\$2.00 A YEAR

Rolls Show Gain Over Last Year In Valuations

According to the record at the assessor's office the taxable valuations for the year 1927 were \$5,129,170, while they are \$5,300,630 for this year, which shows an increase of \$171,460.

The local taxes for the rural schools of the county are as follows:

Name	Amount
Four Corner, rate \$1.00	\$2,738.00
Gamble, 50c rate	1,266.60
Fish, 75c rate	1,286.62
Margaret, \$1.00 rate	3,208.50
Black, 75c rate	1,291.10
Vivian, \$1.00 rate	3,352.00
Ayersville, \$1.00 rate	1,231.50
West Rayland, \$1.00 rate	2,103.40
Foard City, \$1.00 rate	4,585.35
Clayton, 75c rate	950.44
Beaver, 75c rate	763.61
Good Creek, 50c rate	1,114.20
Wilbarger Co. Line, \$1 rate	723.00
Knox Co. Line, 50c rate	105.75

Following is the amount provided from the 15 cent special road fund for each commissioner's precinct:

No. 1	\$2,079.06
No. 2	2,181.27
No. 3	1,912.96
No. 4	1,783.61

LONG-MILLER

Miss Annie Lee Long and Mr. Sidney Miller were quietly married in a beautiful double ring ceremony at the home of the bride's mother, Mrs. J. S. Long, last Thursday night at 8 o'clock. The ceremony was pronounced by Rev. W. R. McCarter, pastor of the Methodist church, before about twenty friends and relatives of the young couple.

Preceding the marriage ceremony, Miss Ola Carter, accompanied by Mrs. F. C. Brooks, sang "Beloved." Following this number the bride marched to the beautiful altar accompanied by her brother, John, at the strains of Mendelssohn's Wedding march, played by Mrs. Brooks. Miss Mildred Nicholson, maid of honor, preceded the bride to the altar. The groom marched to the altar accompanied by Gordon Gribble, best man. The bride was beautifully attired in a very attractive white wedding gown and carried a lovely shower bouquet of roses and lilies of the valley. Miss Nicholson wore a charming pink dress and carried an arm bouquet of pink gladioli.

The double ring ceremony was pronounced by Rev. McCarter after the bride had been given away by her brother, John Long. The ceremony took place under a most beautiful altar decorated with pink roses and fern.

Following the wedding, the bride, attired in a tan and brown going-away costume, with brown accessories, left with her husband for a short wedding trip.

The newlyweds are popular members of Crowell's younger set and have a host of friends who wish them much happiness. Mrs. Miller is a native of Crowell and is a graduate of Crowell high school. She has also attended Simmons and Texas Christian Universities. Mr. Miller is an enterprising young business man of Crowell, having recently formed a partnership with F. C. Brooks with the City Tailors. He has lived in Crowell most of his life and is the son of Mrs. E. Hopkins of Spur.

Mrs. Miller was "Miss Crowell" at the recent West Texas Chamber of Commerce Convention at Ft. Worth, and her husband acted as her escort at that time. The young couple will make their home in the residence adjoining the home of Haskell Norman.

Out-of-town relatives at the wedding were: Mr. and Mrs. A. E. Williams and Mr. and Mrs. B. G. Brown, all of Fort Worth.

MARRIAGE LICENSE

Sept. 27, Harry Welch to Elizabeth Vechera; Sept. 29, Charlie Hinkle to Oree Phillips; October 2, R. L. Bradburn to Desma Hicks; October 3, Sidney A. Miller to Annie Lee Long.

Concrete Contractors Here to Start Work

Crouch and Noland, contractors for the concrete work on the Lee Highway east of Crowell, are here ready to start work.

These men also have the work on the Lee Highway from Paducah east.

Football Team Met Defeat Last Friday

The Crowell high school football team met defeat by a small margin again last Friday when Chillicothe beat them 13 to 6. Although all of Crowell's opponents together have averaged only one touchdown to the game in four games, she has until yet to score a victory. The three Creighton brothers playing in the backfield for Chillicothe were the thorns in Crowell's side, as they slashed several end runs off to gain the first touchdown, but the second touchdown could have been very easily avoided by Crowell if they had stayed away from passes, but the game would have ended 7 to 6 in Chillicothe's favor, as Crowell failed to score her extra point. The Crowell boys opened up with passes in the last few seconds of play to only have a Chillicothe man to intercept one and race thirty yards for her second touchdown. Crowell registered her touchdown early in the last quarter by line bucks. Spears carried the ball over for the touchdown. Guy Todd and Ewin Lankford showed up the best for Crowell, while Spears, Rogers and J. D. Todd played a steady game.

Crowell plays the next two games away from home against two mighty strong teams, Megargel and Burk Burnett. Megargel, next Friday's rival, defeated Iowa Park 36 to 0 last Friday, while Burk Burnett was beating Seymour 18 to 12.

Foard Co. Teachers' Institute October 18-19

Program for Foard County Teachers' Institute to be held October 18th and 19th:

Thursday

Invocation—Rev. Powers.
Songs arranged by Miss Patton.

High School—Training for citizenship, directed by I. T. Graves.

Primary and Intermediate—Extra activities in the curriculum, directed by Miss Thelma Shaw.

Art—Mrs. F. A. Davis.

Noon.

Music arranged by Mr. Hartman.

Address.

Recess.

Reports from Interscholastic League Directors.

Gas Installed in the Court House

There will be no more carrying coal by the janitor into the court house with which to heat up the boiler this winter. All he will have to do will be to light a match and turn on the gas. In a few minutes steam will be passing through the pipes to the different offices in the building. Pipe connections were made this week for the installation of gas.

CATTLE SHIPMENTS

J. W. Bell and Sam Russell each shipped a car of cattle Monday to Fort Worth. Grover Hays shipped a car to Fort Worth Saturday.

Plumbers to Have Convention Here Saturday, Oct. 20

The plumbers of this part of Texas are to have their next bi-weekly convention in Crowell, according to a letter received by O. O. Hollingsworth from George Winburne, Secretary of the Master Plumbers Association of Northwest Texas. The date of the meet will be Saturday, October 20, and the time of the day will be 7 p. m.

These meetings are held somewhere in the district every two weeks and Crowell is selected as the place for the date above designated. Representatives will be here from the various towns over the district, including several counties. It is expected that at least 25 or 30 will come from other towns.

The meeting place has not yet been decided upon but will be by the time the next issue of the News is printed. It will then be published, as will also a program.

Interested Only in Rate to the Farmers

The News carried an item in last week's issue relative to a conference of representatives of this section of the country and the Texas Railroad Commission. The meeting was held at Fort Worth, the purpose being to secure reduced feed rates for this section.

The article stated that the Denver road does not favor a reduction. It should have been stated further that no consideration will be given any except the farmers. There is still some hope that their interests will be considered but those who are not engaged in farming can not hope to get the benefit of reduced rates. And it remains to be seen whether or not the farmers get it or not.

