

U Lazy S Ranch here to host President of African nation

His Excellency President Francois Tombalbaye of Chad, who is on a state visit to the United States, will be a guest Saturday at John F. Lott on the latter's U Lazy S Ranch, south of Post.

President Tombalbaye and members of his official party will tour the 56,000 acres of range and installations. A barbecue luncheon will be served there.

The President of the African republic and his party will be in the area this weekend at the invitation of Grover E. Murray, president of Texas Tech, where he will visit the International Center for Arid and

Semi-Arid Land Studies (ICAS-ALS).

President Tombalbaye, who also serves as prime minister of Chad, visited the early part of the week in New York and as the guest of President Johnson in Washington. He is scheduled to arrive by official plane at 9:35 a. m. Saturday at the West Texas Air Terminal in Lubbock.

Because Chad's economic interest in agriculture closely parallels that of West Texas, with a heavy emphasis on cotton and livestock, President Tombalbaye has been

invited to visit a meat packing plant and a major feed lot, which he will see at the U Lazy S Ranch.

The state visitors will arrive in Lubbock from San Antonio where they were invited as official guests of HemisFair '68. They will depart from Lubbock early Sunday morning.

Traveling in President Tombalbaye's party are more than 30 persons. They include: the President, Foreign Minister Jacques Baroum, Chadian Ambassador to the United States Lazare Massibe, Minister of Economic Affairs and Transport

Abdoulaye Lamana; Also Minister of Plan and Cooperation Georges Digumbaye and Minister of Agriculture Ramon Naimbaye; U. S. Ambassador to Chad Sheldon Vance and Mrs. Vance, and Alphonse M'Bainougam, director in President Tombalbaye's cabinet.

In addition to personal aides and press attaches, there will be representatives of the U. S. State Department and technical teams. About twice the size of Texas, Chad has a population of about 3,300,000.

Concert and talk by teachers

More than fifty persons gathered to hear a well-rehearsed concert from a 20-member group of the Post High School Choir under the direction of Margie Willson and hear all the boys and girls sing songs from the movies and Broadway shows. Presenting the concert were Dick Dickson, principal, and personnel managers of the Post High School.

Oil field worker is shot to death

J. A. (Bill) Smith, 46-year-old driller for the Garlynn Drilling Co., was shot to death shortly after 5 p. m. Wednesday at the Storie Apartments in the 200 block of South Avenue H.

The manager of the apartments, T. L. Ivey, was being held in an undisclosed jail today in connection with the slaying. No charges have been filed.

Smith died of a bullet wound in the chest from a .22 caliber pistol, according to the investigating officers. Deputy Sheriff Don Rogers and City Police Sgt. Otis G. Shepherd Jr. City Night Patrolman Johnny Cochran also assisted in the investigation.

The officers said when they arrived at the scene of the shooting, Smith was lying on the ground near a window at the front of the apartments.

The man being held in connection with the slaying made statements Wednesday night to District Atty. George Hansard and County Atty. Preston Poole before being taken to the undisclosed jail.

Smith moved to Post about six weeks ago from Big Lake. His survivors include his wife; four sons, Roger, Dennis, Prentice and Connie, and a daughter, Carol Jean.

Smith's body is at Hudman Funeral Home. Funeral arrangements are pending with the Day-Loveless Funeral Home of Eden, Tex.

FLAGPOLE HERE IN NEED OF CLIMBER

Any flagpole climbers in town? If so, report promptly to Post Junior High and Principal James E. Pollard will give you a job.

In the meantime, Pollard urges the public to be calm—no one has died or are the boys who raise the flag trying to be clever.

The reason for the American flag flying at half mast and the Texas flag flying, not only at mast but upside down in front of the junior high school, is simply that they became stuck in this position early Tuesday morning and are still in that position.

Why, a reporter asked Pollard when he called The Dispatch office late Wednesday to see if he could get a word of explanation in today's paper, are they still on the pole wrong?

"We seem to be having a bit of trouble finding anyone who wants to climb that pole," he replied.

Vietnam project

FHA members to make ditty bags

The Future Homemakers of America chapter of Post High School set a chapter goal Monday night of making 100 "ditty bags" to be sent as Christmas gifts to servicemen in Vietnam.

The chapter adopted the project at the request of two women from the Lubbock chapter of the American Red Cross, who told them the area goal is 1,250 ditty bags.

Monday night's meeting was the first regular meeting of the new school year for the FHA chapter.

FHA officers present at the meeting were: Irene Walls, Mar-tha Jo Walls, Helen Hodges, Peggy Bevers, Karen Potts, Christine Morris, Theresa Sims, Nancy Norman, Marsha Tipton, Kay Lofton and Donna Maddox.

Also attending were: Freshmen: Carol Conrad, Eva Martinez, Mary Alice Burkes, Sue Parrish, Mary Ann Wright, Paula Crosswell, Ann Aten, Mary Heaton, Judy Bertrand, Vickie Kruger, Wanda Heintz, LaNita Justice, Debbie Cross, Dejuana Hays, Wynette Byrd, Janie Menchaca, Irene Cisneros, Barbara Curtis, Ruthie (See Ditty Bags, page 8)

Add to the Detroit Tigers' Post and area TV rooters during the World Series, Norm Cash's parents, Mr. and Mrs. Bandy Cash of Justiceburg, and his grandfather, E. M. Woodard of Justiceburg.

