

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

VOLUME XXXVIII NO. 34

CROWELL, FOARD COUNTY, TEXAS, FRIDAY FEBRUARY 14, 1930

10 PAGES \$2.00 A YEAR

## PLANTING OF MORE FEED IS BEING PUSHED

### MANY GETTING BEHIND MOVE TO INCREASE FEED ACREAGE IN FOARD COUNTY; MANY ADVANTAGES GIVEN BY LOCAL FARMERS

Last week the News published an article in which a number of farmers and business men of Foard County advocated the move for more feed for Foard County farms. This was done as the result of a few requests of interested parties in this matter who believed that the local newspaper should exercise considerable influence along this line by putting the facts before the people.

The results have been better than we even expected and every day we hear comments from both farmers and business men to keep pushing the "Plant More Feed" campaign.

Fred Rennels, county agent, is exceptionally interested in the plan for more feed and has taken it upon himself for many years to push this very proposition.

"Judging the future by the past, we could use profitably twice as much feed as we have been producing," he stated. "You seldom see a man that has a barn full of feed grown on his farm that is not prosperous. The most prosperous farming sections of the state are the sections that produce plenty of feed. The Plains section has learned this lesson and every year raises more feed than it needs."

**Cattle Feeding Advocated**  
In speaking of this situation, Chas. Gafford, prominent Foard County farmer, stated many Foard County farmers could afford to plant more acreage to feed crops for the purpose of feeding out a few calves for market each year. Mr. Gafford thinks that a feeding operation of this kind would be one of the most prosperous moves that the farmers of this section could make.

Not only could cattle be fed profitably by this method, but the soil fertility would increase as a result, he stated. In Denmark it has been found that the manure applied to the ground as fertilizer from a ton of cotton seed meal is worth approximately as much as the meal is itself when applied to the soil, and cotton seed meal is considered one of the best fertilizers known.

**Haney and Morris Advocates**  
C. B. Morris of Thalia is one of the strongest advocates in this section for more feed and expressed the opinion that the campaign for more feed should have been pushed years ago. Mr. Morris raises plenty of feed on his farm near Thalia and also raises a great deal on his farm near Clarendon which is operated by his brother, L. O. Morris.

Ten dairy cows and many hogs are fed on this farm. This year Mr. Morris is planning to raise more feed than ever and has already made arrangements to plant a considerable amount of deep root sure-cropper corn. He had splendid results with corn this year, making 25 to 30 bushels per acre on late corn.

T. M. Haney is another Thalia man that is an enthusiastic backer of the feed proposition. He has three farms in this section containing 700 acres. The two 200-acre farms are planted fifty per cent in feed each year and one-third of the 300-acre farm is planted in feed. Each year he rotates the crops and keeps his land in good shape. "Foard County ought to raise twice as much feed as it does," Mr. Haney said.

**Tractor Farming**  
While a News reporter was in the county agent's office Saturday afternoon when a number of farmers were present, one man brought up the question as to whether the planting of a lot of feed would cause the farmers to discard progressive tractor farming. All of the others present promptly answered that it would not, since the most profitable method of raising feed was by the tractor and then converting the feed into suitable livestock and livestock products. It was pointed out that the leading dairy sections of the state were the ones that had more tractors than the average section and that far more feed was raised in these sections than anywhere else.

A great many have expressed their opinions on the feed proposition and no opposition has yet been heard to the fact that Foard County should produce much more feed. It seems to be the consensus of opinion that Foard County should double its acreage in feed this year.

**W. Klepper Candidate Justice of Peace Office**

W. Klepper has asked the News to announce that he is a candidate for the office of Justice of the Peace, District One, of Foard County, subject to the action of the Democratic primary in July.

W. Klepper is one of the oldest residents of this section and needs no introduction to the people of Foard County. He came here in 1886 and since made Crowell and Foard County his home. He stated that he would appreciate any consideration his candidacy.

T. Henson and family of Eleebere here for a visit Sunday with daughter, Mrs. Faye Beidleman returned Sunday accompanied by Mrs. Beidleman who will visit them for a time.

## Chick Hatchery to Begin Operation in Crowell on Monday

Crowell's first chick hatchery will be open for business Monday. The hatchery was to have opened over a month ago but did not due to delay in shipment of the new incubator. Installation of the new Buckeye 18,000 egg, electric incubator is now taking place in the Fox building on the north side of the square.

Adam Donges of Vernon, owner of the local hatchery, was here to supervise its installation. He is also the owner of the Vernon Hatchery and Poultry Farm, where he has built up a very successful business.

D. Moses of Vernon will operate the local hatchery. He and his family are now making preparations to move here.

The new enterprise should prove of great value in developing the Foard County poultry industry and the need of a hatchery for this city has been felt for many years.

## County Meet Dates Are Set for March 21-22

An executive meeting of the Foard County Interscholastic League was held Tuesday afternoon in the court house. The dates for the county interscholastic meet were set for Friday and Saturday, March 21 and 22. Other business was transacted and discussions on several subjects made.

Those present were: Mr. and Mrs. W. C. Jones, Mrs. Ruth Abston, H. R. Hartman and Miss Margaret Morris of Thalia; I. T. Graves, Grady Graves and Henry Black of Crowell; John Hugh Banister of West Rayland; T. R. Cox, Misses Claudia Carter, Ola Carter and Cora Carter of Margaret and Mrs. Charles T. Tucker of Foard City.

## THALIA IS WINNER OVER CROWELL IN GAME AT VERNON

In what is claimed to be the most exciting basketball game ever played in Vernon, Thalia defeated Crowell 28 to 27 in the Vernon High School gymnasium Saturday night. A large crowd of both Crowell and Thalia people were present for the contest, which was one of the games being played for the county championship.

Thalia led the first quarter by the score of 8 to 7. Crowell overcame this lead and at the half was leading by the narrow margin of 13 to 12. Thalia completely outplayed Crowell in the third quarter and scored six points while Crowell was scoring only one point. A sensational shot from over half the distance of the large Vernon gymnasium, by Bill Awbrey of Thalia in this period was one of the outstanding features of the game.

A more exciting last quarter could never have been played and when the game ended the score was declared tied, although there was some dispute as to the exact score, however it was agreed to let the score stand at 25 and 25 and play an extra period to determine the winner.

Soon after this period started, Burrow scored a field goal and it seemed certain that Crowell had the game won until in the last forty seconds, Phillips scored a free goal as the result of a personal foul on a Crowell player. With the score standing 27 to 26 in favor of Crowell, Awbrey scored two more foul goals to win the game. One of these was made in the last four seconds of play as the result of a technical foul on Crowell.

Bill Awbrey of Thalia was without a doubt the outstanding star of the game. Out of eight tries he scored seven foul goals and three sensational field goals for a total of thirteen points, an exceptional feat when it is considered that he plays a guard position.

The absence of Middleton from the Crowell line-up due to sickness was greatly felt. Crowell had two men, Ragsdale Lanier and Guy Todd, to go out of the game on account of making four personal fouls and Thalia had one, Wisdom, to go out for the same reason. A technical foul resulted against Crowell each time that two substitutes went into the game due to minor mistakes.

Thalia scored 8 free goals out of 13 tries while Crowell scored only 7 out of 17. Spears dropped the ball through the basket at two different times on free goals but the points failed to count due to his stepping over the line.

**Individual Scoring**

THALIA			
	G	FT	F
Wisdom	2	0	4
Phillips	2	1	1
Keese	1	0	0
Taylor	2	0	3
Gray	0	0	3
Awbrey	3	7	3
<b>Total</b>	<b>10</b>	<b>8</b>	<b>17</b>

CROWELL			
	G	FT	F
Spears	2	0	1
Lanier	1	2	4
Patton	0	0	1
Burrow	4	1	2
G. Todd	2	3	4
Wozencraft	0	0	0
J. Todd	1	1	1
<b>Total</b>	<b>10</b>	<b>7</b>	<b>13</b>

Referes—Awbrey Foster of Vernon. Technical fouls—Crowell 2.

## CITY COUNCIL LETS PAVING CONTRACT FRI.

### PLAINVIEW FIRM IS SUCCESSFUL BIDDER ON TEN BLOCK PAVING PROGRAM FOR CROWELL; PAVING TO START APRIL 15TH

The Jordan-Hall Construction Co. of Plainview was the successful bidder on the Crowell paving program at a meeting of the city council last Friday night. The paving program includes ten blocks, four of which run north and south on the east side of the court house square, as far north as the Christian Church, and six blocks, from Self Motor Company, east to the railroad crossing.

In the successful bid, agreement was made to furnish concrete paving at the cost of \$2.45 per square yard; earth excavation at thirty-five cents per cubic yard; curb and gutter at eight-fifty cents per linear foot, and re-enforcing steel at five cents per pound. Adiscount of seven per cent for cash was also specified in the Jordan-Hall bid. It was estimated that the total cost of the paving program would be about \$60,256.50 for the ten blocks. J. N. Jordan of Plainview, represented the Jordan-Hall Company at the meeting here.

The engineer's specifications called for 22,400 square yards of concrete paving, 7,468 cubic yards of earth excavation and 3,250 linear feet, combined curb and gutter.

The Lacy Paving Company of Dallas, represented by J. B. Dunlay, and the Asplund Construction Company of Amarillo, represented by W. N. Porr, also bid on the work. One bid agreed to pave for \$2.49 per yard while the other bid was \$2.57. The bid of the Amarillo firm, which was the next highest, provided 88 cents for combined curb and gutter; 40 cents for earth excavation, ten cents for steel, and a three per cent discount for cash.

Considerable detail work on the program is yet to be completed and it is expected that paving will not start before the middle of April. Byron Reese of this city is acting as engineer on the proposition.

The paving on the four blocks running north and south will be full width. The state highway department will pave eighteen feet of the street from the railroad to Self Motor Company as this amount is already included in their paving program on Highway No. 28, or the Lee Highway. The property owners are to pave eighteen feet on each side of this, giving a total width of 54 feet of concrete paving on this street.

J. N. Jordan, the successful bidder, is well known to many people here, as his firm completed the other paving in this city. At that time his firm was known as Jordan Construction Company. His son, R. C. Jordan, will likely have charge of the work here.

## First Living Room Judging Completed

Initial judging in the Foard County living room contest was completed Tuesday by the following judges: Mrs. Oscar Bonam, Mrs. S. S. Bell and Mrs. T. B. Klepper, accompanied by Miss Virginia Freeman, home demonstration agent.

Nine women of Foard County have living rooms entered in this contest and the judging that has just been completed was done before any improvement had been made. About April 15th, judging will again take place and the winner will be determined by the greatest amount of improvement made on the least amount of money.

The following Foard County women are entered in the contest, according to Miss Freeman: Mrs. Cap Adkins, West Rayland; Mrs. C. B. Morris, Thalia; Mrs. E. A. Dunagan, Gambleville; Mrs. Vernon Pyle, Gambleville; Mrs. J. B. Rasberry, Vivian; Mrs. Tom Russell, Catesville; Mrs. Henry Ayers, Ayersville; Mrs. J. R. Merriman, Foard City; and Mrs. Grover Owens, Claytonville.

