers, who is very ill.

Friends and relatives here received the announcement of the marriage of Mrs. R. Hlavaty to Mr. George Compton, both of Houston. The ceremony was performed by Rev. John Crowe at the Methodist parsonage, 721 Majestic Street, Houston, on May 17.

RAYLAND

(By Special Correspondent)

Mr. and Mrs. F. A. Flanken of Lawton, Okla., are visiting her parents, Mr. and Mrs. Attaway.

E. W. Crisp and Misses Gracye and Bonnie Crisp left Thursday to visit relatives at Post and Southland. Mr. Crisp also made a business trip to his farm at Slaton. They returned home Sunday and were accompanied by Mrs. Bill Crisp and baby of Southland.

Mrs. K. B. Pool and daughter left last week for Bay City to be at the bedside of their daughter and sister, Mrs. Clarence Wilhelm, who was seriously ill.

Lester Martin of Pauls Valley, Okla., is visiting his parents, A. H. Martin and wife.

The bakery boys of Vernon played the Rayland hall team Sunday afternoon. The scores were 2 to 9 in Rayland's favor.

A. W. Crisp and son made a business trip to Vernon Monday.

Rayland has been using natural gas since last Tuesday.

W. C. Funk, H. D. Lawson and Jep Haynes attended the ball game at Wichita Falls Saturday.

A large crowd attended the party at Bill Box's Saturday night.

A. B. Calvin of Crowell spent Thursday night with Mr. and Mrs. A. W. Crisp.

Mrs. Paul Arnold and children of Vernon spent Thursday afternoon with Mrs. Martha Price.

Burl Capeheart spent the week with Ernest Thompson and family of Vernon.

Lee Fry and Mrs. Susie Dean took Mrs. M. E. Bushon to her home at Childress Sunday.

Miss Lorraine Attaway spent Friday night with Miss Agnes Holland of Vernon.

Mr. and Mrs. A. C. Crisp visited her aunt, Mrs. Harve Cantrell, at Wichita Falls Tuesday.

Rev. E. W. Loyd filled his regular appointment Sunday at the Baptist church.

Miss Vera Corzine spent Sunday night with her cousin at Vernon and left Monday morning for Canyon to enter the Teachers College.

Miss Agnes Holland of Vernon spent the week-end with Miss Lorraine Attaway.

Mrs. E. W. Loyd and children and Miss Eva Green attended the revival meeting at Doans Sunday night.

Mr. and Mrs. S. H. Allen spent Saturday night and Sunday visiting relatives at Doans.

Selvidge Box and daughter, Mildred, took his son, Bill Box to Alpine Friday where he will enter school.

Lee Fry sold his crop to Pete Gobin and left Friday for his home at Waco.

One of the endless chains today is the demand for lower taxes, so the people will have more money to buy gasoline and automobiles to wear out more roads, which will make more taxes.

Announcing

It is with pleasure we announce the appointment of

Mr. W. D. COUFAL
of Crowell, Texas,

as our general agent for Foard County. We are an old line, legal reserve, Texas Life Insurance Company, writing all standard forms of Life Insurance. Be sure and ask Mr. Coufal about our old line policy with an annual premium of \$10.00. You have never seen another policy like this one.

We write persons from one day old to 70 years. Women written at the same rates as men. Our policies are written on the Non-Profit sharing plan but after 15 years they share in the surplus earnings of the company.

IT HAS RAINED AGAIN

Which means that we have that much more in our favor for the making of another crop.

It is going to rain again, and then some more, and in all probability this will be a good crop year.

You will need groceries all the time you are making this crop, and we want to sell them to you. Our prices will be so much better than you may have to pay elsewhere that in the end you will have saved enough to create a most happy surprise for yourself.

You need not worry about where you can best afford to buy your groceries. Just remember that this is the Farmers Friend and that is enough. The price and the quality are both right.

"Cheap" house
paint is a luxury
for the rich man only

If you have loads of money . . . if you can afford to buy twice as many gallons . . . if you can pay the cost of burning or scraping off the old paint every two years or so—and the added cost of frequent repainting . . . then you are rich enough to use a "cheap," low price house paint.

But if you want to make every dollar count—to get value for your money—then you'd better buy the best house paint money can buy—SWP. It costs no more in the beginning—and much less in the end.

