## Retiring directors of bank here honored

Ira Lee Duckworth and O. L. (Ollie) Weakley were honored at the Lubbock Country Club last Thursday night with a testimonial dinner attended by some 225 of their friends.

The occasion, sponsored by the First National Bank here, was to announce their retirement from the bank's board of directors after approximately a half century of service by each to that financial institution.

Mr. and Mrs. Duckworth and Mr. and Mrs. Weakley were presented with silver coffee and tea services by the bank in appreciation of their long banking service.

E. W. Williams of Lubbock, chairman of the board of the First National Bank, served as master of ceremonies at the dinner.

He gave a history of the bank here and then introduced a number of Post folks and former banking associates of Duckworth and Weakley who stepped up to the microphone to reminisce of their association with the retiring bankers.

GIVING SUCH testimonials were E. A. C. Surman, Phil Bouchier, J. Richardson, Brownfield banker who got his banking start under Duckworth and Weakley, T. L. (Doc) John, County Pecos banker who was invited into the banking business here by Duckworth in March, 1936, Bob Collier, State Miner of Levelland, Harvey (Red) Midland banker, and Irby (Red) Midland, former local bank president and now a Fort Worth banker.

Mr. Weakley, speaking first of the retiring bankers toward the close of the program, said any success he may have had in the banking business is owed to H. B. (Red) John, John Herd, Giles Connell and E. U. Murrel.

"They had a hard job training me," Weakley declared, "and I will always be grateful to them." He concluded by expressing his gratefulness to all attending the dinner.

Mr. DUCKWORTH called the dinner "the grandest thing that has happened to me." He said he wished to express "my appreciation to E. W. and J. B. for this party honoring Ollie and me." "I shall ever be grateful to the memory of the late W. O. Stevens for starting me in the banking business without any training or experience whatsoever," Duckworth related.

"I should have made a banker of my own guidance and later that of E. W. Connell and H. R. Herd. They were all the finest of men and real bankers."

"Any success that I might have attained as a banker I attribute to the true and tested employees, stockholders and directors of the bank and to my many good friends over the area, and especially to the three men previously mentioned."

WILLIAMS EARLIER in the dinner program had briefly sketched the local banking careers of the retiring directors.

## Richardson is new president Post Jaycees

Wayne Richardson of the Soil Conservation Service office here was elected president of the Post Junior Chamber of Commerce to succeed Frank Blanton at the organization's annual election of officers last Thursday night.

Richardson and other new officers and directors will take office at the Jaycees' annual installation banquet Saturday night, March 26, at the school lunchroom.

Other officers elected by the Jaycees are James Brown, first vice president to succeed A. J. Baumann; Gary Reed, second vice president; Jerry Odom, secretary to succeed Darrell Eckols; Donald Ammons, treasurer to succeed Will Bigou, and Frank Blanton, interclub director.

New directors elected were Lonnie Peel, Abel Camacho, Ed Blanton, Lewis Ammons and A. J. Baumann.

Tickets for the March 26 banquet have gone on sale and may be purchased from any Jaycee. The \$2.50 price of the ticket includes admission to the dance which will follow the banquet.

State Rep. Jesse T. George of Brownfield will be guest speaker at the banquet.

## Left-turn lanes at intersections

Left-turn lanes were painted Wednesday on approaches to four busy highway intersections here.

The lanes were painted on the approaches to the intersections of U. S. Hwy. 84 and 10th Street, 84 and Main Street, 84 and 8th Street, and U. S. Hwy. 380 and FM Road 122.

On the U. S. Hwy. 84 intersections the lanes were painted only on the highway, but at the other intersections were painted on both U. S. Hwy. 380 and FM Road 122.

The lanes are for the use of motorists wishing to make left turns at the intersections and will keep from slowing through traffic on the highways.

The lane painting was under the direction of Joe Williams, local maintenance foreman for the Texas Highway Department.

## X-RAY UNIT TO BE HERE

A mobile chest x-ray unit will be here Tuesday from the Lubbock-Hale County Tuberculosis Assn., under the sponsorship of the Post Rotary Club.

## Mobile chest x-ray unit due Tuesday

All local students and adults were urged to have chest x-rays made next Tuesday when the Lubbock-Hale County Tuberculosis Association's mobile x-ray unit comes to Post for the day under sponsorship of the Post Rotary Club.

The unit will be located in the morning on the parking lot east of the primary school building and students will be scheduled through the big unit from 8:30 a. m. to noon.

The unit will be moved downtown to the community parking lot in the 100 block East Main and will be available for adults from 1 to 6:30 p. m. that afternoon.

## Judge candidate makes statement

Ozell Williams, who filed earlier as a candidate for county judge of Garza County, subject to the Democratic primary elections, this week issued the following statement to the voters:

"I seek this office of County Judge because I have a sincere desire to be of service to this county and community and want to do my part to help keep Garza County progressive and aggressive."

"Over a period of time I have served the county as Commissioner Precinct 3 and always made every effort to conduct the affairs of the county as they should be, not only for my precinct, but for the benefit of Garza County."

"If you feel I made you a hand, then I will welcome your support and influence in my candidacy for County Judge in the Democratic primary May 7."

# Garza stock show, sale to open Friday along with county fair

The first annual Garza County Junior Livestock Show and Sale will be held Friday and Saturday at the county 4-H building, along with a two-day county fair sponsored by home demonstration women of the county.

The two-day event will also include a barbecue at noon Saturday in City-County Park, and the Sonny Stafford rides on the mid way.

Everything was reported in readiness for the stock show and sale Tuesday night following a meeting of officers and directors of the Garza County Junior Livestock Association.

Approximately 60 animals—pigs, lambs and calves—will be shown by Garza County 4-H Club and Future Farmers of America members, with all the animals except the heifers in the breeding class going up for sale Saturday afternoon.

Judging of the lambs will be at 7 p. m. Friday, with the swine to be judged at 9 a. m. Saturday, the beef heifers at 9:45 and the beef cattle at 10:30.

The animals will be judged by Sid Long, vocational agriculture teacher at Gail.

A large crowd is expected at the barbecue, for which tickets have been on sale for several weeks.

Ken Bozeman, well-known Lubbock auctioneer, will sell the animals, with J. B. Potts, president of the First National Bank, as announcer.

Bidding will be on the dollar basis for each animal, with dollars bid going as premiums to the owners. Bidders wishing to keep animals bought for slaughter will be required to pay the floor price,

as well, on the animals.

Owners of the grand champions in each division will receive "replacement" animals from local individuals and organizations for the grand champion animal they sell. The donors of these replacement animals are Giles Dalby, steer; W. C. W. Morris, barrow; Garza County Livestock Association, gilt; Jackson Bros., lamb, and Sonny Nance of Haslet, Tex., heifer.

Individuals and firms are also donating trophies for grand champions and other winners, including showmanship trophies.

The presentation of the trophies and awards will be at 1:30 p. m. Saturday, right after the barbecue and right before the sale.

Volunteer workers Saturday installed spectator stands in one end of the show barn for the crowd attending the show and sale. The workers also put the livestock

pens in shape, and put up tables in the building for the county fair exhibits.

The county fair exhibits will be put in place from 9 a. m. to 1 p. m. Friday, with judging to begin at 1 p. m. Six home demonstration agents or assistant agents from nearby counties will judge the fair entries.

Following the judging, fair exhibits will be opened to the public at 4 o'clock Friday afternoon. The fair building will also be open to the public from 8:30 a. m. until 5 p. m. Saturday, with the removal of exhibits beginning at 6:30 p. m.

A concession stand will be operated Friday and Saturday in conjunction with the fair by the county home demonstration council.

## Shamrock station hit

# Two holdup men get \$405 here

The wave of armed robberies sweeping the South Plains spread to Post Saturday morning when two unmasked men held up Elmer Conger, night attendant at Wylie Oil Co.'s Shamrock Service Station, 612 North Broadway and took more than \$400 from the cash register in addition to credit cards and charge tickets.

Conger, who reported the holdup to city police at 6:04 a. m. Saturday, said one of the men held a gun on him and that the other had a tire tool in his hand. Conger told police that both holdup men were Latin-Americans.

The station attendant said the pair entered the front door of the station while he was alone and one of them told him to open the cash register. They took all the bills—twenty, tens, fives and ones—from the register and also the cash register drawer containing the silver and took it with them.

Conger described one of the pair as about 5 feet 10 inches tall and weighing about 145 pounds, and the other as about 5-7, weighing 130. He said both men wore khaki clothing. The smaller of the pair carried the pistol and the other one the tire tool, the attendant said.

Police said Conger told them the holdup men left through the same door they came in after robbing the register.

It first was reported that about

\$285 was missing, but a later check showed that the holdup men had taken \$404.90 in addition to the

## Rites conducted for Jasper James

Funeral services for Jasper L. James, 80, who was found dead at his home here at 130 North Ave. R Saturday morning, were conducted at 2:30 p. m. Monday at the Calvary Baptist Church.

Mr. James, a retired farmer, died of an apparent heart attack. Born Feb. 15, 1886, at Jasper, Tex., he moved to the Post vicinity from Anson in 1916 and had lived here off and on since that time. He was a member of the Baptist Church.

