CITY'S NEW SHREDDER TO GET WORKOUT
The City of Post's new shredder will get a good workout Friday and Saturday in the spring clean-up campaign. The new equipment will be used for mowing vacant lots and in alleys in the two-day campaign to clean up the town. Shown here with the new shredder are City Street Supt. Election interest gains, indicating big turnout

Four races to be decided Saturday

Because of two contested county races and one contested precinct race, Garza County may lead the area in the percentage of eligible voters casting ballots in Saturday's Democratic primary runoff election, some political observers believe.

Few counties in the area have as many as three local races on Saturday's ballot and many have no local contests at all.

The only state race to be decided Saturday is between Crawford Martin and Franklin Spears for attorney general.

Interest in Garza County's two county-wide races appears to be about equally divided. One is for county judge, where J. E. Parker, seeking re-election, is opposed by E. E. (Elva) Peel. The other is for

Mrs. Peel 457 and Mrs. Cockrell 414.

Walls received 103 votes in the Precinct 4 commissioner's race to 68 for Justice and 35 for Bob Tidwell.

Seventy absentee votes had been received up to the Tuesday deadline, which is twice as many as were cast in the first primary

election, it was reported at the county clerk's office. Two other absentee ballots mailed out but not yet returned will be counted if received before 1 p. m. Saturday.

The big gain in the absentee vote over that for the first primary is mainly attributed to the fact that more people are out of town on va-

cation trips, but some of the gain is also attributed to a higher degree of interest now than a month ago.

By action of the commissioners' court, taken at their May session, the polls will open at 8 a. m. for the second primary and for all other elections this year instead of at 7 a. m., as was the case May 7.

Mayor urges all-out effort in city clean-up campaign

With more preliminary planning being put forth than in the past, the weekend's spring clean-up campaign — scheduled for Friday and Saturday — is expected to be a successful one, Mayor Harold Lucas said today.

Headbills calling upon all householders to take part in the city-wide clean-up were distributed Tuesday and Wednesday by members of the city council and other city personnel, members of the sponsoring Junior Chamber of

Commerce, and members of other organizations cooperating in the clean-up job.

Householders are asked to clean up about their premises and to move trash to the alleys, where it will be picked up and hauled away for disposal. Objects too heavy for the householder to handle will be moved to the alley by city employees or Jaycees. The telephone numbers to call for this moving service are 2811, 2213 and 2950.

Mayor Lucas said trucks will haul trash both days of the drive

and next week if necessary.

"The only thing we need to make this clean-up campaign a good one is the cooperation of the general public," the mayor said.

Other organizations cooperating in the clean-up drive are: Amity Study Club, Mu Alpha and Xi Delta Rho chapters of Beta Sigma Phi sorority, Green Thumb Garden Club, Post Chamber of Commerce, Lions Club, Post Music Club, Rotary Club and Woman's Culture Club.

Cooperation is the key word in the current project to open the Post City Library in new quarters in City Hall within the month.

Almost all the available money has already been spent. Only \$62.50 remains for incidentals.

The City Council has dipped into all the extra funds available to pay for remodeling the new library quarters at City Hall. The Friends of a Public Library organization has spent over \$800 ordering necessary shelving, desk, tables, and other library equipment and borrowed \$600 against future memberships and income to get the equipment ordered and paid for right now when it is needed.

That is why the library board made the decision Monday night to launch the library operations with volunteer help only. That is going to require a lot of well-organized help from a lot of interested people who want to see library facilities opened here on a community-wide basis.

So much must be done in the very short space of three weeks or less.

But the way things are shaping up now, there is enough interest and enthusiasm available to get the job done — and done reasonably well too.

In the days ahead, the Friends of a Public Library will be asking a whole lot of folks to do a whole lot of things. They will be the job of organizing and carrying through on the big volunteer operation.

If you're asked to volunteer, don't hesitate. If you haven't joined the mushrooming Friends of a Public Library organization—now well over 200 members—do so today and ask for your assignment. They'll have one for you.

This is shaping up as Post's biggest "do-it-yourself project" of recent years. There is plenty of work to go around.

When the book donation drive comes, be prepared to contribute the good books you would like to give others enjoy instead of gathering dust on a bookshelf at home.

Weekend's rains prove beneficial

Last weekend's rains, which brought a total of 1.16 inch of moisture to Post and up to 1.50 inches in some parts of the county, have put the county "moisture-wise" in as good a shape as in any year since 1958, many farmers here reported to County Agent Ed Conner.

Post received an official .55 of inch Friday, .36 of an inch more Saturday and .25 of an inch Sunday in the weekend series of thunderstorms.

This brought the moisture total for May to only 1.25 inches, less than half the May normal of 2.57 inches.

But coupled with the almost double normal moisture of 3.87 inches for April, this was exactly what the "cotton doctor" ordered.

Moisture for 1966 to date has been 7.03 inches, almost exactly normal for the five months period.

The county agent estimated that 25 to 30 per cent of the county's cotton had been planted before last weekend's showers, but due to soaking over from the showers almost half of this is now being reseeded.

Conner said it is cheaper to reseed and get an even start of cotton with the weeds than to have the expense of getting the weeds out of the cotton rows.

Local lawns, shrubs, and flowers are now reportedly in their best condition in a decade due to the timely April rains and cool following weather followed by the steady late May showers of the weekend.

Adjustment, responsibility

'You'll face changes,' Post graduates told

Bob Collier, speaking on "adjustments in life — Your Responsibility and Your Leadership," told 60 Post High School graduating seniors at commencement exercises last Friday night that they can be in the 1 per cent of the population that controls the world by accepting responsibility to their community when called upon and by accepting the charge in their church by always trying to help others.

"You will be facing more changes in the next few years than you've had to face in your whole lifetime," the speaker told the graduates.

After citing college, marriage and having children as among the big adjustments in life, Collier said, "There are many other adjustments in life I could mention . . . the thing I want to impress on you is . . . learn to take life on the chin and hand it back a little better than you had it to start with."

Lot drawing at lake Saturday

The drawing for the order of selection of the first group of 250 cabins at the new White River Lake is scheduled for 10 a. m. Saturday, June 4, at the lake office in the filtration plant.

Al O'Brien said Tuesday approximately 25 persons interested in building cabins had made their required deposits already and others were expected before the week is out.

To be eligible for the lot drawing, a person must be a resident of one of the four member cities and must have deposited the required \$180 for the first year's lease rights in one of the banks of the four member cities to the White River water district account by closing time Friday, June 3.

O'Brien said the 250 lots are all staked and may be inspected by prospective lessees at their convenience. The first name drawn will have the first lot choice and so on.

The White River district directors will hold a meeting tonight at the filtration plant and most of their time will be devoted to recreational activities.

Construction on the first of the commercial facilities at the lake got under way this week, O'Brien reported.

Bids sought on road widening

The Texas Highway Department is advertising for sealed proposals for 12.712 miles of construction on U. S. Hwy. 84, which will make a four-lane divided highway of the 3.3 miles from the Lynn County line to the Southland.

The contractor's notice of the construction, which appears in today's Dispatch, calls for 12.712 miles of grade, structures, flexible base and asphalt concrete paving.

The completion of the project will make U. S. 84 a divided highway from Snyder into Lubbock.

Residents of Commissioner's Precinct 1 voted a bond issue a few days ago for Garza County acquisition of right-of-way needed for widening project.

The sealed bids will be opened at the Highway Department in Post on June 11.

Title 1 summer program to start Monday; 140 register

One hundred and forty children were registered last Friday for the Title I summer school program beginning Monday, June 6, at the pre-school, elementary and junior high school levels, Supt. William F. Shiver reports.

The pre-school program will continue through July 29, the elementary program through Aug. 19 and the junior high program through July 8.

The program will also include over-all physical education classes conducted by Coach Waco Reynolds.

The pupils will get holidays from classes on Friday, July 1, and Monday, July 4, Supt. Shiver said.

The pre-school program will consist of self-contained classes with Mrs. Lea Mock as the teacher for the entire eight weeks.

Teachers in the elementary program will be Mrs. Jean Gandy, Mrs. Ella Mae Huffman and Dan Rankin, with Mrs. Velma O'Neal and Mrs. Mary Lee Wristen the junior high teachers.

