### Crowell Girl Badly Injured on Street Here Saturday

#### SECOND VICTIM OF CONGESTED CITY STREETS

Camille, 13, daughter of Mr. and Mrs. T. Graves, was seriously injured Saturday evening at about 8 o'clock when she stepped from a car, parked in the north side of the street on the north side of the square, directly into the path of a machine driven by the late Mr. J. M. Hill, who was making his way down the street as the car was backing up on the west side of the square. Bobby Davis was injured when he stepped from a car after it had been parked in the middle of the street. The front wheel passed over the girl's body, however, quick action by the driver of the car prevented a back from doing the same, in case the results could have been fatal due to the fact that her body was thrown first being run over.

Other injuries included a wound in the right shoulder, a sprained right wrist, a laceration to the forehead and skin bruises all over the body. Throughout the pain that she suffered, Camille has exhibited the most admirable type of courage and bravery.

After setting the broken leg and other injuries, Camille was taken to the dental office of Dr. Schindler, where an x-ray was made. After examination of the picture it was found necessary to reset the leg.

To Make Another X-Ray  
Camille is still in the hospital and will remain there until the latter part of this week when another x-ray will be made.

Dozens of friends have called at the hospital to visit the victim and Camille's hospital room now has an unusually large collection of beautiful flowers.

Letters from members of the Girl Scout organization, which Camille is a member, and other friends have been received.

Class Valedictorian  
Camille is the seventh grade valedictorian this year with the highest average of 87.6 for this year. The grammar school exercises will be held Friday evening, May 24. A few weeks ago at Childress, she won the championship of the district in ward school essay.

CONOCO OFFICE MOVED  
Charles Laquey, newly appointed sales agent for the Continental Oil Co. in Crowell, has moved his office from the George Allibuilding to Swaim's Garage.

### New Gulf Station Opens Today With Otis Ross as Mgr.

Crowell's new Gulf Service Station opened this morning with Otis Ross as manager. The new brick station, built according to latest Gulf specifications, was constructed for Dr. J. M. Hill, who has leased it for ten years to the Gulf Refining Company. Claude Cochran, Gainesville contractor, built the station on Dr. Hill's vacant lots across the street east of the northeast corner of the square. This location is on Texas Highway No. 28 and U. S. Highway No. 70.

The new station is one of the most attractive to be found anywhere and besides its brick building the station plant includes wide and convenient drive-ways, a small structure just east of the station building for washing and greasing equipment, with a drive-in space for servicing vehicles. There are four gasoline pumps, from which three kinds of Gulf gas will be sold. The station also includes various other features found in up-to-date plants of this nature.

Otis Ross, the manager, is now just across the street from the Quick Service Station, with which he served as manager for the past eight years. Munson Welch, who has been employed by Mr. Ross for the past four years, and Recie Womack, recently with Self Motor Co., are assisting Mr. Ross in the operation of the new business. P. Toague of Childress, special representative of the Gulf Refining Co., has been here the past few days to assist in getting the station started.

### Singing Last Sunday Brought Large Crowd

Visitors from all parts of Foard and surrounding counties were in Crowell last Sunday for the all-day singing conducted at the Methodist Church. It is estimated that the crowd for the entire day passed the thousand mark.

An interesting program was provided and a lunch was served the visitors at tables on the south side of the church at noon. A large amount of barbecue, sufficient for all, and a number of other items of food had been prepared for the occasion.

### SIX LOCAL MEN ATTEND DIST. ROTARY CONFERENCE

The annual conference of the 41st District of Rotary International at Abilene was attended Tuesday by A. F. Wright, Rev. O. L. Savage, John Rasor and Eli Smith, members of the local club. H. K. Edwards and Mack Boswell, president and secretary of the Crowell club for 1934-35, attended the assembly of district officials Monday that preceded the conference session on Tuesday and Wednesday.

Thos. H. Taylor, president of Howard Payne College of Brownwood, is the new district governor. He succeeds O. B. Sellers of Fort Worth.

### RETURNS FROM HOSPITAL

S. P. McLaughlin returned Tuesday from a hospital at Wichita Falls where he underwent an operation about two weeks ago. He is recovering satisfactorily. Mrs. McLaughlin and C. C. McLaughlin went to Wichita Falls to accompany their husband and father home.

W. M. Bralley; benediction, Gordon Davis; recessional, Mrs. Bralley.

Members of the Thalia graduating class are: Mary Wisdom, Bill Cates, Harold Banister, Elwin Matthews, Allie Lee Huntley, Minnie Ward, Hines Whitman, Wilbur Edens, Harrel Scales, Geneva Derrington and Lona Goodwin. The senior sponsor is Cone Green. Dr. Matthews, who will deliver the commencement address, is the son of Mr. and Mrs. J. F. Matthews of the Thalia community. He is now a member of the faculty of the teachers college at Denton.

### FAIR WARNING

Anyone violating the center-street parking ordinance in Crowell is subject to a fine and warning is hereby issued that the deplorable condition that has existed in this respect here in the past will no longer be tolerated.

We do not wish to have to apprehend or fine anybody and such action will not be necessary on our part if you will only do your part.

This is a matter of saving human life and preventing serious injury, examples of which our town has experienced recently.

We expect to strictly abide by the conditions issued in this warning and if it is necessary for you to pay a fine, please remember—it will be no one's fault but your own.

Double-parking will be permitted for a short length of time, provided someone is left in the car that is double-parked, but parking in the center of the street is strictly forbidden.

We expect your co-operation in bettering traffic conditions in Crowell.

W. O. McDANIEL, City Marshal.  
C. T. SCHLAGAL, Mayor.

### OFFICIAL PLAY IN SOFT BALL LEAGUE TO START IN CROWELL TODAY; SCHEDULE COMPLETED

#### HOSPITAL NOTES

J. D. Bursley was operated on for appendicitis Saturday night and is reported improving nicely.

Camille Graves, daughter of Mr. and Mrs. L. T. Graves, who was injured Saturday afternoon in an auto accident, is resting satisfactorily.

### LOYD CLEARED ON CHARGE OF MURDER HERE

Chas. Loyd of this city was found not guilty of a charge of murder by a jury in the present term of district court here last Thursday night. Loyd was charged in the death of Robert Winfield (Bob) Scott, 41, who was shot to death in front of the Loyd Hotel at about 11:15 o'clock on the night of Jan. 13.

The defendant was acquitted by the jury on both counts of murder and negligent homicide. The defense had claimed that Loyd shot to spare a companion of Scott's. Testimony showed that Scott and one of three companions, G. W. Mullinax, had been drinking prior to the shooting.

The case opened before Judge W. N. Stokes last Thursday morning and reached the jury early Thursday night following argument by Ed L. Gossett, district attorney, and the defense attorneys, Jesse Owens of Vernon and Vance Swain of Crowell. Only four witnesses were presented by each side in the trial testimony.

Scott, the victim of the shooting, was a former resident of Fort Worth and was employed with the McClellan Construction Co. on construction work on Highway No. 16 north of Crowell at the time of his death. He died instantly after being struck in the head with one bullet from a pistol, when an argument followed the request of the men for a room for Scott. He was buried in the local cemetery.

