

# Council to interview 8 city manager applicants

## Session scheduled for Friday night

Eight applicants for the position of city manager will be interviewed by the Post city council at 7:30 p. m. Friday, the council decided at its regular May session Monday night. Two of the applicants live out of town.

The council also appointed lawyer Pat N. Walker to the position of corporation court judge, and designated the week of May 12 as Operation Clean Sweep Week in Post in other major actions at the meeting, which lasted until a few minutes past midnight after a 7:30 p. m. start.

The council also: —Deferred action on an appointment of a city attorney after hearing Mayor Giles C. McCrary read the only application for the position, from an out-of-town lawyer.

—Agreed, at the request of the City - County Park Board, to give permission for the hauling away of caliche dumped in the park by the city over two years ago for the construction of a trailer camp site.

—Voted that the police department automobile driven by Police Chief Bill Gordon be equipped with a red light on top and that department insignia be put on each side of the automobile.

—Discussed the status of the city dog ordinance.

—Voted to have two lights erected at the baseball park in an attempt to cut down on vandalism there.

—Accepted the recommendation of the Post Public Library Board on three library appointments.

—Set a meeting for 1:30 p. m. today (Thursday) with Ronnie Purcell, fiscal agent, concerning the city's street paving program.

—Heard a request from restaurant owners Guy Floyd and L. D. Jackson that the city increase its payment of 70 cents a meal for prisoners' meals.

—Decided to ask the Texas Municipal League for recommendations on the adoption of a new junk car ordinance.

—Heard Mayor McCrary explain the federal grant procedure for the Governments (LMCOG), in which Lubbock Municipal Council of the city and county plans to participate during the coming fiscal year.

—Heard the mayor read a letter from the State Insurance Commission recommending that the city not permit the construction of above-ground diesel fuel tanks in the primary fire zone.

—Voted to invest 120,000 from the water and sewer fund in time deposits at the First National bank.

The city manager position for which the applicants will be interviewed Friday night has been made vacant by the resignation of E. A. (Eddie) Warren. Warren is still spending some time in the

position, however, until a new manager is hired, and was present at Monday night's council meeting.

Walker, who had applied for the position of corporation court judge, was appointed to replace Percy Printz, who resigned. There were two other applicants for the position.

The caliche on which the city gave permission for removal from the park consists of about 30 loads and is on the south side of the park, the council was told. It was hauled there for the proposed trailer camp site, about which nothing further has been done. The park board advised the city that the county would haul the caliche away if permission was given.

The motion that the police chief's automobile be identified as a city police car by a flashing light and insignia was made by Councilman Mike Mitchell and seconded by Councilman Donald Windham. The four councilmen present all voted in favor of the motion. Only Councilman David Newby was absent.

The status of the dog ordinance was discussed after the police

chief told the council that the stray dog problem is causing "lots of complaints." He explained that his department is hampered in enforcing the ordinance because of a temporary injunction granted some two years ago prohibiting the officers from going on private property without the owner's consent to pick up dogs in violation of the ordinance.

The dog ordinance case is still pending, the city manager told the council. He added that he did not believe a temporary injunction was

## Virtual cloudburst

# Rains up to 6.5 inches measured

A virtual cloudburst Monday night and early Tuesday morning dumped up to a measured 6½ inches of rain on western Garza County and eastern Lynn County to climax seven straight days of May rains.

Although some county roads were reported "washed out", some field "washed" and plenty of field water lakes formed, the rains did a lot more good than damage according to first assessment by County Agent Syd Conner.

Post's official moisture measurement for the seven days—starting last Thursday—totaled up to 4.67

inches which brought the 1969 moisture figure here to 9.42 inches for the year to date.

Post received only 1.60 officially in the Monday night-Tuesday morning (See Cloudburst, Page 8)

## Didway promoted at Postex Plant

Walter Didway has been promoted to personnel manager for the Postex Plant here and the Hall Plant at Memphis, Vic Slater, general manager, announced May 1.

Didway, who has served as assistant personnel manager for the past 15 months, succeeds Dick Dickson, who was transferred to the Sherman, Tex., plant of Burlington Industries as personnel manager.

Dickson had been personnel manager for the Postex and Hall plants for about two and a half years. "He will have functional responsibility for the Postex and Hall plants and will visit us periodically," Slater said.

The youngster was treated by a local physician before being taken to the Lubbock hospital. His mother said Tuesday that he will be in the hospital indefinitely.

## Chamber directors decide

# Post to have new Yule decorations

Post will have attractive new Christmas decorations come December, Post Chamber of Commerce directors voted at their May meeting Tuesday night.

The Chamber's decoration committee, of which John Brockman is chairman, is expected to sign a contract this week with Vaughn's Christmas Decorations of Lubbock for the new decorations which will cost approximately \$3,000.

The Chamber expects to pay for them over a three-year period. The new decorations will consist of eight strings of new decorations

and lights plus two large, lighted "Season's Greetings" strings which will stretch across Broadway on both the north and south approaches of US-84.

The Chamber is hopeful of selling the city's present holiday decorations. The organization received a 25 per cent discount on the new decorations by contracting for them before June 1.

Brockman's decorations committee, which must complete financial arrangements for the purchase, includes Harold Lucas, T. B. Odum

## Youth injured in pellet gun mishap

Mike Hays, 11-year-old son of Mr. and Mrs. Pete Hays, underwent surgery in West Texas Hospital at Lubbock last Friday morning after a pellet gun accident Thursday afternoon in which he was struck in the left eye by two BB's.

The surgeons decided not to remove the BB that lodged behind Mike's nose, his mother said.

The accident occurred at the home of the youngster's grandparents, Mr. and Mrs. Morris McClellan. The pellet gun, loaded with BB's, had failed to fire when Mike pulled the trigger and the gun was accidentally discharged when he looked down the barrel.

The youngster was treated by a local physician before being taken to the Lubbock hospital. His mother said Tuesday that he will be in the hospital indefinitely.

ON THE PROGRAM AT AWARDS BANQUET

Ken Callaway (extreme right) of Lubbock was speaker at the annual awards banquet of the Garza Memorial Hospital Auxiliary Friday night. Others, from left to right, are: Kenneth Edge, hospital administrator; Mrs. Jim Prather, who opened

the meeting; Mrs. W. A. Long, Auxiliary president; County Judge J. E. Parker, and the Rev. George L. Miller, master of ceremonies. (Story on page 8).—(Staff Photo)

## July the Fourth event is planned

# July the Fourth event is planned

The Post Chamber of Commerce and the Post Jaycees will co-sponsor an Independence Day Celebration on the Fourth of July. The celebration will include a free barbecue for residents of Garza County. Plans for the big event are to be worked out by a committee that has Gene Moore, chairman.

Women who form the Operation Clean Sweep organization have faith in the citizens of Post to clean up their own properties without a lot of pushing.

They decided at their very first meeting they wanted to concentrate their clean-up efforts on those which haven't been tried before—like tearing down "leaky houses", hauling off cars, cutting the waist-high grass on unoccupied vacant lots, cleaning up the local properties from the two major high-through towns.

These things, the women realize, we can have a clean town.

Women have asked for city action in all these matters. They think they can expect more cooperation to get their "Postings" accomplished.

Leaves the rest of it—cleaning up individual residential and commercial properties—up to the people who live in them and work in them. (See Postings, Page 8)

Band ratings

# Band, choir score high at Festival

Post High School band and choir received two Division I ratings at the Tri-State Music Festival in Enid, Okla., last Thursday and Saturday.

Band ratings also went to two ensembles and one individual and to two choir quartets.

Director Herb Garner's band received Division I in marching and in the parade competition. Director George M. Willson's choir receiving Division I in concert and in sight reading.

Ken Callaway and Joe Bailey. The Chamber will undertake the free barbecue for the celebration, enlarging the barbecue from one for Postex employees only.

All groups and clubs in the area will be contacted to operate different kinds of booths, hold sack races, conduct bingo, hold an old fiddlers contest, arrange canoe races, etc.

An evening fireworks display also is being considered.

"If we can afford the fireworks we want to have them," Moore explained. "We may not have as many fireworks the first year and we'll shoot them off ourselves, but it will be a start."

## Rites set today for Garnett child

Funeral services for three-year-old Jim Bob Garnett, who died of spinal meningitis about 12:50 a. m. Wednesday at West Texas Hospital in Lubbock, will be held at 2 p. m. today (Thursday) at the First Presbyterian Church.

The child, who lived with his grandparents, Mr. and Mrs. G. T. Childers on the Cross H Ranch, east of Post, was admitted to the hospital Monday night.

He was born in Post on March 24, 1966.

Besides his grandparents here, the child is survived by his parents, Mr. and Mrs. T. M. Garnett, and two sisters, Debbie Joe and Terri Lynn, all of Hereford, and two other grandfathers, Glen Burrows of Clayton, N. M., and T. U. Garnett of Matador.

The Rev. George L. Miller will officiate at the funeral services, with burial in Terrace Cemetery under the direction of Mason Funeral Home. Pallbearers will be Raymond Cathey, Jimmy Moore, Pee Wee Johnson and G. H. Clanton.

