

WILDCATS LOSE TO VERNON BY SCORE 26 TO 13

GUY TODD PROVIDES FEATURE OF GAME AT VERNON. ARMISTICE DAY WITH 66-YARD RUN TO SCORE TOUCHDOWN

Although they were defeated 26 to 13, the Crowell Wildcats covered themselves with glory in the game against the Vernon Lions at Vernon Armistice Day.

Fighting against overwhelming odds, the small Wildcat squad, small in both weight and reserve strength, battled valiantly their much heavier Class A opponents who were refreshed throughout the game from the Lion's large list of reserves.

In spite of the loss it remained for a Crowell player, Guy Todd, quarterback, to provide the outstanding feature of the game when in the 4th quarter he took the ball through left tackle, with the aid of some splendid line work, and then broke loose for sixty-six yards to score Crowell's second touchdown. The run was as pretty and thrilling as one could expect to see in any game. Tacklers were shaken off and other human obstacles in his path were removed by flashy sidestepping and stiff-arming. He tossed a neat pass on a fake play to Ralph Burrow to score the extra point and bring Crowell's score to 13 and Vernon's 20.

The Wildcat's first touchdown was also made by Todd and came in the second quarter when Lawrence of Vernon fumbled Todd's punt and Burrow recovered on the Vernon 20-yard line. Crews Cooper took the ball to (Continued on last page)

Rare "Geese" Bagged By Russell Beverly on Foard City Farm

"Well fellows I have got something here that will sure establish my reputation as a hunter," Russell Beverly, local abstracter and past president of the Springlake Country Club, proudly stated as he exhibited two fine specimens of snow-white "geese" to a number of his friends about town early this week, following a hunt in the Foard City community.

Even without the aid of newspaper publicity Beverly's "fame" as a hunter has spread over a wide area. Just what kind of rare wild geese he had killed had Beverly puzzled and their rareness made him even more proud of the results of his hunt.

Alton and Gordon Bell were among the first to be shown the geese and after careful examination stated that they were Canadian Snow geese. Dr. J. M. Hill expressed the belief that they were of the famous White-Fronted species. Other local experts called them Emperors, Cackneys and all other names connected with geese.

Crowell hunters continued to look with envy upon Beverly's good fortune until Charlie Belevins reported the loss of two of his famous White Pekin game ducks from the tank on his farm, where Beverly had been hunting.

Whether he is a great hunter or not, he has continued to grin, despite unmerciful razzing, and no one can deny that he is a dead-game sport.

He refused to tell a News reporter what became of his "geese" or how much his rare experience cost him.

Sheriff Warns That Chauffeur's License Law Being Enforced

Hired drivers of any motor vehicle are in danger of being arrested if they cannot produce a chauffeur's license, required by state law, according to Que R. Miller, sheriff. He stated that officials of the State Highway Department are continually making investigations all over the state relative to this matter and that they may come to Crowell and Foard County any day.

The Texas law regarding this follows:

Article 6687. Chauffeur's License. —A "chauffeur" is one whose business or occupation is operating a motor vehicle for compensation, wages or hire. Each chauffeur shall pay an annual fee of three dollars for the whole or part of any year that he is so engaged. The Department shall prescribe the form of application for chauffeur's license, and shall require the same to be sworn to by applicant, indorsed and vouched for by two reputable citizens of the place where the applicant lives or resides when making application, setting forth that they have known or been acquainted with the applicant for a period of not less than sixty days prior thereto, and that he is trustworthy, sober and competent to operate motor vehicles upon the highways of this State. No license shall be issued to an applicant unless he is over eighteen years old. He shall be issued a certificate and a metal badge with a distinguishing number, free of charge. Said badge shall at all times be prominently displayed on his clothing while engaged as a chauffeur, and shall be valid only during the term of his license.

Thalia Wins Opening Contest in Big Ten Basketball League

The Thalia town team won its first basketball game against the Oklaunion town team 26 to 13 last Thursday night at Oklaunion in one of the first contests to be played among independent teams of the Big Ten League, consisting of the following towns and communities: Thalia, Five-in-One, Vernon, Odell, Oklaunion, Fargo, Phillips Petroleum Co., of Rock Crossing, Doans, Harrold and Davidson, Oklahoma.

In the contests last Thursday night Vernon defeated Phillips; Doans defeated Five-in-One; Fargo defeated Odell, and Harrold defeated Davidson.

One game is to be played each week by each team until Christmas and after that time two games each are to be played. A total of eighteen games are to be played by each team.

Those on the Thalia town team are: forwards—Aubrey Mason, Ira Tole, Jack Lindsey and J. J. McClelland, who is also acting as coach; guards—Jack Neill, C. L. Fracher, John Hugh Banister and Earl Phillips; center—Gothie Mints.

Thalia plays at Davidson Thursday night, Nov. 13.

COTTON GINNINGS

According to a report handed The News by W. B. Griffin, local enumerator for the Department of Commerce, there had been 2,102 bales of cotton ginned in Foard County up to Nov. 1, compared with 7,540 bales at the same period last year.

Cotton ginnings in Crowell up to Thursday afternoon had amounted to 651 bales.

TOM GREENING ACCIDENTALLY SHOT FRIDAY

SHOT GUN DISCHARGES INTO LEG AS YOUTH CLIMBS INTO WAGON PREPARATORY TO RABBIT HUNT

Tom Greening, 19, son of Mr. and Mrs. Ben Greening, received a serious injury between the knee and hip of his right leg last Friday morning at about 8:30 o'clock, when a shot gun he had in his hands was accidentally discharged as he climbed into a wagon preparatory to going on a rabbit hunt.

The accident occurred about eight miles southeast of Crowell on the Jeff Bell farm while Greening was in company with Ray Howard, who immediately drove him to the nearest house, which was about one-half mile away. From the house he was immediately brought to the Crowell hospital where an operation was performed to remove the shot and wad, which tore deeply into his leg, ranging from above the knee to the groin, however, no bone was touched. The top of the third finger on his left hand was also practically shot away.

Tom stated that he thought the hammer of the 410 gauge shot gun was struck in some manner as he was climbing into the wagon with it. He was getting along nicely Thursday afternoon and nothing serious is expected to develop from the accident. He has been removed from the Crowell hospital.

ATTEND CONVENTION

Those from Crowell that are attending the Texas Baptist Convention at Amarillo this week are: Rev. and Mrs. Woodie W. Smith, Mrs. Arthur Bell, Mrs. Arnold Rueker, Mrs. J. H. Self and Mrs. A. E. McLaughlin.

CAN YOU HELP?

Throughout the nation a campaign has been launched to give work to the unemployed. Wichita Falls furnishes the best example of any city that we know of to the present time in taking steps, that have already proven successful, in giving work to the unemployed of their own city.

A campaign for improvements about homes and places of business was launched in a mass meeting in that city last Friday night, which was attended by about five thousand people, filling every seat in the municipal auditorium there.

As a result of the co-operative efforts there, splendid results have already been accomplished. Those who are needing improvements and who are able to finance them are leaving their names each day with the chamber of commerce and likewise those needing work are leaving their names, and the kind of work they are in a position to do, with that organization. And the result is that heads of families and others in great need of employment are being furnished with work. Practically all of the work is being given to the unemployed of Wichita Falls and community only.

WHY couldn't the same steps be taken in Crowell? We have many people here who are facing a critical condition with winter approaching and no work in sight.

In spite of conditions there are people here who are able to make needed improvements and it is to these that The News is appealing to for help in this matter. In all probability it will be many years before improvements can be made at a more reasonable cost.

We don't want anyone to look upon this matter as a charitable proposition but to view it from a strictly business standpoint. The unemployed are not asking for charity but are asking for work and an opportunity is now offered for both the employer and employe to profit.

Times are going to get better and Crowell and Foard County will again occupy their proper place in the sun. Foard County has had disastrous years in the past and old-timers will tell you that it looked as if nothing could put us back on our feet, but old Foard has always come back and will do so again and we feel that no one should worry for a minute about investing in Foard County.

Let us do our best to help in securing work for the unemployed.

Santa Fe Completes Old Orient Line Across Big Bend Country Which Opens New Gateway Between Texas and Mexico

The Santa Fe line running through Crowell has extended its long arm and is now connected with Old Mexico. Spanning the international boundary line drawn by the Rio Grande, a new bridge served as a gateway last week for Santa Fe railway trains connecting Texas with Chihuahua, Mexico.

Luis L. Leon, former secretary of commerce and labor of Mexico, as official representative of President Ortiz Rubio, clipped a ribbon barrier, formerly opening the bridge at ceremonies attended by several thousand nationals of both countries. The Mexican town of Ojinaga, across the river, joined in the celebration.

