CROWELL MAY BE PLACED ON NEW MAJOR HIGHWAY

COMMISSIONERS COURT MET WITH CARLSBAD HIGHWAY ASSOCIATION AT MATADOR MONDAY; FAVORABLE RESULTS REPORTED

E. Acheson, county judge and commissioners, A. B. Wisdom, J. C. Inger, E. V. Halbert and W. F. Benson, attended the regular meeting of the Carlsbad Highway Association at Matador Monday. This highway runs from Oklahoma City to El Paso, but Crowell, going from Quanah, light through to Paducah. The purpose of the Foard County officials in attending the Matador meeting was to request that the route of the highway include Crowell. It now seems certain that Crowell will be included on this route in the future, according to statements by the highway officials to the county delegates. The distance from Quanah to Paducah by the way of Crowell is now six miles further than the distance from Quanah to Paducah by the way of Swearingen. The fact that it will be a paved road from Quanah to Pease river and pavement from Crowell to Paducah furnishes the principal reason for Crowell being considered on the route of the highway, which promises to be one of the most important in the Southwest. It is reported that every town of importance on the highway from Paso to Oklahoma City, was represented at the Matador meeting with delegates present. The next meeting of the association will be held in Carlsbad, New Mexico, in June. J. H. Hankins of Lubbock is president of the association. Every effort is now being made to secure Federal designation on this highway and the prospects in this respect are very bright. R. A. Singletary of Oklahoma City discussed the matter of securing Federal designation. W. R. Ely, member of the Texas highway commission with the program with an address. "Texas and the Carlsbad Cavern Highway," B. F. Kelly of the New Mexico state highway department, and S. C. Boswell of the Oklahoma highway commission, were also present at the meeting.

Plan to Start Paving Here on Tues., March 25

According to present indications paving will be started in Crowell, on a ten-block paving program, on Tuesday. The work to begin at 5 p. m. this week will consist of excavation, curb and gutter work. H. Howard of Lubbock has been here this week making preliminary arrangements for the paving. He is to be superintendent of the work here. The accumulation of earth for the paving is also to be soon. With proper weather conditions, Howard thinks that the paving can be completed in about two weeks. Paving cannot be started here until after March 25th due to the fact that the law requires the city ordinance regarding the paving to be published for three consecutive weeks. This ordinance was published the first time last week in the news and this issue makes the second publication. The estimate of the cost of the paving to each property owner is included in the account to be published in three consecutive issues. On Monday night, after the final publication of the city ordinance a paving will be held by the city in which all property owners included in the paving program may appear.

Gulf Making Complete Geological Survey Here

Ten members of a torsion balance party of the Gulf Refining Company arrived in Crowell Wednesday to take headquarters here while making a geological survey of Foard County. C. S. Walston of Houston is in charge of the group. Most of the members are also from Houston. There are two torsion balances with the party.

California Company Makes Oil Location

The California Company has made location for an oil test in the northwest corner of Section 298, block A, H. & T. C. Survey. This location is on the W. H. Nichols farm, about eight miles southeast of Crowell. It is expected that operations on the test will be started soon.

J. W. Wishon returned Wednesday after a few days visit at the Fat Stock Show in Fort Worth. He stated that the livestock exhibit at the show was the finest he had ever seen.

Letter Regarding Fishing Situation From City Mayor

The following letter has been submitted to the News from Mayor C. T. Schlagal regarding the fishing situation:

"In this issue of the Foard County News appears an article of Penal Code 933 purporting to have come from the Game, Fish and Oyster Commissioner of this State warning the people that Article 933 of the Penal Code provides that it shall be unlawful for any one to take or have in his possession any bass, crappie or white perch from any of the waters within this state during the months of March and April, etc. (You are requested to compare this quotation with the article, 933, and satisfy yourself whether or not it is a correct quotation).

"In order that the public may be properly informed concerning the subject matter I desire to state that the City Council is ready at all times to co-operate with the State and County authorities in the enforcement of every law on the statute books, not only as an official but as a private citizen, and I also believe that a municipality should be protected against infractions with the same degree of sacredness as an individual.

"Before the City Lake was opened to the public for fishing purposes last year the matter was submitted to the Attorney General's department for a ruling on the matter, as to whether or not it would be in violation of the game fish law to permit fishing in the city lake during the months of March and April. The Attorney General's department is the highest tribunal we can look to for the interpretation of a law and it is our duty to accept such construction as placed on such law by the Attorney General's Department until the same has been set aside or modified by a court of competent jurisdiction.

(Continued on Page 10)

Spring Football Training Brings Bright Prospects

Spring football training at Crowell High School has been suspended and athletic activities at the school are now being confined mainly to track. Splendid interest was shown in the spring training and about twenty-five boys reported regularly. A number of new prospects for the team next fall were uncovered during the practice. During the training season, three class games were played. The first two contests were between the Juniors and Sophomores and Freshmen boys combined. The sophomores and freshmen won both of these games by one touchdown. The final game was between the sophomores and freshmen with the sophomores winning. Outstanding new prospects showing up in these games were: Melvin Wozencraft at tackle; J. D. Bursey at guard; Lewis Gibson at guard; J. M. Crowell at end; and George Davis in the backfield.

Methodist Revival Will Start Here April 6

The revival at the Methodist church will begin here on April 6th, and will close on April 20th, Easter Sunday. Rev. B. J. Osborn, local pastor of the Methodist Church, will do the preaching and home talent will be used exclusively for the revival. Special plans are being made now for the various details of the revival and all possible is being done to make it the most successful revival that has yet been held here.

EPWORTH LEAGUE INSTITUTE HELD IN CROWELL THIS WEEK

The Epworth League Institute for the Crowell Union, that opened Sunday afternoon, closed Wednesday night after a successful session under the direction of Conference Field Secretary J. H. Agee of Abilene. There were a number of young people from Paducah and Vernon who attended and took credits. Six subjects were taught. The instructors were Mr. Agee, Rev. B. J. Osborn, Mrs. Jack Brian, Miss Emily Purcell, Henry Black and Edward Huffman. Thirty-two credits were issued. The meeting closed with a consecration service led by Rev. A. O. Hood, pastor at Margaret, who preached an inspiring sermon. Miss Inez Doolen of Paducah surrendered for field service.

A. Y. Beverly returned Wednesday after a trip to Dallas and a visit to the Fat Stock Show at Ft. Worth.

CLEAN-UP PROCLAMATION ISSUED "Spring Clean-Up Week"

It has become an established practice in every wide awake community to clean house in the Spring of the year. Much of our cleaning is due to a desire to make everything attractive, yet there is another important reason why our efforts in that direction should be thorough and complete. I refer to fire and disease prevention, and it is to that feature of the Spring Clean-Up activities that I am directing the attention of our people at this time.

Safety from fire and disease is a matter of supreme importance. Wherever there is dirt and disorder there is danger. A pile of trash may start a conflagration; a few ill-kept homes, dirty yards or stagnant pools may easily become the source of an epidemic. There is a marked similarity between fire and disease hazards. They have a common cause—dirt and carelessness. They have a common cure—constant care to prevent their existence.

Now, therefore, I, C. T. Schlagal, Mayor of the city of Crowell, do hereby designate the period from March 30 to April 5 (inclusive), as Spring Clean-Up Week in Crowell, and I call upon every man, woman and child to diligently observe the occasion by clearing away all things that menace our safety from fire, or the public health.

