DOWELL BOY WELLS OF LIFE IN MEXICO CITY

LAND SHULTS SAYS HE ENJOYED EVERY MINUTE IN OLD MEXICO

J. H. Shults of this city is in receipt of letters from herland, who has been working in Mexico City for about two months. According to his letters, he is liking work better all the time and that booster for the climate of Mexico City and the hospitality of Mexican people. Garland is working in one of the largest firms in Mexico which is housed in a famous building known as the "House of Tiles" which is over 300 years old and was once the palace of a Mexican monarch.

Shults is employed in the retail department of drugs, sundries and novelties of the firm of Sanborns which is manufacturing, wholesale and retail, with various departments including one of the most modern tea rooms for Americans in Mexico City. "The House of Tiles" is the most interesting structure in the city and it has been the subject of discussion of many wonderful things. Shults states that he is able to stand most of his customers all day long and that he becomes stumped, the other day he was more than glad to help a customer and let him have the commission on the sale. The outstanding quality of the Mexicans greatly pleases him.

No Negroes
Shults says every kind of people here are negroes and Jews. There are Germans, English, French, Russian, Japanese, Chinese, and American people and high Spaniards but they won't let them come here. However, there are negroes that I know of and he has seen in this store for about 20 years working in the candy kitchen. Shults said he had a hard time getting him down here from Fort Worth. He stated in one of his letters that he had another letter he said "I nearly had my sides sore watching a football game the other morning for it is too warm in the afternoon for that game. One of the boys in the store saw my gold Deering College football and asked me to go to the game. They use a ball that is a basket ball and it is a catch it so they kick it and it is to get it in a net between the goal posts."

Shults stated that while Mexico had open saloons and gambling he had seen fewer drunk than he had while working in Mexico City and Dallas. He said the Sanborn tea rooms were packed and ate was about the restaurant in the city that did serve liquor. There is very little stealing and that often you see people go down the streets with canvas bags with money and they are never checked when they are in any city in the U. S. They are in danger of being hijacked if they go a block. There is a lower class of people go down the streets barefooted and wear sandals made from old tires and many of the people have large baskets balanced on their heads. He also stated that there are a few beggars there and only two, an American and an Italian, had asked him for money.

Entertainment
The people in the Sanborn store had a number of picnics in the city parks and in suburban places according to Garland and on the last one he had a date with the prettiest Mexican girl in the store. She was out to one of the picnics in a suburban town. He stated that he saw many farms in small tracts that most of the work on them still done by hand and that he saw many donkeys with big loads on their backs and several oxen teams on their way out.

He stated that it had rained practically every day that he was in Mexico and that the Mississippi and Tennessee rivers are out of banks and all bottoms flooded. Farmers are behind with crops and it has not been possible to even plant gardens, he stated. In Mr. Lawson's estimation, we are in far better shape than that section.

HOSPITAL NOTES
Miss Susie Reed was operated on for appendicitis at the hospital last Friday.
Mrs. Tom Ferguson was taken to her home last Friday. She is doing nicely.
Que Miller has steadily improved from his serious illness following an appendicitis operation last week.

Miss Ora Gregory was taken from the hospital this week to her home. She is rapidly recovering from an infected leg caused by a thorn scratch.
Ross Beavers sufficiently recovered from an operation to be removed from the hospital last week.

Milo Maize Received For Foard Club Boys

Fred Rennels, county agent, has received a shipment of Lubbock Experiment station maize seed for distribution to the 4-11 club boys of Foard County. The seed is of the finest quality and enough of it will be given to each club member to plant from one to five acres. A great number of the club boys this year have selected milo maize for their club projects.

Ethel Ross, who taught him Spanish in the Crowell schools several years ago, had done him more good than he could ever have imagined and that her instruction stayed with him better than that which he received at college.

High School Begins Spring Training For 1929 Football Team

About twenty-five boys have reported for spring football training that started at the high school last week under the direction of Coach Grady Graves and assistant, Teddy Burrow. Regular scrimmage began Monday when the players divided into two teams the "Army" and "Navy."
Practice games have taken place each day this week since that time and the boys are showing better form all the time although a number are still resorting to high tackles and a few other faults.

About ten or eleven letter men from the team last fall are reporting to practice and indications are fair that Crowell will have a good football team next year, although it will be a light one.

Boys that are reporting for practice are Captain Ragsdale Lanier, R. D. Oswald, Ralph Burrow, Rezie Womack, Charlie Ashford, Leo Horn, Crews Cooper, Bill Middleton, Dan Hines Clark, Manson Welch, Joe Ben Roberts, J. M. Crowell, Wayland Griffith, Ralph Cogdell, J. D. Todd, Mabry Kinsey, Mitchell Alley, Andrew Calvin, Harold Hinds, Elbert Griffith, Ernest Johnson and Ernest Patton.

As soon as the track season is over, Guy Todd, Arthur Bell and Ernest Spears, letter men of last year, will report for practice.

Dunagan and Tate Show Poultry Pays

S. E. Tate and E. A. Dunagan are among the Foard County farmers that find poultry to be the steadiest money maker that they have and that the chickens can be counted upon to produce a revenue either in dry or wet weather.

Mr. Tate stated that last month the sale of eggs and chickens brought him \$91.85. He stated that feed and general expenses cost him only one dollar per day so one can see that a nice profit was realized from his 180 White Leghorn and Rhode Island Red hens. These hens produced 3,152 eggs last month. Mr. Tate is planning to increase his flock of hens to 500 and states that he would give up cotton farming before he would the chicken business.

Starting with only 30 Buff Orpington hens not so long ago, E. A. Dunagan now has a flock of around 100 hens that are proving to be real money makers. By actual record in 1928 he sold \$685 worth of poultry products and with expenses amounting to \$375, leaving a clear profit of \$310. However, \$97 of the expense account was spent for equipment and that together with added stock at the end of the year brought a net profit of \$457 for the year's operation.

