Record voting may come in Saturday's elections

Pace of absentee voting indicates heavy turnouts

Absentee voters crowded the City Hall and the Post High School office just before the absentee voting deadline Tuesday, indicating that there is more interest in Saturday's city and school elections than there has been in many years.

Even the fact that election day falls the day before Easter is not believed to account for what is believed to be new absentee voting records here in city and school elections. Most observers attribute the unusually heavy absentee vote to a greater degree of interest than has been shown in the past in the two elections here.

Forty-four absentee votes were cast at the City Hall, most of them in the final day for absentee voting. Fifty-three absentee votes were cast at the high school, with many of the teachers, who will be out of town election day on Easter trips, among those voting.

City voters will ballot Saturday on a proposal to issue \$8,000 for

April. The city councilmen whose terms are expiring — none of them candidates for re-election — are Lewis C. Herron Jr., Bob Collier and D. C. (Billy) Hill.

In the school trustee election, Jim Prather, Max W. Mitchell and Mrs. Donald (Billie) Windham, are in the race for Place 3; Jack Lott and Don Tatum for Place 6, and Mrs. Howard Kolb and Bob Macy for Place 7.

Lott, one of the two Place 6 candidates, is currently serving out the unexpired term of Russell Wilks Jr., who resigned a year ago as Place 3 trustee.

One year of Wilks' term as Place 3 trustee remains, with Prather, Mitchell, and Mrs. Windham candidates to fill it.

The two candidates whose terms are expiring, Virgil Bilbo, Place 6, and Wayne Carpenter, Place 7, decided early that they would not be candidates for re-election.

Helping pull city voters to the polls Saturday will be the city jail issue, which will be decided on a separate ballot from the one listing candidates.

The council voted to call the jail election a few weeks ago after being petitioned by some 200 qualified voters to "let the people de-

cide" whether or not they want the city to build a jail of its own.

The city council, before calling the election, had voted to issue time warrants to pay for the jail's construction and for the purchase of two used cell blocks at Tahoka and the expense of having them hauled to Post.

The county jail has not been used for city prisoners since early last November when Police Chief Bill Gordon told the city council that use of the county jail for prisoners had been denied the city. Since then, city officers have taken their prisoners to Sifton's city jail.

School holiday starts today

Easter services slated by churches of city

The Easter holiday weekend will start at 3 p. m. today (Thursday) for students and teachers of the Post Public Schools, with classes being resumed again at the usual time Tuesday morning.

Many of the city's churches will hold special services for Easter, according to a survey made early in the week by The Dispatch. A Maundy Thursday candlelight communion service will be held at 7:30 o'clock tonight (Thursday) at the First Methodist Church, with the pastors and congregations of the First Christian and First Presbyterian churches also participating.

The Rev. O. Curtis Lee, host pastor, will preach on "Are You the Son of God, Then?" The Rev. George L. Miller, First Presbyterian pastor, will conduct the service, with the benediction to be by Bernard S. Ramsey, minister of the First Christian Church. The combined choirs of the three churches will sing.

Holy Week and Easter services at the Holy Cross Catholic Church will begin at 5:30 p. m. today (Thursday) with Mass and Transfer of the Blessed Sacrament. Confessions will be heard from 5 until 5:30 p. m. today.

There will be a Good Friday service with communion at 7:30 p. m. Friday, with confessions scheduled from 7 until 7:30 p. m.

The Easter Vigil will be Saturday following confessions from 5 until 6 p. m. and from 7 until 8

p. m. The Easter services and Mass will be at 11 p. m. Saturday. Easter Sunday Mass will be at 8 a. m., with no evening Mass scheduled, according to the Rev. Thomas Andrew, pastor.

"Spiritual Conquest" is the theme of a revival meeting opening Easter Sunday at the Church of God of Prophecy and continuing through Saturday. W. O. Green is pastor of the church.

At the Assembly of God, where the Rev. Charles Plunkett is pastor, a weekend revival will start Friday and continue through Easter Sunday.

The Rev. Mr. Miller has chosen the sermon topic: "Where Does God Live?" for the 11 a. m. Easter Sunday service at the First Presbyterian Church. A communion service will also be observed.

Other churches contacted by The Dispatch will hold their regular services Easter Sunday.

Garza historians will host regional meeting

The Garza County Historical Survey Committee will be host Tuesday, April 15, to a regional meeting of the Texas State Historical Survey Committee, Mrs. A. C. Surman, chairman of the Garza committee, announced Tuesday.

The meeting will be held at the Boy Scout Camp, with approximately 75 out-of-town people expected to attend from over the 19-county region.

The Garza committee decided a called meeting to comply with the request of the TSHSC that the local unit host the regional meeting.

Garza County "eye-openers"

Study released on property tax values and assessments

There are some Garza County eye-openers in the state study of property tax values and assessment practices for all school districts in Texas which has been released in Austin by the Committee on Public Education.

The study was made for the committee by Charles Bartlett and the report includes estimates of the ratios of assessed value to market value for seven broad classes of

property, compared to the ratios claimed by the various school districts.

The Bartlett estimates, completed months ago but not released until the educational "money crisis" now looming in the present legislative session, include ratios of assessed to market value for (1) undeveloped land (farm land), (2) commercial and industrial properties, (3) business personal prop-

erty, (4) utilities, (5) banks, (6) oil and gas properties, and (7) residences.