"It won't be as nerve wracking this way," Mrs. Cash told us by phone an hour before the series was due to open in St. Louis yesterday.

"Bandy checked with a travel agency on rooms in St. Louis and the good ones were gone," Mrs. Cash said. "Norm didn't know when we last talked to him last week by phone if he could get any more series tickets. So Bandy decided we'd just stay home and see it all on TV." Mr. Woodard, who likes to fly around the country and watch Norm play, is staying home too. He would have accompanied the Cashes if they had made the series trip.

There may be one member of the Cash family on hand in St. Louis for the first two games of the series, however. Norm's brother, Clyde, who is attending South Plains College at Levelland told his parents he was going to be there "if I can get a ticket."

You'll note the announcement on page 9 of today's Dispatch that James Thomas has moved to Post to become manager of the Dairy Hart drive-in here. James is a brother of Toby Thomas, who owns and operates both the Dairy Hart and Toby's Drive In.

The Thomas family moved here from Crosbyton where James was manager of the Delta Seed Co. there. They have purchased a home at 906 West 12th. James and his wife, Jackie, have one daughter, Karesa, who is seven. Postings welcomes this new family to Post.

Cotton meeting next Thursday

Harvesting cotton for maximum efficiency and quality preservation will be discussed by Dr. Robert Metzger, area agronomist for the Texas A&M Extension Service, at a meeting in the district courtroom here at 2 p. m. Thursday, Oct. 10.

The hour and one-half meeting is being held in the afternoon with the hope that more farmers, ginners and others interested in the cotton industry will attend. County Agent Syd Conner said.

Proper use of harvest-aid chemicals will be discussed, with special emphasis on the correct timing of application. Other topics to be covered will include proper harvesting techniques for maximum preservation of lint and seed quality.

Post residents attend funeral in California

Lester Nichols and his aunt, Miss Henrietta Nichols, left by plane Sunday for North Hollywood, Calif., to attend funeral services for Lester's brother, R. L. (Leon) Nichols, who died Friday evening. The funeral services were held Tuesday.

Mr. Nichols, who was 67, is also survived by his wife and two children. Other survivors include an uncle, John Nichols of Post.

Three juveniles arrested in burglary of warehouse

City police officers apprehended three juveniles Tuesday night following a break-in at a warehouse in which five bicycles, antiques, toys and other articles were stolen.

The warehouse, located at the Caprock Grain Co. in the 200 block of South Avenue H, is owned by Mike Mitchell. The articles stolen belong to the Giles Dalby family, which had leased one end of the warehouse for storage purposes.

Police Chief Bill Gordon said two of the three boys taken into

custody are 12 years old and the other is 14. Two of the boys live near the warehouse, the police chief said.

The boys were picked up by officers shortly after the break-in was reported by Mitchell early Tuesday night. Most of the stolen articles have been recovered, according to the police chief.

The police were not certain how much time had elapsed between the break-in and the time it was reported, but they said the stolen

bicycles were being used by the three boys and that one of the bikes had been repaired.

Entrance had been gained through the front door of the warehouse, a crescent wrench apparently having been forced inside the door and used to unscrew a nut that held the bolt by which the door was fastened.

The three boys were turned over to county juvenile authorities Wednesday, the police chief said.

Truckload cotton burns Wednesday

A semi-trailer truck of the Santa Fe Trailways enroute to Houston loaded with bags of cotton caught fire yesterday about 6:30 p. m. coming into Post on US-84.

The truck driver stopped in front of United's Super Market to call the fire department.

The firemen had him drive the flaming trailer load of cotton to the Santa Fe depot grounds where the cotton was unloaded and the fire extinguished.

The trailer itself was not damaged.

Firemen were busy for over two hours extinguishing the smoldering fire.

In other fire calls this week, firemen extinguished a car fire at the service station in Justiceburg Wednesday afternoon and put out a grass fire in the southwest part of the city Tuesday afternoon.

Fund drive continues

Rules, regulations voted for building

Officers and directors of the Garza County Junior Livestock Association, who have a drive under way for \$24,200 to pay for a new stock show and fair exhibits building, drew up rules and regulations Monday night for use of the proposed building by the community.

One of the directors said today that the rules and regulations were drawn up while the drive was still in progress for the purpose of answering questions in the public's mind concerning community use of the building.

"We invite everyone to read these rules and regulations before he contributes to the building fund," one of the directors said today. "We want to emphasize that the building will not only be a show place for the youngsters' livestock shows, but also a building to be used by the public."

The livestock association recently was given a 30-day extension by the bidder on their campaign for the building funds. About two weeks of the extension time remains. Anyone not already contacted who wishes to make a contribution is invited to mail it to: Garza (See Show Building, page 8)

Chamber banquet speaker named

Lee D. Herring, vice president of the Grand Prairie State Bank at Grand Prairie, Tex., will be the speaker for the 1968 Post Chamber of Commerce banquet next Feb. 6.

Harold Lucas announced Herring's acceptance at a meeting yesterday of Chamber directors.

Herring, who was reared in the Tahoka area, is an experienced after dinner speaker who addresses all types of organizations throughout Texas.

