## Delegation in Austin for industry attraction tips

### All-day seminar gets under way

A group of ten Post community leaders are in Austin today "bonding up" on how to attract new industry following the successful completion of the \$80,000 Industrial Fund drive here last weekend.

The local group are attending a special Texas Industrial Planning Seminar—nicknamed TIPS—conducted for them by the Texas Industrial Commission staff.

**DURING THE all-day session** at TIC headquarters in the capital today, TIC staff members briefed local town leaders on necessary tools and procedures to attract industry.

The seminar was scheduled here in July when Harry Clark, executive director of the Texas Industrial Commission, visited Post and discussed the problems of finding new industry in an open meeting for business men in the Community Room under Chamber sponsorship.

### Lions hear talk on Booster Club

Post Lions heard of the Antelope Booster Club's activities and saw a film of the Post - Floydada football game at Tuesday night's meeting.

The program was presented by guest Dave Sanford, who is president of the booster club. He was introduced by Lion Lonnie Duke, the booster club's secretary-treasurer.

Sanford told what the Antelope boosters are presently doing and what they plan to do in the future. Lion Jim Jackson reported on the Lion club's finances and the purchase last month of two pairs of myoglasses for local children.

The members voted unanimously to sponsor the worldwide essay contest on world peace being held by Lions International.

Lion Carl Aycock sponsored a new member, Ray Hall, an employee of Postex Mills.

planning seminars as is being conducted for Post.

**IF THE local group wants it,** an economic development clinic also may be scheduled within the next few months for Post.

In such a clinic, the Texas Industrial Commission staff would come to Post and get this community's other industrial hunting "allies" involved and put on a full-day seminar.

The Post group of ten drove to Austin yesterday by car and plan to return home tonight.

Williams, industrial committee chairman, said the \$80,000 industrial fund drive reached its goal last Friday and plans are "now proceeding for the organization of the industrial foundation pending receiving the corporation's charter from the Texas secretary of state."

Williams and Walker left early yesterday to discuss the foundation's charter application at the secretary of state's office.

**ORIGINAL PLAN for the foundation** is for members to sign notes for from \$1,000 to \$5,000 payable over the next five years with the first 20 per cent due in cash Nov.

1, if the organization can be chartered by that date.

Members will elect their own directors for the foundation.

A list of the foundation members appears in a Chamber of Commerce announcement ad on page 2 of today's Dispatch. A total of 55 are participating.

Plans for the foundation call for the employment of an experienced "industrial hunter" for five years—preferably somebody off the Texas Industrial Commission staff if possible—to organize the local search and efforts.

George R. Brown will complete the two wells just north of the First Christian Church — Wells No. 1 and 2. City of Post, Unit 35—to pump from five different pay zones in the Glorieta and San Andres.

The No. 1, which failed to find production at 8,300 feet in the Ellenburger, will be potentialized sometime next week from the SZ-1 and SZ-5 zones of the Glorieta and the C zone of the San Andres.

E. R. (Buster) Moreland said three pump jacks will be used on the No. 1.

The No. 2 well of the unit will be completed as a dual producer after a drillstem test Tuesday produced only water from a possible sixth pay zone.

Moreland said a workover rig will be moved into the No. 2 the latter part of this week.

George R. Brown has completed its Robinson 5-G as a dual producer from the Glorieta SZ-5 zone and the San Andres D zone. It will be potentialized the latter part of this week.

Moreland also announced that George B. Brown Montgomery-Davies E No. 2G was coring today in the Glorieta.

Application was made yesterday on behalf of George R. Brown to drill the C. L. Williams No. 2G, 100 feet south of the No. 1 Williams, a dual producer directly west of Sunset Addition in the northwest part of the city.

So far this year, Brown's drilling efforts within the city has resulted in five new producers—four duals and one triple—with two more now drilling.

## Two completions set from five pay zones

George R. Brown will complete the two wells just north of the First Christian Church — Wells No. 1 and 2. City of Post, Unit 35—to pump from five different pay zones in the Glorieta and San Andres.

The No. 1, which failed to find production at 8,300 feet in the Ellenburger, will be potentialized sometime next week from the SZ-1 and SZ-5 zones of the Glorieta and the C zone of the San Andres.

E. R. (Buster) Moreland said three pump jacks will be used on the No. 1.

The No. 2 well of the unit will be completed as a dual producer after a drillstem test Tuesday produced only water from a possible sixth pay zone.

Moreland said a workover rig will be moved into the No. 2 the latter part of this week.

George R. Brown has completed its Robinson 5-G as a dual producer from the Glorieta SZ-5 zone and the San Andres D zone. It will be potentialized the latter part of this week.

Moreland also announced that George B. Brown Montgomery-Davies E No. 2G was coring today in the Glorieta.

Application was made yesterday on behalf of George R. Brown to drill the C. L. Williams No. 2G, 100 feet south of the No. 1 Williams, a dual producer directly west of Sunset Addition in the northwest part of the city.

So far this year, Brown's drilling efforts within the city has resulted in five new producers—four duals and one triple—with two more now drilling.

Burglars, who evidently did not find what they were looking for, broke into Bull's Farm & Ranch Supply at 131 South Ave. I sometime Wednesday night of last week.

Makolm T. Bull, owner, told police that he found nothing missing from the store after a check.

The intruders gained entrance by prying a hinge off a sliding door on the east end of the building.

Mrs. Lillie McRee, who retired as Post High School librarian at the end of the 1965-66 term, will leave Oct. 7 for Dexter, N. M., where she has accepted the position of high school librarian for the 1966-67 term.

Dexter, which is 18 miles south of Roswell, has a high school with an enrollment of approximately 400 students. The school library is comparatively new and is modern in every respect, according to Mrs. McRee, who went to Dexter recently for an interview before accepting the position.

Mrs. McRee's sister, Mrs. Stella Walden, will continue living in Post and taking care of Mrs. McRee's home.

**Adult education classes planned**  
An organizational meeting for adult education classes will be held at 7:30 p.m. Thursday, Oct. 6, in the home economics room at Post High School.

Classes are planned in bookkeeping, typing and Spanish, according to Supt. William F. Shiver. A minimum of 10 people per class will be required before a class is organized. The fee will be \$36 per person for each class.

Adults interested in these education classes are invited to attend the organizational meeting, which will be in charge of Charles R. Hutchins, high school principal.

**IN HOSPITAL HERE**  
Mrs. Tillman Jones entered Garza Memorial Hospital Sunday for treatment and is reported to be doing nicely.

**ONE WELL—THREE PUMPING UNITS**

Three pump jacks—count them—keep the oil coming from this Bond Oil Co. triple producer on their Merrell-Storie lease at the west edge of Post. It isn't the county's first triple producer, but it is the first one on which three pumping units have been installed.—(Staff Photo)

ducer, but it is the first one on which three pumping units have been installed.—(Staff Photo)

## Three pump jacks keep well going

Bond Operating Company's new well on the Merrell - Storie lease in the west part of Post isn't the first triple producer in Garza County, but it is the first one on which three pump jacks have been installed.

Several years ago, people got used to seeing wells with double pumping jacks on them, but if they want to watch one in operation with three units, they're welcome to pay a visit to the Bond Operating Company well, which was put on pump Sept. 14.

The well produces from three zones of the San Andres — C, D and E — from about 3,500 feet up. The triple producer's potential is 300 barrels of oil daily, according to Ben Brewer, the pumper.

The Bond firm has had production there for 17 years, and their first well, completed in 1949, is still pumping along at 10 barrels a day. It is just 100 feet north of the new triple producer.

And it won't be long before the firm has another triple producer, this one just 50 feet north of the present triple-header.

**The firm will get its new triple producer,** which is now a dual producer from the Glorieta, by perforating and setting packer, with no new drilling involved. Conversion of the dual producer into a triple producer is scheduled to start soon after Oct. 1, Brewer said.

Others indicted included: Kenneth F. Teague, burglary with intent to commit theft, in connection with a break-in at the home of W. C. Knox here July 23.

Melzer Johnson Jr., theft of property valued over \$50 in the taking of a truck belonging to Chester Morris on Aug. 22.

Julio Criado, murder with malice, in connection with the shooting of Manuel Mindieta here June 11.

Members of the grand jury were: E. E. Peal, foreman; K. H. Sappington, A. I. Cross, Mrs. Walter Boren, Mrs. C. R. Thaxton, Neil Crosby, Guy Floyd, L. M. Crowley, Henry Key, Elmo Bush, Oscar Garner and Charles Propst.

Funeral services for M. S. Donham, 88, a retired farmer, who died at 7 p. m. last Friday in Garza Memorial Hospital, were conducted at 10 a. m. Monday in the Church of Christ at Roby.

Mr. Donham, who had made his home here with his daughter, Mrs. Sam Sanders, for the past 18 months, died after several days' illness.

He was born July 9, 1878, in Tupelo, Miss., and came to Texas with his parents at the age of 12. He was married to Vergie Funderburk on July 6, 1905, and they moved to Fisher County from Eastland County the next year. She died Jan. 26, 1941.

Mr. Donham was a member of the Primitive Baptist Church. Survivors are the daughter of Post; four sons, Elmer of Rosenberg, Roy of Roby, Luther of Rotan and Pete Donham of Lafayette, La.; two brothers, Sam of Arizona and Jim of California; 15 grandchildren and 18 great-grandchildren.

Elder Fred Boen, Primitive Baptist minister of Hamlin; Scott Mitchell, minister, and the Rev. D. J. Peters, pastor of the Friendship Baptist Church near Post, officiated at the funeral services. Burial was in Roby Cemetery under the direction of Weathersbee Funeral Home of Rotan. Hadman Funeral Home was in charge of arrangements locally.

## Six indictments brought Monday by Grand Jury

A Garza County district court grand jury returned six indictments Monday, with four of those indicted now in custody.

The indictments included one against Bobby Jack Kight on a charge of robbery by firearm and assault, in connection with the hold-up of the White Top Liquor Store, northeast of Post on FM-651, Sept. 4. Kight has been in custody since shortly after the hold-up, but between \$400 and \$500 reported taken in the hijacking has never been recovered.

Others indicted included: Kenneth F. Teague, burglary with intent to commit theft, in connection with a break-in at the home of W. C. Knox here July 23.

Melzer Johnson Jr., theft of property valued over \$50 in the taking of a truck belonging to Chester Morris on Aug. 22.

Julio Criado, murder with malice, in connection with the shooting of Manuel Mindieta here June 11.

Members of the grand jury were: E. E. Peal, foreman; K. H. Sappington, A. I. Cross, Mrs. Walter Boren, Mrs. C. R. Thaxton, Neil Crosby, Guy Floyd, L. M. Crowley, Henry Key, Elmo Bush, Oscar Garner and Charles Propst.

Funeral services for M. S. Donham, 88, a retired farmer, who died at 7 p. m. last Friday in Garza Memorial Hospital, were conducted at 10 a. m. Monday in the Church of Christ at Roby.

Mr. Donham, who had made his home here with his daughter, Mrs. Sam Sanders, for the past 18 months, died after several days' illness.

He was born July 9, 1878, in Tupelo, Miss., and came to Texas with his parents at the age of 12. He was married to Vergie Funderburk on July 6, 1905, and they moved to Fisher County from Eastland County the next year. She died Jan. 26, 1941.

Mr. Donham was a member of the Primitive Baptist Church. Survivors are the daughter of Post; four sons, Elmer of Rosenberg, Roy of Roby, Luther of Rotan and Pete Donham of Lafayette, La.; two brothers, Sam of Arizona and Jim of California; 15 grandchildren and 18 great-grandchildren.

Burial was in Roby Cemetery under the direction of Weathersbee Funeral Home of Rotan. Hadman Funeral Home was in charge of arrangements locally.

Volunteers needed to build livestock barn

All adults are invited to participate in the regular weekly "work days" of the Garza County Junior Livestock Association each Tuesday.

The organization is pushing to complete its feed barn next to the Post Stampede rodeo grounds.

The problem, officers said, is the lack of any volunteers to turn out for the Tuesday "work days."

