Thalia Farmers Gin Makes Some Improvements

Ten big dray horses were strung to a heavy wagon Monday loaded with a three-cylinder Fairbanks engine and upon inquiry we learned that the engine was going to the Farmers Co-Operative Gin at Thalia and is replacing the two-cylinder engine that was used last year. This is a 180 horse power machine, while the old one was 120 horse power.

Another item of improvement is the building of an unloading station. These improvements bring the plant up to the highest standard of modern equipment and puts it among the very best plants in West Texas.

Big Dairy Show Is in Line with Texas Progress

Plans are going forward swiftly to make the first annual Southwestern Dairy Show, which is to be held at Thalia in connection with the State Fair of Texas, Oct. 6 to 21, one of the most interesting and educational exhibitions of the great Exposition, according to Harry Olmsted, State Fair president.

"The directors of the Fair and the officials of the Southwestern Dairy Association, filled with the desire and purpose to aid the progress of the dairy movement which is sweeping Oklahoma, Texas and Louisiana and guided in their efforts by the best and most conservative dairy experts in the three states, will stage an exhibit next October which will show the best specimens of the various breeds of dairy cattle and display all of the appliances and supplies used in the most modern dairies in America," says Mr. Olmsted.

"Exhibitors from all parts of the country, knowing that the time for them to introduce their wares into new territory is at the very beginning of a movement, when they will have a clear field therein, are making the management for display easy. Cattle associations have volunteered to have their expert demonstrators at Dallas to inform prospective dairy farmers as to the advantages of the particular breeds of which they favor.

"Owners of prize herds, with blood-cattle to sell, will have their best animals on exhibition at the show in competition for the prizes, which, because of the Dairy Show, will, from now on, mean more than ever before. The Southwestern Dairy Show, a recognized institution, awarding prizes for dairy cattle, will, I believe, mean more to the breeder and exhibitor than did an award from the State of Texas alone.

"There will be keen rivalry. That rivalry is acknowledged. Hence the prize and single specimens sent to Dallas next October will be the best breeders can assemble.

"New exhibitors are especially urged to show, for everyone connected with the exhibit wishes to encourage small breeder and the individual farmer to get into the heart of the competition. They say there is no way where some of the premiums will fall and that the big fellows have no monopoly on the best animals."

Speaking Dates For Candidates

Following are speaking dates for next week:

Saturday, July 14, Good Creek.
Sunday, July 15, Black.
Monday, July 16, Crowell.
So far as is now known, the speaking dates at the 27th will close at the speaking dates in the county.

Miss Isabelle Klepper Married Recently

The marriage of Miss Isabelle Klepper of Los Angeles, Cal., daughter of Mr. and Mrs. J. L. Klepper, who are now visiting in Crowell, occurred on June 20th, and the following account of the wedding is taken from the Mesa News:

One of the lovely June weddings was that of Miss Isabelle Klepper, daughter of Mr. and Mrs. J. L. Klepper of 5701 Brynhurst Avenue, who became the bride of Melvin E. Swarner, son of Mr. and Mrs. A. C. Swarner of La Mesa, California, Wednesday, June 20th at 7:30 p. m., the ceremony taking place in front of the fireplace banked with ferns and gladiolus, Rev. N. J. Brubaker, uncle of the groom, officiated, while Mr. Klepper gave his daughter in marriage.

The bride's gown was of cream lace over pink satin. She carried a bouquet of pink roses, white sweet peas, and lilies of the valley, with sprays of maiden hair ferns, tied with tulle ribbons. Little Stanley Klepper, nephew of the bride carried the ring. Miss Bertha L. Soulsburg the maid of honor was in lavender organdie and carried lavender and white sweet peas with sprays of maiden hair ferns. Arthur W. Swarner, brother of the groom, served as best man, completing the bridal party. Only members of the immediate families and the bridal party were guests at the ceremony and buffet supper which followed. After a short trip north Mr. and Mrs. Swarner will reside at the home of the bride's parents, during the absence of Mr. and Mrs. Klepper on an eastern trip.

Pioneer Woman Called by Death

Miss Susan Duffel was born Jan. 5, 1854, in Fayetteville, Fayette County, Ga. Her mother died at her birth, and she was reared by her aunt. She lost her father in the Civil War.

She was married in 1872 to V. T. Johnson. They resided in Georgia until 1878, moving from there to Denton County, Texas. In 1890 they moved to Foard County where they resided until death.

She was converted at an early age and joined the Baptist church. She lived a Christian life and a shining example for all those who knew her loved her.

Her death occurred July 6, 1928, at the home of her son, A. L. Johnson, after having been sick over a year.

