

Corpus Christi man employed as Post's 'industry hunter'

Tom McKeown Jr. to assume new duties April 1

Thomas L. McKeown Jr., present executive director of the Corpus Christi Industrial Commission, will be employed here Tuesday afternoon to become Post's first "industry hunter."

He will take over his duties as executive vice president of the Post Industrial Foundation April 1. He will work out of the Post number of Commerce office in City Hall.

RYAN J. Williams, chairman of the board of directors of the Post Industrial Foundation, announced McKeown's appointment, said action by the nine-member board was unanimous.

He added that the entire board was most enthusiastic about our executive vice president, his professional experience, and his facts in the industrial field.

"We consider it a real asset that can be here on the job by April 1," Williams added.

Directors of the foundation, elected by members who have pledged \$100 to a five-year search for an industry for this community, include: Giles Dalby, Pat N. Walker, J. B. Potts, M. R. S. Kirkpatrick, Victor Hudman and Mayor Harold Lucas.

McKeown came here for an interview with the board Tuesday. He is 36, married, and the father of three children, ages 5½, 3 and two years.

McKeown, who has held the position as the first executive director of the Corpus Christi Industrial Commission since Feb. 15,

child injured by horse improves

Little Jo Hadderton, two-year-old daughter of Mr. and Mrs. J. Hadderton Jr., who was seriously injured by a horse last Monday morning, may get to go home from Methodist Hospital in Lubbock today, her mother said yesterday afternoon.

The child suffered a fracture between her eyes and a slight contusion over her left eye in the accident, which occurred at the home of her grandparents, Mr. and Mrs. Ozell Williams, north of Lubbock.

Hadderton had gone to the place with their daughter to feed the livestock for Mr. Williams, who was a patient in Garza Memorial Hospital.

Williams and Hadderton were with the child when she was kicked by the horse or if she was in the direction of the horse when she ran into it.

Burglary solved two arrests

Feb. 15 burglary of Basinger Co. at Southland was solved Wednesday with the arrest of Slaton youths by Sheriff L. E. Claborn.

Two, Kay Calvin Abare, 19, Phillip Morris, 17, were taken from Slaton by the sheriff and lodged in the county jail after being charged with the burglary. Bonds were to be set for youths' arrest followed a call by sheriff from the Slaton chief.

Claborn said a juvenile, involved in the burglary, was taken to the custody of his father after being apprehended.

and other articles, valued approximately \$600, were taken in the burglary.

County court attends Worth convention

entire Garza County Commissioners Court attended the convention of the West Texas Association of County Judges and Commissioners in Fort Worth last weekend.

1965, also worked almost two years on the professional staff of the Texas Industrial Commission under its executive director, Harry Clark.

McKeown told directors of the Post Industrial Foundation Tuesday that the object of the Corpus Christi program "is identical to that which you want for the Post Industrial Foundation. This includes attracting new manufacturing and warehousing to Corpus Christi through a program of direct mail and media advertising and personal contact by traveling and

calling on industrial executives throughout the nation."

The Corpus Christi Municipal Industrial Development program, from which McKeown comes to the Post, is operated as the industrial development department of the City of Corpus Christi. McKeown, as executive director of the industrial commission, has been a city employee directly under City Manager Herbert Whitney. However, Corpus Christi's industrial development program is actually a joint project of the city, the Corpus and the Nueces County Navigation

District.

UNDER CLARK on the Texas Industrial Commission staff, McKeown traveled the eastern half of Texas, working with the smaller communities, less than 10,000 in population. He helped them organize for industrial development.

McKeown was born in Corpus Christi, secured his degree in economics from the University of Texas, and worked as an insurance fieldman and underwriter for Craven, Dargan & Company out of Houston and Bryan for over six years before joining the profes-

sional staff of the Texas Industrial Commission Sept. 1, 1963.

McKeown is a member of the Southern Industrial Development Council, the Texas Industrial Development Council, the American Industrial Development Council, the Texas and Southwestern Cattle Raisers Association, and the Texas Chamber of Commerce Managers.

He is also a licensed commercial pilot and a member of the Southwest Football Officials Association. McKeown is a Rotarian and a member of the Catholic church.

Would take special bill, majority vote

Hospital District is proposed for county

The Garza County Commissioners' Court is seeking passage of a special bill in the current session of the Texas Legislature which would permit organization of a Garza County Hospital District, separate from the county, to operate Garza Memorial Hospital.

No such district could be organized, however, even if the bill is passed by the legislature and signed into law by Governor John Connally, without a majority vote of Garza voters.

PRESENT STEPS to get the special bill through the legislature is simply to clear the way for any such future action.

Twenty-five Texas counties had such special bills passed for the creation of such hospital districts at the 1965 legislative session.

State Representative Renal B. Rosson of Snyder has agreed to sponsor the special bill in the house and confirmation on similar action in the senate is being awaited from State Senator David Ratliff.

Copies of the special bill have been sent to both Rosson and Ratliff at Austin by County Attorney Preston Poole, acting on the instructions of the commissioners court.

Rosson told the county attorney that it is rather late in the session to be introducing such a bill, but he thought there still would be time to pass it.

THE STATE constitution requires that 30 days public notice be given Garza voters before the legislature can act upon such a special bill. Publication of the first such notice appears on page 4 of today's Dispatch.

Copies of the special bill may be obtained from the county judge's office by any interested voters.

Such a bill, if voted and signed into law, would provide that Garza voters could then choose to organize a separate hospital district for operation of Garza Memorial Hospital.

Voters would elect their own hospital trustees and the district would be empowered to levy taxes up to 25 cents per \$100 valuation operation.

THE 25 CENTS maximum for the tax is believed here to be one of the lowest ever proposed for a Texas hospital district. The state constitution provides that the legislature can authorize maximums of up to 75 cents per \$100 valuation for tax purposes.

The proposed special law would provide that the court itself, or upon receipt of a petition signed by 100 legally qualified property taxpaying electors, can call an election to determine whether the voters approve organization of such a district.

Should a hospital district be created by such a vote, hospital district voters would elect five directors to operate the hospital district. Such election would be held on the first Saturday in April with the court appointing five directors to serve the district until such an election on this date could be held.

A GARZA County Hospital District, as proposed, would not have its own tax collector. The special bill provides that the county tax rolls would be used and the county tax collector would collect the hospital district taxes for a prescribed fee.

The hospital district, as provided in the bill, would be authorized to issue bonds for hospital renovation and other purposes, providing it could pay such bonds, as well as any needed operating costs, within the 25 cents maximum tax limit.

Funeral held for W. C. Carradine

Funeral services for W. C. Carradine, 69, former Post resident, who died suddenly at his home in Weatherford, Tex., Monday, were conducted at 3 p. m. Wednesday at the First Baptist Church here.

Mr. Carradine was a resident of Garza County for about 30 years before moving to Weatherford in September 1965. He farmed in the Grassburg community for about 10 years before moving to Post, where he retired three years ago as a Postex Mills employee.

He is survived by his wife, Myrtle, of the home; two daughters, (See Carradine Rites, page 4)

POST FINALLY GETS A REAL 'SOAKER'

Showers this week—the "real soaker" coming around midnight last night — are beginning to crack the worst six months winter drought in Garza County history.

Measurements of last night's thunderstorm included an official 1.22 inches at the courthouse this morning and 1.7 inches at the highway barn here.

Reports from rural areas indicate the rain was general throughout the county with measurements varying up to about the same amounts as the two reported for Post. Motorists reported steady rain last night all the way from New Mexico points to Post and beyond.

More moisture is now forecast with more thundershowers due across the South Plains this afternoon and Friday.

It all started Sunday night when a sudden shower shortly after 7 p. m. produced .34 of an inch of moisture here.

Reports from across the county indicate most of Garza County received .30 or more of moisture with Graham reporting .60 to .70 of an inch.

Another thundercloud Tuesday afternoon missed the city but unloaded up to three inches of moisture north of Post in the Canyon Valley community.

