Peace, Prosperity, Progress Babson's Outlook For 1957

Again this year, The Dispatch is publishing Babson's Business and Financial Forecast for the forthcoming year. A careful checking of the Babson Predictions made in the Business and Financial Forecast for 1956 upholds the remarkable averages of the past year by being 85 per cent correct. It holds the best and highest record for annual forecasts on U. S. future business. Babson's 1957 forecast follows:

Both presidential candidates, in their pre-election speeches, promised peace, prosperity, and progress. They stated that they must do this in order to enforce the Employment Act of 1946. This is the basis of my Outlook for 1957, tempered of course by Russia.

1. World War III will not start in 1957.

2. 1957 will witness gradually increasing inflation.

3. Manufacturers will be faced with higher costs for both materials and labor.

4. All businesses will be confronted by increased competition, both within their own industries and from other industries.

5. More advertising will be necessary in 1957 if profits of manufacturers and retailers are to equal those of 1956.

6. Failures will increase in 1957, both as to numbers and liabilities. Thousands of small concerns will be wiped out. One or two of the largest corporations will face bankruptcy or re-organization.

7. Cost of living will rise slightly during 1957.

8. Most labor unions will hesitate to make public fights for higher wages, but will work for shorter hours, pensions, and "fringes."

9. Europe must pay so much more for oil that it will have less money for purchasing other goods.

10. Unexpected events will occur during 1957; however, as a whole, business will remain fair, but with smaller profits.

11. As foreign countries must pay in gold or dollars for oil, their industries will be handicapped, unemployment will increase, and pressure for aid from the United States will be greater.

12. The Federal Reserve Board will not relax its restrictions so long as we have full employment in the United States; but if unemployment increases we may expect a relaxation. I am very glad Mr. Robert Cutler will again be Mr. Eisenhower's advisor.

13. Owing to the tremendous numbers of employees, suppliers, and retailers dependent upon the large corporations, these will be first to receive bank funds.

14. Many plans for expansions of plants, by both big business and little business, will be postponed. Most corporations will find it difficult to get new short-term money at any price in quantity; while long-term financing will be too expensive.

15. Tight money will cause state, municipal, and town governments to postpone plans for building roads, schools, and hospitals except in cases where the Federal Government pays most of the costs. This will put a damper on many lines of business.

16. Owing to these increased money rates, state, municipal,

and town bonds, although tax free, have been declining rapidly in price. Most financial advisers forecast much lower prices for such securities. It is possible that the postponement of such building plans may so diminish demand for such money that these non-taxable bonds will sell at higher prices before the year is out. This postponement may also reduce the price of steel and other materials.

17. The money managers for each corporation, large and small, will now arrange their financing needs for two years by either securing the necessary funds now or reducing their requests.

18. Prices of corporation bonds will not recover so quickly as the non-taxables. I forecast lower prices for most corporation bonds.

19. Many of the smaller and newer corporations will be much disappointed by their inability to secure funds during 1957, except by selling convertible preferred stocks on terms very favorable to investors. It is well to issue such securities when money rates are low because the advantages continue for many years; but not when money is tight, as such securities then tie up the borrower for a long number of years at high rates.

20. This means that 1957 will be a good year for investors to switch from low-yielding stocks to attractive bond issues.

21. Home building, corporate expansion, and municipal improvements will decline in 1957. Therefore, it will not be a good year for speculating in real estate.

22. Interest rates on mortgages will be higher in 1957. Loans not "federally" guaranteed will require larger margins.

23. Real estate in large cities will continue inactive with declining prices due to lack of parking facilities.

24. Suburban real estate will continue active, but fewer new houses will be built. Houses will be for sale by executives who have lost their well-paid jobs.

25. Purchasers will give more attention to the size of the lots than to the houses. Better locations can be secured by buying existing houses. Modern kitchens will become a must.

26. Acreage near proposed shopping centers will be excellent for speculation. The automobile will continue to raise havoc with real estate prices, helping some locations and hurting others.

