A. J. TANNER OF VIVIAN TAKEN BY DEATH SAT.

The death of A. J. Tanner, 75, Saturday afternoon at his home in the Vivian community marked the passing of another pioneer of Foard County. Mr. Tanner had lived in that place in now Foard County, and on the same place where he died, for about forty-five years.

His health required him to stop farming about ten years ago and during the past five years hardly a day passed that he did not undergo considerable suffering. He became dangerously ill Wednesday of last week and his condition grew steadily worse until death came shortly after one o'clock, Saturday afternoon.

Andrew Jasper Tanner was born in Dec. 7, 1857, at McMinnville, Tenn. He was one of the youngest of several brothers who were left with the responsibility of caring for their family following the death of their father shortly after the end of the Civil War. He died as a result of wounds received while fighting for the Confederate forces. On July 11, 1878, Mr. Tanner was married to Miss Amanda Turner at McMinnville. Seven children were born to his union, six of whom are living. They are: Mrs. John Tucker of Vernon; Mrs. Garfield Jones of Dobby, Okla.; Mrs. Richard Branson of Plainview, Tex.; Will Tanner of Joplin, Montana; H. Tanner of Jarman, Wyoming, and Mrs. R. S. Tankers of the Vivian community.

A son, Koring Tanner, died July 27, 1911, at Vivian.

Come To Texas
In 1882 Mr. and Mrs. Tanner and two children came to Texas and settled in Johnson County, where they remained until coming to Hardeman County, the part of which is now Foard, in 1888. They made this trip in a covered wagon drawn by a team of oxen and settled on a place about 20 miles northwest of Crowell, where Mr. Tanner lived until taken by death. After their arrival here the ox team was used in farming operations.

Mrs. Tanner died on Oct. 7, 1897, at the age of 43 and was buried in the Vivian Cemetery.

On January 6, 1904, Misses Vadie Johnson became the wife of Mr. Tanner in a wedding at McMinnville, Tenn., after which they returned to Foard County.

Eight of the nine children born to this union are living. They are: Jasper Tanner of Vernon; Van Tanner of Spur; Mrs. Will Hamby, Polk County, Woodrow Tanner, Misses Agnes and Esper Tanner, all of the Vivian community, and Mrs. Chester Odell of Foard City. A son, Melvin, died in infancy.

In addition to his 14 children, Mr. Tanner is survived by 30 grandchildren and 21 great-grandchildren. No other direct relatives survive.

Funeral Services
Funeral services were held at the family home at noon Sunday with Rev. J. W. Meadows, Pentecostal pastor of the Black community, officiating. Interment followed in the Vivian Cemetery, which is located about two miles west of the Vivian school. The remains were laid to rest in a grave between that of his first wife and his mother, Mrs. Effie Purvis, who died at the family home in 1904.

During his long residence in this county Mr. Tanner gained the friendship and respect of this pioneer and is genuinely mourned by all who knew him. He joined the Christian Church at the age of 27. A large crowd was present for the funeral, including all but three of his children, Mrs. Branson of Plainview and Will and H. Tanner of Montana and Wyoming.

OLNEY BEATEN 26-11 BY C. H. S. IN GAME MON.

The Crowell Wildcats smashed the Olney jinx Monday night by defeating the Cubs 26 to 11 in a basketball game at Olney on Monday night. Four times during the football and basketball seasons of 1931 and 1932 Olney broke Crowell's undefeated records but Monday night was a different story and with seventeen victories to their credit, the Wildcats still have a perfect record for their 1933 season.

In the game Monday night both teams played powerfully on the defense, as the low score indicates. It was six minutes before either team scored and the first quarter ended with Crowell leading 2 to 0 as the result of a field goal by Wisdom. Crowell led 15 to 5 at the half and 23 to 7 at the end of the third period.

Coach Grady Graves made no substitutions during the game. The Wildcat line-up was: Carter and Wisdom, forwards; Russell, center; Todd and Allee guards. Russell led the scoring attack with 6 field goals and 2 free tosses for a total of 14

Foard Teachers Will Meet Here Saturday

W. M. Bralley of Thalia, president of the Foard County Teachers' Association, has called a meeting of this organization to be held in the court house Saturday afternoon at 2 o'clock.

The meeting is being held for the purpose of bringing up any problems which may concern the county teachers, according to Mr. Bralley. All teachers are urged to be present.

WORK STARTED ON GYMNASIUM FOR CROWELL

Excavation for Crowell High School's gymnasium was started Tuesday at noon by a crew of men furnished employment by the Reconstruction Finance Corporation.

The construction of this building is being made possible through the cooperation of various sources. The commissioners' court of Foard County recently voted to give the Crowell Independent School district the material in the old jail building on the south side of the square if the school board would be responsible for clearing the lot where this old stone building now stands.

The stone from this building will be used in constructing the walls of the gymnasium. The building will be 80 by 82 feet. The distance from the floor to the ceiling will measure 22 feet, seven feet of which will be underground.

The old ball park, belonging to the Crowell Independent School district, has been completely wrecked and the lumber from the grandstand, fence and one building will be used in the construction of the gymnasium.

The school board has made an application to the Reconstruction Finance Corporation for a loan that will enable the board to secure other material necessary to complete the structure and indications are favorable that this loan will be granted, anyway work has proceeded on faith that this loan will be made.

Self Liquidating
The application of this loan has been made on a self liquidating basis and if granted it will not increase school taxes, but is to be repaid from the receipts of the gymnasium over a period of ten years. The R. F. C. is making loans on such projects as this, providing that these projects are self liquidating.

All common labor on this gymnasium will be paid for out of Federal unemployment relief funds.

N. J. Roberts and L. A. Andrews, local R. F. C. committeemen, and Leo Spencer of the Crowell school board, are in charge of the construction, which is being supervised by L. I. Saunders, local contractor, who drew the plans for the gymnasium.

NEW BLACKSMITH SHOP
A new blacksmith shop for Crowell was opened this week by G. R. Webster at his place of business on Highway 28, 2 blocks west of the square. Tom Lindsey is in charge of the new shop, for which a sheet-iron addition to his building was constructed.

A variety of other services are conducted by Mr. Webster at his location, which are listed in his ad elsewhere in this issue.

Crowell and Childress To Play Here Saturday

Childress and Crowell will meet in a basketball game at the local gymnasium Saturday night at 7:30. According to the original schedule Crowell was to have played Quanah here at that time, however, after playing Quanah at Matador last week only one more game will be played with Quanah and that at Quanah on Feb. 4.

The rest of the schedule remains the same with the exception of two additional games—Chillicothe here on Friday, Feb. 3, and Hollis, Okla., at Hollis on Friday, Feb. 10. Hollis is one of Oklahoma's strongest teams, having won 27 out of 29 games this year and last year.

points.
For Olney the line-up was: Gilmore, Griffith and St. John, forwards; A. Pyeatt, center; Sloan, Rue and Henning, guards.
Crowell and Olney play here on Monday, Feb. 13.

