Try Womack Bros.

For your next bill of Furniture, or Floorcovering, Rugs, Window Shades, Wall Paper, Gas or Oil Stoves and Ranges.

Our 22 years of continuous business in Crowell, we think has qualified us in many ways to serve you to both your and our advantage. In 22 years we have learned to weed out the goods that are shoddy and unfairly made, that are made to sell at a price without aiming to give fair service. There are many goods made and sold without any thought of giving dependable service—just sold at a price, the buyer is loser.

We buy only of reputable houses, and have made a study of the best goods that we can hope to sell in this community. We have always made fair and equitable adjustments because we know when a piece of goods fails to make good just where to go for redress.

We still have an interest in the goods after they are sold and paid for, in that we see that the goods do give entire satisfaction. OUR SERVICE will equal at least any one who is giving a like service. We aim to make our service equal to any service rendered.

We hope it will be a long time before you need it, but we want you to know that we have for your service a splendid Ambulance to take you anywhere easily and comfortably if you get sick or hurt.

There are many occasions when people want flowers, especially for Funerals. We will be glad to place your order for these flowers and see after them from the time they are ordered until they are properly left in position in the home or the grave. We furnish beautiful flower racks to display them and the solid walnut carrying rack beautifully displays them also.

Crowell, Texas, as second class mat-
ter.

Crowell, Texas, August 16, 1929

L. M. Clayton Having
Splendid Success In
Poultry Business

"You can tell the world that I am
glad that I went into the poultry busi-
ness," L. M. Clayton stated Monday
while in the News office.

During the latter part of May Mr.
Clayton made a trip to Wichita Falls
where he inspected the Week's poultry
farm houses and upon his return he
immediately erected a similar
poultry house on his place in the
northwest part of Crowell.

He planned to buy one thousand
baby chicks, White Leghorns, from
Mrs. Claude Callaway but due to in-
cubator trouble he was only able to
purchase 700 and from this group he
now has about 600, having sold
about 50 fryers and losing about fifty
others by death.

He says that the chickens are doing
better than he had expected and he is
greatly satisfied with his results al-
ready. He is now selling many fryers
and in a few weeks the hens will be-
gin to lay.

Mr. Clayton does not believe in let-
ting his chickens roam over a wide
range and keeps them in his large
chicken house most of the time and
feeds them on an A. and M. formula
furnished by Fred Rennels, county
agent. He and O. D. Bouchemp of
this city have gone in together on a
feed mixer for mixing their own ra-
tions for their poultry.

The chickens on the Clayton place
have not suffered from disease of any
kind and have not been bothered
with any pests. Mr. Clayton gives
his wholehearted encouragement for
hundreds of others in the county to
take up the poultry business more
seriously.

LaRue Stars At Bat
as Knox City Wins

Crowell lost a hard fought base-
ball game to Knox City at that town
Sunday by a score of 11 to 6.

The game was featured by the out-
standing stick work of Jimmy LaRue,
centerfielder of the Crowell team,
who hammered the ball for four of
Crowell's nine hits. Out of these
four hits he made a single, double,

triple and home run off of Lowery,
young pitcher of Knox City who re-
cently struck out seventeen men in
the game that was played between
the two teams here.

Crowell maintained a lead over
Knox City until about the fifth in-
ning and was never again able to re-
gain the lead although the team
threatened to a number of times.

Batteries for Crowell were Ford
and Henry. Lowry and Houston
were batteries for Knox City.

Former Quanah
Man's Firm Gets
Soviet Contract

Quanah, Aug. 15.—Of the \$20-
100,000 in orders placed in the Uni-
ted States during July by the Rus-
sian Soviet government, the Vinkler-
Koch Engineering Company of Wich-
ita, Kan., landed \$3,000,000 in con-
tracts for eight petroleum cracking
plants, to be installed at Batum and
Tuapse, terminals of the two recent-
ly completed pipe lines.

Fred Koch, junior member of this
firm was born in Quanah, and is the
son of Mr. and Mrs. Harry Koch of
Quanah. For nearly 40 years Koch
has been editor of the Quanah
Tribune Chief.

Fred will sail for Russia shortly
with a crew of engineers, to be gone
about three months. It is expected
the engineers will remain for 18
months or two years until the plants
are completed.

This is the second contract award-
ed this firm, former contracts being
for over \$300,000 for the Soviet
Union.

Purchases and contracts for the
Soviet Union in this country are
handled by the Amtorg Trading Cor-
poration, New York.

F. L. Ownbey Starting
Poultry On His Farm

F. L. Ownbey, who lives about
three miles south of Crowell, is an-
other farmer of this county who has
decided that the poultry industry is
really worth while.

He is planning to enter the poultry
business on a larger scale than the
average person and has already con-
structed a chicken house 20 by 30
feet in dimensions and is planning to
add to this house later.

It has been built on a plan similar
to that used by Charles Weeks in his
poultry colony at Wichita Falls. A
concrete floor and many other ideas
have been used, according to Glynn
Shults of Wm. Cameron Lumber
Company.

The loss in milk bottles in this
country each year amounts up to
about \$15,000,000.

The rose garden of the University
of Texas has 1,000 varieties of roses.

Star-Telegram For
Three Months \$1.90

The Fort Worth Star-Tele-
gram is offering a real bargain
for those wishing to subscribe
to that paper for three months.
From August 5th to September
25th, you will have the oppor-
tunity of taking advantage of
this bargain three-months rate.

By subscribing for three
months now, a person will have
the opportunity of taking ad-
vantage of the bargain days of-
fered by the Star-Telegram in
the fall and then can take the
paper at a reduced rate for a
year.

Two Papers \$2.20

The Foard County News is
also making an attractive of-
fer in connection with the Star-
Telegram bargain. The News
will offer both papers for three
months for \$2.20. The News
bargain rates also come at
about the same as those of the
Star-Telegram.

Take advantage of this bar-
gain.

AUTO THEFTS

These cars were reported stolen
in Texas this week. Report any in-
formation to the Sheriff's office. A
\$25.00 reward is offered for the re-
covery of each.

Clip this notice. You may earn a
reward.

