L. Kincaid Is Back From Session 41st Legislature

L. Kincaid of this city, representative of the 114th district, returned from Austin Monday, after the 41st session of the Texas Legislature. He states that Governor Moody will possibly call another session about the middle of April at which time the governor will submit whatever bills he wishes. Kincaid believes that the road bill providing the gasoline tax will be passed at that time. Moody has stated that he will present a service bill, which was rejected at every opportunity.

Kincaid's Bill

Kincaid is the author of the bill passed by a vote of 100 to 0 in the House of Representatives. The bill introduced requires the institution of the mentally unfit in institutions and while it passed the House, it was tabled by the Senate. However, Dr. Kincaid says he believes that the bill will be introduced at the next regular session. Mental unfitness are increasing fast and we can build asylums to care of them and there are more to take care of every 24 hours. "It is taking one-half of appropriations to care of the social unfitness, including alcoholism, and with the alarming increase of the mental unfitness becoming a burden to society and a menace to the human race. By instituting the mentally unfit in institutions, we could eliminate the cause of insanity and epileptics. The sterilization is very safe and simple and no healthy organ is disturbed in the sterilization," explained Dr. Kincaid.

Kincaid's Bill

Kincaid's bill has received favorable comment from some of the leading publications of the state that is that at the appalling rate of increase of the mentally unfit will finally sweep the race if steps are not taken to curb the increase by intelligent regulation as proposed by Dr. Kincaid.

"Pay As You Go" Plan

Commenting on the proposed \$100,000,000 bond issue for buildings of the state, Kincaid stated he favored a "pay as you go" plan. It is proposed to reduce the large bond issue with a 4 cent gasoline tax, however, with the tax, a revenue of \$23,000,000 per year and a ten per cent thereafter, would be provided for a bond issue and this would be enough to wisely spend in the roads of the state, according to Dr. Kincaid. During the life of the proposed bond issue, over \$100,000,000 in interest would have been paid and this would be eliminated with a pay-as-you-go plan, explained the Crowell legislator. By bond issue it is proposed to use \$100,000 for retiring the bond voted in the counties of the state and through the plan advocated by Kincaid, this would be taken through the car registration which amounts to around ten dollars each year.

Maye Andrews Injured

Maye Andrews suffered a serious injury last Friday morning while fishing at the city lake. While fishing from the ground her right leg gave completely away as the result of a ruptured cartilage caused an injury while a student in the well schools about 12 years ago. The injury was very painful. Andrews was taken to Dallas Monday night and an operation was performed on her knee Monday by W. B. Carroll, who formerly had an injury to her father's foot.

Delegation of Crowell Rebekahs at Vernon

Twenty-six Crowell Rebekahs with E. W. Burrow as captain of the degree staff, conferred degrees on three candidates at the Vernon lodge at the Odd Fellow Hall in Vernon last Friday night. According to reports from Vernon, the work of the team was excellent and brought rounds of applause as the members went through the intricate formations of the drill. The Vernon candidates were Miss Hazel Fallin, Miss Aylene Arnold and Miss Mary Love. Speeches were made by Odd Fellows and Rebekahs of Crowell and Vernon following the conferring of the degrees. Refreshments were served to the large crowd at the close of the meeting.

Those attending from Crowell were R. E. Manard, Mrs. S. E. Tate, Mr. and Mrs. O. O. Hollingsworth, Mr. and Mrs. Roy Johnson, Mr. and Mrs. W. O. Clary, Mr. and Mrs. W. W. Griffith, Mrs. E. D. Oswald, Mrs. Gladys Sanders, Mrs. Q. R. Miller, Mrs. Clint White, E. W. Burrow, W. O. McDaniels, Misses Ruth Mack, Idura White, Rosalee McDaniels, Frances Stewart, Mary Clayton Giddings, Kate White, Margaret Curtis, Ha Lovelady and Ella Patton.

Country Club Placed In Shape for Season

The rebuilding of greens is now taking place at the Springlake Country Club and a number of other improvements will be completed before the golf season really gets under way. J. R. Beverly, president, states that as soon as it rains Bermuda grass will be planted in a number of places over the course, especially around the greens and on the bunkers. Grass roots will be secured and set out instead of sowing the seed.

After the first of May, fishing will be permitted at the lake for members until the close of the season next March. The lake is well stocked with bass and crappie.

Mr. Beverly stated that the limit on membership was reached last year and that no memberships in the club are for sale. There are one hundred members in the club.

OIL NEWS

Shell Petroleum is now drilling below 300 feet in the test on the Tarver farm, about one mile northwest of Thalia. This test is about one-half mile west of the well that furnishes Crowell and Thalia with natural gas.

Humble has reached a depth below 3,000 feet on their test in Block L. S. P. Ry. Co. Survey, on the L. K. Johnson ranch. This test is located about 16 miles west of Crowell and is one-half mile east of the McAdams gas well.

Brunnet Brothers of Knox County started a new test Monday three miles southeast of Truscott. They are using a Star rig.

Dixie Oil Company is drilling about 12 miles west of Truscott on the A-Y ranch.

Fox Baby Injured By Mule Kick Wednesday

Lola Mae, two year old daughter of Mr. and Mrs. R. E. Fox of this city, received a crushed skull from the kick of a mule on the W. A. Patton farm, northeast of Crowell, Wednesday at about 5:30. The child was walking through the barn yard when kicked by the mule, causing the front part of her head to cave in.

She was rushed to the Crowell Hospital and an operation was performed by Doctors J. M. Hill and Hines Clark, who removed a part of the skull in order to raise part of it from her brain. According to last reports, the little child is getting along nicely.

\$4,117.00 Received By Foard County Schools

State aid for Foard County rural schools to the amount of \$4,117.00 was received this week by J. E. Atchison, county superintendent. This appropriation was made on a basis of \$3.50 per capita. Between now and July the remaining amount of state aid, \$5.50 per capita, will be received. Foard County's rural school enrollment is listed as 1,262 and aid is given with that enrollment as a basis.

Shortly before the allowance of the S. M. N. Marrs, state superintendent, sent a warning that no aid would be given unless the counties had a depository bond. However, Foard County already had made the bond and had it approved by the state department at that time.

The reason we don't take better care of our feet is because they are too far from our minds.

Wichita Falls Trip Will Be Made Sat. By Foard Delegates

Every person in Foard County that is interested in visiting the Week's Small Farm project at Wichita Falls and other points of interest about that city, is urged to make the trip by auto caravan that is being planned for Saturday morning. At present it is planned to leave the court house square at 7 a. m. and arrangements are being made for cars to carry the agricultural students of Crowell High School and the 4-H Club boys of Foard County on this trip.

Final preparations on the matter were announced at the Rotary Club luncheon Wednesday. It was announced at that time that Charles Weeks of Wichita Falls had stated that Saturday would be a convenient day to receive visitors and he was anxious for as many Foard County people to come as possible. President M. S. Henry appointed a committee composed of J. R. Beverly, H. E. Ferguson and Clarence Self to make final arrangements for the trip.

The Wichita Falls Chamber of Commerce has offered its co-operation in making the trip a success and a wonderful time as well as one that will be highly educational in its nature for anyone making the trip. Those from Crowell that have visited the Week's project are particularly enthusiastic about it and state that it is well worth anyone's time to make the trip.

Anyone that plans to make the trip with the caravan leaving here at 7 a. m. is urged to notify Messrs. Beverly, Self or Ferguson if they can provide transportation for others. A number of cars have already been arranged for, however, a few others are needed. It is planned to visit the shoe factory, Johnson poultry ranch and other points of interest at Wichita Falls on this trip. Club debts are urged to carry their lunches.

Kincaid Is Speaker

Dr. R. L. Kincaid was the principal speaker at the luncheon Wednesday and his talk concerning the Legislature and legislative affairs were very interesting and instructive. Fred Rannels, county agent, was present and spoke of the plans that he was making for the Wichita trip with his club boys. Ben Parrish, district scout executive, was also a visitor and President Henry appointed a committee composed of Leo Spencer, W. F. Kirkpatrick and Eli Smith to work on the scout movement in Crowell.

