## MARGARET HAS FARM COURSES FOR STUDENTS

### Most Practical Schools in Foard County Operated at Margaret

Margaret has a school system to fit the needs of the student. Being an agricultural county, the trustees of this school have selected subjects that fit an agricultural program. Vocational training, domestic science, manual training, and agriculture are three of the special subjects taught in the school. To find as many of these subjects as possible in a rural school, the trustees of the Margaret school have selected a program of unusual and reflects credit to the trustees of the Margaret school.

One of the best brick buildings in the county the school has just housing to take care of all classes. Last year a two room addition was made for the manual training and domestic science room. Thomas R. Cox is superintendent of the school and is the teacher of the 10th and 11th grades and is the instructor of manual training and vocational agriculture. Miss Claudia is the principal of the school and is the teacher of the 7th and 8th grades and is instructor in domestic science. Mrs. Bailey Renneke teaches the 9th and 10th grades. Miss Ola is the 4th and 5th, and Miss Carter, the primary department. The high school teaches through three years of English, two of Spanish, three years of history, two years of mathematics, two of vocational agriculture, manual training and domestic science.

### Do Own Work

Best results from the manual training work in the school can be obtained as soon as one arrives on the grounds. Practically all of the equipment, including sewing machines, see-saws, swings and other things have been made by the school water pump. The process water into the reservoir. The tanks and the boxes of this work are old pumps and managed a good one which is now being repaired. In repairing the pump it was also necessary for the boys to overhaul the casing and pump. The items as book cases, incubators, tables and others are made by the boys of this class. Not only do the boys prove of great benefit to the school in saving expenses and in securing equipment that it could not have otherwise, but the school did not have these things.

The domestic science class is to give what manual training is to the girls. The girls learn to make every type of clothing and household items. The latest type of sewing machines are included in their equipment.

### Parent-Teachers Ass'n.

There would have to travel many miles before finding as live a Parent-Teachers Association as Margaret. Last year there were over fifty members in this organization and this year are setting one hundred members as their goal and are really trying to have that many. The school at present is 110 and one can judge from the figures how live the Margaret Parent-Teachers Ass'n. Many take an active part in the association who do not attend the school.

### Association has a great list of accomplishments to its credit.

Last year provided gas heat for the building and in spite of this expense began this year with \$46.00 in treasury. The state equipment for the auditorium was also made possible by the P. T. A. Each year it has bought athletic equipment for boys and girls. This year it is planning to buy books for equipment. Four basketball balls, the expense of the 10th grade making exercises and assistance in winning Interscholastic League are other accomplishments of the association.

W. T. Blevins is president of the association; Mrs. G. M. Sikes, vice president; Miss Cora Carter, recording secretary; and Mrs. Bailey Renneke, corresponding secretary. A membership contest is now being held in the association with the Reds and the Whites competing. Miss Ella Mae is captain of the Reds and Juanita Hunter is head of the Whites.

The association has established an excellent reputation for the plays that it has put on. With negro minstrels, plays, negro reunions and campers, money has been raised that is worthwhile accomplishment. Last year one play netted \$100.00 and the same play netted \$100.00 at Thalia where over 300 people attended. Thalia has one of the largest auditoriums in the county with seating capacity of 500 which accounts for one of the reasons for the success of the entertainments in that county. Few auditoriums anywhere have as fine seats as those in Margaret.

## New Flash-Light Switchboard Is Already Ordered

The Haskell Telephone Company is showing good faith with the people of Crowell and is rushing work for installing the new flash-light system here that Crowell telephone users voted to adopt at extra cost last week.

Just as soon as it was seen that the vote had carried, G. H. Williams of Seymour, plant superintendent of the Haskell system, left for Dallas and on Friday had submitted specifications for a new switchboard to bid on and Monday he had closed a deal with the Stromberg-Carlson Company for the new board.

Delivery was promised by the Stromberg-Carlson Company for January 15th or earlier. Mr. Williams explained that this was a very early date as most companies ask for nine months to complete a switchboard. He said that the Haskell system had to wait about nine months at Olney and Seymour to secure boards.

Mr. Williams stated that Crowell had acted so promptly on the matter that his company was going to show the same respect and rush this work to completion as early as possible. He stated that the Stromberg factory was prevailed upon to rush their work on the board. "Crowell put the telephone proposition over quicker than any other town I know of," said Mr. Williams, "and it sure shows that you have a bunch of live-wires here."

C. D. Kinnie of Kansas City, sales manager of the Stromberg-Carlson Company, arrived in Crowell Thursday morning in order to make plans for the work of his company in connection with the telephone program here.

After the switchboard arrives, it will take four to six weeks to install, according to Mr. Williams.

## Court Adjourns Due to Illness of Myers

A number of civil and criminal cases have been postponed from the October term of court that has been in session here to the February term as a result of the illness of John Myers, district attorney. It is possible that a special term of court will be called before February.

The cases of W. T. Myers and others on charges of manufacturing intoxicants in connection with the raid on the large still recently, were to have come up at this term.

The first two days of court this week were spent in trying O. C. Hammonds of Thalia on a statutory charge. He was given a five-year suspended sentence. The suit of Mrs. Eula Lemons against Newt Lemons for divorce and custody of minor child was granted. A divorce was also granted in the suit of Guy Moseley against Lula Moseley. Several tax suits were also settled at this term of court.

The grand jury was in its final session Thursday afternoon.

## Margaret Union Wins Honors at Meet Here

The Margaret Senior B. Y. P. U., Peppy Peppers, took attendance honors at the quarterly B. Y. P. U. and Sunday School meeting of the Wilbarger-Foard Baptist Association here Sunday afternoon. The next meeting of the association will be on December 29, at Margaret. About 200 members of the association from the various unions in the two counties were present.

The program was in charge of the junior unions and the junior group of the First Baptist Church of Vernon, under the direction of Mrs. J. C. Bolton, won the efficiency record for the past quarter, on a basis of the eight point grading system.

R. W. Owens of Fargo was named chorister for both the B. Y. P. U. and Sunday School organizations, and Mrs. Bessie Blake was selected as secretary of both groups. She has been secretary of the unions.

### Cotton ginnings in Crowell up to 1,167 bales.

Cleanliness is the most impressive thing about the Margaret school. The cleanliness of spirit existing there is cooperative responsible for this condition. At the first of school week they were waist high all over the grounds. With the opening of school all of the students and faculty members started the work of thoroughly cleaning the grounds and the work was soon completed. Boys and girls were at work Monday afternoon, when a News reporter visited the school, painting basketball goals and smoothing down the courts.

Basketball is the principal sport at Margaret, however, tennis, volley ball and other forms of athletics are to be added later. A real effort to take a number of victories at the Foard County Interscholastic meet will be made this year in both literary and athletic events. Bill Jake Middlebrock has been elected captain of the senior boys basketball team and W. C. Stokes is junior boys basketball captain. The girls have not elected a captain yet.

The board of trustees of the Margaret school district is composed of the following: Joe L. Orr, chairman; W. L. Smith and C. F. Bradford.

## LEGION HELD MEETING AND FEED FRIDAY

### Plans for Nov. 11th Discussed; Erection of Life-Size Statues Planned

About forty ex-service men were present at a banquet of the local Gordon J. Ford post of the American Legion that was held Friday night at the Griffith Hotel. The banquet was held in order to bring the members together for the purpose of discussing Armistice Day plans. Ebb Scales acted as toastmaster.

Before starting the banquet the men joined in a number of old time war songs. The program opened with all members standing and giving the Legion preamble in unison after which Major Hines Clark made a talk concerning the importance of having a celebration on November 11th.

Miss Francine Mae Curtis was next on the program and rendered three interesting readings. Captain C. B. Morris, commander of the local post, followed with an address in which he emphasized the need of cooperation in the Legion's work. He stated that November 11th should be next to Christmas in importance to ex-service men and that some significant thing done on that day would be better than trying to do something big.

Julian Wright, adjutant, followed with a discussion of erecting a concrete base for the German cannon on the court house lawn along with adjoining bases for life size bronze statues of the American doughboy and sailor to be erected at some later date.

### 1898 Veteran Speaks

W. A. Cogdell represented the veterans of the Spanish-American War at the banquet and brought out many interesting points in his talk. Since considerable comment had been made relative to November 11th, Mr. Cogdell asked all those who knew the date of the similar occasion for the Spanish-American War to hold up their hands. No one knowing, Mr. Cogdell stated that it was August 12, 1898.