### Merchants offer bargains

## Postex Appreciation Days this weekend

"Postex Appreciation Days," in recognition of Postex Cotton Mills, a unit of Burlington Industries, Inc., will be held here Friday and Saturday under the sponsorship of the retail committee of the Post Chamber of Commerce.

The two days of outstanding bargains will be the local merchant's way of showing their appreciation of the huge industry, which employs more than 500 people in the manufacture of sheets and pillow cases.

Even as local merchants make last-minute preparations for this news comes from the mills here that Burlington Industries is entering the branded sheet market, with the first operations to be in the Erwin Mills division, which manufactures the sheets at the Durham, N. C., plant.

Eventually, the branded sheets will be manufactured at Postex Mills, but no definite starting date for their manufacture here has been announced.

The manufacture of the branded sheets will mark the debut of the Burlington name on a domestics end-product, and the first new nationally advertised sheet brand in years.

The new Burlington line of branded sheets will be advertised on the Dec. 4 Ed Sullivan program, believed to be the first introduction of a sheet during prime television time.

With a newly-employed animal warden on the job, Post's stray dog ordinance will be enforced more strictly than in the past, Mayor Harold Lucas said today.

Dog owners are reminded that having their pet vaccinated and tagged does not mean it will be allowed to run at large. The ordinance provides that dogs are to be kept up or on a leash.

Three city dog licenses have been issued since the employment last week of Thomas Armons as animal warden. He has picked up a number of strays in enforcement of the dog ordinance.

### DOG ORDINANCE IS BEING ENFORCED

With a newly-employed animal warden on the job, Post's stray dog ordinance will be enforced more strictly than in the past, Mayor Harold Lucas said today.

Dog owners are reminded that having their pet vaccinated and tagged does not mean it will be allowed to run at large. The ordinance provides that dogs are to be kept up or on a leash.

Three city dog licenses have been issued since the employment last week of Thomas Armons as animal warden. He has picked up a number of strays in enforcement of the dog ordinance.

There are tricks to every trade, and the local group is being told today a lot of the proven methods and props needed to attract industry.

Post has been a long time getting really "involved" in a community way in seeking new industry. But with 53 business men and women pledging \$80,000 for the effort, you can rest assured that from now on this project is going to have top priority all the way.

We'll try to have a full report ready next week on what the group learned today. But to correct any false impressions, the group isn't in Austin on any specific project. This is just a standard workshop type of seminar the TIC offers any town which wants to send a group in for an all-day briefing.

Post auto dealers are all primed to unveil their new 1967 cars here this weekend. H. E. Hickman and Guy Floyd open their showings today while Scott-Pool, Inc., will unveil their "new goodies" Friday.

Needless to say, The Dispatch is stuffed with new car ads this week—in all—and that required a lot of juggling to keep from piling car ads on top of each other. That's the reason, incidentally, that Bob Callier's Friday Night Pigskin Picks (which reveals that Post Antelopes are now No. 1 on the South Plains as far as the Harris Rating System is concerned) will be found on the school page (page 10) this week only.

Friday and Saturday also are marked as Postex Appreciation Days by a group of Post merchants who are running lots of attractive specials. You will find their Appreciation Day ads in today's edition though you'll have to search among the car ads to find them all.

We think area shoppers are really going "to appreciate" the low prices on these specials coming up for the weekend. So come on downtown, see the new cars and have an enjoyable budget - saving shopping spree.

Post today is really "getting involved" in the industry hunt. What is learned at Austin at Texas Industrial Commission's headquarters in a day-long seminar today by a group of ten local community leaders may change a lot of ideas on how to proceed.

With \$80,000 assured for financing an industry hunt, the group is in Austin today accepting an invitation extended here by Harry Clark, executive director of the Texas Industrial Commission, last July before the industrial idea was even unveiled for public consideration.

There are tricks to every trade, and the local group is being told today a lot of the proven methods and props needed to attract industry.

Post has been a long time getting really "involved" in a community way in seeking new industry. But with 53 business men and women pledging \$80,000 for the effort, you can rest assured that from now on this project is going to have top priority all the way.

We'll try to have a full report ready next week on what the group learned today. But to correct any false impressions, the group isn't in Austin on any specific project. This is just a standard workshop type of seminar the TIC offers any town which wants to send a group in for an all-day briefing.

**SIGN PROCLAIMS 4-H WEEK**  
During National 4-H Week, this group of Garza County 4-H members gathered in front of the big 4-H Week billboard in the northwest part of town on U. S. Hwy. 380. The sign was erected by Lyntegar Electric Cooperative, which has its headquarters in Tahoka.

# Postex Appreciation Days Fri. & Sat.! Bargains Galore!

# Dispatch Editorials

## Word blindness and drop-outs

Everyone should be concerned over estimates that some 900,000 young people will not return to or will drop out of school this year—the estimates having been made following national surveys of the drop-out problem.

By the same token, everyone should be concerned over each and every reason for this alarming and ever-increasing number of school drop-outs. One reason that not a whole lot of thought had been given to until the recent Speaker's Symposium on Language Disabilities in Austin is dyslexia, the medical term for "word blindness," which is said to affect from 2 to 3 per cent of our schoolchildren.

There is no way of knowing, of course, exactly how many of the drop-outs left or did not return to school because of word blindness, but the number must be large, considering the percentage of youngsters said to be suffering from the problem.

Bad home and neighborhood environment is blamed as one of the leading causes of school drop-outs, but dyslexia, or word blindness, affects students at all levels, with environment having

nothing to do with it.

It is understandable, when one gets to the bone of the problem, why a student's inability to understand what he reads would make him a drop-out. A student afflicted with dyslexia can't comprehend words. Some refuse to go to school and develop body complaints, vomiting and headaches. Under such conditions, a drop-out is less to be pitied than a child who is forced to stay in school under such a problem.

The Symposium on Language Disabilities, which was called by Speaker of the House Ben Barnes, was attended by some 2,000 persons, and resulted in a decision to train teachers to recognize and to cope with the problem of dyslexia and to recommend to the state legislature plans to set up state-wide diagnostic and remedial programs for language disorders.

We can ill afford to suffer the terrible loss of our human resources by failing to see to it that our youth are educated, and in going after the drop-out problem, we should keep in mind that word blindness can be one of its chief contributing causes.—CD

## Newspapers nourish the grassroots

The Dispatch makes a practice of writing its own editorials and steering clear of the "canned" variety, but every once in a while we come across something too good to keep from our readers. Such as, for instance, these excerpts from a speech by Sen. Everett Dirksen on the floor of the U. S. Senate. Whatever else might be said about the sometimes-controversial Senator from Wisconsin, he has the right ideas, we think, on the function of a "local community newspaper."

"The local community newspapers have nourished the grassroots of this Republic. They have provided a town meeting where there was no official town meeting. They have been a sounding board for the local opinions and aspirations of our citizens throughout the Nation.

"The clean and constructive journalism of our small local papers stands as a tribute to their excellent reporting and sense of responsible partnership in this Government of the people. The local editor is a leader in his community, a man steeped in civic affairs and vitally interested in the church and community activities of his locality.

"The local newspaper is the heart and brain of the community. Its circulation provides the neighborhood with a meaningful concept of small group life which cannot be achieved by the great dailies.

"But of most vital importance is the political life of the community, which is viewed better through the small local newspaper than anywhere

else except the polls themselves. It is through the local press that the citizen can keep informed on the activities of the minor, as well as major officials.

"It is here that he can learn of neighbors who believe, like himself, that the community needs more frequent garbage collection, or higher salaries for teachers, or stricter adherence to zoning regulations, or stringent economy and lower taxes.

"The newspaper as a public servant is unequalled at the local level. National and world news can be obtained better from radio, television, and the great dailies, but for information of those close around us, our neighborhood and our homes, we must be served by the community press.

"Accomplishments of the leaders in the 4-H Clubs, Junior Achievement, Boy Scouts and Girl Scouts are pictured in their proper perspective. Only in the community newspapers are the progressive activities of the Lions, Masons, American Legion, VFW, Rotary, women's clubs, and many, many more, reported and applauded. The community is the heartbeat of America; the community newspaper enunciates the real and the true greatness of America.

"The challenges posed by a free press remain with us as a constant force for good as we strive toward a better society. Our small community newspapers are leading this fight at the point where it most counts, at the grassroots."

## Analyses of proposed amendments

Through the courtesy of the Texas Industrial Conference and the Texas Press Association, of which The Dispatch is a member, this newspaper will publish during the next few weeks analyses of most of the 16 proposed constitutional amendments to be voted on at the General Election on Nov. 8, 1966.

The first in the series appears in today's Dispatch—Proposition 1 on the ballot, on which you will vote FOR or AGAINST "the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the

consideration of only those factors relative to such agricultural use."

It is not the purpose of these analyses to indicate how anyone should vote, but to present facts which will be helpful in determining whether these amendments are desirable and for the best interests of our people as a whole.

Because our Constitution is the instrument guaranteeing our liberties and since it is not simple or easy to revise it, citizens have a great responsibility in voting to adopt or reject proposals such as the 16 to be voted on Nov. 8.—CD

## What our contemporaries are saying

Buying an engagement ring is a rock-and-roll affair: the girl gets the rock and the jeweler gets the roll.—The Hamilton Herald-News.

There are so many things to worry about that I frequently go to sleep trying to make a selection. For instance, if it had been possible

for us to have television on the farm when I was a boy, we wouldn't have had any time to look at it.—Douglas Meador in Matador Tribune.

A man matures as he learns what other people know and learns to laugh at himself.—Van Horn Advocate.

**WEATHER NOTE:** Fair (Panhandle South Plains) all this week for Lubbock and vicinity.

I heard a woman say Saturday that if she couldn't make it to the Fair on Monday, she didn't care about going at all. "After the first day, it's all 'picked over,'" she said.

FOR FOLKS like County Agent Syd Conner, the Panhandle South Plains Fair began Saturday instead of Monday. That was the day when those who work with the Fair and with the youngsters who exhibit livestock started "moving in." Syd told me Friday he was looking ahead to a "long week."

The man up the street describes a freeway as a superhighway that permits you to travel at high speed to the next traffic jam.

**DOES ANYONE** know what "cheruil" is? My wife made a tuna and macaroni salad Saturday that called for cheruil. She didn't know what it was, nor did I, nor did anyone at the grocery store where she tried to buy it. We couldn't find it in the dictionary, so she finally gave up and made the salad without the cheruil. The salad was delicious, but all the time we were eating it we kept wondering what the cheruil would have done for it. Perhaps it's just something that should be left out of a salad to make it a success.

A friend of mine who watches all his football on television said his team lost the game Sunday, but won the "instant replay."

**SPEAKING OF** football (and who isn't?), those big wagon-sheet size signs the Antelope Booster Club is putting up in show windows every week have quite a story behind them. We're printing them here at The Dispatch on the biggest press in the house and are using our biggest wood type — the same size type every newspaper office is saving for the "Second Coming."

Well, to make a long story as short as possible, the Post High cheerleaders figured out the slogans for the signs and turned the list over to The Dispatch. We instantly ran into big trouble on a couple of the slogans — "Whip the Whirlwinds" and "Poop the Pipers." We didn't have enough "W's" in our font of wood type for the first nor enough "P's" for the second. So, after a conference which included everyone at The Dispatch, we came up with "Tame the Whirlwind" and "Silence the Pipers." The first one has worked, as far as winning the game is concerned, but we'll have to wait until Friday to see if we can "Silence the Pipers" and come up with a perfect score on the slogan changes.

**SUDDEN THOUGHT:** If someone offers you the world on a silver platter, take the platter.

This is the last issue of The Dispatch for September 1966, so since October will be on us almost before we know it, let's take a brief look at what the month will bring.

OCTOBER 12 is Columbus Day, but there won't be another holiday until the last day of the month—Halloween. Special weeks include National Newspaper Week and Fire Prevention Week (no connection unless you use your newspaper to start a fire). The new 1967 automobiles will be on display or arriving throughout the month, and we'll begin hearing before the month is over how many shopping days we have until Christmas.