The Tuesday showers spread from Canyon Valley through Grassburg to Verbena with considerable hail also falling.

Bank sponsoring cotton meeting

The First National Bank is sponsoring an information meeting on cotton varieties for all farmers of this area on Thursday night, April 6, in the district courtroom.

J. B. Potts, bank president, said arrangements have been made for Louie Burkes, superintendent of Postex Mills, Lavon Ray, plant breeder, and Shelby Newman, irrigation specialist, both for Texas to speak on the program.

Potts urges all farmers to plan to attend the meeting.

Postings

The "nutty numbers" game can be expensive over the telephone. By mail, it's only exasperating.

We were in County Attorney Preston Poole's office in the courthouse yesterday morning on our weekly news beat when Preston's phone rang.

"My name is Poole, P-o-o-l-e," we heard Preston say. "No I don't know any Lewis Goble—and I'm sure there is no one by that name around here."

The caller was on long distance. He said his number was 495-2000.

"Sure you got the right area code?" Poole asked. "This one is 806." The caller said that was his number too.

Before Poole hung up, he asked his caller who he was trying to call. The caller, from one of the airlines, said he was telephoning the Lewis Goble Wild Animal Farm at Thousand Oaks, Calif.

Preston explained his phone was in Post, Texas.

We cleared the whole mystery up (See Postings, page 8)

In case of inclement weather, the service will be held at the First Methodist Church, sponsors said.

The Post High School choir, directed by Georgie M. Willson, will assist in the service.

"The Evangelist," from Matthew 28:1-10, will be given by the Rev. Charles E. Peters, pastor of the Church of the Nazarene, and the choir will sing "Christ the Lord Is Risen Today."

"The Rev. Curtis Lee, pastor of the First Methodist Church, will give "The Apostle," I Corinthians 15:1-19, followed by the hymn, "He Lives." Benediction by the Rev. Mr. Vernon will close the service.

81 show animals sell for total of \$12,112

Eighty-one head of livestock, sold here Saturday afternoon at an auction sale concluding the second annual Garza County Junior Livestock Show, brought their young owners a total of \$12,112.08, including \$5,130 premium money above the floor prices paid for the animals.

In the number of animals shown, exhibitors, buyers and sales totals, this year's show was considered much more successful than the first one, according to Joe Irons, president of the Garza County Junior Livestock Association.

TOTAL SALES including bonuses and floor prices, were \$9,388.39, beef, \$1,159.12, barrows, and \$1,264.57, lambs. The animals shown included 15 heavy calves, 17 light calves, two heifers, four cross-bred lambs, 10 heavy fine wool lambs, 13 light fine wool lambs, eight heavy barrows, 10 light barrows, and two gilts. The heifers and gilts were not offered for sale.

A "dummy" auction preceding the sale raised approximately \$1,300 for the association's building project, with some of the individual contributions for \$100 or more.

Following opening of the sale by Ken Bozeman, Lubbock auctioneer, floor prices were set as follows:

HEAVY CALVES, \$22.90, by Sweetwater Cattle Auction; light calves, \$22.50 by W. C. Hart of Snyder; cross-bred lambs, \$20.10 by J. C. Dodson; heavy fine wool lambs, \$20.10; by Dodson; light fine wool lambs, \$20.60 by Dodson; heavy barrows, \$18.30, by Plains Hog Co.; light barrows, \$18.50 by Plains Hog Co.

The grand champion calf, a 970-

pound Hereford shown by Lindy Bird, 11-year-old daughter of Mr. and Mrs. Jimmy Bird, was purchased by the First National Bank of Post for \$400 above the floor price.

The reserve champion calf, a 917-pound Hereford shown by John Johnson, sold to Post jackpot buyers for \$200 above the floor price.

BRINGING THE most money above the floor price, \$460, was a 907-pound calf shown by Ben

Miller. It was purchased by the Ezell - Key Feed Co. of Snyder.

Tony Conner received \$50 prize money and a trophy for showing the grand champion heifer, with \$25 prize money and a trophy going to John Johnson's reserve champion heifer.

Theresa Sims' grand champion heavy barrow was purchased by Pinkies Post Store for \$125 above the floor price. Theresa's brother, (See Stock Show, page 8)

On becoming more Easter-conscious

Among the more pleasant aspects of Easter this year is the fact that it is being observed more as it was intended to be than has been the case in several years.

Once again, the Post Ministerial Alliance is holding its community Easter sunrise service, this time at the City-County Park, and three Post churches have combined in Holy Week services, which began Monday evening and continue through this evening (Thursday).

Proof that this community, along with hundreds of other communities throughout the land, is becoming more Easter-conscious is seen in the Post Lions Club's announcement in last Thursday's Dispatch that they would not hold their regular weekly meeting Tuesday "because of Holy Week services."

For a long time it appeared that the world was drifting further and further away from the true spirit of Easter, just as it has drifted furth-

er and further away from the true spirit of Christmas.

Now, however, the trend seems to be changing—for the better. Could it be that this Space Age, which has been accused of changing much of man's concept of life, is swinging the balance back in the direction of where it once was and causing us more and more to realize that man needs a faith to live by?

The faith that man needs to live by can be found in our churches, without which there would be no occasion of an Easter nor of any other Christian observance.

That faith comes with Easter itself. It is there for the asking. Easter has brought it to the world's people ever since the Resurrection and will continue to bring it as long as there is a breath of life with which to greet the rising sun and to rejoice in the knowledge that there is a risen Christ.—CD

PALM SUNDAY, bringing rain as it did, should have come earlier this year.

The rain came just ahead of the first day of Spring, which was Tuesday, with Easter and the official entry of Spring falling within a few days of each other.

IN CASE YOU need reminding, Easter comes on the first Sunday after the date of the first full moon that occurs on or after March 21—according to our office almanac.

Our cat Blackie, unlike Charlie Brown in the Peanuts comic strip, doesn't have much trouble with kite-eating trees, but he does get blown about a bit every time he goes out to fly his kite.

BELIEVE IT or not, folks, but photographers—like other people—have jobs to do when they show up with their camera and equipment. Sometimes, as was the case at Saturday's Junior Livestock Show sale, they slow things down a bit while they get the pictures they were ASKED to take. When one photographer momentarily halted the flow of stock into and out of the sale ring Saturday to take a picture, Auctioneer Ken Bozeman told the crowd, "I never saw a picture man I didn't like," and some woman in the crowd responded with an "Amen!" I want to return Mr. Bozeman's compliment. I never saw a loud-mouthed auctioneer I didn't like, and if I knew who the woman was that shouted an amen to Mr. Bozeman's classic remark, I'd also think of some compliment to pay her.

Down at Ballinger, A. H. Dallinger has been elected president of the Chamber of Commerce. I wonder if his slogan will be "Dallinger for Ballinger."

MRS. CECIL BLAND has brought The Dispatch a number of old newspapers and magazines that she found on a recent visit to Chetfield, down near Dallas. Included are copies of Holland's magazine from the years 1927, 1928 and 1932; The Household Magazine for March, 1932; The Sovereign Visitor for March, 1931; Farm and Ranch for Nov. 30, 1929; The Gentlewoman for December, 1929; a copy of The Dallas Morning News for Dec. 1, 1929, and The Texas Christian Advocate for Dec. 26, 1929.

I've had time only to leaf through a few of the magazines and newspapers, but as is always the case with periodicals of 35 or 40 years of age, there is something of interest on every page, especially when compared with what you find in today's magazines and newspapers. I was particularly interested in the old copies of Holland's, which was the favorite magazine in our home when I was in my early teens. The magazine was published in Dallas and enjoyed a wide circulation in Texas, Oklahoma and other southwestern states.

THE DECEMBER, 1927, copy of Holland's Mrs. Bland brought The Dispatch advertises Chrysler automobiles from \$725 up, with the "top" being the Chrysler Imperial '80" four-passenger coupe at \$3,095. There are big ads in the magazine for "Calumet, the World's Greatest Baking Powder"; "Mapleine, for new desserts, new dainties"; "Boston Garters with velvet grip"; "Yard-Boy spark-proof incinerator—good-bye, old garbage can"; "Wolverine, the newest American car by one of the oldest American builders (Reo)"; etc., etc.