The winner of the county contest will compete in the district contest and the winner there will compete in the state contest.

Mrs. Ella Rucker returned last Saturday from Vernon where she had been working for the past six weeks in the office of the county tax collector.

## Your Last Chance!

If you have not renewed your subscription to the News, Saturday, February 15th, is your last chance to take advantage of the \$1.50 rate. After that the regular rate of \$2.00 will be in effect.

Due to the bad weather in January, the News extended the bargain rate for two weeks and now feels that everyone has been given a fair opportunity to save 50 cents on the yearly subscription.

Remember, after February 15th the rate of \$2.00 will be charged everyone.

## Civil War Veterans Find That They Were In Battles Together

Spring's advance agent, T. D. Bull, Civil War Veteran, arrived in Crowell Sunday for a visit with his daughter, Mrs. J. W. Jones. This makes the third straight year that Mr. Bull has arrived in Crowell at about this time and his visits are now reminders to the people that Spring is just about here. He has been spending the winter with relatives in Sulphur, Duncan and Lindsay, Oklahoma.

According to Mr. Bull the most interesting event that has occurred during his present visit here was the acquaintance he made with W. J. Teaff of O'Brien, who is here visiting his daughter, Mrs. J. H. Lanier. Mr. Teaff is also a Confederate veteran.

After meeting each other Tuesday afternoon, the old ex-soldiers started a conversation about the Civil War and it was learned to the surprise of both that they fought side by side, so to speak, during the greater part of the war.

Mr. Teaff was with the Missouri troops of the Confederate forces and Mr. Bull was with the Texas troops and both forces took part in every important battle on this side of the Mississippi River during the four years of fighting between the North and South. Mr. Bull was in the cavalry and Mr. Teaff was in the infantry.

For the past two years that he has been here, Mr. Bull has taken dinner with C. B. Garlinghouse, a veteran of the Northern forces, that fought directly against the forces of which Mr. Bull and Mr. Teaff were members. Mr. Bull even took a shot at a group of four men in which Mr. Garlinghouse was included during the war, an account of this event being given in the News about two years ago, along with articles and pictures of the two men in various other publications.

These two veterans of opposite forces are now the thickest of friends and greatly enjoy their association with each other. In speaking of this situation Mr. Bull stated, "we weren't mad at each other during the war as both sides were just doing their duty, and about the only fighting that took place was in battle. If two soldiers of opposing armies met individually a friendly conversation followed usually instead of a duel."

Mr. Bull is now the only survivor of the 119 Texans who joined the cavalry from Denton on June 10, 1861, when he was 16 years old. Of this group only 17 returned home after the war, and many of them were wounded.

## THIRD OIL WELL FOR W.S. TARVER IS BROUGHT IN

The Tarver No. 3, just one location north of the Tarver No. 2, more commonly known as the Tarver-French lot, came in for what is believed to be the best well in the Thalia field last Thursday.

It is now estimated that the well is capable of producing more than 150 barrels daily. After being brought in the well flowed at a rapid rate on its own accord for some time.

The new test was drilled by the Fain-McGaha Oil Company and the Shell Petroleum Corporation. It makes the third oil well for the W. S. Tarver farm, all of which are now on pump. There are now seven wells in the Thalia field that are pumping into the Sinclair pipe line, that runs to the Elkhorn field where it connects with the major lines.

The rig over the new well has been skidded to a new location by Fain-McGaha.

It is reported that a gas well will likely be made out of the Wich-Tex test since there are over twenty million feet of gas in this test.

## T. J. B. Hough Funeral Held Last Thursday

Funeral services for T. J. B. Hough, who died February 5th at his home, ten miles south of Crowell, were held at the Crowell cemetery February 6th at 3 p. m. with Rev. E. J. Osborn, pastor of the Crowell Methodist Church, officiating. Mr. Hough was a member of the Foard City Methodist Church.

pall bearers were A. Weatherall, Elden Crosnoe, Will Ferguson, O. N. Baker, Claude Callaway and Owen Rader.

Mr. Hough is survived by his widow, four children and one sister, Mrs. Etta Howard of St. Paris, Ohio. The children are W. R. Hough of Texline; Chas. H. Hough of Floydada, J. A. Hough and Mrs. G. W. Watson of Crowell. Seventeen grandchildren and one great grandchild survive the deceased.

## P. D. Chaney to Put in New Filling Station

P. D. Haney of Vernon has purchased a half block from A. D. Campbell, on the Lee Highway, about three blocks east of the square, where he will establish an independent wholesale oil station and filling station.

He will represent Falls Refinery of Wichita Falls. Mr. Chaney is well known in Crowell and Foard County, having been county agent here before Fred Rennels.

## FOARD COUNTY LIBRARY NOW IN OPERATION

### COUNTY FEDERATION OF WOMEN'S CLUBS SPONSORS NEW INSTITUTION WITH HEAD-QUARTERS AT OFFICE OF COUNTY TREASURER

A public library for the use of Foard County people has just been inaugurated under the name of the Foard County Library, with headquarters in the office of the county treasurer, Miss Margaret Curtis, who is also acting as librarian. This new institution is sponsored by the Foard County Federation of Women's Clubs and is meant for the use of the entire county.

An effort is being made to secure as many members for the library as possible and all of the dues for this purpose will be used in improving an enlarging the library. The dues for one year are only one dollar and are made as low as possible in order that the public in general will have an opportunity to read the best literature at a minimum of cost, according to Mrs. M. S. Henry, who was president of the County Federation last year when the move for a library was started.

Books of fiction as well as the best reference books will be kept in the library. The Federation has already purchased a set of James Oliver Curwood's books and the Times Encyclopedia and Gazette, set of ten volumes. Over one hundred volumes are now included in the library and new books are being added continually.

**Reception for Books**  
A reception will be held at the home of Mrs. M. S. Henry on February 22nd, from 3 p. m. to 5 p. m., for the purpose of securing new books for the library. Each guest is expected to bring a book for a cash donation if a book is not brought.

It is hoped that anyone who has good books for which they have no further use, will donate them to the library for they can then be made available to hundreds of people.

A special committee of the Federation is to pass upon all books that go into the library in order that the people, especially children, can not get a book from it that is morally harmful.

In commenting upon the library Mrs. M. S. Henry stated, "We are starting this library in the hopes that some day the county will see fit to take it over and make it one of which we shall all be proud. Many libraries in West Texas are already operated by counties, especially in the sections where there are no cities large enough to support a good city library."

While the new institution has started out on a small scale, yet it is one of the most forward steps that has yet been made in the county, as a good library is of inestimable value to the public. From year to year the library will continue to grow and will naturally become of greater value with the passing of each year.

The Columbian Club of this city has already donated its entire private library and a number of other gifts have been made. It is hoped that the library will be maintained on a self-supporting basis and the women's clubs are going to do all possible to see that it is.

A committee, composed of Mrs. M. S. Henry, Mrs. Claude Callaway, Mrs. T. W. Cooper, Mrs. C. B. Morris, Mrs. W. B. Johnson and Mrs. B. W. Self, has framed the following library rules:

1. Membership fee for residents—\$1.00 per year.
2. Membership cards for family privilege only.
3. No books read without presentation of library card and no card transferable.
4. Deposit of non-residents—\$2.00 per year.
5. Amount of five cents per day to be paid on books by non-residents.
6. Reference books may be kept for three days only.
7. Ordinary fiction may be kept for ten days.
8. New fiction may be kept five days.
9. Fines on all books kept over time—10 cents per day.
10. Readers shall re-imburse library for books lost.
11. No person allowed more than one book at a time.
12. All money taken in by librarian to be used for maintenance of library only.

## Investment Men Are Visitors in Crowell

F. J. Vandenberg of Dallas and J. G. Chrisman, appraisers for the Freeman-Lindsay Investment Company of Dallas; H. W. Sadler of Dallas, general manager of that company; and J. M. Firestone, manager of the Midland Life Insurance Company of Kansas City, Missouri, were business visitors in Crowell Saturday and Sunday.

The men were well pleased with this section. Some of them already have investments here and others were investigating conditions here.

Frank Shirley of St. Louis, Mo., is here visiting in the home of his brother, Paul Shirley. He has recently returned from Johns Hopkins Hospital where he was under treatment for some time.

## Home Demonstration Clubs Held Meeting in Crowell Wed.

The women's home demonstration clubs of Foard County held an unusually interesting all-day meeting in Crowell Wednesday with seventy-nine women present. The program for the meeting went off as originally announced, according to Miss Virginia Freeman.

After leaving their covered dishes at the Baptist Church, the women assembled in the District Court room for the morning session which was called to order by the council chairman, Mrs. Henry Ayers. Following a few songs and after repeating the Lord's prayer in unison, Miss Freeman, home demonstration agent, made a few announcements, after which J. E. Atcheson, county judge, made a talk.

"The Woman's Place in the Community," was the subject of a talk that followed by Mrs. C. B. Morris. The group adjourned for lunch after a talk by Mrs. Jina Cates on "The Value of Lincoln's Life to Humanity." The delicious covered dish luncheon was served in the basement of the Baptist Church.

Mrs. Hub Speck was on the program for the first talk in the afternoon and spoke on "A Gracious Hostess." Mrs. John Ray discussed "Essential Parliamentary Laws that Every Club Woman Should Know." After her discussion Mrs. T. W. Cooper gave a history of her club to the present time and this followed by a reading by Mrs. Melvin Moore, "Egg Selection, Incubation and Care of Baby Chicks," was the subject of a talk by Fred Rennels, county agent, that followed.

A musical number arranged by the Foard City Club was next given and Mrs. E. A. Dunagan concluded the official program with a discussion of the plans her club was making for the year.

After a general discussion in which many members took part the meeting adjourned.

## ALL LEE HIGHWAY GRADING WILL BE COMPLETED SOON

Oran Spear, contractor for the grading and drainage structures on the Lee Highway from Crowell west to the Cottle County line, stated all of this work would be completed by either Saturday night or early next week.

As soon as the work is completed the entire new road will be thrown open to traffic. There is not a square turn in this new route and much time can be saved in traveling from Crowell west. Not only has the mileage been decreased, but dangerous curves and bridges that existed on the old route, are not to be found on the new road.

Mr. Spear is preparing to move his crew and equipment into Childress County where he has a contract for grading work on a highway out of Childress toward Wellington.

## Former Vivian Boy Marries at Houston

William A. Young, former Foard County boy, and son of Mrs. H. Young of the Vivian community married Miss Blanche Orlean Hutton, daughter of Samuel L. Hutton of Houston, in that city last Wednesday evening in a ceremony at the Grace Methodist Church, with Rev. H. T. Cunningham, reading the service.

According to an article from the Houston Post-Dispatch, Langdon Hutton, brother of the bride, attended the groom as best man. The ceremony was followed by a reception at the bride's home, after which Mr. and Mrs. Young left for a bridal trip and upon their return they will be at home at 1016 Albrecht, North Norhill.