Attended Funeral of Mother in Tennessee

H. D. Lawson returned to his home at Rayland Wednesday after being away for over two weeks in Tennessee where he attended the funeral of his mother, Mrs. W. H. Lawson, 88, who died near Chattanooga. The funeral was held March 25th.

He stated that it had rained practically every day that he was in Tennessee and that the Mississippi and Tennessee rivers are out of banks and all bottoms flooded. Farmers are behind with crops and it has not been possible to even plant gardens, he stated. In Mr. Lawson's estimation, we are in far better shape than that section.

SCHOOL MEET AT CHILDRESS FRI. AND SAT.

CROWELL WILL HAVE SIX- TEEN ENTERED IN DIS- TRICT MEET EVENTS

Sixteen students of Crowell High School will leave Friday for Childress where they will take part in the interscholastic meet of District No. 7 which includes the following counties: Childress, Donley, Hall, Collingsworth, Hardeman, Motley, King, Cottle, Wheeler and Foard.

Preston Rettig and Jim Allee Hart will represent Foard County in boys debate and Mary Ennis Carter and Eva Todd will be the Foard County girl debaters. Elizabeth Kincaid is the senior girl declaimer representing this county and J. T. Taylor is representing the junior boys in declamation.

Representatives of Foard County in spelling and essay will not make the trip as their papers for the district contest have already been mailed in but the results have not yet been announced. Edith Carter represented Foard County in the essay contest. Leslie Thomas and Evelyn Sloan are the junior spellers representing this county and Joe Roark represented the grammar grades in the essay contest.

Track Team

Crowell is taking a strong relay team to Childress to represent Foard County. It is composed of Ernest Spears, Jack Lankford, Guy Todd and Arthur Bell, a fine group of sprinters that will make someone step to beat them. Spears will also run in the half-mile and will throw the shot. Todd is the county's representative in the high hurdles, Arthur Bell will run the half-mile and Jack Lankford will run the 440 yard dash.

Bill Bell is slated for the mile run and Ernest Johnson will have the shot put. Marcus Mills is the county's representative for the broad and high jump.

Athletic and literary contestants from other schools of the county that recently won in the county meet, will also make the trip to Childress.

Harold Hines and Price Lovelady will represent Foard County in tennis doubles and Harold will also be the representative in the singles. Nancy Cogdell will represent the girls in tennis singles.

Walker Todd and Grady Graves, coaches, will accompany the group to Childress.

Foard County School Trustees Are Chosen

The county board consisting of one trustee at large and one trustee from each commissioner's precinct is made of the following: T. N. Bell, trustee at large; W. S. Tarver, No. 1; L. A. Goodman, No. 2; A. Weatherall, No. 3; and R. N. Beatty, No. 4.

Trustees for the Crowell Independent School district are Leo Spencer, L. A. Andrews, Fred Rennels, R. L. Taylor, R. G. Nichols, S. T. Crews and T. B. Klepper.

MARGARET TAYLOR MARRIED

Miss Margaret Taylor, daughter of W. E. Taylor of Margaret, who is teaching near Miami, Texas, was married on March 21st to Murlie Trout at Wheeler, Texas. The young couple came on to Margaret to visit her father and other relatives for a short time before returning home.

Charlie Thompson Recovers Automobile

Charlie Thompson's Chevrolet sedan was stolen Wednesday night as his children were attending the Baptist revival. Failing to find it as they left the services the loss was reported and about 12 o'clock Wednesday night it was reported found parked in Vernon.

Mr. Thompson made a trip to Vernon Thursday and brought the car back.

Mr. and Mrs. Roy Ricks and son, Roy Joe, of Newlin were here for a short visit this week with relatives.

Committee Heads For Boy Scouts Selected Here Tuesday Night

In a meeting of a small group of citizens at the Baptist Church Tuesday night a tentative list of committee chairmen for the boy scout work of Crowell was appointed pending the acceptance of the men appointed. Those present felt that the men selected were best fitted for their position and it is hoped that all will fall in line with the Boy Scout work.

Leo Spencer was elected chairman and other committee chairmen were appointed as follows: troop organization, Eli Smith; leadership and training, Rev. Woodie Smith; publicity, Mack Boswell; civic service, M. S. Henry; camping, Irving Fisch; finance, H. K. Edwards; health and safety, Dr. Hines Clark; and rural scouting, Fred Rennels.

J. Ben Parrish of Quanah, district executive of the Quanah Parker Area Council, was present and explained the operation of the work of the committees. He is planning an extensive program for the beginning of scout work here and under his leadership it is hoped that Crowell will have at least two troops of scouts in operation in a short time.

Ogdens and Smiths Entertain Rotarians

Rev. H. Ellis Ogden and wife, Rev. Woodie W. Smith and wife, and Reid Williams were the principal entertainers at the Rotary Luncheon Wednesday.

For the first time the luncheon was held in the dining room of the Commercial Hotel as the luncheons heretofore have been held in the basement of the Baptist Church.

Mrs. Ogden opened the program after a song by the group with an excellent talk in which she reviewed the progress of the year. She stated that in the last ten years census figures proved that domestic help had decreased 20 per cent in the homes of America as the result of various household appliances. She also brought out the facts that in the last ten years, wages had increased 275 per cent; hours had been reduced 10 per cent; that there had been an increase of one million in the colleges and universities; saving accounts had increased from \$11,000,000 to \$31,000,000; individual deposits had increased four times.

Mrs. Ogden reviewed various other phases of progress and also told of a backward movement of the people in several ways. She stated that her brother was president of the Rotary Club at her home in Chanute, Kansas.

Reid Williams, a lawyer, of Loveland, Colorado, made a very interesting talk dealing on the subject "that which is principally right is politically right." Many fine points were brought out in the interesting talk of this young lawyer.