In the family were born twelve children, eight of whom survive. Her husband died March 3, 1920. All of the surviving children were at her bedside except one daughter. Of these there are three sons, five daughters, forty-five grandchildren and eight great grandchildren. The children are A. L. Johnson and T. V. Johnson of Crowell; W. W. Johnson of Chillicothe; Mrs. J. W. Vernon, Sedan; Mrs. Ed Thompson and Mrs. W. R. Ferguson of Foard City; Mrs. J. W. Beatty of Quanah; Mrs. Sam Morris of Altus, Okla.

Death Takes Little Mallie Hunter Tues.

After a period of illness lasting for more than two months, Mallie Hunter, 9-year old daughter of Mr. and Mrs. C. F. Hunter, died at the home six miles north of town Tuesday afternoon about 3 o'clock. Funeral services were held at the Methodist church Wednesday afternoon, after which the little body was placed in the Crowell cemetery.

SCHOOLS AND TOBACCO

The above may be a funny caption for a newspaper article, but it is suggested by a few sentences published in the Stamford Leader last week.

A school bond issue was on in Stamford and the Leader, supporting the issue, made the following statements: "We are not spending half as much money in Stamford for public school education as we are spending for candy, chewing gum, tobacco and cosmetics. It is demonstratable fact that we spend twice as much money in Stamford for tobacco in the course of a year as we spend for public school education. We afford tobacco, better schools, made so by better prepared teachers in better equipped and modern buildings."

Legion Auxiliary Organized Here

A meeting was called June 20, 1928, at 8 o'clock in the district court room by the Gordon J. Ford Post No. 130, for the purpose of organizing an auxiliary to the local post. The meeting was conducted by Mrs. Will M. Benton, 18th District Chairman. Eighteen women signed the application for charter.

The following officers were elected: President, Mrs. Hines Clark; 1st vice president, Mrs. Q. R. Miller; 2nd vice president, Mrs. Stanley Sanders; secretary-treasurer, Mrs. C. B. Morris; chaplain, Miss Frances Clark; historian, Mrs. A. Y. Beverly; parliamentarian, Mrs. D. R. Magee; Sergeant-at-Arms, Mrs. A. F. Wright. The first Wednesday afternoon of each month was selected for the regular meetings. It was decided to leave the charter open until September, in order that more women might have the privilege of charter membership.

After the business meeting Mrs. Benton spoke briefly of the aims and purposes of the organization and suggested plans for the work.

July 14th the Auxiliary met in regular session and adopted the constitution and by-laws for the organization, and discussed policies and plans to be followed.

Every woman who is eligible is urged to secure an application blank and present it as soon as possible, that the records may be completed. This is a hereditary organization and membership in it, especially charter membership, will mean much in later years when it takes its place in history with similar organizations.

Foard County boasts of a strong, enthusiastic American Legion Post, and it is to be hoped that the wives, mothers, daughters and sisters of the ex-service men will soon have an equally strong auxiliary.—Contributed.

Information Relative To Absentee Voting

Any qualified elector, who expects to be absent from the county of their residence on the day of election may vote subject to the following conditions:

At some time not more than ten days or less than three days prior to the date of such election, such elector shall appear before the County Clerk, and if not known by the Clerk shall be identified by at least two reputable citizens of such county, and shall deliver to such clerk their poll tax receipt or exemption certificate, and the clerk will deliver to them one ballot, which shall be marked by said elector and returned to the clerk.

Or at some time not more than twenty days nor less than ten days prior to the date of such election, such elector shall make his or her personal appearance before a Notary Public, and if unknown to said Notary Public shall be identified by two reputable citizens, and shall deliver to such notary public his poll tax receipt or exemption certificate, or if either is lost he can make an affidavit of same. Said notary public shall mail same to the County Clerk of the county of residence of such elector so named and upon receipt of the poll tax receipt or exemption certificate the county clerk shall mail to such elector one ballot for such elector not to be opened except in the presence of a notary public printed on outside of letter. Such elector shall make oath before such notary public that such ballot was marked by such elector apart and without assistance or suggestion of any person, which ballot shall be folded and placed in a sealed envelope together with such affidavit which shall be marked on the outside of said envelope "Official ballot of such elector," (giving such elector's name.)

NEW POSTMASTER TOOK CHARGE THE FIRST OF JULY

The new management of the Crowell postoffice took effect the first of July, Gordon Gribble being the new postmaster. Leo Spencer, who had been postmaster for a long period of years, resigned some months ago and Mr. Gribble secured the appointment to this place. The people of this county have had good postal service during Mr. Spencer's administration and we predict the same good service will continue under the management of Mr. Gribble. No other changes were made in the postoffice force.

Margaret School Bonds Are Sold

By some mistake in a recent issue of the News the statement was made that the Margaret road bonds had been approved. It should have said the Margaret school bonds, instead of road bonds. The error may have been slightly misleading to some and we are here making the correction.

