Committee seeking solution to county, hospital financial woes

Thorough study of facts, figures under way here

A four-member fact-finding committee is digging into a maze of facts and figures this week in an effort to come up with a solution to the financial problems of Garza County and the Garza Memorial Hospital.

Appointed by County Judge J. E. Parker last Thursday night at a joint meeting of the commissioners' court and the hospital board, the committee primarily is trying to determine from the figures available the approximate amount it has cost county taxpayers to subsidize the hospital since it was opened 16 years ago.

A member of the committee said today that all the figures needed prior to 1961 are not available, and that the committee is concentrating on hospital receipt and expenditure figures of the last six years or so.

Members of the committee are Harold Lucas, Arnold Sanderson,

gestation that the fact-finding committee be appointed came after he had commented that "everyone here tonight seems vague as to how much has been spent and is being spent to keep the hospital open, and as to whether the present 15-cent tax was voted as a hospital tax or as a county fund reallocation."

In addition to the commissioner's court and hospital board, about 30 citizens attended the meeting. Most of them had been invited to the meeting through letters sent out by the commissioners' court.

Each of those receiving an invitation to the meeting also received a prepared statement from the commissioners' court entitled "Garza Memorial Hospital Ills," which read as follows:

"Garza County has had a hospital for nearly 16 years at an initial cost to the county of \$200,000, (and) under the Hill-Burton Act we secured a matching fund of \$175,000. This made a total initial investment of \$375,000.

"Since the hospital was opened it has been necessary to supplement the operating fund with tax monies to the extent of \$275,000. With contingent costs such as interest, handling charges, etc., we

had another cost of \$61,000. This totals the cost of construction, maintaining and operating in the amount of \$693,000. This included \$175,000 of federal funds; a net to Garza County taxpayers of \$518,000.

"We have as well equipped a hospital as will be found anywhere in cities or counties comparable to our county. There is no reason for the taxpayer not to use it, with perhaps a few exceptions. After careful thought, we, the Commissioners' Court of Garza County, have decided to take steps that have become necessary to keep our county in a healthy financial

condition. All we can expect if we keep the hospital open is bankruptcy for our county operating funds. There seems to be only one cure for the further operation of the hospital. There has never been a maintenance and operational tax voted for the hospital. The only monies available for this purpose were allocated from the county's constitutional funds. It will be necessary for the further operation of the hospital for the taxpayer to vote a 25-cent tax for this purpose.

"We have created a debt of some \$100,000 because of this lack of (See Committee, page 8)

We are highly encouraged by the start made last Thursday night—while the Cs were vacationing—to work out a solution to the hospital's financing and the county's problems.

Injunction issued in dog ordinance case

After five-hour hearing

A temporary injunction restraining city policemen from going on private property to pick up or search for dogs was issued by District Judge Howard Green Monday afternoon following a five-hour hearing in district court here.

The injunction will be in effect until the final hearing in district court of the case of Lonnie W. Duke et al vs. the City of Post, which was filed Aug. 1. Upon the filing of the suit, District Judge Truett Smith issued a temporary restraining order, which was in effect until the issuance of the temporary injunction Monday.

Green, sitting in place of Judge Smith, who was on vacation, issued the temporary injunction after hearing arguments from Pat N. Walker, attorney for the plaintiffs, and City Atty. Carleton P. Webb.

The hearing began at 10 a. m., with the arguments continuing until noon. At 1 p. m., the testimony of witnesses, all subpoenaed by the plaintiff, was heard until the conclusion of the hearing at about 4 o'clock.

The witnesses included Chief Bill Gordon, Police Sgt. Otis G. Shepherd Jr., City Patrolman Richard Brush, City Councilmen Arnold Parrish, D. C. (Billy) Hill, Lewis C. Herron and Robert Cox.

City Manager Eddie Warren, City Secretary Wanda Wilkerson, Mrs. Howard Kolb, Mrs. Ed Blanton, Mrs. Charlie Williams, Mrs. Kenneth Williams and Lonnie W. Duke. City Councilman Bob Collier had been subpoenaed, but was excused because of illness in his family.

The defense did not call any witnesses to the stand.

The testimony of Duke, Mrs. S. Kolb, Mrs. Blanton and the two Mrs. Williams was to the effect that city policemen had gone onto

private property to pick up or search for dogs.

Much of the opposing counsel's argument during the morning session was as to whether or not the court had jurisdiction to issue the temporary injunction, with Judge Green holding that the court did have such jurisdiction in his preface to the issuance of the injunction.

THE CITY attorney stated in his argument, "This court has no authority (See Injunction, page 8)

Sidewalk Sale is set for Saturday

Post's fifth annual Sidewalk Sale —with a real carnival atmosphere — is scheduled for the downtown area all day Saturday, beginning at 8 a. m.

Not only will many stores set up "bargain bazaars" out on the sidewalk, but the 100 and 200 blocks of East Main will be roped off for the day from auto traffic.

The Home Demonstration Council is planning a booth offering cakes, cookies, and a lot of other items for sale. The Post Jaycees are planning an operation of a dunking machine to add some fun to the occasion and will run a downtown concession stand as well.

The Jaycees in a classified ad on page 4 are advertising for leading citizens, coaches, police, officials to ride the "dunking seat" with a free dinner for two to the one who hits the water most in a 30 minute period.

A big free hootenanny is planned in the 200 block on East Main from a truck bed. Dozens of area bands have been invited to participate and the response is reported good. If enough bands accept the hootenanny will begin in the morning but it is sure to run throughout the afternoon.

Then the Tower Theater is offering a continuous show with a big double feature all day Saturday for only 25 cents per customer as long as the customer gets a ticket offered free by downtown merchants before approaching the theater window.

The movie will begin at 9 a. m. and run all day and through the evening at the 25 cent rate for both adults and children, according to Theater Manager Johnny Hopkins.

The movie is expected to add to the Sidewalk Sale "draw" as the youngsters can go to the movies (See Sidewalk Sale, page 8)

Lutheran pastor going to Iowa

The Rev. Robert Kamrath, pastor of the Faith Lutheran Church of Post, will conduct his farewell service here at 8:45 a. m. Sunday.

He has accepted a call to Sumner, Ia., and he and his wife and seven children will leave Monday.

Rev. Kamrath makes his home at Wilson and is pastor of the St. Paul Lutheran Church there. He has been pastor of the Wilson church for 6½ years and has headed the local church since organizing it four years ago with the support of his Wilson congregation.

At Sumner, Rev. Kamrath will also have two congregations, one in the town of 2,400 population and the other in the country five miles away. He will have 571 members in the two congregations.

Efforts are being made here by the Faith Lutheran Church to secure a vacancy pastor while a search is conducted for a pastor for the Wilson and Post churches to succeed Rev. Kamrath.

.24 of an inch of moisture Tuesday

Post officially received .24 of an inch of rainfall in a shower Tuesday afternoon and evening, according to the measurement of the official rain gauge on the courthouse lawn.

SEASON FOOTBALL TICKETS ON SALE

Season reserved seat tickets for the Post Antelopes' six home football games went on sale today at the high school office, Principal Charles R. Hutchins announced.

The tickets will be available today (Thursday) and tomorrow only to fans who bought season tickets last year and who want to reserve the same seats for this season. Monday, the reserve seat tickets will go on sale to the general public, Hutchins said.

The season tickets are selling at \$7.50 each.

The home games are with Lockney, Florida, Freshup, Lubbock Christian College High School, Stanton and Morton.

School starts Aug. 30

With the opening of the 1967-68 school term now less than two weeks away, Supt. Bill Shiver today announced that the annual teachers' workshop, Aug. 28-29, will devote a major portion of its time to setting up course guidelines.

As required by state school law, the guidelines include establishing contents of each course, references to be used, method of teaching and evaluation.

The superintendent said that a steering committee also will be set up for the evaluation of Post schools, also required by state

Bank named school fund depository

The First National Bank was named as the depository bank for Post Independent School District funds for the next two years at a special called meeting of the Post school trustees last Friday afternoon.

Earlier the board had authorized board president, Russell Wilks Jr., to negotiate terms of the depository agreement with J. B. Potts, bank president.

Chamber, Foundation ask no closing action

The Post Chamber of Commerce and the Post Industrial Foundation have adopted resolutions requesting the Garza County commissioners' court to "take no action toward closing Garza Memorial Hospital until a thorough and complete study of county finances can be made by an impartial committee."

The resolutions state: "It is our opinion that if Garza Memorial Hospital should be closed that it will be disastrous as far as the locating of new industries in Post and will be very detrimental to existing industry, thus affecting adversely the economic condition of Garza County, in which we are all vitally concerned."

Post airman is off to Vietnam

A3c Dickie Vardiman left Saturday by plane for McCord Air Force Base in Seattle, Wash., and left Monday morning for Phan Rang, Vietnam, where he will serve for a year as a munitions specialist.

Benny Owen is stationed at Phan Rang and the two Post friends hope to be near enough to visit one another.

Dickie's wife, the former Miss Cheryl Martin, will continue to live in Post where she is employed at Postex Mills. The airman is the son of Mr. and Mrs. Richard Vardiman.

Footballer breaks arm in practice

The injury "bug" bit the Post Antelope squad early this season when sophomore back Neff Walker broke both bones in his left arm Tuesday morning on the second day of practice.

Walker, son of Mr. and Mrs. Pat N. Walker, received the injury when tackled while carrying the ball in a scrimmage. The arm bones were broken about three inches below the elbow.

The 140-pound sophomore was a starter on last season's freshman team and was considered by Coach Glynn Gregg as a fine prospect for this season's varsity squad.

The break was described as a "clean one," and Walker is expected to be out for practice again by mid-season.