Come in and let us tell you the truth about the exorbitant cost of "cheap" paint.

GUARANTEED!

SWP is guaranteed to look better, last longer, cost less per job and less per year than any house paint on the market.

WEST RAYLAND

(By Special Correspondent)

Mrs. Buck Clark was shopping in Vernon Thursday.

Elmer Key and family went to Wichita dam fishing Saturday.

Mr. and Mrs. Owen McLarty spent Saturday with her parents, J. D. Jobe and wife, of Vernon.

Mr. and Mrs. W. A. Walker of Mission spent Thursday night and Friday with J. E. Young and family.

Travis Davis and wife and Miss Eva Mae Derrington went to Denton Thursday and returned Friday.

Owen McLarty and family spent Sunday with Mr. and Mrs. Tom Russell of Crowell.

Miss Virginia Leak of Pasadena, Cal., is spending the week with her cousin, Mrs. Owen McLarty.

Will Zackery and family of Vernon spent Sunday with Will Clark and family.

Mr. and Mrs. Frank Ward attended church at Thalia Sunday.

Mr. and Mrs. R. B. Prescott entertained the young folks with a party Saturday night. Those present were, Eula Mae Gregg, Jessie Martin, Earl Shipworth, Ora Davis, Homer and Ira Martin, Hazel Jordan, Horace and Jerry Young, Velma and Louise Ladd, Pete and Jesse Gregg.

Merman Jordan and wife of the Rio Grande Valley came Wednesday to make their home with her parents, Mr. and Mrs. Couch.

Sam and Glendon Russell of Crowell are spending the week with their aunt, Mrs. Sallie McLarty.

Luther and Frank Ward left Saturday for Stanton to attend the funeral of their mother.

W. A. Walker and J. E. Young returned Wednesday from a business trip to the Plains.

George Moore and family of Thalia visited Owen McLarty and family Monday.

The rain and wind storm Sunday night did considerable damage to the orchards in this community and a few car sheds were blown to pieces.

Mrs. Dora Gregg spent Friday with her mother, Mrs. J. E. Young.

Statistics assert that lynchings are getting fewer each year, but so far no one has advanced any statistics on the number of husbands that are murdered each year.

Astronomers who are continually finding a new universe of stars have nothing on us when we accidentally bump our heads.

SICKLY, PEEVISH CHILDREN
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 25c. Sold by

Ferguson Bros. and Reeder Drug Co.

In the monkey house at the zoo it is interesting to note the remarks made by the curious people looking into the cages, but fortunately no method has yet been devised to register the thoughts of the monkeys peering out from the other side of the bars.

The expectancy of life has been increased more than a dozen years in the last quarter of a century, despite the opinion to the contrary that the automobile has lessened it.

Willing Workers Class
The Willing Workers Sunday School Class of the Baptist church enjoyed a picnic Monday night at the picnic grounds south of Pease River. Mr. and Mrs. John Myers were sponsors of the enjoyable affair.

A beautiful lunch was served and was followed with various types of games. Those present were: Allison Self, Mildred Nicholson, Rosalie McDaniel, Claudia Carter, Nona Owens, Ola Carter, Annie Lee Long, Ruth Black, Maye Andrews, Martha Schlagal, Bernice Schlagal, Kate White, Raymond Burrow, Sidney Miller, Guw Wells, Floyd Thomas, Edwin Greening, Byron Reese, Mack Boswell, Ed McDaniel, Edward Huffman and the host and hostess, Mr. and Mrs. John Myers.—Contributed.

QUANAH COTTON SCHOOL OPENS JUNE ELEVENTH

The Quanah Cotton school, conducted by L. Roy Ross, buyer and classifier, and Mrs. Granville Womack, secretary and bookkeeper of the firm of Eugene B. Smith & Co., will open June 11th, lasting for a period of four weeks. The course will include instruction in the fundamentals of the cotton business, including classing, stapling, financing, buying, selling, bookkeeping and the making of invoices, drafts and other documents in connection with successful merchandising of cotton. In addition, a number of successful cotton men will give lectures covering the various phases of the cotton business.