Surviving are four sisters, Mrs. Nina King of Sweetwater, Mrs. Rosa James of Fort Worth, Mrs. Minnie Wylie of Lubbock and Mabel James of Post.

The Rev. Lee R. Jones, Calvary Baptist pastor, officiated at the funeral services.

Burial under the direction of Mason Funeral Home, was in Terrace Cemetery. Pallbearers were Ozell Williams, Floyd H. Hodges, Homer Huddleston, Thurman Francis, Curtis Davies and W. C. "Mutt" Graves.

It should start raining anytime now — the First National Bank is back in the paper advertising for rain. The bank started advertising for rain four years ago and has bought space to seek rain each spring since.

The nice thing about it is, the bank has always gotten some much needed moisture within two weeks after inserting its rain ads. Of course, the bank doesn't get all the moisture it would like, but it has always gotten moisture.

So maybe the spring drought is about to crack.

This weekend's Garza County Junior Livestock Show and Sale will be the climax of years of planning and a full year of work by a lot of local adults who want to get a real junior livestock show and sale in operation here.

It's a kind of event Post Long has needed. Now that it is becoming reality at last let's be sure and give it our full support. Attend the big beef barbecue in the park Saturday night, sit in on the trophy presentations after the meal, and then do a little bidding on the show animals when the afternoon sale gets under way. Those premium dollars are a whole lot of encouragement to the youngsters who have worked so hard to get their animals ready.

LOUIE BURKES

S. E. CAMP

BOB COLLIER

Three new directors and two new advisory directors were elected to the board of the First National Bank last Thursday afternoon after directors had accepted the resignations of Ira Lee Duckworth and O. L. Weakley.

New directors are Louie Burkes, Shelley E. Camp, and Bob Collier. Advisory directors named were K. W. Kirkpatrick and Vernon Scott.

J. B. Potts, bank president, termed the five new directors as "real assets" to the board and to the bank.

Burkes, who came to Post in April, 1961, is plant manager of the Postex Cotton Mills. Prior to coming to Post he had served as superintendent of the Calhoun Mills in Calhoun Falls, S. C., for three years, superintendent of the Opelika Mfg. Co. of Hawkinsville,

## Attend the Stock Show and Fair

Before this weekend's Garza County Junior Livestock Show and Sale and Garza County Fair is over, virtually every resident of the county either will have had a part in the event or will have had the opportunity to have a part.

Very few other events in the county's 59-year history have afforded so many opportunities for everyone to take a hand, and the response thus far has been good, according to stock show and fair officials.

To begin with, the Garza County Junior Livestock Association itself was set up with a sizeable staff of chairmen, committeemen, etc. Along the way, it has picked up even more workers, and the same has been true of the organization putting on the county fair in conjunction with the livestock show.

So, if you haven't contributed any of your time to the upcoming event, you'll have a chance to do so Friday and Saturday, if by no other way than simply attending the stock show and sale and county fair.

You've already become a part of the two-day event if you have purchased your ticket for Saturday's barbecue, or if you are one of those individuals or a member of one of those organizations that are donating trophies for the young exhibitors.

There'll be others becoming a part of the

## Fitting tribute to two bankers

Ira Lee Duckworth and O. L. (Ollie) Weakley retired from the First National Bank's board of directors last Thursday, and that night were honored by the bank at an appreciation dinner which drew 225 of their friends from Post and the West Texas area.

It was a fitting tribute to a pair of bankers who helped Post and Garza County through a half-century of growth and progress.

They guided the bank through the "hard days" of the Great Depression, through the "war years" and through the best part of the "oil years" before turning over the reins to younger hands.

It is to their credit, among others, that the local bank has been as solid as a rock through bad years as well as good years.

During their many years as officers in the bank, it was their greatest desire to serve the community and to take care of all the community's legitimate financial needs. This was accomplished in that there was almost no "outside" financing as is the case in many communities.

Banking has changed a great deal in the span of their banking service to this area. Probably the biggest one was the Federal Deposit Insurance Corporation through which the government now insures bank deposits.

Before that, bankers like Ira Lee and Ollie had to "keep their house in order to keep the

event by buying lambs, pigs or steers at the auction following the show. Even the hundreds of men, women and children who through the 4-H building Friday and Saturday to view the fair exhibits will be a big part of the two-day event.

All of which adds up to the fact that if you haven't wound up Saturday night as a contributor in one way or another to the livestock show and fair, it'll more than likely have been your own fault.

Since this is the first show and sale for the Garza County Junior Livestock Association, they're necessarily starting out rather small as far as the number of animals is concerned. Small, that is, in comparison with shows in neighboring counties, where they've been going on for years. The show and sale here Friday and Saturday will be plenty big for a county that hasn't held one in past years.

Growth is one of the pleasant things to be derived from starting something, and the Garza County Livestock show is bound to grow if the degree of interest in the years ahead equals that of this first year. Next year, for instance, the new livestock feeding area will be ready for the club boys, and that will mean more exhibits for the 1967 event.

Make sure you're a part of this year's show, sale and fair by attending the weekend events. You'll be glad you did!—CD

confidence of the public." They did that in excellent fashion. Probably the best example of that occurred over 30 years ago when President Roosevelt closed all the nation's banks when he assumed the presidency in 1933 in an effort to strengthen them. Post passed through the so-called "bank holiday" without a single financial quiver. No depositor withdrew his funds as they were doing in thousands of other banks across the land.

Ira Lee Duckworth and Ollie Weakley, to us at least, represent the tough "old school" of bankers who had to run the banks when money wasn't too plentiful to anybody and their personal integrity was their bond.

America today is almost a different business world. There is plenty of money to lend and a tremendous demand for loans as the national economy keeps expanding at a tremendous rate.

That of course doesn't mean today's small-town bank doesn't have problems. It's got as many, or more than in the pre-war era—only they are a different set of problems.

Thanks to men like Mr. Duckworth and Mr. Weakley, Post from its beginning has been blessed with a solid, community-oriented bank.

And it still has today — a much bigger bank with a new home—because it has grown with the area and nation through the postwar change.—JC

## It's something you owe yourself

The chest x-ray mobile unit that will be here next Tuesday under the auspices of the Post Rotary Club makes it so easy for people to have their chest x-rayed that no one should fail to avail themselves of the opportunity.

In the first place, there is no charge for this x-ray service, which all of us should have as a health safeguard. There will be a 50-cent service fee for processing, as a token payment, but no one has been refused this service for lack of funds. Here Tuesday, Rotarians, as sponsors of the x-ray mobile unit's visit, will pay service charges for those unable to pay themselves.

Those folks who say, "Tuberculosis can't happen to me!" fall in the same category as

those who say, "Tuberculosis is not visible in the community as it once was, therefore it does not exist."

The purpose of the chest x-ray mobile unit, that is being sent here through the courtesy of the Lubbock-Hale County Tuberculosis Association, is to check for tuberculosis, emphysema, etc. Chest x-rays at regular intervals are a protection to the individual as well as to the people with whom he comes in contact . . . the community in which he lives.

So, take a few minutes off next Tuesday and have your chest x-rayed during the mobile unit's visit. You owe it to yourself—and to everybody else.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00\* happens to be its price. (Manufacturer's suggested retail price for Special V-6, 5.0L coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charges.)

Contact Buick. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P. O. Box 1247, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

SUNDAY, MARCH 20, or Monday, the 21st, is the first day of spring . . . I'm never sure which, since I've seen both dates listed in various calendars as spring's inaugural. The day we usually go by here is the day on which Noah Stone goes out to test the old Indian legend on the direction of the wind at sunrise, which is supposed to tell what kind of a crop year we will have.

According to the legend, if the wind is from the north or northeast at sunrise on the first day of spring, we'll have a bumper crop; from the west or southwest, a parched crop; from the north or northwest, an average crop, and no two people are alike, and both from the southeast, a poor crop.

THE MAN UP the street says of them are glad of it.

At the council meeting Monday night of last week, the appearance of Librarian Mrs. Lillie McRee to urge the mayor and councilmen to attend the Governor's Conference on Libraries set off quite a bit of talk about the possibilities of a full-fledged public library for Post, which is something the city has never had, but also something on which a lot of folks have never given up.

IN THE COUNCIL'S discussion of public library possibilities, Councilman Bob Collier came up with some ideas that were not altogether new, but that when put together make real good sense on the library issue. Councilman Collier reminded the group that the now-vacant Hyde building on the north side of the courthouse square had been considered as a good location for the size library Post and Garza County needs.

The councilman said he felt that if a joint city-county effort on the library gathered enough steam, there would be help from other sources, including a possibility of Mrs. Marjorie Post helping out. In fact, Councilman Collier said, Mrs. Post or her representatives were approached on this very thing a few years ago, and indicated that they would help if the library project got far enough along.

THE COUNCILMAN suggested that putting the building in shape for the library, once it is acquired by the city and county for that purpose, would be a good project for the Jaycees, Lions and Rotary clubs, and for some of the women's clubs, with the groups working on it as a joint project.

Collier also reminded the council that the Texas State Library makes a practice of furnishing books to help get new public libraries started. "There'd be the problem and cost of maintenance, of course, once the library was established," he said, but indicated that maintenance might come easy once a good library is a reality.

