Santa Fe and Orient Officials Pass Thru 13th

A group of Crowell business men met the special train Tuesday afternoon bearing officials of the Orient and Santa Fe going south on an inspection tour.

The train arrived shortly after 2 o'clock and stopped only a few moments at the depot, just long enough for the officials and the Crowell people to meet each other. No talks were made as only a few minutes could be given at each stopping place. One could not have had time to get the names of the party and given the official position of each, so we happened to run across an item in the Dallas News with a Wichita date line of Nov. 12, which gives the officials as follows:

A group of Santa Fe officials from Chicago offices, headed by E. J. Engel, vice president in charge of finance, accompanied by department heads of the Orient Railroad, left Wichita on six special cars Monday morning for a tour of the Orient properties, recently acquired by the Santa Fe. They were guests here Sunday night of Warren E. Brown, a Santa Fe director. The tour will end for some of the officials at Mexico City.

Those who made the tour are Mr. Engel, F. B. Houghton, vice president in charge of traffic; E. E. McInnes, general solicitor; A. G. Wells, vice president in charge of operation; George W. Harris, chief engineer; C. C. Dana, freight traffic manager; W. J. Black, passenger, and John Purcell, in charge of mechanics of the system.

The following group of Orient department heads also made the trip: E. H. Shaulfer, general manager; J. J. Lane, traffic manager; C. J. Green, general auditor; R. L. Davis, superintendent; E. A. Boyd, general attorney; F. W. Shultz, superintendent of motive power; B. C. Beard, chief engineer; W. T. Kemper, former president of the Orient, and Clifford Histed, general counsel for the Orient. R. F. Hodgins of Los Angeles, an Orient director, and J. F. Jarrell, Topeka, Santa Fe publicity director.

Mr. Engel announced that while the Santa Fe group would determine Orient improvements while on the tour, announcements regarding any expansion program would come from the Chicago offices later.

Rhode Island Flock Pays Club Boy Profit

This is not a story of a Foard County boy, but one who has made a success of the poultry business in Decatur, Texas. Possibly it tracks the experience of others, and maybe some in Foard County.

A profit of \$274 above feed and labor costs from 47 standard-bred Rhode Island hens in ten months time is the boast of James Petty Boyd, a 4-H Club member of Wise County. His feed consisted of milo and kafir grain and commercial mash and his returns came partly from selling hatching eggs and partly from sale of regular market eggs.

Of course it goes without saying that he has a good flock, one of the first essentials to success in the chicken business.

We should like to have report from some Foard County boy or girl to beat this record. If there is not one in the county it is not because it could not have been produced.

Natural Gas Company Has 262 Connections

Z. W. Smith of the Texas Natural Gas Company of this city, tells the News that they have been very busy of late connecting up houses in Crowell and that they now have 262 house connections and 10 business connections.

This shows the demand for gas to be great, considering the time gas has been available for the people of the town. Less than a year ago gas was piped to Crowell and already about 50 per cent of the people of the city have had gas piped into their houses. This is based on the fact that the West Texas Utilities Company has 518 connections, while water connections are a little short of that number. A fair estimate, therefore would be 50 per cent.

Few Facts About Orient Railroad

The following is taken from the Orient Magazine, published at Wichita, Kansas, and contains some interesting facts about the Orient railroad. This is taken from the November issue of the Magazine, and which will be the last issue to be published, as announced in that issue:

Alpine, Brewster County, Texas, is the present terminus of the Orient main line in the United States, 735 miles in a southwesterly direction from Wichita. There is a gap of 87 miles marked on the Orient time table map as being "under construction," from Alpine to Presidio, Texas, on the Rio Grande, meaning that the right-of-way has been acquired.

Right-of-way also has been acquired from San Angelo, Texas, to Del Rio, Texas, on the Rio Grande, through Tom Green, Schleicher, Sutton and Valverde counties; distance, 110 miles.