27. New inventions in connection with heating, lighting, and other features will make most older houses obsolete.

28. Large commercial farms will continue prosperous. Small farms on the fringes of cities will be more valuable. The outlying medium-sized farms will be both expensive to operate and hard to sell.

29. The nearness to schools, See BABSON SAYS, Page 3

CHORUS WINS WIDE ACCLAIM—The Post High School chorus, directed by Georgie M. Willson, head of the music department, has been making frequent appearances the last few weeks, the most recent of which was a Christmas cantata. The chorus will go on a tour in the spring and will represent the school at the University Interscholastic League Music Festival at Brownfield in March.—(O. A. Madison Photo).

Johnston Funeral Is Held Last Sunday

Mrs. Mary Ann Johnston, a resident of Post since 1940, died Friday at the home of her daughter, Miss Ida Johnston, following an illness of three years.

Funeral services were held Sunday afternoon at the First Baptist Church in Roaring Springs, with the Rev. J. B. Vickery of Lubbock officiating, assisted by the Rev. J. A. Bickel, pastor of the church. The choir sang "What a Friend We Have in Jesus," "Rock of Ages" and "Shall We Gather at the River?"

Interment, under direction of Mason Funeral Home, was in the Roaring Springs cemetery. Pallbearers were Carleton P. Webb, Ershel Franklin, George Tracy, Earl Smith, Jack Henderson and Gordon Brand.

Mrs. Johnston was born Feb. 20, 1874, in what was then the Indian Territory. She had been a Baptist for 35 years.

Services Held Saturday For Byrds' Infant Son

Graveside services for the infant son of Mr. and Mrs. Jimmy Byrd of Hillsboro were held at 10 a. m. Saturday at Terrace Cemetery under direction of Hudson Funeral Home.

The service was conducted by Otis Proffitt, minister of the Post Church of Christ, with Roy Priest of Brownfield assisting and leading the singing.

The infant, born Friday night, lived only a few hours. Survivors besides the parents are the grandparents, Mrs. M. A. Byrd, of Post, and the late Mrs. M. A. Byrd, of Post.

The infant produces about \$5 million worth of alfalfa annually in addition to other crops.

Report On Land Is Made To WR Board

Directors of the White River Water Control and Improvement District voted at a meeting Thursday to adopt recommendations of the land committee that approximately eight and one-half sections of land be purchased as outlined on the project map and that all the shoreline and adjacent land of the lake be owned and controlled by the district.

The meeting was held in the presence of the district engineer, J. R. Mayfield.

Card of Thanks

I wish to express my heartfelt thanks to my many friends and relatives for their many acts of kindness during the illness and death of my beloved wife. I would like to mention the beautiful flowers, cards, visits and those who cared for my loved one during her illness. Especially do I wish to thank Brother Shaban for the two nice services and his many other acts of kindness and the ladies of the First Baptist Church for the nice food they brought. May God's richest blessing be upon you. H. F. Anderson

Soil Testing Should Be Made Part Of Farm Plans For '37

COLLEGE STATION - High acre yields are more important than ever. Grain and forage supplies on most Texas farms and ranches are at a very low level because of the prolonged drought. Top yields are needed from next year's crops and pastures not only to replenish these supplies but also to help whip the cost-price squeeze, says M. K. Thornton, extension agricultural chemist. To get the best possible production from crops and pastures, Thornton points out that a lot of cooperation will be needed from "mother nature" in the form of favorable weather conditions which includes a lot of rain. But, he also says, producers can aid the cause by supplying fertilizer to make the land produce as it should. Soil testing is the one sure way to find the answer to the question, how much and what kind of fertilizer is needed to get top production? Thornton suggests that soil samples be taken and submitted now to the Soils Testing Laboratory. He can promise much faster service now and the soil analysis and recommendations which he will send back to the farmer will enable him to make his fertilizer purchases early. When the spring rush hits, returns will be slower and little time may be left for getting the recommendations into use. Pastures, to be as good as they should, will also need plant food. Soil samples taken from run-down pastures, when analyzed, will show how much fertilizer will be required to get the grazing areas back into top production. Thornton says local county agents can supply detailed information on how soil samples should be taken and mailed. CLASSES TO RESUME. Classes will be resumed in the Post schools at 8:30 a. m. Wednesday, Jan. 2, following the Christmas and New Year holidays. The schools were dismissed at 3 p. m. last Friday.