The first train to cross the bridge was a "good will special" originating in San Angelo, bearing several hundred business men and trade representatives, en route to Chihuahua City. They were to be greeted by Mexican officials in celebration of completion of new "steel bonds" joining Mexico and the United States.

The last link in the \$4,500,000 venture into the broadest area of undeveloped territory in the Southwest recently was completed from Alpine

THROCKMORTON DEFEATED BY CROWELL, 12-0

WILDCATS THREATENED TO SCORE 4 OTHER TIMES DURING CONTEST; SECOND VICTORY OVER THROCKMORTON

The Crowell Wildcat football team ran their total score to 282 to their opponents 6 Friday at Throckmorton when they took a listless game from the Throckmorton greyhounds 12 to 0.

As the score indicated, it was all together a different game from the one played at Crowell a month ago when Crowell won an 82 to 0 game. However Throckmorton never once threatened to score, not getting the ball nearer than the thirty yard line at any stage while the Wildcats missed scoring four more times by less than ten yards. Throckmorton had three players that they did not have when they played here, and the Wildcats received 110 yards in penalties, while Throckmorton received only twenty.

Both of the touchdowns were put over by Guy Todd from the result of line plunges. Crowell made sixteen first downs to Throckmorton's seven. Ragsdale Lanier received an injury to his collar bone and had to be removed from the game at the beginning of the second half. Geo. Fox played a splendid game in his place. Guy Todd, as usual, was a sensation. Crews Cooper too, in the back field, looked good. John Todd and Bill Middleton in the line got a large number of tackles to make them noticed. Merriman and Tudor were the best players for Throckmorton.

The Crowell team received a telegram from their pep squad just before the game that served as an inspiration in helping them to win another contest.

Crowell and Munday Meet in Second Game In Crowell Next Fri.

Local football fans have the opportunity of seeing one of the best football games of the year next Friday, Nov. 21, when Crowell meets Munday at the local ball park.

Until the Vernon game Munday was the only team that had beaten the Wildcats and was likewise the only team that had scored on Crowell, winning the game played on a very sandy field at Munday by the score of 6 to 0.

Crowell and Munday played a scoreless tie here last year and Crowell lost on the return game at Munday, as was the case this season. The Wildcats are determined to win next Friday and are going to put up a real fight to do so.

The Crowell High School football team has made an excellent record this season and is deserving of excellent support from local fans. In order to buy letter sweaters for the players, who have been so faithful to their school and town throughout the season, and in order to bring the athletic fund out of a debt heavier gate receipts are needed and it is hoped that good crowds will turn out for the remaining two football games that are to be played here.

Megargel plays Crowell here Thanksgiving.

The possibility of a post-season night game with Plainview in that city has been given up as the result of a letter received by Coach Grady Graves from the Plainview coach, who stated that cold weather was already hurting the night games and that he felt that a financial loss would result from the contest.

TAKEN TO WICHITA FALLS

Mrs. Tom Vecera was taken to a hospital in Wichita Falls last Friday, where she is having special medical treatment. She became very ill last week and at first it was thought that an operation would be necessary.

Thalia Wins One and Loses Two Games in Oklaunion Program

In a basketball program at Oklaunion Friday night the Thalia senior girls defeated the Oklaunion girls 19 to 17 while Thalia's two boys' teams lost their games.

In the senior boys' contest Oklaunion emerged victorious in the last minute of play the close score of 30 to 28. Thalia was leading at the half 15 to 12 and after Oklaunion caught up with the Tigers the score remained tied for most of the last half. The game was one of the best ever played in the Oklaunion gymnasium, according to people there.

Thalia's class B team lost to the Oklaunion Class B quintet 13 to 5 the same night.

The same teams will meet again at the Five-in-One school on Friday night of December 5.

Next Friday night, Nov. 14, the three Thalia teams play teams from Five-in-One at the Thalia gymnasium. In the three games that have been played by the senior boys' teams of these schools, Thalia has won two and Five-in-One one. The Five-in-One senior girls have won two out of three games. The games Friday night are to begin at 7 o'clock.

Rayland Cotton 75 Per Cent Out Says Lawson

The News is in receipt of a letter from T. E. Lawson, manager of the Farmers Co-operative Gin at Rayland stating that 660 bales had been ginned there up to Wednesday morning. He said that about 75 per cent of the cotton has been ginned in that part of the county, according to general estimates.

"A large per cent of the the cotton ginned at this point is being shipped through the Texas Cotton Co-operative Association and as the price is now, the farmers are very well satisfied with the advance now made on their cotton, although it is not much compared with the cost of producing the crop," Mr. Lawson wrote.

Local Boy Will Be Given Try-Out with Ft. Worth Ball Club

J. B. (Skeet) Rasberry Jr. will be given a try-out on the Fort Worth baseball club next year at the spring training camp at Mineral Wells.

A Fort Worth baseball scout witnessed one of the Crowell games last spring in which Rasberry pitched and was so impressed with his performance that he has since had the president of the Fort Worth baseball club, Ted Robinson, to get in touch with O. O. Hollingsworth, the local baseball club manager, relative to giving Rasberry a trial.

A contract has been signed by Rasberry and returned to the Fort Worth club.

Rasberry has been one of the leading pitchers for the Crowell club during the past two seasons. He is only 21 years of age, stands six feet and one inch and weighs 195 pounds. He pitches and bats right handed.

He is the son of Mrs. J. B. Rasberry of the Vivian community.

KILWORTHS TO END LONG RIDE TO RANCH HERE

WORLD-FAMOUS TRAVELERS PLANNING HORSEBACK RIDE FROM LAWRENCE, KANSAS, TO FOARD COUNTY RANCH

Within a short time Foard County will likely have as its visitors two world-famous travelers, Mr. and Mrs. John L. Kilworth, who are planning to conclude a horseback ride from Lawrence, Kansas, to their ranch in the southeastern part of Foard County, according to a recent article appearing in "Grit," a newspaper of national circulation. It is possible that they are now on their way; the article appearing in "Grit" follows: "The airplane and automobile mean nothing in the much traveled lives of Mr. and Mrs. John L. Kilworth, of Lawrence, Kansas, who have seen virtually all of the world on horseback.

"For the last 35 years they have not missed taking a daily ride and they have made any number of foreign tours on horseback. Thirty years ago they rode horseback on a 13-month trip around the world whenever possible. They have toured the Holy Land in the saddle, isolated sections of New Mexico, Arizona, California, and other parts of the West.

"They are now planning a horseback trip from Kansas to their ranch in Foard County, Texas. Four years ago they made the trip and averaged 27.7 miles a day."

Mr. and Mrs. Kilworth are well known to many Crowell and Foard County people, having spent a number of winters here. Their ranch is located about 20 miles southeast of Crowell. It was originally the Fox ranch, according to E. J. Glover, foreman of the Halsell ranch, which adjoins it. It next became the Muldoon ranch and was known by that name when purchased by the Kilworths.

Mr. Glover, who is intimately acquainted with this interesting couple, stated that they not only take long horseback rides, but often make long walks. He told of an instance of several years ago when they left their ranch on foot to visit various points in Knox County. He said they also took numerous long walks to visit him when he lived west of Crowell.

Football Predictions of Last Week Won by Banister of Thalia

In the closest contest of the season, Billy Banister of Thalia barely nosed Floyd Thomas out in the football predicting contest of last week. Banister, the winner of the previous week won third, T. S. Haney, the writer's choice, won fourth and Bob Huntley of Thalia landed in the cellar.

Banister and Thomas, in being the only persons to predict victory for Oklahoma A. and M. over Arkansas, guessed the winners of every game. In the difference in points Banister won the Texas-Baylor game by one point; they tied on Rice-T. C. U.; Banister won by one point on Arkansas-Oklahoma A. & M.; Thomas won on Notre Dame-Penn. by two points, and Banister won on West Point-Illinois by one point. He won by five points on S. M. U.-A. & M.

The actual scores of the games and Banister's guesses, with the actual scores and winning teams coming first follow: Texas-Baylor, 14-0; 7-0; S. M. U.-A. & M., 13-7; 14-0; T. C. U.-Rice, 20-0; 20-7; Okla. A. & M.-Arkansas, 26-0; 14-7; West Point-Illinois, 13-0; 14-6; Notre Dame-Penn. U., 60-20; 26-0. No one guessed the actual score on any game, although Roark nearly did so in predicting T. C. U. to beat Rice 19 to 0 and the actual score was 20 to 0.

Banister not only gets to guess again this week as a result of his victory but also wins the pair of Interwoven hose offered by R. B. Ed-

(Continued on Page Five)

C. N. McLarty Dies of Heart Attack at Vernon, Nov. 6

C. N. McLarty, 81, of Vernon died at the home of his nephew, C. A. McLarty, in Vernon last week. He succumbed to a heart attack and death was not unexpected as he had been in bad health for several months. He became seriously ill Monday, suffering from an attack that day.

