## CROWELL WINS OVER SEYMOUR BY 33-2 SCORE

Crowell Wildcats defeated Seymour 33 to 2 at Seymour last night in the first conference game of the season for Crowell and the first for Seymour, since that team lost to Megargel 0-0 the week before.

Crowell was the complete master throughout the contest and the Panthers nearest threat at a touchdown in the last quarter when they let their only pass on Crowell's to place the ball on Crowell's 45 yard line. On the next four consecutive downs Crowell threw Seymour for a total loss of 30 yards took the ball on the 46-yard line.

Wildcats scored their first touchdown in about the middle of the first quarter when Middleton hit D. Todd for a gain of 45 yards and a touchdown. Crowell's pass for the extra point was blocked.

Another touchdown was made in the second quarter when Mullins went left tackle for 50 yards. Middleton hit the line for the extra point. Crowell 13, Seymour 0.

Score was made by either team in the second quarter, although Mullins threatened to score a few yards.

The third touchdown came in the middle of the third quarter with a run of about 45 yards by Mullins through the left side of the line. Two times previous to this run Mullins made runs of 35 yards and 8 yards, but on each occasion Crowell intercepted the runner.

Off-side and the runs were called and Crowell was penalized for a total loss of ten yards before Dick Mullins' plunge at the line and the extra point failed. Score 19-0.

Seymour's only score came in the second quarter when they punted to Middleton, who played safety. Middleton fumbled the ball near the goal line, and he was downed behind the line for a safety. Score, Crowell 20, Seymour 2.

Seymour's fourth touchdown came in the last quarter as the result of a run from Mullins to D. Todd for 40 yards and a touchdown. D. Carter again drop kicked the extra point, making the score 27-0.

Further threats to score were made by either team.

Crowell intercepted four Seymour passes during the game.

The starting line-up for Crowell: Crowell, left end; J. Todd, left tackle; Gibson, left guard; Allee, center; Smith, right guard; Womack, right tackle; Carter, right end; D. D. Miller, left half; Fox, left half; Mullins, right half; Middleton, fullback. Crowell substitutions: L. Carter, right end; Callahan, left half; Callahan, right half; L. Carter, right end; Fox, right end.

A number of Crowell fans accompanied the team to Seymour. The pep squad was carried to the stadium by George Cates in his truck.

The condition of Ragsdale Lanier who is in the St. Paul Sanitarium at Dallas, is considerably improved. Last Thursday afternoon his father, J. H. Lanier, was called to Dallas as the result of his condition becoming serious. He is still with his son.

Ragsdale suffered an injury to his right eye several weeks ago while at work on the highway west of Crowell. Something got into the eye that caused a rising and considerable trouble has been experienced from it.

Latest reports indicate that he is recovering rapidly.

## MISS EDITH GRAHAM IS MARRIED TO AUSTIN MAN

Miss Edith Graham, daughter of Mr. and Mrs. Clyde Graham of Margaret, became the wife of Walter Weachter of Austin in a wedding at the First Congregational Church in Austin Saturday, Oct. 3, at 3 p. m.

Mrs. Weachter is a graduate of the University of Texas in 1930 and has since taught in the schools of Hico, Texas. She plans to finish teaching this term of school.

Mr. Weachter is a young Austin business man and is also a former student of the University of Texas. The young couple will later make their home at Austin.

Only a few relatives were present for the wedding.

## SPECIAL TERM DISTRICT COURT OPENS MONDAY

The following men have been summoned as jurors for the special term of district court that is to open here Monday morning: W. P. Hunter, J. H. Ayers, John Rason, E. M. Gamble, J. M. Marr, W. B. Griffin, G. W. Seales, E. G. Grimley, S. T. Knox, J. L. Rennels, C. C. Wheeler, Frank Weatherall, J. S. Owens, Geo. D. Self, R. A. Rutledge, T. F. Hughston, Herman Greening, R. S. Whitten.

A. W. Lilly, J. N. Johnson, T. E. Womack, T. F. Welch, S. L. Sanders, C. C. McLaughlin, E. M. Key, S. M. Tole, T. L. Ward, W. R. Moore, B. D. Webb, C. C. Wisdom, Roy C. Stoele, W. A. Dunn, A. H. Martin, J. C. Norman, H. H. Crisp, R. N. Beatty Jr.

During the September term of court, which came to an end Sept. 25, Judge W. N. Stokes granted a motion for postponement in the four cases against Que R. Miller and called a special term of court, beginning Oct. 12, to try the cases and others remaining on the docket.

## Services at Baptist Church Conducted by Different Preachers

A different Baptist preacher is conducting services at the Baptist Church here each evening this week. Rev. W. A. Reed of Thalia filled the pulpit Monday evening; Dr. E. F. Lyon of Vernon, Tuesday; and Rev. Frank McNair of Lockett, Wednesday. Rev. Guy Bellamy of Rock Crossing, Rev. Frank Pierson of West Vernon and Rev. McKinley Norman of Quanah are to complete the services for the week, although the order of their appearance has not been given.

The services are being conducted at 7:30 o'clock each evening.

## OPERATE ON TWO FOR APPENDICITIS AT LOCAL HOSPITAL THIS WEEK

Miss Annie Lu Rettig, daughter of Mr. and Mrs. E. J. Rettig of the Four Corners community, underwent an operation for appendicitis at the local hospital Sunday morning. She is getting along nicely.

Bryan Blevins was operated on for appendicitis Tuesday afternoon. His condition was very serious for a time but has improved considerably.

## Garden Specialist to Give Demonstration Here Wed., Oct. 14

A sub-irrigation and hot bed demonstration will be given next Wednesday, October 14, at the home of Claude Dodd, in the northeast part of Crowell. Mr. Rosborough, garden specialist of the A. & M. Extension Service, will have charge of the demonstration which is to start promptly at two o'clock.

Miss Dosca Hale, home demonstration agent, is urging all club women and anyone else interested to be present at that time. The proper method of constructing and laying plaster lathe for sub-irrigation along on hot beds and other matters, will take place.

## BREAK INTO GARAGE

The Canup Garage at Foard City was broken into Sunday night and about eight gallons of oil and some candy and other items were stolen. The robbers gained entrance by breaking through a window.

## TURKEY GRADING SCHOOL TO BE HELD IN CROWELL NOV. 2; COUNTY AGENT URGES SPECIAL FEEDING

Arrangements for a turkey grading school in Crowell on Monday, November 2, have been made by Fred Rennels, county agent. Paul Cunyus of the A. & M. College Extension Services will conduct the one day school which will be held at the Johnson Feed Store.

All turkey growers will have an opportunity to learn how to grade live turkeys and how to kill and dress the birds so that they will please the consumer and bring a better price as a result.

It seems that turkeys may bring a fair price during the coming Thanksgiving and Christmas market, judging from the reports on the amount of cold storage and the present crop.

County Agent Rennels is stressing the importance of properly feeding turkeys at the present time. "Turkeys must have feed to produce flesh, fat and bone," he states. "Grains make fat, but grains alone will not produce the best finish. They must be supplemented by milk or by meat scraps to grow flesh and by bone meal to grow bones."

A good ration to feed for four weeks before marketing to secure a good finish has been given by Mr. Rennels as follows:

- 60 lbs. of corn meal, or milo, hegari, fetterita or kaffir.
- 20 pounds of ground wheat.
- 10 pounds of meat scraps.
- 4 pounds of bone meal.
- 1 pound of salt.

If there is plenty of skim milk for the flock the meat scraps may be left out. This mash should be available in hoppers before the turkeys at all times and the water vessels should be near by and kept filled. In addition to keeping the mash in hoppers, five pounds of mash per hundred turkeys, moistened with milk or water, should be fed daily.

At night all of the grain they will eat should be fed, but care should be taken not to have too much of this grain composed of oats and barley.

Turkeys fatten more quickly when confined to a small area but range turkeys may refuse to eat when they are confined too suddenly, so it is best to accustom them to feeding near the house before penning them, according to Mr. Rennels.

At selling time the raiser will get a better price if he will divide his flock into four groups. The best birds should be marked so they can be kept as breeders; the finished ones should be penned and sold; the late hatched birds should be saved for further feeding and late marketing as should the ones showing pin feathers and lack of flesh. The ones that have crooked breasts and that are deformed should be eaten or canned.

A good healthy, partly grown turkey will produce a pound of flesh for every five pounds of feed he eats. Feed is cheap and it will be a good investment to feed the flock and make them command the highest price at market time.

## Commander of Legion

Henry L. Stevens, a country lawyer of North Carolina, was elected head of the American Legion at the Detroit convention.