Other visitors were F. W. Kennerly and Emery Gose, Quannah Rotarians, John Myers of Vernon, and C. H. McClellan of Wichita Falls. Tom Bell was elected as delegate to the 11st district conference to be held at Ranger March 21 and 22. M. S. Henry was elected as alternate.

Declamation Contest Held Tuesday Night

The declamation contest at the auditorium Tuesday night was one of the most interesting events that has been held in Crowell in some time and a good crowd was present for the occasion.

Outstanding interest has been expressed this year in declamations and preliminary to the contest Tuesday night, various eliminations were held, as at the beginning from 8 to 10 in each room tried out and from this number, two were selected. After that these winners spoke in the assembly periods at the high school Friday and Monday and three winners, and in a few places four, were selected for the various divisions and these winners were the ones that spoke Tuesday night.

The winners Tuesday night are given in the order of their appearance, tiny tot story telling for girls: Louise Eubanks, Camille Graves and Daphny McTure; for boys: Veto Miller, Robert Bomar and Albert Scholer; girl's sub-junior declamation, Florine Miller, Ruth Sellers, Rosemary Crawford and Ada Evelyn Smith; boy's sub-junior, J. C. Ross, Dwight Barry, Dupree Allen and Fred Allen Beverly; girl's junior, Peggy Thompson, Jo Roark, Mamie Lee Teague and Katherine Ferguson; girl's senior, Elizabeth Kincaid and Ophelia Diggs; boy's senior, Bill Middleton and Mitchell Allee.

The judges were W. T. Lofland, superintendent of the Vernon schools, Miss Purcell and Miss Wynn, teachers of speech art and English at Vernon.

The first place winners of the above events will represent Crowell in the county contest that will be held at the Crowell High School auditorium on Friday evening, March 22nd.

Judges in all of the contests, from the eliminations to the final one, found it extremely difficult to determine the winners and all that have taken part in the contests have been highly commended by the judges. All of the teachers have tried to stress that the value of this work was to be considered by the number that participated and the efforts put forth, and not just winning.

D. M. Puckett, division State High-way engineer, arrived in Crowell Wednesday on an inspection trip.

J. L. Hazelwood Died At Adams Home Tues.

J. L. Hazelwood, 75, was found dead Tuesday morning in bed at the home of his daughter, Mrs. Ed Adams. It is believed that heart trouble caused his death. Mr. Hazelwood had been a resident of this city for the past three years and most of this time has been spent at the home of his daughter, although he has lived with other relatives from time to time.

He is survived by seven children, five daughters, Mrs. C. C. Childress, Athens; Miss Willie Hazelwood, San Diego, Cal.; Mrs. D. G. Campbell, Albany; Mrs. J. F. Calvert, Wichita Falls; and Mrs. Ed Adams of this city; and two sons, J. P. of Candiana and J. W. of Athens. Seventeen grandchildren and three great grandchildren also survive him.

Funeral services were held at the Christian Church, of which he was an old member, Thursday morning with Rev. J. F. Powers officiating. Pall bearers were Glynn Shults, Jim Cook, John Long, A. T. Shooley, Joe Ward and C. V. Allen. Interment was made in the Crowell Cemetery where his wife was laid to rest in 1925.

Mr. Hazelwood was born in Bosque County and was a pioneer rancher of that section. He was foreman of the ranch adjoining one belonging to Kemp and Kell, before these two widely known men had ever moved to Wichita Falls. He followed a frontier life extensively and in 1902 he moved to the Oklahoma territory and for many years conducted a feed store and livery stable at Hollis, Oklahoma.

Although Mr. Hazelwood had not been in this section for a very long time, yet he made friends here and his death is mourned by a great number of people in Crowell and Foard County.

Play Tournament Here March 29th and 30th

The one-act play tournament for the high schools of District 14 of the Texas Interscholastic League will be held in Crowell on Friday and Saturday, March 29th and 30th, according to arrangements made by Superintendent I. T. Graves with League officials at Austin.

Schools that are already assured of being in the tournament are Chillicothe, Knox City, Memphis, Flomot, Roaring Springs, Kirkland, Lakeview, Leolla Lake, Hedley and Crowell and it is possible that others may enter. The plays will start Friday afternoon and will end Saturday night. A small admission fee will be charged to take care of the expense of the tournament.

The fact that Crowell High School had one of the best auditoriums in the district, accounted for one of the reasons for selecting this city for the tournament. It will be necessary for Crowell to provide quarters for at least 50 visitors to this tournament and the call for homes to take care of these has already met with liberal response and no doubt Crowell will hang up a record for hospitality that will be long remembered by all of the visitors.

Mrs. B. W. Self and Mrs. R. L. Kincaid are acting as a special committee for the Parent-Teachers Association in providing homes for the students that will be here for the tournament and anyone that can take care of a visitor is urged to call either of these women. The following homes have been arranged for thus far: N. J. Roberts, 4 students; L. A. Beverly, 2; Mrs. S. O. Woods, 2; and B. W. Self, 2.

School Bonds Carry Four to One Monday

The election Monday on the question of issuing of bonds to the amount of \$10,000.00, for the purpose of constructing permanent repairs and improvements to the public school system of the Crowell Independent School District, carried four to one with 212 votes for, and 53 against the issuance of the bonds.

If no objection to the issue is raised in thirty days, the bonds will be submitted to the attorney general for approval and after that they will be sold.

The election was held in the court house with Sam T. Crews, judge, and Mrs. M. N. Kenner and Mrs. Que Miller, clerks.

About thirty boys from Breckenridge High School stopped for lunch in Crowell Friday while on their way to the Hi-Y Older Boys Conference to be held in Childress. They were traveling in a large bus.

Boy Scout Meeting At District Court Room Next Thurs.

Crowell will make definite steps to officially affiliate with Boy Scout work at a meeting to be held in the district court room of the court house next Thursday at 7:30 p. m. when J. B. Parrish of Quannah, district executive, and other speakers will explain the work and ask Crowell to establish Boy Scout work as it has been done in practically all of the neighboring cities.

A local committee composed of Leo Spencer, W. F. Kirkpatrick and Eli Smith is working on the scout proposition for Crowell and this committee extends an urgent invitation to the public to attend this meeting. Crowell is within the boundaries of the Quannah Parker Area Council, composed of Hardeman, Childress, Cottle, Knox, Foard and King Counties, but has never yet affiliated with the district and it is hoped this year that our city will do so as the movement has proved an outstanding success.

In asking Crowell to affiliate with the council, its officials are not asking Crowell to raise any specified amount but are urging that this city properly affiliate with its man power in forming the various committees to scout work and to then let the citizens give any amount they desire to the movement.

When properly handled the Boy Scout work is one of the greatest assets to any community as has been proven all over the nation, year after year. Not only does the work develop boys morally, mentally and physically, but in its real community service it is provided.

From the Star-Telegram

In Wednesday's issue of the Fort Worth Star-Telegram the following editorial is carried:

"Dr. George J. Fisher, who is deputy chief executive of the Boy Scouts of America, makes an interesting 'human' inventory of the business of which he is an officer. A boy at the age of 18, says he, is worth \$41,000 to his country. Thus a scoutmaster with a troop of 30 boys has the equivalent of \$1,200,000 in his charge, and the whole Boy Scout organization will inventory about 24 billion dollars."

"Of course, Dr. Fisher does not for a moment believe that the work of his organization is entirely adequately served in such a translation into dollars. What he does believe is that it is a good illustration of the importance of the scout movement, and that it is a sort of clincher that will sell that movement to the public and induce the public to support the movement with its money and its boys."

"The Boy Scout organization does not merit support merely because it exercises a sort of beneficent guardianship over 24 billion dollars' worth of property, but because these economic values of citizenship are also the index of many other qualities for whose promotion society is the better."

