Mr. and Mrs. Walter Everson and children of Newcastle are here visiting his parents, Mr. and Mrs. Ike Everson.

TEXON TALES

Well, this will come out so close to the time that a lotta guys running for office will pass out that not many people will be in any notion for reading anything but returns and everything. This primary business will fix a lotta birds so they can go back to work. They ain't but one thing to keep a candidate in a good humor and that is knowing he may get beat and not have to worry after the primary. If all the worry and strain on the candidates could be put to some useful purpose like power for electric lights we would have enough to run us six months before elections. This running for office is a funny thing, sometimes. And sometimes it ain't so funny. Some folks claim they wouldn't vote for no gink who wouldn't electioneer with them and then if they do up and try to talk to them about voting for them or candidate never they just say the candidate never to run for office, so it looks like a hard row of stumps. Maybe we ought to make it easier on the boys and fix it so everybody who runs can get some kind of office. Let the boys get the most votes get the first place and the next one be a vice or something to him. Still, there is too much vice in politics already. Well, we knew it would be a dry year with so many running for office. But it may be as good way as any just to have something else to do besides talk about the weather. There is already too much talking about the weather while nobody ever does anything about it. Looks like running for office may be good exercise. We gotta fat girl says the reason she is making the campaign was that she heard the primary would reduce the candidates.

Yours for bigger and better elections.

THE TEXON TATTLER.

OPEN-AIR SERVICES

In an effort to promote the comfort of its congregation the local Christian church will hold open-air services each Sunday night. Seats are now being constructed on the south side of the church building. Rev. John G. Clark has chosen as his subject for Sunday night, "The Conversion of a Great Orator."

Oh Boy! What Joy LIFT CORNS RIGHT OUT

The English Way

Right from England comes the new, better, joyful way to take out corns—root and all.

Callouses go also and you can rub off that hard skin on heels and toes with your hand—the magic treatment.

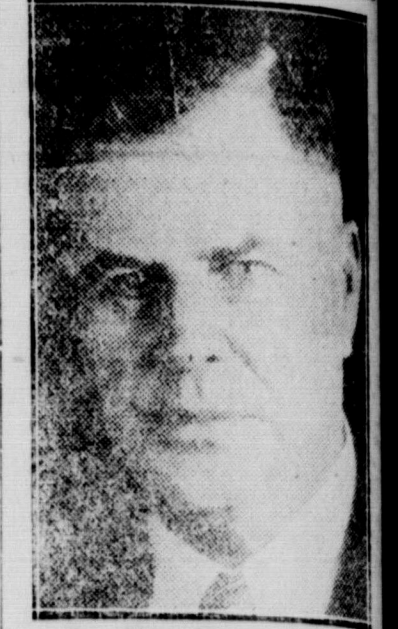

Ask Ferguson Bros. or any leading druggist for a package of Radox—put 2 tablespoonsful in a gallon of hot water—do this for 3 or 4 nights in succession—then lift out the corns.

This joyful exhilarating foot bath is simply great—you'll enjoy every minute of it and your burning, sore, tired, aching feet will feel better than they have for years—ask for Radox and foot comfort will be yours.

3-10

It doesn't take a telescope to see the future, it takes brains.

Free 5 Gallons of Phillips 66

Phill-up and Fly

- to introduce this new volatile gasoline

Phillips Motor Products are built to conform to a Phillips ideal of superior motor products—not just built to a price. They have made a name for themselves on merit in other communities and are in steadily increasing demand wherever they have been introduced.

"Phillips 66"

Five Gallons Free

THIS new Phillips highly volatile gasoline, which was used by Col. Arthur Goebel on his successful airplane flight to Honolulu, and used extensively by aviators throughout the country, is now available in a grade adapted to automobile use.

THIS new volatile gasoline—"Phillips 66"—will be introduced to motorists of Crowell and vicinity at the formal opening of our new and modern service station on Saturday, July 12th.

This gasoline, in which the Volatility is controlled in its manufacture according to the season and climate in which it is used, has met with tremendous success in other cities where it has been introduced. You, too, will find that it actually is a new, better and different fuel—that easier starting, more pep, more speed, more power and more mileage may now be yours—yet costs no more than ordinary gasoline.

We want to meet every automobile owner in Crowell and vicinity on that day and to every motorist who purchases enough "Phillips 66" on that day to fill his gas tank (and providing the purchase amounts to five gallons or more) we will give FREE a coupon for 5 gallons of "Phillips 66" good at any time within thirty days. (This offer does not apply to Phillips 66 Ethyl gasoline.)

Drive In And Say "Phill-er Up" On

SATURDAY, JULY 26TH

and if your purchase amounts to five gallons or more the free 5 gallon coupon is yours.

HERE IT IS

Below is an exact duplicate of the ballot to be used by the voters of Foard County in the Democratic primary Saturday. In printing this The News feels that the people will be able to vote more intelligently as they will have an opportunity to investigate such candidates that they know little about.

However, it is against the law for a person to mark this ballot and then take it to the polls to refer to in marking the regular ballot. It is also against the law to take anything else to the polls to refer to in marking the ballot.

OFFICIAL BALLOT

Democratic Party

I am a Democrat and pledge myself to support the nominees of this primary.

S. J. R. No. 19. PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel

from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing Constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.)
JANE Y. McCALLUM,
Secretary of State.

S. J. R. No. 2 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas, that Art. V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme Court may sit at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section 3 of Article V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of October in each year until the last Saturday in June of the next year, inclusive, at the Capitol of the State."

Section 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.)
JANE Y. McCALLUM,
Secretary of State.

Deaths from heart disease have almost doubled in the last ten years.

Another Fine Victory Won by New Konjola

Lady Was About to Give Up Hope of Finding Escape from Stubborn Ills

No wonder Konjola has won a million friends; no wonder seven million bottles were used in two years! Would you not like to know all about the medicine that wins such triumphs? Ask your druggist about it, but right now before you do anything else, read the words of Mrs. Flora Stanley, 315 North McMasters street, Amarillo, Texas. Praising Konjola, Mrs. Stanley says:

"I was in miserable health for five

MRS. FLORA STANLEY

years, the result of stomach, kidney and liver disorders. My back ached terribly and my feet and ankles were badly swollen. Gas formed after each meal, and I endured awful pains. Dizzy spells and bilious attacks were other sources of distress. My husband insisted that I try Konjola, and now I have a good appetite, food digests as it should, dizziness and biliousness are gone and my weight is back to normal. We

will always recommend Konjola after what it did for us."

Konjola does work swiftly, yet a full treatment of from six to eight bottles is advised for best results. Konjola is sold in Crowell at Ferguson Bros. drug store, and by all the best druggists in all towns throughout this entire section.