Mr. Young is employed in the mailing division of the Houston postoffice.

## Mrs. W. S. Bell Will Open Lake for Fishing

Mrs. W. S. Bell has announced that the 40-acre lake on her place, six miles southeast of Crowell, will be open to the public for fishing on Saturday, February 15th, for a period of two months to April 15th. A small charge will be made to parties wishing to fish. Season tickets as well as individual tickets will be sold.

The lake is well stocked with cat, crappie and bass and this season marks the first time that it has been open to the public.

## District Court Will Open in Crowell Mon.

The February term of district court will open in Crowell Monday with W. N. Stokes of Vernon presiding as district judge for the first time in Foard County. He was appointed to succeed the late Robert Cole by Governor Dan Moody.

Around seven hundred suits will be passed upon at this session of court. No cases of unusual interest are to come up on either the civil or criminal docket the way things look at present. There are about 14 cases listed on the criminal docket and about 29 on the civil docket.

WEST RAYLAND (By Special Correspondent)

The West Rayland boys and girls basket ball teams played Five In One teams at Five In One Tuesday. The Five In One teams won both games. The girls' scores were 15 and 3 and the boys' were 26 and 15.

C. A. Gloyna and family went to Lockney Monday where they will make their home.

Junior Belew has bronchial pneumonia.

Charlie Ladd and family are moving to Fort Worth this week.

Miss Ruth Freudiger was given a farewell party at the home of Miss Emma Schroeder Friday night. Those present were Cecil and Oneta Boatman, Frank, Maurine and Gypsy Farrar, Paschal Belew, Ruth Johnnie, Woodrow, Jesse and Fern Freudiger; Velma Ladd; Loyd, Jim, Merle and Geraldine Whitten; Bertha Dunson; Elijah and Thelma Young; Iva Ruth Butler; Juanita Huntley; Jesse and Eula Mae Gregg; Homer Cribbs; Myrtle, Ray and Melvin Flinn; Toy Prescott and Mr. and Mrs. Alfred Schroeder.

Mr. and Mrs. Horace Young returned from the Rio Grande valley Wednesday night.

R. B. Prescott has purchased Fred Belew's property on W. A. Walker's farm and will live where Mr. Belew now lives.

J. F. Belew and family are moving to Levelland.

Mason Brown of Childress spent

Thursday night with J. E. Young and family.

Mrs. Jessie Beazley of Friona is visiting her son, A. T. Beazley.

Mrs. Buck Clark gave her husband a surprise birthday dinner Sunday. Those present were Luther Ward and family, Mr. and Mrs. Sam Kuehn, L. D. Mansel and family of Rayland and Mr. and Mrs. J. D. Long and Mr. Womack of Burkburnett.

Joe Huntley and family moved Wednesday from the C. A. Burris farm to Mrs. J. R. Flesher's place. M. H. Doans and family moved last week to the house vacated by Joe Huntley and family.

Mrs. J. M. Adkins was on the sick list last week.

R. B. Prescott visited relatives at Harrold Sunday.

Alvin and Kathlene Williamson of Vernon spent Saturday night and Sunday with George Adkins and family.

Bessie Tole of Fargo spent the week end with home folks.

Sam Tole received a message last week that his daughter-in-law, Mrs. Ernest Tole was very low. Mr. Tole and Mr. Stallings left immediately for Roswell, N. M., to be at her bedside. She is reported some better.

Mrs. L. L. Leeth, who has been visiting her daughter, Mrs. Elmer Key for some time returned to her home at Alvord Tuesday.

Wallace Scales and family visited his mother, Mrs. N. H. Scales in Crowell Sunday.

J. H. Freudiger and family are moving to Baileyboro where they will make their home.

Elmer Gunn of Thalia moved on Wallace Scales' place Monday where he will help Mr. Scales with his crop.

Mrs. Will Morris and daughter of Lamesa spent from Saturday until Monday with her sister, Mrs. R. F. Derrington.

LIKE A FRIEND FROM HOME

Mrs. Len Johnston and family have moved from their home in Mayfield, Oklahoma, to Sweetwater, Oklahoma. Only just recently they moved to Mayfield from the B. J. Smith farm near Crowell.

In her letter telling of her new address, Mrs. Johnston wrote: "We are strangers here and of course we are lonely and when the News comes it is like a friend from Crowell visiting in our home."

Hail storms are frequent and severe in subtropical regions and are rare in the coldest parts of the earth.

VIVIAN

(By Special Correspondent)

Mr. and Mrs. Harry Adams, Mr. and Mrs. R. B. Adams and small daughter of Vernon spent Sunday visiting in the home of Mr. and Mrs. W. O. Fish.

Mr. and Mrs. George Alexander and daughter of Paducah spent Sunday with Mr. and Mrs. Aubrey Alexander.

Mrs. Robertson, who has been on the sick list, is improving at this writing.

Miss Rosalie Fish returned home Thursday of last week after spending several days visiting Miss Bernice Walling of Vernon.

Mr. and Mrs. Will Hambrey, Jasper Tanner and Claude Tucker left Monday for Oklahoma where they will work.

Mrs. W. H. Adams of Crowell is here visiting her daughter, Mrs. W. O. Fish.

Mr. and Mrs. M. H. Bishop have moved from the Vivian community to Sweetwater.

Mr. and Mrs. Allen Fish and Mrs. E. L. Redwine were visitors in Paducah Thursday of last week.

Herbert Fish spent from Tuesday until Thursday visiting in the home of Mr. and Mrs. A. L. Walling of Vernon.

Crowell visitors from this community Saturday were: Mrs. J. B. Raspberry and children, Mr. and Mrs. B. W. Matthews and children, A. J. Tanner, Roy Young, Egbert Fish and family, Bonnie Bowen and Mr. and Mrs. Myer and family.

Mr. and Mrs. Jim White and children of Crowell spent Sunday visiting relatives in this community.

Mr. and Mrs. W. O. Fish and son, Billy, spent Thursday of last week in the home of Mr. and Mrs. Ed Adams of Crowell.

J. H. Lewis made a business trip to Paducah Saturday.

Mrs. Egbert Fish and daughter, Rosalie, spent Monday afternoon visiting Mrs. Frances Cox.

Everyone is invited to attend Sunday School here Sunday morning at 10:30 o'clock.

Mr. and Mrs. Jess Dishman and daughter, Effie Pauline, spent Saturday night and Sunday with her parents, Mr. and Mrs. W. L. McLaren, of Paducah.

MARGARET

(By Special Correspondent)

The P. T. A. sponsored a program in connection with their business meeting Friday night. A good crowd was present.

Mrs. Henry Blevins was hostess to members of the Gambleville Home Demonstration Club here Thursday. Those present from Gambleville were: Mesdames E. A. Dunagan, E. W. Burrow, Vernon Pyle, F. J. Jonas, Alfred Derrington, Edward Brock, Jim Bailey, Fred Diggs, Dave Solis, and Herman Bryant. Others present were the hostess, Miss Virginia Freeman of Crowell, Misses Iola Choate, Ella Maye Blevins, Mrs. G. M. Sikes and Mrs. W. T. Blevins, all of Margaret.

Mr. and Mrs. Curtis Bradford and son, C. F., have been visiting in Burkburnett.

Mr. and Mrs. Bill Ewing, Mrs. Orva Jolly and children, Brooksie and John William, all of Quanah visited relatives in this community during the week-end.

Mr. and Mrs. J. W. Hukill and son, Charles, of Littlefield have been visiting their daughter and sister, Mrs. C. L. Cavin, and family.

Misses Juanita and Oleta Thompson of Foard City spent Saturday night and Sunday with Misses Ruth and Ruby Smith.

Mr. and Mrs. Alvin Hysinger of Olton, Texas, are visiting relatives here.

L. C. McGinnis and S. W. McGinnis and family of Blair, Oklahoma, visited in the A. L. McGinnis home here Sunday.

Ed Taylor is visiting his daughter, Mrs. Muel Trout, at Miami. He was accompanied by Miss Ramona Taylor of Chillicothe, who will spend several weeks visiting Mrs. Trout.

Miss Emily Ellen Reinhardt, who has been visiting Mr. and Mrs. Alvin Hysinger at Olton has returned home.

Miss Alma Wesley returned to Quanah Sunday night after spending the week-end with her parents. She was accompanied to Quanah by Misses Ella Maye and Geneva Blevins, and Messrs Fred Taylor, Carl Ingle and John Wesley.

Misses Edith and Eva Carter entertained a large number of their friends with a party Saturday night. Everyone present reported a very enjoyable evening.

Miss Mattie Russell entertained several friends with a dinner at her home Sunday.

Mrs. Sude Bradford visited her daughter, Mrs. Clint Arwine, in Electra last week.

Harris Orr has been visiting his niece, Mrs. Florence Cato, at Vernon. Joe Orr and Henry Blevins were Vernon visitors Saturday.

Grandpa John Wesley left Friday for Oklahoma City to meet his wife who is visiting their daughter. They will return home in a few days.

GAMBLEVILLE CLUB

The Gambleville Club met February 6, 1930, at the home of Mrs. H. R. Blevins.

Meeting was called to order by the president. Roll call was answered by favorite artists. Eleven members were present and four visitors.

Miss Freeman gave an interesting demonstration on pictures. The club adjourned to meet at the home of Mrs. Edward Brock on February 20, 1930.—Reporter.

The lichen, which appears to be one plant, is really two; one being a fungus which provides support and protection for the other which manufactures the food for both.

Clothes pins of rustless metal are a novelty which, it is claimed will not tear the most fragile of textiles.

Blue stain in wood is caused by minute fungi.

A CARLOAD OF FARMALLS JUST RECEIVED

McCormick-Deering Farm Machines

Read What This Owner Says About His FARMALL

"I want to express my thanks for the kindness and help rendered me when you sold me the Farmall Tractor.

"I had told you that I could not farm without a tractor but could not think that the Farmall would do all that you recommended it to do.

"But after seeing the Farmall do the work, I at once became interested and bought. I want to say to you that this tractor has already paid me big interest on the investment. It paid for itself some two or three times over in the 1928 crop. I understand that you now have Farmall equipment to do most any job on the farm. I am going to get a mowing machine and the sweep rake, and am thinking now of buying another Farmall this year.

"Last year I cultivated 105 acres of corn in three days and did it about 50% better than I could with my teams. No one will go wrong in buying a Farmall. It is the real 'farmer's friend' of today, and I believe that when more of the farmers buy the Farmall and use it there will be more work done and more money in the bank to their credit."

D. L. VAN CLEVE, Hopkinsville, Ky.

The McCormick-Deering FARMALL Offers You

- POWER to Plow . . . POWER to Till . . . POWER to Plant . . . POWER to Drill . . . POWER to Cultivate . . . POWER to Mow, Rake, Load, and Stack Hay . . . POWER to Harvest and Thresh . . . POWER to Dig Potatoes . . . POWER to Cut Corn . . . POWER to Fill the Silo . . . POWER to Pick Corn . . . POWER to Grind Feed . . . POWER for All of Your Drawbar, Belt, and Power Take-off Work at Low Cost.

