

Council alters pool hall law

The Post city council amended the pool hall ordinance, instructed the chief of police to crack down on stray dogs, and heard a city report in three of the major items on the agenda at its regular March meeting Monday night.

In other action, the council: Signed two well leases to farmers in the old city water field. Voted to purchase four new cars for the older of the two city cars. Decided the order in which the names of city council candidates appear on the April 5 city election ballot. Voted to extend an alley in the square Addition. Voted to extend the water system at Terrace Cemetery. Authorized the purchase of a saw with which to cut down saw up trees. Accepted the State of Texas grant of \$12,000. Voted to raise the salary of Jerry Hester, city hall employee, from \$175 to \$200 a month. The pool hall ordinance was

are delighted to report that number of Post folks have their feet up at last — and are fighting back at the unsigned "dry oration" which has slandered community from one end of state to the other in every option election held in Texas during the last six years.

The battleground is Coleman. A liquor option election is being up Saturday.

Last week, the bigots, who of the knew better, distributed in — this time in Coleman — a four-page pamphlet on Post, titled "Cost of a Community Government," which has been the ammunition of the "drys" in every local option election since 1960.

It brought a group of Coleman folks to Post last week to this community over. They went along some of the pamphlet and this resulted in a fistful of letters from Post folks — one from Glen Barley, president of the Post Chamber of Commerce — to say it wasn't so set the record straight.

The letters were reprinted Tuesday on a full page in the Coleman paper, the Democrat Voice. In a big black heading, "The About Post!" The page, of course, was an aid paid for by the Legal Control Council.

Apparently, this is the only way with which Post can fight against the painful and disfiguring image of this community by the dry pamphlet.

Another page of the Coleman paper, reprinted in its entirety, today's Dispatch editorial, "What They're Doing To

Post Lions hear talk from Lubbock attorney

Miss Shelton, attorney of Lubbock, spoke to the Post Lions on Luncheon at their regular meeting Tuesday night.

She is a longtime Lions Club member, and of the changes of 15 years and of the changes are likely to come in the future, but said that the Lions objectives remain the same. Members, Bill Dixon, Jess Lee, Gordon Lee and Dr. C. S. ...

amended to allow minors to play pool if they have the written consent of their parents. Originally, the ordinance provided that no one under 17 could use the pool hall unless accompanied by a parent or guardian.

The ordinance provides that minors cannot play pool on school days except between the hours of 4 p. m. and 10 p. m.

The council voted to amend the ordinance after the motion was made by Councilman Lewis C. Herron, who said it had been indicated to him that many parents had rather their sons play pool than drive around the streets in automobiles. Councilman Bob Collier seconded the motion.

Police Chief Leldon P. Miller commented that the necessity of amending the pool hall ordinance to give youngsters something to do only pointed up the need of more recreation facilities for Post's young people.

Mayor Harold Lucas instructed the police chief to enforce the city's dog ordinance after stating that numerous complaints had been made about stray dogs.

City Manager Eddie Warren pointed out that it is a violation of the ordinance for dogs to run at large and also a violation for owners to keep dogs without purchasing a city license. Warren said the city had sold only two dog licenses this year.

The city library report by Mrs. Lillie McRee, librarian, was made in conjunction with her request that as many of the city councilmen as can attend the Governor's Conference on Libraries to be held in Austin on March 23.

Mrs. McRee said attendance at the Governor's conference would give the councilmen a new perspective on libraries, "especially if we want ours to grow and progress."

Mrs. McRee, who operates the city library in connection with the high school library under a program set up several years ago, made a comprehensive report on city library operations over the last few years.

She said 1,000 books have been donated since the city library section was set up, and that the Texas (See City Council, page 8)

Wildcat planned on Dalby land

The Three-way Drilling Co. of Midland has scheduled a 3,400 foot wildcat, the No. 1 Dalby, 10 miles east of Post in Garza County.

The exploration spots 1,980 feet from north and 859 feet from west lines of Section 37, Block 5, GH&H survey. It will test possible production in the San Andres and Giorietta. It is located three miles southwest of San Andres production in the multi-pay Post field.

In other county oil news, the Warren American's No. 1 Justice in Section 28, Block 6, H&GN survey, was reported drilling at 6,943 feet.

Open house at schools tonight

The public is invited to attend open house at the Post schools tonight (Thursday) in observance of Texas Public Schools Week.

The open house will be held from 6:30 until 8:30 p. m. in each building. Supt. William F. Shiver said.

All classrooms will be open for visits during the open house event, and some will have displays of work done by the students. Refreshments will be served, with a number of women's clubs of the city furnishing cakes and iced tea.

Board to be named

Airport project's next steps told

The next immediate steps looming for the city-county airport project, approved by city and county voters March 1, will be for the city council and county commissioners court to name a joint airport board and by resolution to accept the \$12,000 state airport grant.

Victor Hudman, chairman of the temporary city-county airport committee named several months ago by the two governing bodies, told The Dispatch yesterday he was contacting both city and county officials relative to these essential steps.

The FAA still has to give final approval to airport plans. The federal airport grant must be accepted by June 30.

BROWNIES CORNER COOKIE PROSPECT

Post Girl Scout father-daughter banquet Friday

The Post Girl Scouts' father-daughter banquet will be held at 6:30 p. m. Friday in Fellowship Hall of the First Methodist Church as one of the concluding events of their observance of Girl Scout Week March 6-12.

All Girl Scouts and Brownies and their fathers have been invited to the program, in addition to all adults registered in the Girl Scout program, and a number of special guests.

Each Girl Scout and Brownie troop will have a part on the banquet program.

The troops opened their observance of the special week with Girl Scout Sunday, March 6. Troop 84, Mrs. Darrell Eckols, leader, attended the Church of Christ; Troop 337, Mrs. Carl Aycock, leader, the First Methodist Church; Brownie Troop 331, Mrs. Leldon P. Miller, leader, the First Baptist Church; and Brownie Troop 445, Mrs. Lee W. Davis Jr., leader, the Trinity Baptist Church.

The Girl Scouts and their leaders report success in their annual cookie sale, which got under way last Thursday with 45 Girl Scouts and 12 adults participating.

Damage suit is being heard here

The damage suit brought by A. J. Henderson against Trio Transport, Inc., was still in progress yesterday afternoon before a Garza district court jury here.

The suit is the result of an accident which occurred on a drilling site nine miles east of Justiceburg in 1962.

Judge Truett Smith said he would call up the G. N. Hagood damage suit against Foremost Dairies, Inc., et al. today once the Henderson suit has been disposed of.

Ready for trial this week too if time permits is a compensation case, B. A. Mitchell vs. Maryland Casualty Co.

The Henderson suit got underway here Monday.

Danger spot adds victims

Two injured in auto crash at 'Calamity Corner' here

Two persons were injured in a traffic collision at "Calamity Corner" (the intersection of U. S. Hwy. 380 and Avenue F) Saturday afternoon and another in a collision at the intersection of 6th Street and Avenue M, Monday afternoon.

Oddly enough, both accidents occurred at 3:10 p. m., according to the police reports.

In the collision at the intersection of Hwy. 380 and Avenue F, where a number of other wrecks have occurred in recent months, Michael Nelson Walters, 23, of McAdoo, and Leslie Gene Davis, 18, of Post, were injured.

Buddy Northcutt, three-year-old son of Mrs. Mary Northcutt, was injured in the other accident.

The collision Saturday occurred about the middle of the intersection, with Walters driving south on Avenue F and Davis west on the highway.

Both drivers were taken to Garza Memorial Hospital, with Walters being transferred to the Crosbyton hospital after being treated here for a broken rib. Davis was cut on the chin.

Walters' wife was thrown from the automobile by the collision, but was not injured.

Police Chief Leldon P. Miller, who investigated the accident, estimated damage to Walters' car at \$350 and to Davis' at \$250.

Walters was charged with failure to yield right-of-way.

The collision Monday afternoon involved an automobile driven by Norman Moriearty and a truck driven by Donald Odell Hair.

According to the police report, Moriearty's automobile, being driven east on 6th Street, was struck by the truck, which was being driven on Avenue M, knocked up onto the junior high school campus and came to a stop near the running track.

The Northcutt youngster, who was riding with Moriearty, received treatment for a cut lip.

Police estimated damage to the automobile at \$1,200, describing it as an almost total loss, and to the truck at \$150.

Police Chief Miller, who investigated, gave Moriearty a ticket for failure to yield right-of-way.

Wednesday afternoon of last week, automobiles driven by Sheri Perdue, 17, and Mrs. Lynette Thuet, 19, collided on East Main Street as Miss Perdue made a left turn.

Six candidates in race

City election ballot name order decided

The order in which the names of the six candidates for the Post city council will appear on the April 5 city election ballot was determined by lot at Monday night's city council meeting.

The candidates' names will appear as follows: Bryan E. Morgan, Leo M. Acker, Jess Rogers, Byron Haynie, Arnold Parrish and Pat N. Walker.

Three of the six candidates will be elected to the city council in the April 5 election. One of them, Arnold Parrish, is a candidate for reelection.

The other two candidates whose terms expire, Wesley Scott and Claud Collier Jr., did not file for reelection, Collier having moved away from Post a few months ago.

The city councilmen are paid a token salary of \$35 a month.

At the Dispatch's press time last Thursday, only two candidates, Acker and Parrish, had filed. The filing deadline was Saturday.

The city election is one of two to be held here early in April. The other is the school trustee election on Saturday, April 2.

Candidates for the school board are David N. Newby and Wayne Carpenter for Place 7 and Virgil Bilbo, unopposed for re-election to Place 8. Newby is also a candidate for re-election.

Child welfare worker visits

Mrs. Rosemary Holcomb, child welfare licensing worker in this region, was in Post Tuesday on her first official visit since being named to replace Miss Carolyn Williams, who resigned to get married.

Mrs. Holcomb will be in Post from one to three times a month to check licensed child care centers, of which there are four in Post.

The child welfare worker may be reached through the county judge's office on her visits to Post.

Stock show plans are taking shape

With the Garza County Junior Livestock Show and Sale and the Garza County Fair only a little more than a week away, plans were shaping up this week for the double-barreled event that is expected to rank as one of the county's outstanding attractions of 1966.

Jim Jackson, president of the Junior Livestock Association, said today that "a whole lot" of work is yet to be done before things are in shape for the show and sale Friday and Saturday, March 18-19, and that anyone with free time is invited to assist in this Saturday's "work day" at the 4-H Club building.

The livestock association president also urges those planning to attend the barbecue at 8 o'clock Saturday, March 19, to buy their tickets early so there will be some idea of how much food to prepare. The barbecue tickets are on sale at the Chamber of Commerce office or may be purchased from 4-H Club or Future Farmers of America members.

Mrs. Juanette Gentry, County home demonstration agent, said a five area HD agents will judge the exhibits in the two-day county fair being held in conjunction with the stock show.

The judges will be Mildred Medlock, Dawson County HD agent; Jane Blay, Gaines County assistant HD agent; Ruby Butts, Scurry County HD agent; Mildred Patterson, Lubbock County HD agent, and Judy Sanders, Lubbock County assistant HD agent.

Mrs. Gentry also announced the following exhibits committees for the fair:

Educational, Jewel Long; Culinary, Faye Payton and Nita McClellan; Canning, Orabeth White and Hooter Terry; Clothing, Sue Maxey and Inez Ritchie; Crafts, Della Davis and Iris McMahon; Antiques, Lola Peel; Flowers, Mollie Kolb and Gladys Hitt; Agriculture Products, Rene Floitt.