H. J. R. No. 11 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

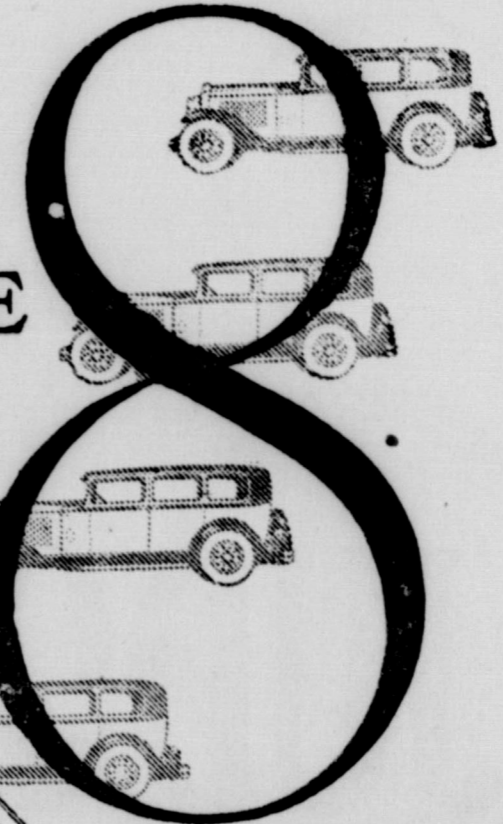

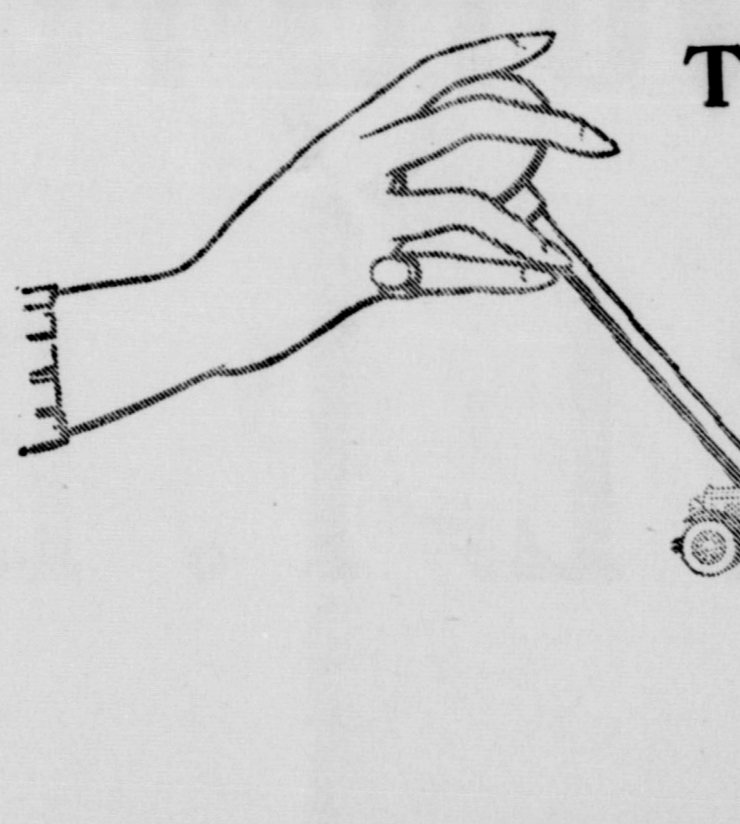

(A correct copy.)
JANE Y. McCALLUM,
Secretary of State.

Children of United States army and navy officers, lighthouse keepers and other government employees located at isolated posts are to be provided with specially arranged correspondence courses by the United States bureau of education.

No matter how profitable a business deal, it never provides the thrill that comes from finding a \$1 bill in a discarded suit of clothes.

A scientist who says that the world will be ruled by women in 1977 wouldn't consider that news if he were married.

THIS SATURDAY

AS BUICK BUILDS IT

WITH NEW SYNCRO-MESH TRANSMISSION* ...FOUR SERIES...ONE, THE WORLDS LOWEST PRICED VALVE-IN-HEAD STRAIGHT EIGHT

\$1025

FROM F. O. B. FLINT, MICH.

Millions will throng Buick show-rooms this Saturday . . . for this Saturday will mark the introduction of Buick's four new series of Valve-in-Head Straight Eights . . . and carries this added thrill for thousands who have long aspired to Buick ownership.

One of Buick's four new series of eights, equipped like its brothers with masterly new Valve-in-Head Straight Eight Engines and new Insulated Bodies by Fisher, lists as low as \$1025—the lowest price at which any Valve-in-Head Straight Eight has ever been offered!

A Buick Eight for \$200 less than

last year's six! A big, roomy Buick Eight priced so low that everyone who can afford any car, above the very lowest price group, can afford this finer automobile!

Buick, two-to-one leader in fine car sales, cordially invites you to see and drive these four new series of Eights—featuring new Valve-in-Head Straight Eight Engines, new Syncro-Mesh Transmissions*, new Insulated Bodies by Fisher and other memorable improvements . . . On display Saturday, July 26th.

Buick Motor Company, Flint, Mich.
Division of General Motors Corporation
Canadian Factories: McLaughlin-Buick, Oshawa, Ont.

*Buick alone, of all cars at or near its price, provides the famous Syncro-Mesh Transmission. This ultra-fine, ultra-luxurious feature assures smooth, silent, non-lash gear-shifting through all gears and at all speeds. It is employed in three of the new Buick series, with Buick's fine standard transmission in the series of lowest price.

PAT M. NEFF

Candidate for
Railroad Commissioner

Former Governor Pat M. Neff has been re-elected for some ten months by appointment as a member of the Railroad Commission, and is now seeking first elective term.

During the forty years that the railroad Commission has been in existence, from the time that John H. Reagan resigned his seat in the United States Senate to become its chairman, it has been the custom of the members of the Commission to elect a their chairman the member who has served for the greatest length of time. When Mr. Neff was appointed a member of the Commission, the other two members, in recognition of his public services and special training in handling railroad matters, selected him as chairman. The service of Mr. Neff in connection with the affairs of Texas during his four years as Governor, coupled with his year or more of work as a member of the United States Railroad Mediation Board, in the hand-

MARGARET

(By Special Correspondent)

The Methodist revival began Sunday morning. Rev. A. O. Hood, pastor of the Margaret Methodist church, is doing the preaching and Grady Martin of Abilene has charge of the singing.

Greer Reinhardt of Los Angeles, Calif., arrived here Friday night to spend his vacation with friends and relatives. Mrs. Reinhardt has been here for some time visiting.

Alfred Ragsdale of Sunset has been here visiting friends.

W. S. Carter left last week for the Rio Grande Valley. He is visiting relatives and friends in Weslaco now and expects to be gone several weeks.

Mr. and Mrs. Rob James and children of Electra spent Sunday visiting in the home of Mr. and Mrs. M. B. James.

Miss Lottie Jewel Priest is visiting her niece, Miss Sallie Belle Priest of Vernon.

Mr. and Mrs. John Terrill and son, John Jr., of Plainview were here Sunday visiting in the home of Mr. and Mrs. G. M. Sikes.

Mrs. Ona Bell Roberts spent last week with her sister, Mrs. John Taylor, and family at Chillicothe. Mr. and Mrs. Taylor and son, H. A., accompanied her home and spent the week-end with relatives here.

J. T. and Lowell Lamolin attended a musical at the home of Mr. and Mrs. Moore in Thalia Saturday night.

The members of the home demonstration club entertained their families and quite a number of friends with a picnic on Pease River Saturday night.

Mrs. McCurley's mother from Wichita, Kansas, is here visiting her. She was accompanied here by a granddaughter, Miss Elsie Darnell, also of Wichita.

Ira Tole of Thalia was a visitor here Saturday night.

Mrs. Sudie Bradford spent the week-end with her son, John, and family of West Rayland.

Mr. and Mrs. Bob Christian and children of Denton and Mr. and Mrs. Charlie Christian of Sanrer, friends of Mr. and Mrs. R. Davis, visited them Thursday and Friday.

Mr. and Mrs. Leo Davis and daughter, Elizabeth, of Lockett visited Mr. and Mrs. G. M. Sikes Sunday afternoon.

Johnnie Mae and Cecil Short spent from Thursday until Sunday with relatives at Chillicothe.

Miss Edith Graham, who has been attending Texas University, is at home for a visit with her parents, Mr. and Mrs. C. B. Graham.

Miss Atheline Bradford of West Rayland was a visitor in Margaret Monday night.

Mr. and Mrs. J. L. Short and daughter, Bessie, and little Jerry Caldwell spent Sunday with relatives at Chillicothe.

