Have Sold Interest in Foard Co. News

... to say to the public that as an issue of the Foard County News... T. B. KLEPPER, my former partner... I have sold my half interest in the paper... the severing of this business relationship... I am no longer a partner with Mr. Klepper but at the present time am in the employ, taking the same active place in the business as heretofore... I want to go to another field, maybe in another newspaper field... I would be grateful if I did not express my hearty appreciation for the business which has been given the firm, Kimsey & Klepper... It has been as liberal as one could ask and the business relations with the people have been very pleasant... I am sure the same liberal patronage will be given Mr. Klepper, and with that same and cooperation he deserves, the News will continue to be a institution of service to the people and the community... Again thanking each and every one who has in any way contributed to the success of the firm of Kimsey & Klepper, I am, Yours very respectfully, H. L. KIMSEY.

... of the business as it is possible to give. Mr. Kimsey will be with me this month at least unless unforeseen circumstances cause him to make a change sooner. Plans for carrying on the business after Mr. Kimsey leaves have not yet been completed, but we will have a good man to look after the advertising and news gathering. Mrs. T. B. Klepper will be society editor and also news gatherer.

Wherever Mr. Kimsey may locate, whether in the newspaper business or some other kind of business, we wish him a full measure of success, which he richly deserves. Sincerely, T. B. KLEPPER.

CORNELIUS REESE

Byron Reese, county engineer, was married last Saturday at Commerce, Texas, to Miss Robert Rae Cornelius who has been teaching school at Canadian, Texas, this year. Miss Cornelius taught commercial courses at Quannah High School last year. She is the daughter of Mrs. I. P. Cornelius of Commerce, Texas.

Mr. Reese is well known here and has been in charge of the highway work through this county for over a year, coming here from Quannah where he was engaged in engineering work. He is a graduate of Texas University and holds two degrees from that institution. His parents live in Quitaque.

Mr. and Mrs. Reese are making their home at the residence of Mrs. P. E. Todd.

J. H. Self's Father Died Friday, Dec. 28

J. H. Self received a wire last week stating that his father, W. J. Self, of Buffalo, Mo., had died. Mr. Self would have been 91 years of age had he lived until the 28th of this month. He visited in this country some 20 years or more ago.

CARD OF THANKS

We wish to express our sincere appreciation for the kindness shown by the people of Crowell at the time of our sorrow because of the death of mother. We appreciate every kindness and manifestation of sympathy shown.

- JIM CLIFFORD, MRS. LEE SHIRLEY, PAUL CLIFFORD, MRS. J. G. COOPER, JOHN CLIFFORD, MRS. D. N. POWELL, LETHA LEE CLIFFORD.

Tom Reeder left Tuesday for T. C. U. after spending holidays at home.

COLUMBIAN CLUB

On December 19th the Columbian Club met with Mrs. Leo Spencer. In the absence of the president, the vice president, Mrs. Dow Miller, occupied the chair. It was voted to send \$3 from our club for the Near East Relief fund. Mrs. T. L. Hughston was the leader for the afternoon and the lesson being a Christmas program, roll call was responded to by quotations from the Bible, principally concerning the Christmas story. The entire club joined in singing "Silent Night" after Mrs. Hughston had given a sketch of the composition and of the history. Elizabeth Kincaid gave a beautiful reading "The Christmas Substitute." "How the Fir Tree became a Christmas Tree" was the subject of a story read by Mrs. J. R. Self. Mrs. Roberts gave the origin and history of Christmas customs and habits. Mrs. Adolphus Wright sang beautifully, "Behold the Morning Cometh" which was very much appreciated. The home was pretty in taste decorations and the refreshment plate suggestive of the holiday season was served to club members and Mrs. Wright and Mrs. Bert Self.

METHODIST CHURCH

We enter upon the work of the new year with high hope and expectation. While we do not know exactly what the year 1929 has in store for us, we do know that the Lord is good and that he is rich in mercy and grace. We begin the work of the year with renewed our consecration to Him knowing that if we are loyal and faithful to Him we will have a great year.

Sunday school at 10 o'clock with classes and places for all. Would like to see many new students in school Sunday. Would be a fine time and a splendid way to begin the new year.

Worship at 11 a. m. and 6:45 p. m. A special feature of the morning services will be the installation of the officers of the Woman's Missionary Society for the new year.

Junior church services for boys and girls conducted by Mrs. McArthur at 11 o'clock in the basement of the church. Senior League at 4 o'clock.

