

# Winter wonderland result of weekend's snow and ice

Post's worst ice and biggest snowstorm in at least five years last Thursday night and Friday got 1966 off to a fast moisture start, and, although it caused considerable dollar losses over the area, no one was reported injured.

Four and one-half inches of snow fell here, according to official measurement, which was good for a total of .81 of an inch of moisture.

This followed an inch snow a week earlier which was good for an additional .13 of an inch of moisture to bring the town's moisture total for 1966 to date to .94 of an inch.

**THE SNOW AND ICE** made all highways virtually impassable, resulted in six expensive, but no injury wrecks on highway US-84 alone northwest and southeast of Post, sent utility repair crews to work repairing damaged telephone and electric lines in the area, and caused a loss of power to Southland Thursday night for an hour or more.

Post school students got an unexpected winter holiday from school Friday night at the end of six weeks and semester exam week. But the students didn't get a vacation from the tests. They were given Monday as the second semester got under way.

The snows this month were the first snows for Post since 1963 after two mild, dry winters. Both the city-county lake here in Post and the much larger White River lake froze over leaving the ducks nothing but skating to do for surface exercise.

The White River lake was reported completely frozen over about a quarter of an inch thick except for a few small "holes" of water.

The Post Antelopes district basketball game at Morton scheduled for Friday night was postponed because of the bad roads and has been tentatively rescheduled there for Feb. 17 but won't be played unless its outcome will have a bearing on the district championship.

**THE SIX HIGHWAY WRECKS** on US-84 caused an estimated loss of well above \$7,200, according to Post's two investigating highway patrolmen, Max Knox and Henry Hardin.

No one was injured in the accidents. All involved out of area vehicles and drivers.

Knox, who investigated five of the six accidents Friday, reported that he spent more time being pulled out of snowbanks and bar ditches than he did on the highway that day. He skidded off the road several times with no damage to the patrol car.

Two trucks and a pickup truck turned over in the accidents. Only one wreck involved two cars in collision.

The first accident, which occurred at 9 p.m. Thursday, 15 miles northwest of Post, involved a 1965 Chevrolet truck driven by S. L. Ortiz of New Deal.

**THE TRUCK TURNED OVER**, Knox reported, and its load of \$1,400 worth of produce being hauled up from "the valley" froze before the vehicle could be righted next day and was a total loss.

The second accident at 6 a.m. Friday, 4.9 miles northwest of Post, involved a semi-trailer load of furniture bound for California.

Patrolman Knox said Leonel Marti of Long Beach, Calif., the driver, told him the truck's second gear slipped and the vehicle skidded and overturned. Knox estimated damage to the rig alone at \$4,000 and had no estimate on damage to the furniture, which could not be removed until Monday and hauled away in another vehicle.

The only collision among the six accidents occurred at 7:30 a.m. Friday 14.6 miles northwest of Post. A 1961 Chevrolet driven by Mark Duncan of Lubbock collided with a 1966 Porsche driven by Hugo Schmidt III of Niagara Falls. Knox estimated the damage to the Chevrolet at \$350 and to the Porsche at \$250. He said the Porsche skidded into the path of the Chevrolet with neither car driver being able to tell where the highway was.

**THE FOURTH accident** at 1 p.m. Friday, seven miles southeast of Post, occurred when a 1957 Pontiac driven by Angel Valdez of Ballinger slipped off the road and hit an embankment, wrinkling the front end and doing an estimated \$150 damages.

The fifth accident occurred at this wreck scene at 3 p.m. that same afternoon when a 1963 Chevrolet semi-trailer driven by Jesus Ramirez of Coleman came over a hill and jack-knifed when Ramirez (See Winter storm, Page 8)

**THE SNOW MADE SLEIGH RIDING 'BIG FUN'**

The weekend's heavy snowfall made sleigh riding a popular pastime with groups of young people such as this. From left to right on the West Main Street sled are David Pierce, Neff Walker, Steve Newby, Marcia Newby, Linda Altman, Sherry Woods, Boyd Noble and Dennis Dodson.

**SLICK LOOKIN' SNOWMAN**

Building snowmen (with parents' help) was another favorite pastime of youngsters during the snow. Tim Tatum (left), five years old, and his brother, two-year-old Mike, helped build this "slick looking" snowman at the home of their parents, Mr. and Mrs. Ted Tatum, 411 West 11th St.

**HOSPITAL REQUIREMENTS**

In his talk before Rotarians Tuesday, Gerald Schantz said that the Texas State Health Department will help hospitals within the state qualify as approved hospitals under the new medicare program.

W. C. Stivers, Garza Memorial Hospital administrator, told The Dispatch Tuesday afternoon that the American Hospital Association has notified the hospital that it is mailing the requirements set down by the government for a hospital to qualify to receive medicare patients.

Stivers said those requirements have not yet been received by his office.

medical benefits program July 1 and don't enroll by March 31 will not have another opportunity to do so, he said, until Oct. 1, 1967.

Persons 65 or over who are drawing social security benefits have been mailed one card which must be signed and returned if they want to qualify for the medical benefits program. The \$3 monthly cost will be automatically deducted from their social security checks. A record card will be mailed shortly for those who lost the first.

## Mother's March set for Monday

The annual Mother's March for the benefit of the National Foundation will be held Monday evening, Jan. 31, Mrs. Kay Pace, chairman, announced today.

Funds raised in the march will be used in the fight against polio, diabetes and other crippling diseases.

Mrs. Pace, who this week is completing appointment of section captain for the Mother's March will start at 6:30 p.m. Monday. Those wishing to make contributions are invited to turn their porch lights on.

This year's Mother's March raised approximately \$11,000, Mrs. Pace said.

## New employe at SCS office here

Newman, formerly of Silas, is new range conservationist at the Soil Conservation Service here, filling a vacancy that existed for the last few years.

Newman, a 1965 graduate of the University of Oklahoma, was range conservationist at the SCS office in Post for six months before he moved to Post.

New SCS employe's home is in Duncan, Okla.

# Poll tax receipts continue to drag

Garza County's poll tax total had "crape up" to \$37 by 2 p. m. yesterday, indicating that 1966 will be one of the lightest poll tax election years on record here.

Meanwhile, the political pot continued to bubble with the entry of another candidate this week in the race for county judge, and announcement of another incumbent office holder for re-election.

E. E. (Elva) Peel of Route 3, a former Precinct 2 county commissioner, has filed for election as county judge. Already in the judge's race were John N. Hopkins and A. C. Cooke. The present county judge, J. E. Parker, has not yet announced whether he will seek re-election to the office he has held for the last two terms.

County School Supt. Dean A. Robinson announced his candidacy for re-election.

The poll tax deadline is 5 p. m. Monday, Jan. 31, and it appears now that the total might not go far above the 1,000 mark. In recent election years, the number of poll tax receipts have ranged from around 1,500 to nearly 2,000.

State Democratic Party officials are most concerned that Texas voters are under a false impression that they no longer have to pay their poll tax in order to be able to vote in the 1966 elections, according to Will D. Davis, chairman of the State Democratic Executive Committee.

"Nothing could be further from the truth," Davis said. "A poll tax receipt or a valid certificate of exemption is still the only 'legal tender' acceptable as an admission ticket into the voting booths of Texas."

The three federal judges who will decide the U. S. Department of Justice law suit to abolish the poll tax in Texas as a requirement for voting also have admonished Texans that they had better pay the \$1.75 poll tax before the Jan. 31 deadline if they desire to vote (See Poll tax, Page 8)

## Phone company business office to Brownfield

Effective Friday, Jan. 28, the Post business office of General Telephone Company of the Southwest will be closed and accounts transferred to the Brownfield business office, J. H. Fowler, district manager, announced.

The business offices here and at two other places, Lamesa and Levelland, are being merged with the Brownfield business office.

First announcement of the removal of the Post business office was made by representatives of the telephone company at a city council meeting here a few months ago.

Mrs. Faye Mathis, who has been cashier here for the telephone company for the last 12 years, will be employed in the Brownfield office, but will maintain her residence in Post. Mrs. June Peel, assistant cashier here for the last five years, is leaving the phone company's employ and is a candidate for the office of Garza County treasurer.

The business office here has been located in the McCrary building since shortly after the cut-over to dial telephones in 1960.

A telephone company advertisement on page 12 of today's Dispatch contains information on payment of telephone bills after Jan. 28.

A. J. Baumann, combination man, and Jack Bishop will remain in Post as the telephone company's maintenance crew here.

## Smith announces for re-election

Judge Truett Smith of Tahoka has announced his candidacy for re-election as District Judge of the 106th Judicial District, comprising Lynn, Garza, Dawson and Gaines counties, subject to the Democratic primary election May 7.

Judge Smith has lived in Lynn County nearly all his life, having moved to New Home as an infant with his parents, the late Mr. and Mrs. Sam Smith, in 1907.