Mr. and Mrs. T. Preece of New York City were in Crowell this week in connection with a business visit by Mr. Preece who is associated with his father, Godfrey Preece, as dealer in polo ponies. He purchased a pony from Shirley & Offield.

Mr. Preece has bought horses here a number of times before and has had them shipped to New York City, where they have been sold to wealthy men of the East.

The Preece stables are located at West Bury, Long Island, and are among the most famous in the country.

## APPENDICITIS OPERATION PERFORMED ON GUY TODD

Guy Todd, son of Mr. and Mrs. Jeff Todd of this city, underwent an operation for appendicitis at a Fort Worth hospital last Friday night. Mr. Todd and son, John, and Francis Todd, a cousin of Guy, returned to Crowell Sunday after leaving here Friday night after receiving word of the operation. They reported that Guy was getting along very nicely.

The operation practically eliminates Guy from further participation on the Freshman football team of Texas Christian University this year. Guy was making good in practice on this team and was playing quarterback on it. However, he should be ready to go as good as ever when the 1932 season rolls around.

## Polo Pony Buyer of New York Is Visitor

Mr. and Mrs. T. Preece of New York City were in Crowell this week in connection with a business visit by Mr. Preece who is associated with his father, Godfrey Preece, as dealer in polo ponies. He purchased a pony from Shirley & Offield.

Mr. Preece has bought horses here a number of times before and has had them shipped to New York City, where they have been sold to wealthy men of the East.

The Preece stables are located at West Bury, Long Island, and are among the most famous in the country.

## DISTRICT RACE GATHERS SPEED IN GAMES FRI.

In meeting Archer City this Friday and Chillicothe on Friday of next week and with both games being played away from home, the Crowell Wildcats are facing the most difficult task that has yet confronted a football team in the district.

Both opponents are rated as leading contenders for the district championship and to meet such stiff competition right together provides a mighty test for any team. While Crowell is battling Archer City, Chillicothe will no doubt be taking matters as easy as they please in playing Megargel at Chillicothe and should be in tip-top shape for the feature contest with Crowell on the next Friday.

Wildcats meet Wildcats when Crowell and Archer City start the fur flying Friday afternoon, since both teams represent the same animal name.

Archer City seems confident of a victory, according to a news story in the Wichita Falls Record-News Wednesday. In part the article stated: "Archer City fans are confident that the Archer High Wildcats possess a team that will not only win Friday's game, but the championship of Class B in District 3. The players are confident that they will put every ounce of their power and skill in Friday's game. Coach Bill Cooper has spent the forepart of the week in working his fiery kittens on smoothness in action, forward passes and in mystifying plays that have been very satisfactory to Coach Bill."

## Other Games

There are two other games in the district this week with Olney playing Burk Burnett and Chillicothe playing Megargel. Both Olney and Chillicothe are rated along with Crowell and Archer City as the strongest teams in the district and each should have little trouble in winning their games this week.

This will be Olney's first district game, the third for Archer City and Megargel and the second for Crowell and Chillicothe.

Chillicothe defeated Munday 45 to 0 last Friday; Archer City beat Megargel 38 to 0; Burk Burnett beat Fairview 13 to 0 in a practice game; Olney beat Bowie 52 to 0 in a non-conference game and Crowell beat Seymour 33 to 2.

The district standing at present follows:

	Won	Lost	Tied	Pct.
Archer City	2	0	0	1000
Crowell	1	0	0	1000
Chillicothe	1	0	0	1000
Burkburnett	1	0	0	1000
Seymour	0	1	1	250
Megargel	0	1	1	250
Munday	0	1	0	000
Olney (No game played yet.)				

## HERE FROM BOSTON

Mr. and Mrs. E. B. Garlinghouse and little daughter, Joan, arrived in Crowell Monday night from Boston, Mass., where Mr. Garlinghouse has lived for the past 14 years. This is the first time that he has been in Crowell for eleven years. He is the son of Mr. and Mrs. C. B. Garlinghouse and is visiting them now.

Mr. Garlinghouse has been engaged in the radio business during his residence in Boston and is now selling radios and electric refrigerators in the Southwest. His headquarters are in Dallas, but he plans to stay here temporarily.

He stated that the distance from Crowell to Boston was 2,102 miles and that the trip was easily made in seven days.

## DEMONSTRATION CLUBS HERE TO EXHIBIT NOV. 7

"Achievement Day" for home demonstration clubs of Foard County, which was originally scheduled for November 4, has been postponed to Saturday, Nov. 7.

At that time it was planned to have ten booths containing exhibits of home demonstration work from the ten home demonstration clubs of the county on display in some Crowell building.

Each club is to be responsible for one booth, however, each club is urged to have an exhibit in all of the booths. Each booth is to be different. Booths covering such subjects as canned goods, 4-H pantry, thrift, rugs and mats, sewing and reports, dairy products and others will be on display.

Fred Rennels, county agent, is also arranging for exhibits in connection with the Boys 4-H Club work of the county. It is planned to have products they have grown and their dairy stock on display at that time.

## BIRTHS

To Mr. and Mrs. C. H. Bates, Foard City, Sept. 27, a girl.

To Mr. and Mrs. W. C. D. Odell, Crowell, Oct. 1, a boy.

To Mr. and Mrs. Carl Howry, Oct. 2, a boy, W. C.

## MRS. CAMERON DIES

The Wm. Cameron Co., lumber firm of this city, was closed all day Wednesday on account of the funeral of Mrs. Flora B. Cameron, 73, at Waco. She was the widow of Wm. Cameron, who established Wm. Cameron Co. Her death came Sunday at Buffalo, New York, while she was visiting relatives.

She came to Texas shortly after her marriage in 1875 and it was in that year that Mr. Cameron established his first lumber yard in Waco. He died in 1899.

There are now about ninety Cameron yards in Texas and Oklahoma and all closed for Mrs. Cameron's funeral.

## Dairy Ration For Good Production in Dry Weather Given

By Fred Rennels, Co. Agent

A good dairy ration consisting of the following grains make an excellent feed and if fed properly will help keep the production up during the dry weather when there is little or no green feed:

- 200 pounds of finely ground wheat.
- 200 pounds of ground oats.
- 200 pounds of ground barley or milo, hegari or kaffir.
- 100 pounds of cotton seed meal.
- 2 1/2 pounds of salt.

Care should be exercised in starting cows on any change in ration. The above mixture should be fed to the average Jersey cow at the rate of 1 pound of the mixture to each 2 1/2 to 3 pounds of milk that she is producing.

Plenty of green feed produces the cheapest milk possible. One man stated a few days ago that he was worrying about what he was going to do about some green feed when he decided to cut some of the maize stalks after the heads had been gathered to feed his cows. His cows produced more milk by getting the small amount of green food provided by the stalks.

## EDITOR PERSONALLY ASSISTS IN MAKING CLASSIFIED AD PAY

Classified ads in the News have been instrumental in recovering many lost items and while the News does not guarantee to get out and find the items personally, yet that was the case last week. Mrs. Roy Ayers advertised that she lost a string of beads between the polo grounds and Crowell. The day after the News received the ad, the editor himself happened to be driving along this route and found the beads half covered with dirt in the middle of the road.

## New Chinese Minister

Dr. W. W. Yen, former premier, has been appointed in place of Dr. Wu, who has resigned. Dr. Yen refused the post twice.

## Cierro Smith Co. Moves Stock of Thalia Yard

The entire stock of the Cierro Lumber Company at Thalia is being moved this week, with most of the stock being brought to the local Cierro Smith yard. All the lumber will be placed here while the shingle mill is being moved to the new site. The shingle mill was carried to the Cierro Smith yard from the local yard. Mr. Ricks, manager of the Thalia yard, will move to Crowell as soon as the moving of the stock has been completed and will serve as assistant manager here under R. J. Roberts. The yard was established in Thalia in the summer of 1929 following the discovery of oil near Thalia. In 1930 the Crews-Long Hardwood Co. of Thalia was purchased by Cierro Smith and its stock was combined with the lumber yard.

## Does 6 1/2 Miles a Minute

Flight Lieutenant G. H. Stainforth flew at the rate of over 404 miles an hour down wind in British speed test, Calshot.

Blevins and family, Mr. Baker and family and Mrs. H. Speck of Foard City; Mr. and Mrs. E. W. Burrow and Mr. and Mrs. Albert Dunagan of Gambleville; Mrs. Baty, Mrs. Truett Neill, Ora and Margie Davis, Frank Lambert and family and G. A. Shultz of Rayland; Mr. and Mrs. Oswald Haynes, Onita Derrington, Bertha Dunson, Elmer Key and family, Roby Crisp, Eula Maye Gregg and Mrs. Pete Gregg of West Rayland, and others whose names we failed to get attended singing here Sunday afternoon.