SUGGESTIONS SUCH as those the councilman made no doubt will fly thick and fast at the Governor's Conference on Libraries in Austin next week every time the discussion gets around to communities and counties which do not have public libraries. It is from such ideas that libraries are built and maintained, and it is hoped that a big delegation of Post library boosters are there to absorb every idea and suggestion that might help lead to a public library here.

GAIL — The Borden County commissioners' court has appointed Roy Haynes, pastor of the Baptist church at Gail, as justice of the peace. He replaces Mrs. Reeder, who resigned to seek election in the county treasurer race.

# NEW TRUDAN 2 IS HERE!

Trudan 2, Northrup King's new true hybrid sudangrass, is an exciting forage. Unlike sorghum-sudangrass hybrids, Trudan 2 produces fast growth without coarseness . . . the fine-stemmed, highly palatable plant yields high TDN. Trudan 2 grows back fast with lower prussic acid content. Great for grazing, hay or haylage. Trudan 2 can mean more beef or milk per acre. In tonnage trials, Trudan 2 has out-yielded sorghum-sudangrass hybrids.

Order NEW Trudan 2 now. Supplies are limited.

**DISTRICTS**—Texas school districts receiving speedup orders on integration.

Integration of faculties, as well as student bodies, is the aim of state authorities in laying down guidelines for compliance with the civil rights act of 1964.

With the Texas Education Agency and the State Board of Education received the policy statements and promptly scheduled hearings over the state to post school administrators as to the requirements.

Primarily concerned are 600 districts that submitted voluntary integration plans to the U. S. Dept. of Education for the 1965-66 school year to assure that they gained eligible for federal aid.

**DISTRICTS ALREADY** fully integrated, those whose assurances of compliance have been accepted and those operating under court integration orders are not immediately affected by the revised criteria.

S. Commissioner of Education Harold Howe II estimates revisions will result in doubling integration in 11 Southern districts.

Guidelines provide that "race, color or national origin may not be a factor in hiring or assignment of teachers and other professional staff." State Education Agency officials said evidence of compliance with this requirement expected to be shown by next September.

Districts which have submitted integration plans, including those with geographical school attendance zones, must file by April 15 form agreeing to observe the guidelines. Office of Education will review spring reports and judge whether progress will be orderable further steps before fall.

School systems also must eliminate segregation in such programs as transportation, athletics and extracurricular activities.

**WHERE FACULTY** members are displaced as a result of desegregation, staff vacancies later occurring must be filled by those ousted teachers if they qualify.

In other action the State Board of Education directed local school districts to raise their contributions to the foundation school program by \$6,100,000 next year. Local fund assignment for 1966-67 is \$138,000,000 compared with \$132,500,000 for 1965-66. Total cost of minimum foundation education program for the state this year is estimated officially at \$649,326,890. Legislature set local school districts' contribution for 1966-67 and thereafter at 20 per cent of the total cost of the preceding year's program, state puts up the other 80 per cent.

Board also approved investment of about \$7,000,000 from the State Permanent School Fund. Some \$3,000,000 will be placed in common stocks, another \$3,000,000 in corporate bonds and an estimated \$1,000,000 in short-term Treasury bills.

Investment money will come from maturing Treasury bills, bonds and the regular monthly deposit from school land, oil and gas leases, says Paul Mathews, chairman of the investment committee.

**APPOINTMENTS**—Gov. John Connally named John L. Hill as Secretary of State. He replaces Crawford C. Martin of Hillsboro who resigned last week to devote full time to his campaign for attorney general.

Hill is an outstandingly successful Houston civil trial attorney. He has tried cases in district courts in most areas of Texas during the past 19 years. His term will run until next January.

**AG RULINGS**—Atty. Gen. Waggoner Carr has ruled that a domestic corporation can't pay dividends out of its earned surplus to anyone not a stockholder; and that a life insurance corporation may pay dividends to policyholders from surplus funds — from profits made by the company.

In other action, the attorney general ruled that:

—Under the present state law, a Commissioners Court or qualified voters of a county may not create a precinct or multi-precinct Airport District and transfer a county-owned airport to such a district.

—Ward County school trustees should be elected April 2 from commissioners precincts as they now exist rather than as they will be formed under the boundary change effective next Jan. 1.

—Texas courts may enforce child support order of out of state courts out only after bona fide civil attempt has been made to collect payments.

—Public school-sponsored clubs

which perpetuate their membership on the basis of decisions of their own members, rather than free choice of any qualified pupil, are prohibited.

—Jury fee must be paid before a jury is allowed in juvenile cases.

**BONDS SOLD**—Texas Water Development Board has sold \$15,000,000 worth of development bonds to the First National City Bank of New York City and associates, the low bidders.

Effective interest rate was 3.5 per cent of the 25-year issue.

First National City Bank was one of five bidders for the bonds. This brings to \$85,000,000 the amount sold by the board from an authorized total of \$200,000,000. Another \$200,000,000 authorization in water development bonds will

Bond money has been used to finance reservoir projects by the purchase of water storage space, and in the purchase of outstanding development bonds of Texas cities and water districts.

**VERNON CENTER LAUDED**—A model demonstration center for aged, to be located at Vernon, "will be finest of its kind in the nation," says Governor Connally.

According to the Governor, the center will include facilities for all phases of geriatric care. It will provide cottage-type units for ambulatory patients and a pre-

persons considered for admission. Center will place patients in community rest homes, nursing homes and convalescent centers in which they would receive proper care.

**SADLER SPEAKS**—Texas Land Commissioner Jerry Sadler, in testimony before a congressional committee in Washington, urged the creation of Guadalupe Mountain National Park in Culberson and Hudspeth counties.

However, he stated that while he is interested in the creation of the 71,650-acre park, he also is interested in the 45,171 acres of oil

and gas rights which the state school fund owns in the proposed park.

According to Sadler, the mineral rights should be retained by the state for the benefit of the 3,000,000 school children aided by the Public Free School Fund, which is financed from mineral rights.

Sadler said the state and federal government should work together as partners in the project. This would mean that Texas and the federal government each would get half the benefits of the mineral deposits in the area.

# WANTED RAIN

## In Deluge Amounts for Post Trade Area

We'd like a neat five-inch downpour this weekend, but we'll take just about any-thing in the way of a "lot of moisture" you have in stock for a mighty fine area, populated by mighty nice people—our customers. Just deliver it as quickly as you can.

Four years ago, this bank started advertising for rain each spring. And each year our ad has produced some results—of course no five-inch soakers, but rain needed to fill stock ponds and serve as pre-plant moisture for dry land cotton farmers.

When the folks started asking us at the bank—"When are you going to advertise for rain?"—we knew it was time to write this ad—and get some moisture.

Graham community news

Deadline is near for entry sheets

By MRS. GLENN DAVIS

Please get your entry blanks filled out for the community center contest as they must be sent in by March 21. Either take them to the Graham store or turn them in to any of the following committee members: Carter White, Bobby Cowdrey, Mrs. Bob Lusk, Mrs. Ray McClellan, Mrs. James Stone and Mrs. Quannah Maxey.

The committee has set Tuesday, March 22, as an all-day work day at the center. Everyone is asked to help as the grounds need cleaned up and the building needs a general cleaning.

Mr. and Mrs. Theibert McBride are the proud grandparents of a new granddaughter born last week to their daughter and son-in-law, Mr. and Mrs. Claude Cranford of Dekalb, Ill. The baby has been named Trena Renee, and she has a big brother.

Mrs. Carl Fluit visited in Tahoka Sunday afternoon with her mother, Mrs. L. W. Gandy.

Mr. and Mrs. L. G. Thuet Sr. visited Mr. and Mrs. Nels Crisp, who were spending the weekend at home. Mrs. Bonnie Adamson was a Sunday afternoon visitor.

Mr. and Mrs. Toby Farris of San Francisco, Calif., visited Monday afternoon with Mr. and Mrs. Joe Taylor.

Mr. and Mrs. Ray McClellan visited Sunday afternoon in Post with Mr. and Mrs. E. A. King.

Mr. and Mrs. Ted Tatum and sons and Mrs. Albert Stone were Sunday visitors of Mrs. Harrison Davis.

Mr. and Mrs. Delmer Cowdrey were Sunday luncheon guests of the Bryan Maxeys.

Mr. and Mrs. Quannah Maxey visited Sunday afternoon in Abertonia with the Louise Sinclair family.

Mr. and Mrs. Jimmy Byrd and daughters were Saturday supper guests of the Elva Peels.

Sunday visitors of the Elmer Cowdreys were Jimmy Massey of Lubbock and the Bruce Evans family.

**TEXAS SOYBEAN ACREAGE**

Soybeans are becoming an important cash crop in Texas. Last year some 80,000 acres were harvested and production was up 30 per cent above that for 1964. The per acre yield in Texas is 28 bushels an acre, one of the highest in the nation. Until recently, Texas production was centered on the South Plains, but areas are now developing in the Red River Valley, Gulf Coast and along the Brazos River.