Football Boys Now
Training Seriously

Football practice for the local high
school will not start until September,
however, most of the candidates for
this year's team are carefully watch-
ing their eating and sleeping in pre-
paration for the coming football sea-
son.

A number of boys are becoming
accustomed to handling the football
by kicking and passing to each other
each day. It now seems that Crowell
should have several good punters.
At present Charles Ashford is getting
the greatest distance on his punts.
The distance on R. D. Oswald's punts
are also increasing daily. R. D. is
also showing considerable passing
skill.

Ragsdale Lanier, captain of this
year's team, stated that a few boys
who will be eligible for the team this
year will be unable to attend school
if they cannot find jobs to help them
secure an education. Anyone hav-
ing some kind of job to help them in
this respect are urged to report to
Captain Lanier.

Asks Freshmen to Train
Ragsdale stated also that he was
desirous of seeing as many freshmen
and sophomores as possible to start
immediate training. Whether they
can make the team this year or not,
they will be in far better shape to
make football stars later on as the
football teams of Crowell High School
in the future will depend on these
boys.

ATTEND W. T. U. MEET

An employees educational meet-
ing and basket lunch was held by
District E of the West Texas Utili-
ties Company at Lake Pauline Wed-
nesday afternoon. Following the
business session, all present partici-
pated in a basket lunch and water-
melon feast. A swim was later taken
in Lake Pauline.

Those attending from Crowell were
Mr. and Mrs. Eli Smith, Mr. and Mrs.
Roy Archer, Miss Eddie May Ol-
phint, Howell Hallmark and W. O.
Clary.

CONSTRUCTION STARTED ON TELEPHONE BUILDING
Construction was started this week by L. I. Saunders on the new two-story brick building for the Haskell Telephone Company. The foundation has been laid and other work is progressing at a rapid rate.
The new structure will be 25 by 33 feet in dimensions. A new switchboard has arrived and is now being put into shape by experts preparatory to its installation in the new building.

STARTS LUNCH ROOM
H. W. Smith of this city has started a lunch room in the McCaskill building, next to Shelton's Grocery. The new business is located in the section of the building formerly occupied by Mr. McCaskill's real estate office. It will be known as Smith's Lunch Room.
An awning is now being erected in front of the McCaskill building.
John Truelove of Corsicana, one of the early pioneers of Foard County, was here last Friday looking up old-time friends and visiting relatives. His wife was a sister to Mrs. C. W. Beidleman of Crowell and Mrs. W. W. Pigg of Thalia. Mr. Truelove owned land and lived south of Thalia. He moved away from that community thirty-six years ago.

Misses Ada and Zada Baird arrive in Crowell Tuesday from Alford, Texas, in company with Oran Spear as are visiting friends here. Miss Zada Baird was recently nurse for J. E. O'Neal, an employee of Oran Spear who was seriously injured in a dynamite explosion on the highway west of here. She reported that Mr. O'Neal has been removed from a Fort Worth hospital and is doing nicely.
The modern girl does the thing her grandmother was dying to do, but didn't dare.

Mr. and Mrs. C. Q. Davis and little son, Earl Cannon, Miss Flossie Cannon and Miss Blonnie Knox, all of Brownwood, arrived in Crowell Saturday for a visit here with W. R. Womack and family.

Mr. and Mrs. M. O'Connell and daughter, Elizabeth, returned to Crowell last Friday night after a trip to Lubbock and Clovis. Arrangements were made at Lubbock for Elizabeth to enter Texas Tech.

Mr. and Mrs. P. L. Ribble of Vernon visited in the home of Mr. Ribble's parents, Mr. and Mrs. E. L. Ribble, Sunday. Their daughters, Martha Lee and Majory Iris, stayed for an extended visit with their grandparents.

Mr. and Mrs. Joe Nislar and small daughter, Joe Ann, of Lubbock visited Mr. and Mrs. T. B. Klepper for a short time Monday afternoon. They were enroute to Rochester, Minn., where Mr. Nislar will go through the Mayo Clinic.

W. T. Bailey and son, Walter, former residents of Crowell, stopped here a few days this week on account of Walter becoming too ill to travel. They were enroute to Amarillo for a visit but will return to Austin where they are making their home.

Bob Belsler is at home from Crosbyton and Ralls where he had been for several months doing the brick work on two church buildings, one in each town. He will do the brick work on the new telephone building which is now under construction.

Hubert Harrison, manager of the Wichita Falls Chamber of Commerce, was a visitor in Crowell Monday. Mr. Harrison stated that his organization had inaugurated an extension service to work with the various towns in this section of Texas and Oklahoma.

H. N. Crisp and family returned to Post Saturday after a visit with relatives at Rayland. H. H. and U. S. Crisp and Misses Gracie Crisp, Jessie Gregg and Eula Mae Gregg of Rayland also returned with them for a visit. From Post they plan to make a visit to Carlsbad Cavern.

J. W. Jonas has recently moved and remodeled the filling station on the west side of Crowell on Lee Highway which belongs to Ross Bros. He has obtained a lease on the station and began the operation of the business this week. The station will be known as the Pennant Service Station.

Miss Edith May Oliphint of Quanah has accepted a position as book-keeper at the local office of the West Texas Utilities Company. She succeeds Miss Marion Cheek who has accepted a position in Wichita Falls. Miss Oliphint was formerly employed by the West Texas Utilities Company at Quanah.

Miss Agnes Moore returned Sunday to her home in Canyon after a visit here of several weeks with Miss May King. Miss Moore will have charge of the public speaking department of Borger High School this year. She was a roommate of Miss King at West Texas State Teachers College this summer.

Mink farming is a rapidly developing industry in Alaska.

T. P. Reeder and family made a trip to Carlsbad Cavern this week.

Dan Hines Clark returned Tuesday morning from a visit with Donald B. Willett at Merkle.

Cream tested every day. Provide a weekly income of your own. We will help you.—Ketchersid Bros.

Guy Housouer and family returned Saturday from Tulsa, Oklahoma. Mr. Housouer helped his brother, Roy, in starting a home in that city.

Mrs. J. H. Self and daughter, Winnie, left last Friday for Loveland, Colorado, where they will visit Mrs. Self's daughter, Mrs. Reid Williams.

W. B. Carter and wife of Altus, Okla., were here Sunday visiting relatives. Their two children had been here for a week and returned home with them.