From Ojinaga, across the Rio Grande from Presidio, the Orient has a line in operation through the City of Chihuahua to Sanchez, in the southwestern part of the State of Chihuahua, a distance of 330 miles, a gap of 28 miles from Ojinaga and La Mula having lately been completed. Then comes another gap from Sanchez to El Fuerte, in the northern part of the State of Sinaloa, 209 miles.

The line is in operation from El Fuerte to Topolobampo, a port on the Gulf of California, 62 miles.

If and when completed, the Orient line from Wichita to Topolobampo will be 1,451 miles long. The actual mileage now is 1,155. The mileage to be completed is 296, mainly through mountainous regions and desert country.

It has been stated by President Storey of the Santa Fe that for the present at least, the Orient will be operated as a separate line. No announcement has been made regarding the operation of the line in Mexico, nor of connecting it with the line which ends at Alpine.

There are in Mexico wide expanses of country well adapted to farm crops, fruit and vegetables; a great deal of timber, and a vast territory devoted to livestock.

Finds Jackrabbits Good Chicken Food

Everybody who has kept a flock of hens through the winter has found that they must have meats if they produce eggs.

Often it is necessary to supply that food at an expense, but Tom Callaway is utilizing the means at hand by making inroads upon the droves of jackrabbits and supplies his flock with all the meats they need from that source. He bought some shells Tuesday and told a News man that out of every box of 25 shells, he makes an average killing of 20 rabbits, and these mean a nice increase in egg profit.

When one figures the profit two ways, what the rabbits mean in egg production and what their elimination means as crop destroyers, plus the splendid sport of killing them, he finds it a rather attractive and fascinating employment.

Highway Work in Full Swing on 28

Work is going forward in several places all along the Lee Highway in Foard and Wilbarger Counties. Crews are at work east of Thalia in Wilbarger and one is at work west of Thalia in Foard. Then west of Crowell there are three crews at work.

With the present forces it will be a matter of a short time until the road bed will be put up ready to settle for the concrete. Several months are required for that. The road bed is being widened where the old one is being used.

Man Changing Tire, Hit by Car, May Die

Amarillo, Texas, Nov. 11.—J. D. Singleton, 68, contractor, was probably fatally injured near here Saturday when he was struck by a truck while changing a tire on his motor car. Both legs were broken and he is suffering from shock. The driver of the truck said he was blinded by the sun.

According to the Quannah Tribune-Chief, a negro cotton picker dropped dead while picking cotton 16 miles northwest of Quannah last week.

Rotary Meeting Attended by 24 from Crowell

Twenty-four Rotarians and Rotary-Anns of Crowell attended the inter-city meeting at Quannah last Thursday night when the Rotary clubs of Quannah, Childress, Vernon and Crowell took part in a banquet and program at the Methodist church. At the last minute extra tables had to be prepared as about thirty more people came than were expected and around 150 were present.

The banquet was held in the basement of the church when a few short talks were given. Harry Koch of Quannah gave the welcome address and Tom Bell responded for Crowell. A few short talks were made and singing led by Carl Roberts of Vernon took place in the basement before the assembly adjourned to the main auditorium of the church, where R. H. Nichols of Vernon, discussed the history of Rotary. Albert Miles of Wichita Falls, discussed the objects of Rotary.

Those representing Crowell at the meeting were: Mr. and Mrs. Russell Beverly, Mr. and Mrs. John Myers, Mr. and Mrs. Herbert Edwards, Mr. and Mrs. Que Miller, Mr. and Mrs. Tom Reeder, Mr. and Mrs. O. O. Hollingsworth, Dr. and Mrs. Hines Clark, Mr. and Mrs. J. C. Self, Byron Reese, Miss Roach, Mack Boswell, Mattie Russell, Jack Roberts, Henry Ferguson, John Rasor and Tom Bell.

Memphis Girl Hurt in Crash

Memphis, Texas, Nov. 11.—Mrs. W. C. Doster and six children narrowly escaped death Saturday afternoon when the Ford roadster in which they were riding overturned in a deep ditch just outside of Memphis on the Wellington road.

