OIL SHOWING MADE SUN. IN JOHNSON TEST

A twelve-foot oil sand was topped in the Texas-Johnson oil test Sunday at a depth of 3,296 feet. It is reported that a fair showing of oil was made, however, the sand was panned up and drilling is continuing. A small pocket of gas was encountered in the test Wednesday night at some depth below 3,400 feet.

This test was spudded in by the Texas Company on the L. K. Johnson ranch on Dec. 3, 1930. It is located 3,550 feet south and 200 feet west of the northeast corner of Section 36, Block 1, of the S. P. Survey.

This location is about one mile south and slightly west of the first test drilled in the west end of the county by the Navarro Oil Co.

On an airplane it is about 16 miles west of Crowell, however, it is 21 miles by the route required to reach the test.

District Legion Officials Will Be in Crowell Mon.

Dr. R. A. Webb, executive committee member of the 18th District of the American Legion, will be in Crowell, Monday, April 13, at 4 o'clock, according to a letter received by Clint White, local adjutant, from Daniel W. Thurman, adjutant of the 18th district.

Dr. Webb will be here for the purpose of assisting the local post in securing its 1931 membership quota. Legion officials urge all ex-servicemen in Foard County to hear Dr. Webb at 4 o'clock.

Landscape Specialist from A. & M. to Be in Foard, Mon., April 20

Miss Inez Derryberry of College Station, specialist in landscaping for A. & M. College, will be in Foard County on Monday, April 20, according to word received by Miss Dosca Hale, home demonstration agent.

Her demonstrations, one for girls and another for women, will be given during the day. The place for these demonstrations has not yet been arranged.

Instructions Given as to Use of Drouth Relief Loan Money

The following letter has been received from Fred Rennels, county agent from the United States Department of Agriculture and serves as the use of drouth relief money:

A large number of specific cases have been brought to the attention of the Farmers' Seed Loan Office, Department of Agriculture, St. Louis, Missouri, where farmers have made application for seed, stock and agricultural rehabilitation loans and, after having their applications approved by this office, need a part or all of the money loaned to them for expenditures which have been approved and granted.

The funds advanced to farmers by the U. S. Government must be used for the purpose for which they were approved and granted.

S. Kincaid Honored by Dist. 13 P. T. A.

R. L. Kincaid of this city was recently elected president of the District Parent-Teachers Association in the executive board meeting at Wichita Falls Wednesday evening.

The annual three-day convention of the district is now being held at Wichita Falls with a number of Foard women in attendance.

Kincaid will be installed as president on the last day of the convention, Friday. Others appointed to unexpired terms in the association follow: Mrs. R. R. Gilliland, Quannah, second vice president; O. McDaniel, Seymour, third vice president; and Mrs. W. B. Howland, Vernon, recording secretary.

J. Z. Steinkoenig of Wichita was named chairman of the membership roundup.

Members of the nominating committee were Mesdames St. Andrew, of Henrietta, E. W. Cullers of Argel, J. B. Hill of Newcastle, J. Howell of Vernon and R. R. and of Quannah.

Those attending the convention are: Mesdames W. C. Brown, Clint White, Jeff Bruce, T. P. and Misses Lottie Woods, Patterson and Barbara Cryer.

Small Vote Cast in Crowell City Election Tuesday

Only a small vote was cast in the city election here Tuesday and the following unopposed candidates were elected for two-year terms: C. T. Schlagal, mayor; re-election; R. J. Thomas, marshal-tax assessor and collector; re-election; Vance Swaim, attorney; M. S. Henry, B. F. Ivie and J. C. Self, aldermen.

Mr. Henry and Mr. Self are members of the city council at present. Mr. Ivie succeeds T. L. Hughton, who was not a candidate for re-election. Mr. Swaim succeeds R. D. Oswalt as attorney. Mr. Oswalt resigned from this office upon assuming his duties as county attorney on January 1, the office to which he was elected last year.

Only 46 votes were cast in the election. The officials will begin their new terms on April 21.

District Meet to Be Held at Childress on Fri.-Sat., April 17-18

The district Interscholastic League meet will be held in Childress on Friday and Saturday, April 17 and 18, according to word received by I. T. Graves, director general for the league in Foard County.

Mr. Graves has requested that all of the school officials of the county have the names of any county winners in their schools and district files with Mr. Adams, superintendent of the Childress schools and district director. Such names must be filed in Mr. Adams' office by April 13, according to a letter received by Mr. Graves.

The winners at Childress will take part in the state championships in athletic and literary events at Austin on May 7, 8 and 9. The district and regional contestants representing the best talent in 6,150 schools of Texas will compete in this meet, which is to be the twenty-first one held.

C. E. Flowers Injures Eye

C. E. Flowers suffered a painful injury to his right eye Monday night when the lid ripped open when it was caught on a point extending from a bird cake rack in his home as he was preparing to sit in a chair.

Had he been a fraction of an inch nearer the point it would no doubt have put out his eye, however, doctors think that the sight of the eye will not be impaired as a result of the injury.

COTTON CO-OP MEMBERS MET HERE APRIL 4

Approximately forty members of the Texas Cotton Co-operative Association of Foard County met in the office of the county agent Saturday afternoon for the purpose of electing delegates to the district convention of the association that is to be held in Quannah Saturday, April 11.

C. B. Morris of Thalia was elected delegate with the following as alternates: H. E. Davis, C. D. Stephenson and R. E. Sparks. The purpose of the meeting at Quannah will be to nominate candidates for district director.

Those present at the meeting here Saturday expressed a unanimous desire for T. M. Haney of Thalia to again be re-elected as district director.

At the opening of the meeting H. E. Davis was selected chairman for the occasion and C. B. Morris secretary. T. M. Haney was the principal speaker for the annual meeting.

He addressed the members along the line of what co-operative marketing now has to offer the farmer. He stated Eugene Legze, former chairman of the Farm Board, is still dominant factor in co-operative work and will fight in its interest in the future. Mr. Haney expressed the belief that some of policies now followed by the Farm Board will have to be changed in the future.

Mr. Haney commented upon recent reports that the Farm Board might cease its operations and stated that he thought the Board would continue its operations as co-operative marketing was just merely started and that it promised the only relief for the farmers.