Mrs. S. T. Crews and mother, Mrs. T. M. White, left last week for Houston to visit relatives. They went as far as Plano with Mr. and Mrs. T. L. Hughston.

Miss Fay DeLong of Newcastle, Texas, has accepted a position with R. B. Edwards Company as milliner and head of the ladies ready-to-wear department.

Miss Frankie Kirkpatrick returned Monday from a visit in Sweetwater and other points. While in Sweetwater, she attended the opening of that city's new airport.

R. B. Edwards and Floyd Thomas left Monday morning for a trip to Hartlingen and other points in the Rio Grande Valley. They are driving through in Mr. Edward's car.

Mrs. R. R. Magee and two sons, Milton and Joe Mark, went to Spur Saturday for a visit with Mrs. P. C. Nichols, and family. They will return home the latter part of this week.

Mr. and Mrs. Paul Shirley and daughter, Margaret Claire, visited Sunday night with Mr. and Mrs. Paul Fields of Quanah. Mrs. Fields returned home with them Monday morning for a visit here.

Mr. and Mrs. W. A. Eaves of Palestine was here from last Friday till Sunday visiting in the home of his grandparents, Mr. and Mrs. G. A. Mitchell. Mr. Eaves is claim agent for the I. & G. N. Railroad.

Mrs. Albert Chaney and two children, also her niece, Mrs. J. Leslie Hughes and small son, Jimmie, were visitors here Wednesday, coming over with Mr. Chaney who attended the Rotary Club luncheon.

C. E. Gibbs and family, formerly of Los Angeles, California, have moved to Crowell and are now making their home in Burl Johnson's residence next to the B. F. Ivie home. Mr. Gibbs will be associated with the Farmers Gin here this year.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package with full directions. Only 35 cts. at drugstores. (Adv.)

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday, August 18, "Soul." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Methodist Church

Last Sunday was a fairly good day at the Methodist Church though the attendance at the Sunday School and preaching services was below what it should have been. Sunday School next Sunday at 9:45. A good way to begin the Sabbath Day would be to attend the school and take some active part in its services. Worship at 11 a. m. and 8:15 p. m. We invite you to attend and bring your visiting friends with you. Junior church at 11 o'clock. This is a special service for the boys and girls from 7 to 14 years of age. Senior League at 7:30. The League had a good attendance and meeting last Sunday night. Women's Missionary Society meets Monday afternoon at 4 o'clock. W. R. McCARTER.

Christian Church Notes

We are having a great meeting, a goodly number are confessing Christ, scores are being spiritually lifted up and interested. Bro Merrill is preaching wonderful gospel sermons and accomplishing a work that will long be remembered. Help us to make the remaining services still greater by attending and by doing personal work among your friends.

One hundred in attendance last Sunday was our record, which exactly equalled our goal. Our chapter readings exceeded our goal by sixteen chapters, there being a total of 1205 chapters read. Mrs. L. R. Morgan won the New Testament by having brought the largest number of people with her who were not present on the previous Sunday. Our attendance goal for next Sunday is 125 and to the teacher having the largest numerical increase in class attendance over last Sunday will be given a New Testament. We expect the largest Sunday School attendance in the history of the church. If you doubt our having it just come and see for yourself.

We had a glorious service last Sunday morning at our preaching service and we should have even a greater one next Sunday morning. Come and help us make this the greatest service of the meeting.

The Gospel Team goes to Vivian next Sunday afternoon for their regular monthly service. Everyone who can are invited to attend.

At the conclusion of the meeting here in Crowell, next Sunday night, Bro. Merrill goes to Claytonville on Monday night to begin a week's meeting there. Everyone is cordially invited to assist in that work. Your presence would mean much.

Bro. John G. Clark, our new pastor, arrived last Saturday and is now actively at work in the meeting and other church activities. He is anxious to meet all the brethren. C. V. ALLEN, Reporter.

Baptist Church News

Rev. Foster Russell filled the pulpit last Sunday. A large crowd was present. Evening services were called in on account of revival in town.

Pastor Woodie W. Smith is conducting a good revival at Margaret. There have been 23 conversions and 16 additions for baptism to date. The meeting has been in progress one week.

Regular services at the Baptist church next Sunday. WOODIE W. SMITH.

Christian Endeavor

Leader—Edith Schooley. Subject—Making the Best of Nature's Laws. Leader's Talk. Library Readings—Frankie Kirkpatrick. We are Life time Subjects of Nature's Laws—Jewel Mullins. Application of Nature's Laws—Lela Patton. Quotable Poetry—Frances Patton. Knowledge and Use of Nature's Laws—Emma King.

Foard City W. M. S.

Program—August 19, at 4 p. m. Leader—Mrs. O. D. Rader. Devotional—Mark 5:22-43. Subject—Primitive Homes and the Missionary Task. Some Positive Value in African Home—Mrs. E. E. Sparks. Some Limitation of the Home—Mrs. Claude Callaway. The Threatening Peril of Today—Mrs. Grady McLean. The Christian Approach to the Problem—Mrs. George Canup. Prayer—W. R. Ferguson.—Reporter.

KNOW TEXAS

In the 1920 census Texas had 805,903 citizens of foreign white stock, which includes foreign-born and those of foreign-born parentage. Of these nearly half—360,519—were foreign-born.

In foreign-born, Mexico led with 249,652. Germany was second with 31,062 and Czechoslovakia third with 12,819, although counting England, Wales, Scotland and Ireland the English-Scotch-Irish were really in third place with 14,124.

Italy was fourth with 8,024. England fifth with 7,655. Russia sixth with 7,057. Austria seventh with 6,441 and Poland eighth with 5,947.

Texas' population per square mile is 20.6 on the basis of the 1928 estimated total, the lowest of any of the Southern States and lower than all but twelve of the States of the Union. The highest density is in Rhode Island with 573.5 to the square mile, and the lowest is in Nevada with 0.7 persons to each mile of area.

Densest population in Texas is in Dallas County with 360.9 persons to the mile and the most scattered is in Loving County with 0.1 of a person the population (1928) estimate being 82 in an area of 753 square miles.