Jackson outlined the work to be done at this Saturday's work day as follows: Getting the bleachers from Giles Dalby's place and setting them up at the show barn; setting up the new scales; building the show ring for the animals; hauling wood for the barbecue; going to Gail after the auctioneer's stand; setting up the tables in the part of the building that will be used for the fair exhibits, etc.

"From that schedule, it can be seen that we'll need all the help we can get Saturday," Jackson said.

Workers will meet at Post Pharmacy at 8 o'clock Saturday morning.

The stock show will start at 7 p. m. Friday, March 18, with the exhibit of hogs. Lambs will be placed on exhibit at 9 o'clock Saturday morning, and the calves at 10:30 o'clock.

The barbecue will be held at noon Saturday in the City-County Park, south of the show barn, and the sale will begin at 2 o'clock Saturday afternoon.

Approximately 60 animals are expected to be shown by 4-H Club and PFA members, including a breeding class of heifers that will not be included in the sale.

The animals will be judged by Sid Long, vocational agriculture teacher in the Borden County High School at Gail.

Jackson said the stock show association wishes to emphasize that everyone who wishes to participate in the sale will be given an opportunity to do so. "Those not planning to spend enough to qualify as individual purchasers can get in our jackpot," he stated.

Biddings at the sale will be conducted on a dollar basis per animal for premiums for the club members exhibiting stock.

The entire group of animals will be bid for sale during the morning session at so much a pound to establish the floor price.

If a winning bidder in the afternoon wishes to keep the animal for slaughter, he will pay the dollars he has bid in premiums plus the so many cents a pound floor price for which the animals were bid by the winning slaughter firm.

Show officials said this type of bidding is easier on the bidder since he knows where he stands throughout the sale and doesn't have to figure it all out on a poundage basis.

Thaxton funeral conducted here Monday morning

Funeral services for W. O. Thaxton, 86, a resident of Garza County since 1914, who died about 1 p. m. Saturday after a lengthy illness, were conducted at 10:30 a. m. Monday at the First Methodist Church.

Mr. Thaxton died at the Twin Cedar Nursing Home, where he had resided for the last year and a half.

He was born July 28, 1879, in Erath County and moved to Garza County in 1914 from Grandview. He farmed in the Clossie City community before moving into Post about 1922. Until retiring several years ago, he operated a gasoline service station at the corner of Main and Broadway at the site of the present City Hall extension.

Mr. Thaxton recently was awarded a life membership in the Masonic Lodge here.

He is survived by three sons, C. R. (Si) and Earle Thaxton, both of Post.

Meeting scheduled on Medicare enrollment

An informative program on Medicare enrollment will be conducted by Gerald L. Schantz of the Lubbock district office at 2 p. m. Tuesday, March 15, in the Community Room.

The information program primarily will be on the voluntary Medicare enrollment, which ends March 31.

Persons eligible for Medicare enrollment or those with persons in their family who are eligible are urged to attend the meeting.

Heart campaign set for Sunday

Garza County's Heart Fund campaign will be held here Sunday afternoon, March 13, R. G. "Wilkie" Wilkerson, county chairman, announced.

The chairman said about 15 workers will conduct a house-to-house canvass to raise funds for the campaign against heart disease, which took the lives of at least 24 Garza County residents in 1965.

If the weather does not permit the fund campaign Sunday, it will be held Monday or Tuesday, the chairman said.

Rural residents wishing to contribute to the Heart Fund may leave their contributions at Wilkie's Supplies, 212 East Main, or with Vearl McBride, Heart Fund memorial chairman, at the First National Bank.

County orders 2 cars, pickup

Hickman Chevrolet - Olds was the low bidder on the two new sheriff's cars and a pickup truck for the county agent in a bid opening conducted Monday by the Garza County Commissioners Court.

The court voted to purchase two Oldsmobile 88s for the sheriff's department on a low bid of \$5,076.74 and a Chevrolet pickup for \$1,619.

The court decided to buy heavier cars for the sheriff's department this time in an effort to reduce repair bills on the vehicles.

The court requested bids from local auto dealers on both lighter cars and heavier cars for the sheriff's department. Hickman's bid was the low bidder for lighter cars for the law enforcement arm.

Farmer meeting set for Monday

The latest information on soil fertility and related problems in Garza County and the cotton insect control recommendations for 1966 will be presented by area specialists at 7:30 p. m. Monday, March 14, in the district courtroom.

Jim Valentine, area soil scientist with the Extension Service, will speak on soil fertility and will discuss several problems that some Garza County farmers have had the past year or so with fertility and related problems.

Don Rummel, area entomologist for the Extension Service, will discuss the latest in cotton insect control and the recommendations for the 1966 cotton crop.

The program is open to the public and all area farmers are invited, said County Agent Syd Cozner.

45 register for free 1966 vote

A total of 44 Garza county residents have registered to vote during the last week, taking advantage of the opportunity to qualify for voting for the first time without payment of the poll tax.

The special two week voter registration period began last Thursday in County Tax Assessor-Collethouse.

Voter registrations may be made before T. H. Tipton's office in the office by mail, provided they are made on prescribed forms which are available at the tax office.

Next Thursday, March 17, will be the closing day of the special registration period. Those who have not registered by that time, or who have not paid their 1965 poll tax, will not be eligible to vote in any elections this year.

Tipton totaled up the 44 registration figures yesterday morning. Those registering are given poll tax receipts stamped "Conditional Voter Registration Certificate."

45 register for free 1966 vote

Next Thursday, March 17, will be the closing day of the special registration period. Those who have not registered by that time, or who have not paid their 1965 poll tax, will not be eligible to vote in any elections this year.

Tipton totaled up the 44 registration figures yesterday morning. Those registering are given poll tax receipts stamped "Conditional Voter Registration Certificate."

With 1,468 poll taxes paid for the year, there appears to be several hundred eligible voters in the county who have neither paid their poll tax nor registered.

Tipton emphasized that those who paid their poll tax before the Jan. 31 deadline do not have to register.

Look what they're doing to Post

A four-page pamphlet that is being circulated every time there is a local option liquor election anywhere in Texas is doing Post more harm than a dozen chambers of commerce could do it good, as far as presenting its image to the rest of the state is concerned.

What the circulation of this "dry" pamphlet amounts to is "community assassination," and the Post citizens whose testimonials appear on it haven't much to be proud of as far as boosting their community is concerned.

"The Painful Cost for a Community Gone 'Wet'" is the title of the pamphlet, and it holds Post up to other Texans as a town over-run by drunks, dead-beats and prostitutes, where driving while intoxicated is the rule rather than the exception, and where murders and deaths on the highway have jumped sky-high since one precinct voted "wet" some six years ago.

Do you believe all that? Well, the "drys" are trying to cram it down the throats of people in other towns every time a local option liquor election is held.

The latest one of these pieces of "dry" propaganda we've seen comes from Coleman, Tex., where they're getting ready to hold a local option election. Not long ago we saw one from Corsicana, and we're sure there have been any number of others read thousands of people in other parts of Texas.

Post is the "whipping boy" in these pamphlets. No other Texas community in which the sale of beer and liquor has been legalized is mentioned in the Coleman pamphlet nor in any of the others we've seen.

Whether you are for or against the legal sale of beer and liquor, let's look at this matter of "dry" propaganda sensibly.

The "drys" have misused the usually reliable yardstick of comparisons in presenting their "facts and figures" on "what actually happened in this city," as they put it in their pamphlet.

In showing a big increase in the number of arrests and convictions since Precinct 3 voted "wet," the pamphleteers fail to mention that

shortly before or at about the same time the precinct went "wet", two state highway patrolmen were stationed in Post for the first time, and the size of both the city police department and sheriff's department were increased.

More law enforcement officers on the job naturally means more arrests, and the number of arrests for violations not involving drinking have increased at the same ratio.

The figures on the pamphlet are sadly out of date—about six years out of date. The one we've just received from Coleman lists a total of 15 package stores, 17 taverns and five off-premises outlets in Post. Have you counted them lately?

But the "drys" aren't interested in anything as solid as up-to-date facts and figures. What they're mainly interested in is over-riding the right of a political subdivision to decide whether or not it wants to legalize the sale of alcoholic beverages. And they apparently don't care how black an eye they give this community in trying to get their message across.

Nor does the pamphlet put out by the opponents of legalized beer and liquor make any mention about what went on in Post before the citizens of Precinct 3 exercised their constitutional rights and voted to "wet". No mention is made of the bootlegging that went on virtually unchecked and of outright sale of whiskey and beer to minors.

Like most other pieces of propaganda, these pamphlets do not carry the name of the organization or group which compiled the "facts and figures" contained therein, or which distributes the literature. But, whoever they are, we think they should be called upon to give good reason why they shouldn't stop singling out this community to hold up to the rest of the state as a "bad example."

Which is just a nice way of saying that we think every civic-minded citizen of Post should be interested in seeing to it that a screeching stop is put to further distribution of any pamphlets of this nature.—JC and CD

New movement for libraries

Many Garza countians, aware of the fact that their county's public library service is far below the national average, are showing interest in the new movement in Texas for improvement in library service. We hope something comes of it.

This lack of library service in Garza and more than 20 other Texas counties, is recognized as a serious educational deficiency, and will be considered, along with other library needs, at the First Texas Governor's Conference on Libraries, which will be held in Austin on March 23.

Let's evaluate our library service here in Garza County. There is the high school library, which is also classified as a city public library through city support; a junior high school library; a free library recently set up by the Medical Foundation here, and one or two church libraries. None of these fill the gap of a bona fide public library, although each of them is keeping the community from being "bone dry" as far as library service is concerned.

The high school library is the nearest thing we have to a public library, but the general public looks on it as a school library—which it is—and does not use it as a public library would be used. Because it is a school library, books are

purchased with the need of the students in mind, rather than the needs of the reading public.

Stretch it any way you want to, but Garza County is sadly lacking in public library facilities. This is a deficiency that should not be allowed to continue, in view of the fact that the demands for broader library services are growing.

It has been nearly six years since any organized effort was made here for county library service, and the effort made then barely got off the ground; not through any fault of those who started it, but through a lack of cooperation in the areas where cooperation was needed.

As a neighboring newspaper has pointed out, libraries have been at the bottom of the priority list for public expenditures for years. Public library support from county and city governments has been linked upon as something to be thought about after everything else is done. But the times are changing, and they are fast reaching the point where a county virtually without public library service will be denying its people a service they need to keep in step.

If the upcoming Governor's Conference on Libraries sets more people in thinking and acting about such a need as public library service, it will have accomplished its purpose. As it is, not enough of them are thinking about it, and even fewer are acting.—CD

Dog problem is getting worse

Reports of two cases of rabies in South Texas should serve as a reminder to city councilmen and other city officials that if a town has a dog ordinance it should be enforced.

While the danger of rabies is the greatest threat arising from the stray dog problem, there are other reasons why a dog ordinance such as the one the City of Post has on its books should be enforced. Most stray dogs, whether owned or ownerless, make nuisances of themselves by running through yards, turning over trash barrels, chasing cars, gathering in packs on the school grounds, etc.

Post's "dog headache" is no different from that of any other city of this size, but that doesn't make it any less of a headache. The city council has made earnest efforts to see that the stray dog ordinance is enforced, but none of them has worked out. Dog catchers have been hired, but none of them have lasted long—probably for good reasons—and the city at this time is without

a dog catcher or anyone else who will pick up and dispose of stray dogs except in what might be described as dire cases.