Mr. McLarty was one of the early settlers of this section of Texas and was well known to a number of Foard County people. He was born near Atlanta, Ga., in 1848 and came to Wood County, Texas, while a boy. He went to Fort Worth about 1870 and carried the U. S. Mail between that city and Decatur. He went to Baylor County from Fort Worth about 1882 and farmed near Bomar for many years. He was a member of the Baptist church for the past 40 years.

Survivors include C. A. and Owen McLarty, nephews, and Miss Essie McLarty, niece, all of Wilbarger County.

Richard Johnson made a business trip to Lovell Saturday.

Mr. and Mrs. Dave Shultz and Mrs. D. M. Shultz were Vernon visitors Thursday.

Mr. and Mrs. Dave Sollis and family visited in the home of Mr. and Mrs. Henry Blevins of Margaret Sunday.

Foy Pauley and sons went to the Plains Thursday.

Mr. and Mrs. Bledsoe and children visited in Margaret Sunday.

Mr. and Mrs. Henry Blevins and daughters of Margaret attended the play here Friday night.

Mr. and Mrs. Luther Bledsoe visited his parents at Margaret one day last week.

Mr. and Mrs. Cecil Sollis and family of Margaret and Mr. and Mrs. John Sollis of Crowell visited Mr. and Mrs. Dave Sollis Sunday of last week.

Edwin Oliver of Thalia spent Sunday with Sim Gamble.

Mr. and Mrs. Dave Shultz went to Knox City Monday on business.

Mrs. Monkres of Vernon spent Friday with her mother, Mrs. Ray Hysinger, returning home Saturday.

Miss Bettie Borchardt of Foard City is visiting her sister, Mrs. Lewellyn Morgan, this week.

The best place to make money is always some other place to the failure.

Let a Classified Ad in The News Make You a Profit

Whether times are hard or prosperous, classified ads will give results. When times are hard people are looking for bargains and the classified column offers a person the best and most economical method of telling the public about something that you have for sale.

Also if you want something, have a room or house for rent, a little ad in the classified column will work wonders. If you have something for which you have no further use, why not dispose of it by running a classified ad which will be read by hundreds of local people.

Finds Relief; Gives Konjola All the Credit

San Antonio Man Searched for Five Years for Relief—New Medicine Does the Work

"I was troubled with stomach ailments for five years," said Mr. J. B. Wicks, 913 Avenue B, San Antonio. "Nervousness was also an ailment that worried me. I took a lot of medicines over this period of time but Konjola was the only one to help. I was very careful what I ate because of gas pains. Back

MR. J. B. WICKS

pains, too, were troublesome. I did not always sleep well at night and was losing my appetite. I lost weight steadily.

"My appetite began to improve almost from the beginning of the Konjola treatment. I ate heartily without the dreaded gas pains and back pains were leaving. My nervous condition, also, was greatly relieved. Now after a two weeks treatment, I feel better than I have in years. I have gained three pounds in the last eight days and I give Konjola all the credit."

And so it goes—the same glad story whenever this great medicine is given a chance to make good. Konjola is recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.

Konjola is sold in Crowell, Texas, at Fergeson Bros. drug store, and by all the best druggists in all towns throughout this entire section.

FOARD CITY CLUB

The Foard City Club met in the home of Mrs. C. G. McLain on Nov. 4. Seventeen members and six visitors were present. Miss Lina Weatherall was leader for the afternoon. An interesting talk was made on poultry raising.

Mesdalames, Farras and McLain served sandwiches and chocolate. Our next meeting will be Nov. 18 in the home of Mrs. E. V. Halbert. —Reporter.

SECOND NOTICE ON REARING CHILDREN FROM CRIB TO COLLEGE

You owe it to your child to bring him up in the best possible way. Bringing up children can be the happiest, most worthwhile job in the world or the most difficult and worrisome. Mistakes almost always can be averted if parents are helped to understand their problems of child care and training and shown how to deal with them patiently and wisely. Parents are made not born. In order to become a successful parent you need to keep constantly in touch with the latest and best methods of child care and training. There are experts in the field who can help you. The foremost authorities are advising parents everywhere every month through the pages of "The Parents' Magazine." Such vital mat-

ters as obedience, sex education, finicky appetites, baby care, adolescence, temper, character training and many other every-day problems are treated with simplicity and understanding. What these authorities are doing to make parenthood joyous and successful for other fathers and mothers they can do for you. "The Parents' Magazine" will bring you this invaluable counsel on every problem connected with the rearing of children from crib to college. The attractive subscription rates are \$2.00 for one year or \$3.00 for three years. Subscriptions will be received the office of this newspaper or may be sent direct to the S. N. Department, "The Parents' Magazine," 251 Fourth Ave., New York, advt.

Italy exported 19,189 motor vehicles, of a total valuation of \$14,763,320 during the first nine months of this year.

Strange Case of Lubbock Man Speaks For Crazy Water

THOUGHT TO BE HOPELESS YET HE LIVED TO TELL HIS STORY

Three weeks ago today, I came to the Crazy Water Hotel on a stretcher from the city of Lubbock, Texas, with what the doctors called Typhoid Spine, and they told me that there was no medicine that would cure me. I started drinking Crazy Water and taking the baths, and on the 12th day after arriving, I took to the wheel chair and on the 17th day I started walking on crutches and can now walk without them, so I feel if Crazy Water will do that for me I cannot say enough for it.

I. F. HOLLAND,
Lubbock, Texas.

The new million dollar Crazy Water Hotel at Mineral Wells, Texas, covers an entire block of ground. It is modern, fire-proof and complete in every detail. It is natural to think it would be expensive to stop at this magnificent hotel; yet one can enjoy its genuine hospitality, pleasing service and receive the benefits of the Crazy Mineral Water Treatment at very reasonable rates. Write them for full and complete information.

TEXON TALES (Peddling and everything.)

Many a guy is a good peddler and don't know it.

A traveling radio man kept after me to sell radios for a store here until I had to buy at least one or more sets as a sample to get rid of that man just like you have to buy a policy to shake off some of these insurance agents. Now, that's the way I got into the radio business, in self-defense. The man claimed they would sell themselves so it looked like they would have to. I just set up a radio and brought in only the best stations till I nearly wore it out. The radio, not the station. But I never tried to sell it. The radio, I mean. Some peddlers will talk you to death and sell you something while you are in a weak and helpless condition and then when you regain your strength of resistance you are done sold and have too much pride to back out. I never tried that. In fact I tried hard not to talk. People are wise to this selling talk and you are wasting time. They have bought automobiles, washing machines and everything that way under high pressure ever since lightning rods were invented and they are burnt out on that kind of being sold things.

When people found a man with something to sell he didn't claim to know anything about and wouldn't talk to you about it unless asked such

The Rexall Store

FERGESON BROTHERS

a question as, "What kind of a radio is that?" If I would look myself to see what kind is it why they would think that was funny. People will take pity on a sap and buy quicker than they will let you high-power them. They like to do their own buying when they happen onto a chance to. Just ask Monkey Ward or somebody if people don't like to do their own buying. So, that is a great secret. If you have something you want to sell had why don't let that way or nobody will want to help you out of a hole. Play like you don't want to sell it and they will buy it to hurt you. People like to put you to trouble so they are liable to bother you to buy something rather than be bothered by you selling them. Another thing, the less you know why the better you can sell. If you do not know nothing people will take advantage of you and buy something. So, that is the way it is.

Many a bird is a good peddler and don't know it.

A WORTHY MEETING

Wichita Falls is at least one city of the state that is taking commendable steps in an effort to better present conditions. Through the united co-operation of the entire citizenship wonderful results have already been secured through the starting of various improvements about the home, businesses and elsewhere to give employment to the jobless.

Last Friday night we had the opportunity of attending the "Better Business" mass meeting that was held in the memorial auditorium of that city. The meeting was called for the purpose of getting the citizenship together in order to inaugurate a campaign of giving work to the unemployed. Wichita Falls' whole-hearted co-operation in the movement was shown by the fact that a crowd, estimated at five thousand was present. Every seat in the great auditorium was filled with large numbers standing. Over one thousand people were said to have been turned away.

We were certainly impressed with the frank and honest manner in which the speakers discussed present conditions and the methods of making them better. While a tone of optimism generally prevailed yet there was no attempt made to create false impressions, but from the facts presented in such a straight-forward manner, we believe that everyone went away from the meeting feeling that the outlook for the future was much brighter than they had generally imagined.