3,000,000 AMERICAN CITIZENS HAVE INVESTED IN UTILITIES

More than 3,000,000 American citizens have invested in issues of American public utility companies, according to Bonbright & Co., who figure the total investment at the stupendous total of \$25,500,000,000. Of this \$10,300,000,000 is in the electric light and power industry.

A Stone & Webster & Blodgett, Inc. survey of the past six year's shows that new public issues of securities have totaled \$45,803,000,000, of which \$11,424,000,000 were securities of public utilities.

A new berry, developed by crossing the logan berry with the dewberry is found to be particularly successful in southern states.

Grass Salvaged by Poisoning of Brush

Jacksboro—Ranchmen here are finding that many acres of grass may be cheaply salvaged from the brush by the aid of tree poison, the use of which has been demonstrated by C. A. Munch, county agent. Brush is chopped off even with the ground and dosed, and the larger mesquites are girdled and the poison applied in the gashes. Ed Sewell of Jacksboro has cleared about 400 acres in this manner and intends to clear 1000 acres more.

A satisfactory tree poison is made by heating 1 1/2 gallons of water, soda and a four-ounce can of concentrated lye, and after these have dissolved adding one pound of white arsenic. The solution is boiled and put away in a can ready for use. Lined area until the sap stops running out of the cuts.

Boy Scouts have been building trails in the national parks for several seasons.

More than half of Finland is covered with water.

Control Checks Blackhead in Turkeys

Station—Blackhead in turkeys may often be controlled in its early stages by treating the birds with arsenic. Infestation of worms causes a weakened condition in turkeys making them susceptible to disease, but prompt action, even blackhead has set in, often effects a cure. In McCulloch county a county agent recently gave the arsenic injection treatment to surviving turkeys in the flock of Blackwell of Brady after 60 had died from blackhead. The treatment was repeated in three days, although 25 of the weakest poultlets the remainder improved very much.

Body Will Ever Know How Wichita Woman Suffered

able to Describe Experience, She Says Orgatone Brought Her Relief From Gall Bladder Trouble

body will ever know how I suffered before I got relief by taking Orgatone, because I just can't describe it," said Mrs. I. D. Ritchie, who lives at 11 Second St., Wichita, Texas, and is the wife of the "shining man" for the Falls Sash & Company, where he has been employed for the last ten years.

"I would not hesitate to recommend Orgatone to anybody who suffers from stomach or gall bladder trouble, for I know from my own experience just what it will do in cases that kind. For several years I suffered terribly after meals on account of gas forming and giving me terrible headaches and dizzy spells. In fact, I suffered from a severe attack in the region of my gall bladder, and in such bad shape I could not eat crackers without them hurting me. I finally got so run down that it was all I could do to keep going. I was so nervous that I never got good night's rest, and I was tired and worn out every morning. I tried many different kinds of medicines, but was under treatment but I just worsened all the time.

"Then I heard about Orgatone and read about people getting such good results from it. I decided to give it a try myself. I began to see improvement from the third or fourth day. I started taking it and before long I finished the first bottle I knew had found the right medicine at last. For I commenced to feel better quickly, and I just continued to improve until I am now as well and strong as I ever was in my life. My gall bladder trouble has been completely overcome and I never suffer at least bit from gas, my nerves seem to be in perfect condition and I sleep just fine every night. In fact, I am enjoying better health now than I have for a long time and I give Orgatone sole credit for it."

Genuine Orgatone may be obtained at Crowell at the Reeder Drug Co. (Adv.)

The state of Chiapas, in Mexico, is intensively replanting its forest lands, looking ahead to a forest crop about seventy years from now.

Nearly 1,500 factories have been established in Mexico during the last few years. The new plants employ more than 50,000 workers.

Abalone shell fish provide such valuable food that the state of California is attempting to plant colonies of them along the coast.

Thunder and lightning are a result and not the cause of thunderstorms.

RECIPES

By Betty Barclay

No matter how many recipes one tries, a few of the old timers should never be forgotten. Lemon pie is a dessert that we demand every so often. Here are two recipes, showing novel methods of composing this delicacy. Whether or not you like your own lemon pie, try these:

Patty Cake Pie

3 eggs
3 tablespoons lemon juice
1 teaspoon grated lemon rind
1 cup sugar
3 tablespoons flour
1/2 teaspoon salt
1 tablespoon melted butter
1 1/4 cups milk

Beat egg yolks until thick and lemon-colored. Add lemon juice and rind. Mix sugar, flour, and salt and add to lemon mixture. Stir in melted butter and milk and fold in stiffly-beaten egg whites. Turn into pie tin lined with crust and put into hot oven (450 degrees). After 10 minutes reduce heat to moderate (350 degrees) and continue baking 20 minutes longer, or until filling is firm.

Chiffon Pie

1 1/4 cups sugar
1/2 cup flour
1/2 teaspoon salt
1 1/4 cups boiling water
Juice of 1 lemon
Juice and grated rind of 1 orange
3 eggs

Mix sugar, flour and salt; add boiling water, stirring constantly. Cook 15 minutes. Add well-beaten egg yolks, rind and juice of fruit and cook until thick. Cool. Make meringue of the whites of the eggs, 1/2 cup powdered sugar and 1 teaspoon of lemon juice. Whip one-fourth of meringue into custard mixture and turn into baked pie shell. Cover with remaining meringue and brown in moderate oven.

Jellied Carrots and Peas

1 package lemon flavored gelatin
1 cup boiling water
1/2 cup vegetable stock
3 tablespoons vinegar
1/2 teaspoon salt
1/4 teaspoon paprika
1 cup cooked carrots, diced
1 cup peas

Dissolve gelatin in boiling water. Add vegetable stock, vinegar, salt, and paprika. Chill. When slightly thickened, fold in carrots and peas. Turn into molds. Chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise. Serves 8.

Two Emergency Salads

Cabbage Fruit
Peel oranges, removing all white skin. Cut into one-fourth inch slices and then into segments. Cover salad plates with finely-shredded cabbage. Sprinkle with orange segments. Serve with French dressing.

Cheese Ball Salad
Peel oranges and divide into segments, rejecting all white inner skin. Arrange on salad plates covered with lettuce. Garnish with balls of cream cheese rolled in grated orange rind.