Anyone who has ever checked the blottet at the city police station knows that complaints on dogs head the list of calls received there—and there isn't likely to be any change until the dog ordinance is enforced.

Anyone who owns a dog as a pet should see to it that the dog doesn't make a nuisance of itself as far as the neighbors are concerned. This should be a rule of human ethics, even if no dog ordinance existed. If the owner thinks enough of a dog that makes a neighborhood nuisance of itself to want to keep it, then he should keep the dog at home.

Before we tackle anything else that might take all our time, let's try to do something about our dog problem. It's about as bad as it's ever been and isn't showing signs of getting any better.—CD

Girl Scouts' Promise of Service

In Post and elsewhere in the United States this week, important promises are being made by a group of young ladies who take promises very seriously—the more than three million Brownies, Juniors, Cadettes and Senior members of Girl Scouts of the U. S. A.

The promises they are making in their own communities for a nation-wide Promise of Service—their way of celebrating Girl Scout Week, March 6-12, and the 54th anniversary of Girl Scouting.

The Promise of Service to which Girl Scouts are pledging themselves requires all sorts of talents and abilities and attitudes . . .

—A willingness to develop special skills to enable them to work with handicapped children, or at day nurseries, hospitals, and homes for the

aged; to aid the blind; to teach English to foreign adults; to give lessons on hygiene; to teach crafts and conduct games and parties for less advantaged children.

—An abundance of sheer enthusiasm to pitch in on restoring a landmark or building a library, or rescuing from neglect a park or wildlife area.

—A capacity for hard work with broom and paint brush to clean up neglected areas in the community or to collect and repair toys to make sure Santa Claus comes for everyone.

Most important of all, the Girl Scouts' promise of service reflects a philosophy many an adult might well emulate—the acceptance of responsibility, of seeing a need and meeting it—what the late John F. Kennedy called, "knowing that here on earth God's work must truly be our own."

What our contemporaries are saying

Why is it that ladies are usually impressed with other people, other clothes and other husbands?—Van Horn Advocate.

Just think of us suckers that fell for that "if you want to vote, pay your poll tax" gag.—Afton Richards in Jayton Chronicle.

NOT ONLY DID March come in like a lion Tuesday of last week, but the weather kept roaring right on through Thursday and knocked the folks attending Brownfield's annual Chamber of Commerce banquet out of an opportunity to hear Gov. John Connally speak.

Thursday's sandstorm was given as the reason for the Governor not keeping his speaking date at Brownfield. Filling in for him as the banquet speaker was State Rep. Jesse T. George, who has been lined up by the Post Jaycees as guest speaker at their third annual installation banquet March 26.

THE MAN UP the street says the best way to serve spinach and parsnips is to someone else.

One of my pet peeves is misspelled words, whether they're my own or somebody else's. But sometimes I wonder if it makes such a difference after all—after running across something like this except from a letter obviously written by an illiterate salesman: "Dear Boss—I seen this outfit. They ain't never bought a dime worth nothin from us and I sole them a couple hundred thousand dollars worth guds."

Two days later a second letter arrived at the head office:

"Dear Boss—I cum har and sole this outfit haff a milyun."

The company president, delighted with the huge orders, posted both letters on the bulletin board and added a note of his own:

"We been spendin too much time hear tryin to SPEL insted of tryin to SEL. Lets watch thos e sails. I want everybody should rede these letters from a guy whose on the rode doin a gr a t e job for us and just you go out and do like he done."

SCIENTISTS SAY that it takes a fifth of a second to blink an eye and that a person blinks 25 times a minute. Thus, it could be said that a driver who averages 55 miles an hour on a ten-hour trip drives 23 miles with his eyes shut.

And then, there are those who drive with their eyes closed all the time.

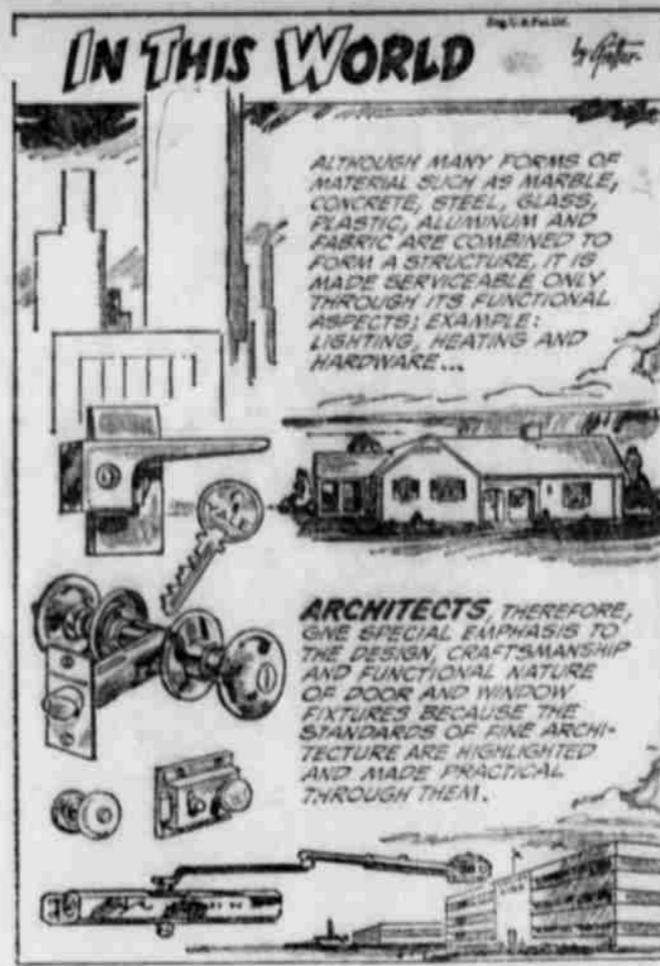

This is a big election year everywhere in Texas, but one of the most interesting elections locally will be next Thursday night when they elect Post's "Woman of the Year" at the Xi Delta Rho chapter's style show. Ten nominees, any one of them well deserving of the "Woman of the Year" title, were in the race when The Dispatch went to press last Thursday, with more nominees expected. Who'll be the winner? One person's guess in this case is as good as another's.

WHILE I'M ON the subject of elections, I'd like to mention that they're also heading into their usual interesting election year in Oklahoma. Some of the candidates in the Sooner State still believe in running under colorful names, evidently believing that the appearance of these names on the ballot helps pull votes.

I saw a list of the Oklahoma candidates in Sunday's Oklahoman, and one of the candidates for Governor is Henry Ford, who happens to be a cousin of Jimmy Dean, a Texan who struck it rich in the country and western music field. Incidentally, Dean was in Oklahoma City last week for a tagrounds performance boosting his cousin's candidacy.

OTHER CANDIDATES in the various races in Oklahoma have such names as H. B. Boots Tallaferry, Fence-Cutter Rodger Wilis—I'm not making these up—C. Plowboy Edwards, G. I. Joe Payton, Lige King Stewart, Her J. Bussey, C. Corbett Cornett, John C. Adams, Jess I. Miracle, K. Bill Walker, Bill Bull, Cowboy Pink Williams, Larry Dale Derryberry, Robert L. Goodfellow and Texanna L. Hatchett.

If you're a little leery about placing bets on any of this year's political races, either in Texas or Oklahoma, you might be interested in risking your money on moon landings. One of Great Britain's biggest bookmakers, Ladbrokes, reports a flurry of bets on getting to the moon. The bookmakers took one bet of \$1,120 at 6 to 4 odds against a man being landed on the moon before Dec. 31, 1970. Other "man on the moon" bets and odds quoted were: 100-1 against landing during 1966; 20-1 against landing

ALTHOUGH MANY FORMS OF MATERIAL SUCH AS MARBLE, CONCRETE, STEEL, GLASS, PLASTIC, ALUMINUM AND FABRIC ARE COMBINED TO FORM A STRUCTURE, IT IS MADE SERVICEABLE ONLY THROUGH ITS FUNCTIONAL ASPECTS; EXAMPLE: LIGHTING HEATING AND HARDWARE...

ARCHITECTS, THEREFORE, GIVE SPECIAL EMPHASIS TO THE DESIGN, CRAFTSMANSHIP AND FUNCTIONAL NATURE OF DOOR AND WINDOW FIXTURES BECAUSE THE STANDARDS OF FINE ARCHITECTURE ARE HIGHLIGHTED AND MADE PRACTICAL THROUGH THEM.

DR. RONALD HUDDLESTON

Former area resident is head of hospital in East Africa

Dr. Ronald Huddleston, son of Mr. and Mrs. R. W. (Mutt) Huddleston of Gordon and Grassland, has recently opened a hospital in Tanzania, East Africa, sponsored by Texas Churches of Christ. The Huddleston family has been in Tanzania (formerly Tanganyika) for two years.

Dr. Huddleston was reared at Gordon and attended high school at Southland, where he was an outstanding athlete. After attending Abilene Christian College, he attended Southwestern Medical School in Dallas, served his internship, then decided to go to Africa on missionary work.

In January of 1964, Park Row Church of Christ in Arlington set up a mission in Chimala, Tanzania, and since then with the help of other churches of the Dallas-Fort Worth area have built a 50-bed \$70,000 hospital, of which Dr. Huddleston has been in charge.

The hospital was dedicated Dec. 28 and those present at the dedication included President Julius Nyerere of Tanzania.

The Huddlestons are one of five white families in the area.

Mrs. Huddleston teaches Sunday School classes at the mission. She is the former Maxine Childs of Sacramento, Calif. The couple has two children, Rhonda, six years old, and Kevin, three years old.

NEW TRUDAN 2 IS HERE!

Trudan 2, Northrup King's new true hybrid sudangrass, is an exciting forage. Unlike sorghum-sudangrass hybrids, Trudan 2 produces fast growth without coarseness . . . the fine-stemmed, highly palatable plant yields high TDN. Trudan 2 grows back fast with lower prussic acid content. Great for grazing, hay or haylage. Trudan 2 can mean more beef or milk per acre. In tonnage trials, Trudan 2 has out-yielded sorghum-sudangrass hybrids.

Order NEW Trudan 2 now. Supplies are limited.

Prize winning essay read to Rotarians

Cynthia White, winner of the essay contest co-sponsored in the schools by the Amity Study Club and the Woman's Culture Club, read her prize winning essay, "Safety in the Home" to Post Rotarians at their weekly luncheon Tuesday in City Hall.

She was introduced by Mrs. Tillman Jones.

The other portion of the program was a showing of slides by Jerry Fletcher of Lubbock on the upcoming South Plains Livestock Show at Lubbock.

City fines total \$309 in March

Fines collected in corporation court during February totaled \$309 according to Police Chief Leldon P. Miller's monthly report at Monday night's city council meeting.

Eleven drunk fines were paid for a total of \$180, two for disturbing the peace, \$40, and one for simple assault, \$20.

Traffic fines collected during the month totaled \$48.

Among the collections was one fine for \$21 previously assessed. Fines were laid out in jail in the amount of \$95, and 57 meals were fed city prisoners during the month, the report showed.

Historical group attends workshop

Members and three visitors attended the Garza County Historical Survey Committee at the 17th workshop of the Texas Historical Society held Saturday in Crosbyton.

Education theme at club event Thursday night

The education program of the Amity Club and the Study Club was held at the school auditorium last Thursday night at 7:30.

