Twenty-five Years Ago in The News

The items below were taken in whole or in part from the issues of The Foard County News of Oct. 2-9-16, 1908. George Allison is now running a dray wagon. G. T. Crowell's new dwelling will be completed next week. Bob Thomas was in from Good Creek Tuesday. Charlie Thompson is clerking in J. H. Self's store. Albert Schooley is behind the counter at Banister Bros. confectionery. Herman Allison's new residence in northeast Crowell is now finished. Miss Nora Banister went to Chillicothe Sunday, where she accepted a position in the telephone office. Made Good Time Ross Edwards, Archie Campbell and Russell Beverly went down to Truscott Tuesday afternoon on the Orient passenger train, intending to return on the local, but the local's engine had gone dead. They found a conveyance, however, with a live engine; it was Major Johnson's automobile. The run of twenty miles over a rough road was made in seventy minutes. G. T. Crowell left this week for the Dallas Fair, where he will be in charge of the first county exhibit ever sent to the fair from this county.

Fire in the main business section of Vernon Sunday morning caused a loss of between \$60,000 and \$65,000. Election for Incorporation The result of yesterday's election on the question of incorporating the town was that it carried by an overwhelming majority, the vote being 92 for and 9 against. We believe that our people did the proper thing in the matter. The town will now be recognized as a good and safe location for enterprises that we need and which we never could have procured without it. Besides the town can be cleaned up and put in good condition. Loses Arm at Gin B. S. Kilgore happened to the painful accident of losing an arm Wednesday at the Vaughn Gin. The accident happened while he was cleaning the lint from the saws. The saw caught his sleeve and in the twinkling of an eye severed his arm almost completely from his body. The arm was amputated about 4 inches below the shoulder. Quite a crowd of Foard County's young people came up on the passenger Sunday. Mrs. J. R. Allee came in last Friday from Elgin, Oregon, where she has been for several months visiting her husband, who is a traveling agent for the Spaulding Buggy Co. Claude Adams bought J. L. Criswell's interest in the barber shop and is now sole proprietor.

A Statement of Fact! ABOUT RELATIVE PRICES ON GOODS WE SELL NOW, two years ago and 23 years ago, before the abnormal high WARTIME PRICES PREVAILED HERE IT IS! People have to be frequently reminded about happenings and events, even about the weather conditions, etc. Then, it is but natural for them to forget PRICES a year or two back, and especially 20 years back. Therefore, we want to talk to our friends frankly about FURNITURE PRICES now, two or three years ago, and even 23 years ago. BECAUSE people complain about PRESENT HIGH PRICES, when, if they would just look around in their homes and check up on what they paid for most any article, two or three years ago, they will find they paid much higher prices for it than they can buy it or even a better article for TODAY—right now. BUT, today's prices are much higher than they were last Fall or even June 1st this year. But people, you must remember, banks were closing, corporations of the largest estate firms were bankrupt. Factories closing, those that were running, losing money and selling below actual cost, fighting their competitors and selling at a loss. The people that had money and bought gained this loss. Those that did not have the money to Government, through NRA, stepped in and said that more men must be put to work, and that any factory trying to operate MUST make a profit or quit. Consequently all manufacturers are operating on a profit now. Goods made have the profit in them when the retailer buys them. He can do nothing but mark his goods up as he buys, and now prevailing prices on everything bought since July First, 1933, carries this advance. EXAMPLE: A bed room suite, living room suite, or a rug or anything bought two years ago, retail price at \$50.00, \$75.00 or \$125.00 could be bought, all you could pay for, last fall at \$35.00, \$50.00 to \$75.00 or \$80.00. (Lowest prices since 1910.) Today you can buy bed room suites, good ones, for \$55.00 to \$100.00. Living room suites \$45.00 to \$95.00; rugs, wool, \$30.00 up; Congoleum and Quaker Felt Rugs, \$9.50 against two years ago, \$10.50 to \$12.50. All other goods in proportion. No one anywhere has furniture, mattresses, shades, rugs, wall paper, in same quality cheaper than we do, for we bought at the lowest prices without any advance on a BIG CAR OF MIXED FURNITURE. WE ARE WILLING TO SELL AT A PRICE THAT WILL ENABLE US TO REPLACE THE ARTICLE SOLD UNTIL THE ENTIRE CAR OF GOODS IS SOLD OUT. THEN WE WILL SELL ON MARKET PRICES. TRY US. WOMACK BROS.

