First Democratic Primary Attracted 1,341 Foard Voters

LOSE RACE IN RE. 4 FEATURE FOARD VOTE

Total of 1,341 ballots were cast by Foard County voters in the first Democratic primary last night. This was 67 more than the total vote in the first primary years ago, however, in 1932 total vote exceeded poll tax payments by 135, while this year the vote was 156 less than the total of 1,497.

The closest race produced in the primary this year was for the office of commissioner of Precinct No. 4, in which T. S. Patton, incumbent, and J. M. Marr were contestants. A preliminary check of the returns gives Marr a lead of 169 votes, the count being 169 to 168.

Others cast ballots in this race were N. W. Crowell, incumbent, and Vivian. The Crowell Black boxes were the first to be reported, and for over an hour the election result board of the Drug Store listed Patton with 142 votes and Marr with 141. When the Vivian report was given the figures were changed to 169 for Patton and 168 for Marr.

A close commissioner race resulted two years ago when J. R. Adams defeated A. B. Wisdom 85 to 84 in the second primary.

In other county races, the results in the first primary, according to unofficial returns were as follows:

County and district clerk: G. Maizee, incumbent, 967; Claude A. Adams 317; for the office of the peace, Crowell 967; J. W. Klepper, incumbent, 260; E. F. Henry, 260; for county judge: J. E. Atcheson, 1,046; A. Connor, name written on 204 times.

A run-off will be necessary for the office of public weigher of Margaret precinct, the vote being: C. L. Payne 142; T. B. (Bud) Dunn 57, and W. Taylor 42.

A run-off will be necessary between John Ford, incumbent, and Lloyd for constable of the precinct and between Jack Simms and John Kerley for constable of the Margaret precinct.

W. W. Griffith becomes the new precinct chairman of Foard, succeeding S. T. Crews, who was a candidate for re-election.

Precinct chairmen were named as follows: Jack Roberts, No. 2; Joe Ward, No. 3; T. V. Matthews, No. 4; Joe Orr, No. 5; J. G. J. Benham, No. 10. Overall Democratic precinct chairman determined by run-offs between Roy Todd and Jim Cates in No. 1, W. R. Ferguson and Frank Pherrill in No. 8, and T. E. Eason and T. F. Lambert in No. 9 and No. 12.

The following Foard County officials won the Democratic nomination without opposition: R. J. Adams, sheriff and tax collector; Vance Swain, constable; and school superintendent Margaret Curtis, county clerk; J. R. Ford, W. A. Dunn, A. W. Barker, commissioners of precincts 1, 2 and 3, respectively; E. H. Scales, weigher of the precinct; J. C. Thompson, county surveyor.

Others over the county who won Democratic nominations, according to unofficial returns were: E. Plaz, justice of the peace of the Thalia precinct; G. A. Shultz, justice of the peace of the Thalia precinct; G. Chapman, constable of the precinct. None of these were printed on the ballot.

The district races, Foard County gave R. D. Oswalt of Crowell 569 votes, which was more than total received in this county in the other three candidates, W. Stokes, incumbent, L. P. Bonner and John Myers, all of Vernon. Over the district as a whole, Bonner and Oswalt were given a slight vote to send them into a run-off primary on Aug. 25. The vote in this race follows: Bonner 669, Myers 221, Bonner 201, Stokes 201.

Though W. D. McFarlane, incumbent, and Sam B. Spence will be in the run-off for Congress, the other candidate in this race is George Backus of Vernon, who received the most votes in Foard county in this race being: Backus 402, Spence 402, McFarlane 402.

ALLRED, HUNTER ARE LEADERS IN GOVERNOR RACE

Three Wichita Falls men were leaders in the race for governor of Texas in the first Democratic primary Saturday. James V. Allred, Texas attorney general, was over 50,000 votes ahead of his nearest opponent, Tom Hunter, in leading the list of six candidates. He and Hunter are expected to stage a lively run-off.

The vote in the governor's race, according to latest returns Wednesday, follows: Allred, 269,470; Hunter, 219,354; C. C. McDonald, 189,001; Clint Small, 111,510; Edgar Witt, 56,598; Maury Hughes, 51,248.

William McCraw and Walter Woodward are in the run-off for attorney general, the vote in this race being: McCraw 326,467; Woodward 319,250; Clyde Smith 72,766.

In the race for railroad commissioner the vote was: Lon Smith 237,547; Pundt 200,868; Hatcher 169,180; H. O. Johnson 121,563; James McNeese 65,865.

Walter Woodul of Houston, who received 236,030 votes, will be in the run-off for lieutenant governor with Joe Moore of Greenville, who received 124,845.

Geo. Sheppard, state comptroller; Charley Lockhart, state treasurer, and J. E. McDonald, commissioner of agriculture, apparently have won re-election without the necessity of a run-off.

Oneal Has Lead of Over 5,000 Votes In First Primary

Ben G. Oneal of Wichita Falls, who is now serving his first term as state senator from the 23rd District, led his nearest opponent, Ruben Loftin, also of Wichita Falls, by 5,143 votes, according to complete returns from the nine counties in this district.

The vote in this race was as follows:

Ben G. Oneal	14,796
Ruben Loftin	9,653
Perry Browning	7,213
Harold Dycus	2,584

Oneal led in every county with the exception of Archer, where Dycus, who is county judge of Archer, ran first with Oneal following in second place.

The other counties in the district are: Hardeman, Foard, Knox, Wilbarger, Baylor, Wichita, Clay and Young.

SMALL CHILD IS KILLED FRI. IN AUTO ACCIDENT

Ernest Troy Martin, five-year-old son of Mr. and Mrs. M. C. Martin of the Grayback community, 23 miles south of Vernon, was instantly killed in an automobile collision on Highway 28 about two miles east of Thalia early last Friday night.

Mr. and Mrs. Martin and his mother, Mrs. M. E. Martin, about 65, were injured in the accident, which occurred when a light sedan driven by Martin and a truck loaded with peaches collided.

The truck was driven by a man named Woodard of Plainview, who was driving toward that city at the time. He was not injured. Shortly after the accident he was placed under arrest by Sheriff R. J. Thomas, but was released with no charges filed against him following an investigation of the accident.