FOARD COUNTY SWAPPING DAY IN CROWELL MON., FEB. 6, PROMISES TO BE AN OUTSTANDING SUCCESS

The trades day for Foard County and this section in Crowell on Monday, Feb. 6, promises to be an outstanding success. Great numbers of people have already put on their trading clothes and many have turned in copy for Swap Ads as a result of the offer of The News to run these ads free of charge in its issue of next week.

All that The News asks in this respect is that the ads be Swap Ads only (no money involved) and that they be turned in to this office by Tuesday night, and earlier if possible.

Through this free service The News feels that trading here on Monday, Feb. 6, will be speeded up to a great extent. Look around your place now and find those things you do not need and then think of what you do need and then turn in a Swap Ad to correspond with your desires. Here are a few samples of the ads that have already been turned in:

Will swap John used incubators for calves.—John Jones.
Will swap paint saddle pony, work mare and bay stallion for more stock.—Jack Smith.
Will swap cotton seed for used planter.—Jim Johnson.

The names in the above ads are fictitious, however, the ads are real ones and they appear in The News next week with the proper names attached to them, along with many others.

Open to Everybody
This Free Swap Ad proposition is open to everybody in this section, whether you live in town or in the country. The News realizes the scarcity of money and it further realizes that hundreds of families in this section can secure needed items without the exchange of money by swapping things that they do not need.

Realizing that this paper goes into a large majority of the homes of this section, The News feels that it can render a valuable service to the people of this county and section by making it possible for them to use our columns free of charge in expressing their swapping desires.

Services as well as articles and livestock should be included in this swapping. No doubt ads such as these might fit a number of persons.

Will exchange carpentry work for canned goods.—John Doe.
Painting and wall paper hanging to swap for a Jersey cow.—Joe Botts.
Will haul wood for meat or canned goods.—Bill Jones.

Of course there are many other services that could be listed. Think them over—somebody may need service that you can offer and will gladly exchange you items for that service.

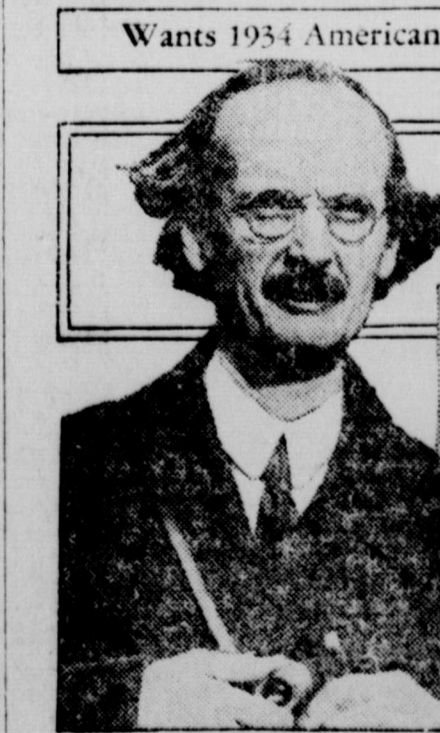

Let's all get together and make Trade and Swapping Day in Crowell on Monday, Feb. 6, an outstanding success for everybody.

A pickle-relish show, sponsored by the home demonstration clubs of Foard County, will be held in connection with swapping day. The place for the show will be announced next week.

Committees in charge of arrangements for swapping day announce that hitching posts and watering places for livestock have been arranged along with free auctioneer service.

BABY DIES
Neva Joyce Mulliniks, 7-month old daughter of Mr. and Mrs. Ted Mulliniks, died Saturday night at about 11 o'clock in the home of its grandparents, Mr. and Mrs. Jim Teal of the Foard City community. Pneumonia was the cause of the death. The baby was buried Sunday afternoon in the Foard City cemetery. She was born on June 5, 1932.

Wants 1934 American Flight into Stratosphere

Professor Auguste Piccard, noted Belgian scientist who went ten miles high in the stratosphere, is now in America for a lecture tour. He thinks a balloon ascension in his metal ball should be made at a northern latitude of America during 1934 because of our nearness to the magnetic pole, thus being better able to study the cosmic ray. He says it will not be necessary for him to again make the trip, but only direct the work. Prof. Piccard, (left) was greeted at New York by his twin brother, Jean Piccard, of Marshallton, Delaware.

Will Speak Sunday

B. D. Sartin of Wichita Falls, who is pictured above, will deliver the principal address at the prohibition rally that is to be held in Crowell Sunday afternoon at 3 o'clock in the Methodist Church.

Prohibition Rally to Be Held in Crowell On Sunday Afternoon

A county-wide prohibition rally will be held at the Crowell Methodist Church Sunday afternoon at 3 o'clock and an invitation is extended to everybody to be present.

B. D. Sartin, prominent Wichita Falls church and civic leader, will be the principal speaker at this occasion. At a preliminary rally in Crowell last Thursday, it was decided to extend an invitation to Judge Sartin to make the principal address at the county-wide rally here on Sunday, Jan. 29.

The following arrangements for the rally have been made: Chairman, and introduction of speaker, Dr. R. L. Kincaid; arrangement of music, Eli Smith; preparation of petition, Rev. Geo. E. Turrentine; offering, C. V. Allen; resolution committee, Dr. R. L. Kincaid, C. V. Allen and Vernon Pyle.

FREE SWAP ADS

In connection with the Trade and Swapping Day in Crowell on Monday Feb. 6, The News will run FREE Swap Ads for anyone in this territory in our issue of next week.

We are doing this as a service to this community and all that we ask is that you get your ad to this office not later than than TUESDAY and remember—

The free ads must be Swap Ads only. No money must change hands.
No Swap Ads must exceed 25 words in length. We will help you write it if you wish.

And please help us avoid a final rush by getting your ad in early.

Cotton Thieves Take Two Bales in Foard

Two bales of seed cotton have been stolen in Foard County during the past week. On Monday night 1,600 pounds of unginned cotton was taken from the field of Marion James near Margaret. About 300 pounds were taken by the same thieves from Will Elevins' adjoining field. Apparently the cotton was carried in sacks to a truck one-fourth of a mile away.

About 1,500 pounds of seed cotton were stolen Wednesday night from J. D. Dunn's field near Thalia.

Big Increase in New Auto Registrations

Sales of new automobiles in Crowell during this month have already gone above the halfway mark of the total for 1932. Nine new machines, all of which have been either sedans or coupes, have been sold this month, compared with a total of seventeen for all of last year.

Salf Motor Company reports that its sales this month have been heavier than for any other month in over three years. Seven new Ford V-8's had been sold by this firm since the first of January.

SWAPPING DAY BANQUET HELD HERE TUESDAY

Fifty-five local business men and a few others were present for a banquet at the DeLuxe Cafe Monday night for the purpose of discussing plans for the trades day that is to be held in Crowell on Monday, Feb. 6.

Fred Rennels, president of the county trades day association that was recently organized here, was toastmaster. Other officials of this organization are: Chas. Gafford, vice-president; Eli Smith, secretary-treasurer; C. T. Schlagal, W. B. Tyngsinger and John Rasor, advisory committee.

M. S. Henry was the principal speaker on the program and gave a number of suggestions that he thought necessary in making monthly trades days a success here. He emphasized the importance of considering the farmers' interest in the event and making it convenient and profitable for him to swap the things he does not need for something he does need. "If we can make these events a success from the farmers' standpoint, they will naturally be a success for us," he stated.