I suggest to housekeepers that they begin in the attic and remove everything from the home that has outlived its day of usefulness. And, when that task has been completed, turn attention to the yard, garage and outhouses.

I call upon every business man to thoroughly inspect his buildings and premises, removing therefrom rubbish and other combustible materials that may have accumulated during the winter season.

This Spring Clean-Up Campaign should be carried into every section of the city, and the time to begin making preparations for it is now.

Let us enter actively into the work, and thereby contribute to the safety, health and happiness of ourselves and our neighbors. Committees will be appointed later.

Given under my hand and seal of office, this the 10th day of March, A. D. 1930.

(Seal) C. T. SCHLAGAL, Mayor.

Crowell Wins 4 Out of 12 First Places in Track

Crowell High School's track team made an excellent record at the invitation track meet held in Chillicothe Friday. Out of twelve possible first places, Crowell won four, Chillicothe won the tournament; Vernon won second; Crowell, third; and Quanah, fourth. Arthur Bell won first place in the mile, making this run in five minutes and seven seconds. Ernest Spears took first place in the half mile, running this distance in two minutes and 17 seconds. Guy Todd won the 120 yard high hurdles, making this run in seventeen and two-tenths seconds. Ivan Wozencraft jumped five feet and five inches to win the high jump. He easily won this contest and could have jumped higher if necessary. Other places won by Crowell were: Ralph Burrow, third, in a half mile; Ernest Patton, second in the shot put; Bill Middleton, third, in the low hurdles; Guy Todd, third in the 440. Crowell also won second in the thrilling relay race which was won by Chillicothe, the same team that won the relay at the district meet at Childers last year. Crowell ran the mile relay in three minutes and fifty seconds.

One of the most thrilling events of the meet was said to be a contest between Gerald Knox, diminutive member of the Crowell team, and a lanky Vernon boy of over six feet in the mile run. These two boys ran closely together for the greater part of the run, and had a heated contest toward the last to keep from being in last place. Those representing Crowell at the meet were: Ernest Spears, Ernest Patton, Guy Todd, Arthur Bell, Ralph Burrow, Bill Middleton, Ivan Wozencraft, Gerald Knox and William Ricks. Walker Todd, coach of the team, accompanied the boys.

School Trustees to Be Elected All Over Foard County April 5

School trustee elections will be held in Crowell and in all of the school districts of Foard County on Saturday, April 5th. It will be necessary to elect three trustees for the Crowell Independent School District. The terms of Leo Spencer, L. A. Andrews and Fred Rennels expire in the Crowell district this year. Mr. Spencer is chairman of the board at present and Mr. Andrews is secretary. Those remaining on the board are Sam Crews, R. L. Taylor, R. G. Nichols and T. B. Klepper.

At Thalia the terms of J. F. Matthews, T. R. Cates and C. C. Wheeler expire. Those left on the Thalia board are G. M. Neill, E. M. Cates, G. C. Davis and J. A. Stovall.

FERGUSON-JOHNSON

Henry Ferguson and Miss Inez Johnson, both of this city, were united in marriage March 8, by Rev. Moody Nicholson at Frederick, Okla. Mr. Ferguson is the son of Mr. and Mrs. T. J. Ferguson and Mrs. Ferguson is the only daughter of Mr. and Mrs. J. N. Johnson.

OIL SAND IN WARD

According to reports coming from Thalia a producing oil sand was encountered Wednesday afternoon in the Ward No. 2, being drilled by the Shell Petroleum Corporation. The depth is said to be around 2,100 feet.

Cotton Ginning Season Is Ended In Foard County

All ginning in Foard County has been suspended for the 1929 season. The Farmers Gin No. 2 of Crowell was the last gin in operation in the county and it ceased operations last week.

A total of 14,860 bales is believed to be the correct figure for Foard County ginnings this season.

The number of bales turned out by Foard County gins follow:
Crowell Gin Co. 1,917
Farmers Gin No. 1 1,528
Farmers Gin No. 2 2,079
Thalia Farmers Gin 2,691
Thalia Gin Co. 2,129
Margaret Gin 2,178
Rayland Gin 2,338

TOTAL 14,860
There were 5,524 bales ginned at the three Crowell gins during the season.

A. T. Schooley, public weigher of Crowell, has weighed in 6,509 bales at the local yard to the present time. If the price of cotton should advance, he expects to weigh in about 50 or 60 more bales. He weighed a total of 4,122 bales last year.

The cotton ginnings in Foard County last season were 9,596. In 1927 they were 21,568 and in 1926 they were above 27,000, the most cotton that has ever been ginned in Foard County in a single season.

Mrs. R. A. Wells Died at Dalhart Saturday; Funeral Held Sunday

Mrs. R. A. Wells, 70, one of the very earliest settlers of Foard County, died at her home in Dalhart, Saturday, March 8th, following serious illness with influenza. She was a sister of Mrs. J. M. Allee of this city.

Mrs. Wells was well known all over Foard County having come to this section in May, 1886. At that time her husband settled on a place about one and one-half miles north-east of Crowell. They moved to Dalhart about nine years ago where they have since lived.

Mary Frances Brown, her original name, was born in Collin County, near Plano, on October 8th, 1859. She was married to R. A. Wells in Collin County about 49 years ago and about four or five years following the marriage the couple moved to Foard County. Mr. Wells is still living. Eight children were born to this union, four of whom survive. The children surviving are: Mrs. W. O'Neal, R. W. Wells, G. B. Wells, and L. E. Wells, all of Dalhart.

Two brothers, G. P. Brown of McKinney and M. D. Brown of Corpus Christi, and one sister, Mrs. J. M. Allee of Crowell, also survive.

Mrs. Wells lived a faithful Christian life, joining the Methodist church when about ten years of age. She was a charter member of the Missionary Society of the local Methodist church which was started here in 1891. She was a member of the Banister Chapel Missionary Society, which was organized in 1890. With the organization of Crowell in 1891 and the formation of a Methodist Church here, that society moved to the Crowell Church.

Few people have lived who have given more time in aiding the sick and those in distress. Mrs. Wells was ever ready to lend her assistance to any worthy cause. She and her sister, Mrs. Allee, spent the greater part of their lives in close association. They were away from each other during the past nine years more than any other time of their lives. Mrs. Allee was unable to be at her sister's bedside due to ill health.

Funeral services were held Sunday afternoon at the Dalhart Methodist Church and interment followed in the Dalhart Cemetery.

Danie Kermit Brown Died at His Home Near Crowell Sun.

Danie Kermit Brown, 16, died at the home of his parents, Mr. and Mrs. J. E. Brown, about one mile south of Crowell, Sunday, March 9th. He was laid to rest the same day in the Crowell Cemetery.

Funeral services were held Sunday afternoon at the family home at 4 p. m. with Rev. Woodie W. Smith, pastor of the Crowell Baptist Church, officiating.

Danie had been an invalid for most of his life and took seriously ill about nine days before his death. He was born in Kopp county, Georgia, on December 23rd, 1913, and moved to Foard County with his family about eight years ago.

For the past seven years he had been in very ill health. While he was not a member of any church, Mrs. Brown, his mother, stated that she was comforted in knowing that he had made peace with God. "Nothing but the influence of God alone could have caused him to act as he did last spring and I am sure at that time he had made peace with his creator," Mrs. Brown said.

He is survived by his parents, one brother, Jeff Brown of Crowell; four sisters, Mrs. Martha Kelly, Ruby Brown and Betty Brown of Crowell, and Mrs. Merzie Hopkins of Toledo, Ohio.

