THE EXPRESSION "GET A HORSE" IS BACK IN VOGUE BUT WITH NEW MEANING. MORE AND MORE PEOPLE ARE TROTTING OFF TO REDISCOVER THE JOYS OF HORSEBACK RIDING.

RIDING THROUGH LEAFY GLENS OR ON MOUNTAIN PATHS, OUTDOOR ENTHUSIASTS FROM MAINE TO CALIFORNIA ARE HITTING THE TRAILS, AND ACCOMPANYING THE TRADITIONAL SPORT ARE TRADITIONAL WESTERN DENIMS—FOR RIDING EASE AND COMFORT.

It's the Law...

SPITE FENCES
"Good fences," wrote poet Robert Frost, "make good neighbors." But bad fences make lawsuits. This is particularly true of the spite fence, a fence built by a property owner for the sole purpose of annoying the people next door. For more than a century, the spite fence has been a bone of contention in our courtrooms.

In an earlier day, the spite fence found support in the doctrines of rugged individualism. What a man built on his private property was considered nobody's business but his own.

Thus, one court saw nothing unlawful when a home owner put up an ugly wooden fence, 40 feet high, artfully located so as to shut off light and air from the house next door.

"It would be intolerable," went the explanation, "to allow a man's neighbors to question his motives every time he should undertake to erect a structure upon his own premises."

Yet, the sheer nastiness of the spite fence was so plain that a reaction finally set in. Gradually, through both legislation and court rulings, the law swung the other way. Today it is the rule almost everywhere that a fence built just to be mean is indeed unlawful.

As one indignant judge put it: "What right has the defendant to shut out God's free air and sunlight from the windows of his neighbor, not for any benefit to himself but simply to gratify his own wicked malice? None whatever. The wanton infliction of damage can never be a right."

What if the fence-builder's motives are mixed—partly spite, partly practicality? For example, besides having a grudge against his neighbor, he may also have a legitimate use for a fence—perhaps as a windbreak or as a feature of some ornamental landscaping.

In that case, the law usually gives him the benefit of the doubt. The man may build his fence, even if the additional motive of tormenting the folks next door adds zest to his labors.

But if the law gives its approval, it may also tack on a word of advice.

"A good neighbor is a great treasure," one court reminded an obstinate home owner. "We can generally have such treasures if we are neighborly ourselves."

The first lace making machines, which were based on knitting machines, were in use in France and England in 1780.

When Jack Sinclair retired, he took his wife on a holiday cruise. They'll be home next week, and I'm certainly going to tell them how much they've been missed here at the church.

Like all ministers, I need a lot of help from my congregation to make our church a happy, inspiring place. Sinclair and his wife are just two of the many older members that keep things running smoothly. I depend on them for good ideas, for experienced administration and, very often, for a wise approach to young people's problems. In return, the Sinclairs have often told me how important their church has been in their lives, and how they both enjoy being needed.

That's one of the great secrets of life, I think... to be needed. And there isn't a church anywhere that doesn't have a real need for "senior citizens" to help with God's work.

THE CHURCH FOR ALL . . .

. . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Q. I plan to take a correspondence course under the new G. I. Bill. Will I have to pay for my textbooks?

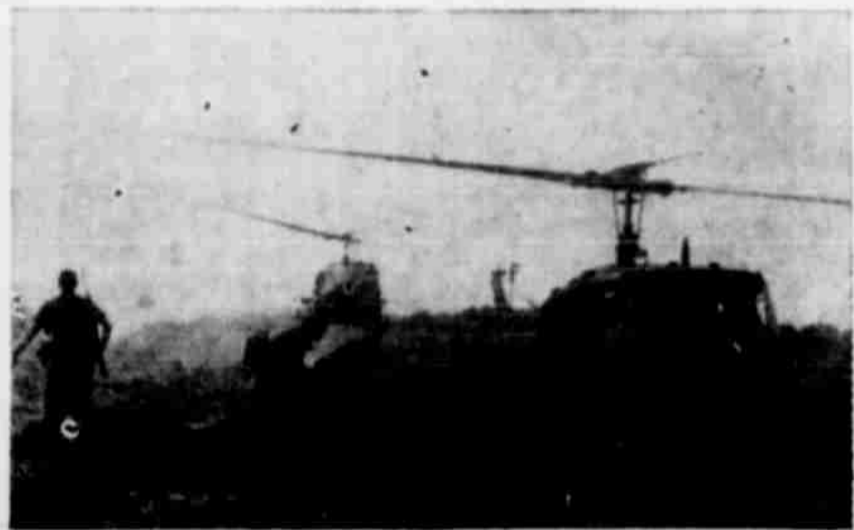

A. Correspondence courses are paid for by the Veterans Administration on a quarterly basis. The amount paid is based on the total cost of the course, including textbooks, supplies and equipment, divided by the number of lessons required to complete the course. The number of lessons completed during the quarter determine the amount of the educational benefit check.