Holland's departments included "Rocks and Posies," in which readers wrote letters to the editor. Not everyone shared our opinion of the magazine, for a woman in North Carolina wrote: "I think one year of this magazine will be enough. It is too namby-pamby."

ANOTHER DEPARTMENT, "The Little Americans," was devoted to the younger readers, with such articles as "The Importance of Bird Clubs," and "In Music Land." Also popular was the magazine's "By the Way" page, which included such humor as this:

"Let's see," said the chatty man, "your brother went ahead on a fellowship, didn't he?" "No," was the reply. "It was a cattle-ship."

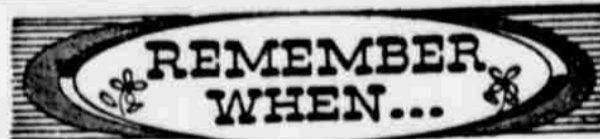

LIVING IN DALLAS Mrs. Dorothy Cook is living in Dallas where she is employed at the Royal Coach Inn of America as hostess and cashier. Mrs. Cook, a former Post resident, has been living near Llano.

MOVES TO KERRVILLE Mrs. Nannie Boren, former Post resident who has been making her home in Slaton for a number of years, has moved to Kerrville.

EXPRESSES GRATITUDE

Dear Editor:

The best way to express our gratitude for the excellent cooperation you have given us during the 1967 Easter Seal Appeal is to show you what you helped us accomplish in the past year.

In our enclosed 1966 Annual Report, you will note that \$451,931.63 was contributed in the 1966 Easter Seal Appeal, and in 1966, \$525,521.25 was spent by the Easter Seal Society in direct services to 16,631 disabled Texans. Thus, in effect, every dollar contributed during the 1966 Easter Seal Appeal went directly for service to patients.

Without your generous cooperation, many of the services rendered to our disabled Texans in 1966 would not have been possible.

On behalf of the 16,631 patients served by the Texas Easter Seal Society for Crippled Children and Adults and its affiliates, we offer a sincere and grateful, "Thank You."

In ancient Egypt, cats were used to hunt birds, reports the Purina Pet Care Center. Some of the cats were trained to leap from boats and bring back the quarry.

Card of Thanks

We wish to take this opportunity to thank all of your for your many kindnesses during our recent bereavement. A special thanks to the women who brought and served food and to the women of the Calvary Baptist Church who served dinner, to the Rev. Lee Jones and the Rev. Dale Dozier, and Masons Funeral Home.

The family of
Mrs. L. E. Bilberry
I want to thank my many friends for the flowers, cards, visits and food and especially your prayers during my illness. May God bless each and every one of you.
Carl Cederholm

Words can't express my thanks for all the kindnesses extended to me while I was in the hospital following brain surgery. All the cards, flowers, visits from friends and neighbors were so appreciated. A special thanks to all of you for the prayers offered in my behalf.
Amy Mills

Mere words of appreciation and gratitude seem so small when we try to say "thank you" to all who have been so wonderful during our recent sorrow. To all who sent flowers, cards, letters, food and other expressions of love, those who sat at the funeral home, prepared and served food, called at the home, provided the music, and for every expression of love and comfort to help make our burden a bit easier to bear, we humbly express our heartfelt thanks. A special thanks to the doctor, nurses and all who worked so faithfully to the pastor whose prayers and every word of comfort have meant so much. We pray that God's richest blessings may be with each of you.

The Post Dispatch

It's My Turn

— By MRS. C.

Wasn't it glorious to wake up Monday and breathe in clean washed air? I'd forgotten what that was like.

Of course, the TV stations comed it all up as usual. With their first violent weather reports they left out Lynn and Garza counties completely and later when any fool could tell we were in for a good rain they started telling us that we, too, were under the alert. Oh, for the good ole days when we could enjoy watching a storm brew up without someone yakking about it for hours.

Every year I mean to say thank you to the Thurman Francis for having that beautiful forsythia in

their front yard. I get to enjoy it many times a day going to and from work. Thank you, Annie Laurie and Thurman.

This is one of those weeks I'd like to rush through, as the Misses C's will be home this weekend for Easter and a nice long spring break from their studies in San Antonio.

With our only two chicks away at college we find that most of our time is spent anticipating holidays when they'll be home to liven things up a bit. The Misses C's will deplore my calling them "chicks" but I'm just trying them in with the upcoming holiday and hope they'll forgive me.

A holiday without family is like nothing. How awful it would be not to spend Easter Eve dyeing hard-enough to hide them in strategic places. How awful it would be not to have the fun of buying chocolate bunnies and eggs for Easter baskets and surprising your children even if they are "too old."

And, how wonderful it is to be accompanied by your children to church on Easter Sunday. The true meaning of Easter would, of course, still be there, but it just adds to the happiness when all your family is there together.

I well remember how "hard" holidays were to take when Mr. C was in Europe during World War II so I, along with all the others who had husbands, fathers and sons off fighting for our country, can well sympathize with those of you who have fathers, husbands and sons in Vietnam during this Easter.

Junior GA members of church attend meeting

The Junior Girls' Auxillary of the First Baptist Church attended a quarterly association GA meeting last Saturday in Lubbock at the First Mexican Mission.

At the morning session "Forward Steps Conferences" were followed by fun and fellowship. During the afternoon officers and committee chairmen attended training conferences. Slides were shown of mission work in Florida and narrated by Martha Clayton who served as a summer missionary there last year.

Attending from Post were Judi and Joni Huffman, Becky Heaton, Sarah Vernon, Renee Thomas, Maude Cade, Patti Parrish, Debra Allen and Mrs. Stanley Butler and Mrs. Noble Allen.

Fruit jar winners at County Fair listed

Winners of Kerr fruit jars in a special division at the annual Garza County Fair were as follows:

Vegetable class: Mrs. Cecil Grav, first; Mrs. Shirley Bland, second. Fruit class: Mrs. Lillie Kitchen, first; Laura Bevers, second.

Entire jams, jellies and preserves class: Mrs. Orabeth White, first; Christine Morris, second.

Girl Scout Troop 377 enter Fair exhibits

Girl Scout Troop 377 met at the Girl Scout Little House last week and completed plans to enter creative stitchery at the County Fair held last weekend.

Refreshments were served to Jill Cash, Kay Guthrie, Sherrell Guichard, Karla Josey, Kathy Jones, Deborah Medlin, Melody Rose, Kathy McCullough, Lee Ann Aycock, and Jan Hall by Kay Breedlove.

HOME FROM HOSPITAL

Mrs. Amy Mills was dismissed from Methodist Hospital Tuesday where she had been a patient for six weeks following brain surgery.

Post women attend rites for sister

Mrs. Doris Noble and Mrs. W. G. Smith returned Monday from Dallas where they had been called last Thursday by the death of their sister, Mrs. Ollie Gordon. Mrs. Gordon died last Thursday following a long illness. Funeral services were conducted Monday in Dallas.

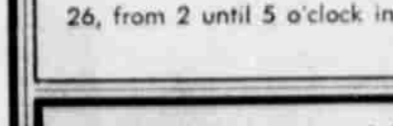

RETURNS TO ARIZONA

Dan E. Cockrum left Sunday after a week's visit here with his parents, Mr. and Mrs. Dan Cockrum. Dan returned to Grand Canyon, Ariz., but is being transferred to San Francisco where he will continue his work with the National Parks Service.

CARL CEDERHOLM HOME

County Clerk Carl Cederholm was released Tuesday morning from Methodist Hospital in Lubbock to his home here following surgery last Thursday morning.

Annual Maundy service is held by WSCS here

Mrs. Bob Collier and Mrs. Bill Edwards of Richardson were in charge of the Maundy Thursday program at 9:30 o'clock this morning for the fifth consecutive year in the home of Mrs. W. R. Granber.