Mrs. Doster's brother, Arnel Ford, about 15, was driving and an airplane attracted his attention from his driving, and when he noticed the road again he was headed for the ditch. He turned too quickly, throwing the car into the ditch on its top, pinning Mrs. Doster and four of the children under the car, and two children who were riding on the back of the roadster were thrown clear of the car.

Virginia Ford, 11, sustained a broken arm, all the others escaping uninjured. The car caught fire, but was put out before any damage was done.

The Rev. C. E. Jameson happened along just as the party was releasing themselves from the wreck, and took the child with the broken arm to the hospital.

Mrs. Doster and the Ford children live 18 miles northeast of Memphis on the S. M. Reed farm. They were on their way to Turkey. The top of the car was completely demolished and the right fore wheel was crushed.

W. J. Long Here from Garza County Ranch

W. J. Long was here the first of the week from Garza County looking after business interests. Mr. Long and his family have been living in Garza County, northwest of Post, for about two months. He has bought a seven-section ranch just under the cap rock and has moved about 500 cattle to it and he and his family will make their home there indefinitely. However, Mr. Long says they have their home in Thalia and other property and will come back when interests here demand his attention. Mr. Long says they will likely spend the winter on the ranch at least. He ordered his paper changed to his new address.

COUNTY FEDERATION

The next meeting of the County Federation of Women's Clubs will be held at Margaret in the Baptist church, Wednesday, Nov. 21st, beginning about 10:30.

We are to have a lecture by Mrs. Douglas, State Art Chairman, and altogether quite an interesting program.

There is to be a covered dish luncheon at noon and we are hoping for a splendid attendance.

MRS. McLAUGHLIN, Vice Pres.

Mr. and Mrs. Roy Perkins and baby of Santa Barbara, Calif., Mrs. J. C. Montgomery and Miss Myrtle Perkins of Fort Worth spent the week end and Monday with their sister, Mrs. Frank Hill, and husband. They all left Tuesday morning for Fort Worth.

Crowell Men Out on Deer Hunt in New Mexico Ranch

The love of sport among the wild game of the New Mexico mountains was so strong that it could not be resisted by three Crowellites, so they are now up near Raton killing deer, bear, antelope and everything else that belongs to the wild tribe. These men are Glen Offield, W. B. Johnson and George Self. They are on Jim Minnick's ranch, a spot comprising more than 50,000 acres, and they say it is right by the side of a Government preserve and is literally running over with wild game!

We shall have a big tale to repeat when these boys get back home. They will be gone about ten days.

Mrs. Will Erwin has improved from an operation of appendicitis to such extent that she was able to go home from the hospital Sunday.

Armistice Program Held at Vernon

Approximately 400 people, including many ex-service men and their families from Crowell and Vernon, attended an Armistice Day program at the Vernon Theatre Sunday morning, sponsored by the American Legion and Auxiliary.

Beginning at 9:30 o'clock with a picture showing the making of The Flag by Betsy Ross, the program moved smoothly through to the climax, when three Boy Scouts presented the Flags of the Allied nations, France, England and the United States, and Paul Goetze's orchestra played the National Anthem.

Promptly at 11 o'clock, Major Luther Hoffman of Wichita Falls paused in his address and a bugler from behind stage in muffled strains played "taps" for the men who made the supreme sacrifice. The audience stood in silence for two minutes in solemn meditation.

Captain Q. R. Miller, of Crowell, in a splendid talk brought back memories of the men of Wilbarger and Foard counties, who shared together the hardships and joys of an active campaign at the front. He paid an eloquent tribute to "his buddies" who came back and to those who sleep in foreign soil.

Major Luther Hoffman of Wichita Falls told of the toll war had taken with its ten million men and women dead and forty billions of dollars spent by United States alone in the great conflict. The speaker closed with the plea that all ex-service men, the civilian army, and the world powers join together to make universal peace possible.