Pupils are being enrolled from the trade territory of the following cities: Quanah, Chillicothe, Vernon, Paducah, Childress, Crowell, Hollis, Altus, Eldorado, Olustee, Matador and Roaring Springs, and will include not only those who are ambitious to become cotton men, but also, merchants who frequently buy cotton, and successful farmers who appreciate the advantage to them of a better knowledge of cotton values and merchandising.

This is truly an age of specialization and our success in any business is dependent upon close observation and study of changing conditions and our ability to meet them intelligently. This condition is borne out by the fact that in America, fifteen percent of the corporations make ninety percent of the profit. The survival of the fittest is being exemplified as never before in all lines of endeavor. This is particularly true of the cotton business.

Quanah Cotton School

Beginning June 11, ending July 7—Four Weeks. Will teach cotton classing and stapling—also the fundamentals of the cotton business, which include invoicing, drafts, shipments, bills of lading, etc. Instructors have had several years experience, and are now connected with Eugene B. Smith & Co., of Quanah. We are equipped with the same facilities that State Schools have and are closer home. Board and room are very reasonable in Quanah. For further information, please communicate with Marguerite Womack, Instructor of Bookkeeping; L. Roy Ross, Instructor of Cotton. Tuition \$50.00.

Box 966, Quanah

METHODIST CHURCH

All regular services at the Methodist church Sunday.

ALLEN CHEVROLET COMPANY

QUALITY AT LOW COST

The Foard County News

KIMSEY & KLEPPER
Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, June 8, 1928

It seems that Foard County ought to have a building and loan association. Organizations of this kind are perfected in the smaller towns and operated with success and satisfaction. The home association keeps thousands of dollars of interest at home, which would otherwise leave the county.

There will be no labor problem here in the harvest of this year's small grain crop. What is saved will be harvested with combines, but even with an ordinary crop this has come to be no problem at all as it once was. The combines have made it possible to save crops with few laborers.

Should work soon start on the highways through the county it will relieve the effects of the crop shortage, but as yet there is nothing definite as to the matter. In the meantime we will continue to pay our taxes with which to build, whether we build roads or not.

In all probability we shall have the privilege of hearing all the candidates for United States Senate. Candidates for the higher offices have sometimes passed Foard County up, but they are going to have to come and be one of us for a few minutes if they get their share of the 2,000 votes of the county. And when they do come we ought to turn out and give every one of them a good hearing. We have heard Blanton and Owsley.

The Texas Panhandle wheat crop is comparatively a failure this year, but Kansas has a big crop. Well, it would not do for all the wheat belt to make a bumper crop the same year, for it would make the price too low. This is Kansas' year. Maybe the next one will be ours, and in the meantime the land is storing a new supply of what growing elements.

The Vernon Record reports that there are 1,000 tourists going through that city daily. Most of these, it seems, are going up the Gulf-Colorado Highway into the West. They will continue to go that route until the Lee Highway is paved across Texas. Then this town and the others west of here will get a large share of that traffic, possibly most of the transcontinental travel, because it will be the direct route into the heart of the West and over the Great Plains country. We hope to learn some of these days that all the monkey wrenches have been cleaned out of the machinery, new repairs made where cogs have been broken and that the wheels will begin to turn towards the completion of the highway. But we can go right along with our part of it just the same—paying taxes.

**Mrs. J. B. Withers
Died Tuesday in
Ft. Worth Hospital**

Mrs. J. B. Withers, aged 31, daughter of J. H. Ayers of Margaret, died in a Ft. Worth hospital Tuesday, June 5, following an operation. The body was brought to Margaret where funeral services were held yesterday afternoon at the Baptist at 2:30 o'clock. Following the funeral services interment was made in the Crowell cemetery.

Before marriage Mrs. Withers Miss Metta Ayers and was reared in this county. Her sudden death is a source of sadness to her relatives and many friends in this county.

AN ADVANTAGE

There are several advantages in trading at this place. One is that you get your groceries at the lowest prices at which they can be sold. Another is that you buy quality groceries at reasonable prices. Still another is that you do not have to go over town and get your meat at one place and your groceries at another. We have the most modern and up to the minute sanitary meat market in all this country and right here you can buy what you want for the table in groceries or meats.

Our business is growing nicely, but we have room for more customers and want to add them to our list.