COUNTY FEDERATION

County Federation meets in an all day meeting at Foard City, March 21 at 10:30 a. m.

Leader—Mrs. Bert Self. Talk, How a Home Demonstration Agent helps the community.—Mrs. Will Erwin.

Music—Miss Claude Callaway in charge.

Reading—Miss Victoria McDaniel. Talk, Working the home over to achieve the greatest comforts, conveniences and beauty.—Miss Freeman.

Afternoon

Labor saving devices in way of machinery for the home.—Mrs. Sparks.

Early spring flowers—where to plant.—Mrs. Ribbie.

Reading—Mrs. Roy Steele.

Talk, Clean-Up time.—Mrs. Jack Roberts.

A covered dish luncheon will be served at noon.

Fire at Crews-Long Hardware Wednesday

Damage estimated at around \$400 to \$450 was suffered at noon Wednesday from a fire in the back end of the Crews-Long Hardware. It is believed that burning trash blew into the store, causing the fire which gained considerable headway before it was discovered. The fire department exhibited real efficiency and soon had the blaze under control in spite of the fact that the large pump-truck was in a garage for repairs, however, the chemical truck was put to good use.

Possibly the heaviest damage resulted from about 50 kegs of nails that were soaked with water. Pitch forks, rakes, hoes, spades and various other items were damaged, some only slightly. The damage is partially covered by insurance.

T. D. Bull will leave Friday afternoon for Sulphur, Oklahoma. He has been visiting his daughter, Mrs. J. W. Jonas, for the past six weeks.

"The World is Growing Better"—Dr. Cooper

"The world is growing better," said Dr. R. H. Cooper in his sermon at the morning services of the Methodist Church Sunday. "While the advancement of the Kingdom of Jesus is slow it is continually going forward and now one-third of the human race are nominal members of the Kingdom of Jesus."

Dr. Cooper started his sermon by reviewing the kingdom of Heaven, stating that it was of the spirit world and was established by love, the law governing it, and that the kingdom of nature was made by creation. "Obedience is the test of religion," Dr. Cooper said.

In explaining why he thought the world was growing better, Dr. Cooper said that during his life time he had seen several outstanding proofs to this claim. The abolition of slavery was the first of these that he discussed. Dr. Cooper explained that at the time of Jesus, the greater part of the people were slaves and that he had witnessed the time when the manacles fell from four million slaves in America.

The next great advancement discussed was the emancipation of woman. "Women in the time of Christ did not even have a place for worship and even in my time the women had to sit on their own side of the church. They had no privileges of citizenship and were only slightly recognized in educational circles. But today they are on equal terms with men in every way, politically, socially and economically," Dr. Cooper said.

Prohibition was one of the outstanding advancements seen by Dr. Cooper in his life time and the present step of outlawing war, in which differences between nations will be settled by arbitration, is looked upon by him to be of particular importance.

"The kingdom with the golden rule is going forward and our God is marching on," said Dr. Cooper in concluding.

Leo's Active Life

Dr. Cooper has been actively associated with the ministry since 1871, nearly 58 years, and during this time he has been presiding elder of the Missouri conference, with headquarters at Fayette, his home, for 22 years. At the age of 81, and he doesn't look over 60, Dr. Cooper is still leading an active life in church affairs and is at present secretary of the Missouri conference trust fund for superannuated preachers and in this capacity he has raised \$170,000.

Possibly no preacher in Missouri is better known than Dr. Cooper as his official capacities with the Missouri Conference and his 57 years in the ministry, have taken him to most of the churches of that state. The esteem with which Dr. Cooper is held in Missouri is shown by the fact that a large church now being built on the campus of Central College at Fayette is to be called Rice H. Cooper Parish House. This structure is being built with three units in the shape of wings with one unit for the musical conservatory, another for the educational building and one for the main chapel. Dr. Cooper received his D. D. degree from Central College and all of his 7 children have attended this institution.

In 1921 he represented the Missouri conference at the ecumenical conference in London, in which forty million adherents of the Methodist churches of the world were represented. At this time he toured other parts of Europe and visited the leading universities of England.

Dr. Cooper stated that there are two kinds of people, those that need university training, and those that nature thrusts an education upon. He gave Shakespeare, Burns and Bunyon as examples of the latter class. "If I was young again, I would certainly travel," he said, "and the greatest thing that any young person with literary ambitions can do, is to travel." It is predicted by Dr. Cooper that the youth of today will see the closing of many denominational divisions of religion.

Dr. Cooper has spent practically all of his life in the ministry in the Missouri conference which takes in the territory from the Missouri River to Iowa. He now spends his winters in Dallas. At present he is visiting his son, R. H. Cooper, Jr., who lives about 2 miles northeast of Crowell, and is planning to return to Dallas the latter part of the week.

OLD TIMER DEAD

E. B. Sewell of the Gilliland community, pioneer resident of Knox County, died suddenly last Thursday and funeral services were held Friday at Gilliland. Mr. Sewell was one of the best known men in Knox County and had a number of friends here.

WEST RAYLAND
(By Special Correspondent)

Fred Newth of Vernon visited Otto Schroeder Sunday.

We have plenty of field and garden seeds.

A. L. JOHNSON Crowell, Texas

Vegetables

At this season of the year a vegetable diet is very essential to health. This is a feature of our store which receives more than ordinary attention. We are particular in our buying and then give special attention to the preservation of vegetables after they arrive. We have spent hundreds of dollars preparing to keep this class of food in the very best of condition for our customers, and instead of your finding them wilted and tough you will find them crisp and fresh, just like they were when taken from the garden. That is why this department is called our "Indoor Garden."

On all staples we are right in quality and price. We would not mislead anyone by making the claim that we have extra buying power, such claim is false and whenever it is made it is intended to mislead.

We have bought a car of flour, the celebrated La France, and are selling this at attractive prices. You can not go wrong by buying this flour if you want the highest grade. Every sack guaranteed. Never a complaint registered.

For the benefit of those who may want a cheaper flour we wish to say that we are selling the Referee, a Missouri flour, at cost in order that we may have the storage room. We are making a very attractive price on this.

Onion sets are going at less than cost.

Took Soda 20 Years for Gas—Stops N

"For 20 years I took soda for gas and stomach pain. One of Adlerika brought me complete relief."—John B. Hardy.
Adlerika relieves gas and stomach at once. Acting on the upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels REAL cleaning and see how you feel! Overcomes constipation.—Ferguson Bros. Druggists.

(By F. W. Kazmier)

Chick Losses
There are a great many things that cause the loss of baby chicks. It is surprising the number of people who do not appreciate the importance of preparing for baby chicks, when giving them good care and attention. No doubt the majority of chicks manage to exist in spite of reckless care they receive. Thousands of people each year raise the chicks in make-shift brooders on the ground with the grown hens, and not surprising to know that more than 50 per cent of the chicks die before they are 3 weeks old. It is surprising that not more attention is given to baby chicks and their care.

White Diarrhoea
Many people confuse White Diarrhoea with common bowel trouble. The symptoms are very much alike. Nobody can diagnose this disease without sending the chicks to a laboratory for a microscopic examination by trained men. Before you do this, investigate the possibility of mismanagement as being the cause. Chilling the chicks or overheating them after they have been fed is a common cause of bowel trouble. Chilling is probably the most common cause of them all. Watch brooding temperature very closely, especially the first ten days. The temperature is fully as important as the feed and feeding. Spoiled feed quickly causes trouble and great mortality. The best way to feed baby chicks is to buy any of the good commercial chick feeds and feed it according to the directions of the manufacturer. The old home mixtures are not as good as the commercial chick starter is much superior. Few chicks saved will more than pay for the higher price of the ready-made feed.

White Diarrhoea Cures
It has been our experience, that there is of little value in curing bowel trouble or White Diarrhoea. Cleanliness, sanitation and common practices of good poultry-keeping. It is good practice to

prevent these ailments rather than trying to cure them. White Diarrhoea among baby chicks at present is considered incurable. Good care and feeding is the best medicine for baby chicks and growing chicks.