Mrs. Edwards, a former resident of Post, returned from Richardson especially to assist Mrs. Collier with the Women's Society of Christian Service of the First Methodist Church annual Maundy Thursday program.

The two ladies reviewed the book, "He Died As He Lived" by James Cleland, dean of the chapel at Duke University. The book offers seven meditations on the last seven words spoken from the cross. In order they are: "Father Forgive Them For They Know Not What They Do"—Luke 23:34; "Verily I Say Unto Thee, Today Thou Shalt Be With Me In Paradise"—Luke 23:43; "Woman Behold Thou Son—Behold Thy Mother"—John 19:26-27; "My God, My God, Why Hast Thou Forsaken Me?"—Matt. 27:46; "I Thirst"—John 19:28; "It Is Finished"—John 19:30; "Father Into Thy Hands I Commend My Spirit"—Luke 23:46.

Mrs. Doug Hillock, Mrs. Ronald Babb and Mrs. Leo Stiewert sang "Were You There When They Crucified My Lord?"

LISTENING POST

By ROSEMARY CHAPMAN

Bernard Malamud has just won the 1967 National Book Award for fiction for "The Fixer". We have two copies for those interested.

I have been scanning "Who's Who in the South and Southwest" and "World Who's Who in Commerce and Industry" and cannot find anyone I know except my father. (I wonder if that is why he gave them.) These volumes should be very informative to businessmen and such, and as long as we're on the subject, please look up Richard Sidney Anderson (alias Tricky Dick) of Midland.

Other recent book donors are Mr. and Mrs. Bobby Cowdrey, Kim, Kay and Karen Hundley (who should be very popular with their many Carolyn Keene contributions). The Midland County Library, Mr. and Mrs. David Newby and Mrs. Bud Schiehuber of Justiceburg.

We have received quite a prize in the magazine field from Mr. and Mrs. Willard Kirkpatrick who have given the 1965 and 1966 enlarged editions of "Reader's Digest". These are made by the Xerox Corporation in New York and are produced in large print on special paper for those whose eyes aren't quite what they used to be. Please tell any friends who are having reading difficulties about these.

LAST AND LEAST DEPARTMENT: Macy, it was "Playmate" we wanted, not "Playboy". Thanks anyway.

More new books! This week the spotlight is on junior fiction. The following selections, purchased at Pix Bookstore in Lubbock at a 20 per cent discount, should provide much reading pleasure for the 10-14 age group.

"The Wolves of Willoughby Chase" by Joan Aiken. B-r-r-r. Victorian melodrama complete with wicked wolves and a grim governess. Humor combined with suspense.

"Little Women" by Louisa M. Alcott. The well-known story of the New England home life of the four March sisters — Jo, Meg, Amy and Beth.

"A Man of the Family" by Elizabeth Burleson Speck, a Texas rancher's youngest son, learns to

meet responsibility when his older brother, Abe, is thrown from a horse and seriously injured.

"Mystery at Mappins" by Irene Byers. Leonie, Ian and Paul Meredith arrive at the Mappins estate with their father and find themselves thrust into the middle of a puzzling mystery.

"The Door in the Wall" by Marguerite De Angell. Set in England during the 13th century, Robin, the crippled son of a lord, overcomes his handicaps and wins a knighthood. Awarded the Newberry Medal in 1950.

"The Great Dane Thor" by Walter Farley. This is the first dog story by the creator of the famous Black Stallion series and will no doubt start another trend.

"Hitty: Her First 100 Years" by Rachael Field. Hitty, a doll who shares an antique shop window with Theobald, a rather overbearing cat, decides to write her memoirs. The re-creation of the 1800's is charming and authentic. Awarded the Newberry Medal in 1930. Also on the list of Thirty 20th Century Children's Books Every Adult Should Know.

"Sunday's Dust" by Carol Hoff. The fortunes and Americanization of the young son of a German family homesteading in Texas in 1834. Winner of the first Charles W. Follett Award.

"Across Five Aprils" by Irene Hunt. A moving novel of the Civil War era as experienced by a boy and his family in southern Illinois. Winner of the 1964 Charles W. Follett Award.

"Grandmother Oma" by Ise Kleiberger. The Pieselang clan haven't much land or many cows but they do possess one of the funniest grandmothers in fiction.

"Jennifer, Hecate, Macbeth, William McKinley, and Me, Elizabeth" by E. L. Konigsburg. Elizabeth, a lonely only child, discovers Jennifer, who just happens to be a witch.

"The Tilted Sombrero" by Evelyn Sibley Lampman. The spoiled son of a Mexican plantation owner finds himself thrown into a life of poverty and adventure at the beginning of Mexico's War of Independence.

"The Jackdaw and the Witch" by Sybil Leek. A "true fable" in which Hot Foot Jackson, an extremely vain Jackdaw, moves in with a family of witches.

"A Wrinkle in Time" by Madeleine L'Engle. Three young people share adventures in time and space while searching for a famous scientist who has disappeared. Winner of the 1962 Newberry Award.

"Sneaker Hill" Jane Little. When Susan Derry's Aunt Miranda sets out unprepared for her witch tests, it takes Cousin Matthew (an owl familiar), a horde of rats and other "friendly notional creatures" to rescue her from disaster.

"Nobody's Boy" by Hector Henri Malot. An inspiring story in which Remi, the young hero, searches for his family. He is accompanied on his travels by three delightful dogs and a monkey.

"Nobody's Girl" by Hector Henri Malot. The development of Perrine from a little girl to a young woman capable of solving many difficult problems.

"Me and Caleb" by Franklyn E. Meyer. A lively, funny story about two young brothers in a small town in the Ozarks. Winner of the 1962 Charles W. Follett Award.

"Wild Geese Calling" by Robert Murphey. An outstanding nature writer relates the friendship of a lonely boy and a wounded migrating gander. Winner of the 1966 Dutton Junior Animal Book Award.

"It's Like This, Cat" by Emily Neville. A boy's journey toward adulthood which captures the flavor of big-city life and modern teenage language. Winner of the 1964 Newberry Medal.

"The Runaway Summer of Davie Shaw" by Mario Puzo. A humorous adventure story which tells about a boy and his pony who cross the whole United States together.

"Roosevelt Grady" by Louisa R. Showell. A sympathetic portrayal of the problems and life of migrant workers as seen through the eyes of Roosevelt Grady, a very engaging young boy.

"A Tale of Middle Length" by Mary Frances Shura. A reluctant heroine saves a mouse colony. Witty illustrated by Peter Parnall.

"Longhorns to Abilene" by Peter Thomson. Jim, a Tennessee mountain boy, heads for the plains of Texas with his faithful mule, Andy. Old West excitement galore.

"Arabian Cow Horse" by John Richard Young. Don and a horse named Raffly decide to prove that an Arabian horse is not too delicate and high-strung to compete with quarter horses on the range and at the rodeo.

"The Jazz Man" by Mary Hays Weik. Harlem, U. S. A., that's where Zeke lived — and where the Jazz Man's magic almost succeeded in playing away his problems. The woodcuts by Ann Grimaldi have been selected as one of the ten best — illustrated children's books of 1966.

"Charlotte's Web" by E. B. White. A children's classic by a distinguished American writer which is rich in wit, wisdom and imagination.

"Shadow of a Bull" by Maia Wojciechowska. In the face of many pressures, the son of a famous bullfighter determines his own future. Winner of the 1965 Newberry Medal.

A few junior non-fiction books are also beginning to trickle in. These include "D'Aulaires' Book of Greek Myths", "Paul Bunyan and His Great Blue Ox", "My First Spanish Book", "The Young Scientist's Reader", "Dinosaurs", "Americans into Orbit", "Outdoor Games", "100 Greatest Sports Feats", "101 Best Magic Tricks", "Sam Houston, The Tallest Texan", "Sandy Koufax", "Willie Mays", "Best Book of Adventure Stories", and "Alfred Hitchcock's Solve - Them - Yourself Mysteries".

The crosses in the shadows were real. Three hung there and died in agony . . . two for their own wrong-doing . . . one for yours.