Dr. E. L. Moore gave the invocation. The audience sang America, accompanied by Paul Goetze's orchestra. Dr. W. L. Rhodes, post commander, presided and introduced the speakers. A feature of the program was vocal numbers by Miss Edith Crownover, with Miss Mattie Smith as accompanist. Miss Crownover sang "Rose of No Man's Land" and "Long, Long Trail."

The stage setting was colorful with its decorations of flags and guns and trailing ferns. Softly shaded lights in the lobby hung the pictures of Albert E. Robinson, for whom the local post was named, General John J. Pershing and Woodrow Wilson. The picture was draped in bunting and a huge flag waved from the front of the theatre. In the ticket window a vase of blue bonnets had been placed for decoration.

Men wearing service caps of the Legion and Auxiliary members in Red Cross costume served coffee and doughnuts to the audience as it dispersed. Following the program at the Theatre, the Legionnaires went to the Presbyterian Church, where Dr. Moore preached on "The Battle for Peace."—Vernon Daily Record.

Included among those from Crowell who attended were:

Clint White and family, Ernest Flowers and family, C. B. Morris and family, A. Y. Beverly and family, Mr. and Mrs. T. D. Roberts, Mr. and Mrs. Tom Dockins, Mr. and Mrs. Que R. Miller, Eb Seales, Julian Wright, Glen Roberts, Leonard Roberts, Jim Simmons, Jim Naron, W. A. Jones, Lee Sims, Curtis Ribble, Mel Housouer, J. W. Beverly, Roy Johnson, John Ray, and Mr. and Mrs. S. E. Tate, Ed and Earl Manard, and possibly others.

ANOTHER GOOD RAIN

A good shower amounting to .78 of an inch visited this section Tuesday night.

This, following the two inches which came some days ago, will be of great value to the young and growing wheat. A good many farmers had done some sowing after the first rains and this will be fine in helping bring that up.

A pretty good supply of moisture is now in the ground, not a deep season, of course, but a splendid wheat season for present needs. The young wheat is doing fine and should we get more moisture along as it is needed, there will be some wheat pasturage yet.

Mr. and Mrs. Parker Churchill came up from Wichita Falls Saturday night to visit her mother, Mrs. Bush, and other relatives. Misses Lola Bell and Lucille Kimsey, students of Draughon's, accompanied them home for a visit with parents. Mrs. Thelma Bell also came with them. Mr. and Mrs. Churchill, Misses Bell and Kimsey returned Sunday afternoon and Mrs. Jeff Bruce went with them for a few days visit with her sister, Mrs. Churchill.

Gin Report Shows Less Than Half the Crop of '27

All cotton estimates that have been made of the Foard County cotton crop have been short of what seems to be actually in sight.

When the season opened the largest estimate we heard was a 6,000 bale crop. We thought this was a little high, but ventured the guess that the county would gin that amount. But it appears certain that we shall go beyond that number. The fact is ginning is keeping almost up to the 50 per cent mark, using the crop of 1927 as a basis. According to figures submitted by the government, on November 1 we had 5,099 bales to our credit, as against 11,979 on the same date a year ago.

The News has been handicapped this season in gathering the reports right up to the time of going to press. This, the reader will see is the report of two weeks ago, and by the present time we should have more than a thousand bales, and the gins are still running pretty strong.

We shall not be surprised if the season's ginnings show seven or eight thousand bales. If they do, our crop will not be far short of half of normal.

Child Drinks Coal Oil; Is Recovering

Little Billie Bob, the 18-months old adopted child of Mr. and Mrs. C. J. Marts of Truscott, is recovering from a dose of coal oil which he drank at the home of Mr. and Mrs. Weatherall, parents of Mrs. Marts, Thursday of last week.

The accident happened when the child got a can of coal oil which had been used for starting fires and turned it to his mouth and drank some of it before he could be stopped. Fortunately communication was had with Dr. Clark within a few minutes after it happened and he rushed to the Weatherall home and had the case in hand in time to save the child from fatal consequences. He was brought to the sanitarium at Crowell but was dismissed Friday at noon.