Leon Jaworski, committee chairman, said the Bartlett report had not been released earlier "because disclosures of the wide variation in assessment practices for various classes of property in many districts could lead to litigation."

For Garza County, the Bartlett report shows that the actual assessment ratio between assessed and market value is only 20 per cent for the Justiceburg common school district, 36 per cent for the Post Independent School District, and 21 per cent for the Southland Independent School District.

This compares with a claimed assessment ratio of 25 per cent for the Justiceburg school district, 55 per cent for Post, and 40 per cent for Southland.

The ratio in each of the three districts is higher for oil and gas and for any of the other six classes of property. The ratio is lowest in all three on undeveloped (farmland), except at Justiceburg where the ratio on residential property is the lowest of any category in any of the three districts—10 per cent.

The breakdown of the ratios (assessed to market value) for the three districts in the individual categories of property is as follows: Undeveloped land: Justiceburg 14 per cent (37 per acre average); Post 22 per cent (\$18 acre average); and Southland 14 per cent (\$24 acre average).

Commercial and industrial: Justiceburg none; Post 32 per cent; Southland 20 per cent.

Business personal property: Justiceburg none; Post 30 per cent; and Southland 16 per cent.

Utilities: Justiceburg 19 per cent; Post 40 per cent; and Southland, 35 per cent.

Banks: Justiceburg, none; Post (See Tax Study, page 8)

Change made in voting place

The County Commissioners Court this week changed the place of election for voters in the big No. 1 Post precinct back to Teen Town from the First Presbyterian Church.

They explained they were taking the action as the election code provides a public building be used where one exists and since Teen Town is owned by the school it is a public building.

The court also authorized the dropping of the canvassing board for absentee ballots for the April 19 special election on the hospital district.

County Clerk Carl Cederholm told The Dispatch the absentee ballots can be counted by the counting boards in the various precincts just as well.

With these changes, the court authorized The Dispatch to run the election notice one additional time with the two corrections in the notice this issue (page 6) and again on April 10.

Chamber directors seek speed-up on camp sites

The proposed trailer camp site at the City - County Park was discussed by directors of the Post Chamber of Commerce at their regular meeting Tuesday, with the directors deciding that a Chamber committee should confer with the park board to see if the site cannot be completed at once.

The directors also discussed the recent Garza County Junior Livestock Show and expressed their disappointment at the small number of local buyers that attended the auction sale.

The board voted to support the Garza County Historical Survey Committee in its hosting of the regional meeting to be held April 15

at the Boy Scout Camp. The meeting will be attended by approximately 75 county historians from the 19 counties in the region.

The directors pointed out that people interested in archaeology, the county museum and Texas Travel Trails will be interested in attending the meeting. Everyone planning to attend is asked to call or write Mrs. A. C. Surman, chairman of the county historical survey committee, at 607 West 11th St. to make reservations. The price of the meal, for which reservations must be made, is \$2.

The directors voted for the Chamber to furnish a door prize for the Jaycee Area I and II meeting to be held this month.

Plans are being completed for the Chamber-sponsored barbecue in June to honor Postex Plant employees; information has been sent to the Southwestern Public Service Co. for the billboards, placards and circulars the Chamber will have from May until September; an order is to be placed for another scenic postcard for Post, and the directors voted to continue using the place mats and to have others printed.

The board encouraged that letters be written endorsing the routing of Interstate Highway 27 through Post.

Registrations up on cars, trucks

Garza countians are on more wheels this year than a year ago according to auto license registration figures released yesterday afternoon by T. H. Tipton, county tax assessor-collector.

Car registrations for 1969 total 1,839 passenger vehicles and 575 commercial vehicles as compared to 1,789 passenger vehicles registered for 1968 and 540 commercial vehicles.

To help choir trip

\$650 raised here by Komedya Kapers

Slightly over \$650 was raised to help send the Post High School Choir to the Tri-State Music Festival at Enid, Okla., at the two-night production of Komedya Kapers, which played to capacity crowds last Friday and Saturday at the elementary gymnasium.

Mrs. Mattie Collier and Mrs. Boo Olson created and produced the show, assisted by Bob Collier. The show which surely can be classified as a smash hit featured approximately 60 local artists displaying different talents and many clever "laugh in" scenes.

Setting the stage for "The Kabaret," Vernon Scott sang the title song from "The Cabaret"; Bob Collier was master of ceremonies billed as Bob Hopeless.

Jaycees Paul Cartwright, Joe Bailey, Tommy Young, Ed Blanton, and Lonnie Gene Peel performed an integrated dance revue. Other Jaycee members in other scenes were Ken Callaway and Jerry Thibault as poker players and Bobby James as the sheriff.

Mr. and Mrs. Vernon Scott were billed as "The Cornflakes" and again on April 10. (See Komedya Kapers, page 8)

They buried Ike in Abilene yesterday.

That stirred up a lot of memories for this former Kansas newspaperman as we (the whole family, including Mrs. C and the two daughters) were on hand the day President Eisenhower cut the ribbon to officially open the Eisenhower library in Abilene back in the 1950s.

It was always very special to us. We served under him in Europe in World War II and as a Kansas editor we rooted and editorialized for him to win the presidency. He always was "our president" to you'll have to look clear back to the 1920s to find eight more peaceful and non - crises years than the eight "Eisenhower years" of the 50's.