Musical Program

Rev. Smith and Ogden gave several songs accompanied at the piano by Mrs. Smith. Rev. Ogden followed with two negro spirituals accompanied at the piano by his wife, who also joined in the singing. Two xylophone numbers by Rev. Ogden concluded one of the most entertaining musical programs that has yet ever been held at the luncheon.

Three Way Meeting

All of the Crowell Rotarians were urged to make preparations to attend the meeting of the Quanah, Crowell and Vernon clubs at Vernon on April 23rd and bring their ladies. The International Convention at Dallas will be held by Rotary this month and a number of local men are planning to attend. J. D. Powell of Spur was a visitor at the luncheon.

Five New Trustees Will Take Office

Four Chosen in Election Saturday and One Appointed By Board of Trustees

S. T. Crews, R. L. Taylor, R. G. Nichols and T. B. Klepper were elected, without opposition, Saturday to serve two years on the board of trustees of the Crowell Independent School District. Fifty-three votes were cast in the election at the court house Saturday with the vote as follows: S. T. Crews, 51; R. G. Nichols, 52; S. T. Crews, 53; and T. B. Klepper, 53.

Rennels Appointed

Fred Rennels was appointed at a recent meeting of the board to fill out the unexpired term of Tom Bursley who resigned. Charles Hunter had formerly been appointed to this position but failed to qualify and Mr. Rennels was appointed in his place.

The new trustees will take office within about twenty days when A. V. Beverly, R. T. Magee and H. E. Ferguson of the old board retire. Mr. Taylor was the only member of the old board to run for re-election. L. A. Andrews and Leo Spencer are the remaining members of the board.

Sam Rosenthal In Serious Condition

Sam Rosenthal, in a serious condition at the Crowell Hospital suffering from ptomaine poisoning that he contracted at Vernon Wednesday night at a cafe.

He and Mrs. Jesse West had taken a friend to Vernon to meet a train and ate a meal in a cafe while there. His condition had improved some Thursday afternoon.

LARGE CROWDS GO TO BAPTIST REVIVAL HERE

REV. W. W. SMITH AND OGDENS GIVING FINE SERVICES AT LOCAL CHURCH

The Baptist revival that started Sunday is progressing with much interest and the auditorium of the church has been well filled throughout the week at the evening services and unusual interest has been shown in the morning services, which have been well attended. Rev. Woodie W. Smith, local Baptist pastor, has delivered many excellent sermons and Rev. H. Ellis Ogden and wife, in charge of the music, have met with the outstanding approval of local people.

Excellent Music

With a special orchestra and the leadership of the Ogdens, the music for this revival has been far above the average. Paul Wallace, saxophone; Ed McDaniel, melophone; Arnold Rucker, trumpet; Rosalie McDaniel, trumpet; and Leon Solomon, violin, comprise an orchestra that adds greatly to the music. Mrs. Ogden is regular pianist and when not leading the singing, Rev. Ogden joins the music with his xylophone, an innovation in church music in this section.

Mrs. Adolphus Wright, accompanied at the piano by Mrs. Arnold Rucker, will give several vocal numbers during the revival. The Ogdens give solos and duets at each service. A large choir of splendid singers, together with the youngsters that make up the "booster band" assist considerably in the melodious side of the revival. Young soloists among the children have also made their appearance so far during the revival.

Well Organized

The revival is so organized that all are given an opportunity to take an outstanding part in it. Morning services begin at 10 a. m., and at 4 p. m. each afternoon a meeting is held for the children. Monday saw about 60 children present at these services and by Wednesday over 200 youngsters were present for the services conducted by Rev. Ogden. At 7:15 p. m. prayer services are held separately for both men and women. The "Fishermen's Club," a group of young folks, also meets at this time and the regular evening services begin at 7:45. Mrs. Ogden gives special lectures to women and girls each day.

Variety of Sermons

Rev. Smith opened the meeting with the sermon, "Importance of Prayer." Sermons since that time have been "Greater Work," "Fathers and Mothers Interest in Children," "Conservation," "Neighbors Interest in Neighbor," "The Potter and the Clay," "Cleaning Out Old Wells," "In the Secret Place," and "The Great Restoration."

Rev. Smith plans to deliver one of the feature sermons of the revival at special services Sunday afternoon at 3 o'clock entitled "Breaking the Alabaster Box." It is hoped that a great crowd may be out to hear this special sermon.

Special seats have been set aside in the church for the negroes and it is planned to have them sing negro spirituals during this revival which will continue on next week.

Clean-Up Campaign Is Being Completed

Although clean-up week officially ended last week, many are still carrying on the work and a number of people have made the comment that Crowell is cleaner now than it has been in many years. Most of the district captains reported excellent cooperation on the part of the citizenship.

A few have disregarded the clean-up proclamation issued by the city council and Mayor C. T. Schlager issued a warning in this respect that appears in this issue of the News.

Charles Loyd spent several days in directing the work in his part of town and great results have been shown by his efforts. Various others have worked diligently in the movement and are extending their efforts into this week to complete the clean-up of their sections.

Location Is Made For Oil Test Near Thalia

Bass & Dillard, independent oil operators of Wichita Falls, have made a location for a wildcat test to be drilled 660 feet north and west of the southeast corner of the northwest quarter of Section 276, H. & T. C. Railway survey, Block A. The test is to be drilled on the Robert Huskey farm and will be located about one and one-half miles northwest of the test now being drilled by Shell Petroleum Corporation. It is rumored that a large oil company is interested with Bass & Dillard in the drilling of the new test.

Graves Re-elected To Head Crowell Schools

I. T. Graves, superintendent of the Crowell schools, was elected for another year by the board of trustees of the Crowell Independent School District at their last regular meeting. Mr. Graves is now serving his second year as superintendent of the Crowell schools.

