

CROWELL AND GRAHAM PLAY FRIDAY

MANY FOARD MEN NOW AT WORK ON C. W. PROJECTS

Vance Swaim, county judge; W. A. Dunn, commissioner of Precinct No. 2; B. K. Garrett, resident engineer for the State Highway Department, and R. D. Oswalt Jr., project supervisor for the County of Foard in the Civil Works program, left for Austin this morning to confer with officials of the Texas Rehabilitation and Relief Commission regarding Civil Works projects for Foard County.

A road to the Texas Company's L. K. Johnson No. 3 oil well in the west part of the county is one of the projects upon which action will be sought by the local officials. Several other projects, affecting employment in various communities of the county, are also to be submitted to the state commission for approval. The oil field project would employ approximately 15 men.

Leo Spencer, county administrator, states that every effort is being made to secure the approval of needed projects all over the county, not only for the permanent benefit of the communities affected, but also to enable the unemployed of these communities to be closer to their work.

Much time and effort are being devoted by the staff of workers for the Foard County Welfare Board and the commissioners' court in connection with the Civil Works program for furnishing work for the unemployed. Those connected with the office staff are working six days each week and ten hours and more each day.

Projects
Eighty-two men are working on projects in Foard County at the present time. An additional sixty men are working on the grading and drainage work on Highway 16 from Crowell north to Pease River.

Graveling of the school yard and drive at Thalia is a project that has received approval from state headquarters and which will give employment to 20 men. Approval has also been given the project of fencing the new highway right-of-way north of Crowell, which will employ 40 men.

Forty men are now working on the land adjoining the city lake in cleaning and grubbing it. The projects of cleaning the streets and alleys in Crowell and the cleaning up of Thalia have already been finished.

Other projects upon which action is sought and the number that would be given employment in each case are: women sewing for Red Cross, 10; grubbing wood, 20; Rayland gravel road 32; concrete slab pit-type toilets, 40; high school gymnasium Crowell 20; building road and drainage south of Crowell 34; rural road at Smith ranch, 34; oil field road, 150.

Donate Gas and Electricity
In co-operation with Foard's relief situation, the West Texas Utilities is donating the use of its storage room in keeping the meat that has been allotted this county for the needy and is also donating electric current used at the local relief office. The Texas Natural Gas Co. is also donating the gas used in heating the office.

Dr. Clark Is Elected Welfare Board Head

Dr. Hines Clark of Crowell was elected permanent chairman of Foard County Board of Welfare and Employment at its meeting here Tuesday afternoon. Dr. Clark was elected temporary chairman at the new board's first meeting last week.

Members of this board are: C. C. Fox, Foard City; R. A. Rutledge, Rayland; R. N. Beatty, Vivian, and L. A. Goodman, Margaret. This group was appointed by the commissioners' court and the Texas Rehabilitation and Relief Commission approved their appointment last week. Leo Spencer, Federal administrator for Foard County, is directly associated with the work of this board.

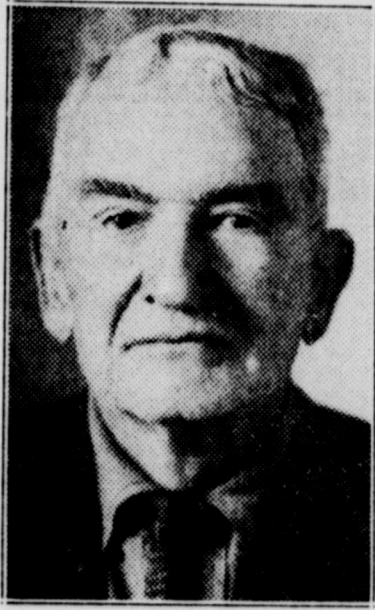

FARMERS' CO-OPERATIVE SOCIETY TO MEET SAT.
A called meeting of the Farmers' Co-operative Society of Crowell will be held in the district court room at 2:00 o'clock Saturday afternoon.

Dave Sollis, president, states that the purpose of this meeting is to amend the constitution and by-laws to comply with Federal income tax laws. Other business that may come before the body will also be transacted. This meeting was to have been held Nov. 18 but was postponed.

SINGING AT GAMBLEVILLE

The public is invited to attend a singing that will be held at the Gambleville school Sunday afternoon, beginning at 2:30 o'clock.

Continue Miller Case Result of Agreement

Trial of the case against Que R. Miller, former Foard sheriff and tax collector, in four cases of misapplication of public funds, was continued Monday afternoon by agreement in the Forty-sixth district court of Quanah upon Miller's agreement to agree to accept the seven-year sentence in one of the cases in a previous trial at Quanah, where two of the four cases had been transferred.

Miller will withdraw his appeal in case tried previously at Quanah. District Attorney Ed L. Gossett of Vernon agreed with defense counsel on continuing the case if Miller would agree to accept the seven-year sentence.

BUY TICKETS NOW!

All who plan to attend the Crowell-Graham game at Wichita Falls tomorrow afternoon can make a substantial saving by purchasing their tickets before 6 o'clock tonight.

Tickets are now on sale at local drug stores and may also be secured from many other individuals who are selling them. The admission price now is 50c for adults and 25c for students.

After 6 o'clock tonight, the admission will be 35c and 75c, so if you want to save money, you had better get that ticket now.

COTTON GINNINGS

Cotton ginnings in Foard County, prior to Nov. 14, amounted to 17,547 bales, compared with 11,733 bales at the same time last year, according to figures released by the Bureau of the Census at Washington. Round bales are counted as half bales in these figures.

I. M. CATES DIED LAST FRIDAY AT CROWELL HOME

I. M. Cates, 78, pioneer resident of Foard County, died at his home in this city last Friday morning at about 4 o'clock. He had been in ill health for some time. A few weeks ago he was taken to the Baylor Hospital at Dallas and on Nov. 18 underwent a serious operation there. He was returned to his home here on Wednesday night of last week.

The deceased had made this county his home since coming here in the spring of 1890, a year before Foard County was organized. Just about one year ago, Dec. 21, he and Mrs. Cates observed their fiftieth wedding anniversary, which was appropriately celebrated on the following day, Christmas, with all of their nine children present.