Mr. Cogdell explained that over half of the veterans of that war now living were members of their organization, a total of 112,000 members, known as comrades. He also brought out the fact that 451,000 men took part in the army and navy during that war and that about half of these were now living.

### "For the Dead"

Captain Que Miller was next on the program with a talk concerning the proposed monuments. It is not for us that we want to see these monuments erected, but for those boys who gave their lives for that world might live in peace and prosperity today," Captain Miller said.

Seven small statues of the "Spirit of the American Doughboy" and "Spirit of the American Sailor," that were exact replicas of the proposed life-sized statues, decorated the banquet table. Mr. Miller pointed out that the sailors had never come in for their share of glory and remarked about their feat of carrying two million men 3,000 miles across the Atlantic and supplies for 4,000,000 men without the loss of a man, one that has never been equaled in all naval history. He said that it was equally as important to erect a statue for Foard County's sailors as it was for the doughboys and that both statues should be erected.

### Statue Plans

The plan for erecting the statues was described as follows: Have a concrete base for the cannon in the center with raised bases on each side for the statues, and a copper plate at the foot of the statues with Foard County's representatives in the great war, with special attention to the names of the 8 or 9 that died while in service. "It is upon the dead bodies of our soldier boys that prosperity lies and it is up to us to see that honor is given these boys who have so greatly helped to keep sacred the treasure of citizenship."

It was also brought out that the names of Foard's representatives in the Spanish-American War should be placed on a tablet along with the others.

### November 11th Plans

After some discussion it was decided to go ahead and erect the concrete bases and have them dedicated on November 11th and then at some time in the future secure the life-size statues and place on the bases. The cost of the concrete bases was estimated at around \$150 and the Legion is to take care of that expense. With the volunteer effort of the members in hauling gravel, designing, and building the bases, the cost will not be so much as it would be otherwise. The cost of erecting the two statues is around \$3,000.

The gun that has been on the court house lawn for some time will be dedicated to the local legion on November 11th and it is hoped to have Claude A. Adams here for that purpose, as a representative of the adjutant general's office takes care of that work.

A committee composed of Major Clark, Captain Miller and A. Y. Beverly was appointed to see the commissioner's court relative to erecting the bases on the court house lawn. Mel Housouer, Clint White and Julian Wright were appointed on a committee to supervise the erection of the bases. A number of others at the banquet volunteered to help with this work.

## Foard Teachers Institute To Be Held Oct. 17 to 19

The Foard County teachers institute will be held Thursday, Friday and Saturday, Oct. 17, 18, and 19 with all the schools of the county taking part. The first day of the institute will be held at Thalia with W. C. Jones, superintendent of the Thalia schools in charge. The institute on that day will be only for the county teachers.

On Friday the institute will be held at Crowell High School with the teachers of the county and Crowell schools meeting jointly. J. E. Atcheson, county superintendent, will have charge of the program on that day. The third and final day of the institute will be for the Crowell teachers only with Superintendent I. T. Graves in charge. Faculty meetings, lesson plans and other matters will be taken up at that time.

According to Mr. Atcheson a fee of fifty cents will be charged each teacher on registration. The law requires every teacher to attend. Mr. Atcheson stated that the greatest purpose of this meeting was to form a county organization.

The program for the institute follows:

- Thursday, Oct. 18th at Thalia
- 9:00-9:20—Registration.
- 9:20-9:30—Song service led by John H. Banister.
- 9:30-9:40—Invocation by W. A. Reed.
- 9:40-10:00—P. T. A. and the Schools by Mrs. Boyd Gillespie.
- 10:00-10:20—P. T. A. in Our Schools by W. C. Jones.
- 10:20-10:45—Our Aims and Plans by J. E. Atcheson.
- 10:45-11:00—Intermission.
- 11:00-12:00—Sectional meetings. Primary—Mrs. W. C. Jones. Intermediate—Miss Sara Lawrence.
- High School—C. T. Tucker.
- 12:00-1:00—Noon.
- 1:00-1:10—Songs led by John H. Banister.
- 1:10-1:30—How to use the Course of Study by T. R. Cox.
- 1:30-1:50—Beautifying the School Ground by Mrs. Leta B. Russell.
- 1:50-2:10—Playground Activities by Mildred Cogdell.
- 2:10-2:30—Seating and Posture by Fern Nicholson.
- 2:30-2:45—Intermission.
- 2:45-3:00—Standard Tests by T. C. Davis.
- 3:00-3:20—The Teacher and the District Board: What they should expect of each other by L. L. Nixon.
- 3:20-3:40—Professional Relations between Teachers by Mrs. Gladys Tucker.
- 3:40-4:00—Responsibility of Teacher to Pupil by Mrs. Hite Jenkins.

### Friday, Oct. 18th at Crowell High

- 9:00-9:05—Roll call.
- 9:05-9:20—Singing led by John H. Banister.
- 9:20-9:30—Devotional by Rev. Clark.
- 9:30-9:50—The Relation that should exist between Parents and Teachers by Miss Godfrey.
- 9:50-10:30—Address by Dean Jas. F. Cox.
- 10:30-10:40—Intermission.
- 10:40-11:00—Report of Interscholastic League Committee.
- 11:00-12:00—Sectional meeting. Primary—Miss Lottie Woods. Intermediate—Miss Thelma Shaw.
- High School—W. C. Jones.
- 12:00-1:00—Noon.
- 1:00-1:05—Song by John H. Banister.
- 1:05-1:50—Address by Dean Jas. F. Cox.
- 1:50-2:30—Sectional meeting. Primary—Mrs. W. C. Jones. Intermediate—Mrs. Gladys Tucker.
- High School—I. T. Graves.
- 2:30-2:45—Intermission.
- 2:45-3:00—Discussion on P. T. A. 3:00-4:00—Interscholastic League.

## Oil Activity Around Margaret Starts Again

Drilling is to begin about the 10th of this month on the I. W. Middlebrook No. 1 that is located about two miles north of Margaret, according to I. W. Middlebrook. A. H. Harris, independent oil operator of Amarillo, is in charge of this test and was here to close deals for again working on this test which was spudded in on June 27th.

The Phillips Oil Company's test on the R. T. Owens place, about two miles east of Margaret, will start drilling again this week, according to Mr. Middlebrook. This test was spudded in on the 7th of August.

### Banquet at Night

It was also voted to hold a banquet on the night of November 11th for Legion members and their ladies. A. Y. Beverly, Ebb Scales, Julian Wright and C. S. Woodward of Truscott were appointed on the banquet committee.

Other plans for November 11th are yet to be made and will be announced later.

Those present from Truscott at the banquet were Ozie Turner, Clyde Cobb and C. S. Woodward. Mr. Woodward spoke as a Truscott member of the local post in cooperating to the fullest extent on any project undertaken by the Gordon J. Ford post of the American Legion.

## ACTUAL PAVING TO BEGIN IN FOARD FRIDAY

### To Start About One Mile West of Thalia; Will Proceed Toward Crowell

Pouring of the first concrete on Highway 28, or the Lee Highway, in Foard County, will take place Friday morning, October 3, with the beginning of actual paving work by the McClung Construction Company. The paving will begin at a point about one mile west of Thalia and will proceed in the direction of Crowell.

About seven miles of pipe have been laid from the tank on Mrs. Steve Bell's place to the point where paving is to begin and all other arrangements to have paving going in full blast have been completed.

Arrangements have already been completed for about forty trucks for hauling gravel and other material to the scene of paving. According to J. C. Hensley, superintendent of construction, a number of men for common labor are still needed.

Forty-nine carloads of gravel and sand had already arrived here up to Thursday afternoon and a number of carloads of cement were expected to arrive at any time. Mr. Hensley stated that material would arrive at the rate of about 20 cars daily until the storage pile had been built up and then the shipments would be less.

A larger new material bin has already been erected at the company's plant near the Self Grain Co. elevator. A power clam-shell is now at work unloading the cars and keeping the bin filled in order that the gravel and sand trucks may back under it and secure their loads. Great piles of sand and gravel are already on the ground.

Mr. Hensley stated that with favorable conditions paving would proceed at the rate of about one and one-quarter miles per week.

## Murray Martin Died At Paducah Thurs.

Word reached Crowell Thursday morning that Murray Martin, former Crowell resident, died in a Paducah hospital within a few minutes after he had been found in an unconscious condition in an alley on the south side of the square at Paducah Thursday morning at about 9 a. m.