In appealing to those who needed improvements about their homes and places of business and who were able to make these improvements, J. B. Marlowe urged that this work be done now in order that employment could be given the jobless. "The men out of work are not asking for charity but are seeking an opportunity to make an honest living and I don't want anyone to regard an investment in improvements now as charity," Mr. Marlowe stated in his talk.

In his talk Walter Cline stated that there were many persons on a buying strike because they did not know if they would have their job by the next week or month. He asked employers who planned to keep their employes on the payroll to let them know that their jobs are secure in order that they may not be afraid of putting their earnings in circulation.

J. S. Bridwell, independent oil man and president of the Wichita Falls Chamber of Commerce, gave many interesting facts concerning the oil situation. He stated oil production in the Wichita area was as near perpetual as had been found in any area in the world. In this area one-fourth of the world's oil is produced, giving an income to Wichita Falls of around fifty million dollars yearly. Although conditions in the oil industry are rather bad at the present time, Mr. Bridwell stated that oil would always be one of Wichita Falls' main resources. We also learned from Mr. Bridwell's talk that with around 500 independent oil men, Wichita Falls has more men in this profession than any other city in the world.

Jimmy Allred, attorney general, stated that a period of depression would come on any community and that in his travels over the state he had found the Wichita area to be in a much better condition than various other sections. "Our own pessimistic talk about our conditions is hurting us worse than anything else," he stated.

Frank Kell made the feature address of the evening at the conclusion of the program. He described the meeting as the best one that he had ever attended in Wichita Falls.

Mr. Kell stated that he was sure

Just the Boost That Is Needed

By Albert T. Reid

that the most serious conditions had been passed as signs of improvement were easily seen. "We have magnified our troubles all along," he stated. "We are just as safe today as we were when the orgy of speculation started. In the history of our section there have been times when it seemed that nothing could ever put us back on our feet but we have always come back. I frankly think that conditions in 1921 and 1922 were worse with us than they are now."

All of the speakers emphasized the importance of those able to do so to make needed improvements in order to help the jobless. Already citizens of Wichita Falls have pledged improvements totaling many thousands of dollars.

UNFAIR COMPETITION

In addressing the American Bankers' Association in Cleveland recently President Hoover said:

"I have never believed that our form of government could satisfactorily solve economic problems by direct action—could successfully conduct business institutions. The Government can and must cure abuses."

What a howl would go up from the business world if the Government of the United States, merely because it happens to have the necessary facilities in its navy yards, should go into the business of building merchant ships, in competition with the commercial ship builders. The United States Government owns an excellent airplane manufacturing plant in which it builds experimental planes for the navy. Suppose the Government should go into the airplane manufacturing business for the general public? It would be perfectly obvious to everybody that this was something which the Government has no business to do.

Printing of Government documents, maps, postage stamps and money, are a proper function for the Government's printing establishments. But when the Government of the United States engages in the business of printing return envelopes for private citizens, it is unfairly competing with the job printers of the nation. It would be unfair competition even if a fair commercial

rate were charged for the work; it is worse than unfair when this work is done for less than cost.

The National Editorial Association, and practically every other association of newspaper publishers and printers, have protested for years against this practice. This year a more determined effort than ever is being made to induce the Congress just elected, if not the one already in office, to take Uncle Sam out of this petty competition with his nephews.

BUY NOW FOR CHRISTMAS

The slogan "Do Your Christmas Shopping Early" has a genuine importance this year. Usually it is merely a reminder that if you delay too long in selecting the things you intend to give at Christmas you run the risk of finding the things you want are "out of stock." This year it means that putting money into circulation now will hasten the return of "good times."

Money passes from one person to another in exchange for commodities. Everybody, of course, must decide for himself what sort of commodities he is willing to take in exchange for his money. There are some things, the value of which is beyond question, which can be bought cheaper now than for several years. There are other commodities which only a few can afford in the best of times. In urging our readers to spend their money now we do not want to be understood as advocating foolish spending. But there are some things which everybody needs, and recognizes the need of, and if those are bought now by all who can by any possibility afford to buy anything at all, the fact that that money has been put into circulation again will hasten the day when more of us can afford to buy luxuries.

The first suggestion that has come from President Hoover's Commission on Unemployment is the proposal by Col. Arthur Woods, at its head, that a great national campaign of repairing and painting be begun. There are few houses or other buildings that are in need of either repairs or painting. The money spent on such things is money well invested. If everybody who has been thinking of adding a bathroom, or reshinging a roof, or putting a couple of coats of fresh paint on the house, or doing any of the other necessary things which must be done some time, would do it now, that would help a lot toward making general business better. Such a program would give immediate employment to workers in the building trades, it would mean added business for lumber and hardware merchants and by putting more money into circulation would enable those who received it to buy more liberally from merchants in other lines.

"Buy Now" is not an invitation to reckless spending, but we believe it is sound advice to all who can spend anything at all.

HATS OFF TO AMARILLO

Unemployment relief has been a real condition and not a theory in Amarillo for more than a year. Result, no unemployment crisis, \$2,000,000 in public improvements at reasonable cost, yearly cut of \$750,000 for 50,000 people in taxes, gas, electricity, water, and city expense, and a "white spot" in the nation's industrial map through all the "hard times."

This is a challenge to the state and nation in a critical year. Probably it is without parallel. Certainly it arrests attention.

The cause, a mayor who meant what he said in election promises of public improvements, economy, lower taxes, cheaper utilities, unpenalized home ownership, attractive living conditions, progressive leadership, private business methods in public affairs.

And now Amarillo's mayor, Col. Ernest O. Thompson, is named with six other American Legionnaires as a committee in Texas to devise ways and means for relieving unem-

ployment, a part of the national machinery set in motion for that purpose.

"We saw hard times ahead two years ago," says Mayor Thompson, "and began preparing for them. Public improvements planned to extend over a longer period were concentrated into one year. Contracts demanded more home labor. Floaters were not hired, and are not welcome in Amarillo."

The year's work included paving, sewer and water extensions, two railroad underpasses and five parks, all costing \$800,000, five new school buildings \$550,000. This month we start a third underpass to cost \$170,000, a new courthouse \$420,000.

"These major projects total \$1,940,000, minor items round out \$2,000,000. They have kept many men busy, prevented distress. A good living wage was paid. Materials were bought cheap. Every item constructive. No waste."

"We have bargained with the utilities. The city set the example by cutting water from 50 to 27 cents, reducing tax rate from \$1.35 to \$1. Gas was cut from 45 to 38 cents, electricity from 9 to 7 cents. Railroads paid half the cost of underpass. Competition on paving bids was stimulated by grouping contracts, reducing cost \$125,000. Extended pavements cut maintenance \$13,000. Garbage removal was cut \$12,000. Gas and electricity for city use and public schools are billed as if all passed through one meter, and schools are put in lowest bracket, at one and one-third cents per kilowatt hour, saving \$10,000 a year. The year's total reductions and economies are \$750,000 for 50,000 people."

"We have encouraged the railroads. Hundreds of miles of new lines are building in Amarillo's vicinity, with hundreds more planned, taking further slack out of employment."

What the well-dressed automobile will wear in the way of tires has come to be one of the problems of M. F. Crowell, local Goodyear dealer.

"Many years of careful research and experiment have been devoted to bringing the wearing qualities of auto tires up to the highest point of perfection," says Mr. Crowell.

"Goodyear Tire and Rubber Co., a pioneer in this research work, also appointed itself to the task of adding attractiveness as well as durability and performance to its passenger car casings."

"The Goodyear Double Eagle, the sturdiest and handsomest of all, was the first of a series of 'dress tires' now available. This tire circumscribed with two narrow silver stripes, is to the conservatively decorated automobile what patent leather oxfords are to the dress suit. Neat, attractive and appropriate, but not flashy or conspicuous."

"The Heavy Duty Balloon, is the sports shoe of the lot. As its name implies it is thick and sturdy with one narrow silver stripe around its sidewalls."

"The diamond shaped tread buttons of this husky casing are carried down the sidewalls in a neat cubist pattern, reaching almost to the silver striping, this design setting off the whole in a neat reproduction of the Goodyear house flag in blue and gold."

"The trend toward improved appearance is being followed in the manufacture of all Goodyear's passenger car casings. The discriminating motorist, whether he purchases a 'low-priced' four or a high-priced 'sixteen' demands that his vehicle be shod in style." Mr. Crowell said.

Most everyone thinks the country has too many laws, but where's the man who can't suggest another law that is needed.

Burglars Are Active—Headline. Did anyone ever see an inactive burglar?

Clean, Odorless, Radiating Heat
from Reznor Gas Heaters

Our stock of heaters is complete, from bathroom heaters priced \$2.25, \$3.75 and \$7.50, to radiant, clay back heaters that will heat the largest living room.