Teacher aides in the program will be Mrs. Linda Reynolds, Miss

ELECTION RETURNS

The Dispatch office will be open Saturday night to furnish election returns. The first returns should be available soon after the polls close at 7 o'clock. Dial 2816 or 2817.

county treasurer, with Mrs. June Peel and Mrs. Pauline Coleman as the opposing candidates. Both ran ahead of the incumbent, Mrs. Faye Cockrell, in the first primary May 7.

Mason Justice, candidate for re-election as Precinct 4 county commissioner, is opposed by Herbert Walls, who lacked only one vote of having a majority over Justice and G. A. (Buck) Harrison in the first primary.

In the May 7 election, Peel led the six-candidate field for county judge with 426 votes, Parker receiving 403.

In the county treasurer's race, Mrs. Coleman polled 618 votes.

Poole rites are conducted here

Funeral services for Mrs. Ina Jane Poole, 71, former longtime resident of Post and vicinity, who died Sunday night at the home of a daughter in Hillsboro, were conducted at 10 a. m. Tuesday in Mason Funeral Chapel.

Mrs. Poole, who died following a lengthy illness, moved to Hillsboro about 18 months ago to make her home with a daughter.

The former Miss Ina Jane Ainsworth, she moved to Garza County from Borden County and lived in the Close City community. She and I. D. Poole were married after she moved to Garza County. Mr. Poole died in 1949.

Mrs. Poole is survived by two daughters, Mrs. Irene Williams of Hillsboro and Mrs. Nell Rinker of Christoval; two sons, Jim of Irving and Bob Poole of Post; two sisters, Mrs. Nell Woolfever of Marble Falls and Mrs. Doll McCrary of Post; two brothers, Roy Ainsworth and Bob Ainsworth. (See Poole Rites, page 8)

Volunteer help voted for library operation

The newly appointed City Library Board decided Monday night to launch operations of the new Post City Library here this summer entirely with volunteer help.

Lack of any city funds to pay even a part-time librarian was the motivating factor behind the move.

Mayor Harold Lucas, who met with the board at its organization meeting in the home of Mrs. Tom Gamblin, told the board that the city library fund now has only \$52.73 in it and that additional funds would have to await the adoption of a new 1966-67 city budget which won't come until late summer or early fall.

The board unanimously agreed to attempt to open and operate the library strictly on volunteer help with the board looking to the newly organized Friends of a Public Library, Garza County, Texas, for the volunteer help needed.

Jim Cornish was elected chairman of the board and Mrs. Gamblin secretary. Other board members attending were Mrs. B. E. Young and David Newby. The fifth member of the board is Mrs. Kay Kirkpatrick.

Mayor Lucas reported that remodeling of the vacant room in City Hall which will be used for the library is well under way and

is scheduled to be completed by the June 15 target date.

TOM GAMBLIN president of the library friends organization, reported that the organization of library backers has ordered \$307.25 worth of library shelving, desks, tables, and equipment and that this is being built by Charles Hopkins.

He said Hopkins, who started

last week on the shelving, hopes to have the shelving ready by June 15 but that other equipment ordered will take up to six weeks to finish.

No definite date has yet been set for opening the library, but it is hoped to open the library just as soon after June 15 as the city's 1,600 library books can be moved (See Library Board, page 8)

New elementary principal

Six teachers resign; five hired by board

The board of trustees of the Post Independent School District employed five faculty members, including an elementary school principal, and accepted eight faculty resignations at a special meeting last Thursday night.

Don Kinard of Seminole was hired as elementary school principal to replace Herman F. Raphael, whose resignation was one of those accepted by the board.

Kinard's wife was also employed as a sixth grade language arts teacher. Other faculty members hired were Mrs. Joy Pool as high school English teacher, and Murry McMurry as a fourth grade teacher.

Mrs. Walker and McMurry were

in the school system last year, but Mrs. Walker earlier had asked that her contract not be renewed. McMurry taught at the freshman level in high school during the school year just closed.

In addition to Raphael's resignation, the board accepted those of Mrs. Raphael, Mr. and Mrs. John Edd May, Miss Estelita Delgado, Harold Williams, Charles Hopkins and Band Director Bruce Evans.

Kinard, who is 36 years old, has been teaching seven years, three years at Plainview before going to Seminole. He has a master's degree from Texas Tech and has a taken teacher training at the University of Texas and elementary principal's training at Tech.

Kinard was hired at a salary of \$7,700 for 10 months. He and his wife plan to move here about July 15. Supt. William F. Shiver said.

The Raphaels have been in the Post school system for 14 years and he has been elementary school principal since 1957. Mrs. Raphael has taught in the elementary grades here. They moved to (See Six Teachers, page 8)

10 are indicted by grand jury

The Garza County district court grand jury last week returned five indictments involving ten persons.

Patricia Gilbert was indicted on two separate indictments, charged each time with forgery by altering and passing as true a forged instrument in writing.

David Torres, Vicente Cavdillo, Paulo P. Bustos, Abelardo Tober Tanyas, and Anselmus Casares were indicted for malicious injury of public property over the value of \$50 in the breaking out of windows at the county jail.

M. I. Walker was indicted on a charge of defrauding by worthless check over the value of \$50 in allegedly giving a \$375 check to a local merchant Feb. 5, 1966.

Juan Ybarra, Ruben Gonzalez and John Valdez were indicted on a burglary with intent to commit theft charge. The offense was allegedly committed April 4, 1965.

Drill permit is okayed by city

The Post city council approved an application by Brown Bros., Et Al, for drilling of an oil well in the northwest part of town at a special meeting Tuesday afternoon.

The drilling permit was the first approved by the city under an amended ordinance regulating the drilling for oil within the city limits.

The well, an 8,500-foot test of the Ellenburger, will be drilled on Lot 8, Block 15.

While the amended city ordinance does not contain any depth restrictions, it was brought out at the council meeting that the oil operators will have to get a special permit from the Railroad Commission before they can drill to the 8,500-foot depth on a 40-acre block — the drilling unit set up in the amended ordinance.

There was some argument at the council meeting that the permit should not be approved because of the 8,500-foot depth, which is against Railroad Commission spacing regulations on anything less than an 80-acre drilling unit, and perhaps a 160-acre unit.

It was finally decided that since the city ordinance does not contain any restrictions as to depth, it would be up to the Railroad Commission to rule on the spacing.

Tech degrees to five from Post

The more than 1,500 students receiving degrees at Texas Tech's commencement exercises Sunday included five from Post.

A Master of Science degree, biology major, went to William Ralph Bennett, and Master of Education degrees to James Earl Pollard Sr. and Ida Polk Jones.

Bachelor of Business Administration degrees went to William Gary Simpson, finance major, and Keith Wayne Smith, accounting major.

Let's get with clean-up drive

Who can help in Friday and Saturday's city-wide clean-up campaign? Everybody. In fact, it is going to take everybody's help if the clean-up drive is to be worth the effort the City of Post is putting into it.

Civic pride should prompt every householder to clean up about his own premises, but not to stop there. He should also be interested in whether or not his neighbor cleans up about his place.

The City of Post and the Junior Chamber of Commerce, which is co-sponsoring the clean-up campaign, are making it as easy as they

can for everyone to join in. They'll see that all the big and heavy loads get moved out to the alley, if the householder will call one of these telephone numbers—2811, 3213, 2950.

The City and the Jaycees will also see that everything taken to the alley is picked up and hauled away.

Could they make it any easier for Mr. and Mrs. John Q. Public?

The hour or two you put in cleaning up about your premises will be more than matched by the City of Post and the Jaycees.

Let's get with it!—CD

Voter turnout seen as small

Election at all levels of government have been won or lost on the basis of a handful of votes. We hope this isn't the case Saturday when three important local races and one major statewide race—for Attorney General—are decided.

Several factors have prompted the prediction that the voter turnout could be one of the smallest in Texas history—with possibly as few as five per cent of Texas voters going to the polls.

First of all, it is a non-Presidential election year, and this always decreases voter interest. Second, there is not a contest for the Governor's race, and this has traditionally diminished interest in the second primary.

Garza County, with the Democratic nominees for County Judge, County Treasurer and Precinct 4 Commissioner to be decided, is likely to pull out a bigger percentage of voters than most of the other counties in this area, some of which do

not have any locally contested races on the ballot.