A report from the advisory committee stated that hitching posts and watering places for livestock had already been arranged. Free auctioneer service is another feature arranged for, according to the report.

Following this report, a round-table discussion took place with many persons offering suggestions and plans for the event.

It was voted to make the organization a permanent one with the temporary officials continuing as the permanent ones. It was also voted to have the luncheons on the third Tuesday of each month at 8 p. m. A permanent name for the organization is to be selected later.

Plans were also made at the banquet for the organization to conduct any other work of interest to the development and welfare of this county and territory.

Anniversary Celebration
It was voted unanimously to have an appropriate celebration on April 27, Foard County's 42nd birthday. The main purpose of this celebration will be to honor the pioneers of this section and to stage it along the line of the 40th Anniversary celebration here in 1931.

H. E. Ferguson read a communication from the Texas Good Roads Association. Mr. Ferguson is in charge of that association's membership drive in Foard County.

Program Committee
President Fred Rennels appointed a committee of D. R. Magee, T. P. Duncan Jr. and John Rasor to arrange a program for the banquet in February.

M. O'Connell and A. Y. Beverly were selected from a number of volunteers to conduct the sale of tickets for the next banquet.

New Produce House Opened in Crowell

W. H. Moyer of Wichita Falls has been placed in charge of the local produce house of Armour's Creameries that was opened here last Saturday. The new business is located in the Fox building, next to Shelton's Grocery and is in the market for poultry, eggs and hides and plans to purchase cream at a later date. Mr. Moyer stated that top prices would be paid at all times.

C. R. Bryson, who lives near Crowell, was given the \$5.00 premium offered to the person bringing in the most produce up to Tuesday night. Mr. Moyer stated that he was exceptionally pleased with the large amount of business done since coming here. He had issued over two hundred checks up to Wednesday afternoon.

TO CELEBRATE BIRTHDAY OF FOARD APRIL 27

Foard County's 42nd birthday on April 27 will be appropriately observed on that date with a county-wide celebration in Crowell as the result of action taken at the banquet of local citizens here Tuesday night.

The main purpose of the celebration will be to honor Foard County's pioneer citizens and to serve as a general get-together for the people of this section, as was the case with the 40th anniversary celebration here in 1931.

As was the case then, it is also planned to let this day serve as a home-coming for former citizens.

Boy Scout Troop to Be Started by Legion

The Gordon J. Ford Post of the American Legion voted to sponsor a Boy Scout troop in Crowell at its meeting here last Friday night.

Grady Magee will act as scoutmaster with Ragsdale Lanier and Walton Wallace as assistants. Preliminary plans for getting the new troop underway will be made at a meeting Friday night of prospective members of the troop and its leaders.

Sanford Scott Died Recently in Collin Co.

Sanford Scott, 78, former resident of Foard County and father of Mrs. John Randolph of Crowell, died recently at the home of his son, J. P. Scott, about four miles southeast of McKinney, according to an item in the Plano Star-Courier last week.

Mr. Scott resided in the Foard City community for about ten years. Last year he returned to his old home in Collin County, where he had resided for 14 years before coming to Foard County.

The deceased was born in Kentucky on Sept. 15, 1854, and came to Texas 28 years ago. He was a member of the Baptist Church. He is survived by the following children: Mrs. J. F. Bell, Plano; Mrs. John Randolph, Crowell, and J. P. Scott, who lives near McKinney. His wife and six children preceded him in death.

Funeral services were held in the Allen Baptist Church with Rev. J. Ben Snider officiating. Burial followed in the Rowlett Cemetery.

Mr. Scott leaves many friends in Foard County to mourn his passing.

Swaim Performs First Wedding Ceremonies

Vance Swaim, Foard's new county judge, officiated at a wedding for the first time Wednesday afternoon when he united two negro couples of Thalia in a double ceremony at his office. The couples were Willie Davis and Mary Wilma Guy, and Johnnie Jackson and Elizabeth Harrison.

A number of witnesses quickly gathered for the event. They report that Judge Swaim efficiently handled all details but overlooked the matter of kissing either bride.

MARRY AT FLOYDADA

Miss Irene Allen, daughter of Mr. and Mrs. J. V. Allen of this city became the wife of Eddie Poe in a wedding at Floydada on Saturday, Jan. 14. Judge J. W. Howard performed the ceremony. Mr. Poe is a resident of the Allmon community in the southeast part of Floyd County, where the young couple will make their home. He is the son of Mr. and Mrs. G. W. Poe of that community.

Mrs. Poe lived here most of her life and is a graduate of the 1931 class of Crowell High School.

CROWELL HIGH WINS MATADOR CAGE TOURNEY

Crowell High School won the invitation basketball tournament at Matador for the second consecutive year by defeating Quanah 41 to 16 Saturday night in the final game of the two-day event, in which thirteen high school teams participated.

By winning this tournament one more time, the Wildcats will gain permanent possession of the silver trophy presented by the Matador Lions Club, sponsor of the tournament. This trophy is an actual size silver basketball, mounted on an attractive pedestal. Eight small gold basketballs were also presented to the local squad.

Jack Russell, Crowell center, was selected as the most valuable player of the tournament by vote of tournament officials and participating coaches. Three qualities, sportsmanship, co-operation and skill were considered in selecting the person for this honor. Besides his general excellent playing, there was not a perfect.

Conoco Expresses Confidence in 1933 With Big Ad Budget

PONCA CITY, OKLA., Jan. 24—Accepted as an expression of confidence in the business outlook for 1933 was announcement here today by Continental Oil Company for approval of the largest advertising budget in the company's history, coincident with the release of an advertising campaign announcing a \$10,000 prize contest in connection with the introduction of Conoco's new bronze high test gasoline.

"Not only will the 1933 advertising budget be the largest in the company's history," said President Dan Moran, "but the major portion of the appropriation will be devoted to the purchase of newspaper space."

The \$10,000 prize contest, which is being announced today in newspaper advertising throughout the country, offers \$5,000 as a grand prize for the best name for Conoco's new bronze gasoline, and \$5,000 in 74 cash prizes for the best slogans describing the merits of the new high test gasoline. The contest, opening today, will close February 26.

Better Lighting Will Ease Your Budget Worries

There are budgets that really will work . . . budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy desk . . . they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes! . . . Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plot out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employe will be happy to inspect your home-lighting arrangements. There's no obligation, of course . . . and chances are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Conoco refining chemists have produced a new, improved motor fuel. No matter how different it is, we must call it g-a-s-o-l-i-n-e; for that is the name the public knows for every motor fuel. But this gasoline deserves a special name; one that suggests how "different" it is. How else may the public know?

Conoco (.....?) Gasoline! If you can give us the name we want, \$5,000 in cash is yours. \$5,000 more will be divided among those who suggest the best slogans to describe it. What we seek is to make motorists "understand."

To describe the "difference" you must know the difference. To know the difference you must feel it in your motor. The man at the Conoco station will tell you the exciting facts; give you, free, an official contest-information-and-entry blank. Prepare yourself to produce the winning words. Fill your tank with this gas. Within 10 blocks, you'll know why your words may be worth \$10,000.00 to us.