Mr. and Mrs. Emmett James and Grandmother James of Mineola have been here visiting Mr. and Mrs. M. B. James.

Bill Owens of Foard City and Haskell Francis of Crowell were visiting friends in Margaret Wednesday night of last week.

Grandmother Johnson celebrated her 82nd birthday Sunday, July 20th, at the home of her granddaughter, Mrs. J. H. Ellison. A large number of relatives and friends were present. Everyone enjoyed the day in a very happy way and wished the honoree many more happy years in which to live.

Mr. and Mrs. Bill Murphy, Mrs. W. Ingle, Mr. and Mrs. Alton Owens, Misses Bertha and Lottie Jewel Priest and Mrs. Luther Denton of Crowell were Vernon visitors Friday.

The Senior B. Y. P. U. members enjoyed a picnic near the Quanah bridge Friday evening.

John Wright of Quanah visited friends here Saturday night.

Bryan Blevins and Alfred Wise left Saturday on a business trip to different points on the Plains.

Mr. and Mrs. Raymond Ross of Flomot were here during the week-end visiting in the home of Mr. and Mrs. Clarence Ross.

Mr. and Mrs. Odie Ferguson of Crowell were here Friday visiting in the home of Mr. and Mrs. Roy Hairston.

Mrs. O. L. Derrington underwent an operation in the Crowell hospital Sunday.

Mr. and Mrs. Douglas Barnes and daughter, Ruth, left Friday for their home at Rockwall after visiting relatives here several days.

Mrs. A. W. Phillips of Wichita Falls spent Sunday night with relatives here.

Tom Lamb and family of Medicine Mound, Percy McGee and family, and Booker McGee and family of Paris visited in the home of Mr. and Mrs. Oliver Henderson Friday.

Mr. and Mrs. C. B. Graham and son, C. B. Jr., were Vernon visitors Sunday morning.

Gilbert Choate, who is working at Benjamin, spent the week-end with his parents, Mr. and Mrs. Jim Choate.

Murel Trout of Miami is here visiting relatives.

Carl Roberts and family, Fred Wilson and family of Dallas, H. E. Bothe and family of Gambleville visited in Quanah Saturday.

Mr. and Mrs. Horace Stephens visited friends in Crowell Saturday.

Oliver Henderson was a business visitor in Medicine Mound Monday.

Mr. and Mrs. Dennis Hairston and little daughter, Thelma Jo, visited relatives in Crowell Sunday.

Mr. and Mrs. S. J. Boman and daughter, Juanita, made a trip to Bowie Sunday. Grandmother Boman who had been visiting there for some time returned with them.

Taylor Bagley of Vernon was here Tuesday for a short visit with relatives.

Mr. and Mrs. Crews, Mr. and Mrs. John Long and Rev. and Mrs. John G. Clark of Crowell attended church here Sunday afternoon.

Arthur Owens and Mike Marlow made a trip to Flomot Sunday.

On Wednesday of last week Mrs. Molly Harrison of Seymour became the wife of Jimmy Tankersley in a marriage ceremony at Frederick, Okla. Mr. Tankersley is well known in this community having been here several months working on the Owens oil test. They are making their home in rooms at the residence of Mrs. Evans.

A. W. Phillips Jr. made a trip to Wichita Falls Sunday.

Jack Roden and Arthur Owens were business visitors in Vernon Monday.

Mrs. Jim Owens was a Vernon visitor Friday.

Mr. and Mrs. C. E. Flowers and sons, Clurry and Charles, of Crowell spent Sunday in the home of Mr. and Mrs. A. L. McGinnis.

Continental Sponsors \$12,000,000 Pipe Line

Ponca City, Okla., July 16.—Organization of the great Lakes Pipeline Company, a corporation sponsored by Continental Oil Company and the Barnsdall Corporation to construct a 1350 mile gasoline pipeline from the Oklahoma refineries to Chicago and other cities in the Great Lakes region at a cost of \$12,000,000, was announced here today by officials of the new company.

Officials who will direct the Great Lakes pipeline company are E. B. Reeser, chairman of the board; D. J. Moran, president; Harry Moveland, vice president and chief engineer; P. A. Ward, secretary-treasurer. Offices will be maintained at Ponca City for the present.

Although the pipeline is to be built primarily to serve the Continental refineries at Ponca City and Sapulpa, and the Barnsdall plants at Okmulgee and Barnsdall, it is understood that it may serve other refineries located in the midcontinent field and enable them to send their products to the Lakes region and intermediate points.

According to officials of the Great Lakes Company, careful preliminary investigation reveals that the new line will enable midcontinent refineries to transport gasoline into Chicago and surrounding points at a saving sufficient to allow them to market their products on an even basis with companies who operate manufacturing units there. A tentative survey of the route to be taken by the line was completed recently, and actual surveying began on July 11. The laying of pipe is expected to begin on August 15 or sooner and it is planned to have the line completed in time for operation early in 1931.

GOOD INSIDE AND OUT

Rexall Milk of Magnesia

Full Pint 39c

Some member of the family is suffering from sunburn. There's nothing in the house that will give relief. Just bring out the bottle of Rexall Milk of Magnesia on which you depend for relief from indigestion and constipation. Apply it liberally to the sunburned skin. Relief will be almost instantaneous. Sold only at Rexall Stores.

Ferguson Brothers

The Rexall Store

Turtle soup is no luxury to the people of Ocracoke, N. C. Huge sea turtles weighing 200 pounds frequently are caught in fishnets.

The fish known as the "King of Herrings" is only about four inches wide but grows to a length of twenty or twenty-five feet.

They used to ring the curfew back in the olden days, but now it is just at the time when the youngsters are starting out.

College graduates seeking jobs are now finding out that most of the big companies have presidents and general managers.

Getting down the facts that an aviator expects to fly 250 miles an hour, our opinion is that even when that rate gets to be common a lot of people still will be late.

UNUSUAL RECORDS

The United States had almost 25,000,000 automobiles registered the first of the year, of which 21,425,000 were passenger vehicles.

This represents 76.9 per cent of all automobiles registered in the world and 79.32 per cent of the world's passenger cars. Whereas the ratio of world passenger cars to world population is one car to every 70 persons or 14 cars to every thousand population, the ratio of passenger cars to the population of the United States is one car to each 5.6 persons, or 17.9 cars per thousand population.

Paralleling this unusual record pertaining to automobiles is the fact that about 1 in every 4 adults in the United States has investments in the business enterprises of the country. Over 17,000,000 today possess definite holdings in American concerns, compared with some 2,000,000 before the World War.

A STATEWIDE INDUSTRIAL

The time has come when Texas must think about repairing and reinforcing the foundations upon which she builds her prosperity. Heretofore she has relied almost exclusively upon agriculture, but she has grown too populous to impose so great a burden upon one form of industry. Moreover, agriculture itself is beset with a multitude of ills and is in poor position to carry an ever-increasing load.

Too much dependence upon agriculture has placed Texas at considerable disadvantage in the economic competitions between the states. A natural wealth so great as to be almost incomprehensible has carried her into the fore ranks, it is true; but where might she be had she properly balanced and diversified the production of field and factory?

Cotton, for instance, has been the nucleus about which Texas built a system of splendid deep-water ports. Cotton in bales, cotton-seed oil and cotton-seed cake have comprised the major items of Texas commerce. The cotton crop, however, fluctuates widely; this year there may be an enormous production, next year a comparative failure. In consequence, activity of Texas ports has been lopsided, and shipping has been prepon-

derantly of the "tramp" variety. A statewide industrial program therefore appears necessary and desirable from many viewpoints. Not only would it relieve agriculture of a burden which has become unbearable, but it would provide Texas ports with a steady flow of varied import and export cargo. Industrial payrolls would tend to fill the valleys which now characterize Texas business graphs, and if the peaks were leveled a little in the process no harm would result.