Information has been furnished the News that the school bonds have been bought, the amount of the bonds being \$5,000, with county permanent school fund.

The issue was for the addition of two rooms to the Margaret building. This addition has become necessary on account of the increase in the scholastics of the Margaret district and with this improvement the school will be well provided with room necessary to take care of the situation at present and possibly for some years.

The Margaret school is having the same problem to solve that other progressive towns and communities are having, namely the providing of more room with the increased development and growth of the community.

The contract for the building of two rooms will be let at an early date so that the situation may be taken care of during the next school term to open this fall.

Mother of S. E. Tate Died Recently

The Henryetta Daily Free Lance carried the item of the death of Mrs. Emily Tate, who passed away at her home in that city on Saturday, June 30.

Mrs. Tate is the mother of S. E. Tate of Crowell and she had been ill for about 22 days when death came.

She was born in North Carolina July 20, 1847, was married to Geo. Tate in 1868. They were pioneers of the Henryetta country, having moved there in the year 1901. The husband died more than a year ago and seven children survive, all of whom were present at the funeral services. There were also 32 grandchildren and 54 great grandchildren. Mr. Tate also received a telegram Friday stating that a niece of his, Mrs. Everett Wadsworth, had died that morning. She was a woman only 22 years of age.

Contract Let for Bridge Building

The contract was let by the commissioners court Monday for the construction of three concrete bridges on the Crowell-Margaret road to the L. T. Stanford Construction Company of Fort Worth.

The cost of the construction of the bridges will approximate \$4,000 and work is to commence not later than July 20th and is to be completed within 25 working days.

BLACK

(By Special Correspondent)

Mr. and Mrs. W. W. Nichols spent Saturday night and Sunday with their son, Sherman, and family near Thalia.

Mr. and Mrs. Ed Andrews and son, William, and Dan McKown were in Wichita Falls last Friday.

Mr. and Mrs. J. A. Smith visited in the home of Mr. and Mrs. C. F. Hunter of Jameson Sunday afternoon.

Mrs. Clarence Carroll and children of San Angelo are visiting her father and mother, Mr. and Mrs. H. K. Mitchell.

Mr. and Mrs. Sam Mills of Crowell spent Tuesday with Mrs. Mills' parents, Mr. and Mrs. S. W. Gentry.

Mrs. C. E. Gafford and daughter, Miss Mary, of Jameson attended church at this place Sunday afternoon.

Olton Jones and Tom Nichols attended singing at Gambleville Sunday night.

Mr. and Mrs. Grover Cole and Miss Minnie Ringold of Crowell visited Mrs. G. W. McKown Friday night.

DIED AT SANITARIUM

Mrs. Dicie Leona Brodgan died at the sanitarium Tuesday night about 10 o'clock, the cause of her death being palagra. She is survived by her husband.

Funeral services were held at the cemetery Wednesday afternoon, Jim Vernon having charge.

The family consisted of husband and wife who were young, she being not quite 19 years of age. They have lived in Foard County less than a year.

Pledges to Cemetery Association Again Due

A meeting of the Cemetery Association was held at the Christian church Friday, July 7, and the following officers were re-elected: Mrs. Jack Roberts, president; Mrs. G. W. Walthall, vice president, and Mrs. R. L. Kincaid, secretary-treasurer.

We voted to continue the pledge plan adopted last year, and though our notices will be a month late it is understood we count our year from June to June.

Quite a number have already sent in pledges and these will help care for the salary of our sexton, which we have raised \$10 per month. We have nothing but the highest praise for Mr. Steele who devotes his entire time to this work. The members at this meeting voiced their sentiments in the strongest terms regarding the unsightly condition of the east road to the cemetery. Numbers of funeral processions follow this route, especially those from the north and east, and it's a matter of deep regret that this promiscuous unloading of city refuse has been allowed this side of the dump ground, and we hope that it may not only be stopped but the old accumulation cleared away.

Mr. Jim Gribble, Mr. Mitchell and Mrs. Maggie Magee were elected members of the executive committee and will be ready at any and all times to hear any suggestions or complaints pertaining to this work, and they in turn will advise with the sexton.

Send in your pledge and do your bit.

MRS. JACK ROBERTS, Pres.

House Burned Last Thursday

While the News was being run off the press last Thursday afternoon the house occupied by Clyde Baldwin and family in the northeastern portion of the city was destroyed by fire.

The fire department responded to the call but was unable to save the building, which was completely destroyed with most of its contents. A few articles of household goods are said to have been saved.

The family was in the field at the time the fire broke out and no one was at home. The cause of the fire is said to be unknown.

New Bon Ton Home Nearing Completion

The new concrete building to house the Bon Ton Cafe is nearing completion. Mr. Parker, operator of the cafe, thinks he will be serving meals in the new place of business by the first of next week.