He has been district judge since Jan. 1, 1959. He was county clerk and county attorney in Lynn County for a number of years, then served as district attorney and was in private practice before being elected district judge.

Judge Smith was recently appointed by the Texas Supreme Court as one of four members to serve on the new State Judicial Qualification Commission.

He is active in the State Bar Association and is highly regarded in legal circles over the state.

## School superintendent commended by trustees

Superintendent said that only \$11,000 more in school district tax collections are needed in order to meet the district's budget requirements for the current fiscal year. He reported tax collections were at that time between 89 and 90 per cent.

With penalties due to be imposed Jan. 31, it is expected the \$11,000 will be reached without difficulty.

Monthly budget and financial statements of the district's various funds and the athletic fund showed all funds to be running within budgetary limits.

The athletic budget showed that to date none of the district's \$4,382.89 subsidy to complete the athletic department's anticipated \$16,399.39 needs had to be used.

To date the high school's athletic department has taken in \$2,190 on football season ticket sales (\$2,127.50 anticipated in budget), \$6,147.30 in football ticket sales at the gate (\$6,393.90 anticipated), \$756.55 in basketball ticket sales \$1,200 anticipated but season has several games to run in home games), \$2,191.72 in game contracts (See School board, Page 8)

principal's contracts at their February session and teacher contracts in March.

Trustees accepted the resignation of Charles Black on the recommendation of Shiver, who noted that Coach Black gave a 60-day notice of his desire to resign to enter the business field.

The superintendent told the board that a replacement to date has not been secured. Black's teaching position is temporarily being filled by Mrs. J. F. Storie.

In reporting to the board on school district tax collections, the

## City's key fire insurance rate drops 7 cents

Post property owners today got some good news — for a change. The city's key rate for fire insurance has been dropped seven cents from 42 to 35 cents.

Post is now a first key rate town. That means the city's key rate below 40 cents.

Mayor Harold Lucas announced the new insurance key rate today. He said Post now is one of the few smaller cities in this area with such a low key rate.

The dropping of the key rate will mean cheaper fire insurance for local property owners.

Lucas estimated the rate drop will save local property owners several thousand dollars each year. He said for example coverage which formerly had cost a \$40 premium now would cost only \$36.

The new fire rates here became effective Jan. 20 and will apply on all new policies.

A whole new rate book has been published for Post. Some changes were made in the ratings on various types of buildings which will result in a few credits and a few penalties, he said.

The city's new key rate for fire insurance is a result of an inspection (See Key rate, Page 8)

## Mason Justice in re-election race

Mason Justice, who recently announced that he is a candidate for re-election as Garza County commissioner, Precinct 4, this week issued the following statement to the voters:

"As your Precinct 4 county commissioner, I have endeavored to carry out the duties of the office to the best of my ability and, if re-elected, promise to continue doing so."

"I intend to see each and every voter of the precinct between now and the first primary election May 7. In the meantime, I earnestly solicit your vote and influence."

## Dallas man to speak 250 expected at Chamber banquet

Joseph Halbach of Texas Instruments Co., will be the keynote speaker at the annual membership banquet of the Post Chamber of Commerce at 7 p. m. Tuesday, Feb. 1, in the elementary school gymnasium.

Dave Sanford, Chamber president, said today that a crowd of approximately 250 are expected to attend the banquet.

The program will also include introduction by Sanford of Glen Barley as new president of the organization.

Halbach, the keynote speaker, is a graduate of the University of Texas and has been an executive with Texas Instruments for the last five years. His home is in Dallas. Halbach has been active the last few years in labor and industrial relations at the national level.

The keynote speaker will be introduced by Robert L. Cash of the Litton Industries, Lubbock.

Barley, who will be introduced as new president of the Chamber, has been manager of Southwestern Public Service Co. here since October of 1964. He has been a member of the organization since moving here from Crosbyton, where he was SWPS manager for a number of years.

Other new officers and directors also will be introduced at the banquet (See C-C banquet, Page 8)

## Lions not to hold meeting Feb. 1

The Post Lions Club will not meet Tuesday night, Feb. 1, because of the annual membership banquet of the Chamber of Commerce, it was announced at Tuesday night's meeting of the Lions Club. The club's next meeting will be Feb. 8.

Lion Bud Davis presented a quiz program at this week's Lions meeting.

The club's current sale of retractor-type house numbers for curbs and houses was also discussed. The numbers are being sold for \$1 each and may be ordered by telephoning 3245 or 2500. The committee in charge is composed of Travis Thomas, Henry Harden and Carl Aycock.

The Lions are also getting under way with a project to repaint rural route mail boxes.

## FROM POLL TAXES TO LICENSE TAGS

Tax Assessor-Collector T. H. Tipton and his deputies, Mrs. Gladys Pennell and Mrs. Ruth Reno, will forget about issuing poll tax receipts next Tuesday and go right into selling new 1966 vehicle license tags.

Monday, Jan. 31, is the last day for the issuance of poll tax receipts as a requirement for voting, and Tuesday, Feb. 1, is the first day for the purchase of this year's license (See License tags, Page 8)

Post got 15 minutes of good area publicity yesterday noon when a quartet of local community leaders appeared on Lubbock TV station KCBD's Community Close-Up program and told some of the many good things which are happening in Post, like a 50,000 square foot storage expansion program recently completed at the Postex Cotton Mills. Appearing on the program were Mayor Harold Lucas, Louise Burkes, general manager of Postex, J. B. Potts, our bank president, and Chamber President-elect Glen Barley.

Those "run and shoot" Post Antelopes shattered the "psychological barrier" into a million pieces in the high school gym here Tuesday night when they thumped the Denver City Mustangs but good to take over sole possession of the top spot in the district cage standings.

The Mustangs and their fans obviously weren't used to such treatment, but human nature being what it is we can forgive them that. It's hard to lose when you have been winning them in both basketball and football for so long.

The district cage race is anything but over but nobody who has followed the Antelopes these past few years can minimize what an important victory it was Tuesday night. If Denver City can be beaten once, it can be beaten again. If the Mustangs can be beaten in basketball, their invincibility in football also can be seriously questioned.

A lot of good Post High School athletes won't forget it. And their fans shouldn't either. The return games with both Slaton and Denver City will be tougher than the first go round because they must be played on Slaton and Denver City floors. If the Antelopes don't "puff" over the first two home victories, their confidence will be strengthened that they can repeat those triumphs and take the championship.

The annual Chamber of Commerce banquet Tuesday night will close a highly successful club year under the reins of President Dave Sanford. We would rate the year as the best Chamber year in virtually a decade and Dave and his board of directors deserve the large measure of credit for it. They have worked hard and to sum up what's been going on each banquet-goer Tuesday night will have a Report from the President at their plates when they sit down to eat. A lot of the hard work which has gone into the airport project remains for voter decision shortly. This has been the No. 1 project for the year and has brought both state and federal grants for airport construction if you voters want community progress and approve.

## Stock show date fast approaching

As reported in a recent issue of The Dispatch, plans are shaping up for the first annual Garza County Junior Livestock Show and Sale to be held March 18-19. Everything points to a successful event, thanks to the amount of work being put into it by the officers and directors of the Garza County Junior Livestock Show Association.

As compared with some of the other county junior livestock shows in this area, the Garza County event will be small, but we predict it will grow into one of the best in these parts if the same degree of enthusiasm continues from one year to the next.

Those of us who are not officers or directors, or even members, of the Garza County Livestock

Show Association can help make the first show a successful one by our interest, support and attendance. Primarily, it will benefit the young people of the county, and therefore is well deserving of the support of everyone.

Adding to the attractions of the stock show and sale will be the Garza County Fair to be held on the same days. This fair, which for the last several years has been sponsored by the home demonstration club women of the county, was not held in 1965 due to its tie-in with the first annual livestock show and sale to be held in March. The merging of these two events—stock show and fair—should work to the benefit of each.—CD

## Attending the banquet will help

If you've gone since the first of the year without making a New Year's resolution, right now would be a good time to break over and make one—a resolution to attend the annual membership banquet of the Post Chamber of Commerce on Tuesday night, Feb. 1, as a start toward supporting the Chamber throughout the year.

You can, of course, support your Chamber of Commerce without attending next Tuesday night's banquet, but your attendance at the banquet will make your Chamber support seem more

worthwhile. You'll hear what the organization's goals are for the year ahead and what its achievements were last year. You'll get a good meal and you'll hear a good speaker—all for the price of one banquet ticket.

One month of 1966 already has gone by, but the annual membership banquet is being held on the first day of the second month, with nearly a whole year ahead in which we all can help make Post "just a little bit better" by actively supporting our Chamber of Commerce.—CD

## Precautions will limit burglaries

Burglaries constitute one of the major problems facing law enforcement today, and for its size, Post has its share of them.