Ask Any Owner; We'll Give You a List of Local FARMALL users. And we'll Demonstrate the FARMALL on Any Job Any Day.

Crews=Long Hardware Co. Crowell Thalia

Smart and Practical

The charming frock pictured above made of dusty rose Benberg crepe, converted cotton that lends itself lightfully to formal treatment. The waistline, fitted yoke band and bolero all stamp the wearer as who knows her fashions. The set may be removed, and the dress, one-piece frock revealed.

West Texas Utilities Operates Unique Street Car System at Abilene

Abilene, Texas.—Without leaving the city limits, eight Abileneans, during 1929, traveled a total distance of 313,463 miles which averaged nearly 316 miles per day for each man. These same eight men were concerned in transporting approximately 14 times, each of the 32,000 citizens of Abilene. These eight men who totaled this phenomenal mileage are the four street railway motormen and the four bus drivers employed by

the West Texas Utilities Company. Operating the only West Texas street railway system and the only system between Ft. Worth and El Paso, the company's position is also unique in having one of the shortest systems in existence. End to end the car tracks measure 5.6 miles. Traversing this short line from early morning until late at night, the two street cars traveled 139,500 miles in 1929. Suppose that car tracks were built around the boundaries of the state of Texas. In the course of a year, these two street cars could travel around the entire state 52 times. Suppose street car tracks were built from Abilene to Los Angeles. Traveling continuously for a year, these cars could make the trip 102 times. Suppose Cy Leland would receive a kick-off and run the entire length of the field for a touchdown. He would have to perform this feat nearly 2,500,000 times to equal the distance traveled by these two cars. Suppose Cy Leland could run the length of a football field continuously in 10 seconds flat. He would run, without resting once, for more than 284 days to equal the distance traveled by the two cars. The distance from Abilene to New York City is nearly 2,000 miles. Suppose car tracks were built to that metropolitan center. The two cars could, in a year, make the trip 72 times. The West Texas Utilities Company is serving 45 counties in West Texas with an area of approximately 45,000 square miles. Suppose street car tracks were built around the boundaries of this group of 45 counties served. The two street cars could circle these counties 107 times in one year. Leaving the earth now, suppose street car tracks were built to the planet Mars. Traveling at the speed averaged during 1929, the two street cars would reach Mars in about 250 years, providing there were no mishaps. Two street cars starting from Abilene could travel the circumference of the world more than 5 1/2 times, return to Abilene, and have enough left over to run out to Merkel and back.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon G. T. Oliver, D. W. Odell, R. S. Phillips, their heirs and legal representatives, and each and all persons owning or claiming an interest in the hereinafter described land, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county; if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, Texas, on the third Monday in February,

A. D. 1930, the same being the 17th day of February, A. D. 1930, then and there to answer a petition filed in said court on the 21st day of January, A. D. 1930, in a suit numbered on the docket of said court No. 2122, wherein Foard County, Texas, is plaintiff, and G. T. Oliver, D. W. Odell, R. S. Phillips, their legal heirs and representatives, and each and all persons owning or claiming an interest in the hereinafter described land are defendants, and a brief statement of plaintiff's cause of action, being as follows: That on or about the 10th day of September, A. D. 1909, G. T. Oliver made, executed and delivered to plaintiff his certain promissory note for the sum of \$1,327.50, and due on 10th day of September, 1929, payable to the order of Foard County, Texas, bearing interest at the rate of 5% per annum from date until paid, and stipulating for 10% on principal and interest as attorney's fees if placed in the hands of an attorney for collection. Said note was given in part payment for a certain lot or parcel of land in Bailey County, Texas, and being Subdivision No. 13 out of League No. 195 of the Foard County school lands, and containing 177.1 acres of land. And that in the conveyance of said land by plaintiff herein, to G. T. Oliver a lien was reserved to secure the payment of said note, and that said note is due and unpaid and the interest thereon is due and unpaid, and defendants, though often requested, have failed and refused to pay said note or any part thereof.

That the land above mentioned was conveyed by warranty deed, on the 20th day of November, 1921, to D. W. Odell and R. S. Phillips, who are now the last record owners of said above described land and premises.

That said note has been placed in the hands of O. D. Beauchamp, an attorney, for collection, and plaintiff has contracted to pay him the usual and customary 10% attorney's fee.

Wherefore, plaintiff prays the court that defendants be cited to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and costs of suit, and for the foreclosure of his lien on the above described land and premises, and the same be decreed to be sold according to law; that the sheriff or other officer, executing said order of sale, shall place the purchaser in possession thereof, and for such other and further relief, special and general, either at law or in equity.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this the 22nd day of January, A. D. 1930.

(Seal) IDA REAVIS, Clerk District Court, Foard Co., Tex. By A. G. MAGEE, Deputy. 34

ACHIEVEMENT!

Since You Read This CHALLENGE on November 14th, 1929 An Army of American Motorists has Changed to CONOCO Germ-Processed Motor Oil

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

- 1 Combines with metal surfaces and never leaves bearings and other working parts.
2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.
3 Positively increases gasoline mileage by reducing friction. That means economy.
4 Will not break down under cylinder wall heat. That means less oil consumption.
5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.
6 Crankcase dilution does not seriously impair its "oiliness" value. That means greater motor protection.
7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly de-waxed oil.

Have you noticed that Conoco stations have been busier in the past few months? The reason is, of course, that amazing new oil, Conoco Germ-Processed.

Introduced only last November, this revolutionary motor lubricant has startled even its makers by its instant public acceptance.

There's a moral for you in this wholesale change of oil-buying habits by the motoring public. Everyone realizes now that something happened in the motor oil business when this new oil was announced. When you start using this oil you'll realize it too.

By providing more economical car operation, by guaranteeing a radical reduction in motor wear, and particularly, by penetrating metal surfaces and providing constant lubrication under every conceivable operating condition... Conoco Germ-Processed oil sets up a new gauge of motor oil merit.

We firmly believe that you will buy no other oil except Conoco Germ-Processed oil after using it for a fair period of time. Won't you make that trial to-day, at any station bearing the Red Triangle?

We Recommend "FOOT-FRIEND" Shoes

The GOLDEN

This charming pattern is ideal to wear any place in the day time. It is designed to look well with simple costumes or those with fancier contours and much color.

The color is Sun Beige kid, mauve kid trimmed and full lined.

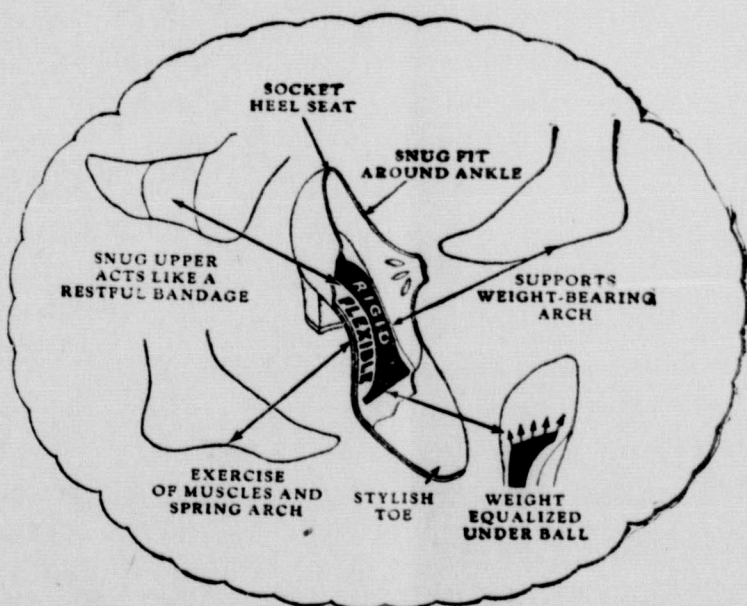

Widths AAA to C Price \$10.00

The BEAM

Smartly-dressed women will wear this dainty dual strap effect, with its slightly higher heel and delicate trim. The color scheme is sun tan vamp and quarter with sorrell kid yoke and collar.

Widths AAA to C Price \$10.00

FOOT FRIEND shoes are scientifically constructed to exercise the foot while they support. They are made under the specifications and patents of Dr. John M. Hiss, who designed his famous "cuboid balancer" after many years of research work.

FOOT FRIENDS are not only designed for energy preserving but are correctly and fashionably styled.

You need no longer go out of town for stylish, comfortable shoes. We have stocked heavily on FOOT FRIENDS, the same patterns and styles you will find in the smarter shops in surrounding territory. We are carrying all sizes and widths and can fit any one.

The MOVIES

This smart pump, beautiful in its simplicity, comes in Suntan Kid with contrasting strap effect across the tongue.

Widths AAA to B Price \$10.00

The GLOW

The GLOW is a twin strap double center buckle model of dull mat kid trimmed in gunmetal, lustre kid or brown kid with trimming of mauvette kid. It has the new higher Cuban heel of course.

Widths AAA to C Price \$10.00

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County-Greeting:

You are hereby commanded to summon G. T. Oliver, his heirs and legal representatives; W. O. Stark, R. O. Stark, Orlin Stark, Mrs. Jeanett Morgan joined herein by her husband, Eldon Morgan, and their heirs and legal representatives, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof...

That said land above mentioned was on February 9, 1911, conveyed to W. O. Stark and the said W. O. Stark assumed payment of said note: on March 23, 1914 said land was conveyed by deed to R. O. Stark who assumed payment of said note, and on April 5, 1929, same was again conveyed to W. O. Stark who again assumed payment of said note...

Wherefore, plaintiff prays the court that defendants be cited to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and costs of suit, and for the foreclosure of his lien on the above described land and premises, and the same be decreed to be sold according to law; that the sheriff, or other officer executing said Order of Sale shall place the purchaser of said property, sold under order of sale, in possession thereof, within thirty days after the day of sale, and for such other and further relief, special and general, that he may be entitled to at law or in equity.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this the 22nd day of January, A. D. 1930. (Seal) IDA REAVIS, Clerk, District Court, Foard Co., Tex. By A. G. MAGEE, Deputy. 34

Marvin Jones Working On Veteran Legislation

Washington, Feb. 13.—Overtures were made this week by Congressman Marvin Jones, of Texas, to secure a more liberal interpretation of the service connection features of the veterans Act now in force. This information was obtained from reliable sources which stated that the Texan was working in conjunction with other members who have been vitally interested in Veteran Legislation.

The reason for the move is given that at the present time many World War Veterans are unable to secure hospitalization and compensation because of the time limits of the existing laws and regard to service connection. The result has been, it was pointed out, that many tubercular, mental, heart and constitutional diseased veterans are not getting treatment or compensation.

When questioned as to his activities along these lines Congressman Jones stated that he has on file numerous cases of veterans who because of the existing law are unable to obtain proper care or compensation. He added that in many instances these veterans, because of their disability, are unable to earn their own livelihood and need assistance from the government.