Custard Souffle

3 tablespoons butter
1/4 cup flour
1 cup scalded milk
4 eggs
1/2 teaspoon salt
1/2 cup sugar

Melt butter and flour, and gradually hot milk. Bring to boiling point and pour on to yolks of eggs beaten until thick and lemon-colored, mixed with sugar and salt. Cool. Fold in whites of eggs beaten stiff. Turn into buttered dish and bake from 30 to 35 minutes in slow oven. Take from oven and serve at once. Serve with hard sauce, whipped or plain cream.

AVERAGE MENTAL CAPACITY

If we are honest with ourselves, we will all have to admit that we don't know much. But neither does anyone else, and in that there is great satisfaction. It's a comforting thought to turn over in the mind.

Knowledge is only relative, anyhow; so don't let it worry you if someone makes a display of knowing something about a particular subject about which you have no information. You know more about the job you are holding down and both of you would stand dumb before an Einstein or an Edison.

There are more books of facts than any person can absorb in a lifetime; in fact, there is such a vast amount of information even in the newspapers that no one has the mental capacity to remember a very small part of it.

All any of us can do, then, is to eat the pie and leave the ice cream, or vice-versa, according to taste, leaving it to nature, or Providence, or our sub-conscious mind—whatever that may be—to bring us in contact with our greatest fields of usefulness. The things that we actually know, by dint of experience, will always be few. The things that we assume to know, such as that the world is round and that light travels at a certain speed, are numerous. But the things that we do not know at all are beyond computation.

RANDOM THOUGHTS

"Aviators and sech, want to be mighty careful these days," remarked Uncle Robert. "Fust thing they know they'll be going 'round the world faster'n we go 'round the sun, which, according to my way of thinking, makes 'em younger every minute. If speed keeps on increasing, it won't be long before some middle-aged flyer'll be mighty ashamed of hisself when he has'ta drop off in Keokuh or Osealooosa to take his bottle er start in to school again. You can't play too rough with nature. That you can't."

"The Red Robe," auditorium attraction for the 1929 State Fair of Texas, Oct. 12 to 27, is said to be greater than any attraction ever sent out from Broadway. Persons who have seen "The Red Robe" say it is even greater than the "Student Prince." Walter Woolf, outstanding star of Broadway, is with "The Red Robe."

For baking pancakes a machine has been devised which measures the batter, cooks, turns, and delivers the cake ready to be served.

Dried milk may be rolled into sheets like paper which will keep for years by a newly invented Danish machine.

A news item states that a New York college girl talked continuously for forty-two hours in the talking marathon recently held. Would you call a man heroic or insane who would agree to marry this young lady? What we are interested in, however, is the address of one equally handsome who wins a marathon by keeping absolute silence for forty-two hours. Now, there's a girl that is a girl—and how.

The department of national defense in Canada is said to possess the secret of an explosive more powerful than any previously known.

Work will soon be started on the hangar of the Southwest Air Exposition which will be one of the features of the 1929 State Fair of Texas, Oct. 12 to 27. The hangar will be 500 feet long and 110 feet wide. The exposition will show every known make of airplane, as well as have exhibits of airplane accessories.

The quickest move ever recorded by a member of his profession was made by an Illinois plumber, blown out of a ditch by a gas explosion.

An apparatus has been perfected whereby photographs of heart pulsations may be observed and recorded.

SIX CYLINDER CHEVROLETS

on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer of a low-priced car now has a right to expect for his money.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

The New GRIFFITH HOTEL

*Is a Credit to
Any City*

LET'S ALL FLOCK

To the Official Opening of Crowell's Newest Enterprise

Monday Night, August 19th

With the completion of this new structure, Crowell realizes a long felt need and this new institution should prove of untold worth to the city of Crowell.

Special music will be rendered throughout the opening and refreshments will be served.

The firms listed below wish to congratulate W. W. Griffith on the completion of his new institution and to urge the people of this section to attend the official opening of the new **GRIFFITH HOTEL, MONDAY NIGHT.**

Insurance Commissioner Gives Ways to Prevent Fires in Cotton Gins

Fires in cotton gins cause a large annual loss in the United States each year, in some seasons amounting to \$1,250,000.

- 1. Causes of Cotton-Gin Fires. Fires during the ginning process may be due to a number of causes, such as matches in cotton, static electricity, overheated bearings, friction between the saws and cotton stuck in the ribs, and sparks struck by the passage of metal and other foreign material through the equipment.
- 2. Static electricity the principal cause of fires. Static electricity is the principal cause of fire during the ginning process. In seasons when the greatest number of fires have occurred electrostatic charges have been abundant and troublesome. At such times the humidity was low, and the cotton being ginned was particularly dry and dirty—conditions ideal and necessary for the formation of charges of static electricity. These three conditions—low humidity, dry cotton, and dirty cotton—are essential for high electrostatic charges in the gin.
- 3. How to eliminate static electricity. Some ginners remove static electricity by hanging wet burlap in the building, some by wetting down the plant and grounds every day, or even twice a day, and others by injecting a little steam into the suction pipe in the direction of the flow of cotton. A few ground the machinery. To the surprise of many ginners, the effective operation of any one of these methods seemed to put an end to their trouble with fire.
- 4. Thirteen (13) rules for preventing fires in cotton gins. The cotton ginner can render his plant practically immune from destructive fires if he will.
- a. Thoroughly ground all metal and moving parts of the gin, thus eliminating the static electricity.
- b. Educate the neighboring farmers and cotton pickers to keep the cotton as free as possible from matches and other foreign material.
- c. Clean the plant thoroughly at least three times a week, thus freeing the premises from lint, through which fires spread.
- d. Refuse to gin wet or even damp cotton, which tends to hang in the ribs and to produce friction.
- e. Keep the huller ribs and the

gin ribs as clean as possible, and the saws sharp.

