PLANE IS USED TO AID HORSE DEAL

Army Plane From San Antonio Landed Here Tuesday

The rapidity with which business is transacted by the use of an airplane was brought to the attention of many Crowell people Tuesday with the arrival here of a large army airplane from Kelly Field, San Antonio, about 12 o'clock.

The plane, a Douglas C-1C transport, left San Antonio at 8:45 a. m. and arrived in Crowell almost exactly two hours later and yet the pilot, Lt. D. T. Crow, complained that speed was detained on account of a head-wind for most of the distance. The distance to San Antonio is about 350 miles and it is difficult for us to see that Lieut. Crow made a slow trip.

Upon arrival here he was joined by Major J. E. Behney, Captain C. A. Hinson, and Wiley Jones all of Elgin, Oklahoma, who had previously agreed here to complete a deal for four horses with the Barry Brothers, Shirley and Offield. After lunch the group returned to the plane which was on the Kincaid place, a little over one mile south of town.

After the four men had buckled their parachutes they climbed into the big plane, which is believed to be the largest that ever landed in Crowell. It is capable of carrying eight men. This plane had all been used as an ambulance and had provisions for carrying two stretchers in its cabin. It was a biplane and the passengers rode in the open cabin, the pilot rode in the open cockpit.

At 1:45, the plane took off for Elgin where it refueled and then resumed its journey to Kingsville, the almost extreme south end of the state. Graham opened its municipal port just a week ago and Lieut. Crow stated that large numbers of planes were already using it for refueling purposes. From Graham the plane proceeded to Boeville where more horses were to be inspected. From there it was to go to Kingsville which is located about 175 miles southeast of San Antonio. After inspecting horses there the group was to be back in San Antonio before sundown.

While here the men completed a deal for the purchase of seventeen horses from Shirley & Offield and twenty-nine from the Barry Brothers, all of their horses being near Byars where Claude Barry now lives.

Boosts Airport

Lieut. Crow stated that one of the most important works that a town should do is to establish an airport or emergency flying conveniences. He stated that a town that did not have an airport now was practically shut off from seeing the tremendous strides in the growth of aviation. He pointed out that Graham was already the shipping point for tri-motored airplanes each day that run from St. Louis to Wichita Falls and Sweetwater as the result of recently establishing an airport.

"In future years there will be an absolute necessity for an airport at well as why not be prepared before that necessity arrives for your opportunity for advancement as an airport center will be much greater if you get an airport soon. The aviation industry is growing faster than any industry ever did and it will be many years before you will find that an airport is one of the best investments that your town can make," stated Lieut. Crow.

News Subscriptions Continue to Grow

The subscription list of the News is steadily growing in spite of conditions that have not been termed as light during the past few months. Since the first of May, 31 brand new subscribers have been added to the subscription list. There is no solicitation made for new subscribers as that season does not come until fall and there has been no reduction in the subscription rate, and as condition goes further to reflect natural steady growth.

Renewals of old subscriptions have been poured steadily into the News office.

Rebekahs and Odd Fellows Preparing For Aug. Convention

W. O. Clary, Eli Smith, Albert Woodley, O. O. Hollingsworth, and Roy Allen, visited the Vernon lodge of the Odd Fellows Monday night in the interest of the annual convention of the Lower Panhandle Association of Odd Fellows and Rebekahs that will be held here on August 21 and 22.

Various committees of the local lodges of the Odd Fellows and Rebekahs are now hard at work on plans for entertaining and taking care of the convention. O. O. Hollingsworth, secretary of all committees on this date, received a letter Tuesday stating that thirty-five children from the Corsicana W. and O. Homes will be here to furnish a program with their club and orchestra for the two days of the convention.

Large Crowd Pays Final Tribute to Frank Morris Bell

In spite of muggy conditions and threatening weather, one of the largest crowds to ever attend a funeral in Crowell was present at the home of Mr. and Mrs. T. N. Bell last Friday when last rites were held for their son, Morris.

Morris' many friends and the high esteem in which he was held was reflected by the great crowd present on the lawn of the Bell home and the great number of floral offerings. W. R. Womack, funeral director, stated that the floral offerings were heavier than for any funeral that he has conducted. Ninety-two separate offerings were made.

Rev. J. E. Billington of Cleveland, Oklahoma, former pastor of the Crowell Baptist Church, officiated at the funeral, assisted by Rev. W. W. Smith, local Baptist pastor. A number of beautiful vocal numbers were given with Mrs. P. W. Shirley as accompanist at the piano. Interment followed at the Crowell cemetery.

Out-of-town relatives and friends who were here for the funeral were: Mrs. C. T. Bowers and daughters, Mary Jo and Bonnie Lee, and son, Harold, of Abilene; Mr. and Mrs. John Davis, Jr., Paducah; Mrs. John Rider, Dallas; Mr. and Mrs. S. C. Auld, Plainview; Dr. T. F. Morgan, Wichita Falls; Mrs. Pearl Caldwell and daughter, Joyce, Dallas; Mrs. W. F. Huffman and son, Edgar, Fort Worth; Dr. M. F. Huffman, Fort Worth; G. C. Morris, Vernon; R. E. Gibson, Vernon; Mr. and Mrs. R. L. Hightower and son, Joe, Farwell, Texas; Mr. and Mrs. E. C. Ray and children, Breckenridge; Mrs. M. E. Young, Breckenridge; O. L. Bell, Quanah; Mrs. W. O. Neal, Quanah; Mr. and Mrs. Zeke Bell, Memphis; John Bell, Spearman; Mrs. W. A. Gordon, Mineral Wells; Mr. and Mrs. J. M. Eary, Paducah; and Mrs. E. A. Howard, Quanah.

Representatives

Oneta Derrington was judged the best all-around club girl of the West Rayland club and was awarded the trip from there. She is secretary of her club and is specializing on poultry as her main project. She now has chickens.

Victoria McDaniel has been elected to represent the Foard City club. She has not only excelled on club projects but has been one of the outstanding forces in the success of that club. Her main project is gardening.

Louise Davis is the Vivian representative and is specializing on poultry. Her work in sewing has also been unusually good.

Jewel Broadus will represent Ayersville and she has been the outstanding girl of the county in sewing. Martha Morgan was selected to represent Gambleville but is unable to attend the course and Louise Pyle will go in her place. Both girls have specialized on poultry projects.

Mildred Adkins is the official representative for Thalia. Ruth Banister, a Thalia club girl, will also make the trip.

Boys

Miss Virginia Freeman, home demonstration agent, selected the winners on the basis of the work each accomplished. Each girl's sewing was judged which included an apron, cap and towel. Their work on productive projects was also judged.

Daniel Callaway is to represent the boys' 4-H club of Foard City. His pig project has attracted considerable attention over this section. He also has milk maize and cotton as projects.

Cecil Ray Moore will represent Margaret and Hubert Abston will represent the Antelope 4-H club. Both of these boys have been outstanding in the work of their clubs.

H. M. Cantrell, county agent of Cottle County, was here this week to assist Fred Rennels in judging the winners among the club boys.

Women

The following women have been elected to represent their home demonstration clubs: Mrs. E. L. Redwine, Vivian; Mrs. E. E. Logan, Claytonville; Mrs. A. C. Crisp, West Rayland; Mrs. Mel Goyer, Foard City; Mrs. F. J. Jones, Gambleville; Mrs. Arthur Bell, Margaret; and Mrs. Jim Moody, Catesville.

Mrs. Moody will be unable to make the trip and Mrs. Jim Cates has been elected to take her place. Mrs. Hubert Brown will also make the trip from Catesville.

County agents, Miss Virginia Freeman and Fred Rennels, will also attend the course and a number of others are planning to make the trip. Most of the people will make the trip by train as attractive rates have been offered by all railroads to College Station.

Annual Farmers Short Course

The annual farmers short course held at A. and M. at College Station is becoming more popular each year. Subjects of vital interest to every phase of farm life are discussed and the short course as a whole is not only very instructive and educational, but is entertaining as well.

Cicero Smith Yard Opened at Thalia

The new Cicero Smith Lumber yard at Thalia opened for business last week under the direction of Roy Ricks, manager.