A final warning sign that Saturday's voter turnout statewide could be one of the smallest in history was the rumor immediately following the first primary on May 7 that some counties without locally contested races weren't even going to hold a second primary. The State Democratic Executive Committee responded with a resolution calling attention to the fact that every county is required by law to hold a runoff election, and the penalty for failure to do so can be a fine or imprisonment for party officials.

For the want of the vote of Texans who don't care enough to go to the polls Saturday, a very small minority of the citizens could elect some of its most important office holders. And the big battle to get the majority of Texas voters to exercise their responsibility as citizens would be lost!—CD

Dogs should be licensed, too

Approximately 100 dogs were vaccinated against rabies here recently in "Operation Vaccination," sponsored by radio station KPOS and Dr. E. S. Murray, veterinarian from Spur.

"Operation Vaccination" was a public service that will be a big help toward keeping down any rabies outbreaks here, such as have been reported in other sections of Texas. And the sponsors have indicated that they will "do it again" before the summer is over, if there is a demand for it.

Dog owners should not think, however, that just because they have had their pet vaccinated against rabies their responsibility to the community ends there. The City of Post has an ordi-

nance that calls for the licensing of dogs and for not letting them run at large.

So, those owners who had their pets vaccinated but have not yet purchased a city license need to do so to fully comply with the law. Dog licenses are issued by the city at \$1 a dog, regardless of sex, and it's doubtful if any other town in Texas has a dog licensing fee any lower than that.

If you've had your dog vaccinated against rabies and purchased a city license for it, you've complied with the law. If you've had your dog vaccinated, but not licensed, you haven't complied with the law.—CD

JUNE IS BUSTING out all over — thanks to the good rains of the last few weeks.

The pulling power of Dispatch classified ads was proved again last week when the wife and I advertised to give away our dog, Spot, and gave him away just like that. The third telephone call did it and Spot found a good home with Orell and Margaret Williams out in the country — where some folks said he belonged.

SPOT'S BIGGEST trouble was that he liked to bark at night at anything that moved—from a tumbleweed to a horned toad — and once he started barking, he was hard to stop. There are enough other night noises to keep folks awake besides barking dogs, so we decided it would be best to get rid of Spot — but we miss him, bark and all.

Since our cat Blackie always expects "equal time" when I write anything about dogs, here is a picture of him in a typical pose — daydreaming about a vacation.

THE MAN UP the street says there ain't nothing so easy to write as poetry, if you know how.

A tract entitled "Brief Notes on the Ways and Means of 'Beating' and Defeating the Draft" is being widely circulated on college campuses. A young friend of mine has supplied me with a copy of the tract.

"1. Be a C. O. (conscientious objector). Write your local draft board requesting . . . form SSS-150.

"2. Have a 'demonstration' during your pre-induction physical. . . . Arrive . . . wearing signs END THE DRAFT NOW or GET OUT OF VIETNAM or the like.

"3. Refuse to sign the loyalty oath . . . if you have been fairly active in any of the subversive campus movements, they won't want you.

"4. Be 'gay'. Play the homosexual bit . . . act embarrassed in front of the other guys when you undress.

"5. Note from doctor . . . Get a signed note attesting to an allergy, a trick knee or elbow or shoulder or back trouble or asthma.

"6. Be an epileptic. Borrow the standard epileptic medal from a friend and wear it. Mark the form properly.

"7. Jail record. Most of us aren't lucky enough to have a felony record . . . Misdemeanors, if you have enough of them, are a good deal.

"8. Play psycho . . . Talk about the Viet Cong being out to get you. Tell them you're a secret agent for God Johnson.

"9. Arrive drunk. . . . If you want to go about the addiction scene in a really big way, use a common pin on your arm weeks in advance.

"11. Be an undesirable. God for a couple of weeks without a shower. Really look dirty. Stink.

"12. Be a foul-up. Don't do anything right. Forget instructions.

"13. Be a trouble-maker . . . pick a fight with a fellow inductee."

Do you seem to hear "Taps" being played? For all of us? SCOUTMASTER Jack Kennedy and his Boy Scouts were a little late getting the flags out in front of the business houses Memorial Day morning, but they made it—in plenty of time—since most of the rest of us are such slow starters on Monday mornings.

Also, someone just came in to tell us that the flag at the VFW Hall is flying upside down this morning (Monday). I'll take a look as I drive out to the cemetery for the Memorial Day service in a few minutes, but if the VFW flag wasn't flying upside down for a reason, it more than likely has been turned right side up by now.

SOMETHING ELSE that happened Monday morning: The secretary came to work late. "Sorry, I had car trouble," she said to her boss. "What happened?" "I was a little late getting into it," she said.

Lady with a Crystal Ball

ALMOST EIGHT YEARS before President Kennedy's death, this startling prediction appeared in a national magazine: "A blue-eyed Democratic President will be elected in 1960 and will be assassinated." The woman who foresaw this tragic event is Mrs. Jeane Dixon of Washington, D.C. Since childhood she has had the uncanny ability to "see" the future.

THIS EXTRAORDINARY "TALENT" enabled Mrs. Dixon in late 1944 to tell the then Vice President Harry S. Truman that he would assume the presidency through an "Act of God." Within weeks, President Roosevelt's sudden death shocked the world.

TEN YEARS BEFORE it became a reality, Mrs. Dixon saw visions of China under Communist rule and was ridiculed by Asian experts. Her many astounding predictions include the deaths by plane of Dag Hammarskjöld and Carol Lombard and the suicide of Marilyn Monroe. Tragic events, blackouts, great upheavals of nature, the fate of men, nations and kings—past and future visions have been recorded by Ruth Montgomery in A Gift of Prophecy—a book that will unnerve the most skeptical of readers! Miss Bennie Chandler of Lubbock was a weekend house guest in the D. D. Pennell home.

Mrs. G. D. Ellis has returned to her home after spending several days in West Texas Hospital where she recently underwent surgery. We wish for her a speedy recovery.

Some of the mothers of the children in the third grade and their teacher, Mrs. Ann Chaffin, and pupils enjoyed playing games and eating a picnic lunch at the Post park Tuesday of last week. It was a bit cool but they had fun. That is the day report cards were distributed.

The seniors and sponsors returned Sunday. Haven't talked to any of them but guess everything went all right.

Sherri Wilke will be presented in a piano and organ recital at the First Methodist Church in Slaton Thursday (tonight). Mrs. David Binkley is her teacher.

Edmund, Sherri and Yours Truly attended a hamburger supper in the Chris Gindorf home in Lubbock Sunday night. Patsy and Joan Gindorf were also guests. Joan still has her leg in a cast but is getting along fine. She broke her leg while skating at a rink in Lubbock.

HOUSE GUESTS of Mr. and Mrs. Herbert Dunn from Friday until Monday morning were her brother and wife, Mr. and Mrs. T. W. Day of Norwood, Mass., and her mother, Mrs. J. E. Day of Muleshoe. They all went to Lake Thomas Sunday, accompanied by Rodney Callaway and Patsy Dunn.

Mr. and Mrs. R. B. Lovelace of Cooper visited the H. C. Dunns and their company Saturday night.

Mrs. Jean Hargrove's sister, Mrs. Elouise Miller of Mesquite, has been visiting in the Hargrove home.

Mrs. Ann Buchanan of Canyon spent the weekend with the Jack Hargroves.

Guests in our home this past week were Messrs. and Meses. Leroy Zieschange, Alvin Becker, James Riney, Wallace Becker, and Mrs. Libby Schneider. Visiting Sherri were Belva Becker, Cathy Riney and little Angle Wilke.

Jerry Donahoo and his friend, Barbara Diggs, visited Mr. and Mrs. Wes Donahoo and the Edmund Wilkes Wednesday night.

The Southland cheerleaders, Libby Sales, Dayneen Dunn and Karen Melcher, have been working out at the school two days a week. There will be a lot for them to learn between now and fall when school starts. They will attend a cheerleader's school at Texas Tech this summer.

Mrs. Alva Basinger and Mr. Mrs. Haywood Basinger have gone to Albuquerque, N. M., for a week's visit with Albert Basinger.