In case they do the rate will not be sufficient to aid very much. At the present time we are told that the rate on maize by the top from the Plains country is \$5.75, and a half rate has been asked for, which would mean a saving of only about \$3.00 on the ton. At the price this feed is selling at now on the Plains, \$12 or \$14 per ton, it would cost about \$18 laid down, provided the transportation rate is granted. Of course that much would help some and even though it is small it is hoped that consideration will be given the farmers of this country.

ON THE FARM

By the County Agent

Cow Peas Enrich Land
S. M. Tole of Thalia is in town this week exhibiting some nice maize heads and also selling peas. Mr. Tole has been on the same farm since 1913. It is a sandy soil and produces extra well. He has made a practice each year of planting cow peas with his feed, usually planting two rows maize and two rows of peas. Mr. Tole thinks that every farm should have some cow peas of rotation that will keep the fertility of the soil renewed.

Treating Seed Wheat for Smut
W. G. Chapman is treating his seed wheat with copper carbonate dust. Mr. Chapman thinks that the comparative small cost of treating the seed is worth much as a guarantee against smut. The copper carbonate dust treatment is the most effective. It takes about two to four ounces of dust per bushel. It is best applied by putting the seed to be treated in an airtight container, such as a barrel or an old barrel churn and rotating long enough that the seed are thoroughly coated with the dust.

Testing Milk
Several men have availed themselves of the opportunity of testing their cows' milk for butterfat. Roy Todd, J. L. Kinchloe, W. E. Emery, Carl Zeibig and others. Some of the cows tested have made an exceptional high test. They have all maintained a pretty fair average. It is hoped that in the near future that we will have a cow-testing association in this county where the "boarder cows" can be taken out of the herd. The cow-testing association with the Babcock tester is the only sure way.

Ford Dealers of Six Towns Met Here Friday Night

Representatives of Ford agencies from six towns met at the Self Motor Company's place of business here Friday night the purpose of which was to promote a spirit of co-operation among Ford agencies.

W. C. Proctor, assistant manager of the Dallas branch of the Ford Motor Company, was here and showed a Ford picture entitled "Wake Up." Mr. Proctor was accompanied by Harry Mustard, W. B. Malcolm and W. S. Erskin, all of Dallas and officials of the company.

Representatives of Ford agencies at Vernon, Chillicothe, Quanah, Paducah, Matador, Benjamin and Crowell were in attendance, the number being 75 in all.

According to information given us Ford will soon be in full swing on motor car production. He is said to be turning out now about five thousand a day. By the first of the year he expects to be leading all manufacturers of cars in production.

Over \$400 Taxes Paid First Week

Monday a week ago was the first day of October, when the tax collector was ready to accommodate those who wished to attend to the important matter of paying their taxes, and I. R. Denton was the first to pay and paid on the first of October. One week afterwards when Monday the 8th had closed the books showed that there had been paid \$469.81.

Usually October is the lightest of the four months during which taxes may be paid and January is the heaviest.

Dave Sollis and Family in Wreck

Dave Sollis and family were in an automobile wreck as they were going home Saturday night from Crowell, the accident occurring near the home of John Coffey about a mile east of town.

A truck with a mounted house and a trailer behind was coming west and was on the wrong side of the road but started to pull out for Mr. Sollis when his engine went dead before he had gotten over, and Mr. Sollis not knowing that he had a trailer behind plunged into it while it was partially on his side of the road. The Sollis car was turned over and some of the family considerably bruised. At first it was thought one of the girls was seriously injured but when she was brought to the hospital it was found that her injuries were not serious.

The man who was driving the truck was a transient and offered no help the victims of the wreck, but went on west. He is thought to have detoured around Crowell but was seen on the highway west of town later in the night by residents of that section.

Road Hog Crows Women Off Highway

Mrs. C. V. Allen and Mrs. A. F. McMullan with their children were crowded into the ditch Tuesday night by a road hog driving a truck.

The women had been to Vernon and were returning home and had gotten to J. W. Bell's place east of town when they met a truck carrying several men. The driver kept the middle of the road and Mrs. Allen was forced into the ditch. Fortunately no serious harm was done. A few minor bruises were sustained by some of them and slight damage was done to the radiator of the car. Who the hogs are is unknown.

New Location Made for Matthews No. 3

A new location was made last week for Matthews Well No. 3 north of Thalia, to be put down by the Fain-McGaha people. The location is 450 feet from the line of Sam Russell's property and 450 feet west of the road running north of Thalia.

It has been discovered many times that women who marry to become pets, usually lead a dog's life.

Chillicothe Car Wrecked Friday

A bunch of young people from Chillicothe who had been to the ball game here between Chillicothe and Crowell Friday had a wreck when they started home.

The accident happened just in front of Hamp Carter's home a half mile north of town when the car attempted to pass Teddy Carter who was driving a truck and who had swung his truck to the left of the road to make the turn in home. The Chillicothe car, moving in the same direction as the truck, started to pass the truck on the wrong side. The result was a collision which almost wrecked the Chillicothe car. It belonged to Edgar Harris of that city and was a Dodge sedan.

Some of the occupants received severe bruises and cuts but none were serious. We failed to learn the names of the occupants.

Cicero Simth Lbr. Co. Start Building

Work was started this week on the new office building and ware house for the Cicero Smith Lumber Company, which will occupy the site of the old one, but will be extended at the rear.

The entire length of the building will be 140 feet, and will be of stucco with a brick front. Carpenters started to tear down the old building this week, commencing at the front, while the office will occupy the rear of the old one until the front portion is ready for use.

L. I. Saunders has the contract to do the work. It will require about two months to complete the work and get it all ready for use.

Large Crowd Goes to Santone Meet

It is a little difficult to get the names of all the Crowell boys who went to the big National Convention of the American Legion at San Antonio. Those who are known to have gone are Curtis Ribble and his family, Dr. Hines Clark, Eb Scales, Q. R. Miller and wife, Jake Wright, Frank Kirkman, Clyde B. Graham, Cap Morris, Ed Manard, A. Y. Beverly, Grady Thacker, Dee Roberts and wife, and Jim Shook.

City Bakery Sold to Coleman Man

O. W. Orr of Coleman is the new owner of the City Bakery. The deal was made last week and the property transferred from J. Q. Lankford to Mr. Orr, who is now in charge of same.

Mr. Orr is a bakery man of many years experience. The fact is he says he has been in the business all his life. He expects to have something to say through the News from time to time about what he will have to offer the public. He wants the people of the trade territory to come to see him and get acquainted. He will make Crowell his home.

Mr. Lankford has not made known his plans for the future.

"The King of Kings" Is in Every Country

To be shown here.
Cecil B. DeMille's personally directed Pathe special, "The King of Kings," nationally released in over 300 theatres in the U. S. on Sept. 30, is now being shown in every civilized country in the world.