Directors reported that the Chamber's membership drive is continuing.

A new Chamber service is being inaugurated, the listing of job opportunities at the Chamber office as well as houses for rent.

Mrs. Helen Livingston, Chamber secretary, reports that already on the needed list are positions for a mechanic, butcher, and waitresses. Those who have job openings are asked to call 495-3461.

Annual farm tour set for Oct. 15

Plans are under way here for the annual Garza County Farm Tour to be held Tuesday, Oct. 15. Joint sponsors of the farm tour are the Soil Conservation Service, Extension Service, Agricultural Stabilization and Conservation Service, Farmers Home Administration and the Vocational Agriculture department of Post High School.

An interesting tour is being planned and everyone is invited to take part.

Irish Sweepstakes

What would you do if you lost the stub on an Irish Sweepstakes ticket worth a record \$120,000?

That was the problem confronting two Post visitors a little more than six months ago.

Mr. and Mrs. Bill Baggs of Los Angeles — she's the daughter of Mr. and Mrs. Leonard Booth of Post — were notified last spring that they had won a record \$120,000 on their \$2 sweepstakes ticket.

They were asked to present the ticket stub for collection of the prize.

They looked high and low for the stub of the ticket they had purchased two months before,

Lost stub nearly shatters big win

but it was gone.

They flew to Dublin, Ireland, in an effort to get the matter straightened out.

Finally after a six months waiting period, they were paid the \$120,000. That was on Sept. 19.

The Baggs now are on a vacation with their five children. They called the Booths Tuesday night from Phoenix, Ariz., and said they would arrive in Post sometime yesterday for a visit.

Bill is a concrete finisher in Los Angeles. His wife, Linda, has never lived in Post as she was married before the Booths moved here.

Antelopes deserve more support

The Post Antelope football team will play at home Friday night for the first time since the opener here Sept. 13 against Hale Center.

Despite the fact that the Antelopes have dropped their first three games by decisive margins, it would be wonderful if all the fan enthusiasm that preceded the first game could be recreated for the Roosevelt game Friday night.

The inexperienced Antelopes deserve more support than they have received in their away-from-home games at Lockney and Floydada. They're going to do better both at home and away

from home if they get the support they deserve. Every Post Antelope fan should show the same loyalty and enthusiasm that the "hard core" of the Antelope Booster Club shows. The loyal club members not only attend the weekly meetings, but they're in the stands for every game, whether at home or away.

One doesn't have to be a member of the Booster Club to back the Antelopes to the hilt, win or lose—and that's the kind of backing any high school football team should receive.—CD

Congratulations, 4-H members!

The Dispatch joins the community and county this week in congratulating the members and leaders of Garza County's seven 4-H Clubs during this National 4-H Club Week.

The 4-H organization serves a valuable purpose in nearly every community and county in the land, and in so doing ranks as one of the nation's most outstanding youth organizations.

Many of Garza County's most successful citizens, both men and women, were 4-H members

in their younger days and no doubt benefitted greatly from the training they received in 4-H. Today, 137 boys and girls are receiving this same valuable training under the direction of the two county Extension Service workers and the 19 volunteer adult 4-H leaders.

There isn't too much to be alarmed about in the future of our nation's youth as long as such organizations as the 4-H are active.

Something worth waiting for

Garza countians who are in favor of more legal holidays falling on Mondays or Fridays will be delighted to learn that Congress has done something about it. On June 28, this year, President Johnson signed into law the following four national holidays:

Washington's Birthday, third Monday in February; Memorial Day, last Monday in May; Veteran's Day, fourth Monday in October; Columbus Day (a new national holiday), second Monday in October.

So, not this year, but before long, none of those holidays will fall in the middle of the week

any more to upset the flow of business and cause other inconveniences.

Labor Day weekend remains, as before, a national holiday on the first Monday in September, which gives Americans five three-day weekends each year.

Technically, this new law signed by the President applies only to federal workers and to workers in Washington, D. C. But by 1971, when it goes into effect, it is expected that the individual states will have duly enacted similar legislation.

It is something to look forward to and well worth waiting for until 1971.—CD

Dear Turnrow Junkel

O. C. McBRIDE

The Paris peace talks seem to be getting nowhere. Can you suggest anything that might help?

Yes—make the delegates on both sides pay their own expenses. With prices in Paris the way they are, a settlement would be worked out in a hurry.

I read that Yippie leaders are planning a big demonstration at the presidential inauguration on Jan. 20, regardless of who is elected. Do you think it will be possible to avoid disruption of the ceremonies?

Easy. All they have to do is hold the inauguration in Chicago.

Did you know that a French law requires all houses to be constructed to stand for 50 years? That's not a bad idea. At least, a fellow could count on having a roof over his head after his mortgage was paid off.

I see where a psychiatrist says that if children spend too much time watching television, they

lose the benefit of a close association with their parents.

He may be right. I'm thinking of limiting television watching at our home, in order to associate more with the kids. This policy will go into effect next Spring, right after the last football bowl game.

What do you think about that U. of T. professor who is calling for an outright revolution in the U. S.? I understand his contract will not be renewed.

I think he deserves a new contract, but at a different institution—like, say, Leavenworth.