CHANGES AIMED AT CURBING BRUCellosis BECOME EFFECTIVE JAN. 1, SAYS USDA. COLLEGE STATION - Interstate movement of all cattle except steers, spayed heifers and calves under 3 months old comes under Federal control, starting Jan. 1, 1937, to curb the spread of brucellosis (Bang's disease). Dr. C. M. Patterson, extension veterinarian, said the new rules as announced by the U. S. Department of Agriculture are aimed primarily at strengthening and unifying control of interstate movement of cattle relative to brucellosis under the eradication program. The regulations include: Slaughter cattle not known to have brucellosis can be shipped interstate to slaughter plants or to a public stockyard or one approved by the USDA. They must be accompanied by a waybill or similar document signed by the owner or shipper. Cattle from brucellosis-free herds and areas require only an official certificate. Officially vaccinated animals under 30 months can be shipped with an official certificate except those being shipped into a

modified-certified brucellosis free area. They must have, in addition, a permit from the livestock sanitary official of the State of destination. Any vehicle, which includes trucks, used to transport reactors must be cleaned under the supervision of a federal or state inspector immediately after the animals have been unloaded. As in the past, ear-tagged and branded reactors can move to slaughter plants under Federal inspection or federally approved plants and stockyards if they have an official certificate for slaughter. Beef bulls and females shipped for feeding or grazing can move under official certificate and permit from the State of destination, if that State legally requires segregating and quarantining such cattle. Interested persons are advised by Dr. Patterson to secure further details or a copy of the regulations from State or Federal livestock sanitary officials.

EVENT SCHEDULED FOR JULY 12-18

Nation's Scouts Will Occupy New Tent City At National Jamboree

America's youngest, newest and busiest city for over 50,000 persons will team with excitement next July 12 to 18. At the moment it doesn't exist. A 1,300-acre tent city will house the Fourth National Jamboree of the Boy Scouts of America at historic Valley Forge in Pennsylvania. In it boys from all walks of life, of all races and creeds will live together, exchanging skills, swap home-town products, and learn about the customs and traditions of many sections of the nation. "The purpose of the jamboree," says Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, "is to strengthen the program of the individual unit and to provide an opportunity for boys to be associated with Scouts from all parts of their own country. This living together in a spirit of brotherhood and friendship is one of the continuing objectives of our movement and the basis upon which we undertake this gigantic task." Valley Forge Park is owned and maintained by the Commonwealth of Pennsylvania which invited the Scouts to camp there. After the jamboree the Scouts will have the grounds restored to their original condition. Survey parties are allocating 1,292 troop camp sites each 90 feet by 90 feet. There will be 38 sectional camps each comprising 34 troops of 37 Scouts or Explorers and three adult leaders, and also a sectional staff of forty leaders. The Scout city will have its own water, electric power, and telephone systems, post offices, fire department, medical facilities, an amphitheatre seating 35,000 persons and even its own trading posts. It will be a self-sustaining venture with each participant paying his own way.