#### To Try Vernon Man

Trial of a case against R. E. Martin of Vernon on a charge of embezzlement was scheduled to open in district court here today. Martin, a former assistant cashier of the Farmers State Bank, is charged in four cases of embezzlement, all of which have been transferred to the Foard docket.

In three previous trials in Vernon, a conviction, acquittal and a hung jury resulted.

In court Monday Dave Simpson was found guilty by a jury of operating a motor vehicle while under the influence of intoxicating liquor and his punishment was assessed at four months in the penitentiary. He gave notice of appeal to the court of criminal appeals and has been allowed 60 days to file a record of the case.

Chester Andrews was granted a two-year suspended sentence after pleading guilty to a charge of forgery.

### New Pavement Opens This Week on West Side Local Square

The new pavement that adds 30 feet to the width of the street, will be opened on the west side of the square the latter part of this week, probably Saturday. Work is now progressing on preparing the "Cement Bound Macadam" pavement on the same size strip on the north side of the square.

Parking regulations have been adopted by the city to conform with the extra width. Only parallel parking will be permitted next to the curb at the court house square. Parking will be permitted on each side of the point where the new paving joins the old. Only cars headed north may park in these three spaces.

### May Trades Day In Crowell First Mon. Drew Large Crowd

Trades Day in Crowell Monday brought another larger crowd, although it was slightly smaller than the record-breakers of the past few First Mondays, due mainly to the fact that this is a very busy season with farmers.

Prizes were awarded during the day as follows:

Dollar pitching tournament: Dan Brisco, \$2.00 for first prize; Hayden Ford and John Horn won second and third in this event.

Slow mule race: Otis Ferguson, \$2.50; Nolan King, \$1.00; Edgar Klepper, 50c.

Registered Jersey bull: Fred Gibson, \$2.00; registered Jersey heifer: Rev. Marvin Brotherton, \$2.00.

Air stunts were performed in the afternoon by Tommy King, Los Angeles stunt man, on a ladder suspended from a plane piloted by Ray Shifflett of Mangum, Okla.

Musicians Popular  
One of the most popular and entertaining features of the day was the music of the Falls Aviators, string band of Wichita Falls. The appearance of these prominent radio entertainers of Northwest Texas and Southern Oklahoma here on Trades Day was possible through the courtesy of the Falls Refining Company of Wichita Falls and John Diggs, local agent for this company.

This jovial and talented group was busy throughout the day in various parts of town. The News office was visited in the afternoon and the local staff and large number of visitors enjoyed the serenade that followed.

Members of this band were: Charlie Wilemon, superintendent of plant; Roy (Ned) Wilemon, Victor (Red) Lee, Guy (Slats) Whitte, Don (Curley) Fox, Elmo (Panhandle Slim) Washburn.

### Truscott Graduates To Receive Diplomas On Monday, May 21

Commencement exercises for the Senior class of Truscott High School will be held Monday evening, May 21, with Dr. D. M. Wiggins of Abilene, dean of students at Simmons University, delivering the graduation address.

Those in the graduating class are: Mary Helen Gilland, Lela Pettis, Nina Sowers, Willa Mae Hitechock, Rachel Dea, Orval Myers and Lawrence Abbott.

### OUR OPPORTUNITY TO HELP

Local officials have warned that violators of traffic laws are going to be apprehended and fined in the future and we believe that the mayor and local peace officers are going to have the hearty support of over 90 per cent of the people of this section in carrying out this warning, even to the extent of touching pocket books of motorists who persist in practices that are endangering the lives of those who have occasion to step upon our streets.

Another vivid illustration of the danger that the local situation can bring resulted here last Saturday. It is regrettable that we must have martyr to bring about the needed improvement here and while no action in this respect now can restore that little girl's badly broken leg to its normal condition, yet it can certainly be the means of saving lives and preventing serious injury in the future.

The co-operation of all local motorists is necessary if we are to have permanent improvement in local traffic conditions. In the interest of saving the very lives of those who are near and dear to us, let us give the local officers our heartiest support in the co-operation that they are asking.

Fines are going to be assessed, it is definitely stated, so play safe with your own finances and the lives of others by strictly observing local traffic laws.

### DEFINITE ACTION ADOPTED BY CITY OFFICIALS TO PROTECT LIVES ON STREETS OF CROWELL

#### DAILY VACATION BIBLE SCHOOL PLANS WILL BE DISCUSSED AT MEETING

All persons interested in the operation of a Daily Vacation Bible School here this summer are requested to be present at the meeting in the Baptist Church tonight, Thursday, at 8 o'clock.

The school this year, similar to the one last summer, is scheduled to begin June 4 with four local churches, Methodist, Presbyterian, Christian and Baptist, co-operating.

#### I. O. O. F. OFFICIAL TO VISIT HERE TONIGHT

A. L. Honeycutt of Chillicothe will be in Crowell tonight, Thursday, to make his first official visit as district deputy grand master to the local I. O. O. F. lodge. Mr. Honeycutt is also district deputy grand patriarch of the Grand Encampment district, which is the same as the Grand Lodge district, including Foard, Hardeman and Wilbarger counties. Other I. O. O. F. officers held by Mr. Honeycutt are: major of this battalion in the Canton branch and Grand Conductor of the Grand Lodge of Texas.

### Thalia Cemetery Ass'n Sponsor Program Sat.

The Thalia Cemetery Ass'n. is sponsoring a program at the Thalia school auditorium on Saturday night of this week which will consist of one and two act plays, readings and other interesting numbers.

The admission will be only 10c and 15c and the proceeds will go into a fund to help clean and improve the Thalia Cemetery. Everyone is urged to come and enjoy themselves and at the same time help a worthy cause.

Mrs. John Thompson is president of the association. A committee composed of Mrs. C. L. Adkins, Mrs. W. S. Tarver, Mrs. C. C. Lindsey of Thalia and Mrs. T. F. Lambert of Rayland, is now working in the interest of the Thalia cemetery.

#### BIRTHS

To Mr. and Mrs. Henry LeRoy Ayers, Ayersville, May 9, a boy, Henry LeRoy Ayers, Jr.

To Mr. and Mrs. David Allen Duncan, Crowell, May 6, a boy, Wayne Duncan.

#### DICK TODD MAKES GOOD RECORD AT STATE MEET

Dick Todd won a fourth and fifth place in the finals at the State track meet in Austin last Saturday. He took fourth place in the high hurdles and fifth in the broad jump, the only two events that he entered. Hundreds of athletes from all parts of Texas participated in these events. Track coach, Walker Todd, and Ragsdale Lanier accompanied Dick to Austin.

### Floyd Thomas Mgr. of Quick Service Station

Floyd Thomas, resident of Crowell for many years, has succeeded Otis Ross as manager of the Quick Service Station, which handles Sinclair products here. Mr. Ross is now manager of the new Gulf station that opened this morning.