Roscoe Winz of Charleston, S. C., had made a 50-mile dash by automobile to have an error in his wedding license corrected so he could marry on the day set.

Annoyed by whispering in his court during sessions, Judge H. B. Anderson of New York has announced that whisperers will have to pay 25-cent fines hereafter.

Five grandsons of John Silver of London will share \$15,000 provided they do not drink or smoke or be vaccinated within 20 years.

### World's Largest Airship Makes Test Flight

The United States Dirigible Akron flew from its home field outside of Akron to Cleveland and back on its first flight with 113 persons aboard. More than 150,000 spectators turned out at the field to watch the new battleship of the skies start on its maiden trip. The ship and its hangar extended more than a third of a mile when the above picture was taken.

Fireman called to the burning home of Ione Lombardi in Ancona, Italy, discovered there was no water supply, so they attached a hose to a large barrel of wine and with this substitute saved the house.

Convicted of stealing an automobile, Donald Saxman of Coldwater, Mich., was sentenced to attend church services regularly for five years.

Catherine Daly of Chicago has decided to marry Constantine Ehrman a chef whom she sued a few years ago after he broke their engagement because she criticised his pies.

Pea Ridge Day, Brooklyn pitcher, jumped into a pool of goldfish in a hotel lobby, new suit and all, when his teammates offered him \$11 to do it.

In Kinston, N. C., William Albrecht in seven days ate an automobile seat, a hollyhock row, a pair of jamas, two days' mail, 17 hens, a prayer book and three rows of sorted flowers.

James Morse of Chicago was in breach of promise suit brought by Miss Katherine Freddill when he notified that she "cracked jokes" at father's funeral.

**DIVIDEND CHECK**  
TO WEST TEXAS, June 15, 1931

Pay to the order of **YOU** \$ 60% REDUCTION

*a 60% Reduction in Electric Service Costs*

**West Texas Utilities Company**

## These Annual Dividend Checks have reduced Your Electric Bill 60% since 1923!

AS an electric customer of the West Texas Utilities Company, you have received each year a substantial dividend—paid to you merely because you are a user of electric service! These annual dividends, in the form of reduced rates for electric service, have been made possible through efficient utility management, finance and operation. Since 1923, the year in which the West Texas Utilities Company was organized, these rate reductions have saved customers of this company a stupendous sum.

The West Texas Utilities Company has been in existence as a corporation for nine years—and during this time the average electric rate of the territory served has been reduced over 60%. You have reaped the benefit of this substantial reduction—by way of a lowered bill or through a greatly increased use and enjoyment of the comforts and conveniences of electric service.

In past years, many of you paid as high as 20 cents per kilowatt-hour for electric service in your home. Reductions made in the domestic or residential rate alone have amounted to 53%, and you are now receiving a more dependable and higher type of service at an average rate of less than 6.5 cents per kilowatt-hour. When you realize that this reduction has been accomplished in the short span of nine years, and that it has been made in a territory of small and widely scattered towns and communities, you will appreciate the magnitude of the task accomplished for you by the West Texas Utilities Company.

*Electricity is your cheapest servant. It will work for you hour after hour—day after day—for an entire salary figured in pennies! Under the present modern rate schedule of this company, your additional use of service is billed at a surprisingly low rate, and adds but little to your regular bill.*

**Do You Know?**

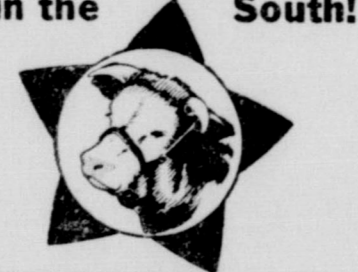

- ... that electric service is the only item in the household budget that has decreased continuously since 1913?
- ... that the cost of electric service represents less than 2c out of every dollar of the average family's household expenses?

well a girl. Mother and daughter
are doing well.
The Missionary Society will have
an all-day quilting next Friday at
the Methodist church. It is hoped
all interested persons will be pres-
ent and ladies are requested to bring
a covered dish, as lunch will be
served at the church.
Mrs. Carlton Browder who has
been visiting her parents at Boon-
ville has returned home.
Mr. and Mrs. Tom Westbrook
and family visited relatives in Munday
last Sunday afternoon and Mr.
Westbrook drove on to Goree to at-
tend the ball game.
Mrs. J. M. Young was ill this past
week, but at this time is much im-
proved.

GILLILAND

(Knox County)
By Special Correspondent
Mr. and Mrs. Bernie Welch and
family of Vera spent Sunday with
Mrs. Welch's parents, Mr. and Mrs.
Oscar Miller.
Mrs. Hogan returned Saturday
from Hamlin where she has been the
past two weeks under treatment of
a doctor.
Miss Avis Williams of Benjamin
spent the week-end with homefoks.
Dan E. Horne was a Benjamin
visitor Monday.
D. L. Patton made a business trip
to Knox City Wednesday evening.
Mr. and Mrs. Brown and son spent
a few days with relatives in Stam-
ford last week.
F. B. McQuire made a trip to Lub-
bock Sunday after his daughter who
had gone there to school this term.
Her mother is very sick.
Audavee Hogan was in Seymour
shopping Saturday.
L. B. Baty was in Crowell Satur-
day on business.
Mrs. Williams of Marlow, who has
been visiting her son, H. H. Will-
iams, has returned to her home.
Theodore Laquey and family have
moved to Quanah.
Mr. and Mrs. M. E. Ryder enter-
tained with a party Saturday night.
Mrs. L. B. Propps, who has been
very sick, is much better.
Arthur Propps has been down on
the ranch for several days helping
with the round-up.
Ed Feemster and family spent
Sunday evening in Vera.
The Crowell pep squad came
through our city Friday night on
their return from the football game
at Seymour.
There has been quite a few farm-
ers stopped picking cotton and they
are going to leave it in the field un-
til the price will pay them to gather
it.
Walter Coody of Guthrie was
through here Sunday.
The state health nurse met with
the ladies of the community Thurs-
day.
Mr. and Mrs. A. E. Propps of
Knox City visited relatives here
Sunday.
Mr. and Mrs. Joe Wheeler and
family of Benjamin spent Sunday
with Mr. and Mrs. W. J. Farris.
Mr. Ladd of Oklahoma has come
to act as ginner for the season.
Mr. and Mrs. Gallaway of Benja-
min visited H. H. Williams and fam-
ily Sunday, taking Miss Avis back
with them. She is employed as clerk
in his grocery store.
Arthur Ilseng was a Crowell vis-
itor Saturday.
Glover Medaris went to Stamford
Monday to receive treatment for his
teeth.
Glover Medaris' sister of Wichita
Falls visited them last week.

CLAYTONVILLE

(By Special Correspondent)
Boll pulling and water hauling are
very popular in this community.
Misses Annie and Lydia Belle Polk
were Vernon visitors Saturday.

tured Sunday when he jumped from
the car on which he was riding. He
is in a serious condition.
Ernest, Nelson and Bill Crisp of
near Post spent Saturday night and
Sunday with relatives here.
The young people were entertain-
ed with a party in the H. D. Lawson
home Saturday night.
Dewitt Edwards and family visited
in Iowa Park Sunday. They were
accompanied home by Mrs. Edwards'
sister, Miss Tommie Davis.
Those from this community who
attended the singing at Thalia Sun-
day were, Margie and Ora Davis,
Roby Crisp, Mr. and Mrs. Settles,
Mr. and Mrs. E. M. Key and chil-
dren, Jerlene and Elton, Mr. and
Mrs. T. F. Lambert and children,
Mr. and Mrs. Pete Gregg and baby,
Eula Mae Gregg and Dorothy and
Margaret Gregg, Bertha Dunson and
R. F. Derrington and family.
Mr. and Mrs. Louis Ivans of Pauls
Valley, Okla., spent the week-end

with her parents, Mr. and Mrs. A.
H. Martin.