Did you read that the AFL-CIO credits Hubert Humphrey with a 100 per cent pro-union voting record while he was a Senator?

I'm not against labor unions when they are properly operated, but I don't think they could have been right 100 per cent of the time. If Hubert voted that way, he was either simply after their support, or he didn't understand the issues.

Putting-you-firsts:

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers

You push the windshield washer knob and hold it, and your headlights come clean.

Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.)

The spray removes up to 80% of accumulated dirt.

The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass

In a moment your rear window will self-defrost.

Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface.

Fog and frost disappear quickly and quietly. You just flick a switch.

The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Pushbutton tire chains

You press a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

You spin your wheels once, wait a moment, and you're off—with traction you wouldn't believe possible on slick ice, or packed snow.

Available on all 1969 big Chevrolets.

Steering wheel lock

When you own a car as desirable as the 1969 Chevrolet, you don't take chances.

When you leave it, you lock it. Not just the doors.

You lock the ignition, steering wheel and transmission lever, too.

Our new lock on the steering column takes care of all that.

Standard on all 1969 Chevrolets, Chevelles, Chevy Novas, Camaros and Corvettes.

Sorry, car thieves.

Power steering plus

The 1969 Caprice, Impala and Camaro are available with a new type of power steering.

Variable-ratio power steering.

What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering is particularly helpful in short, full turns.

And parking becomes unbelievably easy. You'll see.

Walk-in wagons

The tailgate swings open like a door on most of our 1969 station wagons.

Which in itself is no big deal.

But wait, there's more.

We've built a concealed step into the rear bumper.

You simply step up, over, and in.

(The way we build our wagons, you can do it without bumping your head, and without acrobatics.)

Walk into a wagon soon at your Chevrolet dealer's.

'69 Impala Custom Coupe

Putting you first, keeps us first.

IF YOU MAKE the mistake of reading the morning paper before you're completely out of bed, nine times out of ten you'll see something that'll cause you to get up on the wrong side of the bed, and pfft! there's your whole day ruined before you even get started.

That is what happened to me Monday morning. One of the first things I read in the paper was the reminder that come Wednesday Texans will start paying another penny on the dollar in sales taxes—the result of a 1 per cent increase in the state sales tax approved by the legislature this summer.

I DON'T SUPPOSE the reminder of the sales tax increase would have hit me so hard had it not been for the fact that the wife and I had, just a couple of days before—following the Saturday food shopping—been discussing the rising cost of living, particularly in food prices.

But, thank goodness, there's always something to be thankful for, and in this case it's the fact that we don't live in a town that also has a 1 per cent local tax. If we did, the sales tax bite would be 4 cents out of every dollar.

And the man up the street says keep a record of every penny you save and you'll soon have to adjust your budget for the cost of notebooks.

PRESENT DAY political candidates should be thankful that newspapers are not as outspoken as they once were.

In September, 1871, the Austin Statesman supported John Hancock's candidacy for re-election to Congress from the Fourth Congressional District.

The newspaper gave its readers the following reasons why they should not vote for Hancock's opponent:

- "He is good for nothing.
- "He is an infinitesimally small quantity—less than zero.
- "He doesn't know on which side of any question to vote.
- "He is an atheist.
- "He is an advocate of free-lovism and woman's suffrage.
- "He stole cotton from the Confederacy.
- "He knows as much about the proper duties of a congressman as the devil does about holy water."

HERE IS A neat bit of advice: To be successful, find out where the money is and get there as quickly as you can and when you get there get all you can and then get the heck out of there with all you could get out of those that are there before those that are there get out of you all that you got there after you got there.

A HAPPY REUNION!

(Editor's Note: Johnny W. Jones, who is aboard the USS Independence in the Mediterranean, writes his parents, Mr. and Mrs. Hal Jones, of a happy meeting with another Post sailor, Roger North. Part of Johnny's letter is reprinted here.)
 "I didn't know until we got there, but we were in Palena Bay for the changeover of our escort. All the tin cans were relieved by fresh ones from the States. I think there were 14 or 16 destroyers in the bay at one time.
 "This is where my tale starts developing. I started thinking, 'Roger North is on a can. He left the States on the 3th. That would be about how long it took these to get here. There is a chance.'
 "Well, I stared at cans until my eyes bulged out. I had just about given up when there right before my eyes was a big, beautiful 831!! It was the USS Goodrich, DDR 831, Roger's ship!
 "Man, I was so happy I almost wanted to holler, laugh and cry all at once. I just couldn't believe it.
 "Yesterday, when we got here, I took off as quick as I could and hit the beach at about 1500. I saw a shore patrol from the Goodrich and asked if he knew North. He said 'yeah' and that he was still on the ship and was chomping at the bit to get out to the Indy and see me. That was enough for me. I caught the first taxi I could get over to the pier.
 "I got on the ship easy as pie and a friend of Roger's took me to him. He was sitting on a rack talking to a buddy and didn't see me. I let out a big yell and he jumped and yelled each as loud. We just about killed each other jumping up and down and pounding each other's back. I think he was as glad to see me as I was to see him. I think the good Lord knew what we both needed so far from home!
 "Roger looks about the same, maybe skinnier than the last time I saw him. He took me around and told everybody he saw who I was. I felt pretty lucky. I stayed there and talked over the good old days
 "Mama, would you put something in the paper about me and Roger running into each other? It doesn't happen too often in the Navy. Roger is an FA (fireman apprentice) on the USS Goodrich (DDD-831). I'm an ABEAN on the USS Independence.
 Love,
 Johnny

'A Time to Sing' on Tower screen

 Shelley Fabares and Academy Award-winner Ed Begley offer important contributions to the story of "A Time to Sing."