Dr. P. Melville Larson, superintendent of the Texas Tech speech department, speaking from his experiences of a group tour of eight countries in the summer of 1964, Dr. Larson compared the buildings and architecture with those of those countries and the United States.

Slides showed the war in the slow process of reconstruction in the United States and in a similar state. Students present particularly enjoyed slides of Tivoli Gardens in Copenhagen, Denmark, including the towers in the gardens. Pictures of flower gardens were impressive.

Mr. Ronald Babb, American chairman of the Amity Club, welcomed the guests, and presented copies of "Fiddle" by Ross Edwards, were displayed in the high school and high school libraries by clubs.

Several enjoyable numbers were presented by the Post School Band under the direction of Mr. Evans.

Pat N. Walker, American chairman of Amity, introduced Girl Scouts who presented the flag, and Karla Josey led singing "America."

The school trustees, band, Girl Scouts faculty and other interest groups were recognized by Fred Byerly, American education chairman of the Culture Safety award winners were presented by Amity Club safety chairman, Mrs. Wayne Carpenter.

Mr. Byerly urged all to attend open house at the schools on Monday night, an annual event of the Texas Public Schools Week.

Mr. S. Ramsey, minister of First Christian Church, gave benediction.

Refreshments, arranged by the social chairman, Mrs. Virgil Bilbo and Mrs. Lee Davis Jr., were served.

At the meeting, Supt. Shiland Dr. Larson were treated to a steak dinner.

Miss Georgie Johnson of Albuquerque, N. M., was a guest of the Mystic Sewing Club when it met Friday with Mrs. Theil Bratten.

Hostess served open-faced sandwiches, potato chips, pumpkin and spiced tea following sewing.

Guests present were Jimmie, Maggie Kennedy, Winnie Blake, Mae Shipley, Nora Brigham, Pearl Polk, Nell Windham, Mary Ellis, Opal Williams, the Runkles, Winnie Henderson, Connie Self, Catherine Rankin, Nichols, Lillie Short, Henrietta and Barbara Blake.

Miss Ellis will be hostess of the next meeting.

Parade of Music' program includes school stage band

"Parade of Music" program opened by the Post School Band playing "Enjoy Yourself" when the Post Music Club, member of the National Federation of Music Clubs, met Monday 7:30 o'clock in the evening at First Methodist Church Fellowship Hall.

Other numbers played by the band under the direction of Bruce Gerber, included "Mood Indigo," "Sunday Morning," and "Chu-Cha-Cha." Members of the band are Pat Martin, Gary Potts, Karon Windham, Tony Hutto, Donnie Windham, La Gayluah Young, Zelika Hutto, Paul Walker, Jan Wilks, James E. Pollard, Rickie Wellons, James E. Pollard, Rickie Wellons, Ronnie Pierce and Wiley Miller.

Guests were Mrs. Mmes. Joe Vernon, George Miller, Rufus Gerber and La Rue May's father and grandfather. Members present were: J. J. Dietrich, R. L. Marks, Ed Graham, Bo Jackson, K. W. Kirkpatrick, O. V. McMahon, Glenn Norman, John May, P. Smith, Bill Shiver, Ed Sawyers, Bill Pool, Boo Olson and Stewart.

Dr. and Mrs. A. C. Surman, Mr. and Mrs. Walter Boren, Mr. and Mrs. Walter Duckworth, George Sampson and Louie Burkes.

The meeting opened at the Pioneer Memorial Museum at 2:30 p. m., with punch, coffee and cookies served by the Girl Scouts of Crosbyton preceding the meeting.

More than 90 persons registered and remained for a dinner served by the women of Crosbyton in the Museum meeting room from the cafeteria. Guests were seated at tables decorated in a patriotic theme.

John Ben Sheppard of Odessa, state president, presided at the workshop, at which reports were made from Crosby, Garza, Lubbock, Borden, Scurry, Cochran, Briscoe, Dickens and Deaf Smith counties.

The Garza County report was given by Mrs. Surman, chairman, and Mrs. Boren, publicity chairman.

Mr. Sheppard outlined the RAMP program. State reports were made by Mrs. L. E. Dudley of Abilene, vice president, on standard performance guidelines; Bob Risher of Austin, field director, on the work and function of the state office; and Truett Latimer of Austin, director, who suggested visits between counties to stir interest in historical surveying.

Charles Woodburn of Amarillo was a visitor from that region. An official welcome was extended from the City of Crosbyton, and Robert Work gave the invocation.

Mr. and Mrs. Wallace Simpson, who have made their home in Post for 12 1/2 years, left Wednesday for Denton where they will build and operate a miniature golf course. They will live at 219 Sherman Drive. Mr. and Mrs. Douglas Livingston have purchased the Simpsons' home at 1015 Sunset Drive here in Post.

Guest Day book review slated

Mrs. Lee Davis' review of the book, "Men to Match My Mountains" by Irving Stone, will be the highlight of guest day when the Woman's Culture Club meets at the First Presbyterian Church, Wednesday, March 16, at 3 o'clock in the afternoon.

Carol Camp, daughter of Mr. and Mrs. S. E. Camp, will play an organ prelude preceding the book review.

Hostesses will be Mmes. J. H. Haire, Louie Burkes, Fred Byerly and Virgil Bilbo.

Winners are named in clubs' safety essay, poster contest

Winners in the safety essay and poster contests sponsored in the elementary and junior high schools by the Amity Study Club and Woman's Culture Club were named Wednesday last week as Cynthia White, essay, and Patti Parrish and Pat Johnson, posters.

The winners were announced and the awards made in a special assembly at the school, following the judging of the essays and posters.

Mrs. J. H. Haire, safety committee chairman, named Patti Parrish as first place poster winner in the third grade and Pat Johnson as first place poster winner in the fifth grade. Each of the two winners was presented an art book and a story book by Mrs. Haire.

Mrs. Haire introduced Mrs. Tillman Jones, who presented Cynthia White with a charm as her first place prize in the safety essay contest.

Mrs. Haire expressed the sponsors' appreciation to the large number of students entering the contests and to the teachers for their cooperation.

The two sponsoring clubs' poster committee consisted of Mrs. Haire, Mrs. Wayne Carpenter and Mrs. Bettye Scott. Members of the

THE POST DISPATCH

For area farmers

Computer plan is to be explained

The Texas Agricultural Extension Service has initiated a new electronic computer service which tells the land-use combinations and row patterns likely to produce the highest net return under the current cotton program, reports County Agent Syd Conner.

The decision making tool will be explained in an educational meeting to be held at 9:30 a. m. Monday, March 16, in the district courtroom.

At the session, which is open to all interested persons, an Extension farm management specialist will be on hand to discuss the new system.

The county agent said farmers using the service fill out forms to submit information on such things as land, cotton allotment, other allotments, yields and production costs.

A set of forms, available at the county agent's office, is prepared for each plot of land designated as an "ASCS farm."

The computer service costs \$30 for each ASCS farm, Conner said, but trial runs made at Texas A&M's Data Processing Center indicate the fee can be gotten back many times in better returns.

about one week after their information is received at Texas A&M.

Conner said that for the analysis to be meaningful, information on such items as production expenses needs to be highly accurate.

Growers using the tool should receive the computer analysis

The Old Timer

"Money is something you run out of and things run into."

WHERE DO THE STARS GO, MOMMY?

The big brown eyes are thoughtful, the small face earnest as Mary Anne considers the universe.

Sometimes our pint-sized inquisitor's questions are devastatingly funny, sometimes deadly serious; but always important. Harry and I may chuckle over them, but we never forget that these queries reflect Mary Anne's increasing awareness of the world about her. We know that our answers and attitudes are an important part of her development.

Another influential portion of Mary Anne's growth, we feel, has been her regular attendance at Church School. There, Mary Anne's experiences with other children have been related to God's plan. The tiny kitchen or play garage in the skilled teacher's capable hands becomes the training ground for Christian behavior.

How glad we are that our church is well equipped to guide our child in her religious growth.

Attend your church. Take advantage of the inspiration and knowledge it is eager to share with you and your children.

Garza bond goal set at \$120,000

J. B. Potts, chairman of the Garza County Savings Bonds committee, announced today that the 1966 savings bond goal for the county is \$120,000.
January sales in the county totaled \$9,112.50, which represents five per cent of the 1966 sales goal.
The Texas 1966 savings bond goal is \$147,500,000. E and H bond sales in the state during January totaled \$12,839,940, which is nine per cent of the 1966 sales goal.
"Our county savings bonds committee was delighted to learn that the interest rate on U. S. Savings Bonds has been raised to 4.15 per cent," Potts said. "The interest rate is effective as of Dec. 1, 1965, and applies to all Series E and H savings bonds outstanding for their remaining period to maturity as well as to those purchased in the future."
"We are confident that with this new higher interest rate our 1966 sales goal will be surpassed," the chairman said.

What to do till the doctor comes

Emergencies strike with sudden swiftness. A slip, a fall, a collision is seldom announced. So be prepared. At least one member of every family should have a working knowledge of first aid. There are books on the subject and the American Red Cross gives classes where such information and training can be acquired. We recommend that you, or someone in your household, acquire the know-how. Another worthy recommendation is to maintain a supply of first-aid medications on hand at all times—antiseptic, gauze bandages, adhesive tape, alcohol, soothing creams, etc. The cost is small and we'll be glad to assist you in your selection.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. (Manufacturer's suggested retail price for Buick's V-6, 2000 cc. Buick Special. Federal Excise Tax and optional dealer delivery and service charges included.)

Contest Rules: Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Potts and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

PREPLANT IRRIGATION

As preplant irrigation begins in Garza County, we suggest that farmers plan their first watering so they apply only the amount which can be effectively stored in the soil's root zone.

Bill Lyle, irrigation specialist of Lubbock, says in general too much water is applied during preplant irrigation in this area.

There are instances where as much as 12 inches are applied when four inches will bring the soil to its field capacity throughout the root zone, the specialist said.

Field capacity is the maximum amount of water a soil can retain for crop use.

"Watering deeper than four feet is usually inefficient and results in considerable losses to deep percolation," Lyle said.

Water necessary to saturate the root zone varies with the soil type.

annually or semi-annually since 1960. Some outraged local citizen brings me home with him from some business trip or vacation visit with distributing frequency and comes to our door, day and night, demanding that something be done to stop distribution of such "trash."

But bigots being bigots the distribution goes on. We would prefer some type of legal action to put an end to it. Such letters can only be an answer to a slander which is so unfair it should never be perpetrated.

An entirely new type of promotion opens in Post today — Thank You Days — featuring all kinds of Gold Bond stamps. See page 3 for the details and the nine firms participating. Four of the nine are planning drawings for 10,000 free Gold Bond stamps at each drawing. The promotion is a 10-day effort, which will end Saturday, March 19.

Also in today's Dispatch you'll find Lowell Short's ad with some observations of his on his 20th business anniversary here and a Martin's first anniversary sale.

Another advertising tidbit will be found on the classified page with the schools advertising to sell some year-old appliances at designated prices.

Trinity revival starts Sunday

The Rev. Jimmy McGuire, pastor, will conduct revival services at the Trinity Baptist Church beginning Sunday, March 13, and continuing through March 20. The evening service will be held daily at 7:30 o'clock.

Music will be directed by Billy Skipper, who is music director of the First Baptist Church of Abernathy and is employed by the First State Bank there.

The public is cordially invited to attend all services.