Sleepy Feeling After Meals Due to Poison

A dopey, tired feeling is ALWAYS
a sign that waste food matter stays
too long in the bowels. It ferments
and forms gas. It breeds germs. It
is sure to poison heart, kidneys,
brain.
Adlerika washes out BOTH upper
and lower bowel. It brings out poi-
sons which cause gas, nervousness
and a dopey, sleepy feeling. It con-
tains no harmful drugs. Get Adler-
ika today; by tomorrow you feel the
wonderful cleansing effect of this
German doctor's simple remedy.—

Boys and Girls

Virginia Wester, 16, plans to earn
her way through Tex. Technological
College by setting up a riding stable
near the campus and hiring out her
mounts.
Ellen B. Posa won the 100-yard
handicap race for girls in the annual
Scottish games of the New York
Caledonian Club in Brooklyn.
Donna Rae Roth, 20 months old,
won the grand championship in the
baby show at the Central states fair
at Aurora, Ill.
Katherine DuBois of Staunton,
Va., has been awarded the United
Daughters of the Confederacy schol-
arship to Vassar college.
Mary M. Bell, 14 years old, of
Port Dalhousie, Ont., who swam
across the Niagara River just below
the falls recently, in only ten min-
utes, is the first girl to navigate
those treacherous waters.
Pauline Doran, 16, won the Brit-
ish girls' golf championship for the

second consecutive year recently by
defeating Dorrit Wilkins in the final
match two to one.

With a pair circulation of about
140 subscribers, the California Sun,
published by Barbara Marquis, 14-
year-old girl of Beverly Hills, Calif.,
has the distinction of being the
smallest newspaper in the world.

County officials in Toledo, Ohio,
stared in amazement when Lillie
Clark dragged sacks containing 500
silver dollars into their office and
said she desired to pay her taxes.

Four times San Vincent of New-
ton, Kan., shot himself in the head,
but surgeons found the bullets, all
flattened, against the bones of his
skull.

Edward Kettwitz of Grant County,
S. D., won a corn-eating contest,
eating 37 ears in 1 hour and 45
minutes.

Miss Sarah Bannister, 104, has
lived in the same house in Havant,
Eng., since she was born.

In just three minutes Charles Sims
of Detroit violated 15 traffic ordi-
nances, the charges ranging from
using the wrong side of the street
to drunken driving.

Motorists in Milan, Italy, are en-
couraged to drive quietly by pinning
leather medals to those who are
needlessly noisy with horns and ex-
hausts.

Scolded by his wife for being noisy,
Ronald Claven of Detroit cut off her
ear.

Crowell, Texas, October 9, 1931

THE FIRE DEMON

About 15,000 human lives and nearly half a billion dollars' worth of property are the toll of the fire demon in the United States every year, a terrible waste which results largely from carelessness.

Property losses from fire reached their highest point in 1926, amounting to \$561,980,751. Since then there has been an appreciable reduction in losses, the figure for 1929 being \$473,574,019. It is probable that the educational campaign for fire prevention which is being carried on by insurance companies and various safety organizations is largely responsible for the better showing made in the last three or four years.

Fire Prevention Week, observed in October of each year, serves to bring to public attention the desirability of using every precaution to reduce fire hazards. But fire prevention is an all-year problem, and all possible means should be employed to impress upon everyone the necessity for constant vigilance and carefulness during the other fifty-one weeks as well.

Fires are bound to occur in spite of efforts to prevent them, but they may be reduced to a minimum through the observance of a few common sense rules determined by the circumstances in each case. In addition, everyone should avail himself of the protection afforded by insurance. Not to do so is the height of folly.

CONQUERING DIPHTHERIA

Except through ignorance or neglect no person need die from diphtheria in future, according to Dr. Harrison of the National Institute of Health, who recently described the wonderful effects of toxoid immunization, the latest method of preventing this once dreaded enemy of childhood.

Toxoid was first introduced by Prof. Ramon of the Pasteur Institute in Paris, but credit for developing it to its present efficient state is given to Dr. William H. Park of New York, who is said to have done more to wipe out diphtheria than any other living man.

A course of two or three treatments by the toxoid method makes children immune in nine cases out of ten. Toxoid is non-poisonous and

entirely harmless, no case of injury having ever been known to result from its use.

While diphtheria antitoxin has been employed with much success for many years, the new method of treatment is declared to be far superior to any heretofore developed. Dr. Harrison considers it the greatest health discovery since Jenner's introduction of vaccination against smallpox. He predicts that diphtheria will entirely disappear within a few years.

WHEN DANGER LOOMS

It is a sad commentary on present day intelligence that we are killing human beings at the rate of 55,000 a year and wounding 900,000 more in automobile accidents in the United States. Most of these deaths and injuries could be prevented by the exercise of reasonable caution by drivers on our streets and highways.

While many accidents are due to sheer recklessness, a large percentage are caused by defective car equipment. This is especially true with respect to brakes. Even the most careful driver is helpless if his brakes fail to function in an emergency.

Some pertinent observations on this subject are made by W. T. Palmer, an official of the company making Rusco brake linings, who has been making a nationwide survey of the automobile accident situation. He says:

"Driving instinct forces your foot down on the brake pedal when a car, truck, traffic light or other obstacle looms ahead, and this automatic action on your part usually takes place before your brain has had time to analyze the situation. This instinctive impulse puts on your brakes the burden of saving your life by acting more quickly than your deliberate thought could direct your hands and legs to act. If your brakes are out of adjustment or worn they can not possibly give you the protection they are designed to give. The intelligent motorist, therefore, gives his brakes a break by keeping them in perfect adjustment and having them relined when dangerously worn."

Few persons would risk their lives in an airplane which they knew beforehand was defective in any of its essential working parts, yet thousands venture into traffic with defective automobiles, that so many meet disaster is the direct result of such stupidity.

GOVERNMENT SALARIES

Some interesting facts respecting the salaries of high government officials are given in a recent publication by the George Washington Bicentennial Commission, which notes that Washington's salary of \$25,000 a year was the pay of all Presidents until 1873, when an increase to \$50,000 was made. In 1909 the present salary of \$75,000 was authorized by Congress.

Cabinet officers in the early days received what would be considered very meager pay today. Thomas Jefferson drew only \$3,500 a year as secretary of state; Alexander Hamilton drew the same as secretary of the treasury; General Knox, the first secretary of war, received but \$3,000, and the attorney-general had a part-time job with little pay. These four were the only cabinet officers from 1789 to 1799.

Members of Congress received no regular yearly salary in the early days, but were paid \$6 a day when actually attending sessions. In 1816 a salary of \$1,500 a year was provided, but this was repealed the following year and \$8 a day for actual service was established as their compensation. In 1856 the pay of members of Congress was fixed at \$3,000; in 1866 at \$5,000; in 1875 at \$7,500, and in 1925 at \$10,000.

Leading movie stars, prizefighters, baseball sluggers and columnists would sniff at all these salaries, except that of the President, and many of them make, even if they do not earn, much more than is paid the nation's chief executive.

New G.A.R. Chief

Samuel B. Towne, of Philadelphia, enlisted in the Pennsylvania cavalry when 18 and served under Sheridan.

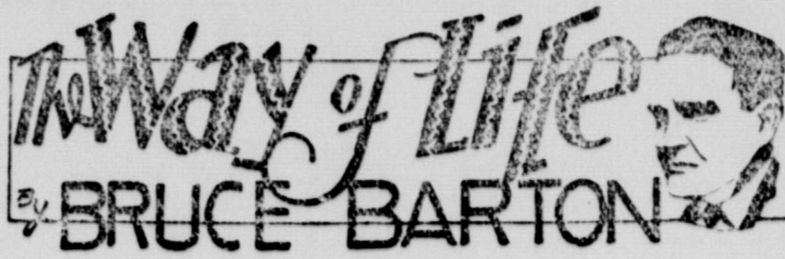

Menard County's sixty year old jail is to be preserved as a public library and community house after being remodeled.

Big Spring service clubs conduct inspection tours through the industrial plants of the city, and among other things members learn how oil is refined, electricity is made, locomotives are repaired, and ice manufactured.

A \$25,000 Armory building is under construction at Amarillo.

Excepting coffee and sugar, an entire menu of home products was served at a chamber of commerce luncheon in Pampa, Texas, recently.

The biggest coaching school in the United States this year was held at the Texas Technological College at Lubbock the first part of August, with three hundred coaches in attendance.

PERSONNEL

The head of a trust company was describing the extraordinary growth of their business.

More and more estates are passing into the hands of trust companies. The capital funds of these estates are invested not only in bonds and mortgages but in the voting stocks of the country's leading corporations.

If the process goes on at the same rate for another twenty-five years the trust companies will control a large proportion of the United States.

"Your problem is personnel," I said to the banker.

"That's our only problem," he answered.

"How are you solving it?"

"Well, we try to pick the smartest young men from the colleges, men who have majored in economics and finance. We start them in at the bottom and let them fight their way up. Some drop by the wayside, but the survivors develop into very good men."

I told him I thought they were omitting one very important step in the process of training.

"After your young man has had two or three years' experience in the bank, you ought to pull him out and send him into the heart of the country," I said. "Make him spend a year or two clerking in a country store. Insist that he live on what he earns."