Mr. Thomas assumed his duties as manager of the station last Friday. He is being assisted in its operation by Clyde Owens, who was recently employed at the Henry Ross Station in the west part of Crowell.

#### PAMPA PLAY CAST WINS CHAMPIONSHIP OF TEXAS

Pampa High School's one-act play cast won the State championship at the Texas Interscholastic League meet in Austin last Saturday.

Crowell won the State championship last year and was barely beaten by Pampa in the regional meet at Canyon recently.

#### RURAL HOME COMPLETED

Work was finished this week on the new six-room stucco home of Mr. and Mrs. Jim Gamble on their farm in the Black community. The work in connection with the erection of this modern farm home was supervised by Mr. Gamble. H. D. Poland of Crowell assisted in the finishing work.

The two front rooms were finished with veneered panel board.

#### With public sentiment for clearing up the evils existing in Crowell's traffic situation the strongest in the history of the town, it is expected that local officials will receive the full support of the general public in the campaign that has been started to improve the local situation.

A fine of \$3.00 for violations of local traffic laws has been adopted and warning has been definitely issued that fines are going to be assessed. "Local motorists have been warned many times in past years to obey traffic regulations, but have paid little attention to these fair requests for their co-operation and now," said Mayor C. T. Schlagal, "there seems to be what they are left to bring about obedience to traffic laws and that is by fining those who violate these laws."

The local mayor added that it was the desire of the city officials that it would not be necessary to fine anyone, but when such action was necessary, there would be no hesitancy in taking it, for then it resorts to the matter of considering someone's selfish interest, or the matter of protecting human lives and property. The public may know that city officials will be found on the side of the latter case," Mr. Schlagal stated.

Most of the local business men in the part of town commonly affected by heavy traffic state that they are behind the "save-a-life" move and that those who wish to make purchases at their stores and cannot find a nearby space to legally stop, to park wherever they can and that any merchandise purchased will be delivered to their car. A number of merchants also plan to park their own cars in the less busy parts of town and leave the spaces in front of their stores open to those visiting the business section. "People of this section will have little trouble in knowing who the business men are that fail to co-operate in this respect," a Foard County farmer stated this week, "for the evidence can be easily noted."

A member of the city council stated Wednesday that some of the so-called prominent citizens had taken the attitude of thumbing their noses at respect for local traffic laws in the past, but that in the future they can observe regulations the same as anyone else, or suffer the consequences, for everyone will be treated alike in this campaign that all should be interested in if they have the slightest concern for the lives and welfare of others.

#### Margaret Teachers Elected by Board

Teachers for the Margaret school for the 1934-35 term have been elected as follows:

W. A. Smart, superintendent and high school grades; Miss Lillie Smith of Benjamin, 7th and 8th grades; Mrs. Jimmie Hembree, 5th and 6th grades; Miss Ruth Smith, 3rd and 4th grades; Mrs. W. A. Smart, primary.

Mr. and Mrs. Smart and Mrs. Hembree taught in the school last year.

### BIG GAS SAND BROUGHT IN AT TEX. CO. TEST

A gas sand, gauging 18,000,000 cubic feet, was brought in at the Texas Company's L. K. Johnson No. 4, about 18 miles airline distance west of Crowell, Tuesday morning at about 11:30 o'clock. Mud in the hole was blown over one hundred feet above the 122-foot derrick from the nine-inch casing for several minutes.

The total depth of the hole at the time was 3,222 feet, pipe having been set to test the sand at 3,155 feet. This morning operations were taking place to mud in the sand and continued drilling operations.

Prominent Texas Company officials from Electra, Wichita Falls and Fort Worth have been here this week to observe the operations at the test.

The Johnson No. 3 well nearby was completed at a depth of 3,577 feet and it is now the source of supply for the natural gasoline plant that is now in operation 1,000 feet west of this producer.

THE Foard County News

T. B. KLEPPER, Editor-Owner. MACK BOSWELL, Asst. Editor.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 10, 1934

TWENTY-EIGHT YEARS

The News extends congratulations to O. C. Harrison of Seymour, who has just completed 28 years continuous service with the Baylor County Banner.

Too often editors do not seem to realize their responsibility to the public. Whether one knew Harrison personally or not, he could certainly tell, if he had noticed the Banner as long as we have, that its editor is of the type who takes the position that he is the trustee of a public institution and that he is conscientiously and capably serving that trust.

Editor Harrison puts some good common sense in the editorial regarding his 28th anniversary and we are reprinting it below:

"The 28th anniversary of the connection of its present editor with The Banner was celebrated on May 1, or at least it happened on that date. Not much will be said about it, for fear it is not a good thing for the country, but the anniversary gives opportunity for the saying of one thing. During those 28 years the management of this paper has learned somewhat about the publishing business. We have learned for one thing that prejudice has no place in the publishing of a reputable newspaper. Editors are mere human beings, and they have their likes and dislikes as do other folks. But a good newspaper man will not allow his personal opinion to interfere with the paper giving a square deal to every one of its readers, and to each citizen of the community. And there is just one reward we hope The Banner quill publisher has earned in his 28 years of service, and that is that we feel we have become entitled to being honest in whatever may be said, or unsaid. With this in mind, the reader may feel no embarrassment about making a complaint whenever he feels that he has not had a square deal. We freely recognize that there are occasions when an oversight of some kind is all but unpardonable. But the error will have been caused by pure dumbness, and not meanness."

CHRISTIAN TEACHING

Christian teaching, according to Roger Babson, is an industry that can never be overdone, as it is turning out a product of which there can never be a surplus. He holds that even today the safest and most profitable investment is in education.

We recognize Roger Babson as the outstanding business statistician of the Americas, said R. T. Ellis, Secretary of the Texas State Teachers Association. Every informed business man in the United States today respects his opinion. In regard to the future of education Babson said in part:

America is gradually approaching a consumption saturation point. Although people can to their own advantage consume only a limited amount of food, clothing, shelter and amusements, the

TRUTHFUL ADVERTISING

Usually the argument is made that every business concern should advertise, but there are exceptions. In fact, some concerns hardly dare to advertise, because they can not make good according to the requirements of modern business practice.

When advertising is untruthful or misleading it does more harm than good. Only an enterprise which fulfills the promises made in its advertising can stand the spotlight of publicity. Hence, when we find a store or other business establishment boldly advertising its wares or service, month after month and year after year, we may generally conclude that it can and does give real values.

Observing the advertised businesses of any community, large or small, will enable one to identify the most dependable concerns in that community. Only efficient and reputable establishments dare to advertise.

THE BOOK

... the first line of which reads, "The Holy Bible," and which contains Four Great Treasures by BRUCE BARTON

ISAIAH'S SUPERB OPTIMISM

Isaiah, called upon to save Jerusalem from the Assyrian Army, wasted no time rubbing in his reproaches, but spoke with a voice which put new courage into the king and all his forces.

Therefore thus saith the Lord concerning the king of Assyria. He shall not come into this city, nor shoot an arrow there, nor come before it with shields, nor cast a blank against it.