CO-OPERATION

Quite a lot was said at the banquet Tuesday night about co-operation, and rightly so, because it is something we need at the present time perhaps more than anything else and we need it probably more at this time than we ever needed it before.

What does co-operate mean? Webster's dictionary gives the following definition: "1. To act or operate jointly with another or others; to concur in action effort, or effect. 2. To join in economic co-operation."

What does co-operation mean for a county where it is participated in honestly, sincerely and wholeheartedly by every citizen who resides in that county? It would be difficult to predict the result of a revolution like that, however, one would be safe in saying that great good would result and every participant would feel a great deal more closely attached to his home county and its various institutions.

Co-operation does not mean that one or a few individuals or business firms should do the co-operating and the others do as they please.

BROADENING OUR VIEW

Although many writers deplore the alleged lower standard of current magazines which are extremely popular with a certain class of people, reports from booksellers and librarians declare that there is a growing demand for the better sort of literature.

Works dealing with travel, history and biography are being called for in increasing numbers, especially those pertaining to foreign countries. There is no doubt that the war and the important events which have followed it have given the American people a wider outlook on the world and a desire to know more of the countries and peoples which are playing such important parts in its affairs.

Newspapers generally, both dailies and weeklies, find their readers are interested in a wider range of topics than formerly, and are giving more space to news and editorials dealing with national and international matters.

This all means that the people of America, and particularly the rural population, are outgrowing the narrow provincialism of the past and are eager for contact with the rest of the world, through books, newspapers, moving pictures and the radio. All for which makes for a higher and better civilization.

WOODEN MONEY

Not long ago one frequently heard the jocular admonition: "Don't take any wooden money." We have been reminded of this in reading about the successful introduction of wooden money or its equivalent in various communities in different parts of the country.

It is true that any money is good money which everybody will accept as money. In the early days of America the Indians used money made from oyster shells, which they called wampum. It had no value in itself, but it was accepted everywhere as money and served all the purposes of trade.

Wampum wasn't any good in foreign commerce, and the paper money which is being used locally in various parts of the country isn't any good outside of the communities in which it is issued except to such people as have an opportunity to spend it inside of those communities.

The plan is working successfully so far, however, in providing a circulating medium of exchange for local purposes. The painter out of a job, for example, is perfectly willing to

trade his labor for a pair of shoes, but if the shoemaker doesn't need any painting done but the blacksmith does, there must be found a way whereby the painter can work for the blacksmith and get something from the blacksmith which the shoemaker is willing to accept for shoes. And this local money, good only for a limited time and only within certain geographical limits, seems to answer that purpose.

To us this is a pretty good indication that American resourcefulness and initiative have not disappeared and that we are going to find plenty of ways of pulling ourselves out of the distress, of which we are now getting thoroughly tired.

ROTARY LUNCHEON

Dr. H. Schindler was the principal speaker at the luncheon of the Rotary Club Wednesday. His talk was in regard to hygiene of the teeth and its importance to health.

Diet in relation to condition of teeth and gums was the principal topic touched upon in the talk. Dr. Schindler stated that wherever races of people adopted food that most civilized people are accustomed to, that had mouth conditions usually followed. He gave an instance of a northern group of Eskimos, whose teeth and gums were found to be unusually good due to a diet that is entirely different to that of civilized countries.

Luther Webb of Dallas was a visitor at the luncheon.

H. E. Ferguson Named To Head Good Roads Drive in Foard County

Announcement was made yesterday that H. E. Ferguson will have charge of the membership drive for the Texas Good Roads Association to be conducted in Crowell.

The Texas Good Roads Association has been formed to protect the investment Texas motorists have been making for years and make every time they buy a gallon of gasoline and pay the attendant tax. The average Texas motorists have been paying on this investment in highways at the rate of \$28 a year, and now, through diversion of the gasoline tax to other channels, the investment is at stake, and will be entirely lost if diversion is allowed, the officers of the association point out.

Motorists cannot, as individuals, protect the investment they are making in good roads, but banded together in an association such as this, with an expected membership of 100,000, their demands cannot be ignored, according to Judge W. O. Huggins, editor of the Houston Chronicle and the president of the association.

In explaining the work of the association Judge Huggins said, "This is a non-political organization, and neither for nor against the incoming administration. It stands for good roads being built by the two cents of our gasoline tax at the lowest possible cost."

"Keeping 40,000 men employed in Texas is one of the jobs of the association. If highway construction is halted, 40,000 men will be thrown out of work. The unemployment is severe enough without adding to it to that extent."

"Tourists have been spending \$50,000,000 a year in Texas, by actual check, and if roads are allowed to deteriorate, that money will go to some other state."