In France it is being shown under the title "Le Roi des Rois"; in Hungary "Kiralok Kiralya"; in Norway "Kongernes Konge"; in Holland "De Koning der Konigen"; in Brazil "O Rei dos Reis"; in Sweden "Konungarnas Konung"; in Germany "Der Konig der Konige"; in Mexico "El Rey de los Reyes"; in Cuba and Spain "El Rey de Reyes"; in Poland "Krol Krolow"; in Portugal the same as in Brazil; in Belgium the same as in France; in Italy "Il Re dei Re"; in Finland "Konungarnas Konung"; and in Denmark "Kongees Konge." The meaning of all the titles is the same as in English.

Women take better care of their hands than men. This is not true, however, of a poker hand.

A physician has advised that everyone should wash his head once a week—even if they are not used much.

Democratic Rally to Be Held Here Friday Night, 12th

Circulars have been printed announcing the coming of Hon. R. E. Taylor of Wichita Falls, former United States District Attorney, who will speak at Crowell tonight, Friday, in the district court room in the interest of the Democratic national ticket.

Mr. Taylor is said to be a very fine speaker. There will likely be other speakers here, one of whom is said to be a woman, but the name of the speaker has not been given.

The people should give these speakers a hearing, it matters not how you stand on the campaign. If everybody agreed with them it would not be necessary for people to go to hear them speak. The aim, as we understand it, is to rally the Smith forces and if possible recruit them from the ranks of those disinclined to support the ticket.

Saginaw, Mich., Home of Chevrolet Foundry

Saginaw, Michigan, one of the finest industrial centers in the middle west because of its proximity to Great Lakes water transportation, is fast regaining the fame it knew back in the rugged days when it was the timber capital of America.

Today, Saginaw is the home of the Chevrolet foundry with a pouring capacity of 1,000 melting tons a day. The first of next year, by reason of intensive construction work now progressing, Saginaw will be the home of one of the world's largest foundries with a capacity of 2,000 tons a day, and will boast one of the world's most modern inland docks at which pig iron and sand will be unloaded from lake points to be cast into millions of Chevrolet castings.

Foundations for the 212,364 foot addition, which will almost double the present floor space, are now completed.

As early as December 1, it is anticipated, the foundrymen will be at work in their new quarters. And by the time the ice breaks on the Great Lakes next spring, the great 650 foot dock will be receiving the lake freighters with a loading capacity of 40,000 tons a month.

The present foundry, originally the Grey Iron Foundry of the Saginaw Products Company, a subsidiary of the General Motors Corporation, was built in 1919 and was taken over by the Chevrolet Motor Company in September, 1927. Prior to that time it had been specializing on Buick, Oakland and part of Chevrolet's cylinder block and head castings.

The present foundry in the relatively small space of the present buildings, has been showing a daily output almost the equal of foundries with three and four times the room and double the man power. Arnold Lenz, superintendent of the Saginaw foundry, and generally credited as being responsible for the remarkable output record, says that concentrated effort, more than revolutionary equipment, has accounted for the showing.

The new foundry, however, Lenz says, will introduce several innovations. There will be many labor saving devices. The new cupolas will be so constructed as to be capable of 20 consecutive hours operation instead of the nine they now operate. Mechanical charging of the furnaces will be another new feature.

Preparing for Rail Hearing on Reduced Feed Rate

Considerable data is being gathered by the chamber of commerce to present to the railroads and if necessary to the Texas Railroad Commission relative to securing a reduced feed rate for this section. Other towns in about ten counties of this section are co-operating in this matter. At present it looks as if it will be necessary for a formal hearing to be called in this matter as the railroads have not reached an agreement for lowering the present rate which brings the cost of feed to be shipped into Crowell at a cost of about \$5.75 per ton, from the Plains.

An early hearing is in prospect and at one of these hearings, the action on any matter depends on the evidence offered by witnesses and all steps are being taken to be fully prepared for such a hearing.

MARGARET

(By Special Correspondent)

Mr. and Mrs. J. L. Orr went to Clarendon Friday and returned Sunday. Mrs. Orr's mother, Mrs. R. Blevins, came home with them.

Mrs. Mosetter Chery has gone to San Angelo to be with her daughter who is sick.

Mrs. Ben Stokes and children visited in Thalia last Sunday.

Born to Mr. and Mrs. Leo Owens October 7th, a girl.

Mr. and Mrs. Roy Pressley of Henrietta visited her sister, Mrs. Charlie Blevins, from Friday till Sunday.

John Wesley went to Oklahoma City to hear Al Smith speak. He also visited several other places while he was gone and returned home last Friday.

Ed Dunn, Hardy Taylor and Worth

Hunter went to Memphis Sunday. Mr. and Mrs. Henry Ross and Mr. and Mrs. John Welch of Crowell visited in the home of George Wesley Sunday afternoon.

Grandma Hunter and Wes Hembree are on the sick list this week.

Mrs. Cora Bradford returned Saturday night from Maysville, Okla., where she has been all summer.

Mrs. Emma Bradford, Mrs. Pearl Taylor, Misses Itha B. Tamplin, Betty Jo and Jewell Bell Dunn and Ramona Taylor of Quanah took dinner Sunday with Miss Alma Wesley.

J. Y. Bradford moved his baby from the hospital at Crowell Monday to the home of his mother, Mrs. Suddie Bradford, of this community.

Mrs. George Kampen of Houston is visiting her daughter, Mrs. Roy Ayers.

J. L. W. F. and Leo Hlavaty and families of Thalia visited in the J. H. Ayers home Sunday.

Miss Margaret Taylor of Moheette dismissed school for cotton picking and came home for her vacation.

Grandma Boman is visiting her daughter, Mrs. C. O. Nichols, near Black.

Mr. and Mrs. S. E. Mills and John Henry Kenner spent a month on their vacation. They visited San Angelo, Big Spring, Alpine and a number of other places. They returned last Thursday.

Mrs. G. E. Davis is visiting in Ft. Worth a few days.

Mrs. Charlie Wishon of Crowell spent Tuesday visiting relatives here. S. J. Boman made a business trip to Bowie Tuesday night.

VIVIAN

(By Special Correspondent)

Mr. and Mrs. L. L. Nixon and children spent Sunday in the home of Mr. and Mrs. A. J. Nixon of Vernon.

Grandmother Cooper left Sunday of last week for Oklahoma where she will visit.

Mr. and Mrs. J. A. McLaren and children of Abilene spent from Friday until Sunday of last week with his parents, Mr. and Mrs. W. L. McLaren of this community.

Beno Whatley and Miss Woodard of Wichita Falls spent Sunday with his parents, Mr. and Mrs. J. E. Whatley.

Charlie Patton of Pampa spent Sunday in the home of Mr. and Mrs. Expert Fish and family.

Mr. and Mrs. Allen Fish and children visited in Childress Sunday.

Mrs. J. E. Fish is visiting in the home of her son, H. H. Fish, of Paducah.

BLACK

(By Special Correspondent)

Ed Free and wife of Chillicothe visited his parents, Mr. and Mrs. J. T. Free Thursday.

Mr. and Mrs. Haden Ford and family left last week for Wheeler County where they will pick cotton.