**Under new GI Bill**

**9,000 area veterans eligible for benefits**

Approximately 9,000 veterans in Texas' 19th Congressional District are potentially eligible for benefits and services under the new GI Bill just signed by President Johnson, according to a news release from 19th District Cong. George Mahon.

The new GI Bill provides education and training programs generally patterned after the highly successful GI Bills of World War II and the Korean Conflict.

In the first year alone, over 1,100 veterans are expected to take advantage of the educational benefits, according to statistics from the Veterans Administration. This educational provision is expected to provide the veterans in the District almost \$723,000 in direct benefits in that first year.

The educational provisions of the new bill go into effect June 1, 1966, giving the veteran ample time to plan his schooling program.

In addition to the educational benefits, the program is expected to provide VA guaranteed loans totaling \$1,282,000 to some 89 veterans, and direct loans totaling \$64,000 to some six veterans in the first year.

The veterans covered under this bill are also eligible for hospital benefits, and 1,500 patient days at a cost of \$39,000 are expected to be made available to applying

veterans in the first year.

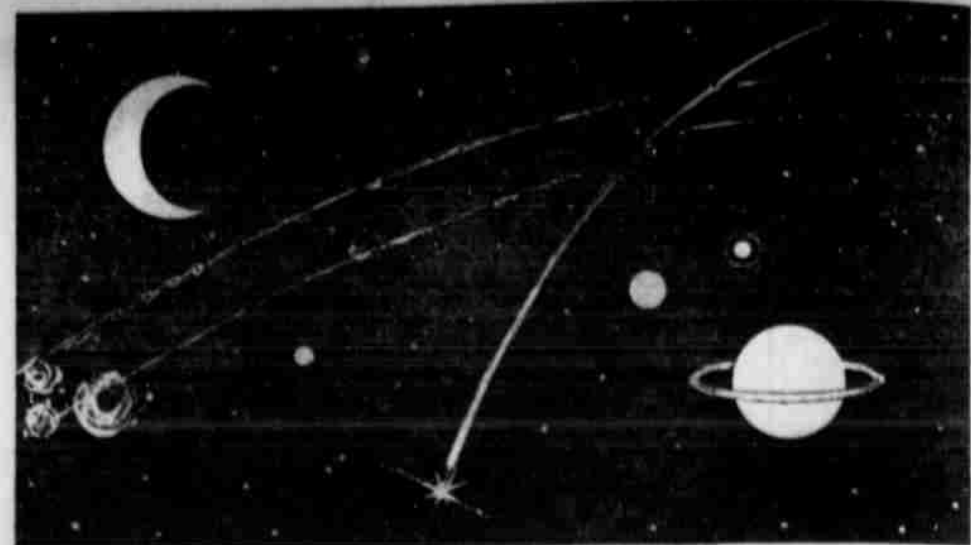

All veterans are eligible for educational and guaranteed home loan benefits who were on active duty more than 180 days after Jan. 31, 1955, and honorably discharged, or who were discharged with less than 180 days service because of a service-incurred disability.

Under the education and training sections, monthly payments for full time training are: \$100 for veterans without dependents; \$125 for veterans with one dependent; \$150 for veterans with more than one dependent.

Veterans eligible can receive up to 36 months of schooling or training on the basis of one month for each month spent in uniform. The veteran must complete his program of education within eight years after discharge.

The GI home loan provisions of the bill would increase activity in building and real estate activity throughout the country. The formula for eligibility of the veteran to participate in the GI home loan program is the same as that already in existence; that is, 10 years from the date of discharge, plus one year for each three months served. Entitlement shall not continue beyond 20 years, nor shall it expire before 10 years.

Guaranteed or insured loan ceilings remain at \$7,500 while the

**WHAT DOES HE SEE ?**

What a birthday present! Young Dan can see all sorts of things with that telescope that are invisible to the naked eye. The sky, with its stars and its moon, seems so much closer.

Yet, there is still so much that remains unseen. The best instruments man can make are insignificant when measured against the scope and depth of God's universe.

That's where *faith* comes in. We know that there are other galaxies that can't be seen through even the most powerful of telescopes. And we know, too, that *faith*, though invisible, is the greatest power of all.

If *faith* is something that doesn't quite come across to you, the Church is the best place in the world to help you solve its mystery. If *faith* is already yours—what better way is there to reaffirm it than by going to church this Sunday?

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Perryton couple gives \$30,500 to college fund**

LUBBOCK — Mr. and Mrs. Walden Perryton, have given \$30,500 to the Lubbock Christian College endowment fund. The income from the gift, given in form of stocks and bonds, will be administered by the Board of Trustees and used for scholarships for worthy students attending L.C.C. Mrs. Daniel requested that the fund be named in honor of her father, Dr. William Pearson, a pioneer medical doctor in Ochiltree county. The fund will be called the William Pearson Memorial Endowment according to John Hay, L.C.C. development department official. Dr. Williams was very interested in his lifetime in the education of young people and was known around Perryton for making awards to students with the highest grades, department records attendance, said Mrs. Daniel. My father had to work his way through state Normal at Huntville and Vanderbilt University," said. "Because of his difficulty obtaining his education, I feel this scholarship fund in his memory is a way my husband and I can help ambitious young people."

CLARENDON — The second annual Clarendon College Rodeo will be held on April 22 and 23 with three performances. The rodeo is open to all high school and college students and will be held at the rodeo grounds in the Donley County Fairgrounds. As a special attraction, a total of 38 trophies will be awarded to the winners and all events will be judged following each performance, with a trophy being awarded to the top individual in each event. Overall winners will be judged on their three performances. The college Aggie Club is sponsoring the rodeo under the direction of Delbert Reed, agriculture instructor at Clarendon College. Books will open April 1, and will close at noon, April 20. Applications for entry blanks are now being accepted at Clarendon College, Box 961, Clarendon.

**Education benefits for veterans start June 1**

Veterans planning to go to school under the new GI Bill do not have to rush to meet a deadline. Jack Coker, manager of the Veterans Administration Regional Office in Waco, said today. Although most benefits under the new Bill are effective immediately, the education benefits will not begin until June 1, 1966, Coker said. Late in April, the VA expects to have application blanks and full information available at all VA offices and at the admission offices in most approved schools. Veterans will have ample time to select courses and make application without losing either class time or payments from VA Coker said.

**Dixon to attend insurance meet**

B. C. (Billy) Dixon, local representative of the National Life and Accident Insurance Company, will attend a regional conference and celebration at the Broadmoor Hotel in Colorado Springs, Colo., March 30-April 2.

Americans spent a whopping \$779 million dollars to buy consumer magazines in 1964. The public spent half its magazine money on general interest, about a fifth on news, and another fifth on women's magazines.

He and his wife will be guests of the company as a sales leader in the firm's Southwest territory for 1965. Dixon is a member of the corporation's Top Hat Club, an organization of National Life and Accident's elite salesmen in 1965. The National Life and Accident Insurance Company is the nation's fifth largest combination life insurance company with more than \$8 billions of life insurance in force and assets over \$1 billion. The company operates in 23 states, has 10,000 full-time employees and over 8 million policyholders from coast to coast.

**TEXAS HUNTING LEASES**

Some 21,000 Texas landowners leased 33 million acres of their holdings last year for hunting purposes and got in return more than \$13 million, according to a state summary released by Wallace Klussman, Extension wildlife con-

servation specialist at Texas A&M. Over 16,000 of the leases were for deer hunting. The other 5,000 covered the hunting of waterfowl, quail and doves and fishing. Some 3,000 private lakes were leased for fishing at about three-quarters of a million dollars.

**Trudan 2 now available to Post area farmers**

Trudan 2 — the improved successor to the first hybrid sudangrass is now available to farmers in this area, reports Melvin Williams of Post. Williams says that Trudan 2 is now available for spring planting. Trudan 2 follows the introduction of Trudan 1, the first hybrid sudangrass commercially produced. Developed by Northrup, King & Co., the new forage crop is available in quantity for the first time in this area. "Trudan 2 is the answer to a farmer-rancher's needs for a high quality, top producing summer forage crop," states Williams.

He said Duckworth came to the Post area in 1904 and was employed with the First State Bank here immediately after being discharged from World War I service Aug. 1, 1919.

Duckworth's duties were working under the direct supervision of W. O. Stevens Sr., as cashier. Williams said at that time bank deposits totaled \$150,000. In Duckworth's starting year as a banker the price of cotton was 40 cents a pound and livestock was equally high, Williams noted.

The First State Bank was chartered in 1918 by W. O. Stevens Sr. and Pat Williams, uncle of E. W. Williams, board chairman of the Post bank and president of the Citizens National Bank of Lubbock. The state charter was changed to a national charter in 1925.

Williams said it was the practice of the First State Bank during these early days to take boys out of high school and train them in the banking business. Some of them were Phil Boucher, Jack Payne, president of the American State Bank of Lubbock, W. O. (Bill) Stevens Jr., vice chairman of the executive committee of the Republic National Bank of Dallas, and the late Buddy Stewart.

On Nov. 19, 1932, the two Post banks were consolidated. Williams said, with combined deposits totaling \$307,140.33. Duckworth assumed the duties of cashier after the consolidation and was promoted to vice president in 1945.