Under the leadership of Mr. Graves, Crowell High School has made much progress and is now fully affiliated with the University of Texas in all of the twenty-four subjects which is an outstanding record for a school in a town the size of Crowell. Mr. Graves is admired by both the citizenship of Crowell and Crowell students and his re-election pleases all.

Crowell Is Winner In Thrilling Track Meet Here Saturday

Scoring fifty and five-sixths points Crowell High School was victorious over Chillicothe and Thalia in a track meet here Saturday. Chillicothe was a close second with 47 and 1-6 points. Thalia scored 13 points and ten of these were scored by O. Mints who was second high-point man of the meet.

Chillicothe was leading the meet by two points until the last event, the one mile relay, which was won by Crowell, giving the local high school enough points to win the meet. The relay race was the most thrilling event of the day and the teams of Crowell and Chillicothe were very evenly matched. Chillicothe's relay team has established an excellent reputation in this section of Texas with victories over Vernon and other schools.

The Crowell relay team was made up of Guy Todd, Arthur Bell, Jack Lankford and Ernest Spears. Their time for the mile relay was three minutes and 51 seconds. Those on the Chillicothe relay team were E. C. Creighton, Grammar, G. Creighton and Price. Chillicothe led the first two laps of the relay, however, Lankford and Spears of Crowell gave wings to their feet on the last two laps and won this thrilling event.

E. C. Creighton of Chillicothe was high point man of the track meet with 21 points and O. Mints of Thalia was second with 10. Walker Todd, local track coach, was in charge of the tournament which started at 2 p. m. Saturday.

3 Glasses Water Help Constipation

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adlerika) to each glass. Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours.—Ferguson Bros., Druggists. A-2

Ten stitches were taken the other day in the head of an auto driver, who forgot to use his head.

A JOINT RESOLUTION

proposing an amendment to the Con-
stitution of the State of Texas pro-
viding for a Supreme Court of nine

BE IT RESOLVED BY THE LEG-
ISLATURE OF THE STATE OF
TEXAS:

Section 1. That Sections 2 and 3
of Article 5 of the Constitution of
the State of Texas be amended so as

"Article 5, Section 2. The Sup-
reme Court shall consist of a Chief
Justice and eight Associate Justices,

any five of whom shall constitute a
quorum, and the concurrence of five
shall be necessary to a decision of a

case; in other matters, until otherwise
provided by Law, the jurisdiction of
the Court shall be exercised under

such regulations and orders as the
Court by a majority vote may pre-
scribe. No person shall be eligible to

the office of Chief Justice or Associ-
ate Justice of the Supreme Court
unless he be, at the time of his elec-

tion, a citizen of the United States
and of this State and unless he shall
have attained the age of thirty years,

and shall have been a practicing law-
yer or a judge of a court, or such
lawyer and judge together at least

seven years. Said Chief Justice and
Associate Justices shall be elected by
the qualified voters of the State at

a general election, shall hold their of-
fices six years, or until their succes-
sors are elected and qualified, and

shall receive such compensation as
may be provided by law. In case of
a vacancy in the office of Chief Jus-

tice of the Supreme Court, the Gov-
ernor shall fill the vacancy until the
next general election for State offi-

cers, and at such general election the
vacancy for the unexpired term shall
be filled by election by the qualified

voters of the State. The Judges of
the Supreme Court who may be in
office at the time this amendment

takes effect shall continue in office
until the expiration of their term of
office under the present Constitu-

tion, and until their successors are
elected and qualified. When this
amendment takes effect, the Govern-

or shall immediately appoint six
additional Associate Justices of the
Supreme Court for terms of office so

that the terms of two of such ap-
pointed Associate Justices shall ex-
pire with the term of office of each

of the present members of the Sup-
reme Court, and, upon the qualifi-
cation of such new Justices, the Com-

mission of Appeals of the State of
Texas shall terminate."
"Article V, Section 3. The Supreme

Court shall have appellate jurisdic-
tion only except as herein specified,
which shall be co-extensive with the

limits of the State. Its appellate
jurisdiction shall extend to questions
of law arising in cases of which the

Courts of Civil Appeals have appel-
late jurisdiction under such restric-
tions and regulations as the Legisla-

ture may prescribe. Until otherwise
provided by law, the appellate jurisdic-
tion of the Supreme Court shall

extend to questions of law arising in
the cases in the Courts of Civil Ap-
peals in which the Judges of any

Court of Civil Appeals may disagree
or where the several Courts of Civil
Appeals may hold differently on the

same question of law, or where a
Statute of the State is held void, and
shall extend to such other questions

Sec. 2. Said proposed Constitution-
al amendment shall be submitted to
a vote of the qualified electors of this
State at a special election to be held
throughout the State on Tuesday,
July 16, 1929, at which election each
voter opposing said proposed amend-
ment shall scratch off of the ballot
with a pen or pencil the following
words printed on said ballot: "For
the amendment to the State Consti-
tution providing for a Supreme Court
of nine members, and for a contin-
uous session of that Court." and each
voter favoring said proposed amend-
ment shall scratch off the ballot in
the same manner the following words
printed on said ballot: "Against the
amendment to the State Constitution

FEDERAL MARKER

A five-foot concrete post with a bronze tablet in the shape of the official Federal highway marker has been placed on the northeast corner of the square. Such a marker is required by Federal authorities when federal aid has been granted on a highway. As soon as the grade from Cowell to the Cottle line has been completed another marker will be placed on the northwest corner of the square.

The marker states that the distance to the next marker which will be at the Wilbarger County line, is 15.835 miles and that the road was built in 1929.

CLASSIFIED ADS

The News in this week starting a classified ad column, something we have never had before because of an apparent lack of demand for it. However, a number of customers have expressed a desire for a classified ad column, and although we may have only a few to start with this week, we hope to see this new department grow from week to week. It is much easier to find want ads of any kind if they are placed in a regular column. This arrangement, however, will not interfere with our business men or anybody else who prefer to run their business locally in the locals and personals as has been the custom heretofore. We are starting the classified column only for those who prefer it.