W. R. McCARTER

A FAMILY REUNION

It has been a custom of Mr. and Mrs. I. M. Cates and family to have a reunion at least once a year, usually at Christmas time, so this one was held at the home of the oldest daughter, Mrs. W. M. Hoyell, 15 miles southwest of Crowell, on Sunday, Dec. 28th. An unusual feature of the occasion was a "family shower" for Mrs. Howard Dunn, a bride of last August, the daughter of Mr. and Mrs. Howell and the first grandchild of the family to be married. She received many useful and lovely gifts.

The day was being as a spring one, so that the children and grown-ups who desired could enjoy the outdoors where the long table was spread and it surely held a veritable feast of turkey, chicken, salads, cakes and pies, prepared by the good cooks of the family. Around this table were gathered 42, including guests, Mrs. C. E. Dunn, 2 daughters, a niece from Missouri and Mrs. McLaughlin.

It was a matter of regret that two sons and a daughter with their families could not be present for they missed a happy occasion, as no more ideal day nor place for such a gathering could have been chosen.

Late in the afternoon when time came for good-bys, gifts were exchanged and many were the sincere wishes that this family may enjoy numerous more such occasions.—A Guest.

CLASS OF '23 ENTERTAINED

Misses Frankie Kirkpatrick and Beulah Patton entertained for members of the high school graduating class of '23, others who had been members of the class previous to graduation year and these former teachers of the class, on Friday evening, December twenty-eighth, at the home of Miss Kirkpatrick.

Guests were ushered into a "school room" presided over by Mrs. F. A. Davis, a former high school instructor of the class. Typical opening exercises were conducted, then miniature tablets and pencils were distributed and "mathematics" and "alphabet" classes were held.

During "recess" a number of games of "9000" were played. An attractive refreshment plate was served to the following:

- Mr. and Mrs. George Cates, Mr. and Mrs. Howard Bursey, Mr. and Mrs. John Carter, Henry Black, Misses Annie May Ellis, Susie Johnson, Pearl Saunders, Lottie Woods, and Mesdames F. A. Davis and L. A. Andrews.

BIRTHDAY PARTY

Celebrating her fifth birthday, Beverly Hughston was hostess to a number of little friends on Saturday, December 29th, at the home of her parents. The guests were met at the door by Beverly and after everybody had arrived, numerous games were played and a good time was had by all. A pretty birthday cake was cut and served with ice cream to the following little guests: Virginia Thomas, Ray Thomas, Mary Alice Bell, Virginia Moseley, Geraldine Moseley, Joe Wallace Beverly, Thomas Alton Andrews, Billie Newton Klepper, James Howard Williams, John Clark Long, Margaret Long, Jimmie Ree Moody, John Edward Moody, Reed Sanders, Margaret Claire Shirley, Wanda Faye Boddeman, Helen Harwell, Harry Harwell, J. M. Hill, Mary Ella Rettig, J. T. Hughston and the hostess. Beverly received a number of pretty birthday gifts.

The Early Bird Brings the Best Price

Every one who has raised chickens knows that the early fowls are the ones that reap the most profit. Now is a good time to pick out the best equipment for the hatching and raising of early chickens.

THE SAFETY HATCH AND BUCKEYE INCUBATORS are the best insurance you can have of raising more early chickens. You can almost "count your chickens before they hatch." We will soon have a stock of these incubators on our display floor for you to see. Come in and look them over.

We will also have a full line of feeders, coops and other equipment.

If you are milking as many as 3 cows a De Laval Separator will make you money.

Crowell Couple Wedded at Clyde

Mr. Clark Spears and Miss Carrie Draper were married at the Baptist parsonage at Clyde on Dec. 23, Rev. Jenkins, pastor of the Baptist church of that city officiating.

The groom is a son of A. B. Spears of this city and the bride is a daughter of W. F. Draper of A. Jones. They returned to Crowell Friday and will make their home here.

Mr. Spears is with the L. A. Beverly Filling Station.

Frank Calvin from Santa Fe, N. M., a former resident of Crowell, is here for a few days visiting relatives and friends. This is the first time Mr. Calvin has been back to Crowell for five years. He says this place has grown so since he left that he doesn't hardly recognize it. Mr. Calvin is a rancher near Santa Fe.