**REVIEWING Weakley's banking career.** Williams said Ollie came to Post on March 5, 1908. He was employed by the First National Bank July 1, 1917, as general helper, working in this position until he entered military service in September, 1917. After completion of Army service, he was again employed with the bank April 1, 1919, and worked full time until March 30, 1955.

There were a total of five employees with the bank, including two officers during the very early years Ollie was with the bank, Williams noted, and hours were long and salaries small.

Weakley during his tenure of service with the bank, worked in every department from bookkeeping to teller window to officer, Williams said. He served as assistant cashier from 1932 until 1940 when he was promoted to cashier and later was made cashier and vice president. He was assistant cashier when the Citizens National Bank and the First National Bank of Post were consolidated.

Williams said that C. D. Morrel worked in the bank before consolidation as cashier, but soon after the consolidation, Mr. Morrel retired from the bank to assume active management of the Slaughter Estate. Others employed at that time with the First National Bank were Elmo Corbell, now owner and operator of an insurance adjustment bureau in Houston, John Cearley, vice president of the First National Bank of Pecos, L. J. Richardson Jr., now executive vice president of the First National Bank of Brownfield.

Williams noted that three bank officers with the bank now were

employed by Duckworth and Weakley. They are Martha Compton, Pearl McBride and Wilma Pirtle. **THE MASTER of ceremonies** read a few of the large bundles of letters and telegrams received praising Duckworth and Weakley upon their retirement.

Included were: a long letter from William O. Stevens of the Republic National Bank of Dallas, expressing his disappointment at not being able to attend the dinner; telegrams from Charles F. Myers Jr., president of Burlington Industries, Inc.; Walter B. Hildebrandt, vice president of BI Cotton Mills; president of BI Cotton Mills.

Also letters from Ellis H. Boyd Jr., senior vice president of the First National Bank of Fort Worth; Rorick Cravens, chairman of the board of Cravens, Dargan & Company, insurance managers of Houston; Louis D. Stevens of Scottsdale, Ariz.; Dr. Williams H. Gordon of Lubbock; Murray Kyger, chairman of the board of the First National Bank of Fort Worth; Vachel and Marvel Anderson; G. E. Holmstrom, president of the Continental National Bank of Fort Worth; and E. M. Corbell of Corbell and Company of Houston.

Myers, president of Burlington Industries, said in his telegram: "On this evening honoring Ira L. Duckworth and O. L. Weakley, I wish to thank both of them for their constant and continued good-will toward our Postex Cotton Mill. Burlington Industries appreciates the contribution coming from Post and all of its people and our friends."

Space does not permit coverage of the many testimonials offered to Duckworth and Weakley during the program. They were concluded by Irby Metcalf who declared that "their word is their bond."

He told the story of how he was offered the opportunity to purchase with others the controlling interest in the bank by Duckworth and come to a verbal understanding on terms of the sale.

Just a few days before the transfer of ownership was scheduled, Metcalf said a friend called him from Dallas and asked him if he had a written contract on the bank's purchase. He said he told the friend he didn't.

The friend was calling to say that some Dallas banking interests were preparing to offer Duckworth and Weakley \$25 more per share for their bank stock than afternoons.

Metcalf said he told his friend then that Duckworth and Weakley would not consider such an offer. He said later the two bankers told him they had received the offer but refused to consider it.

Williams, during the program, also read a resolution passed by First National Bank directors here July 1, 1965, expressing their appreciation to Metcalf for his dedicated efforts on behalf of the bank while serving as president and chief executive officer from December, 1954, until he resigned his position in July, 1965.

The resolution noted that in the 10-year period, the capital accounts of the bank have more than quadrupled and the deposits of the bank were increased from \$4,000,000 to \$9,500,000.

The coffee and tea silver sets were presented to Duckworth and Weakley by J. B. Potts, president of the bank. Bank officers Vernon Scott and Fred Myers carried them in for the presentation.

Williams introduced four new directors of the bank and their wives as elected by directors that afternoon. They were Mr. and Mrs. Louie Burkes, Mr. and Mrs. S. E. Camp, Mr. and Mrs. Bob Collier, and Mr. and Mrs. K. W. Kirkpatrick. Kirkpatrick is an advisory director.

Seated at the head table for the event were Mrs. W. O. Stevens Sr., of Lubbock, Mr. and Mrs. Duckworth, Mr. and Mrs. Weakley, Mr. and Mrs. Williams, Mr. and Mrs. Potts, and Metcalf. The invocation for the dinner was given by the Rev. Joe Vernon.

## Toll continues climb in traffic accidents

Three traffic accidents here since last week have resulted in one injury and property damage estimated by city police at \$625.

Two-year-old Donna Gayle Massey received a slight head injury early Saturday afternoon when the automobile her mother, Mrs. Mildred Guthrie Massey, was driving struck a street marker at 7th Street and Avenue E.

The accident occurred when the automobile's A-frame broke, causing the car to go out of control and hit the street marker. Damage to the automobile was estimated at \$175 and to the marker at \$15.

An automobile driven by Samuel W. Morrison of Route 2, Post, was damaged an estimated \$200 about 2:45 p. m. Sunday when a tractor being pulled behind a car driven

by Harry E. Wood of Justiceburg came loose as the vehicles were passing near the intersection of West 5th Street and Avenue S.

The tractor struck the left rear of Morrison's automobile after coming loose from Wood's car.

Defective brakes were blamed for an accident at 3:50 p. m. last Thursday in front of the Parrish Grocery & Market.

The accident occurred when a car driven by Carline Colazzo struck a parked automobile owned by Edna Cass as the former started to pull into a parking place in front of the store.

A post in front of the store was also damaged in the collision, according to the police report, which showed the damage to the Colazzo automobile at \$150 and to the Cass automobile at \$50.

The Colazzo woman was charged with no driver's license and operating a vehicle with defective brakes, according to the police report.

The city traffic accident toll for the first 15 days of March is six persons injured and \$3,250 estimated property damage, according to police records. Of the property damage, \$3,225 was to automobiles and \$25 to other private property.

This was the total at noon yesterday.

The 15-day registration period ends today.

A representative of the state attorney-general's office was in Post last weekend checking the success of the registration.

Attorney-General Carr has had over 30 assistants checking the registration in courthouses across the state to be sure that all requirements are complied with and the public is fully informed.

The Cub Scout Blue, Gold banquet is postponed.

The Cub Scout Blue and Gold banquet that had been scheduled for Tuesday night was postponed to Friday night, March 25.

## New directors —

(Continued From Page One)

Shelley E. Camp, second of the new directors, is consignee here for Texaco and has operated Texaco, Inc., in Post since Jan. 1, 1947.

Camp is chairman of the city-county park board, chairman of the Garza County United Fund, is an elder in the First Presbyterian Church, is a former commander of the American Legion here, and has been a Mason since 1945. He served as a member and president of the Post school trustees, 1954-56, and served three different terms as a director of the Post Chamber of Commerce.

Born in Howe, Tex., in 1921, Camp was graduated from Austin College in 1941. He was a teacher in the Post school system in 1941-42 and in October, 1942, he was married to Miss Frances Duckworth. He entered the U. S. Army in August 1942, and was separated in the rank of captain in January, 1946.

The Camps have one son, Roger, a senior at the University of Texas, and one daughter, Carol, a senior at Post High School.

Bob Collier, third of the new directors, has operated Bob Collier's drug store here since 1948, following his return to Post after graduating that year from the College of Pharmacy of the University of Texas.

He operated the drug store in partnership with his father and brother at the start and then bought out his brother in 1950.

Collier now has two other partnerships besides the store here. One is the Service Drug at Mineola, Tex., and the Collier-Parker Pharmacy at Taboka.

Bob is a Post High School graduate. He attended Texas Tech for one year and then attended the University of Texas. Collier served three years in the Army Medical Corps during World War II.

He is president of the Texas Pharmaceutical Association this year and a former director of that big state-wide organization. He is a past president of the Post Rotary Club, a member of the Masonic Lodge, and served two years as chairman of the board of the First Methodist Church.

Bob and his wife, Mattie, have two children, Dianna in grade school, and Don, an eighth grade student.

K. W. Kirkpatrick, one of the bank's newly elected advisory directors, is the son of Mr. and Mrs. Willard Kirkpatrick and the grandson of the late Mr. and Mrs. K. Stoker.

He is now engaged in ranching with his father and brother, Jack Kirkpatrick.

Born Feb. 6, 1932, Kay was graduated from Post High School in 1949, attended New Mexico Military Institute from 1949 to 1951 and enrolled in TCU in the fall of 1951. He was graduated from TCU with a bachelor of science degree in the spring of 1954.

He entered active service in the Air Force in May, 1954, with a first lieutenant's commission, and served most of his service time in Japan.

Kirkpatrick was married to Patricia Lott, daughter of Mr. and Mrs. John F. Lott, Feb. 22, 1958. They now have five children, Mark, 7; Cindy, 6; Dick, 5; Drew, 3, and Kathy, 2.

They are members of the First Methodist Church. Kirkpatrick is a member of the Post school trustees.

Vernon Scott, the other new advisory director, is cashier of the bank. He has been associated with the bank since 1959, serving the first three years as assistant vice president before being promoted to cashier.

During his seven year bank tenure, he has worked in every department. He is now supervisor of personnel, loan officer and has been serving as secretary of the bank's board of directors.

Vernon and his wife, Jo Ann, have two daughters, Becky and Pam. They reside at 803 West 7th St. They are members of the First Baptist Church. Vernon is a member of the Board of Development at Hardin-Simmons University and a captain in the U. S. Army Reserve.

He is a 1954 graduate of Southland High School and received his bachelor of science degree from Hardin-Simmons University in 1958.

Henderson, who was employed at the time by the John St. John Drilling Co., had sought \$175,000 damages and \$7,000 for medical bills.

The four-day trial began Monday with the jury returning the verdict at 11:30 a. m. Thursday after testimony in the case was completed Wednesday.

The suit was based on an oil field accident which occurred Sept. 10, 1962.

The defendant firm was preparing to move a derrick from a location in southern Garza County after completion of a well when the plaintiff fell, knocked the plaintiff down and pinned his legs.

The jury found the defendant negligent and rendered a \$33,300 judgment for loss of earnings, pain and anguish, \$2,450 for medical bills, and \$1,000 for future medical bills.

the Antelopes added strength in the sprints and the 440-yard relay. Pete Morales, ace miler, who missed Saturday's Abernathy meet because of a foot injury, is expected to be back in shape for the Hale Center meet, Coach Gregg said. Half-miler Ruben Solis, who has set new records in both the 100 and 200-yard dashes, will be after another one at Hale Center, where the record in his event is 2:02.0, held by Mike Loyd of Petersburg. The mile record, which Morales will be going after if he's back in shape, is 4:47.9, set in 1956 by Masters of Cotton Center.

Other records at Hale Center are as follows: 100 - yard dash: 9.6, Jerry Williams of Lockney, 1958. 200 - yard dash: 21.7, Williams of Lockney, 1958, and Willis of Abernathy, 1955. 440 - yard dash: 51.2, Johnson of Olton, 1962, and Moore of Lockney, 1964. 120 - yard high hurdles: 14.6, McInturf of Sundown, 1960. 150 - yard low hurdles: 19.7, McInturf of Sundown, 1960. 440 - yard relay: 44.1, Abernathy, 1963. Mile relay: 3:27.3, Muleshoe, 1963. High jump: 6-1, Opfen of Floydada, 1958; Fox of Denver City, 1963, and Coffey of Roosevelt, 1964. Pole vault: 11-6 1/2, Hubbard of Denver City, 1963. Shot put: 52-2 1/4, Williamson of Denver City, 1963. Discus throw: 165-11 1/4, Vickers of Floydada, 1955.

# Pierce named to Class AA all-state team

## SECTION TWO Sports The Post Dispatch Thursday, March 17, 1966 Page 9

### In Abernathy track meet Mile relay team and Solis set new marks

Minus the services of miler Pete Morales, who was out with a foot injury, the Post Antelopes scored 55 points for a fifth place team finish Saturday in the Abernathy Invitational Track Meet. Ruben Solis broke his own meet record in winning the 800-yard run in 2:01.3, and the Antelope mile relay team scored 20 of Post's points with a first place finish in 3:34.2.

### Booster Club benefit A Go-Go girls and wentwinds to play

Rumors that Friday night's benefit game between the Wentwinds and the Post Booster Club's A Go-Go girls will set basketball back to the peach basket days were being vigorously denied today by members of the Booster Club, which is sponsoring the event. "Anyone who doubts that they will see basketball at its best in Friday night's game is invited to come out and see for himself," said one irate Booster Club member.

### Near top at first Cash's fielding is receiving plaudits

A buildup in confidence has carried first baseman Norm Cash to a new level in his relations with the Detroit Tiger fans, according to an article in the current issue of The Sporting News. Much of this buildup in confidence has come from the big first sacker's manipulation of the glove, the Detroit writer says. In 1965, Cash was outstripped by only two first basemen in the American League balloting for the Golden Glove award. Joe Pepitone of the Yankees and Vic Power were the first basemen who beat him out in the voting last year.

### Visit in Lubbock

Mrs. Tom Johnson and Edith accompanied Mrs. June Kiker to Lubbock Saturday to visit Mrs. Kiker's daughter, Diane.

### Midland visitors

Mr. and Mrs. W. C. Carlton and sons visited Sunday with his mother, Mrs. Della Carlton.

### Home from trip

Mrs. Powell Shytles returned home last Thursday after spending a week in Dallas and in Commerce where she visited her son-in-law and daughter, Mr. and Mrs. James Williams, and two grandchildren.

### Weekend trip

Mr. and Mrs. Bill Edwards, Ginny and Julie, were in Fort Worth and Dallas over the weekend. In Dallas they visited their son-in-law and daughter, Mr. and Mrs. John Hegl.

### Wentwinds to play

Neither club's roster had been completed at The Dispatch's press time, but the A Go-Go girls had a start with Lonnie "Mimi" Duke, Elwood "Flossie" Wright, D. A. "Boo Boo" Sanford, Darrell "Big Bertha" Eckols and Royce "Bubbles" Anthony.

## Only junior on five-man squad

Ronnie Pierce, who averaged 30.3 points a game in scoring 727 points for the 1965-66 season Post Antelope basketball team, was named to the Class AA all-state team selected last week by members of the Texas Sportswriters Association. The 6-3 Pierce was the only junior named to the all-state team, and it was a big jump from last year when he made the all-state third team as a sophomore.

## McAdoo, Slaton take honors in tournament

McAdoo and the Hezitaters of Exes, 26-8, and the Hezitaters took the women's championship by downing the Lubbock Hornettes, 19-13. Post teams won consolation championships, the Post Texans with a 19-12 win over the Lubbock Jokers and the Post Toasties with a cliff-hanging 15-14 decision over the Postettes in the women's division.

## All-Star cagers win in tourney

The Post All-Stars defeated the Lubbock Lions, 52 to 50, Tuesday night in the independent basketball tournament under way in the Frenship High School gym at Wolfforth.

## Host Mustangs second in meet

Although failing to win a first place, the Denver City Mustangs finished second in the team standings in their invitational track and field meet Saturday.

## Souter is head coach at Tulia

Richard Souter, former head basketball coach at Post High School, has been named head football coach at Tulia to replace Jimmie Keeling, who resigned to accept a similar post at Vidor.

## SETS NEW RECORD

The Post Antelope mile relay team set a new meet record in its first place win at Abernathy Saturday. The Antelopes' time of 3:34.2 beat the old record of 3:34.3 set by Olton.

## Visiting husband at Fort Leonard Wood

Albert Odum took his daughter-in-law, Mrs. Danny Odum, to Fort Leonard Wood, Mo., to join her husband who is stationed there with the Army.

## SISTER VISITS HERE

Mrs. S. A. Crane returned to her home in Sweetwater Tuesday after arriving Saturday to visit with her sister, Mrs. Arnold Sanderson, who was recuperating from minor surgery.

## Keep Your Credit Record Spotless

The Retail Merchants Association of Post keeps your credit record, as reported by almost every store where you have a charge account. A good credit rating, obtained by meeting obligations promptly, entitles you to this privilege. Keep your credit record spotless. It is important to you.

gun can last a lifetime. I guarantee — covering de-material and workmanship goes to every purchaser of my O.U. shotguns. But little reason why most any gun can't last well beyond its owner. All it takes is care.

Many of us get careless. We fail to clean and properly. We toss them in the back seat of an auto or store them away for months of the year in some place where rust can develop. Hidden days much better taken of fowling pieces. First place, a gun was ever a man. He needed it for food and sometimes for protection. He used black powder, mercuric primers that would corrode.

On those days when the game was swabbed out of his shotgun with soap and water. A good commercial primer capable of eliminating the rust from the primer.

Along came the non-mercuric primers. Black powder gave smokeless and we were no longer necessary to clean after every shoot.

Believed this. As a result he became pitted. Not from the primer and powder from handling and moisture got onto the barrels.

are shooting a gun every day. It should be wiped thoroughly with a silicone cloth after every shot.

# Pierce and Walker will head Council

By Rickey Rogers

Ronnie Pierce has been elected president and Paul Walker vice president of the Student Council of Post High School for the 1966-67 school term.

Other candidates were Sherry Gist and Nancy Hendrix for president and Emily Potts and Jimmy Johnston for vice president.

## Girls to attend area FHA meet

Twenty girls are scheduled to attend the Future Homemakers of America area meeting in Midland March 18 and 19. The girls will stay overnight in the Ramada Inn, and attend the meetings at Midland High School. This year, Post will model projects made in homemaking at the meeting. The meeting will also include featured speakers and programs.

Those attending from the Senior Chapter will be:

Sharla Pierce, Linda Hays, Sue Gilmore, Mary Barnes, Betty Hutchins, Lorena Anderson, Nedra Childs, Julie Clark, Debra Britton, Emily Potts, Cheri Cummings, and Barbara Miller.

Those attending from the Junior Chapter will be:

Marsha Tipton, Christine Morris, Karen Lee, Carolyn Ledbetter, Debbie Brewer, Sue Harrison, Barbara Bartlett and Connie McWhorter.

## Attractive exhibits in school's display cases

The halls of PHS were decorated last week with very attractive display cases.

One of the display cases welcomed visitors to the school for Public Schools Week.

Another display was an exhibit of drawings for biology. The drawings were of plant mitosis, the anatomy of a leaf, and fungi.

The science department had a display of several fulcrum problems and the library had several books in the case with an encouragement to read more.

The competition was hardly as heavy as the state and national contests, and not quite as much was spent on the campaign, but just the same, attempts were made to influence the choice of the voters. This was done mostly in the form of posters. Some of the captions on these posters were: "Potts for President"; "Pierce and Walker Will Haul You Through"; "Vote for Nancy as President," and many others.

All the candidates made good showings and it was somewhat difficult to choose the best ones.

## Cooking, sewing is demonstrated

The Homemaking classes put on demonstrations of cooking and sewing for the public last Thursday at the Post High School open house.

Lorena Anderson, Debra Britton, Linda Hays, Sue Gilmore, Cerretha Jones, Sharla Pierce, Mary Barnes, Barbara Miller, Sherry Gist, Julie Clark and Linda Davis sewed on their projects under the direction of Mrs. Marion Duncan.

Barbara Bartlett, Carolyn Ledbetter, Kay Lofton, Martha Jo Walls, Lillie Wilke, Theresa Sims, Connie Rivera, Christine Morris, Helen Hodges, Margie Julian, Debbie Cummings, Loretta Garlin, Sharyn Bilberry, Marsha Tipton, and Debbie Brewer prepared cookies and green punch as refreshments with Mrs. Willa Dwyer, Connie McWhorter and Debbie Eubank served.

The Homemaking classes hope to acquaint the public with the activities of homemaking with these demonstrations and show how a class is carried on.

## Cerretha's Chatter

Tryouts for the Senior Play were last Friday afternoon after school. The play is entitled "Bolts and Nuts" and will be presented April 22. Keep a close watch for more details!

Students seemed to take a bigger part in open house this year than in the past. It made it more interesting for those who attended and seemed like there was more enthusiasm about school work.

Pat Landreth, Sharla Pierce, Pam Owen and Beverly Duncan took their Scholastic Aptitude Test at Tech last weekend. Could there be some questions in their minds since they've taken it?

Mr. Willson has been working diligently with the sextets. The boys have been working up numbers for the dedication of a new youth center at Seminole. The girls have begun practicing numbers for graduation.

Mrs. Fleming attended her cousin's funeral, who was killed in an accident, last weekend in Lamesa.

Lynda Hays, Mary Barnes and Sharla Pierce are madly working on their state degrees for FHA. They must be completed by March 18.

Beverly Duncan and Sharla Pierce went to Monahan's over the weekend to attend Bev's grandmother's birthday.

The Area II FHA Convention is to be held in Midland, March 18 and 19.

The band gave an excellent concert during guidance Friday. Everyone really enjoyed it!

Pat Martin got a taste of college life last weekend. She stayed with Sharon Millen in West Hall at Texas Tech.

God made both tears and laughter, and both for kind purposes: for as laughter enables mirth and surprise to breathe freely, so tears enable sorrow to vent itself patiently. Tears hinder sorrow from becoming despair and madness; and laughter is one of the very privileges of reason being confined to all human species.

## Sherry Woods is FTA president

Officers of the Future Teachers of America chapter for the 1966-67 school year were elected last Friday during guidance period, with Sherry Woods being elected president.

Others elected were Edith Johnson, vice president; Linda Altman, treasurer, and Donnie Windham, parliamentarian.

Runoff elections will be held at the next guidance period between Belinda Lee and Linda Hays for secretary and Marria Newby and Mike Scott for historian.

After being elected president, Sherry was made eligible to attend the state FTA convention in Austin. Others attending were Mary Barnes, this year's FTA president; Rickey Welch and Carol Camp, who are "Mr. and Miss FTA," and the chapter sponsor, J. M. Hutchins, and Mrs. Hutchins.

### "Bolts and Nuts"

## Senior class play cast is selected

Last Friday, the seniors tried out for the senior play, "Bolts and Nuts," which is the story of an intensely masterful woman who decides to help the world by establishing an insane asylum. The play is a comedy and hopes are high for it being a smash.

The cast was selected as follows:

Benita, an attractive girl of 19: Beverly Duncan.

Lutie, a droll and awkward woman of 25: Marilyn Jones.

Rebecca, a tall, angular, but rather handsome woman of 45: Mary Barnes.

Martha, a short, fat, dumpy widow about 50 years old: Carol Camp.

Twink, a handsome, likeable chap of 21: Gene Wilkerson.

Jay, a man of 40, alert and excitable: Billy Hahn.

A tall, lanky Negro boy of 20: Tommy Mason.

Plunkett, an amagular, cadaverous-looking fellow about 38: Charlie Wallace.

Miss Figg, a small, bird like woman of 38: Cerretha Jones.

Clippy, a stout, middle-aged nervous, fussy little man, between 45 and 50: Tony Hutto.

Mrs. Glossop, a plump, washed-out blonde of 38: Pat Landreth.

Wilbur, an overgrown lummock of a boy, 18 or 11 years old: Ricky Welch.

## 'Boots' song is big favorite of Junior High kids

La Rue May

"These Boots Are Made for Walkin'" won the favorite song poll taken in Post Junior High School. The five who liked it best were: Larry Bilberry, Joe Irons, Sue Eubank, Judy Norman and Chip Polk.

"Lightning Strikes," "Listen, People" and "19th Nervous Breakdown" got three votes each.

Stephanie Davis, Lee Wayne Maddox and Jimmy Donelson chose "Lightning Strikes."

"19th Nervous Breakdown" was liked best by Giles McCrary, Ken Herron and Don Collier.

"Listen, People" is the favorite of Syan Thomas, Quay Williams and Peggy Sue Bevers.

Liz Dalby and Ricky Greer favor "End of the World."

"When Liking Turns to Love" was voted on by Sherry and Jay Bird.

Larry Scribner likes "The Ballad of the Green Beret"; Belinda Blacklock, "Soul and Inspiration"; Ricky Blacklock, "The Elusive Butterfly"; Neff Walker, "Homebound Bound," and John Birdwell, "Day Tripper."

## Band gives concert in high school gym

Last Friday, the high school band presented a concert in the gym under the direction of Bruce Evans.

The numbers played were: "Praeludium," "Them Basses," "American Folk Rhapsody," "Rhythm of the Winds," "Love Is a Many Splendored Thing," and "Thunder Crest."

The band hopes the student body enjoyed the concert as much as they enjoyed giving it.

### Junior High magazine sale under way here

The annual magazine subscription sale, sponsored by the Student Council of Post Junior High School, is under way, with 7th and 8th grade students doing the selling.

The junior high school will use its part of the proceeds from the subscription sales to pay for the repainting of the junior high gymnasium.

Gordon, a professional man of 28: Doyle Nichols.

The play will be presented April 22.

### HIGH SCHOOL EDITORIAL

## School Open House 'Best Ever'

The halls of PHS were buzzing with liveliness Thursday night when the doors were thrown open to the public. The occasion for the open house was to carry out Public School Week. Almost every room was decorated and the work of students was displayed.

In the General Science room there were interesting jars of turtles, snakes and frogs. Also there was an atmosphere of deep meditation and hard work!

In the biology lab student drawings were displayed of the various members of the animal kingdom.

The typing room was adorned with many industrious typing students trying to finish last week's typing. On the bulletin board was a display titled "You Never Graduate From Good Work." Letters were displayed showing the various types and styles of letters, tabulation and reports with footnotes. The Christmas cards which students made were placed across the back of the room.

In the bookkeeping department a cute bulletin board said, "Put a Tiger in Your Work. Be neat, complete and speedy." There were displays of shorthand and bookkeeping chapters. On the other bulletin board a shorthand display read, "Fly to Higher Speed in Shorthand." It emphasized the importance of speed and accuracy in operating office machines, in recording journals and in filing invoices. Students were working on their bookkeeping in the department and I'm sure if you looked over their shoulder you might have seen a long line of figures which you knew could never balance!

The Mechanical Drawing room provided much fascination for those who visited it. Hanging on the walls were pictorial drawings, the more advanced students had drawn and painted. There were very cute little "designs" hanging from the ceiling. Boys were working on their mechanical drawing and you might have been a little amazed that they could ever make such perfect and pretty drawings. The Shop II boys were very busy making little note pads which they gave away as fast as they could make them.

Many people were thoroughly entertained by the PHS boy's sextet. They sang various selections for those with a musical interest. The song enjoyed most was "Barbara Ann."

The Economics department contained a very cute bulletin board titled, "Economics Is a Social Science." It told the various branches on which economics is affected such as exchange, consumption, production, currency, interest, income, free enterprise and distribution.

The American History room contained a "Liberty Tree," or a "Tree of Knowledge." It's rather hard to explain this unique little display, but if you missed it, you

might have missed learning a bit of the winning of our liberty. Also in that room was an article which might interest boys. It was titled, "Draft Requirements!"

As usual, Mrs. Lee had the English III and IV room decorated real clever. The projects made by the students were displayed and her bulletin board read, "No matter what shape your English is in... it could be 'just a little bit better.'" It contained several misused verbs such as we was, I seen, I done, has did, and aint.