Safety Expert Points To Appalling Records

"If a man from outer space happened to pick up one of our newspapers yesterday he might conclude that the approved way of celebrating the coming of a new year in the United States is with sacrificial highway suicide." This observation was made today by J. O. Musick, general manager of the Texas Safety Association, as he commented on the record-breaking traffic accident year of 1936. "Last December Texas climaxed a month of 252 highway killings with a New Year's Eve toll of 11 traffic deaths," Musick said. "Drinking drivers and drivers trailing at speeds to fast for conditions figured prominently in the accidents, he added. "Both of these road violations show a great lack of responsibility for personal safety and the safety of others," Musick said. "And at this season, above all others, we should be filled with consideration for our fellow man. We should, indeed, be our brother's keeper." He urges everyone to celebrate New Year's Eve in a suitable manner and to show by his conduct on the highways and city streets that this holiday means more than an occasion of irresponsible merrymaking. Musick commended the Texas Department of Public Safety, city police forces, and the many city safety councils for their stepped up programs in accident prevention. "We should all join our officials and local safety groups in their attack on traffic accidents," he said. "Stringent enforcement methods will be successful if each driver and walker supports them with safe personal traffic conduct."

Auto Yields Five Night-Slain Deer

AUSTIN (Sp.) - A 1937 model "low" priced car was intercepted by Game Warden Adolph Heep of Fredericksburg with five night-slain, undressed deer in its trunk. Heep reported to the Director of Law Enforcement in Austin that the flashy two-toned rig stood the weight test very well, but that the two San Antonio men seized with the contraband had to dig deeply into their Christmas funds to settle with the law. Heep nabbed the men on a tip stating that a new car with a light colored top had been involved in some night shooting on the main highway south of Fredericksburg. After halting three such machines, Heep stopped the right one. The charges were for exceeding the limit on deer and for possessing untagged deer. Each of the

men earlier had used one of his tags on deer. Heep described the deer as all bucks, including three fine specimens. They had not been dressed, so Heep retained one of the night hunters to attend to that detail while the other went to San Antonio to get the approximately \$850 required to cover fines and court costs.

FOR ALL WE HOLD SACRED . . . ATTEND CHURCH!

THE GLEAM FROM BEYOND THE CLOUDS

There may be folks who dream of a new year with no clouds over the horizon. But life has taught most of us that there is never a day free of uncertainty.

Some like to rejoice in the calm of today and give no thought to the clouds of tomorrow. There is a contentment without strength, a happiness empty of hope.

But stronger souls see both the calm and the clouds. And they look beyond

the clouds to the Light whose rays bathe the horizon.

These are the souls who face the new year with faith in their God. They know the days will not be without shadow. The ripples may sometimes become angry breakers. But they follow the gleam across another year . . . the Gleam from beyond the clouds.

The Church is for those who would look ahead . . . ever toward the Light.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CIVIL DEFENSE SHELTER—Underground parking garage in Stockholm, Sweden, showing two levels in this vast dual-purpose civil defense shelter which can accommodate 10,000 persons. The garage, a key unit in the largest underground

shelter program in the world today, is equipped with triple electric doors at the entrance ramp to wall out blast pressures, electric generators, and a special air filter system (inset) to eliminate poison gas, germs and radioactive dust.

10 Persons Receive \$50 'Jackpot' Gifts

The Post Chamber of Commerce's series of Hospitality Day programs closed last Thursday with 10 persons winning \$50 merchandise certificates.

The Dec. 20 drawing was a Christmas "jackpot" affair, since previous merchandise certificates—five each Thursday—had been in the amount of \$20 each.

From the start of the program in September until its close Thursday, \$2,040 was awarded in merchandise certificates through the cooperation of the Chamber of Commerce and more than 60 Post firms.

The jackpot winners and the firms issuing their merchandise certificates were as follows:

- Lou Garrison, Thaxton's Cleaners.
- Mrs. John E. Nelson, Mason & Co.
- Mrs. Scott Storie, Young's Highway Grocery.
- Mrs. George Miller, Levi's Ranch Cafe.
- Mrs. A. P. Hedrick, Hundley's Men's Wear.
- Mrs. Winnie Goss, Windham Grocery.
- Ida Johnston, Maxine's Shop.
- Mabel Whitener, Piggly Wiggly Supermarket.
- Eleanor Pippin, Dodson's Jewelry.
- Golden Johnson, Guy Floyd Service Station.