100 are present for anniversary at area church

Approximately 100 persons were present for the 52nd anniversary and homecoming activities Sunday at the Friendship Baptist Church at Close City.

Former members from Denison, Odessa, Tahoka, Denver City, Slaton, Dickens, O'Donnell and Post were present for the occasion.

The day began with worship services Sunday morning and a sermon by the Rev. J. S. Tipton of Denison, a son of one of the charter members of the church. Mrs. J. D. Tipton.

Lunch was served at the Close City Community Center with a program held at the church in the afternoon.

The Rev. A. T. Nixon presided over the program. Mrs. Arvil Smith gave a history of the church and Mrs. Robert Craig and Mrs. Ronnie Killingsworth sang "Precious Memories." Former members, former pastors and deacons were introduced. Vernon Scott was in charge of an old-time song service and the Rev. Shelby Bishop of Tahoka, a former pastor, delivered the sermon.

Next, Louis Kinley was accompanied by Vernon Scott while presenting a chalk talk devotional entitled "When We See Christ."

tendent of schools. If the problem is not solved there, the aggrieved party, or parties, will be permitted to meet with the school board under certain conditions set out in the policy. The final appeal will be to the state level, if the problem is one which the State Commissioner of Education can act on.

THE POLICY also provides that School Supt. William F. Shiver will serve as the representative of the board for professional consultation purposes.

There are 13 regulations in the new board policy on the extra-curricular use of school buses. Two of the more important regulations are:

No. 7: "No student (on a school-sponsored extra-curricular bus trip) will be excused to anyone except a parent or guardian away from the starting point without having filed a letter with the principal of the school involved and with a telephone conversation, if at all possible, and the approval of the principal involved."

No. 8: "If a parent requests that his or her child return with another person other than themselves, they must include in the letter that the school is relieved of any responsibility for anything happening to their child when returning."

Regulation No. 2 of the policy provides that written consent of the parents involved must be given before the child is permitted to ride the vehicle.

THE POLICY adopted by the board on grievances of parents or guardians of students provides that the parent or guardian:

1. Contact the principal of the building and explain the problem.

2. Arrange for an interview with the teacher in the office of the principal.

3. If not satisfied, have the principal arrange for a meeting with the superintendent, putting all of the facts of the case in writing.

Further steps provided the aggrieved party is still not satisfied is a meeting with the school board and, finally, communication with the State Commissioner of Education, providing the grievance comes under his jurisdiction.

Copy Kraft was successful bidder on duplicating fluid at \$1.18 a gallon and master units at \$1.97 a box.

The Dispatch Publishing Co. received the contract for furnishing duplicating paper with its bid of 69.9 cents per ream.

The Post Junior Chamber of Commerce had planned to present a resolution at the council meeting asking that portions of the dog ordinance be declared unconstitutional, but the Jaycees' representatives did not appear at the meeting after being informed by a city official earlier in the day that such a resolution would be "out of order" at the meeting now that suit has been filed.

The city council amended a paragraph of the dog ordinance having to do with the vaccination of dogs against rabies. In effect they changed the wording that the vaccination "must be done by a licensed veterinarian" to "must be done by a licensed veterinarian or other competent person."

Lubbock minister is conducting services

By MRS. FREDA HARDIN

The Rev. Harold Stovall of Lubbock is holding worship services at the Watson Baptist Church of Kalgary. Sunday School starts at 10 a. m. and worship services at 11. Everyone is invited to come and worship with us and are very badly needed to help the church get started back as a main part of the community. See you there next Lord's Day. There were 25 in attendance this past Sunday.

The weeds are beginning to be quite a problem and it seems her hands are hard to find. The cotton still looks good, but I believe most everyone could use some rain.

Mrs. Leonora Jones, Mrs. Buran Jones and Mrs. Conda Starrett, all of the White River Home Demonstration Club, attended a "fun-fest" at Matador Aug. 1. They learned to make costume jewelry and place mats from papier mache. On their return trip they stopped by the Dickens County courthouse and visited with the staff there.

Ratliff named to tax committee

AUSTIN—Lt. Gov. Preston Smith today announced the appointment of Sen. David Ratliff of Stamford to serve on the special interim committee on State and Local Tax Policy, which was created by concurrent resolution during the legislative session this year.

In announcing the appointment, Smith stressed Ratliff's longtime interest in the tax situation of state and local governments in Texas. Ratliff has been a member of the Senate since 1955, and also served in the Texas House of Representatives for two terms.

The Committee on State and Local Tax Policy is requested to study the problems relating to revenue sources and to recommend constructive legislative action on taxation.