SUPERVISOR RETIRES

Max W. Mitchell retired May 1 after 35 years as an employe of Continental Oil Co. He has been area supervisor in Garza County for the company since 1962.—(Staff Photo)

# Started as roustabout in Borger oil fields

Max W. Mitchell of 308 Osage retired May 1 after 35 years with the Continental Oil Co., 17 of those years as an area supervisor.

Asked what his plans are now that he has retired, Mitchell said he thought he would do the same as another fellow he'd heard of who had retired. "He said he was going to sit down in a rocking chair until he got rested, and then start rocking."

In a more serious vein, the Post man said he was undecided what he would do, but that he has a number of things in mind. "I don't want to take anything that ties me down, however," he said.

It was during the dark years of the depression, in 1934, that Mitchell started to work for Continental at Borger as an extra roustabout.

"Times were so hard there were usually three guys looking over your shoulder trying to get your job," he recalled.

Mitchell said he worked all over the Panhandle until World War II came along when he enlisted in the Air Force at the age of 25. He served 33 months, all except 30 days of it at what is now Reese Air Force Base, near Lubbock.

Promoted to supervisor in 1953, Mitchell and his wife, Eunice, moved to Post in 1962. As supervisor here, he was in charge of all the company's Garza County production, which amounts to about 30,000 barrels of oil a month.

"I've always liked being a supervisor," Mitchell said, "because it's a job in which you are more or less isolated from the company's operations and it's up to you to make your own decisions."

He is proud of the fact that he did not have a lost-time accident during the 35 years he was employed by Continental. The company was proud of it, too, for they awarded him pins at five-year intervals for no lost-time accidents, each pin a little more valuable than the one that had preceded it.

"I worked as an automobile mechanic before going to work for Continental, but I'd always wanted to get into the oil business," he said.

The Christmas Seal mobile X-ray unit of the West Texas Tuberculosis Association will be in Post all day next Tuesday, May 13, under Rotary Club sponsorship, to take as many chest x-rays as possible of adults and youngsters over 12.

The mobile unit will be located at the Post Primary School building from 6:45 a. m. to noon and will be downtown from 1 to 5 p. m. Donations of \$1 each are asked to pay for the cost of the film and reporting back by mail on x-ray results.

## CLEAN-UP CORNER

The Monday night rain didn't stop the "weed party" held to clean up the unsightly vacant lot between United Super Market and Ray Spoth's auto agency although it did hasten the departure of workers for home a few minutes early.

J. C. Hodgkiss, new assistant plant engineer at Postex, gave the party a mechanical boost by bringing his riding mower along.

The next "weed party" is 7 p. m. Monday night at the old laundry property in the 400 block on South Broadway. Y'all come!

## The goal of Operation Clean Sweep

A pioneer Post resident who cares told us last year in returning from a train trip that "Post is the dirtiest town I ever saw from a train window."

It is doubtful if the highway traveler could think much better of our town looking at it from the "front side."

This is what Operation Clean Sweep is all about.

Next week this is to be a town-sized clean-up in which not only does the property owner look after his own property but is asked as a good neighbor to look after his neighbor's, too, if the neighbor needs assistance.

But Operation Clean Sweep, conceived by a group of local women, is more than that.

Post's shaggy, unkempt look is greatly compounded by 62 "abandoned houses" which give 62 neighborhoods a desolate look, 100 junk cars scattered around town—an obvious blight to any attempt at tidiness, and over 200 vacant lots uncared for over the winter which together have collected several tons of trash blown about by fall and winter winds.

Operation Clean Sweep hopes to do some sweeping here, too. The women will be asking

junk car owners to voluntarily permit those junk cars to be hauled off to the junk yard where they belong. They are asking the city to cooperate by tearing down those abandoned hulks of houses of Post's early oil days. They will be asking lot owners to shred their lots and the city to do it if the property owners don't.

In other words, the clean-up jobs Post hasn't ever tackled really are going to be "continuing projects" for the women this summer.

If they can carry these three projects to successful conclusion Post—with YOUR HELP—can be clean again.

Next week is the week to get your home and business clean-ups accomplished.

The women are asking you to "be neighborly, too" and clean up maybe for the old folks who live next door, or by cutting the yard on the vacant rental property two doors away.

The women are going to keep their "strike parties" going along Post's highway streets to give the traveler the best possible impression.

We don't know what to do about the railroad track. Maybe it's a good thing the Santa Fe has taken off its passenger trains.

Will YOU help so everybody can start taking some pride again in Post's appearance?—JC

SUNDAY IS Mother's Day and a reader has turned in a wonderful tribute which fits mothers everywhere. The reader emphasized that she did not write the tribute, but that she clipped it from a magazine several months ago. Regardless of where it came from and when, I think you'll agree that it is most appropriate for the occasion.

## ★ JUST MOM

The greatness of a mother has never been better told than when an old woman was chosen by her community for a special honor and she replied, "Who, me? Why, I've never done anything. I've just brought up a houseful of kids to be decent men and women. That's all."

"She never did anything," yet she was a soldier who fought her battles as bravely as any general whose breast is covered with medals and whose deeds live in song and story. Eight times she faced death through torture that has become the synonym for suffering to bring her children into the world. Her life was always a hand-to-hand fight with poverty and ill health and discouragement, but she never once ran up the white flag.

"She never did anything," yet she was the financier who would have been Secretary of the Treasury if she had gotten her just deserts. Balancing the budget would have been no trick at all compared to spreading her husband's thin pay envelope over the needs of a big family. Yet she did it.

"She never did anything," yet she was a jack of all trades and good at them all. She was a judge who had to use the wisdom of Solomon in settling the disputes between her children. She was a doctor who knew what to do for minor juvenile ills and who could kiss a bump and make it well. She was a nurse whose hands had healing in their touch, and who could go without food or sleep or rest while a sick child clung to her who would only be quiet in Mother's arms.

"She never did anything," yet she was the character builder whose work made the kind of men and women who are the glory of our country. She had rock-bottom principles and she founded her children on them. She had high ideals that she always held before her sons' and daughters' eyes, and she predated in their honor and honesty and decency until these qualities became as much a part of her youngsters as their own skins.

"She never did anything," yet she was a day laborer who had no union hours and no forty-hour week. She had no holidays, no vacations, not even a Saturday afternoon off. For there was always so much to do in a poor household where there were no servants and where the babies trod on each other's heels.

"She never did anything," yet she was a heroine because with her own hands she raised her children above herself and opened doors for them which would be forever closed to her. She went shabby that they might have good clothes. Hungry that they might be fed. She stayed put that they might travel.

"She never did anything," yet she cooked in the kitchen the good food on which her children entertained their friends in the parlor. She sat up nights making pretty dresses in which her lovely daughters would dance at parties, and washing the shirts so that her boys would be spick and span and efficient looking when they went to work.

"She never did anything," yet for years and years she slaved and pinched pennies and denied herself even the medical attention that she knew she needed, that her sons and daughters might have the education that would forever put them out of her class.

"She never did anything," n.o. Of course not. She was just Mom, and even her children never knew how great she was.

There is much talk pro and con nowadays about the effect of tobacco on the human being. It makes me think back to the day I heard an old-timer tell a story that has stuck. He said he got the story from his grandfather, and his grandfather had heard it from a fellow who had first-hand knowledge of an experiment conducted by the young king of a small principality in Central Europe.

The prince who had stepped to the throne was eager for definite knowledge concerning the use of tobacco and its effects. He went to the dungeon and selected five robust outlaws who were in for life, and he explained to them what each was expected to do. No. 1 was to smoke exclusively. No. 2 was to use all three. And No. 3 was to use all three in any form.

Upon the death of each man a post-mortem was performed. No. 1, who smoked, had no lungs. No. 2, who chewed, had a stomach that was in tatters. No. 3, who used snuff and pulled the fine, brown

## Soil Stewardship Week, May 11-18

The nationwide celebration of Soil Stewardship Week is May 11-18. This is a week set aside so Americans can take a closer look at their responsibility to the land that gives strength to all.

The responsibilities for the conservation of these resources is by far given to the Soil and Water Conservation Districts and their supervisors in Texas. They are sponsoring Soil Stewardship Week. The supervisors of the Garza Soil Conservation District encourage all of the churches in the district to participate in Soil Stewardship Week.

The conservation and development of Texas soil and water resources is essential to maintain the economy of the state. It cannot afford the loss of land, waste and pollution of water and other abuses to natural resources.

Each individual is dependent upon the soil, whether he dwells in the country, town, or city, or whatever his vocation may be, its blessings

and its demands touches all alike.

Conservation is the preservation of natural resources for food, fiber, economical use and for the preservation of the American way of life.

"It is altogether fitting that we should set aside a week when we express unto God our gratitude for his blessings upon our land and our willingness to be faithful to our stewardship," Soil Stewardship Week sponsors said.

"For the people of God, stewardship of natural resources is based upon the word of God. The Bible plainly sets out that ownership of the resources is God's. Stewardship, including use and conservation, is man's responsibility. In Deuteronomy 31:6-11, we find these words: 'A land wherein thou shalt eat bread without scarceness, thou shalt not lack anything in it; a land whose stones are iron, and out of whose hills thou may dig brass. When thou hast eaten and art full, then thou shalt bless the Lord thy God for the land which He hath given thee.'"