To Honor Pioneers on Birthday of Crowell and Foard County; Big Parade, Basket Dinner and Old Exhibits Planned

Plans for an all-day celebration in Crowell to honor the pioneers of Foard County on April 27 were made at a mass meeting in the district court room Monday afternoon. The meeting was called by Mayor C. T. Schlagal of Crowell and Claude Callaway, Foard County judge, for the purpose of forming plans to celebrate the 40th birthday of both Crowell and Foard County, which comes on Monday, April 27.

It was definitely decided at the meeting to make the celebration an all-day affair with the main purpose in mind to honor the pioneers of this county. A gigantic parade, a basket lunch on the court house lawn, an extensive exhibit of old-time relics, and an interesting program at the conclusion of the celebration in the afternoon will be the highlights of the day.

After the meeting had been called to order by Mr. Callaway a vote was taken to elect a general chairman for the celebration and Mr. Callaway was named for this position and H. K. Edwards was elected secretary.

After a general discussion as to the best type of celebration to hold, the following committee chairmen were appointed: George D. Self, program; D. R. Magee, lunch, and Mack Boswell, publicity. Each of these committees will have various matters to attend to.

The program committee of which George Self is chairman, is composed of four sub-committees with the following members: program, George Self, chairman; Eli Smith, Mrs. R. L. Kincaid, Mrs. I. T. Graves, Mrs. Arnold Rucker, Mrs. John Ray, M. S. Henry; historical display, J. R. Beverly, chairman; Bob Allee; Allen Shultz of Thalia; Mrs. S. S. Bell; Mrs. Joe Johnson and Dr. J. M. Hill; parade, Que Miller, chairman; T. B. Richmond; registration, Ernest King, chairman; Mrs. M. N. Kenner and Mrs. Que Miller.

The following have been named on the lunch committee: D. R. Magee, chairman; Mrs. Roy Ricks, Thalia; Mrs. E. V. Halbert, Foard City; Chas. Gafford, Black; Mrs. Leslie McAdams, Vivian; Hubert Brown, Four Corners; Pete Gobin, Rayland; Fred Borchardt, Beaver; Dave Sillis, Gambleville; and Mrs. N. J. Roberts, John Rator, A. T. Schooley, S. E. Scales, T. N. Bell, H. E. Fergeson, Crowell.

Those on the publicity committee are: Mack Boswell, chairman; S. J. Boman, Margaret; C. B. Morris, Thalia; Mrs. T. W. Cooper, Vivian; S. T. Lilly, Foard City; Sam Gamble, Gambleville; Henry Ayers, Ayersville; Arthur Bell, Four Corners; T. (Continued on Last Page)

IMPORTANT NOTICE

In its issue of April 24, The Foard County News hopes to put out one of the best editions in its history. The special edition at that time will be put out as a forerunner to the 40th Anniversary Celebration of Crowell and Foard County which comes on Monday, April 27th.

The News' staff will appreciate any assistance that may be given on the part of the citizenship and business firms in making this issue a real creditable edition.

We hope to feature numbers of pioneer stories concerning this city and section and any copy submitted to The News along this line will be gladly considered. We shall also appreciate being put in touch with any material that would make for interesting reading matter at this time.

Old-Timers Notice

We should like to run a picture of every old-timer that was in this section at the time of the organization of the town and county. Naturally it is impossible for The News to bear the expense of having such pictures made and engraved, however, reasonable prices for this service have been obtained.

R. B. Clifton of Vernon, former Crowell photographer, will be here Saturday to take pictures at the former Crowell Studio location. After the pictures are made they will be sent off to the engravers and will then be returned to The News office, so that they may appear in the 40th Anniversary Edition along with a historical account of the person the picture represents. The total cost for this service, including the picture and engraving will be less than three dollars and of course a person may have extra pictures made if he or she wishes at reasonable cost. Mr. Clifton is coming to Crowell at the invitation of the 40th Anniversary officials and he is giving reduced prices for this service.

If a person has a good recent photograph, it may serve, however, an engraving from an ordinary photograph will not be as good as one made from a glossy print that will be supplied by Mr. Clifton.

It will be impossible for anniversary officials to see all of the old-timers in regard to this matter, so relatives and friends of them are urged to see that as many as possible are represented with their pictures in this special edition.

Due to the fact that the special edition must go to press early, arrangements for photographs must be made Saturday, April 11.

Advertisers Notice

We believe that all business firms will find advertising especially effective in this special edition and if you are interested in having an ad in it, please notify us at once.

MANY ATTEND INTERSCHOLASTIC LEAGUE MEET FOR FOARD COUNTY HELD HERE FRIDAY AND SATURDAY

The Interscholastic League Meet of Foard County was held in Crowell April 3 and 4 with Crowell taking the major portion of the honors. The attendance at the meet was excellent especially Friday night.

I. T. Graves, director general of the meet, stated that the League enrollment of this county is one hundred per cent and that every school in the county, with the exception of one rural school, was represented in the meet. "Each school is to be commended upon the efforts that were put forth, for the standards were raised and much good is to be derived from such work," Mr. Graves said.

Crowell is the only Class A high school in the county, however, in the literary events, with the exception

School Trustees Chosen in Foard County Saturday

R. G. Nichols, Leo Spencer, N. J. Roberts and S. T. Knox, unopposed candidates, were elected trustees for the Crowell Independent School District in an election conducted here Saturday.

Mr. Nichols was the only retiring board member who was a candidate for re-election. Those retiring from the board are: S. T. Crews, T. B. Klepper and R. L. Taylor. Other members of the Crowell board are: L. A. Andrews, Fred Rennels and W. O. Clary, who are to serve another year.

Two of the four men elected are to serve two-year terms and the other two are to serve three years. The length of their terms will be determined by the drawing of lots at the board meeting Thursday night, April 9, when the new board members begin their terms.

The following trustees were elected at Thalia: J. A. Stovall, W. J. Long, Roy Ricks, J. F. Matthews and Ed Cates. L. A. Goodman was elected at Margaret; C. T. Wisdom at Claytonville; Ike Everson, Vivian; Jim Cates, Four Corners; H. K. Black, Good Creek; Allen Fish, Fish, and C. L. Adkins, West Rayland. Three trustees were to be elected at Foard City and two of those elected were: Tom Callaway and O. N. Baker, M. L. Owens and Eldon Crosnoe tied for the third position. The one to fill the position will be officially decided Saturday or Monday. Elections were not held at Black or Ayersville and reports have not been received from Gambleville and Beaver.

Reports will be canvassed at the meeting of the commissioners court Monday and a complete report will be made.