The Paducah Post reports the loss of cotton off wagons in the field in one case in that county. This kind

of matters become pretty common. One day ago a long supply of many families in West Texas and some of the wheat crop was being blown away by a heavy wind. The wheat was blown down in some places.

The returned today from a week from Fort Worth and Mrs. I. M. Cates and her family. Mrs. Cates returned today from her trip to the city. They returned from Dallas on Monday, December 24th, where they spent Christmas with their daughter and sister, Mrs. I. E. Huffaker, and family. They report having a fine turkey dinner on

### Your Building Needs

As we start the new year we want to thank the public for the business given us during the old and we hope to have the pleasure of serving you in our line during this new year.

We make a study of your needs and try to supply those needs with the very best materials at the lowest possible prices and we believe we have succeeded in a fair measure.

We believe you want quality lumber, just you want anything else of quality. Lumber is the one thing of all that should possess quality because you want the structure which is to last and cheap lumber will not

crave opportunity to serve you in building and repair work of whatever kind.

### GOVERNMENT AS JOB PRINTER

Uncle Sam does the biggest business in the world as a job printer, by selling stamped envelopes and printing the return addresses on them, in small or large quantities.

The country newspaper and job printing offices have always protested against this as an unfair competition on the part of Uncle Sam, and as taking away a large source of revenue from the smaller printing establishments in the country towns and smaller cities. The National Editorial Association has sent out from the National Office at St. Paul, Minn., a bulletin which reviews this subject and concludes by saying:

"The N. E. A. will continue the fight against unfair government competition by appealing to Congress for relief."

# Now on Display in our Showroom!

Today you can see the most sensational automobile ever introduced—The Outstanding Chevrolet of Chevrolet History, a Six in the price range of the four!

This amazing new automobile is now on display in our showrooms and we cordially invite you to come in for a personal inspection!

Judging by the tremendous interest which it has excited wherever shown—

—judging by the unqualified approval it has won from everybody, everywhere—

—the Outstanding Chevrolet will instantly impress you as the greatest dollar-for-dollar value ever offered in any automobile!

### New 6-Cylinder Valve-in-Head Engine

When you lift the hood and see the new six-cylinder valve-in-head engine you will realize that a new era has dawned for the buyers of low-priced automobiles. Representing four years' development and testing by Chevrolet and General Motors engineers, embodying the discoveries of General Motors Research Staff, this new power plant is a marvel of advanced design. At every speed it operates with that delightful smoothness which everyone demands today in a modern automobile. It develops approximately 32% more power than any previous Chevrolet engine. It displays sensationally greater speed and faster acceleration. And yet, despite this brilliantly improved performance, it maintains Chevrolet's worldwide reputation for economical transportation by delivering better than an average of twenty miles to the gallon of gasoline!

### Great Array of New Features

Matching this spectacular advance in performance is the greatest array of new features Chevrolet has ever announced—and the most outstanding appearance ever achieved in a car of comparable price!

The new four-wheel brakes not only assure safety, but are exceedingly quiet in operation. The heavier, finer quality transmission and rear axle contribute to longer life and greater stamina. The two-beam headlamps with foot control dimming were never before available in Chevrolet's price class. The new AC gasoline pump with filter assures constant supply no matter how steep the hill. And so on throughout the entire chassis, you will find features previously demanded in the world's most expensive automobiles and now offered on the Outstanding Chevrolet in accordance with Chevrolet's policy of constant progress!

### Distinctive New Beauty

But, however impressed you may be by the mechanical superiority of the Outstanding Chevrolet, your admiration will reach even greater heights when you study the car's distinctive beauty.

Here the whole effect is one of ultra-smartness, luxury and style. Introducing modish, concave front pillars and divided moulding, embodying the comfort advantages of greater width and length, finished in smart new lustrous colors—the marvelous new Fisher bodies represent a masterful example of artistic coachwork. Never in Fisher's long and illustrious service to the automotive industry has Fisher style supremacy been more clearly revealed! Never have beauty, comfort, convenience and staunch construction been more skillfully combined in the bodies of any automobile!