The English II bulletin board told the case history of a paragraph.

The Speech room contained a becoming bulletin board telling the importance of Good Diction. It is necessary in business, on the air, on the phone, and at play.

English I had a very odd and unusual bulletin board. It contained newspaper articles which affect each student. Several of them were: Cheating: Is It Right?; The Face of Viet Nam; Play It Cool: Finish School; Don't Date too Early.

The Library bulletin board was attractively decorated with many "Tales of Treason and Espionage."

In the algebra room a flying display was seen by many. It contained a flying chart and a picture of Mr. Anthony's plane.

Related Math and Spanish departments paid tribute to St. Patrick. The Spanish bulletin board read, "El dia de San Patricio," which if you're not familiar with Spanish says, "The day of St. Patrick." Also a Spanish alphabet was placed above the blackboard. The related Math department contained a cute display reading "Happy St. Patrick's Day."

The stage band played "music to visit by" while everyone explored the building. Most people ended up in the Foods Lab no matter how much they enjoyed the rest of the building. Refreshments of homemade cookies and punch were served to everyone. The Homemaking I girls made chocolate chip, pecan sandies, oatmeal, date bar and oatmeal, raisin cookies for the enjoyment of each visitor.

In the Clothing Lab the Homemaking II and III girls were busily sewing. Many people I'm sure were wondering what in the world they were making and they couldn't understand why they were using so many pins or the complicated way they seemed to be doing things.

One nice lady told me she was sure my blouse would be very pretty when it was finished. All I lack having it finished is the arm holes. Oh, well!

We thank each of you who made this open house the best in the history of PHS and we hope you enjoyed visiting with us as much as we enjoyed showing you a bit of life at PHS. Thank you.—Sharla Pierce, Editor.

# 34 students make PHS honor roll

Thirty-four students are listed on the fourth six-weeks honor roll at Post High School, seven of them on the "A" honor roll and the other 27 on the "A-B".

Honor roll students with all "A": Joe Hudman, Cheryl Pennell and Potts, sophomore.

Senior — Sherry Burks, Carol Camp, Cheri Cummings, Betty Sue Hutchins, Joyce Ledbetter,

Judy McCampbell, Cathy Ott, Sharla Pierce.

Junior — Lorena Anderson, Linda Hays, Brenda Haley, Bo Hutchins, Belinda Lee, Marcia Newby, Ronald Thurst, Donnie Windham.

Sophomore — Helen Cheskin, Jimmy Johnston, Mickie Taylor.

Freshman — Sharyn Bilberry, Deborah Brewer, Jan Bullock, Kay Lofton, Karen Hundley, Christine Morris, Mike Scott, Marsha Tipton.

## Lunchroom Menus

Meals served in the Post school cafeteria next week will be as follows:

Monday: Macaroni and cheese casserole, peanut butter and cracker sandwich, crisp cole slaw, hot rolls, butter, cookies, green gage plums, milk.

Tuesday: Pinto beans cooked with salt pork and chili seasoning, fresh vegetable sticks, chilled tomatoes, cornbread, butter, one half orange, milk.

Wednesday: Steak fingers, baked squash, creamed potatoes, hot rolls, butter, cream gravy, congealed fruit salad, milk.

Thursday: Hamburger on hot bun, potato chips, lettuce, tomatoes, pickles, onions, cherry cobbler, milk.

Friday: Tuna fish sandwich, crisp celery and carrot sticks, peach halves, honey-raisin cookies, milk.

The shape of a snow crystal is largely determined by the temperature of the air in which it grows. Humidity plays a role, too.

THE POST DISPATCH

# Play presented by Southland seniors

**By MRS. EDMUND WILKE**  
Hello there. Did you know that the great dividing line between success and failure can be expressed in just six words: "I just don't have the time." I was reading an article the other day that said if we would devote just one hour a day to a worthwhile and engrossing project, we would be giving it 365 hours a year, or the equivalent of more than 45 full working days of eight hours each. This is the adding one and a half months of productive living to every year of life. How about that?

The Southland Senior class presented its play last Friday night at the high school auditorium. The name of the play was "The Stroke of Twelve" and the cast consisted of Jettie Crawford, Larry Long, Grant Outlaw, Larry Long, Judy Kiesel and Daniel Callero. Mrs. Irene Kaykendall is senior sponsor and she helped with the play. "The Distortions" played several selections before the play began and also played between acts. The play was a murder mystery and very well presented.

Mr. and Mrs. G. D. Ellis visited his brother and sister-in-law, Mr. and Mrs. L. H. Ellis, in Amarillo Saturday and Sunday.  
Mr. and Mrs. Willie Becker visited in the home of Mr. and Mrs. Curtis Wilke Sunday night.  
Mrs. J. F. Rackler and Mrs. J. Rackler visited Mrs. Jim Gary in Levelland Tuesday. Mrs. Gary is still in the hospital recuperating from a broken hip. She is doing very well at the present.  
Mr. and Mrs. J. B. Rackler and Beverly were dinner guests of the Jack Hayslip family in Lubbock Sunday.

## Social Security sets requirements for proof of age

LUBBOCK — Effective immediately, the Social Security Administration has established new requirements for proof of age for entitlement to social security monthly benefits.  
Claimants must now submit the best proof of age available.  
"The very best proof of age," according to John G. Hutton, district manager, "would be a church or public record of birth made before the claimant's fifth birthday. Next best evidence of age would be any other record established before the person's 11th birthday."  
"There will be cases," Mr. Hutton explained, "where a person will not be able to present proof of age recorded before his 11th birthday. When this is true, the Social Security Administration will assist them in seeking other proofs."  
"Many sources are used for proof of age. They include public school, church and census records. Others that may be considered would include hospital birth records, physicians' or midwife's birth records, insurance policies, delayed birth certificates, marriage records and military records."  
Mr. Hutton emphasized that his office is ready to advise and assist applicants in obtaining evidence that meet the new requirements.

## Five mishaps on rural highways February count

The Texas Highway Patrol investigated five accidents on rural highways in Garza County during the month of February, according to Sgt. A. L. Roberts, Highway Patrol Supervisor of this area.

These accidents resulted in five persons injured and an estimated property damage of \$5,410.

The rural traffic accident summary for this county for the first two months of 1966 shows a total of 17 accidents resulting in six persons injured, and an estimated property damage of \$18,025.

Only one month remains for some 2,340,000 vehicles registered in Texas to secure the 1966 safety inspection sticker. The period set by law for securing the 1966 sticker ends at midnight, April 15, and there can be no extension of that deadline.

The sergeant stated, "Any motorist whose vehicle bearing Texas license plates that does not display the 1966 sticker after April 15 is subject to arrest by any sheriff, deputy sheriff, city policeman or any officer of the Department of Public Safety and upon conviction will be subject to a fine not to exceed \$200."

### GUAR MEAL SCORES

Guar meal, a high protein (35-42 per cent) by-product of the guar seed processing industry, is proving its worth as a protein supplement for feeder cattle. In three-year tests at Texas A&M University's Coastal Bend Experiment Station, Beeville, guar meal has given results comparable to those from other protein supplement sources for fattening steers.

Miss Clara Rolan, daughter of Mr. and Mrs. Raymond Rolan of 409 North Ave. P, Post, enlisted in the Women's Army Corps on Feb. 28. Miss Rolan will attend basic training at Fort McClellan, Ala., and after a brief vacation will attend a medical school at Fort Sam Houston, Tex. Miss Rolan is a graduate of Post High School and was employed by the Golden Years Nursing Home in Post before entering the service.

## Vet's Forum

Q. In figuring income to determine eligibility for a veteran's non-service connected pension, can the veteran deduct 10 per cent of his Social Security income?

A. The veteran does not take the deduction himself. He reports all his income to the Veterans Administration including Social Security payments, annuities, private pensions, etc. The Veterans Administration then calculates the 10 per cent exclusion as provided by law.

Q. I am receiving additional disability benefits for a child who is attending the University. How long may I receive this additional benefit?

A. The additional benefit may be paid up until the child's 23rd birthday as long as he (she) remains in school and is unmarried. Do not confuse this with the VA Orphans Education program where marriage has no effect on the benefit.

Q. I have a National Service Life Insurance term policy, paying dividends each year. If I convert to the Modified Life Insurance plan will I continue to receive dividends?

A. Yes, but you should understand that dividends at first, if any, will be very small.

## The Laws of Nature

Nervous energy is created in the brain, distributed through the spinal cord and its branch nerves to each organ, which is necessary for the organ to function properly.

If there is no interference from the brain to the organ involved, and with proper nourishment, there will be no disease. God gives each of us natural resistance to all diseases.

Nervous energy is life's force in action, and unless there is an obstruction, causing interference with the nerve distribution, health will be good. But if something hinders the nerve passages between the brain and the organ involved, the organ will become diseased or sick, causing ill health, pain and discomfort in the area the nerve is supposed to service.

Chiropractic treatment removes the pressure from the nerve and allows it to restore good health to area or organ that has become sick because of the pressure that has robbed the area of life's force and causing the disease in the first place.