"Interference" at Rialto Monday and Tuesday

One of the strongest casts ever assembled in a motion picture will make up the list of players taking part in "Interference" that is to be shown at the Rialto Theatre Monday and Tuesday. William Powell, Clive Brook, Evelyn Brent, Doris Kenyon, Donald Stuart and a number of other great actors perform in this excellent picture.

The picture is from the play by Roland Pertwee that was one of Broadway's greatest successes. "Interference" in play form also ran for two years in London. It has been called a "melodrama of the upper world."

Royal Belgian Band To Be at Wichita Falls

Widespread interest is being manifested in the engagement of the Symphonic band of the Royal Belgian Guards at Wichita Falls on Saturday, April 20, for an afternoon matinee and night performance. Wichita Falls is one of the few cities in Texas in which this famous European band will appear.

Nearly 100 hundred years of history lies behind this band. It had its origin in 1830 during the war for Belgian independence.

The father of the Regiment des Guides, which in turn fathered the only symphonic band in the world, was the famous Free company, the cossacks of the Meuse, made up of non-commissioned officers and soldiers of the cuirassiers and dragoons who had left the Dutch army. This company took part in the capture of Venlo and the blockade of Maestricht, famous episodes in the history of Belgium.

Regularly enrolled as a unit of the Belgian army, the company won its first citation for bravery in the attack on the Dutch infantry in the battle of Kerguyt. In 1833 the company was named the Regiment des Guides and received its flag from the hand of King Leopold I. From that time until the outbreak of the world war, the regiment was stationed in Brussels as guard of honor for the king.

With the world war came another exciting period in the regimental history. It was cited for bravery in the battle of Haelen, and took part in the violent fighting on the Gette and the Yser. In the big Flanders offensive during the last month of the war, the regiment pursued the retreating enemy and was cited a second time for heroic conduct at Burkel. After the armistice, the regiment spent a year with the army of occupation in Germany and was later stationed in the Ruhr district.

The band is now making its first American tour and is being received with acclaim everywhere. Capt. Arthur Prevost, leader of the band, is probably the most decorated bandmaster in Europe. His service with the allied cause during the world war was recognized in awards of medals and decorations by all the allied governments.

Mail orders for seats addressed to the Wichita Falls Chamber of Commerce will be given prompt attention. No seats will be reserved for the matinee performance for which tickets may be obtained on the day of the performance at the box office. Prices for the matinee are: Students 50 cents, teachers 60 cents, adults \$1.50. For the night performance prices are: Main floor \$2, first four rows balcony \$1.50, rest of balcony \$1.

West Texas Utilities Has Extended Services

Transmission line construction and extension constitutes the principal activity of the West Texas Utilities Company the first three months of this year. Approximately 200 miles of transmission line is under construction, 70 miles of which is already completed. This extends pump service to the Shell Pipe Line Company and the Texas Pipe Line Company. The towns of Christoval and Blackwell were added to the company properties increasing the number of cities, towns and communities served by the West Texas Utilities Company to 110.

Among the major extensions is the building of 66,000 volt lines, with the necessary substations, from San Angelo to Eldorado, a distance of 30 miles and the construction of 30 miles of 66,000 volt line from Sonora and Ozona. This will close the 66,000 volt loop between San Angelo and Ozona, thus affording loop service to these towns in addition to providing another circuit to the Yates Oil Field. Also of equal importance is the construction of 28 miles of 66,000 volt line from Mason to the Gillespie County line to interconnect with the Central Light and Power Company, thus providing loop service to towns in this district.

Tying in with these lines and requiring further 66,000 volt extensions, are lines to serve five pump stations of the Shell Pipe Line Company and three of the Texas Pipe Line Company, each station having a connected load of 1,000 horsepower. This work has meant the reinsulating of 30 miles of 22,000 volt line for 66,000 volt operation between Menard and Junction, constructing 19 miles of 66,000 volt line from Junction to the line between Yates oil field to pipe line stations, 10 miles of 66,000 from Eldorado to pipe line stations and 15 miles of similar voltage line to serve other stations.

In addition to these extensions the company is constructing 70 miles of telephone line between San Angelo and Sonora and 30 miles from Mason to the Gillespie county line to facilitate dispatching service.

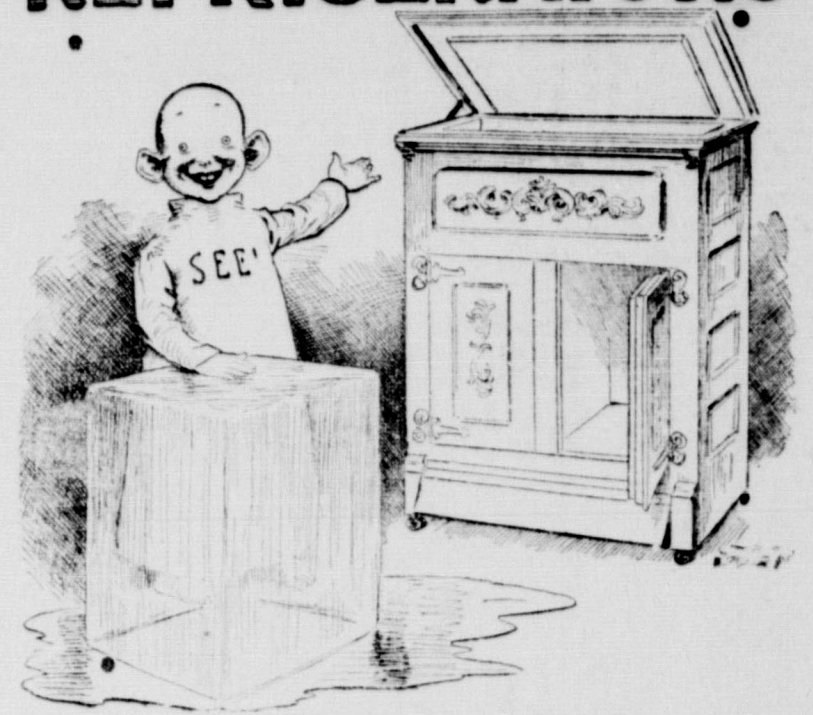

Other important oil field extensions now are being made in the Wilbarger, Noodle Dome, Putman and Yates fields.