A well-balanced program of industrialization would stimulate prosperity in remarkable degree. Indeed because it would provide new, strong markets for agricultural products, industry might prove to be the very remedy for agriculture's ills.

That the future prosperity of the state depends upon some such program of industrial expansion and development, most Texas editors agree. This agreement does not extend, however, to the ways and means by which that development and expansion should be fostered.

Recent newspaper editorials have emphasized the fact that Texas possessed or produced raw materials sufficient to maintain a gigantic manufacturing industry. More than that, she has also an abundance of cheap fuel with which to turn the factory wheels. The latter fact is brought home to us by announcement of the fact that Texas gas is being piped to the Chicago industrial area.

In this connection, it is difficult to justify the logic which ships Texas raw materials to Chicago and pipes Texas gas to Chicago, only to manufacture products which are promptly returned to Texas for purchase and consumption. In point of fact, there is no economic justification for such a condition. That it persists is due to our toleration of an economic absurdity—an absurdity for which Texas pays an "unconscionable" price.

Probably no commonwealth in the Union enjoys such a happy combination of industrial advantages as does Texas. On the other hand it is quite as probable that no state has made so little effective use of such advantages.

To the problem there seems to be but one answer. Texas should create, either by voluntary association or by official appointment, an industrial board to discover, identify and broadcast to the world the industrial opportunities which lie hidden within the state.

Some time ago such a program was suggested by the Dallas News. Though commented upon with much favor by other Texas newspapers and magazines, it was never accorded recognition at Austin. Today, even more than at the time the Dallas newspaper voiced the suggestion, Texas should welcome the benefits which accrue from some such program. Texas needs the uniform, consistent and uninterrupted pro-

Political Announcements

The following announcements for the offices named are subject to the action of the Democratic Primary to be held in July of 1930:

For County Judge:
M. M. HART, JR.
CLAUDE CALLAWAY.
J. E. ATCHESON (Re-election)

For County Treasurer:
MARGARET CURTIS (Re-election)

For County and District Clerk:
GRADY MAGEE.

W. N. STOKES, Vernon.
L. P. BONNER, Vernon

For Representative, 114th District:
GEORGE MOFFETT, Chilli-
cothe.
O. D. BEAUCHAMP.

For State Senate, 23rd District:
RUBEN LOFTIN, Henrietta
BEN G. ONEAL, Wichita Falls
GEORGE W. BACKUS, Vernon

perity which would result therefrom. That Texans have become "industrial minded" is quite beyond dispute; and, peculiarly enough, industry has become more or less "Texas minded." If we would achieve our desires and become genuinely prosperous again, it is necessary only to organize; and that, too, seems simple enough.

Why not begin by organizing a competent, effective industrial board?—Editorials of the Month.

Shifts Dairy Methods

LaGrange—The cow with the longest horns used to receive the most feed in the herd of Paul Hensel, Fayette county farmer, whether she was one-gallon stripper or a four gallon cow. But the old system of feeding 15 cows a ration of meal and hulls in one big long trough was shown by records to make an \$85 dollar feed bill and leave only \$28 profit.

All this changed when Mr. Hensel began dairy herd demonstration in cooperation with the county agent and began weighing each cow's milk and feeding each according to production. Three cows were found to be eating 18 cents worth more than their feed cost, and were sold. The remaining 12 cows showed a feed bill of \$56.40 and a profit above feed of \$64.51. Mr. Hensel feeds a balanced ration in which the grain mixture averages 17 per cent protein, and allows each cow one pound of grain daily for every three pounds of milk produced.

Manure Worth \$3 Per Load

Comanche—Barnyard manure is worth \$3.08 per load to Troy Morgan of Energy Community in Comanche county, and he knows it's worth that because he's checked up on five loads he spread three years ago. It made one acre of poor land yield \$15.40 worth more crops than adjoining land during this three year period, and so this season Mr. Morgan bought a manure spreader and covered 20 acres.

Another striking demonstration reported by the county agent is that of Frank Caraway, also of Energy community, who scattered eight loads of manure on three acres of land last year. He realized \$20 per acre from this land, but on a nearby field couldn't find enough millet to cut. This year Mr. Caraway states that oats on the manured land are at least a third better than on other land.

A British airplane carrying twenty passengers and weighing nine tons set a record in flying to Paris in ninety-five minutes. The distance is over 200 miles.

Western pine beetles killed \$30,000 worth of standing timber in the Deschutes national forest in the last three years.

During the last six years the foreign population in Paris has increased by more than 20,000, an official report reveals.

Husbands in the Solomon islands group wear quills in their ears to mark the number of wives they possess.

A new synthetic resin is said to reduce prices on articles made by a score of industries.

Mauna Loa, in Hawaii, is the largest active volcano and mountain mass in the world.

Women of ancient Greece used mirrors made of shining bronze sometimes overlaid with silver.

Tests recently made indicate that osage orange is the hardest wood grown in the United States.

THE HOME MERCHANT

Communities grow only in proportion to support they receive from the people who make up the community.

Foard County has no chance to improve in quality and size by the inhabitants investing their money or buying the necessities of life in other localities.

People who cling to the misguided policy of "doing better" away from home often lose dollars in trying to save pennies.

The home merchant is honest and offers honest values. He can't afford to be otherwise, though he may be inclined to. He depends for his living from the community which he serves and he must give the community what it wants at a fair price.

When you are tempted to trade outside and get something just as good at a lower price, you should think twice before acting. If you are disappointed in merchandise you buy at home you can always get an adjustment. The merchant himself may be cheated and he is generally willing to take the loss rather than have a dissatisfied customer.

But the out-of-town merchant is not personally interested in you. His only hope is to sell you once and he does not have to take precaution to preserve your good will.

More than owing it to your community to trade at home, thus keep your money in circulation at home you should give the home merchant the first opportunity to serve you, from a sound economic view point.

CONCRETE ROAD BLOWS UP

C. D. Stephenson stated that the heat has been so bad in Shelby County, Ohio, where he formerly lived that two large slabs of concrete road blew up recently, according to an article he read in the Shelby paper.

The one tunnel on the Missouri-Kansas-Texas railroad is at Rochepoort, Mo.

A single mink has been known to catch as many as eighty fish in one night.

Jupiter has at least nine moons, the largest being about four times the size of our moon.

The first juvenile court in this country was in Cook county, Illinois, in 1889.

Another good test is what the June bride asks her husband for the first time for the price of a hair cut.

The Dead Sea, which lies 1,290 feet below sea level, is the lowest water surface on the earth.

Wonder what has become of the old fashioned mother who used to pick the names of Tom and Jerry for her twins.

WHEN IT'S SPRINGTIME IN THE ROCKIES

Played as only Ben Selvin and his orchestra can play. Waltz time—vocal refrain of male voices—an unforgettable melody coupled with "DANCING WITH TEARS IN MY EYES," a song popular with dance and vocal artists because of its pleasing and attractive wording. In this number Selvin plays and Ruth Etting gives the vocal refrain in her "once in a wh-hi-ile" way.

Rev. Osborn Speaker at Rotary Luncheon

Rev. B. J. Osborn, local Methodist pastor, was the principal speaker at the luncheon of the Rotary Club Wednesday. He spoke on "Fellowship," and advanced many excellent thoughts. Henry Ferguson, chairman of the fellowship committee was in charge of the program.

John Rasor, president, announced that program assignments for the entire year had been made to the various committees. Bill Wallace, Rotarian of Quanah, was a visitor at the luncheon.

George Self, a new member, was present at the meeting.

HURTS HAND

T. J. Cates received a serious injury to his left hand last week when his automobile slipped off of the jack while he was changing a tire. Two fingers were so badly cut that it was necessary to take six stitches in each.