T. N. Bell, president of the county board, has called a meeting for Saturday morning at 9 o'clock of all county board members. A number of trustees will be appointed at this meeting for school districts where no elections were held and in any other cases necessary.

"SO THIS IS LONDON" NOW BEING SHOWN AT RIALTO

Will Rogers in "So This Is London" is now being shown at The Rialto and will continue through Saturday. Typical of Will Rogers and his pictures, this talkie is a very humorous one.

Lawrence Tibbett will be featured in "The Southerner," an M. G. M. picture, that is to be shown at the Rialto Monday, Tuesday and Wednesday.

A. & M. POULTRY EXPERT WILL BE HERE APRIL 16

E. N. Holmgreen of College Station, poultry specialist for A. & M. College, will be in Crowell and Foard County all day on April 16, Thursday.

A general tour of several poultry flocks in the county is now being planned by Miss Dosca Hale, home demonstration agent, and Fred Rennels, county agent.

Every phase connected with the poultry industry will be discussed by the specialist at the various places visited.

Any questions or problems facing local poultrymen may find an answer from Mr. Holmgreen.

The first meeting of the day is to take place at the home of R. J. Roberts in this city at nine o'clock in the morning. From there another meeting will be held at Oscar Boman's home. After these meetings a general tour of the county will be conducted.

Miss Hale and Mr. Rennels request that all planning to make the tour bring their lunches along.

Everyone interested in poultry in any way is requested to be present for the meetings.

By visiting a number of different flocks various problems will automatically be presented and a solution for them will be given by Mr. Holmgreen.

Miss Minnie Mae Grubbs and John R. Edmonds, district agents, may be present to make the tour.

An effort to furnish transportation to all who will be unable to have automobiles is being made by the local agents. They request that anyone who may be able to furnish transportation for others to notify them as early as possible.

ON HONOR ROLL

Word has been received by Mr. and Mrs. H. C. Roark that their daughter, Elsie Faye, was on the honor roll for the winter quarter at the West Texas State Teachers College at Canyon.

Barnie Deason of Mangum, Oklahoma, has been transferred from the Wm. Cameron Company of that city to act as bookkeeper for the Cameron Co., here. He arrived here Monday.

CORNER STONE IS CLOSED AT JAIL MONDAY

"And those folks thought they were living in a fast age," may be one of the exclamations made a great many years from now at opening of the corner stone of the Foard County jail, which was closed Monday after a number of objects had been placed in it.

Just when it will again be opened, no one knows. The jail building is one of the most substantial structures to be found anywhere and should stand indefinitely, if it is not torn down. Its concrete and brick walls and other features make it practically fireproof. Its size can be increased, if necessary, so every indication points to the fact that the jail will be standing after most of those now living have passed on.

Most of the objects were placed in a copper box and this box was then placed inside the stone after its top had been soldered by O. O. Hollingsworth for the purpose of making it air-tight.

A bound volume of all the 1930 editions of the Foard County News was too large to be placed in the copper box, however, it was wrapped in several thicknesses of paper and placed inside.

A Bible, furnished by Ada Evelyn Smith, younger daughter of Rev. and Mrs. Woodie W. Smith, was one of the objects placed in the copper box. Other objects included a number of letters; several recent issues of The Foard County News; advertising literature, concerning the latest automobiles and picture shows; a telephone directory; a number of snap-shots, such as a picture of the completion of their highway paving to Crowell; Foard County's first real oil well, a view of the residential section of Crowell taken from the water tower, etc.; data concerning present prices on various items and services; a folder containing various statistical and descriptive matter about Crowell and Foard County, and a package of Camel cigarettes.

Most everyone has read about the new humidifier pack which is advertised to keep Camel cigarettes fresh indefinitely, so Rooder Drug Co. furnished a package of these cigarettes and it is possible that in 1990 or 2031, or some such year, some one will get to smoke a fresh package of 1931 cigarettes.

Several other items were also placed in the corner stone. The following is carved on the outside of the stone:

Foard County Jail
Claude Callaway County Judge
Commissioners
A. B. Wisdom Precinct No. 1
J. C. Hysinger Precinct No. 2
E. V. Halbert Precinct No. 3
W. F. Thomson Precinct No. 4
Bob Belsher—Supervisor for County, Southern Prison Company—Builder.

Construction on the jail is proceeding rapidly and will likely be completed in twenty or twenty-five days, according to Bob Belsher.

FIRE TUESDAY MORNING

The J. M. Glover home, occupied by Mrs. Eva Eubank, was the scene of a fire Tuesday morning, which started at 6:30 o'clock, presumably from an oil stove in the kitchen.

Quick action on the part of the fire department saved the house from being completely destroyed. Considerable damage was suffered about the roof and kitchen. The house is a four-room structure, located just west of Ivie's Station.

MARTIN FARM IS CENTER OF MUCH ACTIVITY

Following the general business trend, C. C. Martin, Foard County farmer, evidently is a believer in massproduction. Although the harvest season has not arrived, yet the following were produced recently on the farm in just one week: a baby boy, Bert Crimm Martin; two calves, one colt and eighteen puppies.

The baby boy makes the ninth healthy child in the Martin family. He is the tenth child born to Mr. and Mrs. Martin, a 4-year old boy having burned to death in a fire at the Martin home in Margaret, nearly four years ago. The new arrival was named for Rev. B. B. Crimm, the celebrated cowboy evangelist, who recently conducted a revival here.

He was born on March 26 and on the same day Rev. Crimm, who was conducting a revival in Vernon at the time, visited the youngster and made arrangements to send him a fine blooded hound puppy from his kennels at Marshall, Texas.

"Things have sure been happening out at my place," Mr. Martin said while at the News office Saturday to renew his subscription. He mentioned the large number of births and said that during the same week he had also added a new tractor.

ANOTHER EXAMPLE OF FORD VALUE

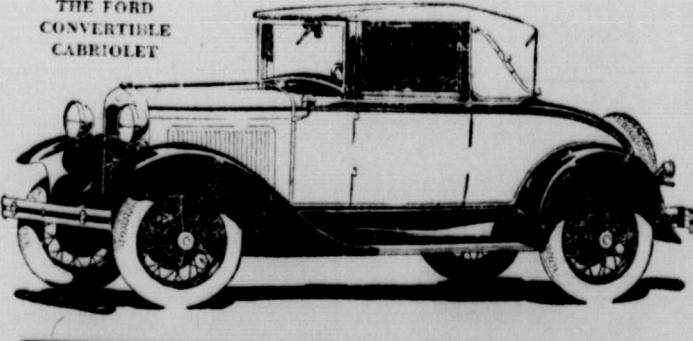

Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life—in the richness of its finish and upholstery—it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

LOW FORD PRICES \$430 to \$630

(F. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.)