It's My Turn

— By MRS. C.

This is going to be a "clean off the spindle" column! I took time to get to the bottom of the spindle on my desk and I came up with all sorts of notes put there for future use.

The trouble is I usually just jot down a word and sometimes it takes a while to recollect what I was going to comment about. This week I came up with flower pot, dogs, bumper stickers, mail, sunflower, Katharine Trammell, Denver City and imitation. So, I'll take them in order and see what comes up!

No trouble with flower pot. I get mad every time I think of that. Someone stole one of my yellow flower pots from our front porch over a week ago. It held my only living geranium! The other two pots had already given up and had killed the geraniums living in them. I've never had any trouble growing geraniums until this year when I plucked and bought some new - type expensive geraniums that were supposed to require very little care and bloom profusely all summer and fall. Hah!

A special word to the thief: Come back some night and I'll give you the saucer that belongs under the pot. I'll give it to you right on top of your head. I hope everything you put in the pot die and your thumb turns a dirty brown. From now on I'll leave Miss Sam Basset out and hope she bites your leg off.

Which brings us to dogs. One night last week we had what you might call a canine party on Osage Avenue. I don't know who hosted it but every dog in town was invited and the majority accepted the invitation. It was apparently one of the biggest social events of the year. They certainly had lots to "talk" about as they rudely barked, yelped, roared and fought for a good two hours — from midnight until around 2 a. m.

I had prudently brought Miss Sam in as the dogs gathered. I want my neighbors to like me! Also, this gave Mr. C and I the opportunity to yell long and loud out of our bedroom window — to no avail, I must add. Also, in case any of our neighbors heard us I did want them to know that Mr. C and I were yelling such things as "shut up" and "go away" to the dog gathering and not to each other.

Bumper sticker: I knew the moment I saw this car driving around the streets of Post that it was from out of town. It had a Nixon sticker on its bumper! When I see one that reads: "If You Liked Hitler, You'll Love Wallace" I'll know that it's from out of the state.

A long overdue thank you to Mrs. W. F. Furr of San Antonio for seeing that the mail is delivered when the SA post office flubs up. Her daughter, Laverne Aten, brought his strange tale back with her several weeks ago. Mrs. Furr, a faithful subscriber of The Post Dispatch, received not only her copy of the paper at her door one morning but all of the others which go to subscribers in SA including our Miss C's. All of the SA papers are addressed and then rolled together to be sent to that city. On the outside wrapper is the name of the city and the first three numerals of the Zip Code. Why the mail man decided to take them all to Mrs. Furr (and how he knew she got one) is a big mystery. This dear lady, not knowing what else to do, put stamps on each paper and remailed them to the patrons.

I've reacted differently probably by blowing my stack at the postmaster. Which only goes to show that there are all kinds of people in the world — dear ladies and Mrs. C's.

As you can see I've been too wordy and don't have room for sunflower. Katharine Trammell, Denver City and imitation so back to the spindle where they will probably hang forgotten for a few more weeks.

'Arise, Shine' is program theme for WMU, GA'S

Members of the Trinity Baptist Women's Missionary Union and Girls Auxiliary enjoyed a salad supper in Fellowship Hall Tuesday night before gathering in the auditorium for the GA Recognition Service.

"Arise, Shine" was the program theme. Donna Maddox led in the singing of the GA hymn, followed by the Verse Choir composed of Agil Browning, Sue Britton and Nancy Maddox.

Mrs. Nell Criswell was speaker and questioned Ila Workman and Susie Smith who met all requirements of "maidens" and were presented green octagons by Mrs. Mabel Dunlap as she challenged them to continue "Forward Step" work. They stood on each side of a table holding an open Bible, and tapers. A GA emblem was in the background.

The 30 present toured rooms with displays and decorations representing state, home and foreign mission work. Ila Workman and Nancy Maddox served tea, oriental style, in the foreign mission room while Susie Smith performed with baton twirling. All wore authentic oriental costumes.

The home mission room emphasized work with American Indians with Gail Browning and Sue Britton, in Indian dress, reporting on the "Christmas in August" box and giving everyone a copy of the Indian version of the 23rd psalm. They performed a moccasin-wearing ceremony and served parched corn.

Mrs. June Kiker presided in the state mission room.

Janith Short becomes bride of Richard Iliff in Dallas ceremony

Janith Short of Dallas and Richard William Iliff of Post, Kans., were united in a Saturday, Sept. 28, at 10 o'clock in the morning at St. Aquinas Catholic Church. Members of the couple are Mr. Lowell F. Short of Post and Sarah McNally Iliff of Post. Don L. Fischer, church pastor, officiated at the double ring ceremony.

Presented in marriage by her brother, James Lowell Short of Houston, the bride chose a candlelight ivory wool gabardine two-piece costume. The street-length dress featured a long jacket with double-breasted gold florentine buttons. Her mantilla was of imported ivory lace. She carried a mother-of-pearl prayer book with showered ribbons of Stephanotis.