But you had to get close enough to Ike to be washed by his personal charm to understand the true magnitude of the man. We were close enough that museum dedication day in Abilene, sitting up front in press row, while Mrs. C and our two small daughters had to stand back with the crowd. Maybe I kept the "really come across "on the tube" but you could almost "feel" the warmth of that famous grin if you got close enough in person.

We were to lunch with Ike and a few hundred other folks that dedication day, but the President was called back to Washington before lunch could be served so the 75 only got to eat with the few hundred other folks.

Chris and Susan were among the thousands of Kansas school children who for \$1 each purchased lifetime memberships in the Eisenhower Memorial Library. It was principally with these funds that the library was built, so our two daughters felt mighty proud to get free admittance to the Eisenhower Library that dedication day.

Both girls were more impressed that day with the Secret Service agents than with Ike.

But maybe that was because there were so many of the agents — well armed — and so very obvious.

Old Abilene town probably never saw a better guarded parade than the one in which President Eisenhower rode that day, although from the accounts security for President Nixon was just as tight when (See Postings, page 8)

Hospital district seen as solution

The first conclusion The Dispatch reached in stating our editorial position on the upcoming special hospital district election is that a vast majority of Garza County citizens want Garza Memorial Hospital to continue its operations.

We think this was well proven two years ago by the resolute response of the town and area to our "hospital crisis" brought on by a doctor shortage and lack of revenue.

Therefore, many voters who are FOR the hospital are still weighing the issues as to whether it can best be operated by a hospital district with its own elected board and taxing powers, or as an appendage of the county—dependent upon the commissioners' court for tax funds and operated by a board appointed by the court.

The Dispatch is convinced, especially from the "long run" point of view, that the hospital district method of operation gets the nod, although we are aware that there are plenty of hospital supporters who will disagree with us.

We have reached our conclusion basically because of the better financial base accorded by a hospital district operation and our belief that in the long run the hospital district actually will cost taxpayers less than if the present county operation is continued.

Garza County, like most other Texas counties, is levying its maximum tax rate.

With costs rising through the years, the only way the county can get additional tax revenue is by boosting its taxable property valuations.

But this is almost doubly expensive to the taxpayer because state taxes we pay are figured on county tax valuations. Therefore whenever the valuations are hiked, we go state taxes as well as county taxes.

On the other hand, by creating a hospital

district and establishing a separate tax rate for the hospital, taxpayers will pay the hospital tax only with no increase in state taxes.

Also by creating the hospital district Garza voters will give the county some tax rate leeway in the future so it should not be necessary to boost county property valuation again as already have been done once.

The county commissioners court has agreed to reduce its county tax rate by 15 cents if the hospital district is voted. This is the amount the county is currently setting aside for the hospital. The maximum hospital tax permitted under the special law enacted by the legislature to create the district with voter approval is 25 cents.

Thus taxes can go up at present but 10 cents and can go no higher as far as the hospital is concerned until the legislature votes a rate change and the voters approve it.

Voters fearful of creating any new taxing unit must understand it well may be much more expensive in the long run not to do so.

The hospital operation over the long run must have more tax money for improvements and equipment than the present 15 cents will allow. Voting the hospital district should provide those funds.

By not voting the district and keeping the hospital under county control, voters must realize that the commissioners court at any time, especially in financial pinches, can withdraw any and all hospital support funds and can refuse to provide more even in an emergency. That situation already has forced one closing of our hospital.

The Dispatch well knows the hospital district is no perfect solution and no guarantee for complete hospital success. But we think it merits a chance to prove itself.—JC

Saturday's elections hold interest

Those who in the past have stayed away from the polls in the spring elections because there were no contests on the ballots, have no excuse for not voting in Saturday's city and school elections.

There are contests for every position on both ballots—mayor and three councilmen in the city election and three trustees in the school election. In addition, the controversial city jail issue—

whether or not the city is to issue \$8,000 in warrants for the construction of a city jail—will be decided in the city voting.

Every candidate in every race is deserving of consideration and each of them is to be commended for taking enough interest in his city government and in his city's schools to want to help direct their course.

So, don't fail to cast your vote Saturday!

A cherished Christian celebration

Easter is the new day, the dawn, the beginning.

In our time it is a cherished Christian celebration, commemorating the Resurrection.

The origin of the customs of Easter go back to antiquity, as does the symbolism of the Easter egg. Whatever Easter meant to the ancients, the gentle touch of Christianity has added a special meaning for modern man that makes itself felt on one quiet Sunday of each year.

It is clear that Easter for a very long time has been man's season for rejuvenating himself.

The troubles and mistakes of the past are put aside. In addition to a rebirth of spirit which, hopefully, we all feel at Easter, it can be a more appropriate time than New Year's to resolve to do better in the months ahead to reap a more productive harvest spiritually.

Have a Happy Easter!

What our contemporaries are saying

An old expression that has fallen into the limbo of change was once applied to a person unattractive or disliked. It was: "If he returns I'll all the dog on him."—Douglas Meador in *Matador Tribune*.

I read somewhere that if you were to tell a woman, "Your face would stop a clock," she

would be highly insulted. But, say to her, "When I look into your eyes, time stands still," and she will follow you anywhere."—Billye Stockton in *Crosbyton Review*.