**WHAT IS A BOY?**  
A boy is a person who is going to carry on what you have started. He is going to sit where you are sitting, and when you are gone, attend to those things you think are so important.  
You can adopt all the policies you please, but how they will be carried on depends on him.  
All your work is for him, and will be judged, praised or condemned by him.  
Your reputation and future are in his hands.  
He will take over your schools and your universities, your churches and your prisons, your charities and your corporations.  
He will assume control of your cities, states and nations.  
Even if you make leagues and treaties, he is the one who will enforce them.  
The fate of nations and humanity is in his hands.  
So it might be well to pay some attention to him — the BOY.—Betty Peckham.

## Protein foods high on plentiful foods list for month of October

COLLEGE STATION — Protein foods take the spotlight for items in especially good supply this October, says the Texas Agricultural Extension Service.

A larger December-to-May pig crop indicates that hog slaughter from October through December will be well above a year ago. So you many find pork prices much more attractive than last year at this time.

The U. S. Department of Agriculture says protein-rich broilers and dry beans also will be big October food items. Other foods in abundant supply are apples, grapes, pears and rice.

This year's production of Bartlett pears and rice are record large. The rice crop reached 83 million hundredweight.

California's 1966 grape crop is second only to last year's in size, so there'll be lots of these luscious fruits coming your way this month.

October's peak harvest month for apples. And USDA's Consumer and Marketing Service says they'll be plentiful. Commercial production is estimated at 127.7 million bushels.

USDA's plentiful foods list offers a guide to your shopping. For when you know the foods in peak supply, you can expect good selection for quality and unusually attractive price tags.

ent of Garza County Oct. 15; Miss Janyce Lobban and Miss Willa Faye Graves are high point winners in the junior and senior divisions of 4-H at the Garza County Fair; Jerry Crockett shows grand champion steer at fair; 100 bales of cotton caught fire and burned on box car at Justiceburg; Mr. and Mrs. J. A. Probst spent the weekend near Arlington with her parents; Mrs. T. L. Denton speaks to the Leaders Sunday School class of the First Baptist Church; Jerilyn Davies celebrates her eighth birthday; Mrs. Leo Acker and sons spent the weekend in Wichita Falls.

## Twenty years ago

Post and Snyder will tangle in old grid rivalry here Friday night; Carter Gene White and R. E. Josey win showmanship awards in local 4-H Club show; White Auto Store owned by J. N. and Tom Power was looted Saturday night; funeral rites for Walter W. Hyde read here at the First Christian Church; Earl Rogers has his grain elevator in shape for the grain crop; Jimmy Minor was honored on his fourth birthday Saturday afternoon; Miss Arbeth Clark and Harold Voss united in marriage in Snyder; 17 veterans of World War II were enrolled in the vocational school which opened Tuesday night.

## Doves numerous on High Plains

AMARILLO — Unlike most of water-soaked West Texas, the Texas Panhandle has had a warm dry break in the weather and mourning dove hunting has steadily improved since Sept. 1, reports District Chief Weldon Fromm of the Texas Parks and Wildlife Department.

Dry weather most of the summer across the High Plains, followed by a period of very wet weather just at harvest time, slowed many hunters in getting to doves feeding on the tons of waste grain always available after grain sorghum harvests.

Fromm said literally thousands of doves, moving southward toward southern wintering areas, are finding the food rich areas of the High Plains too good to pass up. They are expected to loiter in grain fields until the cold starts.

# Chevrolet introduces new Camaro sports car

For the 1967 car buyer, Chevrolet offers choice with a "capital C." E. Hickman of Hickman Chevrolet-Olds said today as his agency introduced the new 1967 Chevrolet sports series—the Camaro—the biggest Chevrolet news for new motor year, Hickman pointed out.

The new sports series—the Camaro—has a longer, lower "big car" look to its 19 models in five series on a 119-inch wheelbase. Caprice and Impala sport sedans have a new roofline that ends in a larger, more sloping back window.

A larger 24 gallon fuel tank is standard on all models. A 250-cubic-inch six cylinder engine and four V-8's up to the 427 satisfy every power requirement, offering a horsepower range from 155 to 385.

Five transmissions are offered with the turbo hydra-matic available with all 396 and 427 cubic-inch engine installations and for the first time with the popular 327 engine on Impala SS and Caprice models.

**THE CAMARO is the industry's newest 108-inch wheelbase car** blending four-passenger roominess with sports car proportions and wide-tread handling.

A distinctive SS 350 package is available to spotlight use of the new 350 cubic-inch engine introduced exclusively for Camaro. Concealed headlights in a black-grid grille plus special exterior modeling are introduced in a distinctive Rally Sport option.

Strato-bucket seats and all-vinyl interior are standard. Among many interior options are a fold-down rear seat back for added luggage room and a Strato-back bench front seat with a folding center armrest.

Camaro's base engines are the 230 cubic-inch six and a special 3-barrel carburetor version of the

del. Four-wheel disc brakes are continued as standard on Corvettes. All Chevrolet models have redesigned interiors featuring a fresh variety of vinyls and fabrics. Fifteen exterior colors—11 of them new—are offered for 1967 with up to seven two-tone combinations available.

**REGULAR CHEVROLETS**, the industry's top selling automobile, has a longer, lower "big car" look to its 19 models in five series on a 119-inch wheelbase. Caprice and Impala sport sedans have a new roofline that ends in a larger, more sloping back window.

A larger 24 gallon fuel tank is standard on all models. A 250-cubic-inch six cylinder engine and four V-8's up to the 427 satisfy every power requirement, offering a horsepower range from 155 to 385.

**CAMARO—CHEVROLET'S NEW SPORTS LINE**

The all-new Camaro, a sports car by Chevrolet, is being introduced today by Hickman Chevrolet-Olds as the local auto agency unveils its 1967 Chevrolet line. The Camaro will be built in sport coupe and convertible models. The Super sport model is shown above.

## Vet's Forum

Q. I receive a pension from the Veterans Administration. I have some money in the bank and I was wondering if I have to report the interest on the account to the VA?

A. All income, including interest from bank accounts, must be reported to the VA in the year received.

Q. Can I attend a trade school overseas under the new G.I. Bill?

A. A program of education may be pursued only at an approved educational institution of higher learning overseas.

Q. I bought a home with a G.I. loan in 1952. My wife is now confined to a wheel chair, and cannot maneuver steps to the basement or to the second floor. Can I sell this home and buy another one-story home with a G.I. loan?

A. Your wife's disability is a compelling reason for selling your present home. But the VA must be released from all financial liability on the first property. Contact your VA Regional office for details.

## Oratorical contest for boys, girls sponsored by Lyntegar Electric

An all-expense-paid trip to the nation's capital city in June, 1967 will be awarded to two winners, a boy and a girl, of an oratorical contest sponsored by Lyntegar Electric Cooperative, Inc.

The contest is open to boys and girls at least 16 years of age by Jan. 1, 1967, but not 18 years of age prior to Sept. 1, 1967. Each entrant will give a 5 to 8 minute talk. A local contest will be held with the final judging scheduled for Dec. 10, 1966 in Tahoka.

These two winners will join winners of similar contests sponsored by other electric cooperatives in Texas on the third annual "Government - in - Action Youth Tour" to Washington, and while there will see the nation's government in action and visit many historical points of interest.

For information about this tour, contact Lyntegar Electric Cooperative, Inc., Tahoka.

The honeymoon is over when she stops dropping her eyes and starts raising her voice.

Our Wigs and Wiglets Have Arrived!

What creatures of habit we are.

Mr. C put our car in the garage for a checkup last Friday and was given a small car to use until ours was ready. I had occasion to use the "loaner" and Mr. C reminded me that it did not have power steering or an automatic shift. In fact, he went so far as to ask me if I remembered how to shift gears. I was indignant at this question. After all, I said, I have driven more years with gears that had to be shifted than with automatic ones.

From the moment I entered the car until I returned it was all a bit like a class "D" movie. Nothing went right. First of all I reached down to move the seat up closer (my legs being a bit shorter than Mr. C's) and when my hand didn't touch a lever I looked and saw a handle. I thought this must be the moving release and the next thing I knew I was lying down in my seat right in the middle of Main Street.

I sat up quickly and looked all around rather embarrassed but no one was watching. After getting the back of the seat up I looked again and finally found the right lever.

Aha, I thought, I'm now ready to go. Now, let's see, one has to put the car in reverse next. I did that but forgot about the clutch so I was right back where I started. Finally I realized that I must put my foot on the clutch and put the car in reverse all at the same time. This I did, or so I thought, until my front wheels hit the curb and I found out I'd missed the reverse slot.

By this time I almost considered getting out and walking to the bank but then I got mad and decided no car was going to get the better of me.

I concentrated on all that had to be done and sailed right out of that parking space. As I neared the corner by our famous Ameen Hotel, I saw Mr. C coming down the street and waved gaily as I started to make a U-turn. This was a mistake as I'd forgotten that without power steering, one has to use a bit of arm power. By the time I rounded that corner the McCrary Building was lucky to have a corner on the east side.

Now, if I can just make the light and not have to stop, I'll make it I said to myself. Of course I didn't make the light and so "jerked" my way through the intersection because I didn't leave the car in "first" long enough. However, I had remembered the clutch—mostly because it was in the way of where I wanted to put my foot while waiting for the light to change.

I thought about leaving the car in the middle of the street in front of the bank in case I hit the wrong slot again when I started to back out but this offered no challenge so I parked against the curb again. All the time I was in

## Health Hints

### HEAT PROSTRATION

HEAT PROSTRATION poses a serious threat to thousands of persons every summer. The symptoms of cramps, weakness and fainting result from a loss of body salt due to sweating. Drinking liquids alone cannot replace your body's depleted salt supply. If you perspire heavily in summer, avoid heat prostration by making sure that your salt intake is adequate.

### HEAD INJURY

OBSERVE YOUR CHILD'S behavior carefully after he sustains a head injury... it could be serious. Be especially on the lookout for symptoms of drowsiness... irritability... change in pulse rate... difference in size of pupils... and fainting. Serious consequences can result if these symptoms are not reported to your physician immediately.

### POWER MOWER

YOUR POWER MOWER can be a lethal weapon if not handled properly. When using your power mower this summer, stay clear of mower blades and make sure the machine is not in gear when you start it. Be sure to clear the lawn of debris. Run the mower at its lowest effective speed... and always turn off the engine when you leave the mower unattended. Above all, make certain your mower is in top running condition before you begin to cut your lawn.

ISSUED MONTHLY IN THE INTEREST OF YOUR GOOD HEALTH BY THE NATIONAL ASSOCIATION OF BLUE SHIELD PLANS.

## Bride-elect is shower honoree

Miss Pam Owen, who will marry Joe Hall Oct. 5 in the First Christian Church, was complimented with a bridal shower Sept. 20 in Fellowship Hall of the Pleasant Valley Baptist Church.

The receiving line was composed of the honoree, her mother, Mrs. Ben Owen, Mrs. Buddy Hall, mother of the prospective bridegroom, and Mrs. Thelma Burkett. Hostesses alternated with registering between the calling hours of 7:30 and 9 o'clock.

Miss Owen's chosen colors of blue and green were carried out in the decor. A white lace cloth covered the table, centered with a blue floral arrangement. Cookies, nuts and punch were served by Mrs. Edwin Lewis and Mrs. Travis Lancaster.

Hostesses were: Mrs. Thelma Burkett, Jack Burkett, Richard Lewis, Edwin Lewis, Travis Lancaster, Carl Payton, Clark Barton, Martin Edmunds, Wesley Scott, Hershel Beyers and F. W. Callaway.

the bank I kept mumbling to myself about clutches and gears so I'd be ready for the big trip back to the office.

Surprisingly, I made it with no jerks and no trouble though I was a bit "peeped" with all that steering and working.

I was most impressed with "our" car when I ran an errand later and felt like I owed it an apology for not appreciating it all along.

## 1967 Valentine Sweetheart is elected Monday

Mrs. Lora Blanton was elected the 1967 Valentine Sweetheart of Xi Delta Rho chapter of Beta Sigma Phi sorority when it met in the home of Mrs. Sherry Josey, Monday at 7:30 o'clock in the evening.

She will be honored at the annual Valentine Dance.