J. E. Acheson made a business trip to Wichita Falls Thursday.

BOYS' WEEK TO BE HELD APRIL 26 TO MAY 3RD

ROTARY CLUB DECIDES TO SPONSOR NATIONAL BOYS' WEEK IN FOARD COUNTY; 7 DAYS ACTIVITY FOR BOYS BEING PLANNED

The decision to sponsor a Boys' Week in Foard County from April 26th to May 3rd was made by the Rotary Club at its luncheon Wednesday. Boys' Week will be celebrated all over the United States on the above date and while it is an annual affair in most places, this will be the first time that it is to be officially recognized in Crowell.

Some special activity will be set aside each day for the boys, not only of Crowell, but of the entire county, as an attempt will be made to make this as much a county-wide affair as possible. Churches and other organizations and individuals have already expressed a willingness to co-operate in the movement.

Detailed plans for the week are now being worked out by various committees and a complete program for the week will be announced later. A large parade, boys' day in industry, in the churches, in the schools, in public affairs, and other matters will feature the week. The boys will also have a large hand in putting out the Foard County News during this week as an opportunity will be furnished them to cover various stories and a number of merchants state that they will permit the boys to write their ads.

Herbert Edwards was in charge of the program at the luncheon. Jeff Bell was the first on the program with a reading. Robert Oswald followed with an unusually interesting address on matters that the American boy is interested in. He gave the life of several of the nation's greatest men as boys, illustrating in their lives the necessity for boys to apply themselves to worthwhile projects. He mentioned the various things that boys were particularly interested in and in general made a wonderful talk.

Leo Spencer followed with a discussion on boys and gave the plans for National Boys' Week, April 26 to May 3. A unanimous decision was made to sponsor Boys' Week here. E. H. Smith, chairman of the boys' work committee, will be in general charge of the plans for the week for the Rotary Club.

The program committee named the following men in charge of programs for the next six weeks: Marc 19th, Clarence Self, poultry program; March 26th, J. R. Beverly, classification program; April 2nd, John Ray, farm day program; April 9th, T. B. Klepper, musical and entertainment program; April 16th, Bert W. Self, girls' day program; April 23rd, Rev. Woodie W. Smith, Easter program, and April 30th, boys' week program.

Deputy Game Warden Gives Instructions From Tex. Commission

P. H. Hopson of Vernon, deputy game and fish warden for Texas, was a visitor in Crowell Tuesday. He called at the News office and stated that he wanted to make clear to the public the orders that he must follow from the Game, Fish and Oyster Commission of Texas.

The following notice is instructions from the Game, Fish and Oyster Commission of Texas to P. H. Hopson, deputy game and fish warden for this district:

"This is to notify all those that may be concerned that Article 931, Penal Code of 1925 prohibits the possession by anyone within the borders of this State of any bass or less length than eleven inches and any crappie or white perch from any of the waters within this State during the months of March or April. Anyone found guilty of violation of the provisions of either of these Articles shall be prosecuted."

Crowell School Board Re-elects I. T. Graves As Supt. for 4th Year

I. T. Graves, who is serving his third year as superintendent of the Crowell schools, was re-elected to serve for the fourth year at the regular meeting of the board of trustees last Friday night.

With the selection of the superintendent the board took its first step officially toward the selection of a faculty of the school for the ensuing year of 1930-31, with the exception that the entire faculty will be chosen within the next few months.

Mr. Graves has made a very impressive record as superintendent of the Crowell schools and his splendid work is reflected in the progress of the schools during the past three years. He came here from Kirklind where he acted as superintendent.

Weldon Cogdell returned Wednesday from Houston, where he has been for the past few weeks.

RAYLAND
(By Special Correspondent)

Rev. Lair of Harrold accepted the call as pastor of the Baptist church Sunday night. Everyone is invited to attend the preaching services at the church the second and fourth Sundays of each month.

A DEFINITION OF COTTON

Cotton is the overcoat of a seed that is planted and grown in the southern states to keep the producer broke and the buyer crazy. The fibre varies in color and weight, and the man who can guess nearest the length of a fibre is called a cotton man by the public, a fool by the farmer, and a poor business man by his creditors. The price of cotton is fixed in New York, and goes up when you have sold, and down when you have bought. A buyer working for a group of mills in the South was sent to New York to watch the cotton market. And after a few days' deliberation wired his firm as follows: "Some think it will go up; some think it will go down. I do too. Whatever you do will be wrong. Act at once." Cotton is planted in the spring, mortgaged in the summer, and left in the field in winter.—Credit lost.

Proposal to Tax Sulphur \$1 Ton Cause of Stir

BY GORDON K. SHEARER
United Press Staff Correspondent

Austin, Texas, March 12. (UP).—It is the old-fashioned brimstone of Holy Writ that has caused the principal excitement of the fifth called session of the 41st Texas legislature. Now it goes by the name of sulphur and the storm started when the legislature proposed to tax it \$1 a ton to make up needs of the state government.

Raymond Dickson, an associate in cattle ventures with Will and Mike Hogg, sons of former Gov. James S. Hogg, takes credit for directing the eyes of Governor Moody and the state administration to sulphur as a source of new revenue.

Texas, Japan and Sicily produce practically all the world's sulphur. Two companies in Texas produce 99.9 per cent of all produced in the United States. They average 2,000,000 tons a year. Its average market price is \$18 a ton.

During the world war the Texas plants at Gulf and Freeport kept the allies supplied. Germany had effectively put the Sicilian supply out of business. The Texas war baby made immense profits. When the war ended the United States and France each had big reserve supplies bought. The demand fell off, and plants were not operated. Now industrial needs have caught up, and for the last five years it has been steadily growing.

In 1929 net earnings of Texas Gulf Sulphur Co. were \$16,247,478. In the same year the Freeport Sulphur Co. cleared \$8,752,520, of which \$4,667,480 was paid to the Texas Co. The Texas Co. in hunting oil had gotten sulphur. It turned this property over to the Freeport Co. on a percentage basis.

The sulphur industry in its present form is comparatively new. The old expression, "fire and brimstone," is merely a concise description of the old sulphur industry as it still exists in Sicily. Surface deposits there are burned out like charcoal.

Texas deposits are deep in the ground. The sulphur is found in limestone and gypsum. Some of it is flaked through the rock. Some of it is in jewel-like crystals. Louisiana tried sinking shafts and bringing the ore to the surface. These efforts ended when eight men suffocated in a shaft. Then the new plan was tried. Under it steam and water superheated is forced into the sulphurous deposit. It dissolves the sulphur, which comes out through wells. It is run from wells into surface vats. Then it is dynamited into bits and ready for shipment.

Culberson, Duval, Brazoria, Wharton and Matagorda counties have the principal Texas supplies. Twenty-five sulphur mounds have been located. Ten are in Louisiana and fifteen in Texas. About a fifth have proven workable.

Sulphur now pays a 2 per cent production tax. It is claimed that this averages 26 cents a ton. If a dollar a ton tax is substituted, its proponents say the state revenue from sulphur will be increased \$740,000 a year.

New Motor Patrol Advocating Safe and Sound Driving

Austin, Texas, March 12. (UP).—Don't run from the Texas motor patrolmen; run to them. This is the advice given by Sen. W. A. Williamson of San Antonio, sponsor of the new law under which gray uniformed state traffic officers took the highways this month.

In case of accidents, each patrolman carries a first-aid kit. He also knows where the nearest telephone can be reached and the way to notify the nearest hospital and ambulance.