HERE IS SOMETHING I've saved from last Easter when I clipped it from a neighboring newspaper:

ONE SOLITARY LIFE

He was born in an obscure village, the child of a peasant woman.

He grew up in still another village, where he worked in a carpenter shop until he was thirty. Then for three years he was an itinerant preacher.

He never wrote a book. He never held an office.

He never had a family or traveled 200 miles from the place where he was born.

He did none of the things one usually associates with greatness.

He had no credentials but himself.

He was only thirty - three when the tide of public opinion turned against him.

His friends ran away. He was turned over to his enemies and went through the mockery of a trial.

He was nailed to a cross between two thieves.

While he was dying, his executioners gambled for his clothing, the only property he had on earth.

When he was dead, he was laid in a borrowed grave through the pity of a friend.

Nineteen centuries have come and gone; today he is the central figure of the human race and the leader of mankind's progress.

All the armies that ever marched...

All the navies that ever sailed...

All the parliaments that ever met...

All the kings that ever reigned put together...

Have not affected the life of man on this earth as much as that ONE SOLITARY LIFE!

(Which is my way this week of wishing you a Joyous Easter.)

The man up the street says what you don't know won't hurt you, but it may make you act pretty stupid.

FOOD FOR THOUGHT

If "gh" stands for "p" in bicough.

If "ough" stands for "o" in dough.

If "phth" stands for "t" in phthisis.

If "eigh" stands for "a" in neighbor.

If "ite" stands for "y" in gazette.

If "eau" stands for "o" in beau.

The right way to spell potato is: "Ghsughphthleighteau."

(I'll bet a lot of people hadn't thought of that.)

A Chinese bank is south Maylaya has issued "ten commendments" for its employees. They are:

1. Don't lie. It wastes my time and yours. I'm sure to catch you in the end.

2. Watch your work and not the clock. A long day's work makes a long day short, and a short day's work makes my face long.

3. Give me more than I expect and I'll pay you more than you expect. I can afford to increase my pay if you can increase my profits.

4. Keep out of debt. You owe so much to yourself that you cannot afford to owe anybody else.

5. Dishonesty is never an accident.

6. Mind you own business and in time you will have a business of your own to mind.

7. Don't do anything here that hurts your self - respect. The employe who is willing to steal for me is capable of stealing from me.

8. It's none of my business what you do at night, but if dissipation affects what you do the next day, you will last half as long as you hoped.

9. Don't tell me what I'd like to hear, but what I ought to hear. I don't want a velvet for my vanity, but I need one for my money.

10. Don't kick if I kick. If you are worth correcting, you are worth keeping.

WITH ALL THE April deadlines, our cat Blackie doesn't have any trouble keeping in fine physical shape — as shown above.

New group aims are brush control measures

Brush control measures are the new group aims are tax deductible. County Agent Syd Conner, in describing the new association, said, "It was formed last November in Abilene as a non-profit tax-exempt organization, whose working members (22 directors) will receive no compensation of any kind."

"Much research has been done in controlling brush and improving rangelands," said Conner, "but the need is urgent now for cash funds to support additional basic research. That research will be aimed at new breakthroughs in control. And any type of brush that has become an economic liability in our county or in any other county of the state will be studied so that we may learn how to control it."

For administrative purposes, association directors have chosen the 12 districts comprising the Texas Agricultural Extension Service of Texas A&M University. Association director for District 2 which is composed of the 20 counties on the South Plains is W. J. (Dub) Waldrip, manager of the Spade Ranch at Colorado City. Waldrip is also serving as chairman of the Association's Research Evaluation Committee. President of the association is John Matthews of Abilene.

According to Waldrip, the new brush control movement is geared after the highly successful Screw-work Eradication Program. "I feel that this is about as worthwhile an effort as anything the people of Texas could get involved in," he said.

Waldrip explained that the money invested in the association's attack on brush would be spent as

You've probably been reading reviews of these books in various national publications lately, so there's not much point in discussing them in detail here. Post Library has all of the fiction, No's 2, 3, 5, 6 and 9 of the non-fiction, plus many other books (old and new) that make for even better reading!

Best-seller lists are an interesting phenomenon. There's been a great deal of criticism of them in the last few years, much of it probably valid. It seems possible to me, at any rate, that the lists don't really represent so much what people are reading as they do what the publishers and bookstores think they're going to read.

Be that as it may, books that appear on the best-seller list have been highly publicized and chances are, if we don't buy them, we're in trouble with many of our readers, so we usually do.

MacInnes and MacLean are two of the most popular authors at Post Library. Unless you're lucky you'd better get your name put on the "reserved" list for their new books if you've hopes of reading them in the near future.

The Drury, Hawley and Solzhenitsyn books haven't been circulating as rapidly as "The Salzburg Connection" and "Force 10 From Navarone" (Possibly everyone is as sick of Drury as I am.) Neither has the Le Carre book — which is a shame — he's one of my favorites.

- To increase land productivity.
 - To reduce operating expenses of farms and ranches.
 - To increase the supply of water to the land and to storage facilities throughout the state.
 - To increase more wealth for the people and for the governing bodies throughout the state.
 - To aid in educating landowners in proper management of their rangelands.

It's simple. Get out of that common, ordinary car, and into Oldsmobile's Cutlass S.

Right away, you're traveling in a class where the styling trends are set.