The Allen Parlor Furnace will heat your entire house, providing a healthful, circulating heat that will make summer weather in your home the year round. And does not cause "sweating."

If you need an extra gas hose, we have them in 3, 4 and 5 foot lengths, also in coils, if you desire a longer length.

M. S. Henry & Co.

Dr. Kincaid, H. E. Ferguson, B. W. Self, T. B. Klepper and Mack Boswell attended the "Better Business" mass meeting in Wichita Falls last Friday night.

Miss Lozelle Kincaid, teacher at Chillicothe, spent the week-end with her parents here. She had as her guest, Miss Vera Saling, who also teaches in the Chillicothe schools.

Mrs. E. Swaim spent the week-end in Lubbock visiting her daughter, Harriett Evelyn, a student in Texas Tech. She was accompanied on the trip by her mother, Mrs. C. T. Schlagal and daughters, Misses Martha and Frances Schlagal.

Mrs. Walter Howell, who has been in Amarillo for the past few days in attendance upon the State Baptist Convention, arrived in Crowell yesterday and will remain here until Sunday, the guest of her sister, Mrs. T. M. Beverly, before returning to her home in McKinney.

"Cabbages," Fri. night, 15c-25c.
1000 pairs newest shoes.—Self's.
Men's hats, newest styles.—Self's.
Kirschbaum suits for men.—Self's.
Mrs. W. H. Pate, who became very ill the first of the week, was getting along nicely Thursday.
Mrs. Maggie French returned last week from Corpus Christi where she visited her sons, Clifton and Clinton.
Eli Smith took his wife to Dublin Saturday in order that she might be with her mother, who is ill. He returned to Crowell Monday.
W. O. Clary and Eli Smith attended a safety and business meeting of this district of the West Texas Utilities Company at Lake Pauline Wednesday.

John Wishon attended the Texas-Baylor football game in Waco Saturday. He returned Tuesday night with his sister, Mrs. C. H. Potts of Wichita Falls and baby, who will visit here.

Appreciation

Now that the elections are all over, I wish to take this method of expressing to the many voters of Foard County, my sincere appreciation of an almost unanimous vote cast for me in my election to the office of County and District Clerk. I feel that I have been highly honored, and will try to express my appreciation, by pledging an ever strenuous effort in fulfilling the duties incumbent upon me in connection with the office, and proving to the entire population of the county, that your confidence in me has not been undeservedly bestowed.
A. G. MAGEE.

Prominent Waco Man Visitor in Crowell

Drummond W. Bartlett of Waco, district judge-elect of McLennan County, was a visitor in Crowell last Wednesday and Thursday. While here he visited in the homes of Alton and Gordon Bell, former classmates at Baylor University. He also went hunting with them.

Mr. Bartlett's record is a regular story book one. Following the World War, in which he served with the U. S. Army, he entered Baylor University, according to Alton Bell, and with hardly a penny in his name but with a grim determination of securing an education he obtained one job in a pressing shop and another delivering newspapers at 4 o'clock in the morning.

After completing the law course in the university he was elected as a representative to the state legislature and was later elected state senator. After serving as state senator he was elected city judge at Waco, the position he is now holding.

In his recent election as district judge he defeated a man who held that office since 1908. This district is said to be the largest in population of any judicial district in the state.

Mr. Bartlett is now president of the Waco Chamber of Commerce, commander of the Waco post of the American Legion and president of the Kiwanis luncheon club. His outstanding success has been achieved in about seven years' time.

Judge Doolen Died in Paducah Mon., Nov. 3

Funeral services were held in Paducah for Judge J. H. Doolen, 79, Tuesday, Nov. 4, following his death on Monday after illness of more than two years. Judge Doolen was one of the old timers of this section and was well known all over this section.

He moved to Quanah in 1890, where he was appointed deputy county clerk and abstractor of Chidress and Hardeman counties. In 1892 he moved to Cottle County and was elected judge the same year. In that capacity he served the county for three terms. Later he became editor of "The Headlight," Cottle County's official paper at that time. He was a charter member of the Methodist church at Paducah.

Judge Doolen was a great uncle of Jimmy Doolen of this city, who with his wife and son attended the funeral services.

Santa Fe Complete

(Continued from Page 1)
Chihuahua.
When Stilwell's original dream comes to realization Topolobampo will furnish the nearest point on the Pacific coast by rail from Kansas City and various other cities of the nation. One of the finest harbors in the world is located at Topolobampo and it is several hundred miles nearer than the closest Pacific coast city.
Imports and exports will greatly increase as a result of the new connection with Mexico. Zinc concentrates probably will be the chief import commodity. Much of this will go to smelters at Amarillo. The Chihuahua region is rich in natural resources and there will be an importation of miscellaneous other minerals as well as lumber and timber products from the extensive Chihuahua forest regions. Cattle, small grains, bananas and various other fruits and vegetables will be imported also. Principal exports will be staple food products and manufactured articles.
The direct rail connection will increase the trade area of a number of West Texas towns, particularly San Angelo and Alpine. Undoubtedly it will give impetus to mineral development in the Big Bend, which is recognized, from surface showings, as one of the greatest potential producing areas in the country.

Miller Speaker at Armistice Program at Rotary Luncheon

Que Miller made one of the finest talks at the Rotary luncheon Wednesday that has ever been heard by the club, according to the unanimous opinion of those present. Following his talk, President John Rasor, stated that if John Ray was to be referred to as the "Will Rogers of West Texas," that Miller's name should be connected in a like manner with that of Floyd Gibbons.

W. F. Kirkpatrick was in charge of the Armistice program which also featured splendid vocal numbers by Mrs. Adolphus Wright, accompanied at the piano by Mrs. Sydney Miller. Two appropriate songs, "Joan of Arc" and "There's a Long Long Trail," were sung. Mr. Miller gave some interesting facts concerning the song, "Joan of Arc," stating that it was one of the most popular among the soldier boys in France and that it had caused many soldiers to make pilgrimages to the birthplace of the noted character represented in the song, the author of which was killed in a German Zeppelin raid.

In his talk Mr. Miller gave much information concerning the preparation and participation of the United States in the World War. A great deal of this information was learned while Mr. Miller was in attendance at the U. S. Officers training camp at Benning, Virginia, in 1924. At this camp General John J. Pershing gave much inside information concerning the late war.

Mr. Miller stated that the military tactics used by the South in the Civil War has been thoroughly studied by military authorities throughout the world and that these tactics served as a basis for the plans of many nations in the late war. The ability of the South, outnumbered five to one in manpower and resources, to prolong a war for nearly five years, caused military experts everywhere to give much study to the Civil War. Gen. Pershing's tactics in the St. Mihiel salient were revealed by the speaker. The participation of the great number of United States troops at Argonne Forest, the stairway of death, really served as the key point in bringing about the Armistice much earlier than it would have otherwise been possible, Mr. Miller stated.

"Fishing took a gambler's chance in this great campaign in which the American troops covered themselves with glory," the speaker said. He stated that it is a generally accepted fact in military circles throughout the world that about five men behind the lines are needed to keep one man at the front, but that Pershing needed every man available, and disregarded this theory in placing around 1,200,000 men in this battle, with but fifty per cent of that number behind the lines to keep them in supplies and take care of the many other details of a great battle. Details concerning the signing of the Armistice were referred to by the speaker in concluding his talk. Visitors present were: George Wilson, Hub Colley, E. O. Youngblood, Ep. Haney and Eunice Wilson, Rotarians of Vernon; J. A. Isbell of Houston, T. D. Roberts, A. W. Wright, Dr. Hines Clark, Mrs. A. W. Wright and Mrs. Sidney Miller.

P.-T. A. MEETING

The P.-T. A. will meet in regular session next Tuesday afternoon at 4 p. m. in the high school auditorium. A program has been prepared in observance of Book Week which will be of interest to all mothers. It is hoped that there will be a large attendance. The mothers and teachers of the third grade will be hostesses for the social hour.—Reporter.

Football Predictions

(Continued from Page 1)

	1	2	3	4	5
Texas	4	6	7	7	7
T. C. U.	14	7	6	19	6
S. M. U.	7	14	7	14	13
Navy	26	20	18	14	6
A. & M.	0	7	6	13	20
Rice	13	14	13	0	0
Baylor	20	14	13	27	26
Arkansas	0	0	0	0	0
Yale	14	27	20	21	19
Princeton	0	14	13	0	7

Lanier Hardware Company is offering the winner this week a box of the famous "Super-X" ammunition to fit whatever gun he may have, according to Granville Lanier. Hid Haney, winner of fourth place last week, states that Haney-Rasor Grocery will give a can of Wapco pork and beans to the person falling in the same place that Haney did. There is a considerable difference of opinion concerning three of the games while everyone agrees that Baylor and Yale will win their games. The game attracting the most interest is the Texas-T. C. U. clash at Fort Worth. Three of those guessing pick T. C. U. to win. Of five guessing only one, Guy Crews, picks S. M. U. to win over the United States Naval Academy at Baltimore. Fred Kimsey predicts a tie. Rice is given an edge over A. & M. according to the predictions of three of the five.