That chapter to which the Book lies open — it tells of the scandal . . . the indignity . . . the injustice — and the pain.

The lilies? . . . symbols of what men call Easter Day! When the women found the tomb empty . . . and were afraid to believe He was risen . . .

IT is not a pretty picture. IT is the stark reminder of man's distrust of God . . . and God's love of man.

And you'll let nothing keep you from worshipping your Lord when you stop thinking of IT as a pretty picture.

THE CHURCH FOR ALL . . .

... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What Is Prompt Payment?

Open or charge accounts are payable within 10 days after receipt of statement.

On installment accounts which are payable over a period of months, each payment should be made on or before the day of the month specified in the contract you signed.

Consequently when you sign a contract which involves monthly terms you should make sure that the due date coincides with your pay day. Don't skip one payment and then make a double payment the next month. Creditors regard this as not paying according to agreement.

The attitude of a debtor towards the credit is most important. If circumstances prevent you from making a payment on time always let your creditor know the reason why. If you explain the circumstances that cause you to be temporarily slow in payment, that data is entered in your payment record.

When that firm is given as a reference, your attitude is reflected in their rating of your paying habits.

Post youths attend TASC Conference

By Jimmie Johnston
 Wednesday, March 15, 1967, three of Post's youth went with Mr. and Mrs. Wilbert Bigott to Laredo to the Texas Association of Student Councils 31st annual conference. The three youths who went were Ronnie Pierce, 1966-67 student council president; Paul Walker, 1966-67 student council vice president, and Jimmie Johnston, 1967-68 student council president.

The conference consisted of five general sessions with celebrated speakers and discussion groups, where delegates discussed problems of their present student council in search for profitable answers.

The delegates followed a tight schedule as the activities were conducted one after another from opening day Thursday to closing day Saturday. Over 2,000 delegates registered Thursday at the Laredo Civic Center. Taxicabs transported the delegates to motels and homes.

Social activities were also on the schedule. Some of these were the semi-formal entertainment for the students and the HJinks which were planned to help students meet new friends.

The conference theme was "Pathways to Peace" and each speaker defined specific "Pathways to Peace". The sponsors as well as the delegates had a tight schedule to run.

The Post delegates would like to express their appreciation to Lt. Col. J. W. Grow and his family.

BAND ATTENDS FESTIVAL

The Post High Antelope Band went to a festival in Sweetwater March 11. The band played their three contest numbers for criticism, and marched in a parade with 13 other bands. The criticism will help the band prepare for contest in April.

HIGH SCHOOL EDITORIAL

If at First You Don't Succeed . . .

You have often heard the saying, "Oh, what's the use? The same old ones run the show anyway." This statement appears to be very true, since the same people seem to win all the contests and the same people seem to run the activities of the class.

Have you ever thought, though, that the only reason the same people rule the school is because they are the only ones that put out enough effort to get what they want? I know you can back that statement down by saying, "I did my best in the contest, but still didn't get anywhere." Sure you really did do your best once or maybe twice, and when you didn't

succeed you gave up completely to let the same people rule again. Remember the old saying, "If at first you don't succeed, try, try again!"

The next time you have a class meeting stand up for your rights. If you have any ideas bring them up, instead of whispering under your breath that they wouldn't listen to your ideas anyhow. You never can tell, your idea may be just what the class is looking for.

Don't get discouraged when you don't win that contest but continue to put out your best efforts and keep on keeping on. Remember that you only get out of something what you put into it.

Good showing in contest made by band students

Fifty-seven band students participated in the regional University Interscholastic League solo and ensemble contests at Midland Saturday with nine of them bringing home Division I (superior) medals.

Superior rating went to Sue Parrish, Bb clarinet solo; the trombone quartet of Joe Bilbo, Cathy Cates, La Gayluah Young and Ken Herron and the French horn quartet of Mike Petty, Don Collier, Joey Lee and Giles McCrary.

Division II (excellent) ratings went to Mickie Taylor, cornet solo; Terry Cates, flute solo; Larry Hutchins, cornet solo, the flute trio, the clarinet trio, the snare drum trio, the brass quartet, two clarinet quartets and the clarinet choir.

Receiving Division III (good) ratings were Zelika Freeman, trombone solo; Becky Brewer, clarinet solo, a flute trio and a clarinet quartet.

Four students participating in one of the clarinet quartets received Division IV (fair) ratings.

Weird happenings at PHS vaguely hint of Space Age invasion

True, you may have heard a lot of talk about flying saucers and a little green men lately, but that has nothing to do with all the weird looking people running around in or near Mr. Gee's classes for the past few days.

Everyone around PHS has been, or soon will be, noticing people running around with plastic goggles and blacksmith type aprons. A few may notice people with orange spots all over them, parts of clothing missing, or even burned spots.

Don't let these sights worry you. The Chemistry class is on the move again! This time they have their little scientific paws on acid, which would tend to explain the burnt fingers, vanishing clothing and the goggles and aprons.

With all these weird space stories going around on television, it could become easy to imagine that space men are taking over the school, but they are not. It's only Mr. Gee, the invincible scientist of PHS and his grechens.

By the way, please ignore any screams of agony (caused by accidents, of course) or ambulance sirens and other such unusual noises around the school; they are only effects of another bombed experiment by some of our illustrious youthful scientists.

GARZA COUNTY SCHOOL PAGE

The Post (Texas) Dispatch Thursday, March 23, 1967 Page 7

By Marcia Newby

The PHS Choir went on tour last Wednesday, singing for the Tahoka and Frenship high schools. Frenship was the more enthusiastic of the two, giving several of the special groups a round of applause that prompted encores. This was very pleasing, but not half as thrilling as the standing ovation the whole crowd received after their performance. It's not often that we feel so appreciated, especially

when we sing for people that really know us!

Paul Harmon had a minor accident last week as he fearlessly bent over to get his typing folder out of the drawer. He looked sort of weird walking down the hall with a coat - type shirt, but what's a person to do?

The Seniors attended their first graduation festivity Tuesday at the First Baptist Church. We were honored with a lovely banquet that was greatly enjoyed and appreciated by all who attended.

Mr. Lee is rapidly developing an inferiority complex due to the scanty attendance of his Economics class. When everyone is present, it has an astounding number of seven astute pupils. But for the last week or so only two or three show up each day, especially on those days designated for tests.

So, Mr. Lee isn't quite sure whether he has had breath or that his students are very accident prone. We all know it's the latter of the two, but it still makes a body wonder.

We're all dreading our four-day absence from good old PHS during the Easter holidays, but we'll do our best to enjoy ourselves. More than likely, it won't be too hard.

Tuesday afternoon of last week, 20 girls met to work on their Future Homemakers of America degrees. The degrees must be obtained to become an officer for the coming year.

Those working on junior degrees were: Paula Cravy, Nancy Norman, Shirley Manuel, Patricia Harper, Nina Young, Beth Peel, Barbara Lucas, Mara Jones, Debra Hays, Barbe Gilmore, Judy Lofton and Kim McClellan.

Those working on chapter degrees were: Glenda Watson, Emily Potts, Theresa Sims, Marsha Tipton, Helen Hodges and Christine Morris.

Held in Odessa

FHA girls attend Area II meeting

By Emily Potts

Last Friday afternoon, 26 Future Homemakers of America girls left Post for the Area II FHA meeting at Odessa, spending Friday night at the Holiday Inn there.

The area meeting took place at Ector High School in Odessa with about 2,400 FHA girls attending. The morning was very enjoyable with talks by Dr. Leon Hill of Amarillo speaking on "Towards New Shores" and Ginny Lou Holyoke, president of Area II speaking on "Toward New Horizons."

The morning session concluded with special entertainment from Nick Androvich, foreign student from Turkey, and Steve Stinson and the Tijuana Brass Band from Big Spring High School.

The afternoon session began with the Area II chorus singing special numbers. Roll call of chapters took place next, where each chapter presented a rose if their chapter was represented.