All of the stock of the new yard has not yet been received, such as paint and some lines of lumber, however this is being received daily and is being hauled to the yard as fast as it arrives in Crowell. It is reported that a considerable amount of lumber has already been sold.

Lots of country folks go to the city to spend their vacation and to find out how much they appreciate the country.

It is true that there is plenty of room at the top of the ladder, but the top isn't the place to begin.

The fellow who boasts of his boyhood days on the farm, should have remained there.

BIRTH

Born to Mr. and Mrs. Otto Hasehoff, July 20, a boy, James Earl.

An old fashioned printers' picnic is scheduled for Indianapolis soon. Near beer will look funny at that picnic.

SHORT COURSE DELEGATES TO LEAVE SUNDAY

Foard Delegate List to College Station Heaviest in History

Foard County will have the largest representation present at the Farmer's Short Course to be held at A. and M. College this year than ever before. Present conditions indicate that around twenty will attend from this county. The course begins on Monday, July 29, and will end August 3, Saturday.

Most of the people to attend from here will be delegates from the 4-H Clubs for boys and girls and the women's home demonstration clubs. The club members were chosen through the grading of their club work while the women elected their delegates.

Various means have been taken for the past few months by all of the clubs to raise funds for paying the expenses of their delegates to the course. Pie suppers, ice cream socials and various other means have been taken to raise the funds.

Representatives

Oneta Derrington was judged the best all-around club girl of the West Rayland club and was awarded the trip from there. She is secretary of her club and is specializing on poultry as her main project. She now has chickens.

Victoria McDaniel has been elected to represent the Foard City club. She has not only excelled on club projects but has been one of the outstanding forces in the success of that club. Her main project is gardening.

Louise Davis is the Vivian representative and is specializing on poultry. Her work in sewing has also been unusually good.

Jewel Broadus will represent Ayersville and she has been the outstanding girl of the county in sewing. Martha Morgan was selected to represent Gambleville but is unable to attend the course and Louise Pyle will go in her place. Both girls have specialized on poultry projects.

Mildred Adkins is the official representative for Thalia. Ruth Banister, a Thalia club girl, will also make the trip.

Boys

Miss Virginia Freeman, home demonstration agent, selected the winners on the basis of the work each accomplished. Each girl's sewing was judged which included an apron, cap and towel. Their work on productive projects was also judged.

Crowell Winner of 10 Inning Baseball Game from Eldorado

Crowell won the most thrilling game that it has played this season Sunday when the local nine defeated Eldorado, Oklahoma, by a score of eight to seven in a ten inning game at the local ball park.

The game was played on even terms throughout most of the game with first one team and then the other taking the lead.

Huckabee and Bell featured the game with their masterful pitching. Huckabee striking out ten men and allowing 4 hits during the seven and one-third innings that he pitched. William Bell took the mound in the latter part of the 7th and pitched the rest of the game without allowing a hit or run and struck out two men.

Morehead pitched a good game for Eldorado and kept hits well scattered. Roy Housouer's performance at short and the hitting of Jim LaRue were also features of the game. In four times up, LaRue hit the ball for a single, double, and triple.

Summary:

Crowell	R	H	E
Eldorado	8	12	2
	7	6	3

Batteries—Crowell: Huckabee, Bell, J. H. Lanier, Jr., and Henry, Eldorado: Morehead and Cook.

Crowell was supposed to have had a game with Paducah here Tuesday but at 2:20 p. m. O. O. Hollingsworth, manager of the local team, received a call from Paducah stating that their team had broken up that very day and the engagement could not be filled, much to the disappointment of the team and fans who had gathered at the park for the game.

Crowell will play at Parsley Hill Friday and Knox City here Sunday.

State Opens Lee Highway West of Here

New Highway Can Now Be Traveled For 9.5 Miles West

Curtis Ribble, section foreman for the State Highway Maintenance Department, was in the News office Thursday morning to report that traffic may now be directed out of Crowell, west, over the new road which runs directly west from the Ringgold building.

This road may now be traveled for a distance of about nine and one-quarter miles before it is necessary to make a short detour to reach the old road. The State Highway Department has marked the detour both ways so that it is practically impossible for anyone to get off the road if directions are followed.

The road to Paducah is shortened at least one and one-half miles as a result of traveling the new highway and the many curves, some of which are dangerous, are also eliminated as there is not a noticeable curve on the new grade. The stages have been using this route for some time, however, it is only recently that the State has officially opened it for traffic by correctly marking the highway.

The grade and drainage work on the last ten mile stretch in the west end of Foard County is progressing at a rapid rate and the crew of Oran Speer is now working on the grade directly south of Vivian. The new highway comes within about one-half mile or less of the Vivian post office.

Work on a number of culverts has progressed considerably further west. A drag line is now at work in Good Creek on the Sandlin place. The work as a whole on the last ten mile stretch of grading and drainage structures on the Lee Highway in Foard County is about one-third completed.

Wilbarger Paving

McClung Brothers Construction Company, contractors for paving of the Lee Highway from Crowell to Vernon, are now pouring concrete on the route in Wilbarger County from near Lockett in the direction of Vernon. It is reported that they have poured more than a half mile of concrete thus far.

Just as soon as this company completes their work in Taylor County, near Abilene, they will begin work in Foard County. Their Taylor county work will likely be completed soon.

Rev. Paul J. Merrill Will Conduct Revival For Christian Church

The annual revival meeting of the Christian Church of this city will begin Sunday, August 4th, and will last for two weeks.

Rev. Paul J. Merrill of Corsicana will conduct the revival. He is a former pastor of the Crowell Christian Church and is now engaged in evangelistic work. He conducted the revival for the local church last year.

Rev. R. O. Brewer, local pastor of the church, will likely conduct the singing as he has had considerable experience as a singing evangelist, having been engaged in that work for several years.

Plans are being made to arrange seats south of the church in order that services may be held in the open.

RENNELS SAYS 2 FEED CROPS ARE POSSIBLE

By Cutting Early Feed Now, Chance For Second Cutting Later

Two crops of maize from the same field this year is entirely feasible for a number of Foard County farmers, according to Fred Rennels, county agent. He stated that this had been done by a number of farmers throughout West Texas and the farmers having early feed could do it here this year.

Mr. Rennels said that by cutting the early feed now with a binder and then by lightly cultivating the field immediately afterward, there were bright prospects for securing two crops of maize or any other early grain sorghum. A good season through the late summer would practically insure a second crop, he said.

"While the second crop will not likely produce as big heads as the first one, in all probability the stalks will make equally as good bundle feed as the first crop," Mr. Rennels said.

Terrace Now!

The county agent stated that now was the time for farmers who had cut their wheat to begin preparations for terracing. The land can be more easily terraced now and since the main terracing for the year is over, the county agent can now give more time to that work.

Mr. Rennels stated that terracing was especially important if the farmers intended to put in row crops for next year and that it was also worth while if they intended to plant wheat again.

Poultry Advice

Considerable trouble with worms in the poultry flocks of Foard County was reported by the county agent. He said that round worms were most common and gave the following formula for eliminating them:

Mix two pounds of pulverized tobacco to each one hundred pounds of mash.

Feed this ration for three weeks, then stop three weeks, and then feed again for three weeks.

Feed heavily

"Many people cut down on their chicken feed during the summer, thinking that they are cutting down expense when really they are eliminating an opportunity to reap a neat income when eggs are high in the fall and winter," Mr. Rennels stated.

Feeding of plenty of mash to the growing stock in the summer is one of the most important things that a poultryman can do, according to authorities. The chickens will come through in better shape to start egg production when eggs are selling at a high price if mash is fed plentifully during the summer.

Mr. Rennels pointed out that the starving of growing hens was like starving a horse during the winter and then expecting him to do heavy plowing during the spring. He said that by starving the chickens in the summer, they would moult early in the fall and would be in no condition to lay when eggs were demanding a high price. Chickens must have food for feathers as well as eggs, he stated.

A number of incubators are to run this fall and the eggs will also hatch better if the flock has been well cared for. It was also pointed out that from now on was a good time to cull chickens. The importance of culling out the least desired chickens the latter part of August and the first part of September was stressed.