Special Prices ON PHOTOGRAPHS

I will be in Crowell all day Saturday and will make photographs at specially reduced prices.

The FOARD COUNTY NEWS wishes to run pictures of all the old-timers who were here at the time of the organization of Crowell and Foard County in the special edition that is to be put out by this paper on April 23. If you are an old-timer, then have your picture made on this day.

Due to the fact that many pictures will be made on that day I am able to offer very attractive prices on any kind of photographic work and everyone will be given advantage of the same prices that I will give the old-timers.

I will be in the former studio location here, which is now occupied by the McBeath cream station, next to Shelton Grocery, and will be able to put out the same high quality work there that comes from my Vernon studio.

See me Saturday and let me quote you these prices.

I am in Crowell this day at the request of officials of the 40TH ANNIVERSARY CELEBRATION for Crowell and Foard County.

Chevrolet Has Heavy Output During March

March production of the Chevrolet Motor Company was 79,603 cars and trucks and brings the number of new 1931 models built up to April 1 to in excess of 326,000 units, W. S. Knudsen, president and general manager, announced today.

March output was larger than in any month since May, 1930, and final figures for March exceed preliminary reports by more than 4,000 units.

The March performance represents a gain of better than 18 per cent over February production of 67,000 units, and represents an increase of 1,000 units over the number originally scheduled for March production.

While production of the company is being conservatively increased in line with the upturn of the sales chart, registration figures continue to show that Chevrolet is maintaining leadership as the fastest-selling automobile. In December Chevrolet led all other makes of passenger cars in domestic registrations by 2,000 units, in January by 4,000 units, and the 43 states already reported for February show maintenance of that leadership by a comfortable margin.

Folks who are decent never have to hire a brass band to let the world know about it.

WOMAN'S PLACE

A wealthy man left \$100,000 in his will to be given some college of standing which would agree to use the money to teach the doctrine that "woman's place is in the home."

Harvard, Yale, Princeton and Columbia refused the bequest. They were not willing to commit themselves to teaching anybody else's opinion, much less an opinion so contrary to that held by great numbers of women today—and men, too, for that matter.

Not long ago a young woman, a graduate of one of the most famous colleges, discovered that she had considerable talent as a writer. At the same time she discovered that she was in love with a prosperous business man. She wanted a career as a writer, but she also wanted a career as a wife and mother. The man in the case told her to choose between them. He had good business sense. He knew that she was reasonably certain to make a failure of one career or the other if she tried to have both. It took this young woman a good while to decide, but finally she came to the conclusion that the place of that particular woman was in the home.

That does not mean that every woman's place is in the home, however. It depends so much upon the woman. Every one of us know some splendid woman who has never married but who has done magnificent work in helping others. It used to be that a woman who worked in an office or devoted herself to an artistic or literary career did so merely because she had not been able to capture a satisfactory husband. There was a stigma about being an "old maid" which has practically disappeared today. The woman who chooses to work rather than to marry has her place in the world, and it is not in the home. But the woman who marries, most people will agree, has but one proper job, home-making, until her family has grown up and left the parental nest. That is not to suggest that married women should not have just as good a time as anybody else. But there have been very few instances where the result of the wife and husband both engaged in occupations outside of the home has been anything but disastrous for the children.

The leaders among women's political and social welfare activities are mostly women who have either never married or who have been successful home-makers and have reached the age where their children are married or otherwise off their hands. The percentage of grandmothers at any convention of women's clubs is very high indeed.

Those are opinions. Perhaps they are no more sound than the fixed opinions for the teaching of which \$100,000 was offered to different colleges. But everybody will agree that the colleges were right in refusing to be bound to teach any opinion which changing social conditions might alter from generation to generation.

A successful trade-in-Crowell policy requires consistent co-operation on the part of merchants and local buyers. It is impossible to build the markets here unless both buyers and sellers are awake to their civic responsibilities.

SPRING

There is something about us humans which makes us all want to do queer things in the Spring. As soon as the first green shoots appear boys begin to think about baseball, men consider the likelihood of getting in a little fishing between tasks, and the women—God bless them!—begin to turn the house upside down.

Perhaps there isn't as much "spring housecleaning" done these days as there used to be, but that's a matter of opinion. There is something in the coming of Spring which stirs the feminine instinct for renovation. Perhaps it is a reflection of the upsetting of his domicile imposes upon him. It is the season of hope. No matter how bad things were last season, no matter how severe and distressful the Winter has been, Spring brings a fresh promise every year. The promise is not always kept, but at least in Spring a man feels that there is something he can do to help things along, which he could not do in the Winter. The coming season may be different. At any rate, he won't freeze to death for another 9 months at least.

Probably we would all get tired of a climate where it was always Spring. People who have to go to live in lands of perpetual mildness are said to get homesick for the changeable climates they came from. And one certain thing about Spring is that it won't last long. Before we know it we will be head over heels in Summer.

BILL TALBOT WROTE IT

A month or more ago, Texas newspapers gave considerable space to the story of the man who got up at the summons of a Connecticut alarm clock, climbed out of New England blankets, ate an Iowa breakfast, and climbed into a Michigan automobile to go to his Texas business—only to find that the business was more or less shot to pieces.

The story was, of course, in more extended form than is given here; and it contained a lot of good, homely, constructive philosophy. Few editors, however, seemed to know who was responsible for the thing. It was credited to "Exchange," usually; frequently, in fact, no credit was given.

But now the truth is out. Bill Talbot wrote it—the Colonel William E. Talbot who once-upon-a-time ran for governor and later became head of a committee devoted to the industrial development of the State of Texas.

It was originally printed under the heading "Amiable Libels," a column regularly perpetrated by the famous Dallasite, in the Dacian—a monthly publication of the Dallas Athletic Club.—Editorials of the Month.

TO SPEAK AT QUANAH

Rev. Woodie W. Smith of this city is one of the speakers on the program of the Sunday School, B. Y. P. U. district convention which takes place at Quanah Thursday and Friday of this week.

Dr. W. R. White, secretary of missions; T. C. Gardner, secretary of B. Y. P. U., and Mr. Allen of Dallas, assistant Sunday School secretary, are other speakers.