By the way that he came, by the same shall he return, and shall not come into this city, saith the Lord. . . . Then the angel of the Lord went forth, and smote in the camp of the Assyrians a hundred and fourscore and five thousand; and when they arose early in the morning, behold, they were all dead corpses.

We are not dependent upon the Bible alone for this story of this invasion. Scientists in their probings into ancient records have found the account written by Sennacherib, the Assyrian king, himself, and his own confession that the expedition failed to capture Jerusalem.

While Isaiah denounced both Assyria and Egypt, and urged Jerusalem to avoid entangling alliances with either of them, he had a conception of international relations which is amazingly modern in the best sense of the word.

In that day shall there be a highway out of Egypt to Assyria, and the Assyrian shall come into Egypt, and the Egyptian into Assyria, and the Egyptians shall serve with the Assyrians.

In that day shall Israel be the third with Egypt and with Assyria, even a blessing in the midst of the land: Whom the Lord of hosts shall bless, saying, Blessed be Egypt my people, and Assyria the work of my hands, and Israel mine inheritance.

This is precisely as if, while we were still at war with Germany, having Great Britain as our nearest ally, we had said: "Some day the war will be over and the Divine plan will include and need us all. The United States is to be one of three powers in the future glory of the world, and the other two are to be Great Britain and Germany."

Isaiah had to be a pessimist as to the immediate future, but his superb optimism is shown all through his work, and comes to its worthiest expression in the poem with which his own book of sermons ends:

Strengthen ye the weak hands, and confirm the feeble knees. Say to them that are of a fearful heart, Be strong, fear not: behold, your God will come. . . . Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped: Then shall the lame man leap as a hart, and the tongue of the dumb sing: for in the wilderness shall waters break out, and streams in the desert.

And the parched ground shall become a pool, and the thirsty land springs of water. . . .

Christian Science Churches "Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 13. The Golden Text is: "As in Adam all die, even so in Christ shall all be made alive" (1 Corinthians 15:22).

Among the citations which comprise the Lesson-Sermon is the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Adam, represented in the Scriptures as formed from dust, is an object-lesson for the human mind. The material senses, like Adam, originate in matter and return to dust—are proved non-intelligent. They go out as they come in, for they are still the error, not the truth of being. When it is learned that the spiritual sense, and not the material, conveys the impressions of Mind to man, then being will be understood and found to be harmonious" (page 214.)

TOM HUNTER

CANDIDATE FOR TEX. GOVERNOR SPOKE MONDAY

Tom F. Hunter of Wichita Falls, who spoke in Crowell Monday afternoon was the first candidate for governor of Texas to speak in Crowell this year. Basing his candidacy on the keynote that "Texas not only needs a new deal but a new dealer," Hunter presented a detailed discussion of his plans.

"Our great president is exerting every effort to bring about a recovery in this country, and it is the duty of the state and every city and town within it to augment the national plan with recovery programs of their own," Hunter said.

"To accomplish a recovery in Texas we must do two things. There must be a restoration of an easy available credit, and the retention for the people of Texas of the proceeds of the State's natural resources. "In order to restore an easy available credit it is necessary that the unfair tax burden now resting on real estate be relieved. While real estate bears 77 per cent of the ad valorem tax burden it brings us but 15 per cent of our income. The other 85 per cent of values in

this state, representing income from sources other than real estate, is bearing only 23 per cent as contrast to real estate's load. A blended tax plan must be adopted in order that the tax burden may be reallocated so that all pay in proportion to their ability and that the interests which have been dodging their fair share of the taxes may be reached. An easy available credit cannot be restored until real estate, our basic wealth, is placed back on a profit paying basis. As long as it is cheaper to rent than to own a property or a home the safety of all the endangered. Alone, of all the candidates in the race, I am offering a plan to relieve this unfair burden on real estate. The other five known candidates all declared they will not look to any tax sources, saying in effect that they will permit real estate to continue to bear its unjust share of the load."

In his blended tax plan, Hunter explained, a net earnings tax is proposed to be placed upon the larger brackets of income. "Such a plan will eliminate a case in point, that of a great pipeline company, which during a depression year made a net profit of over twenty millions of dollars and paid in all taxes in the state less than \$500,000 or two and three-tenths per cent of its net profits. While this concern was paying this small percentage, real estate was paying from 50 per cent to 125 per cent of its income in taxes," Hunter said.

Hunter declared, in regard to Texas' natural resources, that "our natural wealth is being siphoned out of the state for the benefit of out-of-state exploiters with little or no tax payment to recompense the state. He called for a larger tax levy upon sulphur which Texas supplies 80 per cent of the world's consumption.

"A reasonable tax on sulphur alone would retire the twenty million dollar relief bond which Hunter declared. He also urged a tax on salt for the benefit of schools.

"Dissolution of the oil trust is another important phase in a program for a Texas recovery," stated. He charged that the oil companies, through their integrated set ups "are destroying independent competition and dependent business."

Other phases of his recovery program, as outlined by Hunter, included a franchise or profit tax on out-of-state owned stores, reorganization of the state bureaus and agencies of government at Austin into fewer to eliminate overlapping and duplicating functions in the line of efficiency and economy, abolition of the poll tax, reduction of automobile license fees to \$5, and enactment of anti-chain stores and monopolies legislation to "destroy independent competition" while other places where competition had been eliminated.

### ATTEND FUNERAL SERVICES OF CLOSE FRIEND SUNDAY

Mr. and Mrs. O. O. Hollingsworth attended funeral services in Chickasha, Okla., Sunday afternoon for E. G. Reynolds, a close friend who died Friday night at his home following an acute heart attack at a school near Chickasha where he was to have made a campaign talk. He had served the past seven terms as district clerk.

Mr. Hollingsworth and Mr. Reynolds were raised together in Parker County, Texas, and both went from there to Chickasha in 1903, where Mr. Hollingsworth lived until coming to Crowell in 1923. The deceased had visited in the Hollingsworth home in Crowell on a number of occasions. The county board at Chickasha has named Mrs. Reynolds to serve out the unexpired term of her husband. Mr. Reynolds' 7 terms as county clerk were preceded by 3 terms as city clerk. He had been treasurer of the First Baptist Church at Chickasha for the past 15 years. One of the largest crowds that ever attended a funeral in that city was present for the services Sunday.

## 2 THALIA SOFT BALL TEAMS IN TIE FOR LEAD

Teams representing the grocery stores of J. A. Stovall and Fox Wheeler are now tied for first place in the standing of the Thalia soft ball league.

One round has been completed by the teams and the schedule is one-fourth complete, however, the season will be split. As a result the first half of the entire season is now half over.

Much interest is being shown in the league, so much in fact, that some mighty arguments have ensued, but as yet none have ended in anything more serious than a detailed description of opinions of opponents. It is reported that Charlie Webb and some of the other old heads of the game can't get out of the old thieving ways of stealing bases and have to be reminded that according to soft ball rules they are out when they step off the base before the ball passes the batter.

Results last Saturday were: Eden's Shop 17, Shultz 5. Fox-Wheeler 5, Capps 3. Stovall 9, Panhandle 6.