An addition has been made to the Quitaque generating station where a 385 H. P. engine has been installed. Street lighting systems have been installed in the towns of Wellington and Junction and several other five year contracts for street lighting and city water pumping have been signed with several other towns.

Business conditions in the 42 counties served by the West Texas Utilities Company indicate appreciable improvement in nearly all lines. Several general rains over the properties have put the ground in condition for plowing and planting and farmers are optimistic over the 1929 outlook. Dairy products are of an increasing importance as a source of revenue in rural districts.

Important strides are being made in the oil industry and electrification of oil operations is being steadily pushed in anticipation of heavy

Senior Class Selects 'Arizona Cowboy' Play

The Senior class of Cowell High School has selected the play "An Arizona Cowboy" to present this year, an annual custom for the senior class. The play is well known and will be presented within the next three weeks as the cast for it has already been selected and is at work under the direction of Miss Autie Anthony, class sponsor.

Grace Russell and Moody Bursley will take the leading parts and the following will complete the cast: Mary Ennis Carter, Ernest Johnson, Elizabeth Kincaid, Price Lovelady, Herman Bell, Jack Welch, Preston Rettig, Bernice Webb, Marie Randolph and Vance Swaim. The play is typically western and is expected to meet with the approval of Cowell people.

CLAYTONVILLE CLUB

The Claytonville Home Demonstration Club met in Mrs. W.M. Howell's home on Thursday, April 15. There were nine present and three absent and three visitors.

After the meeting was called to order, two songs were sung and all joined in repeating the Lord's prayer. After roll was called and minutes read and approved, the meeting was turned over to Miss Freeman. She gave us a most interesting talk on colors. She had quite a few pieces of dress goods of different shades, shapes and patterns which were furnished by the dry goods merchants of Cowell, so was prepared to tell the most becoming colors for each lady, which will be very helpful.

After a short business conference we adjourned. Fruit and cake were served by Mrs. Howell which was greatly enjoyed.

We will meet Friday, April 19, at the home of Mrs. A. W. Johnson for a demonstration of making salads and salad dressing. Any one wishing to join or visit our club has a cordial welcome.—Reporter.

TWO KINDS OF NEWS

There are two kinds of news in the newspaper.

Part of the news is about the affairs of other people; their sayings, doings and goings to do; things that have happened, may happen and didn't happen; things that affect the lives of everyone in the community. But there is also a lot of other news in this paper—if you know where to find it—about your own personal affairs.

That's the part of the news you will find in the advertisements. There's valuable news in them about things you want or will want; perhaps about things you have that others want.

Every advertisement carries a message to someone. That someone may be you.

Many advertisements carry a message of interest or value to you.

Failure to read the advertisements may cost you the opportunity to buy something that you need—something that would be of inestimable value to you.

You can't afford to pass up the advertisements because so many of them are news relating to you and your affairs.

June bugs are not due yet, but many of us are bugs about this time of the year.

METHODIST W. M. S.

The Woman's Missionary Society of the Methodist Church met in a very interesting Bible study at the church April 8th.

Sister McCarter led the devotional in an impressive way, love being the topic.

Mrs. Self gave an introductory of the Epistle of Paul to the Romans and of his first one to the Corinthians. Mrs. Jack Bryan gave an outline study of Paul's letter to the Romans and Miss Jewell Brown gave that of First Corinthians. The subject for discussion being what the letters written to the churches at that time really meant to them and what meaning do they have for our churches at this time.

They mean everything to any church at any time for Paul preached Jesus Christ, and Christ is the same then, now and forever. We will follow our Christ much closer if we go according to the teachings of Paul.

Mrs. A. Y. Beverly told of their trip to the District Conference at Plainview which everybody enjoyed hearing.

Next Monday we will have for our study Second Corinthians and Galatians.

Another Wichita Man Praises It

Allison Moore Says He Suffered With Stomach Trouble 3 Years—Relieved By Orgatone

"I get up every morning now, feeling just fine and all during the day my work does not bother me like it used to," said Allison Moore, a well known contractor and builder residing on rural route 1, Wichita Falls, Texas.

"For about three years," he continued, "I suffered with stomach trouble and indigestion and gas bothered me a whole lot. I always have a stuffy, stock-up feeling from gas that would press up around my lungs and at times I could hardly breathe. I am sixty-seven years old and I was always energetic, but I got so languid and run-down that I never felt like working and I would get up in the morning all tired out and by night time I would feel years older."

"I don't know what would have happened to me if I hadn't read in papers about several cases where people who had troubles very much like mine had been greatly benefited by taking Orgatone, so I got a bottle and began using it."

"Although I have only been using this preparation a few weeks my stomach trouble is rapidly disappearing and I believe it will soon be entirely gone. That smothering sensation and that hard lump in my stomach doesn't bother me at all now. The heat of it all is the way I feel. I wake up in the morning full of energy and I can now do as much work as anybody on the job. I am now feeling splendid health and I am sure Orgatone is responsible for it."

Genuine Orgatone may be obtained in Crowell at the Reeder Drug Co. (Adv.)

Electrical men from all over the country met the other day at Purdue University, and probably some shocking statements were made by the live wires.