Frigidaire
is economical in the
use of current

Low operating cost is a source of constant satisfaction to Frigidaire users. This is one factor of tremendous interest to stores, factories and other large users of automatic refrigeration. And in this field Frigidaire is the choice of an overwhelming majority. In judging an automatic refrigerator, current consumption should be given careful consideration.

[The combination of many factors have made Frigidaire the choice of more buyers than all other electric refrigerators combined]

Frigidaire is the powerful automatic refrigerator

Frigidaire is quiet

Frigidaire is adaptable to every home and commercial use

Frigidaire food shelves are at a convenient, comfortable height

Frigidaire household cabinets are artistically beautiful

Frigidaire is a Product of General Motors

Frigidaire is low in price

Experience a Dear School

Experience is too dear a school. It costs too much as a general rule. And the safest way for us to choose is the successful way that others use. It's up to us to apply the thought. The man who prospers must be wise. And use the experience of other guys. The First State Bank may know about Some little thing to help you out.

THE FIRST STATE BANK

CONOCO ETHYL

The YARDSTICK
for COMPARING MOTOR FUELS

THE quickest way to appreciate the superiority of Conoco Ethyl Gasoline is by direct comparison. You know the results you get from ordinary gasoline. So the next time the tank is empty fill up with Conoco Ethyl and note particularly these outstanding points of superiority:

1. No knocks.
2. Smooth, even flow of power.
3. Quicker acceleration.
4. Greater speed and pulling power on the long, hard hills.
5. Practically no vibration and no overheating of the motor.

Conoco Ethyl Gasoline is a combination of Conoco, the extra miles gasoline, and Ethyl brand of Anti-Knock compound—developed by General Motors. It is the standard—the yardstick for comparing motor fuels. A gasoline better than Conoco Ethyl has yet to be made.

Fill at the Conoco Ethyl pump.

Her Dreadful Past

The Amazing True Story of a Girl Patricide

PERHAPS you recall reading in the newspapers the case of Gretchen, the girl who poisoned her father—and then, at her trial, refused to utter a word in her own defense. You read of her conviction and incarceration. There, apparently, the story ended. But really it was only the beginning of one of the most amazing human dramas ever enacted.

In prison Gretchen performed her duties in utter silence; nothing interested her; she kept to herself—an outcast branded for life.

Then Mary Howard came to the prison to teach. Her heart went out to the little daughter of the July

sums. She tried, by kindness and encouragement, to make Gretchen feel that she was not a pariah but a girl like other girls.

At first Gretchen feared and distrusted her; but later with her head in the kindly teacher's lap, her body wracked with sobs, she told for the first time the dreadful story which had she told it to the jury, would probably have resulted in her acquittal.

The complete story of the events leading up to her dreadful crime, her trial, imprisonment, eventual parole, and the glorious success she is now making of her life, is entitled "Out of the Shams" and appears in July True Story Magazine—now on sale. Don't miss it!

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

Fort Worth—More than one hundred airplanes are expected here June 18, 19 and 20, for an Airplane Review in connection with the Tenth Annual Convention of the West Texas Chamber of Commerce in Fort Worth. E. B. Buckner, Jr., Industrial Commissioner of the Fort Worth Association of Commerce, is in charge of plans for this event.

The program is incomplete but will include a grand parade at 10 o'clock each morning. The planes will take off at 10:01 each day and will fly over the city. In the afternoon there will be stunt flying, parachute jumping and other features. One of the oldest planes in use will be here, as will the very latest models. It promises to be one of the biggest airplane reviews ever staged in the United States. Still another feature will be a barbecue for the aviators. Already returns indicate at least one hundred planes.

Miles—The Runnels County Bankers Association will meet here in July.

Big Spring—Final plans have been made for the West Texas Press Association meet in this city June 13 and 14.

Pertales, N. M.—Capacity of the local cheese factory is to be doubled upon arrival of new equipment.

Mineral Wells—Sam Miller is new president of the Texas Press Association and his city is host to the 1928 State Convention.

Mobeetie—The annual celebration at Old Fort Elliott is scheduled for June 6 and 7.

Perryton—The insurance rate of Perryton has been reduced from 56 cents to 47 cents.

Wink—The oil town of Wink has incorporated with J. R. Ostrum as first mayor.

Turkey—A mammoth rail celebration is planned for opening of the South Plains railway extension.