Plans were made for the preferential tea Monday, Oct. 3 in the home of Mrs. Wanda Mitchell between 5 and 6 o'clock in the afternoon.

Mrs. Betty Sanford presented a program on "The Origin of Life." Those present were: Mrs. Mary Eckols, Lora Blanton, Wanda Mitchell, Willie Cross, Betty Sanford, Rosa Gamblin, Lois Kennedy, Bernice Eubank, Sherry Josey and Bert West.

## SEWING WORKSHOP SET

The Home Economics Committee of Garza County will sponsor an advanced sewing workshop with six classes on Tuesday and Thursday, beginning on Oct. 11 and ending with a tea on Nov. 15. Registration for the advanced course will be Thursday, Oct. 6, at the Reddy Room from 2:30 until 5:30 p. m. Anyone interested is invited to sign up at that time for the morning class, which will be from 9 through 11 o'clock, or the evening class, which will be from 7:30 through 9 o'clock.

## Fort Smith scene of Smith-Mahar wedding Sept. 10

Miss Sharon Belinda Smith, daughter of Mr. and Mrs. W. G. Smith of Post, was married to Howard Edward Mahar, son of Mr. and Mrs. Charles P. Mahar Sr., of Fort Smith, Ark., Sept. 10.

The Rev. Maj. John Roy Jones performed the double ring ceremony in the Salvation Army Chapel, Fort Smith, before an arch decorated with pink and white roses entwined with greenery.

The bride was presented in marriage by her father—in law. She wore a three-piece suit of silver metallic, with matching accessories. Her corsage was of white carnations.

Mrs. Jackie Turner was matron of honor. She was attired in a two-piece suit of gold metallic. She wore a white carnation corsage.

James G. Mahar served his brother as best man.

Miss Ouida Newman, organist, accompanied Alex Smith, who sang "I Love You Truly." Miss Paula Jean was candlelighter.

A reception followed in the church.

The newlyweds are at home at 4004 N. Ave., Fort Smith.

## Candy Strippers to be honored

Miss Karen Sterling and Miss Jane Strofer will be honored at the bi-district meeting of hospital auxiliaries in Abilene Oct. 8, for their work at Garza Memorial Hospital this summer as Candy Strippers.

The two girls worked the most hours at the hospital this summer and were designated as "outstanding workers."

Other girls from other hospitals in the bi-district will also be honored. Mrs. Jack Lott will take the girls to Abilene to attend the affair which will be held at the Women's Club Building.

Karen is the daughter of Mr. and Mrs. Dean Sterling and Jane is the daughter of Mr. and Mrs. Harold Strofer.

## Lubbock artist to be presented

The Post Art Guild will present Connie Martin, widely known Lubbock artist, in a demonstration and lecture at the Community Room Oct. 11 at 7 o'clock in the evening.

A charge of \$1 is being made with tickets being sold by guild members.

Connie Martin, who teaches classes at the Municipal Garden and Arts Center in Lubbock in design and drawing, has entitled her program, "Modern Techniques in Oil Painting."

Wisconsin and Massachusetts are the two latest states to start using reflective auto license tags.

Upland cotton, grown in U. S. in winter, or cool in summer.

## Valentine Sweetheart named Monday by Mu Alpha chapter

Maritta Reed was selected as 1967 Valentine Sweetheart of Mu Alpha chapter of Beta Sigma Phi when the sorority met Monday night at the Community Room.

Mrs. Reed will reign over the annual Valentine dance in February.

In other business, the executive board granted a leave of absence to Molly Conoly, and Nona Garlic and Margie Johnson were given membership-at-large status.

A discussion was held on the election of a new sponsor and of extending a "friendly venture" by

assisting with the organization of a new chapter in another town. Plans were made for the model meeting to be held Oct. 10 at the Community Room.

Barbara Ethridge, program chairman, presented yearbooks to members.

Following the program on "The Art of Conversation," given by Margaret Barley and assisted by Doris Harden, members took part in several quizzes.

During the social hour, a surprise layette shower was given for Janet Peel.

Mrs. Reed and Ruby Williams were hostesses and served refreshments to the following:

Mmes. Peel, Becky Brown, Ethridge, Dorothy Perdue, Flute King, Sammie Maddox, Joyce Teaff, Pat Schmidt, Reed, Harden, Barley, Agness Parnell and Lois Fluit.

## Banks largest lenders to farmers; credit needs are up, study shows

AUSTIN — Texas banks were serving farms and ranches with more credit and other financial services than any other lenders at the beginning of this year, according to Walter F. Johnson, president, Texas Bankers Association, and president, First National Bank of Abilene.

During 1965, Texas banks maintained their leadership in agricultural credit services. Based on the 25th annual farm and ranch lending summary of the Agricultural Committee of The American Bankers Association, Mr. Johnson reported that at the beginning of 1966, Texas banks were

helping farmers and ranchers with \$706 million in loans, 7 per cent more than a year previous. This total included \$591 million in production loans and \$117 million in farm and ranch mortgages. At the same time, \$321 million in farm and ranch loans was held by life insurance companies; \$375 million by the Federal Land Banks; \$159 million by Production Credit Associations; and \$88 million in non-real estate loans, plus \$36 million in real estate loans by the Farmers Home Administration. About 71 per cent of the production credit extended by lending institutions to Texas farmers and ranchers came from banks.

Mr. Johnson said that "bankers in Texas are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers and ranchers."

The increased use of credit by farmers and ranchers, according to Mr. Johnson, has been accompanied by a substantial gain in the total assets of farm and ranch families. Therefore, in the aggregate, the equity position of farmers and ranchers contrary to public opinion, is being maintained at a satisfactory level. Nationally, farm and ranch families have \$212 billion of their own funds invested in agriculture. This represents 84 per cent of the total capital requirements of farmers and ranchers.

Mr. Johnson stressed the importance of farmers, ranchers and bankers working closely together to improve farm and ranch financial arrangements. He reported that nearly 89 per cent of the banks in Texas were extending credit to farm people.

### HOME FROM VACATION

Mr. and Mrs. Marvin Hudman returned last Thursday night from a 13-day vacation trip through Colorado, Utah and Nevada. They watched part of the shooting of the movie, "The Lonely Man", starring Fess Parker, in a Utah location and saw the musical, "Hello, Dolly" in Las Vegas.

MUSTANGS RESTYLED FOR 67

Featuring new sheet metal for the first time since its introduction in 1964, the Mustang for 1967 is sportier in appearance and livelier than ever before. The 2 plus 2 fastback model (top) has a new roof line and concave rear panel while convertible (below) illustrates the thrusting new hood line and deeply inset grille.

### VISITOR FROM BLOSSOM

Mrs. John Rogers of Blossom visited and transacted business in Post a few days last week. Mrs. Rogers is the former Miss Dorothy Smith, daughter of Mr. and Mrs. Hoyt Smith.

### UNDERGOES SURGERY

Mrs. James Mitchell, a third grade teacher in the Post schools, underwent surgery last Friday in West Texas Hospital in Lubbock. She was scheduled to be hospitalized for a week.

# DECISION

There's a difference of opinion here. Both of these Little Leaguers stand ready to put up a good argument, even though it is a foregone conclusion that the "ump" is going to win. But when the game is over, differences will be forgotten and umpire and catcher will go down to the drug store together for a banana split.

In doing so, they will be reflecting something that is a basic part of our heritage — the ability to lose, without holding a grudge... the ability to yield.

These are qualities important not only to sportsmanship but to life. And this importance is stressed in the most powerful of terms again and again throughout the Bible.

Little Leaguers learn the rules of sportsmanship — and of life — in one way on the playing field and in another, deeper way when they attend church with their families on Sunday. Are you taking your Little Leaguer to Church?

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Genesis 13:8-18	Monday Acts 15:1-11	Tuesday Acts 15:36-41	Wednesday Romans 12:14-21	Thursday II Corinthians 13:5-14	Friday Galatians 2:11-21	Saturday Philippians 3:2-10

# Bigger, better '67 Fords to go on display Friday

The 1967 Ford, with a major body styling change for the third consecutive year, will seek a larger share of the medium price market by offering the biggest and most luxurious cars in its history, Bill Pool of Scott-Pool, Inc., Post's Ford dealers said today.

The new 1967 Ford line will go on display at Scott-Pool, Inc., here Friday.

Added to the new car warranty on all Ford passenger cars for the new model year will be "five years or 50,000 miles" on engines, trans-

missions, and rear-ends in addition to 24 months or 24,000 miles on all other parts.

"OUR NEW Ford models," Pool said, "not only have dramatic new styling, but they also ride and handle better, are even quieter than last year's cars and have the greatest number of standard safety items in Ford history."

Three inches longer than its predecessor, the 1967 Ford has sculptured side panels which give the car a lower, longer silhouette. Roof lines on all models but convertibles, station wagons and four-door hardtops are totally new with softer, more sweeping lines that create a fastback look. New grilles, tail-lights, side trim and rear-end treatment add the finishing touches to the big Ford.

A new comfort stream ventilation system, standard on LTD models, provides quiet "windows-up" driving with constant, controlled fresh air movement throughout the car.

Radial ply tires which prolong tire life 50 to 80 per cent, improve gasoline mileage, provide better lateral stability and a smoother ride at highway speed, are optional on all big Fords in 1967.

Among safety features are an impact-absorbing steering wheel with deep-padded hub, energy-absorbing safety arm rests, a dual hydraulic brake system, padded windshield pillars, remote control outside view mirror, two speed electric windshield wipers, and a new lane-change indicator incorporated in the turn signal.

The big news in engines and transmissions for '67 is the addition of the Select Shift Cruise-O-Matic to the Ford option list. This transmission gives drivers the choice of completely automatic operation or manual control through the gear ranges.

**THE 1967 MUSTANG** for the first time since its introduction in April of 1964, will be newly styled.

The leadership established with the prediction of 1,285,000 Mustangs through the 1966 model year will be challenged by new sport cars of other makes in 1967, but Pool declares: "With new styling, a wider selection of engines and optional equipment plus new ride and handling qualities, the 1967 Mustang is ready to retain the popular appeal it has achieved in little more than two years."

To insure its continued phenomenal sales pace, the Mustang for 1967 will include such new options as the Select Shift Cruise-O-Matic transmission which allows manual or automatic gear shifting

**NEW FORD STYLING FOR 1967**

Dramatic new styling marks the 1967 Ford, which will be introduced here Friday. Pictured here are the X-L convertible (above) and the X-L 2-door hardtop, both of which offer Ford's Select Shift Cruise-O-Matic transmission as standard equipment.

and a line-up of engines that culminates with a 320-horsepower 390 CID V-8.

Such optional features as a custom interior trim group, GT performance equipment, a fingertip speed control system and a tilt-away steering wheel present the buyer with even more opportunity to tailor Mustang to his individual taste.

Completely new interior styling adds to Mustang's long list of standard equipment luxury features. Sculptured bucket seats, color-keyed, all vinyl upholstery, molded nylon carpeting, padded instrument panel, glove box and courtesy lights and sporty floor-mounted shift levers are standard on 1967 Mustangs.

**SCOTT ALSO emphasized these points in other models of Ford's family of cars for 1967:**

Thunderbird, pacesetter in the personal luxury car field, will broaden its scope of appeal with the addition of a four-door model, reflecting the greatest changes in its history. New Thunderbird styling includes a thrusting, long hood line, a shorter rear deck which combine to present a long, lean GT-car look.

The Ford Falcon, most popular compact car line ever produced will appear in 1967 with new power and transmission options, new safety features and a number of styling and product improvements that will give the economy-minded buyer more car for his money.

With a host of performance options, numerous engineering refinements, and important new styling changes, the 1967 Fairlane are well equipped to capture an even larger share of the burgeoning intermediate car market.

## It'll cost you plenty if you're not careful!

Causing accidents and getting traffic tickets has always cost plenty; but now, under the new Auto Insurance Penalty Plan, it will cost more than ever. The Penalty Plan, enacted on August 1, is designed to more equitably distribute the cost of auto insurance. Under the Plan drivers who are involved in accidents and those convicted of speeding or major traffic violations will pay more for their auto insurance than those who drive carefully.

### 1 CAREFUL DRIVERS WILL PAY LESS FOR THEIR INSURANCE THAN CARELESS DRIVERS.

The Penalty Plan places the burden of higher insurance costs where it belongs — on the driver whose violations and accidents lead to more insurance claims and, consequently, to higher insurance rates.

### 2 PENALTY POINTS ARE LOGICALLY APPLIED.

Under the Plan, penalty points will be assigned for (1) involvement in accidents and (2) conviction of traffic violations. However, not all traffic violations will be penalized—only those violations that most often result in serious accidents. For example, DWI offenders are penalized because 39 per cent of all fatal accidents last year involved drivers who had been drinking. Speeders will be penalized because 42 per cent of fatal accidents involved speeds too fast for conditions. And drivers without a valid driver's license will be penalized because they were involved in 11 per cent of the fatal accidents.

### 3 ALL DRIVERS HAVE BEEN GIVEN FAIR WARNING.

Penalty points are being assigned for accidents and convictions after Aug. 1, 1966, and will affect the cost of insurance purchased after Aug. 1, 1967. As far as the Penalty Plan is concerned, the slate was cleaned on Aug. 1. Each driver has an opportunity now to write his own record, with no penalty points assigned for his previous accidents and convictions.

Safe Drivers Pay Less... Live Longer

# Welcome The Antelopes Back To Antelope Stadium!

## Post Antelopes vs Hamlin Pied Pipers Friday Night-Sept. 30 8 P.M. Kickoff Antelope Stadium

Coach Glynn Gregg's undefeated Post High Antelopes will be out to avenge two straight annual defeats at the hands of the Hamlin Pied Pipers here Friday night when they return home after two road victories.

The locals also will be trying to notch victory No. 4 on their 1966 10-game slate.

Hamlin, which strikes best through the air, squeezed the Antelopes here last year 8-7. The Pipers record to date is one victory and two losses. The win was a 26-0 shutout of Cisco, a Class A club, last weekend after an 8-0 opening loss to highly rated Rotan (before Spur demolished them last week), and a defeat at the hands of a Fort Worth eleven two weeks ago.

The Antelopes have a lot of momentum going for them now after their fast start.

# Southland schools turn out for fair

**MRS. EDMUND WILKE** is that time of year again! The Plains Fair and Fair Monday was school day at fair and this includes Southland and this includes Southland, so we all piled in our cars, and eager to get there, and home weary, full of popcorn, dogs and cotton candy, and all—sore feet! But I wouldn't miss it for anything, would you? Southland played Cotton Center football this last Friday and the game was 14-14. Sure was a good game, I thought for a little bit we might win it and perhaps if we had had another minute play, we would have. Anyway, didn't lose, and we're all thankful for that. We will be playing away here this Friday, so get out and root these boys on to victory once again.

Mrs. Alice Martin and Mrs. Thelma Dabbs spent from Tuesday to Friday of last week visiting relatives and friends in Abilene, Del and other little communities. They visited Mrs. Dean Horne, Mr. and Mrs. Will Moore and Omega Reese among others report a very good time with a lot of good food and fellowship. Mrs. Lewis and Bennie Pennell, the newlyweds, visited his parents Sunday.

Mrs. and Mrs. Carl Cederholm and in the Donald Pennell home Sunday. Mrs. Cederholm attended a shower in Slaton in the afternoon for Mrs. Harvey Lewis Pennell. Donald Pennell visited Mrs.

Lee Fredrickson in the Colonial Rest Home in Lubbock Monday. The Kenneth Callaway family moved to Post last week where Kenneth manages the Mobil station.

Mr. and Mrs. W. E. Shelton visited in the home of their daughter, Mrs. Pat Adamek, and family over the weekend.

The Herman Havis home was the scene of a family get-together Sunday. Visiting were their three daughters and families, Mr. and Mrs. Delbert Robbins of Idalou, Mr. and Mrs. Jack Andrews of Brownfield and Mr. and Mrs. Jessie Lane of Smver.

Mrs. Harvey Lewis Pennell was honored with a bridal shower Saturday in the home of Mrs. T. H. Basinger in Slaton.

**SOUTHLAND HOMECOMING** — Oct. 21. All of you must keep this very important date in mind. Big things are being planned, so if you talk to anyone that ever went to this school tell them about homecoming and plan to come yourself. Mr. and Mrs. Harley Martin, Mrs. J. Martin Basinger, Mrs. Otho Dillard and Edmund Wilke had a meeting recently to start the ball rolling. Cards will be sent out to all ex-students around Oct. 1. If you don't happen to receive one—the date is Oct. 21 and I will be saying more about it in this column from now until then.

The home of the George Prices was the scene of a barbecue supper Wednesday night. Attending the gala occasion were Mr. and Mrs. Bill Weaver and David, Mr. and Mrs. Alvin Kaatz, Mr. and Mrs. Larry Sears, all of Wilson, Mr. and Mrs. Harvey Sears and children, Mr. and Mrs. Max Ryan, Mr. and Mrs. Bob Price and children and Miss Linda Bocah, all of Lubbock. After supper, games of "42" and visiting topped off an enjoyable evening.

Mr. and Mrs. W. A. Basinger visited in Petersburg Sunday with their son, Don Basinger, a d family. Donna had been in the Plainview hospital for several days and was dismissed Sunday. Hope all goes well with her.

Little Kevin Foerster spent Friday night with the Junior Beckers. Don Harlan and Jerry Pennell visited Junior Becker Saturday afternoon and they went dove hunting.

Geraldine Hodges of Plainview visited her brother-in-law and sister, Mr. and Mrs. William Bevers, over the weekend. Geraldine is a surgical nurse at the Medical Center in Plainview.

Mr. and Mrs. Herbert Dunn received a letter from Miss Kathleen Suiyama Monday. She was one of the girls in training for the Peace Corps who spent a weekend here working on an assignment. She had some nice things to say about the reception they received here and how nice she thought the people are in this community.

**ONE DAY each month I work** with a group of women of our church and we make cancer pads for the Red Cross in Lubbock and cancer centers. They are made out of old white sheets and fillers supplied by the center. Our supply of old sheets have been used up as it takes so many to make a good supply, so if any of have some white worn out sheets that you would like to give, call me and I will be happy to pick them up. My number is 996-2423. You just can't imagine how many of these pads are used every day and there is always a demand for more and more. I would love to hear from you.

Pam Owen, bride-elect of Joe Hall, was honored with a bridal shower at the Pleasant Valley Baptist Church Tuesday of last week.

See you right here next week.

**NEW DELMONT 88 OLDSMOBILES**

The new 1967 Oldsmobile which goes on display here today at Hickman Chevrolet-Olds features the introduction of a new

Delmont 88 series of models—Oldsmobile's new lowest-priced 88. Shown above is the Delmont 88 holiday coupe.

## Oldsmobile introduces Delmont 88 car series

Highlighting the first showing of the 1967 Oldsmobile line at Hickman Chevrolet-Olds today is the introduction of four models in a totally new Delmont 88 series, the lowest-priced 88 series for the big Olds.

"Although the Delmont series looks expensive," H. E. Hickman of Hickman Chevrolet-Olds told The Dispatch, "in actual fact, it's not. Delmont 88 prices start below many models with 'low price' names."

The new Delmont 88s have that rakish Toronado styling, proven 88 chassis, brakes and suspension plus famous Oldsmobile quality and reliability.

Also new in Oldsmobile for 1967, Hickman says, is that all Rocket V-8 engines are available with Oldsmobile's exclusive new Climatic Combustion Control which surrounds carburetor with summertime temperatures all year around—another Olds first.

Oldsmobile also is introducing for 1967 a whole new five-car Cutlass Supreme series in its P-85s. They come with thin-shell strato bucket seats, cushy carpets, push appointments, and 330 cubic inch Jetfire Rocket V-8 engines in premium or regular fuel versions. They can be optionally equipped with all the newest in Oldsmobile's engineering advancements, including climatic combustion control, front disc brakes, new gas-stretching Turnpike Cruising package, etc.

Oldsmobile's Delta 88 series also is introducing two new models for 1967—a Delta Custom hardtop coupe and a sedan, each five inches longer up front and five inches shorter in the rear to give them that distinctive trend-setting Toronado look.

Fine car luxury and quality are offered without paying the fine-car premium in Oldsmobile 88s for 1967.

Hickman points out that the 88s give you a ride that is singularly silent—end product of an expensive 126-inch wheelbase and a cushiony four-coil-spring suspension. There is the quiet cadence too of a 365 horsepower Super Rocket V8 engine under the hood. Turbo Hydra-Matic, power steering and power brakes with finned front drums are all

standard. There's all new styling too.

The car which was introduced last year to set the trend for the entire Olds line—the Toronado—isn't standing still on its many awards and laurels, Hickman points out.

There a "swinging new look outside" for the 1967 Toronado and a posh new look inside, Hickman emphasizes. Every Toronado teams a 385 horsepower V-8 engine with Turbo Hydra-Matic Drive — plus the extra comfort of a draft-free ventilation system and the added efficiency of finned brakes.

"Even the fabulous front-wheel-drive ride is smoother and quieter for 1967," Hickman adds.

## Homecoming at Jayton Oct. 8

**JAYTON** — The annual Jayton Ex-Student Homecoming will be held Saturday, Oct. 8, at the school building here.

This will be the first homecoming since completion of the \$450,000 school improvement project. All Kent County and ex - Kent County residents are invited to attend homecoming and see these improvements.

Registration will be from 2 until 5 p. m. Friday, Oct. 7, and from 7:30 until 10 a. m. Saturday. There will be a snake dance and bonfire at 6 p. m. Friday.

There will be a parade at 9:30 a.m. Saturday, followed by a barbecue at 11, open house and class reunions, homecoming program at 4 p. m., and the Jayton - Bronte football game at 7:30. A homecoming dance will follow the game.

**Deed**  
Western & Southern Life Insurance Co. to Secretary of Housing & Urban Development, north 15 feet of Lot 13 and south 50 feet of Lot 14, Block 2, Westgate Terrace.

## Ride the Wide-Track winning streak!

From the same drawing board that gave you Grand Prix, GTO and Overhead Cam Six now come the newest Pontiacs since the invention of Wide-Track!

You're looking at the most beautiful Pontiacs ever to ride on Wide-Track. The incomparable GTO returns with a 335-hp 400 cubic inch engine under a magnificently refined new skin. Or you can order the 255-hp version or the fabulous new 360-hp Quadra-Power 400. And for the first time, you can order your GTO with our famous three-speed Turbo Hydra-Matic.

The Le Mans and Tempests come back better than ever. Bright new interiors. Bold new colors.

A 165-hp Overhead Cam Six is standard. Or you can specify a 215-hp version, a 250-hp regular gas V-8 or its 285-hp premium gas cousin. Or step into the nearest grand touring car this side of the Atlantic with our OHC 6 Sprint package.

Our big Pontiacs are new from the famous split grille to the slickest innovation of the year —disappearing windshield wipers! They're less subject to freezing. And only Pontiac has them.

Also new: a Grand Prix convertible!

There are new 400 and 428 cubic inch V-8s. New safety features such as front seat belt retractors, a four-way traffic hazard flasher, folding front seat back latches and General Motors' new energy absorbing steering column.

Of course, all Pontiacs come with the road-hugging security of Wide-Track.

**Wide-Track Pontiac/67**

**Announces subjects of Sunday sermons**

Bernard S. Ramsey, minister of the First Christian Church announced the following sermon topics yesterday: "The Ignorant Professor" at 11 a.m. and "The Word That Opens Up Heaven" at 7 p. m.

The Lord's Supper will be observed at the morning service. There is a nursery for babies and small children. The public is cordially invited to attend.

Today a gallon of poison can destroy a million locusts. Twenty years ago, a gallon could kill about 9,000 of the insects.

# Post High School has reading room

By Lorena Anderson  
Among the many new additions to Post High School is a Reading Room. It is located in the south wing in Room 9 and is open all through the day.

Since it was just formed this year, it's not completely stocked but has a variety of magazines such as "Post," "Newsweek," "Life," "Look," "U. S. News" and "Word Report," "Time," and many more from a year or so back.

The room, being equipped with

table and chairs, would be an ideal place to work on research papers. If you have not seen the Reading Room stop by to see it. Who knows, it might come in handy a few days before that research paper is due or be an ideal place to find those news articles that you should have been keeping up with but always seemed to slip away from you.

Now that you know there's a reading room available take advantage of it and stay informed!

## Oral stories used as practices in speech

Seventh grade Language Arts students are telling oral stories as practice in speech activities.

Each individual is working on speech improvement in communications before an audience.

Stories which are utilized are from a reader with a wide variety of choices for the pupils.

## Guidance period is inaugurated

By Jane Cannon  
A guidance period has been designed for the students during home room period each Friday. Chairman of the program is Coach Wilbert Bigott. The committee assisting Coach Bigott is Mrs. Marion Duncan, Mr. Harold Anthony and Mrs. Joy Pool.

Three programs have been presented. The first week was orientation. Second week was two speakers. Mrs. Margie Pennell talked about the correct way girls should dress. Glen Barley discussed the correct way boys should dress. The third week the students discussed, in their individual home rooms, different problems they had.

Some of the future programs to be presented will be: Speakers, films, plays, book reviews, highway patrolmen, lawyers, businessmen, preachers and panel discussions.

## Pat Taylor is elected to Angus Association

Pat Taylor, Post, has been elected to membership in the American Angus Association at St. Joseph, Mo., announces Glen Bratcher, secretary.

There were 463 memberships issued to breeders of registered Aberdeen - Angus in the United States during the past month.

BUYS REGISTERED BULL.  
Pat Taylor, Post, recently purchased an Aberdeen - Angus bull from V. L. Peel, also of Post. It is reported by the Aberdeen - Angus Association of St. Joseph, Mo.

## Sophomore class goes on hayride

By Glen Ann Barley  
Approximately 30 students attended the Sophomore hayride last Saturday night. The students climbed aboard the haycovered trailer bed at the high school gymnasium at 7:30. A pickup pulled the trailer to the edge of Box Canyon where refreshments were served.

The trailer developed a low tire, so stops had to be made on the way to and from the canyon to air it up.

At the canyon, everyone hunted for wood and a fire was built. Weiners and marshmallows were roasted and Cokes and potato chips were served.

The group arrived back at the gymnasium at 9:45.

Four sponsors chaperoned the hayride. They were Mr. and Mrs. Alexander, Mrs. Wilkins and Miss Howell. The Sophomore class wants to thank these four for putting up with them.

## Both the majorettes and the cheerleaders displayed new outfits

Both the majorettes and the cheerleaders displayed new outfits

Meals served in the Post school cafeteria next week will be as follows:

## Monday: Macaroni and cheese casserole, bacon slices, buttered green beans, crisp cabbage slaw, iced cookies, buttered hot rolls, milk.

Tuesday: Pinto beans cooked with salt pork and chili seasoning, creamed potatoes, pickles, onion rings, strawberry shortcake, cornbread muffins, milk.

Wednesday: Fried chicken, cream gravy, whole kernel corn, crisp salad, fruit jello, hot rolls, milk.

Thursday: Hamburger on hot bun, lettuce, pickles, onions, potato chips, fruit cobbler, milk.

Friday: Fish portions with catsup, buttered rice, English pea salad with cheese, chocolate cake, fruit, bread, milk.

Boy Scout Troop 315 to farm for barbecue

Boy Scout Troop 315 enjoyed a barbecue Sunday afternoon at the Ben Sanchez farm, with Mr. Sanchez as host.

Troop members present were Johnny Perez, Joe Perez, Manuel, Roy and Carlos Baldazo, Victor, Pat and Arthur Ayala, Robert, Albert, George and Arthur Torres, Dan Vargas and Danny Guajardo.

Guests were Robert Reiter, Chris Reiter and Julius Stelzer Jr.

The troop is sponsored by the Rev. Richard Casey of Holy Cross Catholic Church.

Nine rural accidents on roads in August

The Texas Highway Patrol investigated nine accidents on rural highways in Garza County during August, according to Sgt. A. E. Roberts, area Highway Patrol supervisor.

The August toll was three persons injured and an estimated property damage of \$3,365.

The rural traffic accident summary for Garza County during the first eight months of 1966 shows a total of 56 accidents, resulting in 25 persons injured and an estimated property damage of \$57,010.

The Institute of Living in Connecticut says that 30 per cent of highway accidents involve a small number of accident-prone drivers.

ATTEND CONVENTION

Bernard S. Ramsey, minister of the First Christian Church, and Mrs. Estelle Davis attended the International Convention of Christian Churches (Disciples of Christ) in Dallas. This annual convention is represented by some 8,000 churches and 2,000,000 members in the United States and Canada. Delegates were present from all over the world.

Students spend leisure time in numerous ways

How do you spend your leisure time?

Students in Junior High have a variety of answers for this question. The interests for use of extra time include collecting coins, stamp collecting, building model cars, riding motor scooters and listening to the radio, TV or records.

Spectator sports, such as football and basketball, rank high in teen-age interests. The boys like to play football during this season.

Clubs, Scouts, 4-H, music, reading, visiting friends and other social gatherings, in families and church groups, occupy some leisure time for these busy young people.

## Post High School Happenings...

By Marcia Newby  
PHS is buzzing with activity in its first weeks of school. Football seems to be the center of activity and the chant of "We're number one!" is heard everywhere. The Pep Squad is working hard on hall decorations every week, as well as faithfully attending all the games to cheer the Antelopes on to victory. The Band, too, is certainly doing their part to make this football season an enjoyable one.

Both the majorettes and the cheerleaders displayed new outfits

Meals served in the Post school cafeteria next week will be as follows:

Monday: Macaroni and cheese casserole, bacon slices, buttered green beans, crisp cabbage slaw, iced cookies, buttered hot rolls, milk.

Tuesday: Pinto beans cooked with salt pork and chili seasoning, creamed potatoes, pickles, onion rings, strawberry shortcake, cornbread muffins, milk.

Wednesday: Fried chicken, cream gravy, whole kernel corn, crisp salad, fruit jello, hot rolls, milk.

Thursday: Hamburger on hot bun, lettuce, pickles, onions, potato chips, fruit cobbler, milk.

Friday: Fish portions with catsup, buttered rice, English pea salad with cheese, chocolate cake, fruit, bread, milk.

Boy Scout Troop 315 to farm for barbecue

Boy Scout Troop 315 enjoyed a barbecue Sunday afternoon at the Ben Sanchez farm, with Mr. Sanchez as host.

Troop members present were Johnny Perez, Joe Perez, Manuel, Roy and Carlos Baldazo, Victor, Pat and Arthur Ayala, Robert, Albert, George and Arthur Torres, Dan Vargas and Danny Guajardo.

Guests were Robert Reiter, Chris Reiter and Julius Stelzer Jr.

The troop is sponsored by the Rev. Richard Casey of Holy Cross Catholic Church.

Nine rural accidents on roads in August

The Texas Highway Patrol investigated nine accidents on rural highways in Garza County during August, according to Sgt. A. E. Roberts, area Highway Patrol supervisor.

The August toll was three persons injured and an estimated property damage of \$3,365.

The rural traffic accident summary for Garza County during the first eight months of 1966 shows a total of 56 accidents, resulting in 25 persons injured and an estimated property damage of \$57,010.

The Institute of Living in Connecticut says that 30 per cent of highway accidents involve a small number of accident-prone drivers.

ATTEND CONVENTION

Bernard S. Ramsey, minister of the First Christian Church, and Mrs. Estelle Davis attended the International Convention of Christian Churches (Disciples of Christ) in Dallas. This annual convention is represented by some 8,000 churches and 2,000,000 members in the United States and Canada. Delegates were present from all over the world.

Students spend leisure time in numerous ways

How do you spend your leisure time?

Students in Junior High have a variety of answers for this question. The interests for use of extra time include collecting coins, stamp collecting, building model cars, riding motor scooters and listening to the radio, TV or records.

Spectator sports, such as football and basketball, rank high in teen-age interests. The boys like to play football during this season.

Clubs, Scouts, 4-H, music, reading, visiting friends and other social gatherings, in families and church groups, occupy some leisure time for these busy young people.

## New regulations for PHS Library are established

New library hours have been established for the PHS library this year. Mrs. Gordon Lee, librarian, announced that the library will be open Tuesday and Thursday nights from 6:30 until 8:30.

Mrs. Lee said that quite a few students have taken advantage of the new night hours so far.

Library fines will not be charged this year, but frequent abuses of library privileges will necessitate a change in policy.

Library assistants are: Cheryl Pennell, Sue Gilmore, Mike Kruger, Billy Little, Jan Bullock, Janice Gordon, Judy Huff, Mary Eubank, Debbie Eubank, Patsy Pierce, Sandra Forrest, Brenda Haley, Paul Harmon, Linda Hays, George Villareal and Doug Chance.

Clubs organized in Junior High

Organizational meetings were held Friday for Junior High clubs, with each group sponsored by one or more faculty member. Each student chose the club he wished to join.

Arts and Crafts Club will be under Mrs. Lobban's direction, with Mrs. Walker sponsoring the Disc Jockey Club.

Others are: Archaeology Club, Mr. Davis and Mr. Burnett; Photography Club, Mr. Edgerton; Modern Music, Mr. Willson; Square Dance, Mrs. Sanford; Drama, Mrs. Gambin.

A reporter will be selected by each club. These students will form the Newspaper Staff, sponsored by Mrs. Wristen.

Senior pictures were taken Sept. 20 here at PHS. All the seniors were on hand with a big "cheese," hoping that the photographer, Herkimer "Tack" Hammer, could catch them at their best.

Quite a few Post High students journeyed to Lubbock last Saturday to see the Texas vs. Texas Tech football game. Some of those attending were: Jimmy Bartlett and Jan Wilks, Davis Heaton and Natha No Mears, Duke Altman and Marcia Newby, Donny Windham, Jackie Huff, Sherry Woods, Linda Altman, David Pierce, Sharon and Karon Windham, James Pollard, Joe Hudman, Giles McCrary and Don Collier.

Everybody around PHS misses Mr. King while he's home recovering from his recent automobile accident. But his basketball girls aren't losing any time, for their substitute coach, Coach Bigott, is a strong believer in the true value of hard work. At any rate, we all wish Mr. King a speedy recovery.

In their last week's meeting, the paper staff elected Brenda Haley the editor of the school page, and Lorena Anderson the assistant editor. Other members of the paper staff this year are: Billy Jack Hodges, Paul Harmon, Gaylon Hutto, Sherry Woods, Marcia Newby, Cheryl Pennell, Emily Potts, Ann Ussery, Jane Cannon and Elaine Bland.

## Student Council is example of form of democratic government

By Eddie Jennings, Larry Moreman and Chip Polk

Because our government is a government of the people, we call it a democracy. But the form of our government is a federal republic. It is a republic because the government acts through the elected representatives of the people.

Students and teachers in the Junior and Senior high schools of Post conduct themselves in the same democratic manner as does the government of the United States. Representatives of the students are elected to serve on the Student Council, which is constantly working to better our schools. It is solely of the students, by the students and for the students of

the Post Independent School District.

Actually, we don't realize how important democracy really is to have and to use in the school. A democracy needs educated citizens who can think for themselves. They must be able to make decisions on public issues and to vote intelligently.

Democratic education usually works best in a democratic atmosphere. Our school encourages student experiences in self-government. Our teachers try to follow democratic principles of fair play, respect and mutual cooperation in their relations with us as students.

In a dictatorship, the student is taught to accept without question the policies and decisions of the individual or group in power. He learns to ignore moral and human issues, if necessary, in obeying the rulers. He becomes a servant of the state. The Student Council tries to do what is best for the majority of the students. This will help the future population of the United States to live in a better democratic society.

TELLS CLASS OF TRIP

Ricky Bush, Post Junior High student, had a chance to see two games in the AstroDome in Houston over the weekend. Monday, Ricky told his Language Arts class the highlights of his trip.

# Don't Buy CARPET Until October 7

## Hudman Furniture Co.

## Friday Night Picks By HARRIS RATING SYSTEM of DALLAS

As sponsored weekly by Bob Collier, Druggist, on outcome of games played by Post Antelopes and their seasonal opponents.

## Post over Hamlin By 16 Points

Post with its big victory over Floydada last Friday night for the first time in the Harris Rating System became the No. 1 Class AA club on the South Plains. It moved up 16 places in the ranking from its 61st rating last week to a tie with Colorado City for 45th place. Its power ratio was boosted by 3.9 points from 99.5 to 103.4. In so doing it passed both Abilene (60th this week with 100.6 power ratio) and Denver City, 66th this week with 99.5 power ratio. It should be noted that Tahoka, Post's next week's opponent, is ranked No. 9 in the state's Class A schools with a power ratio of 101.6, which if the clubs played this week instead of next would establish the Antelopes as a narrow 2 point favorite.

Difference between power ratios determines predicted margin.

WINNER	LOSER	MARGIN
Stamford 106.0	Denver City 99.5	6
Hale Center 100.7	Dimmitt 96.1	4
Lockney 94.0	Memphis 90.3	4
Abernathy 100.6	Floydada 92.9	8
Tahoka 101.6	Slaton 80.8	21
Muleshoe 102.4	Morton 76.5	26
Springlake 96.2	Frenship 72.6	24
McCamey 79.8	Stanton 71.9	8

The Harris Rating System batted 750 with last week's picks, counting the Denver City-Levelland tie as a half win-half-loss and throwing out Hale Center's victory over Hereford because the Owls were playing only Hereford's B team. Slaton upset Crosbyton and New Deal surprised Frenship in the only in the only reverses.

## HEY STUDENTS! WIN A TRIP TO WASHINGTON, D. C.

Lynlegar Electric Cooperative, Inc. is again sponsoring the "Government in Action Youth Tour," contest. Two winners will receive an all expense paid trip to Washington, D. C. in June 1967. Entrants must be 16 years of age by January 1, 1967, and not 18 years of age prior to September 1, 1967, and from within the Cooperative service area to participate. If interested in receiving further information fill out the form below and mail to Lynlegar Electric Cooperative, Drawer A, Tahoka, Texas 79373.

"GOVERNMENT IN ACTION YOUTH TOUR CONTEST"

Name: \_\_\_\_\_

Parents' Name \_\_\_\_\_

Address: \_\_\_\_\_

Date of Birth: \_\_\_\_\_ Telephone \_\_\_\_\_

Name of High School \_\_\_\_\_

The above is not an entry form but only a request for information. Official entry form must be received in our office by October 15, 1966.

## Look what's happening at Mercury!

Mercury unleashes Cougar!

Untamed elegance! America's first luxury sports car at a popular price.

Sequential rear turn signals are standard! They flash in three steps (at the rate of 70 times a minute) to point the way you're turning.

This is the day of the Cougar. An entirely new kind of driving machine from Mercury.

Mercury Cougar is a true luxury car. With an ice-cool elegance. With a European flare and thrust to its styling. With a roomy, full-width rear seat! With standard features found, until now, only in expensive cars. Examples:

Concealed headlamps are standard! They hide by day and, cat-like, open at night.

Inside, vinyl-covered bucket seats, cushioned with molded foam, are standard! Wall-to-wall deep-loop carpeting, standard! 3-spoke steering wheel, standard!

And in a car this luxurious, you'd expect a V-8 engine. Cougar has it. A 289 cu. in. V-8. Compression ratio: 9.3:1. And it uses regular fuel.

When we say Mercury unleashes Cougar, we mean it. Cougar is a superb sports car. It moves on cat feet. Tracks true. Rides smoother, quieter.

The price! Less than you'd expect. At previews, people have overpassed by \$1,000! We believe Cougar is the best-equipped luxury sports car for the money.

And at Cougar's price, you can indulge yourself in such better-idea options as such: 4-barrel Maxwelder 390 GT V-8. Vinyl-covered Oxford Roof. Sports Console.

Also: Tilt-Away steering wheel. Power disc-brakes up front. A finger-tip speed control mounted on the turn signal lever. Not just see Mercury Cougar. Untamed elegance. At your Mercury Man's, your Mercury dealer's.

Cougar excitement runs through the whole Mercury line. See all 38 models. See your Mercury dealer listed at right.

LINCOLN-MERCURY DIVISION

# Elkins family reunion held Sunday at Slaton

By MRS. BUD SCHLEUBER  
Visiting in the Elton Nance home last week were Sonny Nance of Fort Worth and Mr. and Mrs. Mark Sims of Brooksville, Miss. They attended the Elkins family reunion Sunday at Slaton. Over 125 members of the family attended. Mrs. Lee Reed visited Mrs. Harwood Monday afternoon. Mr. and Mrs. Sam Bevers Jr. and Glenna were in Lockney last week to attend the 7th grade football game. Sonny Bevers plays on the team. The Bud Schleuber family visited the Douglas McWhirts one evening last week. The Waldon Reed family visited

the Bud Schleubers Tuesday evening. Pearl Nance was a luncheon guest of the Cecil Smiths Wednesday. Sid Cross and his daughter, Lee Merri, and Lewis Mize of Conroe were supper guests in the Bill Mize home Tuesday evening. Dee Cecil Justice spent Tuesday night with the Cameron Justices. Linda and Alice Rivera spent Thursday night in the Frank Torres home. Mrs. Bud Schleuber visited with Mrs. Fernie Reed last Wednesday morning. James Brooks of Slaton visited in the Lee Reed home Wednesday. James Thomas Brooks of Orlton was an afternoon visitor. Mrs. Randy Cash was a Thursday morning visitor of the Douglas McWhirts. Mrs. Sam Bevers Jr. visited last Thursday in Lubbock in the home of her sister, Mrs. Jack Russell, to visit her mother, Mrs. Gladys Morgan, who is recuperating there. Mrs. Riley Miller and children were weekend guests of her parents, Mr. and Mrs. Vaughn Harris, in Odessa. Mr. and Mrs. Bill Mize and children visited the Sid Crosses last Thursday evening. Mrs. Cameron Justice visited in Post with Mrs. Walter Boren Friday. Mr. and Mrs. Jackey Fluit were Friday night guests of her parents. Saturday the Fluits and Mrs. Douglas McWhirt and two sons went to Albany for a weekend visit in the Frank Breeden home. Mr. and Mrs. Bud Schleuber and Denise were medical visitors in Lubbock Saturday and were summer guests of the Jim Borens. Visiting in the Lee Reed home Sunday were the Fernie Reed and Bud Schleuber families, Mr. and Mrs. Randy Cash and Mr. and Mrs. Eddie McCowen and sons. Mr. and Mrs. E. C. Franklin were in Lubbock Saturday to visit her brother, A. A. Nipper. Mr. and Mrs. Hardie Alnworth spent Sunday in Milnesand, N. M., visiting his brother, Joe Ainsworth. Dinner guests of the Cecil Smiths Sunday were the Mason Justices. Mr. and Mrs. Elton Nance visited in the Lee Reed home one night last week.

## Woods helping move rig on 5,000 mile journey

Mrs. Bill Woods has received word from her husband that he is on his way from Rotterdam, Holland, to Port Harcourt, Nigeria. Mr. Woods left in September for a job where he is a driller with the Southeastern Drilling Co. of Nigeria S. A. They are moving the rig to a platform larger than a football field, pulled by a tugboat. Mrs. Woods said her husband will take the 5,000-mile trip in 10 months. She figured they will be moving at about 3 1/2 miles per day.

## Japanese student at Tech in Rotary plan

LUBBOCK — Muneya Mishimura of Kyoto, Japan, will become the first Rotary Foundation Fellow to enroll at Texas Technological College when he launches his graduate work in accounting this fall. The dark-haired, energetic student, who arrived here in mid-September, said he was anxious to begin his studies in Tech's School of Business Administration after earning of its "excellent reputation" north to south, the Golden Isles Coast that stretch for some 100 miles off the coast of Georgia includes Osahaw, St. Catherine's, St. St. Simons, Sea Island, Jekyll and Cumberland.

COUGAR—NEW MERCURY SPORTS CAR

Introducing the newest of the new 1967 Mercury automobiles—the Cougar, a luxury sports car lithe in appearance and agile in performance. See it Friday at Scott-Pool, Inc. Exclusively a two-door hardtop, the Cougar assures comfort for both front and rear passengers with its 111-inch wheelbase and overall length of 190.3 inches.

# Mercury introduces Cougar sports car

The newest and the hottest new addition to the 1967 Mercury line is the Cougar, America's first luxury sports car at a popular price. See the Cougar on display Friday at Scott-Pool, Inc. with other new 1967 Mercury models. The Cougar introduces an entirely new kind of motoring experience—specialty car lithe in appearance with long hood and short deck testifying to the European flair of its styling. Available exclusively as a two-door hardtop model, it has a 111-inch wheelbase and 190.3 overall length which assures built-in comfort for both front and rear passengers. Plus-performance in keeping with this new personal car is offered with a choice of three V-8 engines matched with fully synchronized three-speed manual transmission or optional four-speed manual of Select Shift Merc-O-Matic transmission. Transmission levers are floor-mounted or sports console-mounted. In addition, there's a performance handling package option and a GT performance group option. "CHANGES IN car-buying tastes have occurred so rapidly in the past few years that it literally may be called a revolution," Wesley Scott of Scott-Pool, Inc., explains. "The sought-after qualities of today are grace, style, sophistication, quiet performance, luxury and understated elegance." "The result is that the new specialty car market is increasing in size and importance because of the strong consumer demand to step up to something better in the personal car field," Scott commented. "The Cougar is the only American market entry that has been developed specifically as a luxury sports car at a popular price." Mercury continues its expansion in the upper end of the medium priced field for 1967 by adding three luxury models in two new top-of-the-line series. THEY ARE the Mercury Marquis, a formal two-door hardtop with wide rear roof pillars, and

the Mercury Brougham series which offers four-door sedan and hardtop models with rich, luxurious interiors. These new entries are only three of the 16 models in the full-size Mercury line which will be introduced Friday. Mercury, like Ford, for 1967 will extend its warranty on engine, transmission, and rear end to five years in addition to former 24 months or 24,000 miles warranty on other parts. Eight new body colors are among the 17 choices offered in Mercury this year. In addition, a vinyl Oxford roof is available on any full-size Mercury sedan, hardtop or wagon and it comes in black, ivory or blue. ALL MERCURYS have Ford Motor Company's standard safety features for 1967, including dual hydraulic brake system with warning light, deluxe front and rear seat belts with front retractors and reminder light, impact-absorbing steering wheel with deep-padded hub, and padded instrument panel, sun visors and windshield pillars. Other safety features include double yoke safety door latches and positive door lock buttons, remote control outside rear view mirror, non-glare (day-night) inside mirror with flexible backing and breakaway or double-pivot inside mirror arms. The building of the original Erie Canal in the early 19th century from north of Albany westward to Buffalo was the biggest construction project ever undertaken in the young United States. Other books have been given by David King of New York City.

## Library Listening Post

I promised you a list of the "best sellers," the 1966 and 1965 books on the shelves of the Post Public Library. I'm keeping only two-thirds of my promise because my arm got tired copying the titles and authors from the neatly typed lists hanging above the special bookcase for books in these categories.

My arm got tired mainly due to a cold in the head.

In the non-fiction best seller department we have the 1966 book written by Jon and Rumer Godden about their childhood spent in India appropriately entitled, "Two Under the Indian Sun." Truman Capote's book, "In Cold Blood," though written in 1965 continues to be on the 1966 best seller list. This book is about the murders of a prominent Western Kansas farm family and was of particular interest to me because we knew all the people involved — except the murderers, that is.

On the 1966 best seller fiction list we can boast of "The Embroider" by Louis Auchincloss; "The Source" by James Michener, and "The Detective" by Roderick Thorp.

We also have Reader's Digest "Best Sellers of 1966" and Reader's Digest Volume I of 1966. Other non-fiction books are "Flower Arrangements to Copy" by Tat Shinno; "Knowledge Among Men" released by the Smithsonian Institution, and "Miss Marry Cassatt" by Fredrick Sweet.

1966 fiction includes John Hershey's "Too Far to Walk," John Knowles' "Indian Summer," and Zoe Oldenbourg's "The Crusades." 1966 mystery fiction includes "The Ring of Truth" by George H. Cox; "Eighty Million Eyes," by Ed McBain, and "Columbella" by Phyllis Whitney.

Our library is so on the "go, go, go" that this column can't keep up with all the current new books being donated. Rosemary Chapman just walked into the office with a new list of donors and we have more 1966-65 books.

Mrs. Marjorie Merriweather Post has sent her third parcel of good books to become one of our most consistent suppliers. Besides 12 novels we now have another copy of "C. W. Post, The Man and The Hour" for which there is a long waiting list at the library. With two copies we can begin to catch up with the demand.

The trouble with opportunity is that it always comes disguised as hard work.

Join the fun and share your books.

## "Counting Our Blessings"

It's a rare occasion that we just take an inventory and take the time to be appreciative of the things that we do have to be thankful for and to GIVE DUE CREDIT where credit is due.

It's very commendable that we DO HAVE in our town and surrounding trade territory, a number of men and women who are really interested in our city, and the development of our city into a better place to live and a BIGGER PLACE to live and DO BUSINESS.

BUT DO WE NOT FORGET that we are not the ONLY small city that NEEDS TO GROW? We "eye" the industry that is going to larger places and wish for a share of that industry.

BUT DO YOU KNOW — we are surely not WITHOUT industry and we need to count what we have and be a lot MORE APPRECIATIVE of that as we go along.

We refer, of course, to our own POSTEX COTTON MILLS. Many a small town would like to have what we have, and we know of no other small city that has any INDUSTRY to compare. WHAT WOULD BE OUR PLIGHT if we didn't have this BIG INDUSTRY? Not only our city would suffer a BUSINESS financial loss but OUR CHURCHES, OUR SCHOOLS and all our SOCIAL ACTIVITIES would hit a new LOW at once.

To wish and TRY for MORE INDUSTRY is a "natural" for any business man or woman and while we TRY for MORE, let's not forget what WE HAVE.

We are FOR POST and we DO APPRECIATE all the business we get from every citizen, business and INDUSTRY. We do our VERY BEST, with what financial, physical and mental abilities that our Maker has blessed us with and with WHAT SPACE we have on MAIN STREET, to keep the hardware YOU need until you come to get it.

THIS WEEK especially, we would like for EVERYONE connected in any way with THE POSTEX COTTON MILLS to know that we appreciate THE INDUSTRY and the folks who operate it.

## Short Hardware

**A man expects a lot from his car. Good looks that are a constant source of pride. Performance that won't let him down. A quiet, authoritative ride. Integrity of workmanship. Unique features that add to the joy of driving. A car that pampers and protects the ones he loves. It takes a lot of car to satisfy a man. Mercury does it... 28 different ways!**

## Introducing the all-new '67 Mercury... the Man's Car!

Completely new! Mercury Marquis! A man's kind of luxury!

Unique Twin-Comfort Lounge Seats in front ( plenty of legroom for him without disturbing her!). Marauder 410 V-8, New Super-Hush Ride, Power disc brakes up front, standard. And speed control, optional. And many more better-idea features.

**Ford Motor Company Lifeguard Design Safety Features!**  
On every 1967 Mercury you get as standard: Dual hydraulic brake system with warning light; Deluxe front and rear seat belts with reminder light; Impact-absorbing steering wheel with deep-padded hub; Padded instrument panel; Padded sun visors; Padded windshield pillars; Double-rope safety door latches; Remote control outside rear view mirror; Non-glare (Day/Night) inside mirror with flexible backing; Breakaway or double-pivot inside mirror arms; Windshield washers; Two-speed or variable-speed windshield wipers; Thick laminate safety plate glass windshield; Turn indicators with lane-changing signal feature; Positive door lock buttons; Backup lights; Self-adjusting brakes; 4-way emergency flasher

A man expects a lot from his car. This entirely new top-of-the-line Marquis gives it to him. Prime examples:

Totally new! Mercury Brougham! A man's kind of elegance!

Even its power says "Man's Car," with a Marauder 410 V-8. Choose, at no extra cost, either Select-Shift Merc-O-Matic or 4-speed manual. Choose the 4-door hardtop or the sedan (right) that offers a new slant on Breeze-way Ventilation. Power front disc brakes, too. A lot of car. Brougham!

Excitingly new! Mercury Cyclone! A man's kind of action!

The Cyclone shown, with GT Performance Group, is the Man's Car for the men

who like their action big: every performance feature a man looks for. Including a 4-barrel Marauder 390 GT V-8 dual exhausts; heavy-duty handling gear; shocks, springs, stabilizer bar; power disc brakes up front—the work! Cyclone!

Marquis • Brougham • Park Lane • Montclair • Monterey Cyclone • Callens • Camel • Comet 302 • Cool new Cougar

Grassland news

# Wet grounds are slowing harvest

By MRS. O. H. HOOVER

Aren't these lovely Autumn days—so warm. The cotton is opening up real fast but the sucker heads have come out on the early feed and some farmers can't harvest their grain because the ground is so wet. Perhaps it will all work out. Sure hope so.

Mrs. Mildred LeMond and Lura Hoover of Littlefield visited Mrs. Hoover Thursday afternoon.

Mrs. Lucile Walker and Mrs. Hoover visited Mrs. Billie Inklebarger late Thursday evening.

Mr. and Mrs. Artie Nixon, who live near Boise, Ida., visited their aunt, Mrs. Era Aten, last week. They visited Mrs. C. C. Jones Wednesday morning. Artie was reared near Grassland.

Mrs. Lucy Cunningham stayed most of last week with her brother, J. W. Warrick in Lubbock. She went back again Monday morning. He seems to be failing fast.

The Rev. and Mrs. Rawlings and Mr. and Mrs. Tom Murray were Sunday luncheon guests of Mr. and Mrs. Mac Ritchey.

H. E. Huffaker and Kenneth and Bobby, Kelly Laws, Gene Parrish and Arch Riddle of Tahoka have gone to Falcon Lake for a week of fishing. Good luck, boys.

Mr. and Mrs. Lee Doggett left for Kingsville Monday morning. He is stationed there.

Rusty Dean was scheduled to report to West Texas Hospital Monday morning. They don't know at this time whether he will stay or not.

Mr. and Mrs. J. E. Sherrill and Mrs. A. Z. Sewell visited a former pastor's wife, Mrs. J. N. Hawkins, last Friday in Westbrook.

Mr. and Mrs. George Childress and family, who live near Leveland, visited their parents, Mr. and Mrs. Clyde Childress and Mr. and Mrs. Earl Childress, Sunday.

Mr. and Ms. J. C. Durham and

Mrs. A. Z. Sewell attended services at the Berry Flat Church Sunday night.

Mr. and Mrs. J. D. Wall of Lamesa and J. E. and Faye Ramsey visited Mrs. Carrie Wall awhile on Sunday afternoon.

MR. AND MRS. C. A. Walker went to Seagraves Sunday to celebrate her birthday. Her daughter, Kathryn Moore, had prepared a birthday dinner for her. Happy returns, Loucile.

Mr. and Mrs. W. L. Gribble and Mr. and Mrs. C. O. McCleskey visited in Lubbock Sunday with the J. C. Allens and the J. W. Warricks.

Mr. and Mrs. W. G. McCleskey visited an old friend, Mrs. Stephenson, in Slaton Sunday afternoon.

Mrs. Amos Gerner visited her mother, Mrs. O. F. Haley, Wednesday and took her to the doctor Thursday for a checkup.

The Kelly Laws family were Sunday luncheon guests of the Bert McDonalds.

Mr. and Mrs. Raymond Gerner and Cherry of San Angelo were Saturday overnight guests of the Bob Normans. The Regan Reed family of Brownfield were Sunday visitors.

Mrs. Bea Brown of Brownfield and Mrs. Mathis of Tahoka visited their parents, the J. E. Sherrills, Sunday.

Deak Porterfield is on the sick list at this time. We wish better health for him soon.

Mr. and Mrs. Meunsch, who have been living in Lubbock, have moved back to Draw.

WE HAD A good turnout last Thursday at the cemetery clean-up at Grassland. It sure looks nice now. Thanks, folks.

Herbert and Daurine Hoover and Doyle of Littlefield visited their mother, Mrs. Hoover, Sunday afternoon. Mrs. Ada Oden was also a visitor.

Mrs. H. W. Edwards of Tahoka spent Thursday with Mildred LeMond and Jerri Pridmore.

Mrs. W. T. Luttrell was unable to attend WSCS Monday because of an eye infection.

Mr. and Mrs. Lewis McKay had lunch Sunday with their daughter and family, the Kenneth Willsons, in Lamesa.

Mr. and Mrs. C. C. Cornett and their daughter, Joann Reed, and sons, of Justiceburg visited in the Carl Greere house Sunday afternoon. Mrs. Lena Ruth Young of Lubbock visited the Greers last week.

Mr. and Mrs. Aaron Greer of San Angelo were recent overnight guests of the Carl Greers.

MRS. E. A. Thomas and her mother, Mrs. Ethel Fox, have just returned from a long vacation trip to Fort Worth, Texarkana, and Nashville, Tenn. Mrs. Fox remained in Tennessee while Mrs. Thomas went by jet to New York where she was met by the Glenn family of Greenwich, Conn. She was entertained in their lovely home for four days. They took her to the Mershon Association at Lawrence, N. J. Sept. 17. The Messings are her mother's people.

Mrs. Thomas visited in four states in one day—Connecticut, New York, New Jersey and Pennsylvania. She toured New York City and saw a big portion of it. They stopped and visited Martha Faye (Thomas) Arnold both going and coming in Texarkana. They report a lovely and wonderful trip.

Mrs. Hoover visited Monday afternoon with Mr. and Mrs. Carl Greer and Mrs. Thomas and Mrs. Ethel Fox.

See you next week if the pretty weather holds.

## GIRL SCOUT NEWS

A workday was held at the Girl Scout Little House last Thursday and it is now reported to be in good shape except for a large hole in the front where the foundation has dropped, due to an old septic tank, and some repair work on the kitchen cabinets.

Registered Girl Scout leaders Mrs. Wayne Carpenter, Bill Birkes, Leon Clary, Wayne Richardson, Leldon P. Miller and Carl Aycock painted the inside of the Little House and waxed the floors. Mrs. D. E. Morris washed and ironed the curtains. The leaders feel that the 70 Girl Scouts now have a suitable, clean place in which to meet.

John Brockman, manager of Wacker's, and Leon Clary donated the paint; R. E. Cox Lumber Company donated the floor wax, and Wayne Thomas sent refreshments from the Snak-Shak for the work.

Mrs. Leldon P. Miller reported six girls in attendance at the first meeting of Troop 87. Making plans to earn badges are Terry Shedd, Jodi Gandy, Jean Huffman, Maxine Collazo, Jo Beth Gandy and Gayla Miller.

Troop 377, which meets Tuesdays at the Little House, elected Lee Ann Aycock and Sherrill Guichard as patrol leaders and a re starting work on their cooking badges. Other members are Kay Breedlove, Jill Cash, Kay Guthrie, Debbie Seward and Kim Hester.

Brownie Troop 445 made a tour of the First National Bank, guided by Vernon Scott, at their meeting last week. Girls in this troop are: Pam Carpenter, Cynthia Morris, Tammye Thomas, Christy Davis, Terri Clary, Gina Birkes, Kim Mitchell, Karen Blanton, Sandy Odum, Peggy Gandy, Joni Hays, Freda Watson, Lorry Chapman, Alice Jo Vargas, Michele Mason and Kathy Howell.

The newly organized second grade Brownie troop meets at the Little House each Monday and is making plans for its investiture. Mrs. Wayne Richardson is leader, assisted by Mrs. Don Anderson and Mrs. Janis Weaver.

"How about one of those wonder drugs?"

**?**

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin freed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when patient medication is required.