The officer is ordered to enforce the traffic laws, but he is also instructed to do it with the least friction possible. If arrests can be avoided, they will be. But there is one class of cases in which he is ordered to be relentless—the cases of drunken drivers. Speed limit is 45 miles, but reckless driving at any speed is forbidden. The officers are ordered to use common sense on this.

There is no special incentive to arrest for the new type of highway officer. He is on salary and forbidden to take fees of any sort. When he makes an arrest, he cannot accept payment of a fine on the road. He must take the offender to the nearest justice court.

Local officers still may make speeding arrests, but to do so they must wear gray uniforms and have diamond-shaped badges. The highway department points out that when it files speeding charges no fees may be assessed against the motorists in addition to the fine, even when local officers make the arrest.

Besides enforcing laws, the motor patrolmen will look out for road obstruction. Rocks left on steep hills after bracing stalled vehicles will be removed. The motorist parked too close to traffic while fixing a flat will be moved over. Traffic will be kept open on crowded roads and motorists aided when in trouble.

Capt. L. G. Phares, stationed at Austin, is in command of the new state force. A lieutenant will be stationed at Dallas, one at Wichita Falls, one at Houston, one at Abilene and one at San Antonio. The men in pairs will be stationed about the state. In stationing them, they have generally been assigned to places other than their homes.

Miss Grace Fowler is both mascot of the force—and she wears a natty uniform—and secretary to Chief Phares.

Dieting may be a fad and many women are losing their minds to lose a few pounds.

ENJOY THE FINEST

You can enjoy the finest motoring performance if you bring your car here regularly for expert attention. In addition to handling the finest grades of gasoline and motor oil on the market we offer the most in other items, plus personal service that cannot be surpassed.

JOHNSON SERVICE STATION

BOYS—BE CAREFUL WITH YOUR KITES

Kite Flying, in close proximity to electric power transmission lines—especially high tension lines, many of which carry 66,000 volts of electric energy—is extremely dangerous to property and to human lives.

A damp string, coming into contact with an electric wire may result in grave danger. The wise thing is to fly your kites out of range of electric wires—and above all, do not attempt to rescue a kite entangled in electric wires. Notify the office of the West Texas Utilities Company.

Observance of these precautions will eliminate the possibility of serious injury.

GAMBLEVILLE 4-H CLUB

The club girls of Gambleville met March 7th, with Louise Pyle.

Those present were Prebble Bailey, Mildred Sollis, Ella Pearl Hargraves, Edith Turner, Mildred Ruff, Louise Pyle, Jessie Maye Vaden and the home demonstration agent, Miss Freeman.

We will prepare scrambled eggs with cheese at our next meeting, and also will learn to make a dresser scarf. Each member will be required to draw a sketch of her yard to prepare for improvement.

Most all members have their eggs setting.

Our next meeting will be on March 26.—Reporter.

NOTICE OF CITY ELECTION

STATE OF TEXAS, COUNTY OF FOARD, CITY OF CROWELL.

Notice is hereby given that an election will be held at the city hall, in the City of Crowell, Texas, on the first day of April, A. D. 1930, the same the first Tuesday in April, A. D. 1930, in obedience to an order duly entered by the Council of the City of Crowell, Texas, on the 18th day of February, A. D. 1930, for the purpose of electing two aldermen to serve for a term of two years.

J. W. Beverly is hereby appointed presiding officer of said election.

All persons desiring to have their names placed on the official ballot for the election to said office shall file their name or names with the city secretary of the City of Crowell, Texas, not later than March 26th, 1930. All qualified voters under the laws of the State of Texas who have resided within the corporate limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote.

Said election shall be held in accordance with the laws pertaining to general elections in this state in so far as they are applicable.

C. T. SCHLAGAL, Mayor of the City of Crowell, Tex.

J. T. BILLINGTON, City Secretary of Crowell, Tex.

Electrical Servants for Your Home

"The application of Electricity to household appliances has done more to raise the standard of home-life than any other single factor," is the opinion of a well known home economics authority.

Just contrast the difference between the Modern, Electrically-equipped home of today, and homes of similar means a few years ago.

No longer does the housewife grow old before her time . . . no longer does she slave and toil about her kitchen and household tasks . . . no longer is she shut off from the rest of the world because of lack of time to enjoy and appreciate the better things of life.

Does your home reflect the spirit of this New Day? Are you receiving all the economical benefits possible through the intelligent application of electricity to your home?

One of our Household Engineers will be glad to show you how cheaply you can secure the enormous advantages of "Complete Electrical Service."

Boy Scouts Listen
to Hoover Address
Monday on Scouting

The local Boy Scout troop had the pleasure of hearing President Hoover and Secretary of the Interior Wilbur speak on the Boy Scout movement over a nation-wide hook-up Monday night. The national Boy Scout program was given in connection with the 20th anniversary of the Boy Scout organization in the United States.

The speakers pointed to the growth of Scouting and the great good that it had performed. It was stated that at the international jamboree of Boy Scouts, held in England last summer, Boy Scouts from seventy-three nations were present.

Since starting in the United States, it was reported that over four million boys in this nation had taken the Boy Scout oath and that there were now over one million Boy Scouts.

The Scouts listened at the addresses at the Baptist church. A Crosby radio for the purpose was furnished through the courtesy of Womack Bros.

Ed Adams Has Clock
Over 100 Years Old

Many people gathered around the large clock belonging to Ed Adams as it was being removed from Kamstra's Jewelry Shop to the Adams' home, after being repaired. It is believed that this clock is well over one hundred years old.

The date of the manufacture of this clock, as it appears on its face, is 1853. The clock works are more up-to-date and show to be around 50 or 60 years of age, according to L. Kamstra.

The clock is over seven feet in height and is cased in walnut with a cherry finish. A slight repair was necessary to the pendulum. Mr. Adams has had the clock in his possession for the past fourteen years and stated that it had kept perfect time since then until the slight repair was necessary.

Mr. Adams stated that he gave a piano and \$75 in cash for the clock to a man by the name of Smith in Knox County about fourteen years ago.

Honor Roll For
Crowell Schools
Given to News

Pupils in the primary department that have been neither tardy nor absent for the last six weeks are:

Joe Mark Magee, Joe Reavis Spencer, Frances Henry Johnson, Wilma Jo Lovelady, H. C. Clayton, Gerald Hays, James Huckabee, Que Meason, Mary Catherine Lankford, George Fergeson, Rosie Halenack, Woodrow Hollingsworth, Thelma Lois Moore, John Lee Orr, W. H. Adams, J. C. Rader, Dorothy De Flesher, Robert Bomar, Van Evans Mitchell, Wade Adams, Eddie Campbell, Eugene Fox, John Louis Gray, Frankie Halenack, R. J. Hrabal, Clifford Huckabee, Marvin McKown, Edward Roark, Elizabeth Brisco, Ina Christine Coffman, Ruby Dawson, Humphrey Dockins, H. K. Edwards, Jr., Vernon Gibson, Riley Griffin, Hallie Bea Lankford, Fern Pierce, Sam David Russell, Maxine Thompson, Henry Brisco, Goldie Brisco, Sylvia Brisco, J. W. Huckabee, Mozelle Lemons, Juanita Schlagal, W. F. Statter, Billie Carter and Alva Clary.