A style show was also held where different chapters had some of their girls model clothes they had made in homemaking classes.

After entertainment from Shylene Moore of Coahoma and Debbie White of Seagraves, the meeting was concluded with the installation of officers. Next year's president is Debbie Wright of Tahoka.

Chosen for their achievements in FHA, those attending from Post were: Jane Cannon, Deborah Britton, Edith Johnson, Doylene Fry, Sue Gilmore, Marsha Tipton, Emily Potts, Helen Hodges, Glenda Watson.

Also Nancy Norman, Nina Young, Kim McClellan, Debra Hays, Barbe Gilmore, Beth Peel, Patricia Harper, Shirley Manuel, Linda Sanchez, Christine Morris, Sue Litton, Nona Forrest, Donna Maddox, Sandy Dixon, Judy Lofton, Beverly Allen and Kathleen Blacklock.

The FHA is a national organization of pupils who study homemaking in junior and senior high schools. They work together for better and happier home life for everyone. They feel that helping to make happy homes now and in the future is the most important

thing that youth can do for democracy.

Homemaking teachers in the high schools serve as advisors of local FHA chapters. The advisors of the Post chapter are Mrs. Henry Wheatley and Mrs. Walter Didway.

Bread, beans, sauce, etc., was also donated for the barbecue by firms and individuals, with the Future Farmers of America members hauling wood to keep the cook-fires going.

City League champions and all-stars awarded trophies

Team championship and individual trophies were awarded last Tuesday night at the final games of the City Basketball League, which was sponsored by the Post Chamber of Commerce. The team trophy was presented to Post Pharmacy, which defeated Ken's Mobil Service, 57-53, Thursday night to finish league play with six wins and no defeats. Piggly Wiggly edged Corner Grocery, 51-50, in the first game.

The five all-star trophies went to Donnie Hays and Don Kinard of Post Pharmacy, Jerry Hays of Corner Grocery, Jimmie Redman of Ken's Mobil Service and Noel White of Piggly Wiggly. The all-star selections were decided by vote of players on the four teams. Donnie Hays was high scorer for Post Pharmacy in its win over

Ken's Mobil in the final game. Other scorers for the winners were Kinard, 16; Jack Kirkpatrick, 11; Billy Gordon, six, and Garland Huddleston, two.

Redman poured in 25 points for the losers, with Forrest Claborn getting 13; Dan Rankin, seven; Ed Byrd, four, and Cecil Stolle, one.

Piggly Wiggly came from behind in the fourth quarter to score its one-point win over Corner Grocery, which was ahead 18-15 at the end of the first quarter, 32-28 at the half and 41-36 going into the final period.

White's 15 points paced the winners, with James Dye contributing 12; Fred Myers, 10; George Edgerton, eight, and Kent Gentry, six.

Jerry Hays hit 24 points to lead the losers, while Charles Morris scored 13; Larry Waldrip, 11, and Murry McMurry and Preston Poole, one apiece.

Morales wins mile run, Hale Center

The Post Antelope track and field team, which scored a first and a fourth place for 14 points in the Hale Center Relays Saturday, will hold this weekend. Coach Waco Morales said today.

Club hears talk by Colleen Poer

By Ann Ussery
Mrs. Colleen Poer, Post High School secretary, was guest speaker at a recent meeting of the Commercial Club in the bookkeeping room. Mrs. Poer gave many pointers on how to be a good school secretary and also told of some of the duties of a secretary. The meeting was called to order by Brenda Haley, the club's vice president. Other members present were Anna Mathis, Debra Britton, Sue Moore, Nancy Hendrix, Linda Ed. Ann Ussery and Jane Candland Mrs. Fleming, sponsor.

shot put for Post's only points in the crowded field at Hale Center. The Antelopes' next meet will be Saturday, April 1, at Kress and will be their last competition before the District 4AA track and field meet April 7 at Denver City.

The Post squad was not at full strength for the Hale Center meet because of the absence of some of the trackmen who were showing stock in the Garza County Junior Livestock Show.

Morales won the mile in 4:44.3 finishing about 150 yards ahead of the second place winner. With times slowed because of Saturday's cold weather, Morales failed to break his own meet record of 4:41.

Hale Center nosed out Abernathy for the team championships.

Mahan threatens mark in rodeo prize money

DENVER, Colo. — If Oregon cowboy, Larry Mahan, 23, continues his dizzy pace to the bank through the rest of this year he could easily set a new money mark in professional rodeo.

Mahan's latest haul, of \$1,542 in riding events at San Angelo, Tex., and Baton Rouge, La., sent his current winnings to \$15,124, far and away the most any rodeo hand ever collected this early in the season.

Nearest thing to Mahan's tally was the \$11,233 won by big Harry Charters Jr., Melba, Idaho, by April 1, 1964.

Mahan, who hails from Brooks, Ore., earned the all-around cowboy championship last year by winning an overall \$40,358, but in contrast had only \$6,100 banked by mid-April. (The sport's annual money record is \$43,381.)

His prize money drive this year began at Denver's National Western rodeo in mid-January where he racked up \$1,456. In seven rodeos since, the stocky 150-pounder has averaged winning \$1,800 at each contest.

Along with pacing the sweepstakes title run, by more than \$5,000 over his nearest rival, Mahan leads in bareback bronc riding charts, is third in bull riding and fourth on saddle broncs.

In brief review of other title races, Jim Bob Altizer, 34, Del Rio, Tex., forged further ahead in calf roping, after winning \$1,068 at San Angelo, Tex. Altizer, whose current total is \$7,503, was 1959's national champion in the event.

Big money winner at San Angelo, however, was Marvin Cantrell, 28,

Brady, Tex., who won steer wrestling and \$1,642. Mahan topped the field at Baton Rouge, La.

Other winners at San Angelo were: Shawn Davis, Whitehall, Mont., saddle bronc; John Edwards, Cheyenne, Wyo., bareback bronc; Myrtis Dightman, Houston, Tex., bull riding; Altizer and Jack Burkholder, San Antonio, Tex., (a tie), calf roping.

Winners at Baton Rouge were: Mahan, saddle bronc; Gary Tucker, Calrsbad, N. M., bareback bronc; Phil Heinen, Summerfield, Fla., bull riding; Tim Prather, Post, Tex., calf roping; Linus Thornton, Dyer, Tenn., steer wrestling.

DETROIT'S CASH IS SHELVED BY INJURY

Norm Cash, Detroit Tiger first baseman, has missed most of his team's spring exhibition games so far because of a sore leg.

Cash injured his leg when he and catcher Bill Freehan collided on a foul fly on March 11 at Orlando, Fla.

Normally, Cash is a quick healer and has a case history of swift returns to the lineup.

"We're not rushing him this time," Manager Mayo Smith said. "This gives us a good chance to see Jake Wood and Dave Campbell at first base."

Wayland slates second tryout for area girls

PLAINVIEW—The second tryout for high school senior girls for the Wayland College basketball team is scheduled April 8 at 2 p.m. in the Plainview High School gymnasium.

The first tryout was March 11 and was arranged by Harley Redin, coach of the Wayland College Flying Queens who a few years ago set one of the most fabulous records in amateur sports with 131 consecutive victories under the hoops.

Redin said that if a player is going to enroll in Wayland anyway, there is no need to participate in a tryout, as scholarships are not awarded on basis of tryouts.

"We had much rather have the girls attend Wayland and then come out for the team," Redin commented.

"During a year on the freshman team, they will have a fair chance to demonstrate basketball ability and if they can play for us, and maintain a good academic record, they will be eligible for scholarships in their sophomore year. Or, if a scholarship is awarded in the freshman year, it will be renewable on basis of scholastic standing and achievements of the basketball court," Redin said.

Those attending the tryouts may stay in women's dorms on the campus and eat in the dining hall as guests of Wayland. The visitors are to bring their linens.

Student to intern in Sen. Tower's office

Miss Pam McCrary will intern in the office of Republican Senator John Tower in Washington, D. C. as part of a special seminar course she is taking as a senior political science major at Goucher College at Towson, Md.

Miss McCrary, who is spending a 10-day spring and Easter vacation at the home of her parents, Mr. and Mrs. Giles McCrary, will begin her work in the Senator's office upon her return to school.

Along with her full academic load, Miss McCrary will commute to the capitol and do legislative research for two days a week as a minimum requirement for the 10-week internship.

Graduation to hit cage squads hard

Both the Post High School boys' and girls' basketball teams will be hard hit by graduation this spring, it was indicated this week when the lists of letter winners were released by Coaches Wilbert Bigott and N. R. "Jiggs" King.

The District 4AA champion Post Antelopes will lose eight of its 10 lettermen, while the Does will lose six of 12 letter winners.

Senior lettermen on the boys' team are Ronnie Pierce, J. O. Smith, Larry Johnson, Donny Windham, Davis Heaton, Duke Altman, Jimmy Bartlett and Roy Sappington.

The Post Doe senior letter winners are Sherry Woods, Edith Johnson, La Gayluah Young, Marcia Newby, Linda Altman and Jaynie Josey.

The Antelopes' only two returning lettermen will be Norman Tanner and Charles Harper. Bobby Wilkins, who earned a team manager's letter, is only a freshman and will be back for managerial duties next year.

Next season's Antelope squad can expect some help, however, from this season's "B" team, as well as from Coach Bill Smith's fine freshman team, Nick Pantoja, Mike Scott and Ronnie Petty from the "B" team and Ray Altman, David Pierce, Steve Newby and Nell

Walker from the freshman team are some of the boys who will help make next season's outlook less bleak for Coach Bigott.

Pierce, who made the all-state third team as a sophomore, the second team as a junior and the only three-letter winner on the Antelope squad, Smith, Windham, Heaton and Bartlett earned their second letters, and Johnson, Harper, Altman, Tanner and Sappington their first.

Letter winners on the Doe squad who will return next year are juniors Jane Hutchins and Veda Beth Voss, sophomore Vickie Martin Sharon Windham and Kay Altman.

Jo Beth Dillard, also a senior, received a team manager's letter.

Tradition of only men cheerleaders continued at Baylor University

WACO — Baylor University — perhaps the first college in the United States to have a woman cheerleader—Thursday upheld a 44-year tradition of all-male yell leaders.

First and only coed cheerleader at Baylor was Weta Timmons, now Mrs. Orville Rowland of Houston, who was elected for the fall terms of 1922 and 1923. In 1927 when Baylor Chamber of Commerce assumed responsibility for yell leader elections a provision requiring only male cheerleaders was added.

The coed cheerleader issue first emerged in 1954 and since then Baylor students have rejected the change to men and women yell leaders in eight separate ballots. The vote Thursday on the proposed change was 978 against and 823 for allowing women cheerleaders.

In other years the change has been approved by a majority of those voting, but until this year a two-thirds majority was required for passage of the bill. A simple majority Thursday in favor of the change would have allowed coeds to run for Baylor cheerleader.

Fishermen in the Texas Panhandle long have boasted that they are right in the middle of the best fishing in the world—namely halfway between the Atlantic and the Pacific.

Now, however, fishing is a little closer to home.

Today, one of the newest and most interesting lakes in Texas is in the process of filling. Lake Meredith is created by the Sanford (no kin) Dam across the Canadian River, only a few miles out of Borger. It is a new glory for this city, which first became famous something like 40 years ago with the discovery of oil.

AT THAT TIME and during the intervening years the Canadian River, which cuts across the Panhandle north of Amarillo, was mostly a dusty stream that went wild with torrential rains and flooded its valley. Then came the wind and sun . . . and the river dried up again in spots.

Now that has been changed! After years of talk and planning and the expenditure of almost a hundred million dollars, Lake Meredith has been completed and the stored water will be carried by a 35 mile aqueduct to serve the nearby cities of Borger and Pampa.

Another aqueduct carries the water to Amarillo and a half-dozen other high-plains cities, which for years have depended entirely upon underground water for domestic purposes and agriculture.

LOCATED IN Hutchinson County, Lake Meredith will cover slightly under 44,000 surface acres. It will be 20 miles long when filled.

Sanford Dam was constructed by the Bureau of Reclamation, after years of research and survey, both by the government and by private agencies.

This lake presented some major problems because much of the reservoir site was in the heart of a major natural gas field. It was necessary to execute contracts with the owners of 19 pipelines and 44 producing wells for relocation of the lines and capping of the wells, or retapping them by slant drilling.

This all has to do with the building of the lake to impound the water. But to the Texas Panhandle, it means so much more in a new recreational area. Floating docks, boat moorings, fueling facilities, trailer parking areas and other recreational facilities are being provided.

THIS YEAR will see the greatest utilization of the facilities now available.

Another interesting development is the work being done by the Texas Parks and Wildlife Department in stocking the new lake with walleyes. Just a year ago some 2,000,000 fry were released in the lake. The baby walleyes were brought down from Iowa, in an exchange agreement between the two states.

Lake Meredith also has been stocked with black bass, crappie and catfish. The Canadian itself long has been a good catfish haven and natives have caught many fine cats from the river in the years gone by.

This walleye experiment has been most promising. After the first release of 500,000 in 1965, netting samples from the lake indicated good survival. Fishing for walleyes has been closed in Lake Meredith until such time as it has been shown the fish are well established.

FINE COOPERATION is expected from the area because the Panhandle long has been famous for its wildlife conservation programs. Most of the fresh water fishing that has been available to these residents has been in Colorado, New Mexico and Central Texas. So Panhandle anglers know the value of this conservation and will give it all the help possible.

Information about Lake Meredith can be obtained from the Chambers of Commerce in Borger, Pampa or any of the nearby towns all of which are extremely interested in this newest development in the Panhandle area.

Lake Tawakoni, in Rains County, is the largest lake entirely within Texas boundaries.

Vet's Forum

Q. How many semester hours constitute full time training in a graduate school?

A. A specific number of hours for graduate college is not specified by the Veterans Administration. The determination of what is full time training is determined by the type of courses for which the student is enrolled.

Q. Can a veteran be enrolled in two schools at the same time?

A. Yes, when the veteran cannot obtain it within a reasonable time, training may be authorized at a secondary school. This can be done only with the approval and certification of the primary school where veteran is attending, and provided both programs lead to the same objective.

Q. Why is an established school sometimes not approved for VA training?

A. This may be because of several reasons—the most common being that school has for some reason never requested approval, or school does not meet one of the standards as set forth by the state concerned.

Q. Does the deduction for Medicare premiums from Social Security payments have to be reported as income for VA pension purposes?

A. Yes.
Q. Is an ex-service man who entered service after 2-1-55 entitled to VA burial allowance?

A. No, unless the peacetime veteran was in receipt of service-connected compensation at time of death or discharged or retired for disability incurred in line of duty.

Freeport, Tex., was founded in 1912 by the Townsite Company, a New York group interested in developing nearby sulphur deposits.

Personal and professional papers of authoress donated to Baylor U.

WACO—Ruth Shick Montgomery, columnist and author of best-selling "A Gift of Prophecy," has donated to Baylor University's Texas History Collection her collection of personal and professional papers.

The manuscript from "A Gift of Prophecy" about Jeanne Dixon, the seer who predicted the assassination of President John F. Kennedy, is included in the papers.

Dr. Guy B. Harrison, director of the largest privately owned collection of Texas history, announced the gift in connection with the Feb. 28 publication of "A Search for the Truth," Mrs. Montgomery's fourth book.

Letters from heads of state and dignitaries such as Lyndon Johnson, Hubert Humphrey and Robert Kennedy in addition to clippings from her 30 years as a newspaperwoman, including time she spent in Washington, are also in the collection.

Mrs. Montgomery said she has misplaced or lost manuscripts from her first two books, "Once There Was a Nun," and "Mrs. LBJ," but originals from "A Gift of Prophecy" and "A Search for the Truth" would be in the package.

The fifth manuscript from a book scheduled for March publication "Flowers at the White House," is also included.