The Martin car was overturned in a ditch following the collision and the boy's head was crushed, killing him instantly. Mrs. M. E. Martin sustained a broken collar bone and bruises and cuts. Mr. and Mrs. M. C. Martin both received minor cuts and bruises. Six other children in the Martin car were unharmed, three of whom were Buford, Winifred and Orvis, children of Mr. and Mrs. M. C. Martin. The others were Lola Mae Martin and Inez Rogers, nieces of the Martins; and Tillman Martin, a nephew.

Funeral services for the little victim of the accident were held in Vernon Saturday afternoon and burial followed in the East View Cemetery there.

W. D. McFarlane and Sam Spence Lead in Congressional Race

Complete returns from the fifteen counties in the 13th Congressional district place W. D. McFarlane of Graham in the lead with 23,576 votes, followed by Sam Spence of Wichita Falls with 21,759 and George Backus of Vernon with 12,529.

In Foard County the results were reversed, with Backus leading, Spence second and McFarlane last. Over the district as a whole, McFarlane, who is now serving his first term in Congress, led in eight counties, Spence in five and Backus in two.

Counties in this district are Archer, Baylor, Clay, Cooke, Denton, Foard, Hardeman, Jack, Knox, Montague, Throckmorton, Wichita, Wilbarger, Wise and Young.

A lively run-off campaign may be expected in this race.

Hindenburg Dies

President Paul von Hindenburg of Germany died this morning following illness of several weeks. Adolf Hitler, Chancellor of Germany, reached his bedside several hours before death came.

According to late reports reaching the United States, the beloved 86-year-old president was said to have bequeathed his beloved Germany to the care of the Nazi leader, Hitler.

It is understood that Hitler intends to serve as both President and Chancellor.

Thus within less than one week, Europe has lost two men who are generally regarded as having done much to preserve peace across the Atlantic. Engelbert Dollfuss, Chancellor of Austria, was assassinated by Nazis on Wednesday of last week.

MANY BARGAINS ARE OFFERED BY LOCAL FIRMS

A free program at the Rialto Theatre, including a feature picture, "These Thirty Years," and also a comedy, will be the feature of entertainment in store for Trades Day visitors in Crowell on First Monday.

Numerous bargains are also being offered on this day by Crowell merchants in order to help make the day a profitable one for those wishing to save money on everyday items.

The free picture program is made possible by business firms of Crowell.

PRECINCT CONVENTIONS

Democratic precinct conventions were held in Crowell last Saturday by Precincts Nos. 1 and 2, at which time the following delegates to the county convention on Saturday of this week were named: No. 1—W. E. Higgs, W. W. Griffith, Jim Cates and A. D. Campbell; No. 2—M. S. Henry, Leo Spencer, J. C. Thompson, H. D. Poland, G. W. Harrell, N. J. Roberts, J. R. Beverly, Jack Roberts, Jr., Mrs. M. N. Kenner and Mrs. Pearl Carter.

In No. 1, J. R. Ford was named precinct chairman and Garnet Jones, secretary; in No. 2, Leo Spencer, chairman, and N. J. Roberts, secretary.

ONLY 1 MONTH BEFORE OPENING OF SCHOOL HERE

The official opening of the 1934-35 term of the Crowell schools will come on Monday, Sept. 3, just about one month from the present time.

Repair and clean-up work is now going on at both local school buildings in order that everything will be in readiness with the opening of school.

ARSON CHARGE FOLLOWS FIRE HERE TUESDAY

The Crystal Cafe, located in the frame structure next to the Dockins Hotel, was badly damaged by fire at about 4 o'clock Tuesday morning. Principal damage was to the interior of the building and its fixtures. The building is owned by Grady Thacker. The cafe was owned and operated by Floyd Francis and George Meason.

Floyd and Ray Francis, brothers, are now in the Foard County jail charged with arson in connection with the fire. Ray was jailed a few hours following the fire and Floyd was placed in jail late Tuesday after the opening of the court of inquiry on the matter.

J. W. Klepper, justice of the peace, presided over the court of inquiry in which the following officials took part: R. D. Oswalt, county attorney; C. T. Schlagal, mayor; A. T. Schooley, night watchman; W. O. McDaniel, city and fire marshal, and P. D. Moseley, jailer and deputy.

Rubber Gun Injures Eye of Local Boy

J. T. Hueston, 9-year-old son of Mr. and Mrs. Thomas Hueston, is in a hospital at Quanah to receive treatment for his right eye, which was severely injured on Wednesday of last week when struck by a rubber shot from a rubber gun in the hands of a playmate.

He was taken to the Quanah hospital Saturday.

FOARD ELIGIBLE FOR EMERGENCY DROUTH RELIEF

A telegram was received in Crowell last Saturday afternoon from Senator Tom Connally stating that Foard County had been designated for Emergency Drouth Relief under the Jones-Connally Cattle Relief Act.

R. H. Speer of Quanah has been appointed appraiser for cattle in Foard County that are to be purchased by the government in the emergency drouth relief program.

Feed and seed loans are available to farmers and stockmen under the provisions of the emergency program.

Foard was placed in the secondary drouth relief classification a few weeks ago. Foard applied for "Emergency Drouth Relief" early in July and local officials continued efforts each week to have Foard placed in the emergency class until notification was received Saturday that the request had been granted.

Information Received By Administrator on Drouth Relief Work

Bryan O'Connell, county relief administrator, has received the following information from the Texas Relief Commission:

"In both emergency and secondary drouth counties alike, emergency relief will be given to all needy persons and dependents, subject to investigation by the Social Service divisions of the local Emergency Relief Administrations. Existing policies and procedure will be followed, except as otherwise noted in this section.

"Relief shall be given to all needy persons whose available resources are inadequate to provide the necessities of life for themselves and for their dependents."

A definition of available resources was given as follows:

"In determining the extent to which available resources are insufficient, particular attention will be given to:

"a. Cash resources and property convertible into cash, except that applicants must not be required to sell household property or property essential for normal farming operations.

"b. Credit available from private or public agencies, including crop production loans, seed loans, and special government food loans if and when available.

"c. Benefit payments from the Agricultural Adjustment Administration.

"The relief program in both towns and open-country in designated drouth areas will be based primarily upon cash payments for work on approved projects, payable by check.

"As drouth funds are limited and must be divided among 199 counties, the budgets must be held to very reasonable limits. Relief can only be granted to the extent of the budgetary needs."

Methodist Revival Is Attracting Much Interest in Crowell

Much interest is being shown in the Methodist revival that is being conducted here and crowds are increasing as it progresses. Opening last Sunday, the meeting will continue through Sunday night, Aug. 12.

Rev. Hubert Thomson, pastor of the Methodist Church at Tolbert, is preaching for the revival and his excellent messages are proving of real interest.

Mr. and Mrs. Bob Watkins of Hedley are ably leading the musical part of the revival, with Mrs. Watkins as song leader and Mr. Watkins as pianist. Arnold Rucker's local orchestra has also assisted with the music.

BIRTHS

To Mr. and Mrs. Perry Lee Johnson, Crowell, July 31, a boy, Jack Albert.

To Mr. and Mrs. Paul Hayden Ford, Crowell, July 31, a boy. The child lived only a few hours.

QUICK ACTION!

To J. R. Beverly, presiding officer of the No. 2 Northeast Crowell voting box, and his staff of election clerks goes the honor of being the first to bring complete returns to the election result board operated by Reeder's Drug Store Saturday night.

Within four minutes after the closing of the polls at 7 o'clock, the complete returns from No. 2 were being pasted on the blackboard next to the drug store.

T. V. Rascoe, presiding officer of No. 4, the northeast Crowell box, reported shortly afterward with complete returns from his box.

No. 2 and No. 4 are the largest boxes in the county. In the first primary, 815 ballots were cast in No. 2 and 210 in No. 4. Margaret was the next largest with 170.

Besides Mr. Beverly, the following assisted No. 2 in its rapid work. Mrs. M. N. Kenner, Mrs. Arnold Rucker, Mrs. Pearl Carter, Mrs. C. C. McLaughlin, H. K. Edwards, L. A. Andrews, Marion Crowell and Jack Roberts, Jr.

Foard City Revival Begins August 5th

The Foard City Methodist Church will begin a revival of two weeks on Sunday, Aug. 5, with the pastor, Rev. O. C. Stapleton, doing the preaching. He will be assisted by Rev. Marvin Brotherton, pastor of the Margaret and Thalia Methodist churches.

Everybody is invited to attend the revival and co-operate in its success.

Revival at Thalia Church of Christ to Begin Sun. Morning

A revival beginning Sunday morning, Aug. 5, and lasting through Aug. 15, will be conducted by Thalia Church of Christ with Elder Robert C. Jones of Amarillo doing the preaching. Ben M. Taylor of Burk Burnett will lead the singing.

The services will be held each morning and evening at the Thalia union tabernacle. A cordial invitation is extended to the public to attend the revival.

Cotton Measuring Started Tuesday

The work measuring contracted cotton acreage over Foard County was started Tuesday by various community committees. This work is being done to establish proof of compliance with the contract. The remainder of the 1934 rental payment due the producers will be received as soon as this proof is established.

Recently 499 cotton checks, aggregating more than \$22,000.00 were received by Foard cotton contract signers.

Farmers are requested to co-operate in the measuring work to be ready to assist the measuring crew when it arrives.

Church of Christ To Start Meeting Here on Aug. 8th

The annual meeting of the Crowell Church of Christ will begin Wednesday, Aug. 8, and extend to the night of Aug. 19. It will be conducted by Elder R. F. Duckworth of Dallas, who was here last year.

The public is invited to hear Elder Duckworth and to bring their Bibles and note books to the services, which will be held in the open air.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equaled Dr. Miles Anti-Pain Pills. Mrs. Susan D. Keller, Penfield, Pa. I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find they are all using them. Mrs. Martha Lacy, Davenport, Iowa

I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain. Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand. Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain. Mrs. J. L. Kester, Shickshinny, Pa.

SENATE JOINT RESOLUTION NO. 16

Be It Resolved by the Legislature Of The State of Texas: Section 1. That Section 1 of Article 8 of the Constitution of the State of Texas be amended so as to hereafter read as follows: Section 1. TAXATION TO BE EQUAL AND UNIFORM AS TO REAL ESTATE AND TO EQUAL AND UNIFORM AS TO ALL REASONABLE CLASSIFICATIONS OF PROPERTY; AND OCCUPATION AND INCOME TAXES; EXEMPTIONS; LIMITATIONS UPON COUNTIES, CITIES, ETC.

"Taxation of real property shall be equal and uniform. All property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may by general laws make reasonable classifications of all property other than real property for the purpose of taxation, and may impose different rates thereon; provided that the taxation of all property in any class shall be equal and uniform. The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that the occupation tax levied by any county, city or town for persons or corporations pursuing any profession or business, shall not exceed one-half of the tax levied by the State for the same period of such profession or business."

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election, all voters favoring said amendment shall write, or have printed, on their ballots the words:

"For the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations, shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation, and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; and exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family; and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation; and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax, and

THANKS

I wish to express my sincere appreciation for the splendid support given me by the voters of Foard County, in connection with my candidacy for nomination to the Office of County and District Clerk; it has been a pleasure to serve you in that capacity and I trust that I may be able to merit the confidence reposed in me. I assure you that I will do all within my power to efficiently discharge the duties incumbent upon me in a courteous and business-like manner. Again thanking you, I am, Yours for service,

HEALTH REPORT WORK Important Matter

Austin, Texas.—Asked who is responsible for reporting the occurrence of typhoid fever, tuberculosis, measles, whooping cough, diphtheria, scarlet fever and other "catching" diseases to the Health Department, Dr. John W. Brown, State Health Officer, said: "According to the laws of Texas relating to public health, a physician is required to notify the health officer of the city, town or county in which the illness occurs, immediately and in writing, of each case of a notifiable disease that is under his professional care. They in turn notify the State Department of Health."

Loans for General Crop Purposes Now Ready for Farmers

Farmers seeking emergency crop loans for general purposes may now place their applications for such loans with county loan committees which functioned during the spring of 1934 in all of the drought stricken counties of Texas, New Mexico and Arizona. Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office of the Farm Credit Administration at Dallas announced today. Crop loans were discontinued May 31 but the period for receiving applications has been reopened in response to demands from drought stricken sections of the Southwest region, Mr. Sherrill said.

The loan area covers primary and secondary drought counties in the three states. The same regulations which governed spring crop loans will apply. Crop loans are limited to \$250.00 to one individual for general purposes and \$400.00 for summer fallowing or for the combined purposes of summer fallowing and the purchase of seed for winter wheat, winter rye or barley. Loans may not exceed certain maximum allowances per acre in connection with grain, truck and miscellaneous crops.

Outside the drought stricken areas loans may be made for summer fallowing or for the combined purpose of summer fallowing and the purchase for winter wheat, winter rye or barley, but a loan may not exceed the sum

of \$250.00 to one individual. The reopening of the emergency crop loan facilities will not interfere with the making of feed and forage loans in the emergency drought areas from the recently appropriated \$525,000,000 fund. The crop loans, including loans for feed for livestock in secondary areas, are being made from the \$40,000,000 fund appropriated in the Act of Congress approved February 23, 1934; whereas the loans for livestock in the emergency areas are being made from a part of the recently appropriated \$525,000,000 drought relief fund.

If an applicant already has obtained an emergency crop loan during the year 1934, his new crop loan plus the principal amount of the old crop loan must not exceed the \$250.00 limit for general purposes, or the \$400.00 limit for the purpose of summer fallowing. Loans will be made only to applicants who do not have other available sources of credit, and any farmer applying for a crop loan in excess of \$250.00 must submit written evidence from a production credit association that his application for a loan of approximately the same amount has been rejected. The crop loans will be secured by liens on the crops financed, and loans for feed for livestock from the \$40,000,000 fund in secondary areas will be secured by mortgages on the livestock.

Loan committees established in the spring will receive the applications which are given consideration by the committee and Government Field Supervisors and forwarded to the Emergency Feed and Seed Loan Office at Dallas. Supplies are in the hands of the committees in county seat towns and farmers who cannot obtain credit elsewhere are eligible to apply for aid to plant fall cash crops.

Dallas News Writer Comments on Foard's Wheat and Gov't. Aid

Recently the following appeared in The Foard County News: "Close to 300,000 bushels of Foard County's 1934 wheat crop had been brought to elevators in this county up to Thursday morning. Various estimates as to the amount of the 1934 crop remaining in farmers' granaries have been given. A summary of estimates by those keeping in close touch with the local grain crop leads to the opinion that Foard's total wheat production for 1934 amounts to between 360,000 and 375,000 bushels."

In reprinting the above in his column, "The State Press," Joe J. Taylor of the Dallas News commented as follows under it:

"Pretty good for a drought-ridden county. Especially so since the farmer's wheat is worth nearly a dollar a bushel on the wagon. Foard County has a cotton crop coming on, although it may not be coming at excessive speed. Dry weather will end some time. It will end in West Texas, North Texas, all Texas. Cotton is an accommodating crop. It will suffer and suffer and suffer, until it looks as though it must become permanently inviolated. But a shower or two invigorates a dry cotton crop overnight. Then it gets up and humps itself. The best cotton crops in Texas are often made in what are called dry years. If Foard County were dependent altogether on its wheat crop, there might be slim pickings this winter. But there are rent checks, if not rain checks, coming in from Washington, and all counties practically are tasting subsidy. This subsidy is drawn out of processing taxes, by means of which consumers pay more in order that the producers may get more. It looks like something new under the summer sun, but is not as new as one might think. It is the protective tariff working in reverse."

Ben G. Oneal Thanks Voters for Support

Senator Ben G. Oneal of Wichita Falls, who led by more than 5,000 votes in the first primary for the democratic nomination for the State Senate from the 23rd Senatorial District, issued the following expression of appreciation to his friends and to the voters generally in Foard County:

"I wish to express to my many friends in Foard County and to the voters generally my thanks for the large vote they gave me. The returns show that I led by a considerable vote in Foard County the next highest of my three opponents. I am glad to say to my friends in Foard County that I led in all of the other eight counties in the district, with the single exception of Archer County, where Judge Lyons, one of the other candidates lives, and that in that county I was a close second.

"I am deeply grateful to my many friends in Foard County who freely gave their time and effort in my behalf.

"I consider the vote of last Saturday as an endorsement of my record in the Senate and as an expression on the part of the people that they want more business methods and less politics in the State Government."

Chevrolet Produces a Total of 98,147 Units During June

World production of Chevrolet cars during the month of June totaled 98,147 units, making the company's production for the first six months of this year 525,093 units or nearly 50 per cent greater than the first half of 1933, according to an announcement made by the officials of the Chevrolet Motor Company.

Despite this obviously high production for the first half of 1934, there is still a shortage of Chevrolet cars in the field, officials stated. During the month of June more than a dozen solid trainload shipments were moved into as many key cities in various parts of the country in an effort to catch up on unfilled orders. Plans call for duplicating these shipments in additional cities during July.

Chevrolet's production maintained a steady pace during the early part of July. Figures released by company officials today showed that domestic and export production for the week ending July 11 totaled 23,089 units, a better daily average than was achieved in June.

Chevrolet's record-breaking sales continued their advance in June, shattering all monthly records since May, 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Company announced. Retail sales for the month, as compiled from dealers' reports were the basis of the announcement.

A REAL DEATH RAY?

In recent years there have been reports of the discovery of a powerful "death ray" by various persons, but none of them seems to have amounted to anything. This month, however, the famous 77-year-old inventor, Nikola Tesla, announced that he had produced a destructive ray which could be projected many miles, destroying everything in its path.

This mysterious new ray would be of great value as a protection of cities from enemy attack, according to the inventor, who declares it could be projected in vast curtains 100 miles long and several miles high, which would be impenetrable from land or air.

If announced by an unknown inventor, the extravagant claims made for the new ray would hardly be taken seriously. Coming from one of Dr. Tesla's standing they will have respectful consideration, at least.

Born in Europe, Dr. Tesla came to America and became associated with Thomas A. Edison 50 years ago, and is a naturalized American citizen. He has been granted about 100 patents, some of which marked revolutionary advances in the electrical arts. For several years he has been engaged in efforts to solve the problem of electrical transmission without wires.

Dr. Tesla is reported to have expressed his intention to place his death ray at the disposal of the Geneva disarmament conference in the interest of peace. He considers the new invention to be a defensive weapon, whose purpose is to make war a foolhardy venture in the future.

GHOST WRITERS

Demands for more and more speeches, delivered in person and over the radio by high officials and others of prominence, have given employment to many "ghost writers"—clever fellows who actually prepare the speeches for the big shots.

Most of the speeches of leading officials, including even Presidents of the United States, have been written in recent years by these professional "ghost writers."

It's an old trick. From time immemorial alleged personal interviews with celebrities have been prepared in advance by knowing reporters and published as utterances of the celebrity concerned. The same is true of most of the various testimonials for this and that which have appeared as advertisements.

An amusing and somewhat embarrassing incident occurred in 1932, when Franklin D. Roosevelt and Al Smith were candidates for the Democratic presidential nomination. It appears that both had commissioned a group of "ghosters" at Columbia to prepare

speeches for them. When delivered it was discovered that both speeches contained identical clauses.

Other similar instances have occurred. Once former President Hoover and Huey Long used identical phrases in public addresses. It is declared that in one of the late President Coolidge's speeches was found verbatim a clause from a standard encyclopedia. The prize example of the ghost writer's handiwork was exhibited recently when two administration supporters delivered addresses which were alike in their entirety.

So, when you hear a flowery speech in future it may not be unkind to reflect that while you hear the voice of Jacob, the oration may have been written by the hand of a "ghosting" Esau.

Relief Labor May Be Used to Grub

Persons interested in their land grubbed at no cash price are requested to get in touch with the local relief office.

Bryan T. O'Connell, administrator, announces that relief will be used to grub land in change for the wood grubbed it. The person whose land is grubbed will be required to furnish transportation for the relief workers to and from his land and transport the grubbed wood to location in Crowell where it be stacked.

This winter it will be distributed to needy families for use on a basis of the amount of that has been done to secure it.

Mr. O'Connell states that only land that will be grubbed this basis is that which will produce the best wood for fuel purposes.

To the Voters of Foard County:

I take this method of expressing my appreciation for the support given me in the Democratic Primary.

I thank each of you, who assisted in anyway and hope I may be of service to you some way and repay you in small way for your kind consideration. Though I was unsuccessful in my candidacy I do not ill will against anyone, wish to express my sincere thanks to the business men of the Crowell band for their assistance in my campaign.

Sincerely,
 R. D. Oswalt

Weatherall, Self and Campbell Make Most Accurate Predictions

Frank Weatherall of Foard City and A. D. Campbell and J. H. Self of Crowell proved to be the most accurate guessers in the political predictions for the first Democratic primary that were published two weeks ago in The News.

Predictions on the outcome of five races were made by nine local men in this feature, the other six guessers being R. B. Edwards, N. J. Roberts, Dr. R. L. Kincaid, J. R. Beverly, W. T. Gorrell and C. T. Schlagal.

In compiling the predictions these men were first questioned concerning their opinions regarding the leaders from a county standpoint, and second in regard to the outcome for the district or state as a whole.

Weatherall, Self and Campbell each scored 8 points out of a possible 10. Seven each were scored by Edwards and Schlagal, six each by Roberts, Kincaid and Beverly, and four by Gorrell.

Weatherall correctly guessed all five of the state and district leaders, Alfred, Connally, McCraw, McFarlane and Oneal, and three of the leaders in Foard, Hunter, Connally and Oneal.

Campbell and Self predictions were exactly the same, each guessing four state and district leaders, Alfred, Connally, McFarlane and Oneal, and four county leaders, Hunter, Connally, Woodward and Oneal.

The summary of the predictions made two weeks ago was also correct in eight out of the ten cases. All nine men made incorrect predictions in the Congress race from a county standpoint, since George Backus of Vernon led in Foard. Of the 9 men predicting, no one guessed him to lead in either the county or district. Eight of the nine predicted McFarlane to lead both the county and district, while one guessed Spence to do the same. Although he led by a slight margin over Spence in the district, McFarlane ran last in Foard County.

Numerous ideas hitherto considered utterly fantastic have been advanced concerning the possibility of a trip to the moon or to Mars, but it has remained for a society of French astronomers to take the idea seriously from a scientific standpoint.

Funeral Services Last Saturday for Mrs. Lavelle Cagle

Mrs. Lavelle Cagle, 17, daughter of Mr. and Mrs. S. A. Wallace of this city, died last Friday night at 11:45 o'clock following serious illness of a week's duration. She was ill upon her arrival in Crowell to make her home with her parents.

Funeral services were conducted Saturday afternoon by Rev. C. V. Allen and interment followed in the Crowell Cemetery. Surviving are her husband, J. C. Cagle, two sisters, Odell and Lawana Gene, and one brother, Harold Loyd Wallace, and her parents.

Lavelle Wallace was born on Dec. 5, 1916, at Lone Oak, Texas.

Interest Increases in Sanitation Program

Considerable interest is being shown in the revival of the sanitation program in Foard County, according to information from the local relief office. Applications for free labor to be used in constructing new sanitary toilets are increasing each week.

Anyone wishing to take advantage of this excellent opportunity is requested to get in touch with local relief officials at once.

Tent Show to Open Week's Engagement Here Monday Night

A big treat is in store for Crowell theatre goers next week when Jack and June Alfred's Comedians open an engagement of a week here Monday night.

Mr. Alfred is bringing an entire new company, consisting mostly of musical comedy artists whose vaudeville specialties will be more lively than those with similar attractions. Good singing, dancing and comedy will prevail. The plays will also be on the musical comedy order. At the same time considerable care has been taken in selecting clean and wholesome features.

The show proved interesting here last year and is expected to do the same this year. The local fire department is sponsoring the appearance here and will receive a liberal percentage of the proceeds.

AUG. 25 IS DATE OF SECOND DEMO PRIMARY IN TEX.

Saturday, August 25, is the date of the second or "run-off" Democratic primary in Texas. It is expected that as much or more interest will be developed in the second primary than in the first.

From a state standpoint, principal interest will center on Allred and Hunter, candidates for governor, and Woodward and McCraw, attorney general candidates.

Sam Spence and W. D. McFarlane, Congress candidates, may be expected to furnish plenty of political interest in this section of Texas, since both ran a close race in the first primary. Although Ben G. Oneal is more than five thousand votes ahead of his nearest opponent, Ruben Loftin, yet the runoff between these two may be no mild affair.

The district judge's race with W. N. Stokes, incumbent, and L. P. Bonner as the candidate, will be watched with special interest in Foard, Hardeman and Wilbarger counties.

In the Margaret section, the voters will choose either C. L. Payne or T. B. (Bud) Dunn for public weigher.

Absentee voting for the second primary will begin Monday and will come to an end in person on Aug. 22 and by mail on the following day.

M.S. Henry & Co.

TO THE PEOPLE OF FOARD COUNTY:

I wish to thank sincerely each person who supported me in the first primary.

Since there are so many people who do not know me in Foard County, I am proud of the vote I received.

It is my earnest desire to know all of you better, and for you to know me better, in order that you might more accurately judge of my qualifications. To those who do not know me, I should like to refer you with pardonable pride to the expression of confidence tendered me by the vote of my home people among whom I have resided for the last forty years.

I carried each of the five Vernon boxes and received a plurality in said boxes of 278 votes over my nearest opponent. I also received a plurality over my three opponents in Wilbarger County.

With appreciation, I again want to thank you for the splendid vote you gave me in the first primary. To those who did not vote for me in the first primary, I most sincerely solicit your earnest consideration of my candidacy and your vote in the second primary. You want to vote for him who will serve you best. Ask Vernon people who know both candidates for their honest opinion.

Without regard to how you may have voted in the first primary, the support and friendship of all is solicited.

Respectfully,
L. P. BONNER,
Candidate for District Judge, 46th Judicial District.

ORDER OF ELECTION

The State of Texas,
County of Foard.

Whereas, a petition signed by the required number of qualified voters and property tax payers residing in Commissioners' Precinct No. 2, as that political subdivision in Foard County, Texas, is fully described in Volume 4, at pages 180 to 200, both inclusive of the Commissioners' Court Minutes of Foard County, Texas, requesting that an election be had in said political subdivision to determine whether the Commissioners' Court by virtue of Article VIII, Section IX of the Constitution of the State of Texas, and Article 6790 of the Revised Civil Statutes of 1925, shall or shall not levy, assess and collect a Special Road Tax of Fifteen Cents on the One Hundred Dollars valuation of all taxable property situated in said Commissioners' Precinct No. 2, Foard County, Texas:

Therefore, I, Vance Swaim, County Judge in and for Foard County, Texas, by virtue of the authority vested in me by law do hereby order that an election be held on the 17th day of August, A. D. 1934, at the several voting boxes in said political subdivision for the purpose of determining whether the Commissioners' Court shall or shall not cause to be levied, assessed and collected a Special Road Tax of Fifteen cents on the One Hundred Dollars valuation of all taxable property situated in said political subdivision; that said Election shall be held in conformity with the laws pertaining to general elections in so far as they are applicable.

No person shall be entitled to vote at such election unless he or she is a qualified voter under the constitution and laws of the State of Texas and is a property tax payer residing in said political subdivision. All votes of such election shall be by ballot, and the voters desiring to vote for the assessing, levying and collecting said fifteen cent road tax shall have written or printed on their ballots the words "FOR the assessment, levy and collection of said tax," and those opposed to the assessing, levying and collecting said fifteen cent road tax shall have written or printed on their ballots the words "AGAINST the assess-

HOUSE JOINT RESOLUTION NO. 41

Be It Resolved by the Legislature Of The State of Texas:

Section 1. That Section 5, of Article XI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5,000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half per cent (2½%) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2%) thereon; provided further, that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, to be held on the first Tuesday after the first Monday in November, 1934; at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas permitting Home Rule City to alter, amend or repeal its charter every twelve (12) months;" and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

HOUSE JOINT RESOLUTION NO. 42

Be It Resolved by the Legislature Of The State of Texas:

Section 1. That Section 30, Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 30. The duration of all offices not fixed by this Constitution shall never exceed two (2) years, except that the elected officials of a city that has adopted and amended its Charter as provided in Section 5, Article XI, of the Constitution of Texas may, by amendment to such city's charter, hold office not to exceed four (4) years; provided, that when a Railroad Commission is created by law it shall be composed of three (3) Commissioners who shall be elected by the people at a general election for State officers, and their term of office shall be six (6) years; provided Railroad Commissioners first elected after this Amendment goes into effect shall hold office as follows: One shall serve two (2) years, one four (4) years and one six (6) years; their terms to be decided by lot immediately after they shall have qualified. And one Railroad Commissioner shall be elected every two (2) years thereafter. In case of vacancy in said office the Governor of the State shall fill said vacancy by appointment until the next General Election."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State on the next General Election to be held on the first Tuesday after the first Monday in November, 1934, at which election all voters favoring such proposed amendment shall write or have printed on their ballot the words, "For the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years," and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years."

Last Sunday's services were good. The Presbyterian pastor brought a splendid message at our joint-service with them. We worship with them again next fifth Sunday with Rev. Merrill preaching. May these joint-services bring about a finer and more Christian fellowship.

Rev. Merrill will be with us next Sunday. In the afternoon at three o'clock he is to preach at Vivian.

John drew great crowds. He must have been a powerful dramatic figure, his leathern girdle about his loins, eating his locusts and wild honey, and denouncing the eminent Pharisees and Sadducees as a "generation of vipers."

Bruce Barton

Who hath warned you to flee from the wrath to come?

Bring forth therefore fruits meet for repentance: And think not to say within yourselves, We have Abraham to our father: for I say unto you, that God is able of these stones to raise up children unto Abraham.

Jesus felt the contagion of the movement. He also went to John and asked to be baptized, and John looking up and seeing Him on the bank uttered a noble testimony to the sort of boy and young man that Jesus must have been:

I have need to be baptized of thee, and comest thou to me?

It is noteworthy that no sense of guilt or shame appears to have had a part in His religious experience at this point. He did not argue with John about their relative fitness to baptize each other. He felt that the spirit of devotion which was in Him demanded some outward expression, and John's way, through baptism, was the way that presented itself.

It was a wonderful day for Him. He had made His decision. He had put the old life behind Him. John, His popular and powerful cousin, had recognized His inherent power. From thenceforth He would be a carpenter no longer, but a preacher like John, rebuking men for their sins, calling them to repentance. The day ended, night fell, and with it came the reaction. He went away into the wilderness and remained for more than a month in solitude, tortured by questionings and doubts. He felt power stirring within Him. How should He use it, and for what? The Gospel narrative dramatizes that period of self-searching by the appearance of Satan in person, with a three-fold temptation.

And when the tempter came to him, he said, If thou be the Son of God, command that these stones be made bread.

The temptation to use His power for material success—money, comfort, ease.

Then the devil taketh him up into the holy city, and setteth him on a pinnacle of the temple.

And saith unto him, If thou be the Son of God, cast thyself down. The temptation to achieve cheap fame by performing wonders.

Again, the devil taketh him up into an exceeding high mountain, and sheweth him all the kingdoms of the world, and the glory of them; And saith unto him, All these things will I give thee, if thou wilt fall down and worship me.

The temptation to become a political leader, to use the popular discontent and His strategic position as a working man's leader as a tool for His own advancement.

HOT WEATHER TALK

What a wonderful time is summer, with its warm days, cool nights, sunshine, soft moonlight, with all manner of fruits and vegetables growing and maturing for man's use—it's really a wonderful world, now isn't it? Makes me want to stay here always.

I can't help repeating—it's man that is to blame when things go wrong. Nature's law—God's laws are right. Man is almost incapable of making a good law, and, is twice as incapable of enforcing one.

To have ice in summer is a luxury—but we must exercise temperance in putting iced drinks—iced foods into the stomach. One of the most eminent doctors in my state does not drink ice-water at all—and he is never sick.

Do you know why too much ice does harm? Well, our digestive tracts in a normal state, have marvelous power in resisting germs and germ-propagation. We swallow millions of bacteria—millions—that do us no harm. The stomach in a healthy state attends to them. But you chill that stomach—blanch it with ice-water poured into it most of the day, what happens? The stomach ceases to make up its "gastric juice," being chilled and shrunk by the cold—just as cold acts on the surface.

Cold does not kill germs; therefore they thrive in the stomach and bowels—Multiply—often cause appendicitis—and terrific attacks of "acute indigestion" and the like. No, it is dangerous to make a practice of sluicing our stomachs with iced drinks, be it ice-water, beer, soda or other ice-cold beverages. Don't do it.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

Elisha Helps the Needy.
Lesson for August 5th. 2 K

Golden Text: Matthew 25:40

What a contrast is Elisha his fiery, two-listed, flinty predecessor, Elijah. Elisha is a gentle, gracious person who develops himself, like Master, to do a life of mercy. Truly lived in cord with meaning of name, "God Salvation."

Our class opens with appealing of help administered by Elisha to a poor widow whose husband had been a

Now note that Elisha did give money to the woman, wisely enabled her to help herself. "What hast thou in a house?" was his inquiry. One is minded of Peter and the lame who sat at the gate of the temple. The apostle had no funds, but gave the poor fellow something much finer, namely life itself. Thus he lifted him to a plane self-help where he was able work and earn in self-respect.

And what was the widow's reply to the prophet's query? The handmaid said in deep "hath not anything in the house save a pot of oil." No doubt thought this oil was hardly worth mention. But the Bible is tired of assuring us that the we can grow into the large. Here have a graphic illustration of the truth. Elisha instructed the widow to borrow vessels from her neighbors, to shut herself up with her sons, and then pour oil into vessels. She obeyed. And what results? The oil miraculously increased so that there was enough to fill all the vessels!

The lesson here taught is vious. The woman had little. Elisha poured on her a little to work. And to her amount it multiplied many fold! grow through using what capacity God has given us.

H. D. Encampment Enjoyed by 87 Last Week at Local Park

Eighty-seven home demonstration club women and visitors attended the annual women's encampment held at Gribble Park on Tuesday evening and night. After supper the group was divided according to clubs for the roll call. Representatives from each club were selected to compete in a yelling contest in order to determine the order in which roll would be called. Due to the inability of Mrs. A. L. Davis, representative of the Good Creek Club to yell convincingly her club was forced to be first on program by answering roll call with a stunt for the amusement of the rest of the group. The other clubs followed, each putting on a stunt. Following the stunts in answer to roll call, each woman was asked to introduce herself and tell as much of her personal history as she dared. Most of the women confessed to having left the "old man" at home to mind the children while the favorite line of the "old maids" seemed to be that it was through no fault of their own that they had no husbands to leave at home. The "old maids" decided to organize for the purpose of preventing the arrival of the sand man, but were soon forced to yield to a group of married women led by Mrs. Kelly Erwin who had had practice along that line. Eating of fried chicken, ice cream, and iced tea, water fights, ice rubs,

NO AUGUST MEETING

Due to the fact that Miss Holman will be out of the county for some time, the Black girls 4-H Club will have no meeting during August. Members will be notified when the next meeting is to take place.

BLACK H. D. CLUB

The H. D. Club of the Black community met Thursday afternoon, July 26, at the school house, at which time an interesting program on "Women of the Bible" was given. An interesting talk was also made by Miss Holman on "How to Make a Foundation Pattern." The club is getting ready for the wardrobe demonstration for the year of 1935 and all members are asked to keep a record of their clothing expenses beginning Aug. 1, 1934. This record is to be added to the invoice of the clothing on hand. The next meeting will be Aug. 23 at the school house. All members are urged to come and bring new members and visitors. The program will be on "Types of Table Service and How to Use Them." There will be a demonstration on planning and serving a meal also.

SENATE JOINT RESOLUTION NO. 2

Be It Resolved by the Legislature Of The State of Texas: Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows: "Section 61. All district officers in the State and all county officers in counties having a population of twenty thousand (20,000), or more, according to the then last preceding Federal census, shall hereafter be compensated on a salary basis. In all counties of this State the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the then last preceding Federal census, the Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasury where earned, for the account of the proper fund, provided that fees incurred by All State, county and any municipal, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the county as the Commissioners' Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis. Section 2. The foregoing Constitutional amendment shall be submitted to the vote of the qualified voters of this State at the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether County officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis." Doris Oswalt Wins Popularity Event

Miss Doris Oswalt won first place in the popularity contest at the Rialto Theatre Wednesday. She represented the Modern Beauty Shop, Miss Edith Marie Gover, representing Everybody's Food Store, and Miss Elsie Mae Cook, representing Cook's Market, won second and third, respectively.

Others in the contest and the firms they represented were: Madge Moyer, Shelton Grocery; Mabel Lee Eddy, Gulf Station and West Texas Utilities Co.; Elizabeth Kincaid, Phillips "66" Station; Mozelle Lilly, Lilly Motor Co. and Boots Gribble Station; Wanta Jo Ketchersid, Maytag Crowell Co. and Helpy-Selfy Laundry.

FATAL ACCIDENT

Dr. A. G. Blanton and Gene Bailey of Sonora, who was killed in an auto accident last week south of San Angelo, were on their way to visit Miss Vivian Ball of Merton, who was seriously ill in a San Angelo hospital following a tonsil operation. She is the sister of Miss Louise Ball, Crowell High School teacher, who is spending the summer at her home near Merton.

Dr. Blanton was the family doctor for the Ball family and Mr. Bailey was the sweetheart of Miss Vivian Ball.

Information reached friends in Crowell Thursday morning that Miss Vivian Ball passed away on Wednesday night. Her funeral will be held at Sonora on Friday afternoon.

Cream Improvement Program Supported

Educational features of the nation-wide cream improvement program will be carried to the various communities over Texas within the near future through the cooperation of Texas A. & M. and Texas Tech, according to J. E. McDonald, Texas commissioner of agriculture.

Other states are also falling in line with the cream improvement program, which will do much to stabilize the cream industry. Texas' participation in it and help give butter produced in Texas entry into all discriminating butter markets.

Iced Air System Is Installed at Rialto

The Rialto Theatre is now the coolest public spot in Crowell, since it has recently been furnished with an iced air cooling system, lowering the temperature as much as 20 degrees from that on the outside.

While a motion picture program is in progress, cool air is issued at all times through the use of a large fan, a series of sprays and ice.

SUCCESSFUL REVIVAL

A successful Methodist revival came to a close Sunday night at Thalia. Sixteen conversions and reclamations and sixteen new members were received during the meeting of two weeks.

Rev. T. M. Johnson, former Margaret-Thalia Methodist pastor, preached throughout most of the meeting. The revival was opened on July 15 by Rev. Marvin G. Brotherton, Margaret-Thalia pastor.

Don't Shoot!

In case anyone thinks he sees Raymond Hamilton, notorious Texas outlaw, in Crowell in the next few days, we suggest that a good second look be taken before shooting is started, for the person resembling the desperado who recently escaped from the death cell at the Texas penitentiary, may be Buster Smith, former linotype operator for The News, who is now working in a similar capacity at Tipton, Okla., and who is back home for a vacation of a week.

A few months ago Buster was escorted from the Oklahoma line to Vernon by state officials, who exhibited machine guns in persuading Buster and E. L. Draper, local theatre owner, to stop at the Texas side of the Red River bridge. After an investigation of over an hour, the officers were satisfied that Buster was not Hamilton and permitted him to continue his trip to Crowell, where he arrived about two hours late for the birthday dinner that had been prepared for him at the home of his parents, Mr. and Mrs. K. J. Smith.

This incident occurred shortly before Hamilton was captured following a bank robbery that he conducted at a small town near Dallas.

A Victory at Last

R. J. Thomas, Jr., wants his public to know that he has won a golf match and that his victory helped Crowell to upset the Altus club in a recent Texas-Oklahoma Ass'n.

contest at Altus. Unfortunately The News was unable to secure details in its account last week of the Crowell victory over Altus.

As a result R. J., Jr., registered a complaint, stating that he had been listed as a loser in all other results published so far this year and then when he finally won, the notable event was not recorded in a newspaper.

Football Gossip

"This year's team looks to be one of the smartest Eagle aggregations ever gathered together, besides boasting a powerful punch." This is a statement appearing in the Chillicothe Valley News last week in connection with the write-up about the new Chillicothe coach, J. T. Muse, of Sherman who played football at Austin College under Pete Cawthon, who is now coach at Texas Tech.

The article indicated that Chillicothe plans to make a real showing in the District 4-B race, which also happens to be included in the plans of Crowell, Olney, Burkburnett and Seymour.

The manner in which local football candidates are growing, is certainly pleasing to local fans. It now appears that John Cogdell is going to be one of the biggest men on the squad and right now we extend sympathy to players opposing him.

And the way that Mark Saunders' head continues to separate from his feet means that he is sure going to knock down and intercept some enemy passes when he is not crashing through the line to drop an opponent for a loss.

Stanley Womack is going to run All-District Bill Dunn a close race as the heaviest Wildcat this season, so it seems. We believe that Stanley is going to be a valuable man to the squad.

All that Sam Crews, Jr., has lacked in the past has been several more pounds and apparently he has them now. We can't say just what game it will be, but we expect to have an account of Sam running 43 yards for a touchdown in The News next fall.

Lack of space does not permit a discussion of some of the other candidates, however, pre-season

dope has it that Dick Todd will probably be able to make the regular line-up during the coming season.

Weather Dept. Abandoned

Since the disastrous prediction concerning rain a few weeks ago, the "Weather Department" of this column is abandoned indefinitely.

John S. Ray states that the hottest day that he has ever known in the history of Foard County came on Sept. 4, 1893, when the thermometer registered 112 right at sundown.

We learn from the 1913 papers that about the hardest rain in the county's history came at this time of the year. A brief account of it appears in the 15-year-ago column this week.

INFORMATION RECEIVED ABOUT BIRD KILLED NEAR THALIA WITH BANDED LEG

Emmett A. Howard received a letter from the U. S. Bureau of Biological Survey concerning the banded white necked raven that he killed in a maize field about 5 miles south of Thalia on July 6.

The Bureau stated that the raven was banded at Seymour on June 15, 1932, by Shaler E. Aldens. Important information concerning the migration of various kinds of birds is secured by the government through the banding of their legs by persons co-operating in this respect throughout the nation.

Anyone killing any kind of bird with a band about its leg is requested to follow the instructions given on the band.