As long as there are individuals in our society who have a disdain for hard work and who lazily seek a course to easy money, burglary will continue to be a menace to all law-abiding citizens.

Burglary may never be eliminated from our society, but it can be limited if all citizens are made aware of the circumstances that make the

crime one of the most popular for those who want to live off the toil of others.

The crime of burglary can be minimized if all citizens make a determined effort to take every precaution in safeguarding their homes and places of business. In this way the so-called "easy mark" will be removed, and the road to easy money will become a difficult journey for the burglar.—CD

## Something the people should decide

Texas voters, who recently rejected four-year terms for state representatives, obviously are not enthusiastic over President Johnson's endorsement in his State of the Union message of a constitutional amendment calling for four-year instead of two-year terms for members of the House of Representatives.

This is an issue that has been debated since the earliest days of the nation, and there always have been strong arguments on both sides. Some of the arguments in favor of longer terms have gained weight in recent years, however, because

of changes that have taken place in the nation and in government.

Even though Texans turned down a proposed constitutional amendment for four-year terms for state representatives, we believe there are enough good arguments in favor of longer terms for U.S. representatives to justify the submission of an amendment to give the states, and the people, a chance to pass on the question. The decision definitely is one that should be made by the people.—CD

Super-museum will be HemisFair 1968 exhibit

SAN ANTONIO — The State of Texas exhibit at HemisFair 1968 will be a \$10 million super-museum, tracing the cultural and historical development of Texas from 13 centuries before Christ to beyond the Space Age.

Gov. John Connally, who also serves as Commissioner General of the international exposition, enthusiastically outlined plans for an Institute of Living Culture in a press conference at HemisFair headquarters.

"Since the money is coming from all Texans, this exhibit will honor and benefit all Texans and even the nation," he said. The governor will ask the 1967 session of the Texas Legislature to appropriate \$5.5 million to make the permanent institute a reality. This would be coupled with \$4.5 million the legislature appropriated last year for the state's HemisFair exhibit.

The governor indicated he feels the exhibit could possibly "double, if not triple, the number of visitors to the Lone Star State."

THERE STILL isn't anything any of us can DO about the weather, but nowadays we know exactly where it comes from, thanks to TV and the new system of weather reporting by the newspapers. When we listen to the weather news or read it in the papers, we learn whether our cold front came down from Canada, New England or the Northwest, or whether it was spawned closer to home. I suppose it's good to know where our weather comes from, even though it doesn't make the cold any less biting or the snow any whiter.

This has been one of our best snows in recent years, moisture-wise, and it has delighted the hearts of many a youngster. Sleds, snowmen and snowballs occupied much of the youngsters' time over the weekend, with an extra day added because of no school Friday.

THE MAN UP the street says the nice thing about the future is that it comes only one day at a time.

Farmers have their problems, just like the rest of us, and few will deny that the farmer's problems multiply faster and faster every year. I read the other day of one farmer who decided to quit and do something else. He offered this explanation:

"Too many 'up' for me. First, you have to wake up, then you have to get up. Next you have to wash up, feed up, and hitch up. Then you have to catch up and keep up. When you check up, you find you've hardly enough to pay up. That's when I gave up."

ONE OF OUR readers has compiled a list of wry thoughts for the new year, which I'm just now getting around to running.

Make somebody happy today—mind your own business.

A bosom companion may be a false friend.

Money is one of the best labor-saving devices.

Be good for nothing; being bad costs money.

Be kind to your friends; without them you'd be a stranger.

If you can smile when things go wrong, you know who to blame.

You'll get along fine if you take advice you give.

Never make up your mind. Only make decisions.

It has been a long time since a puzzle has appeared in this column, so here's one to break the drouth:

Luke has it first; Paul has it last; boys never have it; girls have it but once. Miss Sullivan has it twice in the same place, but when she married Pat Murphy, she never had it again!

(Answer appears at bottom of this column.)

I'M WRITING this Monday morning, but I predict that when it is read, the Post Antelope basketball team will be perched atop the District 4AA standings. That means they'll have beaten Denver City Tuesday night. How far did I miss it?

On the same subject, I must explain that I was only joking when I wrote that I didn't mean what I said about reconsidering my decision not to change my mind.

THE MONTH of January will be long gone and it will be February when the next issue of The Dispatch appears. Since 1966 isn't a Leap Year, it will be another short February, with only 28 days. The month's most widely observed day will, no doubt, be St. Valentine's Day, Feb. 14 — and that's the reason all the elaborate candy displays are already out. Edison, Lincoln and Washington's birthdays come in February, but the bank and post office won't be closed on Edison's birthday—nor on Dean Rusk's birthday Feb. 9, nor Nikita Krushchev's, Feb. 3.

Also in February, the 23rd is Ash Wednesday, and the 27th is the first Sunday in Lent. More than 200 years ago, Benjamin Franklin wrote in his Poor Richard's Almanak, "He that would have a short Lent, let him borrow money to be repaid at Easter." Franklin also wrote in his Almanak, "Tim was so learned, that he could name a Horse in nine languages. So ignorant, that he bought a cow to ride on."

(Answer to puzzle higher up: The letter "L".)

## Fishing permits on sale at lake

Annual family fishing permits for fishing at the White River Lake are now on sale at the water district office at the White River dam, according to Manager Al O'Brien.

The annual family permits cost \$20 and are good throughout 1966. Individual fishing permits are also on sale for \$10.

O'Brien said over 7,500 daily permits, costing \$1 each, have been sold since the lake was opened to fishing last Oct. 1.

## Mahon comments on budget; says restraint used

The President's budget was submitted to Congress this week and referred to the House Appropriations Committee headed by Rep. George Mahon. In commenting on the huge request for funds Mahon said that the President used a great deal of restraint in submitting spending requests to Congress.

Of special interest to the 19th District is a budget estimate of \$14,215,000 for the continuation of the Canadian River Municipal Water project and \$1 million for the continued maintenance of the boll weevil barrier.

Of interest to ranch men throughout the state was the re-

quest for \$2.8 million to continue the highly successful screw worm program.

The President recommended sharp reductions in many areas of government spending. Mahon said that Congress would move as rapidly as possible toward evaluating the programs and fulfilling its responsibility to determine the amount of funds to be made available for defense and non-defense purposes. The total request of the President for appropriations, including interest on the federal debt, is approximately \$121 billion.

## Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

## More than 900,000 Texans said eligible for Medicare benefits

More than 900,000 Texans over 65 are eligible for coverage under the Medicare program according to Mrs. Patsy Yates, Texas A&M University Extension family life education specialist. Mrs. Yates states that of this number, more than 5,000 Texans over 65 who are not now receiving social security on welfare rolls are eligible. All persons concerned with the Medicare program should contact their local Federal Social Security Office now to obtain detailed information.

All senior citizens should know the provisions of the program. If you are 65 years of age or over and not receiving Federal social security or State old-age assistance — it is important that you visit your Social Security office soon, the specialist says. "This means you, even if you are working full-time or if you are not receiving any social security benefits," Mrs. Yates explains.

The Social Security Administration has advised that such persons are eligible for Medicare. Qualified persons will need to make a decision concerning the program before March 31.

"We are interested in the senior citizens of Texas understanding any program that affects them — and the Federal Medicare program is one that is extremely important to them. Because of this, we urge that senior citizens who are not drawing State welfare or Federal social security contact their social security offices or learn the significance of the program to them," Mrs. Yates says.

The local county Extension Service office advises eligible persons who desire detailed information about Medicare to contact their social security officer. He is Mr. Schantz, who maintains an office in the county school superintendent's office, in the Courthouse on 2nd and 4th Tuesdays from 9 a. m. until he finishes.

### WINDSHIELD BROKEN

Joe Wilson of the Broadway Garage reported to police Wednesday afternoon of last week that his automobile's windshield was broken in three places while it was parked at Post Auto Supply. The damage was estimated at \$100.

## Southland gains 3 new families

By MRS. EDMUND WILKE  
Southland is on the "boom" again. Two families moved here last week and one more is moving here this week. They are: Mr. and Mrs. Oscar Outlaw and seven children, Mr. and Mrs. Ned Myers and Nedra, and Mr. and Mrs. Robert Mock. We would like to welcome these families to our community. Mr. and Mrs. Ehlers and family of Slaton are moving into the house of Mrs. Ed Becker, formerly occupied by Mr. and Mrs. Lee Mayberry. We would like to welcome them also.

Enough has been said about the weather the last few days, so we won't even touch on that subject! But, I love it!

Congratulations to Harold Wayne and Linda Donahoo on the birth of a daughter, born at 12:10 a. m. Saturday, Jan. 22, weighing 8 lbs., 2 1/2 ozs., at Highland Hospital at Lubbock. They have one other child, a son, Mark Wayne. Harold Wayne is working on his master's degree at Texas Tech, and works for the City of Lubbock.