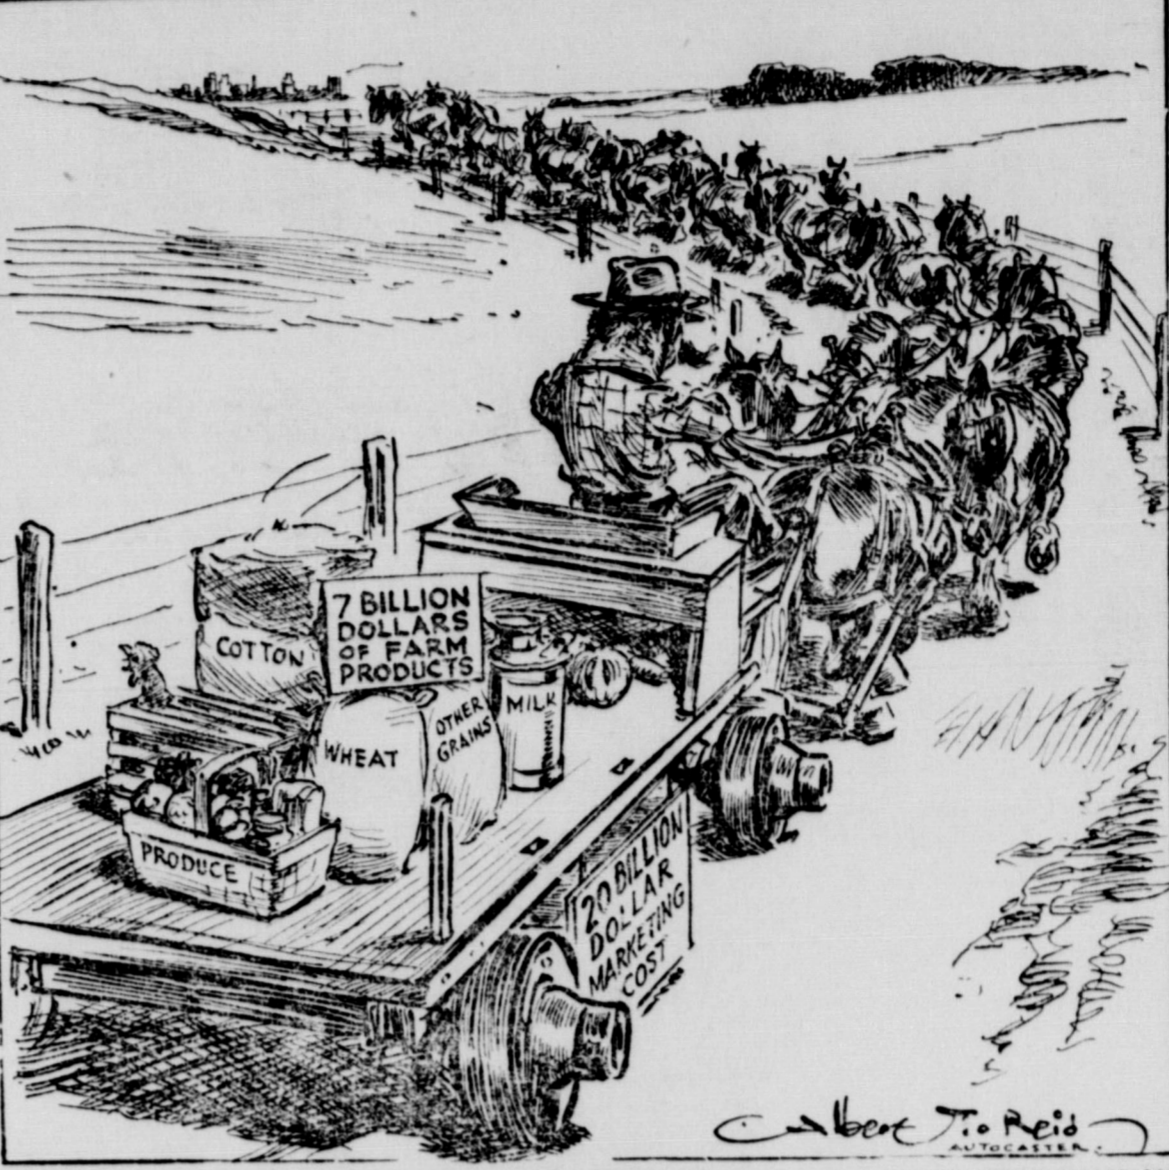

"Not only would Texas business suffer greatly if road construction stops, but Texas will be paying \$7,500,000 to the federal government each year in gasoline tax and not getting one cent of it back."

"In view of all this, it is no wonder that such a patriotic movement is gaining the support of Texans. We are expecting a goodly number from Crowell because we know the people in that section will suffer greatly if road construction is halted."

President-elect Roosevelt has just visited Muscle Shoals and reports that the thing is still there.

Something Wrong Here

By Albert T. Reid

BRUCE BARTON
...writes of "THE MASTER EXECUTIVE"

Supplying a week-to-week inspiration for the heavy-burdened who will find every human trial paralleled in the experiences of "The Man Nobody Knows."

TIME FOR EVERYTHING

The disciples had many worries. They wanted to get it clear as to their relative positions in the new Kingdom; they were concerned because outsiders, not properly initiated into the organization, were claiming to be followers of Jesus and doing miracles in his name. They fretted because there was so much work to be done and the days too short for doing it.

Bruce Barton

But Jesus towered magnificently above it all. Wherever he went the children flocked, pomp and circumstances mean nothing to them. Their instinct cuts through all outward semblance with a keen swift edge. So they swarmed around, tugging at his garments, climbing on his knees, begging to hear more of his stories.

It was all highly improper and wasteful in the disciples' eyes. But Jesus would have none of it. "Suffer little children to come unto me!" he commanded. And he added one of those sayings which should make so clear the message of his gospel. "They are the very essence of the Kingdom of Heaven," he said, "unless you become like them you shall in no wise enter in." Like them... like little children... laughing... joyous... unaffected... trusting implicitly... with time to be kind.

To be sure Jesus was not always in the crowd. He had his long hours of withdrawal when, in communion with his Father, he refilled the deep reservoir of his strength and love. Toward the end he was more preoccupied. He knew months in advance that if he made another journey to Jerusalem his fate would be sealed; yet he never wavered in his decision to make that journey. Starting out on it, his mind filled with the approaching conflict, his shoulders burdened with the whole world's need, he heard his name called out from the roadside in shrill unfamiliar tones. "Jesus... Jesus... thou son of David... have mercy on me."

It was the voice of a useless blind beggar. Jesus stopped. "Who called my name?" "Nobody, Master... only a blind beggar... a worthless fellow... Bartimaeus... nobody at all... we'll tend to him," said the disciples.

"Bring him here. Trembling with hope he was guided forward. The deep rich eyes of the Master looked into those sightless eyes. The mind which had been buried in the greatest problem with which a mind ever wrestled, gave itself unreservedly to the problem of one forlorn human life. Here was need; and he had time... The man was healed.

sonal foul called on Jack during the tournament. He was presented with a gold medal.

The presentation of trophies and medals followed to final game. B. F. Tunnel, superintendent of the Matador schools, was in charge of ceremonies following Crowell's final victory and made the presentations. Ralls received the consolation basketball for winning the consolation tournament. Community Center of Childress County was given eight bronze basketballs for winning third place. Quannah received eight silver balls for second place and the gold medal to Crowell came at the conclusion of the program.

The thirteen teams playing in the tournament were: Paducah, Ralls, Aspermont, Community Center, Tell, Flomot, Dougherty, Matador, White-

flat, Roaring Springs, Crowell and Quannah. Crowell was placed in one consisting of Ralls, Matador, Community Center, Whiteflat, Dougherty. In the first Dougherty beat Whiteflat 43 and Matador whipped Ralls 31. In the second round downed Dougherty 62 to 24 Community Center dropped Matador 37 to 16. Both victors had byes in the first round. Crowell Community Center 57 to 36 in the honor of representing bracket.

In the other bracket the for the first round were: Tell Flomot 33; Aspermont 51, Ralls Springs 22; Paducah 25, Crowell 23. Quannah drew a bye in the round. In the second round Quannah beat Tell 41 to 18 and Aspermont beat Paducah 40 to 37. Quannah reached top honors in its bracket beating Aspermont 55 to 21.

The deciding game between Tell and Quannah was played before a large crowd in Matador's gymnasium on Saturday night, before this game Community Center beat Aspermont 51 to 25 to win place.

Any doubt as to the team would win the tournament was moved very soon after the opening whistle of the final tilt. Crowell an early lead and safely held the rest of the game.

West Rayland Boys Win 2 Ball Games

The West Rayland boys basket-
ball team won two games at the
Crowell gymnasium during the past
week. On Monday night of this week
they defeated Thalia High School's
second team by the score of 21 to
16. H. Adkins of West Rayland was
high point man with 14 points.

The line-up for the game follows:
West Rayland—D. Adkins and Gibbs,
forwards; Haynes, center; H. Adkins
and Garrett, guards; Thalia—Wisdom,
center; Capps and Whatley, guards.
Substitutions: Rayland—Simmons
for Gibbs; Gibbs for Simmons, Clyde
Fincher of Thalia was referee.

Foard City Game

Last Friday afternoon Bailey Ren-
nells' boys won another game, defeat-
ing Foard City 25 to 11. The win-
ners held a slight margin in the
score at the end of the first quarter
and gradually increased it as the
game progressed. H. Adkins was
again the high point man with 10
points made from 5 field goals.