Ralph McCoy and Venson Hall attended the sophomore class party at the home of Mary Frances Self in Crowell Friday night.

Mr. and Mrs. S. E. Gover spent last Thursday and Friday with their daughter, Mrs. J. J. McCoy.

Lee Hall and children, Howard and Grace, of Decatur spent Saturday night with his brother, C. D. Hall, and family. He was taking his daughter to Labbock to attend school there.

Mr. and Mrs. Herman Gentry and daughter and Mr. and Mrs. Sam Mills and daughter of Crowell spent Sunday afternoon with Mr. and Mrs. S. W. Gentry.

Mrs. G. W. Allison of Crowell spent Monday afternoon with her mother, Mrs. Pechacek.

Mr. and Mrs. Frank Moore and daughter of Crowell visited Mrs. W. D. Stubblefield Sunday afternoon.

Mrs. Albert Bishop of Burkburnett has been visiting her mother, Mrs. W. D. Stubblefield, the past week.

Mr. and Mrs. J. J. McCoy and son, Ralph, spent Sunday with Mrs. McCoy's parents, Mr. and Mrs. S. E. Gover, of Crowell.

Mr. and Mrs. Clyde McKown and daughter, Dorothy, of Crowell spent Sunday afternoon with Mrs. G. W. McKown.

Miss Opal Mae Carroll of Gumbleville spent Tuesday night with Miss Ventilla Hall.

Louie Henderson returned last week from near Amarillo where he had been working in an oil field.

Louie Henderson and family of Amarillo have been visiting his mother, Mrs. Lizzie Henderson, the past week.

Mr. and Mrs. Cecil Smith returned Monday from Fort Worth where they had been working.

Rev. W. R. McCarter of Crowell will preach at the school house Sunday afternoon.

RAYLAND

(By Special Correspondent)

Rev. W. A. Reed of Baker will preach at the Rayland Baptist church Sunday. Every member of the church is urged to attend.

Those who are on the honor roll at the Antelope school for the first month's work are as follows: Mrs. Ira V. Younger's 7th grade pupils, Evelyn Beazley, Marie Abston, Margie Davis, Cecil Curry, James Frazer and Norris Fleming; 6th grade, Sunshine Austin and Delou Caldwell; Miss Ruby Key's 3rd grade pupils, Rosa Lee Conrod; 4th grade, Lela Petty, Mary Ellis Taylor and Luther Caldwell; Miss Zelma Russell's pupils, 2nd grade, Doris Edwards and Iona Campbell; 1st grade, Louise Tuggle. The high school honor roll will be reported on the basis of every six weeks.

Pete Gabin took Mrs. M. E. Bushon to her home at Childress Sunday after she had visited for several days among relatives here.

Horace Lambert made a business trip to Crowell Wednesday.

There will be a Halloween box supper at the Antelope school house Saturday night, Oct. 27th. Every one is invited to attend.

Mr. and Mrs. Oscar Holland, Mrs. J. C. Davis and daughters, Ora and Margie, Mrs. Bill Barrett and Mrs. J. C. Greenway spent the week end with Charlie Parker and family of Dill City, Okla.

Hoyt Brinkley and family of Quanah spent Sunday with Mr. and Mrs. L. D. Mansel.

Dr. R. D. German underwent an operation for a growth in his side Wednesday morning of last week at Dallas. He is doing as well as could be expected.

Mr. and Mrs. B. P. Abston took her sister, Mrs. J. I. Rennels, to her home at Quitaque Wednesday and returned Friday.

Bob Price and family of Roaring Springs spent the week-end with his mother, Mrs. Martha Price, and children.

Designed by Chevrolet Engineers to Fit the Chevrolet Car

SPECIAL 15-POINT WINTER TUNE-UP

1. Install New Improved Chevrolet Heater.
2. Clean all spark plugs and set gaps to proper clearance for winter driving.
3. Tune up and adjust breaker points to proper clearance for winter driving.
4. Check and adjust ignition timing.
5. Adjust valves.
6. Drain carburetor.
7. Clean carburetor screen.
8. Adjust carburetor for winter driving.
9. Tighten intake manifold bolts.
10. Check and tighten water hose connections.
11. Adjust fan belt to proper tension.
12. Grease water pump.
13. Clean generator commutator.
14. Adjust generator 3rd brush for winter driving.
15. Road test car.

all for \$10.00

including all material and labor.

Here is certain winter comfort for Chevrolet owners at a special bargain price—for we have arranged to install one of the new Chevrolet heaters as a part of our special 15-point winter service combination!

This New Improved Chevrolet heater was designed by Chevrolet engineers especially for the Chevrolet car. It has undergone thousands of miles of testing on the General Motors Proving Ground—and has proved more than satisfactory in every test. At thirty miles an hour it delivers enough heated air every two minutes to completely fill the average Chevrolet car! And it is easily regulated, as you drive, to meet the requirements of any weather.

Our special service combination includes the routine service your car needs before winter—as shown at the left. And it will save you both time and money. Bring your car in today!

ty, had been killed instantly. Those visiting Mr. and Mrs. D. M. Shultz Sunday were: R. C. Johnson and family, R. R. Pyle and family of Thalia, Hugh Shultz and family, Robbie Shultz of Vernon, Dave Shultz and wife and Walter Shultz. Mrs. Zerrel Mason and little daughter, Mrs. Truett Neill, Mrs. G. A. Neill, visited Mrs. Ed Self Wednesday. Ed Self and Dave Shultz were Crowell business visitors Wednesday morning. Mr. and Mrs. Sim Gamble and son, Sim V., attended church at Lockett Sunday and took dinner with Rev. and Mrs. Frank McNair. In the afternoon they met Mrs. Easter Butler at Vernon who has come to stay with Mrs. John Gamble of Crowell who is in ill health. Buck Odle is helping T. D. Edwards with his cotton picking. Mr. and Mrs. Marion James are entertaining a new baby in their home.

WEST RAYLAND
(By Special Correspondent)

Mr. and Mrs. Pete Gregg entertained the young folks with a party Friday night. Those present were, Misses Josie Martin, Zelma and Gus Russell, Christine Prescott, Gracie and Bonnie Crisp, Maurine Farrar, Loraine Attaway, Era Mae and Oneta Derrington, Hattie Lura and Margaret Prescott, and Messrs. Buster Crisp, Lester, Ira and Homer Martin, Oran and Burt Capeheart, Duch and Pete Tuggle, Horace and Jerry Young, J. D. Simmons, Harris and Joe Price, Henry Meadows, Prof. Ira V. Younger and wife, Mr. and Mrs. Louis Selvidge and wife and Mrs. Laura Crisp. Mrs. Hiram Jones spent the week with her son, Hugh, and wife of Fargo. Mr. and Mrs. Will Overton and daughter of Harrold, Sam Leak and wife of Vernon and Miss Vera Lee Jobe spent Sunday with Owen McLarty and family. W. B. Durham is very ill. Mr. and Mrs. O. Bootenhammer of Antelope spent Sunday with Mr. and Mrs. Owen McLarty. Albert Jones and wife of Thalia spent Saturday night with his parents, Hiram Jones and wife. Mr. and Mrs. Henry Meadows and baby of Levelland came Thursday for a few days visit with her parents, Fred Belev and wife. Ralph Gregg and Thelma Young visited relatives in Childress Sunday. Those who attended the Al G. Barnes Circus at Vernon Saturday were: Mr. and Mrs. Cap Adkins, Owen McLarty and family, W. C. Funk and family, L. D. Mansell and family, Mr. and Mrs. Bill Jordan, Mr. and Mrs. Alfred Schroeder, Horace and Jerry Young, Mr. and Mrs. A. C. Crisp, Norris Fleming, Mr. and Mrs. Ira V. Younger, Mrs.