I've done it again! I would like to make a little correction from last week's columns. Mr. and Mrs. Gilbert Becker's child is a boy, not a girl!

Southland High School lost two games to Cooper last Tuesday night. Junior high played at Shallowater Monday and the high school team played New Deal here Tuesday night. Let's go Eagles! Mr. and Mrs. Nolan Williams and family spent Sunday with Mr. and Mrs. Billy Lester and sons.

**READERS: IF YOU** know the names and addresses of any of the students that graduated from Southland High School in 1941, I would appreciate it very much if you would let me know as soon as possible. My address is Box 56, Southland, or call me at 2423.

Bro. and Mrs. Hill's son, Don, and family left Monday for Michigan to visit relatives. Don is in the Air Force and will be leaving before long for duty on Guam. His family hopes to join him there later.

Mrs. Nellie Mathis, Sue and Dee Hodges and Marie and Delroy Odom went to Jacksboro Sunday to attend funeral services of Mrs. Lucy Haire, mother of Mrs. Dick Mathis of Salem, Ore. We would like to extend our deepest sympathies to this family.

Mr. and Mrs. Dick Mathis of Salem, Ore., and Mrs. Dian Reed and son, Doyle, of Pecos are visiting Mrs. Nellie Mathis.

Miss Carol Stolle will be one of four students from Texas Lutheran College at Seguin who will begin nine weeks of practice teaching at

Randolph Air Force base, starting last Monday morning. Carol is a senior majoring in physical education. Randolph AFB is located 19 miles from TLC.

Sherry Wilke went to Lubbock Sunday with Mr. and Mrs. Herbert Dunn and Dayneen.

C. A. McArthur, who farmed in this community for many years, died Saturday at Garland after a short illness. Funeral services were held Monday at 2:30 p. m. in Memorial Chapel of Restlawn Funeral Home in Dallas, and burial was in Restlawn Memorial Park. He is survived by his wife, two sons, a daughter and nine grandchildren.

FORD 7-LITRE HARDTOP

When we go skiing, we go in style...in our '66 Ford. I choose the speed I want with the automatic speed control...select the music I want with the stereo tape player...and relax with one of the world's quietest rides.

(I should have stayed in the car.)

Ford sales are booming! One reason—engineering magic like this:

New stereo tape player option with easy-loading cartridges. ■ New station wagon Magic Doorgate—swings out like a door for people and down like a tailgate for cargo. ■ New automatic speed control option. ■ A ride so quiet that owners of European luxury cars — from a handcrafted Jaguar to a \$14,000 Mercedes — have said, after a demonstration ride in a Ford XL or LTD, that it was even quieter than their custom-built cars. ■ Quiet-test a '66 Ford for yourself.

# Hilda Elaine Richardson is wed to William D. Williams

Miss Hilda Elaine Richardson, daughter of Mr. and Mrs. Mansil Richardson of Lubbock, and the granddaughter of Mr. and Mrs. Wesley Stephens of Post, became a bride of William Dane Williams, Jan. 15, at the chapel of Highland Baptist Church in Lubbock.

The Rev. I. D. Walker officiated the reading of the vows at 3 o'clock in the afternoon.

The bridegroom is the son of Mr. and Mrs. L. L. Williams of Lubbock.

The bride, given in marriage by her father, wore a street-length dress of pearl white satin with a lace of re-embroidered lace. The

A-line empire dress featured long tapered sleeves of lace and a short train. She carried a bouquet of orchids and carnations atop a white Bible.

Miss Wanda Richardson attended her sister as maid of honor, wearing an A-line dress with puff sleeves trimmed in white.

Alvin Simek was best man and Jim Williams, brother of the bridegroom, and Roy Patello were ushers. They all live in Lubbock.

Robin Richardson was flower girl, and Tim Richardson was ring bearer. They are the sister and brother of the bride.

Candles were lighted by Mike Williams, cousin of the bridegroom, and Craig Hughes.

Mr. and Mrs. Gayle Bowen, cousins of the bride, were soloist and pianist, respectively.

For travel, the bride chose a blue suit with black accessories.

They are at home at 4908 37th St., where Mrs. Williams attends Jessie Lee's Hair Design Institute, and Mr. Williams is employed by Furrs, Inc. Both are graduates of Monterey High School.

Out-of-town relatives attending included Mr. and Mrs. Wesley Stephens, Mr. and Mrs. Bob Lovingood and family of Odessa, Mr. and Mrs. Bowen Stephens and family of Plains and Mr. and Mrs. Mansil Richardson Sr., of Clovis, N. M.

For the bride, given in marriage by her father, wore a street-length dress of pearl white satin with a lace of re-embroidered lace. The

# Astrology is discussed at Amity Study Club meeting

An interesting program on "Why the Wealthy Live by the Stars" by Mrs. Bill Pool, and "The Duponts of Delaware" by Mrs. Wayne Carpenter was presented at the Tuesday night meeting of the Amity Study Club in the home of Mrs. V. L. Peel. Mrs. Bob Collier was co-hostess.

The program, under the subtitle of "The Key to Success—Is Mental Attitude," was taken from the course of study, "The Golden Keys to Thoughts."

The meeting was opened with a sonnet by John Keats — "The Fairy" — given by Mrs. Lee Davis Jr. Roll call was answered with members giving their horoscope.

Mrs. Pool said there are 5,000 astrologers in the U. S., with a million dollars being spent each year. She pointed out that Carroll Richter has been the most popular astrologer for the past 25 years, and knows people by their horoscopes rather than by name. She said that many people will not travel, sign business agreements, or marry unless Mr. Richter advises about time and place.

Continuing, Mrs. Pool commented that astrology is a science of the stars and many depend upon this science to live their daily lives.

Horace and Katharine Grant are the most sought after astrologers in Washington, D. C., according to Mrs. Pool, who said they have read horoscopes for members of the President's cabinet. She concluded by saying that astrology is a luxury.

In discussing the Dupont family Mrs. Carpenter said they are the richest family in the world, numbering 16,000, and controlling three billion dollars. Their riches began accumulating when Dupont dynamite was used in building the Panama Canal and the subways in New York.

The hostesses served refreshments to: Mmes. George Miller, Russell Wilks Jr., Ronald Babb, Marion Duncan, Malcolm Bull, Dean Sterling, Lorene Scarbrough, Daymon Ehrhridge, Wayne Richardson, Davis, Carl Aycock, Pool, Carpenter, Hoyt Thomas and Miss Thelma Clark.

# Chapter hears program on 'House and Home'

Sherry Josey presented a program on "The House and Home" at the Tuesday night meeting of Xi Delta Rho chapter of Beta Sigma Phi sorority.

The sorority met in the home of Lois Kennedy at 7:30.

Members attending were: Mary Eckols, Bernice Eubank, Johnnie Francis, Rosa Gamblin, Sherry Josey, Wanda Mitchell, Dot Osman, Shirley Moore, Louise Simpson, Willie Cross and Bert West.

# Shower is held for bride-elect

Miss Delores Strofer, bride-elect of Jimmy Smith, was honored with a lingerie shower in the home of Miss Pam Owen Sunday afternoon with guests calling between 3 and 5 o'clock.

Misses Beverly Duncan and Sharla Pierce served pink punch and shell cookies from a table using decorations of the honoree's chosen colors of pink and white.

Hostesses were: Misses Joyce Ledbetter, Betty Hutchins, Cherri Cummings, Judy McCampbell, Beverly Duncan, Arleta Robinson, Sharla Pierce, Ceretha Jones, Pam Owen, Pat Landreth, Marilyn Jones, Dixie Lucas and Cathy Orf.

# Membership party held by Post Jaycee-ettes

The Jaycee-Ettes entertained with a membership party last Thursday night in the Community Room.

A salad supper was served to guests, Mrs. Royce Josey, Mrs. Gary Reed and Mrs. Imon Norman, the wife of a new employee at the Soil Conservation office, and members.

Crazy Bridge was played following the supper.

Mrs. Jerry Odom was hostess for the affair.

Members present were Mmes. Wayne Richardson, Ray Moxley, Don Ammons, Darrell Eckols and A. J. Baumann.

# Mrs. Blake is hostess to Mystic Sewing Club

Mrs. Winifried Blake has hostess to members of the Mystic Sewing Club last Friday afternoon.

Sewing and visiting was enjoyed by the ladies.

The hostess served open-faced sandwiches, rice crispie treats, nuts, mints, coffee and punch to the following:

Mmes. Maggie Kennedy, Catherine Rankin, Estlee Nichols, Jimmie Hudman, Lillie Short, her daughter, Miss Barbara Blake and Miss Henrietta Nichols.

The next meeting will be held in the home of Mrs. Thelma Bratten, Feb. 4.