Guy Crews is the only person to predict all winners as they would predict them and for that reason he is picked to win this week and to be frank, the writer was never more confident that he has at least picked a first place winner. Crews has picked Texas to win over T. C. U. 7 to 0, however, we believe that both teams will score and that Texas will win by about one touchdown. What a whale of a game that one should be. Pour it on 'em Texas!

No doubt Southern Methodist University will be handicapped by climatic conditions against the Navy at Baltimore, for if the weather is very cold, which it will likely be, the Mustangs' open style of play will lose much of its effectiveness. The extra long trip and playing on a foreign field also serves to the disadvantage of the Texas team, however, we think that S. M. U. has enough power to offset all that and will emerge victorious by the score predicted by Crews.

A. & M. and Rice are playing at College Station and when the Aggies play on their home field, it just means that they are about fifty per cent stronger than they are ordinarily, as most any Aggie fan can tell you. A. & M. has also shown considerable improvement lately and we believe that they will have no great amount of trouble in defeating the Houston squad.

Crews' predictions on the other two games seem to be rather accurate, although he seems to have conceded Baylor too great a victory. After having a bad day last week, Arkansas should come back stronger Saturday and in this season of upsets a victory for their team might result, but we think they have about as little chance of victory as the writer's choices for first place in this column ordinarily have of winning. Billy Banister is picked to hit the cellar position, although we wouldn't be greatly surprised if he won first and Guy Crews last.

Another nice thing about living in the next generation—the air age—is that there will be no streets to pave.

There's always improvement in the world if you search hard enough for it. For example, you seldom see a motorcycle any more.

If we get invited to the next war, let's say we have nothing to wear. The women get away with this excuse right along.

Generally the crowds on the street corners are not arguing politics. They are just trying to get across the street.

NOTICE TO CONTRACTORS

Bids will be received by the commissioners court of Foard County, Texas, at the court house in Crowell, Texas, to be opened and considered at 10 a. m. Monday, November 24, 1930, for the construction of a two story brick jail building in Crowell. Bids are to be made on the basis of the successful bidder taking in payment of the contract legally is-

sued warrants of Foard County. A description of such warrants and plans and specifications may be had upon application to the County Judge, Crowell, Texas, or C. S. Leinbach, Central Bank Building, Dallas, Texas.

Plan Suit to Stop Further Distribution of Texas Geographies

Stamford, Nov. 13.—A mandamus suit to prevent further distribution of geographies containing "scandalous and damagingly untrue" statements concerning West Texas, by the state board of education, among the school children of the state has been recommended to the West Texas Chamber of Commerce by the publicity committee of the organization. Determination as to whether or not the suit will be instituted will be left to the executive board of the chamber.

Action instigating the suggested injunction was taken at a meeting of the publicity committee in Stamford recently. Ways of improving "West Texas Today," official publication of the organization; plans for stimulating interest in the in the West Texas poster stamp national advertising campaign, and other items connected with the program of the body were considered during the session.

Leader's talk.
Pentecost and the young people's revival—Marcus Mills.
Churches are dying for lack of personal evangelism—Mozell McDaniel.
Pastoral and personal evangelism—Milton Callaway.
Benediction.

Christian Science Churches
"Adam and Fallen Man" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, November 9.
Romans 5:18 furnished the golden text: "As by the offence of one judgment came upon all men to condemnation; even so by the righteousness of one the free gift came upon all men unto justification of life."
The following passage from the Bible was included in the service: "For as in Adam all die, even so in Christ shall all be made alive"—I Corinthians 15:22.
The following citations from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were also read: "As in Adam (error) all die, even so in Christ (Truth) shall all be made alive." (The mortality of man is a myth, for man is immortal (pp. 545-546).
"The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow,—thoughts which presented man as fallen, sick, sinning, and dying" (p. 259).

Sunday School Lesson
International Sunday School Lesson for November 16
THE BELIEVING CENTURION—A GENTLE WHOSE FAITH JESUS COMMENDED
Matthew 8:5-13
Rev. Samuel D. Price, D. D.
He is a wise man indeed who is able to give a true estimate of values. All kinds of ideas were in the minds of people while Jesus was in the midst of His ministry. The Teacher had a right to expect the best results from His disciples and was amazed one day when, in truth, He had to commend the faith of a Roman Centurion above that seen in any of His own school or race.
This man was a gentile, and Jesus might have the same attitude toward him as did other Jews. So the elders of the synagogue were sought to plead the case in their joint behalf. Later the Centurion makes personal approach to Jesus, for he had truly identified himself with the sick man. It is still true that in proportion as we are conscious of being in the presence of Holiness we are the more aware of our own worthlessness in comparison. The very home of the Centurion is too humble for Jesus to even enter it. Then quick thinking and increasing belief help to solve the problem.
As a man of authority over others this Roman commander gives his orders and they are obeyed, whether he follows through with his eyes or not. Jesus must have still greater authority in the realm of the spirit. Therefore in boldness of faith request is made that healing be effected through the word of His power. Such faith is rewarded and the servant becomes well forthwith.
This act of sublime faith was prophetic and gave evidence that Jesus was to become the redeemer of mankind regardless of the race or condition of the individual.

School Students Hear Interesting Armistice Program

A very fitting program was presented Tuesday morning in the high school auditorium to a large group of students and patrons.

Mr. Graves had charge of the exercises and explained the purpose of the exercises. At 11 o'clock he asked the audience to stand for one minute in silent thanksgiving for the armistice which ended the war.

Following this all joined in singing "The Star-Spangled Banner." The grade school chorus, directed by Miss Lucile Ellis, sang a group of happy war songs which turned back the minds of many to the days when these songs were on everybody's lips.

Josephine Griffith, dressed in soldier's uniform, read "In Flander's Field," and "An Answer to 'In Flander's Field.'"

We were very fortunate in having Captain Miller speak to us on the subject of peace. He spoke of the horrors of war, which are not understood by those who have not experienced them, and pointed out that due to the many terrible death-dealing devices invented since the last war, the next war will be much more terrible than any that has gone before. He urged the students to study their histories in order that they may get a better understanding of other countries, for only by friendly relations with other countries, based on understanding, can peace be established and maintained.

He commented on the comparative ease throughout the world, and expressed the hope that the great war was really a "war to end wars."

Following his talk, the high school chorus dressed as soldiers, sailors and Red Cross nurses, sang another group of war songs and gave a snappy drill to the tune to "Over There."

The audience was dismissed by Mr. Graves.

Faculty Entertained by Seniors Thursday; Chicken Barbecue

The senior class, assisted by the class sponsor, Henry Black and Miss Winnie Self, entertained the faculty of the entire school with a chicken barbecue at the T. N. Bell farm, southwest of town, Thursday afternoon at 5 o'clock.

On arriving the guests with the hosts and hostesses played games. "Little White House Over the Hill" was featured by the feminine element and varieties of "ball" by the masculine.

At a signal from the "eats" committee, the groups came together and Ragsdale Lanier, vice president of the senior class, made a short talk in which he gave a hearty welcome to the faculty on behalf of the seniors. Miss Lottie Woods gave a response, expressing the appreciation of the faculty on being thus honored by the senior class.

Following these talks a breadline was formed and chicken, ala' barbecue, buns, pickles, coffee and cake were served. After due respects had been paid to the chicken, etc., by both faculty and seniors, a bonfire was built and a program of games was directed by Misses Self, Ball and Patterson, and Mr. Black, assisted by Mesdames Bob Allee and W. B. Carter, mothers of class members. These games were enjoyed until the fire became a mere heap of coals.

The faculty declared the seniors to be "dead-game" sports in the matter of entertaining and expressed the hope that future senior classes would do likewise.

The class committee having charge of arrangements was composed of the following: Harold Hinds, Crews Cooper, Henry Teague and Mr. Black. All members of the class, however, gave loyal assistance in making the affair a success.

Peggy: "I'll tell you all we both know, it won't take any longer."

Coach: "Why don't you answer me?"

Fresh: "I did. I shook my head."

Coach: "But you don't expect me to hear it rattle way up here, do you?"

Miss Patterson (in home economics): "Never break your bread or roll in your soup."

A girl can always tell when she's in love. She generally does.

"Dear Prof.," wrote a particular mother, "Don't whip our boy. He isn't used to it. We never hit him at home except in self-defence."