The A B C of Vitamins
Cod Liver Oil

A
Oh, fine and fat was Ralph the rat.
And his eyes were a clear cold gray.
How mournful that he ate less fat
As day succeeded day.
'Til he found each cornea daily hornier,
Lacking its Vitamin A.
"I missed my Vitamin A, my dears,"
That rat was heard to say.
"And you'll find your eyes will keratinize
If you miss your Vitamin A."

B
Now polished rice is extremely nice
At a high suburban tea,
But Arbutnot Lane remarks with pain
That it lacks all Vitamin B.
And beri-beri is very, very
Hard on the nerves says he.
"Oh, take your Vitamin B, my dears!"
I heard that surgeon say:
"If I hadn't been fed on standard bread,
I shouldn't be here today."

C
The scurvy flew through the schooner's crew
As they sailed on an Arctic sea.
They were far from land and their food was
Canned,
So they got no Vitamin C.
For "Devil's the use of orange juice,"

The skipper had said, said he.
They were victualled with pickled pork, my
dears,
Those mariners bold and free.
Yet life's but brief on the best corned beef
If you don't get Vitamin C.

D
The epiphyses of Jemima's knees
Were a truly appalling sight,
For the rickets strikes whom it jolly well likes
If the Vitamin D's not right.
Though its plots we foil with our cod liver oil
Or our ultraviolet light.
So swallow your cod liver oil, my dears,
And bony big babes you'll be.
Though it makes you sick, it's—a cure for
the rickets
And teeming with Vitamin D.

In Puretest Cod Liver Oil you get the maximum amounts of Vitamins A and D. In bread, through the yeast it contains, you get Vitamin B. In orange juice you get Vitamin C. The "epiphyses of Jemima's knees," when effected by rickets, are promptly improved by daily doses of Puretest Cod Liver Oil, which is easier to take than the oil mentioned above. So there you have the A, B and C of Vitamins in a nutshell.

NOTICE

Notice to tax payers of Crowell Independent School District: Owing to the heavy expense of operating our school and to the shortage of funds at the beginning, we appeal to you to pay your 1928 school taxes now. To do this, you will help the Board wonderfully, besides retiring a tax obligation. Pay your school taxes first and other taxes later, as our school must go on. Signed: BOARD OF TRUSTEES.

GAMBLEVILLE
(By Special Correspondent)

Mr. and Mrs. Watson of Crane City are helping C. E. Stewart with his cotton gathering. Mrs. Mollie Free and children took Mr. and Mrs. Edward Brock to their home in Fargo Saturday and returned Sunday. Wiley Jonas and family took supper Sunday night with Mr. and Mrs. F. J. Jonas and attended the singing at the school house. Mrs. Sim Gamble received a telegram from Blythe, Calif., Monday that her brother-in-law, J. W. Scroggins, a former resident of this coun-

A. W. Crisp and children, Woodrow Danson, Loyd and Jim Whitten, Ross and Vera Corzine, Bill and Funk, R. L. Garrett and Homer Cribbs. Mrs. Buck Clark and Mrs. E. V. Courtney visited Mrs. J. D. Long of Vernon Saturday. V. L. Parkhill and family, Mr. and Mrs. Buck Clark spent Sunday with Joe Jordan and family of Antelope. Bill Coffman and Wallace Seales made a business trip to Idalou Saturday. Mrs. Ralph Gregg returned home Sunday after a week's visit with her sister, Mrs. Nora Brown, of Childress. W. W. Adams and wife of Tolbert and Mrs. A. W. Crisp were dinner guests of J. E. Young and family Sunday. W. A. Walker of Mission visited J. E. Young Monday. Mr. and Mrs. Owen McLarty spent Saturday with J. D. Jobe and wife of Vernon. Oscar Brown of Fargo spent the week with his sister, Mrs. R. B. Prescott, and family. E. V. Courtney and family spent Saturday night and Sunday with Mr. and Mrs. Hamp Clines of Tolbert.

THALIA SCHOOL NEWS

Know Your School—its aims, its ideals and its accomplishments. It is of primal importance that the patrons of a school be informed at regular intervals of the progress of their school—that they be given first hand information relative to what is being attempted and the degree to which its aims and ideals are being realized. It is through the courtesy of the editors of the Foard County News that this medium of giving to you the school news is made available.

Thalia Consolidated High School now has four units of affiliation, viz., English I and II; Algebra I and II. Material will be submitted to the State Department of Education in the spring asking for several additional units of affiliation. The exact number is as yet undetermined as this depends upon the school's financial ability to meet the State's requirements in regard to equipment.

Approximately 75 per cent of the number of scholastics enumerated in the census are enrolled in school.

The attendance has fallen off this week due to quite a number of the pupils having to pick cotton.

Another shipment of text books arrived this week. The school has been handicapped in its work due to a shortage of books. Some classes are still short of texts.

The first meeting of the P. T. A. was held on the fourth Tuesday night in September at which time an interesting program was given and the needs of the school discussed. The next meeting will be Tuesday night of this week.

The school board has had a new water tank made and it is hoped that the new watering system will be in operation by the first of next week.

The boys' basket ball team promises to be above par this year. Thus far they have played two games and have won both.

The girls have organized a basket ball team and are coming out for

practice. Even the faculty is not immune to this great sport. The lady members of the faculty have two games matched, one for Thursday of this week, the other to be played next week in Crowell with the lady teachers of that place. The school board has not yet received a challenge.

A pedestrian on the sidewalk is worth two of them in the street.

The straight and narrow path is plenty wide for its traffic.

They say that snakes will not bite under water, and you will find many fishermen who will also say the same thing about fish.

Entered at the Post Office at
Crowell, Texas, as second class mat-
ter.