# 'State of Alaska' study topic as Woman's Culture Club meets

"The State of Alaska" was the study topic at the Jan. 19 meeting of the Woman's Culture Club, which was held in the Community Room with Mrs. Lee Davis and Mrs. Ed Patzel as hostesses.

Mrs. M. J. Malouf, program leader, presented an account of the early history, flag, songs, people, clubs, churches, schools and means of transportation of the 49th state.

Mrs. Tom Gates set the stage for appreciation of Alaska with the poem, "The Spell of the Yukon," by Robert W. Service.

Mrs. Bryan E. Morgan, a guest and former club member, showed color slides of Alaska taken by her husband when he was there in service.

Roll call was answered with interesting facts concerning the study topic.

At the business meeting preceding the program, members were urged by the president, Mrs. C. R. Thaxton, to pay their poll taxes before the Jan. 31 deadline, and to study platforms of candidates before voting, as a federation request. A letter was read from Mrs. Robert N. Tipps, Caprock District president, concerning necessary duties of clubs before the district meeting in Brownfield, March 21-22 and the state meeting in Lubbock, May 10-11.

Mrs. Louie Burkes and wives of other officials of Postex Mills, who are club members, were appointed to obtain a door prize for the state meeting, as requested.

A rising vote of endorsement of Mrs. Tillman Jones as outstanding clubwoman for long continuous service in the Caprock District was made by club members. An endorsement was read from the Amity Study Club, Mrs. C. I. Dickinson of the Woman's Culture Club, Miss Thelma Clark of the Amity Study Club, both charter members, with Mrs. Thaxton, obtain necessary information for presenting Mrs. Jones in district competition.

Mrs. Malouf led in the Pledge of Allegiance; "America" was directed by Mrs. Jones, and Mrs. Patzel opened the meeting with the club collect, dedicated prayer to service in federated clubs.

Others attending were: Mmes. Virgil Bilbo, Ira Lee Duckworth, Larry Hopkins, James Minor, Clarence Stephens, J. H. Maire, Oscar Smith, J. F. Storie, E. A. Warren and D. C. Williams.

MRS. TILLMAN JONES

# Post clubwoman endorsed for 'outstanding service honors'

Mrs. Tillman Jones, who was named "Mrs. Culture Club" in the spring of 1965, is being endorsed by the Woman's Culture Club and Amity Study Club as "outstanding clubwoman of long continuous service."

Her name and list of accomplishments will be presented at the Caprock District meeting in Brownfield March 22-23. If she wins in the district, her name will be entered in competition at the state federation meeting which will be held in Lubbock May 9-11.

Mrs. Jones has been a federated clubwoman for 49 years. She became a member of the Woman's Culture Club when it was four years old, after being in federated club work for six years in Sulphur, Okla. She has held nearly every office on the state and district level, excluding the office of president.

The former Miss Maggie Mae Griffin came to Post to teach English in 1917, but was shortly appointed as superintendent of schools, a position she held for four years. Mrs. Jones returned to the Post schools to teach history and math during the World War II years of 1944-48. She still holds the schools close to her heart and assists many young students in their education.

Mrs. Jones has participated in many civic drives and improvements. She has worked with the Red Cross and cancer drives, was state and local president of the American Legion Auxiliary; is a member and served as an officer in the Needlecraft Club; is a member of the Post Music Club and Novelty Luncheon Club; pianist for the Rotary Club, and is now teaching the Mary-Martha Sunday School Class of the First Methodist Church, where she is active in all phases of church work.

In federated work Mrs. Jones is on the state maintenance committee; has a state membership in the Golden Book; is a life member of the Caprock District board; local club historian, parliamentary and chairman of the Texas Heritage department. She served as local president, 1929-31, and 1939-41.

Mrs. C. I. Dickinson, charter member of the Woman's Culture Club, Miss Thelma Clark, charter member of the Amity Study Club, and Mrs. C. R. Thaxton, president of the Woman's Culture Club, are compiling the information necessary to present Mrs. Jones' name at the district meeting.

# It's My Turn

— By MRS. C.

Well, you can't win them all.

You'll remember when the Christmas holiday, I remarked they left home quite unhappy because I had ruined their blue cord cloth shirts by washing them with a green shirt which I purchased for Mr. C as a Christmas gift.

Due to my word, I wrote to this company, which I left named at the time, to complain about my product, and also because I found that such a letter, if it were, is good column material on an off week.

I was most gratified to receive letter from a Mr. M. M. Miller, manager of the quality control department (here we go with the title-class again) of the Arrow Shirt Company. The reason I'm putting company name on the line is one who went to all the trouble a gentleman did deserves a bit of free advertising.

Mr. Miller put me "down" so I almost felt like I should get out and buy another Arrow

I felt almost apologetic about my error, after reading Mr. Miller's mitigation of the case. This man got down to cases and serious thought and has firmly convinced me that I am to shoulder whole blame.

It points out that basically it is impossible for green to fade on and make green. I even blushed while reading the letter aloud to Mr. C because that's rather a fact which I (in my frenzy) overlooked. I believe we learn the first grade that if we combine blue and yellow we come up with green. Light blue and light green do not make green of any color.

Mr. Miller suggests that there have been a yellow item in the wash and the oxford fabric set up the fugitive (his word, mine) dye, which combined the blue of the shirts and resulted in a green coloring.

At this time, I was convinced I must have had a yellow item that washer, even if I'm not sure we own a yellow garment. I even went on to suggest that laundry detergent might contain hypochlorite bleaching agent which could have attacked the oxford fabric. I was indignant and told Mr. C I wouldn't do such a thing in the house or carefully checking my detergent box.

At this time I wasn't convinced this time (and I felt like rushing to the phone to call him and apologize) he said the company would be glad to process one of the girls' shirts which changed color in their laboratory and try to determine the specific cause. I wish to explore the matter further, all I have to do is send a blue oxford shirt which will reimburse me for, and will duplicate the condition

I experienced.

M. M. concludes his letter by saying they are most interested in the matter and they are most anxious to restore my confidence in their product. With men of this caliber working for them I'm almost overwhelmed with their product.

I've had an affinity for the Arrow Shirt Company from Mr. C's early days of newspapering in Kansas. He started out on a weekly newspaper in our hometown of Arkansas City and one day "they" (he wasn't involved with advertising at that time) made a boo-boo to end all boo-boos. While running a page ad (those were the good old days) advertising an Arrow shirt sale, the "r" was inadvertently (probably one of the most inadvertent things which ever happened) left out of the word shirt.

The paper sold like hotcakes and the sale was a terrific success.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The world is filled with the sound of many drums. Drums of militarism stir man to war and conquest. Drums of conformity invite him to keep step with low standards and false values. Drums of greed lure him into the killing pace of selfish getting and gaining.

But a different drum sounds, too. It beats in the rhythm of law and love, and rings with the sound of eternal truths. It beckons man to integrity and true self-fulfillment; it calls him to the path of duty and to the way of service. The different drum is God's.

A man must choose which drum he will listen for and follow. Many years ago, Henry David Thoreau wrote: "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer." God's house is one place where you will hear the "Different Drummer." Worship there this Sunday with your family.

### Would You Believe

No girl got through the snowy days without getting beaten with snowballs?

Everyone is black and blue as a result of the snowball fights?

Rolling people in the snow is the most popular outdoor sport of the season?

It broke Paul Walker's heart to have his letterman's jacket hit by a snowball thrown by Ginny Edwards?

Eighth graders are beginning their last semester in dear old PJH?

Mid-term exams are finally over?

Everybody is excited or upset about the schedule changes?

We got out of school last Friday because of SNOW?

# Medicare—

(Continued from Page 1)  
eligible and want the program should make application to the social security administration. They can do that here at the county courthouse each Tuesday.

Arrangements will be made for these persons to make their \$3 monthly payments.  
Eligibility cards for those already enrolled in the medicare program are being issued this week by the social security administration and are being mailed to those in this area.

**SCHANTZ EXPLAINED** the hospital insurance part of the medicare program this way:

Four types of services are offered under hospital insurance.

The first is "in-patient hospital services." The patient under medicare pays the first \$40 of the hospital bill. This is called the \$40 deductible clause. Medicare then pays all the remaining hospital expenses for up to a full 60 days. After 60 days of hospitalization, medicare will pay \$10 a day for up to 30 additional days with the patient paying the rest. Covered here are hospital room and board and normal hospital costs.

The second of the in-patient hospital services is diagnostic services. On this there is a \$20 deductible, with the patient paying the first \$20. Medicare pays the rest for up to 20 days.

**THE THIRD OF** these services is post-hospital extended care, which means in approved nursing homes. To qualify for this, the patient must first have been in the hospital three days. Medicare pays all of the nursing home costs for the first 20 days and all but \$5 a day for the next 80 days.