The building joins the Shelton Cash Grocery on the east.

MARRIAGES

The marriage of J. H. Mabry to Miss Annie Cole took place at the home of Arthur Phillips of Thalia Monday night at 8:00 o'clock. Mr. Phillips performed the ceremony.

Mabry has been a resident of Davis, Okla., and the bride is the daughter of W. H. Cole of Margaret. They expect to make their home indefinitely in this county.

On last Saturday Walter Thomson was married to Miss Ruth Spears at the Methodist parsonage, Rev. W. R. McCarter officiating. The groom is the youngest son of Mr. and Mrs. W. F. Thomson and the bride is the daughter of Mr. and Mrs. A. B. Spears of this city. The young couple will make their home in Crowell.

Dr. J. M. Hill and family, Paul Shirley and family, M. L. Hughston and family and Mr. and Mrs. J. R. Beverly left Wednesday morning for an automobile trip to Yellowstone National Park. The two latter families expect to be gone about a month and will return home after visiting the National Park, while the Hill and Shirley families will continue their trip to California and will be gone perhaps two months.

Dr. Mildred V. Hanna is this week announcing as one of the practitioners of Crowell and Foard County. She is a daughter of Dr. and Mrs. J. J. Hanna of Quanah and graduated in 1927 from the medical department of Baylor University and since that time has been doing hospital work in Dallas. She has her card in this week's issue.

Valuations for Crowell School Show Increase

According to G. A. Mitchell, assessor for the Crowell public schools, the valuations for this year have increased practically \$100,000 over those of last year. For 1927 they were in round numbers \$2,100,000, but for the year 1928 they are \$2,200,000.

This is due largely to the fact that there have been a number of improvements in building, pipelines laid, railroad properties increased over those of the previous year. The increase will mean practically \$1,000 more money for school maintenance for the next term.

This condition indicates a steady growth and development. The increased finances, however, for school purposes need not be regarded as an increase in the margin of profit beyond the demands of the school, for the school is growing also, and that means more money with which to carry it on.

Orphans and Aged Members Woodmen Circle to Have Home

In the near future, Orphan Annie and other little orphans won't have to scuff around in the cruel cold world, for they may live at the Woodmen Circle Home for Aged Members and Orphans at Sherman, Texas.

That is, if one or both of their parents belonged to the Woodmen Circle, or if the children themselves belong to the Junior Circle.

Likewise, if Grandma is not well-off and is alone in the world, she may make the Woodmen Circle Home her home. Grandpa too.

That is, if they are members of the Woodmen Circle.

Sherman won the home location in competition with a score of other cities throughout the southern part of the country. Time and time again the national officers have stated that they can always count on the utmost cooperation from the Texas members. Texas sets a pace for the rest of the states in leadership, ideas, and spiritual cooperation as well as in regular and tremendous increases in membership. There is a combined membership of 38,776 in the state.

That the society has long appreciated this interest is shown by the fact that to date it has invested nearly \$5,600,000 in Texas State, county and municipal bonds.

At the present time a Texas architect is drawing up a plan for the ultimate development of the Home. A Texas engineer is making a topographic survey of the society's 214 acres. Work will soon begin on the administration hall and on a number of two-story brick cottages, each to accommodate fourteen orphans and a matron.

To make the old folks and the little orphans happy and comfortable, to take an interest in them, and especially to make them feel at home is the aim of the society which wants to get away from iron-clad "institutionalism."

Texas members have contributed \$10,359 in cash for the Home and have pledged an additional \$5,000. When National President Mary E. LaRocca and National Secretary Dora Alexander Talley toured Texas recently the members at meeting after meeting pledged to give for the Home, "A dollar a year for two years."

There has been much discussion in the state of concentrating the Texas donations into a distinct fund to provide, eventually, a hospital or some other outstanding gift at the Home grounds. If even a good percent of the members in this state make the \$2.00 donation the "Texas Gift" as many persons have called it, will materialize.

Mr. and Mrs. J. L. Klepper of Los Angeles, Cal., arrived in Crowell last Friday for a visit with Mr. Klepper's brother, J. W. Klepper, and other relatives and old-time friends. They had been visiting for a few days in Truscott with Mrs. Klepper's mother, Mrs. J. H. Westbrook. Mr. and Mrs. Klepper were among the pioneer settlers of this county, but have not lived here in 20 years. Until they moved to California eight years they had been living in Martin County on the South Plains.

YES Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

HOWEVER That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction.

OTHERS Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

AND That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field.

YOU Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.

Grips Interest; Ex-
ceptionally Well Acted

Mordant Hall in N. Y. Times

This picture grips your interest from the very beginning. . . . an exceptionally well acted piece of work. . . . Janet Gaynor's performance as Diane is true and natural throughout. . . . Never once does she falter in her difficult task. . . . She is winsome. Charles Farrell. . . . makes a splendid Chico. . . . You find that you like him just as much as you do Diane.