THE WAY OF LIFE
BY BRUCE BARTON

OFF THE FRONT PAGE

I was recently talking with Ted Clark who was secretary to Mr. Coolidge at the White House. He told me about one of the famous Gridiron dinners, at which a character was made up to represent the "Front Page." The poor fellow was emaciated and despondent; he complained that Coolidge had ruined him by making so little news.

Ted said: "I think that one of the best and truest tributes that could be paid to Coolidge would be to say: 'He took the government of the United States off the front page.'"

He went on to tell half a dozen dramatic incidents which might easily have become national issues if Coolidge had been minded to make a fuss about them. But he handled them so quietly that the public knew nothing about them.

The newspapers are the greatest single educational influence in our lives. By throwing the fierce glare of their search-light in all directions they have been a powerful aid in abolishing secret diplomacy. They have encouraged big business to come out into the open, and they are a constant and tremendous deterrent to crime.

But under our system of government they put an unwilling premium upon the performance of the self-advertiser and the demagogue.

Our Senators are no longer chosen, as they used to be, by responsible party organizations in the state legislature. They are nominated in popular primaries.

The easy way for a Senator to keep his voters from forgetting his name is to make them think he is important in Washington. And the easy way to achieve this seeming importance is to attack something, or investigate something, or become otherwise noisy and conspicuous.

But be not discouraged.

I have stood in the laboratory where Edison worked so many years to give the world electric light. I have seen the old shed where Kettering first began the experiments which culminated in the self-starter for automobiles. I have visited the tiny village where, in a modest house, Charles Darwin wrote the book that changed the trend of scientific thought. On the gate post is a tablet which this inscription:

"Here Darwin lived and thought for forty years, and here on April 19, 1882, he died."

We can put up patiently with quite a lot of Senators, so long as we know that, back in ten thousand quiet homes and shops and offices, there are Edisons and Ketterings and Darwins.

MARTIN FARM

(Continued from Page 1)

to his farm and had purchased a registered Jersey bull from Chas. Gafford. The arrival of a \$489 bonus check from the government in the same week also was welcomed.

The events during the busy week occurred as follows: March 26, a baby boy born; March 27, Jersey heifer calf arrives; March 28, Queen has a colt; March 30, bonus check for \$489.00 comes to Mr. Martin from U. S. Government for service during World War; March 30, Jersey bull calf born; March 31, Farmall tractor purchased; April 1, 12 puppies born to wolf hound; April 2, six more puppies born to another wolf hound.

Mr. Martin lives on the Teague farm, about ten miles northwest of Crowell. He has 150 acres of fine looking wheat and he doesn't think that it was hurt by the recent freeze. Fifteen acres of corn have been planted and ten acres have been prepared for hedges. For cotton he has 134 acres of sandy land near Pease River set aside.

To feed his large family Mr. Martin finds that one must be alert to every opportunity to cut expenses and make money. In order to live at home to the greatest extent possible, nine Jersey cows are kept on the place. He says that the children always have plenty of milk and butter and feels that is one of the principal reasons for their good health. "About the only time that a doctor has been with my children has been at the time of their births," Mr. Martin said. Four acres on the farm will be used for a large garden this year.

In an effort to build up a fine Jersey herd Mr. Martin has purchased a registered Jersey bull. He sold an unregistered bull in his herd before this purchase.

A flock of turkeys and White Leghorn hens are kept on the place in spite of the fact that that section of the county is a coyote den to some extent. Seven running wolf hounds are responsible for the safety of his chickens and turkeys and consequently make it possible for him to derive a profit from his poultry. He occasionally sells a dog. The hounds also provide considerable sport as wolf hunts are held often. Several wolf races were held last year by Mr. Martin. Dave Adams and Tracy Bradshaw and it is estimated that over fifty coyotes were killed as a result.

In providing a living for his family Mr. Martin engages in activities besides farming. Each year he does considerable trucking, trading and other odd jobs. "I sure have to hustle to make a living for my family and odd jobs help a lot, especially during the dry years that we have had," he said.

Mr. Martin enlisted with the U. S. army on June 30, 1917, and served 12 months in France in the 117th infantry, 30th Division. He received one wound when a machine gun bullet struck his knee.

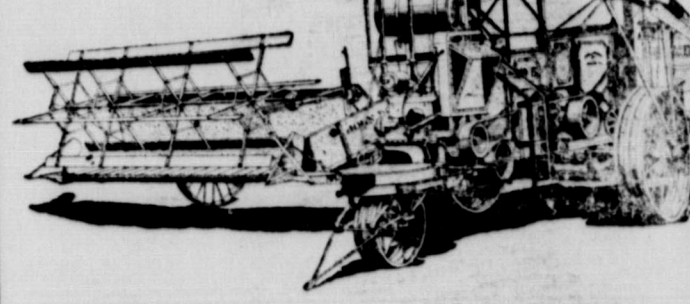

Eighteen years ago, April 19, 1913, Mr. Martin was married to Miss Ida Scroggins at Reliance, Tennessee. Of their nine children, Nolan, 17, is the oldest. There are six boys and three girls in the family. They are: Nolan, Clara Mae, Clarence Jr., Lou Zenie, J. L., Vera Texas, Henry Clay Jr. (another child named after Henry Clay was burned to death in the fire at the Margaret home four years ago), George Ray and Bert

Crimm. Mr. Martin's father, J. L. Martin, also lives with his son, making a total of 12 in the family.

Each Sunday afternoon Mr. Martin conducts a Sunday School class at the Black school. There are 30 persons in the class.

John Deere No. 5 Combine
(Built in 10- and 12-Foot Sizes)

Farmers are talking about the grain-saving features, the light draft, the great capacity and the all-around satisfactory performance of the John Deere No. 5 Combine. It has made a name for itself wherever grain is raised.

In the No. 5 you get John Deere dependability in full measure. This light-weight combine will stay on the job when time means money and do good work for years.

You get balanced draft—combine's wide-tread main wheels straddle the tractor's wheel tracks. Wheels are high and wide. These features, along with the light weight of the No. 5, mean lighter draft. Three-wheel-in-line construction insures flexibility for good work on uneven ground. Platform is hinged to the main axle.

You will like the simplicity of design and the easy operation of the John Deere No. 5, and the way it saves the grain and delivers it to the tank. Motor has plenty of reserve power to maintain correct operating speed in heavy grain.

High-grade bearing equipment and grease gun oiling are other features you want.

Come in and get full information.