A laborer of Stirling, Scotland, was sentenced for selling stolen coats to a tailor, and returning to steal them back.

Panama hats are made in Ecuador and are known there as toquilla hats.

FALLS FROM AUTO

Mrs. J. H. Lanier Jr. was painfully bruised and scratched about the head as the result of an accident last Friday night when she fell from the car that her husband was driving. Thinking that there was a flat tire on the car she opened a door and in leaning out to look at the tire she slipped and fell to the ground. The car was running at a speed of over 30 miles an hour on the highway west of Crowell at the time.

Mrs. Lanier was quickly returned to Crowell and immediate medical attention was secured. While very painful the injuries were not serious.

DOUBLE-HEADER ATTRACTION

A double-header baseball program will be offered fans of the town here Sunday. The first game will begin at 2:30 p. m. and will be played between Crowell and Chillicothe. The Crowell Odd Fellows team will play the Quanah Odd Fellows' team in the second game.

If the weather man would predict a severe winter right now, we would all feel better because of his inability to hit the mark.

The man who rocks the boat is the same fellow who never slows up for the railroad crossing.

PLAY—DON'T JUST TUNE UP

Many a player in the orchestra of life spends all his time merely in "tuning up."—Forbes. It's playing not the tuning that brings success and reputation to musicians. It's savings, not promising to, that brings independence to men.

A QUESTION OF SAFETY

Is your child quick—or dead? This was the rather pertinent inquiry or a warning issued in connection with National Safety Week. The reason for it is: Of nineteen thousand persons killed by automobiles last year, 5,700 were children. The assumption then is that the child that is not quick and on the alert every moment of the time spent on the streets, is of few years on the earth.

Reckless autoists take this terrible toll of child life, and since they are not being curbed very rapidly, it behooves the parents to use the greatest precautions in guarding their children against such an untimely death.

A study of statistics regarding this phase of automobile fatalities shows that the overwhelming majority of youngsters are killed while running errands and going to and from school. The loss of life among children playing in the streets is comparatively small.

No community escapes the blight of this ever present menace. Though accidents are less numerous in small towns, they are no less in proportion to population than in the large cities. Through speeding, reckless automobile drivers may be punished, the vengeance of the law will not bring back the little life that might have been spared, had more care been exercised.

Another Wichita Housewife Talks

"Argotane Has Completely Relieved Me of My Stomach and Gall Bladder Trouble," She Says

"When it comes to getting rid of bad stomach and gall bladder troubles, Argotane beats anything I ever heard of," said Mrs. J. R. Walkup of 1510 13th, Wichita Falls, Texas.

"If there is anything that will make life miserable for a person it is a real bad stomach trouble. Several years ago my stomach went back on me and I have had a mighty tough time of it ever since. I lost my appetite and my strength, and I could hardly eat anything. About every six or eight days I would have bad spells with my gall bladder causing very severe suffering, but never found a medicine that would give me relief. I always felt tired and run down and was very nervous and had pains in my side.

"So many of our people have endorsed Argotane so highly, I began taking it and it has certainly proven to be the right medicine for me. I feel like a different person and I have only taken two bottles. I can eat most anything I want, eat three meals every day and always seem to be hungry. My stomach seems to be stronger and I'm not nervous and I don't have the aches and pains in my side any more. In fact, I feel better all around and I have not had a spell of gall bladder trouble since I began taking Argotane. I am better in every way than I have felt in a long time and there is no doubt about it. Argotane is a very good medicine and I am glad to endorse it."

Genuine Argotane may be obtained in Crowell at the Reeder Drug Co.

IN PACE WITH THE TIMES

No retail merchant could continue in business unless he kept abreast with new products and the progress of new devices, and money-saving merchandise. He would soon be bankrupt if he did not "keep up with the times."

Women are the buyers—the purchasing agents—for the home. They can always do their work more effectively by knowing of new articles that save money and time; that add new ease to life.

The advertisements tell of these products. They are reliable sources of information that keep women in touch with everything that is desirable and that has been tested and has proved to be in the public's favor.

Read the advertisements because they will make the business of running a home easier. They will save the home manager money and assure faithful quality in everything that is bought.

A New York hotel cook who has been discovered to have a fine operatic voice will no doubt need a wonderful range.

Women control 41 percent of the individual wealth in the United States.

The Russian alphabet is to be Latinized so that it will conform to other alphabets of Europe.

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday July 20, "Life."
Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

At the Methodist Church

"I was glad when they said unto me: Let us go unto the house of the Lord."
So, let's go next Sunday morning. The place—The Methodist church, where each person will be welcomed in the most cordial manner. Be on time.

Sunday School opens promptly at 9:45, a. m. Let each person join in singing the first song.

Preaching at 11 a. m. and 8 p. m. There will be a few minutes of song service which we hope all will join in heartily. We shall do our best to have subjects that will interest each and everyone. We are trying to be led by the Holy Spirit, in whom we sincerely believe, in preparing the messages, and delivering them. It will inspire us so much if there may be a house filled to hear the messages.

Epworth Leagues meet at 7 p. m. Their programs are very interesting. We are still hoping that more people will become interested in the League's programs. We should encourage our splendid young people in their efforts.

Woman's Missionary Society meets Monday, 4 p. m.

Let it be known by everybody that there is a standing invitation to attend all the services at the Methodist church.

Yours for a great day, Sunday.
B. J. OSBORN.

Baptist Church News

Sunday was another fine day for Crowell Baptists. The Sunday School was fine. The offering was better and the preaching was well attended. The pastor spoke from the theme: "Our Risen Lord," as John described Him in first chapter of Revelation. Good response to the message. Good B. Y. P. U.'s at 7 p. m. The Juniors gave special program in the closing. Our general director was out of town, but Mrs. Clarence Self was on the job and equal to the occasion. Our secretary was also absent and we were handicapped as to records. We hope these general officers will be on the job next Sunday. We miss them when they are absent.

The evening preaching hour was all we could wish for. The pastor spoke on "The Way Back Home," using as a text: Jesus said, "I am the way, the truth and the life." There was one conversion and addition to the church by baptism.

The pastor and Duke Wallace are in revival meetings at Odell this week. They will not be home next Sunday, but the pulpit will be filled by a good preacher. We trust you will honor the Lord and the preacher by your presence.

A striking feature of last Sunday's services was the presence of so many of our fine young people. They are learning the joy of staying for the preaching service. The future looks bright for our work. The young people must set the religious pace for the future in Crowell. We plan special training courses for our young people this fall.

The Workers' Council will meet with Margaret Baptist church next Tuesday, the 23rd. We trust a large delegation from our church will attend.

There was a serious error in last week's "Baptist Church News." Referring to the evening subject it read "Baptism in Fire," but should have read, "The Baptism in Fire." We are sorry we made this error.

Bro. Ivan Wozencraft led the singing Sunday evening to the delight of all. This young man recently joined our church. He has a great future if he will let the Lord have His way with him.

Come next Sunday and welcome.
WOODIE W. SMITH.

The Christian Church

The meeting out at Black was a great success in many ways. The interest was fine and the attendance kept up even during the second week. We are not only thankful for those who were won to the church while there, but for the fellowship and the friends who were won as well.

Next Sunday night we will begin a meeting at Gambleville. We are looking forward to having a good meeting and fine fellowship there. We want to welcome as well as to urge all to attend.

We have no complaint to make yet as to the attendance at Sunday School and church. Last Sunday we had 102. If we have 108 this Sunday our attendance during the month of July for Sunday School will be 100. Let's all be present next Sunday at 9:45 and reach that goal. It's about as cool at the church as it is at home. Be sure then and stay for the worship service. Don't miss the Lord's Supper. When you absent yourself from His table you miss an opportunity of communion that you get nowhere else.