Initial Performance of Little Theatre Given Last Friday

The Little Theatre Club was heard in its initial performance on last Friday evening. The program consisted of three one-act plays. A large audience greeted the players and gave evidence of thorough appreciation, with hearty applause for each number.

The first number, Gretna Green, was a pretty story of a colonial elopement. Peggy Thompson, the pretty heroine, outwitted an angry father and with the blessing of a spinster aunt made her way to Gretna Green, the one-time goal of eloping lovers. Elizabeth Kincaid played the roll of maiden aunt and Leoma Knox, the angry father.

Mrs. F. A. Davis and Miss Ball cleverly portrayed the old negro waxy lady and the more modern colored maid in an amusing one-act comedy "Hanging Out the Wash."

"Suppressed Desires," was well rendered by Henry Black, Miss Winnie Self and Miss Shaw. The play was taken off on psychoanalysis. The climax gave common sense and love a lead over theory.

The work of each individual character was worthy of commendation and plainly told that there is much talent in the club and perseverance and encouragement will make the club profitable and a clean feature of entertainment.

Miss Johnson showed rare skill in coaching and managing the performance.

Santa Fe Bond Issue Not to Go to Orient

Chicago, Ill., Nov. 10 (AP)—The recently announced \$30,000,000 bond issue of the Santa Fe Railway will be used for replacements and maintenance, it was said Friday by W. B. Storey, president of the road. Mr. Storey said the bond funds would not be devoted in any part to the Orient lines, acquired last week by the Santa Fe. He said Santa Fe officials would make an inspection of the Orient properties next week, with a view to determining operation policies.

COMMUNITY CLUB

On November 7, Mesdames Roy Steele, Pete Bell, George Cates and Hubert Brown were hostesses to the semi-annual club luncheon. The event was postponed from October 31, therefore the Hallowe'en theme was carried out in decorations and entertainment.

On arrival the guests told weird ghost stories until noon when they were led to the long dining table and found their places. Bewitching ladies in full-skirted costumes made

covers for the grape fruit entry. The centerpiece was a basket of giant chrysanthemums on a hand wrought doily made in France. A delectable salad, stuffed chicken with accessories and pumpkin pie with whipped cream and coffee composed the menu. Six hundred was played throughout the afternoon. High score went to Mrs. Troy Erwin and consolation to Mrs. Frank Cates. Giant Chrysanthemums were also used as guest favors.—Reporter.

Crowell, Texas, November 16, 1928

When we saw the special train of Santa Fe coaches rolling over the Orient Tuesday, it doubly impressed us with the fact the road is now at the threshold of a new and better day in its history. It does not require a prophet to foresee the coming of the Orient into its own. This 11400 miles of road through a rich agricultural country and over a vast livestock area and through the heart of the world's greatest oil fields one of these days is bound to become one of the most important lines in America.

All the wheat sown before the rains is now up and is looking fine. It is estimated that three-fourths of the wheat acreage had been sown before the rain. Lots of wheat has gone into the ground since the rain and some will be drilled in yet, but of course it is a little late for pasturage unless we should have an abundance of rain soon. There are reports of the coming of wild geese but little complaint has been heard of damages done to the wheat by them.

One has a right to expect that Hoover's visit to South American countries will be fruitful of good to those countries, as well as to the United States. No man, perhaps, in all the world knows more about the conditions and the needs of the various countries than does Hoover and his visit will strengthen the friendly relations between us and them.

It looks now like Foard County's cotton crop will get up around 7,000 bales. If it does we might just figure it roughly as half a crop, and that is a third better than the late summer conditions indicated. It looks, too, like we are going to have moisture along that will give us better wheat prospects than we had figured.

It would be the height of folly to get mad at a donkey for braying.

Roy Ricks and family were down from Newlin Sunday visiting Mr. and Mrs. W. L. Ricks and other relatives. They returned home Monday morning. Roy is manager of the Cicero Smith Lumber Company of Newlin and is making good.

