THE NEW DIVISION TO BE DESIGNATED AS EIGHTIETH

The Eightieth Division is the numerical designation announced by the War Department for the new division that is soon to be formed at Camp Travis to fill the vacancy created by the movement of the Ninetieth Division to France. The announcement of the formation of the new division will mean much to those who may hereafter be assigned to Camp Travis in the future draft calls. Until the announcement of the formation of the new division the camp has been much of the nature of a combined training and replacement camp. Men who reported may still be in camp or may have been moved in a few weeks to fill gaps in divisions elsewhere. The largest percentage of those reporting at Camp Travis hereafter

will probably be retained for the organization of the new division which in every branch will mean the services of approximately 30,000 men and officers. Just what period of time the division may be retained at Camp Travis is of course problematical and may depend upon weather and training conditions. However, five to seven months training is almost a necessity and those who report to Camp Travis hereafter may be among those who will remain in camp for that period of time.

Many men reporting at the Camp come overburdened with clothes, toilet articles, etc. They are only here a short time until they find out that these are more in the way than they are necessities. The Government furnishes the soldier with everything that is absolutely necessary. For that reason other than a few toilet articles, really nothing is needed. The Camp Exchanges offer a market for everything the soldier can possibly need and he gets them at cost prices plus a very small percentage, and does not pay the war time prices of some profiteers. As an example, standard brands of tooth brushes are ten cents below the retail price, and prices of other toilet articles would surprise the civilian.

It is far better that those reporting to Camp Travis, now or hereafter bring with them very little, and wear their old clothes. They will be returned as soon as possible to clothe the recruits or can be donated here to the Belgian Relief Society or the Red Cross. Especially is the matter of carrying light baggages worth consideration when it is possible that men may remain in camp for several months and will have ample opportunity to send home for anything they will need when they ascertain just what that may be.

Thousands of people in Texas and Oklahoma have friends or relatives with the Ninetieth Division in France or with some other branch of the American Expeditionary Forces. Because of the heavy mail service the United States has had to set down hard and fast rules for the addressing of mail to men abroad. The latest announcement from the Postmaster General stipulates "Mail intended for members of the Expeditionary Forces should bear the name and addresses of the sender in the upper left hand corner in the following manner: (1) name of address including his rank, first name in full and initials, if any; (2) official designation of the unit or organization to which the address belongs, as, for

The Saving's in Quality

It's a false philosophy that the greatest savings are in the prices of the things you buy. There is nothing dirt cheap that is very often worth its price. So that he who is hunting "bargains" is more than apt to pay dearly for them. The safest plan is strike the happy medium and buy the dependable at reasonable prices where quality and price are combined. These are guiding principles with us in selling you

BOY DRINKS GASOLINE—DIES

Sam A. Swim was in town Tuesday and said that his son, Kenneth, age one year and eight months, got hold of the gasoline can Saturday evening while playing about the house and drank a quantity of it, how much he did not know.

The mother heard the groans of the little one and went to it, finding him lying on his back and eyes set. A physician was called but the little fellow passed away at 7 o'clock—forty minutes after he was discovered.

Funeral services were held Sunday afternoon by Rev. M. H. Hudson; burial in the Tolbert cemetery.

Mr. Swim lives a few miles south

of Tolbert in Farmers Valley.

The family left yesterday for Fanin and Dallas Counties to visit Mrs. Swim's relatives.

SHOULD VOTE IN SECOND

It is just as necessary that all vote in the second primary as it was that they vote in the first. Tomorrow is the day for the second and there are quite a number to be voted for. Of course it is only natural that we may not have quite so much interest in this as in the first primary election, yet when one stops to think about it he may know that there is really no reason why we should not show just as much interest. It is not improbable that some of us might really forget the fact that it is election day again, and this is simply to remind them, if such be the case, that they should go to the polls tomorrow and vote.