"When he comes back to New York he will have some idea of how hard ordinary people have to work for their money. He will have a social, as well as a merely financial point of view. A dollar will never become merely a sign or a sum to him. It will represent hopes and fears, ambitions and defeats, human sweat and blood."

When it came time for me to go to college my father took me aside and said: "You have planned to go to Amherst, and I approve of the plan. But I want you to take your first year at Berea College in Kentucky, where I worked my way through." He added a sentence which I have never forgotten: "I want your sympathies to be always on the side of the men who have to struggle for what they get."

It was a wise and fine thing for a father to say to a boy.

I am one of those who believe that we are entering a period of great changes. No matter how big and strong an institution or an industry may be it is going to be tested. Those institutions will win out which are headed by men of broad, human sympathies; men who can see the other man's point of view because they have shared the other man's daily life.

It is a time of wonderful opportunity for young men. But they must get themselves education.

Not merely the education of books; the greater education of really knowing and liking their fellow men.

SIDELIGHTS

By MARCY B. DARNALL

Another striking illustration of the operation of the law of supply and demand was noted recently at Longview, Tex., where it is reported crude oil sold for 10 cents a barrel while drinking water brought 10 cents a gallon.

A church in South Bellaire, Ohio, operates a filling station which all members are asked to patronize. This may give some legislators the idea of imposing a special church tax on gasoline. It's taxed for nearly everything else.

Disregarding the fact that legislation in the past has not helped the farmer much two old ideas, the "equalization fee" and the "debtenture" plan, are being busted off for presentation to the next Congress by professional friends of the farmer.

Harry B. Thayer, retired telephone magnet, made this sage observation at the end of his long business career: "It is easy to fool yourself; more difficult to fool those you work with, and almost impossible to fool those who work under your direction."

Just how Deputy Sheriff Fowler of Oklahoma learned to drive with one hand is not pertinent to this story. But his ability to do so came handy recently. Driving with one hand and shooting with the other he pursued 2 bank robbers, killing one and wounding the second, besides recovering the \$3,700 they had stolen.

John Kane of Pittsburgh paints box cars for a living and pictures for recreation. One of his pictures won the Carnegie Institute prizes at an exhibition in his home city.

With so many government inspectors snooping about, it is quite easy for impostors to pull their stuff. In Nashville, bandit armed with a fake search warrant gained admission to two homes and stole several thousand dollars.

Taking names from a census list, officials in Marash, Turkey, summoned Haroun Kaka for jury duty. Haroun happened to be a camel enumerated through error, but his owner presented him in court in accordance with the summons. At that he may have been as intelligent as some jurymen we have met.

Advertisement for Phillips Milk of Magnesia. 'Reduce the Acid'. SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are overstimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips Milk of Magnesia; one harmless, tasteless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere. Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Get the genuine Phillips Milk of Magnesia, the kind physicians have prescribed for 50 years.

# Locals

George Self made a business trip to Dallas this week.

J. M. Hendrix of Quanah was business visitor here Monday.

The News has a good stock of cards board for Halloween decorations, etc.

J. Teaff of O'Brien is visiting the home of his daughter, Mrs. Lanier.

Mr. and Mrs. Jesse Owens and Ned and Lewis, of Vernon visitors here last week.

Mr. J. H. Hardburger of Littlefield is spending the week here, the wife of her sister, Mrs. J. H. Lanier.

Mr. and Mrs. Cleva Gunter and Mrs. West-Hardesty of Plainview were visitors here last week.

Mr. Barney Deason returned this week from Weatherford, Okla., where he visited her grandfather, who is seriously ill.

L. Hughston made a business trip to Fort Worth and Dallas the part of last week. He visited relatives in Plano and McKinney on way.

Mr. and Mrs. T. M. Johnston of Arlington and Rev. B. J. Osborn of the city left Thursday morning on a business trip. They return Friday.

"Passion Play," a picture of interest to old and young will be presented at the high school auditorium Friday night, Oct. 10. Admission is free, but a free offering will be taken, most of which goes to the local P. T. A. party.

J. H. Lanier Jr. returned to Crowell this week from Dallas, where he has been for the past few weeks.

The News received a renewal from Ed Address of Star Route, Wheeler, Texas, this week. Mr. Address said they didn't want to miss an issue.

Mrs. Ida Cheek, Mrs. T. S. Haney and little daughter, Sharon Sue, returned Thursday from Wichita Falls where they visited Miss Marion Cheek. Miss Cheek visited here Sunday.

Mr. and Mrs. J. H. Omohundro of Long Beach, California, and son, Thomas, of Whitesboro, Texas, visited a short time Thursday in the home of Mrs. S. O. Woods while on their way from Long Beach to Whitesboro.

Mr. and Mrs. B. W. Self and Miss Margaret O'Connell made a trip to Lubbock Sunday, where Mr. and Mrs. Self visited their daughters, Allison and Mary Frances, who are students in Texas Tech. They returned Monday.

John M. Hendrix, former Foard County resident, has accepted a position as a special representative in West Texas for the Community Natural Gas Company. He has served for over a year as secretary-manager of the Sweetwater Board of City Development.

The "Passion Play" in pictures, sponsored by the P. T. A., will be presented at the high school auditorium Friday night, Oct. 9. No admission is charged for the picture but a free-will offering will be taken which will go to the P. T. A. treasury.

Richard Lovelady returned to Crowell Wednesday from Muldrow, Okla., where he had taken his wife for a visit with relatives there. They made the trip to Muldrow from their home in Braxley, Calif., where Mr. Lovelady has lived for over a year. He married Miss Pearl Mader there on April 29, 1931.

Andy Walsh of Canyon, son-in-law of George Johnson of that place, accompanied by Mrs. Maggie Banister and Misses Mary Ragland, Thompson and Elsie Faye Roark came from Canyon last Saturday. Mrs. Banister, who has been visiting there for some time, will remain here, while Mr. Walsh and Misses Thompson and Roark returned Sunday.

Mr. and Mrs. Bob Belsher and daughter, Malola, returned Sunday night after an absence of several months during which time Mr. Belsher has worked at several different places, however, the last few weeks were spent in seeing California. They spent several weeks in Los Angeles in Southern California. They made the trip in their car.

For speeding on horseback Charles Collins and Charles Wagenseil paid fines of \$10 each in New York.

A woman drug peddler captured in Paris had cocaine concealed in her hair.

## GRID GOSSIP

(By Mack)

At last it has happened. A guesser has won twice in succession. In the past two years no one who won first in predicting the scores of the big football games succeeded in winning first in the trial given him the succeeding week. But Tom Reeder Jr. has at last broken this jinx. He won first in the last contest of last season and automatically became No. 1 guesser in the first contest of this season.

The writer also takes this opportunity to pat himself on the back for having picked Tom to win and the fact that last week he also stated that with the exception of the Oklahoma-Rice game, Brudge Andrews had made the best guesses and that, too, was correct.

Andrews guessed closest on three of the five games, while Reeder and H. K. Edwards guessed closest on one each. However, guessing the victors counts more than anything else and since Andrews and Doolen went wrong in picking Rice to beat Oklahoma, they were eliminated and with Andrews out of the way Reeder's guesses were better than the others. Merle Kincaid took second; Herbert Edwards, third; Brudge Andrews, fourth, and Jimmy Doolen, last.

Edwards came nearer guessing the exact score of a game than anyone else, predicting 20 to 6 on the Rice game with the actual result being 19 to 6.

Reeder's predictions and the actual results, with actual results and winning teams coming first follow: Texas-Missouri, 31-0, 19-7; Tulane-A. & M., 7-0, 26-6; Oklahoma-Rice, 19-6, 13-6; Baylor-St. Edwards, 23-0, 21-0; S. M. U.-Simmons, 27-10, 20-0; Tulsa-T. C. U., 13-0, 6-19.

Tulsa's victory over T. C. U. was the biggest upset of the day. Every guesser predicted T. C. U. to win.

Those predicting this week are: Tom Reeder Jr., 1; Gordon Gribble, 2; George Cates, 3; Frank Weatherall, 4; and Lee Black, 5.

Saturday's games and predictions follow:

Texas	13	21	12	6	12
Rice	0	0	6	0	0
A. & M.	12	7	7	13	7
Iowa	7	13	0	6	0
S. M. U.	20	33	18	18	18
Arkansas	7	6	6	6	6
T. C. U.	21	21	13	27	25
Austin College	0	0	0	0	0
Baylor	7	0	6	7	6
Centenary	6	14	7	0	13

All guesses alike as to winners with the exception of the A. & M.-Iowa and the Baylor-Centenary games. Gribble is the only person to predict a victory for Iowa. Reeder and Weatherall are the only persons to predict Baylor to beat Centenary.