LET'S ALL GO VOTE SATURDAY, JUNE 4

Due to the short period of time since the first primary, I realize I have failed to see some of you, and I ask you to accept this as a personal appeal for your support in the Saturday runoff primary.

Once again, I state to you that should you elect me as your County Judge, I pledge full time to the duties of the office.

I will, if elected, cooperate and work with any civic group or organizations when and wherever possible for the betterment of our county and city.

Vote for the man with a positive approach to the problems of our county.

A WORRYING PROBLEM

Nutgrass, or nutsedge, is a worrisome problem in many home lawns.

Nutgrass and other weedy grasses which invade lawns, such as dallisgrass, crabgrass, sandburs are not controlled by 2,4-D and other herbicide for broad-leaf plants.

These weedy grasses can be controlled, however, by proper application of methylarsonates. The most common forms are disodium methylarsonate (DSMA) and amine methylarsonate (AMA).

These should be applied as a broadcast treatment to Bermuda-grass and bluegrass lawns only. Caution: DSMA or AMA will kill St. Augustine grass if applied broadcast.

The methylarsonates, DSMA and AMA will control most weedy grasses, with the exception of nutgrass, in just one application. Since nutgrass has such an extensive root system, it takes several treatments to control nutgrass — even then, total eradication is almost impossible.

Observe label precautions when using DSMA and AMA as they can be dangerous. Do not apply to flowers and shrubs and in vegetable gardens. For additional information on turf weed control, contact the county agent and ask for a copy of L-425 or B-1029.

A final note: The best defense against weeds in your lawn is good management. This includes proper fertilization, watering, mowing and disease and insect control. A vigorous, healthy lawn will crowd out most weeds.

Post woman to serve as area representative in Easter Seal work

Mrs. Martha Compton of Post has agreed to serve as the Easter Seal representative for Garza, Borden and Kent counties. As the Texas Easter Seal Society for Crippled Children and Adults' representative, Mrs. Compton is the person to contact to request assistance or services from the Texas Easter Seal Society.

Mrs. Compton's appointment was announced by Robert W. Milam, M. D., of McAllen, Texas, chairman of the Case Service Committee.

Last year the Society aided 14,395 Texans in the forms of treatments, services, equipment loans and related aids. The society is carrying out a program to reach every disabled person in the state who needs assistance. This program is to insure that every disabled child and adult has an equal opportunity at a normal way of life.

Mrs. Compton urged that any person needing assistance from the Easter Seal Society contact her at the First National Bank, Post, Texas. There is no charge for these services she added.

Vet's Forum

Q. I now have \$10,000 NSLI term insurance which I obtained during World War II and plan to convert this to Modified Life. Is there a deadline for converting to this plan?

A. There is no deadline for converting to the Modified Life plan of insurance except that it cannot be done on or after your 61st birthday.

Q. Where can I obtain a list of qualified insurance companies so I may convert my new Servicemen's Group Life Insurance to an individual policy?

A. Eventually from the Prudential Life Insurance Company or the Veterans Administration, but the list of qualified companies is not presently available, and will not be for several weeks.

Q. I would like to know where I may obtain my discharge papers. I served on active duty from January, 1955, to January, 1957. I then had a six year inactive reserve obligation. My discharge date should have been about Jan. 27, 1963.

A. You should request a discharge from the branch of the service with which you served.

FREEZE-BRANDING

Texas cattlemen are on the ball. County agents around the state report cattlemen are already trying the newly developed freeze-branding.

The freeze-branding was developed by Washington State University researcher Dr. Keith Farrell.

The way it works is simple enough. According to L. A. Maddox Jr., Texas A&M University Extension animal husbandman, copper branding irons are cooled to about 94 degrees F. below zero by a mixture of dry ice and alcohol. The dry ice cools the alcohol and the alcohol cools the branding iron.

When the iron is applied, it destroys pigment producing hair follicles and the hair grows out a permanent white, said Maddox. It makes an extremely legible brand that can be read on the longest haired animals from a distance. It should be a big help identifying cattle in winter when the hair coat is extra long, he said.

Another advantage is that freeze-branding doesn't harm the hide like hot-branding. Estimates are

are studying the technique to possibly include it in the law books. It's important that animals' hair be clipped around the area to be branded to get better contact with the skin. In Washington, researchers use cordless clippers. They wet the clipped surface with alcohol and apply the brand.

Several animals in the A&M beef cattle herd at College Station have been freeze-branded experimentally. A&M researchers are using dry ice and acetone. They report good results from 30 to 40 second contacts.

The freeze-branding is fairly inexpensive — usually less than a nickel a brand. According to Washington researchers, all-white animals can also be freeze-branded using a nitrogen chilling method.

DEAR VOTERS

It has been my intention to see each of you personally during the past four weeks, but I feel sure that in my effort I have missed some of you. I would like to take this means of contacting you and asking for your consideration and support in the Second Primary Election for the office of County Treasurer, to be held this coming Saturday.

As most of you know, I have had 13 years of office experience in Garza County, seven of which were in various offices in the county courthouse. I have held secretarial positions in the offices of County Tax Assessor-Collector, County Agricultural Agents, County and District Clerk, County School Superintendent and Bowen Abstract Company during the time it was located in the courthouse. I believe the knowledge of these offices has familiarized me with the county routine and would be most beneficial in fulfilling the duties of County Treasurer.

I have also worked as a clerk at the County ASC office and, most recently, was an assistant cashier with General Telephone Company until the local business office was closed in February of this year.

I feel that I am capable of filling this position, and if I am elected, I will serve you to the best of my ability.

Your consideration and vote will be deeply appreciated.

Sincerely,

JUNE PEEL FOR COUNTY TREASURER

(Pd. Political Adv.)

SAY NO TO MINORITY CONTROL OF THE ATTORNEY GENERAL!

Crawford Martin was the choice of Texans for Attorney General by almost 100,000 votes in the primary. But militant minority forces are working hard to capture the office in the runoff, hoping that you and others will fail to vote. Be SURE this vital voice represents the MAJORITY of Texans; be SURE to vote again Saturday for Crawford Martin for Attorney General.

- Crawford Martin has a 20-year record of integrity and distinguished service to Texas.
- Crawford Martin can work in harmony with other state officials.
- Crawford Martin's opponent is the candidate of Hank Brown, president of the AFL-CIO.

Boys sextet in Six Flags trip

Four of "The Playboys", Post High School boys' sextet, their choir director, George M. Wilson, and his son, Cy, returned to Post late Tuesday after spending two nights and a day at Six Flags.

The boys' sextet won the grand prize at the Brownfield Lions Talent Contest in the early spring and as a result four members were given expense-paid trips to Six Flags. This included two nights at the Inn of the Flags, one day at Six Flags and three meals each. J. O. Smith, Steve White, Billy Jack Hodges and Paul Harmon made the trip. Davis Heaton and Greg Jones were unable to go.

New full-fledged members are Linda Reynolds and Katherine Gary. Blenda Robinson, past president, was assisted by President Betty McLeroy. "Self Improvement" will be the educational study program for the new club year. Attending were: Mmes. Gale Birkes, Reynolds, Gary, Lovita Norman, Roberson, Mary Ranshelt, Kay Pace, McLeroy, Marion, Duncan, Mary Hill, Betty Jo Bilbo and Bertha Lee Irons.

Sunday visitors

Sunday visitors in the W. C. Kiker home were Mr. and Mrs. Jessin Payne of Maypearl, Mr. and Mrs. Roy Brown Jr. and children of Carlsbad, N. M., Mrs. Susie Brown, Mr. and Mrs. Leonard Howell and Curtis Ray McCreary of Mesquite, Diane Kiker and Linda McMahon of Lubbock.

One of the first things we noticed about Post nine years ago Wednesday when we moved here was how much cleaner the town looked than any others in the surrounding area.

We proudly pointed this out to the young Misses C's, who were a bit skeptical about this move to the "great" state of Texas. As Mr. C and I had just invested our life-long savings in a newspaper and a house we were trying hard to skip the skepticism and be awfully optimistic. And we still are.

We learned through talking to "old-timers" that Post had had a reputation for years as being "the cleanest little town in West Texas". And they said this with pride.

Occasionally someone with out-of-town guests gives us a ring at the Dispatch office telling us that their company thought Post was a clean, neat little town. And, on first glance it is. But ...