## Communities set good examples

Community-wide cooperation in the annual Texas Community Improvement Program contest has paid off in the rural communities of Close City and Graham, even if the communities do not win a prize in the contest.

The improvement work has pulled the inhabitants of the already closely-knit communities even closer together and, at the same time, has improved the appearances of the farms, the homes and even the communities themselves.

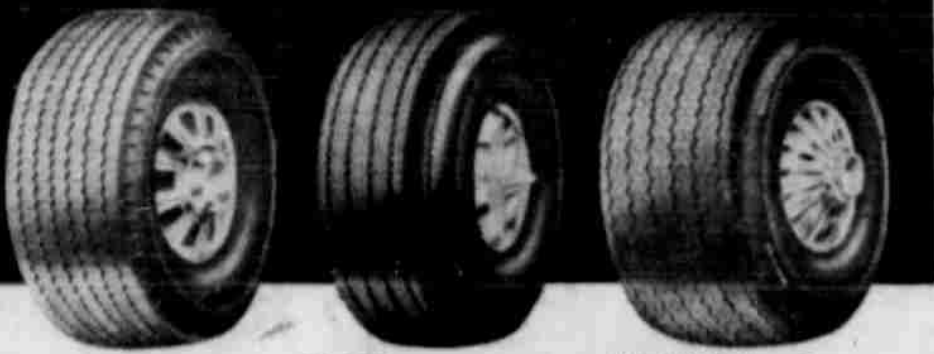

At the same time, we, here in the county "metropolis" of Post are having our troubles trying to get together on even the most elementary type of a clean-up and fix-up campaign.

There is the argument, of course, that in smaller communities it is easier to get things done because there isn't so much that needs doing. On the other hand, there is the rebuttal that there are more of us here to do it. We just need to get together on it. The way they did at Close City and Graham.—CD

## Muleshoe woman, former resident here, builds house out of bottles

Mabel Caldwell of Muleshoe, who was a resident of Post 19 years before moving away last year, has built a house of bottles the only one in Texas that she has ever seen.

According to a feature story in the May 1 issue of the Muleshoe Journal, Mrs. Caldwell became interested in bottle collecting last year. At about the same time, she read of a woman in Santa Susana, Calif., who had built a house of bottles. She wrote to the woman and received picture postcards of the house, which made her want to do the same thing.

Constructed of more than 3,000 quart bottles set in concrete, Mrs. Caldwell's house is round, with walls about six feet high, sloping up to six and a half feet, with a wooden roof on it. The bottle house was built in only about six weeks, in her spare time.

She has also used bottles to build small stands around the house, a planter, flower beds and a wishing well.

Statistics on Mrs. Caldwell's bottle collection are astounding. The bottle house has over 3,000 bottles; a cactus bed and rock bed have 854; the well has 275 quart bottles and the planter has 288 baby food bottles.

Mrs. Caldwell was born in Wood County, in East Texas. She and S. C. Caldwell were married in 1923 at Stamford and lived in the Peacock community until they moved in Post, where they lived for 19 years before moving to the YL community near Muleshoe in 1947. Mr. Caldwell was a farmer until his death about five years ago.

## Post girl sings in college choir

ARLINGTON — Micki Sterling, daughter of Mr. and Mrs. Dean Sterling of Post, is a member of the A Cappella Choir and Holiday Singers at the University of Texas at Arlington.

The singing groups, fresh from a spring tour through South Texas, climaxed their 1968-69 season with a performance for the home folks at 3 p. m. Sunday, May 4, in the University Theatre.

Directed by Gary Ebensberger, the 62-voice choir performed all types of music — from serious classical and sacred selections to lighter folk tunes and spirituals. The Holiday Singers, a select group from the choir, added popular tunes to the program.

## March bond sales in county total \$9,296

According to J. B. Potts, chairman of the Garza County Savings Bonds Committee, the sale of U. S. Savings Bonds and Freedom Shares in the county during the month of March totaled \$9,296. Quarterly sales totaled \$25,131 or 19 per cent of the 1969 goal of \$130,000.

During the first quarter of 1969, sales in Texas totaled \$46,756,377 — an increase of 1.7 per cent over sales during the same period of 1968. March sales were \$13,694,597 as compared to \$14,174,157 during 1968.

## Graduates from officer course

WICHITA FALLS, Tex.—Second Lt. Donald G. Hammonds, son of Mr. and Mrs. Cecil I. Hammonds, Rt. 2, Tahoka, Tex., has graduated at Sheppard AFB, Tex., from the course for U. S. Air Force missile launch officers.

Lieutenant Hammonds, a graduate of Tahoka High School, is being assigned to McConnell AFB, Kan., for duty with the Strategic Air Command.

The lieutenant received his A. S. degree in 1964 from Lubbock Christian College and his B. S. degree in 1967 from Abilene Christian College. He was commissioned in 1968 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Yvonne, is the daughter of Mrs. Marie Dismukes, 123 North Ave. M, Post, Tex.

## State Fair of Texas books Cohan musical

DALLAS — "George M!" — the new musical about that famous Yankee Doodle dandy, the beloved American showman, George M. Cohan—will be the 1969 State Fair of Texas Show at the Music Hall.

"George M!" will play Oct. 3-19, with performances Oct. 3-18 nightly, except Mondays, and matinees Oct. 4, 5, 11, 12, 18 and 19.

Joel Grey, who took the title role in the Broadway production, will head the touring company.

## Littlefield is putting up 'tallest' windmill

LITTLEFIELD — "The Tallest Windmill in the World" — a 198-foot tower topped with a 12-foot-diameter maroon and white wind wheel — is being erected here by the Littlefield Chamber of Commerce.

Jim Kelly, executive director of the Chamber of Commerce, said the windmill will simulate pumping, but that a well will not be drilled at the site. There will, however, be a water fountain for thirsty visitors.

Landscaping around the windmill will be done by "We, the Women," a Chamber of Commerce-affiliated organization.

## Town kept clean by lady mayor

EDMORE, N. D.—When you elect a woman as mayor, as Edmore did, you can expect to have a good spring housecleaning.

Mrs. Rodney Sparks has been the mayor of this town of 400 residents the past three years. Ever since she took office, she's insisted that Edmore be clean.

"During May, we'll have to get out and clean up again," said the mayor as she drove around Edmore the other day. "It won't take long this year. We've got things pretty well picked up here in the past few years."

The big cleanup was in 1966. Some 400 truckloads were hauled

to a dump ground. "We worked 11 nights," the mayor recalled. "We carted off old out-houses, car bodies, old fences. We took everything that was laying around . . . you know, this town had never really had a good clean-up."

## VOTER REGISTRATION

AUSTIN—Texas voter registration dropped off almost a million for the 1968 elections. There are now 3.3 million registered voters compared with more than 4.0 million in the 1968 presidential election year.

## Larry Mahan in lead for rodeo's 1969 top honors

DENVER, Colo.—Larry Mahan moved into the lead in All Cowboy standings for the rodeo this year, the Rodeo Cowboys Association said here today.

Mahan is making a bid for a 10th consecutive crown. Only Thomas Jim Shoulters has won straight. The All Around laureate winning the most in two events in one year.

The association said this has been the closest title race, at this stage of the rodeo season, in 10 years.

Mahan has grabbed the lead in fellow Oregonian Doug Standish, with winnings of \$15,462 to Standish's \$14,487.

In addition to Shoulters, only Idaho's Dean Oliver and three consecutive All Around winners are currently fourth in standings with \$12,034, and Standish is in a record eighth place.

Mahan won All Around Saddle in 1966, '67 and '68, and a combined \$141,483. He is in position for another assault on the personal record financial association reported.

### Tribute is paid mothers at FHA banquet Tuesday

Dr. Nell Record of Wayland Baptist College paid a tribute to mothers at the annual Mother-Daughter banquet of the Future Homemakers of America chapter Tuesday evening in the school cafeteria.

Prayer, love and sacrifice are three things you get from your mother that cannot be replaced by anything else. Dr. Record told the FHA members. He used incidents from the Bible of mothers' prayer, love and sacrifice to illustrate his point.

The welcome was extended by outgoing FHA president Marsha Tipton, who also introduced 1968-69 officers of the chapter and of the Little Sisters chapter. Chapter reports for 1968-69, also introduced Miss Tipton, are Mr. and Mrs. Tom Norman and Mr. and Mrs. Charles Maddox. Mr. and Mrs. Marshall Tipton were also introduced, along with Mr. and Mrs. Norman, as 1968-69 chapter parents.

## It's My Turn

— By MRS. C.

It's the time of the year when East Texans, who have been "transplanted" to West Texas, get nostalgic about their birthplaces.

Since my recent column on Bluebonnets and Indian Paint Brush I've had at least a half dozen such persons make this comment. Alma Bland (that's Mrs. Cecil) called and told me that I might be right on the Indian Paint Brush identification but as an old East Texan she grew up calling it Indian Blanket.

Both of these "nicknames" are obvious when one sees this wild flower "blanketing" fields in all its reddish orange glory as far as the eye can see.