Pupils in the primary department who made the honor roll for the last six weeks are:

Thomas Alton Andrews, George Thomas Burress, Ted Crosnoe, Gaylon Gover, Roy Johnson, Jr., Joe Mark Magee, Clark Rennels, Joe Reavis Spencer, James Howard Williams, H. B. Riza, Cleo Huggins, Frances Henry Johnson, Margaret Long, Wilma Jo Lovelady, Ruth Riza, Mary Helen Ross, Joyce White, Theda La Verne Wright, Frances Hanks, Lola Mae Ewing, Billy Gene Bradshaw, Archie Thomas, Foy Sanders, Robert Louis Saunders, Alvin Smith, Inez Tarver, Minnie Oila Ballard, Jannie Dee Coffey, Ruth Garrett, Frances Garrett, Mary Catherine Lankford, Erid Hanks, Hershel Eason, Oran Johnson, Chippie Griffin, J. C. Rader, J. WHEN WILL YOU BEGIN USING THIS NEW OIL?

It is being rumored (and truthfully) that no other American motor oil has been so speedily accepted by motorists. Conoco Germ-Processed Motor Oil has smashed all precedents by its amazing reception... And this oil is as unusual as its introduction. Its superiorities are so apparent, that even before its announcement was well under way, literally thousands of new users were appearing at Red Triangle stations.

**CONOCO
GERM-
PROCESSED
PARAFFIN BASE
MOTOR OIL**

Its name seems to intrigue motorists and much conversation has dwelt on the Germ Process, and the whys and wherefores... the story is this: Under exclusive Conoco-owned patent rights, a precious oily essence is added to a superbly fine paraffin base oil. This essence is lacking in all other oils, including the one you are now using. The Germ Process makes possible the metal-penetrating safety factor that we call "penetrative lubricity." And this oil, of all on the market, provides a safer, more positive motor protection, from the time you start the motor until you turn off the ignition. So... when will you begin using this new oil?... at the sign of the Red Triangle.

BUSINESS STRENGTH

Strength in business is vital, especially in banking, through which flows industry's money power.

Our strength is in resources, experience and every facility to render broad, efficient, personal and prompt service. Strength in business is vital, especially in banking.

THE BANK OF CROWELL

LOCALS and Personals

Ferry's Seeds.—M. S. Henry & Co.

Larry Sikes left Tuesday for a visit in Dallas and Fort Worth.

Mrs. Ray E. Knowlton has returned from a visit with relatives at Fairview.

J. W. Bell and W. B. Johnson shipped four carloads of cattle to Fort Worth Saturday.

Mr. and Mrs. E. M. Crosnoe and son, Ted, visited relatives in Clarendon from Friday until Sunday.

The Crazy Man talks over Radio Station KRLD, 1040 Kilocycles, every Saturday evening at 6:45 P. M. Listen to him, it will do you good.

Mr. and Mrs. Grady Shults of Dallas announce the arrival of a daughter, Martha Jane, on February 20th. Grady Shults is a former Crowell boy and is the son of Mrs. J. H. Shults of this city.

Mr. and Mrs. C. R. Ferguson returned last Friday from Mineral Wells where they spent two weeks. They also visited for a few days with their niece, Mrs. Fred Schwab, and family of Fort Worth.

Mrs. Jim W. Johnson of Margaret was in town Tuesday afternoon and called at the News office to subscribe for a daily paper. Mr. and Mrs. Johnson returned a few weeks ago from Aransas Pass, Texas, where they spent the winter. Mrs. Johnson stated they had a fine time fishing and greatly enjoyed the warm climate of South Texas.

Edison light bulbs.—M. S. Henry & Co.

For sale or trade, 1925 Ford coupe.—Glynn Shults.

Ask for demonstration of Ther washer, with electric motor and gas burner, \$110.00. Easy payments.—M. S. Henry & Co.

Tom Bell, Paul Shirley, W. B. Johnson, Sam Russell and Sam Seales left Saturday to attend the Fat Stock Show at Fort Worth.

Spencer Woodruff of Lubbock visited for a few days here with his aunt, Mrs. Leo Spencer, and family, returning home Tuesday.

The Crazy Man talks over Radio Station KRLD, 1040 Kilocycles, every Saturday evening at 6:45 P. M. Listen to him, it will do you good.

Miss Beulah Patton arrived in Crowell Saturday from Goodlett to spend the week-end with her parents, Mr. and Mrs. G. H. Patton. Miss Modean Lane of Goodlett came with her. They returned Sunday.

Mrs. Alma Raney, mother of Mrs. O. O. Hollingsworth, left Saturday for Oklahoma City, after spending the winter here. She was accompanied to Oklahoma City by Clyde Hollingsworth and will visit her daughters there.

Miss Lennis Woods returned from Childress Thursday of last week where she had been employed for the past sixteen months in the insurance office of Crawford & Crawford. Miss Woods expects to go to school at Canyon this summer.

W. S. Tarver of Thalia and his son, W. B. Tarver, and his son-in-law, A. T. Smith, left Monday morning for Whiteface where they will make improvements on land recently purchased by W. S. Tarver. W. B. Tarver and Mr. Smith expect to live on the land.

Flower pots, gardening tools.—M. S. Henry & Co.

For sale or trade, 1926 Chevrolet Coach.—Glynn Shults.

M. L. Bird of Vernon was a business visitor in Crowell Tuesday.

S. C. McIntosh, independent oil operator of Wichita Falls was a visitor in Crowell Monday.

Feed your baby chicks Startina. It is the best. Also have tested field seeds.—Bell Mill & Elevator Co. 40

The Crazy Man talks over Radio Station KRLD, 1040 Kilocycles, every Saturday evening at 6:45 P. M. Listen to him, it will do you good.

If you have any furniture or stoves that you wish to trade in on mattress work, see us at our new location.—Ketchersid Furniture Co.

The Crazy Man talks over Radio Station KRLD, 1040 Kilocycles, every Saturday evening at 6:45 P. M. Listen to him, it will do you good.

Why not have your mattress worked over since we are now able to give you one-day service? Call and see our new tickings.—Ketchersid Furniture Co.

Mr. and Mrs. Jim Cook have returned from Fort Worth where they attended the Fat Stock Show. Mr. Cook made a shipment of about one carload of cattle to Fort Worth this week also. The cattle topped the market.

Mrs. C. B. Warren of Houston arrived in Crowell Tuesday for a visit with her parents, Mr. and Mrs. J. W. Bell. Mr. and Mrs. Pete Bell and Mrs. Troy Erwin went to Houston after her. She will be here for a few months.

Mr. and Mrs. Will Riney and small daughter and Mrs. Florence England of Pilot Point were here Saturday and Sunday visiting in the home of Mr. and Mrs. C. W. Thompson. They returned home Monday accompanied by Mrs. R. L. Bryant and daughter of Ralls who were also visiting in the Thompson home.

A letter from Mrs. Odie A. Claxton orders the address of her paper changed. Mrs. Claxton before her marriage a few months ago was Miss Nola Bradford and has lived in and around Crowell all of her life. Last year she attended Crowell High School and is always anxious to get her paper each week. She now lives at Abilene.

J. M. Patton and wife of Pampa arrived here Tuesday for a visit with G. H. and T. S. Patton, his brothers. Wednesday they went to Caddo to visit another brother of Mr. Patton. They were accompanied on this trip by Mr. and Mrs. G. H. Patton and T. S. Patton. J. M. Patton, more commonly known as "Mack," lived here about 30 years ago. He now has ten producing oil wells in the Bowers pool in the McLean field, in Gray County.