Card of Thanks

We wish to sincerely thank our friends for their many kindnesses and for their expressions of sympathy during the illness and death of our husband and father, T. J. B. Hough.

The rate of twin births is unusually high in Ireland.

Commercial Failures in Texas in January Numbered Only 59

Austin, Texas.—Commercial failures in Texas during January numbered only 59, the fewest for any January since 1920, when 33 bankrupt companies were reported, according to Bevard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas. "This compares with 47 insolvencies in December and 61 in January of 1929," Mr. Nichols said. "Liabilities of the 59 bankrupt companies totaled \$757,000, against \$1,181,000 for the 61 failures in January a year ago. Many of the failing companies were small concerns, the average liability amounting to but \$13,000, compared to \$20,000 in January, 1929."

The high limit for hotels and houses in Paris is eight stories.

Buck BRAND WORK CLOTHES FIT AND WEAR SELF DRY GOODS COMPANY. Image of a buck.

How Ford Methods Cut Cost of Distribution

Lower profits in selling save you at least \$50 to \$75 in addition to the many savings in manufacturing

TWENTY-SEVEN years ago the Ford Motor Company was formed to provide reliable, economical transportation for all the people. That original purpose has never changed. The constant effort in every activity is to find ways to give you greater and greater value without extra cost—frequently at lowered cost. This applies to distribution and similar important factors, as well as manufacture.

For the Ford Motor Company believes that its full duty is not only to make a good automobile at the lowest possible price, but to see that there is no waste, extravagance, or undue profit in any transaction from the time the car leaves the factory until it is delivered to your home. It is obvious that hard-won savings in production will be of little value if they are sacrificed later through excessive selling costs.

EVERY purchaser of a motor car has the right to know how much of the money he pays is for the car itself and how much is taken up by dealer charges. If these charges are too high, one of two things must happen. Either the price of the car must be raised or the quality lowered. There is no other way. The money must come from somewhere.

In the case of the Ford, the low charges for distribution, selling, financing and accessories mean a direct saving of at least \$50 to \$75 to every purchaser in addition to the still greater savings made possible by economies in manufacturing. Ford charges are not marked up or increased to cover a high trade-in allowance on a used car.

The profit margin on the Ford car has always

been fair to both the dealer and the public. Within the past three months, it has been possible to effect still further economies. Today, the discount or commission of the Ford dealer is the lowest of any automobile dealer. The difference, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

THE business of the Ford dealer is good because he makes a small profit on a large number of sales instead of a large profit on fewer sales. He knows, too, that the extra dollar-for-dollar value of the car makes it easier to sell and more certain to give satisfactory service after purchase.

Consider also that the Ford car is delivered to the purchaser equipped with a Triplex shatter-proof glass windshield, an extra steel-spoke wheel, and bright, enduring Rustless Steel for many exterior metal parts, in addition to four Houdaille double-acting hydraulic shock absorbers and fully enclosed four-wheel brakes.

If for any reason you wish to buy certain small accessories, you will find that these, too, are sold at the usual Ford low prices. Replacement parts are also available at low prices through Ford dealers in every section of the country.

THESE are important points to remember in considering the purchase of a motor car. They show why it is possible to put so much extra quality into the new Ford and still maintain the low price. They are also the reasons why more than 35% of all cars sold today are Model A Fords.

FORD MOTOR COMPANY

### House Custodian Is Now Convinced

**More Orgatone is a Good Medicine Because of my Relief," Breckenridge Man Firmly Asserts**

Andrews residing at 109 W. Street, custodian of the bridge court house, one of the best in the state of Texas, has been convinced of the new medicine, Orgatone, after a long trial and he is convinced it is a preparation of unusual value.

"I'm sure Orgatone is a medicine because of the relief I had from it," Mr. Andrews says. "For several years I have suffered from stomach and gall bladder and I've been greatly annoyed by dizziness and pains in the stomach. I was continually bothered with gas that would come up. I was subject to frequent constipation also. My appetite was poor and the little food I ate didn't digest properly.

I decided to take Orgatone after reading in the papers of its good effects. It's the truth when I say that I didn't have a stomach pain or been bothered with the annoying gas and since I began to use Orgatone my gall bladder is in much better shape and my stomach is improved. I have a hearty appetite and the food I eat digests very well. In fact, I feel generally better since taking Orgatone."

Orgatone may be obtained in Crowell at the Reeder Drug Store.

(Adv.)

The American lotus is rapidly becoming extinct.

### TEXON TALES

Lots of people are building up their systems at this time of the year so they will be able to go through the home brew season without becoming an invalid during the warm months drinking the stuff.

Well, times might be worse in Foard County than they are now. But I don't see how. With taxes paid so well and lots of road building and everything it looks like folks are getting wise to the country.

For years I was unable to do my work but now I am able to tell everybody how to do everything. (Suggested headline for medicine).

Polo is on the increase down here. We are in the market for some good horses but won't pay much. Also have some horses we found which are no good and we want to sell them at a high price. Honesty may be the best policy but sometimes it plays the mischief with business.

Government trappers, Ross Graves, and John Hegwood says there are more coyotes in the Pease and Wichita Rivers country than anywhere in the state. Pease River was the last stand of the lobo wolf. The next war looks like it might be with the jack rabbits. You can always raise a crop of jack rabbits in Foard County and then feed them to the wolves. Kill the jack rabbits and the wolves will be easy to handle. Sounds simple but how you gonna do it.

Brewster County is a fine place to raise mules. However, there is one difficulty, what the panthers don't eat the Mexicans steal.

An oil company was hiring a cowboy and asked him where he was raised. He said he never was raised, they tried it once but the rope broke.

Any of the border ranchers can tell you exactly how many white men they have killed but very few of them keep count of the Mexicans.

One day a guy wanted to buy five cents worth of two cent stamps.

TEXON TATTLER.

### Much Interest In Ban on Bolters

Austin, Texas, Feb. 12.—(UP) The effect of the decision of the state Democratic executive committee to bar Tom Love and others who supported President Hoover from places on the Democratic ballot as candidates for the state office still is the subject of likely discussion.

It is good party discipline, but may be doubtful expediency in the view of Alfred Petsch of Fredericksburg, and his expression summarizes the opinion frequently heard here.

Love himself took the decision with equally good humor. He sat laughing and smiling in the committee room when the action was taken. He believes the court will nullify the ruling.

Even had the committee omitted the direct barring and insisted merely that candidates make a binding "sin-no-more" judgment or conscience, Love would not have taken such a pledge. During a recess of the committee, he was asked if he would take such a pledge.

"I will not take a pledge that might force me to vote for Jim Ferguson" was his answer.

Ferguson, too, was there and was also in a good humor. He joked about a recent fall that caused him to appear with one arm in a sling.

"They say Earl Mayfield jerked your platform out from under you," said Bob Barker to the former governor, pointing to his injuries from the fall.

"He sure did," replied Farmer Jim. "But lots of it won't fit him," he added. From which words many get the idea Ferguson still has the race in mind.

Gov. Dan Moody did not attend the committee meeting. But he was about the Stephen F. Austin hotel where it was held and in close touch with what transpired. His views were expressed at the last session of the legislature when he vetoed the "sackcloth and ashes bill" which sought to do by law what the state committee is doing by action.

Barry Miller also was there. Next to Love, the action probably was most important to his campaign. Both he and Love are from Dallas. With Love out of the primary, Miller naturally has a better chance to carry his home county.

That a court decision will determine the legality of the committee action long before the primaries is almost certain. Both sides have expressed willingness for passage of a proposed act to give the supreme court and the courts of civil appeals direct jurisdiction in such a case. This means that there can be a quick decision. Without it, the case would have to go through a district court and then await finality while the loser in the lower court pursued appeals.

Frequent efforts were made at the committee meeting to have the ban extend to those who had bolted in elections previous to 1928. The committee rejected these without argument. The ground for making a distinction is that previous executive committees in making the rules for primaries they conducted passed upon the eligibility of earlier bolters. In that light the distinction made between late and early bolters is explained.

### Wichita Falls Looks to Good Year in 1930

Wichita Falls, Tex., Feb. 13. (UP)

Business interests of the Wichita Falls district of Texas are looking forward to the year of 1930 with the greatest confidence. They see in the development of their many resources the most profitable year in their history, according to John Boswell, general manager of the local chamber of commerce.

Launching of a million-dollar corporation for testing of this section for deep oil has awakened the people to great possibilities that lie in the immediate future. This corporation was organized by home people, financed with home money and behind it is the entire citizenship of the district. There is a general belief that deep oil is present under a great portion of this section. Faith is now being expressed in finance, and the organization of this company as a result.

Prosperity for the new year does not depend alone on finding of deep oil. During the past year the district has increased its production nearly two million barrels. The total value of oil produced last year was over \$53,000,000.

The beginning of the year saw a great revival in drillings all over the district, especially in Cooke, Jack, Wilbarger and Young Counties. New wells are being brought in daily. Old producing areas are being extended and deeper oil-bearing sands are being located.

In agricultural development the year promises much. The establishment of large milk products plants in Wichita Falls by the Southwest Dairy Products Co. and the Carnation Co. promises to be a big aid in the development of the dairy industry in this section.

With the completion of two paved roads into this city from territory that is rich in dairy possibilities, and with a market for all milk produced, there is a reason for belief that the Wichita Falls area is to become the dairy center of North Texas. Especially is this possible with the turning of the irrigated section to dairy farming. The diversification of the farming areas and the planting of feed crops will make the production of milk not only profitable in itself, but it provides the very best means of building up the soil and increasing the yields per acre.

Increased activity in all lines of endeavor will naturally be felt in the building program. It is believed that work on the new federal building for Wichita Falls will be started this year and in every city in the district there is the same feeling of optimism existing.

### A Medicine You Have Waited Many Years For

## THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia, and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Crowell people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this advanced compound.

Konjola, the medicine made from extracts of 22 plants of Nature, containing over 30 beneficial ingredients, works with the sufferer's own food, bringing more normal healthy action to the important organs of the body—the stomach, liver, kidneys and bowels.

### RESOLUTIONS OF RESPECT

Whereas, it has pleased Almighty God in His infinite wisdom to remove from our midst our friend and brother, J. B. Steger, who departed this life on February 4th, 1930.

Resolved, that in the death of brother J. B. Steger, Lodge No. 83 lost one of its most honest and faithful members; one who had been a member of this lodge for twenty-six years or more and who had received a medal for twenty-five years' continuous membership. He had not only preached but practiced the principles of our beloved order and whose life was a living demonstration of the three links, Friendship, Love and

Truth. Resolved, that in the home-going of our dear brother, the community at large has lost a useful citizen, highly esteemed by all who knew him, that this lodge has suffered an irreparable loss.

Resolved, that we say to those of his relatives, "Weep not as those who have no hope." J. B. Steger is not dead, but lives and will live on in the hearts of those who loved him. He has merely gone on before to that celestial city where he shall rest from his labors and his works will follow him. We extend to them, in this hour of sorrow, our sincerest and most heartfelt sympathy. He was a member of the Methodist Church, attend-

ed regularly, and the church has lost a faithful member.