I'm afraid it's not quite up to par at the minute. On our way to work each day we see yards that need care, weeds that need cut down, (a tumbleweed tumbling down the street in a high wind has a thrill of the West in it, but a tumbleweed growing in someone's yard is something else) old cars that need to be junked, and trash blowing everywhere.

Not long ago the city passed an ordinance concerning old cars (by old cars I mean those sitting on rims in front of people's homes, not those that are still being used for transportation) stating they were a health hazard and must be gotten rid of. Not many owners of these old vehicles seemed to have read the ordinance.

Most people passing through our town see only the Main Street, which is also starting to look a little junky. There sets the old Ameen Hotel — a fire hazard if there ever was one — and an eye-sore. In the same building is a store front that still has sloppy lettering on the window announcing that they buy and sell used clothing. Well, "they" have been gone for many a moon.

We have several defunct cafes still with their signs up to catch unobservant customers. I can imagine their disgust when they park their car and get up to a locked door. Especially if they look in the one that still has food on the shelves. The town rodents must love it.

I'm trying to figure out how the Boy Scouts get into their hut. The fence is falling down all around and the weeds running along beside the American Legion building (to my knowledge) haven't been cut since we moved here. I could go on and on but now that I've brought the wrath of the American Legion, the Boy Scouts and Mr. Ameen, upon my head, I'd better quit. A person can only take a little wrath at a time.

Ride around town today and look it over critically before the annual spring clean-up takes place and decide with pride that Post can regain the title of the "cleanest little town in West Texas" but the weekend clean-up is only a start. One doesn't clean house only once a year and a town won't say pretty much that way either.

Bowen-Ticer vows exchanged May 28 in Brownwood church

Miss Helen Louise Bowen of Brownwood, daughter of Mr. and Mrs. O. K. Bowen, and Wilmer R. Ticer of Lakewood, Colo., son of Thomas H. Ticer, were united in marriage May 28.

The ceremony took place at the Melwood Baptist Church in Brownwood with the Rev. J. T. Gibson, officiating at the double ring reading of the vows.

Ferns and candelabras enhanced the scene. A reception followed at Fellowship Hall. The serving table was laid with white lace over satin centered with a garland of white spring flowers. Wanda Wisen Baker of Humble and Joan Bowen were members of the house party.

For travel to Taos, N. M., the bride wore a mint green dress with jacket and black accessories. Mrs. Ticer is a graduate of Brownwood High School and Mary Hardin Baylor College. Mr. Ticer is serving in the Army after graduating from Los Alamos High School and attending the University of New Mexico.

THE WORLD IS WAITING...

In ancient times the world waited breathlessly for every new king. It was always man's crying hope, man's fervent expectation — that under a new king the world would be different.

Today we no longer put our faith in kings — nor in any government that does not represent the people. We believe that tomorrow will be determined by the hopes and ideals of the young men and women who today prepare for their role in life.

There aren't any Christmas bells at graduation time. But it would be well for us to remember those learned men — the Wise Men — who came across the desert to Bethlehem. They came to pay homage to a new-born King... One who did change this world.

And the sons and daughters upon whom we look with fond hopes today must find their foundation of faith in the same Lord.

With its ministry of teaching, its inspiration to service and sacrifice, the Church points their path to tomorrow — and ours!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

How food fads can fool you

We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine, healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitations—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

Civil War veteran served as first Garza cattle inspector

(Editor's Note: This is another in a series of articles on early-day cowboys written for the Garza County Historical Survey Committee's archives. The author is the daughter-in-law of the subject of the article.)

By MRS. JOE CALLIS
Henry Callis was looking for a job that might have been caught in the usually dry bed of the Colorado River, and had turned it into a dangerous torrent. The men picked his way along the river bank while Callis slumped his weary figure in the saddle and pulled the wide-brimmed black hat lower on his sun-reddened face. The dun had almost rounded the bend at the small hill that hid the Pete Scroggins ranch buildings and the river crossing when a woman's scream sounded above the roar of the river.

Callis startled in the saddle. His sharp eyes saw a team of big black horses hunched to a capsized buggy with a woman clinging to it coming around the bend. A sudden splash by the struggling team and they were swimming to safety while the buggy and the woman were being swept downstream on their separate ways by the swift current.

Callis, a strong swimmer, leaped into the river and rescued Mrs. John Slaughter. Mr. Slaughter had been thrown out when the buggy capsized, and he was still swimming, trying to find his wife, when Henry Callis caught sight of him and called out.

Mr. and Mrs. John Slaughter had been to Colorado City for supplies and were returning to their home, which was at that time, on land in what was called the Spur West Pasture.

Henry Charles Callis was born March 19, 1840, in Hickory County, Missouri.

He was a private in Company L, 2d Kansas Cavalry, for four years of the Civil War. On being discharged from the army, he and Bill Lorraine came to Henrietta, Tex. for a visit in Bill's home. Here, Henry Callis met his future wife, Bill's young sister, Betty.

Henry and Bill went to work on a ranch near Wichita Falls for Jim Curtis, who branded "Diamond Tail." A cow died while they were working cattle near the Indian Territory. Mr. Curtis said, "Don't even skin her. Let that band of hungry Indians have her." The Indians swarmed around the dead cow, pulled out their knives and studied themselves with raw meat. They ate her head, guts and all. An Indian would put one end of a piece of gut in his mouth and tear chewing while stripping the contents out on the ground with his fingers.

When Betty Lorraine grew to womanhood she and Henry Callis were married. They had two children, Fronie and Willie.

After Henry and Betty were married, they lived a few years in Lampasas County, but were living at Henrietta when Betty died.

Mr. Callis took his two little girls to Jacksboro where they lived awhile with his brother and family. This brother owned some swift Walker hounds with which they ran coyotes and lobo wolves that were killing calves and colts on the recently fenced ranches. The Callis brothers met the challenge of the fences by carrying long, heavy slickers, which they tossed over the barbed-wire fences. The horses jumped over, the dogs ran under, the men remounted, and the chase was on until the lobos could find a hole or cave. If it were nearly night the men would build a fire near the opening, but wait until morning to smoke them out and shoot them.

In the fall of 1882, Henry Callis took his two small daughters, Fronie and Willie, to Henrietta for a visit with relatives. While there he learned that Bill Lorraine, accompanied by a widowed sister-in-law and her two small sons, Claud and Ott, had moved to Snyder. He decided to make the move, too.

The father and daughters, camping along the way, traveled by buggy pulled by two strong, brown horses. Following the route most used by settlers, they trailed into Colorado City, where they spent the night in the wagon yard because a cold damp norther had blown in.

The next morning a kind stranger gave them blankets. With buggy curtains up, wrapped in the blankets and huddled together, the two sisters kept comfortable as the travelers braved their way on to Snyder.

Mrs. Patterson, mother of Mrs. Kate Thrane, took Fronie and Willie into her home while their Uncle Bill was finishing his new house which was built of lumber hauled from Colorado City. He put up a two-room house in his yard, which he told the little girls was to be a smokehouse, but was really their home where Aunt Josie could care for them while their father worked.

Henry Callis and Mary Miles were married in Snyder on May 4, 1884, and he took a mother home to his two little girls. To this union were born six children: four sons, Charlie, Joe, Bob and Boley; and two daughters, Allie and Annie. Those still living are Joe of Post and Bob and Annie of Portales, N. M.

Fronie (Mrs. Matt Bingham) was buried June 20, 1962, at Spout, which had been her home for 48 years. Willie (Mrs. F. E. Marable) is at the Twin Cedars Home in Post.

THE WORLD'S MOST POWERFUL MACHINE

at the time that the boss, Rollie Burns, put him to riding fence. When a fence-cutter shot at him, Callis decided it was time to draw his pay and go to Snyder for a visit with his family.

Mr. Callis held his next job for 25 years, which was as long as his age and health would permit him to sit in the saddle for a full day's work. Pete Scroggins had hired him to work for Scroggins & Brown, who had large ranch holdings in Garza and Kent counties. Boley Brown and his family lived in Kent County while Pete Scroggins, a bachelor, lived at the ranch headquarters in Garza County near where Kildougan empties into the Yellowhouse.