The line-up: W. Rayland—Sim-
mons and D. Adkins, forwards;
Haynes, center; H. Adkins and Gar-
rett, guards. Foard City—Mills and
Owens, forwards; Callaway, center;
Hendrix and J. Hendrix, guards.

What do you know about the
Wildcats?
1. How many games have they
played this year? How many have
they won?
2. How many players on the local
squad answer to the name of "Bill"?
3. In what town are the Wildcats
the most popular with the opposite
sex?
4. What team this year has held
Crowell to the lowest score?
5. Against whom have the Wild-
cats scored the most points this sea-
son?
6. What team has scored the few-
est points on Crowell this season?
Who scored the most against Crow-
ell?
7. What players do the following
numbers represent: 4
3
9
8. What are the total scores for the
3 games played between Crowell
and Paducah in 1931 and 1932?
(Answers Below)

"Ropesville could make the Wild-
cats look like a bunch of monkeys,"
is a statement made by one of the
coaches from the Plains at the Mata-
dor tournament last week.

We will admit that we have seen
the Wildcats perform better than
they did at Matador, even though they
won the tournament, yet if
Ropesville can do what this coach
claims, then we are ready to admit
that the Wildcats and local citizens
are out of place in Crowell and
should be in a jungle tossing coco-
nuts.

Ropesville is bound to have a pre-
tty hot team, for it represented the
Panhandle and South Plains in the
State finals last year and all mem-
bers of this Hockley County quintet
are back this year, however, we have
enough confidence in the local team
to sincerely believe that it could
give any high school squad in the
State a mighty close game and that
they could beat Ropesville yesterday,
today or tomorrow.

Since the tragic Nocona incident in
1931—our only fear is that over-
confidence and disregard of train-
ing rules might take Crowell to their
Waterloo. We do not question the
ability of the Wildcats—for they will
have plenty of it and if they will only
keep it and earnestly strive to im-
prove it we predict that they will
give Crowell the greatest athletic
glory in its history.

Every year some team furnishes
a shining example of the damage
that over-confidence can cause. Af-
ter beating the Notre Dame B team,
S. M. U., Baylor, Arizona and other
strong teams in football the past sea-
son, the Matadors of Texas Tech felt
they were about the classiest foot-
ball outfit in the nation and scoffed
at the idea of having to play a me-
diocre Simmons team in the final
Thanksgiving game when in their
own opinion they ought to be play-
ing Southern California or West
Point.

Well Thanksgiving came and so did
the lowly Simmons boys. How sad it
would be to put them in that Lub-
bock arena with those mighty Mata-
dors! Nevertheless Simmons whipped
Tech that afternoon and thus ano-
ther bunch of boys, who felt they were
about the best in the world, learned
a bitter lesson.

Some boys are so blessed by natu-
ral ability that they can give more
outstanding athletic performances
without properly training than oth-
er boys who obey every training
rule, but that is no argument against
strict training.

It is a sad situation when a player
reaches the stage that he is so good,
even without proper training, that
he figures he knows more about
what is good for him than do the
greatest athletic coaches of the na-
tion. To be honest with his fellow-
men and most of all—himself—any-
one should give the best he is cap-
able of giving, whatever that endea-
vor might be and no matter how good
his performances have been or
might be—they will be still better if
he closely observes the rules laid
down by those who know best.

and last year Crowell won 62 to 0. Paducah called off their game with Crowell this year. We don't blame them.
Jinx or no jinx—Crowell handed their keenest rivals, the Olney Cubs, a sound whipping at Olney Monday and in beating the Cubs 26 to 11 the Wildcats won for Crowell its first victory at Olney. Four times during the basketball and football seasons of 1931 and 1932 Olney broke impressive undefeated records for Crowell. Hats off to the 1933 Wildcats for giving that traditional Olney jinx a swift kick in the pants.

SUNDAY SCHOOL LESSON

by Charles E. Dunn
 Jesus and the Sabbath
 Lesson for January 29 Mark 2:23-3-6
 Golden Text: Mark 2:27, 28

In this lesson Jesus takes exception to the artificial Sabbath regulations of his time. Numerous petty prohibitions made the day an excessively burdensome one. It was forbidden to tread grass on the Sabbath, to wear shoes with nails, or as our lesson indicates, to pluck grain. One is reminded of the quaint Sunday laws of the Puritans, forbidding a woman to kiss her child, cook victuals, or cook victuals, or making beds, preventing a man from shaving, and banning all travel, except that required for attendance at public worship. By such trivial rules the cherished liberty of the Lord's day was seriously curtailed, absurd embargoes. To him they were more honored in the breach than in the observance. He pointed out how David, on the ground of hunger, defied the strict law of the tabernacle. To Jesus the needs of humanity came first.

Rev. Chas. E. Dunn

This is vividly illustrated by the incident in the lesson of the healing of the man with a withered hand. The Master's enemies were eager to make this merciful act an occasion of accusation. In the light of a generous interpretation of their law, they had no case, for medical assistance on the Sabbath was not absolutely forbidden. But, by legal quibbling, they could argue that the cure was a piece of work, involving the release of a high degree of energy, and therefore in violation of Sabbath legislation. Jesus openly and indignantly rebuked them by defying their casuistry, and restoring to the cripple the use of his hand. The principal upon which our Lord acted is given in that great saying chosen as the Golden Text, "The Sabbath was made for man, not man for Sabbath." The needs of man were central with Jesus. This means that not only are rest and worship to be promoted on Sunday, but also inspiring recreation, congenial friendship, and helpful service.

Christian Science Churches

"Love" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 29.

The Golden Text is from I John: "Beloved, let us love one another; for love is of God; and every one that loveth is born of God, and knoweth God."

Among the passages to be read from the Bible will be the following from Romans 12: "And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good and acceptable, and perfect, will of God."

The following citation together with others from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy will also read: "Anatomy, when conceived of spiritually, is mental self-knowledge, and consists in the dissection of thoughts to discover their quality, quantity, and origin. Are thoughts divine or human? That is the important question. This branch of study is indispensable to the excision of error. The anatomy of Christian Science teaches when and how to probe the self-inflicted wounds of selfishness, malice, envy, and hate. It teaches the control of mad ambition. It unfolds the hallowed influence of unselfishness, philanthropy, spiritual love. It urges the government of the body both in health and in sickness. The Christian Scientist, through understanding mental anatomy, discerns and deals with the real cause of disease" (p. 462).

Twenty Years Ago in The News

The items below are taken in whole or in part from the issues of The Foard County News for the month of January, 1913.

Johnnie Long has returned to Simmons College at Abilene after spending the holidays here.

Miss Maude Self, student in Baylor University, spent the holidays with her parents.

One day last week while washing Mrs. Albert Schooley left a tub of water on the floor and her little girl, about two years old, was playing near the tub and fell in the water and if the mother had not reached the child when she did, it would have drowned.

T. L. Hughston has sold his interest in the Hughston-Henry & Co. hardware store to J. R. Allee. The firm will now be known as Allee-Henry & Co.

On Christmas night Crowell had one of the most disastrous fires that she has had in her history. Dr. Cowan's building was destroyed. The bottling works was totally destroyed, including all contents, as well as the buildings belonging to Mr. Bird and A. B. Beard. Dr. Cowan was the heaviest loser and M. O'Connell suffered the next heaviest loss.