To keep life spicy, I did have one letter disagreeing with me about what Indian Paint Brush looks like. The letter was from Mrs. Ray (Maxine) Farrar out in Ontario, Calif. She pointed out that Indian Paint Brush covers the California foothills every spring and is a rather busy plant about a foot high with bright tubular-shaped flowers. What she is seeing is probably what Californians call Indian Paint Brush I've noticed that different states call wild flowers by different names.

But, thanks to Sam Etter, the man who originally set me straight on bluebonnets, I know I am right (for once) about what I am identifying as Indian Paint Brush. Sam brought me a beautiful brochure put out by the Texas Highway Department in which 56 varieties of Texas wild flowers are pictured and identified.

If you would like one of these brochures write to Texas Highway Department, Travel & Information Division, Austin, or see a friendly highway department official. If you want a look before you order, one of the brochures is on display at the Post Public Library.

It's also that time of the year when we have to suffer through weather alerts. Gone are the days when one can enjoy a good old storm. We have to be blasted by TV and radio saying we are under an alert and they go on and on and on and on about it.

I'm always amused at Gage and Hobart, Okla., being mentioned so frequently. Unless those sleepy little towns have changed in the last few years, they had no idea they would be on the tip of so many tongues in Texas and New Mexico every spring. They join with Fraser, Colo., (that's the town in Colorado that you hear mentioned all winter long as being the coldest in

the nation) in having weather stations in their areas. Nice lot of free advertising, that!

We residents on the west side of the block on Osage Avenue (and perhaps those residents on the east side of the block on Mohawk) were lightless for two hours Friday night when lightning struck a transformer in back of the C house. Mr. C and I had just finished dinner when it struck. Friday being a bad TV night (most nights are as we are in the season of re-runs accompanied by new commercials) Mr. C and I weren't disturbed about it being off. I saw I could get out of doing the dishes and that didn't bother me.

We sat peacefully in the candlelight talking over the day and we played a few games of "scribble". This was fine for an hour or so but the day wasn't all that exciting to discuss and Mr. C was beating me in "scribble" so the time began to drag.

I really wanted to be reading a good book so I gathered up all the large candles I could find and set them on the headboard of our bed. Mr. C just looked at me in amazement wondering if I really thought I could read by that small amount of light. I refused to admit I couldn't and crawled into bed and opened my book. Mr. C, in the meantime, had gone to the kitchen

### Patsy Ann Pierce, Ronnie White wed

Mr. and Mrs. Charles K. Pierce are announcing the marriage of their daughter, Patsy Ann, to Ronnie Joe White of Austin.

Double ring vows were read at 6 o'clock in the evening, April 18, at the Hyde Park Baptist Church of Austin with the minister, the Rev. Ralph Smith, officiating.

The bride wore a street-length white satin dress with matching overdress dotted with white velvet flowers. She carried a cluster of white roses, atop a white Bible.

Mrs. White is a 1968 graduate of Post High School and is employed at Holy Cross Hospital in Austin. Mr. White is a 1965 graduate of Travis High School and is employed by Sencor of Georgetown.

The couple is at home at 2909 Oak Crest Ave., Austin.

# Rain every day for five days in Southland area

By MRS. EDMUND WILKE  
Greetings to you from "Lake Southland". Well, it looks like a lake around our house. We have received rain here every day for the past five days, and it looks like it will go right on raining. Congratulations to Joe E. Basinger, who won second place in high jump at the State Track meet in Austin last weekend. Joe jumped six feet and the boy who won first place jumped 6 feet, 2 inches. Accompanying Joe to Austin were

his mother, Mrs. Clarence Basinger, Mike Mason and Coach and Mrs. Bob Dyess and Monica. They went to Austin Thursday morning and returned Sunday afternoon. Mrs. Minnie Lee Whaley says it is wonderful to have good neighbors like Mr. and Mrs. Spence Bevers. They took Mrs. Whaley's children to and from the basketball games this year and she appreciated it so very much. Mrs. Stonewall Jefferson and granddaughter, Doreen, accompan-

ied Mr. and Mrs. Hersie Davis of Amarillo, to Houston where they visited Mrs. Jefferson's sister and a cousin, Mrs. Bula Green, she had been raised with but hadn't seen in 36 years. They also visited in El Campo with Mrs. Jefferson's mother, Mrs. Maggie Swain, and also in Wharton with her brother, Horace Owens.

Mr. and Mrs. Wallace Becker, Edmund, Sheri and Yours Truly were Sunday dinner guests of Mr. and Mrs. R. M. McMinn at Slaton.

Mr. and Mrs. Ben Cardenas and family have moved to a farm close to Cooper. Mrs. Cardenas is at home now after spending a week in the hospital, quite ill. We certainly hope she continues to improve.

Dayneen Dunn, graduating senior, was honored with a party last Saturday, given by Miss Linda Robinson at her Slaton home. Other guests were Sherri Wilke, Dessa Dodd, Mickey Mason, Patsy Dunn, Linda Melugin and Treva Montgomery Potter. Games were played and refreshments served.

**ROBERT LANGE** nephew of several residents and former residents of this community, along with another young man, was swept off a bridge in high water near Georgetown last Saturday about midnight. The other young man saved himself by hanging onto a tree, but Robert wasn't so lucky, because he was swept away and at the time of this writing, he or the car had not been found. His relatives here are Mrs. Selma Kiesel, Mrs. Marie Kiesel, Mr. and Mrs. Walter Voight and Mr. and Mrs. Walter Maeker. May God comfort these families in their great sorrow.

Blane Dyess stayed in the Donald Basinger home while his parents attended the track meet in Austin.

Mrs. Junior Becker and sons, Dennis and Darrell, went to Fort Worth last week to visit her sister who had undergone surgery. They returned on Sunday. Her other son stayed with his grandparents, the Willie Beckers.

Mr. and Mrs. F. W. Callaway spent the weekend at White River Lake.

Mr. and Mrs. Ramon Garza and children left Monday morning for Hesperia, Mich., where they will be working for the next few months—probably through the summer. They plan to return in the fall to their home here.

Otto Klaus was dismissed from Mercy Hospital a week ago Tuesday.

Mr. and Mrs. Lee Troy Lester and children of Midland visited relatives here over the weekend.

Mr. and Mrs. Don Pennell have moved to Post. Sure going to miss them around here. Another young couple that we are going to miss are Mr. and Mrs. Cecil Stolle and Beth. They have bought a house in Slaton and will move there between May 15 and 20.

I would like to wish each of you, whether you are a mother or not, a most blessed Mother's Day.

Proposed CONSTITUTIONAL AMENDMENT  
NUMBER NINE ON THE BALLOT (HJR9)

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Section 5, Article III, Constitution of the State of Texas, as amended, be amended to read as follows:  
"Section 5. The Legislature shall meet in regular session each year at such time as may be provided by law and at other times as convened by the Governor. When convened in odd-numbered years in regular session, the Legislature shall devote the first thirty days to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of such session the various committees of the House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as

may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided, however, either House may otherwise determine its order of business during this session by a affirmative vote of four-fifths of its membership.  
"Regular sessions in even-numbered years, commencing in 1972, shall not exceed sixty days and shall be limited to legislation on the subjects of providing funds for the support of functions and activities of the state government and emergency matters submitted by the Governor in messages to the Legislature. At each regular session, commencing in 1971, appropriations shall be made for the support of functions and activities of the state government for the next fiscal year."  
Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide for annual legislative sessions."

### PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT  
NUMBER FIVE ON THE BALLOT (SJR5)

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows:  
"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they exist or hereafter may be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:  
(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;  
(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;  
(3) Needy blind persons;  
(4) Needy dependent children and the caretakers of such children.  
"The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate.  
"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year.  
"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes.  
"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.  
"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition: "The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

# THE CHRISTIAN MOTHER

By Bernard S. Ramsey

I think it may be said that the large majority of outstanding men and women who have made significant contributions to society have come out of great Christian home backgrounds.

When Roland Hayes, one of the nation's foremost Negro singers—of the last generation—and a great Christian spirit, was a little boy twelve years old, his old ex-slave mother decided that her three children should have an education. There was no chance in Curryville, Georgia, where they lived.

So one evening she called them to her in the little cabin and told them stories of educated men. She said they would move to Chattanooga, sixty miles away, and work for an education. They walked the entire way barefoot to save their shoes. After years of toil her boys had an education.

Ten years later Roland was studying voice in Boston. He sent for his mother, and she made a home for him there, making the furniture for the two rooms out of the packing cases in which she had shipped her goods. She dedicated herself to his career, working day and night that he might have the funds to continue his lessons. Said he: "I learned more about how to enunciate my words from my old Negro mother than from any singing teacher I ever had."

ate my words from my old Negro mother than from any singing teacher I ever had."

In his home Roland Hayes had a shrine for his mother, an oil portrait by a famous artist. Showing her in simple dress as he had known her, the picture was lighted by a spotlight and had a vase of fresh flowers on either side at all times. Said he: "I have met the great women of the earth, but I have never met one who was inherently finer than my own mother, white or black."

It is in homes like that—plain homes, simple homes, God-fearing homes, homes of faith and prayer—that dreams are kindled, and the qualities of courage, sacrifice and industry are developed that make men great in character, achievement and service.

Thank God for homes like that today. God saves us from homes of selfish snobbishness and help us to make our homes rich and wholesome backgrounds for lives of useful leadership. For Christian homes dare not be homes of dilettante self-interest, but homes that make a creative contribution to Christian society.