### Come In and See For Yourself

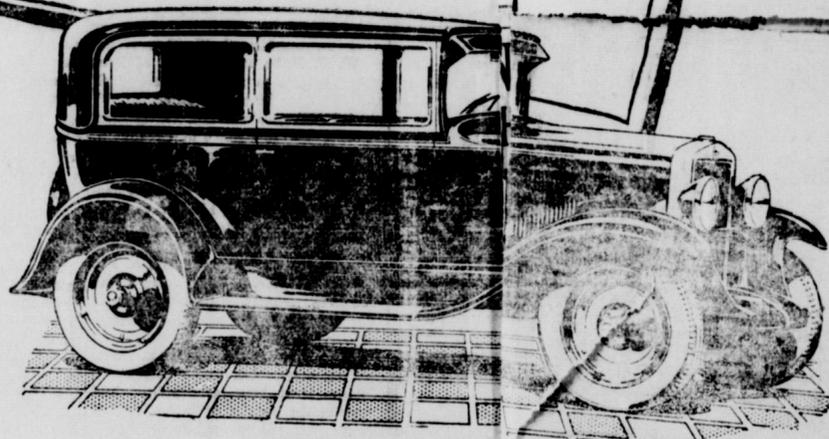

So we urge you to come in today and inspect the Outstanding Chevrolet! See for yourself what distinctive beauty and thrilling performance are now available at prices so amazingly low! Learn how Chevrolet has again established an entirely new standard of motor car value!

You are cordially invited to attend our initial showing of

The Outstanding Chevrolet of Chevrolet History—a Six in the price range of the four!

**A BUSINESS CHANGE**  
 C. W. Thompson, who has been a member of the Fox-Thompson Grocery Company of this city, has bought Dow Miller's Magnolia wholesale business and is now actively engaged in that business. Fox Brothers take the entire stock of the grocery store. Miller will leave soon for Dallas to have his eyes treated.

**JUST WHAT IS NEWS?**  
 People have various versions as to what a newspaper is, and the dictionaries all seem to agree on one thing—that it is a paper containing news. The word newspaper indicates that, but what is news?  
 News is something that people want to read—something that they did not know about the activities of other people.

But there are different kinds of news and no one kind always appeals to all people. Some newspaper readers pick up a newspaper, glance through it hastily and put it down with the thought that there is nothing in it. There may not be anything of particular interest to them in that issue, but to their neighbor, several items may have a particular appeal. It is the business of the newspapers to print the news that they believe the largest number of their readers are interested in, and that is the aim of every newspaper.

So a newspaper is something that gives news, and in addition, it has come to be regarded as the official town booster. When everyone else becomes so absorbed in their own affairs that they have no time for giving attention to the general welfare of the community, the newspaper is expected to be on the job constantly, working for the benefit of all people. Good newspapers look upon this added responsibility as their job and they work at it constantly.

**FLU REMEDY**  
 The following home remedy for flu has been handed the News with the request that it be published and we are herewith giving it to the public for whatever it may be worth.  
 2 tablespoonfuls lemon juice,  
 2 tablespoonfuls castor oil,  
 10 to 15 drops turpentine,  
 Half cup warm water. Mix well and then add one teaspoonful soda. The above is one dose for an adult.

**Chevrolet Company to Have Sales Meetings**

Chevrolet Motor Company in order to get its 1929 sales program directly before its dealer and factory selling organization is again sponsoring its annual spring series of nation-wide sales meetings, the first of which is to take place next week in New York.

This year the meetings are to be divided among three crews, each embracing a personnel of five factory executives, all of whom are specialists in some phase of merchandising. Heading the crews will be R. H. Grant, vice-president in charge of sales; H. J. Klingler, general sales manager; M. D. Douglas and D. E. Ralston, assistant general sales managers.

The itineraries of the three crews will carry them to every key city in the country so that none of the 25,000 persons who compose the factory and dealer selling organizations will have difficulty in learning Chevrolet's 1929 sales program from the lips of the men who devised it. Tentatively this program has as its goal the sale during 1929 of 1,250,000 units, the largest annual quota ever established by the world's largest builder of automobiles.

Thirty-five cities are to be included in the three itineraries, the last meeting scheduled for Denver, February 23. In each place the programs will be identical. In each city the meeting will be concluded in the course of two days. There is to be a three hour afternoon program followed by an elaborate evening banquet. Ample time has been provided for dealers to take up their individual programs with factory officials.

More than a carload of scenery, props, stage properties and special lighting equipment are necessary for the presentation in each city. The services are also required of a specially trained show crew to direct the work behind the stage so that in front of the footlights the dealer organization may witness the most impressive and instructive stage show ever sponsored by any company in the industry.

All of the crews will be together next Friday when the first meeting opens in New York, and their routes will bring them together again for the Detroit and Chicago meetings. Aside from these instances, however, the three parties will work out into widely divergent sections.

Mr. Grant's party which will leave New York and branch gradually into the far west, includes the following members: C. J. Seifert, assistant manager and dealer finance and accounting; H. H. Goodrich, used car sales promotion division; J. A. McLane, fleet division; R. J. Pearce, parts and service division. Mr. Klingler's party which will cover the middle west and the southeast, includes: W. A. Brees, manager of dealer finance and accounting; J. H. Blackmore, assistant sales promotion manager; T. E. Chancellor, truck division; and D. G. Frazer, service promotion manager. The party headed jointly by Mr. Ralston and Mr. Douglas, which will cover the middle and southwest, includes: L. L. Linehan, assistant manager of dealer finance accounting; W. G. Lewellen, sales promotion manager; Sidney Corbett, manager of truck division; and J. P. Little, manager of parts and service.

The cities to be visited and the dates of the meetings follow: New York, Jan. 11 and 12; Boston, Jan. 14 and 15; Detroit, Jan. 23 and 24; Chicago, Feb. 1 and 2; Minneapolis, Feb. 4 and 5; Butte, Feb. 7 and 8; Seattle, Feb. 11 and 12; Portland, Feb. 13 and 14; Oakland, Feb. 18 and 19; Los Angeles, Feb. 21 and 22; Salt Lake City, Feb. 25 and 26; Denver, Feb. 28 and March 1; Buffalo, Jan. 15 and 16; Pittsburgh, Jan. 17 and 18; Cincinnati, Jan. 19 and 20; Cleveland, Jan. 29 and 30; Des Moines, Feb. 4 and 5; St. Louis, Feb. 6 and 7; Little Rock, Feb. 8 and 9; Memphis, Feb. 11 and 12; Birmingham, Feb. 13 and 14; Atlanta, Feb. 15 and 16; Jacksonville, Feb. 18 and 19; Columbia, Feb. 20; Charlotte, Feb. 21 and 22; Washington, Jan. 14 and 15; Indianapolis, Jan. 16 and 17; Knoxville, Jan. 18 and 19; Louisville, Jan. 20 and 21; Omaha, Feb. 4 and 5; Kansas City, Feb. 6 and 7; Wichita, Feb. 8 and 9; Oklahoma City, Feb. 11 and 12; Dallas, Feb. 13 and 14; El Pas, Feb. 16 and 17; Houston, Feb. 19 and 20; New Orleans, Feb. 21 and 22.

**IF INFLUENZA COMES**  
 "If you get influenza, you gain a great deal by early recognition of the fact," a prominent middlewestern doctor declares in the January 1 Oklahoma Farmer-Stockman. "The person who suffers most from influenza is he who persists in treating the trouble as a bad cold and 'won't give up.'"  
 "The reason a person who has the 'flu' should go to bed is not that he should 'give up' but in order that he may prepare to fight.

"In standing or sitting there is much more strain upon the heart than when lying comfortably in bed. Even in normal health the heart that beats 80 or 90 to the minute when doing moderate work will quickly drop to 60 beats when the person lies down. When fever attacks a person, the difference is still more marked. It is therefore obvious that in going to bed when ill, a person is fighting disease in the best way. The poison of influenza is very disturbing to heart action, which makes it all the more important that the heart be saved from the burden of overwork."

**COMMUNITY CLUB**  
 Mesdames Tom Russell, Jim Cates and Herman Gentry arranged for a lovely Christmas tree and program at Mrs. Gentry's on the eve of December 22.

While waiting for the arrival of St. Nick, readings and Christmas rhymes were given by Dorothy Erwin, Juanita Brown, Billie Brown, Glendon Russell, Sam Russell, R. C. Steele, Hubert Carl Brown, Horace Erwin. The children did excellently and we hope to enjoy an even better program next Christmas.

At sundown on Christmas night neighbors gathered at the home of Earl Steele and enjoyed singing. The song numbers were interspersed by steel guitar numbers rendered by Mr. Steele and Miss Evelyn Steele.

On December 26 a quail supper was prepared at the home of Hubert Brown for a group of weary hunters, namely George Cates, Jim Cates, Roy Steele and Hubert Brown and families.

Mr. and Mrs. Will Erwin ate dinner in Childress Christmas day.

Mr. and Mrs. Jim Cates spent Christmas day with Mrs. Cates parents of Vernon.

**Big Franchise Is Awarded To Local Druggist**

Never before in the history of the world has the progress of Medical Science been so rapid. One important discovery after another has been made which will have a far-reaching effect upon the health and well-being of mankind. Some of these discoveries are startling in the extreme and absolutely disprove many of the beliefs, practices and theories we have known for a life-time.

As scientific investigators learn more about the human anatomy, the practice of medicine changes—the old is discarded for the new. As a result of this world-wide medical research, Science has discovered that good health is largely governed and maintained by three vital organs and fluids of the body. These are the liver, the blood and the endocrine glands.

What is more important, we have learned that these organs and fluids can be stimulated and invigorated by certain basic elements. Having knowledge of these important discoveries, one of America's leading bio-chemists, succeeded, after two and one-half years of laboratory research, in combining these basic elements in one formula—which may well be considered one of the greatest health-giving remedies of the age.

It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world. This new scientific treatment, which represents much of our latest knowledge on modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of medicine.

With the needs of their customers uppermost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.

Although introduced in the Southwest only a few weeks ago, Sargon has already become a household word. In Dallas and Ft. Worth alone, over 40,000 bottles of Sargon and Sargon Soft Mass Pills have been sold and distributed by local firms. Nothing like it has ever been seen before.

The agency for Sargon and Sargon Soft Mass Pills have been awarded to the Reeder Drug Co. In anticipation of the enormous demand, this well-known firm has just received a large shipment of these celebrated medicines.

It's as good as they say it is—Skidoon, the creamy cleanser.—Ferguson Bros.

**Business Change**

We wish to announce that Fox Brothers bought the interest formerly owned by W. Thompson in the Fox-Thompson Grocery stores of Crowell, Thalia and Truscott, Thompson retiring from the business early 1.

The stores of Crowell and Truscott will be as the Fox Bros. stores and the one at Thalia as it has been heretofore, Fox-Stovall Grocery Co.

In this connection we wish to thank our customers for the splendid business they have tended us through the past year. We believe your patronage is largely an expression of your confidence in us as fair grocerymen and your satisfaction with the good values we have given you.

It will be our policy to continue this fair dealing and we solicit your further trade based upon this promise.

Come to see us for your grocery needs all through the year and we believe when the new one shall have come to a close you will have no grounds for regret.

Yours truly,

NEW YEAR'S PARTY

About 30 ladies were charmingly entertained on Tuesday afternoon at the home of Mrs. A. Y. Beverly with Mrs. M. S. Henry and Mrs. Beverly as hostesses.

the game, Miss Lottie Woods in a few well-chosen words, gave a backward glance at 1928 and a forward outlook on 1929.

Still Claims Big Well for Santa Rita

Santa Rita, Texas, Dec. 25, 1928. Messrs. Kinsey & Klepper, Editors Foard County News, Crowell, Texas.

Please find enclosed my check for \$1.50 for next year's subscription to your wonderful paper for it means more to us now since leaving that nice city than ever before for we can keep up with the happenings in dear old Foard County.

Would also like to make known the fact that "Texon Tattler" took in too much territory again. It seems as if, when he found out Santa Rita would not let him, Texon, lay claim to the World's deepest well, he decided to claim the whole of Reagan County for Texon and "small children".

1st: Mr. F. T. Pickercell and C. G. Cromwell were the first and only two men that brought in the discovery well here in Reagan County. These two men are now at the head of Texon Oil & Land Company and Group No. 1 Oil Corporation located at SANTA RITA, Texas, not Texon.

2nd: The Big Lake Oil Co., of which Levi Smith is head, came about a year and a half later and Mr. Pickercell and Cromwell sold to them a portion of the oil lands on which is now built the city of TEXON. This fact the discovery well is on Big Lake Company's property, but it was not drilled by the Big Lake Co. at all.

3rd: The Texon Oil & Land Co. moved on the remaining part of their lease and built the camp we now live in and named it Santa Rita, Texas.

4th: Santa Rita is not as large nor as beautiful as Texon, for Texon is really a beautiful oil camp, but is coming to the front since the deep well came in. The Signal Gasoline Co., who are located here, are now in progress of enlarging their plant to where they can make twenty thousand gallons per day using the gas from B one.

5th: The deepest well in the world is increasing daily. Today's report was eleven hundred seventy two barrels of high gravity oil and over twelve million feet of gas. Understand the Big Lake Oil Company has plans for three deep test like B-1. Maybe the Texon Tattler will have one after all. Who knows?

He states no one knows where Santa Rita is located. That may be a fact. Neither would I have known had it not been described as a wonderful place with plenty of nice housekeeping rooms by the one known as Texon Tattler. But I am going to hold my own for this place, even if I am not overwhelmed with it.

If you see fit to print this would appreciate it; if not, you may rest assured no hard feelings for unless Texon Tattler gets too big and takes in too much territory again, this will be my last.

Yours truly, C. E. BALL.

THE TEXON TALES

(The worst in the West)

When some guy asks you to have dinner with him find out if he means at noon or supper time.

A bird came into the cafe the other night and looking over the menu which happened to be the noon issue, called for a regular dinner. The hasher told him they didn't serve them at night but could give him a short order. He says, "Well, bring me one of them, then."

They was a guy asked for postal cards at the post office but when he found they didn't have pictures on them refused to buy them.

We notice there are several visitors to Crowell from Rankin during Xmas. Rankin is our neighbor. Jimmie and Henry Ashford and Homer Couthin were visitors at Texon last week. These boys are from Rankin, Flat Rock and Crowell. Flat Rock is one of the wildest towns in the West. That is one town which has never had a peace officer. During Xmas it went wild and everyone did as they pleased. Lawlessness is unrestrained at Flat Rock. Ask Jimmie Ashford about this town when he gets back there.

Well, we hated to get smart with Mr. Ball about that deep well but you see we didn't aim to start no argument when we wired the dope about it the first time, just felt like it our duty to advertise the field here. The fact is Texon and Santa Rita is all in the same field. Texon is the town while Santa Rita is just a camp.

We will be glad when Mr. Roberts starts the Splinters again. We think the Splinters is the best ads we ever seen. Watcha waiting on Roberts? Yours for four years of prosperity, TEXON TATTLER.

For 9 Years Gas Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adlerika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. —Ferguson Bros. Druggists.

RECITAL

One of the most interesting and pleasing events of the holiday season was the recital given in the high school auditorium on the evening of Dec. 20, by the expression pupils of Miss Jessie Johnson. The first part of the program was given to readings from individual members of the class which was very interesting and evinced talent and effort on the part of both pupil and instructor.

The second part of the program was a fantasy entitled "Ye Old Tyme Recital" depicting by costume and story, the time of our grandmothers. The costumes were attractive and the ease and grace of the participants on the stage would have done credit to much older pupils. The program was brought to a close with the graceful minuet. It was throughout a beautiful, artistic program. The personnel of those who took part is as follows: W. C. Green, Peggy Thompson, Jo Roark, Milton Magee, Mamie Teague, Leona Knox, Theama Jones, Iva Pearl Teague, Jeff Bell, Elizabeth Kincaid, Rosemary Crawford, Ollie Mae Smith, Lorene Grey, Lillie Mae Edgin, Mary Eva Meason, Mozelle Lemons, Cathryn Ferguson, Peggy Cooper, Dorothy Pauline McKown, Allen Jinks, Andrew Calvin, Fred Allan Beverly, Frank Hofues, Dwight Barry, Stanley Womack.

WATCH PARTY

On Monday evening, Dec. 31, a group of friends gathered at the home of Mr. and Mrs. S. S. Bell for a watch party with Mrs. Bell and Mrs. George Self as hostesses. Six hundred was the game of the evening with intermissions for a visit to the punch bowl in the dining room at which Mrs. Bell presided.

The new year was announced over the radio almost unexpectedly and Father Time was in our midst before we knew it with the message: Time was—is past; Thou can not recall. Time is—is now; Employ the portion small.

Time future is not, and may never be. Time present is the only time for thee.

With the help of the guests he then rang out a welcome to the coming year. Those present were: Messrs. J. R. Beverly, A. Y. Beverly, Gordon Bell, Lawrence Kinsey, T. S. Haney, Esca Brown, Marion Hughston, Thos. Hughston, L. A. Andrews and Mrs. J. A. Johnson, Miss Lottie Woods and Mr. Arthur Bell.

New Year's Dinner Party

Mr. and Mrs. Clyde McKown were host and hostess at a delightfully appointed dinner party on New Year's evening. Covers were laid for Mr. and Mrs. Geo. Hinds, Mr. and Mrs. Claude Brooks, Mr. and Mrs. Lee Allan Beverly, Mr. and Mrs. A. Y. Beverly, Mr. and Mrs. Paul Shirley and the host and hostess. After a delicious three-course turkey dinner, '42' was enjoyed until a late hour.

CAR SMASHED WEDNESDAY

Mrs. Vernon Weekly of Vernon was in a car wreck Wednesday on the road between here and Margaret as she was on her way home from here. The accident happened when she drove around a truck and collided with another car on the wrong side of the road. We have only meager reports as we go to press, but understand that Mrs. Vernon was bruised considerably. The car was practically wrecked.

SPLINTERS

VOL. 1 January 4, 1929

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co. R. J. ROBERTS, Manager.

Our entire organization wishes for you a big and busy 1929, for only thru your business can we hope for ours to thrive and prosper.

We have just unloaded a car of Magnolia Coke which is the ideal Modern Home fuel. Contains more heat per pound than Anthracite coal and less than one-half per cent ash. Hence it is more economical than coal.

We now have a complete stock of wall paper and wall paper supplies. Before buying let us show you our stock and quote you our reasonable prices.

Lots of people are putting down oak flooring over their old pine floors which is a very economical thing to do. It will surprise you how cheaply it can be done and it makes a real job.

Money circulates rapidly these days, and yet it is estimated that it takes sixteen years for a dollar that is sent a thousand miles away for merchandise to return to the starting point.

Why does a little dog wag his tail? To gain good will. Just as the little dog wags his tail to make friends, we are giving you the best that is in our power in quality and service when you buy from us. And we're glad to say, this policy is wanting new friends for us every day.

County Agent of Snyder Here Monday

W. C. Logan, county agent of Snyder, was here Monday on a business mission. While in conversation with a News reporter, Mr. Logan stated that Scurry County had a terracing program for the next year of ten thousand acres.

So great have been the benefits derived from terracing in that county that farmers generally are taking it up with great interest. They are seeing that where land is terraced the farmers produce much more cotton than where it is not terraced. He says talk sometimes fails to convince the farmers, but the results shown by actual experience do not fail.

Fred Thomson, Star of Westerns, Dies On Christmas Day

Los Angeles, Dec. 26 — Fred Thomson died shortly before midnight Christmas Day. He was taken to the hospital five days ago for an operation following an attack of pneumonia. He left Paramount at the expiration of his contract August 4, when he completed "Kit Carson." Since that time he has figured in negotiations with Fox and Metro, both of which were attempting to obtain his services. Probably no actor was ever more respected and admired by the people of this community than Thomson.

Word of Fred Thomson's death quickly spread throughout Hollywood. When the news was received a hush fell over dozens of parties that were under way. Guests of Albert Rogell were particularly stunned. Rogell directed him in Fred's first picture back in 1922, when F B O made a series of Westerns that were later to elevate Thomson to high rank among box office stars. Of that company, Harry Joe Brown

and Andrew J. Callahan, who produced the series, were Rogell's clerk of the evening. Thomson was educated at Pasadena, where he was an outstanding athlete. He once boxed Gene Tunney. During the war he was a captain in the army. Becoming a star player, he quickly won a large following, and in the Herald-Examiner annual poll among exhibitors, Thomson's name was always high in the list of leading box office attractions.

CHRISTMAS DINNER PARTY

Another pleasant event of the day season was a dinner party given by Mr. and Mrs. M. S. Henry. Guests were Dr. and Mrs. R. L. Kincaid, and Mrs. Hines Clark, Mr. and Mrs. R. B. Mace, Mr. and Mrs. A. Beverly, Mr. and Mrs. S. S. Bell, B. Johnson and Mrs. Joe Johnson, Dr. and Mrs. Schindler.

We Just Want to Say---

When better prices are made on groceries, this store will make them.

And that means, too, that quality will not be sacrificed in order that better prices may be made. The quality will be kept as high as possible and the price as low as possible. In other words, we intend to widen the space between the two and give our customers the biggest dollar's worth of groceries for the "buck" you ever bought.

We would be ungrateful if we did not express our very hearty appreciation of the splendid business you gave us during the year just closed. Every dollar you spent with us was appreciated to the fullest and went into the making of a business that wants to serve.

We are always glad to see you come to our store. We are glad when you call us and say "Please send us a sack of flour, a side of bacon, a hundred pounds of sugar." Oh, of course you do not have to make such order, just order the little things and they will be delivered with the same appreciation of your trade as if it were a big order.

Come to see us. We want to serve you.