Mrs. S. L. Powell of O'Brien was here the latter part of last week visiting her brother, W. O. Clary. Mrs. Powell is a former resident of the Black community and greatly enjoys a visit here to meet old friends.

Gordon Bell went to Dallas last Thursday. He was joined there by his wife and they went to Waco to see the football game between the State University and Baylor, returning home Monday.

Three of Mr. and Mrs. Streeter Hanks' children have been seriously ill for several days, two of them with typhoid and the other with acute indigestion. The one having acute indigestion is much improved while it is thought there is a slight change for the better with the other two.

Mr. and Mrs. M. S. Henry returned Tuesday from Dallas. They were accompanied by Mrs. Tully Henry of Los Angeles, Calif.

Mr. and Mrs. Tom Westbrook and small son, Tommie, and Mrs. J. H. Westbrook of Truscott were in town Monday morning. Mrs. J. H. Westbrook added her name to our list as a new subscriber. Mrs. Westbrook returned about two weeks ago from Los Angeles where she made an extended visit with her daughter, Mrs. J. L. Klepper.

ADELPHIAN CLUB

Mrs. O. O. Hollingsworth was hostess to the Adelpian Club at her home Wednesday, the 7th, when an art exhibit which the club sponsors each year, was held. Mrs. L. A. Andrews gave a very interesting and instructive lecture on American sculpture in connection with the exhibit. American sculpture is divided into four periods. The first called the "Early Period" brought forth three sculptors of which Mrs. Wright was the most outstanding. In the second period, "The Classical," Italian influence predominated. Among the great sculptors were Hasmer, Story, Crawford and Ball. The third, "The Art Awakening in America," was a result of the Civil War. After wars the artistic feeling of the people is increased. Adams, Farraguet and St. Gaudens were the greatest sculptors of the period, the latter is noted for his famous Lincoln Memorial. The last period brings us to the "Modern Sculptors of Today." Among them are Banard, whose work illustrates liberty of the western spirit; Dallin, who portrays Indian life; Gutzon Borglum, who began the recent Confederate Memorial in Georgia, and his brother, Salon, a promising cowboy sculptor. It was interesting to note that Salon Borglum received his cowboy training on a ranch in Foard County.

Woodmen Circle Building Home for Aged Members

Wednesday, November 14, ground will be broken for the first building of the Woodmen Circle Home for aged members and orphan children at Sherman, Texas.

An interesting sentiment connected with the choice of November 14 as the date to break ground is that it is the birthday of National Secretary Dora Alexander Talley of Omaha, Nebr. Mrs. Talley was born in Texas and made her home in the state until she became national secretary. For many years it has been her ambition for the society to have a home as is now being started.

Immediately after the groundbreaking ceremony active work will begin on the excavation for the administration building. It is the aim of the Woodmen Circle eventually to have not just one home but rather a community of homes at Sherman.

National President Mary E. Larocca of Omaha, Nebr., will turn the first dirt with a silver pick which is treasured by the Sherman Chamber of Commerce.

The ceremony will be a birthday celebration in another way, for State Supervisor Etta Davidson of Houston, a member of the home committee, has announced that all applications received by the 14th will go to make up a huge birthday class in honor of Mrs. Talley. Texas recently began a year's campaign, the Rainbow of Progress, with the goal set at four million dollars worth of new business.

Mrs. Agnes E. McLaughlin, financial secretary of Grove No. 288, is among the secretaries who are sponsoring the Rainbow of Progress for November.

There is to be a beautiful Avenue of Trees leading to the home. The trees will signify the devotion of members of the society to their loved ones, for members have the privilege of contributing the sum necessary to buy a tree and each tree will bear a small metal band giving the name of the donor. Many trees will bear the loving sentiment beginning, "In memory of."