Like Coffee . . . the best Gasoline is Blended

THE sun beams cheerfully through an eastern window. The subtle fragrance of the morning coffee adds zest to the morning air, advance notice of the joy to come as you give the "cup test" to the coffee blend of your choice. Coffee roasting is important, of course, but the most skillful roaster cannot make a popular coffee from just one type of coffee bean.
The coffee connoisseur would not deign to drink coffee made from a single type of bean. Neither should the thoughtful motorist allow an unblended gasoline to go into his fuel tank. Gasoline must be blended if it is to possess all the vital properties contained in the three types of gasoline.

WORK AND GROW

When Rip Van Winkle took his sleep
He lost a lot for he missed a heap.
Some people now, this present day,
Let the world go by the very same way.
They simply stop while the world goes by,
They don't catch up and wonder why.
Old Rip was slow and would not work,
And they, also, life's duties shirk.
The First State Bank has much to show
You have to work if you want to grow.

Crazy Crystals End 10 Years of Suffering

Ten Years of Suffering Ended by Crazy Crystals

I want to thank you for the benefit received from Crazy Crystals, as they have helped me wonderfully. I have had rheumatism for about ten years; I could hardly walk I had it so badly in my feet. I have tried all kinds of treatments but nothing helped before I started taking your Crazy Crystals. I can walk now.

Mrs. N. R. Marchbanks Rt. 1, Box 40, Brownsfield, Texas.

The new, million dollar, Crazy Water Hotel at Mineral Wells, Texas, covers an entire block of ground. It is modern, fireproof and complete in every detail. It is natural to think it would be expensive to stop at this magnificent hotel; yet, you can enjoy its genuine hospitality, pleasing service and receive the benefits of the Crazy Mineral Water Treatment at very reasonable rates. If you have rheumatism, stomach trouble, diabetes, colitis, kidney trouble or any chronic ailment brought on by faulty elimination, we urge you to write the Crazy Water Hotel, Mineral Wells, Texas, for full and complete information about their treatment.

SOUR STOMACH

JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an all-time effective, yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. But don't depend on crude methods, try the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia. Be sure to get the genuine Phillips Milk of Magnesia, the kind that the physicians prescribe. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

CHURCHES

Christian Science

Sunday, 11 a. m. and 8 p. m. Subject for Sunday, April 12, "Are Sin, Disease and Death, Real?" Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Baptist Church News

We did not quite reach our goal last Sunday. There were 227 in Sunday School. Somebody failed us and thus we fell short. I wonder if that somebody was you? Remember if you are not at your church on Sunday, you are helping the Devil get a victor over the Lord's work. His smoothest trick is to keep people away from the Lord's house on the Lord's day.

Come next Sunday and help us reach our goal of 260. A church with 400 members ought to have at least 300 in Sunday School.

Don't forget our training school at 6:30 each Sunday. If you don't know it all, you ought to be in this school. Miss Ball is doing splendid work as director of this work.

The union sunrise service on the steps of our church was well attended and it was inspiring to hear the young people from the various churches talk, sing and pray. Mack Boswell did a good job as master of ceremonies.

Don't forget next Sunday: Sunday school at 9:45; preaching at 11 a. m. and 7:30 p. m.; B. Y. P. U. or training school at 6:30; W. M. S. at 3:00 p. m. Monday, officers and teachers meeting at 6:45; prayer-meeting at 7:30 and choir rehearsal at 8:15 Wednesday evening.

A good way and place to spend Sunday is at the Baptist church. Come and welcome.

WOODIE W. SMITH, Pastor.

Church of Christ

Services at the Church of Christ last Sunday was well attended and the whole service, at the morning hour, was one to be enjoyed by all present. The singing was good, the spirit of the church was manifested in the song service. C. V. Ketchersid read the 24th chapter of Luke, which furnished a basis for a good sermon on the resurrection and ascension of Christ. After the sermon and a song F. W. Mabe served at the table.

The crowd was good and the interest was of the best. The night service was still better attended. The sermon was short and the most of the time was devoted to singing, which we have reasons to believe, was enjoyed by all present. A number was present from Gambelville and other nearby neighborhoods. We appreciate their presence and extend to them and all others a hearty welcome at all times.

The Church of Christ is having singing lessons given at the church on Tuesday night for the benefit of all who will come. Begin at 8 o'clock and closing at 10 o'clock, making a two-hour session each Wednesday night. These lessons are free to you, an opportunity that doesn't often come your way. We have Mr. Beggs as instructor. If you know how to sing come and help to make the work better and if you don't know then come and use the opportunity that is being offered you without cost.

The Sunday night services will be, for the duration of the singing school, mostly devoted to the singing, with only a short scripture reading and prayer with a few minutes talk upon the scripture. Should we wish to spend two hours in the Sunday night service, we would have about one hour for singing. If you want to enjoy a good thing that is not costing you anything, come to the Church of Christ on Tuesday night.

E. J. SMITH, Minister.

Christian Church

The old fashioned pounding given the pastor on his birthday last week was quite a surprise and I assure you very greatly appreciated. I pray that I may merit the good will and kindly feeling thus expressed.

Easter Sunday, from the sunrise prayer service throughout the day, was well attended and well spent in the service of our Master. Sunday School attendance was 128; almost up to our highest former attendance for the year. Let's make it 135 next Sunday and exceed all 1931 records.

I want to commend the Endeavorers for their fine progress and the contribution they are making to the church program. They had an extra good attendance Sunday.

Gospel Team meeting begins at Black next Sunday. The team goes to Foard City for service Sunday afternoon.

All who do not attend Sunday school and church elsewhere will find a warm welcome awaiting them at the Christian Church.

THE PRODIGAL SON

Luke 15:11-24

Rev. Samuel D. Price, D. D.

Here is one of the best known stories in all the world of literature. It is diverse in setting and rich in meaning. The chapter should be studied throughout and you will see three stories: the Lost Sheep, Lost Coin and Lost Son. Horace Greeley said concerning this Parable of the Prodigal Son: "If there could be only one page in the Bible, I should choose that the single page should contain this parable."

Flaming Youth is a familiar theme today and merely reflects the continuation of the same characteristics which were evident hundreds of years ago. Here is a young man who does not feel at home though he has been living in the midst of all that his father has so abundantly provided. His real self is where he projects himself by his thinking. He wants so-called freedom to do the wrongs which are in his desire.