Hotel Construction 80 Per Cent Complete

Guy Housouer of Poland and Housouer, contractors on the new hotel that is being constructed by W. W. Griffith, stated that work on the structure is now about 80 per cent completed and that he feels sure the hotel will be open for business by the time that the meeting of the Lower Panhandle Association of Odd Fellows and Rebekahs takes place here on August 21 and 22.

All of the flooring has been completed, all rooms partitioned and interior painting is now being done upstairs by Dayton Clapp, contractor for that work. Brick work started Wednesday.

HOSPITAL NOTES

Miss Mary Blanche Price of Talmadge was operated on for appendicitis Thursday.

Mrs. Sim Gamble was brought to the hospital Tuesday for medical treatment. She is doing nicely.

Mrs. Otto Haseloff of Margaret and baby, James Earl, that arrived Saturday are getting along fine.

Miss Ola Gregory of Vivian is in the hospital receiving treatment for an infected leg.

Mrs. Joe B. Tinsley, nurse in the hospital, has recovered from an appendicitis operation and is now visiting in Stamford.

Now 4 Generations Of R. H. Coopers

R. H. Cooper IV was born to Mr. and Mrs. R. H. Cooper III at their residence here at 3:35 a. m. Thursday. The baby weighs seven and one-half pounds and both baby and mother are doing nicely.

Dr. R. H. Cooper I lives in Fayette, Missouri, where he is secretary of the Missouri Conference Trust Fund for superannuated preachers. Central College at Fayette, Missouri, is now building a church on its campus that is to be known as Rice H. Cooper Parish House, in honor of Dr. Cooper.

R. H. Cooper II lives on a farm about one mile north of Crowell and R. H. Cooper III lives in this city. The new baby makes four generations of R. H. Coopers now living.

Another Test Being Started Near Thalia

It was learned Thursday afternoon that a pit was being dug a short distance north of the Fain-McGaha Shultz No. 1, for a new oil test that is to be started by the Fain-McGaha Oil Corporation.

The Fain-McGaha Shultz No. 1 is now drilling at a depth below 1,400 feet and Wich-TeX is also drilling on the Shultz place.

The Fain-McGaha tests are located in the T. A. Johnson survey, about two miles north of Thalia.

Rotary Ladies Night Is Set for August 28

At the regular luncheon of the Rotary Club Wednesday it was voted to hold a ladies night program on August 28th. This will come shortly after the opening of the new hotel by Mr. and Mrs. W. W. Griffith and the banquet will be held also to celebrate the opening of the new structure.

President Tom Bell stated that he had a letter from Bernard Bryant, district governor of the 41st district, stating that he would be with the Crowell club at that time. It is probable that arrangements will be made to make an inter-city meeting of the affair and have Rotarians and Rotary Anns from Quanah and Vernon present.

A committee composed of Russell Beverly, Bert Self and Henry Ferguson was appointed by President Bell to make arrangements for the affair.

Eli Smith read an interesting article on fellowship following a few songs by the entire group.

Visitors were Bill Parrish of Mission; J. E. Lawson of Vernon; and F. W. Dickey of Dallas.

Texas U. Football Star Visiting Here

Curtis Beatty and his sister, Miss Marie, of Wichita Falls are here this week visiting at the home of Dr. Hines Clark. They were residents of Margaret about eleven years ago.

Mr. Beatty is a Texas University football star and has lettered on the football team of that institution for the past two years and will be eligible for the team again during the coming season. He plays at the guard position and has been a large factor in the strength of the Texas line.

He stated that Texas should have as good a team this year as it did last. He predicted that Baylor had about the brightest prospects of winning the Southwestern Conference championship for the coming season.

He and his sister came here for the house party of Misses Christine Campbell and Katherine Clark. Mr. Beatty is employed as a lifeguard at a swimming pool in Wichita Falls at the present time.

Beauchamp Raising Over 500 Chickens At His Home Here

O. D. Beauchamp is proving that a person does not have to live on the farm to take up the poultry industry as a sideline.

The local county attorney now has over five hundred healthy white leghorn chickens that are around seven weeks old and fried chicken is now one of the main items on the menu at the Beauchamp home.

In just a small place in the backyard of his home near the Baptist Church he has constructed a very neat chicken house for a cost of about \$100 along with two smaller houses. All of the chickens and the house is in a space of about 50 by 50 feet. He is feeding the chickens a ration recommended by A. and M. College poultry authorities and is enjoying remarkable success with it.

Mr. Beauchamp started in the poultry business as a result of becoming interested in what was being done on the Charles Weeks' farms at Wichita Falls and bought a number of baby chicks from Mr. and Mrs. Claude Callaway at Foard City. Mr. Beauchamp stated that thus far he has raised ninety-five per cent of the chicks and is confident that his poultry venture will be profitable.

The greater part of Canada's softwood supply is in British Columbia.

Arthur Duerr, rural mail carrier, of McGregor, Ia., has driven his route winter and summer for sixteen years without a hat.

Eleutheros Venizelos, the Greek prime minister, has pledged himself to the introduction of municipal suffrage for women.

RAYLAND

(By Special Correspondent)

Mrs. Martha German, teacher of the Card Class at the Baptist Church entertained the class with a social Sunday afternoon at her home. Refreshments were served to the following: Dorothy and Margaret Gregg, Gerelene and Elton Key, Anna Joe Beazley, Doris and Earlene Edwards, Bob and Truett Gobin, Junior Edwards, Robert Dale Beazley, Martha Joe Caldwell, Margie Price, Geneva, Kathaleen and Buddie Gordon. Visitors were Bud Caldwell, Evelyn Beazley, Sybil and Paul Gobin, Robert Dewey German, Mr. and Mrs. A. T. Beazley, Dewitt Edwards and wife, and G. T. German.

Mr. and Mrs. R. A. Rutledge attended a birthday dinner at Vernon Sunday in honor of her sister's birthday. Mrs. Luther Streit.

Mr. and Mrs. Charlie Tuggle of Margaret spent Sunday and Monday with Cap Tuggle and family.

Mr. and Mrs. A. C. Crisp and Mr. and Mrs. Ira V. Younger visited in Electra Sunday.

H. W. Young made a business trip to Crowell Monday.

C. A. Davis, son of Mr. and Mrs. J. C. Davis of this community, and a former resident of this county, married Miss Helen Barnes of San Marcus in a ceremony in that city recently with Rev. R. Bruce officiating.

S. H. Allen, B. P. Abston, L. V. Robertson, Mr. and Mrs. H. W. Young, and wife spent Thursday and Friday fishing at Lake Kemp.

A revival meeting will begin at the Rayland Baptist Church, August 18th, with Rev. Hulon Coffman, State Evangelist, of Dallas conducting the services.

A. R. McClanahan visited D. E. McClanahan of Vernon Sunday.

Mr. and Mrs. T. C. Stevens and daughter, Norma Jean, of Floydada spent the week-end visiting Mr. and Mrs. A. C. Crisp.

Leo Smith of Oklahoma spent from Wednesday until Monday visiting his uncle, A. R. McClanahan and family.

Miss Verlena Stringer of Vernon visited R. A. Rutledge and family.

L. V. Robertson of Crowell spent the week-end with Mr. and Mrs. S. H. Allen.

Mr. and Mrs. B. P. Abston gave a birthday party Friday night, honoring their daughter, Marie. A large crowd attended. Mr. and Mrs. Harry Cobb furnished music for the party.

Miss Hazel Rutledge spent the week with Miss Lorraine Attawa of Vernon.

Mr. and Mrs. Art Greenhouse of Texico returned home Friday after a week's visit with her parents, J. M. Roberts and wife.

Miss Lorie Davis has been visiting relatives in Crowell this week.

Louise Tuggle happened to the misfortune of sticking a nail in her foot Tuesday. She has been very ill all week.

Rev. J. A. Rutledge of Chillicothe visited R. A. Rutledge and family Thursday.

B. P. Abston and family attended the wedding dinner of his brother, Bob Abston, at the home of Mrs. J. A. Abston at Thalia Sunday.

Bob Abston and Miss Ruth Grimm were united in marriage at Alpine Saturday by Rev. Davis, pastor of the Methodist Church.

Maudie Jordan of Vernon, and Mr. and Mrs. L. W. Greenway were guests of W. F. Green and family Sunday.

Louise Tuggle was taken to Vernon for medical treatment Friday, Saturday and Sunday.