In 1895, Mr. Callis bought the Andy Holloway place—160 acres and a three-room house—one mile from the ranch house. He brought his family from Snyder to their new home in Garza County. Here the two youngest children were born. Annie, who was born Nov. 19, 1897, thinks she was the earliest white child born in Garza County to live beyond infancy. Boley was born Aug. 28, 1899.

The first school house was a dug-out, which was used two terms, 1896-98. Miss Lula Elkins, who later

married O. B. Kelly, Garza County's first sheriff, was the teacher. The dugout was covered with wild chinaberry poles onto which dirt had been heaped to turn wind and rain. A tarp was fastened underneath the poles to keep the dirt from falling through the cracks on the pupils. Rats would get up on the tarp, Miss Lula would punch them out with the broom handle, and whack them to death with the broom, much to the delight of the school boys and the distress of the school girls. No rattlesnakes were ever found in this school room, but one morning a garter snake was in a corner to greet them. Miss Lula soon dispatched it.

Those who attended the dugout school both terms were Allie, Charlie and Joe Callis, and two daughters of Mr. and Mrs. Doc Knox, Elvy (Mrs. George Duckworth of Justiceburg) and Pauline. The three children of Mr. and Mrs. Joe McLaughlin attended the second year. Joe worked on the OS Ranch. Three Smithers boys rode to school from the Spur South Camp for a few weeks during the early part of that second term.

Among Elvy's cherished memories of those old school days was

June plentiful foods simplify meal planning

COLLEGE STATION — What to serve for dinner — is this your problem?

Why not consult the June plentiful foods list for helpful ideas? Plentiful this month are raisins, split peas and lentils, canned red salmon and seasonal vegetables, according to the Texas Agricultural Extension Service.

We're reaping the benefits of the largest raisin crop since 1953, says the U. S. Department of Agriculture. In addition to this 272,000-ton crop, this year's production also is expected to be large.

Split pea supplies are reported very heavy and producer prices declining. Lentil stocks also are large. You should find both split peas and lentils especially economical.

Bright-red salmon is the answer to nutritious summer salads and other special "no-cook" dishes. The 1965 pack of canned red salmon was 2½ times the pack of the year before.

Garden-fresh vegetables will add color and flavor to your dinners. Market news offices of USDA's Consumer and Marketing Service report increasing amounts of vegetable moving in to local markets.

Let June plentiful foods, suggests the Extension Service, be your answer to palate-pleasing dishes.

COMING FOR VISIT

Mr. and Mrs. Cam Fannin Jr., of College Station will arrive in Post next Wednesday to spend a few days visiting her parents, Mr. and Mrs. Julian Smith, and his parents, Mr. and Mrs. Cam Fannin Sr., in Lubbock. Mr. Fannin will graduate in July from Texas A&M University and plans to enter law school of the University of Texas in the fall.

Martin endorsed by 12 senators

AUSTIN—Endorsement of Crawford Martin for Attorney General by a committee of state senators was announced here Saturday.

Formation of the group, Senators for Crawford Martin, was revealed by Sen. Grady Hazelwood of Amarillo, who has been named its chairman. Membership of the committee is composed of elected members of the state senate, and includes several former colleagues of Martin, who served with him in the upper chamber.

In announcing the group and its endorsement of Martin, Hazelwood released this statement:

"Those of us who have served with Crawford Martin in the Senate have a deep respect and admiration for him. We have seen him exercise great courage and statesmanship in the best interest of Texas. Few men in public service possess his broad background and depth of governmental experience. We are proud to recommend him to the people of Texas as an outstanding Attorney General."

Martin was elected to the Senate in 1948, following in the footsteps of his father, Will M. Martin, who served in the body eight years. Martin was a key leader in the Senate for 14 years, and was three times re-elected without opposition in his home district.

End-of-school program is held at Justiceburg

The end-of-school program of the Justiceburg School, which was held May 24, at 7:30 p. m., opened with a song, "A Spoonful of Sugar", sung by E. A. Franklin's pupils.

Sam Torres and G. W. Mize were members of the first grade graduation. Mrs. Franklin's students sang "Let's All Sing Like the Birds Sing." Jenny Miller, Glenna Bevers, Stella Torres and Linda Rivera sang "Stylish Little Ladies."

Elizabeth Torres and Flora and Linda Rivera presented a song and dance to "Rancho Grande." The boys sang "Sleepin' at the Foot of the Bed," followed by the song, "Happiness Is" by Denise Schlehuber, Elizabeth, Liddle Bell Mize and Flora.

Bruce Reed was drummer boy in the song, "Ballad of the Green Heron." Jenny Miller played a piano solo "My Happiness" was sung by Liddle Bell, Denise, Sonny Bevers, Elizabeth, Robert McWhirt and Flora. Mrs. Franklin's room presented a play entitled "No Television Tonight." The play cast sang "Bipety Boppety Boo."

Bruce, Sonny, Glenna, Liddle Mize and Denise received certificates for perfect attendance.

Mmes. Riley Miller, Rafael Rios and Sam Bevers Jr., served coffee, punch and cake to the guests and students.

Write-in illegality applies to runoffs
The illegality of write-in campaigns under Texas election laws applies only to runoff elections and not to primary elections, as incorrectly stated in a news story in last Thursday's Dispatch.

The Dispatch misquoted County Democratic Chairman N. C. Outlaw, who cited Article 6.06 of the Texas Election Code, which states: "... that a voter shall not be entitled to vote for any candidate whose name is not printed on the ballot in any runoff election for nominating candidates or electing officers, and a space for write-in votes shall not be provided on the ballot for such elections."

Judge sworn in by judicial body

District Judge Truett Smith of Tahoka was among the nine members of the new state Judicial Qualifications Committee sworn in recently at Austin by Chief Justice Robert W. Calvert of the Texas Supreme Court.

Immediately following the ceremony, the new commission elected Spurgeon E. Bell, chief justice of the First Court of Civil Appeals, as chairman; Judge Smith as vice chairman, and Fred B. Werken-thin of Austin as secretary.

The commission was authorized by a constitutional amendment to oversee the Texas judicial system. Three members were named by Gov. John Connally, two by the State Bar and four by the Supreme Court.

Post girl to work in Migrant Ministry
Susan Cornish, daughter of Mr. and Mrs. Jim Cornish, will spend the summer working in the Migrant Ministry in Illinois under direction of the National Council of Churches.

Miss Cornish, who completed her freshman year at Trinity University at San Antonio Friday, returned home Saturday for a few days visit with her parents.

She will leave this weekend for Woodstock, Ill., for a week of orientation in the Migrant Ministry program and then will be stationed in Hoopeston, Ill., south of Chicago for her summer's work.

The Migrant Ministry programs include Christian education, health clinics and youth and adult recreation for migrant farm workers and their families.

Two injuries result from street crashes

Four traffic accidents, two of them resulting in injuries, have been investigated by city police since last week.

Judy McCampbell, 18, daughter of Mr. and Mrs. J. D. McCampbell, received a knee injury when the automobile she was driving collided with one driven by Jackie Odom, 28, at 8:20 p. m. Saturday at the intersection of Avenue 5 and 13th Street.

Sammie Martinez was injured when his car ran into a tank battery on South Henry Street at 8:28 p. m. Sunday.

The accident in which Miss McCampbell was injured occurred when her car slid through a stop sign and struck the one driven by Odom, according to the police report. Miss McCampbell was admitted to the hospital for treatment of the knee injury she received.

Control group for TB holds area meeting

E. R. (Buster) Moreland represented Garza County Saturday when representatives from a 23-county area met in Lubbock to work toward merging voluntary tuberculosis control efforts in the region.

S. M. Kennedy, Ph.D. led discussions as chairman of the group's steering committee. Dr. Kennedy is dean of the College of Arts and Sciences at Texas Tech.

Representatives of 22 of the counties had met May 14 in Lubbock and determined a name for the association, the West Texas Area Association, with headquarters at Lubbock.

Dr. John H. Selby, Lubbock physician and a director of the state TB association, was elected president of the area group.

Dr. Selby, in commenting upon the merger, stated that through the merging of small TB associations which are tied together by geography, economics, and similar health problems, the services of one specialized, professional staff would be provided to conduct better TB programs and offer better services, which individually none of the associations could afford.