**League Standing**

Team	G.	W.	L.	Pct.
Fox-Wheeler	5	4	1	.800
Stovall	5	4	1	.800
Panhandle	5	3	2	.600
Shultz	5	2	3	.400
Eden's	5	2	3	.400
Capps	5	0	5	.000

### ATTEND FUNERALS

W. F. Kirkpatrick and daughter, Miss Frankie, and Frances and Lenagene Green, were called to San Angelo Wednesday of last week to attend the funeral of the grandfather of Frances and Lenagene, G. Thornton, 75, who died Wednesday morning at his home in San Angelo and was buried Thursday afternoon in that city. Mrs. Thornton, grandmother of the girls, died about two months ago. On Friday they went to Santa Anna to visit a cousin of Mr. Kirkpatrick's, Walter F. Kirkpatrick, 42, who was seriously ill and found that he had died a short time before they arrived. They remained over there until Saturday afternoon to attend his funeral, returning to Crowell Sunday afternoon.

### PIONEER VISITS

Mrs. M. H. Ragle and son, Roy, and wife of Lockney visited for a short time in Crowell Saturday afternoon while passing through on their way home from Tulsa, Okla. Before her marriage Mrs. Ragle was Miss Ida Barnes and the Barnes family lived on the J. L. Hunter farm near Margaret. They left here forty-three years ago, however, Mrs. Ragle remembered many of the old-timers and renewed several old acquaintances during her short stop here. She has been a resident of the Lockney section since leaving Foard County.

### Thalia Sophomores Win Over Rest of School in Basketball

If it is true that approaching events first cast their shadows, then it is very likely that Thalia High School will have a strong boys basketball team next season, for Tuesday afternoon of this week, boys of the sophomore class defeated a team composed of players from the rest of the school by the score of 18 to 17.

Those who played for the Sophomore sharpshooters were J. C. and Beecher Wisdom, forwards; Havis Capps, center; J. D. Miller, Charles Earthman and Percy Taylor, guards.

The other team included L. Z. Toles and Harold Banister, forwards; Roland Taylor, center; Houston Adkins and Cone Green, guards. Coach Clyde Fincher served as referee.

### FOARD MAN HAS NARROW ESCAPE AT LAKE KEMP

D. M. Shultz of the Ayersville community narrowly escaped drowning at Lake Kemp on Tuesday of last week when he backed his car off of a 10-foot bank into shallow water of the lake, the car lacking only a foot of reaching a point where the water was 20 feet deep. The accident occurred just before Mr. Shultz went to bed Tuesday night. Deciding that he wanted the car moved, he started the motor and promptly gained the impression that the car was moving forward. He was still under this impression after applying the brakes and put the car in reverse with the result that it went over the bank. Mr. Shultz' son, Lee, got to the machine before it went over, grabbed a fender and went

### NOTICE OF ELECTION

Order and Notice of Election Upon the Question of Authorizing County Road Bonds and Levying Taxes in Payment Thereof, The State of Texas, County of Foard.

On this the 12th day of April, A. D. 1934, the Commissioners Court of Foard County, Texas, was convened in regular session, the same being the fourth day of said term, at the regular meeting place thereof in the Courthouse of Crowell, Texas, with the following members present, to-wit:

- Vance Swaim, County Judge;
- J. R. Ford, Commissioner Precinct No. 1;
- W. A. Dunn, Commissioner Precinct No. 2;
- A. W. Barker, Commissioner Precinct No. 3;
- T. S. Patton, Commissioner Precinct No. 4; and
- A. G. Magee, Clerk County Court and Ex-Officio Clerk of the Commissioners' Court.

Among other business transacted, Commissioner Barker made a motion, with second by Commissioner Dunn and carried by unanimous vote of the Court, that an Election be held in and throughout said Foard County, Texas, on the 18th day of May, A. D. 1934, which is not less than Thirty days from the date of this order, to determine whether or not the bonds of said Foard County, Texas, shall be issued in the amount of SIX THOUSAND (\$6,000.00) DOLLARS, bearing interest at the rate of Five (5%) per cent per annum until paid, and maturing at such time or times as may be deemed most expedient by the Commissioners' Court of Foard County, not later than thirty years from their date, for the purpose of buying a Right-of-Way for the construction of a State Highway, or in aid thereof, in said Foard County, Texas, and whether or not Ad Valorem Taxes shall be levied for the purpose of paying the interest thereon.

est on said Bonds and to provide a sinking fund for the redemption thereof, at maturity.

In the event such Bonds shall be authorized and issued, then Ad Valorem Taxes are to be levied annually on all taxable property within said County, sufficient to pay the annual interest and provide a sinking fund to pay the bonds at maturity.

Said election to be held under the provisions of the Laws of the State of Texas, regulating such elections.

All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers in this County, shall be entitled to vote at said Election, and all voters desiring to support the proposition, to issue Bonds shall have written or printed on their Ballots the words, "AGAINST the issuance of Bonds and the levying of Ad Valorem taxes in payment thereof," and those opposed thereto shall have written or printed on their Ballots the words, "FOR the issuance of Bonds and the levying of Ad Valorem taxes in payment thereof."

Said Election shall be held in all the voting precincts in said County, and by the officer or officers of such precincts as are now and were appointed by the Commissioners' Court of Foard County, on the 14th day of August, A. D. 1933, to hold General Elections in said County.

The manner of holding said election and canvassing and making returns thereof, shall be governed by the General Laws of this State, when not in conflict with the provisions of other regulating statutes for such elections.

A copy of this order shall constitute proper notice of said election and notice thereof shall be given by publication of such notice in a newspaper published in said County for three successive weeks, the first publication being three full weeks before the date of said election, and in addition thereto for three weeks prior to said election, notice shall be posted by the County Clerk at four public places in the County, one of which shall be at the Courthouse door of said County.

The County Clerk of this County is hereby directed to post such notices and cause to be published as herein provided, and further orders are reserved until returns of said election shall have been made to this Court.

We do not plan something sensational, but we want to be practical, respectful and worshipful as we commemorate Mother's Day, and honor Him who instituted the first Mother's Day. O. L. SAVAGE.

## Christian Church

Rev. Merrill brought two splendid messages last Sunday and we had the best attendance and interest for the year. We are making steady progress and will advance more rapidly from now on.

Regular Wednesday evening services—lively, interesting, varied services of songs, scripture reading, responsive readings and prayers (no long dry talks allowed)—in charge of the different Sunday school classes, is the plan of the church. The young people's class had charge of this week's service. Other classes in turn will be called upon.

Wednesday evening, May 16th, there will be a Fellowship supper at the church, with a special program arranged by Rev. Merrill, and a supper served under the direction of Mrs. F. A. Davis and other women. At this time Rev. Merrill will outline fully future church plans—especially plans for our meeting beginning June 4th, and extending until June 18th. Let's attend this Fellowship supper—all of us—and let's be preparing for a great meeting. Mrs. Merrill will be with Rev. Merrill in the meeting, to help with the music and singing.