The fourth service is post-hospital home health services.

The first two of these four services become effective July 1 and the last two on Jan. 1, 1967.

To qualify for hospital insurance benefits under medicare, a person must be 65 years of age. If they are already receiving social security benefits, they are automatically enrolled. If they are not now receiving social security, they must apply to the social security administration.

**SCHANTZ EXPLAINED** the medical benefits portion of the medicare program this way: It is an optional program which costs \$3 monthly.

The patient pays the first \$50 costs of medical services and medicare pays 90 per cent of the rest of it for any calendar year. When the year is over, a person starts all over again and pays another \$50 deductible.

The medical benefits program pays for the physician's services, other medical services covered, and home health services, which includes up to 100 physician's visits within a calendar year.

Schantz said the medical benefits program will not become available in this area until a proper organization is set up in this area to handle such services. He did not spell out the requirements for such organizations, but they must meet certain government requirements.

He added that the medical benefits program also provides payment of 50 per cent for outpatient mental disorders up to \$250 a year.

**CERTAIN ITEMS** are not covered under either portion of the medicare program, Schantz emphasized. These include eye glasses,

# Spin-Fishing . . . . . by Thompson

1. When choosing a reel, know what to look for. Most expert spinners prefer open faced spinning reels because line uncoils freer than from closed face types.

2. One of the most popular rods around, for anglers and their gift-giving friends, is the new Tackle Box Spinning Rod by Old Pal — which conveniently fits into all tackle boxes over 18 1/2" long.

3. Inspect your line often, when fishing, for accidental knots. These weaken a line so it breaks when a good fish is hooked.

4. When using artificial lures, strike calmly — but quickly as soon as a fish hits your lure — otherwise he'll "spit it out."

Shiver reported that the school still is awaiting its share of the Slaton football game receipts from Slaton and will have some additional basketball income.

The athletic fund has \$4,674.94 cash on hand with \$3,100 against it in purchase order commitments, leaving a cash balance at present of \$1,574.94 with some basketball expenses, spring sports, and probably some football equipment repaid to go.

Trustees had a short agenda and finished their business in about an hour.

dentures, hearing aids, private nurses in hospital, custodial care, phone or TV in hospital room, and prescription medicine.

The social security field representative urged those who will become eligible for medicare July 1 and who have health insurance programs not to drop such policies until July 1 and then not until the person has talked to his or her insurance man. He said some insurance firms are designing policies to provide coverage to fit in with the medicare program—and costs above medicare limits.

tion of the city made last fall by a state rating team. It was the first such full inspection of the community since 1927.

Mayor Lucas said the inspection and subsequent drop in the key rate was made possible by the city's cooperation in following all possible suggestions made during annual state fire insurance inspections here, concerning size of fire plugs, larger water mains, etc.

The mayor pointed out that the new White River water supply has helped the city's fire insurance rating as has the city's two year program in installing more water mains and larger fire plugs.

Also figuring into the rate development were the facts that the city's three fire trucks all have a 250 gallon or better water tank capacity, a paid fire marshal makes monthly state reports as required, and that three city firemen are sent each summer to the state fireman's training school at Texas A&M.

The city's 42 cent key rate had been in effect here for the last three years.

Five Post Jaycees and four Jaycee-ettes attended the Area I winter convention held in Lubbock Friday, Saturday and Sunday and sponsored by the Lubbock Junior Chamber of Commerce.

Those attending from Post were Frank Blanton, Jaycee president, and Mr. and Mrs. Ed Blanton, Mr. and Mrs. Royce Josey, Mr. and Mrs. Fred Myers and Mr. and Mrs. Don Ammons.

A. J. Carrubi Jr. of Pampa, state Jaycee president, was the keynote speaker at the convention. State Sen. H. J. "Doc" Blanchard of Lubbock welcomed the delegates to the convention at a noon luncheon Sunday.

Election of a new slate of state directors at Sunday's luncheon concluded the convention. Minor Pounds of Lubbock was elected Area I state vice president and Pampa was selected as the site of the area summer meeting.

The conference opened Friday night with registration and a party. Approximately 500 delegates attended the convention.

this year, according to N. C. Outlaw, Democratic county chairman for Garza County.

Payment of poll taxes for federal elections is no longer required, but poll tax payments for state and local elections are still necessary. Outlaw pointed out.

Failure to pay the poll tax before the Jan. 31 deadline will disenfranchise any voter from participating in the election of state, district and county officials. Partial qualification as a voter is possible through the obtaining of a "Poll Tax Not Paid" certificate, with which the holder may vote only for the offices of U. S. Senator and U. S. Representatives in the elections of 1966.

Final "weather accident" of the dangerous weekend came at 10 a. m. Saturday when John Ashley of Brady, driving a new pickup truck overturned seven miles south of Post. Patrolman Hardin estimated the damage at about \$600.

Traffic was so slowed in Post that only one fender bumping was reported and that did not come until Monday morning. Police Chief Leldon P. Miller said.

Highways remained open but icy. Many cars skidded into ditches without damage.

**TWO PHONE repair crews** from Brownfield and Lamesa worked through the weekend (Friday through Monday) to repair seven or eight rural lines which went out due to heavy ice. A. J. Baumann, General Telephone's combination man here, said nine poles went down under the weight of the ice. He termed it the "worst ice on lines in five years."

Southland lost its power supply from Southwestern Public Service Company about 8:30 p. m. Thursday due to a power line breaking loose from its insulator and "shorting out." This was due to the ice and the oscillating of the lines which were reported jump five to six feet.

Repairmen patrolling the lines found the short and repaired it in about 90 minutes.

Both Post's north and south oil fields were without power for 15 or 20 minutes due to similar trouble.

**LYNTEGAR ELECTRIC** Cooperative reported its "roughest weekend" in several years due to the ice. Most of the trouble occurred within five or 10 miles of the caprock line in western Garza County, eastern Lynn, and eastern Borden.

Icy streets were blamed for a collision at Main and Avenue K at 9:35 a. m. Monday between automobiles driven by Floyd Edward Byrd, 20, and A. C. Cooke, 65.

City police said the accident occurred when Byrd's automobile skidded into Cooke's car as the latter was turning off Main onto Avenue K.

The police report estimated damage to Cooke's automobile at \$100 and to Byrd's at \$25.

age was not great.

Repairs were worked for three days and nights for from 20 to 24 hours each day to get poles back up and all service restored.

The White River Municipal Water District had water meters to freeze on both the Post and Crosbyton water lines, but the meters were quickly repaired Friday morning.

Willard Davis, White River filtration plant operator, told The Dispatch yesterday that the lake region had six inches of snow on the ground, had bottom temperatures since Thursday of zero to four degrees above, and for two days the lake road was blocked.

He said almost all of the lake was frozen, but not enough to be safe for human weight.

No interruption of water supply occurred.

**E. R. (BUSTER) Moreland** of Brown Brothers, Et Al, reported a few salt water flow pipes froze and broke, that the company's normal operations were slowed by the bad weather, but that no major damage resulted.

Sleds and snowmen appeared around Post as the youngsters got their first chance at some outdoor fun and a long weekend holiday from school.

# Frenship, Slaton next for league-leading Post teams

## Tilts slated for Friday, Tuesday

The Post Antelopes and Does go to Wolfthorpe Friday night for games with the Frenship Tigers and Tigerettes, then journey to Slaton Tuesday night for two more conference games.

The leadership in the girls' division of District 4AA will be at stake when the Does and Tigerettes clash Friday night. Each team has a 10 mark in district play.

The Frenship girls, with their biggest team in years, are favored over Coach Jiggs King's Does on the basis of comparative scores in games with Slaton. The Does defeated the Slaton girls by only 10 points, while Frenship blasted the same team Tuesday night by 25 points, 59-27.

The Antelopes are heavily favored over the Tigers, who have defeated Morton in district play, but have lost by wide margins to Denver City and Slaton.

Next Tuesday night's games at Slaton will end the first round of district action for the Post teams, with the exception of the Post-Morton game, which was postponed last Friday night because of the heavy snow. Coach Will Bigott said Tuesday that the Post-Morton game has tentatively been rescheduled for Feb. 17, but may not be played unless it has a bearing on the district championship.

Next Tuesday night's games at Slaton are being looked upon as crucial contests for both the Antelopes and the Does in their bids for district titles. The Antelopes defeated the Tigers by 24 points, 55-31, here two weeks ago, after having lost to them, 55-52, in the Idalou tournament.

## Holiday traffic deaths 17 fewer than predicted

LUBBOCK — "The Texas Department of Public Safety closed its "Operation Deathwatch" period of ten days extending from Dec. 24, 1965, to Jan. 2, 1966, with 80 traffic deaths, 17 fewer than the estimated 110 traffic deaths," stated Sgt. A. E. Roberts, Highway Patrol supervisor for this area.