Field Trip Made by Agriculture Class

1. Class leaves school building.
2. Class arrives at corn patch. (a) Students gather corn. (b) Farmer approaches. (c) Students depart from corn patch. (d) Mr. Todd talks with farmer. (e) Students decide they need no corn. WOW!
3. Explorers advance to Clark farm. (a) Mary Frances eats gourd. (b) Watermelon patch discovered. (1) Big watermelon fight.
4. Class starts homeward. (a) Alfalfa patch discovered. (b) Mr. Todd's rattlesnake experience.
5. All reach home safely.

Pep Squad Girls at Vernon Game Tues.

The pep squad girls proved their loyalty to their football boys by going to Vernon with them Tuesday afternoon, Nov. 11, and by giving yells during the game to boost them. The number of girls in the Crowell pep squad was much less than that of Vernon, but the noise they made was just as loud, if not louder, than that of Vernon. Although our boys were defeated, we are still backing them, we know they put up a good fight. The girls left Tuesday afternoon at 1:15 and arrived in plenty of time to see the whole game. More girls attended this game than any other one away from home. About twenty-five girls went in Mr. Todd's school truck.

THE LINE PLAYERS

It is true that the men who carry the football and make the touch-

downs are heroes and justly deserve the praise from the crowd, but do we give the line half the credit that it deserves? The line is the backbone of the football team. If it fails to function properly there is not much probability of the team's scoring. It is team work and sportsmanship that causes a team to win and each player should receive his share of the credit for making the touchdowns.

It has been the writer's observation that after the game is over, everyone, even the newspapers, praise the man who carried the ball, but we fail to congratulate the guards, the tackles, the ends, and the center. Let's give them some of the credit.

The next time you attend a football game and our team has the ball in a few feet of the enemy's goal line, notice the opening in the enemy's line that the line makes for the backfield men. The Texas Aggies consider it a disgrace to let their opponents cross their goal line on Kyle Field, and it is the duty of the line to prevent this.

Do not think that the editor wishes to minimize the great work of the backfield players, but he thinks that the line men should receive more credit.

1. This boy is "It." in football. He has blue eyes, light brown hair and weighs 165 pounds. Believe me, he helps to hold that line. He is a little too pessimistic.

2. This young gentleman plays right half, only when the game begins to be one-sided. He has red hair, brown eyes and freckles. He is the smartest player on the team, nevertheless, he has done some good work.

3. We have another tackle in our midst with big feet. He is the most muscular boy in high school. He prefers brunettes, especially one in particular. He weighs 162.

4. This good looking chap is very talented. He has blue eyes, blonde hair and holds a prominent position of his class.

GUESS WHO ? ? ?

ASSEMBLY PROGRAM

The assembly program Monday morning consisted of talks from the football boys and Coach Graves. Everybody expressed his extreme desire to "beat Vernon."

Several snappy yells were given.

While Prices are Still at the Bottom Come in and see about our Special

FALL TRADE-IN PROPOSITION!

Here is your chance—with the most slippery, most dangerous driving months of the year ahead—to give us those smooth, worn tires as part payment for new Goodyear Double Eagles or Heavy Duty All-Weathers, at the LOWEST COST in history!

Drop in—talk it over—get our offer—no obligation. A few dollars now will put you on safe new Goodyears—the tires you can be proud to have seen on your car.

Musings of The Owl

A number of our former graduates are off at college took advantage of the Eleventh to return to their homes. We were glad to see all of them. We hope you will visit us again.

From a lofty perch at the top of the tall tree on the Bell farm the Owl stressed a good show put on by the seniors. It was an all-talking and singing affair. From our lofty perch it was difficult to distinguish whether the theme-song was, "Cluck, Cluck, Cluck," or "Cock-A-Doode-Do."

We have noticed that the fellow who tries to elevate his own position by causing the other fellow's downfall usually wins out in some people's estimation of things.

If you remember well, there was a certain girl in school, who, sometime ago advertised for some one to correspond with during her lonesome hours. Lonesome or gay, she could see our girl friend anytime.

Last Friday morning we arose early enough to hear cocks crow. To our surprise we detected a very weird and sad tone to the voices of these fowls. We wondered why, probably any Senior could explain that.

The greatest compliment that can be paid to any player is that he fought hard every minute of the game, winning or losing.

We believe it was Knute Rockne who said, "There is a place on my team for the fellow who knows not how to quit, and who plays the last down as earnestly as the first." The same principle applies to our every day life.

Some will say that this column is too serious this week. We believe it is the duty of the school paper to represent every mood, phase, and activity of the high school. An issue of too much humor does not fairly represent our school. Think that over.

When the Freshmen play the Sophs in a matched football game, we see a good exhibition of brawn, brains, and brutality.

THE OWL.

PERSONALS

Miss Ball was a visitor in Knox City this past week-end.

Ruth Banister of Thalia was a visitor in Crowell high school Friday.

Violet and Pansy Atcheson returned home Saturday. They visited school Monday afternoon.

Rags Lanier "cracked" his collar bone in that tough Trockmorton game.

This shows the patriotic spirit of all C. H. S. students, Nov. 11.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

IF THE PROOF IS IN THE EATING

"This Rate Makes Possible an Abundance of Hot Water—Economically"

"Now you can have all the hot water you want—when you want it—for with the adoption of the new Home Comfort rate, the West Texas Utilities Company has put the comforts and advantages of the dependable electric water heater within reach of all. You simply connect it to the lighting circuit and use the one meter, for;

"The new rates are scheduled in three parts, and the normal use of service will consume most of the first 45 kilowatt-hours (total for first two rates in average five-room house) of the initial and second rates, after which all additional service, used for any purpose, will cost but 3c per kilowatt-hour, when you have an electric water heater—4c when service does not include heating or cooking.

"This Home Comfort rate program is designed to give you the greatest possible benefits, without material increase in your bill. Next week I will present some additional features of this new rate schedule."

And Remember—
You Can Make Your Own Average Rate

Initial rate 12¢
2nd rate 7¢
Low rate 4¢-3¢

DOING THINGS DIFFERENTLY

Sometimes a difficult situation can be altered by the single process of doing things differently from the way in which they have been done. A case in point is the feeding of wheat to cattle and hogs.

Chairman Legge of the Federal Farm Board said the other day that the feeding of wheat has become so general that it may absorb enough of the surplus wheat to affect prices in favor of the farmer. A few progressive farmers started this several months ago, when the bottom first dropped out of the wheat market.

If everybody who is feeding beef cattle or hogs would feed wheat, those who have tried it assure us they can produce more beef or pork per bushel of wheat fed than by feeding the same amount of corn. At the present comparative prices of the two grains, this is economy. As this is written, there is a spread of less than three cents a bushel between the prices of wheat and corn on the Chicago Board of Trade. Wheat is abnormally cheap, corn not much below normal price for this time of year. The only reason why corn is usually fed to livestock and poultry instead of wheat is because corn is so much cheaper. At anything like the same price, wheat is the more profitable feed.

The general feeding of wheat instead of or in combination with corn, through this winter, would do more for farm relief than any amount of new legislation could accomplish.

PURCHASES 400 CALVES

J. W. Bell purchased four hundred Hereford calves from J. W. Wilson last week. He is now pasturing them on his wheat east of Crowell.

HERE THEY ARE

VERNON GAME— (Continued from Page 1)

The one-yard line on a pass from Todd and on the next play Todd went over right guard for the touchdown.

Vernon made its final touchdown in the last minute of play. With fourth down and two feet to go for a touchdown, Smith of Vernon plunged over center to barely place the ball across the goal line.

While Guy Todd played a great and sensational game throughout, it is the opinion of the writer, and also the opinion of many others, that his brother, John Todd, left tackle, was the outstanding performer of the day, not discounting the splendid work of the other Wildcat linemen. It seemed that John was in most every play to a degree that was unpleasant to the opposition. This defensive demon played as fine a game as one could ever expect of a high school lineman.

Bill Middleton, 126-pound Wildcat center, is another player that Crowell fans, who saw the game, will always remember for his remarkable playing both on the offense and defense. Bill's fighting spirit was just as strong at the beginning of the game as it was at the end. In spite of the battering from the much heavier opponents and an injury late in the contest which came near removing him from the line-up.

Crews Cooper at fullback played sensationally and was on the receiving end of several passes that were particularly difficult to catch.

First Quarter

The game started with Vernon kicking off to Crowell with G. Todd receiving and returning 7 yards to the 35-yard line. After two line plays failed to gain, Todd broke loose for 12 yards around left end to score the initial first down of the game. On the next play Judd intercepted Lanier's toss on Crowell's 45-yard line. On a series of line plays and passes the ball was carried to the one-yard line from which Smith went through the line for a touchdown. Captain Womack blocked the kick for the extra point. Vernon 6, Crowell 0.