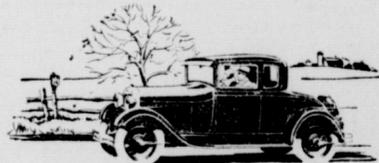

Texas members have contributed more than \$10,000 to the home fund. They have also made many pledges of articles to help furnish the home and these articles will be exhibited at the state convention to be held next spring.

Names of individuals contributing \$10 to the home fund will be placed in the corner stone of the administration building. These names will also be inscribed in a large memorial register which will be kept in the reception hall of the same building.

J. W. Shelton and Miss Gladys Sparks attended the auto races in Wichita Sunday, bringing back a Chrysler 65 coupe which they bought from M. F. Crowell.

Ralph Hutchinson of Bowie County spent the latter part of last week with his grandmother, Mrs. G. A. Rogers, whom he had not seen since he was a child.

To the first half-million new Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

SANITARY MARKET AND GRO.

METHODIST CHURCH

Next Sunday is the last one of the conference year and marks a distinct period in our local church, being a day in which we finish up all the church work of a year.

The Sunday School will meet at 10 o'clock with special provisions and accommodations for all people from three years old up. Each member of the school should try to be present, on time, with a studied lesson, and bring some one with them.

A church conference will be held Sunday at the 11 o'clock hour, and we would urge all the members of the church to be present. Full reports will be made to the church of all the work for the year. The membership of the church should know what has been undertaken and accomplished by the different organizations of the church within the last twelve months.

A special report will be made by the pastor. The work of the Sun-

day school, the Woman's Missionary Society, and the Epworth League will be received.

Our trustees of church property and board of stewards will offer reports with special reference to receipts and disbursements of all money passing through their organizations.

The stewards are making special efforts to have our financial budget up in full by Sunday when their work for the year will be received.

All the members of the church should show their appreciation of its welfare and progress by being present at the 11 o'clock hour Sunday.

Junior church services at 11:30.

Senior League meets at 6:30 p. m.

Evening worship Sunday at 7:15, with which our work for the year will close. The service will be evangelistic and a large attendance will be appreciated.

W. R. McCARTER.

Them guys that two weeks before the election offered to bet any amount on Smith and give all kinds of odds say now they knew all the time Hoover would win.

Well, we enjoyed our trip to Crowell a right smart this time. There was forty different reasons why it was worth while. Every one most was in a right good humor I guess on account of the wheat and everything coming up nice and green. We are always glad to see the old friends and they was two nice new ones this time. We ett a swell feed with Mack Boswell and played golf with Eli Smith. Wouldn't of missed neither one of them things for nothing hardly. There wasn't but one disappointment about the trip and that was the wild duck situation. We brung our shot gun along and aimed to have a big time shooting dux. Well, there wasn't but one duck came to Foard County this year on account of the dry weather and we killed him. In a case of that kind one duck is always enough tho. But we had such a nice trip we aim to come back some time and bring the wife and stay a month maybe, whether it rains enough for wild dux or not.

They was a animal show came thru here last week and they was a old maid looking at the kangaroo. Well the kangaroo had a sign on it says "A Native of Australia," and the old maid began to cry. She says my poor sister married one of the things.

We kind of smoothed things with R. J. Roberts for the way we've abused his ads while we was at Crowell. Looks like he may have a pretty swell dive if he ever gets it fixe up. He's a pretty good guy even if he is Irish. I reckon the stuff he sells is alright and it don't make no difference what kind of advertising he uses.

Them Clarendon postoffice guy ought to come down to the oil country and see what real money order business is. We sell a thousand dollars worth of money orders in a hour down here, sometimes. Any way three times that much is a pretty good day's run. Money orders about the only thing you can get down here worth the money.

FARCE FACULTY

On October 29th the seniors entertained the high school in chapel with the "Annual Members of the Faculty." The farce faculty were all in their places except Mr. Graves (Moody Bursey), who was delayed on account of hunting his brother, Coach Graves (Vance Swain), who was so interested in football that he had forgotten the faculty meeting.