Mrs. James Case of Dallas provided organ music.

The reception, following the ceremony, was held at the Marriott Motor Hotel. The table was laid in gold and white and featured an arrangement of yellow and white pom-pom chrysanthemums. The three-tiered wedding cake was decorated with flowers and wedding bells. Tiny sandwiches, hors-d'oeuvres and fruit punch were served.

Mrs. J. M. Varemam of Fort Worth, sister of the bride, was in charge of the house party. Miss Jean Serur of Dallas presided at the guest book.

LISTENING POST

By ROSEMARY CHAPMAN
It has become increasingly difficult to find volunteers for morning hours at the library during school months. From September through May, so few patrons come in on Monday, Wednesday and Friday mornings that the volunteers who take these hours find themselves bored stiff.

Librarian George Miller took a poll of morning volunteers last week and found that two patrons had visited the library Monday morning, none had come Wednes-

day morning, and one had come Friday morning. In contrast to that, business was heavy during the afternoons.

Accordingly, George has completely revised our library schedule, dropping the morning hours with the exception of Saturday, and adding more afternoon. We hope that the new hours will prove to be more convenient for both patrons and volunteers.

Monday: 2-6 p. m.
Tuesday: 4-6 p. m.; 7-9 p. m.
Wednesday: 2-6 p. m.
Thursday: 4-6 p. m.; 7-9 p. m.
Friday: 2-6 p. m.
Saturday: 9-12 a. m.

Our volunteers are Henrietta Nichols, Mary Prather, Allane Ammons, Rosemary Chapman, Mrs. Vernon Payne, Joy Parker, Ruth Ann Newby, Pee Wee Pierce, Glenda Morrow, Dorrace Wilson, Louise McCrary.

Joy, Joy. Sneeze. Yes, it's that time of year again. Allergy season is here. Sneeze. I wake up every morning and nearly blow my head off sneezing. For those of you who have heard me sneeze (pity on you): Yes, I do sneeze funny. For those who haven't, don't worry about it. Notice to clogged nostrils: Run for your life! ACHOO!

Last Friday a pep rally was held at school near the last part of the day. Speakers were James Pollard and Neff Walker. Also, I wish to commend the pep squad for their appreciated efforts each week in decorating the halls at school for the game each week. Their decorations help to make Friday a special day.

Last Saturday night "The Opera Cream" played for a dance. Couples there were Kay Altman and Neff Walker, Dan Eckert and Polly Martin, Donna Kolb and Larry Barner, Charles Neff and Patti Allison, Karen Hundley and Jimmie Johnston, Linda Justice and Bo McWhirt, and Paula Cravy and Curtis Lancaster. Other people there (who hadn't gone to the fair or the Tech game) included Carol Compton, Jane Johnston, Larry Bevers, Sue Litton, Mike Scott, Jan Bullock, Debbie Dickson, Kay Litton, Debbie Eubank, Debbie Cummings, Larry Rosas, Brenda Lee, Mike Petty, Sharyn Bilberry, Ronnie Williams, James McKenzie, Pam Conoly, Kathleen Zachary, Rebecca Pruitt, Sue Johnson, DeLores Odom, Stanley Abshire, Barbara Lucas, Kim Hundley, David Midkiff, Jackie Abshire, Rickey Hines and Bob Wilkins.

Many thanks to Mrs. Cummings for arranging the dance and to Mrs. Jess Compton for chaperoning it. This weekend "The Lox" from Lubbock will play at Teen Town after the football game until around 12:30. And YOU better be there!

Don't forget to buy your Homecoming sash from the Senior class! And you don't have to be a teen-ager to buy one. You can be from 9 to 98. Remember you're only as old as you feel!

Notice to Tommy D.: PHS is alive, well, and thriving, including K's K. Until next we meet... Did you know that Mrs. Fleming and Elbert Rudd each have a bruised eye? Mrs. Fleming accidentally knocked her eye against a door, while Elbert was hit by a water ski. I just hope that this pastime doesn't become contagious!

the TEXAS PRISON RODEO

WANTS YOU

2 P. M.

The President (for the moment) is a hard-liner. So is his Secretary of State, Orrin Knox, again chief contender for the number one spot on his party ticket. That makes them good guys, only the demonstrators, rioters and the press think they are bad guys. So does Ted Jason, Governor of California, and the popular contender for the nomination. He's a liberal, which makes him a bad guy, only the demonstrators, rioters and press think he's a good guy. But it turns out he's not really bad, just stupid — presumably a more forgivable political sin than liberalism.

After you get through the first half of the book, which brings you up to date on everything that happened in the first three books, things finally begin to happen. The party's National Committee meets in Washington to decide who their nominee will now be. The protesters are putting on quite a show outside, while the National Committee, deeply divided between the Knox supporters and the Jason supporters (good guys and bad guys), put on a fight of their own. Three murders and a fire later, the nominee is chosen, and he and his running mate are busy at work healing up wounds. The sun shines, the crowds cheer. The candidates and their wives step up on a platform at the foot of the Washington Monument to make their acceptance speeches. The future certainly looks bright. But then it happens. What, the author doesn't say. All we know is one candidate and one wife are dead, and blood is dripping off the platform.