It's there in economy, too. In a Rocket 350 V-8 that performs great—on regular gas. And in Olds ride, handling and performance lesser cars just can't duplicate.

What it adds up to is extra value that far exceeds its low price.

So, if you're looking for the most exciting buy in town this spring, this has got to be the car. Cutlass S. Try one on at your Olds dealer's today.

We can make you look like a big spender for just about what you're spending now.

ELECT JERRY RIEDEL

City Councilman

Where I Stand

I will appreciate your vote in the city council election Saturday if you feel as I do about the function of city government.

The people of Post have the right to expect efficient and sensible operation of all city services for all citizens.

Beyond this they have the right to expect their city council provide leadership and planning in such areas as:

—Condemnation and removal of dilapidated buildings which eyesores and fire and health hazards.

—Clearing and grading alleys, including those on the side.

—Cooperation with Chamber of Commerce, Jaycees and organizations for a continuing program of beautification of the Street, Broadway and residential areas.

—Assistance where needed to eliminate cesspools.

—Exploring possibilities of a small park on the East side, using landscaping and playground equipment.

—Cooperation with the schools in providing a summer youth program.

These are some areas of concern that I feel are within the scope of the proper function of city government.

I expect to live in Post for many years and I want it to be a place we can all be proud of. A vote for me will be a vote for progressive city council. Thank you.

Post Girl Scouts sell 1,788 boxes of cookies here

Post Girl Scouts sold 149 cases (1,788 boxes) during this year's Girl Scout cookie sale, according to Mrs. Alton Gray, neighborhood cookie chairman.

"Thanks to the people of Post, we sold our quota," Mrs. Gray said.

Two girls earned the "cookie patch" for selling 100 boxes of cookies each. They are Terry Clary of Troop 445, a Junior Girl Scout, and Cindy Kirkpatrick of Troop 90, a Brownie Scout. Their parents are Mr. and Mrs. Leon Clary and Mr. and Mrs. K. W. Kirkpatrick.

Thirty-nine girls earned certificates for selling as many as 25 boxes each.

The five troops made \$45.40 to keep for their troops, Mrs. Gray reports. Troop 331 made \$10.20; Troop 5, \$12.80; Troop 90, \$19.80; Troop 302, \$21.60, and Troop 445, \$21.

The neighborhood cookie sale chairman said each troop's cookie chairman worked hard to help make the cookie sale a success. The chairmen were: Mrs. D. E. (Whitey) Morris, Troops 445 and 302; Mrs. Adell Gannon, Troop 5; Mrs. Carol Ann Peppers, Troop 90, and Mrs. Janie Davis, Troop 331.

Girl Scouts who earned certificates by selling 25 or more boxes of cookies were as follows: Troop 302: Dana Babb, 68 boxes; Sherri Morris, 77; Shari Carter, 26; De Di Redman, 25; Karen Robinson, 31; Karla Kay Scrivner, 27; Melinda Tatum, 28.

Troop 90: Cindy Kirkpatrick, 100 (cookie patch); Nancy Clary, 34; Donna Josey, 31; Terry Smith, 26; Karla Peppers, 31; Melissa Carter, 50; Rhonda Bailey, 25; Peggy Howell, 25; Kelly Mitchell, 36.

Troop 445: Terry Clary, 100 (cookie patch); Cynthia Morris, 67; Gina Birkes, 25; Karen Blanton, 25; Pam Carpenter, 25; Lorye Chapman, 25; Christy Davis, 25; Joni Hays, 25; Darla Mason, 36; Kim Mitchell, 42; Tammye Thomas, 25.

Troop 5: Vicki Gannon, 40; Jana Huffman, 46; Tina Dodson, 25; Jo Ann Perez, 25; Rhonda Thomas, 25; Jodine Tipton, 34; Jo Ann Samora, 26; Kim Lott, 27.

Troop 331: Shirley Allen, 31; Judi Huffman, 25; Renee Thomas, 35; Carol Davis, 26; Kim Hester, 28; Lee Ann Gandy, 25.

Wanda did a terrific Charleston (that takes energy) and stole the scene in "Here Comes De Judge" when she escorted J. E. Parker across the stage saying in typical flapper style "Here Comes de Judge."

Tommy Young and Bailey Mayo make good looking women but Joe Bailey leaves a little bit to be desired in a female role. He'd scare a man to death if he ran into one on a dark street. Sorry about that Joe Bailey.

If I were planning on a new Easter bonnet I'd wear it in honor of Boo and Mattie for a job well done.

Cotton Bowl game is shown at Lions dinner

Members of the Post Lions Club saw a film of the 1969 Cotton Bowl football game between Texas and Tennessee at their regular weekly dinner meeting Tuesday night.

The Lions also discussed plans for their annual broom sale, which is set for April 19.

The Lions met at their new meeting place, Jackson's Cafeteria and Cafe.

We enjoyed it last Saturday when we went to Tahoka for the UIL meet. The best part was when kids from Denver City congratulated us on winning the district one-act play contest. And Tahoka has a really nice high school. However, the funniest part was when Chip Polk was trying to explain to us how he got his first name. It's a long story that you shouldn't believe.

Many, many congrats to Mrs. Hamilton and the one-act play cast for beating Denver City by taking first in district play contest. The play will be presented to the school today.