Burkes elected to PCG board

Louie Burkes, manager of Postex Mills, was elected as Garza County's businessman - director to Plains Cotton Growers, Inc., at a meeting last Friday night in the Community Room.

Burkes was elected for a two-year term to succeed Mike Mitchell. Wayne Carpenter is Garza County's producer - director on the PCG board.

Ed Dean, PCG representative from Lubbock, spoke at the meeting.

At rodeo arena

Competition will be halted a nd performance classes. Trophies will go to first place winners and to grand and reserve champions. Rosettes will be awarded first through sixth places.

Entries are expected right up to the deadline at 10 o'clock Saturday morning, Gray said.

Admission to the horse show is free. The Graham Home Demonstration Club members will have a refreshment stand at the show.

Champions named at rodeo wind-up

Champions in all events were named at Saturday night's closing performance of the annual Stampede and Southwestern Friendship Junior Rodeo.

Saturday night's crowd was the largest of the four-night rodeo, which began Wednesday night of last week following the opening day parade at 5 p. m.

The size of the opening night crowd was below expectations, but the number of fans attending the other three performances was about the same as in previous years.

County adopts 1968 budget

Garza County Commissioners met Monday at the conclusion of their public budget hearing and adopted the 1968 county budget as described recently in the Dispatch.

The new budget calls for no change in the present county-wide tax rates.

Other actions at their August meeting, which was reported still in further action Friday, the commissioners adopted a \$1,800 from the investment school fund in bonded City of Houston water bonds paying 4.30 per cent.

The county also adopted a \$135 bid for sale of a 1967 Chevrolet truck owned by the No. 1.

The county also adopted a \$5,000 from the consolidated fund into the salary

Person hospitalized after auto accident

Rita S. Underwood, 24, of Creek, Tex., was treated for injuries at the Garza Memorial Hospital Monday night following a two-car accident on Main Street at 10 p. m. Monday.

Sgt. Otis G. Shepherd Jr., who investigated, said the accident occurred when Mrs. Underwood, driver of a 1965 Chevrolet, struck her automobile from its rear end on East Main, between Avenues I and H, into a car driven by Quay Williams, 14, of Post.

Underwood was charged with failure to yield right-of-way and driving while intoxicated under violation of Code 2 of the state's license law, which prohibits the driver must have a valid driver in the front seat.

The vehicles were heavily damaged in the accident, according to police report.

Paint Horse Show will be Saturday

Post's fourth annual Open Paint Horse Show will be held Saturday, Aug. 19, at the Post Stampede Rodeo arena, with judging scheduled to begin at 10 a. m.

"If everybody who has filled entries show up, it will be one of the biggest paint horse shows we've ever had here," said Oscar Gray, secretary.

Doyle Saul of Plainview will judge the show, which is approved by the American Paint Horse Association and the Texas Paint Horse Club.

Shop Saturday's big Sidewalk Sale

They're talking about Saturday's Sidewalk Sale being the biggest yet in the five-year history of the popular sales promotion event, in which the bargains are brought from the stores right out onto the sidewalks.

The Sidewalk Sale comes at a good time this year—right before the opening of school, at a time when many parents will be shopping for their youngsters' school clothing and supplies. They'll find these back-to-school items in abundance at Saturday's Sidewalk Sale—as well as just about everything else you can think of—among the many bargains to be offered by mer-

chants participating in the sales event.

Besides the Sidewalk Sale bargains, there'll be other attractions to give Saturday's affair more of a special events air than there has been at any of the previous promotions. These added attractions will include concession stands offering refreshments, and special film fare at the Tower Theatre for the youngsters while their moms and dads shop their way among the Sidewalk Sale bargains.

There will be a full 10 hours of the Sidewalk Sale—from 8 a. m. until 6 p. m.—so come early and stay late!—CD

Bears are friends to no one

Bears probably have killed as many, or more, human beings as any other animal, and they added to their toll Sunday with the killing of two 19-year-old girls as they slept in sleeping bags in the rugged wilderness of Glacier National Park, in Montana.

We've never liked bears and we don't even like to see their image built up as has been that of Smokey the Bear, the forester's friend. Bears are friends to no one. They are a vicious, unpredictable breed of animal, and we'd about as soon stick our arm in a lion's eyes as to hold it out a car window to feed a "time" bear in a na-

The superintendent of Glacier National Park has made the statement that lightning may have goaded the two "normally shy, near-sighted" grizzlies into attacking and killing the two girls Sunday. Bullcorn! It doesn't take a thunderstorm to goad a bear into killing.

Officials at Glacier National Park have even summoned a park service biologist from Yellowstone National Park to try to figure out why the bears attacked. Well, all we can say is that's the height of something or other—we're not sure what.—CD

The new draft board policy

There has been more than a little confusion in past months on draft board policy, with colleges and universities having to supply class standings and test grades of college students. Under a new policy announced by the State Selective Service headquarters, scholastic deferment of undergraduate college and university students who meet the requirements of the new draft regulations now is mandatory upon the request of the students.

What these new regulations mean to our nation may seem small right now, but the effect will be more young men in colleges and universities. These young men will still face possible military service after finishing school. This nation needs all the college-trained men our society can afford to produce.

The United States is facing problems of heavy

military commitments throughout the world. On the other hand, our society cannot continue to grow and advance without a continual influx of college trained graduates, especially young men. If college men are "drafted" into the military, then the chances of these young men ever finishing their college work is small. Also, the military needs fighting men who have the knowledge of using and maintaining the complex instruments of war which modern technology is developing.

For these reasons the new draft board policy concerning college deferments is both sensible and vital to our national security. Young men interested in furthering their education will be doing their nation a service by taking advantage of draft deferments and completing their college education.

Postage stamps and the flight of time

In Washington, they're getting ready to print 6 cent postage stamps and before you can stick out your tongue to lick the stamp it's going to cost you that to mail a first class letter. That shakes us a bit because a recent rummage for something in the back of a desk drawer turned up a letter bearing a first class mail stamp priced at 3 cents. Know what the date on the stamp was? 1957.

Yes sir, "Coast and Geodetic Survey" it says in dark blue ink, "1897-1957" and across the bottom of the stamp: "U. S. Postage—3 cents."

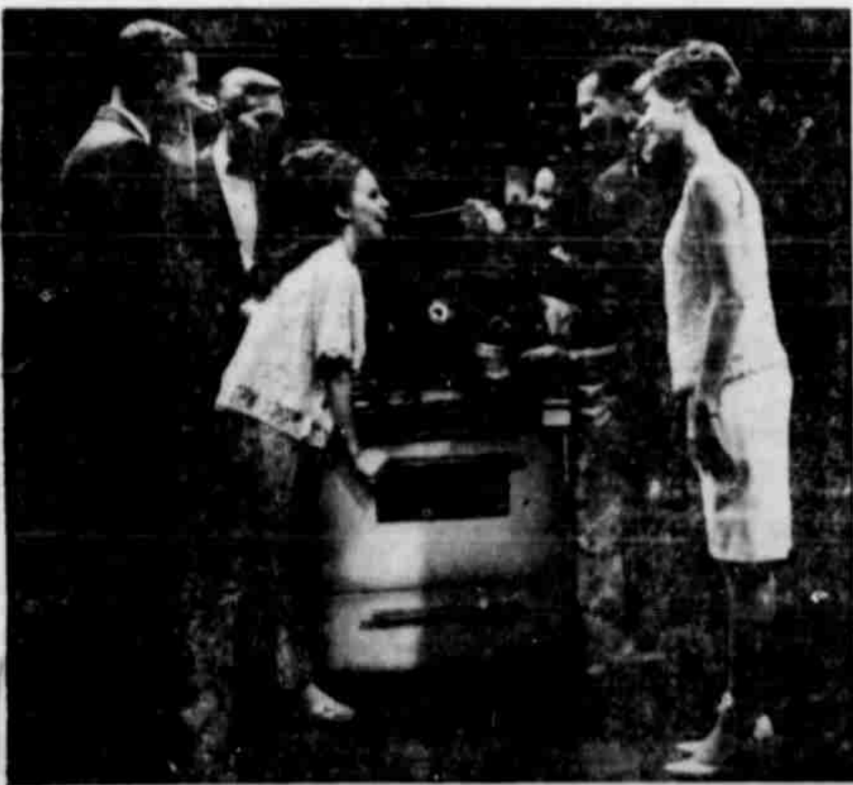

And while they're getting ready to print the new 6 cent postage stamps in Washington, a crew from the post office here will be going over to the Santa Fe depot to take up the mail box, since there will be no more use for it now that the Santa Fe Railway is discontinuing its mail cars on the two passenger trains through here.

The Post Office Department is not to be blamed, however, for the discontinuance of the mail cars. We bring it up in connection with the first class mail rate increase merely to indicate

how things are going along those lines.

But, getting back to the postage stamps, in ten years the price of a first class mail stamp will have gone from 3 cents to 6 cents. And frankly, if the service were twice as good as it was ten years ago, it would still be a national disgrace. We read somewhere that in some European cities you can order your groceries by mail in the morning and have them delivered to your house in the afternoon. If you tried that in a major city in this country you'd be so weak from starvation that you wouldn't be able to cross the room to open the door when the delivery boy finally showed up.

Somehow, Congress has always been able to move faster than the mail deliveries. Postal rates and the national debt ceiling get a preferential treatment that reminds one of the gallery at a tennis match. A bill to increase either flies in the door and Congress returns it with the speed of a tennis ball, ready for printing into law. You can scarcely turn your head fast enough to see it happen.—CD

COOK UP A PARTY!