Womack-Clark

William R. Womack left a few days before Christmas, going South, the point of destination being known to only a few of his most intimate friends, but the place being suspicioned by all who knew that he had departed, and they were correct in their conclusions, as was proved Sunday when he returned.

Thursday, Dec. 26, he was united in marriage to Miss Mary Olive Clark in Menard, Texas, the home of the bride, by Rev. Ernest Westbrook.

B. H. Winingham, formerly of Knox City, has moved his broom factory to Crowell and now has it installed and working.

Ernest Crosnoe of Baker Flat community has a new buggy. New buggies are very plentiful for girls to be so scarce.

In order to serve you better, we have put into service a good strong bicycle with a large basket on it so we may be able to deliver the goods to you quick.—Allee-Henry & Co.

W. G. Chapman has been appointed constable at Thalia, succeeding S. J. Boman.

Some are wise and some are otherwise. The wise patronize Talley the Tailor.

Ben Hinds is this week moving to the farm, and will make a crop this year, but says that he will be a city man again before the year is out.

We have 3 styles of Henny buggies in stock.—J. H. Self & Son.

Give a dog an ill name and he will be shot—give Talley your tailor work and he'll give you the best he has got.

M. F. Crowell is here this week spending a few days with his family. Fite is now with the J. I. Case Threshing Company as traveling representative.

From Cottonwood news: We hear that Jesse Owens walked to Baker Flat and back Sunday afternoon. We wonder what is so attractive over there to him.

Home talent—"The Microbe of Love," catchy songs, specialists, a laugh in every line at the Opera House.

We apologize for not telling you sooner about the shoe specials. See our ad.—R. B. Edwards Co.

Miss Violet Wellfonder, 17, of Detroit, has been chosen Michigan's winter queen to preside at ice carnivals and later go to Chicago as guest at an ice fete there.

Interesting Notes

The Palace of Engineering at Wembley, Eng., is the largest concrete structure in the world.

The Bible is the world's best seller, an average of 30,000,000 copies being sold annually.

The Post Office Department uses nearly 3,000,000 pounds of twine annually for tying packages of letters.

More than three and three-quarters million people visited national parks and monuments in 1932.

Great Britain provides nearly half of India's supplies of iron and steel products.

The ever green forest of Siberia is the largest single mass of conifers in the world.

New Zealand expects to export 1,000,000 eggs to Britain this year, about twice the quantity exported last year.

The Family DOCTOR

by JOHN JOSEPH GAINES, M.D.

THE EXPECTED ARRIVAL

I write this letter at a time when every couple of moderate means or, perhaps less, are looking with a per cent of apprehension on the coming visit of the old stork. Adult garments are being made over into dainty baby-clothes, and, conferences are being held as to how to obtain the best and safest service for the least possible outlay of money...

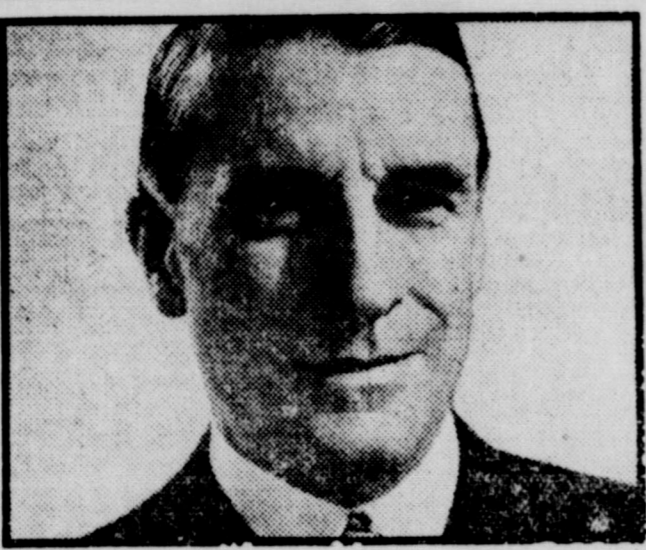

The young father with a \$30 a week salary, probably engages hospital service that will put him two years in arrears with his meager income—but he loves his dear ones. The hospital two weeks, special nurse one week, operating-room, and the specialist in obstetrics—they all cost, you know—but he loves, and wants the best. His credit is good, but it may be "the beginning of the end" for him financially.

The humbler couple cannot even think of a hospital service. They engage the family doctor several months in advance. He knows of a nurse who came within a few months of graduating; she is capable, and will work for a fraction of the sum required to hire a registered nurse. She needs the work, and will do her utmost. The home is prepared for the event. Antiseptics, dressings, a sanitary bed—all are arranged under the guidance of the family doctor.

"Mother and babe doing well, reports the home paper next day. The parents get out of it with the minimum of expense—maybe have little left, if they have "saved up" as they should have done months in advance.

I wish we all were well-to-do, but wishes do not get us very far these days when it takes action to get results. My readers may get something out of this talk—I hope so.

How Old?

He doesn't look a day over fifty. And feels like forty. At the age of 62. That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant! When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin. This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative. Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds. Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way.

SOCIAL NEWS

We wish to thank those who have always been kind to report social events or local news to us. We have numbers of friends who are thoughtful in this respect and we appreciate it very much. This is an urge to others who have news or know locals, the use of which will help to make a better paper, to report them to the society editor or to some other member of our staff.

The social side of a newspaper is an important one as is also the local page, so please do not hesitate to phone your news items. Any failure of ours to report social features or local news is due to a lack of knowledge of same, so we are soliciting your aid in this respect. If you entertain friends or if you have a guest in your home let us know about it. You will be helping us to create what it is our desire to give to our readers—a better newspaper.—Society Editor.

LUNCHEON

Mesdames W. B. Johnson and J. A. Johnson were hostesses on last Friday at a lovely luncheon at the home of the former. A three course luncheon was served at individual tables to Mesdames Sam Bell, A. Y. Beverly, R. L. Kincaid, M. L. Hughston, J. M. Hill, Fannie Thacker, S. E. Woods, J. E. Harwell, T. S. Haney, Paul Shirley, Geo. Self, L. Kimsey.

Following the luncheon two tables of the guests enjoyed playing bridge. On Saturday afternoon, the same hostesses entertained further with a bridge party. Guests for the afternoon party were Mesdames H. Schindler, J. R. Beverly, T. M. Beverly, Jack Roberts, Esca Brown, Sam Crews, I. T. Graves, Verne Walden, G. R. Ferguson, S. J. Ferguson, T. M. Bell, Herbert Edwards, M. S. Henry and Misses Frances Hill, Lottie Woods and Frankie Kirkpatrick.

There were three tables of bridge and one of "42". Mrs. J. R. Beverly was high scorer in the game and Mrs. M. S. Henry low scorer.

A salad course was served at the conclusion of the games.

BRIDGE PARTY

Miss Pauline Currie of Iowa Park entertained four tables of bridge Tuesday evening at the home of her sister, Mrs. Roy Hanna.

The Valentine motif was carried out in table covers, tallies, score pads. Prizes were awarded to Ila Lovelady and Leslie Thomas for low score.