Crowell, Texas, October 12, 1928

Our old friend Albert E. Smith is gaining on Mr. Hoover, according to the straw vote being taken by the Literary Digest. This is just as we had expected. New York City has come in now with 102,539, while Hoover gets only 65,305 in that city. The latter, however, leads Smith in Chicago and Philadelphia, Chicago giving him 48,522 to Smith's 37,671. Philadelphia voted a little stronger and gave Hoover 63,877 and Smith 44,790. According to the vote received from the states Smith is carrying all that have been heard from except, Alabama, Arizona, California, Connecticut, Idaho, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin and Wyoming. The following states are giving Smith a small lead over Hoover: Georgia, Arkansas, Louisiana and South Carolina. It is reasonably safe to predict at the present time that Smith will be elected if he gets enough votes. On the other hand it looks a little like Hoover might make it if he does not lose his supporters. Figuring that Hoover has run a hundred yards, Smith is only about fifty behind. We like to have forgotten to say that Will Rogers has polled 621 votes and Andy

Gump 71. The total vote polled for Hoover is 1,201,869, while that of Smith is 688,829.

Some of the recent automobile accidents that have occurred could have been avoided. Indeed the bigger per cent of them in our opinion need not have happened. There is a risk run when one takes the wrong side of the road when not passing another car or vehicle. Not only is the driver endangering himself or some one else, but he is violating the law. But it is not half so bad to take the wrong side and then move over when another car is met as to take the middle of the road and keep it. We like an Arkansas razor back better than we do a road hog who will crowd you into the ditch. We would not advocate lawlessness, but a handy six shooter would be nice to have handy in such case with which to puncture Mr. Hog's tires.

Road work is expected to start in the county within a short time, which will mean the employment of several men and the expenditure of considerable money, which will be quite helpful to the country in a financial way.

The rains are not coming as we had hoped they would, and it looks like there will be no wheat pasture this fall and winter. We have had some fair rain indications but they have passed without giving us any moisture.

The Crowell school board is making an appeal to tax payers to pay their school taxes now in order that the school may be relieved of the present financial stringency. In all probability there are those who can pay their school tax now and if they will just think considerably of the matter and help the board we are sure it will be appreciated.

Candidate Rides with Royal Pomp

Possibly some of our good friends who are supporting Al Smith for president did not see the article herewith printed, and therefore do not realize how nicely fixed up he was in his great western trip. So, for their benefit we beg to submit the following from the Brooklyn Eagle, an independent Democratic journal. This was printed about the time his great western campaign was launched and goes to show how great a man he is. It follows:

Probably no candidate for president has ever traveled in such luxurious fashion as Governor Smith. The train on which President Coolidge went from Washington to Key West last winter, en route to Cuba, was made up of crack equipment but it was not comparable to this.

Beginning at the head of the train there is first a baggage car filled with trunks and stacks of "literature." This "literature" is in bales and boxes and will be thrown out across the country in the manner of a paper chase. The Governor will leave behind him a trail of pamphlets and brochures, exchanging and extolling his career. The second car is equipped with two high tables running its entire length, on which mimeograph machines have been installed. These machines will grind out the texts of Mr. Smith's speeches and other campaign announcements. Expert mimeographers are aboard to work them. The third car is a drawing room sleeper. The fourth is a dining car, on which 24-hour service will be available. Behind that a number of compartment sleepers in which newspaper correspondents are accommodated. An observation car, with an enormous table, is ready for the Governor's use for purposes of conference. Finally comes William F. McKenney's private car, St. Nicholas. And at the tail end of the train is a big illuminated sign with the legend: "The Smith-Robinson Victory Special."

The train generally gives an impression of purple carpets, taupe upholstery, circassian walnut, fresh paint and Saratoga vichies, not to

DETROIT JEWEL GAS RANGE
"They Bake Better"

This slogan, branded on every Detroit Jewel oven door, is supported, well supported by the following facts.

The choice of six million homes during 63 years.

Bake biscuits with the oven door wide open.

With oven 550 degrees of heat inside will not scorch newspaper on outside.

Wilcolator gives perfect oven heat control. Set the dial, continue your work or lie down, return at stated time and food is cooked perfectly.

Fresh air intake at bottom of oven—absolutely no mingling of flavors.

Patent oven circulation provides 17 inches heat travel over ordinary oven.

Elastic Porcelain enamel oven lining lasts indefinitely.

EVERYTHING FOR THE FARM AND HOME
Hardware, Furniture, Implements
Plumbing and Sheet Metal

VOICE OF THE PEOPLE

The time is near at hand when the people of the nation will express at the ballot box their approval or disapproval of its public servants and national policy.

When the public speaks it always is portentous, significant and consequential. Whether the verdict applies to national politics, a public utility, a private business or an individual. It is an incontrovertible force in which judgment the victor or the victim must abide.

The public demands, and is entitled to service—good service and constructive service—no other kind will develop confidence and trust or perpetuate loyalty and patronage.

This sort of service forms one of the basic principles upon which the West Texas Utilities Company is founded. It is with pride that we point to the thousands of satisfied customers who stand loyal and steadfast. We like to believe that it is a commentary to our unswerving efforts that our industry continues to grow and thrive in such gratifying proportions.

West Texas Utilities Company

mention the reference libraries and 240 typewriters screwed down for newspaper use. There is even Milburn McCarthy, 14, a page in the United States Senate, to run errands.

The troupe has some interesting personalities apart from Governor Smith and his family. For example, Bruce Kremer of Montana, former disciple of William G. McAdoo, is aboard, thus proving that Mr. Kremer knows an onion on sight. Former Senator Gilbert M. Hitchcock of Nebraska is another guest, presumably on account of having once been chairman of the Foreign Relations Committee of the United States Senate.

Santa Claus Has Come
Mr. Hitchcock will be available in case some Kansas farmer wants to know about the "equalization principle," ordinarily known as Article X.

The "St. Nicholas," in which Gov. Smith will travel is an appropriate name. Santa Claus has come at last to the Democratic party. No Democratic candidate for President ever enjoyed such magnificence as this. In fact, no such train has crossed the United States since Queen Marie of Rumania descended upon the Middle West. When passengers boarded the train in New York last night a carpet was laid on the platform from the gate to the train.

All this has John J. Raskob, Democratic campaign director, accomplished with his campaign budget of \$4,000,000 without turning a hair. The newspaper correspondents have even brought dinner jackets for use in the higher altitudes.

So it can be said with truth that the period of William Jennings Bryan, the tradition with which he permeated his party, has finished. This train is simply a symbol of a great change. The train is as new and bright and smart as General Motors; it has an efficient, eastern and correct atmosphere. If prosperity is a myth, as Governor Smith claims, this train at least gives no suggestions of a deficit.

Timber Lost by Insects

The standing timber of the country suffers a serious loss by reason of the operations of various insects which, either destroy the wood or damage it to such an extent that it must be placed in a lower grade by the dealer. The government agents have recently given this matter some investigation and an elaborate report has been prepared advising growers and handlers how to cut down this loss. The principal damage comes under two types of defects, designated as wormholes, with no living worms or decay, and powder post. Powder post occurs only in the seasoned or partially seasoned sapwood or heartwood. This type of injury is dangerous, since the grubs continue their destructive work in the wood and also affect other timber near by.

A Rich Man's Darling or a Poor Man's Slave?

FOR a girl reared in her father's saloon, Anna's exquisite beauty seemed incredible. Yet how she loathed her surroundings! If someone would only take her away and give her a chance for real happiness.