Churches

At The Christian Church

Ninety-nine present at Sunday School; all classes exceeded their quota, except one; all teachers and officers present; fine lessons, good interest; three additions to the church, one by statement and two by baptism; in fact the whole day's services last Sunday seemed like another Easter Sunday.

The young people's service and the baptism service scheduled for Sunday evening were held at 3 o'clock in the afternoon on account of the revival beginning at the Baptist Church. The young folk presented a splendid service and it is expected that there will be some definite action now towards the organization of a Christian Endeavor Society.

Bro. Jas. Cook's two children, George and Elsie, were the two baptized at the close of the young people's service.

The official board held a short meeting after the afternoon service. The only action of importance being the subscribing of an Education Bond towards the support of Randolph College at Cisco.

Be sure to come to Sunday School next Sunday, there will be special information given relative to plans leading up to Pentecost next year when the whole Christian World will celebrate this great event.

Two Different Reasons for using CONOCO-ETHYL BOTH OF THEM GOOD

1 To Save Wear and Tear

If you keep an accurate record of what it costs to operate your car, you'll soon realize that Conoco-Ethyl Gasoline actually saves you money—despite the fact that it costs a few cents more per week than ordinary gasoline.

It saves by keeping out the knock that wears and tears the engine . . . and by producing 100% power from every drop.

There's no waste when you use Conoco Ethyl. It burns cleanly and at the right time—regardless of the compression of the motor.

Conoco Ethyl will reduce your cost per mile. Try it and convince yourself.

2 To enjoy High-Compression Performance

With the introduction of Conoco Ethyl Gasoline into this market, your dreams of an ideal motor fuel become accomplished facts.

Conoco Ethyl has biased the trail to superlative motor operation under all conditions of temperature—uphill or on the level—in traffic or along the open road.

There is no motor fuel like it—for it combines all the superior qualities of Conoco, the Triple Test Gasoline, with Ethyl Fluid, the Anti-Knock ingredient developed by General Motors after years of exhaustive research.

Why not get the most from your motor? Fill your tank at the Conoco Ethyl pump—at service stations and garages.

Lots of people don't take the trouble to figure the saving that Conoco Ethyl brings them. They use Conoco Ethyl because this super-fuel does more than merely move their cars. . . it provides a real motoring thrill by bringing out every ounce of power which the engine was designed to develop.

Instant pick-up, smooth running at all speeds, high gear performance on the steepest hills. There's a great satisfaction in driving under such conditions!

She Couldn't Get Out For 6 Months

"I had just about given up hope of ever being well again when I heard about Sargon. It is just wonderful what it has done for me.

MRS. J. W. MANESS

"I was in a dreadfully rundown condition as a result of stomach trouble. I became so weak I was confined to the house for six months and for four months was on a milk diet. I suffered terribly with gas and cramping pains. Awful sick headaches forced me to bed for hours at a time. I lost weight and strength and my color was unhealthy. I was so nervous that life was a misery. I simply couldn't sleep well.

"After the first few doses of Sargon my appetite returned and I eat anything I want. I don't suffer with gas or cramping pains anymore, nor do I have those dreadful headaches. My nervousness is entirely gone and I sleep just fine. Doing the housework now seems just like play compared to what it used to be. I'm rid of constipation, my color is good and I've gained six pounds.

"Sargon did more for me in a few weeks than all the other medicines and treatments put together did in years."

The above statement was made recently by Mrs. J. W. Maness, 1310 Pearson St., Houston, Texas.

HJR No. 7

A JOINT RESOLUTION

proposing an amendment to Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture, provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State on July 16, 1929, at which election at an election to be held throughout the State on July 16, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And those voters opposing said proposed amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved March 19, 1929.

(A Correct Copy) JANE Y. McCALLUM, Secretary of State.

SOCIETY

A SHOWER

On Friday afternoon Miss Lottie Russell and Mrs. Robert Hudson gave a shower honoring Miss Jessie Dell Hicks in the home of W. S. J. Russell.

As the guests arrived they registered in the hidden book which was presided over by Mrs. William Bell. After delicious punch was served by Misses Cornelia Beideman and Gusta Mae Davis, the following program was given: a piano solo by Miss Mary Sam Crews, a reading by Miss Leona Knox, and Miss Louise Thomas sang "Beloved." A part of the gifts were presented in a large cake by the hostesses, then the guest followed Miss Hicks into a bed room where many beautiful gifts were displayed.—Contributed.

ADELPHIAN CLUB

Mrs. B. W. Johnson was hostess to members of the Adelpian Club at her home Wednesday, April 10th, with Mrs. E. W. Brown leading the study on Japan and China. This was the last of a series of educational tenets that have been given on various countries during the club year. Little Princess Henry Johnson welcomed the club in song.

Mrs. M. S. Henry gave a travelogue on both countries. The customs, religions, etc., were interestingly presented through the review of two books. The first, "My Lady of the Chinese Court Yard," by Elizabeth Cooper, was given by Mrs. L. Kimsey, the second, "The Daughter of Simora," one of the five noted books of 1928, was reviewed by Mrs. Byron Reese.

Mrs. Oscar Boman, who toured China and Japan several years ago, kindly displayed a number of curios which she collected on her tour, and commented upon each article. Each person on the program was dressed in Japanese or Chinese costume. During the social hour two courses were served, the first consisted of mock chop suey, Japanese vegetable salad and crackers. Hot tea and rice cakes with cherry filling were then passed in true Chinese fashion. Plate favors were hand-painted Japanese cards which came directly from Japan. Those present were club members and the following guests: Mesdames Paul Shirley, Oscar Boman, Hines Clark, Miss Becker and Mrs. Williamson of Fort Worth.

BIRTHDAY PARTY

Mrs. J. N. Bryson of Palo Pinto was honored in a birthday dinner at the home of C. R. Bryson, her son, Easter Sunday. The dinner was given also in honor of Mr. Bryson's birthday which came at the same time.