C. R. Crowell arrived last Saturday night from Los Angeles, Cal., for a visit with his mother, Mrs. N. A. Crowell, and other relatives and friends. Cliff has been living in Los Angeles for eighteen years and is a Crowell boy who made good in the city. For many years he had employment with one of the major oil companies as a salesman and for the past several years he has had charge of the sales force of the same company, his territory covering Southern California, having forty men under his direction. He will be here for several days. His wife was unable to come with him on account of recovering from a severe illness.

MAKES TRIP TO VALLEY

H. L. Kinsey returned last Friday from a trip to the Rio Grande Valley. He made the trip in a special train sponsored by Chas. Ladd, developer and colonization agent for the section around Carrizo Springs, Dimmitt County.

Mr. Kinsey stated that the trip was the most interesting that he had ever made and that he was greatly impressed with the Valley and its future prospects. He purchased 20 acres of citrus fruit land about six miles from Carrizo Springs. Experts declare the South Texas land to be superior to California and Florida as a citrus fruit country.

He stated that there were 215 persons from 16 states and Canada on the special train on the trip he made. He left here Sunday a week ago.

HOSPITAL NOTES

Mrs. Geneva Blevins of Margaret, who was operated on for appendicitis last Thursday, is doing nicely.

Mrs. Joe Eddy who was in the hospital for medical treatment has been dismissed.

J. H. Beaty of Margaret has been brought to the hospital for medical treatment.

Mrs. R. C. Bell, who was operated on last week, is doing nicely.

COUNTY SPELLING CONTEST

County Spelling Contestants will please observe closely all spelling rules listed in the Interscholastic League Bulletin.

IRENE PATTON, Spelling Director.

Charlie Ashford and Henry Teague won the debating championship of Crowell High School Tuesday morning and will represent Crowell in the county interscholastic meet here on March 21st and 22nd.

Violet Atcheson and Elsie Fay Roark will represent Crowell High School for the girls debate in the interscholastic meet. These girls debated against Quannah last Thursday night at the local auditorium and won the contest.

Buckeye Blue Flame Brooders.—M. S. Henry & Co.

For sale or trade, 1929 Dodge Senior sedan.—Glynn Shults.

The Crazy Man talks over Radio Station KRLD, 1040 Kilocycles, every Saturday evening at 6:45 P. M. Listen to him, it will do you good.

Mr. and Mrs. Tom Dancer and Mrs. N. E. Woodruff, all of Stamford, visited at the home of Leo Spencer Sunday. Mrs. Dancer and Mrs. Woodruff are sisters of Mrs. Spencer.

T. D. Britt of Texarkana stopped in Crowell to visit with old friends for a short while Wednesday afternoon. Mr. Britt was a former resident of this city, leaving here in 1914. Mr. Britt's bass singing will long be remembered by the people of this section.

NOTICE

No wood cutting, no fishing, no trespassing will be allowed in Wishon's pasture. Offenders will be prosecuted.

J. W. WISHON.

Amusements

THIS WEEK

Friday night, March 14th—

"THE RED SWORD"

Marion Nixon, Wm. Collier, Jr. A flaming romance of Russia during the days of the Czars. The fifth chapter of "Tarzan the Tiger."

Saturday, March 15th—

The picture for this Saturday will be a drama of Miss Marion Davies. Many people of Crowell and vicinity have, in the past, asked why we never show any thing on Saturdays but westerns. In answer to this question we have used our box-office receipts as the answer, and in all West Texas theatres you will find the Saturdays booked with westerns or plays with a western background. We are going against our judgment on this one day, to see if the people of Crowell and vicinity really want a comedy drama, or thrilling romances. This theatre is for the amusement of Foard County people, therefore we must get the kind of pictures you want. We have tried our best in the past to please all, but of course that is an impossibility. We don't expect to please everybody, but we would if we could. We wish to say in conclusion the feature for Saturday is

"NOT SO DUMB"

with Miss Davies. We promise you if the receipts of this Saturday are greater than the receipts for Saturdays in the past month or so, there will be more pictures of this kind on Saturdays hereafter for you. Foard County people must trade with Foard County people to support themselves. At least give it a thought.

NEXT WEEK

Monday and Tuesday—

"CIRCUS ROOKIES"

A comedy drama.

Wednesday and Thursday—

"HOME JAMES"

A comedy feature.

Friday—

"THE BISHOP MURDER CASE"

Full of real action.

Saturday—

"THE CRIMSON CANYON"

Coming Soon—

"CHASING RAINBOWS," watch for date.

"RED LIPS"

"The Passing of the Oklahoma Outlaws."—March 31st.

Yours very truly,

Rialto

GLYNN SHULTS, DEALER

DEAR MEMBER OF THE MUTUAL PROTECTIVE LIFE ASS'N.

As you know from time to time we have given out information as to our growth, management, etc., our books are open at all times for inspection.

This is the people's life insurance. It is home insurance for our home people. We have had a steady growth. Every day brings us new members.

Now, will you tell your friends this—in a short time we are going to bring the age limit in Class A as low as 35 years, possibly 30. Get one of your friends to take a policy with us. Any time you can find it convenient come and visit with us. Thanking one and all for your loyal support, we are yours to serve.

L. A. FOSTER, Sec.-Treas. Room 205 Waggoner Bank Bldg., Vernon Texas

E. J. HARRIS, Local Agent

Plans Being Made to House Visitors to Play Tournament

Mrs. R. L. Kincaid has been named chairman of the committee to secure rooms for the visitors that will be in Crowell for the one-act play tournament of District 14, to be held here March 28th and 29th.

The boys and girls taking part in the plays will be here just one night, Friday. It is hoped that every one having a room to spare in their home at that time, will offer its use for the visitors. Rooms are all that are wanted and no one is expected to furnish meals.

School students from Quannah, Chillicothe, Childress, Loco, Roaring Springs, Paducah, Matador, Ring and Memphis will be here for the tournament.

SEE REV. B. J. OSBORN

If you have not placed a stone at the grave of your loved one, see Rev. B. J. Osborn, pastor of the Methodist Church at Crowell, Texas, who can put up a nice job for you. He has years of experience in the work. It is the only side-line he has aside from the ministry. He enjoys doing the

work, and it gives him a needed diversion from his daily routine of church work. Somebody will get a little profit out of the work, and he needs it while he is trying to send his children to school. He is our regular agent for this territory. We can meet any competition both in quality of work and price. Give us a chance.

Chevrolet Winter Sale of Used Cars Shows Big Increase. Detroit, March 13.—An indication of the rapid expansion of the used car market and an assurance of brightening business outlook was revealed in an announcement by the Chevrolet Motor Company today that Winter sales of used cars by the national-wide Chevrolet dealer organization are exceeding by more than 25 per cent the best previous winter record.

not yet available. Reports from dealers for the first twenty days of February show an increase of 54.4 per cent over the corresponding period of February last year. During the first twenty days of February 1930, the Chevrolet dealer organization sold 58,922 used cars, nearly equalling in 20 days the record month of January. The stature of the February achievement may be further appreciated by a comparison of this figure with 38,176 used cars sold during the corresponding period of February last year.

In commenting on the achievement, officials pointed out that it was made possible through the public confidence that has been built up by Chevrolet dealers through the general policy of offering for sale only dependable merchandise. They explain that through the widespread use of the red tag "with an O. K. that counts," prospective used car buyers are assured that every vital part of the car has been properly reconditioned and put in shape to offer thousands of miles of unused transportation.