- f. Clean out the condenser every night and after all fires.
- g. Inspect all parts of the plant after closing, lest some hot box or smoldering cotton give rise to a fire.
- h. Use automatic oilers on all bearings, thus preventing hot boxes and the dripping of oil from the boxes on accumulated lint or seed cotton.
- i. Store no baled cotton on the platform or less than 100 feet from any building.
- j. Prohibit smoking and carrying matches about the plant.
- k. Keep all machinery in proper alignment.
- l. Mark and segregate fire-packed gin bales.
- m. Keep ample and efficient fire-fighting equipment apparatus easily available at all times.
- 5. Fire protection. Fire protection equipment in the gin may consist of water barrel, tanks, pumps, and pails; hose and standpipe connections to a water-pressure; chemical extinguishers; and steam jets into gin stands, lint flue, cleaner, and pneumatic distributor.
- 6. Practice "Fire Prevention" Every Day In Every Way.

She Had to Stay at Home Months

"Stomach trouble and indigestion had me in a terribly nervous, run-down condition. I was so weak and worn out I would have to stay in a house for months at a time. Constipation was helping to make my life miserable and there were times when I did not care whether I lived or died. A good friend of mine told me about Sargon and how much it helped her so I decided to try it.

"What a blessed relief it is to be free of the troubles that worried me for 12 long years. The Sargon treatment has literally made me feel like a new woman. My stomach is now in perfect condition; my appetite is fine and I eat just anything I want, without any ill effects. My nerves are back to normal and I sleep sound and get up feeling just fine. Sargon Soft Mass Pills ended my constipation without ever griping or nauseating me.

"I'm so happy over regaining my health that I'll be glad to tell anyone what Sargon has meant to me. Just have them 'phone 2-7783 if they want to know what I think of this wonderful treatment."—Mrs. W. H. Higgins, 507 W. First St., Fort Worth.

Sargon represents the dawn of a new era in the field of modern medicine. It is turning old-fashioned moss-grown health theories upside down and is restoring countless thousands by methods undreamed of only a few years ago.

Cheerful Living Room Cost Found to Be Low

College Station—Great ingenuity has been shown by the women who have remodeled their living rooms in the contest conducted in home demonstration clubs in 86 counties this year. Competing with each other to see how much improvement could be shown in making the farm living room more livable, many of the 1996 women contestants demonstrated that scraps of lumber, boxes and old furniture may become comfortable and sightly living room additions by application of inventive-ness and labor. The latter was usually furnished by the husbands.

Cabinets of old fashioned organs became veritable furniture mines in the contest, yielding forth lovely writing desks, graceful Priscilla sewing cabinets, and substantial built in book cases. Mrs. W. H. Parker in Fisher county made a writing desk out of an old wash stand and a chair to match out of bits of old chairs rescued from the junk heap. An ancient rocker was lacquered and upholstered to furnish a comfortable reading chair and was matched with a beautiful foot stool which started in life as a goods box.

Springs fitted to the lower part of an old couch, padded with quilts, and covered with golden brown hemp from sacks became a modern day bed for Mrs. Hebo Hall of Jasper county. A sewing cabinet from an apple box, an end table and book trough from a 12-inch plank from the barn, and a fern stand from an old piano stool represent part of the new furniture carved out in the home of Mrs. Joe Jeter in Delta County.

Not only was furniture placed in these living rooms, but paint and paper and home-made rugs and new windows in dark corners and pictures and draperies all played their parts in making once dreary and barren rooms into cheerful centers of the home. The cost was surprisingly low, in many cases being less than \$10. There were two classes in the contest; improvements made for less than \$25 and those costing more than that sum.

GROWTH OF GAS

Gas was first used in cooking in America in 1859. An expansion began at that time, due to lower rates for the fuel and improved stoves, that has continued until the present with increasing momentum. One million gas stoves are now sold annually in the United States alone.

There are six homes in Austria where working children whose health is below par may rest in the country at only a small cost.

TEXON TALES

People have been bothering my golf lots since I got back off the trip. Lots of people don't know much about golf. I hope they don't make some of the mistakes at Crowell we make here. This is a free-for-all business down here as anyone who lives in Texon or anywhere else is entitled to play at will. If I seem to give you any advice about golf it is because I don't know nothing about golf either. Anyone wishig information about golf should ask me for it wouldn't take long to tell all I know.

One of the greatest bothers is them guys who lost the ball and want to hold you up for half an hour to look for it. The law allows you five minutes to look for a lost ball. Another thing is gangs. More than four in a crew is not to be recognized on a course and the law requires them to stand by for foursomes, threesomes and twosomes. One guy is not to be recognized neither and he better get out of the way when I bring my crew along. The mainest idea is not only to play but give the other guy some consideration too.

A man got after his great big overgrown boy here the other day for idling his time away with a yo-yo. He says, "Why, when George Washington was your age he was a surveyor." The boys says, "yes and when he was your age he was President."

The same guy got after his daughter for using so much paint and powder, etc. He says, "why your mother didn't have to do all that to get a beau," so the girl says, "yes, but look what she got."

A teacher was telling the children China was on the other side of the earth. She says if I drilled a hole through the earth and you went in at this end where would you come out? A bright boy says, "why you would come out of the other end of the

hole."
You may know how many letters there are in the alphabet but I bet you can't guess how many there are in the post office.

TEXON TATTTLER.

The second annual Southwest Dairy Show will be held during the second week of the State Fair of Texas, Oct. 20 to 27, according to Frank Briggs, president of the Southwest Dairy Show Association.

Work on the new Livestock Coliseum at the State Fair of Texas is rapidly nearing completion. The State Fair Rodeo will be held in the coliseum during the first ten days of the State Fair, Oct. 12 to 27, and a combined horse show and style revue will be held in the building during the last five days of the fair.

In Burma people born on the same day of the week are not allowed to marry.

Construction Started On Farmers Gin Seed House

Poland & Housouer started construction this week on a new cotton seed house for the Farmers Gin No. 2. It will be a sheet iron structure 24 by 40 feet in size.

New machinery is now being installed in the gin and it will be ready for operation with the opening of the ginning season. Work has been practically completed on the overhauling of the No. 1 gin. A considerable amount of new equipment has been added to this new gin also.

VISITS SISTER BY AIR

Jimmy Cummings, aviator of Wichita Falls, arrived in Crowell Saturday in an Eagle Rock airplane for a visit here of a few days with his sister, Mrs. J. C. Davis, of this city. He was accompanied by D. K. Browning, another aviator of Wichita Falls.