One of the joyous notes of this film, a masterly bit, is where Chico first brings Diane to his Seventh Heaven. You see them. . . . and the camera follows them as if you could see through the walls of the building.

Frank Borzage in directing this production has given to it all that he could through the medium of the camera. . . . A noteworthy sequence. . . . the stream of automobiles pouring along the narrow roads to turn back the enemy. This section of the film aroused considerable applause and it merited every hand clap it received.

Mr. Borzage reveals no little imagination in his work, and sometimes when it is least expected. He has a happy way of setting forth a touch of comedy at the psychological moment. At Rialto, Monday-Tuesday.

CHRISTIAN CHURCH NOTES

Services were dismissed last Sunday evening to attend the revival at the Baptist church.

The minister is preaching a series of sermons on the church. Hear him next Lord's morning.

We will begin a revival Aug. 3th. Sunday School at 10:00 a. m. Preaching at 11:00 a. m. Attend the "Home Like Church" J. F. POWERS, Minister.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by Ferguson Bros. and Reeder Drug Co.

High Praise For
"7th Heaven"

Betty Colfax in Evening Graphic

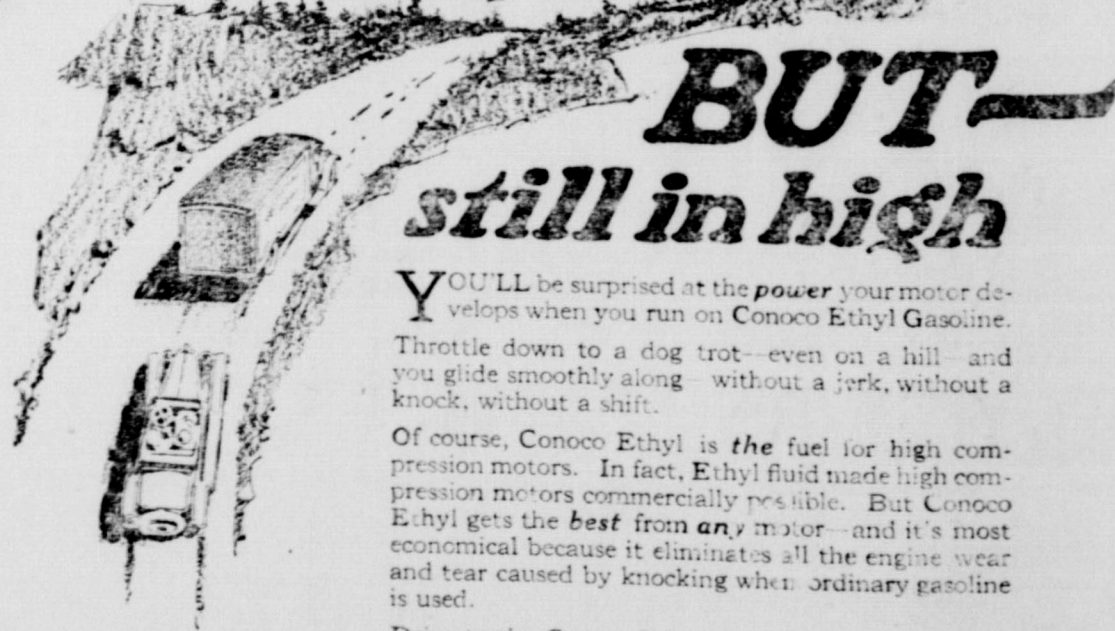

What a picture! It is one of the most beautiful things William Fox has ever done. It is life and love. A vehicle of triumph for Janet Gaynor and Charles Farrell. . . . It is one of the best pictures

of its time.

For the able direction, the artistic effect, the splendid continuity and the natural charm. . . . Frank Borzage deserves much praise. There are a score of tense dramatic moments.

The cast was splendid. . . . Every featured member did a good job. David Butler. . . . made a comparatively small part stand out by his excellent performance. At Rialto Monday and Tuesday.