CONTROL CENTER DEDICATED—Civil Defense underground control center for Portland, Ore., is dedicated at the site on the outskirts of the city. Center is equipped with heavy electric entrance doors with photo-electric alarm and closed-circuit TV control of personnel entering, air locks and radiological decontamination facilities, electric

generators, a private radio station, air filter and ventilation system, telephone, press and Conelrad facilities, and space for civil defense and other emergency offices. In addition, the \$667,000 structure includes space for weather and radiological specialists, and living facilities. Inset shows arch construction of control center.

SPAGHETTI AND MEAT BALLS

1 lb. ground lean 4-oz. can mushroom stems and pieces, not drained
 1/2 cup Pet Evaporated Milk
 2/3 cup fresh bread crumbs
 1 1/2 teaspoon salt
 1 1/2 teaspoon pepper
 1 Tablespoon shortening
 1 can tomato soup

1/2 cup finely cut onion
 1 clove finely cut garlic
 1 Tablespoon Worcester-shire sauce
 8-oz. pkg. spaghetti, cooked and drained

Mix well in a bowl the beef, milk, crumbs, 1 teasp. salt and 1/2 teasp. pepper. With wet hands, shape mixture lightly into 16 balls. Brown meat balls slowly on all sides in 10-in. skillet in hot shortening. Mix soup, mushrooms, onion, garlic, Worcestershire, 1/2 teasp. salt and 1/2 teasp. pepper in a bowl. Pour around browned meat balls in skillet. Cover and cook over low heat 15 min. Serve hot meat balls and sauce over spaghetti. Makes 4 servings.

The Antelope teams open conference play here Jan. 4 against Lockney.

Antelope Boys And Girls Teams Playing In Crosbyton Tourney

Post High School boys and girls basketball teams opened first round play today in the third annual Crosbyton Invitational Basketball Tournament against Floydada teams.

Coach N. R. (Jiggs) King's girls team was to meet the Floydada girls at noon in the tournament's first game, while Coach Burl McCoy's boys were to play Floydada at 1:20 o'clock.

The results of the two games could be an indication of how the Antelope and Whirlwind teams will fare against each other in conference play, since both are members of District 2-AA.

Other boys teams in the tournament are Brownfield, Lockney, Lorenzo, Ralls, McAdoo and Crosbyton. Girls teams besides the starters are Slaton, Crosbyton, Lorenzo, Ralls, McAdoo and Jayton.

In games here Friday night, the Post boys "A" and "B" teams won from Hermleigh, but the girls were defeated.

The Antelopes won their seventh game against three defeats by downing Hermleigh, 37 to 39, in a game that was close for the first

Post Freshmen Lose To Colorado City In Overtime Game

The Colorado City freshmen scored a 39-38 overtime victory over Coach Frank Krhut's Post freshmen Thursday night in the high school gym.

After the Post team finally "caught fire" in the third quarter, the game was a wild and woolly, nip and tuck affair right down to the wire.

With the score knotted at 33-all at the end of the regulation playing period, the teams went into a three-minute overtime in which the visitors scored six points to the Post team's five.

Post hit only one field goal in the first quarter while Colorado City was racking up eight points. Each team scored 13 points in the second period, with the visitors in the lead, 21-15, at halftime.

Coach Krhut's boys began moving the ball better in the third quarter and "warming up" at the bucket, with the result that they outscored Colorado City, 11-6, and trailed by only one point—27-26—at the end of the period.

Forrest Claborn was high scorer for Post with 10 points. Dickie Richardson led Colorado City with 15.

The Post scoring summary follows:

	fg	ft	pf	tp
Pierce	4	1	3	9
Smith	2	1	2	5
Rankin	4	1	1	9
Didway	1	3	3	5
Claborn	4	2	1	10

NEW YEAR'S SHOW MONDAY NIGHT DECEMBER 31st At 11:30 P. M.