Resolved, further, that a copy of these resolutions be spread on the minutes of our order, a copy sent to the relatives of the deceased, a copy furnished to the local paper and a copy be sent to the Texas Odd Fellow for publication.

Fraternally submitted,  
J. T. DANIEL  
ELMER BRISCOE  
O. D. BEAUCHAMP  
Committee.

Experiments in Australia indicate that a low grade rayon can be manufactured from Tasmanian stringybark pulp.

We are now in our new location on the north side of the square and will appreciate a visit from you.

## Buying Comfort

Although not a commodity, and not rated in dollars and cents—it is possible to actually purchase "Comfort" by having complete electrical equipment in your home.

What could be more comfortable than conveniently placed lightning fixtures; floor and wall plugs where they're needed; radio; the labor and time-saving Hotpoint Electric Range; the health-assuring Frigidaire; and the indispensable Vacuum Sweeper?

Electrical appliances add to your comfort, and the comfort of those about you, a hundredfold.

Let us show you how Electricity—the modern servant—can increase the beauty, comfort and livableness of your home.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, February 14, 1930

THE NEW LIBRARY

The Foard County Federation of Women's Clubs is to be commended upon the forward step it has taken in the starting of a public library for the people of this county.

While the new institution has been started only on a small scale, yet it serves as a seed from which a large library can grow with proper support and attention on the part of Foard County people.

A good library is one of the greatest assets of any community and should have the support of all the people who are interested in the community's welfare.

The rates have been made extremely reasonable, being only one dollar for a year's membership. Practically all good books cost more than the membership cost alone and the person holding a membership card in the library is entitled to read every book in the library.

This is our library, let us support it.

One Minute Interviews

"You can tell the world I am sore on this law calling for licenses for trailers," stated Dave Sollis while airing some of his views while in Crowell Saturday.

"I am wondering if all this talk about the reduction of the cotton acreage might act as a boomerang," I. M. Cates said while carrying on a casual conversation with a News reporter, and likely with no thought that his view would be made public.

Medical arnica is derived from the plant arnica montana of Europe.

Foard City Men Enthusiastic Backers at 'More Feed' Campaign

O. N. Baker and J. A. Hough of the Foard City community were visitors at the News office Monday.

Mr. Hough had twenty acres in feed the past season which produced enough for his own use with four thousand additional bundles that he sold.

Political Announcements

The following announcements for the officers named are subject to the action of the Democratic Primary to be held in July of 1930:

For County Judge: M. M. HART, JR. CLAUDE CALLAWAY. J. E. ATCHESON (Re-election)

For County Treasurer: MARGARET CURTIS (Re-election)

For County and District Clerk: GRADY MAGEE.

For Tax Assessor: VERNON PYLE. MRS. ELLA RUCKER. PETE BELL.

For Public Weigher, Precinct 1: A. T. SCHOOLEY (Re-election)

For Justice of the Peace, Precinct 1: E. F. HENRY. J. W. KLEPPER

For Sheriff and Tax Collector: QUE R. MILLER (Re-election)

For Commissioner, Precinct No. 1: A. B. WISDOM (Re-election) ROY C. TODD.

For Commissioner, Precinct No. 2: J. C. HYSINGER (Re-election)

For Commissioner, Precinct No. 3: E. V. HALBERT (Re-election) A. B. SPEARS.

For Commissioner, Precinct No. 4: W. F. THOMSON (Re-election) T. S. PATTON.

For District Attorney: JESSE OWENS

WILLIAM BELL IS OFFERED TWO BASEBALL CONTRACTS

William Bell, son of Mrs. W. S. Bell, has received two offers for positions on baseball teams this year.

He has received a contract from the Joplin, Missouri, team of the Western League, and another from the Spartanburg, South Carolina, club.

William has not made up his mind whether he will play baseball this year. He thinks that he may continue his farming activities. He was with the Abilene team of the West Texas League last year for a short while.

Beverly in Charge Progra mat Lunch of Rotarians Wed.

J. R. Beverly is in charge of an interesting program at the Rotary luncheon Wednesday. Mrs. W. H. Terrell of Dallas, a native of Scotland, who has been in America for the past eight years, opened the program by excellently rendering two Scotch vocal selections.

Mr. Beverly made a few remarks concerning his business as an abstractor, since the program was a classification one. He gave the various details required in that work and gave interesting instances of its ups and downs.

Following his talk, Miss Alice E. Myers of Quanah, teacher of the expression in Quanah High School, gave two entertaining readings. Miss Myers is the instructor who was in charge of Miss Katherine Marshall who won high honors in the national oratorical contest last year.

Byron Reese concluded the program with a talk on his classification of engineering. He explained that his profession satisfied the instinct of practically all men to build and that it also afforded him the chance of erecting a permanent monument to his mistakes or success.

The Crowell Chick Hatchery will open for business Monday in the Fox Building on the north side of the square.

Crowell Scores Its 2nd Official Victory Ovr Margaret Mon.

Crowell scored its second official victory over Margaret in the county championship at Margaret Monday afternoon by the score of 34 to 16.

The game was said to have been more interesting than the score indicated and that Margaret came near gaining the lead in the third quarter. Crowell did its heaviest scoring in the last quarter.

Individual Scoring CROWELL Middleton 2 0 0 Lanier 2 0 0 Spears 4 0 2 Burrow 2 0 0 Wozencraft 0 0 0 G. Todd 5 0 0 J. Todd 1 0 0 Patton 0 0 1 Total 16 2 5

EDWARDS STOCK FULL LINE OF LADIES SHOES

'The women of Crowell and Foard County will no longer have to go out of town to find a shoe of the proper style and size to fit their feet,' stated H. K. Edwards of R. B. Edwards Co., in commenting upon the new ladies shoe franchise that his store has secured from the Lape and Adler Co., makers of 'Foot-Friend Shoes.'

A large and complete shipment of these shoes have already been received, which includes all sizes and widths to fit any feet. 'The Foot-Friend people will not grant a franchise to any firm unless it agrees to carry all sizes and widths,' Mr. Edwards said. Various color combinations are also included in the new shipment of these shoes.

Without sacrificing style, the Foot-Friend shoe combines such comforting features that it is popularly regarded as the foremost 'heaven shoe' that has yet been produced. These shoes contain features that are the result of years of research work in an Orthopedic Clinic as well as years of cumulative experience in good shoe making. The arch construction is a product of the laboratory and clinic of Dr. John Martin Hiss, an Orthopedic surgeon of Columbus, Ohio.

The principles in Foot-Friend shoes are based upon facts obtained from the observation of several thousand foot patients who wore both flexible and rigid types of shoes. They combine the good principles of the rigid and flexible shoes, and avoid the harmful effects of both. It is said that this shoe will keep normal feet well and make abnormal feet feel better.

Ernest King, who is in charge of the shoe department of Edwards store, is thoroughly capable in the line of scientific shoe fitting and his services are of great value to shoe patrons. He is a graduate of Dr. Scholl's School of Practipedics, and has just recently completed a post-graduate course through this school.

He has many boosters for his work as a result of the comfort afforded many feet through his scientific shoe fitting.

WIMODAUSIS

The Wimodausis club met Wednesday, February 5, with Mrs. Jim Cates as hostess and Mrs. George Cates as leader. In absence of the leader, the president took charge of the program on pictures for the home. Mrs. Pete Bell conducted a round table discussion on the value of good pictures in the home. The correct framing of pictures and the correct hanging of pictures was explained by Mrs. Roy Todd, and Mrs. Jim Cates. A classification of pictures for use in the home was given by Mrs. Hubert Brown.

An excellent assortment of masterpiece prints suitable for different rooms was shown by the Home Demonstration Agent. The artist and picture story was also given by Miss Freeman.—Reporter.

FOOD SPECIALIST HERE

Miss Lola Blair, food specialist of the A. and M. Extension Service of College Station, was a visitor here this week. She gave a special demonstration before the Claytonville club on Monday.

Crowell to Represent Foard County in Meet at Childress 14 and 15

The Crowell High School basketball team will leave Friday morning for Childress to take part in the district basketball tournament at that city, which is to be played Friday and Saturday.

A decision of the executive committee of Foard Co. Interscholastic League in a meeting at Crowell Tuesday, ruled that Thalia must forfeit a game to Margaret that was to have been played at Margaret on February 6th. Thalia won one game over Crowell and one game over Margaret and lost one game to Crowell and one to Margaret as the result of the decision made Tuesday, thus giving their team a percentage of .500.

Crowell won two games over Margaret, lost one to Thalia and one, thus giving Crowell a percentage of .750.

The decision made on the Margaret-Thalia matter was upheld by the Texas Interscholastic League at Austin, according to a telegram received Thursday morning by Roy B. Henderson, director general of the Foard County League, from Roy B. Henderson, director of the Texas Interscholastic League.

A CORRECTION

In an issue of the News in January, L. D. Campbell was mentioned as one of the partners of the Bank of Crowell. It has just been learned that this was a mistake as Mr. Campbell is no longer connected with the bank as a partner.

LOCALS and Personals

Join the library. Tarzan, the Tarzan, starts Friday. See the new Tarzan serial at Risks.

See "Tarzan, the Tiger." Only \$1 to join the library. W. H. Nichols of Seymour was a business visitor here Tuesday.

See "Tarzan, the Tiger." Tarzan, the Tarzan, starts Friday. For Rent—Furnished rooms.—Mrs. J. H. Shults.

Think of the reading you can get for \$1. Join the library. County Head Light Test Station, No. 2, now ready to serve you.—Ivie's Station.

F. A. Caperton, field man for the Farm Bureau, was a visitor in Crowell Wednesday.

Don't forget our new location next to Crowell Service Station, Ketchersid Furniture Co.

J. W. Bell and Sam Scales returned Tuesday from Fort Worth where Mr. Bell had shipped four loads of cattle.

For Rent—Good 3-acre farm and 1,000 acres grass with living water, together or separate.—B. J. Smith.

Mr. and Mrs. W. N. Wofford of Abilene were here Monday visiting Mrs. Wofford's sister, Mrs. W. W. Griffith.

Gordie Gafford and family of Electra were here Saturday visiting Mrs. Gafford's sister, Mrs. Edgar Womack.

H. G. Beidleman of Oklahoma City left Thursday after a visit here with his parents, Mr. and Mrs. C. W. Beidleman.

J. N. Jordan of Plainview, who was awarded the paving contract last week, was here on business Monday and Tuesday.

A. Y. Norman arrived in Crowell Tuesday night from McAadoo where he is preparing to move to a ranch near that town.

Found—Small bank containing money. Owner may have same by giving proper description and paying for this ad.—The News.

Frank Ownbey is here on a 20-day furlough from Fort Sam Houston. He is visiting his father, F. L. Ownbey, and brother, Lester.

F. W. Tole and family have moved from their home just across Pease River, in Hardeman County, to the Jim Jordan home in Rayland.