Do not forget to see Jim Cook and make your offering to the pastor's salary.

Come to our special Mother's Day service next Sunday morning. You will enjoy it and we will enjoy having you. C. V. ALLEN, Elder.

# SUNDAY SCHOOL LESSON

by Charles E. Dunn  
Christianity and Patriotism. Lesson for May 13th. Matthew 22.  
Golden Text: Matt. 22:37-39.

"Pay therefore what is Caesar's to Caesar and what is God's to God." In these famous words Jesus advises obedience to both God and the state. It is possible, He says, to serve both. But it is perfectly clear that loyalty to God, in the "Master's" mind, must take precedence over loyalty to Caesar. It was for His excess of faith in God that our Lord was crucified.

Now we live in a day when this fundamental issue is very much to the fore. The agitation aroused by demands of an absolute character, made by the state in opposition to Christian principles, has reached an acute stage. The lines are clearly drawn. On the one hand are the nationalists who, in the name of patriotism, insist upon an unqualified conformity to the edicts of the state. On the other hand are the members of the Beloved Community who obey God rather than men.

At the present moment the nationalists have the upper hand. Germany is demanding that the churches renounce their historic faith and accept a pagan substitute binding them completely to the chariot wheels of the totalitarian state. Russia has outlawed or-

# Features of Conoco Travel Bureau Service Shown in Motion Picture Following Visit of Big Bus Here

Adventures of a typical American family on a motor vacation trip under the guidance of the Conoco Travel Bureau and unusual views of some of the nation's top-notch scenic regions were highlights of a motion picture program Friday night which attracted approximately 30 members of Continental Oil Company's local marketing group to a special meeting at Swaim's Garage.

Although the main purpose behind the arrival of the big red, green and white bus and the showing of the new films is to better acquaint the public with the free services offered the tourist by the Conoco Travel Bureau, considerable time is also being spent in explaining a number of new merchandising methods which Continental has recently adopted.

The Conoco Travel Bureau, Ritchie explained, has grown in its four years' time, from a small branch serving a few hundred people to the largest free travel service in America. It was founded by Continental in response to the demands of motor vacationists and everyday travelers who wish to be certain they are taking direct, trouble-free routes to their destinations and yet see the most interesting sights found in the country they journey through.

This unusual service, to which every motorist is entitled without spending a cent—even for postage—goes farther than literature distribution. In the Bureau's central offices in Denver, more than a hundred carefully trained employees consult daily road reports from every state in the Union; note even the shortest detours, and incorporate this information into the routes they mark on all maps sent out.

Some idea of the popularity the Bureau has attained may be seen in the fact that a pet monkey owned by William Phillips of Swansea, Wales, was killed by police when it became vicious and bit women.

After taking the usual case to Chicago police court, Mrs. Ed Matson added: "I also swear I gave the right advice to the court."

cured from the number of motorists served during 1933. During this period 196,415 groups of Travel Bureau tourists drove more than 665 million miles. Twenty groups represented every state as well as Mexico and every Canadian province. Of the total 196,415 groups were routed into or through Texas, and, in addition, 10 groups living within the state were given assistance. Included in the latter figure were 11 groups from this city.

Conoco division officers accompanying Ritchie were L. E. Schaefer, assistant division manager; Mar Turner, district superintendent; R. H. Robinson, operating manager. The Conoco bus is equipped with special loud speakers which make it possible to broadcast radio phonograph music, as well as announcements made by the commander, for almost a mile in any direction.

Free Conoco Travel Bureau service is available to all roads. The Foard County News and the Conoco Travel Bureau, Denver, Colorado, or filling out application cards distributed at all Conoco service stations, dealers.

Improvement Needed In Farm Housing in Texas Survey Shows

College Station.—Farm housing conditions in Texas leave much to be desired and are far below the minimum requirements for a decent standard of living on half or more of the farms, figures now being compiled on the rural housing survey are showing. The survey covered most of 56 counties selected as being representative of the State. It was a Civil Works Administration project in which the United States Department of Agriculture and Texas A. and M. College Extension Service co-operated.

Total state figures are not yet available but preliminary figures indicate that it would probably take at least one-half billion dollars to rehabilitate all Texas farm homes to only a moderate degree of comfort, according to Mrs. Bernice Claytor, extension home improvement specialist. Running water, new roofing, screens for windows and doors, and painting are listed as the most pressing needs. More than one-fourth of the farm people interviewed would borrow money at low interest rates if it were offered them for improving their homes, same to be paid back over a long period of time.

"The deplorable condition of many of our farm homes is a symptom of long standing agricultural distress," comments O. B. Martin, extension director. "It shows that the country is in need of the re-adjustment in farm and home life that the demonstrations fostered by county farm and home demonstration agents are bringing. It also shows that the effort of the Agricultural Adjustment Administration to bring quick cash relief to farmers, followed up by long-time re-adjustment of farm systems, is the need of the hour. The survey confirms what has been known by those who are most familiar with farm conditions. It gives added proof that the conditions which our army of farm people enrolled as demonstrators and co-operators are struggling to overcome are real and not fancied."

"The woman was crying softly, drawing her sleeve across her eyes. 'Th' doctor ain't comin'—I sen' for him—but he ain't been here. Yo'-all—yo'-all gits doctors easy, but I ain't got no money, I

"Money?" Nancy straightened up sharply. "Whom did you call?" "Dr. Simmons—th' ole un—he useter come, he took care of my man when he was a-dyin'."

"Simmons? Why, he's ill, he doesn't go out any more. You must have a doctor—' Dying? Yes, Death was at the threshold. 'You have got to have a doctor,' she said sharply, 'Dr. Richard Morgan!'

The woman stammered with misery, her hollow eyes on the gasping boy. "I ain't able ter leave him noway. I reckon th' Lord'll help me—I ain't got no no—Tony honey, honey!" her voice rose in a crescendo of terror, she fell on her knees, moaning, burying her head on the child's pillow.

"Tony, I'm going to get you a doctor," she said, lifted his little hot hand to her cheek, put it down again, and ran out, tears in her eyes.

A doctor? She must have a doctor! She tore open the front door and faced the drive of the rain. It was like a caress, it cooled her own face again. But it was fearful still! Richard—she must get Richard!

At another crisis he loomed up at her very gateway of life. Suddenly, without thought of herself, she knew that he was the man she must reach.

She did not matter—Death had come to the door. Richard could fight Death. She must reach Richard. She knew where she was now, almost five miles out of town.

Through the gleaming sheet of the rain she could see a field of hills, and some low buildings—barns? She remembered with a start, it was part of Kingdon Haddon's farm.

It was a long way to the barns, but there must be some one there. She could get help! She struggled, breasting the wind, with her head down. She was almost half way there when a figure came out of the barn, swung the big door shut and turned to meet her.

Through the storm she heard a rich young negro voice. It was Henry, old Johnny Floyd's boy, sixteen years old and as black as coal. Nancy for Major Lomax, ran errands, carried horses.