Up to Thursday noon his death was still a mystery. Several bruises were found on his body. Mr. Martin had been seen driving his car shortly before he was found unconscious.

Mr. Martin was employed by M. S. Henry & Company as a plumber and tinner for two years, leaving here about six years ago. He had also lived here when just a young boy. During his residence in Paducah he had been operating a plumbing shop.

Mr. Martin is survived by his widow, a son, H. M. Jr., his stepfather and mother, Mr. and Mrs. J. H. Thomson, all of Paducah, and several brothers and sisters. He was a cousin of T. B. Klepper of this city.

Further particulars concerning the matter could be learned.

## Margaret Couple Has Been Married 62 Yrs.

Almost 63 years ago, Mr and Mrs. M. Bond of Margaret were newlyweds, having been married in Cooke County on January 3, 1867. It is believed that this couple have been married longer than any other in Foard County, although Mr. and Mrs. R. P. Womack are close seconds, having been married nearly 62 years.

A News reporter had the opportunity of visiting this fine old couple at Margaret Monday and to talk with these pioneer citizens who have spent a good part of their lives on the frontier is very enjoyable.

After their marriage they made their home in Wise County and in 1887 they moved to a point in Wilbarger County, about six miles south of Harrold. On March 2nd, 1906, they moved to Foard County, about four miles east of Margaret, the community where they have since lived. For the past fourteen years they have been living at their home in Margaret.

Mr. Bond joined the Confederate army during the Civil War, however, he was sent back to Texas to fight Indians. For three years he served as a Texas Ranger under General James McCord.

Mr. and Mrs. Bond have three children: Mrs. A. P. Kinard of Goodnight, Texas; Alpheus Bond of Vernon and Valmer Bond of Colorado, Texas. Mrs. Callie Druce, an adopted child that the Bonds raised from childhood, is also living in Cordell, Oklahoma. They also have 14 grandchildren and 17 great grand children.

Mr. Bond has been very ill lately but is better now and able to be up and around although he is still weak.

### CAR RECOVERED

Jack Brian's Chevrolet coach, which was stolen from in front of his home Saturday night, was recovered in Seymour Wednesday. The car was parked on the streets of that city and was in the same condition that it was when stolen with nothing missing from it.

Mr. Brian left Thursday morning for Seymour to return with his car.

## Crowell Will Play Knox City Hi Here Friday Afternoon

Two teams that should be of about equal caliber will meet on the local gridiron for a football game, Friday, October 4th, when the Knox City Greyhounds come to take on the Crowell Wildcats.

Both teams boast an undefeated aggregation up to this time. Crowell has won victories over Matador and Quannah, while Knox City has played two scoreless ties thus far. From all indications there will not be a very large score piled up on either side as both teams seem to be good on the defense.

Last year Knox City held Crowell to a scoreless tie here. In the game at Knox City the same season Crowell lost by two touchdowns.

The game here will start at four o'clock and the fans can count on the game starting exactly on time, according to Coach Grady Graves. The admission is only 35c for adults, and the town owes it to the team to back its members by turning out in a large number for these games.

Crowell's schedule will have to be changed a little due to the fact that Chillicothe called off last Friday's game. Chillicothe got some of their dates mixed up and found themselves with two games last Friday, both Crowell and Paducah. Since several of Crowell's men were injured, Coach Graves allowed Chillicothe to call this game off and play Paducah. It is not known whether Crowell will get to play Chillicothe on November 11th, however, Coach Graves thinks another game will be arranged with Chillicothe though, as fans of both cities are looking forward to these teams locking horns.

## Mrs. Bud Clark of Rayland Died at Her Home Saturday

Mrs. Bud Clark, 75, died at her home in the Rayland community at 11 o'clock Saturday night. The end was not unexpected as she has been seriously ill for the past two weeks.

Funeral services were held at 3 o'clock Sunday afternoon at the Thalia Church of Christ with A. O. Colley of Vernon officiating. Interment followed in the Thalia cemetery.

Mrs. Clark was born March 29, 1854. She moved to Rayland with her husband from Grapeland, Houston County, in 1906 and has resided at Rayland since that time.

She is survived by her husband, three sons; John Clark of Crockett; Buck Clark of West Rayland; and Will Clark of Thalia; three daughters, Mrs. Anna Ward of Thama, Mrs. Effie Jordan of Artesia Wells, and Mrs. Ruby Mansel of Rayland.

Pall bearers were her six grandsons, Walter Ward, Clifton Haynes, Preston Clark, Tom Ward, Robert Lee Haynes and Luther Jordan.

## Leslie Thomas Wins In Fire Prevention Talk at Luncheon

Leo Spencer had charge of the luncheon of the Rotary Club Wednesday when a special fire prevention program was given in connection with Fire Prevention Week, October 6-12.

Students, representing each class of Crowell High School, were present and recited their prize-winning essays concerning fire prevention. Miss Lois Gafford represented the 8th grade; Leslie Thomas, 9th; Mary Frances Self, 10th; and Frances Patton, 11th.

Before their talks, Mr. Spencer spoke briefly on fire prevention week and fire losses. Miss Gafford was the first speaker and was followed by Leslie Thomas, Miss Self and Miss Patton.

Leslie Thomas was awarded first place for the speakers by three judges selected from the club. I. T. Graves, superintendent, was present and stated that 175 students had contested in the schools in order that they might recite their essays to the Rotary Club.

Some of the facts brought out by the speakers were: Fire loss in the U. S. averages \$4.75 per person; 1,500 were killed by fire last year and over 5,000 injured; 60 per cent of the fires took place in the homes; damage by fire amounts to \$500 per minute in the U. S.; and that carefulness was the only thing to overcome carelessness. Each speaker gave many suggestions on how to prevent fires and what to do in case of fire.

Mr. Spencer said that Crowell's good fire record resulted in 15 per cent credit for this city and that the fire department and water works eliminated one-third of fire loss. He also explained that Crowell was saved \$510 on fire insurance premiums by having fire prevention taught in the public schools.

### LEAVING FOR PITTSBURGH

Bryan O'Connell will leave Friday for Pittsburgh, Pennsylvania, where he will take up a position in the production department of the Westinghouse Electric Company. His wife will follow in a short time.

Mr. O'Connell worked for the Westinghouse Company for about seven years, leaving that firm about three years ago due to his health.

The Crowell Epworth League will entertain the Paducah League Friday night at the Methodist Church, according to Miss Emily Purcell.

**THALIA**  
(By Special Correspondent)

Mr. and Mrs. Bennie Keesee and Mr. and Mrs. Mortie Keesee of Odell visited W. C. Gardner and family here last week-end.

Mrs. Truett Neill and son, Myles Elton, visited relatives here last week-end.

Born to Mr. and Mrs. H. C. Sparks, October 1st, a seven-pound boy. His name is Billie Winsel.

Mrs. Tom Abston and children and

Mrs. Leona Abston and son visited R. G. Nichols and family in the Black community Saturday.

Otto Matthes visited relatives in Breckenridge last week-end.

John Hugh Banister was able to be back in school Monday after a weeks absence on account of a tonsil operation. He is teaching in the West Rayland school this term.

Mrs. C. B. Morris entertained the Women's Bible Class of the Methodist Sunday School and other teachers of the school in her home here Monday afternoon. Members present were:

Mesdames H. W. Gray, W. T. Brown, J. K. Langley, L. H. Hammonds, E. J. McKinley, E. G. Grimsley, C. H. Wood, C. C. Lindsey, M. C. Adkins, J. R. Morris, Leo Lawhorn, C. W. Roberts, Roy Ricks, and Luther Jobe. Others present were Mrs. Coursey, Mrs. W. G. Chapman, Miss Minnie Wood, Mrs. Truett Neill, Miss Marguerite Morris and the hostess, Mrs. C. B. Morris. After a business session, contests and games were enjoyed by all after which plate refreshments were served.

G. C. Short accompanied by W. B. Short of Crowell visited relatives in McKinney a few days last week.

M. C. Adkins and family, C. W. Roberts and family, Mrs. W. T. Brown and Mrs. C. C. Lindsey, Mrs. E. J. McKinley and Mrs. W. H. McKinley were Vernon visitors Saturday.

W. F. Wood, E. G. Grimsley and Miss Minnie Wood were Rayland visitors Saturday.

Mrs. M. A. Oliver and children, Raymond, Lorman and Annie Lillah, were Vernon visitors Saturday.