One question: How can any home really be Christian unless it is a Church-going home?

# 'Fog Odessey 1992' reveals future of this year's PHS seniors

By Stella Hall

I thought I was one of the lucky seniors of '89. However, a few days ago my luck disappeared; I overcame with the inevitable result that I would be dreadfully late for school that morning. Dressing quickly, I grabbed my books and rushed out the door to start my walk to school. Running, running, I realized that I was getting farther from nowhere. Catching my breath, I paused and glanced around. Something was wrong; something clutched at my clothes and my ankles. Swirling and curling heavily around me was the thickest fog that had ever existed in this direction. I plodded through. Unexpectedly the fog cleared; a large open area, encompassing nothing, appeared. Bewildered, I stood there with fear and curiosity.

Coming into focus appeared a young bald man wearing wildly colored surfer's pants and a long, striped shirt, who remotely resembled my fellow classmate Ben Miller. Sure enough, across his forehead were stamped the letters "E.E.N." Approaching, he called "Grace, follow me into 1992: A Fog Odessey." I had somehow been thrown into the future; into a time and space in which I could envision my classmates 23 years from now.

Drifting out and back into the haze of the futuristic fog in a steady stream appeared my friends, first to float by was Dr. John Michael Scott on cloud nine, who, after struggling through medical school, finally proved that lung cancer isn't caused by cigarettes but by physically overworking the lungs.

Could it be — yes! Glen Ann and James McBride and Vickie and the Bilbo appeared in my sight. The boys had just retired from being after winning the Indiana 500. I know that Glen Ann and Vickie are glad they have decided to settle down and quit risking their lives for trophies.

Oh, Loretta Gatlin Pierce just glided by. Even though she has four children, her poise and beautiful dark hair remain unsmudged. There goes Barbara Bartlett Gatlin behind Loretta. Barbara's oldest son will soon be graduating from Harvard.

Kay Lofton just popped by. As press secretary for the President of the United States, she surely seemed to be in a hurry. But — but, I can't believe this! The 43rd President of the United States just appeared, and it is — would you believe — Mike Criswell, whose firm belief in fairness and justice has made him the most popular President ever. Good grief, this is ridiculous! Vice President Ronnie Williams just trailed after him. He seems to always be following President Criswell.

What's that flash? Well! It's Danny Bostick still taking pictures. But now he's the leading photographer for Time magazine. His next assignment is to corner pro golfer Tommy Duncan's adept putts at the Masters' Tournament. Marsha Tipton graduated from college a few years ago. She has a master's degree in Journalism and is now editor of Time magazine.

Gosh, Janice Gordon, Connie McWhorter, Jan Bullock and Brenda Lee just floated past. They have formed a partnership and now own and operate "Hair," the elite hairdresser's shop in London. It appears that many of America's movie stars must go there.

Debbie Dickson, who was Miss Universe of 1972, has become the only model with a PhD degree in Economics and Government. She is now a professor and works part time as a model.

Donna Stewart is doing well for herself. That gay and delightful businesswoman now owns "Stewart's Lingerie." She is in a hurry now, as the Queen of England has just entered her shop.

There goes Marsha Jo Walls. She must be proud of her accomplishment. Recently, she was awarded the Women's World Wrestling Championship. I hope she keeps up the good work and doesn't let anyone gain her title.

Danny Dozier is doing very well. He owns and operates his own factory. The name of his factory is — can you believe — "Dozier's Meat Packing Industry." So far, he seems to have been highly successful.

Mickey Saldivar is one of America's finest clerks. She works for the Ambassador to Korea, who keeps her pretty busy.

Connie Rivera is happily married. Even though her children are in high school and college, she is gay and helpful to people in need.

Debbie Sneed has opened a fine business. She is really helpful to the mothers with her Sneed's Child Care Center." She really enjoys working with the young children.

I always knew that quiet Larry Brown would make it someday. By quietly speculating on the stock market, he now owns J. Paul Getty.

Good ole Steve Collazo is still beaming from winning Gold Medal at the Olympics last year. He defeated everyone on the track team. Kenneth Mitchell is doing extremely well in his profession. He is now manager — player with the Globe Trotters, America's finest basketball team.

Pauline Basquez trotted off to Australia a few weeks ago. She is happily married with five of the nicest children in Australia. She and her husband are trying to start a kangaroo farm.

Barbara Newbold seems to be doing all right. She has recently produced three great paintings which were all great sellers that made a fortune for her.

Charles Baker has become the world's most famous orchestra conductor. He has one of the largest orchestras ever formed. The only thing missing is the women.

Good heavens, Sharyn Bilberry and Sue Harrison are the star attractions at the Metropolitan Opera. People come from across the world to hear their beautiful voices.

Mike Petty is a Nobel Prize winner for his books of poetry. He wrote some very "far-out" poems. And Benita Noble Cummings designed some very nice covers and illustrations for his books. She also designs covers and illustrations for some of the world's leading poets.

Christine Morris decided that her career should be in a foreign country. She has been working for the Government and has finally become a foreign secretary for the United States. Jackie Rich also works for the Government; she is a Peace Corps worker, helping to care for underprivileged children in India.

Sheryl Cooper is successful with her chain of drug stores across the nation. She gets to do a lot of traveling since she has so many stores. David Midkiff is known all over the world. He operates "Midkiff's Nationwide Distributing Company."

Gez whiz, Joey Lee drifted by, and is HE on cloud nine! He won "Best Actor" at the Academy Awards recently for his role as Rhet Butler in the new version of "Gone With the Wind."

Kathy Hamilton lives in Hollywood. She is a drama coach for the popular stars of the revised film "The Graduate." Linda Josey is a commercial teacher. She teaches at "Josey's Commercial College" in New York.

Helen Hodges appears to be having fun. She is starring in the Broadway stage play "New Version of the 'Impossible Years.'"

Brenda Stelzer, a research chemist, produced a chemical for mind reading. It has been highly recommended for people who think their friends may betray them.

Lillie Wilke and Elaine Nesmith have finally received their degrees in foreign languages. Lillie has always wanted to travel, and now

Charles Neff have made their careers in the Army. Billy is a general, Rickie is a lieutenant and Charles is a captain. These boys are commanding troops, while James Pollard still teaches at New Mexico Military Institute. I wonder if he likes it there?

Linda Justice and Carolyn Ledbetter have been married for several years now. I bet they're glad that the war in Vietnam is over, and their men can rescue them from their loneliness.

Karen Lee coaches a girls' basketball team at San Francisco State College. I hope her students don't give her trouble.

There went Jerry Crenshaw. I noticed he was wearing a green football suit. Later, I realized that he must be the coach for the Green Bay Packers.

Debbie Cummings and Debbie Eubank joined the Navy to see the world. They are being promoted to four-star admirals next week, because they don't get seasick when they sail! Women in the Navy on sea duty?

Oh, Dr. Karen Hundley Johnston glided by. She just received her fourth doctorate degree this one is in child care. Oh yes, her six kids are all little devilish boys! Her column on child care will start appearing in the New York Times.

And of course, there's astro-psychic Bob Wilkins, who is doing research at NASA space center in Houston and is still reaching for the stars.

Elbert Rudd just rushed by me. He is pretty busy as a psychologist! His main area of work is telling people how to behave and how much they need diplomatic relationships with people.

## Karen's Korner

By KAREN HUNDLEY  
It's a good thing that we didn't have school last week while the band and choir went to Enid. The school would have floated a way from the excessive amount of rain. Anyway, the choir and band had fun at Enid and worked hard for their ratings. Look at the rain deluge in this way: at least your grass doesn't need to be watered for some time.

Congrats to Kippy Payne for winning second in state AA girls' tennis singles. Kippy's parents, Mr. and Mrs. Vernon C. Payne, accompanied her to Austin, as well as her coach, Mr. N. R. King, and Mrs. King, Mrs. G. E. Fleming

hates for people to be tardy. She hangs them up by their toes each time they're late. No! It can't be me! But it is. Ben Miller has decided to leave me now. He went off to Australia to chase kangaroos.

Oh, the fog and my friends are fading, evaporating into nothing. I'd better hurry and get to school. I don't want to be struck up. Now what's the matter? Why, why, I'm back at home in bed! It's Saturday morning and there's no school. I've been dreaming. Or have I? Was all that a dream of the future or was it a true glimpse of the future? I don't know which it was, and I don't care whether you believe me. Only time will reveal the true life prophecy of the Seniors of '89.

And Elbert Rudd has been accepted at Hardin-Simmons and Christine Norris at Wayland Baptist College. I hope that a large percentage of the Senior class does go on to college. Education means a great deal today.

We're glad to see Danny Dozier back in school after breaking his leg. We missed you in typing class, Danny.

There will be no dance this weekend. But the choir will present "Carouse!" this Friday and Saturday night. Be sure to come!

Economics students are branching out to do research and seminars for the next few weeks. Broad topics are chosen by each class, with the students selecting a smaller category out of that to research and discuss with the class.

Seniors: If we can finish our "Office Typewriting Practice Set" and "Lord Jim," we just might make it through graduation exercises. I think the word for the next three weeks is WORK!