TO THE CITIZENSHIP OF THE 45TH JUDICIAL DISTRICT

Ladies and gentlemen:

We are nearing the close of the campaign for district judge. I have tried to see as many of you personally as I could and as time would permit, and I also spoke throughout the district on the matter pertaining to this campaign as far as I could. Neither myself or my friends have resorted to any slander, vituperation of any character or political lies, but on the contrary I am making this race upon my merits as a man and my ability as a lawyer, and having resided in Collingsworth county since childhood and my life being an open book not only to the people of my county but to the people of the district. It is beyond my conception how any person or persons could have, as has been done in this race, made so many charges in the closing hour of the campaign, which if true, would not only unfit me for this high office but would also lose me the respect of the good people throughout the district.

Let me here state that I am just about the same character of man as most American citizens who have been reared to manhood in this section of the state under Christian parantage and influence. I am thirty-five years old, have a wife and two children. For seventeen years have been a member of the church, and have never been charged by any church or otherwise with conduct unbecoming to one of its members. I do not and have never owned any business property in the town of Wellington, and not only I, but no other person in said town, have ever owned, operated or maintained any Moose hall or lodge for any dance house in said town, and never have I attended any such. I have given all my time to the war board and the draft boys in filling out their questionnaires and have never charged them one cent for the same. There is no boy now out of the draft in Collingsworth county who has paid me anything for my service, in getting him a deferred classification, on the contrary my youngest brother is now on the battle front in France and I have bought bonds, thrift stamps and done all that I could to serve my country in every efficient way possible, and let me here add in passing that my brother who is now in France did not file any claim for deferred classification, but was just as I am, ready to serve my

country in any way and every way possible.

I ask your support and will appreciate it and when I am elected your Judge I will make you an officer who will see cases are tried when on the docket and will not be found passing cases from one day to another while the jury waits for some lawyer to get good and ready to try his case.

I am just informed that there are now being addressed in Childress some five thousand 3-cent envelopes which are to be sent to Vernon and there mailed to only supposed known supporters of my opponent, and which will contain a circular letter, the tone and tenor of which I do not know, but am reliably informed by insinuation that its general purport will be to blacken my name and slander my character, and if such be its meaning I ask my friends to close their hearts to such insidious midnight attacks, and appeal to the record and my conduct in this campaign to bear me witness that by neither word or sign have I sought by any means or method to stain or besmirch my opponent's good name. I promise you now at this time that come what it may I shall not make any such appeal to the citizenship of this district, and do not believe that such an appeal will be considered by you when it comes just on the eve of election, and after I have conducted a campaign absolutely in the open for the past four months.

I ask your support on my merits as a man and my ability as a lawyer.
Yours respectfully,
R. H. COCKE, Jr.

To whom it may concern:

We, the undersigned citizens of Collingsworth county, hereby state that we have resided in Collingsworth county and in Wellington for many years and know the town, know the people and are well and intimately acquainted with Judge R. H. Cocke, Jr., and know of our own personal knowledge that he does not own any business house in the town of Wellington and does not of our knowledge, own any property in said town save his home. That he has never operated, maintained, used or attended any Moose hall or public dance hall operated or maintained in said town, and we resent the reflection attempted by some to be cast upon our town and upon our neighbor and fellow citizen, Judge R. H.

Cocke, Jr. We further state that we have no more patriotic citizen in our county than R. H. Cocke, Jr., that he has given his time, efforts and money to the assistance and support of the draft. That there is no person in this county who has received deferred classification who has paid Judge Cocke for his services in connection with such deferred classification, within our knowledge. We further state that Judge R. H. Cocke gave his time to the boys in the draft in making out their questionnaires and papers without one cent during all the last registration.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, breath bad, restless, doesn't eat, or your child is listless, cross, feverish, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." 53

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies.

This is an age of Specialists, and while one may have distinguished achievements to his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than we promise or charge for.

Each formula is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEUROTONE repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts your kidneys in a normal and healthy condition.

GERMAN VIEW OF CHRISTIANITY

Frederich Wilhelm Nietzsche was one of the most noted modern German philosophers. How much has his philosophy affected the views and character of the Germans of today? Is not the answer written in the blood of the women and children, the old men of occupied France and Belgium? Are not the Lusitania victims witnesses to German adoption of Nietzsche's faith? Here is his indictment of Christianity: "With this I conclude, and pronounce my sentence: I condemn Christianity. To me it is the greatest of all imaginable corruptions. The church is the great parasite; with its anemic idea of holiness it drains life of all its strength, its love and its hope. The other world is the motive for the denial of every reality. I call Christianity the one great curse, the one great intrinsic depravity, the one great instinct of revenge, for which no expedient is sufficiently poisonous, secret, underhand, to gain its ends. I call it the one immortal shame and blemish upon the human race."

BACK GIVES OUT

Plenty of Crowell Readers Have This Experience You tax the kidneys—overwork them— They can't keep up the continual strain. The back may give out—it may ache and pain; Urinary troubles may set in. Don't wait longer—take Doan's Kidney Pills. Residents of this vicinity endorse them. Can Crowell people doubt the following evidence? W. H. Altman, sup't. of water works, E. Ninth St., Quannah, Texas, says: "My back ached and was weak and lame. The kidney secretions were too frequent in passage and highly colored. I heard of Doan's Kidney Pills and began using them. The first box helped me and I continued using them until greatly relieved." Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Altman had.—Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ALLOTMENT AND ALLOWANCE CHECKS

There has been a change in the system of the Bureau of War Risk Insurance of the Treasury in the matter of allotment and allowance checks. This results in some of the checks sent out by the bureau being for smaller sums than heretofore, but the amounts omitted from the checks sent out by the bureau will be included in checks sent out from other sources. The system will simplify the work of the bureau and is expected to accelerate the payment of allotments and allowances. Prior to July last the War Risk Insurance Bureau took the compulsory allotment of \$15 a month and whatever additional sum the enlisted man chose to allot to his family, and the whole amount together with the government allowance for dependents was included in one check and sent out by the bureau. Beginning with the July pay the bureau will collect and send out only the compulsory allotment of \$15 a month and the Government family allowance.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself. What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smooth and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. 99 Meet me at Ferguson Bros.

ATOMY AND AL-LOWANCE CHECKS

The excess allotments over the compulsory \$15 allotment and the allotments to persons not entitled by law to allowances will not be handled by the Bureau of War Risk Insurance, but by the War or Navy Department, the Marine Corps, or Coast Guard, according to the branch of service to which the enlisted man belongs. CARD OF THANKS We take this method of expressing our appreciation to those who so promptly acted towards saving our home from destruction by fire, especially the operators at the telephone office for spreading the alarm and the men who got to the fire so quickly as to put it out with but little damage. We thank you all. MR. AND MRS. D. P. YODER. Bring your wheat to us for exchange price for your wheat and will change for flour. You will get the pay the same price for your flour as in a straight sell or buy. In other words you will get a square deal.—Bell Grain Co. If you want a good 5-passenger Overland car cheap see H. L. A Good Combination

Most people have a choice in the store at which they buy their groceries, some making the choice upon price, not regarding very much the quality, while others make quality alone the principal consideration. Most people, however, seek the store that gives the best deal on both quality and price, and we believe on this combination we lead all other stores, a belief borne out by our growing list of satisfied customers. In the first place quality is never sacrificed, neither is profit paramount to all other considerations. We serve you with the goods just as good as any, and then make you a cash price a little better. Try us and see.

HER OWN SISTER DIDN'T RECOGNIZE HER SHE DECLARES

Mrs. J. D. Morrison Now Well and Happy After An Illness of Three Years' Standing—Praises Tanlac

"I improved so much after taking this Tanlac that my own sister did not know me at first, when I went to visit her," said Mrs. J. D. Morrison of 314 Twenty-fifth street, Enaley, Ala.

"I lost my health three years ago and had stomach trouble of the worst kind," she continued. "I also suffered dreadfully from biliousness and constipation. I was feverish and restless most of the time and never knew what it was to get a good night's rest. I was almost a nervous wreck. I tried dieting and living on liquid foods until I was almost starved, but nothing did me any good."

"I started taking Tanlac and by the time I had finished my second bottle my appetite had increased until I was able to eat just anything I wanted. I had gained thirty-three pounds in weight—had gone up from sixty-six to ninety-nine pounds in weight—and was feeling better than in a long time. I am now doing all my housework and even some of the washing. Tanlac is sold in Crowell by the Owl Drug Store and in Thalia by Long Bros.

NOTICE

We feel that it is due Mr. E. B. Gibson and all the customers of this bank to make official notice of Mr. Gibson's resignation, which is to take effect on the 25th day of August, 1918. Mr. Gibson, as many of you know, is moving to Vernon, where he is to be connected with The Farmers State Bank and will be glad to have his friends call on him there. Mr. Gibson's services have been very satisfactory indeed and we regret to lose him, but he having been offered a more lucrative position we could not afford to have him refuse. We take this method of assuring the public that we hold Mr. Gibson in the very highest esteem and wish him the very best success in his new undertaking and sure this is the wish of his many Foard County friends.

Mr. Sam Crews, whom all of you know, is now a member of our force and he would be glad to have you call and see him. Assuring one and all that the same efficient and courteous treatment shall be accorded you, as in the past.

Respectfully,
R. R. WALDROP, Pres.
J. W. ALLISON, V. Pres.
J. H. SELF, V. P.

Mr. and Mrs. Chas. Ferguson returned Sunday from a fishing trip on the Concho. They report plenty of fish and a very pleasant trip, with the exception of their car breaking down near Stamford where they were delayed several days waiting for repairs. Mr. Andrews who was with them came on the train ahead of them.

W. S. S. is the kind of patriotism that pays dividends.

Attention! Automobile Owners!

The Government has decreed that all factories making pleasure or passenger cars, shall not make any more at all after January 1st. So you must do with the one you have, whether new or old, after that date. If you want to sell your old and buy a new, use two or three coats of

Auto-Gloss Paint

on it. It will make it look like new. If you do not sell, it will look good enough anyway. "Auto-Gloss." Anyone can put it on. We sell it here.

LEE ALLAN BEVERLY WRITES FROM SAN DIEGO

Lee Allan Beverly who has recently joined the Navy writes from San Diego, Cal., Aug. 15 and says: "I haven't seen much yet except the 'bull pen'—the detention camp. The older ones who are here say this is the best training camp in the U. S. We got our clothing and equipment a few days ago which consisted of mattress and blankets, two blue suits, three white suits, two white caps, tobogan, two pair black shoes, six pair socks, six handkerchiefs, one sweater, one overcoat, two towels, three suits underwear, two bars soap, hair brush and comb, scrub brush, whisk broom, buttons, needle, thread, neck tie and sea bag."

I haven't seen a soul that I knew, but there is a fine bunch of fellows here. It seems that three-fourths of them are Texans. The nearest one from home is a kid from Knox county named Stephens.

We drill about three hours a day, mostly Swedish drills, and we have a fine officer for the work.

We failed to mention the return of Mr. and Mrs. Frank Ferguson last week from Jester, Okla. This was purely an oversight, as we knew of their return, but failed to make a note of it at the time we ought to. They had been up there for several weeks visiting their son. Mr. Ferguson says that crops are some better there than here.

"Pay the President Day" is August 27th. W. S. S. your pledge.

W. T. Johnson left the first of the week for Oklahoma for a time. He says he is not leaving Foard County for good, at least he does not think so. He would not say that for he says every time one leaves he comes back. He wants to leave the matter so he can come back when he gets ready.

Meet me at Ferguson Bros.

There will be no State Fair this year at Dallas. The grounds will be used as an aviation field, which is very appropriate, in view of present conditions. The one thing that we should concern ourselves about at the present time is that of whipping the stuffing out of the Kaiser. We can take up the fair proposition after that very delightful task is finished.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the . . . My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think. . . I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework." Try Cardui, today. B-75

FROM FORT SILL, OKLA.

59th Field Artillery, Brigade Casual Camp, Fort Sill, Ok., Aug. 18. The Foard County News, Crowell, Texas.

Dear Foard County People: Having been asked by so many friends to write to the News, I take advantage of this opportunity.

Three of the boys from Foard County were transferred here from Camp Travis, namely: Alvin Williamson, Ben Kenner and myself. We arrived here Friday at noon. We did not find things fixed up as well as at Camp Travis. This part of the Camp has been vacant since spring but we are getting better fixed up now. The Y. M. C. A. is getting established. Also a canteen.

While speaking of the "Y" I wish to say that the Y. M. C. A. is a very great thing for the convenience of the boys. There we can get stationery free, buy stamps and get reading material, while we are in quarantine where we would otherwise do without it.

Ray Thomas was transferred some where before we left Travis but we failed to learn where.

We have not had very much drilling yet but we expect to get into it in full swing next week. The officers seem to be good fellows and not so short spoken as most military officers. I think I will like the artillery better than the infantry. If you want to hear the big guns roar just come to Fort Sill. This is a place of training and not for having a good time. Of course, we all realize that that is what it takes to make efficient military men.

The soldier life is very different to the civil life and, of course, on account of the rush to train men, we undergo

many privations we weren't accustomed to in civil life, but everybody takes it just alike. Every soldier boy here, I believe, will be glad to see the war end so they can go back to home, sweet home. If you were to come by and see them at drill and practice, I believe, you would decide that they were determined to put a lasting end to it when they get to France.

Chas. Wood was over at Camp Travis last Sunday to visit the boys. He reports all the boys at Camp Mabry at Austin to be getting along nicely. With very best wishes to you people, I remain,

Your friend,
ARTHUR DAVIS.

Switzerland's Water Power.

There are no coal mines in Switzerland, but there is "white coal" or water power in abundance that can be transformed into light, heat and power. An electric railway climbs a tunnel inside the Jungfrau mountain. Halfway on the journey a good hot luncheon is served at the restaurant. In a station hollowed out from the rocks, the temperature of the tunnel in this snow-covered mountain is but little above the freezing point, even in summer, but the trains are lighted, heated and driven up the mountain, and the cooking and heating at the restaurant are all accomplished by the utilization of the icy cold water running down the mountain side as water power to generate electricity.

Few countries in the world are so well supplied with potential water power as Switzerland, and with this power fully developed she need never again see her industries at the mercy of a neighbor who might become at any time an alien enemy.

First German Colonists. German emigration to America had its beginning 234 years ago, when the

first party of pioneers from Germany landed at Philadelphia, relates a historian. There were 35 of them, mostly relatives, and all members of a religious sect closely akin to the English Quaker. Subjected in Germany to bitter persecution, they determined to seek refuge in the new world. The Frankfort Land company was organized, and purchased from William Penn, the governor of Pennsylvania a tract of land near Philadelphia. Francis Daniel Pastorius negotiated the deal, led the colony to America, laid out the town of Germantown, or Germantown, and became the recognized head of the settlement.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

In another column is to be found a call by G. A. Mitchell, Chairman of the County Council of Defense, for a meeting of the community chairmen to meet at the court house tomorrow afternoon in the district courtroom for the purpose of considering the matter of procuring seed wheat for Foard county. It is a matter, too, in which everybody is interested, and all are invited to attend. This is very important and it is hoped that as many as can will attend.

The boys over there are winning now, but they won't if you soldier on paying your W. S. S. pledge promptly.

War Savings Stamps pay better interest than any Government bond. They make you 4.21 per cent. Pretty good, eh?

Not that rain has not reached us yet. We will take it back. Just as we set these lines it is raining, but it does not promise to be sufficient to meet our needs. If it does prove to be we will tell you about it next week.