DAN MOODY AND JIM FERGUSON AT ODDS AGAIN

Austin, Texas, March 13. (UP).—Sharp issues have been drawn between Gov. Dan Moody and Former Governor James E. Ferguson. Once it was Governor Moody's declared policy and intention not to "dignify" Ferguson by noticing him. Ferguson's recent announcement for governor led Governor Moody to break that determination. He issued a sizzling statement—too hot for any Austin correspondent to take the responsibility of handling. Again the Governor Moody took cognizance of Ferguson last Tuesday. "The activity of Old Jim should be called to the public attention," said the governor in a dictated statement. He said Ferguson had been lobbying for adjournment of the legislature. The attempted adjournment, said Moody, was before making necessary provision for summer schools and before necessary supplemental appropriations for feeding and clothing penitentiary inmates. Advocates of adjournment replied to their critics that the automatic tax board of which Governor Moody was member set the tax rates; that when adequate appropriations were made at the first called session, he insisted they exceeded the income; that he vetoed contingent items that would have helped the summer schools and that the matters he was asking them to stay in session for were not emergencies but had been in the same condition through many sessions. The prison board's closing of prison doors to more convicts further emphasized the Moody-Ferguson division. "Don't you see Pa Ferguson back of this?" was asked when a resolution was up to condemn the board or call for resignations. "I see Pa Ferguson himself in the back of the hall," was the reply. Another straw was the formal announcement Thursday by Attorney General Bobbitt that he will seek reelection as attorney general. Bobbitt had not looked unkindly on the discussion that he might be a candidate for governor. If Moody is to be a candidate for re-election, Bobbitt, who was appointed by Moody, could not well be a candidate too. Supporters of Earle B. Mayfield declare they are not perturbed who may enter the race. They point out that Mayfield has a habit of leading in first primaries. This they say assures him of being in the run-off, no matter who else runs. Tom Love was quoted as nailing reports that he might be a running mate of Moody with the declaration that it was the erroneous propaganda of whiskey interests. Barry Miller holds fast to his intention of making no political moves until his term as chief officer of a fraternal organization expires. E. G. Senter met reports that Moody is likely to run with the statement that the governor seemed to be trying to make prison relocation the paramount issue in a campaign. Senter predicted the issues

Another Sherman Man Benefited

Back on the Job and Feeling Better Results of Taking Few Doses of Argotane (Argotane). "I had to lay off work a short time ago on account of a bilious, down condition. I got a bottle of Argotane (Argotane) and after a few doses I went back to work and was feeling better ever since," Geo. Moore, well known fireman at the cotton mill, who lives at 1117 Park Street, Sherman, Texas. "I was pretty well run-down, bilious, my kidneys bothered and back hurt," continued Mr. Moore. "This kept up until I was just compelled to lay off. I had no appetite and a little milk or something of that line was about all I could get. I was tired and at night would just about worn out. "I had been reading about Argotane (Argotane) and when I lay off, I got a bottle and started on it. After a few doses I began to feel so much better I went to work and have been feeling better ever since. My appetite picked up and I had real hunger for the first time in a long while. I rest less and do not feel so tired and worn when the day is done. Just a bottle has given me enough energy that I surely can recommend Argotane (Argotane) to anyone who is in Crowell at the Reeder Drug Store. (Adv.)

West Texas Utilities Constructing New Line

Abilene, Texas, March 10, 1930. Construction of a 28 mile transmission line between Estelline and Key will begin within the next few weeks and, at the same time, a substation will be erected at Estelline, it was announced by the Engineering Department of the West Texas Utilities Company. The Estelline to Turkey transmission line, 28 miles long, will be 66,000 volt line built on 29 foot frame poles and will include one of double overhead ground wires to each end of the line. The steady practical growth of Quitaque, Key, Gasoline, Flomot and other towns in this section has made it necessary to build this transmission line as well as other lines in this section in order to provide adequate supply for this area's present and expected population. Simultaneous with the above construction, work will begin on building of a 66,000 volt substation at Estelline. This substation house three 250 kva transformers, a 66 kv automatic reclosing circuit breaker. In addition, bus supports, controls and a 66 kv film arrester will be installed. Necessary steel fencing to conform with Safety Rules will be around the substation. This substation will replace the present 30 kv sub which is becoming inadequate from the increasing demands for electricity.

THINK OF YOUR AUTOMOBILE IN TERMS OF TOMORROW

Ultimate cost is as important as first cost in the purchase of an automobile

WHEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

THE first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer.

The difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

THE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers. In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost.

Think in terms of tomorrow, therefore, when you purchase an automobile. For tomorrow will reveal its true worth.

SOCIETY

SUN RISE BREAKFAST

The beauty nap of the Senior girls was slightly disturbed Friday morning, March 7, when the senior boys entertained the girls with a sun-rise breakfast. By six o'clock all of the members had arrived at the city lake. A huge bonfire was made, and just as the sun was peeping over the horizon, an appetizing breakfast consisting of bacon, potatoes, eggs, cakes, apples, and coffee was served. After breakfast the seniors, accompanied by the band and mandolin by Charles Smith and Joe Ben Roberts, sang popular songs.

Those present were: Nancy Cogdell, Mabel Ivie, Emma King, Blanche Hays, Bonnie Norris, Everie Owens, Virginia Sue Crowell, Belle and Elizabeth Locke, Una Tee Coffman, Hazel Key, Leoma Knox, Lela and Frances Patton, Violet and Pansy atcheson, Arrie Fleta Beidleman, Lucille Welch, Ludell Green, Harriet Evelyn Swalm, Bettye Borchardt.

MISSIONARY SOCIETY

The Missionary Society of the M. E. Church met at the church Monday afternoon at 3 o'clock for the fifth lesson in "The Worker and his Bible." Mrs. J. R. Beverly, our Mission and Bible Study leader for this year, brought us the Bible lesson from the 8th chapter of Nehemiah. The following program was carried out: Song—Blessed Assurance; prayer, Mrs. T. L. Hughton; How to study the Bible, Mrs. Jack Brian; Methods of study, Mrs. Hines Clark; Right spirit of Bible study, Mrs. Sam Bell. After the program Mrs. Beverly led the class in a general discussion of the lesson which we all enjoyed.—Pub. Supt.

REBEKAHS TO INITIATE

Two candidates will be initiated into the Rebekah lodge at its regular meeting here Friday night. The local degree team will perform the initiation work.

Official of the lodge are anxious to have a large attendance of all members.

Christian Workers Met At Allen Home Mon.

The regular monthly meeting of the Workers Conference of the Christian Church was held Monday night at the home of C. V. Allen.

The regular business meeting was held along with a social hour. A special feature of the meeting was an address from Rev. Al B. Nelson, pastor of the Quannah Christian Church, on stewardship. About forty scenes of missionary work in India were flashed on a screen in showing the missionary work that is being supported by the Quannah church. This church supports a mission station with two full-time evangelists and they favored the Quannah church with pictures that were shown here.

The next meeting will be held at the home of Frank Crews on April 14th, Monday night.

ADELPHIAN CLUB

Members of the Adelpian Club met in the home of Mrs. L. A. Andrews on March 5, with Mrs. A. Y. Beverly leading. Feminine Texas poets and novelists and their works were discussed during the study hour. The writers of fiction discussed were Ann Austin and Dorothy Scarborough. The latter's latest book, "Can't Get a Redbird," was reviewed. This is a novel as virile, firm and rich as the black lands of Texas with which it has to do. The scene is laid ten miles north of Dallas. The theme is the old, old one of a man's and a woman's love for each other, and their struggle to establish themselves in life. Miss Scarborough failed to measure up to a former novel, "The Wind," with this book.