H. K. Edwards and Mrs. Clarence Self have returned from Dallas where they have been for the purpose of purchasing goods for R. B. Edwards Co.

Billy Banister returned to his home in Thalia Friday from Fort Worth, where he has accepted a position with Waples-Platter Wholesale Grocery, with whom he will begin work soon.

Chas. Gloyna of the Rayland community is having two residences built on his farm in Floyd County, near Lockney. Jerry Clark and Mr. Dunson of Rayland are building these structures.

C. E. Gafford returned Monday from Sulphur Springs where he visited for several days with his mother, Mrs. T. M. Gafford, and other relatives. Charlie says they have had lots of rain in that section.

Miss Elsie Schindler of Wichita Falls spent the week-end with her parents, Dr. and Mrs. H. Schindler. She was accompanied by Miss Mary L. Robertson. Mrs. Schindler met them in Vernon Friday afternoon.

W. R. Hough of Texline was in the News office the first of the week and subscribed for the News for a year. Mr. Hough says conditions are good in his part of the state. Crops were extra good in that section last year.

J. H. Freudiger and family of the Thalia community left last Saturday for Baileyboro where they will make their future home. Mr. Freudiger has recently erected a house on land he owned there and feels like he will be well pleased with his new location.

John Boswell, manager of the Wichita Falls Chamber of Commerce, stopped in Crowell for a short time Tuesday while on his way to Plainview to deliver an address at the annual banquet of the chamber of commerce there. He visited his brother, Mack Boswell, while here.

Mr. and Mrs. J. W. Hukill and sons, Chas. and Edward, of Littlefield, were visiting the past week-end with their daughter and sister, Mrs. C. L. Cavin, of the Margaret community. They had been to Blake, Oklahoma, to visit a brother of Mr. Hukill who was seriously ill.

Jimmy Doolen and George Self arrived in Crowell Sunday night on the Santa Fe. Mr. Doolen was returning from Mangum, Oklahoma, where he had gone with his wife who is visiting her parents there and Mr. Self was returning from Chillicothe where his wife is visiting her parents.

Mr. and Mrs. Homer Quinn and daughters, Mildred and Mrs. Bernice Rea, and her small daughter, Myrna, of Greeley, Colo., passed through Crowell Thursday at noon on their way to the Rio Grande Valley where they expect to make their home. The family has lived in Colorado since leaving Crowell seventeen years ago. They lived here for a number of years during which time Mr. Quinn managed the dry goods store of his father, the late J. K. Quinn. Mr. and Mrs. Quinn spent a short time here looking up old friends.

BARGAIN RATES ON NEWS TO END SATURDAY, 15TH

The Mutual Protective Life Association is receiving Pictures, Letters, and Applications daily. We are publishing Letter No. 2 from one of our little Class C Members.

Vernon, Texas. Dear Uncle Allen: I am a member in Class C. I got your little Testament, and gave it to some poor children as I already had two more. I am 8 years old. I passed to the High Third. Miss Rosie Cole will be my teacher.

Some of my friends are: Dorothy Worrell, Irene Sorenson, Wilda Johnson, Bernice Dickey, and I have many more. Will you tell me the names of everyone in Class C, please, I am, Your niece,

ANNA MAE REILY. Thanks, Anna Mae, for your nice letter. You get these little friends to come and visit our office, and take out a policy and be a little cousin with us. Uncle Allen (L. A. FOSTER), Sec. Treas. E. J. HARRIS, Local Agent

Jesse Owens and family returned Sunday from a trip to Fort Worth.

R. H. Cooper and Henry Ross returned Thursday from a trip to Dallas.

Rev. and Mrs. W. W. Smith and Mrs. H. D. Poland returned Wednesday from Wichita Falls where they attended a special meeting of the First Baptist Church at Wichita Falls. Dr. L. R. Scarborough of Ft. Worth and Dr. W. R. White of Dallas were the principal speakers at the meeting.

Mrs. W. H. Terrell who has been visiting in the home of Mr. and Mrs. J. R. Beverly for several days has gone to Dallas where she will join her husband whose headquarters are in that city. Mrs. Terrell has made many friends while here and has been honored in a number of ways. She contemplates a visit to Scotland in the near future. Her parents live in Glasgow, Scotland, and she was reared in that city, having been in America only a few years.

M. S. Steger and W. A. Frazier of Carthage and Mr. Steger's son-in-law, A. B. Maines of Shreveport, La., were here the first of the week looking after the business affairs of Mr. Steger's brother, the late J. B. Steger, who died in Carthage Tuesday, February 4th, while on a visit with his brother.

Earl Bailey and family have returned to Crowell from Fort Worth where they have been for the past few weeks. Mr. Bailey is concrete foreman for Oran Speer on the highway work west of town and will leave in a few days to take over work in Childress County, where Mr. Speer has a road contract.

Although the cold spell has been over for some time, yet the talk about it has never ceased. J. R. Gamble stated that he recalled a much colder spell here in 1888, starting January 14th and lasting about three weeks. He said that stock died in piles and that he didn't know just how cold weather got as there were very few thermometers in this section then.

SELF DRY GOODS COMPANY

WASHINGTON KNEW MEN

He knew men, and knew economics. And never did he make a wiser move than when he appointed Alexander Hamilton Secretary of the Treasury. Hamilton was the founder of our banking system, the redeemer of our currency; the man whose foresight has made our country the richest as well as the greatest in the world's history.

Do you know men—and Banks? Do you realize that this institution can do for your financial status what Washington's man, Hamilton, did for your country's?

THE FIRST STATE BANK

AND REMEMBER THE FOLLOWING FACTS

- 1. NYAL FAMILY PREPARATIONS are manufactured in one of the largest and best equipped laboratories in the world. 2. You may always be assured of reliable, honest and competent service from all Nyal pharmacists.

Can you afford to forget the two facts above, when we are in business for your health?

REEDER DRUG COMPANY (THE NYAL STORE)

FAMILY NIGHT

Family night will be held at the Rialto Theatre Friday night, February 14th, at which time any family will be admitted to the show for forty cents. This show marks the beginning of a new serial, "Tarzan, the Tiger." A comedy and the feature, "Sally's Shoulders," taken from a Beatrice Burton story, will also be shown.

Classified Ads

PHONE 43

If you have anything to sell, or want to buy or exchange something, a classified in the News will do it for you.

Rates are 10c per line, six words making a line, minimum charge for an ad one time is 25c.

A Classified Ad Will Do It

It is a fact, the classified column in the Foard County News furnishes the simplest, most economical and absolutely the best method for the people of this section to dispose of various items, to secure what they want, to rent a room, to recover lost items, and accomplish other results too numerous to mention.

MRS. HOUSEWIFE—Maybe you have a spare room to rent, or a piece of furniture to dispose of, or possible you want boarders. If so try a classified ad for results. We have had a number of strangers to call at our office recently to look over the classified section in regard to rooms and residences.

MR. FARMER—Possibly you would like to sell some live-yea you may have an implement you do not need. A small amount stock, or maybe buy some, and spent on a little classified ad can easily bring you a neat profit.

TO THE GENERAL PUBLIC—If you want employment, if you wish to recover a lost animal, or just anything you wish to express, remember that a CLASSIFIED AD in the News furnishes your best chance for results.

FURNISHED ROOMS for rent.—Mrs. R. B. Edwards.

LOST—A brown horse mule about 16 hands high, weighs about 1,200 lbs. \$5.00 reward.—Harry Schlagal.

FOR SALE—88 O. C. Frantz White Leghorns, 18 months old, \$1.00 each.—J. C. Davis, Rayland, route 3, Vernon.

LET US HATCH YOUR EGGS.—Henry Hlavaty, Thalia, Texas. 35 FOR RENT—My place of 60 acres on 3rd and 4th; 2 1/2 miles west of Margaret.—Mrs. Cora Priest, Margaret.

FOR SALE—Some work stock, several head of cattle, wheat drill, mow and rake and other farming implements.—J. W. McCaskill.

FOR SALE—Eggs and baby chicks from D. G. Coffman strain Rhode Island Reds and M. Johnson strain White Leghorns. Eggs, \$4.00 per hundred; chicks \$15 per hundred.—S. E. Tate, Crowell, Texas.

FOR SALE—White Leghorn baby chicks. Place your order now for March and April delivery.—Henry Hlavaty, Thalia, Texas.

WANTED—To trade, a Ford truck for a span of mules.—T. L. Ward, Thalia, Texas.

FOR SALE—Plenty of good wood. See or call Roy Fox.

NOTICE

We are in the market for several thousand Rhode Island Red and Barr-ed Rock hatching eggs. Will contract for what you have from now until May 1st. Write us just what you have and how many you can furnish each week.

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday, February 16, 1930, "Soul." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

At the Methodist Church

Sunday School, 9:45; M. S. Henry, superintendent. Preaching, 11 a. m.; and 7:15 p. m. Hi-League, 6:15 p. m.; Senior League, 6:45 p. m. Woman's Missionary Society, Monday 3 p. m.

Last Sunday the attendance was above that of the preceding Sunday. Sunday School attendance was much in advance. Let this continue to be the case until everybody is in attendance who should be.

The attendance at the "Mission Study Classes" each evening during the week has been good, though many did not attend who should have done so.

Let us meet next Sunday morning at the Methodist Church. You are welcome, come.

B. J. OSBORN.

Christian Church

Another splendid day was enjoyed at the Christian Church last Sunday. The attendance and spirit were fine. The contest is well under way, the pennant being awarded to the Primaries. Who will receive the "Front Rank" Pennant next Sunday?

Monday night, we had a very fine attendance at the Worker's Conference. The rules pertaining to the contest were carefully worked out. It was also decided that next month would be Stewardship Month, and that the last Sunday in each month would be a special rally day. The workers in the Sunday School are assuming the responsibility in a very fine way and we hope that all pupils in the classes will cooperate with them in our Pentecostal Campaign.

Next Sunday will be the third Sunday in Loyalty month and we trust that all will be loyal on that day. Let us set our goal at 100 and reach it Sunday. We are depending on you. We extend a special invitation to our membership in Gambleville, Clay-tonville, and Vivian to be with us during the Sunday services.

Sunday night there will be a special service, the ladies occupying the seats in the choir. There will be special songs and other features. Among them, a picture of "Life of Christ" will be shown. We expect you to attend.

Time of services: Sunday School 9:45; morning worship 11:00; and night service 7:15. We extend a welcome to all. The friendly church. JOHN G. CLARK.

Baptist Church News

The attendance was fine last Sunday at the Baptist Church. There seemed to be a fine spirit of conquest upon our people. We face the future with a deep buring desire to be of help to the entire community. We bless God for every effort that is being made by God's people for the advancement of His cause and Kingdom. There is no competition in doing good. The intermediates charmed our hearts with their special song. As Baptist people, we propose to carry our end of the great Gospel stick, as men and women of God stand, until every man woman and child has heard the message of light and life. There is so much to be done in our own city and community. Then on with the good work until the last man has heard the call.