**Maverick's hot! Any questions?**

Measure it any way you like. By the crowds. The news stories. The sales. Few cars have caused a sensation like Maverick or broken so many records. Every day more and more people are asking questions about it. Here are the answers.

- Q. Why did you build the Maverick?**  
A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.
- Q. Why did you call it Maverick?**  
A. You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compact and the imports. It has a wheelbase eight inches shorter than a '89 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.
- Q. Why did you make it this size?**  
A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.
- Q. What do I get for the price?**  
A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls. . . important little things that add so much to your driving comfort.
- Q. What about options?**  
A. You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semi-automatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this car. Because it's all there. A complete car all ready to drive home.
- Q. What kind of gas mileage can I get?**  
A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.
- Q. What kind of power does Maverick have?**  
A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.
- Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?**  
A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5 1/2 feet to any parking space.
- Q. Can Detroit really build a small economy car that's tough and long lasting?**  
A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)
- Q. How about parts and service?**  
A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.
- Q. Is Maverick really easier and less expensive to maintain than an economy import?**  
A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every 26,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.
- Q. Can I do my own maintenance work?**  
A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points . . . plus many other do-it-yourself repairs and replacements.
- Q. Can a small car be safe? And how safe is safe?**  
A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact—designed to stop cars weighing hundreds of pounds more. Maverick gives you weight . . . power . . . stability. Designed for American driving conditions.
- Q. How does Maverick ride?**  
A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.
- Q. Is there an advantage in the fact that Maverick is really a 1970 car?**  
A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.) Better come take a look at this one. You'll find it where the action is . . . right in there with other great Ford values like specially equipped Ford Galaxie 500's . . . Fairlanes . . . Mustangs and Falcons. You'll find them at your Ford Dealer's . . . the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department , Detroit, Michigan 48211. (Offer ends July 31, 1989.)

# Banquet speaker lauds work of 'Pink Ladies'

"Many people have left the hospital much happier because you took time to be there," John F. Lott of Lubbock told members of the auxiliary of Garza Memorial Hospital at their 1969 awards banquet last Friday night in the City Hall.

By its late president, Mrs. Eleanor Cooke.

"With your great sense of dedication you perform a service which hospitals cannot buy for its patients," said Lott, who is a member of the board of Lubbock's Methodist Hospital.

The speaker told the auxiliary members that they and others like them throughout the country are "now an indispensable part of the rapidly growing number of people involved in health care."

He urged that Negroes and Mexican-Americans of the community and teenagers, boys as well as girls, be solicited to join the auxiliary. Lott said that the Mexican American population is an untapped source of manpower in the field of health.

Following his talk, Lott answered a number of questions in regard to the operation of hospitals, including a brief explanation of how the local hospital will operate now that a hospital district has been created.

Kenneth Sledge, hospital administrator, installed as new officers: Mrs. W. A. Long, president; Mrs. Lee Bowen, first vice president; Mrs. J. E. Parker, second vice president; Mrs. M. J. Malouf, corresponding secretary and treasurer, and Mrs. Sandy Cash, recording secretary.

Sledge also, in behalf of the hospital and its staff, expressed appreciation of the volunteer auxiliary workers. He awarded a 300-hour pin to Mrs. James a 100-hour pin to Mrs. David Rogers, and 50-hour pins to Mrs. Jack Hair, Mrs. Jack Woods, Mrs. Bowen and Mrs. Jim Prather.

In her acceptance speech, Mrs. Long, the new auxiliary president, said much of the credit for the auxiliary's good record the past year should go to the staff given

"I'm from Kentucky; my wife is from Colorado; we married in Oklahoma and live in Texas. Isn't that some combination?" Mitchell asked.

When the couple moved to Post in 1962, it was the first time they had lived in town since Mitchell became a supervisor for Continental. They purchased the house they live in and have come to like Post so well that they have abandoned their original plans of moving back to the Panhandle when he retired.

## Band choir—

(Continued from Page 1) no sight reading contest being held for these groups.

Mrs. Cornish in her appearance before the council asked the city also in consider adopting a plan similar to the one Snyder has used to get rid of "abandoned buildings." This provides, if the property owner gives consent for demolition, that the building will be torn down and the property cleared at no expense to the property owner. If not, the building is condemned and cost of destruction charged against the property.

Director Germer said much praise was given the marching band by the three judges in that contest. He said in many facets of the contest, the highest possible number of points were earned by the Antelope band.

The city also was asked to consider instituting a program of shredding all vacant lots here this summer which aren't cared for by owners. A single nominal charge would be made of the property owners for this work.

According to the director, the reason for the Division II rating in inspection was, as stated by the judge, "the condition of the uniforms and instruments." In fact, for this particular portion of the contest, Germer said, the condition of the uniforms and instruments was rated Division III.

This was another successful Snyder project in its cleanup drive which led to a 1968 All America city award.

Mrs. Cornish pointed out that her survey has shown there are now 62 abandoned houses on Post's original townsite badly in need of destruction and some 217 vacant lots which have not been taken care of by their owners for over a year.

The women's Operation Clean Sweep organization is concentrating its efforts on trying to obtain junk car removal, the tearing down of abandoned houses, the mowing of all vacant lots, and the "weed party" projects to clean up properties along the two major highways through Post, rather than an all-out organization for cleanup week.

The price of a bride in Afghanistan still is often quoted in livestock, says the National Geographic.

The band directors at Kingfisher, where the choir stayed, and at Hennessey, where the band stayed, praised the behavior of the Post students and invited them back again.

The drivers of the four chartered buses on which the band and choir students and their sponsors traveled also commented on the excellent discipline of the Post groups.

The band director commented: "Aside from the musical part, I consider self-discipline, respect for authority and working as a group toward a common goal to be the main functions of any band program. It is very rewarding to me as a band director and to the administration of Post High School to know that these qualities are being learned by our Post bandmen. The parents of these bandmen have every right to be proud of their children."

## Postings —

(Continued from Page 1)

The time for this is next week. So if you want to do your share, you have your assignment. If your property or properties are already clean and trim, then go help somebody else and be a good neighbor.

The weekly "weed parties" the women have organized for Monday evenings are just another innovation for this "good neighborliness." All the folks who have attended the parties have enjoyed them too, blisters or no.

There's a city map in The Dispatch's front window which shows the location of all the abandoned houses, the untidy vacant lots, and the junk cars the women are after. It was prepared from survey material by Mrs. Rosemary Chapman.

Whenever a car is moved, a lot cleaned, or a house torn down, a call to Mrs. C at The Dispatch will get an "improvement made" pin stuck in that particular property.

Just keep an eye on the map from time to time to see what progress the Clean Sweepers are making.

## New decorations—

(Continued from Page 1) and E. R. (Buster) Moreland.

Quannah Maddox of Lubbock appeared before the directors to make the presentation of the Vaughn firm for the new decorations. Fred Myers is in charge of a Chamber membership drive being held this week. Business firms not Chamber members are asked to contact Myers or the Chamber office if not contacted in the campaign.

Callaway showed one of the posters and placards that will be placed in service stations and restaurants here later this month in the "Land of Coronado" tourist promotion. The Chamber has joined this year with other West Texas communities under Southwestern Public Service Co. sponsorship.

Chamber directors now have black ties with the Post gate emblem pointed on them. Any Chamber members wanting one are asked to contact the Chamber office. Chamber directors attending the May meeting included Jim Jackson, Brockman, Callaway, Lucas, Moore, Moreland, Myers, Odam, and Dr. B. E. Young.

## City council —

(Continued from Page 1)

intended to go on and on preventing peace officers from enforcing the law. The council indicated that it would check on the present status of the case now in the courts and try to speed up the litigation.

Mayor McCrary appointed Councilman Donald Windham as mayor pro-tem.

The council heard Fred Myers ask for clarification of the city's deed to a strip of land running through the R. E. Josey property in the west part of town. Myers said he is negotiating to purchase the land and asked the council if the city planned to construct a street through the property.

The city manager said the city had no record of the strip of land in its plats and that he is of the opinion the strip was obtained by the city for water drainage. Myers told the council if it would deed the strip back to the original owner he will keep it open for a waterway if he purchases the land. The council took no action pending ruling on the wording of the deed by an attorney.

The council reappointed Mrs. Ruth Young to a two-year term on the library board and appointed Mrs. Rosemary Chapman to a two-year term to replace Mrs. Rosa Gamblin. Also at the library board's recommendation, Dean Sterling was appointed to the board to finish out the unexpired term of David Newby, who is a newly-elected member of the city council. The council appointed Newby as an ex-officio member of the library board at the board's request.

The council tabled a request by L. E. (Fay) Claborn that the city lease him land at the west edge of the cemetery for grazing purposes. The council indicated that it would not consider leasing the land unless it gets a release to do so from the Post-Montgomery Estate, which donated the cemetery property to the city with the stipulation that it be used only for cemetery purposes.

The Thursday afternoon meeting with the fiscal agent for the paving program is for the purpose of bringing the new mayor and three new councilmen "up to date" on the progress of the paving project for which a contract was let some two months ago.

The council discussed the need of check valves on all water loading racks here to protect the purity of the water supply and agreed to require all owners of the loading racks to have check valves installed.