Money to spend in a non-productive manner is sought and the father yields. It may be that the older man was sure that only personal experience gained in the midst of the severest suffering could teach the foolish boy anything. Extravagances and positive sinful acts soon wrought their damages. The boy was cast

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to publish this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, on the first Monday in May, A. D. 1931, the same being the 4th day of May, A. D. 1931, then and there to answer a petition filed in said court on the 31st day of March, A. D. 1931, in a suit, numbered on the docket of said court No. 2273, wherein Jessie Garlinghouse is plaintiff, and A. B. Garlinghouse is defendant, and a brief statement of plaintiff's cause of action, being as follows: Suit for divorce, wherein plaintiff alleges that on or about the 13th day of May, A. D. 1923, plaintiff and defendant were lawfully married to

each other; that they continued lived together as husband and wife until on or about the 15th day of November, A. D. 1923, when plaintiff, defendant of his own accord and since which time they have not lived together as husband and wife; that defendant assumed his duties and obligations of marital vows and without cause or provocation left plaintiff as said, for a period of more than ten years.

Wherefore plaintiff prays judgment dissolving said marriage relations, and for care and custody of their minor child, and for

of suit. Herein fail not but have said court, at its next regular term this writ with your return showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this the 6th day of April, A. D. 1931.

(Seal) A. G. MAGEE, Clerk District Court, Foard Co., Texas. By INEZ SPENCER, Deputy.

Crowell Wildcats Win 12 Out of 14 Places At Track Meet

The Crowell Wildcats ran true to form and carried off 12 of the 14 first places in the Interscholastic League meet for a total of 89 points to Hall's 35, and Foard City's 14. Coach Cooper led his team-mates in scoring honors with 21 1-4 points, Hubert Smith and D. S. Todd were close behind with 17 1-4 and 14 1-4 points respectively.

The girls team did equally as well as the boys, winning practically everything. The junior boys team set the record of having won every place.

Everyone who won a first place received an appropriate medal in the morning. It is not much the worth of the medal that counts as the training and effort put forth and the ability to win.

Seniors to Give "The Family Upstairs" As Class Play

The Seniors of 1931 will present the near future play, "The Family Upstairs," a comedy of American life in three acts by Harry Delf. The first performance of this play was presented at the Gaiety Theatre in New York City in 1928, where it had a tremendous success.

The cast of characters are: Joe Heller, the father—Reicie Womack, Emma Heller, the mother—Idah Earl Harris.

Louise Heller, the elder sister—Mary Frances Self, Annabelle, the baby sister—Evelyn Sloan.

Charles Graut—Harold Hinds, Mrs. Graut, the mother—Maggie Benson, Herbert, his brother—Fred Allen Beverly.

Miss Calahan—Frances Allison. The Hellers are the type of family that we all know. There isn't a one of them who wouldn't die for the other, but at the same time they have their ups and downs and it is all so real and true to life that one cannot help but enjoy it.

Junior-Senior Banquet to Be Outstanding Social Event

The much looked-for event, the Junior-Senior banquet, to be held Friday evening, is close at hand.

New permanent waves, flashing and colorful shades of new evening dresses, and well-pressed suits are much talked of. This is the "event of events" in C. H. S. social calendar and both students and faculty are looking forward with much pleasure to the affair. We feel sure that the Juniors will be royal hosts.

C. H. S. Students Above Average in Tests on English

English diagnostic tests have recently been completed, having been given to all high school students to test their general knowledge of English.

These tests include exercises on capitalization, punctuation, spelling, phases of grammatical constructions. Eleven tests were given and in every case but one the averages of the C. H. S. students were more than the median averages.

In test 8 the C. H. S. average on the question was 5.89 and the median average was 5.7, however, in the same test the C. H. S. average on the rule was 2.92 while the median average was 3.95.

THEME OF THE WEEK
(Lida Sue Gorrell—Freshman)
A Garden By Moonlight

As I strolled into a garden one sultry summer night, I marveled at its beauty as revealed by the moonlight. There was a tinkling fountain in the center of this garden, and the moonlight bathing it in its silvery light made it twice as beautiful as in daytime. The flowers also were bewitching. There were poppies, roses, blue bells, morning glories, and many others. The very faint breeze rocked them back and forth, first into the shadows of the old oaks and back into the moonlight again. There was a fine lacework of shadows over the entire garden caused from the oak leaves, and it moved slowly with each new breeze.

playing mostly on the moss-covered garden bench.

Crowell High to Be Represented in Latin Tourney

In the annual Latin tournament to be held at Quanah on April 11, Crowell will be represented by four contestants. Preliminary tryouts were held last Thursday and Friday. Jo Roark and Cecile McAnear won the honor of representing the second year class by defeating Pauline Donaldson and Iris Thompson by a small margin. Clinton Ball and Lona Johnson are to represent the Latin 1 class. The competition in this group was especially close. Rosalie Drabek, Crockett Fox, Jeff Bell and Bonnie Ownbey deserve honorable mention for their work; their averages were only a very little lower than those of the winners.

Medals Presented at Assembly Program Monday Morning

The grade school met with the high school Monday morning when the medals were awarded for track and literary events.

The Freshmen then presented a program after the grade pupils had returned to their building. This program consisted of negro spirituals and two solos which were given by Merle Smith. Jokes were also told and the program was enjoyed.

UNCOMMON SENSE

It seems that our athletes should soon learn that when they are victorious, the less they praise themselves, the more the other fellows will praise them.

The sportsmanship of our students certainly does impress students from other schools, as every year after the County Interscholastic League meet they go away saying that they expect to become students of Crowell High School some day.

The trouble of having a high school "who's who", is who's to be whoed depends too much on who's doing the whoing.

"In the springtime a young man's fancy lightly turns to love" is not absolutely correct in every case it seems, as some of our dashing heroes not only rushed the season, but have taken advantage of that word "lightly."

A boy might go with just any girl

JOKES

Mr. Graves (to ex-senior): Yes, I'll give you a job sweeping and keeping the building clean.

Ex-senior: But I'm a high school graduate.

Mr. Graves: Well, then maybe you had better start on something simpler.

Peggy: Any fashions in the paper, daddy?

Mr. Thompson: Yes, but they are no use to you. It's yesterday's paper.

Mr. Black: There is one consolation in being bow-legged.

Rags: Pray, what?

Mr. Black: I will never be accused of being knock-kneed.

Cotton: Would you be afraid to

hunt grizzly bears with a club?

Crews: Not if there were enough members in the club.

John: Rags, you are the biggest fool in this room.

Coach: Silence—you seem to forget that I'm in here.

Orville: I saw a man today that weighed two tons.

W. C.: You're crazy.

Orville: No, he was weighing lead pipes.

Mr. Todd: Name something necessary for life.

Roy: Er—
Mr. Todd: Correct. Now name a food rich in fats.
Roy: But—er.
Mr. Todd: Very Good.

Miss Self: Give two characteristics of Tennyson's poetry.
Bill: Criticisms and prose.

Miss Patterson (in physical ed.): Did you take a bath?

Peggy: No, why? Was there one missing?

Mrs. Graves (to Mr. Graves who has fallen asleep at the wheel): I don't mean to dictate to you, I. T., but isn't that billboard coming at us awfully fast?

"What's the fuss in the school yard, Sonny?" asked the gentleman passing the grammar school.

"Why the doctor's just been around examining us, and one of the defec-

ient boys is knockin' the devil out of a perfect kid."

Teacher: "What is the 'Order of the Bath'?"

Kid: "Pa first, then ma, then us kids and then the hired girl."

A quarter page ad in a paper asks: "Are you doing anything for that cold." Sure, we cough and sneeze whenever it wants us to.—The Pathfinder.

PIONEERS---THEN AND NOW

Not so many years ago, hardy pioneers, attracted by the richness, beauty and character of West Texas, halted their ox-drawn "covered wagons" in this section of the nation's last frontier, and sensing, perhaps, its future greatness, made it their home. Wrestling their livelihood from the virgin soil, these sturdy Empire-builders laid the foundations for our present high standard of living, our progressive cities, substantial industries, beautiful homes and alert citizenry.

In a comparable manner, the West Texas Utilities Company—pioneering the widespread distribution of electric energy—has made possible, through the equalizing influence of dependable and inexpensive electric power, the intensive development of West Texas.

Just previous to the organization of the West Texas Utilities Company, the average residential cost per kilowatt-hour in this territory was 13 3-4 cents. Now, under the modern rate schedules of this company, it has been REDUCED to 6 1-2 cents—a REDUCTION OF MORE THAN FIFTY PER CENT! During the year 1930, monthly residential consumption averaged fifty kilowatt-hours per customer. Under the present rate schedule of this company, the customer can increase his use of service to three times that amount and only increase his total bill by 10 cents a day. Before the organization of the West Texas Utilities Company, a similar increase above the normal average would have cost more than four times that amount, or more than 40 cents a day for the additional comfort or service now available for 10 cents! In other words, you can now use an abundance of service, knowing that the added comforts and conveniences possible in this manner will make only a small increase in your total cost.

The building of a transmission line system, which links scattered communities and widely separated rural homes into one unit served from strategically-located main generating plants, was a revolutionary theory when the West Texas Utilities Company first pioneered in this territory. This system—in a territory as sparsely settled and undeveloped as the West Texas area of a few short years ago—has increased the quantity and quality of service, and at the same time reduced rates. Only a sincere faith in the future development of the territory has warranted this investment of many millions of dollars.

the St. Louis Office, that the U. S. Government does not seriously contemplate the collection of these loans when they are due this fall. Such reports should be corrected at once, since this office is already making extensive plans for collection of these loans.

"Receipts acknowledged your letter regarding applicants who have received funds for the purpose of purchasing seed, feed and fertilizer, and now find that they can spare a portion of the money, with which they desire to purchase food for their family."

"The recent appropriation, which is known as the Agricultural Rehabilitation Act, provides for funds for the purchase of food and other necessities for growing a crop in 1931, and if the parties who have reference to do not contemplate making additional application to this office for assistance, it will be agreeable that they use certain portion of the money received to buy food, provided their crop will not be hindered by reason of this."

Administrative Officer in Charge.
The regional one-act play tournament for West Texas will be held in Abilene on Monday, April 20, according to word received by Mrs. I. T. Graves, director of the Crowell cast, winners of District 14.

CELEBRATION

F. Lambert, Rayland; Claude Nichols, Black; W. M. Howell, Claytonville; Mrs. W. B. Jones, Beaver; Mrs. A. L. Davis, Good Creek; Oscar Fish, Fish; and Joe W. Beverly, Miss Dosca Hale, T. P. Reeder, Fred Rennels, C. V. Allen and Chas. Thompson, Crowell.

Basket Lunch
In order to conduct the celebration along the most economical lines possible no barbecue will be held and everyone in attendance is requested to bring a basket lunch to be spread on the court house lawn, weather permitting, at noon.

Parade
The parade that is to take place shortly after lunch will no doubt be one of the most interesting features of the day. George Self states that he has entries in the parade which already assures that it will be at least a mile in length.

Program
Following the parade a program will be given on a platform on the east side of the court house. According to the program committee everything is being done to make it an interesting one for both the old-timers and newcomers.

Co-Operation Needed
The assistance of everyone is needed to make this celebration an outstanding success. Anyone having novel ideas for the parade, exhibits, program or any other feature are requested to report these to any of the officials of the celebration.

All that is requested of those attending is that they bring a basket lunch and that they come prepared for a big time. Mr. Self has inaugurated a campaign through his committee for the women to wear bonnets and for the men to wear red or blue bandanas and for the people in general to dress in pioneer garb.

OLDEST FORD DRIVER

J. M. Crow, 89, of Ethel, Miss., the oldest Ford driver in Mississippi, traversed the historic old Natchez Trace in a covered wagon eighty-seven years ago.

As ragged today at 89 as the age in American history he so picturesquely typifies, J. M. Crow of Ethel, Miss., is the oldest Ford driver in Mississippi and one of the oldest in the United States.

When as a babe of two years he rode with his parents in one of a train of 30 covered wagons out of Cobb county, Georgia, into Mississippi, the old Natchez Trace followed by the brave little band was still infested by the swashbuckling ruffians whose bloody outrages gave that era its place in this country's history as "the outlaw years."

One of his vivid memories is hearing, as a boy of six, the news of General Scott's victorious assault on the heights of Chapultepec which ended the Mexican War in 1847, and his proudest memory is of honorable service as a Confederate soldier during the Civil War.

In the intervening years he has seen the lumbering stagecoach give way to the fleet automobile and the comfortable motorbus, the soggy gumbo and rough corduroy roads of his childhood to the wide, paved roads of today, and although he was long past middle age before the modern automobile became commonplace he is as enthusiastic a driver as youngsters who can boast less than one-quarter of his years.