Midland—A beautiful site for Midland's new grade school building has been donated as a memorial to the late John M. Cowden.

IS FRIENDLINESS A SCIENCE?

A college professor told an audience of school teachers that the greatest human problem in the world today is the problem of living together.

But is it a problem after all? Is it not simple unless we make it complex?

The science of living together is, after all, not a science at all.

It is friendliness. Nothing more. People who dwell in peace and happiness are friendly people. They make friends by being friends to others.

There is no secret about it. Reduced to its simplest terms, living together in peace and harmony is practicing friendliness to everyone, never harboring hatred and never questioning the motives of others.

Now and then, perhaps, you may find some perverse souls who refuse to permit you to practice the art of friendliness on them.

But in the long run, being friendly will overcome barriers that could not otherwise be scaled.

GAMBLEVILLE

(By Special Correspondent)

Ted Burrow came home Saturday from Abilene where he had been attending school the past term.

Mrs. Fulham of Ayersville spent Saturday with Mrs. Sim Gamble.

Mr. and Mrs. Wood visited relatives near Vernon Saturday and Sunday.

Mr. and Mrs. Dave Shultz took dinner Sunday with Mr. and Mrs. C. D. Haney of Talmage.

Mrs. D. W. Pyle of Crowell spent the week-end with E. W. Burrow and family.

Ninety-three were enrolled in Sunday School Sunday morning. It was a good attendance. Every one is invited to attend that do not attend Sunday School elsewhere and keep this record going. We also have singing every Sunday night.

Dave Shultz and Ed Self bought a load of maize each from the car at Crowell Tuesday.

Mrs. Tom Worley of Lorenzo visited Frank Gamble and family Saturday night. She is the only aunt that Mr. Gamble has.

Hugh Shultz and family, W. B. Shultz and family of Vernon, and Mr. and Mrs. Elmer Watts and baby of Iowa Park visited Sunday afternoon with Mr. and Mrs. D. M. Shultz.

Mr. and Mrs. Mack Gamble have moved into their new home.

Mr. and Ed Self and children spent Monday night with Mr. and Mrs. Mark Self of near Thalia.

Mr. and Mrs. George Ingle and little daughter of Sampel, Okla., visited Sim Gamble and family from Tuesday till Thursday. Mr. Ingle is a brother to Mrs. Gamble. They have been visiting in Fannin County and surprised Mrs. Gamble with a short visit.

Alex Neill, who has been attending school in Decatur, visited his sister, Mrs. Ed Self, Wednesday morning.

Mr. and Mrs. D. M. Shultz had for their guests Monday, J. L. Shultz and family, Jimmie Lee Roberts and Eudale Oliver, all of Thalia, and Monday night and Tuesday, Mr. and Mrs. Ray Pyle visited with them, and Tuesday afternoon Mrs. C. D. Haney and baby, Bernice Shultz and G. A. Shultz and children of Thalia.

COMMUNITY CLUB

The members of the community club spent the day, May 30th, at the home of Mrs. Will Erwin with Meses, Troy Erwin, Kelly Erwin, Will Erwin, Jim Cates, Frank Cates, Jim Shook, Tom Russell, Herman Gentry, Roy Todd, as hostesses. A delicious birthday dinner was served to the following members, whose birthdays came in the first half of the year: Meses, Pete Bell, Martin Mitchell, Hubert Brown, George Cates. Others present were Mrs. Roy Steele, Mrs. Jim Gribble, Mrs. Earl Steele, Mrs. J. E. Blakemore, Mrs. McLaughlin and McChandless, and Misses Victoria McDaniel, Elyven Steele.

The morning was spent in a social hour. In the afternoon Miss Victoria McDaniel gave several readings. Mrs. Blakemore played several piano selections, all of which was very much enjoyed. After several interesting contests the guests departed thanking their hostesses for a most enjoyable day.—Reporter.

DRIVE IN

And fill your gas tank with that GOOD GULF, let it be one gallon or ten gallons, the service is the same, none better.

But as important as is the service, let it not be forgotten that the product counts. In the final analysis it's the performance of your car that you want. That's what you get in that GOOD GULF. First, it shoots you out of a traffic jam in second speed. Then when you've struck a long smooth highway, notice how your motor settles down to a long-distance run with nary a sound. It is performance that counts! And gulf performance means POWER!