Issac Monroe Cates was born on Oct. 5, 1855, in Clayton County, Georgia. He was generally known by the name of "Mack," a nickname given him when he was a boy. In December, 1876, he came to Texas and worked on a farm and as a cowboy in Cooke County. In 1878 he carried the U. S. mail through the Indian Territory for four months. From Marysville, Cooke County, he carried the mail to Tishomingo, Indian Territory, a distance of 75 miles and made the round trip every three days. After that round trip he would make another to Spanish Fort, Montague County. The mail was carried on horseback.

In 1879 he returned to Georgia, but was dissatisfied there and in 1882 he returned to Cooke County, accompanied by his younger brother, T. J. Cates, who is now living in Crowell. Both went to work on a farm upon their arrival in Cooke.

Married in Cooke

On Dec. 24, 1882, Mr. Cates married Miss Permelia Worley at the home of the bride's mother in Cooke County. Thirteen children were born to this union, nine of whom are living.

Mr. and Mrs. Cates came here on May 7, 1890, and settled on a place (Continued on Page 4)

Spears Erects New Building For Shop

T. A. Spears has torn down the box structure that housed his blacksmith shop for many years and is now completing a new frame building at the same site for the shop.

The new structure will be 24x80 feet, compared with the 20x70 size of the old one. The 9-foot ceiling of the new building is also a foot higher than that of the old one.

All construction work will be completed in about one week, according to Mr. Spears.

RETIRE AFTER 54 YEARS WORK AS INSTRUCTOR

The unusual record of teaching fifty-four years in the schools of Kansas, Missouri, Texas and New Mexico belongs to J. F. Steele, 76, who retired from this profession last spring after completing four years as principal of the school at Engle, N. M. He and his wife are now residing at the home of their son, Roy Steele, who lives on a farm south of Crowell.

After completing a two-year course at Wabash College, Crawfordsville, Indiana, Mr. Steele started his long career as an instructor in a school of six pupils at Russell County, Kansas, in the fall of 1878. His salary at that time was \$20 per month. With the exception of the school year of 1887-88, his service as a teacher continued uninterrupted until his retirement last spring.

In the school year of 1887-88 he was in charge of the supply department of a round house at Chillicothe, Mo., having taught at several points in Kansas before accepting that position. One year in that position was enough and again feeling the call of the school room, he departed for Gault, Mo., in the fall of 1888 to become superintendent of the school there, a position he held for the next four years.

Mr. Steele, who is a very small man, stated that he secured the Gault position through correspondence and that upon his arrival there one trustee remarked, "You are not the man we are looking for. We took you to be a large man by your hand-writing" (Continued on Page 4)

Red Cross Roll Call Ended Thanksgiving

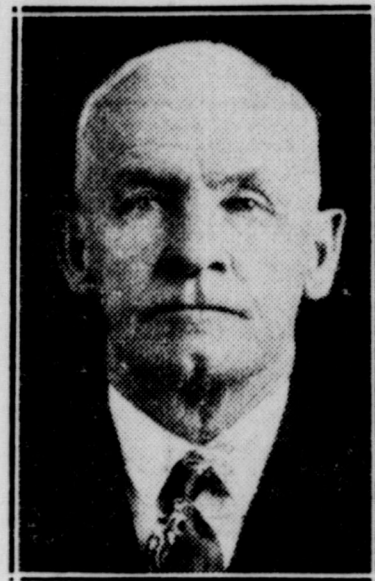

The Annual Roll Call of the Red Cross came to an end in Foard County on Thanksgiving. A total of 217 memberships were secured and a total of \$223.00 was raised in the county, half of which remains with the local chapter, the other half going to national headquarters for the American Red Cross.

The county quota this year was 250 memberships. Only \$65 was raised in the county last year when the quota was 200.

Mrs. H. Schindler, chairman of the Foard County chapter, and Vernon Pyle Roll Call chairman, have requested The News to express their sincerest appreciation for the work of team captains and officials over the county and to all who have helped the Roll Call in any way.

Officials report that the Roll Call drive was particularly successful in Thalia, Crowell, Good Creek and Claytonville.

Right-of-Way Is Being Secured For Pipe-Line

Frank L. Hodgins of Wichita Falls, who is with the land department of the Texas Company, has been in Foard County this week securing right-of-way for the pipe-line that is to be laid from the Texas Company's natural gasoline plant, that is now being constructed at the site of the company's L. K. Johnson No. 3 oil well, to a loading rack on the Santa Fe railroad at Foard City.

The 3-inch line will handle the output of the natural gasoline plant and will be 55,022 feet, or approximately fifteen miles. The survey from the pipe-line follows an almost perfectly straight course from the plant to Foard City.

Actual work on the line will be started soon after all right-of-way has been secured. A large amount of equipment has already moved to the site of the gasoline plant, which is about 18 miles airline distance west of Crowell, and work on it is progressing at a rapid rate.

TONSIL OPERATIONS

The following submitted to operations for the removal of tonsils at the local hospital Tuesday: Mrs. Melvin Moore, Mrs. J. A. Johnson, Mrs. S. T. Hogue, Mrs. Glen Jones, Mrs. Homer Cribbs, Mrs. F. W. Butler, Mrs. O. E. Singleton, J. H. Bostic, J. E. Gabbard and Beverly Gray.

BAPTIST BROTHERHOOD

The regular monthly meeting of the Baptist Men's Brotherhood will be held Tuesday night in the basement of the local church. I. T. Graves will be in charge of the program that is to take place at that time. A full attendance is urged by the brotherhood officials.

BI-DISTRICT TILT TO BE PLAYED AT WICHITA STADIUM

The Crowell Wildcats and the Graham Steers will meet Friday afternoon at 5 o'clock in the football stadium at Wichita Falls in a game to decide the bi-district championship and to determine the team that will play an East Texas squad, possibly Bonham, for regional honors, which is as high as Class B football goes.

Crowell is the winner of District 4-B, which includes Olney, Seymour, Chillicothe, Burkburnett, Megargel and Archer City. District 5-B, of which Graham is the champion, includes Nocona, Bowie, Bridgeport, Newcastle, Henrietta, Jacksboro, Bellevue and Decatur.

Graham won the highest honor than can come to a Class B team last year by winning the regional championship and the Steers have hopes of repeating this performance again this season.