When Mr. Graves arrived, the teachers were all chewing gum which Mr. Black (Charles Ferguson), had given to them. He then called the house to order and asked if any of the teachers wished to say a word or two, and of course Miss Winnie Self (Bernice Webb), wished to tell about some of the interesting things she saw in Europe. She told where Chaucer was buried, and the room in the cathedral (picture of Crowell High school building) which is still haunted by his spirit.

Miss Autie Anthony (Mary Ennis Carter), then asked Mr. Graves to announce to the students to make a donation to the library, and that fourteen seniors had already donated forty-three books.

Mr. Graves talked to the teachers about having dates. Miss Ball (Elizabeth Kincaid), said that she had had only one date and that was with Henry Black. Mr. Black told the faculty that he was born and reared on the farm, and that was why he taught agriculture. Coach Graves (who teaches only four classes a day), asked Mr. Graves for a few more periods off, so that he might have more time for football.

Mrs. Davis (Zell Saunders), asked every one to make a donation for the electric eraser cleaner which the school intends to buy. Mr. Burrow (Ernest Johnson), then let it be known that he was the youngest of the faculty, and asked Mr. Graves to lower the passing grades to 60.

This was agreed to by all the teachers except Mr. Todd (Herman Bell). He said that all of his students came to his classes merely to warm their seats, and if they couldn't make 70 they could get out of his classes, because they were very crowded anyway.

Miss Shaw (Dorothy Coffey), made it very plain that she had received a letter from her brother, and that her brother had won a high score in football at the Dallas Fair.

Miss West (Opal Barry), Miss Patterson (Eva Todd), Lucille Ellis (Edith Schooley), and Miss Black (Rachel Stewart), were all very glad when they adjourned because they were very sore after playing basketball with Thalia.—Reporter.

SPLINTERS

VOL. 1

November 16, 1928

No. 36

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co.

R. J. ROBERTS, Manager.

Another good rain Tuesday night, wheat looking good, see no reason why we should not look for a good crop in 1929.

Hope springs eternal in the cedar chest.

Edgar Kinsey paid us a visit while in Crowell last week and we were mighty glad to have him call. Edgar lives in Texon, Texas and writes Texon Tales which we consider good.

He: "Many hearts were broken when I married."

She: "How many women did you marry?"

Just unloaded a car of good Bois d'Arc posts. When in need of posts call on us. We also have some mighty nice cedar posts.

"Have you any difficulty meeting your expenses?"
"Not a bit. I'm always running into them."

Mayor C. T. Schlagal and L. G. Andrews are on their annual deer and turkey hunt down in the Big Bend country.

Nit: "I was reading a book and came across the words 'cold embers.' Did you ever hear of cold embers?"
Wit: "Sure—November and December."

What we want in our town is a condition where the average citizen is a little above the average.

Cold weather will soon be here at its worst and we have a good supply of Numetal weather strips that will help keep it out.

Now is a good time to paint for the rain has settled the dust and we have a good stock of B. P. S. paint.

There is no law requiring anybody to trade at home except, maybe, the law of common sense. The home merchant is in better position to give you service than anybody else.

For permanent construction, build with brick or stucco.

L. N. Johnson and family stopped over in Crowell Saturday for a visit after having visited the family of Henry Gribble at Vernon. Mr. Johnson ordered the News sent to his address at Tell. He says there is lots of cotton in Hall County, some that promises a bale to the acre.

Horace Brooks, wife and small daughter, Mary Catherine, of McLean spent Tuesday afternoon and Wednesday night with Mr. Brooks' mother, Mrs. J. W. Klepper.

W. O. Miles of Hereford, a former resident of this county for many years, was here last week visiting old friends and looking after business interests. Mr. Miles reports crop conditions in his part of the country are fairly good. He and his wife both enjoy good health in that country.

Dr. H. Schindler and Pete Bell left this week for Valentine on a hunting trip in the Davis Mountains. Mrs. Schindler went as far as Salserson where she will visit Mrs. J. Halseil until the doctor's return.