It seems that Reeder has gone wrong this time and is expected to land near the bottom. Gribble seems to have the best guesses this time with the exception of the Iowa-A. & M. game. Lee Black is picked to win.

On paper Crowell and Archer City are very evenly matched for their contest Friday in Archer City. Seymour and Megargel tied each other two weeks ago. Archer City beat Megargel 38 to 0 last week while Crowell won over Seymour 33 to 2 and thus it seems that Archer City is a little ahead on comparative scores. However, it must be taken into consideration that Cooper did not play in the Seymour game due to an injured ankle and had he been in the tilt and playing up to his regular form Crowell would easily have made a better score against Seymour than Archer City did against Megargel on Archer City's home grounds. Cooper should be able to get in the game Friday.

Anyway Crowell is picked to win 20 to 0.

The three conference games Friday and their scores as predicted by this column follow:

Crowell 20; Archer City 0.
Chillicothe 53; Megargel 0.
Olney 40; Burk Burnett 0.

In numerous ways Chillicothe is showing that it has unlimited faith in the strength of its high school football team and is looking upon their Eagles as the team that is to succeed Olney this year as champion of the district.

A portion of an article in the "Chillicothe Valley News" of last week had the following to say: "Olney, champion for the past three or four years, looks on Crowell as the team necessary to whip in order to retain the crown. However, followers of Chillicothe think otherwise and assert in no even terms that this year it shall be the Eagles team that will wrest the flag from the Young County grid team."

So it is Chillicothe and not Crowell that is to furnish the biggest competition for the Olney Cubs, according to Chillicothe. Well, may-

# A New Low

—ON GROCERIES—

A "New Low" on cotton or wheat is bad news but a "New Low" on groceries is plenty good news and if you don't believe we have the "New LOWEST" on groceries, then just look at these prices and come to our store and see our other bargains.

Yes, we continue as "PRICE SETTERS."

# FOX BROTHERS

Crowell, Texas

be so, but according to Crowell fans it is the other way. Nevertheless next Friday should tell the tale and there should be plenty of fur and feathers flying when the Wildcats and Eagles meet at that time in Chillicothe.

There is no doubt about Chillicothe having a wonderful team. Their record to date has shown that. Monday fell before them last week 44 to 0. Childress and Electra, Class A teams, have also lost to the Eagles. Chillicothe is also reported as having plenty of deceptive plays and two of the outstanding backs in the district that are often crossing the goal line while opponents are still wondering where the ball is.

Further evidence of backing received by the Eagles from the Chillicothe people was shown in their paper with a full page ad concerning the Chillicothe-Munday game that was contributed by Chillicothe merchants. The fact that Chillicothe was able to outbid Crowell to get the game on its home grounds also shows that the team knows that it has plenty of backing.

Here's hoping the Wildcats will avenge the 12 to 0 defeat that Chillicothe handed us two years ago at Chillicothe. Up until that time Crowell had not lost a game and

many local fans will remember that the Wildcats dropped from a smooth working organization to the most ragged sort of playing in that contest and had it not been for the work of Guy Todd at safety the Eagles would have made at least three other touchdowns.

But we now believe that Crowell has a much more consistent team than it had then and with all members of the regular squad in the contest we believe that Crowell will win.

## SAVING SAVES GRIEF

The man who works from day to day,  
Spends all he earns, lays naught away,  
Will sometime take a backward glance,  
And see that he has missed his chance.  
When sick or old he cannot earn,  
Alas: to save he did not learn.  
So start in now while yet you may,  
Begin to save; begin today.  
The First State Bank holds to the belief,  
Unless you save, you come to grief.

(Copr. 1927 Adam Brown Hunter)

### DUB 'n' BUB

BUD, I CANT UNDERSTAND BUB THESE DAYS. HE JUST ISN'T HIMSELF.

### Love Is That Way

HE SELDOM EATS HEARTILY AND HASN'T BEEN ANYTHING LIKE THE BUB WE KNOW.

WELL, I'LL TRY TO FIND THE REASON MOTHER

when no man can work.

We are having a great treat this week. Preaching every evening at 7:30 by a different preacher, Great messages and good crowds. You say you are too busy to come? You will have to meet God ere long and we would help you by urging that you come to these services and get this spiritual food that you so much need.

Next week Bro. E. M. Agee of Wichita Falls, who is our District missionary, will be with us every night and teach that wonderful book, "Our Lord and Ours," by Dr. Prince Burrows. Get ready to come and not miss a service. Bro. Agee is one of the best teachers and preachers in the state. You will like him.

Great things stand out ahead of us. Will we miss our opportunity? Or will we be faithful to Him who bought us with his own precious blood?

Next Sunday: Sunday School 9:45, preaching by pastor at 11. B. Y. P. U. training service at 6:30, preaching by Rev. E. M. Agee, of Wichita Falls, 7:30; special music by choir under the able leadership of W. H. Dunagan. Mrs. A. Rucker at the piano. Bro. Dunagan is doing a fine work with the choir. Every singer is urged to back him up in this great work.

Come and welcome.  
WOODIE W. SMITH.

### Christian Church

"Each one ask five each week" is our slogan for the balance of the year. Do this and bring others with you and we will realize our aims.

Our aim in attendance for next Sunday is 110, with men's class responsible for the attendance. The men won last Sunday, having traveled 109 1/2 miles attending Bible School.

"The purpose and place of the Sunday School in the work of the Church" will be the message for Sunday morning. This is the first lesson in the training course, "How to Build the Bible School." After this first lesson at the preaching hour, we will probably have a Wednesday evening class for the balance of the lessons.

"What is the most important step in the plan of salvation?" is the subject for the evening sermon. Come and bring your unsaved friends.

Young people, if you are not attending Christian Endeavor, you are missing some real good services. The C. E. is doing better work all the time. They need you and you need them. Come and take part.  
C. V. ALLEN.

### Christian Science Churches

"Unreality" was the lesson-sermon subject in all Churches of Christ, Scientist, Sunday, October 4. The golden text was from Psalms 94:11. "The Lord knoweth the thoughts of men, that they are vanity."

Included in the service were the following passages from the Bible (Psalms 139:7,8): "Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there."

The lesson-sermon also embraced the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures" (pp. 277, 287), by Mary Baker Eddy:

"As God Himself is good and is Spirit, goodness and spirituality must be immortal. . . . If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God, good. . . . God being everywhere and all-inclusive, how can He be absent or suggest the absence of omnipresence and omnipotence? How can there be more than all?"

October 11

PAUL IN PHILIPPI

Acts 16:22-24; Philippians 4:4-7

Rev. Samuel D. Price, D. D. Trouble seemed as natural for Paul as did preaching the gospel. A syndicate owned a slave girl who seemed to have the power of divination. The evil spirits in this maid showed their knowledge by declaring that "These men are servants of the most high God." But they kept calling out to the annoyance of Paul and the hindrance of his work. One result was that the men who merchandised on humanity found that their chattel was worthless for soothsaying and started an uproar against these men who had part in freeing a life from slavery to an evil spirit. Racial and religious prejudice was stirred up to get back at Paul and Silas with the result that these good men were imprisoned.

But no dungeon could cut off their approach to the Throne. Though bleeding from the unjust beating and with feet fastened cruelly in the stocks, the spirits of these men reached unto God. They began with prayer because of the way in which God had permitted them to glorify Him in life and testimony. Soon they involuntarily broke forth into song and their fellow prisoners heard them. This was amazing enough but a still greater event followed in the earthquake which so shook the prison that all became free men.

When the keeper of the prison sensed the situation he was about to kill himself, thinking that all the prisoners had run away. Paul advised him that all can answer roll call. The presence of God was recognized and the outcry made "Sirs, what must I do to be saved?" The answer is the truth for today: "Believe on the Lord Jesus Christ." The Saviour was accepted forthwith and testimony was given in the rite of baptism. The new life was further expressed in the activity of penitence as the jailer tenderly washed the stripes of Paul and Silas and furnished them greater comforts.

Seven boys were fined for fighting in Sunday school in Hurl, Eng.

## SERMONETTE

SYMBOL AND SACRIFICE

By Arthur B. Rhinow

On the platform of the country railroad station, I saw a valise almost covered with paper pennants, each one representing a different college.

"Have you friends in all those colleges?" I made bold to ask the owner.

"Oh, some of them," she replied with an evasive smile. The affected nonchalance of her answer indicated that most of the pennants were mere decorations.

How different this is from the man who looks upon the one pennant on the wall of his room with tenderness, because it reminds him of the four years he spent in college, including not only sports and fine personal contacts, but above all, hard work.

Or the girl who regards the one pennant in her room with affection, because it reminds her of the youth to whom she has given her heart.