Two of the most outstanding football players of Northwest Texas will meet in Friday's game. They are Dick Todd, Crowell ace, and "Wildhorse" Kimbrell of Graham. Both have made outstanding records and the prospect of seeing these two stars in action against each other adds to the interest of the bi-district battle.

The weights of the two teams indicate that they will be almost exactly evenly matched, so far as average weights are concerned. The average for each team is 153 pounds, according to weights recently taken.

This game will mark the first time that Crowell and Graham have ever played each other in football.

Selection of Site

Crowell and Graham school officials met at Wichita Falls on Wednesday of last week, however, an agreement as to the site for the game was unable to be reached at that time. They met again at Wichita Falls Sunday afternoon, together with Wichita Falls school and civic officials, with the result that Wichita Falls was decided upon as the site for the game.

Graham made a very attractive proposition for the game to be played there. It was one that Crowell could not equal or better in bidding for the game on the local field. Wichita Falls had extended an invitation for the game to be played in that city and offered the free use of its fine stadium and the services of its Chamber of Commerce in looking after scores of details in connection with the contest.

Feeling that the neutral site would offer the Wildcats a better chance for victory than playing on the opponents' home grounds and that many more local fans could see the game at Wichita Falls who could not at Graham, local officials insisted that the game be played at Wichita Falls, which was agreeable to Graham when their school officials realized that they could not secure the game for their city.

Monday Game Possible

Wichita Falls school officials wanted Graham and Crowell to play Thursday since another big bi-district Class A game will be played in the same stadium on Saturday between Wichita Falls and Highland Park of Dallas. The reason for this was that if Crowell and Graham played on a muddy field, it would be in poor condition for the game the next day.

To remove this obstacle and in order to get to play the game Friday afternoon, Graham and Crowell agreed to play Monday afternoon in case the Wichita Falls coach decided that the Class B game might impair the playing condition of the field. A light rain would not cause postponement of the contest since the field has a fine grass turf and is well drained.

The football stadium at Wichita Falls is one of the finest high school stadiums in Texas and affords the utmost in comfort and convenience for fans. It is located in the heart of the residential section in the west part of the city and can be reached by going straight west on 7th street.

Ted Jefferies, Wichita Falls coach; Bill Morris, assistant, and Joe Gibson, Childress coach, have been selected as referee, umpire and head linesman, respectively.

Pep Squads Invited
Pep squads all over Northwest Texas and Southern Oklahoma have been invited to attend the game as guests of the Wichita Falls Chamber of Commerce. They are scheduled to perform between halves.

CONFERENCE AT THALIA SUN.

The first quarterly conference of the Margaret-Thalia Methodist churches will be held at Thalia Sunday. Rev. R. A. Stewart of Vernon, presiding elder, will preach at 11 o'clock and the conference will be held in the afternoon instead of night, as previously announced, according to the pastor, Rev. Marvin G. Brotherton.

CROWELL'S DISTRICT FOOTBALL CHAMPIONS TO PLAY FRIDAY

Crowell High School's football squad, the champion of District 4, Class B, is pictured above. Winning second place in the district for the past two seasons, the Wildcats dethroned the Olney Cubs, district champions for the past five years with a 19-12 victory. Those in the picture are, bottom row, left to right: Paul McKown, Aldon Horn, Dick Todd, Capt. Bill Dunn, Lester Patton, Guy Whitfield. Middle row, Jim Riley Gafford, Bill Dunagan, Berl Lovelady, Edward Jones, Lance Middlebrook, W. F. Brisco, John Cogdell. Top row, Raymond Gibson, Mark Saunders, Oscar Nichols, George Owens, Stanley Womack, Frank Meason, Millard Marr, Curtis Barker and Coach Grady Graves. Results of Grading Of Rayland Cotton Samples Announced

The cotton in the Rayland community this season is approximately 21% extra white; 23% white middling and better, 55% spotted. The staple length is approximately 18% shorter than 3/8; 66% has been 3/8 and 29-32 inch, according to Roberson, manager of the Lockett Gin at Rayland, which is co-operating with the U. S. Department of Agriculture this season furnishing samples for estimates of the grade and staple of the current cotton crop. The classification of samples sent in from each individual bale is returned as soon as classified for the use of patrons of this gin.

The grade of the cotton for this community as compiled from the class sheets of all cotton ginned at the Lockett Gin shows the grade to be as follows: extra white 21%; white middling and better 23.5%; spotted 55.5%; white below middling, only 4 bales. This percentage is figured on 3,604 bales ginned this season.

The grades for all cotton ginned to date on this soil type in the Red Lands and Plains, of which Foard is a part, are: extra white 12.5%; white middling and better 25.2%; white below middling 51%; spotted and yellow tinge 57.2%.

The complete State report for all grades to date is: extra white 11.7%; white middling and better, 49.2%; white below middling, 10%; spotted and yellow tinge, 29.1%.

The staple length of cotton ginned to date in the Rayland community is: under 3/8 inch, 18.5%; 3/8 and 29-32 inch, 65.8%; 15-16 and 31-32 inch, 15.2%; and 1 1-32 inches, 5%. The staple length for all cotton ginned in this soil area to date is: under 3/8 in., 10.9%; 3/8 and 29-32 inch, 48.9%; 15-16 and 31-32 inch, 37%; 1 and 1 1-32, 5%, and 1 1-16 inch and over, 2%.

The staple of all cotton ginned to

date in the state as a whole is: under 3/8 inch, 4.4%; 3/8 and 29-32 inch, 36.9%; 15-16 and 31-32 inch, 44.1%; 1 and 1 1-32 inch 12.1%; 1 1-16 inch and over, 2.5%.

In the above cotton ginned at Rayland to date there was none undentable in grade and 18.5% undentable in staple and none undentable in grade and staple.

The preparation or kind of ginning done on this gin was shown by the Department's classification to be 96% normal ginning and better and 4% ginned slightly rough.

The above cotton in all of the different standards graded middling and better, except four bales which graded white strict low middling. Mr. Roberson stated that he would be glad to furnish any of his patrons with the grade and staple of their cotton ginned at his gin this season.

J. F. Steele

(Continued from Page 1)

and we need a man with plenty of muscle to handle these kids here." Another trustee contended that something besides muscle was needed in a school teacher and that the prospective teacher's head looked good enough to him, with the result that Mr. Steele got the job.