H. L. Swan, L. H. Hammonds, Bill Hammonds, H. O. Wilhite, Bill Banister, H. R. Randolph, E. J. McKinley, M. C. Adkins and W. F. Wood were Crowell visitors Tuesday.

O. E. Hodges spent last week-end visiting his family in Burk Burnett.

Miss Louise Stovall went to Electra Saturday to attend the funeral of a friend, Mrs. Paul Gordon.

Mr. and Mrs. Brown Franklin of Crowell visited Fred Brown and family here Sunday afternoon.

**Let Us Help You Reach Real Dairy Profits**

You put valuable feed and valuable time into the production of milk. You invest real money in milch cows and you house your herd, away from unfavorable climatic conditions. You carry foaming pails of milk to the milk room . . . and then what? Don't let your care stop there. Make sure your cream separator puts all the cream in the cream can, in condition to bring top price and top profit!

**A McCORMICK-DEERING Ball-Bearing Cream Separator Will Solve Your Problem**

These easy-turning black beauties are doing good work for dairymen all over the country; they'll save dollars for you. They're built to skim clean—and they do it—whether the milk is warm or cold.

The improved design of the McCormick-Deering bowl is responsible for this thrifty skimming. And it's responsible for the vibrationless operation for which these machines are famous. The combination of this feature with the ball-bearing construction gives you ease of turning that can't be beat.

**Ask Us to Demonstrate**

The best way to see what McCormick-Deering Cream Separator efficiency will do for your dairy profits is to see and try one of these ball-bearing machines on your own farm. If you'll step to the phone and ask for a demonstration, we'll have a new McCormick-Deering out there in quick time. No obligation.

### Margaret Farmers Claim Manure and Burrs Great Help

Considered Shame to Burn Burrs at Gins; Joe L. Orr Shows Value of Fertilizing

Joe L. Orr, living two and one half miles east of Margaret has shown conclusively that barn yard manure will fertilize the crop up during a dry season as has been thought by some, that it has really made his cotton land as good again as cotton on land that has not been in cultivation half as long as the manured land.

Mr. Orr has a good farm and he is proud of it that way. He has a field of cotton that has been in cultivation for the past thirty five years. It has become so thin that it did not produce any crop very well. The cotton would not get very high. Last year a good team and wagon was used over to a hired man who hauled out the barn yard on the farm and applied it to the field. He hauled all the burrs from the field that he could get and applied them on the land.

It cannot be definitely determined how much the yield is increased, but it is very satisfactory.

Mr. Orr says that the burrs applied to his land will show wonderful results about four years without any other treatment. He thinks that it is a shame to burn burrs at the gins when they make such valuable fertilizer and are needed as badly as manure.

#### Treating Peach Trees

During the month of October is the best time to treat peach trees for scale. Each year there are a few peach orchards that are of no value because of the attack of scale. About the only treatment that has been satisfactory is the Paraffin-benzene. The short name is P. D. Z.

The method of application of the P. D. Z. is to scrape the dirt away from the base of the tree some two or three inches below the surface of the ground, and apply the P. D. Z. in a ring around the base of the tree in a ring around the base of the tree at the rate of one (1) ounce every year old the tree is, provided it is over three years old. Trees under three years old apply the same way using only 3-4 ounces every year the tree is old. After it has been placed on the ground it must be covered to four inches from the ground, over it, banking the dirt against the tree several inches from the ground. Let it stay for several weeks. Remove the P. D. Z. and fresh dirt around the tree.

#### STATEMENT

Statement of ownership, management, etc., required by the Act of August 24, 1912, of the Foard County News, published weekly at Crowell, Texas, for October, 1929.

JOHN W. FERGESON, Notary Public, in and for the state and county aforesaid, solemnly appeared T. B. Klepper, who being duly sworn according to law, deposes and says that he is the publisher of the Foard County News, and that the following is, to the best of his knowledge and belief, the statement of the ownership, management, etc., of the aforesaid publication for the date shown in the statement, required by the Act of August 24, 1912, embodied in section 1104 of the Postal Laws and Regulations, and on the reverse of this form: That the name and address of the publisher, editor, managing editor or business manager is: T. B. Klepper, whose address is Crowell, Texas, and the owner is T. B. Klepper, Crowell, Texas; that the known bondholders owning or holding one per cent more of the total amount of the mortgages, or other securities of the publisher, are: G. M. Thacker, Crowell, Texas, and the Merchenthaler Linotype Co., New York, N. Y.

Subscribed and subscribed before me this 30th day of September, 1929.  
MACK BOSWELL,  
Notary Public.

#### INDIVIDUAL THE UNIT

The responsibility of the individual is never greater than now, yet there has been a growing disposition to place the blame on the government, whether they be national, state or local, function in matters, and blame this intangible thing called government if anything goes wrong.

There never has been a time in the history of the people of this country in which a higher standard of individual character and conduct was essential to the well-being of the nation.

Determined influences are being used to undermine the regard of the individual for the very laws which individuals collectively, through their representatives, have enacted as a part of their own conduct and relation to one another.

A clear understanding of individual responsibility in matters affecting the common good could be gained if we would never be even the remote possibility of failure in any worthy undertaking.

Neither would there be any failure of the community, the state or the nation if the effort to establish and maintain harmonious conditions, and a happy realization is not always achieved, but this is because some individuals, or group of individuals, are selfish or unwilling to contribute unselfishly to the total.

The failure of most community enterprises is in large measure due to the unwillingness of some individuals to discharge their responsibility to the community and to bear their share of the burden.

The communities that get ahead are those where the merchants, the professional men, the laboring men and all other groups have a deep sense of their individual obligation to the community, which is their duty, and endeavor to live up to it.

#### MEN WILL HAVE CHARGE AT CHRISTIAN CHURCH SUNDAY

The men of the Christian Church will have complete charge of the services at that church Sunday night. Men will occupy the seats in the choir and will have full charge of the program.

Talks will be made by Joe Ward and C. V. Allen and the speaking program will be closed by Rev. John G. Clark. A quartet, duet and solo will also be given by the men.

Everyone, and especially the men, are invited to attend this service.

#### RAYLAND

(By Special Correspondent)

A. W. Crisp and Leonard Pool returned Friday from Bay City. Aubrey Tipps of Whitesboro is visiting his aunt, Mrs. T. F. Lambert, and family.

Grady Price and George Self returned Friday from Oklahoma City with two school busses for the 5 in 1 consolidated school.

Mr. and Mrs. P. H. Corzine, Mrs. H. W. Young, and Bob Adkins went to Waxahachie Wednesday and returned Thursday.

Mrs. J. N. Lawson of Vernon spent from Wednesday until Friday with Mr. and Mrs. R. A. Rutledge.

Mr. and Mrs. Leonard Pool spent Saturday night and Sunday with K. B. Pool and family of Talmage.

Mr. and Mrs. Buster Kinchloe of Kinchloe were dinner guests of G. T. German and wife Sunday.

Miss Hazel Rutledge of Vernon spent the week-end with home folks here.

P. H. Corzine went to Waxahachie Saturday to meet his wife who has been at Rockdale at the bedside of her sister. They returned Monday.

Raymond Jordan came Thursday from Artesia Wells, Texas, to visit among relatives here.

Hamp Clines and family of Tolbert, Mr. and Mrs. Charlie Hawley, Mrs. Lee Jordan and children of Vernon, and Mr. and Mrs. Edd Armstrong of Doan's attended the funeral of Mrs. Bud Clark Sunday.

Mrs. Willie Mae Schlueter of Artesia Wells is here visiting relatives.

A. C. Crisp, H. W. Young, R. M. Gregg and A. W. Crisp made a business trip to Crowell Monday.

#### Acts Like It Was Just Made For Her

Lubbock Housewife Says She Feels One Hundred Percent Better Since Taking Oratone

"This Oratone acts just like it was made for me especially to fit my case," said Mrs. C. A. Walters of 1410 Texas Ave., Lubbock, Texas. "The fact is, I haven't seen a well day for the past two years," she continued, "and almost as soon as I started taking Oratone it seemed to go right to the seat of my trouble and anyone could see that I was getting better. My stomach gave me lots of trouble and every thing I would eat would sour and cause bloating spells. I didn't have any appetite and I was weak, nervous and run-down."