Down to a Dog Trot

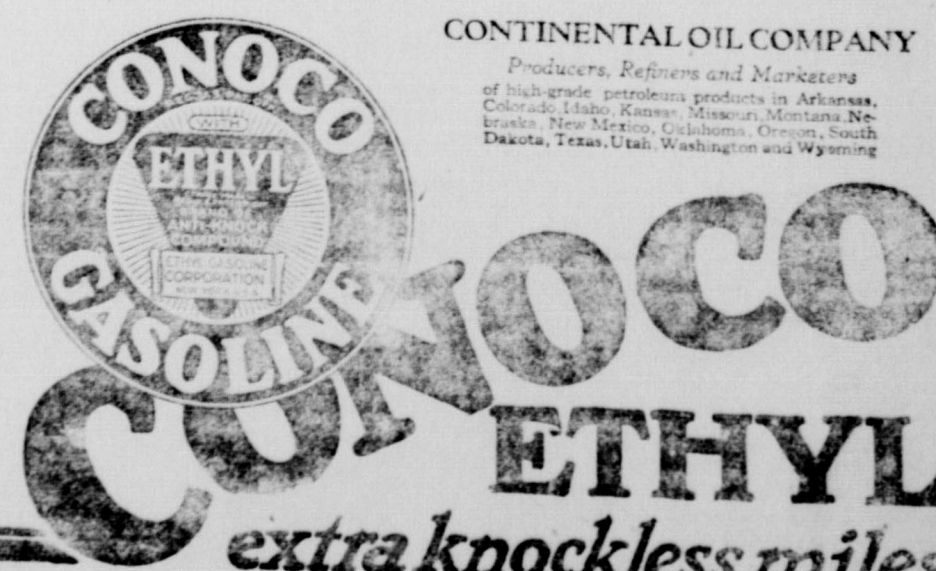

BUT—
still in high

YOU'LL be surprised at the power your motor develops when you run on Conoco Ethyl Gasoline.

Throttle down to a dog trot—even on a hill—and you glide smoothly along—without a jerk, without a knock, without a shift.

Of course, Conoco Ethyl is the fuel for high compression motors. In fact, Ethyl fluid made high compression motors commercially possible. But Conoco Ethyl gets the best from any motor—and it's most economical because it eliminates all the engine wear and tear caused by knocking when ordinary gasoline is used.

Drive to the Conoco Ethyl pump for extra knockless miles.

BIG SHIPS AND LITTLE

If you were crossing the ocean for the first time, your common sense would caution you to choose a large vessel for passage rather than a small one. You would feel much safer.

Likewise when you are choosing a bank in which to deposit your funds, that same common sense would caution you to choose a bank that is a large one in points of business, service and security.

Large—Yet Friendly

This bank is large enough to be absolutely safe, yet small enough to be friendly.

You are in the hands of friends when you do business with this bank, who take a personal interest in you and your financial problems.

Start your account today. You'll feel safer and be safer and profit by the splendid facilities that we offer.

"7th Heaven" is the inspiring story of Diane and Chico, who believe in each other and in a Divine Guidance. They are about to marry when the call to arms sweeps Chico along in the caravan of taxicabs which rushes French troops to stem the tide. At home Diane waits. Chico's comrades tell her he will never return. But, after tense months of hoping, Chico does come back to her. What happens then will grip the soul of everyone who sees this Fox masterpiece. BRADLEY Swim Suits

"Slip into a Bradley and Out-of-doors," means more than the words imply. So far as swimming is concerned, this phrase has come to mean, "Slip into a bathing suit that you will be proud to be seen in and free to enjoy yourself in."

The "younger generation" is finicky concerning the things they wear. That's why nothing but Bradley bathing suits and sweaters are quite good enough for today's young folks.

You will find a good selection of Bradley's at our store. See windows for display.

Frigidaire food shelves are at a convenient, comfortable height

Frigidaire household cabinets are not only beautiful, but practical. The arrangement of food shelves is practical—even the lowest shelf is sufficiently elevated from the floor to eliminate the necessity of extreme stooping. Frigidaire is designed to make housework easier and less fatiguing—a point that should be seriously considered in the purchase of an automatic refrigerator.

[The combination of many factors have made Frigidaire the choice of more buyers than all other electric refrigerators combined]

- Frigidaire is the powerful automatic refrigerator
- Frigidaire is economical in the use of current
- Frigidaire is adaptable to every home and commercial use
- Frigidaire is quiet
- Frigidaire household cabinets are artistically beautiful
- Frigidaire is a Product of General Motors
- Frigidaire is low in price

ON THE FARM

By the County Agent

A Good Barn Pays
 Joe L. Orr of Margaret was in the County Agent's office a few days ago, and in discussing the crop and general farm problems, took occasion to say that his barn was one of the best investments on his farm. Joe has a big barn all painted red and he hasn't seen the floor of that barn for three or four years. It has been full of feed. He thinks that he may be able to discover the floor of his barn if he misses a feed crop this year. During the good feed years his barn is filled with feed. A good barn will pay on any farm.

Another thing that is not neglected on the Orr farm is the chickens. There are 750 White Leghorns on the farm.

Seed Wheat
 The comparative wheat crop failure in the county will make good seed wheat hard to obtain, however, there are some who have kept enough wheat in their bins for such emergencies as this.