PHS students hope that Mr. Howard gets well very quickly and hurries back to school because we miss him.

Lucky Debbie Tucker is already out of school in Wichita Falls since last Friday for the Easter holidays. She arrived in Post last weekend to spend the holidays. But Post schools let out today for the holidays and we don't return until next Tuesday. That's what you call GREAT!

Speaking of Easter, if you have a chance, stop by Mrs. Fleming's commercial room and see the cute bulletin board that Brenda Lee and Debbie Dickson have decorated.

The Junior class is really getting with it. They started cleaning up the building between the bank and the post office, where the Junior-Senior Prom will be held April 26. As a senior, I wish them good luck and I hope they have fun decorating for the Prom.

Now be SURE to hop over to Teen Town this Saturday night. "The Undertakers" from Amarillo are playing from 8:30 to 11:30 p. m.

See ya after the holidays and don't get sick from eating too many Easter eggs.

Christ Is Risen! Are You?

By George L. Miller

"Then shall be brought to pass the saying that is written,

'Death is swallowed up in victory,
O death, where is thy sting?
O grave, where is thy victory?'"

The Good News rings out across all lands. It has rung out for over 1,900 years. Christ is Risen! Death has been destroyed. God, who gave us life, has now given us the promise of immortality.

Through pain and suffering, rejection and death, Jesus Christ made clear at last the extent of our sin. The cross—the sign of his glory—is the symbol of our malice and rebellion. There mankind is seen at its worse, God at his best.

Can God suffer death at the hands of men and still forgive? Can we destroy him, bury him, banish him from the earth—and still receive his love? For this is what we tried to do, what we still try to do.

Men strut upon the earth, masters of their destiny. We grasp the reins of life in our hands, and presume to know and do all things. We have subdued the earth through our science and technology. We are on the threshold of space travel; the moon has become a symbol of our stepping stone to outer space and perhaps—one day—we shall rule the universe.

We are fast unraveling the secret of life in the discovery of the DNA molecule. We draw closer each generation to conquering death through sophisticated medical techniques, artificial hearts and the transplanting of human organs. We even freeze our dead with the hope that one day we can work our own miracle of resurrection.

Times have changed, the world has changed, but we have not. We stand ready—with nails and hammer in hand—to crucify again the Son of God.

Yet the good news still rings out, the power of God's love still stands before us undiminished. Though we seek to destroy him through hatred and envy, though we seek to do away with him to gain mastery over life and destiny, though we nail him to a cross by our indifference and neglect, though we pronounce him finally and irrevocably dead through the pronouncements of theologians—he refuses to stay dead.

The horrifying truth has dawned upon us at last. It is not God we have destroyed, but ourselves. We have only made our own death more certain and sure.

Here is the good news, we too may live again. The love of God is stronger than death, the forgiveness of God is stronger than our sin. A new life is possible for us. All we have to do is accept it.

Can we do it? Can we give up our false pride, our petty egotism as masters of all we survey, our incessant efforts to have our own way? The habits and attitudes of a lifetime, of history itself, are against us. Hope more and more seems like a fool's dream.

Yet who thought the Son of God could rise from the dead once he had been sealed in his tomb? The Good News still rings—Christ is risen! The love of God is still alive. And the miracle of it all is this—you, too, may come alive!

Easter Seal Society is aid to disabled

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Mrs. Martha Compton, who is Garza County's Easter Seal representative and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, Mrs. Compton said.

This is accomplished through direct treatments, services, education, research, and cooperative efforts with all other health agencies, private, state and federal. The Easter Seal Society does not duplicate services, but strives to fill all unmet needs of the disabled, she added.

The Texas Easter Seal Society is carrying out its fortieth annual Easter Seal Appeal to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 21 treatment facilities where children and adults are treated regardless of ability to pay. Physical therapy and speech and hearing programs are offered to help the disabled make their lives fuller, despite their handicaps.

Mrs. Compton urged every person in Garza County to increase his or her support of the Texas Easter Seal Society and its program of services to the crippled children and adults.

She added that anyone who could benefit from rehabilitation services should contact her at the First National Bank, Post, to request services from the Easter Seal Society.

Our Police Department!

For economical law enforcement, better facilities are needed. We endorse building a city jail for better department efficiency.

Harold Lucas

DEAR EDITOR

In your last editorial you were searching for a solution to the friction between our two policing departments.

Tut, Tut, Mr. C. It's so simple that I can't believe that you missed it.

There are dozens of towns in Texas much larger than Post that survive more efficiently and economically with the sheriff doing the job that he was elected to.

We don't need three jails and a big police department. These are good people and one added deputy can take care of the few that aren't. The City of Post can save many thousand per year in salaries and maintenance by returning to the existing authority.

The steaks are on me if this eight thousand dollar jail doesn't suffer the inflationary fate of the cell blocks purchased from Tahoka for fifty dollars and at last report the total was five hundred.

Yours for progress,

L. V. McDONALD

JACKSON CAFETERIA & CAFE

Komedy Kapers—

(Continued From Front Page) sang a catchy tune. Post High School Choir director, George M. Willson, played the same song in different styles, doing a take-off on an early day old-maid piano teacher.

George L. Miller sang "Pollution" and was followed by Miss Sam Bassett, portraying "The Graduate", receiving a diploma from "dog obedience school." A barber-shop quartet composed of Vernon Scott, Ted Scott, Wesley Scott and Stanley Butler, sang several numbers.