Comes to Texas

After teaching 4 years in Gault and then two years in Humphreys College at Humphreys, Mo., Mr. Steele and his wife came to Texas in 1894, at which time Mr. Steele took up work as a teacher at Alta Loma, Galveston County. After teaching there a number of years, he and his family returned to Missouri in September, 1900, following the disastrous Galveston storm, in which a 2-year old son and a six-month old daughter of Mr. and Mrs. Steele were killed. Their home was completely wrecked and practically everything they had was lost.

Returning to Missouri, Mr. Steele taught in Ray County one year and then came back to Texas to teach in a school near Hillsboro. One year was spent there and the Oak Lawn school of Dallas was the next stop.

"No one but ladies had taught at Oak Lawn for 25 years," Mr. Steele stated, "and it took some time to properly control the pupils there, however, the trustees realized this condition and one board member told me that they were paying me \$25 per month more than they had ever paid anyone before in an attempt to remedy this situation."

Completing two years at Oak Lawn, Mr. Steele taught at Eagle Ford, Reeves Chapel and Vickery before going to New Mexico, where he taught seventeen years up to the time of his retirement last spring.

Upon his arrival in New Mexico he taught five years at three different schools in Lincoln County, the home county of Billy the Kid. While there he made the acquaintance of many people who were well acquainted with this notorious character.

From Lincoln County, Mr. Steele went to Taiban, teaching four years there. Two years as head of the school system at Tatum followed, and this in turn by two years' service at Hot Springs.

Leaving Hot Springs, he went to Engle, where he served as principal for four years to conclude his long school career.

In summing up his experiences in the teaching profession, Mr. Steele is of the opinion that it is more difficult to handle pupils now than it was in the old days. "Parents controlled the children then, but now it is too often the case that the children control the parents," he stated.

Poor spelling on the part of so many high school and college graduates of today is cited by the pioneer teacher as an example of the lack of thoroughness in present-day systems. In expressing the opinion that too many subjects were taught at the same time now, Mr. Steele said, "We didn't teach as much in the old days as we do now, but what was taught then was certainly taught thoroughly and a pupil coming out of school really knew spelling and arithmetic."

on Beaver Creek, about 8 miles south-east of Crowell. They made the trip in a covered wagon. Mr. Cates fled on a half section of school land at that time. Later he bought more land and owned about two thousand acres in the Catesville community, which was named for him and his brother, at the time of his death.

The old Catesville school stood on the deceased's original place for a number of years. The first school there was taught in a dug-out with J. C. Thompson, now of Crowell, as its first teacher.

Two other changes in the location of this school were made before its removal to its present location. It is now known as the Four Corners school.

The Cates family continued to live in Foard County until the latter part of 1915, when they moved to Vernon, living there until early in 1918. For a period of about a month in 1919, they lived in Corpus Christi, but returned from there on account of a threatened diphtheria epidemic.

In 1918 Mr. and Mrs. Cates settled on a place in the northwest part of Crowell and had since made their home there.

Surviving are his wife and nine children. The children are: E. M. and T. R. Cates of Thalia, W. A. Cates of Canyon, George A. Cates of Crowell, Mrs. Will Howell of Claytonville, Mrs. Bertha Schultz of Thalia, Mrs. George Mapp and Mrs. Jim Cook of Crowell, and Mrs. S. D. Mitchell of Ellenwood, Georgia.

THE BOOK
... the first line of which reads, "The Holy Bible,"
and which contains Four Great Treasures ...
by BRUCE BARTON

"THE HOLY BIBLE"

Here is a book, or more properly a collection of books, which is beyond comparison the world's best seller. New novels grip the public fancy for a few weeks or months and then disappear, but the Bible stands continuously at the top of the list.

Bruce Barton

American presses are turning out text-books and literature of every sort. And Bibles, cords of Bibles, literally cords of them. Nearly every home has at least one copy. Millions of copies are given as birthday, graduation and Christmas gifts. It is a book that everybody buys and concerning which almost everybody is ready to engage in debate at the drop of the hat. Yet how many read it? How many know what it really contains?

It is worth knowing. Not all of it, of course. There are long chapters of genealogy which are no more edifying than pages of the telephone directory. But when you have passed over such passages and everything else that for popular reading is tiresome or useless, what have you left? These four great treasures:

1. A bird's-eye view of the development of civilization. The story begins with the origin of the earth and for the first eleven chapters it deals with the human race as a unit. Coming down to the time when races were grouped and nations arose, it traces the development of a particular people, the Hebrews—their beginnings as nomadic shepherds, their conquest and settlement of a home, and their emergence into national life; their rise to splendor under Kings David and Solomon; their overthrow and captivity, and the re-establishment of their national cult or worship, though with very limited authority in the matter of government, a century later. The recital brings us finally into definite touch with the civilizations of Greece and Rome. Certainly no one can claim to know history who has not read and understood it.

2. Some of the greatest literature of all ages. Here, to mention only a few, are the greatest of all poems, one of the greatest dramas, one of the finest love-stories, and a collection of proverbs which in varying phraseology have entered into the common sense philosophy of nearly every modern nation.

3. The best of all text-books in human nature. For in the Bible we have profound thought beautifully expressed; we have the nature of boys and girls, of men and women, more accurately charted than in the work of any modern novelist or playwright.

4. Finally, we have the story of the most successful life ever lived on this planet, a life that changed the course of human thought and that still is able, after more than nineteen hundred years, to transform individuals, communities and nations.

Surely it is worth while to know the high spots at least, of a book that contains all this. Let us start at the beginning with the title page of the common version.

Next Week: Development of the Book.

CONSTIPATED 30 YEARS AIDED BY OLD REMEDY

"For thirty years I had constipation. Sourcing food from stomach choked me. Since taking Adlerika I am a new person. Constipation is a thing of the past."—Alice Burns. —Ferguson Bros., Druggists. J-2

Crowell, Ran B. Cates and Y. B. Cates of Clayton County, Ga., and two sisters, Mrs. Vick Estes and Mrs. Jane Tanner, who also live near Atlanta in Clayton County, 30 grandchildren and 3 great-grandchildren are also included among the survivors.