"Henry!" she called. "Henry!" At first he did not hear her, between his own music and the storm. Then he looked up, saw her drenched, clinging to a fence.

"Go, Miss Nancy!" Nancy caught his arm in both her shaking hands and poured out her story.

"We've got to have Dr. Morgan, Henry, and you've got to get him!" The boy stared at her helplessly.

H. D. and 4-H CLUB ACTIVITIES

Girls 4-H Club Is Organized at Black

The 4-H Clubs of the county have once again opened their doors to admit a new member, the Black 4-H Club. This group met at the Black school house on Friday, May 4, to perfect their organization. Annie Mae Hall was elected president of the club, Nazoma Gamble vice president, Elba Simmons secretary, and Mable Hall reporter. The club will meet regularly on the second and fourth Monday afternoons at 4 o'clock.

The organization of the club at Black places a 4-H Club in every school in the county where the

enrollment of girls is sufficiently large to permit one.

NEW ROOM FOR SELF "From the time we planned the new house, I went around saying 'a room to myself, a room to myself,' all the time. Now I have the room to myself and I'm anxious to get it all fixed up," says Thresa Gamble, newly enrolled bedroom demonstrator for the Black 4-H Club. There is a room in the new house which is now almost completed. Her room is located on the south and opens into the living room. The walls are of sheet rock and will be finished with paint of several neutral shades. She expects to carry out a blue

MRS. DUNAGAN HANDLES WALL PAPER PROBLEM

"That 'necessity is the mother of invention' was proven once again by Mrs. E. A. Dunagan, wardrobe demonstrator for the Gambleville Home Demonstration Club. The problem presented itself in the form of a wall of a bedroom which was to be papered. The wall was formerly the outside wall and so was covered with weather boarding. For canvas on this wall Mrs. Dunagan used tow sacks. This gave a smooth base for the paper and at the same time gave a wall which was firm enough to prevent holes being punched in it, as would have been the case with canvas. The sacks were dampened before putting the paper on in order to make it stick. The appearance of the wall is no different from that of the other walls of the room. As the paper is still smooth and has not cracked.

STATEMENT ABOUT SKIM MILK IN THIS SECTION LAST WEEK INCORRECT

The statement "skim milk is more essential to health than whole milk" which appeared in an item in last week's paper was a mistake and was meant to have been a statement to the effect that the elements found in the skim milk are just as important as those found above the cream line. From the standpoint of its use as a beverage, it might be considered more important since the elements found in the cream might be obtained from butter.

The element of first importance in the skim milk is calcium or lime. This mineral is one essential to the building of bones, preventing rickets, aiding in regulating the nerves, and many other important functions of the body. It is very difficult to secure a diet containing a sufficient supply of this element without including milk in it. Dr. J. S. Hughes, nutrition specialist at the Kansas State College, says, "No child's diet is complete, so far as calcium is concerned, without milk being a part of it." Other very important elements to be found in skim milk are phosphorus, a supply of easily utilized protein, some non-fermentative sugar, and a generous supply of both vitamin B and G. Vitamin B serves to prevent nervous disorder and digestive disturbances. Vitamin G is a growth regulating factor and is closely related to the pellagra preventative factor to be found in milk.

Buttermilk contains the same elements listed for skim milk. Either of both are very essential to health. It might be added that skim milk or buttermilk is not fattening. One pint of skim milk contains less fattening qualities than two level tablespoonfuls of sugar, one tablespoonful of butter, three tablespoonfuls of ice cream, or one small piece of candy.

FOARD CITY H. D. CLUB

"Out of a little school teacher's great devotion to her mother has sprung a day known as 'Mother's Day,' a day of great National veneration of mothers and one of the most beautiful of sentimental observances. The history of 'Mother's Day' was given to club members by Mrs. F. L. Farrar, member of the Foard City H. D. Club, which met at the club house May 1st. The school teacher, Miss Mary Towles Sasseen, even as a child adored her mother. Later becoming a

school teacher, she taught children not only to value their mothers, but to make the observance national. She began this in 1887 by observing 'Mother's Day' in her own school, which was continued several years. Later, she started a campaign to make the day a National one. Her first step was to issue a pamphlet. Miss Sasseen said: "This pamphlet is sent forth in the hope of awakening in the part of the child a deeper appreciation of her, who is the central figure of the home. May it strengthen the family bonds, making them more beautiful and tender, may it breathe a hope of that future, where language is music, thought is light and love is law."

And so to Miss Mary Towles Sasseen must go the credit for originating the observance of a day that does nationwide honor to the sacred name of mother and helps to stimulate in the minds of all the full admiration, respect and love which is due her.

There were 26 members, Miss Holman and 5 visitors, Miss Sirena Smith, Miss Maggie Meason, Mrs. Helen Stinebaugh, Mrs. J. M. Speck, and Mrs. Mildred Sprinkle present.

The work on foundation patterns will be continued next meeting which will be at the club house May 15 with Mrs. John Lilly leader of the program on "Health and Sanitation."

COMMUNITY H. D. CLUB

Foundation patterns were started at the Community H. D. Club at the home of Mrs. Will Erwin May 2 and will be finished at the next meeting.

There were 6 members, Miss Holman and Miss Mildred Donaldson present.

The trip to Canyon one-day short course was discussed.

Everyone interested in foundation patterns be sure to be present next meeting at the home of Mrs. Parlin McBeth May 16. Mrs. Will Erwin, leader.

THALIA 4-H CLUB

The Thalia 4-H Club met at the school house last Friday with 13 members present. Members were taught the plain seam and the French seam. Discussion also took place as to the kind of sleeve most suitable for the dress contest.

GOOD CREEK H. D. CLUB

Foundation patterns were discussed at the Good Creek H. D. Club May 1 at the home of Mrs. A. L. Davis. The members plan to finish their patterns at the next meeting with Mrs. Groomer on May 15. All interested in making a pattern are urged to be present. Mrs. Groomer was appointed to keep a record of the expansion work, assisted by the club members.

AYERSVILLE 4-H CLUB

The Ayersville 4-H Club met in regular session at the home of Mrs. Roy Ayers last Friday. Discussion was made at the meeting concerning the matter of sending a delegate to the A. and M. Short Course. It was decided to wait a short while before electing a club member as delegate. A demonstration on "How To Sew a Table," was given by Miss Holman. The next meeting will be with Mrs. Ayers.

The report of the West Rayland H. D. Club, which met Tuesday, is on the next page.

## Miss Elsie Schindler and Bill Elliott Are Married Here Sunday

The marriage of Miss Elsie Schindler to Truman (Bill) Elliott was solemnized at the bride's home on Sunday afternoon at 2 o'clock in a quiet, simple wedding. The bride's mother, Mrs. H. Schindler, the groom's mother, Mrs. G. F. Elliott, Mrs. Dow Miller and daughter, Florene, Mr. and Mrs. M. O'Connell, Miss Harriett Swaim and Wayland Griffith and Jack Thomas were the only witnesses.