The osters served an attractive refreshment plate, carrying out the Valentine idea. One of the most entertaining moments came when each guest read his fortune sheet, which was tied with Valentine colors. These fortunes were plate favors.

Other popular games were enjoyed throughout the remainder of the evening by the guests, who were: Misses Lottie Russell, Grace Russell, Ruth Patterson, Ila Lovelady, Oby Currie of Iowa Park, Elsie Schindler, Martha Schlagal and Messrs. Henry Mack, Vance Swaim, Leslie Thomas, Henry Borchardt, Floyd Thomas, Bill Elliot, Doyle Kenner and Mr. and Mrs. Maurice Kenner and the hostess.—Contributed.

ADELPHIAN CLUB

Mrs. T. S. Haney was hostess to the Adelpian Club members Wednesday afternoon.

Mrs. M. J. Girsch led the afternoon lesson on "The Youngest Muse," and in that connection reviewed the book, "Certain People," by Wharton. This book consisted of six short stories.

Mrs. L. A. Andrews gave a concise review of the fourteen stories which make up the book, "The Little Dog Laughed," written by Merrick.

Mrs. Raymond Burrow gave a splendid review of Galsworthy's "Forsyte Change."

Mrs. V. C. Wardell brought many interesting news briefs in Current News.

An appetizing refreshment plate was served to nineteen club members and Mrs. Ida Cheek.—Reporter.

APPOINTED CHAIRMAN

Mrs. W. B. Johnson has received notification that she has been appointed as chairman of the Better Homes in America committee for Crowell. This appointment was made by Dr. Ray Lyman Wilbur, president of Better Homes in America. Better Homes committees are being established throughout the nation to arouse interest in the improvement of homes and to organize local civic groups to help each family to improve their own homes.

Mrs. Johnson has material concerning the plans for this campaign and outlines for group study and will be glad to furnish these to clubs desiring such a study.

FOARD CITY CLUB

The Foard City Home Demonstration Club met at the club house Tuesday, Jan. 24. A very interesting program was given on bed room improvements led by Mrs. Blake McDaniel. The president appointed her different committees for the new year.

The social hour was enjoyed by 12 old members, 4 new ones and one visitor. We voted to have a tacky party during the social hour of our meeting on Tuesday, Feb. 21. Every lady in the community whether a club member or not, is invited to attend. Each member will be responsible for one item on the program. The club house has been rented to Dr. Gonzales of Anson to be used every Saturday.

Our next meeting will be Tuesday, Feb. 7.—Reporter.

INTERSCHOLASTIC LEAGUE CHORAL SINGING CONTEST

Mrs. W. M. Bralley of Thalia, who is county chairman of the High School Division of the Choral Singing Contest, announces that for the high school division a required number is "Happy Days" by Adam Geibel, which may be secured from Theodore Prosser Co., at Philadelphia. Any other number may be used with the exception of sacred numbers and negro spirituals. Not more than two songs are to be used and not more than thirty members may be in the chorus.

For the intermediate divisions two numbers are required and these may be selected by the director. Not more than thirty members are allowed in these, also.

In either division, students are allowed to enter in quartets, duets or in piano solos. The same student may enter in more than one special number.

GIRL SCOUTS

The Girl Scout troop which was organized in Crowell in October, 1932, is now functioning with regular meetings and the pursuit of various activities.

In this troop there are two patrols consisting of sixteen girls ranging in age from ten to fourteen years. Mrs. Verne Walden is captain and Mrs. Sidney Miller is lieutenant of the troop.

As is always the case with a new organization, many obstacles have been encountered but a number of projects are under way and with the sympathy and assistance of the citizenship that have already been shown and that will follow concrete ground-work may be laid for the upbuilding of that sense of social responsibility which every citizen needs so badly today and which the world is demanding.

Many years ago an American woman, Juliette Low, was paying a visit to England, where it was her custom to spend six months of each year. Among her friends there was Sir Robert Baden-Powell, the founder of the Boy Scout movement. Mrs. Low saw what scouting was doing for boys and girls of England. She knew that American boys were getting the benefit of the new movement but no one had thought of introducing it to American girls. This, she determined to do, though she was handicapped with deafness and was not wealthy, she had boundless enthusiasm and a courageous spirit.

In 1912 she founded the Girl Scout movement in the United States. She invited a few girls to tea in her own home and explained to them what the scout movement meant. This group of eleven girls—the "White Rose" patrol, was the first unit of the organization which today has become part of the national life.

The girl scout motto, "Be prepared," is based on the ideal of service which the girl is encouraged to express in her daily conduct. A girl scout is trained to "be prepared" to serve; she keeps before her as a practical possibility the idea of "doing a good turn daily." A habit of mind, she learns, easily becomes a habit of action, and so the Girl Scout idea of service is translated into terms of everyday life.

Several local clubs have lent assistance to the projects. The Adelpian Club has provided the money for membership pins, the Columbian Club has provided for the subscription to the official magazine, "The American Girl" and the P. T. A. furnished half of the membership fees.

Mrs. Edith Knowles of Chicago testified in her divorce suit that she led a "hand-to-mouth existence" while her husband followed a "glass-to-mouth life."

Thalia and Estelline All-Stars Break Even In Two Games Here

The all-star basketball teams of Thalia and Estelline divided a pair of games that were played at the Crowell gymnasium on Friday and Saturday nights.

A long field goal at a difficult angle in the last five seconds of play gave Estelline a 34 to 33 victory in the first game. This sensational counter was made by Bob McCollum, whose basketball fame secured mention in Ripley's "Believe It or Not." While playing for Simmons University a few years ago he scored 13 points in two minutes against the West Texas State Teachers College quintet and it was this feat that Ripley mentioned.

Estelline held the lead throughout most of the game, however, Roy Mints featured in a rally in the last few minutes that tied the score 32 and 32. On a double foul, Roy Mints counted for Thalia while Estelline's toss failed, thus giving the Thalia five a one point lead. With but ten seconds to play, Estelline took possession of the ball at the tip-off. It was passed to McCollum who sensationally dribbled down the sideline and then let loose with a long toss that dropped through the basket just as the game ended with the score 34 to 33 in favor of Estelline. Last year McCollum played professional basketball in Philadelphia.

Second Game

Thalia completely swamped the visitors Saturday night and won by the score of 40 to 21. In the 3 previous games played by these teams Estelline had won by only one point in each game, the scores being as follows: 23-22, 34-33, 34-33.

Players used by Thalia during the two games follow: R. Mints, Banister, Tole, G. Mints, Fincher, Aubrey and Neill. Those on the Estelline quintet were Bob and Sam McCollum, Bailey, Reed and Cox.

The games were originally scheduled to be played in the Five-in-One gym, but were transferred to Crowell as a result of that school being closed on account of a meningitis quarantine.

High School Games

Thalia High School played each night following the all-star contests. Friday night their tilt resulted in a 24-24 tie with Kings of Hardeman County. An extra period was not played.

Truseott High School defeated the Foard quintet on Saturday night by the score of 39 to 26.

MAKES WOMEN LOSE FAT

Miss Rea Haines of Dayton, Ohio, writes: "I weighed 180 so started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my 3rd jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932).

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.