TEXAN DONATES FLAGS—E. B. Germany (right) of Dallas was so pleased by the new flag of the Treasury's Savings Bonds Division when it was unfurled at the 15th anniversary bond conference in Washington, D. C., that he pledged enough to provide one or two for each state. Admiring the division's first flag are Jesse L. Adams Jr. (left) of Dallas, Texas state director, and John R. Buckley, national director.

81.3 Pct. Of County Savings Bonds Goal Is Attained Through November

T. R. Greenfield, chairman of the U. S. Savings Bonds Committee for Garza County said today that citizens of the county had purchased a total of \$130,956 Series "E" and "H" Savings Bonds through November. The county's goal for the year is \$160,000. Bonds purchased thus far represent 81.3 per cent of that goal.

Greenfield also had some timely advice for the lucky folks who received money for Christmas this year. "There is a wonderful way to spend Christmas cash to make it worth more," he said. "Buy U. S. Savings Bonds and watch them grow."

The county chairman also had a timely suggestion for a New Year's resolution. He said all of us could help ourselves, our families, our community and our country by resolving to use a systematic savings plan. A plan that works automatically and pays off with guaranteed results. The government has such a plan—the payroll savings plan—for the purchase of Series "E" U. S. Savings Bonds.

"The way to put this New Year's resolution into operation," he said, "is to sign up for the payroll savings plan in your payroll office."

LONE STAR AGRICULTURE

Good New Year's Resolution Would Be To Plant Registered, Certified Seed

By JOHN C. WHITE
Commissioner of Agriculture

A good New Year's resolution for Texas farmers would be, Resolved: To plant Texas registered or certified seed for the 1957 crop year.

There is no such thing as "bargain basement" seed. Cheap seed often results in inferior plants—you get about what you pay for, with few exceptions. Registered or certified seed isn't necessarily expensive but it is sensible—you know what you are paying for.

The farmer should look for the official tag on the bag of seed which indicates that the contents have been inspected by the Texas Department of Agriculture. It means the seed meets specifications of the Texas State Seed Law that demands certain regulations.

A seller of certified seed must plant his plots with the purest foundation or breeder's seed. The fields to be certified must be isolated from similar crops according to the standards and these fields are checked by impartial state inspectors for purity and freedom from disease and weeds.

Warehouses where seeds are stored must measure up to certain standards and the seed are sealed in a bag with the red, white and blue State of Texas seal and the Texas certified or registered tag securely attached.

Registered seed, strictly, is not guaranteed quality seed. The tag merely guarantees that the bag is properly labeled as to content; what per cent is foreign matter, etc. This label is purple. Certified seed, on the other hand, must meet strict standards and this tag is pale blue.

These labels are the farmer's protection against inferior or misrepresented seed products. He knows exactly what he is buying and that his seed bags contain exactly what the tag says they contain.

In other words, the tag on the bag guarantees the breeding in the seed.

Further information about Texas registered and certified seed will be given on request. Address inquiries to John C. White, Commissioner, Texas Department of Agriculture, Capitol Station, Austin 14, Texas.

ANTELOPES HELD SCORELESS IN FIRST QUARTER

Colorado City Wolves Win Over Post, 30-29, In Defensive Battle

Two successful free throws with 45 seconds to go gave the Colorado City Wolves a 30-29 victory over the Post Antelopes last week in a game at Colorado City.

Post 'B' Team Beats Colorado City, 48-39

The Post Antelope "B" team scored its sixth victory against no losses at Colorado City last week by downing the Wolves' "B" team, 48 to 39.

The Antelope reserves got off to a slow start and trailed 12-7 at the end of the first quarter. They had pulled up to a 24-24 deadlock at halftime and led 36-33 going into the fourth quarter.

Jimmy Short scored 14 points to lead the Post scorers. He came back with 10 points in the "A" game, which Post lost, 30-29, to duplicate Auvy McBride's feat Monday night of being high point man in two games.

The Post scoring summary follows:
