# Former Rice Backfield Ace Elected High School Grid Coach

Leroy Fenstemaker of Llano, former Rice Institute quarterback, was employed by the school board Monday night as head coach at Post High School, where he replaces V. F. (Bing) Bingham, who resigned Jan. 15.

In the fall of 1953, as a senior, Fenstemaker was one of a platoon group of four quarterbacks who took turns directing the attack of a Rice team that finished the campaign as co-champions of the Southwest Conference and defeated Alabama in the Cotton Bowl game of Jan. 1, 1954.

After leaving Rice, Fenstemaker joined the San Francisco 49ers and spent the summer with them. They were anxious to keep him, but he decided to return to Rice and complete work toward his degree. While finishing at Rice, he served as backfield coach at Kinkaid, a private school in Houston.

During his summers between school terms, he served as a counselor at Camp Longhorn and is regarded as an excellent instructor of youngsters in athletics and other endeavors. He also was an outfielder on the baseball squad at Rice.

# Stampede Cowboys Elect Richardson

Floyd Richardson was elected president of the Post Stampede Cowboys at the group's annual meeting Monday night in the City Hall auditorium.

Tom Power, who had served for the last three years, Walter Borchert was elected as the other director.

the work of the Texas Light House for the Blind. She said they have workshops in Dallas, Waco and Fort Worth that furnish self-supporting work to blind people.

Approximately \$360 had been paid in by farmers up to Wednesday, according to Bill G. Humphrey, secretary-treasurer.

## Form County Unit Of Cotton Growers

More than 100 farmers and businessmen formed a Garza County unit of the Plains Cotton Growers at a meeting last week in the district courtroom.

Also at last week's meeting, L. G. Thuet Jr. was elected as the county's farmer-delegate to the Plains Cotton Growers, and Hy Turner as alternate.

# Pioneer's Rites Are Conducted In Post Sunday

Funeral services for Mrs. T. A. Edmondson, 82, pioneer resident of Post, who died Friday in Lubbock Methodist Hospital, were conducted at 3 p. m. Sunday at the Church of Christ, with Otis L. Proffitt, minister, officiating.

Burial was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were Harold Voss, Garland Davies, Paul Duren Jr., Jack Burress, Dee Coleman and Jim Shipley.

Mrs. Edmondson suffered a broken hip Feb. 1 in a fall at her home here. She was transferred from Garza Memorial Hospital to the Lubbock hospital on Feb. 3.

She was born Lenora Beulah Harrison March 14, 1873, in Troy, Ala., and was married to T. A. Edmondson in Coryell County in 1890. They moved to Floydada in 1904, to Spur in 1909 and in 1913 to Post, where her husband preceded her in death in 1929.

## Water Committee To Be Organized

Committees appointed by the city council of Post, Crosbyton and Spur to launch investigations into the feasibility of the proposed White River dam project will meet in Post at 9 o'clock Saturday morning to organize as a tri-city group.

# School Buildings Ransacked; Money Stolen, Doors Bunged

Intruders roamed through the junior high and elementary school buildings here late Tuesday night or early Wednesday morning, damaging doors and desks with prying tools, scattering articles about in one of the buildings and making off with nearly \$20 in money.

Entrance to both buildings was gained by cutting screens and raising windows. At the junior high school they entered through a window in the girls' dressing room and at the elementary school through a window in the east wing.

After failing to force a door to the artcrafts room in the junior high building, the intruders gained entrance through a window and stole about \$14 in art-

craft fees after prying open the drawer of the teacher's desk. They also took several nickels from a pencil machine in the library and a cold drink dispensing machine.

Both the door to the artcrafts room and the door to the principal's office where they failed to gain entrance, were heavily marked by prying tools. The desk drawer in the artcrafts room was literally "busted open," according to investigators.

In the grade school building, the intruders took a total of about \$2 in change from different rooms. Here, doors were pried open or damaged in attempts to pry them open. Rubber bands and other articles were

scattered about in the principal's office, and in one of the rooms the contents of a tube of toothpaste had been squirted over a wide area.

The intruders apparently made an attempt to steal a record playing machine from one of the rooms. The machine was found sitting in the hall outside the room where it usually is kept.

Sheriff Carl Rains said the job had all the earmarks of the work of juveniles. He said whoever took the money from the artcrafts room apparently knew right where to look for it.

The sheriff said his clues included tracks outside windows and fingerprints found in the artcrafts room.

## Tucker Rites Are Held On Thursday

Last rites for Mrs. Ollie Rae Tucker, a Post resident since 1929, were conducted at 2:30 o'clock Thursday afternoon, in the First Methodist Church, of which she was a member. The Rev. W. L. Porterfield, pastor, officiated.

Mrs. Tucker was born Feb. 15, 1880, in Pulaski, Tenn. She died at her home here Wednesday. Mr. Tucker preceded her in death on Aug. 2, 1944.

Survivors are a daughter, Mrs. Evelyn Roach; a granddaughter, Mrs. Martha Rae Compton; a great-granddaughter, Carol Kay Compton, and three sisters, Mrs. W. B. Rambo of Tampa, Fla., Mrs. H. B. Nicholson and Mrs. H. D. Holland of Nashville, Tenn.

Members of the Mary and Martha Sunday School Class of the Methodist Church were flower girls.

Pallbearers were Bill McMahon, Oscar Bowen, Walter Crider, Robert Cox, Orville Ferguson, Jack Burress, Elton Lee and Homer Gordon.

# Special Elections Carry By Whopping Majorities

Two special elections carried by whopping majorities Saturday in Garza County, voters in Commissioner's Precinct 4 approving a \$50,000 road bond issue and joining those in the rest of the county in "okaying" creation of the office of tax assessor-collector.

The road bond issue was approved 64 to 7, and the county-wide proposal, 224 to 80.

The road bond vote also included approval of levying of taxes to pay interest on and provide a sinking fund for the bond issue. Funds derived from sale of the bonds will be used to purchase right-of-way for making a four-lane divided road of U. S. Highway 84 from Post to the Seury County line. Money left over after this right-of-way is acquired will be used for the same purpose on farm-to-market road projects within the precinct.

The bond issue failed to receive the required two-thirds majority in an election held last September. The vote at that time was 23 for and 13 against.

Creation of the new office of tax assessor-collector will separate the present tax office from that of county sheriff. The change is to become effective Jan. 1, 1957, with a tax assessor-collector to be chosen in this year's elections.

## 1955 Ginnings Are Highest Since '49

Garza County ginned 14,296 bales of cotton for the 1955 crop, according to Feb. 1 figures released by the Bureau of Census, Department of Commerce.

The 1955 yield was the largest since 1949 when 23,563 bales were ginned.

The 1954 crop yielded 11,353 bales; the 1953 crop, 4,914; the 1952 crop, 13,324; the 1951 crop, 10,407, and the 1950 crop, 13,862.

The 20-county South Plains area produced a total of 1,311,096 bales this year.

## CONDUCTS FIRST SERVICE HERE SUNDAY

# Rev. Clinton Edwards Is New Pastor Of Church

The Rev. Clinton Edwards, formerly of Luling, La., conducted his first services Sunday as pastor of the First Presbyterian Church.

The Rev. Mr. Edwards and his family moved here Feb. 4 from Luling, where he had been pastor of the First Presbyterian Church since Dec. 1, 1950. For more than four years of that time he was also pastor of a church at Paradis.

He was reared in Coffeyville, Kan., where he was graduated from high school and attended junior college for two years. He was graduated from Hastings College, Hastings, Neb., in 1946 after serving five years with the U. S. Army Engineers during World War II.

After receiving his Bachelor of Arts degree from Hastings College, he enrolled in Austin Presbyterian Theological Seminary, from which he was graduated in 1949. Before going to Luling, he was pastor of a rural church at Sharp, near Cameron, Tex.

wife, Iva, have two children—a daughter, Lois, who is 12, and a son, Ronnie, who is 7. Mrs. Edwards is a native of San Saba County.

## Green's Contract Is Extended Two Years

The contract of R. K. Green, superintendent of the Post schools, was extended two years at a meeting Monday night of the board of trustees of the Post Independent School District.

Green was given a one-year contract by the board on July 1, 1955, when he replaced D. C. Arthur as superintendent of schools.

In other action at Monday night's meeting, Leroy Fenstemaker of Llano was hired as head coach.

## Commissioners Back In Session Today

The Garza County commissioners' court recessed Monday after canvassing the results of Saturday's special elections and attending to routine business.

The commissioners were to reconvene today to take up other matters, including the Civil Defense Administration's offer to match county funds up to \$7,700 used for purchase of civil defense equipment.

If the CDA's offer is accepted, the county plans to install a two-way radio system for its law enforcement agencies.

## Trampoline Arrives; Students 'Bouncer'

If junior high school students seem a little "bouncier" than usual, it can be credited to the new trampoline installed this week in the school's gymnasium.

According to Principal Ellis M. Mills, the 9 by 15-foot professional size trampoline not only is popular with the junior high youngsters, but is also proving fascinating to some of the teachers and visiting high school students.

The equipment, which will be used in physical education classes, was almost entirely paid for by the school's commissions on a recent magazine subscription campaign.

The principal said plans are to present a public performance of trampoline acrobatics when the students become a little more proficient at the art.

## ON LEAVE OF ABSENCE

Leave of absence because of illness has been granted Mrs. Jack Lancaster, first assistant deputy in the county tax assessor-collector's office. Mrs. Melvin Garner has been employed during Mrs. Lancaster's absence.

# Teacher Says First Year Child's Most Important

Mrs. Minnie Will Williams says the best general description she ever heard of first grade teachers came from one of the teachers herself, who said: "We are like ducks—calm and unruffled on the surface, but paddling like the dickens underneath."

Mrs. Williams, a first grade teacher in the Post Elementary School since January of 1954, says she considers the first grade the most important level of the child's education.

"Children get a big start in life from their first year in school," she said. "For that reason, they need that 'extra something' that only their teacher can give them."

In accepting the teaching position here early in 1954, Mrs. Williams, who is a housewife and the mother of two sons, answered a "distress" call from the school board at a time when the grade school building was "bulging at the seams." The need for an additional teacher had arisen with the creation of a new first

grade section. Previously, she had taught at Garnolia. There, too, she had answered what might be termed

NOTEBOOK occasionally becomes so cluttered that we have to unclutter contents just about any place that's handy. This week, "Thursday to Thursday" seems the handiest place, since the wastebasket is around the corner of the desk and out of reach.

TAKE, FOR INSTANCE, The Chamber of Commerce banquet. We made a raft of notes there that we weren't able to work into the story because of time and space limitations. As a result, they're still in our notebook along with other miscellany about which you'll be reading if you make it to the end of this column.

IT WOULD COST the Post Office Department \$20,000 the first year to set up city mail delivery in Post. Postmaster HAROLD VOSS told the C. of C. banquet crowd... in a report on roads, County Judge PAT N. WALKER said that Garza County has farm-to-market funds coming to it from the State, which it hasn't been able to use because of shortage of right-of-way funds... the only reading at the banquet fell to C. of C. Secretary FRITZ GREENFIELD and TOM POWER. Fritz read the list of the organization's 1955 projects, and Tom waded through the list of members' names.

THE ONLY BUSINESS holidays in 1956 authorized by the Chamber of Commerce are July Fourth, Thanksgiving and Christmas, outgoing president POWELL SHYTTLES announced. He said businessmen would be contacted in advance of other holidays to determine whether or not they wanted to close... and that takes care of the C. of C. banquet leftovers.

SATURDAY'S VOTE to create the new elective office of county tax assessor-collector adds another race to this year's political campaigns. We'll also vote on a county judge this year, since the present judge is serving out an unexpired term. Otherwise, there wouldn't have been a vote for county judge until 1958... Justiceburg area voters are to be congratulated on turning out in such force for Saturday's road bond issue election in their precinct. Seventy-one voted as compared with only 36 in a 1955 election on the same proposal.

THERE'S A BIG basketball tournament under way here this week, with 30 boys' and girls' teams competing. They're all junior high and 9th grade teams, but if you're a basketball fan, the size of the players won't make much difference... ALVIN G. DAVIS, formerly of Post, emceed the Brownfield Chamber of Commerce's annual banquet Friday night... GOV. ERNOR SHIVERS has designated Sunday as Texas Statehood Day, marking the 110th anniversary of the installation of the state government of Texas.

POST BASEBALL FANS will be pulling for NORMAN CASH to make the team on the basis of his spring training performance with the Chicago White Sox. The former Post High School athlete, who is to leave Sunday for the

Roger W. Babson Writes This Week:

Retirement From Business Should Be Decided From Many Standpoints; Age Definite Factor

BABSON PARK, Mass.—With all this talk today about President Eisenhower retiring from the Presidency I grasp the opportunity to discuss the general problem of retirement as applicable to officials and to wage earners of corporations.

Compulsory Retirement Plans Probably a compulsory retirement plan is wise for most business organizations; at least, so far as it applies to the specific position which the man holds. This, however, should not necessarily mean that he would leave the employ of the company. The present custom of demoting active Presidents to inactive Chairmen of the Board might be applied to other officers and even foremen. There should be some happy medium between dropping an employee entirely and thereby losing the benefit of his years of experience, and continuing him with the business in some capacity.

Although age may not be a good yardstick, yet it is one measure of a person's energy. I forecast the time when accountants will insist that their annual audits show the age of all officers and important foremen, and probably the age of the directors. Retirement, however, should be decided from many standpoints. Age is one definite factor.

Consider Character Of Work Another important consideration is the character of work which an executive should do after he is sixty-five or seventy years of age. I seriously question whether it is advisable for such a man to be kept in a position requiring energy or important decisions. There are many other phases of work that he could do excellently, such as serving as employment manager, or in public relations. These are positions which require ability that can be secured only by experience.

Therefore, I appeal for the practice of changing a man's work after he reaches the retirement age, but not necessarily making him retire from the company. This especially applies today when surgery and medicine have overcome many of the effects of age. The study of old age has already become a science, known as Gerontology. Two of the best authorities are Dwight S. Sargent, of the Consolidated Edison Company of New York City, and Ward C. Halstead of Chicago University. Why should "compulsory retirement" re-

CAPABLE OF SUCCESS...

Attendance was good and enthusiasm was high at a recent meeting called by Garza County directors of the newly-organized Plains Cotton Growers. In attendance at the meeting here were approximately 100 farmers and businessmen.

It is going to take just such enthusiasm for the 23-county organization to succeed in its purpose—furthering of the interests of the South Plains cotton farmer and others dependent on the cotton industry, which includes just about all of us. The interest and enthusiasm must be continuous... If it comes in spurts, it won't be enough.

The South Plains cotton industry has waited almost too long to form such a group to fight for and protect its interests. Now that it has finally been organized, it'll have to keep going at full blast to win the fight, which is one of those described as a hard one at close quarters with a short stick.

Every farmer and businessman in the county is being invited to join the South Plains Cotton Growers, and similar drives are under way in the other 22 counties. If we keep after it, we'll realize some benefits. Twenty-three counties in any state is a large block, and in West Texas it can be big enough to make itself felt from here to Washington, and just about anywhere else it needs to be heard.

If reports of the government's indebtedness make you sick in the pit of your stomach, just stop and think what causes much of it. We're not beyond the reach of the doctor. We've been asking far too much from the government—a habit acquired by 20 years of a "do everything" regime in Washington. Just ask for less—it's that easy.—Plainfield, Ind., Messenger.

White Sox spring training camp at Tampa, Fla., told us Friday he thinks he has "a good shot at making the club" but that he won't be too disappointed if he's farmed out for more seasoning. If farmed out, Norman says he figures he'll be sent either to Memphis of the Southern Association or Colorado Springs of the Western League.

IT WOULD BE difficult to single out any individual or group of individuals responsible for the unprecedented success of Garza County's March of Dimes. J. LEE BOWEN, chapter-director, said it was a gratifying example of coordination all the way around... did you know that the first cousin of your great-great-great grandmother is still your first cousin, six times removed? ... according to a Pennsylvania newspaper columnist, men would be a lot better off if they'd quit trying to understand women and just enjoy having them around.

POST'S FIRST CITY election under the aldermanic form of government voted last year has been called for April 3, with three councilmen to be elected... believe it or not, you can do just as much with money as you ever did—save it, spend it, lose it, give it away, worry about it... some of the busiest people in the world are only picking up the beans they spilled... an expert is a person who not only knows all the answers, but can think up problems to fit them.

Getting Out On The Limb

By EDDIE the editor

Punctuality is the art of being no later than anybody else.

WITH THE SOUND and fury increasing from the presidential election looming on the horizon, no one has had much to say about this being Leap Year. Feeling that it shouldn't be entirely neglected, I'm passing on the following information handed me by our research "expert":

Caesar started it. He revised the calendar in 46 B. C. to fit it to the time elapsing each year, which is exactly 365 days, 5 hours, 48 minutes and 45.31 seconds. Inasmuch as a year is approximately 365 1/4 days long, Caesar decreed that fractions should be taken care of by adding a day to the calendar every fourth year. There was a slight error in his calculations and the calendar was 10 days ahead of astronomical time by A. D. 1582, when Pope Gregory righted the mistake by advising the omission of Leap Year at the end of each century, except those divisible by 400. Since then our present calendar has been known as the Gregorian calendar.

The Leap Year rights of women rest on a more solid foundation than tradition alone. Scotland passed a law in 1288 fining any single man one pound for refusing the marriage offer of a maid, unless he could prove he was engaged. The fine, equal to \$8, marked the offense as a misdemeanor, in a class with drunkenness and disorderly conduct. A few years later a similar law was passed in France, and before Columbus sailed for America, like measures were added to the statutes of Genoa and Florence.

It has puzzled persons born on February 29th, as to when to celebrate their birthdays in other years. This problem was settled in the reign of Henry III of England, who caused it to be written into the law that February 29th be the legal birthday in years when February 29th did not occur.

Man blames fate for all accidents but feels personally responsible when he makes a hole-in-one.

Next in importance to having a great aim, is to recognize the psychological moment to pull the trigger.

THEY'RE STILL trying to settle the question of Can a cat count? In a village out west. The man paid \$30 for this

THE AMERICAN WAY

The Customer Gets It in the Neck (?)

Siamese female. While pregnant she became friendly with a neighbor, a retired medical man.

She had her five kittens in this neighbor's woodpile, and then she took them to his daughter's garage, next door. The owner of the purebred cat came for her and the kittens and took them home. Five days later mother and kittens were back in the garage, five blocks away.

How many round trips did the old cat make? Our reader says five. A retired navy man, member of the group, says six. He claims an animal always makes an extra trip on such missions. The final trip is to make sure they got them all. They can't count.

Our reader says he once read that crows can count up to five. The crows sit in the tree, watching the farmer and hands, and when the fifth man goes to the house for dinner they descend on the cornfield.

Some day an enterprising manufacturer will corner the market by putting out an auto three years ahead instead of only one.

THE WOMEN, GOD LOVE 'EM: Women who claim they

haven't a thing to wear usually need their husband's closet to keep it in.

THE WATER PROBLEM continues to gain stature as one of the nation's biggest headaches. No one can say the public isn't being educated to the fact that the water problem is a mighty serious one. The Commerce Department, for instance, estimates that the nation will come close to doubling its use of water by 1975.

A Department report said the nation now gulps up 262,000,000,000 gallons of water every day. By 1975, it estimated, water consumption will have leaped to 453,000,000,000 gallons a day.

The biggest current user is irrigation, the report said. Folks in communities like Post are fortunate that their city fathers and other interested citizens aren't waiting for the well to run dry before missing the water. It's one problem that you can't tackle on its own level... you've got to say several jumps ahead of it.

PARTING THOUGHT: The way to a voter's heart is through a tax reduction.

## WEST TEXAS Editorial Comment...

**Like The Weather**  
Baldness is a lot like the weather. Many people talk about it, but few ever do anything.—"Hereford Bull" in The Hereford Sunday Brand.

**Suddenly A Light**  
Drifts of dirty snow lay across the dim wagon road and the horses' feet went through the shell of ice with a crunching sound. The freight wagon driver had tied the reins to the left side of his wagon and walked, protecting himself from the frigid wind as much as possible. Darkness had arrived so suddenly he had been unable to estimate his location and more snow had started to fall. The horses felt out the ruts, and the wagon trailed the ruts, but the sameness of the prairie and the storm had left him at the mercy of the lead animals' instincts. He pressed the bottle of medicine in the pocket of his ragged old coat and kept it warm with his hand. Somewhere beyond the wall of darkness a sick child tossed in its bed. The driver was no longer cold, or weary or hungry. He stopped the teams and let them ease their breathing, then spoke gently and the wagon started to move again. The snow was deeper and fear raced through his heart at times that the road was lost. He lost track of time and held to a wagon standard as the snow became deeper. The wagon stopped and he walked ahead to find the barrier. His hand struck the barbs of a fence and he found the gate. Knowing where to look, he could see the light from a small window, like a candle in a stormy sea.—"Trail Dust" in Matador Tribune.

**How Much?**  
Our wagering department is now taking bets on the prospective wedding of Miss Grace Kelly, the Philadelphia Irish girl, to the Prince of Monaco. We bet she doesn't wed the gambling house operator and slot machine man.—"Views and Comment" in The Floyd County Hesperian.

**Cockeyed Language**  
A reader comments on the varied meaning of so many words in our English language, and asks how things got into such a mess. That's one I can't answer. I only know how difficult my task is in trying to keep the words straight in the paper, and what with all my efforts, sometimes they come out wrong. Just as an example of the cockeyed language we use, why is it that when freight is sent by SHIP it is called CARGO, but when it is sent by railroad CAR it is called a SHIPMENT?—"Twilight Zone" in The Hamilton Herald-News.

**More To Come**  
Those sounds you hear are only verbal blasts hurled by Republican and Democratic leaders at each other. The sound will get worse and more disgusting as the year wears older.—"Once Over" in The Pittsburg Gazette.

**Tips The Scales**  
It has often been said that a boy can always find something to do. It is when he finds something to do that does not measure up to reasonable standards that he may get into trouble. Scouting offers a steady hand that often tips the scales away

from delinquency.—"Pecos Omnibus" in The Pecos Enterprise.

**Unless Things Change**  
Somebody had better straighten out Mr. Eisenhower on his farm program. Not only are price supports lower, but now the new farm program has the suggestion that the basis for price supports be changed from 7/8 to 1-inch staple. Our own congressman, George Mahon, is leading the fight against this, but whether there are enough congressmen and senators to stem the tide is a question. But getting back to our original suggestion, Mr. Eisenhower, as straightforward and honest as he is, has been getting some poor advice from some source, probably his brother, D. Milton, if and when he runs for his second term he's due to lose a lot of farm votes unless things change.—"Minute Editorials" in The Lockney Beacon.

**TROUBLE ON THIS ONE**—Calls came in last Friday identifying the above mystery farm as that of Tom Barnes of Route 1. Write to call in and win a six-month subscription to The Post Dispatch was Robert Mock. Another Mystery Farm is to be found on page 2 of this issue. Can you identify it?

### Income Of Texas Farmers Falls 4 Per Cent In 1954 Off 1955 Level

(Sp.)—Cash income of Texas farmers fell 4 per cent from the 1954 level, from \$1.82 billion, the state's Bureau of Agricultural Research reports.

## A PLEDGE to and a REQUEST of the FARMERS of the SOUTH PLAINS

About eight years ago Gifford-Hill-Western, Inc., entered the South Plains committed to developing satisfactory irrigation systems which would economically and efficiently serve the Farmers of the area for years to come. Although pioneering, with the aid of you and others, we are proud of the results which speak for themselves.

In an exacting and complex business we have striven to deserve a reputation for efficiency, integrity and reliability. Further, our Company, which stems from Texas companies with over thirty years' performance in the Southwest, was established to grow with and aid in developing the South Plains. It is our purpose never to misrepresent our products to you; but to explain both their capabilities and limitations to the best of our knowledge.

Our past developments, we hope, justify our being classed as the leader in the irrigation pipe industry in the area in originating products and applications producing increased efficiency and more economical farm irrigation.

It is hoped that most of you know of Gifford-Hill-Western, Inc.—its products, its policies, and some of our experienced personnel! However, for fear some may have the impression that our Company's quality performance and guarantee carries a higher price tag than others.

**WE PLEDGE TO YOU:**

- WE WILL CONTINUE, AS WE HAVE IN THE PAST, TO MANUFACTURE PRODUCTS AND INSTALL IRRIGATION SYSTEMS ONLY ON THE BASIS OF FURNISHING YOU AN INSTALLATION WHICH WILL RENDER SATISFACTORY SERVICE FOR YEARS TO COME, AND,
- TO THE VERY BEST OF OUR ABILITIES AND RESOURCES, ALL OF OUR SERVICES — BACKED BY THE G-H-W GUARANTEE AND REPUTATION—WILL BE AVAILABLE TO YOU AT PRICES EQUAL TO OR LESS THAN COMPARABLE COMPETITOR ITEMS.

NOW MAY WE REQUEST OF YOU, WHEN PLANNING AN IRRIGATION SYSTEM, THAT YOU CONTACT ONE OF THE OFFICES LISTED BELOW AND GIVE US AN OPPORTUNITY TO FIGURE WITH YOU.

Sincerely,

## VA Questions And Answers

**Q** I have just been discharged from service, and I want to apply for a GI term insurance policy within my 120-day deadline. Will I have to take a physical examination to get this insurance?

**A** No. A physical examination is not required. However, you must apply and pay your first premium within the 120-day period.

**Q** I am taking on-the-job training under the Korean GI Bill. Is there any limit on the number of absences per year I am allowed?

**A** You will not receive GI allowances for any absences in excess of the rate of 30 days for a 12-month period of training. Weekends and legal holidays do not count as absences.

**RECEIVES SCHOLARSHIP**  
Margaret Anne Welborn of Post is one of 37 University of Texas students receiving Achievement Scholarships of \$100 each for the current semester. Good scholarship and participation in student activities are the primary requisites for eligibility. Money for the awards comes from investment of unclaimed student property deposits.

## FEB. 22 IS U. S. ARMY RESERVE DAY IN TEXAS!

### STRENGTH IN RESERVE

# YOUNG MEN WANTED

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb . . . when its men are untrained for battle . . . that an enemy strikes. To keep peace — keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve — well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

# Tri-City Group In Favor Of Probing Dam Feasibility

Approximately 200 citizens of the towns of Post, Spur and Crosbyton voted unanimously in a meeting at Crosbyton last Thursday night to investigate the feasibility of building a dam on White River near Calgary for creation of a surface water supply for the three municipalities.

The action came following a description of the proposed project by Simon W. Freese of the Fort Worth engineering firm of Freese & Nichols. Similar action had been taken at an afternoon meeting attended by about 50 persons, most of them representatives of the three city governments or of their chambers of commerce.

At the night meeting, it was voted to proceed with core drilling tests to determine whether or not gypsum beds exist at the proposed site. This will cost approximately \$3,000, with the expense being apportioned among the three towns on the basis of the number of water meters.

It was decided that each of the three city councils represented would appoint a committee to contact core drillers. Cary H. Lodal, mayor of Crosbyton, was named as chairman of the group.

Freese told the crowd that the next step after determining feasibility of the project, which will also include making of a topographic map, would be for the three cities to petition the State Board of Water Engineers for creation of a water district, which would then need to be confirmed by a majority vote of the citizens of the three towns.

The project would cost "something less than a million dollars," Freese said. This would not include the cost of pipe lines to pump the water to the three towns.

The reservoir created by the dam would have a drainage area of 206 square miles and would impound about 40,000 acre feet of water. This would supply three times as much water as the three towns are now using, the engineer said.

The reservoir and its filter plant would be 24 miles from Post, 20 miles from Crosbyton and 13 miles from Spur. The cost of the filtered water at the dam would be about 15 cents per 1,000 gallons. If water use doubled, the cost would drop to

about 8 cents per 1,000 gallons, Freese said.

Pumping the water to Post would cost about 3 cents per 1,000 gallons, to Crosbyton, 4 cents, and to Spur, 1 cent.

The dam would be of earthen construction with concrete spillways, and about three years would be required to finish the project after actual construction got under way, the engineer continued.

He said indications are that the quality of the water would be excellent.

It was brought out at the night meeting that the project would be financed substantially by revenue bonds. It was also estimated that use of the water would add about 37 cents per 1,000 gallons onto each town's present water rates. This amount would decrease as water use increased. The 33 cents per 1,000 gallons, would take in costs of construction of the dam, filter plant and pipe lines and costs of pumping.

"If you need water, the feasibility of the project is well worth investigating," Freese told the crowd at the night meeting.

Since Crosbyton's water needs are not as great at this time as those of Post and Spur, it was suggested that that city could go ahead and help pay for the construction and then build its pipe line when the water is needed.

Both meetings were conducted by Perry Bell, chairman of the water committee of the Crosbyton Chamber of Commerce.

Those from Post who attended the night meeting were the following:

Mayor James Minor; City Councilmen Powell Shytles, John N. Hopkins, L. A. Presson and St. Thaxton; Lowell Short, Dr. A. C. Surman, Eddie Warren, Charles Didway, O. L. Weakley, Lee Ward, Jess Michael, Irby G. Metcalf Jr., Percy Parsons, Bill Humphrey, Bryan J. Williams, Ralph Welch, Robert Cox, George Samson, Tom Power, Giles McTary, Clint Herring, Truett Fry, Jack Ballentine, Leo M. Acker, Harold Voss;

H. W. Schmidt, R. J. Jennings, Tom Bouchier, Mr. and Mrs. Carl Cederholm, Lynn Harrison, E. R. Moreland, Ted R. Hibbs, Pat N.

Walker, Mr. and Mrs. Ira Greenfield, Wallace Simpson, R. H. Tate, Jake Heiskell, Walter Duckworth, Shelley Camp, A. B. Haws, Howard Maddera, Bob Collier, Malcolm Bull, Ozell Williams, Lester Josey, Hans Hudman and R. K. Green.

THE SUBJECT WAS WATER—Perry Bell of the Crosbyton Chamber of Commerce is shown at the microphone at last Thursday night's meeting on the proposed White River dam project. To his right is Simon W. Freese of the Fort Worth engineering firm of Freese & Nichols, who described the proposed project.—(Staff Photo.)

## MAY RECEIVE NEW FIELD DESIGNATION

### Discovery Allowable Is Awarded New Pumper In Justiceburg Area

Discovery allowable has been awarded Clarence A. Wheeler's one-mile north-northwest out-patch of the Justiceburg Northwest field of southeast Garza County, the No. 1 Connell Estate.

This new pumper potentialized for a daily rate of 63.9 barrels of oil plus 30 per cent water with gas-oil ratio of 250-1 and oil tested at 37 gravity.

Production is from Glorieta

pay topped at 2,515 feet with completion from open hole. The oiler was bottomed at 2,580 feet and 5½-inch oilstring run to 2,520 feet. Pay zone was washed with 500 gallons of acid and fractured with 4,000 gallons.

Well flowed back load and attempted to flow by heads after tubing was run. However, operator placed the project on pump to maintain reservoir pressure.

Although the strike has been given discovery allowable, it is not yet known whether it will receive new field designation.

Well site spots 330 feet from south and east lines of the north-west quarter of Section 131.

## Picture Of Heart Disease Is Not As Black As Painted, Says Health Men

AUSTIN (Spl.) — Optimistic state health officials don't think the picture of heart disease is as black as it has been painted.

"True," says Dr. W. S. Brumage, director of the State Health Department's heart disease control activities, "It kills more people than any other disease. But chinks are appearing in its armor, and research scientists are widening those chinks daily."

Take the old bugaboo of rheumatic fever. A few years ago it used to cripple or kill its victims like a relentless pirate.

Today, inexpensive penicillin readily routs the causative organism, a malicious little speck of life known as "hemolytic streptococcus."

Or think about luetic heart disease, a deadly complication of syphilis. Modern penicillin therapy, Dr. Brumage says, has pulled its fangs.

Perhaps the most impressive area of progress against heart killers is modern surgery to correct congenital heart defects. Many babies are hale and hardy today who, had they been born a few brief years ago, would have surely succumbed to heart malformation.

Also, congenital heart deformities can be prevented today by the expedient of preventing expectant mothers from contracting German measles at a critical stage of pregnancy.

"We cannot yet do anything to prevent other forms of heart disease," Dr. Brumage says, "but we can add long years to a heart disease patient's life through patient education—teaching him to live usefully in spite of his heart impairment."

The State Health Department's program of heart disease control consists of:

Giving financial support to the heart clinic at the Robert B. Green Hospital in San Antonio; sponsoring the "Heart Bulletin," a technical publication which keeps physicians abreast of the most recent developments in the management of heart disease; providing penicillin to all city and county health officers for indigent rheumatic fever patients; and heart disease case finding.

More than 7,000 cases of "suspicious" heart disease were uncovered through the Department's chest x-ray program last year.

"Arteriosclerotic diseases—including the type of attack President Eisenhower had—are our biggest problems," Dr. Brumage says. "They're increasing, due to an aging population, causing almost half of all deaths due to heart disease."

He said the probable future of heart disease research would be in finding out what causes blood vessels to break down, so appropriate preventive measures could be introduced.

## County Boy Places In Cotton Contest

Carol Davis, son of Mr. and Mrs. Glen Davis of Post Route 3, won a sixth place prize of \$50 in the irrigated division of the District 2 1955 cotton yield contest sponsored by the Extension Service and Plains Co-op Oil Mill.

The 10 winners were named in Lubbock Saturday from approximately 200 South Plains 4-II Club members entered in the contests. The awards program was presented at the Plains Co-op Oil Mill.

Young Davis' yield was 3,844 pounds of lint cotton off a five-acre plot.

First place winner in the irrigated division was Royce Turner of Muleshoe Route 4, who yielded was 6,323 pounds. Winner in the dryland division was Tom Wood of Tahoka.

The winners toured the mill prior to the dinner and program.

## NAMED SECRETARY

A PRAYER FOR EVERYONE

Before you say your prayers, there's something I want to tell you. Tonight, I want you to ask God to bless everyone in the whole wide world.

On World Day of Prayer children in every corner of the globe, grown-ups too, will pray that God will make this world a better place.

Remember last summer at camp when you called out at the edge of that cliff and your echo came answering back? Well, imagine all the people in the world calling out at once in prayer. Imagine how big the echo would be, and how much it would please God to hear it.

You are lucky children, because you live here in America, because you have your Church and the right to attend it. So tonight, thank God for things like that, darlings, even if you don't entirely understand them. And when you've finished ... ask Him to bless everyone.

### THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Jones Is Saturday

Services for Herbert Jones were held at 10 a. m. Saturday at Terrace Cemetery, with Rev. T. D. O'Brien, pastor of St. Joseph's Catholic Church officiating. Funeral home directed burial.

Mr. Jones was born June 23, 1878, in England and came to America in 1903. He and Mrs. Jones were married at Lowell, Mass. in 1905 and arrived in Post to make their home in 1919. Until 1943, when he retired, he served as manager and vice-president of Postex Cotton Mills. Mr. and Mrs. Jones moved to Georgetown in 1944, where they had resided since. He died in a Georgetown hospital on Feb. 8, following a short illness.

Funeral services were held at 10 a. m. Saturday at Terrace Cemetery, with Rev. T. D. O'Brien, pastor of St. Joseph's Catholic Church officiating. Funeral home directed burial.

Honorary pallbearers were Ira Lee Duckworth, Dr. A. C. Surman, Dr. D. C. Williams, Vachel Anderson, Ray N. Smith, C. I. Dickinson of Levelland, Lew Baker, Claude Bailey of Canyon, Dick Loomis of Dallas and Ray Walker of Chatham, N. J.

Survivors include the widow; two daughters, Mrs. Wilbur Love of Austin and Florence Hilda Jones of Corpus Christi; four grandchildren, Mary Alice and William Herbert Love of Austin, Karol Kay and Herbert Ray Jones of Midland, and a brother, Alford Jones of Oldham, Eng.

Those from out of town who attended the funeral were Mr. and Mrs. Love, Florence Hilda Jones, C. I. Dickinson and Claude Bailey.

### Little League 'Info' Received By Jaycees

All information on steps to be taken for organization of a Little League baseball program here has been received by the Post Junior Chamber of Commerce, it was announced at Wednesday's Jaycee luncheon.

The Jaycees decided to order two films for use in promoting interest in the Little League they plan to sponsor here next summer. One of the films, which will be shown in the schools, is on the 1955 Little League World Series. The other film deals with basic rules for setting up of a Little League.

### City Election Date Is Set For April 3

March 3 has been set as the filing deadline for the April 3 city election in which three aldermen will be named to the Post city council.

Terms expiring are those of L. A. Presson, C. R. Thaxton and Powell Shytles, who were elected last June when the new form of city government was adopted. The provisions were that they would serve until the next city election.

Other members of the council are John N. Hopkins and Roy Baker. Along with Mayor James Minor, they were elected for two-year terms in April, 1955, before the form of government was changed from the commission to the aldermanic type.

### March 2 Date Set For Spelling Bee

The fourth annual Garza County Spelling Bee will be held Friday afternoon, March 2, in the district courtroom, County Supt. Dean A. Robinson, Bee director, has announced.

Eligible to compete in the spelling bee are students through Grade 8. The county winner will qualify for the regional Bee at Lubbock, sponsored by the Avalanche-Journal. The winner there will compete in the national Bee in Washington, D. C.

Again this year, the Post Chamber of Commerce will award cash prizes of \$15, \$10 and \$5 to first, second and third place winners.

Winners in previous county Bees have been Howard Jones, Victor Hudman Jr. and Jimmy Short.

a distress call—along with her husband, Bryan J. Williams Jr. In 1949, Bryan Jr. was a trustee of the Garnolia School District at a time when the start of the school year found the district without teachers. So, Bryan J. resigned from the school board and he and Minnie Will stepped into the teaching jobs.

The Williamses were married while they were attending Texas Tech. Upon their graduation in 1939, they moved to their present ranch home in the Garnolia community.

Mrs. Williams has a bachelor's degree in business administration from Texas Tech, with a minor in education. She is a graduate of Slaton High School. In college, she was a member of Kappa Alpha Theta and of Alpha Chi, honorary scholastic fraternity. Her present memberships as a teacher in the Post Elementary School include the Parent-Teacher Association, Classroom Teachers Association and Texas State Teachers Association. She was a member of the Mother's Club at Garnolia before she resumed teaching, having served as president of the organization for one year.

Mrs. Williams says she doesn't recall giving any thought to teaching while she was attending college, but that she must have been interested in it since she chose an education minor.

The Williamses' two sons, Bryan J. III and Lee, are in school as a sophomore and sixth grader, respectively. "And that makes for a perfect set-up," said Mrs. Williams. "It enables me to be with my children at the time they need me—when they're not in school."

Mrs. Williams says she thoroughly enjoys teaching. "If I ever come to the point," she said, "where I'm not ready and eager to get to school the next day, then I want to quit."

### Store Remodeling Nears Completion

Only exterior work at the front of the building and on the new parking lot remains before the extensive remodeling job is completed at the Piggly Wiggly Store, Paul Jones, manager, said Wednesday.

Remodeling on the interior has included a self-service meat market with new and bigger refrigerated cases, greatly enlarged frozen foods and ice cream departments, larger dairy foods section, new lighted "island" markers, redecorating and re-lighting and mechanical air-conditioning.

The newly paved and lighted customer parking lot just east of the store will accommodate 45 automobiles. The front of the store has been completely and attractively remodeled, with new neon signs to be installed soon.

### BITS-OF-NEWS

Mr. and Mrs. Thomas Johnson and son of Lamesa spent Thursday with his parents, Mr. and Mrs. Tom Johnson.

A Tuesday night guest of the J. T. Peddy was John Wigginton of Cleburne.

Mr. and Mrs. Eugene Parrish and children and Mrs. Estell Parrish of New Deal were Sunday visitors in the home of Mr. and Mrs. Wiley Hill. Other guests of the Hills were James Armistead of Odessa and Mrs. Ray Myers and son of Snyder.

Mr. and Mrs. Jackie Hays and two children have gone to Jasper to visit her relatives after spending a few days with his parents, Mr. and Mrs. Jim Hays. Hays received his discharge from the Marines Friday, after four years service.

L. J. Montgomery of Las Vegas, Nev., former Post resident, stopped here briefly last Thursday en route to Oklahoma.

### Bowens Sell Food Store To Pierces

Mr. and Mrs. E. E. Pierce have announced the purchase of the OK Food Store at 312 North Broadway from Mr. and Mrs. O. K. Bowen. The Pierces assumed management of the business Tuesday.

The Bowen family, longtime residents of Post, will move to Brownwood, where Bowen is entering business. His wife and children will remain here until school is out. Mrs. Bowen will be associated with the Pierces in the store for some time to help them become better acquainted with the customers and the store's operation.

The Pierces also have been residents of Post for a number of years and until recently were in the school system here. Pierce is a visiting teacher and lunchroom manager and Mrs. Pierce is lunchroom supervisor.

## OK FOOD STORE

We wish to announce to the people of Post and trade territory that we have purchased the O. K. FOOD STORE from Mr. and Mrs. O. K. Bowen and that we assumed management of the business Tuesday, February 14.

It will be the policy of the new owners to operate the store along the same basis as it has so successfully been operated in the past by Mr. and Mrs. Bowen.

We have arranged to have Mrs. Bowen be associated with us for some time so that we may better become acquainted with the customers, their methods of doing business with us, and to better acquaint us with the operation of this fine store.

The Bowen family is moving to Brownwood and it is with regret that we lose this fine family. Both Mr. and Mrs. Bowen wish to express their thanks for the splendid patronage you have given them in the past and they sincerely wish that you continue to patronize this business.

## Play Resumes Today In Post's Junior High Cage Tournament

Seven games were played in two gymnasiums Monday night in opening round play of the Post Junior High School Basketball Tournament, with action due to be resumed this afternoon.

Four Post teams chalked up victories in opening round play. The Post 9th grade boys defeated Floydada, 52 to 39; the 9th grade girls downed Slaton, 50 to 28; the 8th grade boys won over Tahoka, 49 to 24, and the 8th grade girls defeated Crosbyton, 22 to 18.

In other games, Wilson's 8th grade boys defeated Crosbyton, 33 to 29, and Slaton's 9th grade boys overwhelmed Wilson, 53 to 22.

The Post 9th grade boys' next game will be at 3 p. m. Friday when they meet Slaton. The 9th grade girls are to play either Tahoka or O'Donnell at 4 p. m. Friday. The Post "B" girls, who lost their opening round game to Wilson, 38 to 26, are to play Slaton at 3 o'clock this afternoon.

Post's 8th grade boys will play Wilson at 3 o'clock Friday afternoon, with the 8th grade girls playing Tahoka at 9 o'clock tonight. The 7th grade girls are to play Wilson at 7 o'clock this evening, and the Post 7th grade boys are to see their first action against Tahoka at 8 o'clock this evening.

Play will continue through the Saturday night finals, after which trophies will be awarded in all divisions. Olin Reddell, freshman coach, is the tournament director.

In the Post 9th grade girls' 50-28 victory over Slaton, C. Byrd was high scorer with 23 points. B. Gary had 16, and J. Stephens and K. Martin, 6 each.

In the Post "B" girls' loss to Wilson, Shirley McBride and DeLores Dye each scored 12 points for Post. Kay Jones contributed 4 points.

Pat Wheatley, with 18 points, was the big show in the 8th grade girls' 22 to 18 victory over Crosbyton. The other four points were scored by Glenda Whittenberg.

### Antelope Cagers End Season Tuesday With Three Victories Over Floydada

Post High School basketball teams rang down the curtain on their 1955-56 season here Tuesday night by making a clean sweep of three games with the Floydada Whirlwinds.

The varsity team won by a score of 52 to 46 to end the season with a 2-8 conference record. They share the cellar with the Slaton Tigers, who lost Tuesday night to Tahoka.

The Post girls won their game Tuesday night by a score of 52 to 34, which gives them a 5-5 district mark. They led all the way, with Frances Craig scoring 24 points and Sara Ray, 19. Wilson, with 21, was high scorer for Floydada.

The Post "B" team won, 45-42, in a thriller right down to the wire. They led 23-9 after a "hot" first quarter, but the Floydadans staged a last quarter rally that the locals had trouble staving off.

The "A" game started off on a bad note for the Antelopes, whose only first-quarter point came on a free throw by Homer Cato. The visitors led 12-1 at the end of the first quarter, 23-16 at halftime, and 35-30 at the end of the third quarter. In the final frame, the Antelopes scored 22 points while holding the Whirlwinds to 11 to come up with the

victory. Following are the scoring summaries for the Post boys' teams:

### Slaton Tigers Surge From Behind To Defeat Post Antelopes, 50-48

The boys who haven't played much this season almost won themselves a ball game Friday

night, but the regulars let Slaton come too close in the fourth quarter and the Tigers went home with a 50-48 decision.

### White Sox Prospect Is To Leave Sunday For Training In Florida

Norman Cash will leave San Angelo by plane Sunday for Tampa, Fla., where he will report to the Chicago White Sox's spring training camp.

The former Post High School and Sul Ross College athlete, played 90 games with Waterloo, Ia., of the Class B Three-1 League last summer after signing a contract with the White Sox. He played left field and finished the season with a .290 batting average.

The White Sox's spring training session for young prospects is to get under way Monday, Cash said. It will be a weed-out process, with a few of the hopefuls probably winding up on the club's roster, but most of them being farmed out for more seasoning.

Cash said that if farmed out, he expected to be sent to the White Sox's Memphis club of the Southern Association or Colorado Springs club of the Western League.

Cash and his wife were graduated at mid-term from Sul Ross College and have been living at Eldorado, her home town. They were here over the weekend visiting his parents, Mr. and Mrs. Bandy Cash of Justiceburg, and other relatives.

### FLOYDADA 74, SPUR 73

Floydada's Whirlwinds upset the Spur Bulldogs, 74-73, Friday night in a game on the Floydada court. Donnie Colley banged in 35 points to pace the 'Winds to victory. Ronnie Ensey was high scorer for Spur with 26. Spur won the girls' game, 54-43, with Nan Alexander drilling 29 points through the hoops. Gayle Vickers had 21 for the losing Floydada sextet.

Free throws missed: Slaton (5)—Crawford 2, Ross 1, White 1; Hogue 1; Post (7)—Cato 1, Pennell 1, Hays 1, Polk 1, Ethridge 2, Stephens 1.

### Post Sextet Loses To Slaton, 61-40

The Post girls' made a game of it for three quarters Friday night before finally being subdued by one of the best girls' teams Slaton has fielded in several years.

Coach N. R. (Jiggs) King's Post team was behind only by eight points, 33-25, at halftime, and trailed, 42-31, at the end of the third quarter. A fast finish by the visitors boosted their margin to 21 points and a 61-40 decision.

Sue Corley of Slaton scored 23 points for scoring honors. Linda Smith, with 19, wasn't far behind. Sara Ray racked up 17 points to lead the Post forwards, while Marie Howard hit for 12 and Frances Craig for 11.

### ABERNATHY 76, TAHOKA 69

The Abernathy Antelopes went into a first place tie with the Tahoka Bulldogs last Friday night by downing the Tahokans on their own court, 76 to 69, in a District 5-AA game. Junior Fitts scored 41 points for the Antelopes, while Fred Apperson led the Bulldogs with 24 points. Abernathy also won the girls' game, coasting to an 83-39 victory. Brenda Shipman scored 32 points for the winners, while Frances Austry had 18 for the losers.

### TAHOKA 75, FLOYDADA 58

The Tahoka Bulldogs, paced by Junior Fitts' 41 points, downed the Floydada Whirlwinds, 75-58, Saturday night in a District 5-AA game at Floydada. The Bulldogs were never behind and held a 41-24 margin at halftime. Donnie Colley hit 22 points to pace the Whirlwind scorers. Sophomore Jerry Brown hit 15 for Tahoka.

# READ THIS!

"Dear Patrons:

We must frankly admit that 'REBEL WITHOUT A CAUSE' will jolt every one of us with a frightening message, but its implications are directed at ADULTS, too, as well as teen-agers.

There is a compelling force behind juvenile delinquency, and a solution to the problem lies far more with ADULTS than with our kids, many of whom are being inexorably swept into violence without knowing how or why.

If 'REBEL WITHOUT A CAUSE' jars only a few mature citizens into a new realization of ADULT RESPONSIBILITY toward the guidance and understanding of youth, then the picture will not have been made in vain.

### County Sheriff Urges Observance Of Month's Traffic Safety Drive

human privilege—when the privilege of free speech or the privilege to drive an automobile—carries with it certain responsibilities, certain moral commitments on the part of the individual who exercises that privilege.

This point was brought out today by Sheriff Carl Rains in connection with the State-wide drive against traffic accidents being sponsored this month by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"Too often we take our 'rights' for granted, as something to be enjoyed and used to our own advantage," the sheriff said. "Whereas a right should be counted a privilege to be treasured and used conscientiously—something to be upheld and practiced unstintingly."

Sheriff Rains pointed out that permission to drive a car is a privilege which is given to the citizen in the expectation that he will fulfill certain conditions and responsibilities which are designed to secure his own safety and that of others in modern traffic.

"This, of course, includes obeying all traffic laws and ordinances," he said. "Traffic laws, which have been established over the years on the basis of experience and common sense, are made for the protection of the public; hence they are not to be taken lightly by the person who has been given the privilege to drive."

The sheriff reminded drivers that enforcement officials in the Post area are taking increased measures against traffic violators and that such offenders could lose their licenses, and be liable for stiff fines and even jail sentences wherever designation indicates that such penalties are warranted.

"The annual traffic toll in this country is an appalling tragedy," he said, "and one of the most effective controls that we have on the prevention of traffic accidents is increased vigilance on the part of our traffic courts and enforcement officials."

The sheriff reminded every driver to do his utmost to make the Know and Obey Traffic Laws program a success. He said he believed that if each individual would accept his responsibility for his own safety and that of others in traffic, the

### Javelina Is Bagged On Ranch Near Post

A 35-pound javelina was killed recently on the Callo-way Huffaker ranch south of Post by Gerald Huffaker, 14-year-old son of the owner.

Gerald shot the javelina, or "wild hog," with a .410 gauge shotgun.

Since javelinas are found mainly in the Rio Grande border country of southwestern Texas, there is some conjecture as to how the javelina happened to be in this part of the country.

### NATIONAL 4-H CLUB WEEK SET FOR MARCH 3-11

### More Than 200 Garza 4-H Members To Join In National Observance

The more than 200 Garza County 4-H Club members will join their fellow members, approximately 2,100,000, from every state in the nation in the observance of National 4-H Club Week, March 3-11.

The 4-H club program is directed by the Agricultural Extension Services of the Land-Grant Colleges of the United States in cooperation with the U. S. Department of Agriculture. Locally, 4-H programs and activities, are directed by the county agricultural agents and home demonstration agents and home extension agents with valuable assistance from both adult and junior 4-H leaders.

According to Director G. G. Gibson of the Texas Agricultural Extension Service, the objectives of the week are to provide members a special occasion for taking a look backwards at past achievements and making plans for future activities on their homes and communities; to inform the public of the value of 4-H training; to recognize the contributions of local leaders and to enlist the support of public-spirited, youth-minded citizens in leadership roles; to give 4-H members and the public an opportunity to know more about the 1956 4-H theme, "Improving Family and Community Living"

Funeral services for J. O. Stanley, oldest son of Mrs. S. A. Stanley, were held Wednesday in Tyler, where he died the day before. He formerly lived here for 30 years.

Attending the funeral were Mrs. Stanley; her daughters, Mrs. Robert Young and Mrs. Ten Woods and daughter, and her son and daughter-in-law, Mr. and Mrs. Floyd Stanley. They returned home Friday.

### Stanley Funeral Is Conducted At Tyler

Funeral services for J. O. Stanley, oldest son of Mrs. S. A. Stanley, were held Wednesday in Tyler, where he died the day before. He formerly lived here for 30 years.

Attending the funeral were Mrs. Stanley; her daughters, Mrs. Robert Young and Mrs. Ten Woods and daughter, and her son and daughter-in-law, Mr. and Mrs. Floyd Stanley. They returned home Friday.

Director Gibson says that plans are now being perfected in the counties for the week-long observance. He extends a special invitation to parents and the public to attend and participate in community or county observances.

Forerunners of the present 4-H clubs were the corn clubs for boys and tomato clubs for girls. The first corn club in Texas organized by a county agent was the one in Jack County. It was organized and supervised by the late Tom Marks. The year was 1908. Today 4-H club members conduct demonstrations and activities which touch every field of farming, ranching and home life. Their classrooms are the farms, ranches and homes of Texas where they learn to do by doing.

Mrs. Charles Long of Post, returned to Post Friday. She plans to live with her parents, Mr. and Mrs. C. Carey while her husband is seas. He is in the Navy.

She Knew It All The Time

Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."

Then, maybe, when you grew up you found that the old lady's theories were considered old fashioned. Germs were the thing—and the way to avoid a cold was to avoid infection by somebody who already had one.

Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off"—something like drafts, wet feet or going without your muffler. Grandma, take a bow!

From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance—or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself... but you'd better get the facts before giving them the "chill."

### Great Southern Life Insurance Co. Achieves Record Gains During 1955

Great Southern Life Insurance Company, Houston, Texas, achieved record gains in 1955 according to figures just released to V. F. Bingham, local representative, from Pat M. Greenwood, president of the company. "Legal reserve life insurance," said Greenwood, "has long been recognized as the surest, safest means of providing adequate funds for our dependents and our own future financial independence. Last year, throughout the United States, more life insurance was purchased than in any previous year. This reassuring determination of provident people to protect their families against the hazards of untimely death and to provide for their own retirement years was evidenced to a high degree in our great Southwest.

"In our own company, sales of new life insurance in 1955 were the highest since the Great Southern was founded back in 1909. Our 311 representatives, every one of them a career life underwriter, placed new policies totaling \$112,423,876. This exceeded 1954 sales by 12.5 per cent. During the year the promise of Great Southern protection became a consoling reality for more than 6,000 individuals. Of these, 1,252 beneficiaries received \$4,248,961 in death benefits, while the remainder, as living policy owners, received \$4,141,311 in matured endowments, annuity payments and accumulated cash values. As of Dec. 31, 1955, our company had in force 258,787 individual policies providing \$785,265,495 of protection. At the year end, Great Southern's admitted assets were \$168,932,128, an increase of \$11,407,749."

### Textbook Committee To Meet Saturday

The many inquiries received indicate that there is a misunderstanding regarding the taxpayer status of dependent children earning \$600 or more.

### Oil Activity Shows Two Locations And Single Completion

Two locations, one a re-entry, and one completion have been reported by the Railroad Commission in recent oil activity in Garza County.

The locations are: Justiceburg-Glorieta — Morris Davis of Lubbock No. 2 W. L. Cantrell, 330 feet from south and east lines of southwest quarter of Section 135, Block 5, H&GN Survey, four miles east of Justiceburg; combination to 3,080 feet.

Justiceburg-Glorieta (Re-entry)—Morris Davis No. 1 W. L. Cantrell, 330 feet from north and east lines of northwest quarter of Section 135, Block 5, H&GN Survey, four miles east of Justiceburg; cable tools to 3,000 feet. The completion is: Rucker A-Glorieta—R. S. Anderson No. 10 Spalding-Stoker, 990 feet from south and 1,650 feet from east lines of Section 879, Block 97, HTC Survey, at depth of 3,270 feet with pay topped at 3,092 feet and perforations at 3,092-98 feet. Pumped 78 barrels of oil per day plus 36 per cent water; gas-oil ratio 200-1; acidized with 15,000 gallons.

Elevators in Rockefeller Center, New York City, have carried more than a billion passengers since they were installed in 1932.

### TECH ENROLLMENT UP

LUBBOCK (SpL)—Texas Tech's Spring Semester enrollment shot to a new all-time high of 6,391 at the end of regular registration. Registrar W. P. Clement has announced. The figure not only surpasses last year's all-time spring record of 5,859, but for the first time in Tech's history tops the fall enrollment of a previous academic year, that is fall, 1954, when 6,257 students registered.

### FARMERS INCOME TAX

Farmers who passed up the Jan. 15 deadline for filing estimates of 1955 income need to file their final 1955 income tax return by Feb. 15, 1956, to avoid penalty, says John R. Robinson of the Lubbock Internal Revenue office. For income tax purposes, a farmer is one who derives two-thirds or more of his gross income from farming.

## MODERN MARKET

Piggly Wiggly in Post is now bigger, better and more attractive — for your convenience and enjoyment. The exterior of the building has been completely modernized — with new paved and lighted parking facilities added. There are numerous new features inside, too. The meat department has been changed from a service market to a self service market, with new and bigger refrigerated cases. You'll enjoy the greatly enlarged frozen foods and ice cream department along with the completely new and larger dairy foods section. Thanks to the brightly lighted island markers you find the items you desire at a glance. The entire interior of the store has been thoroughly and attractively redecorated and re-lit. The building is now mechanically air-conditioned for year 'round comfort. All in all, Piggly Wiggly is now an ultra modern supermarket which we are sure you will truly enjoy every time you shop.

**Farm, Rural Establishments Receive Benefits Of REA Telephone Loans**

COLLEGE STATION (Spl.)—The Rural Electrification Administration made loans in 1955 that will provide new or improved telephone service to about 1,000 thousand subscribers.

REA made 188 long-term, low-interest loans amounting to well over 66 million dollars. Ninety-nine of the loans were made to new borrowers which had not previously used REA financing. The purpose of the loans is to help the telephone companies improve and extend their services in rural areas.

Two-thirds of the total loans were made in the last half of 1955, amounting to a little over 40 million dollars. Additional loan applications promise a sustained loan level of approximately 80 million dollars for the fiscal year ending June 30, 1956.

Since the beginning of the REA program in October, 1949, net loans stand at 273 million dollars. They have provided new

**Unlicensed Driver Is Traffic Hazard**

AUSTIN (Spl.)—The unlicensed driver was pointed up today as a traffic hazard on Texas highways in a statement by Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

In quoting a survey made during the first six months of 1955 by the Texas Highway Patrol, Garrison said the unlicensed Texas driver is two and a half times as likely to be involved in an accident as a licensed driver.

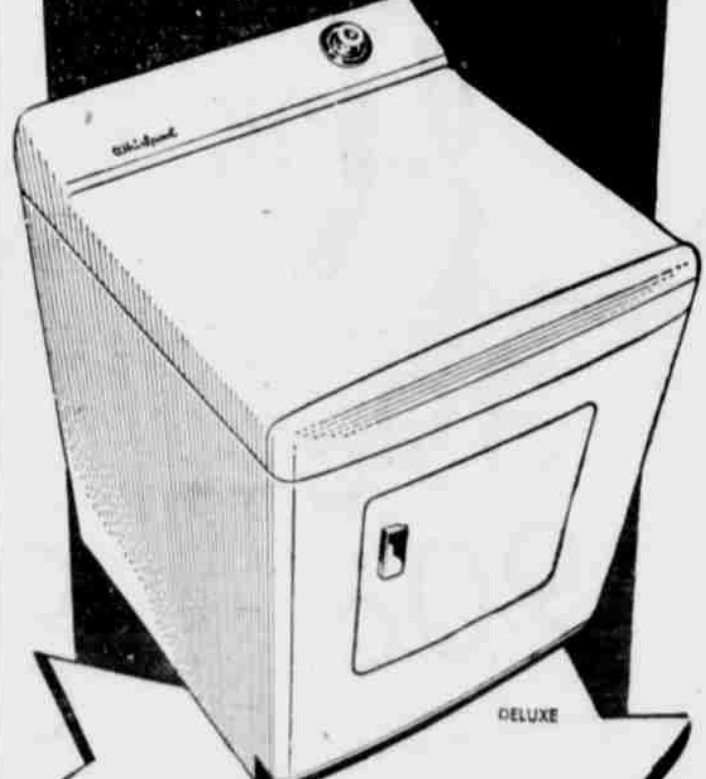

He also said the survey of rural highways showed that when involved in an accident the unlicensed driver's mishap is half again as apt to prove fatal as that of the licensed driver.

In explanation Garrison said, "The irresponsibility of the driver in not obtaining a license is a reflection of the character of that driver and his driving habits."

"In most instances the unlicensed driver is deficient in either his physical and learned abilities, or his driving attitude. In obtaining a license and taking the driver tests, his deficiencies are brought to light before an accident occurs. By being aware of his shortcomings and making adjustments for them a driver usually is able to avoid being involved in a costly traffic accident."

Only 3.9 per cent of the driving public is unlicensed, yet 9.8 per cent of the drivers in non-fatal accidents and 13.9 per cent in fatal accidents are unlicensed.

Work on soil and water conservation practices has been resumed following the snow and cold weather.

Melvin Stewart, Eris Miller, A. C. Cash, M. J. Malouf, Hugh Davis and Jess Probst have begun work on terraces.

Otto May at Spring Creek Ranch, Hugh Davis, John Boren, George Beggs and Wilson Connell are planning on additional tanks on their ranches.

Earl Rogers and Eris Miller are planning on installing irrigation pipe lines to improve their irrigation systems. Miller is also planning on bench leveling an additional 30 acres this year.

Homer Huddleston is building a diversion terrace to help control a water problem on his farm.

The natural resources of America are the heritage of the whole nation and should be conserved and utilized for the benefit of all of our people.

Soil conservation includes and all measures that in any way increase the productivity of the land and cause land to keep on producing satisfactorily.

**LET AFTER SHEET**—Mrs. Vera Ferguson, an inspector of sheets at Foxtex Mills, Inc., since 1938, says she lost track long ago of how many sheets she has unfolded, inspected and re-folded. (Staff Photo.)

## Inspection Of Sheets Job Veteran Mill Employee

Mrs. Vera Ferguson hasn't the faintest idea of how many sheets she has inspected during the 24 years she has been employed at Foxtex Mills, Inc., but she is sure that if she spread out all the sheets she would cover a lot of territory.

She says she has worked at the mill in 1928, one year before she was married. She came up with a fairly accurate number of sheets by multiplying it by the number of days she has worked.

Since Mrs. Ferguson is anywhere from 96 to 104 sheets a day, that'd be a problem in arithmetic, if the production figures vary.

President of Garza County she was six years old, Mrs. Ferguson went to work at the mill two years after the family moved into town in 1926 from Cose City community. She says that the late Herbert was manager of the mill the time she joined the payroll in 1928.

Her first job, she was paid a week for a 10 1/2-hour day. She says that was the average then for mill employees.

Working conditions, like the ones weren't anywhere near

## McDaniel Funeral Held In Houston

Funeral services for James E. McDaniel were held recently in a Houston funeral chapel, Military graveside rites were conducted.

A native of Point, he served in the Army overseas during World War I. He was a member of the Veterans of Foreign Wars. His wife is the former Miss Elna Harper of Post. They observed their 29th wedding anniversary in October.

Other survivors are two daughters, Mrs. Betty Jo Buell and Juanita McDaniel of Houston; three grandchildren; three sisters and four brothers.

In its primary sense, the word "lord" refers to the head of a household.

Hybrid lambs promise ranchmen increased efficiency in the production of wool and meat.

Mr. McDaniel recently returned to work there.

## County Agent Suggests Farm Shop Be Put In Order For Spring Rush

If the farm shop is crowded and cluttered, it is probably a hazardous place to work. When the spring rush begins, the farm shop takes on added importance for there are always hurry-up jobs needed to keep machinery and equipment in operating condition. Haste here, says County Agent Lewis C. Herron, can mean an accident unless the shop facilities have been put in order.

Now, while there is time, the agent suggests that the shop be given a good housecleaning. Clean the work benches and floor and provide a scrap box for metals and other materials. Put hand tools in neat order by assigning a place for every tool.

Clean and check machines and power tools for repair needs and safety precautions. Go over the

entire shop for fire hazards. Check all wiring for wear and possible "shorts." If a fire extinguisher isn't available, better make a purchase. If an extinguisher is available, check to be sure it is filled with the proper solution and is in working order.

Good lighting and plenty of ventilation are musts in the farm shop.

Finally, after the housecleaning and checking jobs have been completed, the operator is advised to give himself a safety quiz on shop work habits. If the methods and habits now used aren't safe, change them, for the hand that may be saved will be needed in performing other vital farm jobs during 1956 and thereafter.

# POSTEX MILLS

By A. LEE WARD

Saturday visitors in Post were Mr. and Mrs. W. C. Sharp, Billy and Bobby of Lubbock.

Mr. and Mrs. Bill Norman spent Sunday at New Deal with Mr. and Mrs. W. L. Parrish and David.

Sunday visitors in the Carl Fluit home were Mr. and Mrs. W. O. Fluit, Jr., Mr. and Mrs. Harold Reno, Joe and Roger, Mrs. Grover Mason, and G. F., Mr. and Mrs. Gilbert Gandy, Jean and Glida of Tahoka, and Mr. and Mrs. C. D. Morrel.

We were happy to see Mr. Britton back with us in the sewing room this week. He has had a rough time lately with bad colds. He says the shots the "Doc" gave him fixed him up just fine.

Mrs. Ruby Kennedy visited her mother, Mrs. Ida Thomas, of Floydada Sunday.

Mrs. Zora Jones visited in Brownfield Sunday with her granddaughter and family, Mr. and Mrs. Bobby Greene and baby.

Mr. and Mrs. Hiram Sanders and Larry Joe of Carlsbad, N. M., visited friends and relatives in Post over the weekend.

Mr. and Mrs. Grady Hunt visited in Spur Sunday. We believe Grady was actually looking over prospective fishing holes, because we have noted that gleam in his eye since the weather turned a little warmer.

Mrs. Oscar Polk and her granddaughter Quay Williams visited the Ben Howell family in Hobbs, N. M., last week. Iris Gayle Howell came back with them for a week's visit here.

Mr. and Mrs. Jimmie Parrish and children visited Mr. and Mrs. A. O. Parrish and family Sunday.

We were very sorry to lose Byron Parrish from our ranks. Byron has been ill for several weeks and decided that he would quit for awhile until his health improved.

Mr. and Mrs. Calvin Cooper of Russellville, Ark., are visiting their daughter and family, Mr. and Mrs. Ernest Bostick.

Mr. and Mrs. Clarence Maddux and boys visited Mr. and Mrs. Mutt Canfield in Mineral Wells over the weekend.

Delano Collum of Aspermont visited in the Warren Hayes home Sunday.

Jewel Graham is back at work. Jewel slipped and fell while

downtown shopping during our heavy snow and badly bruised her knee and injured the kneecap.

Mrs. Lucille Gibson and children visited Mr. and Mrs. J. D. Covington and family in Canyon last weekend.

Miss Betty Smart of Farwell visited Mrs. Lometa Epley and Loveta Perrin over the weekend. Mr. and Mrs. Cliff Hotelling of Lubbock, Mr. and Mrs. Surman Clark of Slaton, and Voda Beth Voss spent the weekend in the Carl Clark home.

Mr. and Mrs. John Nelson and children and Mrs. Oille Cooper visited Sunday night with Mr. and Mrs. Charlie Cooper and family.

Mr. and Mrs. Donald Gossett of Lubbock and Mr. and Mrs. Junior Smith of Post were dinner guests of Mr. and Mrs. A. A. Ritchie Sunday.

Mr. and Mrs. C. A. Redman visited in Crosbyton Sunday.

Mr. and Mrs. Harold Wallace of Lorenzo visited Wednesday night with Mr. and Mrs. John Wallace.

Mr. and Mrs. N. C. Outlaw visited Thursday night in the John Wallace home.

Mrs. Lela Parrack visited her brothers in Odessa and Kermit over the weekend.

Mr. and Mrs. E. D. Payne of Tahoka visited their son and family, Dick Payne Sunday.

Mr. and Mrs. Jerry Crockett of Lubbock spent Sunday in the Doyle Nelson home.

Mr. and Mrs. David Schultz and children and Mrs. Hettie Mae Robinson of Dallas visited with Mr. and Mrs. Paul Duren and Lola Hayes over the weekend.

Mrs. Charles Long of Seattle, Wash., is visiting Mr. and Mrs. Lee Long and Mr. and Mrs. Gordon Carey.

Mr. and Mrs. John Sutter and son of Odessa spent Saturday night with Mr. and Mrs. Add Jones.

Mr. and Mrs. Buck Rogers of Lamesa spent the weekend with Mr. and Mrs. Jack Dobbs.

Imogene Landtroop visited her father Irvin McDougle in Big Spring Monday night. Mrs. McDougle has been absent from work for several days due to staying in Big Spring with Irvin.

were Mr. and Mrs. Russell Orr and son, Mrs. Charles Long, Jerry Don Cole and Lucille's family.

If you see Connie Caylor downtown sometimes it may be well worth your time to stop and chat for awhile. Connie has been in West Texas for a number of years and has worked for Postex Mills continuously since 1933. We are sure that Connie could paint a good picture of the many changes and improvements of Postex and the increased production that has taken place since 1933. The growth and prosperity of West Texas and Postex Mills depends on people such as Connie Caylor.

Did you know that one bale of raw cotton (approximately 500 lbs.) will only make nineteen (19) dozen full size bed sheets, and that our sheet hemmers average sewing or hemming about 44 dozen sheets each eight hours apiece. On this basis Postex hemmers sew up approximately 2.2 bales of cotton per operator daily.

More food for thought is the dollars and cents that the Postex employee insurance program has paid into the Garza County Memorial Hospital during the past 12 months. The direct draft payments to the hospital alone have amounted to \$4,040.20. This amount does not include payments made to our individual doctors, nor does it include payments made directly to our employees. Please do not confuse the above with the Postex Mills on-the-job coverage. The employee insurance program is optional with each individual and is a means of securing life insurance and good hospitalization benefits at a low rate by being a member of the family of Postex Cotton Mills, Inc.

REVIVAL AT JUSTICEBURG—Clifton Igo (left) of the South Side Baptist Church in Lubbock will be the evangelist for a revival meeting beginning Sunday at the Justiceburg Baptist Church and continuing through Feb. 25. Clois Smith (right), also of the South Side Baptist Church, will lead the singing. The public is invited to attend the services, which will be held daily at 10 a. m. and 7:30 p. m.

## Spur Victor Over Post Five, 52-39

The Post Antelopes were defeated by the Spur Bulldogs, 52 to 39, here last Thursday night in a District 5-AA game which had been postponed from the previous Friday because of hazardous traveling conditions.

Coach Vernon Ray's Antelopes led 13-8 at the end of the first quarter and 25-20 at halftime, but the visitors pulled up to take a 34-32 lead at the end of the third quarter. In the final frame, the Bulldogs held Post to seven points while racked up 18 themselves.

## BITS-OF-NEWS