Toe-Picking
It is a bad habit generally caused by improper feeding and management. Over-crowding will cause the trouble. Too close confinement will also cause it. If they develop the habit, paint the toes or other parts attacked with coal tar, roofing cement or a special remedy put out for this purpose and remove the cause if possible. Give more room, allow chicks to run out doors and feed plenty of green food and milk. It is not often that the ration causes the trouble. Keeping the chicks too warm also sometimes develops this bad habit.

Cottonseed Meal Does Not Hurt Hatchability

Fred Rennels, county agent, received a letter from D. H. Reid, head of the department of poultry husbandry of A. & M. College, Tuesday in regard to experiments with cottonseed meal for poultry. The letter follows:
'We have set about nine hundred eggs this year from hens that have been fed cottonseed meal as their sole protein concentrate. These hens have been heavy laying pullets that have been laying since last October and are laying heavy at the present time. We have not, as yet, found any indication that cottonseed meal hurts the hatchability of eggs. At one time the chick pen would be higher than the cottonseed meal pen and the next time the cottonseed meal pen would be higher than the chick pen, the chick pen being fed meat scraps as their protein concentrate.'

Rialto has it, ask about it. Telephone 129, at seven o'clock.

Chickens Pay Well For Two Foard City Women

Mrs. Fred Traweck and Mrs. Claude Callaway of the Foard City community are two women of that section who find that chickens will provide a nice income if proper attention is given to them.

Mrs. Traweck keeps a detailed account of all money spent for groceries and the income from the chickens and dairy cows of the Traweck farm which is located about 13 miles southwest of Crowell. During the past fourteen months, grocery bills for the family have amounted to \$210.79 and produce sales have amounted to \$919.70, and while the clear profit from this amount has not been determined, Mrs. Traweck says that it has been more than enough to take care of their grocery, dry goods, and other bills, including the operation of the family car.

Only three cows and slightly over one hundred Rhode Island hens are kept regularly on the Traweck farm and it is difficult for one to realize that produce sales could be so much from this small number, especially when the family of four consumes a considerable amount. Mrs. Traweck stated that she co-operated with her husband with the field work and that they both worked together on everything. The Trawecks have a reputation with merchants of Crowell of never coming to town unless they bring along some dairy and poultry products.

Mrs. Claude Callaway is strong for White Leghorns and keeps over two hundred hens on the Callaway farm, about 11 miles southwest. She stated that she was gathering around 150 eggs a day at the present time and was selling practically all of them for breeding purposes. So far this spring, she has sold around 2,300 eggs and has orders for many more from people wishing to start poultry flocks.

Mrs. Callaway has one of the most modern brooder houses to be found and one compartment of it has a Flex-O-Glass roof, giving the baby chicks full benefit of the sunshine without exposing them to the wind. She expects to sell about 4,000 baby chicks this year and an incubator or one farm will soon hatch the first group of chicks.

About fifteen pounds of butter are sold weekly by Mrs. Callaway and her family also consumes all the milk and butter they want, and all of this is supplied by only two Jersey cows. While a record is not kept of produce sales, Mrs. Callaway stated that the receipts were far more than enough to take care of the grocery bills with enough left over to buy many things for the house. Three nice residential lots in Crowell were also purchased in 1928 by Mrs. Callaway from the profits of produce sales.

MUSIC MEMORY PROGRAM

The annual music memory program will be given on next Tuesday evening, March 19th, in the High School auditorium at 7:30 o'clock.

The numbers used in this program will consist of selections used in the music memory contest this year.

All children in the town and county who have been hearing the contest records and who expect to enter the contest are urged to attend this program, and all persons who enjoy a musical program are invited to attend.

The program is given by musicians and school children of Crowell and is sponsored by the Columbian Club of Crowell.

The teachers and pupils of the schools in the county in which the music memory contest work is being conducted are especially invited to be present.

The program is as follows:

- (a) I will sing a Lullaby—English Cradle Song.
(b) Swing Song—Hartford.
Primary chorus: Crowell Public School, directed by Mrs. Esca Brown and Miss Barbara Cryer.
Story of Opera, William Tell, by Rossini—Dwight Barry.
(a) William Tell Overture Fantastic.
(b) The Cuckoo, Daquin; Piano—Mrs. S. T. Crews.
Blue Danube Waltz, Strauss; Dance interpretation—Fifth Grade Girls, directed by Misses Florence Black and Lucille Ellis.
Traumerei, Schumann; Piano—Elizabeth Kincaid.
Song of India, Rimsky-Korsakow; Voice—Mrs. Adolphus Wright; Piano—Mrs. Arnold Rucker.
Melody in F, Rubinstein; Violin—T. B. Klepper; Piano—Mrs. T. B. Klepper.
Spanish Dance, Moskowski; Piano—Mrs. Sam T. Crews; Miss Mary Sam Crews.
(a) Mighty Lak' a Rose—Nevin.
(b) Welcome Sweet Springtime (Air-Melody in F)—Intermediate chorus, directed by Misses Winnie Self and Ruth Patterson.
(a) Prelude in C Sharp Minor—Rachmaninoff.
(b) Spinning Song, Mendelssohn; Piano—Miss Mary Sam Crews.
Hark, Hark the Lark, Schubert; Vocal Solo—Rev. Woodie Smith.

SPEEDY FILM SERVICE

In order to secure the film "The Drag Net" in time for presentation at the Rialto Monday night, T. B. Richmond, manager, found Monday afternoon that it would be necessary to make a trip to Hamlin. Leaving here at 1:30 in a Ford car with Dow Miller, Richmond made the trip

Cicero Smith Having Opening This Week

All the people of this section are urged by Cicero Smith Lumber Co. to attend their opening which is being held Thursday, Friday and Saturday of this week. Coffee, tea and cake are being served to all visitors to the new building of this company. The new structure and interior furnishings are very attractive and a real credit to any community. Misses Rosa Lee McDaniel, Ira Pearl Saunders and Mrs. E. B. McBurnett are in charge of refreshments.

Paint Demonstration

H. T. Cooper, factory man for the BPS Paint Co., will be present all days of the opening to give paint demonstrations of all his company's products. Quick drying enamels are being featured in the demonstrations. A demonstration of wall paper is also being made in connection with the opening.

Quarters for Robertson Studio Greatly Improved

L. V. Robertson finished moving his studio into the McCaskill building, next to Shelton Grocery, this week and he states that he will be completely settled in the new building by Monday as various details are being rapidly completed.

The new location furnishes an attractive reception room and next to it, a dressing room is provided. A finish and stock room comes next and next to it two dark rooms for photo finishing are provided. Possibly the outstanding feature of the new location is the large sky-light room. A 10 by 10 foot sky light is located at the back end of the studio and the room is large enough for large group pictures to be taken. With five 1000 watt bulbs, daylight can be provided at any time and Mr. Robertson stated that by appointment he can make pictures at night.

J. M. Rutherford of Chillicothe, special agent for the Orient, was a business visitor here last Friday.

MRS. DYKES' FATHER DIES

L. A. Lawrence, father of Mrs. Willie Dykes of this city and a former pioneer resident of Crowell, died Tuesday morning at 7 a. m. at Leuders where he had been making his home since leaving Foard County seven years ago. Mr. Lawrence lived in Foard County sixteen years, coming here from Alabama, and is well known to many of the older residents.

He is survived by three children and 28 grand children.

Mrs. Dykes had just returned from the bedside of her father Sunday when he was seemingly on the road to recovery.

HOSPITAL NOTES

Nick Gandy of Vivian is getting along nicely following an appendicitis operation.

Little Lola Mae Fox is recovering from a mule kick received Wednesday.

Mrs. Nora Boardman has been in charge of the hospital since Tuesday as Mrs. W. H. Pate is ill with tonsillitis.

AIR MAIL IS SPEEDY

Mrs. J. H. Shults received two letters from her son, Garland, in Mexico City this week, one arriving here Wednesday and the other Thursday. The Wednesday letter was mailed March the 5th and the Thursday letter was mailed on March 11th and sent by air mail, arriving here almost as quickly as the letter that was mailed six days earlier.

Garland stated that he was liking his work better every day. He has made no mention of the revolution and it is presumed that such mention is not allowed.

M. S. HENRY & CO. WILL SELL G-E REFRIGERATOR

M. S. Henry & Co. has just received its first shipment of General Electric refrigerators, having recently acquired the Crowell agency for this machine. M. S. Henry states that he is proud to have the agency for this these machines that were not placed on the market until after 15 years of experiments in perfecting an absolutely fool-proof electric refrigerator. There is not a working part visible on the machine as all machinery is arranged in life time order with a life time's supply of oil and then sealed up where nothing can be touched and all the owner has to do for years and years is to come and press the electric button and adjust the temperature as he pleases.

CITY ANNOUNCEMENTS

For City Marshal:
R. J. THOMAS.
WESLEY LOVELADY

HOOT'S SISTER IN NEW SERIAL

Helen Gibson, sweet, charming sister of Hoot, of Western films, is also in the movies and following in the footsteps of smiling Hoot on the screen. Miss Gibson plays the part of an adventuress in a thrilling, exciting serial of the Argentine bad lands, "Heroes Of The Wild," which stars Jack Hoxie.

Jack persuaded the modest Helen to join the movies and created the part for her in this stirring chapter-play. The supporting cast includes, "White Fury", king of wild horses, "Tornado" the wonder dog, Joe Bonomo, World's Perfect Strong man, Josephine Hill and Jay J. Brian. "Heroes Of The Wild" is a Mascot Serial Sensation and is coming to the Rialto Theatre, in the near future. The first chapter is "The Ghost Of The Gauchos."

If it keeps on snowing in Europe, such as press reports say, they will have to sweep the snow off the lawns this spring so they can mow the grass.

A man sought a divorce the other day because his wife compelled him to do the washing. The court, no doubt, will bring everything out in the wash.

Most observers will agree that when money goes to a person's head, there is generally plenty of room for it.

A federal prison announces that none of the prisoners are professional men. They are all probably amateurs.

FEW MISTAKES IN CURRENCY

Governments have always been so careful in the printing and issuance of money that there have rarely ever been mistakes made in banknotes. However, there has been at least one notable exception to this in the United States. In 1890 a bill got into circulation that showed one hundred dollars on one side and fifty dollars on the other.

This discovery was made by a hotel clerk. When he was making up the accounts for the day, he found a discrepancy he could not explain. Placing the bills in his left hand, he counted them one by one by turning them over and placing them in his right hand. Then he counted them back in the other direction. When done from left to right his cash balanced. When done the other way, there was a fifty-dollar deficit.

The baffled clerk wasted two hours endeavoring to find the error. Finally in desperation, he called the manager and demonstrated his trouble to him. The two decided to examine every bill individually. This was done and the faulty one found. It had been accepted as a one-hundred dollar note.

The Treasury Department was written to and had a record of the bill. There had been two misprinted bills, due to their being reversed in the press. One had a fifty-dollar reverse and a one-hundred-dollar obverse. The other had a fifty-dollar obverse and a one-hundred-dollar reverse. The other one had been discovered before it had been issued.

Two Spokane families have fifteen children each, which makes one feel glad that they don't live in the house between the two.

What a menagerie President Coolidge will have to bestow upon his home town, if he took all of his pets back with him.

One of the great discoveries of the age is the fact that keeping your nose to the grindstone, doesn't wear out the stone.

New Chinese Elm, fastest growing tree for New Mexico, Arizona, West Texas. Special price, 30¢ per foot trees, \$4 per dozen. Five trees, 75¢ each, delivered parcel. Order from this ad. Committees Appointed For Odd Fellows and Rebekahs Meeting Here

Further plans for the entertainment of the Lower Panhandle Association of Odd Fellows and Rebekahs to be held here next August, were made at a meeting of the Odd Fellows last Thursday night with the appointment of committees to start work on plans for the meeting which will probably be held on August 19th and 20th, according to present plans.

Eli Smith was appointed chairman of all committees and O. O. Hollingsworth, general secretary. The following committees were appointed: Arrangements, W. O. Clary, Dick Crosson, A. L. Davis, Byron Davis, and W. W. Griffith; program, deca-

rating and printing, E. E. Smith, O. O. Hollingsworth, Leo Spencer, Roy Johnson and E. V. Halbert; rooms and housing, R. J. Roberts, Edgar Womack, Joe Ward, Jim Shook and Que Miller; refreshments and entertainment, J. H. Harper, W. O. McDaniel, J. E. Harwell, Ed Maynard and E. W. Burrow.

At the next meeting of the Rebekahs, members will be appointed to work in conjunction with the above committees.

Seventy-four lodges will be represented at the meeting in August from the following counties: Hall, Hardeman, Clay, Wilbarger, Wichita, Archer, Baylor, Knox, Foard, Cottle, Motley and Collingsworth. Between 350 and 400 visitors are expected to attend the meeting.

Friday is Family Night!

Fine Arts Pictures Secured By C. H. S.

Three beautiful art pictures were received at the high school this week from the proceeds of the recent art exhibit sponsored by the Parent-Teachers Association. The pictures have been framed by the P. T. A. and placed at different parts of the building.

"A Reading from Homer," is one of the pictures and has been placed in Miss Ball's Latin room. "Washington Crossing the Delaware," has been placed in Grady Graves' History room and a large print of the "Sistine Madonna" has been placed in the auditorium.

Crowell High School has a reputation among school circles of the state as being one of the most appreciative schools concerning art, in Texas.

Mrs. W. S. Douglas of San Angelo, head of the art department of the Federated Women's Clubs of Texas, stated on a recent visit to Crowell that no other town in Texas the size of Crowell had the interest in art that Crowell High School has.

Orient To Seek Texas Line Lease to P. & S. F.

In a meeting at San Angelo Monday, directors of the Kansas City, Mexico and Orient Railroad of Texas, passed resolutions asking the Interstate Commerce Commission to authorize leasing of the Orient lines in Texas, owned by the Santa Fe, to the Panhandle and Santa Fe, and to grant a certificate of convenience and necessity for extending the line south from San Angelo to Sonora, and south from Alpine to Presidio.

The Panhandle and Santa Fe is a Texas corporation with headquarters at Amarillo. Consideration of the lease would be of such amount as the commission may deem proper.

Certified copies of the resolutions were taken to Chicago Monday evening for inspection of Santa Fe officials by C. M. Newman, director, of El Paso. Newman came to the meeting from Chicago.

SCHEDULE ATHLETIC EVENTS MARCH 22-23 AT CROWELL

The Interscholastic League meet for athletic events will be held at the Crowell High School campus Friday afternoon and Saturday, March 22-23. The following schedule will be followed as closely as possible.

Each school is urged to have their contestants in Crowell at the right place on time. Each contestant must report to the proper official before entering any event.

Each school should be sure that they are entering eligible men. Be sure they are not too old for Juniors if they compete as Juniors (not over 14 the first of Sept 1928.) Read your constitution and rules and abide by same. Name of your contestants, their age, and the events each one intends to enter should be mailed to Walker P. Todd, Crowell, Texas, at least three days before the meet.

DIRECTOR OF ATHLETICS

IMPROVING LONG HOME

Poland and Housouer have started improvements to the home of J. F. Long in the north part of town. An extra room and bath and a basement will be added along with general improvements to the place.

Mrs. Long who has been in Covina, California, for the winter will return to Crowell about the first of April.

Forty cents per family Friday!

Friday is Family Night!

Churches

AT THE CHRISTIAN CHURCH

We had the best attendance of the year and for many months before, last Sunday both at Sunday School and Church. There were ninety-two present with an enrollment of one hundred and sixteen (which enrollment is now greater of course) and thirty-three on the honor roll. Also every class exceeded its' quota. Several came in for church service that were not present at Sunday School.

We should exceed our goal of one hundred in attendance Easter Sunday by quite a number. Let's make it at least one hundred and twenty-five.

The boys of the school will be responsible for the attendance next Sunday and expect to even exceed the results attained by the girls this last Sunday.

C. V. ALLEN, Reporter.

METHODIST W. M. S.

The Missionary Society of the M. E. Church met in bible study March 11th, at the church.

With Mrs. A. Y. Beverly presiding the following business was transacted:

A letter was read announcing the zone meeting to be held at Wesley Chapel on March 29th. The resignation of the press reporter was accepted and a new one appointed.

The meeting was then turned over to Mrs. George Self, teacher of the bible class.

Mrs. Self brought out many instructive points, closing the meeting by giving each one present a question to answer in their own way, which was really a testimonial expression. Altogether it was an inspirational service and we felt we would have missed so much had we not have been there.

Our next study will be the Book of Acts on March 17. We urge all members of the society to be present at that time.—Reporter.

CHRISTIAN SCIENCE SERVICES

Sunday, 11 A. M. Subject, for Sunday, March 17, "Substance."
Sunday School 9:30. Wednesday evening service 8:00.
The public is cordially invited.

METHODIST CHURCH

Last Sunday was a good day throughout at the Methodist Church. The morning services were better attended both in the Sunday School and preaching services. Dr. Cooper brought us a fine message at the morning hour which was well received.

With the coming of fine weather all our services should be better attended.

Sunday School at 10 o'clock, worship at 11 a. m. and 7:30 p. m. Junior church services at 11 o'clock. Senior League meets at 6:45. Woman's Missionary Society meets Monday afternoon at 3 o'clock.

We have just finished two special Bible courses with splendid results. These courses proved to be the most interesting and helpful of any so far taken.

With the approach of Easter we are planning to fittingly observe the day in our school and church.

Visiting friends are invited to attend our meetings and will be welcomed.

W. R. McCARTER

TEXON TALES

They was a guy went into a cafe here the other day and ordered two steaks but they wasn't but one guy so the hasher asked him if he wanted to eat one there and take one with him and he says no, I want to take both of them with me, I've decided I can have a saddle made out of two of them so that's what I'm going to do.

We have "exclamatory rheumatism" is why we are always saying something we oughtn't.

I asked a Scotchman the other day if he minded the jokes pulled on the Scotch. No, he says, they ain't none of us likes 'em for they are at our expense. He is the same guy who went into the bank and drew his breath and then went out and spent a lot of time in each store.

3 Acres of Seedbed for the price of One

IT'S NO SECRET to anyone that the way to make more profit in farming is to cut cost of production. And one sure way to do this is to save money and time on the big job of plowing. You can do it just as thousands of wheat growers are—with the Case Wheatland Disk Plow.

It's an actual fact that in many cases you can prepare a better seed bed than with moldboard plowing—and at greatly reduced cost. No more power is needed—no more help. Just hitch your tractor to the Wheatland—do the job in about one-third the time—and put the savings in your pocket.

Don't delay putting this money-saving plow to work for you. Come in and see it—ask for interesting, illustrated literature. We're here to give you the best service possible—make us prove it.

THALIA

(By Special Correspondent)
Rev. O. B. Annis of Margaret reached at the Methodist church Sunday and Sunday night.
Royce Cato of Stamford spent the week-end with his parents, Mr. and Mrs. E. V. Cato, here this week.
Mesdames J. A. Stovall and C. H. Edens and children attended a show at Vernon Friday afternoon.
Mrs. Mary Thomas and daughter, Mrs. Ola Damron of Duncan, Okla., were here this week visiting the former's mother, Mrs. T. J. Wood and her relatives.
Mr. and Mrs. T. M. Haney and D. Haney and family visited Mrs. Maynard in Olney from Friday to Monday. Mrs. Maynard is ill.
A large crowd was present for the T. A. program at the school auditorium Tuesday night.
Misses Lorene Shultz and Katherine Wheeler and Mrs. W. C. Jones were shopping in Vernon Saturday.
Students of Thalia High School staged their play, "Parlor Matches," Margaret Friday night of last week.
Miss Louise Stovall is visiting in Thalia Falls this week.
M. C. Adkins and family visited relatives in Quannah Sunday.
Mrs. C. H. Wood, Mrs. Mary Thomas, Miss Minnie Wood, Mrs.

Ola Damron, and Mrs. T. J. Wood visited Mrs. Jack Wood in Crowell Tuesday afternoon.
Mrs. C. B. Morris was called back to Clarendon Sunday on account of the illness of her father, A. T. Miller.
Miss Jennie Lee Roberts, who is attending Decatur College spent last week-end with her parents here.
E. G. Grimsley, Joe Johnson, Mack Edens, Roy Mints, A. C. Phillips, Le-land Stovall and Damon and Earl Phillips attended the Fat Stock Show in Fort Worth this week.
W. C. Gardner and family and Dick Pharr and family visited relatives in Chillicothe Saturday and Sunday.
Mrs. Lewis Webb, Mrs. Vonnice Edens and Mrs. Joe Johnson visited Mrs. Leo Hlavaty in Vernon Sunday and Monday.
Gottchie Mints, Earl Phillips, Lucille Shultz and Ruby French attended a show in Vernon Sunday.
Mrs. Nash of Quannah visited her parents, Mr. and Mrs. J. L. Sims, here last week-end.
Mr. and Mrs. C. C. Wheeler, Mrs. J. A. Roberts, and Mrs. J. A. Stovall were Vernon visitors Tuesday.
Rialto has it, ask about it. Telephone 129, at seven o'clock.
Forty cents per family Friday!

FOARD CITY

(By Special Correspondent)
Mr. and Mrs. T. F. Welch and son, Jack, left Friday for Collin County to be at the bedside of her father, Jim McLain, who is seriously ill.
Mr. and Mrs. Bob Taylor and family left Friday for Anna, where Mrs. Taylor's father is reported very low.
Mr. and Mrs. Grady McLain have moved from their home in Foard City, to their farm one mile east of Foard City last week. He will farm and continue to carry the mail.
Miss Georgie Mae King, who has been a visitor for the past week of Mrs. Ed Bailey, has returned to her home in San Angelo.
Mrs. Britton Lilly is reported on the sick list this week.
R. E. Sparks, Sr., is sporting a new Ford, purchased last week.
M. L. Owens was ill last week. His son, Weldon, attended to his business in the post office and grocery store.
The P. T. A. met Friday night at the school house. On account of the norther at the late hour there wasn't an extra large crowd present.
Miss Virginia Freeman, home demonstration agent, and Fred Kennels county agent, have organized a 4-H Club among the boys and girls of this community.
Mr. and Mrs. Eb Smith have recently moved to Chillicothe.
Mr. Lefevre, who has been ill the past few weeks, is recovering nicely.
Jess Autrey has a new cellar under way. Wonder if they think it is going to rain soon?
Ned Stone has been slightly ill the past week.
Judge Atcheson was visiting this community Sunday afternoon.
There was a singing at Miss Minnie Nell Morrison's Sunday night. A large crowd was present and a good time was had by all.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)
The stock judging team of the West Texas State Teachers College attended the thirty-third annual Fat Stock Show at Fort Worth. The team was composed of three students and Professor Frank R. Phillips.
A new garage building 100 by 140 feet will be constructed in Dalhart within the next thirty days by Chas. Williams. This building when completed will place business houses on three sides of the County Court House.
Plans have been completed for a new two story, fifty by eighty foot Masonic Hall for Perryton. It is planned to put a basement under the building with provision for the installation of a heating plant, which will be used only if Perryton fails to get natural gas.
Cow testing in the Association in Deaf Smith County reveals that in one herd one cow made a net profit of \$16.62 in five months, while another made a profit of \$69.50. Six herds are under test and ten "border" cows have already been sold off because of poor performance, according to reports from Hereford.
Kermit now has, in addition to numerous important improvements, an \$18,000 railroad station being completed, a new \$250,000 court house, a school house just starting costing \$125,000 and a contract of \$189,000 has recently been awarded by the State for a Highway.
The Brady Building and Loan Association announced that it will lend money to Brady citizens, enabling them to pave streets, adjoining their premises at \$1.58 per month on every \$100 loaned. Forty blocks of residential paving have been completed and more contracted for.
R. L. Caskey, Boy Scout Manager at Guyton, is planning to secure a plot of ground to be used as a nursery for shade trees, with the boy scouts to be drilled in the care of the plants. He will help with the seeding and care of ground around the court-house.
Clearing of the lots on which Abernathy's cheese factory is to be built has started, and plans for the building proper are being completed. The factory is creating quite a bit of interest among farmers because of increased dairy products prices which are expected.
W. B. McQueen, who lives six miles southeast of Memphis, gathered 80 bales cotton from a 40 acre field. He attributes his success to good seed and a good season. On other 240 acres in cotton he gathered 250 bales of 500 pounds each.
A terracing school using the most modern of machinery was conducted March 1st and 2nd between Stamford and Haskell, by the Agricultural Department of the West Texas Chamber of Commerce. C. H. Colvin, secretary of the Eastland Chamber of Commerce, assisted with direction of running the terrace lines.
Tom Ferris and C. T. Smith shipped four cars of fat yearlings from their ranch near Muleshoe recently to the Fort Worth markets. The steers had been fed for about 120 days, and being fat brought good prices. Messrs Smith and Ferris will send another bunch of cattle to the market soon.
More than a hundred Floydada farmers recently attended a meeting of the Hale County Dairy Association organized more than six years ago. After the meeting it was voted that such an organization be perfected in Floyd County. More than twenty-five contracts were signed and leaders of the movement say that little trouble will be experienced in getting a large membership for the new institution.