The valise at the station bore the insignia as a matter of form or custom or show; the college man and his sweetheart they have a heart interest in it. To them the symbol stands for something for which they have sacrificed.

Sacrifice alone makes a symbol precious; either your own sacrifice or a sacrifice with which you have identified yourself so that you yourself would be willing to sacrifice for the cause if the need arose.

The little silk flag on your desk is nothing to you but a pretty piece of cloth on a stick unless you try to feel the price our fathers paid to

establish this country and what owe to sustain it.

Millions of men and women wish the cross, but it remains a pretty symbol, no matter how largely displayed, unless we appreciate sacrifice it represents and the price it demands of us.

## What's New?

An Ohio engineering firm has perfected a boring machine which drills passageways and installs underground without an open shaft being dug first.

Aluminum-wrapped cedar sheds are being used on the Pacific where they are found imperious the weather.

Engineers in Chicago, using a process, are making hard coal of soft coal in a few hours.

A Michigan man has invented a method for applying grease to head electric railway wires by a tube carried on a trolley pole to prevent ice accumulating.

A cold weather face mask for motorists is made of materials sufficiently stiff to retain its shape so as not to interfere with breathing.

A British railway is experimenting with cars that can be run on rails or highways, having separate sets of wheels.

Mrs. Thomas Russell of Crowell, who had hid her husband's teeth and then set a trap for him before him, has been fined forty

# PRACTICAL PEOPLE PRACTICE RELIGION...

Men have come to associate religion wholly with a fixed attitude of mind on the life hereafter. That is not entirely true. Religion is a practical approach to the solution of the problems of everyday life. It is the result of the thoughts of the better minds throughout centuries of human culture. Many have found it so—have you? Study the people who go to church regularly. Without exception you will find they are the real people of Crowell, the people who are providing this town with its moral stamina—its faith in life—its will to support humanity. . . . Attending church makes possible your association with the worthwhile of our citizens—the lay prophets of a new era of real good will toward men, which is the true expression of practical religion.

The Doctor's Family Laxative

## PERSONALS

The art contest is being started in each primary room.

The high school students and faculty are indeed sorry to hear of the illness of Guy and Ragsdale (ex-31). They sincerely hope they will soon recover.

Mrs. T. B. Klepper and Miss Mattie Russell substituted Friday afternoon for the primary teachers, Mrs. Brown and Miss White.

Mrs. C. G. Graves was ill several days of last week. Mrs. Deason taught for her.

The primary department is putting out a newspaper each week. It is under the direction of Miss Schlagal. This paper includes, personals, jokes and all local news of the department.

Things seemed rather quiet around C. H. S. Friday afternoon with all the football boys and most of the pep girls gone to Seymour.

The home economics class served the high school faculty with a peice of cake Thursday.

Oretta Brown entered high school last week.

Roy Owenby, a freshman of '31, is back in school again.

The home economics class will visit the Bell Mill and Elevator Co. this week. The purpose of this trip is to see how flour is made.

The pep squad showed their loyalty to C. H. S. by accompanying the football team to Seymour.

## DID YOU KNOW THAT—?

Did you know that the eldest son of the King of England is called the Prince of Wales, because, according to an old story, Edward I, who conquered Wales about 1275, promised to give the Welsh people a prince, a native of Wales, and one who could not speak a word of English. He then presented to them his infant son, who had just been born at the Welsh Castle of Cornavan. Since that the eldest son of the English King has been called the Prince of Wales.

The theme of one of Robert Browning's best poems, "Save," is taken from the sixteenth chapter of the first Book of Samuel.

According to literary critics, the best novel of America is "The Scarlet Letter" of England, "Henry Esmond," of France, "Les Miserables," of Spain, "Don Quixote."

Did you know that there are 12 tablespoons to a cup in liquid measure and 16 tablespoons to a cup in dry measure?

Did you know that 3 teaspoons make 1 tablespoon?

Did you know that the romance languages, Latin, French, Portuguese, Spanish, Italian and Rumanian, are so-called because they are outgrowths of the Ancient Latin or Roman language?

Did you know that part of our English language is directly or indirectly derived from Latin, at least half of it?

Did you know that the system of measurement universally used in scientific experiments is the metric system, which originated in France? The units may be easily divided into decimal units.

Did you know that there is a difference in a quart dry measure and a quart liquid measure? The dry quart is about one-sixth more. Apples should be measured by dry quarts.

## WILDCAT GROWLS

As ugly as old Crews is, it seems that Doyle thought that his was the best "mug" he had ever seen—about an hour after the game Friday at Seymour.

Lefty says its worth skinned hands and faces to get to carry that old pigskin over the goal line.

Looks as if Dick showed Seymour that it didn't do any good to penalize Crowell twice in succession.

It seems as though Recie had invented a flying belt to attach to his "tackler" at Seymour.

Crews evidently likes the way Seymour makes hamburgers, since he ate only six last Friday.

## AUDITORIUM PERIOD

The grammar school department presented a very enjoyable program in chapel Wednesday morning. The program was as follows:

Prayer, led by Mr. I. T. Graves.  
Song by Merle Smith, Evelyn Sloan, Jo Griffith and Peggy Thompson.

Piano solo—Florene Miller.

Song—Ada Evelyn Smith.

Grammar school will not have chapel Wednesday, October 7.

## PEP SQUAD YELLS

Jo Griffith thinks Seymour is a wonderful town for she found a girl down there with a mouth larger than hers.

Bernice Poland scratched every one's foot on the truck before she finally found her own.

Alyne sat on one half of the truck going to Seymour and the rest of the pep squad sat on the other half.

Doris had to have a pillow to sit on as result of her ride on the truck.

Merle was finally persuaded to turn around and give the rest of the kids some room—even though her hair did blow.

Coming home Georgia even quit griping and pretended she was comfortable—look what winning does.

Looks like the pep squad is going to "find a way or make one" to go to the football games, near or far.

Every girl put forth a sigh of relief as the truck got up all of the hills without Mayme Lee's falling off.

## WHICH ONE?

He is a well known character around school, chews gum constantly; although he has taken three English courses he talks nothing but slang. He is among those who loaf in front of the office. At a football game the referee is always wrong.

He whistles in assembly, throws paper wads, and refuses to study in study halls, but always gets his math in English class. He borrows pencils and doesn't return them. He has been in high school four years and will likely remain another. We all know his type.

He is quietly dressed and well minded. He takes an active part in athletics and other school activities. He is generally liked and respected. His school spirit is the sort which prompts him to obey the few regulations we have. His scholastic average is B, and his work is always neat and handed in on time. You know him; he is the sort of fellow you want for a friend.

You can be whichever you choose, Freshmen.

## JOKES

Henry Black: "Bill, can you tell me what a hypocrite is?"  
Bill: "A hypocrite is a guy who comes to school with a smile on his face."

Jim Riley: You've got your shoes on the wrong feet.  
Alden: They're the only feet I've got.

Mr. Todd: Name some poisonous substance.  
Elouise: Aviation.  
Mr. Todd: Explain yourself.  
Elouise: One drop will kill.

Coach: Am I speaking loud enough?  
Roy: Sure, I can't even sleep.

Fish: Will that watch tell time?  
Soph: No., you have to look at it.

Coach: (In study hall) I don't want anyone to raise his eyes from his books this period.  
A meek timid voice sounded at the back of the room "Liberty or death."  
Coach: Who said that?  
Patrick Henry, from the back of the room.

## Manager of Cardinals

"Gabby" Street piloted the St. Louis club to the pennant in the National League race. He's a catcher.

Miss Ball: If a group of sheep is a flock, and a group of cattle a herd, what is the name of a group of camels?  
Fred Allan Beverly: A carton.

Mozelle: Say, Bonnie, I hear you failed in English comp. Is that true?  
Bonnie: Yes, the Prof. asked me to write an essay on the "Result of Laziness," and I handed in a blank

piece of paper.  
Daniel Callaway (to old lady): May I accompany you across the street?  
Old Lady: Yes, certainly, my dear boy, but how long have you been standing here waiting for some one to take you over?

Coach: Say, what's the matter with you fellows? You played terri-

bly. You didn't execute the plays correctly; you didn't charge like you should have. What's wrong?  
Hubert Smith: Well, Coach, you told us to play like we never played before.

Miss Patterson, in physical education class: Hey, hey! How about that bicycle movement?  
Maymielee Teague: I'm coasting.