Five unopposed in April school elections

Sam Bevers Jr., and W. L. Schleichert are unopposed for re-election in three year terms on the Justicesburg School District No. 7 board in the April school elections.

Unopposed for re-election to the Garza County School Trustees for two-year terms are Sam Ellis of Southland for the Precinct No. 1 place, Mrs. Pearl Nance of Justiceburg for the Precinct No. 4 place, and L. G. Thuet Jr., for county at-large position.

Hardlands—such as Pullman clay loams—hold an average of 2 to 2½ inches of water per foot of soil. At this rate, it takes 8 to 10 inches to fill the four-foot root zone. But the intake rate of these soils is extremely low so it is difficult to apply much more than four inches per irrigation.

Mixedlands—such as Amarillo fine sandy loams—hold about 1½ inches per foot of soil. A six-inch preplant irrigation should bring the root zone to field capacity.

Sandylands—such as Brownfield loamy sand—hold an average of one inch of water per foot of soil. An application in excess of four inches is probably wasteful.

To estimate the amount of water applied per irrigation, farmers first learn the pumping rate of the well. This gallons-per-minute figure can be converted to acre-inches per hour by dividing it by 450, Lyle said.

The acre-inches per hour can then be multiplied by the time per set and divided by the area irrigated to give the number of inches applied per acre.

For example, Lyle says this is how you can figure a 600 GPM well pumping on 1.5 acres for a six-hour set. (1) The 600 GPM well puts out about 1.3 acre-inches per hour (600/450 = 1.33). (2) Multiplying the acre-inches per hour of 1.3 times the six hours of the set gives 7.8 total acre-inches. (3) This 7.8 is then divided by the area irrigated or 1.5 acres to give 5.3 inches of water per acre.

Irrigation is not 100 per cent efficient because of such things as ditch losses and evaporation. Average efficiency is estimated at about 70 per cent, Lyle says, so the average amount of water applied per acre in this example is 5.3 inches times .7, which is 3.7 inches.

"Notice that we use the word 'average,'" Lyle said. "The water penetration will be greater at the upper end of the furrow and less at the lower end."

Those with limited irrigation water may want to consider an application that will not bring the entire root zone to field capacity, he said.

Studies at the South Plains Research and Extension Center, near Lubbock, indicate that average summer rains with light preplant irrigation will produce yields comparable to those experienced with heavier preplant irrigations.

Lyle said in years of less than average rainfall, the center has, of course, gotten significant yield decreases with the lighter preplant irrigations.

State Library has donated 1,608 books, 305 of them as an outright gift.

Mrs. McRee said the city library now has 29 paying members, who make a \$2 deposit for a membership card.

She told the council she considers the library "well used" by the public, considering that it is in with the high school library.

The council voted to pay Mrs. McRee's expenses to the Governor's Conference on Libraries, and Councilman Bob Collier and Mayor Harold Lucas also indicated they might be able to attend the conference.

The water well leases signed were for lease of wells to Henry Wheatley and C. N. Chandler. Leases are to be prepared for lease of three wells to L. H. Peel.

The new tires for the 1963 police car will be purchased from Garza Tire Co. at \$19.82 each, installed. Two other bids were considered.

Extension of the water system at Terrace Cemetery will provide water for new areas of the cemetery. City Manager Warren told the council. A new two-inch line recently laid to the cemetery provides sufficient water for all the area except the new part, which can be served with about 500 additional feet of two-inch line.

Warren estimated it will cost about \$400 to complete the extension and make water available to every cemetery lot owner.

The power saw authorized by the council will be used when the city away trees on private property. A request to cut down and haul fee of not less than \$3 nor more than \$5 will be set for this service, it was decided.

'Lope trackmen to compete Saturday at Abernathy

Polis, Morales record-holders

The Post Antelope track and field team will compete Saturday at the annual Abernathy meet, distance men Ruben Solis and Morales out to break their records in the half-mile and

mile. Records held by the Post Antelopes were set last year, with Solis posting a mark of 2:02.3 in the half-mile and Morales 4:53.5 in the mile.

The mile relay team, which had second at Idalou Saturday, is expected to be a strong contender at Abernathy, along with a number of individual Antelope runners.

It did not enter a 440-yard relay at Idalou, but will run at Abernathy Saturday, according to Glenn Gregg said. Luis Norman Tanner, Clyde Cash and Ricky Welch will make the sprint relay team.

The rest of the Post entry list for the Abernathy meet is as follows: 440-yard Dash: Tanner, Cash, Welch, Pett.

800-yard Dash: Solis, Mike Pett, Ronnie Pett.

1600-yard Dash: Leroy Saldivar, Pett, Filemon Vargas.

3200-yard Run: Solis, James McInnis, Welch.

5000-yard Run: Morales, Finnis Corrick, Pantoja.

8000-yard High Hurdles: Duke Altman, Tanner.

1600-yard Low Hurdles: Ayala, Jim Altman, Donnie Windham.

3200-yard Jump: Mike Pett, Ronnie Pett, Dennis Altman.

5000-yard Relay: Ayala, Welch, Cash, Pett.

8000-yard Jump: Davis Heaton, Pett.

16000-yard Vault: Welch, Duke Altman, Pett.

32000-yard Put: Tanner, Jack Huff, Pett, Cornell.

64000-yard Toss: Huff, Sammy Sims, Var-

ney.

Post golf team to compete this week

The Post Antelope golf team will compete this weekend, but more likely will resume action next week, Coach T. C. Clark said.

The golfers were also idle last week after competing in a meet at Idalou the week before.

Members on this year's golf team are Jimmy Bartlett, Felton Doyle, Nichols and Dick Eddy. Eight or nine other boys also candidates for the team, which will defend its district championship in the District 4AA tournament in Lubbock next month.

Distance runners set new records

Post finishes third in relays at Idalou

Half-mile runner Ruben Solis and miler Pete Morales set new records and the Post Antelopes finished third in team standings at the Wildcat Relays in Idalou Saturday, the first track competition of the season on the South Plains. The trackmen of Coaches Glenn Gregg and Billy Hahn scored 49½ points for their third place finish behind winner Abernathy, which scored 116 points, and second place Lockney, which finished with 102. The Antelopes outscored three other District 4AA teams—Slaton, Morton and Frenship—in the Idalou meet. Slaton was fourth in the team standings, Morton fifth, and Frenship 10th.

Solis won the 880-yard run in 2:05.1 to break his own record of 2:08.9, set at last year's Wildcat Relays. Morales won the mile in 4:45.2 to break by nearly 27 seconds the old record of 5:07 posted by Pollard of Tulia in last year's meet.

The victories scored by Solis and Morales were the only first places chalked up by the Antelopes, but their mile relay team sprang a surprise by finishing second, and Luis Ayala placed second in the 180-yard low hurdles.

Solis placed fourth in the 220-yard dash, and Ricky Welch tied for fifth place in the pole vault and placed sixth in the 880-yard run.

Post finished second to Lockney in the mile relay, covering the distance in 3:41.4, and leading about half the way. Ayala, Welch, Clyde Cash and Solis made up the mile relay team, Welch having been substituted for sophomore Norman Tanner after the latter pulled a leg muscle Saturday morning.

Solis won his heat of the 220-yard dash in the preliminaries, outrunning Abernathy speedster Lane Wade, but in the finals he dropped to fourth, apparently on account of having just run the 880.

Davis of Lockney and Hill of Dimmitt finished second and third to Solis in the 880, while Jordan of Friona and Tanguma of Floydada trailed Morales in the mile run.

Ayala had the best time in the 180-yard low hurdles preliminaries, but finished second to Selke of Abernathy in the finals.

Jimmy Joyce of Morton was the meet's high scorer with 24 points. He won first in the 220-yard dash and high jump and ran on the mile relay team, which placed third.

Cold and high winds hampered performances in the meet.

Avala had the best time in the 180-yard low hurdles preliminaries, but finished second to Selke of Abernathy in the finals.

CAROL PATE

Airman is home from overseas

Airman 2e Carol Pate is visiting his parents, Mr. and Mrs. L. B. Pate, after two years at Wheelus Air Force Base, Tripoli, Libya, North Africa, where he served with mobile communications.

Practice runs took the airman into Egypt, Spain, Italy, Germany, France, the Netherlands, Norway, England and Turkey.

Pate received his basic training at Lackland AFB, training in refrigeration at Sheppard AFB, and spent about 20 months at Richards-Gebour AFB, Kansas City, Mo.

The airman's discharge was scheduled for May, but he is "frozen" in the service for another year. He is to report to Cannon AFB, Clovis, N. M., May 23 where he will serve with a communications support group.

Tough sledding faces 'Big Red'

The Denver City Mustangs' five-year reign as District 4AA track and field champions appears to be in danger this season on the basis of the Mustangs' performance in their first two meets.

In the Brownfield Invitational Track and Field Meet Saturday, the Mustangs scored only 10 points for a 13th place finish in a field of 17 teams.

The previous week at Fort Stockton, Denver City scored only six points to finish in a 15th place tie with Rotan and Eunice, N. M.

Six of the Mustangs' 10 points at Brownfield came when Hatfield placed third in the pole vault.

Post, Slaton and Morton all appear capable of seriously challenging Denver City's defense of its district track championship.

A GO-GO GIRLS TO PLAY WENTWINDS IN BENEFIT GAME

Tickets went on sale this week for the Antelope Booster Club's benefit basketball game at 8:00 p. m. Friday, March 18, in the high school gymnasium.

The two teams that will keep the roundball sport alive here past the regular season are the Wentwinds and the Booster Club's A Go-Go girls.

Sponsors of the benefit game said team rosters will be released in time for publication in next Thursday's Post Dispatch.

Meanwhile, basketball fans are urged to buy their tickets early to avoid the last-minute "crush." The tickets are selling at \$1.50 for adults and 75 cents for students.

Play resumes tonight in volleyball tourney

Six games — four in the men's division and two in the women's division — were played Tuesday night in the opening round of the Alpha chapter's third annual volleyball tournament at the high school gymnasium.

Play will be resumed tonight (Thursday) after a layoff last night, and the finals in both divisions are scheduled for Friday night, instead of Saturday night as originally announced.

Scores in the men's division Tuesday night were: Crosbyton 25, Post Texans 13; Ralls Exes 28, Idalou 7; New Lynn Gin 34, Lubbock Jokers 21; Post All Stars 24;

Ralls Farmers 12. In the women's division, the Slaton Hezitaters beat the Post Toasties, 24-16, and the Tahoka Boo Boos downed Ralls, 30-6.

Tonight's schedule of tournament games is as follows: 6:30 — Slaton Hezitaters vs. Tahoka Boo Boos (women).

7:00 — Post Toasties vs. Ralls (women).

7:30 — Postettes vs. Hornets (women).

8:00 — Crosbyton vs. Ralls Exes (men).

8:30 — Post Texans vs. Idalou (men).

9:00 — New Lynn Gin vs. Post All Stars (men).

9:30 — Lubbock Jokers vs. Ralls Farmers (men).

10:00 — McAdoo vs. winner of New Lynn Gin - Post All Stars (men).

Officials for the first night's games included N. R. "Jiggs" King, Bobby Stone, Frank Blanton, Pete Maddox and Jimmie Redman.

Admission prices to each night's session are 50 cents for adults and 25 cents for students. A food and drink concession stand is open during the games.

Gail girls win third place in region tourney

GAIL — The Borden County High School girls' basketball team won third place in the Region 6-B tournament at Big Spring Saturday by defeating Balmorhea, 50-41.