When wealthy Carl Morton, struck by her beauty, offered to "adopt" her—give her a lovely home, beautiful clothes—everything—it seemed her dreams had come true. But when Anna realized that she was simply being "bought," she flamed with revolt. Since her father was determined on the "adoption," there was only one way out. That night she boarded a train for the city, where, friendless and alone, she soon found herself eking out a miserable existence.

Then Frank Weston came into her life. Frank was poor, but loved her—wanted to marry her. But at thought of the future, Anna's heart quailed. Life with Frank meant honorable marriage—but it also meant more poverty, hardship and struggle. Could she do it? Were honest love and her own honor worth the sacrifice? Carl Morton, who offered her every luxury, would still welcome her. Would it not after all be better to be a rich man's darling than a poor man's slave?

Don't miss the rest of this profoundly moving story. It is entitled "Is There Any Escape?" and appears complete in the November True Story Magazine.

Sunday, 11 A. M. Subject for Sunday, October 14, "Are sin, death and disease real?"

Sunday School 9:30. Wednesday evening service 8:00.

The public is cordially invited.

ANNOUNCEMENT

I wish to say to the public that I have bought the agency for the Continental Oil Company from E. W. Muddock and am now actively engaged in handling the Continental products.

I will appreciate any business the public sees fit to give me and promise the very best service that is possible to be rendered.

The high merit of the Continental products has already been well established and I propose to make the service as good, and upon the basis of merit I am asking your patronage.

HAS FINE PEARS

D. M. Shultz has some very fine pears, but he wants it known that he has none to sell. He brought a bunch to the News office Tuesday for samples. He says

has two trees that are pretty well filled. These trees, he says, are laden nearly every year. The sandy character of the soil is favorable to the growing of pears, and that is the kind of soil Mr. Shultz has.

TEXON TALES

Looks like them "Splinters" is playing out again. Now they want you to put up Nu-metal Weather strips before they arrive.

About one per cent of the car drivers now are experts. They know they are absolutely good. Still we have that thrill of looking for them all the time and giving them all the road every time we see them and that's something. When they all kill themselves and we have just ordinary drivers maybe we'll be safer.

Horses is pretty cheap down here. We're pasturing one for a guy a month so we told him we thought if he would give us the horse for the pasturage it would be about even. Tell you what I'll do, he says, if you'll pasture him another month then you can have him.

There's an old bachelor down here says if he could live his life over he'd raise a large family. He says no matter what kind of a bird you are you are always "Pa" to your own kids while even to your own nieces and nephews, unless you've gotta a lot of jack you are just an old hayer to be avoided.

Another bird, a young guy, says he is undecided whether to go ahead and marry and never amount to nothing or just stay single and go to the dogs.

Yours till we can put Nu-metal strip before they arrive.

THE TEXON TATTLE.

METHODIST CHURCH

Sunday School at 10 o'clock with classes and places for all.

The attendance fell a little under 200 last Sunday. Let all the members of the school be a little active this week to have more than 200 present next Sunday.

Our school will observe Childhood

and Youth Week October 15-21.

Books for the new teacher-training class have been ordered and class sessions will begin within the next few days.

Worship at 11 a. m. and 7:30 p. m. Junior church services at 11:30 under direction of Mrs. McCarter, and we would like for all the boys and girls from 7 to 14 years of age to attend the service. Hope the parents will encourage the children to be present Sunday.

Our fourth quarterly conference will be held October 17th, 7:30 p. m. This is the most important official meeting for the church during the year. Reports of the work are made at this meeting and all the official members of the church are elected for the ensuing year. It should be well attended.

Senior League at 6:45. Preaching at Black school house Sunday afternoon at 3 o'clock.

W. ROBT. McCARTER.

COMMUNITY CLUB

The community club met Wednesday, Oct. 3rd, with Mrs. Troy Erwin hostess. Roll call was answered with a verse from the Bible. Mrs. Frank Cates led the study on "home decoration." Mrs. Jim Shook gave a short talk on "linens and silver." Mrs. Jim Cates talked on how to remodel old furniture. Mrs. Hubert Brown on how to make hooked rugs. Mrs. Roy Steele on how to brighten dark interior corners, and Mrs. George Cates on masters of art and masterpieces.

Refreshments were served to ten members and Mrs. Jim Moody and Mrs. Arrie Bell.—Reporter.

British government scientists are investigating the sizes of shoes worn by people in different localities.

DRY WEATHER PRICES

See G. Y. Carroll for prices on automobile repair work that will fit the times. I am now back on the job at my stand in the rear of Ivie's Filling Station and will appreciate my old customers coming to see me with their work and also solicit new customers. All work guaranteed to give perfect satisfaction.

Beautiful Flame

It may not be generally known away from the seaside that a vessel old sheathing, which has once been covered with yellow metal or copper at the expiration of a long voyage makes a most beautiful flame of different colors when burned in an open fireplace or grate.

This is caused by the sheath coming in contact with copper and other composition with which sheathing is covered.

Years ago this wood was considered worthless and was usually given away to poor people for fuel.

But of late years it has been used quite extensively in New Bedford, Mass., and vicinity. It is placed upon other wood coal, when the flames from the burning of the old sheathing present a beautiful sight, producing different colors, which shoot forth from copper nail holes.

For Sale—Second hand shafting, pulleys and belts. Also one-third horse-power motor. All good.—The News.

A fine new Methodist church building has recently been completed in Amherst and services held by the pastor, Rev. Claude Ledger. The edifice is modern in every point of construction and gives the Methodists a place of worship unequalled in the city.

at the present time, but prior to the spring rains the lake was low.

A reduction in the light rates in McCamey from 17c to 16c goes into effect in a short time. If the bills are paid promptly, within a specified time a rate as low as 12c may be earned.

The new sanitarium in Fredericksburg opened October 1st. The sanitarium has equipment for taking X-ray pictures and fluoroscope, and will save the physician the great inconvenience of sending patients to neighbor towns for treatment.

Three hundred and thirty-two bales of cotton had been weighed in Stamford up to a recent date. Of this number 270 bales were handled by Joe R. Jones, cotton weigher, and 62 bales by the Stamford compress.

As high as 15c is being paid in Ballinger for pecans. The pecan crop in Rannells County is the best in several years because of the numerous floods in the creek and river bottoms this year.

Jack Hoxie Film to Be Shown Here

Jack Hoxie's best moving picture will show at the Rialto Theatre Saturday afternoon and night, October 20th. This is one of Mr. Hoxie's specials. This film has Indians, covered wagons, soldiers, pretty girls, lots of action, fighting horses and war. When you see this mighty epoch of the pioneer days you will realize what a task it must have been to clear the way for civilization forty odd years ago. The regular admission will be charged to see the "Men of Daring."

COLUMBIAN CLUB

The Columbian Club met October 3rd with Mrs. Dow Miller hostess. At the business session the club voted to pay its part on the fund being raised to build a hut at Kerrville for the use of disabled soldiers. The lesson, conducted by Mrs. O'Connell, assisted by Mesdames Hunter and Kenner, dealt with the social side of the American home. Mrs. O'Connell gave some old time personal experiences to illustrate Amer-

ican home-life of yesterday.