Two daughters, Ruth and Lilly, died at the ages of 21 and 8, respectively. A son died at the age of about 3 months and another child died in infancy.

Funeral Services

Funeral services were held at the local Baptist Church Saturday afternoon with the pastor, Rev. O. L. Savage, officiating. He was assisted by Rev. W. A. Reed, Baptist pastor at Thalia. A duet with Mrs. T. B. Klepper and C. V. Allen and a quartet composed of Mr. and Mrs. Hiram Gray and Mr. and Mrs. Cap Adkins sang special numbers with Mrs. Arnold Rucker as accompanist. Interment was in the Crowell Cemetery.

Active pall bearers were six grandsons of the deceased: Paul and Henry Howell, Monroe, Bill and Ralph Cates, and Floyd Mapp. The flower girls were: Misses Marie Cates, Winnie Howell, Oneta Cates, Faye Cates, Dorothy Mapp, Elsie May Cook, Ina Bell Shultz, Myrtle Cates, Mrs. Glenn Fox and Mrs. Howard Dunn, grand-daughters. Honorary pall bearers included many of Mr. Cates' pioneer friends.

All children of the deceased were present for the funeral services, along with a large number of other relatives and friends.

Mr. Cates joined the Baptist Church at the age of 14. Following his marriage in 1882, he served as clerk of a church in Cooke County until coming home here in 1890.

The faithfulness of the deceased to his family and his friends and the substantial character of this pioneer citizen will be forever remembered by all who knew him.

ROTARY LUNCHEON

The program at the luncheon of the Rotary Club Wednesday was featured with talks by Rev. O. L. Savage and Eli Smith and two vocal numbers by H. E. Ferguson with Mrs. Arnold Rucker as accompanist. J. H. Young of Fort Worth was a visitor at the luncheon and made a short talk.

Rev. Savage spoke in regard to his vocation. Referring to a preacher as a spiritual physician, Rev. Savage proceeded to give much interesting and enlightening information about that vocation. Mr. Smith discussed one part of the Rotary code of ethics.

AUTO REGISTRATIONS

The following new automobiles have been registered at the office of the tax collector, R. J. Thomas, since last Thursday:

- B. F. Horde, Crowell, Chevrolet coach.
- Fred Broach, Crowell, Plymouth sedan.
- Ike Everson, Vivian, Chevrolet sedan.
- W. W. Griffith, Crowell, Plymouth sedan.
- E. M. Cates, Thalia, Chevrolet sedan.

ATTENDED CELEBRATION

Mr. and Mrs. A. D. Campbell and two sons, Archie and Banks, of Crowell, and Mr. and Mrs. A. Weatherall and children of Foard City spent Thanksgiving with Mrs. Campbell's and Weatherall's parents, Mr. and Mrs. G. M. Eubanks, former residents of the Foard City community, who now live nine miles south of Lubbock.

On Thanksgiving Day Mr. and Mrs. Eubanks celebrated their 60th wedding anniversary with all of their children present and most of their grandchildren. About 100 were present for the celebration, most of whom were relatives of Mr. and Mrs. Eubanks.

With The Home Demonstration Agent

Excellent Pantry at Home of Mrs. W. O. Fish

Better health, fewer doctor bills, and more satisfactory meals have resulted from her work as pantry demonstrator, according to Mrs. W. O. Fish of the Vivian Club. For her family of five Mrs. Fish has provided 375 cans of green vegetables, 350 starchy vegetables, 164 of fruit and other foods in proportion. Altogether she has 1,358 quarts with a net value of \$435. This amount would be enough to furnish fifteen quarts per day for the winter months. Since no such amount is needed she has a good surplus, some of which may be used during the spring and summer for quickly prepared meals and some left over for the following winter.

Besides canning 1,358 quarts for her own use, Mrs. Fish found time to fill 380 containers for other people and to help with the filling of 812 more.

Food Requirements for An Ordinary Family

It is estimated that the family of five needs to have conserved for the non-productive months 120 pints of green or leafy vegetables, 100 of starchy vegetables, 80 of other vegetables such as peas, pumpkin, carrots and beets; 125 quarts of tomatoes, 150 quarts of fruit, 100-150 pints of

meat, and about 135 pints of miscellaneous foods, such as pickles, relishes, mincemeat, and sandwich spread. Of these foods fruits and green vegetables are perhaps more often lacking in the diet during the winter months. Not so with the family of Mrs. Earl Logan, pantry demonstrator for the Good Creek Home Demonstration Club. She has in her pantry now 177 quarts of fruit or 22 quarts above that required. Besides fruit she has a surplus of green and starchy vegetables, pickles, relishes and meats. She has provided a total of 574 quarts which should insure her family both nutritious and appetizing meals during the cold weather.

For Fastest Relief

Demand and Get

GENUINE BAYER ASPIRIN

BECAUSE of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache, neuralgia, neuritis or rheumatic pain a few minutes after taking.

And they provide SAFE relief—for Genuine BAYER ASPIRIN does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Look for the Bayer cross on every tablet as shown above and for the words GENUINE BAYER ASPIRIN on every bottle or package you buy.

Notice of Hearing to Appropriate Public Waters of the State of Texas.

Notice is hereby given, to whom concerned, that

THE TEXAS COMPANY

the postoffice address of which is Houston, Texas, did on the 13th day of November, A. D., 1933, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Good Creek, a tributary of the Wichita River, and it being a tributary of the Red River, in Foard County, Texas, not to exceed 77.3 acre-feet of water per annum for mining purposes, said water to be impounded in a reservoir, created by the construction of a dam, said dam to be located at a point which bears North 30 degrees 30 minutes East 3826 feet from the southwest corner of S. P. R. R. Company, Block "L" (Original) Survey No. 31, on a dry tributary of Good Creek, a tributary of Wichita River, in Foard County, Texas, and is distant in a Westerly direction from Crowell, Texas, about fifteen (15) miles.

You are hereby further notified that the said Texas Company proposes to construct a dam to be of earth, four (4) to eighteen (18) feet in height, 604 feet in length, having a top width of ten (10) feet, and a bottom width of 22 to 70 feet, thus creating a reservoir having an average width of 400 feet, length of impounded water 1800 feet, average depth of stored water five (5) feet, and having a storage capacity of 77.3 acre-feet, and to impound therein and divert therefrom by means of a pumping plant not to exceed 77.3 acre-feet of water per annum for the purpose herein stated.