Details Received in Regard to 1934-35 Gov't. Cotton Plan

College Station—Details of the new 1934-35 cotton plan to be offered Southern cotton growers by the Agricultural Adjustment Administration were received here in a telegram to O. B. Martin, director of the Extension Service, from C. A. Cobb, chief of the Cotton Section. The plan contemplates a 25 million acre crop next year, cash rentals for the land and left unplanted with cotton, county production control associations of farmers, no plow-up campaigns, and parity prices for at least a part of next year's crop. Secretary Wallace also offers to cotton producers loans of 10 cents per pound on their present crop to enable them to hold their cotton until prices are nearer a fair exchange value. The new program will allocate the acreage by states among cotton farmers and restrict total plantings, to approximately 25 mil-

lion acres next year. This is expected to be about 60 per cent of the five year average for 1928 to 1932 inclusive, and this will be the basis on which allotments are made to states, counties and individuals. The grower will be compensated in part by cash rentals for the land left out of production on a sliding scale based on the productivity of the land. The big feature of the new plan, according to Mr. Cobb, is the domestic allotment clause which provides that a producer shall receive approximately parity prices for that part of next year's crop consumed in the United States. Payments are to be based on the proportion of the 5-year average production which is domestically consumed. The new program will operate through county cotton production control associations through which growers will enter into contracts for two years with the Secretary of Agriculture. The acreage to be planted in 1934 is to be determined on or before January 1st next. Compensation for 1935 reductions is to be on the same basis as for next year. Reductions for 1935 in acreage will not be more than 25 per cent of the five-year average acreage, Mr. Cobb said.

Increasing Number Dying From Cancer

Austin, Texas, Oct. 11—The increasing number of persons in Texas dying from cancer, justifies a warning at this time against cancer quacks and so-called cancer cures. While newspapers, as a rule, do not carry advertising of this type, there are many other ways by which misinformation can reach the public. Undoubtedly there are many persons who, being thus deluged from seeking proper advice, unnecessarily become cancer victims, while others not having cancer, are fleeced out of much money for a cure," stated Dr. John W. Brown, State Health Officer. "There are but two ways of treat-

"Thank Goodness, Jim, COLD WEATHER NEVER DELAYS US!" Ann: "Betty would be late on our first air trip, but as usual when it gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her promptness?" Ann: "Yes, she is very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of gas and oil." Jim: "Well, Ann, you couldn't expect everybody to buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!" Jim: "Guess I'd better get Bill on the phone and see what the delay is!" Ann: "Please do!"

YOU HAVE ONLY A FEW MINUTES BETTY I KNOW JIM BUT BILL JUST GOT THE CAR STARTED AFTER HALF HOUR TRYING YOU DID GET HERE, I'M SO GLAD! CAR TROUBLE? BETTER TELL BILL TO BUY CONOCO GAS NEXT TIME

Betty: "We had the most awful time, Ann! We were ready to leave in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he rolled the car out of the garage and got some one to push it till it started—and just in time. The car just doesn't seem to work right." Ann: "It isn't the car, Betty, it's the oil and gas Bill buys. Why don't you tell him to get Conoco Germ Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant starting and 'Hidden Quart' protection." Betty: "I'm sold!—and Bill will be too just as soon as I get to him!" CONOCO at the sign of the Red Triangle Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart" stays up in your motor and never drains away. Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled. When planning a trip for business or vacation, write the Conoco Travel Bureau, Denver, Colo., America's largest Free Travel Bureau.

Sunday, 11 a. m. Subject for Sunday, Oct. 15, "Doctrine of Atonement."

Sunday School at 9:45. Reading Room open Monday, Thursday and Saturday 2 to 5 p. m.

Wednesday evening service at 8 o'clock.

The public is cordially invited.

Foard City Baptist Church

The Foard City Baptist Church membership is called to meet in conference Saturday night, Oct. 14, at 7:30 o'clock. All members are requested to be present. Rev. W. A. Reed of Thalia will preach after the conference.

Truscott-Foard City M. E. Churches

The fourth quarterly conference of the Truscott-Foard City charge will be held at the Truscott Methodist Church on Sunday, October 15. Rev. R. A. Stewart will preach at the 11 o'clock hour. Dinner will be served on the ground at noon and the conference will be held soon after dinner. Then in the evening there will be a program rendered by the Sunday School of the church. The central theme of the day is "The Rally Day Spirit."

We are expecting a good attendance. The public generally is most cordially invited to attend this All Church Rally Day.