## HUSBAND'S EVENING FOR SELF CULTURE CLUB

A delightful affair was given on Tuesday evening when Mrs. A. F. McMillan and Mrs. Eli Smith were hostesses at Mrs. McMillan's home to members of the Mothers Self-Culture Club and their husbands, the occasion being husbands' evening. The house was attractive with Halloween decorations. Games of 42 which carried out the Halloween motif. Immediately upon arrival of the guests, a fortune-teller very cleverly read the future of each one. At intervals throughout the games, the lights went out and answering a loud knock, a ghost appeared who gave advice as to how to proceed with the game, how to play the hand, etc. This proved to be a happy feature of the evening.

Refreshments which also were in Halloween colors, consisted of Devil's food cake and ice cream in orange shells, were served to about forty guests.

## COLUMBIAN CLUB

Mrs. Sam Crews was hostess to the Columbian Club Wednesday afternoon, Sept. 30. After the business session, Mrs. C. C. McLaughlin led an interesting lesson on Brazil, assisted by Mrs. Dow Miller and Mrs. I. T. Graves. Following the lesson the leader conducted a clever contest on the different countries of South America. Mrs. Crews favored the club with several piano selections. During the social hour the hostess, assisted by Miss Litha Crews, served delicious refreshments.

ments. Miss Margaret O'Connell was a guest for the afternoon.—Reporter.

## GAMBLEVILLE CLUB

The Gambleville Club met Oct. 1 with Mrs. Charlie Carroll. Fourteen members answered roll call. Miss Hale gave a very interesting demonstration on "The Sick Room and Its Care."

We adjourned to meet with Mrs. E. A. Dunagan Oct. 15 at which time we will have the annual election of officers.—Reporter.

## BAPTIST W. M. U.

There was an all-day meeting of the Baptist women at the church Monday at 10 o'clock. Devotional was led by Mrs. Woodie Smith. After the reading of several scriptures a study of the book, "Our Lord and Ours," by Rev. P. E. Burroughs, was begun. This is a book on stewardship, tithing and missions. Mrs. W. D. Howell taught the book in an interesting and instructive way. She gave many personal illustrations and gleaned great truths from the valuable information found in this book.

All that were present had a spiritual uplift and felt the presence of God in the testimonies of the women given at different times during the day.

A number of our local women were present, also Mrs. J. E. Billington and Mrs. Jackson from Paducah, Mrs. T. M. Haney, Mrs. W. S. Tarver, Mrs. Walter Long, Mrs. E. V. Cato from Thalia, Mrs. Marion Rider of Gilliland.

Lunch was served at noon in the basement, Mrs. T. M. Beverly being there.

This was a profitable day to all who attended and it is felt that great good will result from the meeting.—Reporter.

A flying school which caters to women is being operated in Houston, Texas, by Mrs. Debie Stanford, the city's first woman transport pilot.

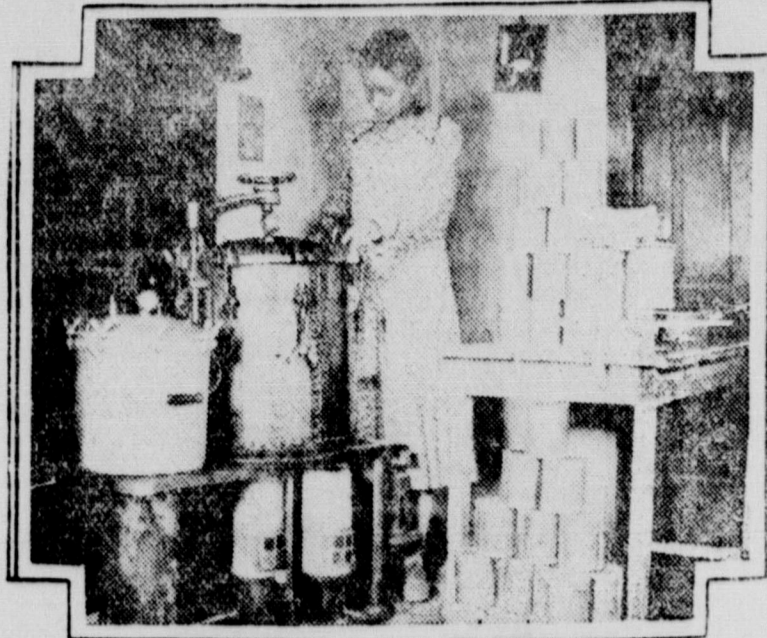

Ellen Braumuller, a German girl, who hurled the javeline a distance of 1400 feet, set a new record for women.

When all others ran out of tales, Consuelo Dawn continued telling a group of children fairy stories in a recent contest held at Los Angeles, which won her the title of champion story teller.

## Widowed by "Pirates"

Mrs. Lillian Collins was left a widow when two unidentified men slew her husband on their motorboat on Long Island Sound.

Big Contracts Dont Dismay Mrs. Miller

The Entire Family Helps

## FLOYD CO. WOMAN FILLS CONTRACT FOR 7,200 QUARTS OF BLACK-EYED PEAS FOR TEXAS A. & M. MESS HALL

In filling a contract for 7200 quarts of canned black-eyed peas for the Texas A. & M. College mess hall this fall, Mrs. W. E. Miller, Floyd county farm woman, has expanded the family living-at-home program to the dimensions of big business. With the help of her husband and five children on their Sand Hill Community farm she has made a net profit of \$1221.55 during the last four years by developing markets for vegetables canned in excess of the 800 containers the family consumes each year. This year the family has cultivated a six-acre garden irrigated by water pumped from a well by a gasoline engine. In addition to supplying the family with fresh and canned vegetables and filling the large A. & M. order, Mrs. Miller continues to supply the local Floyd county trade with superior home canned products.

It all began in 1926 when she entered a canning contest arranged by the home demonstration agent, and "it was the desire to serve my family that year," Mrs. Miller says. At the close of the season she decided to sell the surplus to inquiring friends and it was not long before she received orders by phone and mail. The next year she spent two afternoons weekly in Floydada taking care of sales and then made a special label and arranged with her local groceryman to handle her products on a percentage basis. Since then Mrs. Miller has made only one trip to town each week to restock the shelves. In the beginning she sold 14 varieties of products but has finally settled on black-eyed peas and canned milk-fed chickens as being the best sellers.

For years a member of a home demonstration club, Mrs. Miller was selected as one of the Texas master farm homemakers in the first year of the contest in 1928, was the first state winner of the Improved Kitchen Contest in 1926 and was the grand champion garden demonstrator for Texas in 1927 in contests conducted by the Extension Service of A. & M. College and the United States Department of Agriculture. She is at present a 4-H pantry demonstrator and an orchard demonstrator cooperating with Miss Martha Faulkner, home demonstration agent.

The Miller farm is a demonstration in balancing the farm business by living at home, even to the extent of grinding the home-grown corn and wheat for meal and flour.

## Local Goodyear Dealer To Receive Art Picture

Word has been received by M. F. Crowell, Goodyear dealer, of the award of a beautiful art photograph of the U. S. S. Akron world's largest airship, framed in duralumin, the material used in the framework structure of this leviathan of the air.

Mr. Crowell wins the picture, which is to be displayed in his service station window as soon as it is received, for making his sales quota in the July-August sales contest for Goodyear dealers, known as the Dealers Annual Zeppelin sales race.

"I have seen pictures showing this award," Mr. Crowell said, "and it is one of the most worth while trophies of such a race, besides being a memento of this giant airship that will become increasingly valuable as time goes on, as an historical feature.

"I certainly am going to prize the picture a great deal.

"The sales contest was of great value in helping us get the maximum amount of business this summer, and it put Goodyear tires on the cars of many people who did not know before what our service could do for them."

Mr. Crowell has been a Goodyear dealer in this city for three years.

## CARD OF THANKS

We take this method of thanking our dear friends for the kindnesses shown us following the loss of our home by fire. Such courtesies will be forever remembered by us.

J. N. Ribble,  
Winnifred Ribble,  
Eula Ribble.

Latest census figures show that the world's greatest capitals are London, with 8,202,818 inhabitants, New York, with 6,981,927, Berlin, with 4,332,034, and Paris, with 2,871,429.

## Lost 10 Lbs in a Week How One Woman

Mrs. Betty Luedke of Dayton, writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back.

Mary Roberts Rinehart leads all American women as a writer of popular novels.

The Glenn Sisters, WLW duo, can sing in French, German, Hungarian, Russian, Hebrew, Spanish, and English.

Marcelle Edwards has been proclaimed "Miss Broadway of 1931"

as a result of a recent contest which a thousand competed.

Miss Nadine Dore, of Los Angeles, was recently voted the title of North America in a beauty contest at the municipal auditorium in competition from 47 young women.

Stockholm, Sweden, has announced for the construction of apartment houses having a total of 2,000 units.

The Middle Atlantic area of the United States is the richest in the country.