The two men carried passengers in their plane while here. Mr. Browning was formerly the operator of the Browning airport at Wichita Falls that was in operation until Wichita Falls established its new municipal airport. Mr. Browning has trained 127 men to fly and of these, over one hundred now hold the highest license.

transport, that it is possible to obtain in aviation. In his many years of flying, he has never had an accident of any kind.

City Equalization Board Ends Its Work

The city equalization board completed its final meeting Monday. Those serving on the board were J. W. McCaskill, R. R. Magee and Sam Crews.

Three meetings were held by this group, the first on July 31st, the second on August 1st, and the final meeting Monday.

Mr. and Mrs. A. J. Blakemore and daughter, Miss Eva, have moved to Hereford to make their home. The household goods and other things were moved to Hereford last week. Mrs. Blakemore and Miss Eva left last Friday. The Blakemore family has been living in the Foard City community for many years and their moving away is a loss to that community as well as to the entire county.

Mr. and Mrs. M. P. Oswalt of Quanah were in Crowell Sunday for a visit with their son and daughter, Mrs. W. W. Griffith and R. D. Oswalt.

SOCIETY

MR. AND MRS. HENRY ENTERTAINS VISITORS

Mr. and Mrs. Roger Rawlings and daughter, Anice Walls, of Rocheport, Mo., were guests for several days of the T. E. L. Class of the Baptist church at Mrs. Spencer's home last Thursday.

After business had been transacted the social session was held with games and contests taking place with Mrs. E. B. McBurnett in charge. Delicious refreshments were served to the following: Mrs. C. C. McLaughlin, Mrs. R. D. Oswalt, Mrs. Daniels, Mrs. Frank Moore, Mrs. A. E. Wright, Mrs. Sidney Miller, Mrs. E. B. McBurnett, Mrs. Jimmie Cotten, Mrs. J. R. Edgin, Mrs. Bill Short, Mrs. Duke Wallace, Mrs. Will Womack, Mrs. Ed McDaniel and the hostesses.

T. E. L. CLASS PARTY

Mrs. Alva Spencer and Mrs. Arnold Dasher were hostesses to a party of the T. E. L. Class of the Baptist church at Mrs. Spencer's home last Thursday.

After business had been transacted the social session was held with games and contests taking place with Mrs. E. B. McBurnett in charge. Delicious refreshments were served to the following: Mrs. C. C. McLaughlin, Mrs. R. D. Oswalt, Mrs. Daniels, Mrs. Frank Moore, Mrs. A. E. Wright, Mrs. Sidney Miller, Mrs. E. B. McBurnett, Mrs. Jimmie Cotten, Mrs. J. R. Edgin, Mrs. Bill Short, Mrs. Duke Wallace, Mrs. Will Womack, Mrs. Ed McDaniel and the hostesses.

VIVIAN 4-H CLUB

The Vivian 4-H Club met at the home of Miss Meda Everson on August 8.

As Miss Freeman was not able to be with us, Miss Louise Davis, the representative to the A. and M. Short Course gave a report on her trip. Refreshments of ice cream and cake were served to twelve members and four visitors.

The next meeting will be at the home of Miss Louise Davis, on August 22.—Reporter.

Stolen Tires Are Recovered by Sheriff

The tires stolen from the automobiles of Rev. W. R. McCarter and Bob Allee were recovered Tuesday by Sheriff Que Miller after he found them in the possession of two negroes, J. T. James and Jack Dillard, who have been lodged in the county jail. One tire was taken from Rev. McCarter's Dodge Sunday night and two tires were taken from Bob Allee's Dodge Monday night.

A LETTER FROM CHINA

C. P. O. Box No. 1234, Shanghai, China, July 11, 1929.

Dear Editor: Here comes a letter from this land of intrigue, graft, warfare, famines, suffering, and chaos, to tell you and the readers of your excellent paper about China's new woman who has a share in the "goings-on."

If a woman in China, twenty years ago, had been given a Rip Van Winkle sleep, she would be more surprised than he was should she awake today. Then woman had to stay indoors and work something like domestic animals. Or, if of a better family, be cooped up at home and stay there. She was allowed to be seen only by her husband or brothers.

Now what a change! The modern Chinese young women skip around the streets with a spring, grace and freedom that's quite refreshing when one remembers the women formerly hobnobbing along with bouffant feathers ported by amahs. Now girls bob, single or permanent wave their hair. That is a sign of freedom! They ride bicycles, play tennis, basket-ball and engage in other athletics. Formerly the parents arranged their marriage. Now one often sees the young ladies walking very affectionately arm in arm with their "best boys," and the young people often do the arranging.

The dress used to be the most modest of any nationality. Now women are often seen with the most up-to-date up-beyond-the-knee short frocks and flimsy silk hose and high heeled shoes. Indeed the Chinese girls are quite amusing flappers sometimes—shocking sometimes—so much so that the officials have felt it necessary to issue proclamations commanding them to dress modestly. Girls have even learned to flirt in the most up-to-date manner. That's freedom! They dance in the latest style. They ride horses, astride, with boots and riding breeches. "That's English, you know."

Once the ideal for girls was that they be able to do beautiful needlework at home. Now they are doing other things. They are clerks in stores. Some are typists and stenographers. Some are bankers. They play the organ or piano or other musical instruments. Some are becoming movie artists or actresses. Some are lawyers and judges and doctors, and others are teachers and kindergarteners. They even become soldiers and sometimes they become Generals' secretaries! Women also become street-corner politicians and scream the Revolutionary platitudes such as, "Down with imperialism," "Give the people freedom," to beat the most zealous men Revolutionaries. Rarely do you see meetings for propaganda or riots without seeing girls or women taking active part in them, urging on the riots. I am glad to say that some few of them are taking part in the Red Cross work in relieving the suffering of those wounded in battle. Women occupy places of influence in the government in Nanking. Once women's faces lacked all hope and ambition, and there are still great hosts of women who are the same drudges at home or worse—in great factories. But among the younger generation they have ambition—ambition that carries them to extremes.

I'm glad to say that there are many modest, motherly women who have gone through our mission schools who are making nice, clean, beautiful Christian homes where the children are brought up well and taught to be good, useful members of society, children of whom they and missions can be proud and thankful. One can not expect great things from a nation in which the people have been brought up for ages in filth, physical and moral; but a new generation is coming on, born anew in the church of Christ and in these clean Christian homes. We are expecting much for China from such.