Rev. E. J. Gerlich of the Catholic Church of Vernon read the impressive service and pronounced the ceremony which made them man and wife. They were attended by Mr. and Mrs. M. O'Connell.

The bride is the daughter of Dr. and Mrs. H. Schindler and has lived in Crowell all her life. She was attractively attired in navy blue ensemble, with white accessories, and wore a corsage of white roses. The groom wore grey. Mrs. Elliott attended the Academy of Mary Immaculate at Wichita Falls for seven years and was graduated from that institution

in May, 1931. She studied voice under Mrs. Lois Parker of Wichita Falls for two and one-half years and was presented in a song recital by her teacher in May, 1931, at the Episcopal Parish House in Wichita Falls. She appeared on a number of radio broadcasts over Radio Station KGKO during the time of her voice instruction. She was a member of St. Cecilia's Music Club of the academy and featured in a number of dramatic events during her career at the academy. She has given of her talent in local affairs in Crowell also.

Mr. Elliott graduated from High School in Crowell in 1926. He attended Decatur Baptist College and also a School of Pharmacy in Fort Worth.

He is at present in the grocery business with his mother, being manager of the M System in Crowell.

After a short wedding trip to Dallas and Fort Worth, the couple are at home at the residence of Mrs. G. F. Elliott.

## Homer Johnson and Beaumont Girl Marry

Miss Rozella Bowers of Beaumont became the wife of Homer Johnson of Crowell in a wedding last Saturday at Frederick, Okla. They were accompanied by Richard Bowers of Beaumont, brother of the bride, and Miss Dorothy Coffey of Crowell.

Mrs. Johnson is the daughter of J. D. Bowers of Beaumont. She has visited a number of times during the past several years in the home of her uncle, J. D. Bowers, of this city.

Mr. Johnson is the son of A. L. Johnson of Crowell and is a native here and is employed at his father's feed store here. He and his bride are living at present in the A. L. Johnson home.

## Methodist Church to Be Scene of County Federation Meet Fri.

The place of meeting of the Foard County Federation which is to be held on Friday, May 11, has been changed from the district court room to the Methodist Church. A large attendance is urged as a program has been prepared which is of interest to all women.

The program will begin at 10 o'clock and a covered dish luncheon will be spread in the basement of the church at noon with the Columbian Club hostess.

### Crowell Golfers Are Invited to Tourney At Wichita Falls

Crowell golfers are invited to participate in the third invitation tournament of the Wichita Falls Junior Chamber of Commerce that is to take place in that city on May 19 and 20, according to a letter received by The News from W. B. Featherston, chairman of the tournament committee.

An excellent time is promised all who attend. The prizes consist of \$350.00 worth of merchandise to be selected personally by winners and runners-up of each flight. A handsome silver loving cup will go to 4-man team winners. Prizes in each flight will be of the same value.

The first 18 holes may be played any time between May 13 and May 19, with the final 36 holes to be played Sunday, May 20. There will be a stag banquet May 19 and a dance at the Wichita Club the evening of the same day. The registration fee is \$2.00.

### Methodist Home Egg Truck Will Be Here On Wed., May 23rd

The "egg truck" of the Methodist Home at Waco will be in Crowell on Wednesday, May 23, and anyone having eggs that they wish to donate to this home are requested to have them available at that time.

This home serves 40 orphan children, irrespective of creed, and is supported by free-will offerings of Methodist churches. It has a three-fold program: first, to offer each child a high school education; second, to train each child in some vocation, such as printing, auto mechanics, manual training, dairying, barbering, nursing, music, baking, laundry, and other vocations; and third, to provide an unexcelled Christian atmosphere for each child.

Hubert T. Johnson, superintendent of the home, was a visitor at the recent Methodist conference in Crowell and planned the itinerary for the "egg truck" in this section of Texas while here.

Charles Contes, who had his neck broken in an accident at Leeds, England, walked to a hospital and asked for treatment.

### Believe It Or Not

Dud Greening had to deliver mail and express from the depot to town last week by wagon and team because of a necessary repair to the high gear of his delivery truck. Judging by Dud's driving (most consistent in the world), we have come to the conclusion that the high gear must have been ruined by rust.

And speaking of mail men, the reputation of Sam Scales, as the efficient proprietor of the world's shortest daily mail route, reached the danger point last week. Subscribers to afternoon daily papers didn't know what to think when about two weeks ago Sam failed to round the bend in the p. o. at the end of his block-long route, and when the same thing happened again last week, some talk of a "new deal" was started.

An investigating committee was put to work and has yet been unable to uncover the secret as to the whereabouts of the mail carrier during his first unannounced absence. Without previous warning, the same situation resulted last week, but was of shorter duration.

H. D. Poland, C. A. Bowley, G. H. Patton and C. B. Graham make fair substitute carriers, however, all lack the dignity and speed that Sam gives the position and the late afternoon p. o. customers are willing to forget the past disappointments on account of these facts.

Now that we have mentioned the p. o. we expected to have an announcement concerning a new Crowell postmaster last week, but as yet official notification has not arrived, but maybe it will be here next week.

The following letter was received this week from Stephenville: Dear Typo: I read The Foard County News every Saturday morning at 10 o'clock and appreciate the good things that you say about the Crowell schools, but I am intensely interested in the suggestions that you have made in your pleadings from time to time urging better parking facilities. I have just heard of the auto accident that seriously injured my little granddaughter, Camille.

We know that you have done your part in trying to keep down accidents and get better street and parking accommodations and we hope that you will keep up your good work until you achieve success.

Yours sincerely,  
W. T. GRAVES.

### Next Week

We really believe that you are going to enjoy the Senior edition of The News next week. In addition to the attractive pictures of the Senior girls and boys, there will be lots of interesting information about the class and the school in general—in fact, it's going to be one of those kind of papers that you will want to put away and save.

The News has already gone to considerable expense in securing cuts of the Seniors for this issue, however, we know that local mer-

chants will realize the advertising possibilities offered them through this issue and will help make our expenditure, as well as their own, a worthwhile investment by taking nice ads next week.

### Interesting Game Planned

Much interest is being taken since a movement was started this week for a baseball game between the local league team and another club of local players. Maybe there will be more to report about this next week.

### THREE FOARD MEN ATTEND FEEDER'S DAY AT SPUR

R. L. Taylor, T. F. Welch and son, Jack, of the Foard City community, were among the large number to attend the West Texas meet Station last Friday.

The local men reported receiving much worthwhile information during the day. The results of a 112-day feeding test of 10 yearling steers were reported at this meeting.

### Chillicothe Coach Goes to Burk Hi Seymour Coach

A shake-up in the coaching up of District 4, Class B of the Interscholastic League has resulted in the resignation of T. Jenkins as coach at Seymour School and in Coach Volney stepping from Chillicothe to Burk Burnett as head coach. Jess Johnson, who has been serving as coach, will be assistant to the new coach at Seymour but has yet been named.

## WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

Doctors know the value of the laxative whose dose can be measured, and whose action can thus be controlled to suit your individual need.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in any prescription which he wrote!

But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of a delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug; nothing to cause strain or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.