In their appearance before the city council, restaurant operators Guy Floyd and L. D. Jackson told the council they are "losing money" feeding prisoners at the rate of 70 cents a meal, considering the rise in food prices. They told the council they will meet with the county commissioners Monday to make the same request. The council took no action on the request, pending the restaurant operators' meeting with the commissioners.

Mayor McCrary said he thinks "we also should check with some of the neighboring towns to see what they are paying to feed prisoners."

After hearing the letter read from the State Insurance Commission recommending that the city not permit the construction of above-ground diesel fuel tanks, the council voted to revoke action taken at the April meeting which had given a local service station permission to erect a diesel fuel tank on a 60-day basis pending a decision from the insurance commission.

Warren Harding was elected president on his birthday, Nov. 2, 1920.

## Graveside rites held for infant

Graveside services for Michele Ann Williams, nine-hour old daughter of Mr. and Mrs. James Williams of 313 West 15th St., were held at Terrace Cemetery at 2 p. m. Monday with the Rev. Charles E. Peters, pastor of the Church of the Nazarene, officiating. Burial was under the direction of Hudson Funeral Home.

## Cloudburst—

(Continued from Page 1)

The infant was born Sunday at Garza Memorial Hospital and died the same day.

Three to four inch measurements were general over most of the western part of Garza County.

Survivors other than the parents are two brothers, Jimmy Ray and Terry Lee; a sister, Pamme Carroll, and grandmothers Mrs. Docie Lee Wood and Mrs. Virgie Long of Bossier City, La.

High winds which hit with the rains, blew away two outbuildings at the W. M. Davis place on US-380 and ripped limbs off his big elm trees. A porch was reported blown off another rural home.

## Stockholders session is postponed here

The annual stockholders meeting of the Post Industrial Foundation, originally scheduled for last Tuesday evening, will be held at a later date, J. B. Potts, president of the foundation, said today.

Due to so many being out of town during the school holiday for the music festival trip, attendance was too small to conduct the meeting.

County Commissioner Paul Jones reported the county road from the Ralls highway to Southland, washed out in Sunday's three-inch rain.

Only a little cotton has been planted and probably will have to be replanted. Unless the feed plants were "washed in" they will have to be replanted, it is indicated.

# Yankees take early lead in Little League's first week

Postex Plant's Yankees have jumped to the front with three victories after one week of Little League play, with rain having forced postponement of two games — one Monday night and one last Thursday night.

Aided by Garland Dudley's grand slam home run, the Yankees pounded the Tigers Monday night, 8 to 4, for their third victory against no defeats.

## Fort Worth team takes Class AA track crown

Fort Worth Kirkpatrick came through as expected Saturday to win the Class AA track and field championship at the state meet in Austin.

The Fort Worth team scored 68 points to 51 for runner-up Lufkin. A South Plains school, Olton, was third with 26 points, and one of the favorites, Brady, slipped fourth with 24 points.

The Region I mile run winners, Steve Stallings of Stanton and Mike Carey of Olton, finished one-two at the state meet, which is how they finished in the regional meet.

## Post golfer captains winning pro-am team

Jimmy Hundley of Post captained the winning team Monday in the Gaines County pro-am meet at Lubbock.

The winning team compiled a 61. The members were Randall Rieker of Lubbock and Lawrence Brown and Paul Hunt of Odessa. Three teams tied with 63s for second.

The hundred golfers, including juniors, participated.

## Weather cramps Babe Ruth start

Wet grounds has delayed the opening of the Babe Ruth League season, but play will get underway tonight (Thursday), weather permitting, league president James Kennedy said today.

Play was scheduled to open with a single game Monday evening, but the grounds were considered too wet, the league president said.

Tonight's game will be between the Indians and White Sox, starting at 6:30 o'clock. A game is also scheduled for Friday night and a doubleheader Saturday to help catch up on the two postponed contests.

Meanwhile, the contest for Babe Ruth League Queen is continuing with four girls in the race. The queen contest is being held in conjunction with the league's sale of candy to raise funds for park repairs and improvements.

A number of merchants have donated gift certificates to be given the winner of the queen contest and the runner-up, Kennedy said. The winner and runner-up will be announced at the Saturday, May 17, Babe Ruth League game.

The Babe Ruth League Queen contestants are Trena Jackson, Jackie Moore, Cindy Bird and Lindy Bird.

## Justiceburg man's condition critical in area hospital

**By MRS. SAM BEVERS JR.**  
I believe everyone has a great big smile because of this good rain we received this week. We have received approximately 3 inches and it looks like we could get some more.

Cecil Smith remains in critical condition in Methodist Hospital. The Don Robisons visited Mrs. W. H. Wagoner in Brownfield last Tuesday and went on to Jal, N. M. for a short vacation.

Sonny Nance of Haslet is visiting his parents, the Elton Nances, for a few days.

The J. C. Riches visited his mother, Mrs. O. R. Rich, and Lillian in Stanton Sunday.

The Raymon Keys visited Mrs. Bertha Seabourne in Snyder Friday.

Six attended church here Sunday. Nancy Hart was a super guest in the Bandy Cash home Sunday.

The John Borens visited the B. J. Borens in Lamesa Sunday.

The Don Robisons visited the W. T. Williams in Crane Thursday.

The David Tylers were Sunday guests of the Billy Blacklocks.

Bandy Cash visited his uncle, John Butler, in Slaton Thursday.

Mr. and Mrs. Raymond Green and son of Brownfield visited the Don Robisons Saturday.

Mr. and Mrs. Alva Robinson visited the Elton Nances Sunday.

Mrs. Bandy Cash attended the Pink Ladies Auxiliary banquet in City Hall last Friday night.

The E. C. Franklins spent Thursday night in the home of their son and family, the Harold Franklins, in Jal, N. M. before going on to Cloudcroft for the weekend.

The Don Robisons visited the James Ethridges and Johnny Robisons Friday.

Mr. and Mrs. Bandy Cash visited the Carl Rains Friday night.

John Coleman Boren visited his grandparents, the G. E. Bradfords, in Lubbock from Wednesday until Saturday.

Mrs. Raymon Key visited Mrs. Sam Heintz Saturday.

## Kippy Payne wins runner-up honors in tennis tourney

Kippy Payne of Post lost to Beth Galloway of Pearsall, 2-6, 0-6, Saturday for runner-up honors in the Class AA state tennis tournament at Austin.

The Post girl won her first game Friday, defeating Sherran Hilliard of Van, 6-2, 1-6, 6-0, while Miss Galloway was winning over Margie Schuyler of Bastrop, 6-4, 6-2.

Miss Payne, a sophomore, won the regional tournament at Lubbock in April to qualify for the state meet. As a freshman last year, she was runner-up in the regional tournament.

Pearsall also won the Class AA boys singles championship, Danny Hubbard beating Randall Treadwell of Eastland, 6-2, 6-1.

Pearsall netters almost made a clean sweep of the state tournament with a victory in the girls' doubles, Connie Shoemaker and Lynn Reas beating Sheila Patterson and Jyniece Callaway from Spearman, 6-3, 6-3.

The boys doubles championship was won by Stephen Anderson and David Schroeder of Columbus, who defeated Spearman's P. A. Lyon III and Richard Booth, 6-3, 7-5.

## Softball practice today for women

A practice session for women interested in playing softball will be held at 6:15 p. m. today (Thursday) at the new Jaycees softball diamond at David Nichols Park, according to Mrs. Theresa Gilbert.

Mrs. Gilbert said Tuesday will be the regular practice day, but that practice was put off until Thursday this week because of the wet grounds.

The Jaycees softball diamond has not been completed for play, but the women will meet there just to "bat the ball around, play catch, and try to get in shape for the coming season."

**Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT (SJR6)**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; all real and personal property owned by a nonprofit water supply corporation which is reasonably necessary for, and is used in, operation of the corporation in the acquisition, storage, transportation and sale of water as authorized as its sole legal purpose; actual places of (or) religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a state or national organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election all ballots shall have printed on them the following:

"FOR the Constitutional amendment to exempt nonprofit water supply corporations from taxation," and "AGAINST the Constitutional amendment to exempt nonprofit water supply corporations from taxation."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election, and this amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

## PUBLIC NOTICE

**Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT (HJR9)**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue \$3,500,000,000 in aggregate principal amount of bonds, no part of which shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature.

(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund.

(c) The bonds herein authorized and all bonds authorized by such Sections 49-c and 49-d of Article III shall bear such interest and mature as the Texas Water Development Board shall prescribe subject to the limitations as may be imposed by the Legislature.

(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by and subject to the limitations in said Sections 49-c and 49-d and in addition thereto for the purposes of developing water resources and facilities for the State of Texas, both within the State and without the State of Texas. Provided, however, that financial assistance may be made pursuant to the provisions of such Sections 49-c and 49-d subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

(e) Under such provisions as the Legislature may prescribe, the Texas Water Development Board may receive grants and, in addition, execute contracts with the United States or any of its agencies, other states of the United States, foreign governments and others, for the acquisition and development of such water resources and facilities for the State of Texas. Such contracts when executed may be secured by the general credit of the state and if so secured shall constitute general obligations of the State of Texas in the same manner and with the same effect as Texas Water Development Bonds. If facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment. The aggregate principal amount of Texas Water Development Bonds authorized herein and in said Sections 49-c and 49-d shall be reduced by the aggregate of principal payments committed under such contracts constituting general obligations of the state. The provisions hereof shall not be construed to limit the authority of the Texas Water Development Board to execute contracts or issue revenue bonds when such contracts or bonds are not secured by the general credit of the state.