Billed as the "Baker Babes," Mrs. Mary Gale Young and Mrs. Consuelo Thuet, also sang several songs.

Stealing the show as a "flippy flapper" was Mrs. Wanda Mitchell who did the "Charleston" wearing a costume from the 20's. Gene Moore, appearing as "Liverachey," wore a coat and shoes covered with glitter while playing several gay tunes at the piano. He carried in his own candelabra.

Bob Collier led a sing-a-long before the Gail Players appeared in a skit entitled "Talent Hodgepodge." Fred Myers starred as Pelvis Pressley and Mrs. Margaret Bull and Ricky Lee followed with a "Smellerdramar." Billed as Funny & Chair, Glenda and Charles Morrow played and sang several western numbers with Charles on the banjo and Glenda on the guitar. Jim Wells did a take-off on Al Jolson by singing "Mammy."

Wee, Wee, Tim (Hovt Thomas) appeared with tiny ukulele for the singing of "Let's All Tiptoe Thru the Tulips."

Mrs. Marge Lee made a perfect "Phyllis Diller" in producing a style show, using male models dressed in feminine attire. They were Bob Hudman, George Pierce, Bailey Mayo, Fred Myers, Murry McMurry, Wesley Scott, Dan Rankin and Gordon Lee. Mrs. Bettye Scott assisted with costuming.

Interspersed between the special numbers were the "laugh in" skits. Bringing down the house with their three appearances each evening were "The Odd Couple," ably played by Mrs. Margie Pennell and Mrs. Lynette Thuet. "Here Comes De Judge" starred Hulen Hoyle, Judge J. E. Parker, Preston Poole, Bob Collier, A. C. Cash and Wanda Mitchell. J. B. Potts appeared with a sign reading "J. B.'s Pots—and 'pots."

Kurt Chapman made his entrance dressed in flippers, goggles, sideburns and mustache, smoking a rubber cigar. On his back was a sign reading "Rosemary's Baby." Other skits featured a shoot-out, a tricycle rider (Tommy Young again in this "Laugh In" feature,) Mike Mitchell and A. C. Cash in a "Hang Up" scene, and Mrs. Barbara Babb as the Easter bunny.

The program was concluded with Georgie Willson presenting the Top Twenty High School Choir.

Jaycees and Jaycee-ettes were in charge of concessions. The girls and some of the men were dressed in Gay 90's costumes. Jaycee-ettes, waiting on tables were Mmes. Al-lane Ammons, Nell Bailey, Ruth Ann Young, Karen Callaway, Lora Blanton and Kathy Rankin.

Cue cards, which introduced the acts, were painted by Mrs. Kay Lamb. Cue card carriers were Beth Peel, Jan Wilks, Karon Windham and Pam Petty.

Those in charge of getting the gymnasium ready were Mrs. Bonnie Lee, Mrs. Kay Pace, Mrs. Jo Cash, Mrs. Wanda Mitchell, Mrs. Margaret Bull and Mrs. Collier. Curtis Lee was in charge of sound. Ken Herron and Don Collier spotlighted the acts and Timmons Bull and John Gist were on the drums.

In the "To Tell the Truth" skit, Post's two George Millers were assisted by Hulen Hoyle one night and Jim Wells in the other.

CHEMICAL DIFFERENCE FOUND IN NERVOUS ANIMALS

Nervous dogs have been found to have abnormally high amounts of the metals magnesium and manganese in their nervous systems, the American Chemical Society was told recently at its 4th Middle Atlantic Regional Meeting.

Whether this means that the dogs' nervousness is caused by this maladjustment — or that human nervous diseases might be treated by chemically correcting the levels of these metals — is not known, said Dr. James O. Wear, physical chemist at the Veterans Administration Hospital in Little Rock, Ark., who presented the report.

Working with a psychologist, Dr. Oddist Murphree, and biochemist, Berwin Monroe, Dr. Wear analyzed the fluid from the backbones and brains of eight nervous pointer dogs. It was discovered that these dogs had significantly higher levels of the two metals than normal dogs of the same breed.

The nervous dogs are so sensitive that a noise causes them to "freeze" for several minutes, sometimes for an hour, the chemist commented. Nervous dogs are also not friendly but will stay away from people as much as possible.

Small amounts of the nervous system fluid were exchanged between the nervous and the normal groups of dogs in experiments described by the speaker. Fluid from the nervous dogs caused temporary nervous characteristics in the normal animals. The effects wore off in less than 24 hours. The normal fluid had no measurable effect on the nervous dogs.

Past research has indicated that physiological and behavioral differences in animals can be associated with differences in these so-called "trace metals" in the diet, Dr. Wear said. But any behavioral differences in these dogs would not be caused by diet, since all of the experimental dogs had been kept in the same environment.

Taking advantage of the VA Hospital's atomic reactor, the scientists used a powerful modern technique called "neutron activation analysis" to study the cerebrospinal fluid. They found calcium, zinc, copper, cadmium, and silver, in addition to the magnesium and manganese. All of these metals were present in each strain, which is new information in itself, they indicated.

"The difference in magnesium and manganese levels must be caused by a difference in metabolism of the two strains, since their intake of trace metals would be the same," said the speaker.