Efforts are being made to locate some good seed that will be available to those who will need it. Good seed wheat can easily raise the yield of a crop 2 to 8 bushels per acre. It is not always economy to plant the cheapest seed. Seed that is mixed, that is soft wheat and hard wheat, does not bring as good a price on the market as a pure seed. Which ever variety is wanted, special notice should be taken to see that it is as pure as possible. Special effort will be made through this office to locate some good seed at market price or as near market price as possible.

Poultry Culling
 Now is a good time to take special notice of the poultry flock. It may be possible to reduce the feed bill materially by culling out the non-layers. One flock of 200 hens was culled last week and 42 were removed. These 42 hens were put up in a pen for a few days and they laid only two eggs. Forty-two non-layers in a flock will soon eat the

profit. This flock had been taken care of. They were fed right and housed right. There were no bugs on them. Give the flock a good chance and then cull.

Are You Still Living in The Tar Bucket Period?

Grandfather carried a tar bucket under the rear of his wagon, from which he obtained the best lubricant he could find for his wagon spindles.

But today we have speedy efficient automobiles and trucks to replace the labor of horses. These demand lubrication that is as highly developed as the machinery itself but so many do not get it.

You are living in the tar bucket age if you do not use the best lubricants, such as we have. Get it here.

Drive in, let us grease, oil and gas your car and when you come back it will be not for complaint, but for a re-filling.

They called her a soulless "gold-digger" but

Do you remember the sensational breach of promise suit, a few years ago, by a humble flower-girl against her young millionaire lover and his wealthy mother? At the trial many ugly charges were hurled at the girl. She was called a "gold-digger," a blackmailer; a shameless creature who loved only money and the luxury money could buy.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

San Angelo—San Angelo is to be included on the scenic route of the third annual W. T. C. of C. motorcade.

Rowena—One of ten special dairy schools to be held in Runnels County during August is scheduled for this town.

Wellington—Approximately 200 people attended a judging contest held on a stock farm near here recently.

Ranger—Ranger and Ranger's trade territory is now being served by a vocational agricultural expert.

Canadian—Exhibits for the Hemp-hill County fair to be held here in September are being prepared by various communities.

Pampa—The Pampa fair will be revived this year and will be in session three days from October 11 to 13.

Littlefield—Baby chick raising in the Littlefield territory has added considerable returnable wealth to this vicinity.

Coleman—Indications are that the W. T. C. of C. board meeting here July 16 will be the most largely attended of any yet held.

Slaton—A \$40,000 gin is to be erected here, to have a daily capacity of 100 bales.

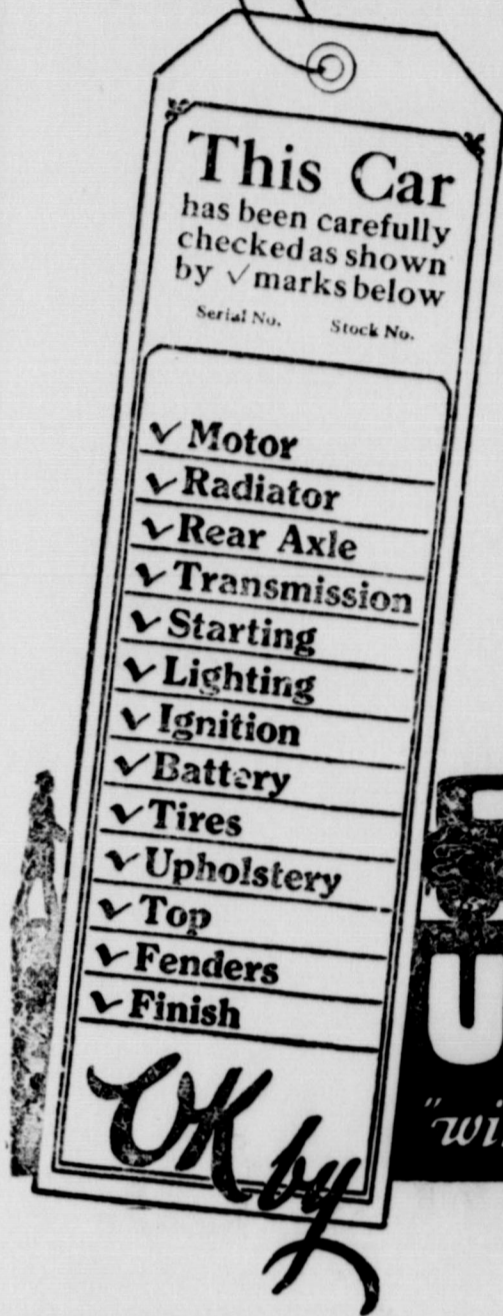

Ozona—The Ozona Cattle Show, held recently, attracted many entries.

Stamford—An article under a New York date-line says that Wall Street has its eye upon West Texas and that the effect of its prosperous condition is being felt.

Amarillo—Amarillo is one of the first cities to send inquiries on the W. T. C. of C. '28 motorcade to be staged in August.