The Gospel Team will go to Claytonville next Sunday afternoon. Endeavor meets at 7 next Sunday evening. We want all to be present. Come and bring a friend.

The night service will be held outside if at all possible next Sunday night. We have been wanting to do this for some time. Now I feel sure that we will have our meeting outside next Sunday night at the church and we invite all of you to attend.

The friendly church welcomes you.
JOHN G. CLARK.

CHRISTIAN SCIENCE CHURCHES

"Life" was the subject of the Lesson-Sermon Sunday, July 20, in all Churches of Christ, Scientist.

The Golden Text was the Proverbs 16:22, "Understanding is a well-spring of life unto him that hath it."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And this is life eternal, that they might know thee the only true God, and Jesus Christ whom thou hast sent."—John 17:3.

Included in the service were the following passages from the Christian Science textbook, "Science and Health with Key to Scriptures," by Mary Baker Eddy: "The way through which immortality and life are learned is not ecclesiastical but Christian, not human but divine, not physical but metaphysical, not material but scientifically spiritual." (p. 98.)

"When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

AYERSVILLE CLUB

The Ayersville Home Demonstration Club met in the home of Mrs. J. H. Ayers, July 18th. Miss Hale gave an interesting talk on "eating for health." Mrs. Rose Ayers gave a reading. The debate: "Resolved that proper nutrition is a more important factor toward contentment than a large pay check," was interesting as well as entertaining. Members and visitors were equally divided and the debate was carried on for several minutes. Many good points were brought out on both sides, although the affirmative side won.

Delicious refreshments of chicken sandwiches and punch were served to 7 members and 14 visitors.

The meeting adjourned to meet with Mrs. Short in August.—Reporter.

FOARD CITY

(By Special Correspondent)

Mrs. Ed Thompson and children were Crowell visitors last Friday.

E. T. Munger and M. M. Horn were Vernon visitors last Friday.

Jewel and Leo Horn entertained the young people with a party last Saturday night.

Mr. and Mrs. Johnnie Gamble of Thalia were guests of Mr. and Mrs. J. L. Farrar last Sunday. They also visited Mr. and Mrs. G. M. Canup.

The Epworth League put on a program at Truscott Sunday afternoon. They also enjoyed a picnic.

Mr. and Mrs. Patton and family of Crowell spent Sunday with their daughter, Mrs. J. L. Farrar, and family.

Raymond Canup and Robert Huggins of Thalia visited relatives and friends here Sunday.

Coy Ward of Crowell spent the week-end with Curtis Barker.

Mr. and Mrs. Cliff Stone and baby of near Dallas spent several days here with relatives and friends.

There were 68 present at Sunday School last Sunday. Be sure and come next Sunday and bring some one with you.

Miss Virgie Callaway of Truscott spent the week-end at home.

Miss Faye Callaway spent the week-end with friends at Truscott.

Mr. and Mrs. Sam Mills and daughter, Sammie Gene, of Crowell visited Mr. Mills' parents here Sunday.

Miss Arie Fleta Beidleman spent the week-end with Victoria McDaniel.

S. J. R. No. 7

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 11. That Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund.

And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury), shall be invested in bonds of the United States, the State of Texas, or counties of said State, or

in school bonds of municipalities, in bonds of any city of this State, in obligations and pledges issued by the Board of Regents of the University of Texas, or secured by such obligations and pledges, for the construction of dormitories and other buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto, and the interest accrued thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing section; provided, that the one-half of the alternate sections of the land granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1858, entitled, "An Act to establish the University of Texas," shall not be included in, or constitute a part of, the permanent university fund.

Sec. 2. Said proposed amendments shall be voted on by the election of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

Y. Woman Lost 14 Pounds of Fat

One 85 Cent Bottle of Kruschen Salts Did It

I am starting on my second bottle of Kruschen Salts and am real pleased with the results. I take it reducing and so far have lost 14 pounds and I think it is doing wonders for me. I do not feel so tired any more when I get home from work.

A generous bottle of Kruschen Salts that lasts 4 weeks cost but 85 cents at Ferguson Bros. or any other drug store in America—take a half teaspoon in a glass of hot water every morning before breakfast—cut down on starches and walk a little each day.

Before the bottle is empty surplus indolence changes to activity—you'll feel younger—your eyes will brighten—step grows spry. You know this—you ought to try it. Kruschen salts is the ideal treatment for constipation, indigestion, headaches, nervousness and dizziness.

Bob White quail is one of the most beneficial birds to agricultural interests, through the efficient assistance rendered in the destruction of obnoxious weeds and insects.

First Automobile Is Allowed in St. Helena

St. Helena, famous in history as the site of Napoleon's exile and burial place for 20 years, at last has an automobile.

Along with Bermuda and other insular territories, St. Helena has long barred the motor car. First intimation came in an unsolicited testimonial received by General Motors Export Company from the St. Helena Corp., Ltd., importers and exporters, who do a flourishing business on the Island.

Excerpts from the letter state that "until the commencement of this year, mechanical transport was prohibited. . . . It is now sanctioned, however, and we have imported the first motor lorry that the Island has seen."

"... for the purpose of collecting raw material from our plantation, and the cartage of prepared hemp from the mills to the wharf, we have had to maintain a large amount of animal transport which in this island is very expensive and allows no comparison with the cost of transport by mechanical means. Consequently, directly legislation permitted, we imported a motor lorry as mentioned, and before doing so we considered. . . the vehicle which would in our opinion be the most suitable. Of a large number of vehicles offered, we concluded that for the price your Chevrolet 30 cwt. I. Q. model was the most suitable, and this is the vehicle we imported from England and which today is the pioneer of commercial transport in St. Helena."

CLAYTONVILLE

(By Special Correspondent)

Mr. and Mrs. C. E. Dunn entertained a large crowd of young people with a party Saturday night.

Born to Mr. and Mrs. Jack Vessel a 9lb. boy.

Mr. and Mrs. Claud Vessel and W. C. Golden visited in our community Saturday.

The Baptist meeting will begin at Claytonville the first night of August. Everyone is invited to attend. The meeting will be conducted by Bro. H. H. Haston.

Among the industrial enterprises of ancient Phoenicia was the working of lead mines in Spain from which place they distributed the metal.

Twenty-five Years Ago in The News

Mark Henry of the Stiteler & Carroll Company at Quanah was in our city Saturday and Sunday.

Mrs. S. O. Woods and daughter, Lottie, returned the first of the week from an extended visit to their relatives in East Texas and the Indian Territory.

Miss Effie Harrison was the guest of Mr. and Mrs. Harper this week, attending the meeting at the Baptist church.

Loses Two Fingers

Last Monday morning Fite Crowell, who has been running Bell's engine, had the misfortune to lose two of his fingers on his right hand. Fite was oiling the gear wheel when he dropped the oil can and in grabbing for it his fingers were caught in the cogs. One finger was torn entirely off at the time and the other hung only by a thread.

There has not been since the settlement of this county a better all around crop than now, however, we fear that much of the grain will be damaged in the shock if the rains continue.

The Farmers Union had a grand rally at Crowell last Saturday. J. K. P. Hindman of Chillicothe, made the opening address and was followed by Mr. Craig of Greer County.

Marvin Jones Praised by Perryton Editor

In the coming primary, the Democrats of the Eighteenth Congressional District, composed of fifty-three Northwest counties, will no doubt show their appreciation of a conscientious, wise and capable public servant by voting for Marvin Jones for Congress.

Mr. Jones was first elected in 1917 and has served continuously since that time. By native ability and through industry and experience he has become one of the most effective and highly respected men in the House.

If the entire House of Representatives were composed of men like Marvin Jones the standing of the National Congress would be a source of general pride. Mr. Jones does not seek the limelight. He does not speak merely to get into record, but when he does speak he has something to say, and the members of the House always listen to him.

Mr. Jones has had very little opposition, and in the few instances when it has developed his opponent has accepted defeat with little surprise, and everybody seemed to have a good time. His merit is recognized, and each added year finds Mr. Jones strongly entrenched in the confidence and esteem of his constituents. Even those who disagree with him occasionally on national questions are proud of the manner in which he serves all of the people of the district, and of the record he has made.

The people of the Plains are always glad to support Marvin Jones. —The Herald, Perryton, Texas. (Political Advt.)

Expansion Program of West Texas Utilities Brings 6 New Towns

With the recent acquisition of Hartley, Texline, Dumas and Stratford in the Panhandle section, the West Texas Utilities Company is now serving 118 prosperous cities, towns and communities in 45 counties of West Texas.

In addition to these four towns, two others, Eola and Flomont, have been added to the steadily increasing list of West Texas towns served by this company. Recently increased activities in the expansion program of the West Texas Utilities Company has been very favorably met by the towns, two of which, Texline and Stratford, formerly operated municipally owned plants and a third, Dumas, received electricity from a privately owned plant. The remaining three towns are receiving their first electric current from this company.

All six of these towns are being served with electricity; three of them, Dumas, Stratford and Texline, are being served with water. In addition to the above two utilities Dumas is also receiving gas from this company.

MARGARET CLUB

The Margaret Home Demonstration Club met at the home of Mrs. S. B. Middlebrook Jr., July 11th, with 14 members, 2 visitors and Miss Hale present. The meeting opened with the club song and prayer in unison. Mrs. Bell presided during a short business session after which we took up the subject for the afternoon, "keeping the doctor away." Miss Hale gave a very interesting talk on eating for health. The members divided sides and discussed the subject. "Resolved that proper nutrition is a more important factor toward contentment than a large pay check," the negative side being the winners. The hostess, assisted by Mrs. Melvin Moore, served delicious refreshments of cake and cherry punch. Our next meeting will be with Mrs. I. W. Middlebrook, July 25th.—A Member.

John D. may have made his first dollar by selling a flock of geese, such as historians have stated, but many a motorist knows where he made his last two-bits.

Sometimes we wonder how the recording angel keeps count of the fish stories.

This ADVERTISEMENT

is addressed to the motorist who has never said "Ethyl" to the Conoco salesman

WE realize that nothing we can say in this advertisement will cause you to prefer CONOCO Ethyl Gasoline if you haven't already tried it. You'll like the swift pick-up on formidable hills . . . the uncomplaining and instant unleashing of power when you accelerate . . . the utter absence of vexatious knocking . . . the infrequency of having to shift gears.

CONOCO Gasoline is as good as the choice crude from two billion gallons and modern refineries can make it. But we, its makers, tell you that Ethyl adds the final touch, the essential resistance to "knocking," so that you may enjoy the instant starting, the flashing acceleration, and the rushing power which each gallon of CONOCO Gasoline has for you.

Try your first tank full of CONOCO Ethyl at any Red Triangle Station. And then make up your mind. If CONOCO Ethyl doesn't sell itself to you, we will never urge you to try it again.

The best pair of shoes in the world won't give satisfaction unless they are the "right" shoes for your feet. That's why we spend a lot of time in carefully fitting every pair of shoes we sell. The shoes you buy MUST fit you perfectly or we won't make the sale.

R. B. EDWARDS CO.

SOCIETY

BRIDE-ELECT IS HONORED WITH SHOWER AT CARTER HOME WEDNESDAY NIGHT

Misses Claudia Carter and Maye Andrews were hostesses at a miscellaneous shower on Wednesday at the home of Miss Carter, for Miss Fern Nicholson whose marriage to Ralph McKown will take place in the near future. The guests were met at the porch by two little fairies in the personages of Theda Laverne Wright and Joyce White who led them to the proper entrance where they were received by Miss Claudia Carter who directed them to the guest register which was presided over by Mrs. Sidney Miller. Then they went into the dining-room where punch was served by Misses Clarine Nicholson and Mary Ennis Carter. During this time Miss Frances Allison rendered piano selections. The fairies again appeared, leading the bride-elect and her mother, Mrs. C. L. Nicholson, and Mrs. Ruby Pearce, eldest sister of

Mr. McKown, to a seat in the living room. Then followed a short program, a duet by Mrs. C. W. Thompson and Mrs. T. B. Klepper, a reading by Miss Elizabeth Kincaid and a piano solo by Mrs. Sam Crews. At this time Miss Maye Andrews in a few well chosen, intimate terms announced that the fairies would now lead Miss Nicholson to the foot of the rainbow, where the legendary pot of gold would this time really be found. A pretty rainbow was arranged across two rooms and in following it, the fairies and bride-elect came to a room full of beautiful and useful gifts from those present and other friends of the young couple. Miss Nicholson thanked the donors and asked each one to view the gifts. After doing this and congratulating the bride-elect, the guests were again served to punch before leaving.

MR. AND MRS. W. R. PARRISH OF MISSION HONORED

As a compliment to Mr. and Mrs. W. R. Parrish of Mission, Texas, who are visiting friends here, Mrs. A. Y. Beverly and Mrs. S. S. Bell entertained with a lawn party at Mrs. Beverly's home on Monday evening.

A Dutch supper was served cafeteria style, and places were found at tables on the well-lighted lawn. After the supper, games of 42 were enjoyed. The honor guests were presented with suitable favors. Other out-of-town guests were Mrs. D. G. Spruill of Shamrock, Texas, and Mrs. M. M. Davidson of Sand Springs, Okla. Besides these and the honor guests, the following were present: Messrs. and Mesdames M. S. Henry, J. R. Beverly, W. B. Johnson, George Self, M. L. Hughston, H. Schindler, D. R. Magee, T. N. Bell, Paul Shirley, W. C. McKown, Jno. Ray, Mrs. J. A. Johnson, Miss Elsie Schindler and the hostesses and their husbands.

SWASTIKA CLUB

Mrs. Pete Bell was hostess at a meeting of the Swastika Club last Thursday. Games of bridge were played with Mrs. Gordon Bell winning high score and Mrs. Lawrence Kimsey, second. Besides the members, Mrs. William Bell was present as a guest.

BARBECUE HONORING ALTON BELL'S BIRTHDAY IS HELD

Following the custom inaugurated a number of years ago, a mutton barbecue was held Wednesday evening at the picnic grounds next to the Beaver Creek bridge on T. N. Bell's place, southeast of town, honoring Alton Bell's birthday.

About seventy persons were present and enjoyed the delicious barbecue prepared by W. B. Griffin, and the other food that was brought by the ladies.

Out-of-town guests present were: Mr. and Mrs. Jack Rowland of Waco; Robert White, Houston; Mrs. Marie Rider and Mrs. H. L. Rawlins, Dallas; Miss Lois Alexander, Clarendon; Miss Hallie Beth Willingham, Sabinal; and Mr. and Mrs. John Davis of Paducah.

PARTY AT B. W. SELF HOME

A unique and pretty party was that given last Thursday afternoon from five to seven o'clock in the home of Mrs. Bert Self, with Mrs. Self, Mrs. Paul Shirley and Mrs. Herbert Edwards as hostesses. The living-room, dining-room and guest-room where the tables were placed were made more attractive with cut flowers, while each table held a small bouquet of zinnias and daisies. After the guests were assembled delightful ice cream in the form of bunches of grapes, angel food cake iced with pink, cherry-lime punch and pink and green mints were served. Tallies were then passed for forty-two. In stead of favors being given for high score, an attractively wrapped package was given each one who bid and made \$4.00 or 168. Much merriment was created by the opening of the packages which contained numerous and different articles, all useful as well as ornamental. Those who enjoyed this pleasant occasion were: Mesdames J. E. Harwell, Geo. Hinds, M. L. Hughston, N. J. Roberts, Allen Sanders, T. N. Bell, A. Y. Beverly, L. A. Beverly, Oscar Boman, T. B. Beverly, J. B. Beverly, Willis Huddleston of Paris, A. F. McMillan, H. E. Ferguson, T. F. Hughston, J. A. Johnson, Esca Brown, R. L. Kincaid, T. B. Klepper, W. C. McKown, D. R. Magee, C. C. McLaughlin, Dow Miller, T. F. Hill, Edgar Womack, H. Schindler, S. J. Ferguson, C. R. Ferguson, T. L. Hughston, T. P. Reeder, Jimmie Self, Jno. Ray, W. R. Parrish of Mission, Clarence Self, Lawrence Kimsey, M. M. Hart Jr., Jno. Rasor.

Ella Rucker Says Erroneous Opinion Exists in County

To the Citizens of Foard County: In making my canvass of the county I find an erroneous opinion in the minds of some, as to the powers and duties of tax assessors in regard to the fixing of the assessed valuations of property.

Briefly stated in my way, tax assessors are to accept renditions made by taxpayers, who have the right to say what they own and what it is worth. These renditions are submitted by the assessor to the Commissioners Court, acting as a board of equalization, whose duties are to carefully examine the renditions, approve those that appear to them to be correct and to note such changes as in their judgment may appear to be necessary in the others.

Notices are sent to such taxpayers to appear before this board at a date given and show why such changes should not be made. Many tax assessors make copies of the previous year's renditions which show each item of real estate and personal property together with its value rendered by you for that year, which you can check over and make such changes as may be necessary, if any.

Thus you see, the fixing of the assessed valuations is between the taxpayers and the board of equalization.

As you know, I am the first woman to ask for this office in Foard County, but not so in the State, for Bailey, Calhoun, Chambers, Ector, Hunt, Collingsworth, Hansford and Shelby Counties, have lady tax assessors.

I have lived in Foard County since early childhood, graduated from Crowell High School in 1918, have had nine years experience in tax work and feel that I am qualified to handle the assessor's office as it should be.

I have made an effort to see every voter in the county but have failed in some instances, and I hope you will consider this as a visit.

Asking you to give my claims a fair and just consideration, I remain, Yours respectfully, ELLA RUCKER.

Cotton Association

(Continued from Page 1)

"It may take legislative action," he said, not offering any suggestions as to where and by whom such laws would be passed. "I know that part of it will be worked out."

The meeting closed after J. D. Summerour, chairman of the Chamber of Commerce committee, and Roy Antle, manager of the Vernon branch of the association, had been introduced to those present.

Plan of Operation

A drive for members in the association is now under way and is centered in Wilbarger County at the present time. Later an intensive drive will be made in Foard County. The membership fee is ten dollars for those who were never members of the old Texas Farm Bureau Cotton Association. It is not necessary to pay this fee upon joining the association, as the fee may be taken from the proceeds of the member's cotton as final settlement.

A charge of fifty cents is made by the association for each bale of cotton that is graded and stapled, for either members or non-members. However, non-members cannot take advantage of the co-operative plan of selling of the association.

The central grading and stapling office will be located at Vernon, however, receiving agents for collection samples will be stationed at the various leading towns of the Vernon district. Such an agent in Crowell would take a sample from members' cotton and send it to the Vernon office. As soon as the grade and staple is known a check is sent to the agent here who in turn delivers it to the member.

An arrangement of this kind should not deprive a member of his money for more than two days after the local agent takes the sample.

Other Plans Available

According to Mr. Moser, there are two other plans that such towns as Crowell might adopt. By guaranteeing \$4,000.00 a full time grader would be located in Crowell. In case eight thousand bales were secured, the guarantee would automatically be taken care of since a charge of fifty cents per bale is made for grading. Another source of revenue in taking care of the guarantee is a portion of the initiation fee of members.

The other plan is that of securing a part-time grader, for whom it would take a guarantee of \$2,500. Such a man would be in Crowell three days each week and would issue checks to the members as soon as the cotton was graded. The chief advantage of having a full time or part time grader here would be that a member would receive his money

SPLINTERS

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co. R. J. ROBERTS, Manager.

Many people evidently believe that Glasfast Enamel is the best enamel sold; judging from the number who are buying it. And we agree with 'em.

And L. G. Andrews rises to request that it be said with more fish and fewer tales.

A CONSERVATIVE IS ANY MAN WHO FEELS PRACTICALLY NAKED WITHOUT A VEST.

And if you want the best paints, say it with B. P. & Paints. Your job will look good long after the price is forgotten.

"Is your Packard friend coming tonight?"
"No."
"Dodge Brothers?"
"No, dearest, this is Willys Night."

Good judgment is the quality which dictates the purchase of a home.

Summer's too violent these July days.

CICERO SMITH LUMBER CO.

at the time his cotton was graded. Members do not have to sell all of their cotton to the association. Every other bale up to twenty bales is required, or in other words just as soon as ten bales from the first twenty of his crop are sold to the association the member is free then to dispose of his cotton in any manner he sees fit.

By paying the ten dollars initiation fee members are then entitled to the full benefits of the association for a period of ten years. However, after living up to the requirements of the association for two years, he may then withdraw from it entirely if he so desires.

There are three ways for the members to market their cotton through the new organization. The seasonal pool, which has been the most popular during the past season consists of cotton which will be sold when the association thinks best. The fixation pool is another and gives the grower the authority to say where his cotton shall be sold. The grower also has the privilege of selling to the association the same day that he delivers his cotton, however, the handling charge, plus the freight would be deducted from the market price on the day of the sale.

The advance on cotton placed in the seasonal and in the fixation pools are the same, but in case the market value of the cotton should drop to where there would likely be a loss, the cotton farmer who has his cotton in the fixation pool would be required to sell his cotton or put up a margin to cover the crop. In the seasonal pool no margin would be required in as much as the association has full marketing authority in that pool.

T. M. Haney of Thalia represents eight counties in this district as a director in the Texas Cotton Co-operative Association.

THE Gift OF LIFETIME USEFULNESS

Remington Portable Typewriter

SELECT a gift this year that will be used and appreciated always... choose a Remington Portable. For child or adult, professional man or student, here is a present that will be a constant reminder of the donor's thoughtfulness. Beautiful—colorful—durable, the Remington is the smallest, lightest, most compact portable made. Several smart color combinations. Handsome carrying case. Convenient payment plan.

CHEVROLET Six-Cylinder Trucks

Bigger, Faster, Sturdier and more economical

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity!

These basic facts should be borne in mind by everyone con-

sidering the purchase of an inexpensive haulage unit—in these days, when business men are watching transportation costs.

Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them. Use them as a basis of comparison—to prove quality—modern design—and EXTRA VALUE!

Special Features of the Chevrolet Six-Cylinder Truck

50 h. p. valve-in-head motor . . . 48 lb. crankshaft . . . bronze-bushed pistons . . . positive pressure fuel pump . . . deep channel steel frame 187 inches long . . . mounts 9-foot bodies . . . low loading height . . . four long semi-

elliptic springs and low center of gravity preventing sideway . . . wide variety of bodies . . . small down payment . . . easy terms . . . and the unusual protection of Chevrolet's liberal new owner's service policy.

Sedan Delivery . . . \$595 1 1/2 TON CHASSIS Light Delivery Chassis . . . \$365 \$520 1 1/2 Ton Chassis With Cab . . . \$625 Roadster Delivery . . . \$440 (Pick-up bus cover)