Writers of verse discussed were Grace Noll Crowell and Carl Wilson Baker. A number of lovely poems were read from each of these well known poets.

An attractive refreshment plate was served to club members.—Reporter.

SCHOLARSHIP SOCIETY TO BECOME LIBRARY CLUB

The Grammar School Scholarship Society, which consists of those on the honor roll the past six weeks, met Tuesday afternoon, March 11th, and made their decision about the kind of club they are going to be for the next six weeks. They had their choice of being a drama club, a nature study club, or a library club, and since they have already been the other two, the last named was chosen. They will meet each Tuesday afternoon and spend thirty minutes in the library, browsing among the books, getting acquainted with the library, and reading or looking at pictures as they choose.

Sam Crews, Jr., was elected president of the club, and Lida Sue Crowell has previously been elected to the office of secretary and remains in that office.—Reporter.

BROTHERHOOD TO MEET

The Men's Brotherhood will meet Monday evening at the Baptist Church for the purpose of completing the organization. At the Men's Banquet a committee was appointed to recommend officers to be elected at this meeting. The committee has done fine work and have their recommendations ready. It is hoped that every member will be present at this meeting. All present at the Banquet went into the organization enthusiastically and we believe a move is started that will be a blessing to our entire town through the efficient work the Brotherhood will do. A male quartet will sing, luncheon will be served and a good time is predicted.

BRIDGE PARTY

Mrs. F. L. Butler entertained a number of her friends with a bridge party Saturday night. Four tables were arranged for the games.

F. L. Butler and Mrs. Roscoe Eubanks won high score and G. H. Williams and Mrs. J. B. Smith, won low score.

A turkey dinner was served to the following: Mr. and Mrs. Lewis Ballard, Mr. and Mrs. Roscoe Eubanks, Mr. and Mrs. J. B. Smith, Mr. and Mrs. Pruden, Miss Mabel McMurry, Miss Susie Tye, Miss Nora Banister, Miss Louise Eubanks, G. H. Williams, Bernard Furr, Thomas Smith, F. L. Butler and the hostess.

WIMODAUSIS

The community club met February 19, at the home of Mrs. Agnes McLaughlin with Mrs. George Cates as hostess. A very interesting lesson on "Parliamentary Law," was led by Mrs. Jim Cates. Ice cream and cake were served to club members and Mesdames Georgia Pittillo and Thomas Hughton.

On March 5, Mrs. Frank Cates was hostess to the club at the home of Mrs. Jim Cook.

Mrs. Kelly Erwin led the study on "Spring Gardens." The subjects, "How I Have an Early Garden," and "The Value of Hotbeds and Cold Frames," were discussed. Mrs. Tom Russell gave some very helpful hints on pruning and staking.

A demonstration on the making of hotbeds and cold frames was given by Miss Freeman.

A very entertaining radio program was enjoyed during the social hour. St. Patrick's Day colors were used in the refreshment plate which consisted of brick ice cream and angel food cake. Nine members and Misses Annie Rettig and Virginia Freeman were present.

Members of the club and their husbands were entertained at the home of Mrs. Tom Russell, on March 5th, with Mesdames Russell and Jim Shook as hostesses.

Contests and games provided the entertainment for the evening. Mrs. Roy Steele had planned the entertainment for the children which

they enjoyed very much. A lovely refreshment plate consisting of sandwiches, potato chips, angel cake and ice tea was served.—Reporter.

MARGARET BAPTIST CHURCH

The Baptist Church of Margaret will have a get-together meeting on Friday night, March 14, at the church house. Members are urged to be present. The program will be as follows:

- Song—Loyalty to Christ.
 - Prayer.
 - Scripture reading—92nd Psalm.
 - Duet.
 - Aim of Get-Together—Mrs. Curtis Bradford.
 - Talk—S. B. Middlebrook, Sr.
 - Special quartet—By boys.
 - Life Measurements—C. T. Murphy.
 - A Profitable Life—Mrs. John Short.
 - Reading—Fay Ingie.
 - Joy of Finished Life—W. S. Carter.
 - Song—God Be With You.
- At the close of the program refreshments will be served to all present.—Reporter.

FOARD CITY CLUB

The Foard City Club met on March 4th, at the home of Mrs. J. H. McDaniel with 12 members, 6 visitors and 1 new member.

Mrs. Gover was leader for the afternoon. Her subject was "Spring Gardens."

Miss Freeman talked on making hot beds and cold frames, which we were all very much interested in. After our business meeting had adjourned Mrs. McDaniel served angel food cake and hot chocolate.

Our next meeting will be on March 18, at 2 o'clock at the home of Mrs. F. C. Borchardt.—Reporter.

Letter Regarding—

(Continued from Page 1)

ing the months of March and April, or to fish with any artificial bait of any kind in the fresh waters of this State during the months of March and April. Any person violating any of the provisions of this Article shall be deemed guilty of a misdemeanor and shall be, upon conviction, fined a sum of not less than twenty (\$20.00) dollars nor more than one hundred (\$100.00) dollars. This article shall not apply to any artificial lake, pond or pool, owned by any person, firm, corporation, city or town, that does not have as its source of water supply a river or creek or is not subject to overflow from a river or creek.

"For your further information the question submitted to the Attorney General and his reply thereto is published in full.

"Attorney General, State of Texas, Austin, Texas.—Crowell, an incorporated city, has a municipal waterworks containing an artificial lake caused by an earthen dam constructed across a dry branch. City authorities have opened said lake to the public for fishing purposes. Under the fish and game laws considered in connection with Article 951, Penal Code, is one subject to fine upon catching game fish? Reply: "Your City Attorney has requested that this department advise you construction of Article 951, Penal Code, relative to fishing in your municipal lake for game fish during March and April. You are advised that Article 951 expressly exempts artificial lakes of corporations, cities and towns, and is therefore not applicable to your city lake.—R. D. Cox, Assistant Attorney General."

"Therefore you should not be greatly alarmed on reading the warning, nor treat it very seriously. A person has to violate the law before he or they are subject to punishment. "C. T. Schlagal, Mayor."

Declamation Contest At Auditorium Tues.

The public is urged to attend the finals in the declamation contest of the Crowell schools to be held at the high school auditorium on Tuesday, March 18th.

There are a larger number of students entered in the declamation contest this year than ever before and the contest should be one of real interest.

Prior to the program Tuesday night, eliminations will be held for the different classes of the school. Winners to be determined Tuesday night will be senior girls, senior boys, junior boys, junior girls, sub-junior boys, sub-junior girls, and the tiny-

Don't Be Surprised

If the write-up or ad that you submit to the News late Wednesday afternoon or Thursday morning is not published.

One who is not acquainted with the newspaper business cannot realize the rush that results, especially in the mechanical department, on Wednesdays and Thursdays, or rather press day and the day preceding it.

Please don't wait until the last minute to submit your item or ad. The paper is delayed in getting off the press and inconvenience in general is caused. We surely appreciate the write-ups we receive on social functions, church activities and other matters, and the kindness of many firms that submit the copy for their ads early in the week.

However, in respect to hundreds of subscribers, we are going to do our best to keep the paper from being late in getting off the press, even if we have to sacrifice some good advertising money to do so.