Fort Worth—Following instructions passed by the 10th annual resolutions committee, a W. T. C. of C. representative has been sent to the

Anton—The Anton Chamber of Commerce is making efforts to secure needed enterprises in its city.

Abilene—Abilene entertained the State convention of Texas Business and Professional Women July 5, 6 and 7.

Follett—Follett is laying plans to ask for the next year's convention of the Trans-Canadian division of the W. T. C. of C.

Miami—Miami's recently organized Lions Club continues to be a leading factor in civic development and spirit of the town.

Sonora—The third annual motorcade of the W. T. C. of C. will attend the Ranchmen's Round-up here sometime during the two days event, August 14 and 15.

The woman who climbed those 1,358 steps in the Woolworth building the other day in 13 minutes, probably had an idea that there was a special sale of some kind on the top floor.

A town the other day advertised that they were going to build five miles of sidewalk. That is a waste of money. No one uses a sidewalk any more.

TEXON TALES

We ain't going to comment any bit on the ads this time. Look what the Rialto had after we got back at them. Just their name. Now we didn't mean nothing by what we said.

Somebody said the "bolts" was going to ruin the party. Maybe what is needed is more "nuts."

We think why Mr. Burnett is making his house out of white-face brick with red tile roofing is to match red, white-faced cows.

We see the Margaret postmaster raises corn. A desert oil-field postmaster can't raise nothing but cane.

Crowell is getting ahead of Texon by making pictures of steeple chases. All we've got is broadcasting stations. Most people have private ones in the back yard operated by dogs.

All the news we know of just now is that we are expecting C. E. Ball, formerly of Crowell, to move down here. If people knew how good a place this is it would about ruin

THE INFLUENCE OF WORDS

Every word that man utters, no matter how light or seemingly insignificant the word may be, has an influence upon himself and upon others. Whether the influence be good or bad depends upon the character of the word. Man instinctively knows the kind of effect that words will have upon his affairs. The matter of uttering only the right words then becomes one of discrimination and of watchfulness.

It is easy for negative words to

enter the mind; they come by suggestion from without, or as the result of error though within. High standards of thought and constant vigilance must be called upon to keep out those thoughts that are not conducive to our highest good.

Card of Thanks

We wish to thank our neighbors and friends for their kindness and help in the loss of our home by fire. We appreciate these things and pray God's blessings upon you.

MR. AND MRS. CLYDE BALDWIN.

Montague Will Surface Highway

As one drives down the highway to Dallas he finds many piles of gravel along the road in Montague County. On one section they were applying the gravel last Saturday as the writer went over the road.

Information is that a contract was let some time ago to the J. E. Ward Company of Dallas for the surfacing of the road through Montague from the Clay County line to the Wise County line.

The contract calls for a heavy coat of asphalt applied to a crushed rock base, which is now being placed. This is the second road base building on that road in the county.

In all probability it is not nearly so good as concrete, and may be more expensive to maintain, as one would judge from deterioration and wear of the same character of road in Wise County, but it will beat mud. When this is completed Crowell will be within 26 miles of a hard-surfaced road to Dallas where there will be no mud to encounter at any time in the year. It is practically that now, because Montague's only strip is pretty well graveled.

No. 11

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co.

R. J. ROBERTS,
Manager.

E. B. McBurnett, bookkeeper for Splinters, is spending a few days with his parents at Brownfield, Texas.

Mr. E. V. Cato of Thalia was in Crowell last Saturday to purchase some rock board to line one of his houses with. We fixed him up with Crown Board which is a full three-eighths wrapped edge board and makes a first class job.

Our old friend, J. F. McMillan, who now lives at Abilene, Texas, is spending a few days in Crowell visiting with friends and relatives.

We put the "U" in service—if we serve "U" well, we will also SERVE US well.

Do not forget to call us when you need a carpenter for a few hours work, or for that little repair job. We will help you get just the man to fix it. Call 107.

Home ownership is easier today than it ever was before. Usually it is possible to pay most of the cost of building a new home in small amounts by the month like rent. We will be glad to assist you in plans for financing yours.

Our efficient Water Superintendent Grover Cole is sporting a new Ford roadster.

Young Thing: "And what do you think of trial marriages?"

Veteran: "I must be frank—all marriages are trial marriages."

We were just wondering—could a fellow who is crazy over electricity be called an electric fan?

"Can Johnny come in for half price? He's got a black eye."
"No, you'll have to pay double for him. It will take him twice as long to see the picture."

Getting a husband is like buying a car—you have to consider the trade-in value.

"Why, I'll have you cured of the measles in a week."
"Now, doctor, no rash promises."

"Where are you running?"
"To stop a fight."
"Who's fighting?"
"Oh, me and another fellow."