These 93 traffic deaths resulted in 80 fatal crashes. Forty-three of these fatal accidents were one-car crashes resulting in 43 deaths. Thirty-two of these fatal accidents were two-car crashes resulting in 41 deaths. Four of these fatal accidents were three-car crashes resulting in six deaths. One of the fatal accidents was a seven-car crash resulting in one death.

Region Five recorded seven of these 93 traffic deaths; two were killed in Lamb County, one in Crosby County, one in Young County, one in Haskell County, one in Wheeler County, and one in Hemphill County.

Of these 93 traffic deaths, 72 were males and 21 were females. The youngest person killed was a nine-month old infant and the oldest person killed was 84 years of age.

The veteran patrol supervisor said, "No doubt the evasive educational campaign undertaken wholeheartedly by the news media of the state, the cooperation of law enforcement agencies, and the willingness of hundreds of thousands to drive legally and defensively brought about this reduction of lives lost. I am sure this particular campaign and its results are clear and factual evidence of what can be done to reduce accidents and save lives."

### Pierce, Solis hit for 64 points

# 'Lopes stun Mustangs, 98-80, for 4AA lead

The fast-stepping Post Antelopes took a big stride toward ending Denver City's five-year domination of district basketball play here Tuesday night by blasting the Mustangs, 98 to 80, in a wild and woolly game.

(Editor's Note: The Dispatch scorebook and Denver City scorebook "checked out" 100 points for the Antelopes at the end of the game, but the official game scorebook showed 98 points for Post. The difference was in the final quarter when the official scorebook showed 23 points for the Antelopes and the other two books, 25 points. While the score from the official book is the one that "stands", The Dispatch is using its score book in its box, because it isn't sure which Antelope to take two points away from.)

The well-earned victory left Coach Will Bigott's team atop the district standings with a 2-0 mark, and tumbled the Mustangs into second place with a 2-1 mark.

Davis Heaton opened the scoring for Post on the opening tipoff, Ruben Solis followed with two baskets, one on a "steal" and Ronnie

Pierce hit a free throw to give the Antelopes a 7-0 lead before Jim Spivey's shot from under the basket got the Mustangs on the score board for the first time with 6:12 remaining in the quarter.

Pierce hit his first field goal late in the first period, but came through with eight out of eight charity tosses, and Post was ahead, 28-21, at the end of the first quarter.

The halftime intermission found the Antelopes out in front, 52-36, and they were ahead 75-55 at the end of the third quarter.

Denver City's pressing defense gave the Antelopes a rough time throughout the game, but they never got closer than seven points to the locals, who rolled up their biggest score of the season against the team they'd figured would give them their most trouble.

Solis, who finished with 22 points for his best scoring night, was largely responsible for the Mustangs' collapse, with his ball-hawking and hustle.

"That Number 12 (Solis) was the one who really hurt us," a member of the Denver City coaching staff said after the game.

Heaton, although pulled early in the second half after picking up four personal fouls, turned in his usual steady floor job, and came back into the game in the fourth quarter to help stem a Mustang surge.

Birch Lobban and Donnie Windham, who went nearly all the way at the forward positions, contributed to the Antelope win with their rebounding and clutch shooting.

Pierce, with 42 points, also enjoyed one of his best scoring nights of the season, although heavily guarded. He hit 14 consecutive free throws in the first half before missing his first one in the third quarter, finishing with 16 out of 19 from the free throw line and connecting on 13 shots from the field.

Ricky Welch went in for Heaton early in the third period when the latter was benched because of foul trouble, and the little senior did a good job in taking up the slack.

Filemon Vargas, Sammy Sims, J. O. Smith, Luis Ayala and Jimmy Bartlett broke into the line-up late in the game, as Coach Bigott cleared his bench in the closing minutes of the game.

The 18-point setback was the worst of the season for Coach D. W. Harkins' Mustangs, who won the Caprock Holiday Tournament at Lubbock, and came into the Post game with a 14-6 mark. They had defeated Frenship and Slaton in district play.

## 'B' team bounces Denver City five

### Smith named athletic director at Tahoka

TAHOKA — Don Smith, in his first year here as head football coach, has been named athletic director at Tahoka High School to replace L. F. (Jake) Jacobs, who resigned at mid-term to become high school principal at Bovina.

Jim Littlefield, who has been coaching girls' basketball, will complete the season as boys' basketball coach, which position Jacobs also held.

### Dabbs leads Eagles to victory over New Deal

SOUTHLAND — David Dabbs scored 26 points to lead the Southland Eagles to a 77-44 win over New Deal Tuesday night in a District 9-B game.

New Deal won the girls' game, 46-44, with Lillian Shropshire hitting 33 points. Patsy Gindorf scored 20 for the losers.

### Population explosion is seen as just firecracker

WASHINGTON, D. C. — If you're worried about the population explosion — relax.

It may turn out to be just a firecracker.

The population in this country is expected to increase only 6.9 per cent during the next five years, according to the January issue of "Finance Facts," National Consumer Finance Association's monthly newsletter on consumer financial behavior.

This is in comparison with a 7.7 per cent increase during the last five years.

In the coming years, the greatest increase, 17.8 per cent, will be in the 18 to 21 year age group.

Projected percentage increases in other age groups between 1965 and 1970 are: 4.1 under five years of age; 5.6 from 5 to 7 years; 6.3 in the 22 to 44 years olds; 7.3 in the 45 to 64 years olds and 7.8 who are 65 and over.

However, compared with the last five years, there will be a larger percentage increase in Americans under five years of age and between 22 and 44.

## Four Junior High games cancelled

Monday night's scheduled games at Idalou between the Post and Idalou junior high school basketball teams were cancelled because of the cold weather and road conditions, Billy Hahn, 7th and 8th grade girls' coach, said.

The Idalou games will not be rescheduled since no open dates remain on the Post teams' basketball slate, Coach Hahn said.

The Post teams will meet Tahoka here Monday night, Jan. 31, in conference games, with the 7th grade girls' game at 5:30 opening the action.

Both Post girls' teams are undefeated in junior high conference play and are leading their respective divisions. The Post 8th grade girls were also undefeated last year. The 7th grade girls' team has lost only two games this season, both setbacks coming in the Southland tournament.

## Snyder tourney is this week

SNYDER — The 9th grade basketball tournament scheduled for last week was postponed to this week because of heavy snow.

Teams entered in the tournament include the Post freshmen, who are scheduled to play Sweetwater's freshmen at 8 p. m. Friday in a first round game.

The tournament is to be played at Travis Junior High School. Other teams in the tournament are Travis and Goliad junior highs, Rannels, Colorado City, Lamar and Stamford.

### Coaches Gregg, Hahn attend clinic in Dallas

## Students' ideas on park entrance pay

Ruben Solis and Johnny Kuykendoll, students in Charles E. Hopkins' architectural drawing class at Post High School, have been awarded \$10 each by the Youth Baseball Organization for their ideas on an entrance way at the

David Nichols Field here.

The baseball committee selected the two drawings from among a number submitted by Hopkins' students. The \$10 checks were presented the two boys Friday morning by their instructor.

Hopkins said ideas submitted by the two boys are being combined for the new entrance way to the baseball park, which was turned over to the City of Post a few months ago by the Post-Montgomery Estate.

It will be a double entrance way with two cattle guards and a brick wall bottom. The ends of the entrance way will come out in wings, and the fence will be of pipes and expanded metal, with the name "David Nichols Field" in aluminum letters at the top.

Hopkins said the two students are drawing up a full set of blueprints for the entrance way this week.

### Successful cage coach heads McAdoo schools

McADOO—Fabian Lemley, whose McAdoo boys' basketball teams have won three state championships, has been named superintendent of schools here to replace Henry Teague, who resigned after 13 years as superintendent.

Lemley has been in the McAdoo school system for 15 years. He has been boys' basketball coach for 14 years of that time and high school principal for 13 years.

## Frenship girls defeat Slaton

The Frenship girls' basketball team kept pace with Post by defeating the Slaton girls, 95-27, Tuesday night in a District 4AA contest. Sherry Howard led the winners with 23 points, while Joan Clayborn scored 12 for Slaton.

The Slaton boys evened their district record at 2-2 by whipping Frenship, 65-48, behind Jack Mason's 24 points.

The Morton Indians slipped past Littlefield, 58-52 in a non-conference game. Freshman Byron Wilis scored 18 points for the winners. Littlefield won the "B" game, 56-49.