"It takes a heap o' living in a house to make it home" was the thought offered by Mrs. Kenner in her portrayal of the American home today.

"The American home of tomorrow" was handled in a very pleasing manner by Mrs. Hunter who places the responsibility of success or failure of the future American home at the door of the present home makers. The subject, "There is nothing wrong with the American home" was seriously discussed by Mesdames Hughston and Crews.

A very close vote of the club gave the decision to Mrs. Crews, who defended the American home from a very spirited attack by her opponent. That the mother is, or should be, the controlling influence in the home, and that outside organizations, tho they have their uses, should not take the place of home training, is the opinion of Mrs. Roberts, whose very interesting talk on the evolution of the American home closed the program.

Mrs. Miller served an attractive plate to club members and the following guests, Mesdames Sanders,

Richmond and Beidleman, and Misses Marjorie Spencer, Juana Fae Beidleman and Reed Sanders.

The next meeting of the club will be a luncheon given by Mesdames T. B. and J. W. Klepper.—Reporter.

A Suit Must Fit to Fit Correctly

The style and snap that mark a man as a good dresser can be obtained only by having a perfect fitting suit, and perfect fit can be had only by buying tailor made clothes—clothes that are cut and tailored to your individual measurements and personality and not the kind that is cut from the same pattern as is everyone else's suit.

TRY IT ONCE AND LET US PROVE IT TO YOU

When you first put on a tailor made suit you can readily tell the difference, and after you have worn it a season you can then determine how much better it retains the original snap and how much better it wears.

Wednesday Night Is "China Night" at Rialto

WEDNESDAY NIGHT will be "China Night" at the Rialto Theatre, each lady present receives a piece of beautiful Golden Pheasant China-ware. For several months these gifts will be continued each Wednesday evening, so that a complete dinner service may be accumulated. We also want to call your attention to the fact that these dishes will not be given away until after the first show, which is about 9 o'clock, and those who have to wait until about 9 o'clock to get here on account of prayer meetings and other things, will have the same privilege of those who get here earlier, nevertheless ladies getting here after the china-ware has been given away each night after the first show will get a beautiful piece of Golden Pheasant China-ware just the same as those who came earlier. This novelty stunt will be held on Wednesday nights.

The first piece of China-ware to be given away Wednesday night, October 17th, will be Dinner Plates, and every lady in the house that night gets a plate. The second night which will be October the 24th, will be plate night, but the third will be bread and butter plates, and so on until all the set has been given away.

Supposing you miss a night and do not get the dish, it is alright then to wait until we give away that dish again, and bring a lady with you to get the piece of china that you missed some weeks back. In this way you can hardly miss getting a full set of china-ware, if you try at all. If you have four or five girls in the family and they are all adults, that is, they pay a 30 cents admission, then you nearly get a complete set of plates the first night.

We hope that we have explained this so as you can understand it thoroughly, but do not hesitate in asking us about this "China Night" if there is something you do not understand.

Don't forget, every Wednesday night, starting October 17th.

If those people down in Texon are out of dishes, or never saw any, they sure can get their money's worth here, although they might be doing the same thing down there. Regards to 'em anyway.

RIALTO THEATRE.

False Alarm

Mr. Linkins, the junior member of the firm, had a peculiarly irritating sneeze. It began with an elaborate and terrifying series of facial convulsions, and ended with a most lame and impotent paroxysm that always disappointed the expectant observer. "Your sneeze," volunteered Mr. Linkins, senior partner, after watching him through one of his performances, "is a regular circus."

"A circus?" questioned Mr. Linkins. "Yes," was the rejoinder. "The performance never comes up to the ad- vance notices."

Motion Picture Program

Coming Soon—

"Wings" and King of Kings."

SPLINTERS

VOL. 1

October 12, 1928

No. 31

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co.

R. J. ROBERTS,
Manager.

Well if you don't believe we are working just drop around and take a look for yourself. We are almost too busy to write Splinters so if we don't come up to the requirements this week please overlook same and we will try to do better next week.

A. C. Phillips of Thalia is moving his garage back for the Lee Highway and is also doing some repair work on it.

Two Scotchmen made a wager of \$50 to see who could stay under water the longest. They both drowned.

Wife: "I've got to get some clothes."
Hubby: "Who said so—the chief of police?"

We have a few specials in some odd doors. They may be the door you need for that opening. We will be glad to help you in the selections.

The men who have the contracts of grading on the Lee Highway are moving in and getting ready to start work. We are sure every one is anxious to see work begin on it.

You have heard people telling how proud they are of their new home and you may have had that experience yourself, if so, you know how proud we will be of our new office and warehouse.

Boss Roark is doing some repair work on his home. This is something that several need to do before cold weather sets in.

Now sure is a good time to paint for the paint will penetrate the wood while it is dry. Remember we have that good B. P. S. Paint.

Yes, we do believe that a satisfied customer is our best advertisement. That is why we tell you about some of them in Splinters once in a while.

WARNING

As I understand it, the law allows me to hunt and shoot to my heart's desire on my own premises, and when you allow your boys to trespass on my place, without my knowledge or consent, you can understand the danger these boys run in being accidentally shot.

Last Sunday I was walking along the creek in my pasture, when I walked up within five feet of two boys before seeing them sitting on the bank of the creek. Either or both of these boys could have been seriously hurt in shooting at rabbits in the brush, and the chances are ten to one I would go on by them without knowing I had hurt any one. It gives me the cold chills to think of it.

These boys are not only violating the trespass law, but are also violating the game laws in that they are killing song birds, (such as red birds), for fish bate, and to catch fish four inches long. They also are setting fire to trees and at this time of year there is danger of fire getting out and doing serious damage to the place. So if you have boys that you know are trespassing on my place, you will see to it that they stay out, and some of the grown ups who have no respect for any one else will do well to do the same thing, "stay out."

This trespassing will have to stop, and if there is no other way, I will have to prosecute, and this will be the next one I see or hear trespassing on my place.

H. A. WESLEY,
Margaret, Texas.

GOOD MANNERS

The ill-mannered boy invariably becomes an ill-mannered man and the girl who has no manner grows up to be a woman whom everybody dislikes.

An ill-mannered man is not often successful in a business which requires that he come into daily contact with the buying public.

An ill-mannered woman never has any friends and lives a dissatisfied and discontented life.

School teachers are always endeavoring to improve the manners of their pupils, but they find it difficult where good manners are not taught in the home.

Parents who wish a happy life for their children, both in a business way and socially, will begin to teach early that to have friends, it is necessary to recognize the wishes and privileges of others.

Many people are anxious now to see the signs of winter, and they will also be anxious to see the last.

Soon after father gets home on Saturday night, he usually finds that he is clean for Sunday.

The fellow who said that the good die young, probably was not thinking of home brew.