A hearing on the application of the said TEXAS COMPANY will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, DECEMBER 18, A. D., 1933, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Local Horse Drowns in Vernon

G. W. Wright of Crowell had a horse to drown on the streets of Vernon this week. He was driving with a four horse team abreast. The two outside horses missed a culvert in the street and before they could be gotten loose, the bottom horse had drowned. Six months ago if anyone had had the temerity to suggest that the water would get so high in the streets of Vernon that a horse would be drowned, he would have been tried for lunacy.

Build the Interurban

A substantial walk to the school building has been assured, as a result of a public subscription. This is a fine move and now we need to get busy on the proposition of an interurban to Rayland. Who will be the first to start the move to build the interurban? It would be the best thing for Crowell that ever happened, with the exception of the "Orient."

Following the opening songs, "Silent Night, Holy Night" and "O, Little Town of Bethlehem," Mrs. Henry conducted the devotional, reading from the first chapter of Luke, followed by prayer. Mrs. Joe Johnson was leader for the afternoon program and the topic for discussion was "Growing Christians in the Hiroshima Girls' School," and "The Kingdom of God Movement," discussed by Mrs. W. B. Johnson and Mrs. Geo. Turrentine.

The meeting was dismissed with prayer by Mrs. H. E. Ferguson. During the social hour Mrs. A. Y. Beverly conducted interesting and profitable contests.—Reporter.

Christian Science Churches

"God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Dec. 10.

The Golden Text is: "The eternal God is thy refuge, and underneath are the everlasting arms" (Deuteronomy 33:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord shall preserve thee from all evil: he shall preserve thy soul" (Psalms 121:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfish love. . . . Prayer, watching, and working, combined with self-improvement, are God's gracious means for accomplishing whatever has been successfully done for the Christianization and health of mankind" (page 1).

SUNDAY SCHOOL LESSON

by Charles E. Dunn

Paul in Caesarea.

Lesson for December 10th. Acts 21-2:6.

Golden Text: Acts 24:16.

The lesson deals with Paul's last journey to Jerusalem after his third missionary tour. His chief desire was to deliver the collection he had gathered for the poor. In response to the advice of the elders he observed Jewish rites in order to pacify Jewish Christians zealous for the Law. But notwithstanding this precaution, an organized mob seized him with murderous intent. Rescued by roman soldiers, he addressed the crowd which listened attentively while he told the story of his life, but uttered violent cries of protest when he stressed his Gentile mission.

Rev. Chas. E. Dunn

We then read of how the apostle escaped a scourging in the castle by appealing to his rights as a Roman citizen; we follow him into the presence of the Sanhedrin; we share in his comforting nocturnal vision of the Lord; we learn of the plot to kill him, and are relieved to find that the chief captain, to save the apostle's life, sent him to Caesarea under escort, where he appeared before Felix, Festus, and Agrippa.

Note the virulence of the animosity against Paul. Such venomous hatred is all too common.

Observe how effectively Paul pleaded before Felix and his wife for righteousness, self-control, and the recognition of a future judgment. The guilty conscience of the cruel governor was stirred, but, like so many, he delayed a decision.

An now turn to the apostle's eloquent defense before king Agrippa. To Festus his words were mere madness, but the king, perhaps in jest, said that Paul almost persuaded him to be a Christian.

This stage of Paul's career is outlined at great length by Luke. One-fourth of his entire book covers the period from the apostle's arrest in Jerusalem to his entrance into Rome as a prisoner.

You pay for Christmas Seals but once, but they work for you all year round.

The aggregate value of the United States agricultural production exceeds that of any other country except China.

Australia now has 58 woolen mills producing about 16 million square yards of woollens, worsteds and flannels, a million blankets and 8 million pounds of yarn yearly.

In the United States more than 200,000 motor vehicles are owned by the federal, state and local governments.

Wheat flour is probably more widely distributed than any other American product, being exported to practically every country.

Grocers headed the list of bankrupts in the United Kingdom in 1932. Compared with 1932, the total of all bankrupts was 4,403, or an increase of 242.

Bakersfield, California, is the site of the deepest oil well ever drilled in this country; it is 10,440 feet deep.

INSURANCE—Life, Accident and Health

I really know what it's all about. Sixteen years ago I wrote my first policy. This week I paid a widow \$3,500. The policy was written in 1917. The policy holder had not only used the policy as collateral many times, but it finally provided cash money for a widow and children at a time when it is the hardest to raise.

Try the plan—you will be happier and enjoy more peace of mind if you have plenty of life insurance.

WHISPERING ROCK

by JOHN LEBAR

Eighteenth Installment

ALFREDO and gesturing toward the ranch house.

"Umm—ever seen that boy before, Ruth? I he a friend of Alfredo's?" Old Charley was eying the actions of the man, critically.

"Why, no, I don't think so," replied Ruth. "I've never seen him before."

"Looks as though he was beginning to take things seriously," observed Will a moment later. Alfredo had turned his back to the man, only to be pulled about again by a jerk on his shoulder.

from a hunt and was now shooting at a tin can with his bow and arrow. And there was no reason to be tied—Ann had not gone anywhere. Sugarfoot could hear her in the kitchen making interesting noises with a pan. Sugarfoot whined.

"Well," said David, as he noticed the dog and came over to the woodpile. "Guess nobody 'membered to untie you. If I let you go, will you be a bear? Bears are awful scarce." Sugarfoot wagged his rear third enthusiastically but failed to live up to the bargain, once free of the rope. He speedily ran in the direction of the barn.

At eight o'clock David was tucked in his cot and Ruth sat near, reading, for the thousandth time, a tale of the 'Coon and the 'Possum and the Old Black Crow.

Ann knocked at the door and her voice was heavy with anxiety. "You ain't got Sugarfoot in there, has you?"

Ruth went to the door. "Why, no. He isn't loose, is he?"

The giantess nodded dully. "The rope is untied off his collar."

The girl caught her breath and turned. "David! Did you untie Sugarfoot?"

The tone of her voice caused David to answer dubiously. "Well—sort of—you see, Mama, he wanted to play bear and I just thought I would let him, so."

Ann was lighting a lantern. She hurried out of the back screen door. "See if he might be down at Alfredo's," called Ruth with an effort at cheerfulness.

The giantess did not answer.

Ruth scolded David for untying the dog, but said nothing more. That afternoon Ann had asked her for the rest of the poison which, together with the box containing the remains of the liver fever medicine, she had locked in her trunk after her disastrous mistake. She had given Ann the poison which the giantess then placed in the carcass left over from the barbecue. The coyotes were becoming too numerous around the home ranch and Ann wished to thin their ranks. Sugarfoot was to have been kept tied during the night to keep him from the meat.

After David had fallen asleep Ruth left the room and went out of the house. On the other side of the barn she could see Ann's lantern moving slowly through the bushes near where the poison had been placed. Ruth did not like to leave David alone in the house, but she decided to help Ann search.

She had re-entered the house and was lighting another lantern when a slight, familiar sound turned her rigid. The sound came again; a low

Ruth saw a knife in his right hand.

Old Charley caught his son's eye, then turned to the girl. "If you'd like Ruth, you and me might go in and take a look at your round-up figures. If I get a line on the buyer when he comes to my place next week."

"Fine," said Ruth rising. "I'd certainly like to talk it over with you."

As they went inside, Will sauntered in the direction of the barbecue. Alfredo and the man with the blue sash were talking loudly, face to face, and every one was watching. Suddenly, the man swept off his big hat with his left hand and crouched low. Ruth, who in spite of Old Charley, had stopped to watch through the window, saw a knife glint in his right hand. Alfredo, also, now crouched, knife in hand, with his hat held as a shield. The two men circled slowly about each other like a pair of game cocks. Will broke into a run. But Indian Ann was first. In two strides she had walked up to the man in the blue sash. She hit him once behind the ear with her fist, then returned to the barbecue pit where she had been cutting off the remaining meat with the idea of hash.

Will helped to revive the stricken man and later led him to where his saddle horse was tied. He talked with him for a moment, then the man mounted and lozged down the road homeward.

At one o'clock the priest arrived in a buckboard drawn by a pair of burros. Ruth went to greet him and found that he could not speak a word of English. He was fat, dirty, stupid, and the least interesting of her guests.

"When shall the marriage be?" asked Ruth as Alfredo came listlessly up to the ranch house porch about three o'clock.

Alfredo shrugged; his face was pitiful. "The papers have not come," he said mournfully, looking down the road.

"What in thunder will we do?" Old Charley appealed to Ruth. "We've got the bride, the groom, the priest, the music and the audience. The priest knows enough not to marry 'em without a license." "Do you suppose the priest can read English?"

"Don't suppose he can read anything."

"Wait a minute!"

Ruth entered the house and returned shortly with a roll of parchment tied with a blue ribbon. She unrolled the crackling paper, and exhibited it silently to Old Charley and Will. It had a beautiful red seal.

"Say, you're a wonder!" Will turned to his father. "Now what do you say a college diploma is good for, hey?"

Later that day Ruth wrote in her notebook: "The wedding was solemnized on the front porch of the bride and groom's future home. The bride wore a beautiful veil of old Spanish lace, a handsome gown of white satin with a large shawl draped tastefully about the shoulders. The ensemble was strikingly set off by a pair of red pumps. The groom wore the conventional black corduroys."

Ruth's last memory of that day, as she slipped into sleep, was the sound of guitars, mandolins, a flute and a violin from the direction of the new little adobe. The music was being played with steadfast purpose, as though it would still be playing when she awoke. And she could hear, dim and a far off, a lone quavering yell of some happy mortal on a hilltop.

She had re-entered the house and was lighting another lantern when a slight, familiar sound turned her rigid.

whine and a scratching on the screen door.

It was Sugarfoot. As Ruth held the door open, the little dog walked sleepily inside and, going to Ann's door, sat down and yawned. It was as though, peacefully asleep on his sack by the woodpile, he had become cold and had risen in the hope of a warm bed in Ann's room.

Ruth picked the dog up in her arms and ran outside. "Ann! Oh, Ann!" The moving light beyond the barn suddenly stopped. "Here he is, Ann! He's alive!" The lantern began to move violently.

Carrying Sugarfoot into the living room, Ruth lit the lamp. The little dog stood before the fireplace, his short legs widely splayed and his sides distended almost to bursting. He looked sleepy and wonderfully content. Ruth knelt down and prodded him with her finger. He was as tight as a drum.

Ann came in panting and dropped by the dog. Sugarfoot licked her hand and strove to wag his taillessness; but such exercise is fatiguing after a hearty meal.

"He certainly doesn't seem sick," said Ruth.

"No. He et the meat though—his tracks is all around."

WHO ARE ELIGIBLE

We are constantly asked just what are the requirements to enter our school or just who are eligible.

The following outline of requirements will be of interest to those who may be interested:

High school graduates who have not the financial means to complete a four-year university course and who have capacity and taste for business.

High school graduates who are not suited to a university course.

High school work and who may wish post-graduate work, or pre-executive training of Senior grades.

University graduates who have made no special preparation for any calling or, having done so, believe they would prefer business.

University graduates who prefer business and who have not prepared to serve employers in a specific capacity.

High school graduates or university students who are confronted with the necessity of becoming self-supporting without loss of time.

High school graduates and university students who desire to earn sufficient money to defray their expense at college at a later period.

High school under-graduates are not accepted except in special cases when recommended by the principal of the high school last attended or by an employer who has an especial interest in an employee.

PARTY AT HINDS HOME

Mr. and Mrs. Geo. Hinds and Mr. and Mrs. Claude McLaughlin entertained with a delightful Thanksgiving dinner on Tuesday evening at the home of Mr. and Mrs. Hinds.

Between the courses of the two-course turkey dinner, a penny contest was enjoyed. Following the dinner, another contest, a dumb spelling bee, was indulged in, after which games of 42 provided diversion for the remainder of the evening. Each guest was given a wrapped box, containing a favor and upon winning of 84, they were allowed to trade boxes. The boxes were not opened until the games were finished. This feature created much merriment.