"I saw Oratone so highly advertised that I decided to try it and it has certainly been the right medicine for me. I eat anything I want and it does not bother me at all. I'm not bothered with constipation anymore, and in fact, I feel one hundred per cent better than I did before taking Oratone. Oratone has saved me from a lot of suffering that no other

medicine or treatment was able to do and I am glad to give this statement and recommend it to my many friends."

Genuine Oratone may be bought in Crowell at the Reeder Drug Store.

A new field laboratory for studying plant insects has been established in the state of Washington by the United States department of agriculture.

Aviators who climb seven miles in the course of a flight may experience change from perhaps 71 degrees above zero to 76 degrees below in a short time.

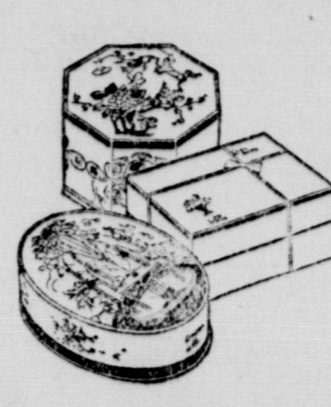

Bicycles and motorcycles are almost as fatal to pedestrians of Paris as the 8,000 taxis. They caused thirty deaths last year, and taxis forty-four.

There are seven hundred occupations in this country by which one may make a living and the people engaged in six hundred and ninety-nine of them think they could do better in the other one.

To the meek and lowly hen goes the honor of having invented the first sanitary wrapper for food products.

Crowell, Texas, October 4, 1929

**Jake Middlebrook Celebrates 79th Birthday Oct. 2**

Uncle Jake Middlebrook of Margaret celebrated his 79th birthday Wednesday, October 2nd. Mr. Middlebrook is one of the earliest pioneers of this section, coming to Wilbarger County in 1887 and then to Foard County in 1889, settling near the present location of Gambelville school.

In 1900 he moved north of Margaret where he has since lived. Mr. and Mrs. Middlebrook are among the oldest married couples in Foard County. They have been married around 61 years, marrying when Mr. Middlebrook was eighteen years of age.

Mr. Middlebrook still leads a very active life and is in the produce business at Margaret, helping the farmers of that community to have a weekly income by purchasing their cream, chickens and other products. He also conducts a filling station in connection with his produce business.

Mr. Middlebrook was born in Mississippi and came to Texas when he was two years old and has lived in this state since that time.

Six children were born to Mr. and Mrs. Middlebrook, four of whom are still living. The children now living are: Mrs. D. M. Ferefee of Vernon; I. W. and S. B. Middlebrook of Margaret; Mrs. J. K. Fair of San Antonio and Mrs. L. Y. Jameson of Olton, Texas. Mr. and Mrs. Middlebrook also have 28 grand children and 7 great-grandchildren. Since his marriage there have been only five deaths in his family, including one

child and four grandchildren. Few people have more friends than Mr. and Mrs. Middlebrook. It is such people as they who have made Foard County what it is today and any comforts that we enjoy today, we owe to a great extent to such pioneer residents as the Middlebrooks.

**Negro Jailed After Brawl Here Saturday**

Sylvester Davis, negro, is in the Foard County jail, on a charge of assault with intent to murder following a brawl at his home here Saturday morning at about 2 o'clock, in which Ida Julia, negro woman, was believed fatally injured.

Davis was captured at about 6 o'clock Saturday morning in the railroad yards at Vernon by E. B. Rowland, policeman, and C. C. Yoakum, fireman. After being notified of the event here local officers immediately got in touch with Vernon officials. Policeman Rowland did not wait to get another officer but immediately secured the services of a fireman and soon found Davis in the railroad yards walking down the tracks.

In a statement to District Attorney John Myers at Vernon Saturday morning, Davis said Ida Julia was after him with a butcher knife and he struck her with something. He said he was too drunk at the time to remember what he used.

Local officers state that Davis used an axe and struck the woman with its sharp edge, piercing her brain and putting out an eye. She is not expected to live, but is doing better at present than has generally been expected.

**ERECTING CAFE**

M. F. Crowell is having a 14 by 18 foot sheetrock structure erected just south of his filling station for the purpose of housing a cafe. The new business will be operated by Mrs. Marie Gray.

**WHY SEND YOUR DOLLAR BILL TO BETTY PHILLIPS?**

"Keep the cards and return a dollar or return the cards," are the directions enclosed in the boxes of Christmas cards that have been received through the mail by a large number of Foard County people this week. Naturally there will be many dollars sent out of Foard County for these cards by people who do not realize that they can secure even better cards right here at home and at the same price.

Most people have a spirit of loyalty and when they can do just as good or better with their home merchants they will patronize them and it is for that reason that the Foard County News wishes to let the people of Crowell and Foard County know that this year it can satisfy any Christmas Card need.

Tests have demonstrated that a dollar circulates twenty times within a community during a year. The dollar sent away moves once and never returns. Before mailing your dollar to Betty Phillips or anyone else sending you Christmas cards without your request, please remember this.

However, the News does not appeal for your trade on loyalty to home merchants alone, but on the fact that it can give you better Christmas card service and with that condition, isn't it only fair that you consider a home institution first?

**Better Service**

The News has box assortments of cards, including 12 cards of different types, that sell for \$1.50 with your name printed on them or \$1.00 without your name. We invite you to come to our office and inspect these cards and the various other ones that we have already received and we are sure that you will be convinced that you cannot secure better service on Christmas cards anywhere.

This year the News is carrying in stock cards from such famous firms as Sidney J. Bourgoyne & Sons of Philadelphia; Murray Publishers of Chicago; E. C. Palmer & Co., and Southwestern Paper Company. There are cards in stock now to fit most any taste and price. The News also has a number of sample books containing cards of every type and price, that can be ordered. If you want your cards to be exclusive, we can thoroughly satisfy you.

Whether you want the highest class type of card or a neat and attractive card of moderate price, the News can fit your need. If you don't want your name printed on the cards, we have the type you want.

We cordially invite you to come to our office and look over our line now. Why wait to order your Christmas cards when it is so much better to do that job now and have it off of your hands?

**Mrs. W. C. Erwin Finds Pressure Cooker Pays**

Mrs. W. C. Erwin is one of a number of Foard County women who have found a great many uses for her steam pressure cooker and canner. Mrs. Erwin has over three hundred cans of food products which she has canned this year.

The list consists of many varieties of meats, fruits and vegetables, including pork, pork sausage, beef, chicken, soups, beans, peas, potatoes, tomatoes, okra, vegetable soups, peaches, pears, plums, apples and numerous kinds of jellies, preserves and other products.

Not all of these products were produced on the Erwin farm, however. Mr. Erwin is making preparations to build an irrigation tank that will enable him to water his truck products during the dry weather. The Erwin farm is four miles south of Crowell.

**JIMMY LARUE NEW AGENT FOR SANTA FE AT MARGARET**

Jimmy LaRue has taken over his duties as station agent for the Panhandle and Santa Fe Railway at Margaret. He has been acting in the capacity as night clerk at the depot here for the past several months and was just recently promoted to the Margaret position.

Mr. LaRue succeeds W. H. Taylor who has gone to California.

A. M. Bourland, president of the West Texas Chamber of Commerce, and Grady Shipp, secretary of the Vernon Chamber of Commerce, stopped in Crowell for a short time Wednesday while on their way to Shamrock and other points.

H. E. Ogden and wife visited at the home of Rev. Woodie W. Smith last week while on their way from Amarillo to Dallas. They had just assisted in a revival at Amarillo. Mr. and Mrs. Ogden had charge of the music in the Baptist revival here this year.

Miss Velmarie Thorp of Chillicothe, Vernon District Senior League Secretary, and Mr. H. Agee of Abilene, Northwest Texas Conference Field Secretary were in Crowell Friday, September 27, in the interest of an Institute to be held in the Senior League, and to see Mildred Cogdell, Vernon District Junior-High League Secretary.

Mr. and Mrs. A. C. Crisp of the Rayland community passed through Crowell Wednesday en route to their new home near Flagstaff, Arizona, where Mr. Crisp has bought a farm. Mrs. Crisp has been our very capable correspondent for the Rayland and West Rayland communities for the past several years and we regret very much to lose her, however, another one has been secured and these communities will still be represented in the columns of the News each week. The removal of this excellent family from the Rayland community is a loss to the community and to the county, but we join their many friends in wishing for Mr. and Mrs. Crisp success in their new location.

Fire Insurance on baled cotton.—Leo Spencer, Phone 283.

Reznor heaters—good for years of service.—M. S. Henry & Co.

Ready-to-Wear sale, one day only, Saturday, Oct. 5th.—R. B. Edwards Co.

**Womack Peach Tree Produces Two Crops**

W. R. Womack has a peach tree in his yard that has produced two crops of peaches each year during the past two years. The first crop ripens in August and the other ripens in September.

The peaches are of normal size and have a good flavor. The seeds however, are under size and are not of a uniform shape.

Mr. Womack is of the opinion that the tree, which is a seedling, has come in contact at the roots with the graft stock of another tree causing the two crops from the one tree.

**CHURCHES**

**Christian Science**  
Sunday, 11 A. M. Subject for Sunday, October 6, "Unreality."  
Sunday School at 9:30. Wednesday evening service at 8:00.  
The public is cordially invited.

**Presbyterian Church**  
Sunday services at the Presbyterian Church were well attended. The pastor brought two interesting messages and the interest and fellowship were fine throughout the day. Rev. Bryant also delivered a sermon at the Gambleville school Sunday afternoon and a very attentive crowd was present.

Rev. Bryant and Preston Rettig accompanied Miss Martha Rettig to Waxahachie last week where she enrolled in Trinity University for the purpose of studying as a missionary for the foreign field. The local church is very proud of Miss Rettig's willingness to serve God in this respect and wish all the success possible for her.

The month of October and November will be observed as National Missions month.

There will be services at this church at both morning and evening hour. Sunday school begins at 10 a. m. All are cordially invited to attend these services.—Reporter.

**Methodist Church**  
We had a good day last Sunday at the Methodist Church with all the meetings fairly well attended.

Next Sunday is a special day with us, the beginning of a new Sunday School year, and the outlook for a great day is promising. Rally Day services for the school are being provided for, special efforts are being made to secure the attendance of all members and a large number of those who are not members of the school are being invited to be present next Sunday. We hope all members of the school will cooperate with us in making the Rally Day services the success they ought to be.

Worship at 11 a. m. and 7:30 p. m. Junior church at 11 o'clock.  
Hi-League at 6:15 and Senior League at 7 o'clock. Woman's Missionary Society meets Monday afternoon at 3 o'clock.

A series of special revival services will begin on October 13th, the second Sunday in October.  
W. R. McCARTER.

**The Christian Church**

The Christian Church begins its fall program next Sunday. There has been some changes made in some of the classes, and one new class has been organized. This is certainly a progressive step for the Church School.

Sunday School begins promptly at 9:45. We urge that all be present. Morning worship at 11 o'clock. Christian Endeavor at 6:30.

Sunday night the men of the church will take charge of the program. This will be essentially men's night. We want all men to be present and bring your families and friends with you. Young men, come, and bring your sweetheart. The doors will be open at 7:30, and ushers will show you to your seats. Everyone is invited to attend this special service.

**Epworth Hi-League**

Attention to Epworth Hi-Leaguers! The Hi-League will start at 6 p. m. instead of 6:30 beginning this coming Sunday. The president, Harold Hinds, has appointed the other appointive officers who have not been announced, and they are: 1st department superintendent, Bernice Collins; 2nd department superintendent, Mildred Johnson; 3rd department superintendent, Lillian Gene Bell; 4th department superintendent, Elbert Griffith; and Era agent, Catherine Ferguson. Peggy Thompson was appointed chorister, and Evelyn Sloan, pianist, some time ago.—Reporter.

**Senior B. Y. P. U. Program**

"A Christian Service Examination." The following members will take this Christian Service examination: The New Birth—Martha Schlagal. Knowledge of God's Word—Margaret Calvin. Knowledge of the World's Needs—Frances Schlagal. Developing Skill—Sidney Miller. A High Motive—Mrs. King. Faithfulness—Mrs. McBurnett. Solo, "Our Best,"—E. E. McBurnett.

Prayer, That Every Member May Pass the Christian Service Examination.

**Epworth Hi-League Program**

Subject—Re-Creation or Wreckation.  
Leader—Lorene Sparks.  
Scripture—Hebrew 12:1; Proverbs 3:5-6.  
Spelling the Word—Lorene Sparks.  
Responsive Reading.  
Story One—Catherine Ferguson.  
Story Two—Eloise Saunders.  
Story Three—Mary Pearl Smith.  
Piano Solo—Frances Allison.  
Listening to the Coach—Leslie Thomas.

**League Program**

Subject—Book of Esther.  
Leader—Richard Ferguson.  
Scripture—Psalm 102.  
Prayer.  
Description of the Feast—Lee Black.  
Esther Made Queen—Jewel Smith.  
Haman Obtains a Degree to Destroy the Jews.—Mildred Cogdell.  
Esther Invites the King to a Banquet—Edward Huffman.  
Mordchai is Honored—Granville Lanier.  
Haman's Letters Reversed—Ila Lovelady.  
The Jews Slay their Enemies—Henry Black.  
League Benediction.

**Catholic Church**  
Services at Catholic Church at 10 o'clock Sunday morning.  
E. J. GERLACH, Pastor.

**Baptist Church**  
Both morning and evening services will be held at the Baptist Church Sunday with Rev. Woodie W. Smith in the pulpit.  
Sunday School and B. Y. P. U. meetings will be held at the regular hour. Please do your part in making the Sunday services a great success.

**CHRISTIAN ENDEAVOR ELECTS OFFICERS FOR NEW QUARTER**

Officers for a new quarter were elected at the meeting of the Christian Endeavor Sunday night. Teddy Burrow was elected president and the other officers chosen were as follows: Frankie Kirkpatrick, vice-president; Mary Clayton Giddings, recording secretary; Vera Patton, corresponding secretary; Lela Patton, treasurer and chairman of the social committee; Mack Boswell, chairman of the program committee; Mrs. Grady Walker, chairman of the lookout committee; Miss Mary Clayton Giddings and Grady Walker, pianist and song leader; and Virginia Sue Crowell, reporter.

**Program Sunday**

A radio program will be given Sunday when the program is presented at 6:30 p. m. at the Christian Church. The program follows:  
Leader—Mary Clayton Giddings.  
Announcer—Mack Boswell.  
Scripture Reading—Mrs. Grady Walker.  
Christ, Our Great Ideal—Vera Patton.  
Quartet—Miss Lottie Woods, Grady Walker, Emma King and Rev. Clark.  
Ideals from Bible and Church—Teddy Burrow.  
Our Influence as Ideals for Others—Lela Patton.  
Piano Solo—Mrs. Esca Brown.  
At Point of a Question—Leader.  
Visitors have a cordial welcome at all of our meetings.

**HUNTERS ARE WARNED TO OBEY BIRD LAWS**

Laws recently enacted by the Texas Legislature fixing open seasons on mourning doves may confuse hunters because of conflict of these laws with the regulations under the Federal migratory bird treaty act, the Bureau of Biological Survey, Department of Agriculture, which administers the Federal law, has just been announced. Mourning dove in north zone, September 1 to October 31. In south zone, November 1 to December 31. White-winged dove in state August 8 to October 31.

The world stands ready to honor the man who does his best without bragging, pays his debts without dunning and does his work without worrying.

Furthermore we've noticed that there are a great many more people who can read writing than there are who can write reading.

**Well Fed Hens Pay Throughout Year**

College Station.—It pays to feed hens during the summer months according to the records of 204 poultry demonstration flocks reported by county and home demonstration agents to the Extension Service. Eggs were produced by some 30,000 hens in these flocks for 12 cents per dozen feed cost during June and July. The average number of eggs laid each month per hen was about 14, and the profit per hen above feed cost was a little more than 22 cents each of these months.

"The real gain will come this fall and winter, however, for the well fed hens will then be producing when eggs are high in price, whereas hens poorly fed last summer will probably defer their laying until spring," E. N. Holmgren, Extension poultry specialist explains.

Another point brought out in the demonstration records is the fact that the production per hen was lower in flocks of less than 100, and the mortality higher. The feed cost per dozen eggs was about the same but this is attributed to the fact that the laying hens in the larger flocks were charged with the feed bills of large numbers of growing stock.

We never offer advice to the farmers. If they don't know any more about farming than we do we'd suggest they get into some other line of business.

Curiosity killed a cat but if it worked that way on human beings the graveyards would have to be enlarged.

Something you get for nothing usually turns out to be worth about what you paid for it.

Routine examination of school children in New York city showed that seven children out of each 1,000 have heart disease.

If a little learning is a dangerous thing we know a lot of folks who are not in any danger whatsoever.

There are only two states that have no laws providing a court for children who come in conflict with the law.

**IT IS NOT TOO EARLY**

—to order your Christmas Greeting Cards. This year the Foard County News is carrying the finest line of Holiday greeting cards ever shown in this section.

**Astonishing . . . easy way to make Wash-day PLAY-DAY!**

YES—here at last is freedom! You can have more time to do those things you like to do. . . . Because the new Fedelco Washer cleans clothes safely and quickly—just five minutes to the tubful!

... the Ironing? It, too, can be done in less time than you can imagine . . . the Fedelco Ironer tends to that. You but guide the clothes through the ironer and each piece is finished perfectly.

... every homemaker who wants to enjoy life's pleasures should have this laundry equipment . . . the Fedelco Washer, Ironer and Dixie Twin-Tubs (which are included), and the cost is but \$174.50!

Grant us the privilege of showing you this "labor-saver" at your earliest convenience.

**Fedelco Washer and Ironer—Dixie Twin-Tubs Included—Just \$174.50.**

**West Texas Utilities Company**

**TEXON TALES**

A large crowd gathered at Texon's Sunday morning to see Mrs. ... and her son, Billie, leave for Antonio where they will buy for Christmas for the Texon Store. This is Billie's first trip by plane.

It is heard that the Mid-Kansas and Continental has a well in Pecos that gauged two hundred and thousand barrels for one hour. Four million barrels for a day at that rate. That means we have all world's records for oil for any

and all time right here in Texas.

They was a pair of grown guys got fired at the cafe last week for playing kid games while on duty. One was jerking an electric light string as fast as he could, making the lighting effect while the other bird was scuffling on the floor and pounding on a table with his fists, making the thunder effect and the two together were making a storm.

President Hoover will not visit Texas next month but will visit Ohio, Kentucky and Michigan instead. Takes three states to take the place of Texas so that is about right.

Did you notice in last week's News that the Bank of Crowell and the First State Bank both mentioned "Gold" in their ads. That is appropriate for banks alright. What I want to stamp upon the minds of folks is the importance of being well posted on mail matters.

A guy came to our house one day and hollered, "Got any junk?" Well the wife stuck her head out the door and says, "Wait a minute, my husband will be right out."

A lady here says she always

thought the "Statue of Liberty" was a divorce law in this country.

A Scotchman here sent his suit to the "Detroit Free Press."

We have a P. T. A. here also. It doesn't mean Parent Teacher Association. Only a bunch of the school boys belong. It means "Pretty Tough Americans."

TEXON TATTLER.

**FOARD CITY**  
(By Special Correspondent)

J. H. McDaniel and son, Blake, have gone to Burkburnett, Texas.

The people of this community gave Mrs. S. T. Lilly a surprise dinner Sunday.

Mrs. G. E. Mulliniks and sons, Harvey and Edward, and Enoc, Stuart left last Saturday morning for Slaton, Texas, after spending several weeks here with relatives and friends.

Miss Thelma Ferguson spent the week-end at home.

Mr. and Mrs. Athy entertained a number with a party Saturday night. Every one reported a lovely time.

W. C. Aydelott returned to his home at Slaton last week after spending some time here with relatives and friends.

There were several from this community that attended church at Clay-oville Saturday and Sunday nights.

Remember Sunday School every Sunday, also preaching next Sunday. Every one is invited to attend.

The Foard City school started Monday with a number present.

**THALIA WINS FIRST**

Thalia won the first basketball game that it has played this year with a 15 to 8 victory over Odell at Odell Tuesday afternoon. The game was a thriller from start to finish, the score at the end of the first quarter being 2 to 1 in favor of Odell and 7 to 6 at the half in favor of Thalia.

Odell scored only two points in the last half when the Thalia defense tightened. Odell plays at Thalia Friday afternoon at 4 p. m. and a good game is expected according to Coach H. R. Hartman of Thalia.

**Feeding Chickens for Egg Production Pays**

Waxahachie.—After keeping chickens 18 years without paying much attention to proper feeding, Mrs. R. L. Parr and her husband decided to try Extension Service poultry feeding methods advocated through home demonstration clubs.

In spite of losing 165 of their flock of 354 English White Leghorns by theft, Mrs. Parr recently old Ellis county home demonstration club members that an average profit above feed cost of \$38.33 per month had been made from January to July inclusive. The total profit above feed was \$350.85 for the six months, with January the least profitable month and March the most profitable.

The cost of feed was \$234. The first two months the mash was home mixed but after that a commercial mixture was cheaper. It consisted of corn, maize, oats, wheat bran, and cottonseed meal ground together and fed with charcoal and oyster shell. The flock had constant access to green pasture consisting of Bermuda grass, wheat and oats.

**Fame of Sargon Now Nation-Wide**

When Sargon was first given to the world, well known authorities predicted it would become the great outstanding health-giving remedy of the age, but the men of science who labored for years to perfect it little dreamed it would become a household word in so short a time.

According to statements of people everywhere who have actually put it to the test, it is restoring literally hundreds of thousands of weak, run-down, half-sick, discouraged men and women by some of the latest and most advanced methods known to Medical Science.

The demand for Sargon is probably without parallel in the history of the drug trade. In the state of California alone, it will require over one million bottles to supply the people of California during the first twelve months after it was placed on sale.

One big New York firm, with wholesale houses in leading cities, have sold and distributed 908,184 bottles in the past eight months, or at the rate of one million and a quarter bottles per year.

Kansas City wholesale and retail firms have sold and distributed over 300,000 bottles within twelve months, or an average of almost one bottle for every family in the state of Kansas.

Texas dealers required nine car-loads the first four months. In the Northwest, the Twin Cities of Minneapolis and St. Paul have been selling at the rate of over \$100,000 per year, to say nothing of the immense wholesale distribution. Sales in other sections have been correspondingly large.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. When a suffering man or woman finds a medicine that helps them, they invariably tell their friends about it, and in this way the fame of Sargon is spreading from coast to coast, sweeping the country like a great tidal wave.

No matter where you go—North, East, South or West—Sargon is bringing health to thousands, and many foreign countries are now clamoring for it.

Reader Drug Co., Agents.

Don't make a fuss about what you've done. If it is worth while other folks will make enough fuss over it.

Gossip may be defined as a news paper edited by the devil and circulated by his friends.

Ignorance isn't bliss. If it was there'd be a lot more happiness in the world.

### DO YOU NEED MONEY?

Loans made at once on Farms and City Property.

Matthew & Christie, Quanah, Texas

One of the signs of old age is when a man begins to try to look young.

Retiring from business is usually more fatal than sticking on the job to the end.

A rise of only an inch in the water level of Lake Michigan permits lake shipping to carry heavier cargoes and means a difference of about \$500,000 in the shipping in the upper lakes.

## LUMBER Best Lumber Service

Whether you want enough lumber to build a house, or just a piece or two, we can best serve you.

We handle nothing but the most dependable building materials of every kind so the next time you need anything in this line you are bound to secure full satisfaction at our yard.

### WM. CAMERON CO.

## TEACHERS ENTERTAIN

An enjoyable party was given Saturday night at the Norman home with the teachers of the Crowell schools, occupying the home, and Miss Virginia Freeman as hostesses.

Soon after the arrival, eight couples engaged in a thrilling treasure hunt which carried them over the outskirts of Crowell and within the city. The hunt finally brought the group back to their starting point where various games were played and delicious refreshments served.

Those enjoying the occasion were Misses Thelma White, Marguerite Stephens, Ruth Patterson, Martha Schlager, Virginia Freeman, Frances Hill, Thelma Shaw and Mattie Russell, and Messrs. Henry Black, Doyle Kenner, Merle Kincaid, Teddy Burrow, Ed Huffman, Granville Lanier, Floyd Thomas and Mack Boswell.

## SENIOR CLASS NEWS

The Senior class entertained the student body in the regular Monday morning high school assembly. The first on the program was a piano solo by Ruth Smith, which was followed by a piano duet by Ruth and Ruby Smith. The remainder of the program was a mock faculty meeting in which twenty-one Seniors portrayed the faculty members. Earnest Patton imitated Superintendent Graves. Mrs. Davis was remarkably portrayed by Mary Ragland Thompson. The questions discussed by the faculty were: chewing gum, library rules, art contest, and such. "Mrs. Crews" made an announcement regarding her harmonica class. She was imitated by Elsie Faye Roark. Miss Curtis (Betty Borechardt) gave the faculty meeting a reading. After a song led by "Mrs. Davis" the faculty meeting adjourned.—Reporter.

## MARGARET CLUB

Mrs. S. B. Middlebrook, Jr., was hostess to the members of the Margaret Home Demonstration Club Friday, September 27.

Our subject was school lunches, which was very interesting to us who have lunches to fix. Each member answered roll call with a sandwich recipe which gave us a variety for each school day of the week. We had thirteen members present.

We will meet October 11th, with Mrs. Silas Moore. Our subject will be household linens.—Reporter.

## THALIA IDLE HOUR CLUB

The Idle Hour Club was delightfully entertained September 19, when Mrs. W. G. Chapman was hostess to the club.

At an early hour needlework was abandoned in favor of the diversions provided by the hostess. A short business followed the social hour, at the close of which Mrs. J. A. Stovall, in behalf of the club, presented Mrs. Chapman with a lovely tea apron, as a token of the love and esteem of the club. A tempting ice course was served to thirteen club members and one visitor. As Mrs. Chapman is not a member of the club her hospitality was especially appreciated and enjoyed.—Contributed.

## MARGARET-THALIA MISSIONARY SOCIETIES

The ladies of the Margaret and Thalia Missionary Societies met in joint session September 23, at the home of Mrs. Roy Ricks in Thalia.

The Margaret ladies rendered the following program:

Song—My Faith Looks up to Thee.

The Centurian's Faith—Luke 7:1-10—Mrs. Annis.

Discussion of lesson—Mrs. C. W. Ross.

Prayer—Mrs. J. K. Langley.

Song—Home Sweet Home.

Oriental Homes—Mrs. J. L. Hunter, Jr.

Reading, The Old and the New—Mrs. Mildred Moore.

Chinese Homes—Mrs. J. H. Ayers.

Solo, Not Half Has Ever Been Told—Mrs. J. H. Ayers.

Prayer—Mrs. George Wesley.

A pleasant social hour followed after which an ice course was served by the Thalia ladies to Mrs. Roberts of Thalia and Mrs. J. L. Hunter, Jr., Mrs. S. Moore, Mrs. Arthur Bell, Miss Mary F. Hunter, Mrs. Melvin Moore, Mrs. Frank Dunn, Mrs. G. B. Annis, Mrs. M. E. Cherry, Mrs. G. C. Wesley, Mrs. W. T. Blovin, Mrs. C. W. Ross, Mrs. S. B. Middlebrook, Mrs. J. H. Ayers, Mrs. J. C. Roberts, Mrs. W. T. Dunn and Mrs. A. E. Haseloff of Margaret.—Contributed.

## MARGARET BAPTIST W. M. U.

The Margaret Baptist W. M. U. rendered a very effective program to a large number Monday afternoon. The old were made to rejoice and the young were filled with new courage.

The color scheme of orchid and white was very beautifully carried out. Delicious angel food cake and lemonade were served to all present.

The program for Monday, October 7th, at 3 p. m. is as follows:

Devotional—Mrs. S. B. Middlebrook, Jr.

Installation of officers.

Other business.

Let every lady of the church come and be with us.—A Member.

## MARGARET COUPLE WED

Miss Zula Harshaw and Olen Murdock of Margaret were married Saturday night by Rev. John G. Clark at his home here.

Their license was the fourth one that has been issued here since the new Texas marriage law went into effect.

The Egyptian obelisks in New York and London, known as Cleopatra's needles, were older than Cleopatra, and are named for her because she had them moved to Alexandria.

## Light's Golden Jubilee To Be Celebrated All Over the World

West Texas will join, on October 21st, with the Nations of the World in observing Light's Golden Jubilee in honor of Thomas Alva Edison. Business houses and residences over the properties of the West Texas Utilities Company have adopted their plan of extensively illuminating their stores and homes to commemorate the greatest of Edison's 1150 patented inventions, the incandescent lamp.

Light's Golden Jubilee, it is pointed out, will be one of the greatest tributes ever paid to a man, living or dead, because it celebrates the achievements of a man whose deeds place him definitely among the immortals. It takes its bigness, its impressiveness, its constructiveness from the man it honors. The man of miracles.

Thomas Alva Edison, born February 11, 1847, came from an humble but well respected family. He was never favored with the advantages of an institutional training, other than that which he received from his mother and that received from his insatiable thirst for reading. Edison went to work at an early age. Starting as a "Butcher," he sold papers and candy on a train. Even at this time Edison had fitted a small laboratory at home and to devote more time to experimenting, he fitted another laboratory in the baggage car of the train he was working on. Later he bought a small press and printed a daily paper on the moving train. He was taught telegraphy and for five years he worked as operator in various Central Western States, continually experimenting. His first invention was a Vote Recorder, very accurate and efficient but refused by the politicians at Washington, D. C., who were not enthusiastic over the machine's accuracy. He next invented a stock ticker, sold it for \$40,000 and reverted the money into an efficient laboratory. Then came the invention of the telephone transmitter which he sold for \$100,000. The greatest of all inventions, the incandescent lamp, came a short time later. During the World War, Edison gave his genius to the government when he experimented on and improved some 42 military war problems. Even today Mr. Edison is not content to pause and indolently view his invaluable contributions to the progress of the world but, instead, prefers to spend nine hours a day in further experiments.

## Tuberculosis Seals Distributed Soon

Over 500 miles of Tuberculosis Christmas Seals are being distributed throughout Texas by the Texas Public Health Association in preparation for their annual seal sale which starts Thanksgiving Day. Approximately 100 chairmen are being appointed.

Each seal is seven eighths of an inch wide and one inch long and 32,000,000 have been allotted to Texas. It placed end to end they would reach from Houston, through Austin, Dallas and Denison. The seal this year has a background of blue on which is shown a bellringer tugging at a bell, the double-barred cross in red and the words, HEALTH GREETINGS 1929, complete the design.

For the past 15 years the Texas Public Health Association, a volunteer health organization, through its affiliated local agencies, has sold Tuberculosis Christmas Seals and with the funds thus obtained, has carried on a state-wide campaign against tuberculosis and other preventable diseases.

The work consists of teaching health habits to school children, physical examination, lectures to all ages and races, literature, exhibits, clinics and tuberculosis surveys. Ninety-five per cent of the total amount of money raised has been used in Texas, and has been a great help to the official agencies engaged in promoting public health.

## THE AUTUMN SEASON

The autumn is the most delightful season of the year. A spirit of romance pervades it, nature puts on her coat of many colors and most of us ordinary mortals, if we will confess it, feel a quickening of the pulse when the leaves begin to fall and darkness comes before supper.

One has but to recall the days of boyhood for an explanation of this fall romanticism. As a boy his views and his face will light up with pleasure as he dreams of the Saturday holidays when he can hunt rats and thrill at the sight of the end runs and the smashing line plays on the football field.

Fall is a time not alone for enjoyment of the outdoors; it is also a time for reflection and sober thought. It is a season for gathering about the fireplace as the shadows lengthen to renew family ties that are weakened by the summer vacation season.

Autumn seems sad and melancholy as nature, like the hand of death, withers vegetation. But it is also a time for joy, because it ushers in a period when we have more time indoors or self improvement and enjoyment of the substantial things of life.

## ANIMAL HIGHWAYMEN

Thirty million dollars worth of livestock and game is being destroyed annually by wolves, coyotes, mountain lions and bobcats, according to a statement made by the United States Bureau of Biological Survey. The report is described as the most destructive of all the animal highwaymen, for it not only kills but it is responsible for the spreading of disease among livestock and human beings such as rabies and tularemia. More than 1,000,000 coyotes have been killed by hunters of the Biological Survey during the past 12 years. A report on the whole predatory animal control situation has been

transmitted by the secretary of agriculture to back up his suggestion for a ten year cooperative appropriation of \$1,378,700 for the next ten years to carry the program into effect.

If all these animals could be destroyed and hawks, owls, crows, weazels, skunks and roving house cats were exterminated there would be little difficulty in maintaining a sufficient supply of wild game birds on our farms, fields and forests, and on rivers, lakes and streams.

One of the best forms of charming flattery is to receive a circular from a bond house.