The Gail girls were eliminated from championship contention Saturday morning when they lost to Talpa-Centennial, 51-47, in overtime. They had opened tournament play with a 50-31 victory over Westbrook Friday night.

Girl cagers battling for top state titles

Tulia, Spearman, Springlake and Sundown are Region I representatives in the State Girls' Basketball Tournament opening today (Thursday) in Austin.

Tulia is to play Duncanville at 7 p. m. Friday in a Class AAA game, in which the other state finalists are Victoria and Raymondville.

Spearman, which won the regional AA championship at Lubbock by defeating Floydada and Hamlin, takes on River Crest at 4:25 p. m. Friday. The other Class AA finalists are Little Cypress and Ganado.

Springlake, the regional Class A winner, plays Waco Midway at 11:30 a. m. Friday. Also in the Class A state finals are Jourdan and Cross Plains.

The Sundown Roughettes, old hands in state tournament play, Floydada in a bi-district game Tuesday of last week.

Babe Ruth League is to meet on March 16

Officers will be elected and plans for the coming season made at a Babe Ruth League meeting at 8 p. m. Wednesday, March 16, at Judy's Restaurant.

Frank Blanton, league president, urges everyone interested in the Babe Ruth League to attend the meeting.

Cash's contract calls for salary of \$36,000

The Sporting News in its March 12 issue now on the newsstands confirmed what The Dispatch reported last week — that Norm Cash had signed his 1966 contract with the Detroit Tigers for a substantial raise.

In a dispatch from the Tigers' spring training camp at Lakewood, Fla., The Sporting News said the former Post High athletic star had signed for \$36,000 — an \$8,000 increase over his \$28,000 of last year.

It reported Cash had agreed to terms by telephone from his El Dorado, Tex., home Feb. 26.

Manager Charlie Dressen of the Tigers is convinced Cash will hit in the early months of the new season as he did after the All-Star break in July last year when he belted 23 homers and hit for a .304 average.

Dressen's idea is to have Cash swing at everything that looks good this year.

"Cash can't take many pitches," Dressen told The Sporting News. "He's got to swing."

Cash and Don Demeter were the last two of Detroit's first-liners to sign their new contracts. Demeter got a \$2,000 raise to \$33,000. He is called the team's No. 2 first baseman, behind Cash, its No. 2 third sacker, and possibly Detroit's No. 1 centerfielder.

Eagles score 15 points in Idalou track meet

SOUTHLAND — The Southland Eagle track team scored 15 points for a 13th place team finish in the Wildcat Relays held Saturday at Idalou.

Nine of Southland's 15 points were scored when Dennis McGehee and Joe Basinger tied with a Hale Center boy for second place in the high jump.

The Class A division, in which Southland competed, was won by host Idalou, which scored 110½ points. Hale Center was second and Petersburg third.

Fluvanna track team is fifth at Snyder

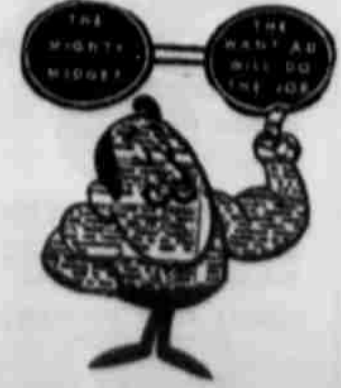

FLUVANNA — Fluvanna scored 48 points for a fifth place team finish in the Class B division of the annual Canyon Reef Relays held Saturday at Snyder.

Hobbs was the winner in the Class B division with a total of 102 points. Klondike was second and Ira third.

Stansell of Fluvanna won the mile run in 5:03.8, and Hall was first in the discus throw with a toss of 111 feet and first in the 100-yard dash with a time of 10.5 seconds. Fluvanna's mile relay team finished fourth and its 440-yard relay team fifth.

U. N. would lose its effectiveness with the admission of Red China

Political observers in Washington fear that unless the United States puts its foot down firmly, Red China will be admitted to the United Nations next year. Should this happen, it is argued, the U. N. will lose whatever effectiveness it has today.

So far, the opposition to Chinese

Communist admission to the U. N. has been prevented by the steadfast opposition of a majority of senators and representatives — backed by the overwhelming will of the American people. Informed sources at the U. N. report that the State Department has, however, dragged its feet as much as it safely can. This has encouraged the Communist and Afro-Asian blocs to push all the harder to bring the Chinese Reds into what was planned as an organization of peaceful states.

The refusal of France, the Soviet Union, and a number of small states to pay their dues and assessments to the U. N. have made trouble enough. So far, the United States is picking up most of their bills — and allowing them to continue to cast their votes at General Assembly meetings, though it is in violation of the U. N. Charter.

If Red China is admitted, it will mean that the legitimate and pro-democratic Free Chinese on Formosa will be forced out. Since this will be contrary to the provisions of the Charter, it will further contribute to the spirit of lawlessness which the U. N. was set up to

Post dealer and wife to directors meeting

Mr. and Mrs. Robert Cox of R. E. Cox Lumber Co. will attend the annual spring meeting of the Lumbermen's Association of Texas Board of Directors in San Antonio on Friday and Saturday of this week.

In addition to regular association business, the directors will focus their attention on two future meetings — the convention-exposition to be held in Dallas April 15-17 of this year and a later one, to be held in 1968 in San Antonio to coincide with the opening of HemisFair.

Cox is a member of the board of directors of the Lumbermen's Association of Texas. He stated that more than 5,000 members are expected to attend the annual convention in Dallas next month.

counter.

There is general agreement among political observers that the campaign for Red China's admission would come to an abrupt end if the United States made it clear that 1) it would demand the disqualification of all countries delinquent in their payments to the U. N. and 2) that foreign aid would be cut off to those voting with the Reds. But this will not come about without mass pressure from the American people.

Twenty Years Ago

We are not going to say "We have served the people of Post and surrounding territory" these TWENTY YEARS but instead we will say "The people of Post and territory have served us" these twenty years!

We do like to feel that we have been of some service to all the people thru the years furnishing what they needed at a figure that would let us live along with them and at the same time letting them live along with us.

We have enjoyed every year of the TWENTY and as we glance back we note with a certain amount of pride that we have been able, with your help, to educate SIX children, keep ourselves fairly well fed, clothed and housed and made many, many friends and, we hope, very few enemies.

OUR STORE, which has been called every name almost including "Rat's nest," "Junk pile" and a few unmentionable, hasn't been the most neatly arranged store in Post but it has been "a happy hunting ground" for us as well as our customers and unlike the Indians, you didn't have to die to reach it even though you may have taken your life in your hands when you walked in, but we have been lucky, NOBODY HAS BEEN KILLED nor BADLY INJURED and most of the time we found what you came for.

Among our VERY BEST friends have been THE FOLKS at the First National Bank. Many, many times the past twenty years, Wilma, or Martha or Vearl or Jodie or some of those boys over on the East Side would look at us kind of inquiring-like and we'd say "Is Ernestine or Bud or Joyce or Leonard or Jimmy or Janith overdrawn?" or ARE WE? The part we are getting around to that makes us love them "They never have turned down a single check."

BUT wait, when we came here the bank was down in the old building, with old fixtures (kinda like ours) no place to park, no drive in window, staying open SIX days a week! AFTER SEVERAL YEARS we with our deposits (and interest) got them in a NEW PLACE with everything a bank needs BUT it has taken us all this time to get them in shape financially, that THEY CAN CLOSE on Saturday too! WE ARE FOR IT. Glad they can and why can't WE ALL CLOSE more than we do? Of course the stores will have to stay open Saturdays to CASH CHECKS but how about Monday? The bank will be open!

THANK YOU folks "everybody" for an ENJOYABLE TWENTY YEARS and just want you ALL to know "We are glad to be one of you." We hope, in the next few years, to retire from active business life AND if we knew we would enjoy it as well as keeping store, we would try it soon.

How To Treat a Cold

AMERICANS WILL SUFFER AN ESTIMATED 500,000,000 COLDS THIS YEAR, SINCE WE HAVE NO MEDICINE OR VACCINE TO PREVENT THE COMMON COLD, THE AMERICAN MEDICAL ASSOCIATION OFFERS THIS ADVICE FOR TREATING ONE:

STAY HOME IN BED. KEEP WARM.

GARGLE TO EASE A SORE THROAT.

TAKE ASPIRIN FOR THE DISCOMFORT. NONE OF THIS WILL CURE A COLD, BUT IT WILL MAKE YOU FEEL SOMEWHAT MORE COMFORTABLE WHILE YOUR BODY'S NATURAL DEFENSE MECHANISMS ARE BUILDING UP ENOUGH STEAM TO OVERCOME THE COLD VIRUS.

AMERICANS TAKE SOME 16 BILLION PURE ASPIRIN TABLETS A YEAR. BAYER ASPIRIN IS THE MOST WIDELY USED MEDICAL PREPARATION IN THE WORLD.

San Antonio is selected as site of 1966 Texas 4-H Horse Show

SAN ANTONIO — The Texas Youth Development Foundation has accepted the invitation of the San Antonio Chamber of Commerce to hold the 1966 Texas 4-H Horse Show at Joe Freeman Coliseum, Aug. 12-13.

Jerry D. Wheat, Foundation board chairman, announced today that the Alamo City was selected as a site for the 1966 Horse Show as a result of a joint invitation extended by Chamber President Red McCombs and Joe Freeman, general chairman of the Chamber's Farm and Ranch Committee.

Wheat said planning and staging the show will be coordinated by the Farm and Ranch Committee, the Texas 4-H Youth Development Foundation and the Texas Agricultural Extension Service.

The Texas 4 - H Horse Show brings together winners of 12 4-H district shows held throughout the state.

Some 300 winners of district competitions will vie at the Coliseum in August for trophies and ribbons awarded annually by Texas Electric Coops, Inc.

"San Antonio's romantic history, much of it related to and made possible by the horse," Wheat said, "makes the city a fitting location for the fifth annual Texas 4-H Horse Show."

Representatives of the 4-H Foundation will plan the August show in close cooperation with members of the Chamber's Farm and Ranch Committee, and with Bexar County Agricultural Agent Thurman Kennedy and Asst. Agent Preton

Two 'facelifting' jobs at Southland

MRS. EDMUND WILKE Little town is getting a couple of "faceliftings." They are doing remodeling over at the church, closing up the old one and putting in a few new ones and I'm sure there will be improvements made. The First Baptist Church has also a nice new white dashing sure does look nice and I its members are proud of it. It is going to be here before then it will be time to get all the rakes, hoes, spades, etc., and get busy. Boy, thinking about it makes me I love a pretty yard, but especially like the work goes into making and keeping pretty yard. Think I'll try Edmund and the kids into it!

Thursday night in the home of Joe Basinger. All the kids came and brought food and "The Distortions" furnished the music. Dan was very much surprised. The T. W. Brysons are moving to Littlefield sometime this month. Mr. Bryson has been manager of the Hackberry Gin for several years. He will be manager of two gins and an elevator in Littlefield.

Edmund, our son, Larry, Martha Blodgett and yours truly spent the weekend at LBJ Lake. It was a little cool down there, but beautiful. The grass is getting green and it won't be long until the blue-bonnets will start blooming. When we were coming home Sunday night, we stopped at the Ranch House Restaurant at Sweetwater to eat and as we started to leave, who should walk in but Mr. and Mrs. J. O. Leake. They had been down the country visiting relatives.