And what a party it's going to be with a new gas range to help. You can create all kinds of festive recipes. With a gas range you have unlimited temperature control, not just a few fixed dial settings. You adjust your gas range to the perfect temperature for the most delicate recipes. And when a quick temperature change is required, it's easy . . .

with instant on - instant off control. No hang-over heat. A gas range lets you broil with the oven door closed. Inside, grease splatters and smoke are consumed by the gas flame. No mess, no over-heated kitchen. Your friends will notice! Delicious foods always leave a good impression. So, how about it? Cook up a party with clean, economical gas.

SCIENTISTS TELL us none of the seasons are getting shorter, but that's hard to believe when we start getting fall weather before the middle of August.

If you didn't see enough horses at last week's rodeo, don't miss Saturday's Paint Horse Show out at the rodeo arena.

THE MAN UP the street says it's getting harder and harder to support the government in the style to which it has become accustomed.

I dashed back into the office the other day to find that someone had left this in my typewriter:

A CITY HALL PRAYER

"Some of those present sat as if stunned," said the Gloucester Daily Times that day. "Some were plainly shocked. But there was a noticeable tendency to applaud at the close." The paper was commenting upon the prayer delivered by the Rev. Levi M. Powers, D. D. at the inauguration exercises of the Municipal Council of Gloucester, Mass., on Jan. 3, 1916.

"Almighty Father, we begin today a new year of civic life. We know that no matter how much You may want to bless this city, You cannot do it unless the citizens are willing to be blessed.

"We pray, therefore, first of all for the voters of this city. There are some too lazy to vote, but not too lazy to grumble. Bless them.

"We pray for the taxpayers who want good streets, good schools, good fire and police protection and good health officers, but who wish other people to pay the cost.

"We pray for the businessman whose votes are determined by the expectation of special favors for themselves. Bless them if You can.

"We pray for those who believe that all laws should be enforced except the laws they do not like.

"We pray for the comfortable who do not care about anything so long as they are left at ease.

"We pray for political managers who swap votes and sell out their friends and let bad candidates go unopposed.

"We pray for ministers who say what is pleasant to hear rather than what is true.

"We pray for all connected with newspapers who openly advocate civic righteousness and secretly promote crooked politics.

"We wish, O God, that all these people might be blessed, but perhaps we are asking too much. It may be that the only thing You can do is to let them go to hell, where they belong. You know best.

"But, O God, before There are those who can be blessed, those why may be a blessing to themselves and to the world. Here today are hundreds of young men who soon will be voters. Bless them with a vision of the world that ought to be and will be when we are wise to our own good. May each one think of his home not merely as a house in which he lives, but as a city of which he is a part. May he see how much finer and better life will be for all when each one works for all and thinks for all and all for each.

"Finally, we are here this morning, O God, to induct five men into office. It will be their duty to think and plan not only for any one class, but for all of us; not for the best citizens only, but for all the citizens; not only for those who pay the taxes merely, but for those who earn the money to pay the taxes. Help them, O God, to plan and act honestly, bravely and efficiently for the good of all."

THE EDEN (Tex.) Echo says this business of getting enough news to fill up the paper is just as simple as anything. Here one reporter describes his efforts on getting details of a big fire:

Reporter: Did you discover the fire?

Man: Yeah, I guess.

Reporter: When?

Man: I dunno. Sometime after I got up. You're not going to put any of this in the paper, are you?

Reporter: Well, you discovered the fire, and you deserve the credit. Let me get your name here.

Man: I dunno about that. I don't want my name all over the papers—like all spread a round, you know.

Reporter: So what's your name?

Man: Joe. Everybody around here know me, Joe.

Reporter: Joe what?

Man (amazed and hurt): Joe Bluzkaczko. Jees, everybody knows me.

Reporter: Where do you live?

Man: Where you live? What's your address?

Man: You know the Price place where the double signboard used to be near the flour mill. The one that burnt down in fifty-five. And where O'Hara's daughter's husband runs the still.

Reporter: No, I can't quite place it.

Man: Where you been? Everybody knows me, knows where I live. Ask anybody. Say, you're not going to put all this in the paper, are you?

Reporter: No, I can't quite place it.

Texas tortoise and horned lizard are now protected by state law

AUSTIN — The slow moving Texas tortoise and the bizarre horned frog or toad are now protected from commercial exploitation by laws passed by the 60th Legislature, according to Howard Lee, director of programs for the Texas Parks and Wildlife Department.

Senate Bill 386 protects only the "Gopherus berlandieri" or Texas tortoise. The Texas tortoise, found only in South Texas and Northern Mexico, is completely harmless and eats fruits from the common cactus and young plants.

Lee said commercial exploitation of the land tortoise is rapidly depleting the population from South Texas and Northeastern Mexico. He said the slow reproduction rate of the tortoise could lead to its extinction and could possibly upset the ecological balance of the limited area where it is found.

Senate Bill 331 protects all species of the horned toad or frog which is neither a toad or a lizard and member of same family as the Iguana in Mexico and Central America. A handbook of lizards and there are some 13 sub-species in the United States with three in Texas. The book lists wide ranges in the species. Some egg layers while other are bearers. Some squirt blood from their eyes which ruin a shirt or a pair of khaki trousers.

"Otherwise, they are harmless except to the ant populations," Lee said.

Violation of the law carries misdemeanor penalty and a fine from \$10 to \$200. The law prohibits the Texas tortoise can include confinement in the jail for not less than 10 days, not more than 60 days in addition to the fine.

\$12,769 repairs sought in suit

Earl Chapman, doing business as Rucker A Well Service, has filed suit in Garza district court against Charlie Baker, doing business as Post Wrecking Service, for recovery of \$12,769.56 to pay for repairs to a Hopper Hoistmobile owned by Rucker A in an accident Oct. 26, 1966.

The petition alleges that Post Wrecking Service was engaged to lower the hoistmobile from a grade in Garza County to a ground below. The suit alleges that a cable broke as two workers sent by Baker were lowering the machine and that it ran to the grade at a high rate of speed and crashed causing the \$12,769.56 damages.

Post family and guest return from trip to Northern Europe

Mr. and Mrs. Clint Herring and daughter, Jan, and Miss Pam McCrary returned home last week from a six-week trip highlighted by the North Cape Cruise through the Scandinavian countries.

Mrs. Herring said they had a good visit with Suzanne Krause in Copenhagen, Denmark. Miss Krause will be remembered by many as an exchange student, who completed her high school education in Post in 1963. She made her first visit at that time with Dr. and Mrs. B. E. Young who keep Suzanne in Post in 1963.

Suzanne is a dental student and working in a hospital this summer. She took the Herring's and McCrary to North Zealand, a beautiful bit of countryside and a beautiful area from which the country of Sweden can be seen.

The canal trip across Sweden, lasting through 65 locks, will be remembered as one of the most interesting trips to the Herring's.

The trip was primarily made to see the Danish Christmas plate and A. Michelsen Christensen spoon and fork factory, both in Copenhagen, and the Liqueur factory at Wingen on Moder.

Couple's parents here for visit

Arriving for a visit in the Dick Dickson home this weekend are his parents, Mr. and Mrs. W. P. Dickson of Jacksonville, Fla., and her father, Raymond King of San Antonio. Mrs. King been here for several weeks.

Another guest will be Mrs. David King of Atlanta, Ga., grandmother of Mrs. Dickson.

Occasion of the visits will be the baptism of Stephen Dickson Sunday at the First Presbyterian Church and the marriage of Mrs. Dickson's brother, David King, to Miss Gwenn Blewer Aug. 25 in Lubbock. The couple both attend Texas Tech.

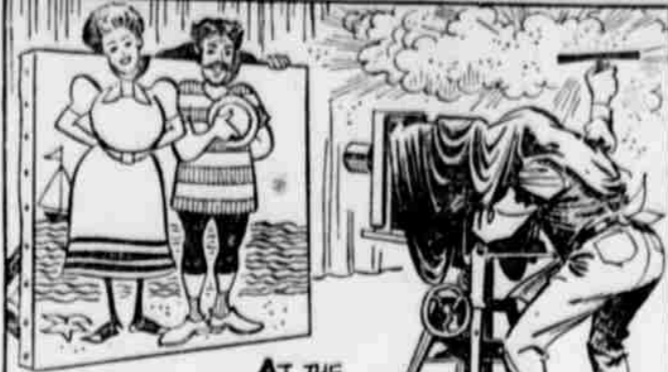

Lake outing for Jaycee families

Jaycees and their families and friends enjoyed an all-day outing at Lake Thomas Sunday with activities including boating, water skiing and picnicking.

Attending were: Mr. and Mrs. Wayne Richardson and family, Mr. and Mrs. Ronnie Morris and family, Mr. and Mrs. Don Ammons and family, Mr. and Mrs. Frank Blanton and family, Mr. and Mrs. Ed Blanton and family, Mr. and Mrs. Ken Callaway and family, Mr. and Mrs. Phil Crenshaw, Mr. and Mrs. Ray Moxley, Rod Callaway and Miss Beverly Stolle.

CLOSE CITY SOCIAL
A potluck supper will be served at the regular monthly social at the Close City Community Center Saturday night at 7:30 o'clock. The public is invited to attend and enjoy games and "42" after the supper.

Davis-Cockrell wedding vows to be exchanged here Friday

Miss Linda Davis, daughter of Mr. and Mrs. Grady Davis, Star Route, will be married to Freddy Wayne Cockrell, son of Mr. and Mrs. Delbert Cockrell, Friday, Aug. 18, at 8 o'clock in the evening at the Trinity Baptist Church.

Miss Davis, a spring graduate of Post High School, is employed at Garza Memorial Hospital. Mr. Cockrell, a 1966 PHS graduate, works at Fred Long's Enco Station.

Take an altitude of over 8,000 feet, a gorgeous lake surrounded by mountains and magnificent pine trees, a spacious summer home clinging to the side of the mountain, chipmunks, a sailboat, a nearby golf course all situated a few miles from a picturesque village and you have the C's vacation all rolled up into one paragraph.

But, you're not going to get off that easy. We had a terrific time and I want you to either know all about it so you can rejoice with us or drool with envy. (I'm a drool-with-envy type myself.)

After driving through several "tourist" towns I had about resigned myself that Grand Lake, Colo., would look like all the others, but it didn't. They have kept the flavor in their village even though the Main Street is lined with gift and curio shops and dozens of places to eat. "Tourist Trap" it might well be classified but it is done a bit more tastefully and subtly than most such places.

New there this summer was a repertory theatre group, so along with our loafing, we took in two delightful plays — one a melodrama and the other — "The Fantasticks".

We also took a breath-taking ride from Grand Lake over the Trail Ridge Road into Estes Park and from there to Central City, where among other things, we saw the "face on the barroom floor." It was interesting to watch the "I wouldn't be caught dead in a barroom types" trot in to look at this well-known painting, and scoot out.

The heavily traveled mountain roads in Colorado are so good that anyone that has a fear of heights (and that's me with a capital letter) can ride along in comfort. You'll notice that I said the heavily traveled roads were good but unfortunately we returned to Grand Lake by a seldom traveled road. My fingerprints are indelibly imprinted on the back of the front seat of the David Newby car. Not only that but I have callouses on my feet from braking the car on the downgrade — from the back seat, too!

The reason we ended up on this gosh-awful road is because we drove out from Central City to see the famous "Glory Hole" mine. This mine made the news last week when a college-age youth fell 40 feet down the mine opening but hung on until he was rescued. The opening to the 600-foot shaft is protected by huge posts and barbed so he stupidly was where he shouldn't be when the accident occurred. Being afraid to even get close enough to the fence to look down the opening real good in broad daylight made me decide he must be stupid to be peering around inside the fence in the middle of the night.

I became awfully attached to a family of chipmunks while there and sat on the porch every day to feed them peanuts. The little rascals are quite tame and came back time and again for peanuts which they promptly shelled and hulled and stuck in the sides of

Young pianists present program at club meeting

Mrs. H. J. Dietrich was hostess to members of the Needlecraft Club in her home last Friday and opened the meeting by leading the group singing of "Surely Goodness and Mercy".

Mrs. Dietrich introduced two of her piano pupils, Dana Pool, daughter of Mr. and Mrs. Bill Pool, and Patti Parrish, daughter of Mr. and Mrs. Arnold Parrish, who played a duet of the "Blue Danube Waltz" by Strauss. Dana played "Pinwheel" by Gillette and Patti played "Tales of Vienna Woods" by Strauss.

Two guests were present. They were Mrs. Minnie Jo Brannon of Houston and Mrs. J. A. Rogers, who was welcomed into the club as a new member.

The hostess served finger sandwiches, cake, ice cream, coffee and tea.

Members present were: Mrs. Oscar Smith, H. J. Irons, M. J. Mahouf, L. G. Thuet Sr., H. W. Schmidt, Tillman Jones, Monte Adams, Will Wright, Nell McCrary, Louis Burke, S. C. Storie, F. A. Gilley, Carl Jones, Lillian Tizard, W. R. Graeber, M. H. Hutto, B. F. Evans, J. C. Caylor and F. C. Barker.

Mrs. Wright will be hostess at the Aug. 25 meeting.

Their mouth. Eventually the greedy little animals would have to disappear to place the nuts in their hole for winter eating. They would then return for another go-round.

We drove into town about 10 o'clock Saturday night and the first thing we saw as we dropped off the Caprock was the big crowd at the concluding performance of the rodeo. However, after driving 700 miles that day we weren't quite up for it. As we rounded the corner off the highway onto Avenue 5 we noticed that the Syd Conners have a new home and even in the dark it looked mighty nice. The next thing I noticed was the "smell of Post". After smelling all that nice clean clear mountain air it came as quite a shock to realize that we live in a town that smells of gas and oil.

I've always been surprised when out of town people complain of the smell, but guess it's just been too long since the 'C's have been out of town and we have gotten used to it.

Our thanks to Charlie, Corkey, Ronnie, Orabeth and Charlie's daughter, Charlene, who was here from Dallas visiting and came down to "help out" a couple of days, for doing such a bang-up job and making us realize that we 'C's are not indispensable.

Joiner-Kennedy vows exchanged

Mr. and Mrs. S. Y. Joiner of Sundown are announcing the marriage of their daughter, Margie, to Jimmy Kennedy, son of Mr. and Mrs. James Kennedy.

The wedding took place July 23 in the study of the First Baptist Church with the minister, the Rev. Joe Vernon, officiating.

The couple is at home in Post where Mr. Kennedy is employed by Tom Landers, oil operator. The recent bride is a 1964 graduate of Sundown High School and of South Plains College at Levelland. Mr. Kennedy graduated from Post High School in 1965 and attended SPC. Both plan to continue their educations in the fall.

CROSBYTON REUNION
CROSBYTON — The annual West Texas Pioneers and Old Settlers Reunion will be held Saturday, Aug. 19, at the Crosby County Pioneer Memorial Building here. The event will include dedication of a Texas Historical Marker at the Crosby County courthouse, which was constructed in 1914.

HD Council will have Sale booth

The Garza County Home Demonstration Council met in a special called meeting last week and voted to participate in the Sidewalk Sale which will be held Saturday.

Council members decided to set up a booth in the downtown area and sell food and handmade articles with the proceeds to go to the council fund.

The Barnum Springs club is asking to furnish sandwiches, Graham club, cakes; Pleasant Valley, 55 and Close City clubs, cup cakes, brownies, and cookies, as well as articles members wish to sell.

Working hours will be: Barnum Springs, 8 to 11 a. m.; Pleasant Valley and Close City, 11 a. m. to 3 p. m., and 55 club from 3 p. m. until the sale ends.

Mrs. Shirley Bland, council chairman, announced that the next regular council meeting will be Sept. 6 in the Reddy Room.

Art Guild is to sponsor display

The Post Art Guild will sponsor the South Plains Circuit Show in the lobby of the First National Bank from Aug. 21 to Sept. 8.

Fifteen paintings will be on display. They are the winning paintings of members of the Lubbock Art Association chosen during their exhibit in April.

Artists showing works are from Lubbock, Spur, Sweetwater, Abilene, Olton and Hobbs, N. M.

Order's founder is honored here by Eastern Star

The Post Order of Eastern Star met in regular session Tuesday night and honored the late Rob Morris, whose birthday was in August and who was founder of the order.

A salad supper for friendship and fellowship was served at 7 o'clock before the 8 o'clock meeting.

Four members were initiated into the order during the meeting. They were Mr. and Mrs. A. D. Hubbard, Mrs. Bailey Matsler and Mrs. Carolyn Matsler.

Worthy Matron Beatrice Dodson, assisted by E. R. (Buster) Moreland as worthy patron, conducted the initiation and meeting.

A memorial service was held for a most worthy grand patron who held the station in 1903 and who recently died.

Mrs. Ira Lee Duckworth and Mrs. C. R. Thaxton were hostesses assisted by Mrs. Jess Rogers and Mrs. Winnie Henderson.

Tertiary officers and members attended.

ATTEND WEDDING

Misses Thelma and Doris Clark spent the weekend in Lubbock as guests of their sister, Mrs. Marguerite Hotelling, and attended the wedding of their cousin, Alicia Williams, to Charles Eddington in Ford Memorial Chapel of the First Baptist Church. A reception followed at the church.

LISTENING POST

By ROSEMARY CHAPMAN
 Sometimes I write this column in the beauty shop and when I do, I am always sorry. Take today, for instance. Here I am, trying to concentrate, and as Markey gets out the shampoo, she says, "What-cha gonna write about today?" (scrub scrub)
 "Umm?"
 "Whatcha gonna write about in your column today?" (scrub scrub)
 "Umm."
 "You never do write anything about Bertha and me in your column." (poke)
 "Ouch."
 "We're your friends." (poke)
 "OUCH."
 "You could say, 'I know the NICEST two people'..." (Bertha laughs loudly)
 Patiently, I explain that the library column is supposed to be

about the library. Markey nods, but just as she gets the first curl rolled up, she says, "I know! (pull) You could be writing along about the library and then right in the middle of a sentence, you could say 'Markey, stop pulling my hair!' (pull)
 "You really are, Markey."
 "And then you could say 'and Bertha laughed loudly.' (pull)
 "You really are pulling my hair, Markey."
 "Of course, you'd have to say right at the beginning that you were at the beauty shop so everyone would know who 'Markey' and 'Bertha' were..." (pull)
 "Markey, you ARE pulling my hair, and Bertha IS laughing, and I CANNOT think."

ODDS AND ENDS: The engaging monsters romping across the library door this week were designed by Giles McCrary. Library Aides Chairman Mary Prather is back in town and working on the volunteer line-up for fall. Monday afternoon from 4 until 7 is still open, and we also need more substitutes. Anyone interested? Call Mary at 2613. Good-bye and thanks to "retiring" volunteers Sue Cornell, Shorty King, Richard Lee, Nancy Norman and Iva Sanders. We'll miss you! Playboy of the Western World, Bob "Big M" Macy, entered the Post Public Library for the first time at 10:05 on Wednesday morning. "This is the first time that I have entered the Post Public Library and it is 10:05 on Wednesday morning," he said. Unfortunately, Mary refused to get a library card. (His five-year collection of "Playboy" was rejected again.) Comments left in the "Question and Suggestion Box" include "Down with the Wizard of Oz" and "Stamp out Nancy Drew." Wise guys, at least, Minnie Williams called to say that she was trying to persuade Bryan J. to give us his old Hardy Boys.

ASSIGNED DUTY

Airman Floyd G. Moreau (above), whose mother is Mrs. Hulene M. Dunn of 501 Jasper St., Post, has received his first U. S. Air Force duty assignment after completing basic training at Lackland AFB, Tex. Dill AFB, Fla., for training and Dill ARB, Fla., for training and duty as a supply specialist. He becomes a member of the Tactical Air Command, which provides combat reconnaissance, aerial firepower and assault airlift for U. S. Army forces. Airman Moreau attended Post High School.

Pheasant crop is up in Panhandle

AMARILLO — Chinese ringneck pheasants in Northeastern Panhandle counties have taken advantage of favorable summer hatching weather and produced sizeable broods of young in all areas, according to District Chief Weldon Fromm of the Texas Parks and Wildlife Department.
 Pheasant hens with young are sighted regularly along roadsides in Dallas, Sherman, Moore and Hartley counties. Similar pheasant production has been reported west of Amarillo in Deaf Smith and Palmer counties.

Fromm said, "Clutches of young pheasant chicks following their mothers vary in size from day-old youngsters to month-old birds indicating that the nesting season has been long and productive throughout the summer."

Sportsmen are expected to have good hunting success in all areas of the Panhandle during the 1967 pheasant season which extends from Dec. 1 through Dec. 7.

TEXAS VACATION TRIP

Mr. and Mrs. Dick Dickson and son, Scott, returned last week from a week's trip which took them to Dallas, Six Flags, and a tour of the Big Bend country. Mrs. Dickson's mother, Mrs. Raymond King of San Antonio, took care of the Dicksons' other son, Stephen, here in Post while they were gone.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va.

In every city, there are places that never sleep. Industries, hospitals, police stations, fire stations, churches... yes, churches! Oh, you may drive past one at three in the morning and find the building dark, but the Church is not asleep!

For the Church sets the moral tone of our society and without the concern that the Church injects into our community there would be no hospitals, nor homes for children and the aged, nor even police and fire stations. It was only after people learned to care about each other that they began to provide these services, and His Church has always cared. "As I have loved you, love one another."

Every minute of every day and night, compassionate hands are reaching out to someone in need because the Church is awake to that need.

The Church is made up of people. When you become a part of a church, you have contributed to the continuity of its work which has sustained and refreshed humanity through the centuries. Also, you are helping to perpetuate and strengthen your own faith.

Houston columnist writes of Post's founder and hitchhiking woes here

(Editor's Note: Leon Hale, Houston Post columnist, isn't too complimentary of Post in the following column, which appeared in the Aug. 7 issue of the Houston newspaper, but we believe it will be of interest to our readers. The column was clipped and mailed to The Dispatch by Travis Francis of Houston, a former Postite.)

A little group of us was riding across some very dry country, and somebody wondered what ever happened to the rainmakers. I suppose they are still around and operating, in places where people will pay for their services. A lot of money was spent on rainmaking back during the awful drought of the 1930s. Even the King Ranch tried it, and the word naturally got around all over the country and that must have been a big boost for rainmaking generally.

I don't guess anybody has ever been able to say that the rainmakers have produced rain beyond a doubt, but one certain thing is that people everywhere are interested in their efforts — even people who seldom worry about whether it rains or not.

ONE OF THE early and the most famous of all rainmakers in Texas was Charles William Post. I've read about him in a couple of books and magazine articles. He's in the Dictionary of American Biography and in the Handbook of Texas.

I've spent many an hour standing on the highway in the middle of C. W. Post's town, trying to thumb a ride. He called it Post City when he established the place. It shows on your road map now as just plain Post, and it is the county seat of Garza County way up there at the rim of the Cap Rock. In fact, it is the only town in Garza County, with the exception of Justiceburg and Southland, which you would not put in the metropolis class.

WHEN I WAS doing a lot of hitchhiking in West Texas in the late 30s and early 40s, Post had a reputation among thumbers as a devil's very den of a place to get

a ride out of. You never, ever accepted a ride with anybody you thought might put you out at Post. A few of them put me out there when I didn't think they were going to do it.

C. W. Post, now, was a lot more than a rainmaker. He was the fellow who manufactured Postum, the cereal drink, and Post Toasties, and Post Bran, and at one time he was president of the American Manufacturers Association and famous also as a colonizer of farm families on the Texas Plains.

HE SPENT around \$50,000 experimenting at making rain, when \$50,000 would pretty near buy a battleship. He was a multimillionaire and could afford it. I bet it was surely fun to be a multimillionaire in 1906.

Anyway, Post used dynamite to try to produce rain. His town sits down below the rim of the Cap Rock. He had 15 stations set up along the rim of the Rock, and four pounds of dynamite would be exploded at each station at intervals of four minutes.

He kept these experiments up for about four years. I'm not able to find in a book that he ever claimed to produce rain or not.

MY GUESS is that he had the same luck that other rainmakers have had—that sometimes it rained when his dynamite went off, and sometimes it didn't, and when it did you could take your choice as to whether the rain belonged to Charles William Post or to the Lord Almighty.

But there is not any record that

AUSTIN — State and hospital officials are confident the far-reaching new Medicaid program will be functioning as scheduled on Sept. 1.

Program will bring medical and hospital benefits to 350,000 needy Texans. It is authorized by the same federal law which provides Medicare to old folks.

Texas Department of Public Welfare, which will administer Medicare, estimates benefits during the first year of operation will total \$125,000,000. Federal funds will match a \$26,700,000 state outlay on a four-to-one basis.

Points to remember: —Eligible for benefits are Texans on public welfare assistance — old age assistance, aid to blind, families with dependent children and the totally and permanently disabled, or those eligible for such assistance who are patients of state mental and tuberculosis hospitals. (Coverage is automatic for the latter, with no application as such required.)

—Services include in-patient and out-patient hospital care, diagnostic work such as laboratory fees and x-ray costs, doctor bills and nursing home charges.

—Bills will be paid through a "fiscal intermediary". Welfare Department will contract with Blue Cross - Blue Shield to handle doctors' bills (on strict basis of prevailing charges). Hospitals will be paid actual costs as shown by audit. Blue Cross - Blue Shield will be reimbursed by the state and will receive an additional service fee.

—Eligible welfare enrollees will receive identification cards from the Department of Public Welfare. Cards can be presented to insure care as limited by details of the federal act (Title 19).

APPOINTMENTS — Major legislative committee and state agency appointments have been announced.

Lt. Gov. Preston Smith named the Senate General Investigating Committee with Sen. Dorsey Hardeman of San Angelo as chairman. Other members are Sens. David Rattiff of Stamford, V. E. (Red) Berry of San Antonio, Bruce A. Reagan of Corpus Christi and J. P. Word of Meridian. Smith also placed Sens. Charles Herring of Austin and Henry C. Grover of Houston on Committee on Preservation of the Governor's Mansion.

House Speaker Ben Barnes named to Natural Fiber Study Committee Charlie Scruggs of Dallas, Roy Forkner of Lubbock, Charlie Schreiner of Kerrville, and Reps. Hilary Doran of Del Rio and Delwin Jones of Lubbock. Barnes put Rep. Rayford Price of Palestine on the House Interim Committee to study the Housing and Physical Care in Criminally Insane Persons.

Anthony R. Cartledge is new chief enforcement officer of Texas Liquor Control Board, succeeding his former boss, E. A. Gordon, who retired.

Texas Fine Arts Commission elected Ted H. Strauss of Dallas as its new chairman.

W. O. Karpando, former Federal Aviation Administration district airport engineer, will become chief engineer of Texas Aeronautics Commission on Sept. 21.

L. H. Prodoehl of Austin is the first director of the state-operated information, education and referral service for mentally retarded.

DRAFT QUOTA SET — Texas' 155 draft boards have received a quota of 1,180 men for September, reports Col. Morris S. Schwartz, state selective service director.

Quota compares with 1,421 for August, 974 for July, 975 for June, 885 for May and 675 for April. Draft boards will forward approximately 4,000 men in September, all for the Army.

SAN ANTONIO — With one million dollars in advance tickets sold in a brief campaign in San Antonio, HemisFair 1968 is formulating plans to offer reduced price tickets to the Texas World's Fair throughout the state.

Inspired by the sight of more than \$50 million in construction, San Antonians readily purchased the discounted tickets in a whirlwind one-month campaign.

Spurring sales during the period were announcements of more industrial exhibitors and foreign governments.

Among industrial firms now contracted are seven of the top eleven corporations in sales volume in the United States, and the goal of 30 national governments is two-thirds reached.

James M. Gaines, chief executive officer of HemisFair, said that the tickets would be introduced first in those cities close to San Antonio and that the campaign would spread in ever-widening concentric circles until the entire state has been covered.

Two types of tickets are offered in the opening sales period. The single \$2 adult gate admission will retail for \$1.60, and the 20-admission book will retail for \$28, or an average of \$1.30 per admission. All adult tickets are exchangeable at the gate for two children's tickets.

Gaines pointed out that although tickets in the 20-admission book are void if detached, the book can be used in many ways. One adult can use the book twenty times, four adults can enter the gate five times, etc., or up to 40 children can be admitted with one book at an average entry fee of

65 cents. The books are transferable. Each ticket will admit the bearer to 92 acres of excitement and entertainment. Much of it will be foreign, almost all of it will be totally new, and most of it will be free.

First Baptist Church's kindergarten to open

The First Baptist Church kindergarten for children who are five years of age on or before Sept. 1, will begin 9 to 12 a.m. classes Wednesday, Aug. 30.

Mrs. Joe Vernon and Mrs. Glenn Norman will teach this year. For further information call the church office, 2814, or Mrs. Vernon, 2261.

A second conference to assist local officials on the Gulf Coast in their hurricane preparedness planning has been scheduled by the Department of Public Safety for July 13 in Galveston.

 authority to hold unconstitutional a criminal act . . . what they are enjoining us from is a police officer going on a man's property to enforce the law."

"There is nothing in the ordinance," he continued, "that gives anyone the right to go into a man's house with or without permission or with or without a search warrant. But there is nothing in our laws that says we must obtain a search warrant when something is within our view."

"I believe all property is subject to the entrance of the police to enforce the law — we would have no enforcement otherwise," Webb said.

At the outset of his argument, Walker told the court that the restraining order and the request for a temporary injunction was not "an attempt to stop the city from enforcing its dog ordinance, but an attempt to restrain police from coming upon a man's property without first obtaining the owner's permission or a search warrant."

WALKER SAID the section of the city dog ordinance declaring it unlawful for anyone to interfere with a police officer in his attempt to seize or search for a dog is a violation of the Fourth Amendment of the U. S. Constitution and Article 1 Section 9 of the Texas Constitution.

"We are not denying the right to make an arrest, but we are denying the right of a search without a search warrant," he continued.

On the question of the court's jurisdiction to issue the temporary injunction, Walker said, "If this court has no jurisdiction in this case, then the people of Post have no redress to the violation of their constitutional rights."

The suit filed Aug. 1 by Duke, Delfino Castillo and Howard Kolb, charges that portions of the city's dog ordinance are unconstitutional.

Mayor John Hopkins said today that pending the outcome of the case city police are authorized to pick up dogs anywhere except on private property.

The city ordinance holds that a dog owner is in violation of the law if his dog is unvaccinated, unlicensed and not kept on a leash or in an enclosure.

Dianna Collier is in hospital at Temple

Dianna Collier, daughter of Mr. and Mrs. Bob Collier, underwent major surgery at Scott and White Hospital in Temple Tuesday morning and is reported to be doing as well as can be expected.

Her parents are with her at the hospital as well as her brother, Don, and his friend, Ken Herron, Miss Lucille Collier and Mrs. Noah Stone, aunt and grandmother, respectively, plan to visit Dianna Friday.

Dianna, who was a fifth grade student last year, will be in the hospital at least two weeks and will probably have to miss the first semester of the coming school year.

Her room number is 214 at the hospital.

Thirty-five states have no maximum age limit for drivers of school buses; four permit an age of 70 and all others 65.

Real future for farming seen

"Agriculture is one of the most dynamic fields we have in America. It is not dying," E. A. Howard, vocational agricultural instructor in Post High School, told Post Rotarians at their weekly luncheon in city hall Tuesday.

"Agriculture is more than farming," he said at the start of his talk, which he projected to his audience with real sincerity. "Forty-one per cent of Americans make their living directly or indirectly from farming."

He said farming will face a real challenge in the years ahead to provide enough food for the world's fast-growing population, but said he had faith in American agriculture to produce enough. He pointed out this nation already is "shipping its farm know-how abroad."

Agriculture isn't dying, he emphasized. It can't die. It's a changing world and "we must change with it to keep up with it."

Howard said the Post schools now have an active vocational agricultural department and "I'm proud of it." "We need a strong department in the local schools and I believe with the cooperation we are receiving from everyone we will develop such a program," Howard added.

He pointed out that vocational agricultural students here are trained in many related farm skills, including welding, plumbing, electricity, and metal work, and that within two years the schools will offer a horticulture course available to girls as well as boys.

Howard said he "believed in the future of farming" and said he was available to help anybody with any farm problems in which he could assist.

Post featured in magazine

An article describing C. W. Post's planned beginning and development of Post appeared in the August-September issue of "This is West Texas," the magazine of the West Texas Chamber of Commerce, last week.

The article tells the story of C. W. Post and how in founding this community he developed, or tried to develop, every one of the principal cornerstones of today's West Texas economy — cotton, oil, industry, irrigation, education and agricultural experimentation, plus a try with another economic need still unsolved—drought control.

The article was authored by Dispatch Publisher Jim Cornish. Pictures printed with the article were mainly furnished from the files of the Post-Montgomery estate office at Levelland by Monta Moore.

Sullenger rites set at Snyder

Funeral services for Mrs. Mary Isabel Sullenger, 74, Scurry County resident for 52 years, who died Wednesday, will be held at 5 p. m. today (Thursday) in the First Methodist Church at Snyder.

Mrs. Sullenger was the mother of Mrs. Ira Farmer and Mrs. J. B. Hart, both of Post. She is also survived by her husband, John, three other daughters, five sons, three sisters, two brothers, 20 grandchildren and 10 great-grandchildren.

The Rev. Allen Forbis, pastor of the Fluvanna Methodist Church, will officiate at the funeral services. Burial will be in the Snyder Cemetery.

 tax. After two years we can drop 15 cents from the constitutional funds. This will mean that your tax will be an additional rate of only 10 cents per \$100 valuation.

"Rising costs of labor and equipment plus a shortage of doctors have been the main causes for the tremendous expense in keeping the hospital in operation. Another four years and we will be another \$100,000 in debt."

"The unadulterated fact is that the Commissioners' Court is not closing the hospital, but on account of the lack of cooperation and support the hospital is closing itself, if a satisfactory tax is not furnished."

"The crux of the situation is this: Are we willing to pay the price for keeping our hospital open and not support it?"

"This is the consensus of opinion of the entire members of the Garza County commissioners' court."

 Pollard also asks that new students who will be attending junior high here for the first time register before school opens. All others, including those coming up from fifth grade to sixth grade, will register on opening day.

Supt. Shiver also announced the week that caution signals have been installed on avenue M, east of the junior high, and on the 10th street and M intersection.

All traffic lights through the school area are now controlled from two switches, the superintendent said, adding that the improved traffic lighting system now conforms to Texas highway department regulations.

He said these improvements cost the school district approximately \$1,500.

Shiver also had a request for parents picking up youngsters during the school year from the primary and elementary buildings to do as little parking in front of the schools as possible for safety sake.

He said parents could park on the sides of the block and in back of the schools to await their children.

"Youngsters darting out onto the highway from behind parked cars are hard for passing motorists to see," Shiver explained. "We haven't had a child hit by a car in front of the school for a long time—and we want to make it longer."

Two-a-day drills under way by Antelope squad of 31

12 sophomores among contingent reporting

...one candidates for the Antelope football squad, Coach Glenn Gregg led by desire and experience, but short on numbers for the Monday morning of the season training weeks pre- to the Sept. 8 leading up to the center.

Gregg said Tuesday he had to have a few more boys by the end of the week and he looked for the size of the "level off at about 35."

...only three of the starters last season, and for this year's squad. Some sophomores were lost by graduation from the 1966 team that won the district championship before moving to Iowa Park in the second round of the Class AA state.

...of the boys reporting are sophomores, up from last year's fine freshman team led by Bill Smith. Eight of the reporting are listed on the roster, but at least four of them are fine prospects for this year's starting eleven. Four candidates were on last year's varsity squad but did not report for action to letter.

...seven returning lettermen are blue-chippers Norman Miller, Dennis Altman and Ronnie Pety, all starters last year. Other lettermen are end Danny Cooper, center Danny Robinson and guard Mike Robinson and Willie Miller.

...a 65, 205 - pound senior played tackle last season, is now in the backfield in this year's opening drills. "He has a speed for a big man," Coach Gregg said, "and we're counting on him on both offense and defense."

...Dennis Altman, considered by many as one of the top defensive backs on the South Plains last season, is running at wingback in this week's workouts. The 5-11, 167-pound senior will be called upon to carry the ball more than he was last season, Coach Gregg indicated.

THE OTHER returning starter, guard Ronnie Pety, is described by Coach Gregg as looking "real good" in the early workouts. Pety, a 5-8, 136 - pound senior this year, stepped into a starting guard position early last season when Joe Hudman was sidelined by illness through the first half of the campaign.

The other lettermen, Cooper, Miller, Robinson and Gannon, are being counted on as mainstays in this season's forward wall. Coach Gregg said, Cooper, a 5-11, 198-pound senior, is one of the biggest boys on the squad, and was a big help to the team last year, especially in the closing stages of the campaign after an ankle injury had slowed him earlier in the season.

Miller, another big boy at 6-4, 195 pounds, will help bolster this season's line. Along with Gannon, a 5-11, 147 - pound end, and Robinson, a 5-10, 139 - pound guard, he saw enough action last season to earn a letter.

Kennedy plays defense, punts in bowl classic

Post's Dick Kennedy played safety on defense and did the punting for the East team in its 13-12 loss to the West in the annual Greenbelt Bowl game at Childress Saturday night.

Coach Glenn Gregg, one of many Post fans who attended the game, said Kennedy did an outstanding job punting for the East team, his booming kicks keeping them out of a hole on several occasions.

The former Post Antelope gridder was listed as a quarterback on the East roster, but Greenville's Mac Chalmers went all the way on offense, with his two touchdowns accounting for the East's touchdowns. Chalmers was voted the game's outstanding back.

Kennedy, who will attend Tarleton State College at Stevenson, was Post's first representative in a Greenbelt Bowl game since Jack Kirkpatrick played there in the early 1950's.

Miss Linda Altman was Post's representative in the Greenbelt Bowl queen contest, which was won by the Earth - Springlake representative.

Post fans attending the game besides Gregg included School Supt. William F. Shiver, and coaches Billy Hahn, Waco Reynolds and Bill Smith and wife.

Don Nunnally of Borden County High School at Gail racked up 10 points for the West team.

In the eight - man all - star football game Friday night, Tony Isaacs of Borden County High School guided the West team to a victory and was named the game's outstanding back.

The tallest man on the squad at 6-6, and Dennis Dodson, 5-9 1/4, 140-pound center.

The roster also includes: James McGuire, senior back, 5-7, 116; James Sparlin, junior end, 5-8, 128; Manuel Sanchez, sophomore back, 5-8, 151; Grady Shyles, sophomore tackle, 5-5, 164; Howard Keel, sophomore guard, 5-10 1/2, 126; Karl Hall, sophomore center, 5-7, 137; and Ben Miller, junior guard, 5-10, 133.

Two - a - day practice sessions will be held by the Antelopes until school starts Aug. 30, Coach Gregg said. Scrimmages are scheduled for next week and the following week with Petersburg and Spur, but definite dates for the scrimmages are pending, according to the coach.

New ad manager for Pioneer Gas

AMARILLO — Gene D. Tindall, editor of Pioneer Natural Gas Company's employee magazine "The Gas Jet" for the past seven years, has been appointed advertising manager for the company, effective Aug. 1, according to an announcement made in Amarillo today by M. B. Edquist, vice president in charge of Pioneer's distribution operations. He succeeds Edgar M. Wells, who has resigned to enter the newspaper business in South Texas.

Tindall, 36, received his Bachelor of Journalism degree in advertising and advertising management from the University of Texas at Austin, where he was a member of Alpha Delta Sigma, national professional advertising fraternity.

He has served on the executive board of the International Council of Industrial Editors and is a past-director of the Southwest Conference of Industrial Editors, a past-president of the Southwest Industrial Editors Association, and a member of the American Association of Industrial Editors.

Swim meet at Waco dedicated to Frances Willey, former Postite

The 1967 Huaco Invitational Diving and Swimming Meet held recently at Waco was dedicated to Mrs. Frances Willey, first coach of the Waco Flying Dolphins and a graduate of Post High School.

Mrs. Willey, the former Frances Craig, moved to Waco in 1961 and was a swimming instructor at the YWCA. Through her efforts, a swim team, "The Flying Dolphins," was organized and she was the team's coach for four years. Today, the Flying Dolphins are recognized as one of the state's outstanding swim teams.

While at Waco, Frances became the first and probably the only girl to swim the open waters of the then new Lake Belton, a distance of 6.9 miles in 2 hours and 58 minutes.

The swimming meet program's dedicatory page to the former Post girl includes the following: "A TEACHER . . . one who first showed the way, both by example and instruction to a better understanding of life through a healthy body, wholesome mind and a competitive spirit.

"AN ATHLETE . . . who was and is a skilled participant in all phases of aquatic sports.

"A COACH . . . who took pride in the individual and whose vision became the Dolphins today.

"AN INSPIRATION . . . who instilled a love for competitive swimming and gave her strength and knowledge to its beginning in Waco.

"For this and much more, we proudly dedicate our Meet to Frances Willey, the first to start the Dolphins flying."

Babe Ruth World series set in Fairbanks, Alaska

FAIRBANKS, Alaska — Nine teams are ready to start play in the 16th Babe Ruth World Series Saturday, Aug. 19. Host team Fairbanks will meet Nashville (Tenn.) champions of the Southeast in the opener.

New Orleans, La., bidding for its third successive BRL world championship, takes on Wellington, Kans., in another first round contest in the double elimination tournament.

New Orleans will tie a series record by making a fourth straight appearance. It also will be the fifth time in the series for the Louisiana team. Wellington has a qualified for the series for the first time.

Other first - round contests on Sunday, Aug. 20 send Klamath Falls, Ore., against Novato-Hamilton Calif., Manchester, N. H., against Levittown, Pa., and Terre Haute, Ind., against the winner of the Fairbanks - Nashville game.

Nashville, Levittown and Manchester — like New Orleans—were in the series a year ago.

Special guests at the series will include: Mrs. Babe Ruth, widow of the famed home run slugger; William D. Eckert, commissioner of baseball; Carl Erskine, one-time pitching great of the Brooklyn Dodgers, and Lefty Gomez, famed New York Yankee mound ace of yesteryear.

Cutting horse contest scheduled at Jayton

JAYTON — The West Central Texas Cutting Horse Association will hold a cutting horse contest at the Kent County Roping arena here Saturday, Aug. 19.

Felix Mullino and Johnny Spitzer will be the judges. Manuel Davis will furnish the cattle.

Belt buckles will be presented winners in the contest.

HOME FROM HOSPITAL

George Tillman was dismissed from West Texas Hospital Monday where he had been a patient for a week.

New Mexico calf roper adds to 1967 earnings

DENVER — Cowboys rode and roped for \$48,114 prize money at four weekend rodeos running concurrently, the professional Rodeo Cowboys Association said here today, adding that individual honors went to Glen Franklin, House, N. M., calf roper.

Franklin, 31, in pursuit of his second national roping crown, earned \$1,657 competing at Colorado Springs and Burwell, Neb. He won competition at the former and finished second at the latter, to collect his bonanza.

Franklin's latest dollar harvest shined his seasonal winnings to \$23,495, a nearly \$8,000 edge on his nearest roping rival, in current charts.

Other action saw Larry Mahan, 23, Brooks, Ore., the game's big winner, both this year and last, collect \$1,144 in riding events at Burwell and Colorado Springs, sending his 1967 tally to \$31,571.

It was the largest bundle Mahan had to put together since being injured July Fourth, when a bull broke a bone in his instep.

Top money winner at Billings, Mont., was Bob Ragsdale, 31, of Chowchilla, Calif., won \$1,068 in calf roping and steer wrestling, the R. C. A. reported.

Marvin Holmes, 36, Pickens, Okla., bested the field at Skeston, Mo., earning \$1,067 in riding events.

Competing at both Billings and Colorado Springs, John W. Jones, 35, San Luis Obispo, Calif., pocketed \$1,067.

Competing at both Billings and Colorado Springs, John W. Jones, 35, San Luis Obispo, Calif., pocketed \$1,067.

Donnie Fitts to vie in rodeo at Littleton, Colo.

By MARY LEE LAWS
Here we are again. Seems like everyone is still busy trying to get rid of the weeds.

The Nazarene Teen-age Bible study group met Monday night in the home of Mr. and Mrs. W. G. McCleskey. Several attended.

The Victor Bullards of Lamesa visited the Dean Laws Thursday afternoon and were supper guests.

Mrs. R. L. Craig is spending a few days with her daughter, Mrs. Leona Pendleton, of Brownfield. Mrs. Craig is doing fairly well since she fell and broke her arm.

The O. C. Harrison's grandchildren, Chip and Alta, who live in Lubbock, are visiting them for a few days.

Granny Walker, Lub and Etta Burk attended the Burk family reunion in Lamesa Sunday. They all had a good visit and lots to eat.

The Dean Laws were Sunday dinner guests of the Bill Ingles.

Mrs. Monroe Turner passed away Monday morning in Lubbock. We extend our sincere sympathy to the Turner family.

Mrs. O. H. Hoover spent the day and night Tuesday with Mrs. W. A. Odoen.

Dr. Paige, a layman from Lubbock, was guest speaker at the Methodist Church here Sunday, as their pastor was holding a meeting

WEEKEND IN POST
Ronald Simpson spent the weekend in Post visiting friends and relatives. Ronald, son of Mr. and Mrs. Wallace Simpson, has been attending summer school at North Texas State University at Denton, where he and his parents have lived since leaving Post. He will resume his studies at Tarleton State College in Stephenville this fall.

at Doran Chapel in Colorado City. Dr. Paige delivered a wonderful message.

Former teachers at Justiceburg visit

By MRS. RAYMON KEY
Mr. and Mrs. H. D. Copeland of Tulsa visited Mr. and Mrs. Cecil Smith Thursday. The Copelands taught in our school in 1933 and 1934.

The Rayburn Fitts left Tuesday morning for Littleton, Colo., where Donnie will be a contestant in a junior rodeo. Good luck, Donnie.

Miss Lois Nance has been transferred from Albuquerque, N. M. to Denver, Colo. Her mother, Pearl Nance, called her after hearing of the earthquake there but Lois reported there was no damage to her home or office.

Raymon Key left Friday morning for Fort Worth after receiving a message from his sister, Mrs. Marie Hucklebee, that his brother, Rodney, was in serious condition in the hospital there. Henry Key went down on Monday to see Rodney, who suffered a stroke and is slowly improving.

Mr. and Mrs. Ronny Middleton of Sundown were weekend guests of the Fernie Reed family.

Mrs. Winnie Tuffing, Mrs. Eva Smith and Pearl Nance, were business visitors in Post Friday.

Sid Cross' mother is visiting in the home of Mrs. George Duckworth.

Mr. and Mrs. Clifford Franklin have returned from their summer vacation.

The Sam Heintz family visited Mrs. Raymon Key Sunday afternoon.

Rev. Welch and his wife and their daughter, Mrs. Siewert of Lubbock were Sunday guests of Mr. and Mrs. Elton Nance. They visited the Claude Pettigrews in the afternoon.

Mr. and Mrs. Hern Pettigrew of Slaton spent several days last week with his parents, Mr. and Mrs. Claude Pettigrew. Mrs. John Tanner of Fort Worth, daughter of the Hern Pettigrews, visited here during that time.

Mrs. Lee Reed spent Friday night in the home of her brother and family, the Howard Freemans in Slaton.

Mrs. Bobby Page and sons of Spur visited her mother, Mrs. Henry Key.

Mr. and Mrs. Lewis Mize and family and two grandchildren of Conroe spent two days last week with his brother, Willie Mize, and family.

Mrs. Weldon Reed and family and Mrs. Lee Reed.

Mrs. Gladys Morgan has been transferred from Lubbock Methodist Hospital to a rest home. Her daughter, Mrs. Sam Bevers Jr., and family visited her there.

Several from here attended the rodeo in Post last week.

Mrs. Cameron Justice spent several days with her son-in-law and daughter, Mr. and Mrs. Howard Price and family in Lubbock.

Mrs. Elton Nance visited her niece, Mrs. Roland Sullinger, in Snyder Friday. Mrs. Sullinger had just been dismissed from a Snyder hospital and is recuperating nicely.

Registration is set at Wayland

PLAINVIEW — Dr. Roy C. McClung, president of Wayland Baptist College, announced today that registration for the fall term will begin Sept. 4, and the term itself will start Sept. 7. There are a limited number of openings still available.

In making this announcement, Dr. McClung pointed out three vital factors which make Wayland Baptist College appealing to students.

"The private nature of Wayland Baptist College emphasizes the free enterprise segment of higher education," he said. "The place of the private school is well established and the need for a good balance in the United States between public and private education has been recognized by Congress as well as business and industry. Strong private institutions are a further guarantee to the development of independent, free enterprise initiative on the part of building young leaders."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity other than the hospital district in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services, or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts, such statute shall not be construed to prohibit such participation."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services, or public health services."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35c) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year, and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxing voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15c) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division, which portion shall be set aside and retained in part of such Division for the purpose of retiring all such bonds, and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, and at such rates of interest, and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces, and whose name remains on the Veterans' Land Board as his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold, may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recording fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called 'Texas Park Development Bonds,' shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor, income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

45 charges filed on liquor counts

Forty-five charges of liquor law violations were filed in the city court here during the rodeo weekend, according to records at the city police station.
Members of the police department were in on all the arrests, with Liquor Control Board agents collaborating on some and Highway Patrolmen on others.
Twenty-three of the charges filed were for minors in possession of alcoholic beverages. Six persons were charged with making beer available to a minor.
Also filed were two charges of minor consuming beer, five charges of disturbing the peace, and one charge of interfering with an officer in the line of duty.

Dr. John Gorrie was the first man to invent a profitable method for quantity ice making.

Six rural accidents county toll in July

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this state, or the United States."

Southland Methodist pastor moving away

By MRS. EDMUND WILKE
Hello there! How about a little visit with some of the folks in our fair little community? Some mighty fine folks living here.

Rev. and Mrs. Tommy Wilson and daughter, Tommie Jean, will be moving to Hartley in a couple of weeks. Rev. Wilson has been pastor of our Methodist church for the past several years and we all love and admire him. We sure are going to miss them. Best of luck and God's richest blessings to you fine folks.

We are especially proud of one of our young men since he kinda made the "news" this past week. Dennis McGehee, son of Mr. and Mrs. Weldon McGehee, was elected to play in the East-West basketball game in Midland. Dennis was high point man with 15 hits. Congratulations, Dennis! By the way, Dennis played on the West team and they won! Our own coach, Bob

Dyess, was there and I bet he was proud — as proud as could be. The Dyess family was in Midland from Wednesday until Sunday while Bob attended the coaching clinic. Sammie Ellis, son of Mr. and Mrs. Sam Ellis, will be coaching a junior high team in Tulia and teaching in high school this coming school year. Good luck, Sammie.

Congratulations to Mr. and Mrs. Pat Adamek on the birth of their daughter, Marilana Patrice, who arrived in this world Aug. 6 weighing 6 lbs., 14 1/2 ozs. This is their second child. May God bless this young family.

We have some mighty proud grandparents in the community this week. Mr. and Mrs. J. B. Rackler Sr. have a new grandson! Vicky and J. B. Jr. were blessed with a 9 lb. boy Aug. 10 and he has been named Jeffrey Bryan. They are living in Waco where J. B. is attending the James Connally Technical Institute where he is majoring in chemicals. Congratulations, all!

Mrs. Shirley Castner, granddaughter of Mrs. Wes Donahoo, has been a patient in West Texas Hospital for nearly two weeks, but she will be going home sometime this week. May God grant her a speedy recovery.

Mr. and Mrs. Tiefert and son, Ted, of Hereford, were breakfast guests in our home last Wednesday morning. They were on their way to Bay City for a visit with relatives.

THE SOUTHLAND football boys are busy working out nearly every day now. They will be playing a scrimmage game with Whitharral on the morning of Aug. 26 at 3 o'clock at Whitharral. Their first real game will be played here at Southland against Bula on Sept. 8. Let's all be there and let these boys know that we are behind them 100 per cent.

We would like to extend our deepest sympathies to the family of Richard Hagler who passed away this past week. May God bless them in their sorrow.

Mrs. Ed Siewert, Mr. and Mrs. Bob Camden and Mr. and Mrs. Arthur Stalle went to Schulenburg Friday to attend a Klesel reunion during the weekend. This is the first time that this reunion has ever been held and by the descendants of Mrs. Siewert's father's family.

Walter Voight and grandson, Dennis, went to Possum Kingdom Lake for two weeks of fishing and camping.

Mrs. Beatrice Klesel McIntuff flew to Honolulu recently to be with her husband who is stationed in Vietnam and was coming there for a week's rest. Beatrice is the daughter of Mrs. Selma Klesel.

Recent guests in the home of Mr. and Mrs. D. G. Ellis were her sons and family, Mr. and Mrs. Bill Giles, Wayne and Wendell of Fort Worth and Mr. and Mrs. Gene Giles, Terry and John of Duncan, Okla.

Mr. and Mrs. D. D. Pennell went to Lawton, Okla., over the weekend to attend the wedding of Phyllis Pennell and James Smith. Phyllis is the daughter of Mrs. Emiline Munson and the late M-Sgt. Chester Pennell, who lived in this community at one time. While the Pennells were in Lawton they visited Mr. and Mrs. Clyde King. Clyde is stationed at Fort Sill.

Don Harlan Pennell got a piece of steel in his eye Wednesday and had to have it removed on Thursday. He was off work for several days. Hope all goes well, Don. Jerry, Betty and Kim Pennell visited Mr. and Mrs. D. D. Pennell Sunday.

Will the compensation idea turn out to be a boon or a boondoggle? So far, we have heard the voices of both optimism and pessimism. Soon, with several plans already in operation, we shall be hearing the most persuasive voice of all—the voice of experience.

It's the Law...

PAY THE VICTIM OF CRIME?

What happened to the holdup man who slugged the grocer? He went to prison, where society paid for his room, board, clothing, medical care — and education as well.

What happened to the grocer who was slugged? He went to the hospital, where he paid all his own expenses — and wondered whether society was giving him a square deal.

Vignettes like this have ignited a good deal of interest in the idea of paying compensation to the victims of violent crime. Following the lead of New Zealand and England, a number of states in this country have either enacted or are actively considering such plans.

The humanitarian appeal is plain. All too often, the criminal's victim has no insurance to cover this kind of a situation. As for his right to sue the criminal for damages, the chances of collecting anything are pretty dim. Thus he may suffer not only the physical ordeal of the crime itself but a financial ordeal as well.

On the other hand, the compensation idea has drawn some serious objections. For one thing, the government does not undertake to compensate lots of other victims — just as innocent as the victims of crime. The person struck by lightning, however unlucky, must generally fend for himself without a government check.

Furthermore, it may be difficult in a particular case to ascertain exactly how innocent the victim really was. Should a robbery victim get less because he had gone slugging in a tough neighborhood, just for kicks? Should a rape victim get less because she had been flirting with her attacker?

Still, whatever the problems, there is much public sympathy for the plight of the criminal's victim. For example, more than 50 per cent of the people questioned in a recent Gallup poll were in favor of compensating the family of a murder victim.

Will the compensation idea turn out to be a boon or a boondoggle? So far, we have heard the voices of both optimism and pessimism. Soon, with several plans already in operation, we shall be hearing the most persuasive voice of all—the voice of experience.

Historical items needed for photos

Do you have something of historical interest suitable for photographing and presentation at HemisFair 1968 in San Antonio?

If the answer is "yes," you are requested to get in touch with County Judge J. E. Parker, Mrs. A. C. Surman, chairman of the Garza County Historical Survey Committee, or Mrs. Maxine Marks, chairman of the Fine Arts Commission.

At a meeting here last Friday, the GCHSC, a committee from the Federated Clubs and the Fine Arts Commission were asked by L. S. Ready to locate historical items to be photographed for presentation at HemisFair and for permanent state historical records. Mr. Ready is research associate of the Institute of Texas Cultures.

He told the group at the meeting that the Institute of Texas Cultures was created to meet two needs: First, preparation and presentation of a creditable state exhibit at the HemisFair, and, second, as a permanent institution which will bring to the people of Texas the heritage of their authentic history and tradition.

Mr. Ready said the Institute's HemisFair exhibit would cover ten acres and would, in effect, tell the story of the people who came to Texas in the early days from all over the world.

Mr. Ready stressed that items which pioneers may have or which may be located by the different groups will not be accepted as gifts or borrowed, but will be photographed only.

Within a week or ten days, a representative of the Institute of Texas Cultures will be in Post to contact Judge Parker, Mrs. Surman and Mrs. Marks in regard to the historical items desired for the photographs.

Anything that pertains to the early days is suitable, such as old records, old musical instruments, antique furniture, etc., will be considered, members of the local groups said.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Sheriffs, Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 21, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."