"Magnesium is an important metal in certain enzyme systems, so this could mean that there is an extra amount of some enzyme present in the nervous dogs. It is possible that a compound may exist in excess in the nervous dogs that holds on to the magnesium, therefore, causing more magnesium to be retained.

"At the present time, the specific reasons for these differences are just speculation.

"We plan to have more analyses performed using larger samples and far more elements. After the differences are measured, we will try to stimulate effects in the normal dogs by injecting them with trace metals that occur in excess in the nervous dogs. We also plan to make exploratory studies on human cerebrospinal fluid to see if any trace metal differences can be related to neuropsychiatric diseases," concluded Dr. Wear.

Community Club at Close City stages clean-up

By MRS. BARNIE JONES

Everyone is busy getting ready for Easter, I guess, as I don't have much news this week. I know all the children are looking forward to the days off from school. Bet the teachers are too.

The Community Club met last Wednesday and cleaned up around the community center. The old fence and posts were taken down, weeds burned, flower beds remade and the building receiving a real cleaning — even to the curtains being washed.

There were 45 present at the Mexican Mission service last Thursday night at the Friendship Baptist Church. The Rev. Rodriguez of the Wilson Baptist Church and Larry Johnson, six each; Jimmie Redman, five; Jack Kirkpatrick, three, and Royce Hart, two.

There were services at the Church of Christ last Sunday. Due to the bad weather they have not been able to have services for some time.

Thirty-two attended Sunday School at the Friendship Baptist Church Sunday. The Rev. A. T. Nixon resigned as pastor of the church. After services Sunday night the church had fellowship and presented Mrs. Nixon with gifts and Rev. Nixon with a check from the church as a love gift.

Mr. and Mrs. Clarence Gunn attended the funeral services for George Smith, an uncle of Mr. Gunn. We extend sympathy to the family.

Bob Thomas received word last week that his mother, Mrs. W. I. Thomas, had fallen and fractured a hip. She is a former resident of this community. We hope she recovers real soon.

We extend sympathy to the Charles Morris family. Her mother, a Mrs. Woods, died Saturday in Abilene with services in Tuscola on Tuesday.

Post's only first place at Kress Saturday was won by Steve Cole in the 100-yard dash with a time of 4:41.8. Arthur Torres was second in 4:43.0, and Pat Ayala fourth in 4:46.0, giving the Antelopes a total of 22 points in the event.

Larry Scrivner placed second in the 100-yard dash with a time of 10.4, and third in the 220. Jerry Crenshaw finished second in the 220 with a time of 23.3, and fourth in the 100.

The 440-yard relay team composed of Scrivner, Jerry Hoyle, Hulden Hoyle and Crenshaw, placed third, with a time of 44.8. Idalou won the event, with Lockney placing second.

Rotary, Interact game ends in tie

The Rotary Club Queens and the Interact Club Fillies played it out to a dead standstill at 32-all in their "benefit girls basketball game" in the high school gym Tuesday night, but it was the Dirty Old Man (Randy Hudman) and those four "daring" Interact cheerleaders, Robert Pace, Don Collier, Johnny Hodges and Chip Polk, that literally stole the show.

The Dirty Old Man finally had to be run down and "arrested" by a "policeman", after interfering with the game and especially the "players" in many funny ways. But the Old Man returned to the court to run off with the game ball after the Interacts finally pulled even for the first time in the game and end the "Laughathon".

The Rotarians made up in superior height — and bulk — what they lacked in mobility and while the Interact "girls" certainly won any beauty competition between the two teams, the Rotary Queens had much the better of the ball game, through rebounding, until the referees, Johnny Kemp and Frank Blanton, whistled their offense to a standstill in the second half to permit the Interact Fillies to catch up.

The Queens led 20-8 at the half and played with only a nine-"girl" squad which included Bill McBride, captain; Dr. Gerald Lively, Syd Conner, Dick Dickson, Bob Collier, Jim Cornish, Gene Moore, Carl Ford and Kenneth Sledge.

The Queens' heralded "secret weapon" turned out to be an improvised lid for the Interact basket, which proved quite effective in keeping the Fillies from scoring until the Fillies captured the basket lid midway in the first period without a foul being called.

A good-sized crowd was on hand for the "performance." The Fillies lineup included Ken Herron, James Pollard, Mike Petty, Jackie Gordon, David Hamilton, Joney Lee, Ben Miller, Mike Scott, Giles McCrary and Timmons Bull.

Receipts from both the gate and concession stand went to the Interact Club to be erected in front of Post High School as an Interact Club project.

Funeral services were held at McLean on Tuesday for Mrs. Will (Dusty) Rhodes, 80, a former pioneer resident of Kent County. She was buried at Clarendon beside her husband and a grandchild.

Born Lura Boulden McClain, she was married to Mr. Rhodes in 1906 after having moved with her parents from Hill County to Kent County in 1899. Her father, Andy McClain, was elected as the first county judge in Dickens County.

Mr. Rhodes, who preceded his wife in death, was a Spur Ranch cowboy for many years.

Mr. and Mrs. W. H. Norman, Mr. and Mrs. Wendell Norman and children of Plains and Suzanne Brooks of Tahoka spent the weekend at Fort McKavett near Saba Saba River. They boated and fished, even though they didn't have much luck fishing. They saw Kent Gibson and Jim Bray of Lubbock and they had caught a 34-pound catfish.