And so ends any hope of seeing the end of this series on American politics. If you've stuck with these characters this far, you'll have to read the next book — and the next — and the next. Who'll be president next time? Who'll be nominee? Who'll get murdered? The mortality rate of politicians in this party is so high, the country may just vote the opposition party in. It's already got my vote sewed up!

DIVORCE AMERICAN STYLE

By Don Davenport

Today, criminologists, sociologists and psychologists are beginning to realize that the home as God would have it is the only answer to our growing domestic problems. Students of God's Word have always known that the home is the cornerstone of society. There is not one ill in society the origin of which cannot be traced to the home. To clean

up the home is to clean up the community and the nation. Mr. Gibbons, in writing about the decline and fall of the Roman Empire, listed five cardinal reasons for its decay. One of the reasons was the rapid increase in the divorce rate and the undermining of the sanctity of the home.

SOME REVEALING STATISTICS

In our country in 1889 there were 6 divorces for every 100 marriages. By 1935 there were 16 divorces for every 100 marriages. Today there are 25 divorces for every 100 marriages (1 out of 4). In 1956 the divorce rate of Lubbock County was 56 per 100. In 1956 the divorce rate for Potter County was 67 per 100, or 2 out of 3 marriages ended in divorce. Hollywood is not the only place that needs instruction about marriage.

to murder is marital strife. Before long we can expect a movie to be released on "How To Save A Marriage and Lose Your Life."

But the picture is not all bad. One national survey noted only one divorce per 400 marriages where the family went to church regular.

There are five "legal" grounds for divorce in the State of Texas. They are incompatibility, desertion, non-support, conviction of a felony and insanity. Annually over 1 million children are left fatherless because Mom and Dad were not compatible, etc.

GOD GIVES ONLY ONE REASON FOR DIVORCE

"Whosoever shall put away his wife, except it to be for fornication and shall marry another, committeth adultery; and whosoever marrieth her which is put away doth commit adultery." But this exception is an alternative to what God really intended for marriage. God's primary, or intentional Will for marriage is that it be for a lifetime. "For the woman that hath a husband is bound by law to the husband while he liveth; but if the husband die, she is discharged from the law of the husband (Romans 7:2)." And through the prophet Malachi God declares, "For I hate putting away,

saith Jehovah (2:16)."

God has given marriage as a means whereby a man and a woman can have peace, joy and happiness together. It never was His purpose that its results be fatherless children, tension, strife and even murder. Our problems in this nation relate directly to those in the home. We must realize that the common denominator for the political, moral and spiritual strength of America is the Home as God would have it.

Lopes to play Roosevelt Eagles here Friday night

Black and Gold looking for season's first win

The need for a win Friday night to give the Black and Gold a smile back in the dressing room, Coach Glynn Gregg said Monday as the Antelopes began their season against the Roosevelt Eagles, an "in and out" club far, are a big, rangy outfit, but no doubt will have ideas of their own here Friday night as to whether or not to "start with."

Southland beats Antelopes, 28 to 12

ANTHLAND — The Southland made homecoming an even more enjoyable affair Friday night when the Cotton Center boys, for their third win in six starts. The Eagles had to come from behind with three touchdowns in the second half to overcome a six-lead enjoyed by the Eiks at the halftime intermission. Southland opened the scoring with a five-yard pass from Dar-Willie to Joe Basinger, but the Cotton Center came back with two touchdowns of their own.

strong Spur team that at the time was ranked in the state's top 10 and appeared headed for the district championship.

Roosevelt has all 11 boys back that started the last five games last year. And of all those returning, 18 earned a letter last season.

The big gun in their offensive backfield is Junior Brown, 180-pounder tailback, who is a threat every time he gets his hands on the ball.

The Eagles have a tandem-type offense, and a "monster five" defense, which includes some stacking and stunting of the linebackers and secondary.

Probable starters for Coach Houston Powell's Eagles here Friday night are: Steve Jackson (160) and Joe Washington (150), ends; George Henry (180) and Pat Pounds (175), tackles; Junior Rodriguez (160) and Bobby Parks (150), guards; Ronnie Daniels (170), center; Roger Guess (150), quarterback; Leonard Brown (150), halfback; Junior Brown (180), tailback; and Jerome Chaney, (160), fullback.

THE ANTELOPES' "doubtful" list continues to grow for Friday night's game following last Friday's bruising loss to Floydada. Regular linemen Randy Hudman and Steve Newby and running back George Torres all received injuries that are slowing them in practice this week.

It is also unlikely that end David Pierce will be able to play Friday night. It was thought last week that Pierce would be sufficiently recovered from a knee injury to go against Roosevelt, but he has re-injured the knee. Coach Gregg said Tuesday.

The coach said offensive team changes Friday night probably will find David Stelzer at a tackle position instead of center. Randy Hudman at center, and Newby at guard, if he is able to play. Jay Bird, who has alternated between end and quarterback, probably will be moved to a running back position, according to the coach.

Methodist Youth plan CROP drive

The Junior High Methodist Youth Fellowship met Sunday at the church for a program planning session and decided to meet in private homes during the month of October.