AUDIENCES CAPTURED BY ACTING OF JANNINGS

What is believed to be one of the most powerful dramas ever enacted on the American screen will appear at the Rialto Theatre next Wednesday and Thursday, in Paramount's latest production starring the international and incomparable actor, Emil Jannings, in "The Last Command."
It is superb.
A great warrior, mighty in power, beloved by his men; a traitor and a girl befriended by him; revolution, poverty; that in brief is the bare outline of Emil Jannings' second American made production.
"The Last Command" is a worthy successor to Jannings' two previous productions in which he appeared before the American film going public in "Variety" and "The Way of All Flesh." Jannings does an unbelievably splendid characterization of a Russian general and is then torn

from his riches and might by the revolutionists.
A great actor is this Jannings, and a great picture has been given him in "The Last Command." He makes the most of the role and carries out the theme of the dramatic story as no other living actor could do.
The picture is undoubtedly an all-star one with the cast including Evelyn Brent and William Powell in the featured roles.
FOARD CITY CLUB GAINS
Nineteen women were present at the home demonstration meeting at Mrs. T. F. Welch, of Foard city, last week. This was the second meeting to be held in that community and the membership at this meeting was increased to nineteen women, a gain of 13 over the first meeting when only six were present.
Vivian now has the largest club in the county with a membership of twenty.

Wants Everybody In Texas To Know About It, He Says

"For three years I was a constant sufferer from liver disorders, acid stomach, and other troubles. Sargon is the only medicine I ever found that overcame my troubles, and I

T. M. CAMPBELL

wish it was so that everybody in Texas knew about this wonderful medicine.
"No matter how careful I was about my eating, I suffered after every meal with gas pains and indigestion. I had no relish for even the most tempting dishes. My liver was inactive and I had to take strong laxatives continually. I felt tired and run down, and became so nervous I would roll and toss about for hours every night before I could get to sleep.
"Sargon went right to my troubles after everything else had failed. It put my stomach in perfect condition and I get real pleasure out of my meals now for I eat everything. I want and I have such a fine appetite I relish every bite. I even eat between meals and at night, and never have a moment's trouble from indigestion. My nerves are strong as steel again and I sleep like a top from the time I hit the pillow until time to get up in the morning. I have gained weight and I feel fine all the time.
"Sargon Soft Mass Pills completely overcame my constipation. I never have to take laxatives now for my liver is in perfect condition.
"I have already told many of my friends what a wonderful medicine Sargon is. It deserves full credit for it does just what they say it will do."
The above statement was made recently by T. M. Campbell, electrical engineer in charge of all electrical work at Fort Sam Houston, San Antonio.
Sargon may be obtained in Crowell at the Reeder Drug Co. (Adv.)

CLAYTONVILLE CLUB MEETS

The Claytonville Home demonstration Club met in Mrs. Grace Davis' home at 2 p. m. Friday, March 8.
After the club was called to order by the president Miss Freeman gave a demonstration on dress fitting. There were nine present and one visitor. A new member was received into the club.
After refreshments were served by Mrs. Davis the club adjourned to meet at Mrs. Godwin's at 2 p. m. on Friday, March 22.—Reporter.

Here's Feed for Chicks!
WALK in and let's talk over what to give your chicks to keep them alive and growing. Let us show you a way to raise your chicks to early maturity at a lower cost per chick.
Chicks need cod-liver oil to protect them against leg weakness. They need butter-milk, alfalfa leaf meal, granulated meat, bone meal, wheat germ and other ingredients to make bone, flesh and feathers.
We have all of these ingredients carefully chosen, tested, balanced, uniformly mixed and ready to feed, **Purina Chick Startena** is the name of the feed. You'll know it by the checkerboard on the bag. The new feeding discoveries that come to you in this year's Startena will give 15 to 20 per cent greater growth than ever before. More than 2,500 hatcheries say, "Feed Startena." So do we. How many bags do you need?

WILD HORSE AND DOG IN NEW SERIAL AT RIALTO

"White Fury" last seen in "The Golden Stallion" is now coming to the Rialto Theatre in a new chapter play, "Heroes Of The Wild." "White Fury" is a wonderful stallion caught in a roundup on the Arizona plains and trained to "act" before the camera. This horse has been exclusively in serials made by Mascot Pictures.

A California concern.

"White Fury" co-star in this latest chapter-play is a remarkable canine, Tornado by name. Tornado is a Belgian police dog loaned to the serial by King Albert of Belgium by an arrangement with Monsieur Henri Chieysal, its owner and trainer. The cast includes, Jack Hoxie, Joe Bonomo, Josephine Hill, Helen Gibson and Jay J. Brian. This will also be family night.

SOCIETY

"Thursday Evening" at Auditorium Friday

The program that was to have been given at the auditorium last Friday was postponed until Friday night, March 15, as the result of the death of a relative of Jack Welch in Gainsville. "Thursday Evening," the play that is to be presented by the winning cast of Crowell High School in the district tournament here will be given and another play "In The Spring," featuring Granville Lanier, will be presented along with other numbers at the program Friday night.

The Parent-Teachers Ass'n. is sponsoring the play and the proceeds from the small admission fee will be used to take care of expenses in connection with the association's work. Crowell High's winning cast consists of Blanche Schooley, Iva Pearl Teague, Ludell Green and Jack Welch.

SENIOR BOYS ENTERTAIN

"Has the town gone crazy?" Wesley Lovelady asked as five cars containing about three boys each rushed through town at 1:30 Friday morning. These boys were seniors. They had been guests of Homer Johnson at a "slumberless party" until this hour.

Wesley decided that they were not so crazy when they drove back through a few minutes later with twelve young ladies and explained to him that they were enroute to Sloan Springs to eat breakfast.

When the crowd arrived wood seemed scarce until President Vance Swain, "Moco," Cogdell and Earnest Johnson came dragging in six trees. A large fire was soon under headway.

Charles Ferguson, he of the collegiate trousers and hat, soon passed some "sweet heech nut" as an appetizer.

Chef Price Lovelady took charge of the cooking, ably assisted by Jack Lankford, who stirred the coffee, Charlie Harper, Herman Bell, and Marcus Mills.

In order that the girls might be able to eat they retired to a safe distance, but overheard Bill Bell remark that some of the eggs would not cook, and William Gafford say there would be no extra charges for chickens. Moody Burse was busy all this time following out a bowl in the limb of a tree. Moody was wise because no other person present was physically able to scoop up eggs with this weapon. Preston Rettig and Jack Welch tried to claim the ability of price and cooking but Elizabeth and Anne would not be convinced.

The honor guests were: Zell Saunders, Bernice Webb, Eva Todd, Elizabeth Kincaid, Gertrude Connell, Virgie Callaway, Rachel Stewart, Edith Schooley, Virgie Lee Johnson, Grace and Ann Russell and Autie Anthony, sponsor.—Reporter.

ADELPHIAN CLUB

Mrs. E. W. Brown was hostess to members of the Adelpian Club at the home of Mrs. J. A. Johnson Wednesday, March 5. During the business session Mrs. L. A. Andrews was elected to represent the club as a delegate to the district meeting of the Federated Clubs, which is to be held in Snyder in April. Miss Emily Purcell was chosen as alternate. Commemorating Texas Independence Day, Mrs. Lona Shawver led a very instructive lesson on the "Natural Resources of Texas." Appointed members gave interesting discussions on the following topics: "Texas Minerals," "Live Stock Industries," "Texas Grain and Food Products," and "Resources of Foard County."

A refreshment plate was served to club members at the end of this program.—Reporter.

MOTHER'S SELF CULTURE CLUB

Mrs. L. A. Andrews entertained the members of the Mother's Self Culture Club and their children on Valentine Day with a pretty party. Valentine games were played and Valentines were made by the children. The house was pretty in Valentine decorations. The hostess served punch and Eskimo pies and cake to the guests and plate favors consisted of attractive Valentines. The children had a happy afternoon, the party being enjoyed by all present.

The Mother's Club met in a study meeting at the home of Mrs. Fred Rennels on March 8. In the absence of the president, Mrs. Shirley, Mrs. Baxter Johnson, vice-president, occupied the chair. After roll-call and reading of the minutes came the business session at which time three new members were unanimously elected to membership in the club, Mesdames Leslie Moore, J. E. Harwell and Dee Roberts.

The leader, Mrs. Clint White, then took charge. The lesson was on "Famous Women" and lessons may be learned from them. It was an interesting and instructive study. Mrs. White was assisted by Mrs. L. S. Spencer and Mrs. George Burress. The hostess served cake and hot chocolate at the conclusion of the meeting.

Sam Russell and J. W. Bell and Misses Lottie Russell and Eva Blake more returned Tuesday morning from the Fat Stock Show at Fort Worth.

Fashionette's

NOTES OF FASHION and Store News

Luxury of color has been the outstanding theme of the Fifth Avenue windows for the past month. As basic colors, blue, middie and navy, and brown and beige are the most popular. Prints are still the outstanding style note for spring—they are being featured strongly in fabric displays, in dresses and the three-piece ensemble.

"Harmonizing accessories continue important—especially scarf handkerchiefs and costume jewelry."

The large georgette and chiffon handkerchiefs that started out as "dance handkerchiefs" are correct for street and afternoon now and are almost essential to the smartly groomed woman. You will feel more "dressed up" with one of these than you thought possible at such a small expenditure. The ones we are showing were hand made and hand painted in Hollywood.

Vanette has created for spring some of the most charming shades imaginable in hosiery, Allure, Misty, Broeze, Lids Sand, Malve, Misty Moon, Palmwood and Mirage, being some of the newest ones. They are all variations of the popular "sun-burn heel." The heels are still the center of attraction in the new hose.

Easter hats for men! Stetson has sent us for spring these new shades, Corral, Ivory and Shell. No need to describe them further—they are Stetsons!

And Easter bonnets for women! Natural colored straws are receiving the most attention with various pastel and colorful hues following closely. Is time to think about one now!

Don't let Easter slip up on you with out that conscious feeling of being correctly garbed that only new clothes can give you.

Our Friday Special—fast color prints and printed pigul, new materials—35c.

Friday only—limit 5 yards. Watch for our opportunity day—the last Friday of each month.

TUESDAY NIGHT BRIDGE CLUB

Mr. and Mrs. T. S. Haney entertained the Tuesday Night Bridge Club at their home.

Mrs. Lawrence Kimsey and Mr. Dow Miller won high score.

Refreshments were served to the members and Messrs. Fay Bieleman and Cricket Lemos.—Contributed.

Quilting And Covered Dish Dinner

Mrs. Claude Callaway was hostess to the Foard City W. M. S. Tuesday, 12. Two quilts were quilted, one quilt was set together, several blocks were pieced, and a bird quilt was stamped and distributed among the members to be embroidered. Every one thoroughly enjoyed the day.

Those present were: Mrs. George Canup, Mrs. Roy Barker, Mrs. J. H. W. Daniel, Mrs. Will Callaway, Mrs. M. J. Traueck, Mrs. J. E. Stone, Mrs. Lawrence Glover, Mrs. J. L. Farrar, Mrs. Grady McClain, Mrs. R. B. Lilly, Mrs. A. R. Denton, Mrs. E. L. Lambert, Mrs. M. L. Gover, Mrs. Percy Stone, Mrs. John Lilly, Mrs. C. J. Marts, Mrs. W. R. Ferguson, Miss Opal Canup and Miss Victoria McDaniel.

The next meeting will be held on Wednesday, March 20, at one o'clock. All members are urged to be present.—Reporter.

BAPTIST CHURCH NEWS

Last Sunday was a fine day with Crowell Baptists. The Spirit of the Lord was upon us in each service and a general deepening of the spiritual life was felt throughout the day.

Our training school which opened at 6:15 p. m. Monday with luncheon is being well attended and all seem to be interested in "Growing A Church." The school will close with the Friday evening session. Many have missed a great treat by being absent.

We are to organize a young men's Bible class next Sunday, made up of men from 17 to 24 years of age. Coach Graves has kindly consented to become teacher of this fine class. This alone bespeaks success for the class. We are soon to finish our Young People's departmental equipment. We expect to reorganize our entire Sunday School soon at which time we expect to install over forty officers and teachers.

Next Sunday Pastor Woodie W. Smith will preach at the morning hour on "Stewardship," and at the evening hour on "The Indispensable Christ." Special music by the choir under the able leadership of Mrs. A. F. Wright with Mrs. Ella Rucker at the piano.

We have been working on our auditorium this week and have been able to almost perfect the acoustics. Certainly everybody will be pleased with this result as it has been difficult to hear and understand the speaker in the past.—Reporter.

Dr. R. H. Cooper, Mr. and Mrs. R. H. Cooper, Jr., left Friday morning for Dallas. Dr. Cooper has been visiting here for the past week.

TRACK TEAM TO MAKE VERNON TRIP FRIDAY

Crowell High School's track team of ten boys will make a trip to Vernon Friday to participate in a track meet in which teams from Electra, Chillicothe, Quanah, Vernon and Crowell will take part.

Jack Lankford is captain of the Crowell team and Walker Todd is coach. The boys have undergone

strenuous workouts in preparation for the county tournament which is to be held on March 22 and 23.

The man who hopes that he can run over by an automobile, is an optimist, if he hopes the driver of the car is a doctor.

It is time now to plan for your garden. It is a great convenience for neighbor's chickens.

Things That Make Life Worth Living

Electricity and electrical appliances are to the American home what religion is to man. They make life worth living.

Nothing is more wonderful than a comfortable chair, a good book and the soft rays of an electric lamp.

For the American Home Electricity has done many things. It has placed pleasures in the house where only drudgery had existed.

The vacuum cleaner, electric range, electric washer, electric ironer, toaster and refrigerator have brought many conveniences and pleasures.

Every one should have electricity and electrical appliances in their home, for when discomfort is abolished, then Life Is Worth Living!