The guest list included: Mr. and Mrs. Leo Spencer, Mr. and Mrs. T. V. Rascoe, Mr. and Mrs. O. R. Boman, Mr. and Mrs. Eli Smith, Mr. and Mrs. Jimmie Self, Mr. and Mrs. Arthur McMillan, Mr. and Mrs. J. E. Harwell, Rev. and Mrs. O. L. Savage, Mr. and Mrs. T. P. Reeder, Mr. and Mrs. Geo. Self, Mrs. W. C. McKown, Miss Allison Self, Miss Winnie Self.

THANKSGIVING DINNER

Mr. and Mrs. J. B. Easley were hosts at their ranch home west of Crowell at a lovely Thanksgiving dinner of three courses.

Their guests were: Mr. and Mrs. Frank Hill, Mr. and Mrs. Hartley Easley, Miss Nona Owens, Miss Faye Easley, Joyzelle Tysinger and Lynn Easley.

SPANISH CLUB MEETS

The Spanish Club of Crowell High School met at the home of Miss Louise Pyle on Monday evening, December 27, at 7:15 o'clock. Slides were shown by Henry Black, Esq., of several South American countries, after which many interesting games were played. A delightful plat consisting of Spanish dishes was served. Everyone had an enjoyable time. The date of the next meeting has not yet been set.—Reporter.

Local People Attend West Rayland Meet

A large crowd of Crowell people and the Crowell High School band were visitors at the West Rayland school Wednesday evening of last week where a program was rendered by members of the Crowell party, the high school band furnishing splendid music for the occasion.

The program was opened by the audience singing "America," led by Sam Mills, after which J. Bailey Rannels, principal of the school, made a short talk and introduced John S. Ray who welcomed the visitors from Crowell. George Self had charge of the program which included readings by Helen Harwell and John Lee Orr and talks by I. T. Graves and Dr. R. L. Kincaid.

Following the program ladies of the West Rayland P. T. A. sold popcorn and popcorn balls and in connection with this they gave away a quilt which went to George Self, who auctioned it off to the highest bidder. The quilt was bought by W. F. Kirkpatrick for \$4.00. Over \$17 was realized from the sale of the popcorn and quilt, which will be used to buy playground equipment.

By Typo Wrighter

We believe that Crowell has received more publicity during the past week or two than at any other time in the history of the city—at least for a similar period of time and it's all because those Wildcats won the district championship.

As a result of the bi-district game with Graham at Wichita Falls tomorrow, the Wichita papers this week have almost taken on the appearance of Crowell editions. A number of pictures dealing with the Crowell team have appeared this week, and not a day has passed that the town's name has not appeared in big headlines, together with long articles, in these papers.

Maybe we have no business connecting athletics with oil, but we believe that the fame that local teams have given Crowell's name has had something to do with the oil editors of the Wichita papers in often referring to the new oil field in the west part of the county as the "Crowell" field in both articles and headlines.

Naturally they would not do this if they felt that Crowell was not pretty well known over the country and what—may we ask—has given more publicity to Crowell's name than its high school with its winning athletic and dramatic teams? Besides the Wichita papers, the group picture of Crowell's team has appeared in the Dallas News and the Fort Worth Star-Telegram.

Crowell has just achieved its greatest football honor and if a victory can be scored over Graham (and we predict just that), Crowell's position on the map will stand out greater than ever.

From Thalia

Typo is in receipt of an unusual want-ad from Thalia. Here 'tis: "Wanted—New shipment of good looking girls.—Foard County Boys."

The letter accompanying the ad stated that 20c was enclosed and requested that the ad be placed in the Classified Ad column. Although the want-ad rate is 10c per line, the minimum cost of such an ad is 25c, but after a diligent search we found only 15c, so it seems that we have been victimized in general.

Eight signatures, containing the names of several Thalia sheiks and eligible bachelors, were signed to the letter. We admit that some of them have reason to want a "New shipment of good looking girls," to come to Foard County and that doesn't mean that old Foard doesn't have plenty of good looking ladies. It simply means that the many good looking girls we do have can possibly do better than waste their time with that bunch and that is likely what the "want-ad" group realizes.

But maybe we shouldn't jump on them too much. In casting another Hawkshaw glance at the letter we find that every fellow's handwriting is exactly alike. So by adding 2 and 2 and dividing by 7, we come to the conclusion that possibly one person, instead of eight, is responsible for the message. We are still looking for that other nickel.

Anyway, it's just another tribute to Foard County's greatest medium for letting the people know of your desires in regard to selling, finding, exchanging, etc., and no doubt our Thalia want-ad writer realized, as do hundreds of others, that this medium is none other than the Classified Column in The News. Pardon our modesty.

Dude's Viewpoint

Dude Moseley, who returned from a hunting and fishing trip last week with other local men in the Big Bend section, caught a 35-pound Blue catfish in the Rio Grande and now claims that it is a lot greater sport and thrill to catch one fish like that than to kill a dozen deer. Incidentally Dude and his group failed to kill a deer on this trip so it is mighty nice that a big catfish can provide such a great thrill after all.

ATHLETIC FUND HELPED

The Crowell volunteer fire department donated sixty-five dollars to the high school athletic fund last week. This amount was realized by the fire department from the recent carnival that came here under its auspices.

As announced in The News several weeks ago, the high school athletic fund also received a gift of seventy-five dollars from the local post of the American Legion. This money was

"Bitter Cold TODAY, SON SO I'LL DRIVE YOU TO SCHOOL"

Donald: "Mother, it is cold—nearly half of my class was not there yesterday." Mother: "Cold weather does interfere with school, Donald, but I'm glad you can get there—thanks to our car." Donald: "But, mother, nearly all the other boys who were absent could come in cars but their folks don't even try to use them in cold weather—'cause they can't get them started." Mother: "Maybe, dear, they don't use the right gas and oil—that's practically the only difference between our car and many others. Understand, Donald, people are careless—they fail to get penetrative oil—found only in Germ Processed Motor Oil made by Conoco. Cold oil, even winter grade, unless it is right, makes it hard for the starter to revolve the motor. Conoco Oil helps motors turn over easily and then the Conoco Bronze Gasoline acts at the first spark and the motor starts at once."

Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart" stays up in your motor and never drains away.

Instant Starting and Lightning Pickup can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled.