Nixon again kicked-off for Vernon and Todd returned 2 yards to the 30-yard line. Cooper made five yards on a lateral pass and Todd followed with a 4-yard line gain. On the 4th down Todd punted to the 20-yard line where the Vernon safety fumbled and Middleton recovered. After a 2-yard gain by Todd, Cooper made 9 yards on a lateral pass. Anderson threw Todd for a 3-yard loss and on the next play Crowell lost the ball on the 15-yard line when G. Todd dropped Lanier's pass right at the goal line after it had bounced from the hands of two Vernon men. After several good gains, Nixon fumbled a bad pass from center and J. Todd recovered. The Lions again gained possession of the ball when Nixon intercepted Todd's pass to take the ball to Crowell's 45-yard line. On power plays Vernon took the ball to within a few feet of the goal line. With a first down and goal to go Smith fumbled and J. Todd again recovered on the 2-yard line. Guy Todd punted and Lutz returned 15 yards to the 20-yard line. The quarter ended with the ball in the Lions' possession on Crowell's 6-yard line. Score, Vernon 6, Crowell 0.

Second Quarter

Shortly after the beginning of the second period Smith scored a touchdown and Nixon kicked the extra point. On a well-executed off-side kickoff, Judd recovered for Vernon on Crowell's 48-yd. line. Good gains were registered by Vernon to place the ball on Crowell's 19-yard line. Middleton recovered a bad pass by the Vernon center on the 42-yard line. After 2 line plays failed to gain, Crowell was penalized 15 yards for holding. A pass, Lanier to Todd, netted 10 yards and on the next play Todd punted 40 yards to Lawrence who fumbled and J. M. Crowell recovered on the 20-yard stripe. Todd passed to Cooper for 19 yards and on the next play Todd went through right guard for a touchdown. A fake kick failed and the score stood, Vernon 13, Crowell 6.

Todd kicked off to Lutz who returned to his 35-yard line. After a number of gains on line plays Williams gained 25 yards on a pass to place the ball on Crowell's 15 yard line. The Crowell defense strengthened and the Wildcats took the ball on the fourth down on the 11-yard line. Burrow downed Todd's punt on the 30 yard line. Later the ball changed hands on downs and a pass, Lanier to Todd, netted 21 yards. The half ended as Williams intercepted Lanier's pass on his own 44-yard line. Score, Vernon 13, Crowell 6.

Last Half

Todd kicked off to start the second half and Lawrence returned 5 yards to the 41-yard line. Shortly afterward Vernon punted for its first and only time during the game and Williams' 36-yard punt rolled out-of-bounds on Crowell's 18-yard line. Crowell was unable to gain and Todd got off a bad punt for ten yards with Vernon taking the ball on about the 25-yard line. As the result of a pass over the goal, Crowell took the ball on its own 20-yard marker. Cooper took a sensational pass from Todd to gain 18 yards. Unable to gain further Todd punted and the Lions took the ball on their own 40-yard line.

Lawrence broke loose for one of the best runs of the game, gaining 32 yards. Crowell recovered a fumble on the 30-yard line. Emerick intercepted a pass and Todd soon retaliated by intercepting a toss on his own 15-yard line and returned to the 40. The Wildcats gained a first down as the result of a Vernon man kneeing with a 15-yard penalty resulting. Emerick intercepted another pass. The third quarter ended after Vernon had taken the ball to Crowell's 5-yard line with Vernon leading 13 to 6.

Crowell Scores

After two line plays Cox went over for a touchdown and Lawrence kicked goal to make the score 20 to 6. George Fox received the kick-off for

Crowell on his own 12-yard line and made a neat return of 18 yards. A very long pass from Todd to Cooper on a hide-out play failed. Todd made four yards to place the ball on the 34-yard line and on the next play he broke loose for 66 yards and a touchdown. A pass from Todd to Burrow for extra point made the score 20 to 13 in favor of Vernon.

Cooper kicked off to the 40-yard line. Vernon took the ball and finally placed it on Crowell's 19-yard line. Middleton recovered a fumble at this point and was hurt in the play but stayed in the game. Cooper made a beautiful run of about 30 yards on a lateral pass, but the umpire ruled that he stepped out-of-bounds and the gain was 15 yards. Unable to gain, Todd punted and the ball was downed on the 50-yard line.

Vernon again made a driver down the field on line plays to place the ball on the 5-yard line with but one minute to play. Lawrence made 2 yards to make it a first down and with but 3 yards to go. Four yards were lost on a fumble. Lawrence and Nixon took the ball to the 2-foot line and on the final down, Smith plunged over. Nixon's kick failed and the score was, Vernon 26, Crowell 13.

Burrow returned Vernon's kick-off to his own 42-yard line as the game ended.

The Line-Up		VERNON
Crowell	Left End	Emerick
J. Todd	Left Tackle	Burchfield
Gibson	Left Guard	Mason
Middleton	Center	Jones
Middlebrook	Right Guard	Anderson
Womack, Capt.	Right Tackle	Colwell
Burrow	Right End	Judd
G. Todd	Quarter	Lutz
Mullins	Left Half	Nixon, Capt.
Lanier	Right Half	Cox
Cooper	Full	Smith

Substitutions: Crowell—Fox for Mullins, Clark for Gibson, Ricks for Middleton. Vernon—Reed for Anderson, Lawrence for Nixon, Coleman for Jones, Christian for Lawrence, Galloway for Coleman. Williams for Smith, Watson for Reed, Thompson for Christian, Watson for Anderson, Coleman for Jones, Galloway for Coleman, Brock for Watson, Judd for Parker, Dolan for Colwell, Christian for Lawrence.

Vernon made 27 first downs to Crowell's eight. Crowell attempted 20 passes, completed 7, 8 incomplete, and 5 intercepted. Vernon attempted 12, 8 complete, 3 incomplete and 1 intercepted.

Officials: Reed, Texas Tech, referee; Frey, Grinnell, umpire; Fowler, T. C. U., head linesman.

WHEN FOOD SOURS

A POUT two hours after eating, many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been overstimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia, the kind physicians prescribe to correct excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

of Camp Hulen, the Texas National Guard Camp at Palacios. Adams says that everything is fine there and that the duck season is now open and ducks by the acre are there. He stated that he had three live English callers for decoys that are working fine. "Would be glad for you or any of my Crowell friends to visit us during the open season Adams wrote. "Fish are biting fine also. Since you have had rain straighten your credit enough to buy gas at a blow down here. The road is paved every foot of the way via Austin."

There are sermons in stones and a large stone in a ring gives a right to preach.

Virtue never draws any weekly salary, presumably because it is its own reward.

Advertising!

This is the age of publicity and he who employs the best medium of reaching the buying public achieves the greatest success.

For many years newspapers furnished the only means for carrying messages to the buying public. Later, magazines and other periodicals entered the field, then circulars, and finally the radio.

Volume advertisers employ advertising experts who are constantly on the job studying the subject, and well may they for they spend annually hundreds of millions of dollars to create and stimulate buying.

These experts are generally agreed that no medium of publicity approaches the newspaper which enters the home and is read by every member of the family, and often by neighbors who are not subscribers. As a result of their studies circulars have been discarded as of little value. The radio as an advertising medium has seen its peak. A recent survey shows that 60 per cent of the radio audience turns the dial on something else when an advertising talk is on. You cannot turn off the home town paper. You can throw it away but you never do until you have read it throughout.

Ask the rural mail carriers what they do with purely advertising matter that patrons have not written in for. He will tell you that they are invariably thrown away at the box or on the way home, which shows conclusively that that kind of advertising has no real appeal.

The merchant who reasons that he is so well known that he does not need to advertise is courting a visit from the sheriff. Older readers will recall St. Jacob's oil, a remedy that was in the medicine cabinet of nearly every home in America thirty years ago. It had been placed there with the excellence of the product, aided by a great and intelligent campaign of newspaper advertising that extended over a period of many years. We can visualize their ads even at this late date. Finally the original owners sold out to some concern for a large sum of money. The new owners of St. Jacob's Oil reasoned that the product was so well known that further advertising was throwing money away, and by discontinuing the use of newspaper space they could effect a saving of something like two million dollars per year, the sum the former owners had been spending to keep their product before the public. What happened? Sales immediately began to fall off and in a few years St. Jacob's Oil became but a memory to the old timers. The owners, of course, went to the wall. Countless others have met with the same experience, and yet others, who persist in following in those footsteps will meet the same fate.

Newspaper advertising brings buyer and seller together at less expense and with greater effect than any other medium. Why not use it?