**CHANGES THIS - TO THIS!**  
**WITHOUT Removing The Old Finish**

Anything that can be painted can be changed to take on the appearance of rich wood grain, of age-old antique or beautiful marble. The process is so simple a child could do it. Yet the realism you can achieve with Old Masters will amaze and delight you. The grand part about achieving these effects is that you don't have to remove the old finish. This means no scraping, no bleaching, no staining, and no special tools are required to obtain any of these effects. Any piece of furniture that doesn't fit its surroundings or woodwork that doesn't fit the decor can be easily changed to complement its setting. The oddest assortment of furniture and finishes can be made to look as though they belonged to each other. Regardless of how dark or light the item is, Old Masters can completely change its appearance without removing the old finish. See how. See it demonstrated. And see how little it costs to make these amazing changes.

## COTTON CARRYOVER

There isn't much optimism in the outlook for cotton in the year ahead.

John G. McHaney, Texas A&M University Extension economist, says 1965 production will exceed domestic and foreign usage of U. S. cotton by some two million bales and will bring the Aug. 1, 1966 carryover to an estimated 16.2 million bales, a new record.

Despite the fact that the 1965 crop was produced on the smallest acreage since 1958, total production was only slightly below the 1964 crop. The estimated yield per acre for 1965 is 531 pounds per acre for the nation and 410 for Texas. Both are records, points out McHaney.

Domestic mill consumption for all kinds of cotton during the 1965-66 crop year is estimated at about 9.3 million bales, up only slightly from the year before. Cotton exports are expected to total about four million bales, approximately the same as for the 1964-65 season.

U. S. cotton continues to face more and more competition from foreign producers and exporters, explains the economist. Foreign free-world cotton production for the 1965-66 crop is now estimated at 23.2 million bales, a new record and the sixth in as many years.

The economist adds that U. S. imports of cotton textiles were at record levels during calendar year 1965. The large imports, he says, reflect the expansion in general economic activity in the U. S., a high level of activity within the domestic textile industry, and rising cotton textile prices despite reduced raw cotton prices.

On the other hand, U. S. exports of cotton textiles for the first eight months of 1965 were down about 25 per cent from a year earlier, partly as a result of rising costs for domestically produced cotton textiles.

As for cotton prices in the year ahead, McHaney says the basic loan level to program cooperators for middling one-inch cotton is set at 21 cents per pound, down from 29 cents in 1965. But direct payments are also provided for in the new legislation. McHaney encourages every cotton producer to contact his local ASCS office for alternatives under the legislation.

## BROWN RECLUSE SPIDER

The brown recluse spider, in addition to the black widow, is another spider to watch out for around the house, yard and outbuildings.

Although the brown recluse's bite is not as potent as that of the black widow, it can still cause pain and sickness in man. Classified entomologically as *Loxosceles reclusa*, it is shy and non-aggressive and wants to be left alone to catch flies and other insects.

Knowledge about the recluse has been sketchy up until the past few years. Two Texas A&M University Extension Service entomologists, in addition to a few medical researchers, have been studying its habits.

The entomologists, Weldon H. Newton and Philip J. Hamman, have turned out Leaflet 623—"The Brown Recluse and Black Widow Spiders" which is available at local county agricultural agents' offices or from the Agricultural Information Department at College Station.

First telegraph cables between Dover and Calais used iron wire conductors.

Magna Carta Hall is one of several halls at the Douglas MacArthur Academy of Freedom depicting the history of freedom from 4,000 B.C. to the present time. It was designed specifically to establish the Northern European and English tradition in the development of America. Osborne Robinson, one of England's outstanding designers and authorities on historical fashion has been commissioned by the Academy to paint a mural in the hall. Robinson began the work in early July after completing some eight months of research on the project. The Academy of Freedom is an honors program operating under the Department of Social Sciences at Howard Payne College in Brownwood, Texas. Non-political and non-sectarian, its basic philosophy is to make freedom meaningful and real to those who follow its course of study.

## Weather varied in Graham vicinity

By MRS. GLENN DAVIS

Who said we don't have cold, snow and fog in West Texas? At least we had a lot of all three last week and there is still snow on the ground. News is scarce because of the bad weather.

Sunday evening after church the Melvin Williams family and the Bruce Evans family visited in the Bobby Cowdrey home.

Sunday luncheon guests of Mr. and Mrs. Elmer Cowdrey were the Elvius Davis family, Richard Lizgon, Mr. and Mrs. Delmer Cowdrey, the Bobby Cowdrey family, the Gene Peel family, Mr. and Mrs. Lonnie Peel and Mrs. Glenn Davis.

The Carl Fluitts were recent supper guests of the Thelbert McBrides.

## Post Lions take applications for Kerrville camp

Applications for a summer vacation full of fun for handicapped children in the Post area are now being accepted by members of the Post Lions Club.

The Texas Lions Camp for Crippled Children at Kerrville will open its first two-week session on Sunday, June 5. Five sessions will be held this summer for youngsters from 7 through 16 years of age.

The camp is free to eligible deaf, mute, blind or crippled children. Transportation to and from the camp is supplied by local Lions. All requests for summer camps are handled locally by Lions.

More detailed information about the camp may be obtained from Jim Jackson, president of the Post Lions Club, or from other members.

In past years, Texas Lions have sent over 8,000 youngsters to the camp.

## ORDINATION SERVICES

Ordination services for the Rev. John Redman, will be held Sunday at 2 p.m. at the Watson Baptist Church at Calgary. Everyone is invited to attend.

Ronald Pace, six-year-old son of Mr. and Mrs. Robert Pace, was brought home Tuesday from Highlands Hospital in Lubbock where he underwent a tonsillectomy Monday.

## County judges and commissioners to hold annual meet

COLLEGE STATION — County judges and commissioners from every section of Texas will be on the campus of Texas A&M University, Feb. 16-18, for their eighth annual conference. It is sponsored by the County Judges and Commissioners Association of Texas and the Agricultural Extension Service.

In announcing the conference Extension Director John E. Hutchison said the program would feature speakers and panels on subjects of primary importance to the conferees. Considerable time will be devoted to discussions of legislation passed by the 59th Legislature that affects county officials.

County judges attending will hear discussions on the new code of criminal procedure while commissioners will delve into precinct operations.

Other program items include discussions on organizing for emergencies and programs available to the counties from state and federal sources.

The director added that other program features would be released as they are confirmed.

He added that county agricultural agents have been supplied with information dealing with the conference and it is available from their offices.

Plans are also being made for special events for the wives of participants and other special guests, the director said.

The Jimmy Byrd family, who moved from Post two weeks ago, are living on the Wallace Ranch located three miles east of Clairemont.

## Highway Beautification Program approved by Highway Commission

AUSTIN — The Texas Highway Department's 1966 - 67 Highway Beautification Program, Texas' first major push under the recently-enacted Highway Beautification Act, was tentatively approved today by the Texas Highway Commission.

The \$10.8 million program, which will cover more than 300 projects throughout the state, will now be submitted to the Bureau of Public Roads.

The program, subject to approval by the Bureau, will be submitted over an extended period. Project plans will go to the Bureau as they are completed.

As prepared by the Highway Department, the program represents Texas' first large effort toward compliance with the Highway Beautification Act of 1965 which was passed by Congress and enacted into law last October.

The program proposes work on 321 projects at a total estimated cost of \$10,862,400.

Of these, 122 projects are on the Interstate System and will cost an estimated \$7,486,600.

One hundred and ninety-nine of the projects are on the ABC system - federal - aid systems. The ABC projects will cost an estimated \$3,375,800.

Of the projects proposed, 147 rest areas are planned; 19 scenic overlooks; landscape plantings for 133 projects; and right of way purchases for 64 projects.

Also, purchase of right of way easements for six projects; 68 comfort stations; 111 water systems; and lighting on 60 projects.

## NEW CROP CHAIRMAN

AUSTIN — Robert B. Trull of Palacios was elected chairman of the Texas CROP-CWS board at the board's annual meeting in Austin. Trull will succeed Joe T. Salem of Sudan, who completes his second year as leader of the group, which consists of church and agricultural leaders of the state.

## Post student in race for queen

LEVELLAND — Cheryl Martin of Post is the Agriculture Club's candidate for homecoming queen at South Plains College.

Twenty-one candidates are vying for the queen honors, according to Deanna Cathey, chairman of coronation events for the SPC homecoming Feb. 4. The queen will be crowned during halftime at the homecoming game between the SPC Texans and Frank Phillips College.

All except five of the 21 candidates will be eliminated during the all college assembly and pep rally Jan. 31. During another assembly on the morning of Feb. 4, the top five candidates will be presented and students will select the homecoming queen from among them.

# Announcing

Effective Friday, Jan. 28, our Post business office will be closed and all our Post area telephone accounts will be transferred to our Brownfield business office.

Payments after Jan. 28, 1966, may be mailed to Brownfield.

For the convenience of those customers who prefer to pay in person instead of mailing remittances, we have arranged with the following Post firm to accept payment of telephone bills:

**Bob Collier, Druggist**  
203 EAST MAIN

When you wish to contact your new business office by telephone, please continue to dial No. 495-2801 which is listed in your directory.