"This represents," said Dr. Selby, "a grass roots approach to conducting a program to eradicate tuberculosis in West Texas."

At the May 14 meeting, County Judge J. E. Parker was named as Garza County chairman on the association board.

The Raphaelis will move to Lubbock as teachers in an elementary school there.

Evans, who resigned as band director, has held that post here for the last four years. He plans to continue work on a doctor of philosophy degree at Texas Tech.

Hopkins, industrial arts teacher here for seven years, is going to the Corpus Christi school system as a teacher and supervisor.

May, biology teacher in high school, has been on the faculty here for eight years. Mrs. May has completed her second year as an elementary teacher here. They are in the Odessa schools.

Harold Williams, who has taught here two years, has accepted a position in Florida in livestock operations. Supt. Shiver said.

Miss Delgado, who resigned as a teacher in the elementary grades, has taught here two years.

Mrs. Pool, employed as high school English teacher, is the wife of Bill Pool of Scott-Pool, Inc., Ford dealers here. She taught in the Post schools in the mid-1950's.

Supt. Shiver said following Thursday night's meeting that the faculty vacancies remaining are for a band director, industrial arts teacher, high school general science teacher and two elementary school teachers.

Charles R. Hutchins has been reassigned to replace May as biology teacher to create the vacancy in high school general science, where Hutchins taught last year.

Judge praises credit bureau

County Judge J. E. Parker in a talk before the Retail Merchants Association's weekly credit luncheon in Levi's Restaurant last Thursday praised the Post credit organization for the success of its program here.

He said more merchants should be members with all benefitting by helping others with their credit problems.

Emphasizing the need for credit bureau service, the county judge pointed out that credit gives people a better opportunity to have the better things in life by paying for them as they use them.

He urged merchants not to be too lax in accepting checks from out of towners passing through but to be sure and obtain proper identification so any bad checks can be traced and those passing them apprehended.

He spoke at some length on bad checks.

and placed on the shelves.

THE BOARD will meet again tonight at 7:30 o'clock in the city council room at which time it will hear a report from Mrs. Lillie McRee, who has served as city librarian while the library was operated for the last several years in conjunction with the high school library. Mrs. McRee retired as high school librarian at the completion of the recent spring school term.

The board also will inspect the new library quarters and will meet with the committee on library aides of the Friends of a Public Library organization to complete plans for moving the books and opening and operating the library. Mrs. Edgar H. Graham Jr., is the chairman of this committee.

A COMMUNITY-WIDE drive for book donations for the library is being planned by the Friends of a Public Library and an acquisition committee, headed by Mrs. Beth Walker, will spearhead the drive. Details for such a campaign also will be discussed by the board with Mrs. Walker tonight.

At its Monday night meeting, the library board tentatively approved a proposed library operations schedule calling for 16 hours a week at which the library will be opened to the public.

Final approval of the operating hours may come at tonight's meeting.

The board accepted with appreciation the proposed program of the Friends of a Public Library to organize a story telling hour each week at the library for pre-school children, another story telling hour for first through third graders, organization of a summer intermediate reading club for fourth graders through junior high age youngsters, a young adult reading program, and a book discussion group for adults.

THE CITY has some 1,500 books, which Mrs. McRee has completed boxing for the move to the new library quarters when the quarters are ready. Mrs. McRee reports 1,000 of these books are owned by the city, 300 have been donated to the library by local people, and 200 are on loan from the Texas State Library.

The Friends of a Public Library organization already is seeking a larger book loan from the state to launch the new library program.

Post Jaycees set June dates for Sports Spectacular

Track meet and golf tourney to be held

The Post Junior Chamber of Commerce will sponsor a track and field meet June 18 and a golf tournament June 25 to qualify youngsters for the state Jaycee Sports Spectacular to be held at Lubbock July 7-9.

The track and field meet here will be held on the high school track with three age divisions for boys and girls. There will be no fee for the meet, but contestants will be required to furnish their own equipment.

Divisions for the track and field meet are: Prep Division (ages 13-14), Intermediate Division (ages 15-16) and Senior Division (ages 17-18).

The golf tournament will be held at the Caprock Golf Course, where contestants will be required to furnish their own equipment and pay their own green fees of \$2.

Entries will be divided into two categories for boys under 18: Novice Division for beginning and inexperienced golfers and Open Division for advanced and experienced golfers.

The winners in the Post track and field meet and golf tournament will be qualified for the state Jaycee meet at Lubbock. Winners in the golf tournament there will be eligible to compete in the National Junior Golf Tournament in Greensboro, N. C., Aug. 6-12.

Post Jaycees will hold track and golf clinics ahead of the meet here. James Brown is chairman of the Jaycee committee for the competition and Hoyt Thomas is publicity director.

The Jaycees hope to have a large number of contestants in the track meet and golf tournament here. They point out that it probably will be a long time before the state Sports Spectacular is held in Lubbock again and that all Post youngsters should take advantage of the opportunity to compete in a state meet so near home.

Because of inadequate facilities, the Post Jaycees are not sponsoring a tennis tournament in this year's competition.

Post nine opens at Shallowater

The Texas Teeny Baseball League will play at Shallowater at 8 p.m. Saturday at the first game of the league season.

The first home game for the locals, who are managed by Pat Baker, will be at 8 p.m. Monday, June 6, against Cotton Center on Babe Ruth League diamond at Shallowater.

The Post nine will continue league action at Ralls Thursday night, June 8.

The local entry in the eight-teen league resumed practice sessions the first of the week after a week off because of school ending activities.

Walker said yesterday he had worked on his starting line-up for Sunday night with the exception of two outfield positions.

Boyle Nichols will start on the lead for the locals, with Donnie Madam catching. The infield will be Bonnie Pierce at first, Duke Altman at second, Davis Heaton, shortstop and Roy Sappington, third base. Clyde Cash will start in left field.

The Cubs play the Pirates and the Indians take on the Braves tonight in Babe Ruth League games, as league operations get back in full swing following a suspension from May 20 until May 31 because of school ending activities.

Play was resumed Tuesday night with games between the Pirates and Braves and the White Sox and Indians.

Friday night, it'll be the Cubs against the White Sox and the Pirates versus the Indians. Next Tuesday night, the Braves take on the Cubs and the Pirates meet the White Sox.

Dodgers hold onto second

Cards keep winning, lengthen league lead

The undefeated Cardinals and second place Dodgers scored wins in Thursday and Monday night's Little League games, with Saturday night's contests postponed because of rain.

The Cardinals, well out in front with eight wins and no losses, play the Tigers Saturday night and take on the Dodgers next Thursday night. The Dodgers, who have won five and lost two, held the lead in a 2-1 decision in their last meeting, May 21, and will be out to win next Thursday night and narrow the gap.

Both the Cards and the Dodgers had easy times of it in Monday night's games, the Cards whipping the winless Yankees, 14 to 6, and the Dodgers taking the Tigers, 15 to 2.

ROBERT MINDIETA, Reg Moore and Jerry Saldivar pitched two innings each for the Cardinals in their win over the Yankees, limiting the losers to three hits. One of the Yankee hits was a two-run homer by second baseman Jay Pollard off Saldivar in the fifth frame. First baseman R. Kennedy got the Yankee's other two hits.

Jerry Smith, who went all the way for the losers, gave up eight hits, with Saldivar getting three for five.

The Tigers' only hit in their loss to the Dodgers was a fifth inning single by Thomas off Collazo, the second of three Dodger pitchers. Kim Owen started and went four innings without giving up a hit.

TORRES WAS the starter and loser for the Tigers, with D. Hair and J. Dinsley also seeing mound duty. The Dodgers came up with five hits, one of them a lead-off home run in the second inning by first baseman Kyle Josey, who also doubled in the third inning.

Mindieta was the winning pitcher in the Cards' 8-2 win over the Red Sox last Thursday, going three

innings before turning the mound duties over to Moore. The losers outbit the winners, 8 to 5, with catcher T. Zachary getting three for three, third baseman Blacklock two for three and shortstop Martin two for three.

The losing pitcher was Danny Lee, who went the distance for the Red Sox. Saldivar and Moore each got two of the Cardinals' five hits, with Jimmy Bertram getting the other one.