Things are out of joint in China; but we hope and pray that the common sense of better Chinese and the deeply planted power of the Gospel will gradually overcome the criminal influences and that China will find peace, prosperity, and a place among the great nations of the world. Yours in Christ's glad service, (Rev.) H. G. C. HALLOCK.

SWIMMING PARTY

The boys of the Night-Out Club entertained the girls with a swimming party and supper on August 10. Those present were: Mr. and Mrs. Walter Thomson, Winnie Thomson, Ila Lovelady, Thelma Draper and Billie Jean Ribble; Mason Brown, Lee Black, Earnest Spears, Edward Huffman and Aubrey Spears.—Contributed.

BREAKFAST HONORING MRS. ROGER RAWLINGS

Mesdames Baxter Johnson and George Self were hostesses for a well appointed breakfast on the morning of August 10, 1929, given in honor of Mrs. Roger Rawlings of Rocheport, Mo.

The guests were asked to meet their hostesses at 7:15 a. m. at the Country Club, where a swim was enthusiastically participated in and proved to be an excellent sport to develop appetites.

Immediately after the swim the ladies went to the beautiful new home of Mrs. Johnson. The well appointed breakfast was served in three courses. Yellow and green were the predominating colors for the decoration scheme. Marigolds were the flowers used for table decorations and large, gorgeous zinnias enhanced the charming living room.

The thoughtful hostesses saw that all details that it takes to make an occasion a success from various standpoint, were thoroughly studied out and cared for in a capable manner.

Covers were laid for the following guests: Mesdames Roger Rawlings, Mark Henry, Hines Clark, H. Schindler, Alton Bell, Lawrence Kimsey, Sam Bell, A. Y. Beverly, Paul Shirley, Joe Johnson, J. E. Harwell, and Marion Hughston.—Contributed.

SURPRISE SLUMBER PARTY

Last Saturday evening Misses Ila Lovelady, Ella Patton, Mildred Cogdell, Winnie Thomson, Mary Alice Shannon and Billie Jean Ribble surprised Mrs. Wesley Lovelady with a slumber party at her home. Eats were plentiful throughout the night and a most delightful breakfast was served to the guests by the hostess.—Contributed.

BIRTHDAY DINNER

Mrs. Lee Ribble entertained her daughter, Billie Jean, Sunday with a birthday dinner. Those enjoying the dinner were, Mr. and Mrs. Curtis Ribble and daughter, Ruth, Miss Winnie Thomson, Aubrey Spears, Mr. and Mrs. Ribble and Billie Jean.—Contributed.

SLUMBER PARTY

On Friday evening, August 2, Miss Billie Jean Ribble entertained a group of girls with a slumber party. When the guests had all arrived they were told to don their bathing suits and a swim was much enjoyed at the close of the warm day, as well as the bounteous supper which was served on the lawn at the home of the hostess. The girls were then joined by a group of boys and various forms of entertainment were indulged in. At a late hour the boys bade good night and departed. Some time after midnight a feast was enjoyed by Ila Lovelady, Mary Alice Shannon, Ella Patton, Mable McMurray, Mrs. Wesley Lovelady and the hostess.—Contributed.

Walter Cowley of Keighlye, Eng., kissed a young woman three times without her consent and was fined \$500.

Presbyterian Pastor at Chillicothe Resigns

Rev. Lee H. Smith, former pastor of the Presbyterian Church of Crowell, and full-time pastor of the Presbyterian church at Chillicothe for two years, has resigned the pastorate of that church to take effect immediately, according to the Chillicothe Valley News. Bro. Smith will go to Chicago about the first of September to take up school work again. Bro. Smith has also resigned his position as secretary of the Chamber of Commerce to take effect August 28. He was a leader and a hard worker in church and civic affairs and his leaving Chillicothe will be a distinct loss to all activities of that city.

Mr. and Mrs. E. S. Darby came in Thursday morning from Dallas and will spend the rest of the week visiting Mrs. Darby's father, J. W. Klenner, and other relatives and friends. Mr. and Mrs. Darby are enroute overland to Fresno, California, where Mr.

Darby has accepted a position as office manager of the California Cattle Mills, and where they will make their home. They will leave here Saturday morning and will stop for a short time at Los Angeles, where they will visit with Mr. Darby's mother, Mrs. L. N. Darby, of Long Beach, and with Mr. and Mrs. J. L. Klepper of Los Angeles, Cal.

"THE HOME OF SPLINTERS"
R. J. ROBERTS, Local Manager

Dear Friends:

(Subject—PROTECT YOUR FURNITURE)

There are just three kinds of furniture polish—those that leave a greasy, dust-catching gloss; those that merely clean; and the ONE kind that cleans, beautifies, and PROTECTS, and is absolutely GREASELESS—Johnson's Wax. NO OTHER kind of polish is like it.

If your furniture is new and very lovely, wax it for protection. If it is old and getting a little shabby, wax will improve it wonderfully. And if you are fortunate enough to own antique furniture, by all means preserve and enrich it with wax, which bestows the desired mellow tone, not a glaring, glassy, "new" look.

Try it now. Lightly apply Johnson's Liquid Wax with a clean cloth—on your dining table, perhaps—over small areas at a time so that you are sure to cover the entire surface. It is advisable to let the wax dry a few minutes before polishing. Rub lightly with a soft cloth until every bit of the surface has a dry, rich gleam.

Now, when you finish, notice the improvement. Almost like magic, worn spots fade away and old scratches are softened. See—your fingers don't fade a single print. And if you happen to spill something on your table now, you won't be able to find the mark after you wipe it up. Wax guards against rings from perspiring goblets, scratchings of silverware, and even the searing of hot plates. Heat spots can easily be rubbed off.

You can actually get up on the table and walk across it without leaving a heel mark! The finish that has kept centuries-old floors unblemished will keep your table so, too.

Johnson's Floor Wax, liquid or paste, in just the size container you need. New Johnson Electric Polisher for rent.

Yours truly,

SPLINTERS.

CONGRATULATIONS