SOUTHLAND HIGH School entered the Idalou Invitational Track and Field meet Saturday. It wasn't a very nice day and we didn't do too well. Dennis McGehee and Joe Basinger tied second with Hudgins from Hale Center in the high jump. Southland finished with a total of 15 points.

Mrs. Maudie Mining of Pittsburg, Calif., Mrs. Ora Mining of Slaton and Mr. and Mrs. Claude Roper were dinner guests of Mrs. J. F. Rackler Tuesday. Mrs. Maudie Mining was here visiting Mrs. Ora Mining and Mrs. J. A. Warren. She left for her home on Wednesday.

Brenda Kirby of Wilson spent Friday night and Saturday with Beverly Rackler.

Mrs. Kirby from Wilson visited Mrs. J. B. Rackler Saturday. She also visited the Robert Lee Haglers.

Mr. and Mrs. J. B. Rackler and Beverly attended a birthday dinner in Lubbock Sunday with a group of the Rackler family after attending services at the Calvary Baptist Church in Lubbock.

Mrs. J. C. Leake entertained a group of ladies recently with a home appliance party.

Sherry Lee Wilke spent the weekend with Joan Gindorf.

Mr. and Mrs. Jimmy Doggett of Post were guests Saturday night of Mr. and Mrs. Billy Lester.

Mr. and Mrs. Billy Lester and sons went to Levelland Sunday afternoon to visit Mr. and Mrs. I. J. Duff Jr. Mrs. Duff, the former Maurine Lester, underwent surgery recently, but is at home now and doing well.

THE RIGHT NUMBER—Secretary of State Crawford C. Martin draws numbers from a hat to determine the sequence of 16 Constitutional Amendments on the general election ballot. The amendments, which contain a total of approximately 14,300 words, will be published four times each in Texas newspapers in August. Holding the hat is Mary Mae Hartley, associate editor of The Texas Press Messenger, official magazine of the Texas Press Association. The portrait is of Stephen F. Austin, the first Secretary of State for Texas in 1836.

spent Tuesday night with Mr. and Mrs. Herman Dabbs and Mrs. Alice Martin. He is the brother of the late S. D. Martin. He is in the process of selling his home at Marble Falls and plans to move to Austin.

Mrs. Alice Martin and Mrs. Ed Moseley went to Acuff Tuesday to visit Mrs. Ruby Farris.

Mr. and Mrs. Herman Dabbs and David and Mrs. Alice Martin went to Littlefield Sunday to visit Mr. and Mrs. Blanton Martin.

AS MOST OF you know, the Winston Lester family moved the first of the year somewhere close to Dallas and it seems that all it has done since they have been there is to rain. Wish we could send them a little of our sand and they could send us a whole lot of their rain! One day their daughter, Terrie, came home from school and told her mother that she would be in the first grade for three years. Her mother asked her if she thought that she was going to fail, and she said: "No, mother, I am going to pass, but they have three first grades." Isn't that cute? All of us here at Southland miss Winston, Joyce, Terrie and Allen

very much. Hello to you from all of us.

Last Saturday night the 7th and 8th grades honored Kathy Bryson with a going-away party in the home of Joan Gindorf. The living room was decorated with blue and white streamers and balloons spelling out "Farewell." Games and records were played and refreshments served to the following: Kathy Bryson, Norma Eckert, Patsy Gindorf, Kathy Outlaw, Tommie Wilson, Breonne Winterrowd, Joan Gindorf, Sherri Wilke, David Mock, Gary Lester, Larry Bevers, Douglas Smallwood, Darrell Hill and Jimmy Overman. Kathy received many pretty gifts.

Darrell Wilke and Joe E. Basinger visited friends in Shallowater Saturday evening.

So long until next week.

STUDENT SPENDS WEEKEND

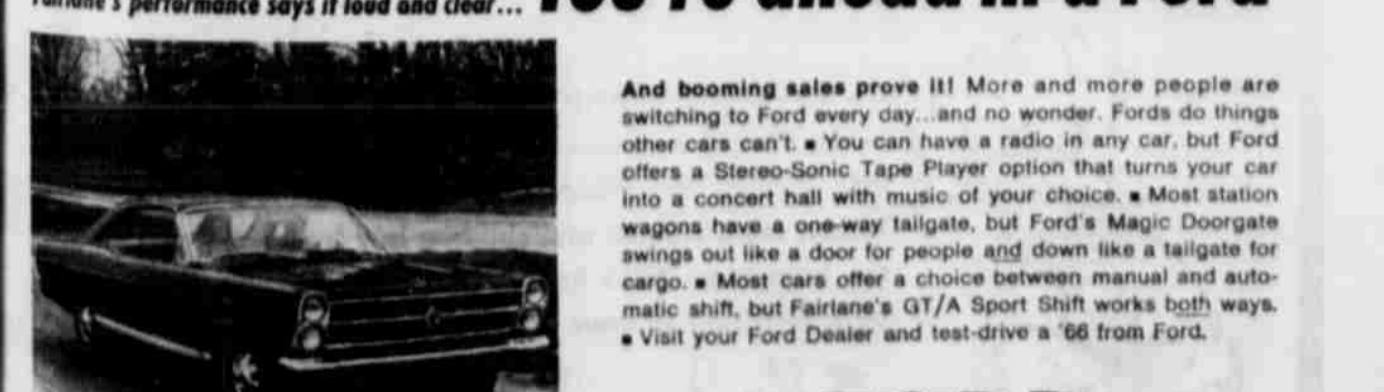

Janith Short, student at North Texas State spent the weekend in Post with her parents, Mr. and Mrs. Lowell Short. Sunday visitors were Sam Stewart of Petersburg, and C. A. Spaulding, also a NSTU student, who accompanied Janith back to Denton.

VISIT IN SEAGRAVES
Mr. and Mrs. J. W. Rogers and Tina visited Sunday in Seagraves with his sister and brother-in-law, Mr. and Mrs. Dolan Dempsey, and family. Mr. Dempsey had just returned home from Hobbs, N. M., where he had been hospitalized with a severe eye injury received while working. The Joe McCowen family visited the Dempseys Saturday.

POLICE OFFICER'S ROLE
A police officer is a many-faceted influence and authority in the community. Without him, the orderly processes of life could not proceed, and human rights, without exception, would be destroyed or badly violated by forces operating outside the realm of peaceful group existence.

For generations in America, the police officer was respected as the personification and symbol of democracy and freedom under law, as established and vouchsafed by the U. S. Constitution. As the decades have passed, the responsibilities and duties of the law enforcement officers have multiplied and grown steadily more complicated.

The American community, however, has not likewise grown in its appreciation of this vital public official, and is giving him less and less cooperation and support, thereby making the performance of his duties increasingly difficult.

Think then, also, if all police officers were to be removed. Where would any citizen find security and safety? Life would be in constant jeopardy, property would have no protection, normal activities would cease, and violence would flare up everywhere.

The police officer is on the job, day in and day out, in fair weather and foul, to protect life and property, and to assure the orderly and peaceful functioning of the community. He has my respect, my confidence and my backing. I realize that the life and home he may next save may be mine. I am proud of him, and I feel it is my duty as an American to serve and help keep my community and my state safe places in which all may live, as God intended they should.

The police officer is the custodian, on the local level, of my freedom, and in our democratic society he assures my continuing to enjoy priceless freedom under law as I go about my daily life and business. Who else does so much for me, and receives so little in return?

Leldon P. Miller
Chief of Police

Former Post resident presented in recital

Miss Jerilyn Davies was one of two Hardin - Simmons University senior students presented in recital March 1 in Caldwell Music Hall.

Miss Davies is the daughter of Mr. and Mrs. William Elbert "Lefty" Davies, former Post residents, now living in Abilene.

Miss Davies, who will graduate this spring with a bachelor of music degree, is a student of Thurman Morrison. She is president of Sigma Alpha Iota, professional woman's music fraternity, and was recording secretary last year.

Last year she was president of MENC (music educator's group), local student chapter. She is also a member of Alpha Chi and received the dean's honor award through SAI in 1964 and 1965 with a 3.7 grade average.

Graham community news

Date nearing for contest records

By MRS. GLENN DAVIS

The committee for the community contest would like for everyone to fill out their record sheets listing improvements they have made since last March on their homes, farm and anything they have done to better the community. If you don't have an entry sheet you can pick one up at the Graham store. When you have completed the record sheet it may be left at the store and given to a committee member. The reports need to be in soon.

We did have the sand out our way last week. Guess everyone did. It seems to me we came out light with the weather compared to those who had the tornadoes and blizzards.

Mr. and Mrs. Dave Oakley are visiting her parents, the Bryan Maxeys.

Gerald Dean of Capitan, N. M. came over the weekend for his wife and children who had visited last week with her parents, Mr. and Mrs. James Stone. Other Sunday visitors were the Pete Pierce family and Mary Ann Stone.

Mr. and Mrs. Bill Lusk, David Williams and Patricia Davis are on the sick list. We hope they will soon be well.

Mr. and Mrs. Jason Justice and two daughters spent the weekend with her parents, Mr. and Mrs. Fred Gossett.

Mrs. Curtis Williams and Mrs. Carl Fluit visited Thursday afternoon with Mrs. Theibert McBride.

The Thursday Club was called off last week because of the weather. The club will meet March 17 with Mrs. Quannah Maxey.

Andy Williams spent Sunday afternoon with David McBride.

The Glenn Hill and Jerry Ligon families and Mr. and Mrs. Charlie Miller were Sunday visitors of Mr. and Mrs. Elvius Davis.

Mr. and Mrs. Elva Peel and Beth visited over the weekend near Springtown with his parents, Mr. and Mrs. John Peel, and other relatives. They visited on the way home with the Jimmy Byrd family.

Weekend guests of the Delmer Cowdreys were the Clark Cowdrey family. Sunday guests were the Donald Windham family, the

Elmer Cowdreys and Mrs. Glenn Davis.

Mr. and Mrs. Carl Fluit visited with the Theibert McBrides Sunday evening.

Mr. and Mrs. Quannah Maxey attended funeral services for R. C. Kirksey in Throckmorton Monday. Mr. Kirksey was the father of Mrs. Maxey's brother-in-law.

Sunday luncheon guests of Mrs. Glenn Davis were the Bruce Evans family, and the Elmer Cowdreys. After church in the evening the Bobby Cowdreys, Delmer Cowdreys and the Evans family visited.

Mr. and Mrs. Charles Williams and daughter visited Sunday with the Gene Peel family.

The Bobby Cowdrey, Jimmie Redman and Bob Baker families were Sunday luncheon guests of Mrs. Ethel Redman.

The Charles Williams family visited Sunday evening with the Curtis Williams family.

Mrs. Jimmy Byrd and daughters visited one day last week with her parents.

Mr. and Mrs. Carl Fluit honored her mother, Mrs. L. W. Gandy, with a birthday luncheon in their home Sunday. Those attending were the honoree, the Norman, Ruben, Dale and Clinton Gandy families.

Mr. and Mrs. Billy Riley of Borger, Mr. and Mrs. Jack Fluit of Lubbock, the Delwin Fluit and Charlie Mason families and Mr. and Mrs. Morris McClellan.

Louise Steen of Amarillo visited Thursday with his sister, Mrs. Bill McMahon, and Mr. McMahon.

Good parent-teacher relations result in benefit to children

COLLEGE STATION — Today's children are fortunate when parents and teachers work together as a team for their best personal development, says Mrs. Patsy Yates, Texas A&M University Extension specialist in family life education.