Graham church slates revival

The Graham Chapel Methodist Church revival will be held from Sunday, Aug. 13 through Aug. 29, with the Rev. Tommy Wilson preaching.

The Sunday morning services will begin at 9:30 a. m. with the evening services, Monday through Saturday at 8 p. m.

The MYF will meet at 7:30 p. m. Monday through Friday. Rickey Welch of Post will be in charge of the singing.

What's Your Sport?

The mid-day sun has been known to do more damage to sports-minded people than actual mishaps while playing a game. Since illnesses caused by heat can be serious and at times fatal, the following tips from the Quinton Company might help prevent such accidents. Whatever your summer sport, be sure to drink plenty of water and take Thermotabs buffered salt tablets to replace body salts lost through perspiration.

With golf one of the country's fastest growing sports, the golf courses are crowded. AVOID crowds by teeing off in late afternoon. If you must play during the heat of the day, rest in shady areas and quit at the first signs of fatigue.

Bike riding on a hot and humid day has dangers. Take periodic rests... walk up steep hills... ride at a moderate pace... carry drinking water with you.

Tennis is the most tiring of summer sports. To prevent sunstroke, be sure to wear a hat. Rest often and wear loose-fitting, light-colored clothing to help keep cool.

Police report is incomplete for month of July

An incomplete police department report for the month of July was given at Monday night's city council meeting by Police Chief Bill Gordon.

The chief explained to the council that the report was incomplete because the city judge had not completed his docket reports at the time the information was compiled.

The incomplete report showed 42 arrests and 26 traffic tickets issued during the month.

Fines collected on the 42 arrests totaled \$1,170, with \$685 of the total coming from 25 fines on drunk charges. Seven drunk-in-car charges accounted for \$400 of the total.

Four persons arrested by city police were turned over to other law enforcement officers, according to the report. One of these was turned over to the Abilene police department, one to the Garza County sheriff's department, and two to the Border Patrol.

In addition to the 26 traffic tickets issued, city police handed out 33 warning tickets and investigated three traffic accidents in July. The police picked up 110 dogs during the month, with dog pound fees totaling \$56, and license tags issued, \$90.

Cotton meetings slated in Texas

WASHINGTON—The Agriculture Department has announced meetings will be held in Texas Aug. 28, 29 and 30 in connection with the 1968 cotton program.

One of the meetings will be held in Lubbock at the Koko Palace Aug. 28.

The meetings were among 14 scheduled through the nation's cotton belt to discuss present cotton situations, legislation and programs with growers and other interested persons.

All meetings are to begin at 10 a. m.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deal with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called 'Texas Park Development Bonds,' shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

Graham women return from vacation journey

By MRS. GLENN DAVIS
News will be scarce from Graham this week. The writer of this news accompanied Mrs. Will Wright on a short vacation. We drove to Lincoln, N. M., Saturday returning Monday afternoon, where we visited with Mrs. Wright's sister-in-law, Mrs. Mattie Wright, and attended the Old Timers Celebration and Billy the Kid Pageant. While in Lincoln, we visited the school building where the four Cowdrey children, Lola, Elmer and Delmer and myself attended school in 1913-14. On Sunday morning we drove to Captain where we attended church services. On our way home we went to the Botanical Lakes and visited in Plains with Mr. and Mrs. Lillard Thompson. It was cool in Lincoln and no mosquitoes.

There have been a number of people in the community this week. S. D. Lofton, the Ambers Parrish family, Mrs. Delmer Cowdrey, Mrs. Quannah Maxam and Mrs. C. R. Baldwin, who has returned home from Garza Memorial Hospital where she was admitted Sunday. We hope all of these and others who are ill, will soon be feeling much better.

MR. AND MRS. Bobby Thomason of King City, Cal., visited Wednesday of last week with her brothers and their families, the Lonnie and Punk Peel.

The Elbert Nelson family of Kansas were Saturday luncheon guests of the Bill McMahan. The Nelson family visited here quite often when he was preaching at the Methodist Church.

Mr. and Mrs. Theibert McBride and David visited in Lubbock Sunday with their son and his family, the Auvy McBrides.

Post school thanked for cooperation in tuberculosis tests

School Supt. William F. Shiver this week received a letter from the Texas State Department of Health thanking Post school administrators for the manner in which the examinations of school personnel for tuberculosis were carried out here last year.

The letter pointed out that "Last year, for the first time, all school personnel in Texas were required to have annual examinations for tuberculosis."

"We are grateful to you for your role in expediting this program," said the letter received by the superintendent.

A summary report of the first year's examination disclosed that 181,206 administrators, teachers and school workers were examined for tuberculosis in the state's 1,283 school districts.