JOHNSON SERVICE STATION

TEMPTING FOODS FOR HOT WEATHER MENUS

Summer, with its accompanying hot weather, is the time when everyone likes a change of menu, something different and appetizing.

The natural tendency, of course, is toward ready prepared foods, served cold. This offers a tempting change of menu and escape from a hot kitchen, for the housewife.

Delightful lunches for picnics and outings can also be quickly prepared.

The shelves in our store are loaded with a pleasing assortment of high grade canned, bottle and package goods.

A Few Suggestions

Sardines, Cheese, Potato Chips, Boiled Ham, Cakes, Preserves, Peanut Butter, Mayonnaise, Deviled Ham, Sandwich Spread, Fresh Fruits, Minced Ham, Pickles, Crackers, Olives.

HUGHSTON GROCERY COMPANY

FARM CARE OF MARKET EGGS

(By F. W. Kazmeier, Bryan, Texas)

Practically all eggs when first laid are equally good quality. It is of course true that size, color, and shape of eggs are important factors, in a first class egg, however, these factors, must be controlled by breeding. Under average conditions all eggs are fresh when first laid. Soon after they are laid they deteriorate very fast, unless given the proper care. There is no way to convert a bad egg into a good one, the only thing to do is to keep it from getting bad.

Infertile Eggs
Pages after pages have been written about the necessity of removing all roosters after hatching season and thus producing only infertile eggs. Speeches have been made by the hundreds, blaming the roosters for several million dollars annual egg loss due to bad eggs. County Agricultural Agents and Home Demonstration Agents, have been appealing to the farmers with tears in their eyes, to help produce a better egg by removing the roosters from the flock during warm weather. Great trains have been run, showing the importance of producing infertile eggs.

In many States the politicians have been considering passing a law making it illegal to produce anything but infertile eggs in warm weather. The U. S. Department of Agriculture has spent thousands of dollars in printer's ink, paper, motion picture reels, etc., to further show why the rooster should be kept away from the laying hens out of breeding season. In railroad stations and court houses all over the country, colored posters have been put up to show the necessity of producing infertile eggs. In many cities and towns, everything but the fire department has been called upon to put on a "rooster day" or a rooster parade, merely to get the people to bring the surplus males to town and market them to help produce infertile eggs. County school superintendents have been enlisted in this work and have been getting the school children interested in the campaign. Boys and girls club work all over the State have been talking about the importance of producing infertile eggs.

Prohibition and Infertile Eggs
The infertile egg campaign has been just about as successful as prohibition. It is hard to understand why our egg producers cannot see the advantage of producing infertile eggs in hot weather.

It is not because they do not know. It is not because they cannot find the time, because in 30 minutes they can do the job. It is not because it does not pay, because infertile eggs bring more on the market than fertile ones.

The male birds will eat a great deal of feed between now and next hatching season. Old males are not desirable for breeding purposes, because young males are more vigorous and produce better fertility.

Columbian Club
Mrs. C. E. Ferguson was hostess to the Columbian Club May 30th in her beautiful new home on North Main Street.

After a short business session the program, "Columbian News," was given by those to whom subjects had been assigned: Editor-in-Chief, Mrs. J. R. Beverly; assistant editors, Society, Mrs. H. Clark; locals, Mrs. M. O'Connell; editorials, Mrs. N. J. Roberts; jokes, Mrs. J. R. Self; poet, Mrs. M. N. Kenner; log book, Mrs. J. L. Hunter; short story, Mrs. D. R. Magee; style, Mrs. W. R. Womack.

The hostess served brick ice cream, angel food cake and punch to club members and to the following guests: Mesdames Fannie Thacker, Alex Krause, Allen Sanders and W. C. Green.—Reporter.

TEXON TALES

It tells in some almanac or something about the Chinese or somebody punishing criminals by letting water drip on their heads, the criminal's head, of course, just a drop at a time, until the victim's skull wore out. Well, that's kinda like the worries of a postoffice. Just little things but enough of them is just too much sometimes, looks like. Some day some postmaster is going to lose the balance of his mind and get out a book about the size of a Sears Roebuck catalog and list all the post-office grief. When that happens if Congress or somebody would pass a law compelling everyone to read it that would be the best thing that ever happened to this country since Columbus or whoever it was that went fishing and run across America.

The "Splinters" (if anybody reads them) pulled a pretty good one last week about their screen wire. They said put it on your house and not on your ears. Now we have been reading the Whiz Bang and other educational magazines, and we see lots of stuff about what it is going to be like in this country in a few thousand years and it looks like that if we wear awnings and glass windows for the eyes the time may come when we can be equipped with screen doors also for the eyes and ears. Might be a good thing for some bird to get busy inventing such things and help the world progress.

We stole away the other day and went over to see what the country looked like on the other side of the Texas. They're run some of the wild hogs and cats out of part of that country and got a few pretty good oil towns. If there was anything that impressed us any more than the oppressive heat, it was the amount of doves. Now, the heat didn't affect us only temporarily but it is a fact they have lots of doves. An actual count showed there were from two to several doves every thirty feet and you can figure it out on paper that that is over a thousand to the acre for every thirty-five square miles. I used to worry about the guys going out around Crowell and killing off the doves. I was afraid they wouldn't hold out very long but I have found out that any guy about Crowell if he thinks he can exterminate the doves in one season he is wasting his time.

We will have to admit we are still having lots of rain all along, but what we are after is something that will boost the price of crude oil. Suggestions solicited.

Yours till August,
TEXON TATTLE.

NO INDIVIDUAL INDEPENDENT

No man can go through life living entirely independent of others with whom he is thrown in daily contact.

No woman can live sufficiently alone in our present complex civilization to be wholly independent of her neighbors and friends.

Yet we find men and women who take the attitude that whatever they do concerns no one else and who believe that they should be permitted to follow solely the dictates of their own judgment.

When a reformer or radical agitator starts out to rule the world, he finds certain established rules and practices developed because of the inborn traits of human nature, and he can not do just as he pleases.

Individuals find themselves in the same plight when they attempt to go their own way without regard for the rights or wishes of others.

Adopting a policy of respecting the opinion of others, and at the same time being firm in your own convictions, need not crush initiative or kill ambition.

Some of the most courteous people are at the same time the most pronounced in their own views, yet they do not attempt to enforce them on others, neither do they try to travel their willful ways through life, crushing and stamping out all who disagree with them.

Human rights are human rights, the world around, whether it be in the seats of the mighty or the humblest homes of the smallest community.

And where human rights are respected and where people are friendly and considerate of others—that's where we like to live.

That's the kind of a place that attracts desirable people and that's the kind of a place we all want to make our home communities.

Some fathers have their noses to the grindstone, which enables their children's noses to turn up.

America is said to be a country on wheels. A little more wheels in the head are needed by most of us today.

How much better off the country would be today, if there were more people laying bricks, instead of throwing them.

CHRISTIAN CHURCH NOTES

The minister, J. F. Powers, held his first service with the church last Lord's day. Preaching next Lord's day, morning and evening, as follows:

Morning 11 a. m.
Evening 8 p. m.
You are invited to visit the "Home-Like" church.
J. F. POWERS, Minister.

The Baptist W. M. S.

The regular business meeting of the W. M. S. met June 4th at the church with nine members of Circle No. 1 and ten of Circle No. 2 present. Devotional was conducted by the president. After song, prayer and reading lesson from 12th chapter Luke, a business session was held. One feature of the business was discussed and decision made to sponsor a banquet for the Rotary Club, which will be next Monday night at the church.

Every woman of the church is requested to help. The money will be added to the fund for seating the church.—Reporter.

The News overlooked the fact last week of Rev. T. M. Johnson's visit to our city. He holds the pastorate of the First Methodist church at Crosbyton and was passing through Crowell when he stopped to shake hands with us and extend greetings. He was pastor of the Margaret church for four years, which speaks more than anything else for the splendid work he did while at that place. He is loved by all our people in this county and every one is pleased to know that he is having splendid success in his new field.

Mrs. Roy Ricks and son, Roy Joe, are here from Newlin visiting the W. L. Ricks family. They had been to Stamford to visit her father and mother and are on their return trip home. They will be here the remainder of the week and Roy will come for them Saturday.

Mr. and Mrs. C. E. Hutchison and daughter, Reid, are expected to arrive here by auto from Covina, Cal., about June 16 for a visit with relatives and friends.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed.