(f) Texas Water Development Bonds and such contracts secured by the general credit of the state shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be enforceable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

(g) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on Tuesday, August 5, 1969, at which election all ballots shall be printed to provide for voting for or against the proposition: "Against the proposition: "The constitutional amendment broadening the powers of the Texas Water Development Board and the purposes of the Texas Water Development Fund; eliminating the interest limitations on Texas Water Development Bonds; raising the authorized amount of Texas Water Development Bonds by \$3,500,000,000; extending the maturity schedule on Texas Water Development Bonds; eliminating the procedures for curtailment and the curtailment date of financial assistance to be provided by the Texas Water Development Board."

## Clinic for crippled children scheduled in Lubbock May 10

LUBBOCK — The quarterly Crippled Children's Clinic for South Plains children will be conducted Saturday, May 10, from 1 to 5 p. m. at St. John's Methodist Church, 15th and University Avenue.  
 The clinic is free for crippled children of Lubbock and the surrounding area through cooperation of doctors and the sponsor, Fellowship Class of St. John's Church. Four orthopedic surgeons will be present to examine children Saturday, and nurses from Lubbock-City-County Health Unit will help in filling in patients' information forms. Clinic personnel will arrange for braces and further care when necessary. Children being taken to the clinic for the first time are to be accompanied by a parent or guardian.  
 The clinic will be held in conjunction with the Art Show May 9 and 10 which is also sponsored by the Fellowship Class. The money raised by the Art Show is for the benefit of the Crippled Children's Clinic.  
 Refreshments were served to two visitors, Mrs. Linda Foote and Mrs. Diane Graves and to members: Mmes. Ada Oden, Pearl Wallace, Iris McMahon, Bernice Propst and Viva Davis. The club will meet May 15 with Mrs. McMahon.  
 Mr. and Mrs. Bobby Cowdreys and part of the family drove to Lovington, N. M. where Mrs. Cowdreys and the girls attended a wedding shower for her nephew's bride-elect.

## Letters to the Editor...

**GARDEN RAKES NEEDED**  
 Dear Editor:  
 There is a GREAT shortage of heavy garden variety rakes among our clean-up committee. I am wondering if some of your readers would care to donate rakes to be used in Operation Clean Sweep. If you can't come, send a rake.

**PROUD OF TEEN-AGERS**  
 The choir and the band trip to Enid, Okla., for the Tri-State Music Festival is now over. As sponsors for the choir we want to express our appreciation to all who made this trip possible, especially Mattie Collier, Boo Olson and Georgie Willson.  
 We started on this trip with many "doubts and anxieties" concerning teen-agers. It was our first trip with them for most of us.  
 We want to let the parents know we think the group we sponsored is a great bunch of teen-agers. We enjoyed getting to know them and as is so often true "to know them is to love them."  
 We came home tired but proud to have been a part of the music festival and proud of "our kids."

## Heavy rains reported in the Grassland community

By MARY LEE LAWS

As I write this week's news we are almost water-logged. We've had around six inches since 1 a.m. Friday night. We have also had a bit of hail. Those of us who live off the pavement on these muddy roads sure are having a hard time getting around. Wonder why Lynn County can't have some good country roads as other adjoining counties do.

Mr. and Mrs. W. G. McCleskey and Mr. and Mrs. Tom Murray enjoyed a fish dinner at the Herman Huffakers Sunday.

The Rev. and Mrs. E. A. Rawlings visited the Delbert McCleskeys recently.

The Rev. and Mrs. O. N. Reed of Midland visited Mrs. Lucy Cunningham recently.

The Tom Crutchfield family and

Joy Laws left Friday for a week's trip to Tennessee where the Crutchfields will visit his parents in Nashville and Joy will visit Steve and Karen Webster in Memphis.

Mr. and Mrs. Butch Ingle, Mr. and Mrs. C. T. Ingle and Mr. and Mrs. Z. R. Ingle and the Connie Jones family of Meadow were Sunday dinner guests of the Bill Ingles.

Mr. and Mrs. J. B. Davis from Wells visited in the W. E. Pierce home Tuesday afternoon.

Mrs. Jimmy Warren of Malta entertained with a birthday party for their son, Jimmy on his 5th birthday. Kathy wrote that the price of food in the USA wasn't as bad we thought. She mentioned that a quart jar of salad dressing costs from \$1.20 to \$1.32. I imagine they use it sparingly.

Mrs. Steve Braddock left by bus last Thursday night for Alameda, Calif., to join her husband who is stationed there with the Navy.

Robert Pool has the mumps. We hope he gets along just fine.

James Davis Jr., who has been in the Veterans Hospital, in Kerrville, has been dismissed to his home in Richland, and is doing nicely.

## Fluvanna man is killed, Post man injured in crash

Florentino H. Villa, 25, of Fluvanna, received fatal injuries when the car in which he was riding went out of control on FM 1269 and crashed through two utility poles at 12:05 a.m. Sunday. The crash occurred near the Fluvanna Methodist Church.

He was pronounced dead shortly after arrival at a Snyder hospital where he and the driver, Domingo Gonzales, 37, of Post, were taken by ambulance. Villa had received internal, neck and head injuries and both legs were fractured. Gonzales received only minor bruises and was not admitted to the hospital.

Investigating Highway Patrolmen said Gonzales apparently failed to negotiate a curve. His automobile was demolished and two utility poles were shattered.

Villa is survived by his father, Frank Villa of Fluvanna; three sisters, Miss Frances Villa and Mrs. Ernestina Fuentes, both of Post, and Mrs. Concepcion Fuentes of Fluvanna; and three brothers, Johnny of Fluvanna and Pat and Ince Villa, both of Tracy, Calif.

**THE IRIS gardens** around here still looked pretty Monday. Several garden clubs have visited the iris gardens and the ladies who own them have all enjoyed having visitors. Iris gardens being toured belong to Mrs. C. M. Greer, Mrs. C. B. King, Mrs. E. M. Walker and Mrs. C. C. Jones.

Terrell and Addie Brown visited the Amos Gerners Saturday night.

Leona Pendleton of Brownfield visited her mother, Mrs. R. L. Craig, Monday and took her to Slaton.

Arch Aten has been on the sick list. Hope is feeling much better by now.

The Williams Youngs, Erwing Youngs and Jurd Youngs were Sunday dinner guests of the Malcomb Youngs in Lubbock.

Beulah Tew visited awhile Saturday afternoon with Mary Craig.

Mrs. C. M. Greer spent Thursday night with Mrs. C. C. Jones.

The H. C. Gribble, Leo Witcher, Joe Patterson and Dean Laws families all spent Saturday night and most of Sunday with the Rayburn Fitts family at Peacock. The Fitts had kept Julie and Joe Dale last week and Sonny and Marlene went Saturday. Sunday some of the visitors rode horses and others visited. A good time was had by all.

Mr. and Mrs. B. H. Braddock of Tokio, Tex., visited the N. D. Braddocks over the weekend.

A'Leta and Chip Parks of Odessa spent the weekend with their grandparents, the O. C. Harrisons. Jim and Dottie came for them on Sunday.

Mr. and Mrs. Walter Carroll, Mr. and Mrs. Leonard Peach and Dorie Stages of Lubbock and Mr. and Mrs. C. I. Mensch and Myrtle Lynch of Gatesville all visited recently with the S. A. Menachs.

Jurd and Artie Young visited in Roby from Wednesday until Friday with Alpha West.

**PROPOSED CONSTITUTIONAL AMENDMENT**  
**NUMBER SEVEN ON THE BALLOT (HJR1)**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51-d, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district, or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature

enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing the Legislature to provide for payment of assistance to surviving spouses and minor children of governmental officers, employees, and agents, including members of organized volunteer fire departments and certain organized police reserve units, who have hazardous duties and are killed in the performance of those duties."

**WHAT MAKES NK 222 THE WORLD'S LARGEST SELLING GRAIN SORGHUM?**

**ASK MELVIN WILLIAMS**

You just can't beat the performance of NK222. Plump berries of yellow endosperm grain thresh free and easy. And what a yielder! In regional trials it was the top yielder in the 5-year average. Loose heads dry evenly. Excellent smut resistance of NK 222 gives added protection against stress. Plant this high producing Northrup King grain sorghum, and make this year an even bigger year.

**OPEN ADMISSIONS POLICY OF TWIN CEDAR NURSING HOME**

It is the policy of the Twin Cedar Nursing Home to admit and to treat all patients without regard to race, color or national origin.

The same requirements for admission are applied to all patients and patients are assigned within the nursing home without regard to race, color or national origin. There is no distinction in eligibility for, or in the manner of providing, any patient service provided by or through the nursing home.

All facilities of the nursing home are available without distinction to all patients and visitors, regardless of race, color, or national origin. All persons and organizations that have occasion either to refer patients for admission or recommend the Twin Cedar Nursing Home are advised to do so without regard to the patient's race, color, or national origin.