A teacher, to be really effective, must know something about the student's parents and home. The more she knows about the values, the problems, and the interests within that home, the more helpful she can be as a teacher.

When parents visit their child's classroom, it serves two purposes. It pleases the child, and enables the parents to see the teacher in action and learn something of what is expected of their child in school. They also learn something about the routine of the school and the other pupils.

Much more can be done for the child's welfare when teachers and parents have more understanding of each other and the child.

"You and the teacher can reduce pressure when this seems best. You can challenge the child to do his best and help him feel that he is achieving to match his abilities," Mrs. Yates says.

Post Junior High

Top citizens for March selected

Ricky McMillin, 8th grade; Irene Walls, 7th grade, and Linda Stiewert, 6th grade, have been selected as "Citizens of the Month" for March at Post Junior High School.

RICKY McMILLIN is a "gentleman with a soft voice at all times."

As the 8th grade's best citizen for this month, Ricky has many admirable traits. He is always punctual in his class attendance and with his work. He is a courteous yet vital student.

Other adjectives that describe Ricky include loyal, dependable, trustworthy, kind and considerate. As a Boy Scout, he lives up to the rest of the Scout Law, which consists of helpful, friendly, obedient, cheerful, brave, clean and reverent.

In all ways it can truly be said of Ricky McMillin "He is a better-than-average citizen."

IRENE WALLS has merited the 7th grade good citizenship honor for March.

Irene is a quiet, scholarly stu-

dent who makes school a serious business. She is an achiever in every study area.

This little lady has many friends and is not averse to pulling pranks on them or the teachers.

Irene has time for extra activities in the school and can well be voted a fine, topnotch All-American girl.

LINDA STIEWERT, 6th grade Citizen of the Month, is a very gracious and thoughtful young lady. She always displays a sweet smile and maintains a warm and friendly attitude toward others. She never seeks to find fault with others, but rather seeks to congratulate them on their accomplishments.

Linda is a conscientious student who always works zealously both in and out of class. She is always an active participant in class discussions and class activities. An extra amount of enthusiasm is found in any group with which Linda is associated.

Energetic, kind and friendly, Linda sets a good example for others to follow.

Federal aid to education here to stay, Tech educator thinks

LUBBOCK — Dr. Morris Wallace, head of Texas Tech's Education Department, believes Federal aid to education is here to stay and views that assistance—combined with other factors—as bringing about a reshaping of today's public school system.

He predicts that the "K-4-4-2" system will be used as a basis for the realignment. The system would

reach downward to include kindergarten and go upward to add two years of junior college—all under the public school system.

"The provision of kindergarten education at age 4-5½ and the addition of two years beyond high school is inevitable and will become a reality in the 1970's," Wallace says. The 13th and 14th year at the junior college level will aid the nation's economy by providing a cademic, vocational and technical programs for capable students who have been unable to attend four year colleges and universities.

"It is also clear," Wallace comments, "that many public school districts too small and too limited in resources to provide an adequate program at reasonable cost will be eliminated."

He thinks the length of both the school day and year will be extended.

"The original justification for a five-to-six hour school day for three-quarters of a calendar year no longer exists," Dr. Wallace says. He explains that while a seven-to-eight hour school day for 11 months will increase the nation's investment in schools, the result will be more economical both in terms of educational outcomes and greater use of facilities and personnel.

MYSTERY STATE

Think It Over

By Rickey Rogers

It has been said that a wise saying is well worth heeding. Life is short and no one can possibly live long enough to make all the mistakes. So why try? Learn by the mistakes of others and heed the advice of the wise.

Below are a few sayings that can be of special interest. Read them, think about them, and if the shoe fits, wear it!

"If you tell the truth, you will never have to remember what you said."

"If you want to live to see 90, quit looking for it on the speedometer."

"Killing time is one of the best ways of murdering opportunities."

"The fellow who tries to do something and fails is far better than the fellow who tries to do nothing and succeeds."

"Any fool can be a wise guy — and most fools are."

Cooperate — even freckles would make a nice coat of tan if they would get together."

"You don't find many success rules that work unless you do."

"He that lives on hope will die fasting."

"Many men aim at nothing and hit with remarkable precision."

"If you are a self-starter, your boss won't have to be a crank."

"A chip on the shoulder indicates that there is wood higher up."

"Youth is the time of life when you are too old to take advice."

"From the day of your birth 'til you ride in the hearse, things are never so bad that they couldn't be worse."

"Remember—AMERICAN ends in I CAN."

HIGH SCHOOL EDITORIAL

This Year—the Greatest Memories

Every student of Post High School will remember the greatest year their Antelope basketball team has ever experienced. This year is the first in PHS history that the Antelopes beat Denver City in basketball. The score 98 to 80 will stay in everyone's memories and will not be forgotten. The school is very proud of their Antelopes—their hard work and their striving attitude.

Congratulations go to Coach Wilbert Bigott for his effort and steady hard work, for without a good coach, a team lacks experienced

knowledge and leadership.

This year will stand in our minds as the highest our Antelopes have gone to district. The year the Antelopes won the most first place tournament trophies. The greatest year with a 22 win 3 loss record.

Every high school student congratulates each varsity player with appreciation, gratitude and pride.

Thank you for the great memories!

For without Ronnie Pierce, Ken Solis, Birch Lobban, David Heaton, Donnie Windham, Ricky Welch, Filemon Vargas, Sammy Sims, Lewis Ayala, Jimmy Barrett, J. O. Smith and a backing team we could not have had this year filled with the greatest memories. — Pat Landreth

GIRL SCOUT WEEK

MARCH 6-12, 1966

On this occasion, we salute not only Garza County's Girl Scouts—but the volunteer efforts of Post women whose efforts make this worthy program possible in our community.

In 1912, Juliette Low brought Girl Scouting to the United States. Scouting's purpose has been to help girls develop as happy, resourceful individuals, willing to share their abilities as citizens in their homes, their communities, their country and the world. We pay tribute to the founders of Girl Scouting and the members who have carried on a tradition of service and good citizenship.

TWO MONTHS SUPPLY OF MILK

WHEN YOU DRY WITH GAS

SAVE ON INSTALLATION AND MAINTENANCE, TOO. A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

When you dry your clothes with GAS, you can save \$23.76 a year on your utility bill! That's enough to buy twenty-five gallons of milk . . . or two months' supply for an average family of four. You get quality performance, too. GAS dries your clothes faster . . . yet gently . . . and leaves them as fresh as springtime.

ROTUNDA, STATE CAPITOL Austin

When you visit the rotunda directly under the dome of the State Capitol in Austin you can see Texas in the past, present and future.

On the stone floor are the seals of Spain, Mexico, France, the Republic of Texas, the Confederacy and the United States. On the walls hang portraits of all Texas heads of state—presidents of the Republic and governors since 1846.

Then, looking some 300 feet straight up, one has an uninterrupted view inside the great dome. You can dream what the future has in store for Texas, as you lift your eyes.

Memories make Texans proud of their heritage. The present, too, is a challenge to continue Texas' great role in the affairs of our Nation. We all want our children to have a secure and safe future.

U. S. SAVINGS BONDS STRENGTHEN AMERICA!

Panhandle medical technologists elect Post woman as president

Mrs. Joan Tubbs, medical technologist at the Medical Center, was elected president of the Panhandle District of the Society of Medical Technologists at a business session of the district held in Lubbock Saturday at the conclusion of a two-day seminar. Mrs. Tubbs had been serving as secretary of the Panhandle District.

Approximately 250 medical technologists from throughout Texas attended the seminar, which was held at KoKo Palace, with new medical research and laboratory

techniques featured. Among those appearing on Saturday's program was Maj. Jarrell Bairrington, of the U. S. School of Aerospace Medicine, Brooks AFB, Tex. He is a well known research director.

Three workshops were held Friday featuring some phase of laboratory medicine.

Speakers Saturday included Maj. Bairrington, Dr. Ruth Guy, assistant director of the blood bank at Parkland Hospital, Dallas; Edward Chevelier of Lackland AFB; Dr. David Moore of England, who is temporarily stationed at Lackland in connection with an assignment from the Royal Air Force; Dr. William Long, director of the laboratory at Methodist Hospital; Dr. William Barry of Lackland, and Charles Mitchell, director of laboratory at Harris Hospital, Fort Worth.

Peace officer meeting scheduled for May 5

SPUR — May 5 has been set as the date of the 1966 convention of the Caprock Peace Officers Association, which will include a "rattlesnake rodeo."

The program will also include a parade in downtown Spur, according to Cecil Fox, president of the association. The rattlesnake shoot will be held at Swenson Park, and a barbecue supper will be served by the Spur Chuck Wagon Gang.

GRANDSON VISITS

Mike Evans, son of Mr. and Mrs. L. W. Evans of Lubbock, spent the weekend here visiting his grandparents, Mr. and Mrs. Charley Williams.

Grandma paid \$20.70* for a coast-to-coast call.

Now it costs you only \$1.00* after 8 p.m. and all day Sunday

In 1915 a coast-to-coast phone call cost \$20.70*. By 1934 the rate had been reduced to \$9.00. Today the same call costs you only \$1.00* if you place your call station-to-station after 8 p.m. or anytime on Sunday. And, it costs even less for shorter distances.

What's more, if your area has been converted to Direct Distance Dialing, you can use this fast, easy service to dial directly, at no extra cost.

Today, there's more reason than ever to use Long Distance for all its worth.

Bridge-builder's 'Oscar' goes to new Texas highway bridge

AUSTIN — A new Texas highway bridge today received a bridge-builder's "Oscar" in ceremonies preceding monthly public hearings of the Texas Highway Commission.

John K. Edmonds, executive vice president of the American Institute of Steel Construction, presented prize bridge awards to designers and builders of the Devils River Bridge. The bridge is on U. S. Highway 90, west of Del Rio.

The structure was judged best of the medium-span, high-clearance bridges built in the United States in 1964. It was one of five top winners in the annual AISC competition which included a total of 67 new bridges. Judging was based on outstanding achievement in technology as well as esthetics.

Edmonds presented the owner's certificate to Herbert C. Petry Jr., chairman of the Texas Highway Commission; the designer's certificate to Clyde F. Silvas, bridge engineer of the Texas Highway Department; the contractor's certificate to Robert E. Hood of H. B. Zachry Company of San Antonio; and the fabricator's certificate to E. J. Mosher, president of the Mosher Steel Company of Houston.

Stainless steel plaques to be mounted at the bridge site were presented to District Engineer C. N. Parsons and C. P. Brown, resident engineer of the Texas Highway Department at Del Rio.

Jurors' comments on the structure

termed it "one of the most graceful bridges we have seen. It shows great thought, great economy, great restraint and is a perfectly beautiful piece of design."

The Devils River Bridge is one of 19,281 bridges in place on the Texas Highway Network as of Feb. 1. New bridges are being built at the rate of about one per day to meet demands of Texans for

more and better highways. In the past three years, the Texas Highway Department has built more than 1,200 bridges. These are bridges in the strictest sense—no overpasses or underpasses are included.

To the Highway Department, a bridge is a structure at least 20 feet long — it's a culvert if it is any smaller — that spans a body of water, a stream or a stream bed.

The highest bridge in Texas is the Pecos River Bridge, soaring 273 feet above the bottom of the channel. The longest bridge measures 11,901 feet and spans Lavaca Bay.