The group plans its annual drive for CROP — Christian Rural Overseas Program — on Halloween. Phillips Eckols presented a program on "Judaism". Food and fellowship followed. Next Sunday the youths will meet in the Pat Walker home with Mrs. Gene Gandy as co-hostess between 5:30 and 7:30 o'clock.

Floydada lays it on Post team, 34 to 0

The Floydada Whirlwinds were never extended last Friday night in scoring a 34 to 0 victory over the Post Antelopes on Wester Field at Floydada to saddle the locals with their third setback in as many outings.

The Whirlwinds, undefeated now in three games, scored 28 points in the first half and six more early in the third quarter, from where they coasted on in.

The Antelopes never offered a serious scoring threat, with their deepest penetration being to the Floydada 28 in the third period. The Lopes, still having trouble holding onto the ball, lost it to the Whirlwinds on the first play from scrimmage when running back George Torres fumbled after gaining six yards through the middle to the Post 47.

FLOYDADA scored its first touchdown in only four plays after recovering the fumble. Tailback Steve Craig hit for three, and a quarterback Jack Gregory passed 34 yards to end Todd Wester for a first down on the Post 10. An end run picked up three yards before Craig spurted through the line for the touchdown with only 52 seconds of the first quarter gone.

On the extra point try, Floydada was penalized three times for illegal procedure after making the kick good on each try. Following the third penalty, they failed on a pass attempt for the extra points.

The Whirlwinds drove 88 yards for their second touchdown after fielding quarterback Ray Altman's punt on their 12. With Craig, Gregory and fullback Mark Weems lugging the lead, the Whirlwinds drove to the 15, from where Gregory rounded right end for the touchdown. Gregory also ran over the extra points to give Floydada a 14-0 lead with 6:51 of the first quarter remaining.

On the final play of the first quarter, the Antelopes held on to their three-yard line to take over on downs. They couldn't get any farther upfield than their 20, though, and Altman's punt was returned 10 yards to the Post 45 to set up the third Wind touchdown.

CRAIG GAINED six yards, but a 15-yard holding penalty set Floydada back to its 40. Gregory missed on two passes, then hit Wester with one on the Antelope 45 and the Floydada end went all the way for the touchdown. A successful extra point try boosted Floydada's lead to 21-0 with 8:47 of the first half remaining.

Late in the second period, the Lopes took the ball on their 20 following a Floydada punt into the end zone. On the first play, Altman hit end Jerry Crenshaw with a 13-yard pass to the 33, but Gregory intercepted Altman's next try on the Post 34.

Two runs by Craig moved the ball to the nine-yard line, from where he carried the ball across in two more tries, the last one going for six yards. The extra point kick moved the score up to 28-0 with 1:12 remaining in the half.

Floydada scored its final touchdown after returning the second half kickoff 25 yards to the Whirlwind 40. Two runs moved the ball to the Post 48, from where Gregory hit end Domingo DeLeon with a touchdown pass. The kick for point failed.

SOPHOMORE quarterback Andy Hale went the rest of the way for the Whirlwinds, with other Floydada reserves also used liberally.

It was following the final Floydada touchdown that the Antelopes made their only serious bid for a score. Altman returned the kickoff 13 yards to his 33, from where Torres carried three times and running back James Pollard once to move to the Floydada 42. Altman kept for two yards, Torres ripped off five more, and end Butch Heaton snagged Altman's pass on the 30.

Torres was able to get only two yards in as many tries and two passes failed, with the Whirlwinds regaining possession on their 28.

Wingback Neff Walker recovered a Floydada fumble on their 48 early in the fourth quarter, but the Antelopes were unable to capitalize on the break.

Torres again was the workhorse in the Post backfield, gaining a net of 74 yards on 26 carries. Pollard netted 34 yards on 12 tries.

Junior High 11's win over Tahoka

Post's junior high football teams won a pair of games from Tahoka here Tuesday evening. Coach Bud Davis' 8th grade eleven scoring a 44-8 triumph, and Coach Waco Reynolds' 7th graders winning, 16 to 0. Post started scoring early in the 8th grade game and was never headed. Halfback Robert Mindieta ran 15 yards for the first touchdown, with Robert Torres passing to end Roger Pace for the extra points.

A 50-yard pass play from Mindieta to end Danny Lee scored the second touchdown, with Post holding a 14-0 lead at the end of the first quarter.

Mindieta scored on a reverse in the second quarter and Torres ran over the extras, giving Post a 22-0 bulge, which was the score at halftime.

In the third quarter, Mindieta scored his third touchdown on a 12-yard run off an inside power play, and Torres tackled on the extra points.

With Post's second team in the game, Tahoka scored its only touchdown, on a 60-yard run, and added the extra points to make the score 30-8.

The second team redeemed itself in the fourth quarter by yielding Tahoka a touchdown by scoring one of its own on a 13-yard pass play from Kevin Duren to Randy Kennedy. The extra point try failed, leaving the score at 36-8.

Post's final touchdown came on a 35-yard pass, Mindieta to Lee, with Torres scooting over for the extra points.

The Post team's three quarterbacks, labeled "the fearsome three," were John Johnson, Ricky King and Rusty Conner. Johnson engineered four of his team's six touchdowns, with King and Conner at the throttle for one apiece.