Wichita Woman Gained 15 Pounds By Taking Orgatone

Health Was Completely Shattered When She Began Taking Treatment—Well and Strong Now

"Just give me Orgatone and you may have all the other medicines," said Mrs. L. W. Abbe, residing at 121 Dallas St., Wichita Falls, Texas.

"Those who have not seen me since I began taking Orgatone, would hardly recognize me on first sight. I have undergone such a change. Why, do you know, that I have actually gained 15 pounds. It hardly sounds reasonable, but it's the truth. I had suffered from nervousness and frequent dizzy spells for a good many years and my sleep was so broken and I was so tired that I hardly felt like getting up in the morning. Everything I would eat tasted bad and my stomach was so upset that I could not eat more than one meal a day, and that a very light one. The pains in my stomach were almost unbearable, and I was in a dreadful plight. I lost weight until I got down to about 110 pounds. I was hardly more than a frame and was sometimes confined to my bed for hours at a time.

"Finally I commenced to read about Orgatone and got myself a bottle, and my improvement commenced with the first bottle. I gained in weight and strength until now, my just as strong and well as I ever did. Troubles are not only gone, but I feel I eat just anything and enjoy it and nothing hurts me a particle. My nerves are strong and steady, and I sleep so well that I am glad for night to come, and getting up time comes too early for me in the morning. Orgatone has certainly brought health and happiness to me and I can't say too much in its praise."

Genuine Orgatone may be obtained in Crowell at the Reeder Drug Co. (Adv.)

"Irish pennants" on board a man-of-war are rope yarns or loose ends hanging about the rigging or decks. Their appearance is regarded very unseamanlike.

A precise method of measuring the unit of X-ray dosage has been developed by the United States bureau of standards.

There are more forest fires in the south than in any other part of the United States.

Storey Is Out For Attorney General

Storey, of Vernon, member of House of Representatives for years, announced his candidacy for attorney general of Texas last week. He said he was "yielding to impulse to serve the people of this state." Storey is the first to announce for the office held by Claude Pollard of Houston. Storey is an alumnus of the University and was admitted to the bar in 1909 and has been actively engaged in the practice at Vernon for 20 years. He and Senator Small of Abilene led the fight in the legislature designed to quiet titles to Texas river bed lands and surplands in old surveys.

Churches To Set Aside New Money

At the suggestion of the National Council of Churches of America, church members throughout the country have been urged to dedicate out of the new currency recently issued by the United States government, the first new bill by setting it aside for the work of the churches. Many churches there will be a part of the dedication of the new money on Sunday, September 8. The National Council is also recommending a timely message be given by preachers of the country on the occasion of the use of material possessions. The suggestion was originally made by Ralph A. Ward, executive secretary of the World Service of the Methodist Episcopal Church.

FOARD CITY

Mr. Smart, Edward Mulliniks, Blanton, Texas, and Mr. and Mrs. Dixon of Ada, Oklahoma, are visiting their sister and cousin, H. A. Bare, and family. Miss Victoria Owens of Clayton is here visiting her cousin, E. Owens. Mr. Jesse Culpepper is reported ill. There was 3 1/2 inches of rain fell in this community the last of the week which was a great help to the crops. Mr. and Mrs. E. C. Aydelott and family spent Friday night and Saturday in the home of Mr. and Mrs. Culpepper. Miss Mattie Teal went to Abilene to visit Mrs. McKinney, Mrs. Oneida Trawick went to Abilene Monday. Miss Ruth Mack of Crowell, Mr. and Mrs. Mack of Denton, Miss Gladys Campbell of McKinney, Mrs. Oneida Aydelott and Jim Press of Blue Ridge were visitors in the home of Mr. and Mrs. E. T. Munger and family Sunday evening.

Mr. and Mrs. John Dixon and children left Saturday for their home at Abilene, Oklahoma, after spending several days here visiting relatives. Misses Thelma and Cora Bell Ferguson gave the young people a sing-song. A large crowd was present and everyone reported a nice time. Mr. and Mrs. Welch, Grady Holbert and family went to Abilene Monday. Misses Estella and Alberta Munger entertained a number of young people Monday night with a party, which was given in honor of William Bellott. Everyone reported a nice time.

REDUCING THE FIRE HAZARD

In the early days of insurance the general plan for making rates was that the public made the conditions of the insurance companies made rates to suit. Responsibility of insurance companies included only collection of premiums, payment of losses and maintenance of solvency. The idea that the public is entitled to service along with the purely financial conduct of business, has been a development of recent years in the insurance business as well as in all other lines. The National Board of Fire Underwriters, the service organization of stock fire insurance companies of the United States, serves both parties to the fire insurance contract. For companies, the property owners and municipalities, it collects and disseminates information on a great variety of subjects. The cost of insurance is part of the overhead expense of every business. Fire insurance companies are set to reduce the burning ratio, which is the prime factor in that cost, by their time to that endeavor. For example, the committee on adjustments is now engaged in coordinating the practices of adjusters and eliminating sources of waste in connection with losses. The committee on construction of buildings strives to make property less vulnerable while the committee on fire prevention and engineering standards is in touch with fire departments and water boards of every city of any size in the United States working for standardization and improvement of fire fighting facilities. The committee on incendiaryism and arson is endeavoring, with a considerable degree of success, to rid the country of "firebugs." The committee on laws keeps constantly in touch with the introduction of statutes affecting insurance of its cost to the public. These are just a few of the more important services which The National Board of Fire Underwriters performs for the public and the insurance companies. A government scientist has invented a rice shelling device, for use in removing hulls from samples of rough rice and for indicating the whiteness and the milling yield.

RECIPES

By Betty Barclay

SUMMER DRINKS

Take your choice of the recipes below for today's thirst quencher, but try the others tomorrow and the day after. The fruit juices are filled with minerals, salts and vitamins. They put you in shape for another set on the courts, or even another round of bridge.

Pineapple Punch

1 quart water
2 cups of sugar
2 cups chopped pineapple
1 cup orange juice
1/2 cup lemon juice
Boil water, sugar and pineapple 20 minutes. Add fruit juices, cool, strain, and dilute with iced water if necessary. Either fresh or canned pineapple may be used.

Mint Julep

2 cups sugar
1 quart water
12 sprigs fresh mint
1/2 cups boiling water
1 cup orange juice
Juice 8 lemons
1 cup strawberry juice
1 pint grape juice

Boil sugar with 1 quart water 20 minutes. Chop mint and pour over it 1/2 cups boiling water. Let stand 5 minutes, strain and add to syrup. Add fruit juices and chill. Pour into punch bowl, add grape juice, dilute with iced water. Serve with mint leaves in each glass.

Citrus Delight

1/2 cup lemon juice
1 tablespoon grated lemon rind
Grated rind 1/2 orange
1 cup orange juice
1 quart water
3-4 cup sugar
Cook sugar and water for 3 minutes; cool, and add other ingredients.

ONION DELICACIES

Onions are in season, onions are inexpensive, and onions are very healthful. When eaten raw they are rich in one of our important vitamins—and unlike many vegetables, they retain much of their vitamin content when cooked. Use them frequently. A small amount of sugar added while cooking will help to bring out their delicate flavor.

Baked Apples and Onions

Slice three medium-size apples and six medium-size onions into a greased casserole in alternate layers. Season each layer with salt, pepper, sugar and butter, using a quarter cup of sugar and two tablespoons of butter for the dish. Add a half cup of water and bake in a moderate oven

about three-quarters of an hour.

Onions Baked in Tomato Sauce

Strain a quart can of tomatoes and cook for fifteen minutes with two tablespoons of sugar, one teaspoon of salt, two tablespoons of flour, and one-quarter teaspoon pepper. Then add two tablespoons of butter. Cut six or eight onions into halves and put them in a baking dish. Pour the tomato sauce over the onions and bake about one hour in a moderate oven.

Glazed Onions

Peel medium-size, silver-skin onions and prick them through the centers to prevent breaking while cooking. Place in boiling salted water to which a teaspoon of sugar to a quart

of water has been added. Simmer until tender and drain. For a quart of onions, melt two tablespoons of butter in a pan, add one tablespoon of granulated sugar, and cook to the bubbling stage. Then add the onions and stir until they are well glazed.

Exemptions on Gas Tax Are Explained

The State Comptroller's Department is now prepared to receive reports of exemptions from the new four-cent occupation tax on the sale of gasoline, according to an announcement by State Comptroller of Public Accounts Sam Houston Terrell. Gasoline used for any other purpose than that of propelling vehicles on public roads, streets and highways of Texas is exempt from taxation. Fuel used in farm tractors, stationary engines, air craft and motor boats, therefore, is exempt.

However, the tax must be paid on ALL gasoline. Refunds will be made to those exempt. The tax is placed directly on wholesale distributors of gasoline at the rate of four cents per gallon, but the consumer eventually bears the burden of the tax. The new rate was in effect July 16th, having previously been two cents.

The new law does not make it easy for the consumer to secure refunds on exemptions. Comptroller Terrell has outlined the necessary procedure for the exempted consumer as follows:

1. The purchaser must fill out an invoice, at the time of the purchase, giving amount, price, purpose, etc. The regular price is paid for the gas. Forms will be supplied by dealers and filling stations.
2. Before the 25th of the month following the month of purchase, the buyer must report to the Comptroller the number of gallons bought and the amount of refunds expected. Claims reported later than the 25th of the following month will not be honored.
3. On receiving the report, the Comptroller's Department will mail the claimant an affidavit-account form, on which will be recorded information as to the amount and use of gasoline purchased. This information must be sworn to before a notary public, and filed with the Comptroller not later than two months from the date of purchase. This document must be accompanied with a filing fee of \$1.00, which must be paid each time that a claim is filed. These fees will be used to enforce the law.
4. The claim will be investigated, and if considered valid, a State warrant will be issued for the refund.

This warrant must be cashed within 60 days.

5. No refunds shall be made where gasoline is used later than six months from purchase.

Persons believing themselves to be entitled to exemptions should write to Comptroller Sam Houston Terrell, Austin, Texas.

Would Pay Salary Increase for 40 Years

What Texas might have done with the \$240,000 that has been expended in the state balloting on the question of a raise in their governor's salary is interesting for one to consider.

Texas has voted four times on the question of amending the constitution so as to raise the governor's salary. It cost the state \$60,000 each time. Four times \$60,000 is \$240,000. The increase in the governor's salary proposed was \$6,000 and \$240,000 expended on elections would have paid the increase in the governor's salary for forty years.

PLEASE SIGN NAME TO NEWS CONTRIBUTIONS

The News has a few good friends who send in local news items by mail and this is a mighty good plan to get the items to the paper, but sometimes they fail to sign their names which is very essential if the items are published, not that we want to print their names, but that we may know who contributed the items. We appreciate very much items mailed to us, given to us over the phone, or received in any other way and we heartily solicit the cooperation of our readers in putting local news items into our hands so that we can make a more newsy paper each week. We like the idea of mailing locals to us but request that the sender be kind enough to sign his or her name to the items.

Highway Financing Subject of Debate

Austin, Texas, July 25.—Debaters who participate in the debate contest for 1929-30 sponsored by the State Interscholastic League will have for their subject, "Resolved, that the Sterling Plan for Financing a State System of Highways Should Be Adopted in Texas," according to Roy Bedichek, chief of the University of Texas League Bureau. A bulletin containing selected arguments for both affirmative and negative is now being prepared by the League Bureau for publication about September 1, Mr. Bedichek said.

The way they are selling airplanes now, it is necessary to make a down payment to get up.

Star-Telegram For Three Months \$1.90

The Fort Worth Star-Telegram is offering a real bargain for those wishing to subscribe to that paper for three months. From August 5th to September 25th, you will have the opportunity of taking advantage of this bargain three-months rate.

By subscribing for three months now, a person will have the opportunity of taking advantage of the bargain days offered by the Star-Telegram in the fall and then can take the paper at a reduced rate for a year.

Two Papers \$2.20

The Foard County News is also making an attractive offer in connection with the Star-Telegram bargain. The News will offer both papers for three months for \$2.20. The News bargain rates also come at about the same as those of the Star-Telegram.

Take advantage of this bargain.

While our hearts are breaking, your comforting words of sympathy shall linger, and we invoke heavens blessing upon you.

Mr. and Mrs. T. N. Bell
Mr. and Mrs. Gordon Bell
Mr. and Mrs. Alton B. Bell.

EMPLOYMENT FOR THE AGED

Sociologists are debating ways and means for caring for the middle-aged as well as the aged, and newspapers in the large cities are printing many complaints to the effect that men past fifty are denied employment solely because of their age. The problem of the unemployed man of fifty is becoming serious.

Along with this condition it is interesting to note that the board of managers of the New York association for Improving the Condition of the Poor reports that between 15 to 20 per cent of all persons more than sixty-five years of age receive some support from others. It is also stated that in 1850 2.8 per cent of the population was more than 64 years of age while in 1920, due to the general lengthened span of life, figures were 4.6, an increase of 64 per cent in seventy years.

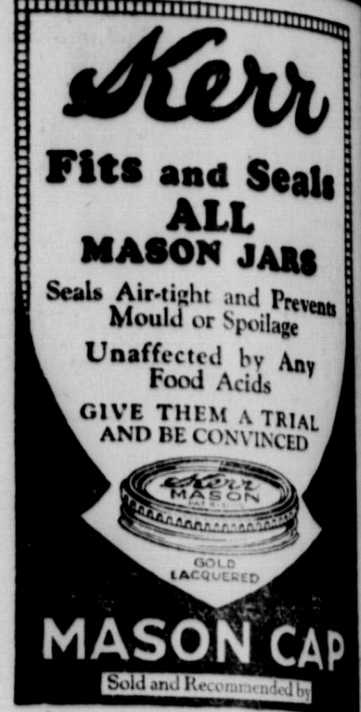

The percentage of old persons is expected to increase steadily for some years. With employers refusing to hire men and women past fifty what will become of these persons? Is it a kindness to increase the length of life if old age must be spent in poverty?

In our modern day department stores one doesn't know when a lady asks for powder, whether she is seeking face, baking or gun powder.

GAME AS AN ASSET

On every farm is a force of workers who receive no pay, yet, without their help, crops would be decidedly smaller—in fact, it is doubtful if crops could be raised if these tireless workers went on a "strike" for a few years. These workers are the birds whose daily bill of fare consists largely of destructive insects. A number of the birds are classed as game birds which, besides keeping down the insect population, serve another useful purpose of food for the farm family during the hunting season.

Aside from the very considerable food value of game birds, the economic value of the feathered tribe to the farmers of a number of states can be expressed only in terms of millions of dollars because of their activities in controlling insect pests and destroying the seeds of noxious weeds.

A. Willis Robertson, Chairman of the Virginia Commission of Game and Inland Fisheries, calls attention to a statement to the effect that each insectivorous bird eats 100 insects each day, which would be 18,250 for a six months' period. Mr. Robertson reminds. But obviously, that number is really inconsequential compared to the millions of destructive progeny which would spring from the insects devoured by a single bird.

Taking Georgia as an example, because of the survey conducted by the Commissioner Peter S. Twitty, of the Department of Game and Fish, it is found the wild life of the State has a food value of millions. Reports on the game taken during the 1927-28 season show it was worth \$5,236,250.

Some idea of the value of attracting tourists by means of scenic and fishing and hunting inducement may be gained from consideration of the fact that visitors to Minnesota expend \$65,000,000, those who visit Colorado leave over \$60,000,000 and other states enjoy annual incomes as follows: Florida, \$70,000,000; Wisconsin, \$27,500,000; Michigan \$40,000,000; South Dakota, \$22,000,000.

In parts of Pennsylvania, farmers, according to reports derive a greater income from boarding sportsmen during the hunting season than they make clear from the raising of crops.

THE FIRST STATE BANK

State and County Will Benefit From New Legislation

Since the inauguration of the recent 4 cent gasoline tax bill much discussion has arisen and many do not seem to have a clear conception of the legislation passed in this respect.

The gas tax bill was passed by the legislature, together with a revision of the registration fees on automobiles. The gasoline tax bill of Rep. Leonard Tillotson of Sealy, which provides for collecting the tax on those who use gasoline in the state, as well as the sale, will increase the revenue to the state from this source by at least 15 per cent and collect the tax on as much as \$50,000,000 gallons of gasoline in 1930, and this after allowing a deduction for exempting gasoline used in farm tractors and for other purposes.

The registration fee bill is also by Tillotson and reduces the fees on passenger or family cars by 50 per cent instead of 30 per cent from the present fees, as the bill originally provided until amended, but leaves the fees on trucks and busses as they now are, and divides the fees between the counties and the state on the basis of the first \$50,000 collected to be retained by the county, and equal division of the remainder of the fees above the first \$50,000, between the state and counties, up to a maximum for any one county of \$175,000 a year. This legislation follows the general plan of highway financing from current revenues supported by Rep. Tillotson, and will, while providing very satisfactorily for the efficient operation of the State Highway Department, give to the great majority of the counties an increase from registration fees over their present allotment.

Rep. Tillotson estimates that the new law will produce for the state in 1930 a minimum of \$28,500,000, and for the counties at least \$8,500,000 and that the state income will increase at a rate of not less than 10 per cent a year and the county income will increase from 10 to 50 per cent each year.

Y. P. M. S.
Miss Cornelia Bieldman entertained the Y. P. M. S. with a social Monday evening. Miss Gusta Davis was reader of the discussion and Bible study.

HOW THINGS HAVE CHANGED!
Another old institution is passing away. Most adults can remember the old-fashioned corner store with its dingy gas lights, its dusty shelves, its open cracker barrel, and the black cat lying contentedly in the show window among the "special bargains" and the fly-specked display cards. It was generally a black cat, and the grocer kept it because it was a sign of good luck.
Except in remote spots where the advancing demands of this clearly are have not penetrated, or among people who have not recognized the importance of sanitary care of food, the old-fashioned grocery store has disappeared. It is vanishing, both from necessity and choice.
As a writer in the National Grocers' Bulletin points out: "Since most of the grocer's customers are women, and everybody knows how fastidious women can be, he has his strongest reason for keeping the place clean. The up-to-date grocer knows the matter of cleanliness in foodstuffs is attracting more attention than ever before, and that most big food manufacturers make it a strong point in their advertising that their food is untouched by hands. Looking after cleanliness is another road toward building good will for your store. Although intangible, good will is made up of very real things—and not the least of them is cleanliness."
The traditional black cat would feel lost in a modern grocery store. Package and wrapped foods, clear glass cases and jars, hold eatables that were packed in sanitary factories. Salesmen wear white jackets and aprons that often pay visits to the laundry. Floors and counters are kept free from litter. The refrigerator is clean and sweet for perishable foods. Running water and soap are convenient for frequent washing of hands. If women have done this by stepping out of their traditional sphere, may they keep on stepping.

Lafayette National park, on Mt. Desert Island, Me., is in the area once referred to as Acadia, and is to be renamed Acadia National Park.

The art of producing carved lacquer work was discovered 3500 years ago in China, and later became a lost art, until a merchant studied the old specimens.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

Dimmitt will have a new \$100,000 high school completed by December 1, as excavating work has already begun. The contract for plumbing and heating will include the installation of heating and plumbing in the old building. Supplies are being selected at this time.

Comanche will be visited by representatives from Aransas Pass who are making arrangements to ship the Comanche County Camen Grape crop. Growers are urged to inspect the method of grading and packing, and inform themselves as to what they will be expected to offer.

Turkey's Farmers and Merchants State Bank will be modern in every respect with new fixtures, brick, sand, gravel and other building material is being placed on the ground previous to the start of the construction work. The building is being erected on the property of the Security Investment Co.

Estelline recently voted a \$6,000 bond issue for the erection of a city hall, fire station and jail. The issue will be used to purchase a site and erect a brick and tile building. It is the opinion of Estelline people that this building will serve to great advantage the needs of the people.

The West Texas Chamber of Commerce motorcade disbanded at Vernon after ten days of intensive sight-seeing over a 3000 mile tour. Carlsbad Cavern was the ultimate objective of the tour and one day was spent in exploring the underground caves. Two district conventions of the regional organization were held on the way.

Slaton reports that a new high record for the shipment of wheat from that section of the Panhandle is being recorded. Four hundred cars of wheat are being handled daily through the Santa Fe terminal and the peak has not been reached. A large volume of the crop will continue to move for the next 30 or 40 days.

Lampasas is to have a fair again this summer, August 7, 8, and 9. It is the desire of those in charge that they have the best exhibit of farm, poultry and livestock that has ever been assembled in that part of the country.

Lamesa will send several representatives on the All Texas Tour to Carlsbad, N. M., and El Paso, Texas. The tour is being sponsored by the Dal-Paso Cavern Highway Association, of which Wm. A. Wilson, secretary of the Lamesa Chamber of Commerce has been secretary for two years. The tour starts August 1, and there are no set expenses.

Muleshoe shipped fifty thousand pounds of wool from neighboring ranches in one load recently. The car was loaded by M. L. Morris, representing Bond-McRae Company of Clovis, N. M., and shipment was made to Hallowell, Jones & Donald of Boston, Mass.

The Nocona News has been sold to T. R. Stump and F. E. and F. I. Perry who are now in charge and will publish the paper and conduct the printing business under the firm name of Perry Bros. F. L. Perry was formerly with the Arlington Journal at Arlington and F. E. Perry was former president of the Baylor University Press.

West Texas Today for July which was mailed out the earlier part of this week was the annual special College number of the official magazine of the West Texas Chamber of Commerce. Practically every college that draws a majority of its student body from West Texas is written up in the journal.

A. M. Bourland, president of the WTCC took up his duties as manager of the regional organization Monday upon his return from the motorcade.

H. J. Adair heads the publishing department and will have charge of the August issue of West Texas Today.

There are authentic records in the annals of Mount Fujiyama.

Lee's Hand-to-Hand Fight With Indian

The fighting fifties Gen. Fitzgibbon was a young military graduate of Camp Colorado, Texas, on a creek, in Coleman county, who was hated by Indians who raided elements around Camp Colorado. He was a vigorous campaigner for them, and they had repeatedly taken his life. A certain evening Lee was out several yards from his quarters in a study which rendered him practically oblivious to everything. Suddenly there was a rustle behind him, indicating someone or something was approaching, and he wheeled around to see a powerful Indian advancing upon him with knife.

Santa Fe Will Start Work on Orient Line

Alpine, July 25.—Representatives of the Santa Fe railway here announce that construction work on the Alpine-Prisidio gap will probably be started by August 10. A final survey is more than half completed, and the exact route of the new rail line is expected to be definitely established by August 1.

The Santa Fe already owns a right-of-way to the Mexican border, acquired when it assumed control of the Orient railway several months ago. However, it was found advisable to change the route at several places and construction will start immediately after completion of the new survey.

TEXON TALES

Every party I go to they want to play post office. We don't understand what an embargo on wheat is. We thought an embargo meant to go for a buggy ride. And it looks like now they are going to take the licker away from the lady bootleggers. We tried a guy here last week for theft and he put up a strong not guilty plea. The judge asked him if he had ever been in the jug before. Well no, he says, this is the first time I ever been caught stealing. A lady out here was taking up subscriptions and donations, etc., for an old ladies home. She says, just anyt'ing you feel like giving. One guy says, "Hot dog, here's where I get rid of my mother-in-law." An old rancher says he is holding his own in this country as he had nothing forty years ago when he came here and has about the same now. The ex-convict says, "Gee, I feel tough this morning." Oh, yes! We find one of them California flyers was a Texas waddie after all. So that's how come. Well, they ain't no new jokes you know. The ones we got this year is just last year's with short sox and skirts on.

TEXON TATTLER

As a rule men are not in favor of women engaging in the habit of smoking. It is all that we men can do to pay for our own tobacco.

GAMBLEVILLE
(By Special Correspondent)

Quite a few from this community are attending the meeting being held at Thalia. Mrs. Crawford Burrow of Lorenzo is visiting this week with Mrs. E. W. Burrow and family. Vernon Pyle and family visited Homer Zeibig and family in Crowell Sunday. Mr. and Mrs. Albert Johnson of the Plains visited from Saturday until Monday with Mrs. F. J. Jonas and family. She is a niece of Mrs. Albert Johnson. Mrs. Sim Gamble is quite ill in the Crowell Hospital. Mrs. Dave Shultz spent from Wednesday till Sunday with her sister, Mrs. Claude Roberts of Vernon. Mr. and Mrs. D. M. Shultz, R. C. Johnson and family and Dave Shultz were called to a Vernon hospital Sunday morning due to the illness of G. A. Shultz of Thalia. S. L. Shultz of Vernon is helping Dave Shultz with his maize gathering and other crop work. Mrs. D. M. Shultz spent Monday and Tuesday with her son, G. A. Shultz, and afterwards he was brought to his home in Thalia. Mr. and Mrs. Claude Carroll and Mrs. Mollie Free and children visited in the Black community Sunday afternoon.

MARGARET
(By Special Correspondent)

Mr. and Mrs. Luther Marlow and family spent Saturday night visiting relatives in the Ayersville community. Mrs. Z. T. Fletcher and son, Charlie, of Electra visited here last week. A. L. McGinnis went to Sulphur, Okla., Sunday after his father who is ill at that place. Oscar Marlow and family, Bill Marlow and family, and Dallas Marlow visited in the home of Luther Marlow of near Crowell. Miss Jewel Priest is visiting at Electra. Mrs. Studie Bradford was called home from the Plains on account of the sickness of one of her grandsons. Carl Roberts and family visited in Quanah last week-end. Hardin Russell and family visited relatives near Margaret Sunday. John Bradford and family of the Plains are visiting relatives here this week.

The Norwegian steamer, Eina, ran out of fuel in stormy seas off Scotland. She burned ninety-five barrels of dried fish to make port.

Value of Schooling

A university professor made a study of the lives of a number of men in their school training and at the conclusion, which is open to all, that a high school course has a cash value of \$33,000 and a college course \$72,000. He would not minimize the value of an education, it would be a pity for one past the school age to be discouraged by these figures. She says, just anyt'ing you feel like giving. One guy says, "Hot dog, here's where I get rid of my mother-in-law." An old rancher says he is holding his own in this country as he had nothing forty years ago when he came here and has about the same now. The ex-convict says, "Gee, I feel tough this morning." Oh, yes! We find one of them California flyers was a Texas waddie after all. So that's how come. Well, they ain't no new jokes you know. The ones we got this year is just last year's with short sox and skirts on.

Men Turn After 15 Years Troubles

Sargon turned the tables for me I had tried for 15 years to get stomach trouble. Now I am getting every day. I went from 119 to 130 pounds, a gain of eleven pounds in three weeks on just three bottles. That's pretty good for a man 62 years old. "I suffered day and night for almost 15 years and spent many hard earned dollars for medicines, but none of them reached my case until I got Sargon. I felt weak and sick morning until night. I would drag myself around but now I am younger and can keep going all day. I eat anything I want and have no trace of stomach trouble, dizziness or dizzy spells any more. Be Sargon Soft Mass Pills lightened out my liver and I no longer suffer from biliousness and indigestion. It sure is great to be like my old self again and I always praise the Sargon treatment. There never was any medicine to it."

CROWELL THALIA TRUSCOTT

To the Children of Crowell AND FOARD COUNTY

We want you to be our friends, and we want your mothers and fathers to be our friends also. So we have planned something that we think all of you will enjoy.

It is a "Children's Day," and we know you'll like it because you will probably get a lot of new clothes you weren't looking for. Haven't you been wanting a new suit, or dress, or hat, or bathing suit, or shoes? We'll bet you have!

And besides we are going to give you a FREE TICKET TO THE RIALTO THEATRE to see any Sat. matinee in August. With every \$1 worth of merchandise purchased on next Friday and Saturday, the 26 and 27 of July, we will give one of these free tickets. So bring your parents down and get them to buy your clothes here and get a FREE TICKET TO THE MOVIE! Show them the rest of this advertisement and they'll see why they should be here.

To the Parents:

We know you are going to like the idea of these "Children Days" because it is going to save you so much money on the things you have to buy for them, and it is going to give them a good time too. Everything for children from infancy to age 14 is reduced these two days. Here are some of the wonderful bargains!

Continued Irrigation Does Not Hurt Land

Contrary to the belief of a number of people that the irrigation of crops with the water of this section is injurious to the land, J. H. McDaniel of near Foard City has found that after fifteen years of continued irrigation on his garden which covers about one-fourth of an acre, that his land is in as good shape as ever and no sign of damage has been noticed. Mr. and Mrs. McDaniel have one of the most successful gardens of the county year in and year out and always raise a large variety of products. Their garden is irrigated from a well. Already this year, Mrs. McDaniel has canned one hundred No. 2 cans of yard peas and has a great number of these peas yet to can. These peas grow about a foot in length. Beans, pumpkins, okra, corn and practically every product that can be grown in a garden is to be found in the McDaniel tract. Most of the products of the garden are canned in tin cans with the use of a pressure cooker and sealer.

Movies at one time were called the silent drama. Nowadays it is up to the audience to keep silent.

THE AFTERMATH OF WAR

Too often only the romantic side of war is viewed by the younger generation which never knew or has forgotten the effects of the last war, while the older folk know that they will not be called to serve and their memories are dimmed insofar as the unpleasant side of war is concerned. Most of us living now recall clearly the seamy side of the last war, but to refresh memories, here is a set of figures which should be kept in mind, particularly at other times when war armaments and peace are discussed:

Known dead—9,988,971.
Presumed dead—2,991,800.
Seriously injured—6,295,512.
Otherwise wounded—14,002,039.
Direct cost of the war—\$186,333,637,097.
Property loss of the war—\$29,960,000,000.

It is also well to remember that warfare is growing more costly each year. Airplanes can be destroyed readily and greater armies, greater preparations and more scientific warfare will practically bankrupt the nations participating and have a serious economic influence on all the rest of the countries of the world.

Russia is alarmed over a shortage of paper.

SOCIETY

Mrs. Henry and Mrs. Self Honor Visitors

One of the most delightful parties of the season was held at the home of Mr. and Mrs. M. S. Henry Tuesday night when Mrs. George Self and Mrs. Henry honored the house party of Mrs. W. B. Johnson and Miss Catherine Clark with a "600" party. Games of "600" were enjoyed at seven tables during which an intermission was held when the guests adjourned to the lawn where green punch was served. Following the renewal of games, refreshments of ice cream, cake and punch were served on a tray, centered with pink verbenas, the refreshments and flowers all carrying out a pink and green color scheme. Each out-of-town guest was presented with a gift by the hostesses as remembrance of the occasion. The gentlemen were presented with ties and the ladies with vases. Handkerchiefs were presented to Joe Roberts and Miss Frances Hill for winning high score for the boys and girls, respectively.

After refreshments were served Misses Marie Beaty, Christine Campbell, Elsie Schindler, and Carolyn Shawyer favored the group with piano and vocal solos after which the group joined together in a general sing-song.

The honored guests at the enjoyable occasion were Misses Christine Campbell of Pampa; Marie Beaty of Wichita Falls; and Mary Helen Cockrun of Goldwaite, Texas; and Messrs. Curtis A. Beaty, Wichita Falls; Walter Todd, Austin; and John Maberry, Sayre, Oklahoma. Others in attendance were Misses Frances Hill, Frankie Kirkpatrick, Elsie Schindler, Catherine Clark, Elizabeth O'Connell, Carolyn Shawyer, Martha Schlagal, Allison Self, Arlene Willett of Mexico, and Loretta Kincaid, and Mrs. W. B. Johnson; and Messrs. Jesse Brown, W. B. Johnson, Granville Lanier, Edward Huffman, J. H. Lanier, Jr., M. S. Henry, Tom Reeder, Jr., Ragsdale Lanier, Joe Roberts, George Self, Mack Boswell, Charles Ferguson, Larry Sikes and the hostesses, Mrs. Henry and Mrs. Self.

Two-Day Family Reunion Held at Home of J. R. Hanks

Over forty persons representing four generations were present at a family reunion held Sunday and Monday at the home of Mr. and Mrs. J. R. Hanks. This is the second annual reunion of this family. Last year the group met with Mrs. Hattie Sessions of Munday. The 1939 meeting will be held at her home also. She is a sister of Mr. Hanks.

Those present at the reunion here were Mrs. C. C. Williams, Ewell Williams, J. B. Williams and family, all of Sunset, Texas; Mrs. Hattie Sessions, Mrs. Dora Robertson, both of Munday; Mrs. J. F. Boyd and family of Knox City; Mrs. W. N. Brewster and daughter of Floydada; Mr. and Mrs. C. Harvey and children of Borger; Mr. and Mrs. Streater Hanks and children; Mr. and Mrs. B. E. Hanks and children; Mr. and Mrs. E. F. Henry and children; Mr. and Mrs. J. T. Daniels, P. M. Hinkle and C. B. Hanks, all of Crowell.

After spending a very enjoyable reunion the various relatives started departing Monday afternoon while some remained for a longer visit.

TWO HOUSE PARTIES JOINTLY ENTERTAINED

The house parties of Mrs. W. B. Johnson and Miss Catherine Clark have been delightfully entertained jointly by various means this week.

Mr. and Mrs. W. B. Johnson were hosts to the group with an all-day ranch party at the Johnson ranch on Monday. Horseback riding and swimming were enjoyed. The night was also spent at the ranch.

Mr. George Self and Mrs. Mark Henry were hostesses at a "600" party in their honor at the Henry home Tuesday night.

Miss Catherine Clark was hostess at a breakfast Wednesday morning at the Clark home.

Mrs. Joe Johnson entertained the group with a swimming party Wednesday night.

DINNER AT GREY HOME

Mr. and Mrs. Hiram Grey gave a dinner Tuesday honoring Mr. Grey's sister, Mrs. S. A. Lawrence and children of Lubbock.

Mrs. Grey prepared a delicious dinner which was served to more than a dozen relatives. A good old-fashioned get-together was held in the afternoon.

Those enjoying the day were: Mrs. S. A. Lawrence, Misses Bonnie Wayne, Mana and Bobbie Lawrence, Miss Jewel Awbrey, Mrs. Mary Grey and children, Mrs. Maggie Killen, Mrs. W. F. Brown, Mrs. W. G. Chapman, Mrs. Wood Roberts and children, all of Thalia; Mrs. W. E. Dykes and little girl of Vernon and the host and hostess and their children.—Contributed.

TUESDAY NIGHT BRIDGE

Mr. and Mrs. Dow Miller entertained the Tuesday night bridge club at their home this week.

Bryan O'Connell won high score for the men with Mrs. T. S. Haney winning honors for the ladies.

Besides members, the following guests were present: Mr. and Mrs. Faye Beidleman, Miss Mary Sam Crews, Miss Litha Crews and Jack Roberts, Jr.

Insanity may be a cause of divorce, but it may better be applied to marriage.

Crowell People Make 2-Day Camping Trip

Twenty-one persons made a two-day camping trip to Medicine Park, Oklahoma, last week. Those making the trip were Mr. and Mrs. J. H. Olds, Mr. and Mrs. Everette Bell and son, Mr. and Mrs. Hartley Easley, Mr. and Mrs. Bert Bain, Mr. and Mrs. Jesse Owens, Mrs. Eula Lemons, Mrs. Lottie Magee, Julian Wright, Lynn Eastley, Roy Barry, Richard Lovelady and Misses Mildred Richardson of Paducah, Ocie Freeman, Nona Owens and Leona Knox.

The party left Crowell Friday and spent the night at Wichita Falls, finding refuge from the mosquitoes at the home of John Hays, a former resident of this city. While at that city they visited Lake Wichita.

The next day they stopped at Craterville Park and engaged in roller skating for a short time. They proceeded from there to Medicine Park, near Lawton, where swimming and other sports were enjoyed. Miss Ocie Freeman was reported to have been the best swimmer of the group while Mrs. Bell and Mrs. Owens displayed real skill as skaters.

Local Rebekahs Confer Degree at Quanah

Twenty-four members of the local Rebekah lodge, including the degree team of fifteen, made a trip to Quanah Tuesday night where they visited the Quanah Rebekah lodge.

The Crowell Rebekahs also conferred degree work on one candidate for the Quanah lodge.

Those making the trip were: Mr. and Mrs. W. O. Clary, Mr. and Mrs. E. W. Burrow, Mr. and Mrs. Clint White, Mr. and Mrs. Roy Johnson, Mr. and Mrs. O. O. Hollingsworth, Mrs. W. W. Griffith, Mrs. R. D. Oswalt, Mrs. S. E. Tate, Mrs. Stanley Sanders, Mrs. Que Miller, Mrs. Ruby Pearce, Mrs. D. W. Pyle, A. T. Schooley and Misses Rosalie McDaniel, Ila Lovelady, Ella Patton, Idura White, Mary Clayton Giddings and Margaret Curtis.

Allen Chevrolet Car Recovered Friday

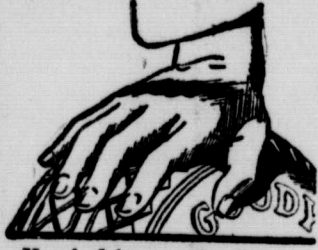

The Chevrolet coupe, stolen from in front of Bob Bell's residence last week, was recovered Friday night in a pasture on the Minnick ranch, about 12 miles south of here. Jimmy Minnick, Jr., found the car near some shrubbery and reported it to officers. It was stripped of all tires and the battery, but was not damaged otherwise. It belonged to Allen Chevrolet Co.

bring your boy

We want both you and your boy to see the first real tests ever made of a tire. Tests that prove the definite superiority of Goodyear TREAD and Goodyear CARCASS. The famous I-2 Test that motorists are making for themselves all over the country. So simple a child can understand.

Come in any time and we'll help you make these tests. You won't be asked to buy.

(1) THE TREAD TEST

You feel the superior TRACTION of the deep-cut, sharp-edged Goodyear All-Weather Tread, insuring SAFETY.

(2) THE CARCASS TEST

You see the extra-durable, extra-elastic Goodyear SUPERTWIST Cord stretch 60% further than ordinary cord, insuring more LIFE.

More people ride on Goodyear Tires than on any other kind

Let us explain to you the new Goodyear Lifetime Guarantee—every Goodyear Tire is made of SUPERTWIST. Our complete line includes the right size and type for you, at the lowest price.

It does not cost more to buy a Goodyear Tire

CROWELL SERVICE STATION

Farmers may have to work longer, but one thing about it, there is no parking limit out there.

There were 2,000 taxi airplanes operating in the United States last summer.

An exact copy of an old viking ship is being built in Norway.

Experiments with butterflies ate that some of these insects with their feet.

The city of Warsaw in Poland completing arrangements for a way system.

Many a small man, can soon be a big pest.

"THE HOME OF SPLINTERS"
R. J. ROBERTS, Local Manager

Dear Friends:

When ever you hear a person asking for the "best and cheapest" of any of the many items in your house, you can put it down on the spot he is just making conversation. It doesn't mean anything.

From the standpoint of initial price, the "best" is never the cheapest and the "cheapest" never makes a satisfied customer build goodwill for your business.

It's like the story of the two youngsters who opened up lemonade stands in the same block. An elderly man passing the first stand noticed the drink advertised at two cents a glass. The boy down the street was selling his for five cents a glass.

After drinking a couple of glasses of the cut price lemonade the man approached the lad in charge of the other little business and addressed him:

"Young man, how can you expect to sell your lemonade at five cents, when you have a competitor offering the finest lemonade ever drunk at two cents?"

"Well, Mister," answered the boy, "We're in partnership. The cat fell in his bowl an hour ago and we decided to get rid of the lemonade quick before the news spread."

So there you are. Whenever you find similar products bearing a considerable difference in price, look out—the cat has fallen in some place along the line.

Quality has been cheapened—substitution has been made—something necessary has been left out.

And after all when you get right down to it, QUALITY is what we all desire. Greatest value per dollar may manifest itself in other ways than in lowest initial cost.

QUALITY in building materials eventually tells—which means greatest value for your dollars.

Yours truly,

SPLINTERS.

REMEMBER THIS NUMBER

"330"

It stands for the best there is in cleaning and pressing service.

Pick up your telephone and just call the number and then see for yourself the wonder that it will perform. Your clothes will be quickly called for, properly cleaned and pressed and then returned in record time.

"We Know How"

Just three short words but they speak volumes. Try us and find out.