O. C. STAPLETON, Pastor.

Margaret Methodist Church

Sunday, Oct. 15th, is our Rally Day. Sunday School at 10 o'clock, preaching by the pastor at 11 o'clock, and dinner on the ground.

Singing at 1:30 in charge of Duke Wallace of Crowell; preaching at 2 by Rev. R. N. Huckabee of Quannah, then some more singing.

The fourth quarterly conference will be held at 4 o'clock at which time the official families of the churches at Margaret and Thalia for the next year, beginning Nov. 12, will be named.

The public will be welcome to come and bring their dinner. Every Methodist, that does not rightfully belong some where else, is urged to be present. Let us all come together on this Holy Day and make it a great day for God and His church.

The conference year closes on Nov. 8th, and now let us urge every member and friend of the Methodist Church in Margaret community to rally to the church in these last days of the conference year and pay our obligations in full, that God may be glorified and His Kingdom move on unhindered.

"Come with us and we will do thee good." MARVIN BROTHERTON, Pastor.

Monday 3:00 p. m., W. M. U. Wednesday, 7:00, Prayermeeting. O. L. SAVAGE, Pastor.

Christian Science Churches

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 15.

The Golden Text is: "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Corinthians 5:18).

Among the citations which comprises the Lesson-Sermon is the following from the Bible: "Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ" (Ephesians 1:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Christ was the Spirit which Jesus implied in his own statements: 'I am the way, the truth, and the life.' 'I and my Father and one.' This Christ, or divinity of the man Jesus, was his divine nature, the godliness which animated him. Divine Truth, Life, and Love gave Jesus authority over sin, sickness, and death. His wisdom was to reveal the Science of celestial being, to prove what God is, and what He does for man" (page 26).

SUNDAY SCHOOL LESSON

by Charles E. Dunn

PAUL AT ANTIOCH

Lesson for October 15, Acts 11:19-30

Golden Text: Romans 1:16

The lesson introduces us to a new city, a new man, and a new word. The new city is Antioch, the capital of Syria, at that time the third metropolis of the world, with a population of half a million, and conspicuous for its wealth and magnificence. It was the first city in which Gentiles were converted in and large numbers, and thus naturally became the headquarters for the impressive missionary work among them carried on by Paul and his colleagues. All of the

Paul and his colleagues. All of the

apostle's three missionary journeys began at Antioch.

The new man is Barnabas, one of the most attractive figures in the New Testament. We caught a brief glimpse of him in chapter 9, at Damascus. But here he occupies the center of the stage.

Now Barnabas was a beautiful incarnation of the generous spirit. There was nothing petty about him. Note that he championed Paul at a time when the genuineness of the apostle's conversion was under suspicion. Later he came to the defense of John Mark, whose conduct had angered Paul. His generosity was more than sentiment. It revealed itself in loving deeds, for the lesson tells us that relief, probably a caravan of provisions, was sent in a time of famine from Antioch to Jerusalem.

The new word is "Christians." "The disciples," we read, "were called Christians first in Antioch." Other names in the New Testament are friends, believers, apostles, brethren, saints, followers "of this way." But all these yielded to the

term "Christians," now so honorable and universal, although when applied to that small company of primitive disciples in Antioch it was, a designation of contempt.

Today we all rejoice in the name. But do we take it seriously? To what extent is the title "Christian" a mere convention? Are we prepared to assume all the obligations it heralds?

SERMONETTE

THE PATIENT HELPER

By Arthur B. Rhinow

"I am helping in X-raying a patient who is tortured with rheumatism and arthritis," a nurse said to me, "and it is no easy task. We must be very careful in handling him, for every little movement hurts. And I asked myself just why he must suffer so severely. Of course I do not know, but I believe one reason is to teach me patience."

"A beautiful thought," I said to myself.

The ultimate purpose of human

suffering is beyond our understanding. It has puzzled the sages of all the ages. Is it punishment? Is it a means of developing the higher faculties within the sufferer? So we question and ponder. It would take an enormous library to hold all the volumes written on the subject.

This much is sure, however, we who are healthy and strong gain immensely by bearing with and helping the sufferer. How hard of heart we would become if we had no one to be patient with, if no one looked to us for relief. The tender touch would vanish, and sympathy, that heaven-born gift, would petrify.

And if science ever succeeds in abolishing physical suffering, we shall still have use for patience and kindness, for we human beings are so made as to need one another. Were some eccentric super-monarch to issue a decree forbidding us to love one another, we would cry out in protest against being deprived of a function that is as natural to our spirit as eating and drinking is to our body. Love is normal; selfishness is abnormal.