Those present were Mrs. A. M. Bryson and children of Palo Pinto, Mr. and Mrs. J. N. Bryson of Palo Pinto, Mr. and Mrs. Ira Coker of Snyder, Okalahoma; Mrs. R. V. Holman and children of Rock Crossing; Mr. and Mrs. E. S. Flesher of Thalia and E. A. Dunagan and family.

Mrs. Ben Kilgore and daughter of Chillicothe were guests in the afternoon. She is a sister of Mrs. Bryson.

B. Y. P. U. Social

Thirty-six members of Intermediate B. Y. P. U. met in the basement of the Baptist church Friday night for their quarterly social. Group 2 entertained Group 1 as a result of a contest which Group 1 won. Various enjoyable games were played throughout the evening. Bertha Womack, Fern McCaskill and Texie Mae Stroud provided many new games and delicious refreshments. Mr. and Mrs. Ogden and Rev. and Mrs. Smith sang for us. Refreshments consisted of sandwiches, potato chips and lemonade. All felt that they had spent a very pleasant evening.—Reporter.

Bridgettes

On Monday evening the Bridgettes met at the home of Mr. and Mrs. A. J. Blakemore with Miss Eva Blakemore as hostess. Several games of bridge were enjoyed. Gambleville Community Club

The Community Club met at the home of Mrs. Alfred Derrington Thursday at 1:30 p. m.

There were fourteen present and four new members were added to the list of members—Mrs. Claude Carroll, Mrs. Jim Bailey, and Mrs. R. H. Blevins. Miss Freeman gave a very interesting and helpful demonstration on colors and designs.

The next meeting will be at the home of Mrs. Mollie Free, April 18 at 1 p. m., with the demonstration on "salads." All members are urged to be present and visitors are always welcome.

Don't forget the "pie supper" and "The Wedding" that are being sponsored by the Girls Club, at the schoolhouse, April 12 at 8 p. m. Come help them.—Reporter.

Foard City Club

The club met at the home of Mrs. O. N. Baker, Tuesday, with twenty members and two visitors present. Three new members were received into the club.

Mrs. Mill Gover called the meeting to order and two songs were sung followed by a reading of the minutes by Mrs. C. E. Bailey, after which the Lord's prayer was repeated by all.

Miss Freeman then took charge. She had several samples with which she demonstrated the different colors on several of the women at the same time instructing them how to fit colors themselves.

At the close of the meeting, Mrs. Baker served hot chocolate and cake. The next meeting will be with Mrs. Claude Callaway on April 16, and all who would like to come are urged to attend.—Reporter.

Wimodaxis

The Community Club of Catesville in a business session at its last meeting, changed its name to "Wimodaxis." The new name was chosen to distinguish our organization from others of its kind. The new name interpreted means, wives, mothers, daughters and sisters. The new name is appropriate because the club is for all women who desire to do community work.

At the same session the club adopted the by-laws established for home demonstration clubs.

Miss Freeman gave demonstrations on line and color. The hostess, Mrs. Jim Shook, served ice cream and cake.—Reporter.

Thalia Picnic

On Thursday morning, April 11th at 5 o'clock, the Thalia seniors, juniors, sponsors, and guests gathered in the "bacon and eggs" and motored to Beaver Creek for a sunrise breakfast.

Mr. Hartman made an excellent cook and the rest did not mind letting him have the job. After breakfast they amused themselves in various ways, some playing baseball.

At 8 o'clock all started for home except "poor Frank" who had at least four flats on his Ford.—Contributed.

BRIDGE CLUB

Mr. and Mrs. M. M. Hart, Jr., were hosts to the Tuesday Night Bridge Club at their home this week. Mrs. Dow Miller scored highest for the women while Jack Brian led in points for the men.

Mr. and Mrs. Bill Norman were guests of the club.

"THE HOME OF SPLINTERS"

R. J. ROBERTS, Local Manager

April 12, 1929

Dear Friends:

Yes, there are two sides to this Clean-Up, Paint-Up and Fix-Up question—and only two. Arguing against the idea is rather a life, isn't it? Look along your street or any other street in town and observe that side of the argument which has to do with shabby, rundown, unpainted and unrepainted houses. They look the part, they are eye-sores. On the other hand, the bright, painted, repaired houses are a credit to their owners and to the town.

In many homes where a breakfast nook was not included in original specifications, the owners are having them built on, as an addition. And it's an investment in happiness. Morning's regular dining-room is given a needed rest. It is easier on the housewife, too. Things are so convenient.

But then the modern kitchen is no longer the most unsightly room in the house, the door kept closed lest some visitor take a peek. A kitchen can be and often is, today, as charmingly appointed any room in the entire house. We can show you how your kitchen can be brought up to the minute.

The STAR-TEX Trailer Hitch is made right and of the right materials. A hitch that causes your trailer to really trail with any wobble. After 3 days actual trial on your trailer if not satisfied, your money refunded.

Angry father: Well, young lady, explain yourself, where has your been all night?

Flapper Daughter: Oh, Daddy dear, I was sitting up with a sick son of the sick man you are always telling mama you sat up with.

Yours truly,

SPLINTERS.

Ready to grow!

WHEN you feed your chicks Purina Chick Starters expect them to live... expect 15 to 20% greater growth than ever before... expect them to reach maturity earlier... at a lower cost per chick.

Purina has the chemists and biological laboratory to test and prove what's good for chicks. Purina has the experimental farm to test Poultry Chows practically. Purina has the machinery to mix Poultry Chows uniformly. Purina has 35 years of feed manufacturing experience.

That's why we have more than 2,500 hatcheries in saying, "Start your chicks on Purina... keep them on Purina all the way through." They'll live... they'll grow... and lay early... your Purina too!