EACH TEAM got only one hit in the Dodgers' 5-0 shutout win over the Wildcats last Thursday night, with Josey the winning pitcher and John Redman the loser. M. Sappington singled for the winners' only hit, and catcher Mark Clay-

ton hit a one-bagger for the losers' only safety.

Two walks and two fielder's choices enabled the Dodgers to score three runs in the first without the benefit of a hit. Their other two runs came as singletons in the second and fourth innings.

Big holiday for Detroit's Cash

Norm Cash blasted his eighth home run and rapped two singles to drive in three runs Monday as the Detroit Tigers defeated Kansas City, 5 to 2, in their Memorial Day game at Kansas City.

The slugging Tiger first baseman is edging up toward the .300 mark in what many predict will be his best year since 1961 when he won the American League batting crown.

Cash's batting is helping keep the Detroit club in contention for first place in the torrid American League race. Through Monday's games, the Tigers were in third place — three and one-half games back of the league-leading Cleveland Indians.

Cheerleaders named at Post High School

Recently elected cheerleaders at Post High School plan to attend cheerleaders school at Southern Methodist University in Dallas the second week of August.

Linda Altman is head cheerleader and Marcia Newby is the other senior. Micki Sterling and Nedra Childs will represent the junior class; Vicki Martin, sophomore, and Kay Altman, freshman.

Harvesters lead in Minor League

Am-am tourney winners named

The Harvesters, undefeated in two games, have jumped into the lead in Post's Minor League. They scored a 12-4 victory over the Giants Friday night, after having opened with a 5-3 win over the Rebels.

Garland Dudley was the winning pitcher in the Harvesters' win over the Giants, with Ray Martinez taking the loss. Dudley limited the losers to three hits, with first baseman Randy Josey getting two of them. Getting two hits each for the winners were Donnie Stelzer, Ronald Tyler, Jerry Tyler and Charles Padgett.

Randy Josey was the winning pitcher Tuesday night when the Giants outtraced the Colts, 21 to 16, with Rodney King absorbing the loss. The Giants collected 15 hits and the Colts 14 in the free-swinging affair. K. Atkinson, Ray Martinez, Tony Vasquez and Stan Mayberry were the Giants' leading hitters, while Danny Saldivar and Grayland Johnson did most of the stick work for the Colts.

Rodney King pitched the Colts to a 9-5 win over the Rebels Friday night, giving up only four hits. Buddy Britton was the losing pitcher, yielding seven safeties. In

addition to pitching the win, King got two hits in two trips to the plate for the winners. Catcher Joe Clary got two hits in three at-bats for the losers.

Graham community news

Former resident dies at La Juanta, Calif.

By MRS. GLENN DAVIS
We were sorry to learn of the death of Grady Thompson last week in La Juanta, Calif. He attended the Graham school as his parents were among the first families who came here when C. W. Post sold this land for homes. We extend sympathy to his brothers and sisters.

Mr. and Mrs. Howard Adams of Healdton, Okla., visited her parents, the Elgie Stewarts, over the weekend. Monday they took her sister, Mrs. Harvella Mason, and Darla home with them.

The Auvy McBrides spent the weekend with his parents. Other visitors were Mrs. L. E. McBride and daughters. David is spending a few days in Post with his aunts and grandmother.

Mr. and Mrs. Quannah Maxey and Mr. and Mrs. Arthur Floyd attended eighth grade commencement exercises in Abernathy last week. Their niece and granddaughter,

Terry Sue Sinclair, was a member of the class.

THE GRAHAM HD Club met in the community center last Thursday with Mrs. Jess Probst and Mrs. W. C. Bush as hostesses. Roll call was answered with "My Favorite Season." A ten-minute demonstration was given by Jewell Parrish on "New and Outdoor Recipes." Iris McMahon made icing and iced a cake during her program on "Desserts." Refreshments were served to Mrs. Rene Fluit, Sue Maxey, McMahon, Parrish and Viva Davis. The next meeting will be June 9.

Visiting the Carl Fluitts and Mrs. W. O. Fluitt Sr., during the weekend were the W. O. Fluitt Jr's, the Wayland McClellans of Odessa, Mr. and Mrs. Morris McClellan, Mrs. Pete Hays and children, Mr. and Mrs. Tom Ferguson of Ralls and the Jack Fluitts, who were Sunday overnight guests.

ited Friday evening with the Bryan Maxeys.

Mrs. Harvella Mason and Darla visited her parents, Mr. and Mrs. Elgie Stewart, part of last week. Mrs. Glenn Davis visited them Thursday afternoon.

D'Lyn and Kellis Byrd visited part of last week and over the weekend with their grandparents, Mr. and Mrs. E. E. Peel.

Linda McMahon spent the weekend with her parents, Mrs. Don Brown and children are spending a week with her sister, Mrs. Frank Chandler, and family in Wichita, Kans.

Mrs. Melvin Williams visited last Saturday afternoon with Mrs. George Huffman and Mrs. Stanley McMillan.

Mr. and Mrs. Lonnie Peel, Mr. and Mrs. Delmer Cowdrey and Mrs. Glenn Davis attended the fifth Sunday singing at the Gordon Church of Christ.

MR. AND MRS. James Stone and Mary Ann visited in Dallas over the weekend with the Jerrald Stones. They saw their granddaughter, Melissa Ann, who was born May 6.

Mrs. L. G. Thuet Sr. and Mrs. Ruby Carpenter attended the Hereford Commencement program last Thursday and visited relatives. Mrs. Thuet's granddaughter, Sandy Thomas, was a member of the graduating class.

Mr. and Mrs. Melvin Williams and David were Saturday supper guests of his parents. In the afternoon Sunday they visited with the Dean Laws family.

Mr. and Mrs. Elmer Cowdrey and family went to Odessa last week and brought their grandsons, James and David Sparlin, home with them.

Mr. and Mrs. Carter White and daughters visited in Odessa Sunday with her sister, Mrs. B. J. Woods, and family.

The Raymond Thanes spent the weekend with her parents. Other Monday guests in the Ray McClellan home were the Bill Stone family and Kathy Mason, who is spending a few days with K. J. m.

The Bryan Maxeys were Sunday supper guests of the Melvin Williams family.

The Bobby Cowdrey family and Melanie Evans were Sunday dinner guests of the Elmer Cowdreys.

Mr. and Mrs. Curtis Lewis and Mr. and Mrs. Richard Lewis of near Kilgore visited over the weekend with their sisters and aunts, Mrs. Grover Mason and Mrs. Tennie Mason and families.

TO THE VOTERS OF GARZA COUNTY

If I have missed seeing any of you since the May 7 election in my campaign for the office of County Treasurer, please take this as an apology and also as an invitation for your vote and influence in Saturday's Second Primary Election.

If you see fit to elect me Saturday, I promise to devote full time to the office and to serve you to the best of my ability as your County Treasurer.

Regardless of for whom you vote Saturday—please go vote. The successful operation of our county and state depends on an alert, energetic citizenship. An alert citizenship exercises the right to vote and Saturday is the next election day!

Sincerely,
PAULINE COLEMAN

Memorial Day speaker says

Freedoms abused for which veterans died

"I am very much afraid that if it were possible for these honored veterans to observe the events taking place in our nation at the present time, they would be very much perplexed and perturbed," James L. Minor said Monday morning in a Memorial Day address at Terrace Cemetery honoring Garza County's war dead and other deceased war veterans.

"These brave men fought for the Constitution of these United States of America and for the Bill of Rights," Minor said. "These two great and historic documents... guarantee to each and every one of us the freedoms for which our honored comrades fought and died."

"For a number of years" the speaker continued, "our high officials in our federal government have been construing and reading into these two great documents their own ideology and political philosophy to meet their own personal and political views until they have almost destroyed these two great documents for which so many red-blooded Americans have fought and died."

The Memorial Day service was jointly sponsored by the Veterans of Foreign Wars and American Legion posts, with Max Chaffin, District 7 VFW commander, presiding.

The program included a firing squad salute, directed by Bill Case, tape by Rickey Welch and the invocation by the Rev. Edgar H. Graham Jr.

Flowers were distributed to those attending for the decoration of veterans' graves.

The roll of the county's deceased veterans was read by Chaffin. The roll read by the VFW commander follows and he asks that he or some other VFW member or Legionnaire be notified of any deceased veteran's name not on the list.
