Learning co-operation and the benefits of cooperative action has

Learning co-operation and the benefits of cooperative action has meant the most to Bobby Powers, Monte Churchill, Ivan Cates, D'Lois Shuitz, Duane Nichols and Melvin Johnson.

To some students, such as Tom Crowell, Pat Pittillo and Rachel Rodriquez, learning the value of setting a goal and then striving to reach that goal has meant the most.

Arlos Moore and Jim Henry Londone hair and blue eyes. Arlos Moore and Jim Henry Londone hair and blue eyes or disappointment has been most important.

Judy Johnson feels that overcoming self consciousness is the best gain of her high school years.

Wanda James believes that she has learned that education is the key to success in all of life.

All of these things are indeed

NOW LOOK WHAT GONE AND DONE!

The same Corvair that tallied a thumping 27.03 miles per gallon* in the Mobilgas Economy Run . . . went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvair's rear-engine design and the surefootedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak-and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other careven specially equipped-had ever been able to conquer that nightmare alpine road so early in the spring. But Corvair (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvair is totally unique. But you'll find that out the first five minutes you're at the wheel!

Try the remarkable Corvair at your local authorized Chevrolet dealer's

NOTICE!

TO PARENTS AND GUARDIANS

Each High School pupil who resides in the Thalia Consolidated Common School District (and it should be remembered that such Thalia District now includes a portion of the old Riverside School Dis trict) must be transferred by the parent or guardian of such pupil to the High School where such pupil anticipates that he or she will attend school the ensuin year, not later than June 1, 1960.

Any elementary school pupil desiring to transfer out of his home district must also be transferred by the parent a guardian not later than such date.

All colored scholastics within the The lia District, whether high school or ele mentary pupils, MUST be transferred by the parent or guardian to the Crowl Consolidated Independent School District or other school not later than June !

Such transfers are to be made through my office at the Courthouse.

LESLIE THOMAS,

County Superintendent.