Though "A Gift of Prophecy" was a national best seller, Mrs. Montgomery won her greatest prestige as a newspaper woman. For almost 22 years she has covered politics and world affairs in Washington. She is a recipient of the George

R. Holmes award in journalism, the Pail Mall journalism award, the Indiana Press Award given by the Indianapolis (Men's) Press Club and the Indiana Woman of the Year award in 1966.

The columnist, who now lives in Washington, worked as a reporter for the Waco News-Tribune from 1930 to 1932 while she attended Baylor University.

"All I know is one evening, in our living room, my wife and I decided it was a good idea to join the Peace Corps. So we did."

What the David Kadanes did puzzled and puzzles a lot of people. Maybe because the Kadanes weren't anywhere near twenty years old anymore. Maybe because they gave up two years' worth of a lot of salary, two years' worth of a big job as General Counsel for the Long Island Lighting Company, two years' worth of a life they had spent their whole lives building . . . just to join the Peace Corps.

But what a lot of people don't realize is that the Peace Corps isn't just a place for just-out-of-college kids with strong arms and heads and good size hearts. The Peace Corps is a place for people who want to do something and can do something. It's a place for people who want to see things and do things firsthand and close up. People who want to give other people a chance to get to know and understand their country and themselves as they really are. People who care about the world and other people maybe even as much as they care about themselves.

And, maybe more than anything, the Peace Corps is a place for people who, for some reason, are willing to give up whatever they have to give up to do something they feel they have to do. And the David Kadanes are two of those people.

Mark Twain's Story OF THE READING SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

Southland cagers make all-district

By MRS. EDMUND WILKE
 RAIN! It really did, at long last. Little shower came to Southland Sunday. Our gauge showed one-tenth inch. Never was so glad to see anything in all my life! Maybe it is just the beginning and we will be getting some more real soon.

The 7B Area Cage All-District basketball teams were chosen recently and we are so happy that our boys and girls were on different teams. Dennis McGee was chosen for the first team and Darrell Wilke was chosen for the second team. In the girls' division, Libby Sales was chosen as forward on the first team and forward on the second team. On the second team, Polly Martin was chosen as a forward and Patsy Dunn as a guard. I think this is wonderful and I would like to congratulate each of you.

Mr. and Mrs. E. S. Williams and daughters of Tomball, down to Houston, visited his brother-in-law and sister, the Rev. and Tommy Wilson, Sunday.

Mrs. H. E. Wilson of Roby spent week in the home of her son, Tommy Wilson, and family. Jackie Dunn, son of Mr. and Mrs. H. C. Dunn, was one of 26 Tech students that went by bus last week to Denver, Colo., where they went through United States Mint, banks and companies. These students are part of the Finance Association of Texas, with the trip sponsored by Texas Tech. Jackie took the trip to Boulder to tour the city of Colorado. He is a finance major at Texas Tech.

Myrtle Dunn, won two blue ribbons at the County Fair. One was an off-white cotton suit and the other for a knitted sweater. Congratulations, Dayneen.

Mrs. Bessie Becker entertained a group of friends in her home with a party. Those attending were: Mmes. Louise Becker, Kiesel, W. A. Basinger, Lee, Walter Stolle, Evelyn Walton Wheeler, Nell Anderson and Yours Truly. Tresa and Foeister and David Becker also there.

My sister, Mrs. Aubrey Bryan, dismissed from Methodist Hospital last Tuesday and had to rest Friday morning. Don't know

when the doctor will dismiss her again, but I hope it will be real soon. She will then fly to her home in Farmington, N. M.

SOUTHLAND ENTERED THE Sundown track meet last Saturday and in spite of the cold and damp day, three of our boys managed to bring home honors. Dennis McGee placed second in the high jump and Joey Basinger placed fourth. Jackie Abshire was third in the 880. Congratulations, boys.

Mr. and Mrs. Buddy Kaatz are the proud parents of a daughter born March 12. She has been named Katherine Kay. The very proud grandparents are Mr. and Mrs. Alvin Kaatz. This is the second little girl for the Buddy Kaatz. Congratulations.

Cynthia and Clorissa Gindorf, daughters of Mr. and Mrs. Chris Gindorf III, spent Sunday with their granddad, Chris Gindorf II, their aunts, Patsy and Joan, and their great-grandmother, Mrs. C. W. Gindorf.

Mr. and Mrs. Floyd Foeister of Lubbock visited in the Willie Becker home Sunday.

Edmund, Sherri and Yours Truly enjoyed a most delicious supper in the home of Mr. and Mrs. R. M. McMinn Sunday night. After supper we enjoyed playing "88" and pinocchie. Other guests were Mr. and Mrs. Alvin Becker and granddaughter, Cindy. Mr. and Mrs. Wallace Becker and Belva. Mr. and Mrs. James Riney and Cathy, Mr. and Mrs. Leroy Zieschang and Mrs. Libby Schneider.

I won't be here to write this column next week. I can hear those fish calling me, so I am going to take off the day after Easter and go to Buchanan Lake and catch me a basketful. Guess I will take Edmund, Sherri and Darrell along, but I am warning them that they better not catch more than me, or I will throw them in the lake. I hope that when I get back, that all of you out there will have a lot of news for me. How about it?

Larry and Martha Wilke and Jerry and Barbara Donahoo are going to Lake Buchanan on Wednesday and will return after Easter. Good fishing, kids.

HOME FOR EASTER

Easter Seal Society makes available rehabilitation for the handicapped

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Mrs. Martha Compton, who is Garza County's Easter Seal representative and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, Mrs. Compton said.

This is accomplished through direct treatments, services, education, research, and cooperative efforts with all other health agencies, private, state and federal. The Easter Seal Society does not duplicate services, but strives to fill all unmet needs of the disabled, she added.

The Easter Seal Society is carrying out its 37th annual Easter Seal Appeal to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 23 treatment facilities where children and adults are treated regardless of ability to pay. Physical therapy and speech and hearing programs are offered to help the disabled make their lives fuller, despite their handicaps.

Mrs. Compton urged every person in Garza County to increase their

Alcohol Killed My Son

Must more sons die because of alcohol?

Please Oppose the Saloon Bill (LIQUOR BY THE DRINK)

Alcohol killed my son. He was just 18, not old enough to buy beer or whiskey, but it was made available to him, and as a result, he is dead.

My son, Wayne Legg, was out with two other boys on the night of December 5, 1966. At about 10 o'clock that night the fog was so thick, I had to roll down the window of my car to see where I was going. On my way home, on that foggy night, little did I know that my only son was driving toward his death.

His senses dulled by beer and whiskey, he was driving too fast on Naaman School Road north of Garland. By the time he saw the curve it was too late.

"Wayne, watch out, you'll kill all of us," one of the boys shouted. The other two were thrown clear. Wayne was killed instantly, when the car hit a dirt embankment.

My son is dead. It's too late to help him now. But what about other boys and girls? We can do something for them. If they drink, their reflexes are slowed. They take chances that they wouldn't ordinarily take. They kill themselves, and sometimes innocent bystanders as well.

When alcohol is available to them the danger

increases. The more alcohol that is available to them, the more of them that are killed, hurt, or crippled for life. The number of deaths of these young people, like my son, increases and decreases with the availability of alcohol.

Regardless of whatever else may be said about it, this is true: If my son had not been drinking, he would not have been killed. If alcohol had not been made available to him, he would not have been killed.

The least we can do is to NOT MAKE ALCOHOL MORE AVAILABLE.

Liquor interests and businesses that would stand to make a profit from legal sale of liquor by the drink, are trying to get a saloon bill passed in Texas.

Please, for the sake of our children, oppose the saloon bill. Write your State Representative and State Senator. Ask them to please, oppose the saloon bill.

WHAT WE CAN EXPECT IF THE SALOON BILL PASSES:

- 30% More Highway Deaths
- 24,433 More Crimes
- 157,000 More Alcoholics
- 8.4 Million Gallons of Liquor more than is sold in Texas each year.