We bless God for the fine work that is being done by the other churches, Sunday Schools and young people's organizations. Let each one who loves God and humanity, strive to be their best and serve their best during this year of 1930. I repeat, "There is no competition on doing good."

The pastor, his wife and Mrs. H. D. Poland motored over to Wichita Falls Tuesday. The occasion of their going was to attend the special meeting at the First Baptist Church, Dr. L. R. Scarborough and Dr. W. R. White of Fort Worth and Dallas were the principal speakers.

Our officers and teachers had quite an interesting meeting last Monday evening at 7:30. A fine attendance and great spirit characterized the meeting. We talked out some matters that will prove to the progress of the work, we are sure. Fair attendance at the Wednesday evening prayer meeting.

Next Sunday the Sunday School will meet at 9:45; preaching at 11 a. m. and 7:15 p. m. Young people meet at 6:15 p. m. Pastor Woodie W. Smith will preach morning and evening. He desires a large attendance. Come for the forepart of the services. They will be good. The choir will give special music. The intermediates will bring a special message in song at the evening hour. WOODIE W. SMITH.

Back-Stage Life Is Revealed in Picture at Rialto Next Week

Glimpses into the "back-stage" life of the theatre are revealed in Ralph Ince's FBO production of Arthur Somers Roche's story, "Hollywood," which, coming to the Rialto Theatre Wednesday and Thursday, concerns the love of a calloused little Follies girl for a dashing millionaire playboy who keeps Broadway in a turmoil with his lavish spending and exploits. Sally O'Neill is cast as the diminutive Follies girl who marries the playboy for his money, but loses her heart to her husband when he loses his wealth. Donald Reed appears opposite Miss O'Neill as the young spendthrift, the son of an oil millionaire. Lilyan Tashman interprets the character of a sophisticated Follies chorine, the chum of Miss O'Neill. Incidentally, Miss Tashman is a former member of Ziegfeld Follies, and others in the cast are Bob Sinclair, Ole M. Ness, Tom O'Grady and Alphonz Ethier. Ralph Ince directed. Enid Hubbard wrote the continuity.

HELPING TO BUILD TEXAS

There will be many additions to Texas' 1170 hotels with their 79,410 rooms and \$213,544,000 investment during 1930. Preliminary work on a half million dollar hostelry at Brownwood has started. A \$1,000,000 apartment hotel is projected for San Antonio. Palestine is to have a \$300,000 hotel on its former city hall site, given as a bonus to its builder. The new Hotel Craig at Longview will formally open in February. The El Pasino at Marfa is under way. Sterling is to have a new forty roomer. A new 400 room hostelry for Dallas to cost \$4,000,000 is in the projected stage. And 1929 was probably a record-maker for new hotel constructing in Texas.

Civic organizations of Brecken-ridge organized an airport company, developed a landing field, and decided the site to the city. Harlingen's new high school is ready for occupancy. San Benito will build a new \$250,000 high school. Sweetwater will invest \$180,000 in a new junior high school. Plainview will spend \$90,000 for an addition to its high school building.

Texas industrial notes: Channing has a new tile factory. With the 350 of the 600 acres needed already pledged, the hemp mill for Wharton is practically assured with an initial investment of \$60,000. Representatives of several New England textile mills has looked over a number of Southwest Texas towns with the idea of moving the mills nearer the source of raw material and where labor, climatic, power and marketing conditions are better. Odessa is to have a new wooden tank factory. Nacogdoches is to have a new fertilizer factory. Nacogdoches county spent a half million dollars last year for fertilizer, all shipped in. Donna is to have its new \$100,000 canning plant in operation by April 15, in time to handle the tomato crop. Its daily capacity is 250,000 cans.

After twenty years of experimentation the State Experiment Station at Troup has recommended the commercial planting of the tung tree in East Texas and possibly also on the Gulf Coast. A native of China, the tung tree yields an oil, largely used as a base for water-resisting varnishes, and there has been an increasing acreage given to it in Southern states, notably in Florida, during the past several years. Troup experiments showed the tree does well in East Texas soils and under climatic conditions existent in that section of the state.

The largest item in the 1930 improvement budget of San Antonio Public Service Co. is \$900,000 for installing high pressure boilers and turbines at Station B on the Conception road. The Southwestern Bell has asked for bids on a \$2,500,000 administration building at San Antonio, the first unit of a 21-story structure. San Antonio is evidently continuing the rapid growth that put it in second place in building expenditures in 1929.

Chevrolet Brakes Now Provide Utmost in Automobile Safety

Evidence of the manner in which the automobile manufacturer is furthering the cause of safety by eliminating the hazard of mechanical mishaps is shown by the many safety features incorporated in the new 1930 Chevrolet.

Notable among the safety devices in the care are the Chevrolet designed internal brakes which are new in their field. Many a motorist has had the unnerving experience of descending a long mountain grade to find his brakes becoming less effective the farther he descends—a failure known as a "fadeout" and due to heat generated between the brake shoe and drum which warms the shoe and lessens the contact of the brake lining with the drum. The hotter the brakes get, the less efficient they became.

Tests on the General Motors Proving Ground show that fadeout has been eliminated on the new Chevrolet brake by a method of construction known as the "articulated shoe type," which compensates for heat distortion, and assures uniform braking facilities under all conditions of temperature. The wear on the brake lining also is uniform, and assures far greater service out of a set of linings than the old type brakes.

Test Chevrolets on the proving ground have obtained as high as 28,000 miles on a set of linings. It is pointed out that the average motorist will obtain considerably greater mileage in view of the severe driving to which test cars are put. Further tests show the brake will stop a car traveling thirty miles per hour in two and two-tenths seconds within a distance of 48 feet.

BUYS AUTO WRECKAGE

Earl Davis has purchased the auto wreckage business of J. B. Williams and is now operating it. Mr. Williams has moved to Munday. This business is located in the sheet iron building on the east side of the square and was started here only a few months ago.

Change in Name Of Holt Combine Is Announced

A change in the name of the Holt Combine to "Caterpillar" Combined Harvester, was announced by R. B. George Machinery Company, dealer for "Caterpillar" Tractors and the newly-named "Caterpillar" Combined Harvester in Dallas.

The new name is given to the Combine which has an 85 year working history back of it. 75 in California. California, a new land of the '49 gold strike, was so weighed down by high prices for even the commonest articles that anything which suggested a cheaper method of producing the needed food supplies was eagerly tested. That is why California led in the development of harvesters from the imported Michigan machine of 1854 to the present day.

Stockton, California, became the center of the harvester industry. It is here that such features as link belt chains, the first side hill combine, the first friction clutch, were introduced by Benjamin Holt, Daniel Best of San Leandro, California, perfected the use of the gasoline engine for powering harvesters. The features in the present "Caterpillar" Combine can be traced directly to this background.

The windrow system, offered the farming public three years ago for the first time, has also been perfected in the 1930 models until it is ready to make practically any small grain or seed crop anywhere "Combine-able."

CEMETERY ASSOCIATION

At a meeting of the executive committee of the Cemetery Association the first of the year, Jess Chapman was hired as sexton. We believe he will be thoroughly capable to do this work, and hope to keep the cemetery more as it should be kept.

For the last three years we have been financing the up-keep by soliciting funds, beginning our year the first of June.

This past year we have not received enough to keep us going and have had to draw on a small surplus left over from the previous year. It's now three months till time for our next drive and we are obliged to call for help. Will not you who failed to subscribe this last call, help us some? We only had 53 subscriptions when there should have been several hundred interested in this work. We have the names and amount of each subscription and if you overlooked your 1929-30 notice and want to contribute yet, we'll gladly accept any amount.

We still have plenty of our cook books, which any housewife can not afford to be without. They are on sale at both drug stores and the price is reasonable.

MRS. JACK ROBERTS, Pres. J. H. SELF J. T. GRIBBLE MRS. J. H. OLDS, Executive Committee.

MARGARET W. M. U.

The Baptist W. M. U. entertained the Methodist Missionary Society Monday, February 10, with the following program being rendered. Song, "Jesus Calls Us." Prayer—Grandma Bond. Scripture reading, 1st John 3:1-11, by Mrs. J. L. Bradford. Welcome address, by president.

Mrs. Lula Bradford. Response—Mrs. George Wood. Song, "Is He Satisfied with His Work?"—Mrs. Bill Murphy and Mrs. Russell. Reading—Be the Best You Can Be. Talk, Love and Kindness—W. Middlebrook. Song, "God be with you till we meet again." Benediction—Mrs. Hood. Refreshments were served to members and all enjoyed the noon together.—Reporter.

Move for Nw Stadium at T. C. U. Progress

Fort Worth.—With definite architect's plans to be ready for presentation by Feb. 15, and with plans for the financing of the project under way, the move for a new stadium at Texas Christian University has become more definite.

It is hoped that contracts for let and construction work begin March 1, and it is still the plan of the committee in charge to have new structure ready for dedication during the 1930 football season.

The United States patent office has issued about 1,000 patents a week.

Health Again, All Thanks To Famed Konjola

Stomach Ailment of Seven Years Standing Quickly Yields to Power of New Medicine

"For seven years I was the helpless victim of stomach trouble of the worst sort," said Mrs. Mary Brandon, 5889 Maffit Street, St. Louis. "It did not matter what I ate, belching and often vomiting spells followed the

MRS. MARY BRANDON

simplest meal. The gas so pressed against my heart that I became short of breath and faint. Sour hot liquids seared my throat until the heartburn was often frightful. I grew weak and lost weight and strength. No medicine I tried helped me.

"Day by day and week by week after I began with Konjola, my system improved. The gas no longer forms in my stomach now and the bloated sensation has passed. I have an excellent appetite and can eat a hearty meal without the least discomfort. The pains of heartburn are a thing of the past. I have gained weight and energy and my friends remark upon the change in my appearance. I can never express my gratitude for the relief which this great medicine brought me."

Konjola is sold in Crowell at Ferguson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section. (Adv.)

DALLAS HANDLES CASH

Dallas, Texas, Feb. 4. (UP).—Dallas has been selected as disbursing headquarters for federal census work in the southwest, Dr. W. M. Steuart, director of the division, has announced. Texas and New Mexico have been assigned to this district.

T. C. U. Head Names Ten Greatest Men

Fort Worth.—Who are the 10 greatest men of all time? Opinions differ, of course, and the question usually starts an argument. The following ten were selected by President E. M. Waits of Texas Christian University, in response to the above question when put to him by a Fort Worth newspaper:

Jesus, Shakespeare, Pasteur, Edison, Ford, Moses, Michelangelo, Wagner, Aristotle and Napoleon.

INSTALLING INCUBATOR

J. C. Davis, who has recently moved into Rayland from his farm in that community, is installing an incubator of 1,400 egg capacity and is making plans to do custom hatching this year. The incubator is being installed in the basement of his home.

It will be in operation by about February 15th and if business justifies, the incubator capacity will be enlarged, according to Mr. Davis.

Iron was smelted to make hoes and sickles as far back as 1,200 B. C.

White Leghorn Eggs
